Combining Slows As Moisture Hits Area

BY MRS. W. R. MOORE The showers of rain have been plentiful all this last week every night through Sunday so the combining has been slow.

H. D. CHATTER

Service Recommends New Dietary Standard

BY ARGEN DRAPER The Home Demonstration Club women are enthusiastic about the new Dietary Standard, which is being recommended by the Texas Extension Service.

Diets of farm families in general are improving, recent studies show. However, diets of some families still fall short of the goal recommended as nutritionally desirable.

Nutrients most often in shortest supply are calcium and ascorbic acid. To make up these shortages, special emphasis will be placed on milk and cheese as good sources of calcium and riboflavin, on citrus fruits and tomatoes for ascorbic acid, and dark green and yellow vegetables for vitamin A.

Clothing Construction Classes Saved Women \$7,336 Last Year

A COMBINATION of demonstration and practical work is used in the Home Demonstration classes on clothing construction. From left are some of the many persons who have taken the course: Mrs. E. W. Cawthon, Mrs. Tommy Carnahan, Mrs. Jimmie Carnahan and Mrs. Lester Sims.

PROPER USE of a sewing machine is just one of many topics covered in the clothing construction classes sponsored by the County Home Demonstration office. HD

The clothing construction program, conducted by Mrs. Argen Draper, county home demonstration agent, saved Deaf Smith County women an estimated \$7,336 last year.

The program has been in operation in the county for 13 years. This summer the basic dress-making course was taught with 12 women participating.

Before beginning the session, Mrs. Draper asked each student to fulfill three obligations: learn to sew, participate in a style show and teach someone else how to sew.

In addition to the basic dress-making course, Mrs. Draper conducts classes in advanced sewing, semi-tailoring and tailoring. Each summer a different class is taught, depending on the demand.

The present session ended on Wednesday, June 28. Mrs. Draper demonstrates a lesson each week and the students copy her work at home. After six lessons the dress is finished.

Mrs. Draper asks the students to make another dress by the same pattern after the course. Several weeks after the six-week course a style show is conducted with the students modeling their work.

One purpose of the program is to teach women to become better consumers. A woman who is able to make her own clothes is a better judge of fit, fabric and construction than one who does not sew.

Another part of the clothing program last year was a closet tour. Two closets were inspected and specific points noted.

The depth of shelves, distance between the shelves, height of rods, sewing centers in the closets and ventilation were inspected. Other points were lighting and space for hand bags and other accessories.

One of Mrs. Draper's theories is that only every other generation learns to sew. She says that when the mother sews, she often has the daughter doing something else in the home. Under these circumstances the daughter usually does not learn to sew.

Twelve clubs with 176 active clubwomen participate in Deaf Smith County home demonstration program. A total of 2168 garments were made last year under the program.

Mrs. Draper has directed the home demonstration work for almost 15 years. She was taught to sew when she was seven years old by a commercial clothes dealer. During her undergraduate work at Texas Tech in Lubbock, Mrs. Draper was an assistant in the clothing department of the School of Home Economics.

Baize Throws No-Hitter As White Sox Beat Red Sox, 8-2

S. D. Baize hurled a no-hitter Monday in Pony League play as the White Sox downed the Red Sox 8-2. Baize had a shutout going until the last inning when errors enabled the Red Sox to score two tallies.

Robert Strange went the route, giving up seven hits and being charged with the loss. Strange fanned four batters while Baize chalked up 15 strike outs.

The Red Sox were down in order in the first. Greg Johnson walked to start the White Sox first frame. Baize hit into a fielder's choice situation and Johnson was forced out. Baize stole second and third but was left stranded.

Two strikeouts and an infield grounder retired the Red Sox in order again in the second. The Pale Hose broke into the run column in their half of the second as Gary Don Roberson got on first after he hit into a fielder's choice situation.

Johnny Gilbert walked and Roberson advanced on an infield hit by Donnie Cornelius. Roberson scored on an error before Strange struck out the side.

The Red Sox fell in order in the third and the White Sox went to bat to add one run on two hits. Steve Hodges led off with a home run. Lupe Ramirez singled and advanced when Roberson was hit by a pitched ball. Both runners were left stranded.

Baize walked Wynn Buck in the fourth as he became the first Red Sox baserunner. Baize struck out the side to leave Buck on first base. The White Sox were set down in order in their half of the fourth.

Three strike outs by Baize in the Red Sox fifth retired the side and the White Sox bats went to work to collect five runs on four hits.

Hodges started the rally with a walk. Baize got on after an error. Darrell Christiansen, Ramirez and Roberson singled in order.

Christiansen's hit scored Hodges and Baize scored on an error. Cornelius boomed a double to score Ramirez and Roberson.

Mike Moore walked in the Red Sox sixth to become their second baserunner but he did not advance before the side was retired. The White Sox added another run in the bottom of the sixth.

Baize singled, stole second and third and scored on an error.

ror. As he took the mound for the last inning, Baize had a no-hitter and a shutout going.
Steve Coneway walked and advanced on an error and a wild pitch. Lynn Cook got on first in a fielder's choice situation that resulted in the error which advanced Coneway.
Jerry Don McCaslin walked and Danny Loerwald lifted a fly to left field. The Pale Hose left fielder couldn't hold the ball and Loerwald went to second base, scoring Coneway and Cook. Baize struck out the last batter to end the game and save his no-hitter.

Urlin Streu To Build Colorado Summer Resort

Mr. and Mrs. Urlin Streu, 513 North McKinley, have announced plans to establish a summer resort in western Colorado.

Streu has purchased a ranch on Cement Creek, 26 miles northeast of Gunnison, Colo., which he will start developing into an area for hunting, fishing and swimming.

He will start construction of several guest cabins and other improvements in September and plans to be ready for operation next spring.

Plans for Streu Hardware, which he now operates, are indefinite. Mr. and Mrs. Streu said they presently plan to keep their home here and to spend the winters in Hereford.

Riders To Amarillo

The Hereford Riders' Club and the Hereford Junior Riders will participate in the Will Rogers Range Riders Rodeo in Amarillo Saturday, July 1.

The Hereford group will load their horses at the Riders' Arena at 7 a.m. and ride in the parade at 10:30 a.m.

At noon they will be guests at the Will Rogers Range Riders Clubhouse for a barbecue lunch. At 8:15 p.m. they will ride in the Grand Entry to begin the four-day rodeo.

Riding clubs from all over the Panhandle are scheduled to participate in the opening-day festivities.

Varied Projects In Summer Homemaking

Each summer when most of us think the doors of Hereford High School are locked tight and little is in progress, the homemaking teachers are busy with various projects. High school girls receive one-half credit for a summer's work. One of their projects is to make pies and freeze them to sell later at the Lions Club Carnival. Proceeds help finance the exchange student program. Adults have turned out in large numbers this year for the courses in dressmaking, hat making, shoe covering, furniture refinishing and upholstery. Instructors for the courses are Mrs. Margaret Ann Durham, Mrs. Dortha Prowell, high school teachers, and Mrs. Martha Sullivan, junior high school teacher.

Will too many cooks spoil the broth?

FHA girls pick cherries for pies.

The Hereford Brand

Hereford, Texas, Thursday, June 29, 1961 Section Two

Hat making can be fun and profitable.

Homemaking teachers confer on summer programs.

Dressmaking is probably the most fascinating course.

Coordinating a complete costume is all in a day's work.

LET'S COOK SOMETHING!

Try These Dairy Month Specials In Summer Menu

Since June is Dairy Month, we've been experimenting with recipes passed on to us by our local milk distributors and find that some of the dishes are entirely too tasty to be forgotten now that Dairy Month is nearly gone.

Perhaps you would like to try these tempting gourmet treats in your summer menus:

Cottage Cheese-Tomato Salads (makes 4 servings)

1 cup creamed cottage cheese
 1/2 cup sour cream
 2 tbsp. finely chopped onion
 1 tbsp. chopped parsley
 1/2 tsp. salt
 1/4 tsp. pepper
 4 large tomatoes
 Lettuce

Combine cottage cheese, sour cream, onion, parsley, salt and pepper; mix well. Wash tomatoes. Place on cutting board, with blossom end down. Cut each tomato into four equal lengthwise sections, being careful not to cut all the way through the tomato. Spread sections slightly and place cheese mixture between each section. Serve

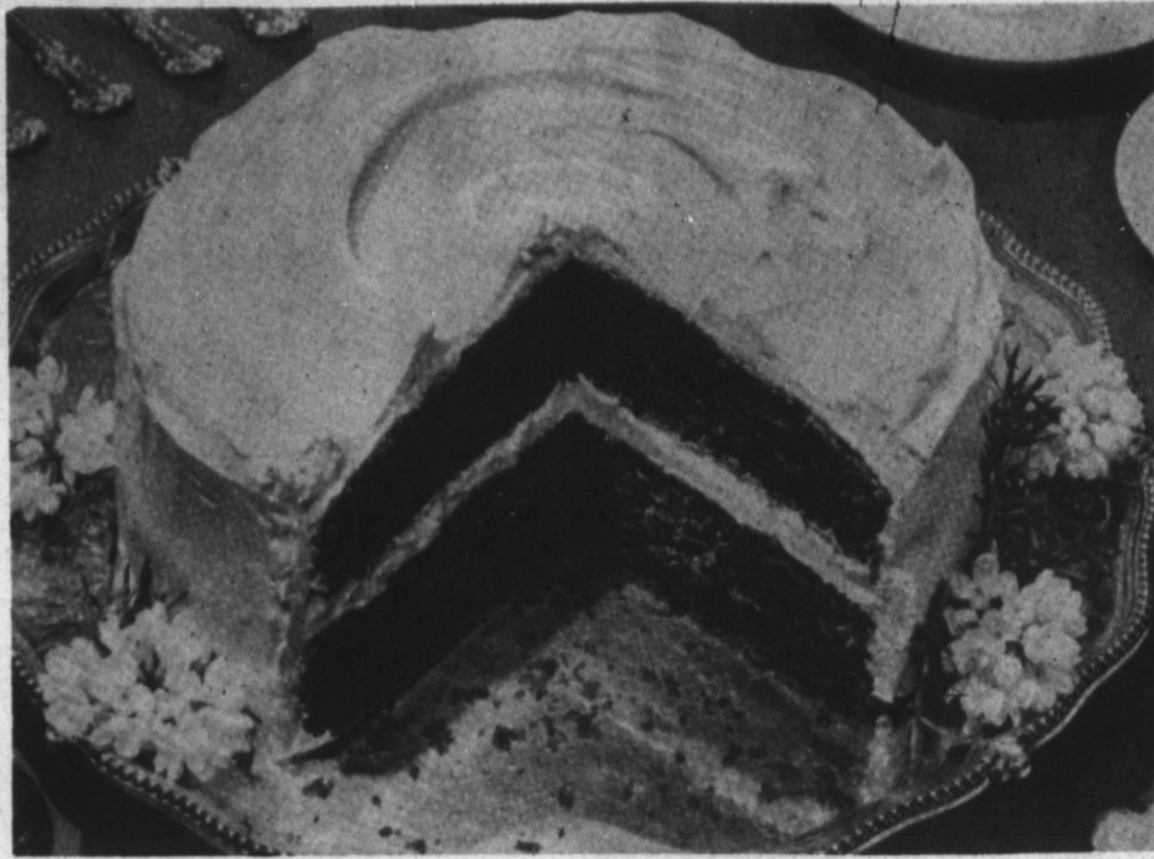

on lettuce.

Cottage Cheese Potato Salad

3 cups cooked, diced potatoes
 1/4 cup thinly sliced celery
 1 tbsp. chopped green pepper
 1 tbsp. chopped pimiento
 2 tbsp. minced onion
 1 tsp. salt
 1/8 tsp. pepper
 1 tsp. dry mustard
 1 tbsp. lemon juice or vinegar
 1/2 cup mayonnaise
 1/4 tsp. salt

1 cup creamed cottage cheese, large curd
 Lettuce

Chill potatoes. Add celery, green pepper, pimiento, and onion. Mix together the 1 teaspoon salt, pepper, mustard, lemon juice and mayonnaise; add to the potato mixture. Combine the 1/2 teaspoon salt and cottage cheese; add to potato mixture. Toss lightly until mixture is blended. Chill. Serve on lettuce or in a salad bowl.

Buttermilk Cake . . . easy to make

Tomatoes 'n Cottage Cheese . . . famous partners

Chilled Asparagus Soup
 A La Creme . . . (makes 4 to 6 servings)

1 chicken bouillon cube
 1 cup hot water
 1 can condensed cream of asparagus soup
 1 cup sour cream

Dissolve bouillon cube in hot water in a 1 1/2 quart mixing bowl. Add soup and sour cream; beat with rotary beater until blended. Chill in refrigerator. Garnish with fresh chives.

Lima Beans in Sour Cream (makes 4 servings)

1 pkg. frozen lima beans
 1 small onion, finely chopped
 1 pimiento, diced
 1 tbsp. flour
 1/2 tsp. salt
 Dash of pepper
 1/2 cup sour cream

Cook lima beans according to package directions with onion and pimiento. Drain. Blend flour, salt and pepper into sour cream. Stir into vegetables. Cook over low heat only until heated.

Hawaiian Ham Salad (makes 4 servings)

2 cups (about 1 lb.) ground, cooked ham
 4 gherkins, ground or finely minced
 3/4 cup sour cream
 1 1/2 tsp. dry mustard
 1/3 cup drained, canned crushed pineapple

Combine all ingredients; mix until well blended. Cover. Chill about 1 hour. Press one-fourth of the mixture into each of 4 buttered custard cups to shape.

Unmold onto beds of lettuce.

Basic Sour Cream Dressing (makes about 1 3/4 cups)

1 cup sour cream
 1/4 tsp. lemon juice or vinegar
 1 tsp. salt
 2 tbsp. sugar
 Dash of cayenne pepper
 1/2 tsp. grated onion

Combine all ingredients; beat with rotary beater until stiff.

ONE BOWL

Buttermilk Chocolate Cake (makes two 8-inch layers)

1 3/4 cups sifted cake flour
 1 1/4 cups sugar
 1 tsp. baking soda
 1 tsp. salt
 1/2 cup cocoa
 1/2 cup soft shortening
 1 cup buttermilk
 2 eggs

Sift together cake flour, sugar, soda, salt and cocoa. Add shortening and 2/3 cup of the buttermilk. Beat vigorously by hand, 300 strokes or beat with electric mixer at medium speed, 2 minutes. Add remaining 1/3 cup buttermilk and eggs. Beat 2 minutes. Four batter into two greased 8-inch layer cake pans, lined with waxed paper and greased again. Bake in moderate oven (350 degrees F.) until center top of cake springs back when lightly touched with finger, about 30 minutes. Cool 10 minutes before removing from pan. Frost with your favorite frosting.

Light Opera Fudge (makes about 3/4 pound)

2 cups sugar
 1/8 tsp. salt
 1 cup prepared egg nog
 1/4 cup homogenized milk
 1 tbsp. corn syrup
 1 tsp. vanilla or rum flavoring

Combine sugar, salt, egg nog, milk and corn syrup in saucepan. Cook over low heat, stirring constantly, until sugar is dissolved and mixture begins to boil. Continue cooking, without stirring, until small amount of mixture forms soft ball when dropped in cold water. Remove from heat; cool to lukewarm. Add vanilla or rum flavoring. Beat until creamy. Turn into a buttered 2 x 8 x 2-inch pan. Cool. Cut into squares.

Local Delegates Attend Assembly

Seven delegates and their families represented the Hereford congregation of Jehovah's Witnesses at a semi-annual convention in Borger June 23-25.

The local delegates included Mr. and Mrs. Lloyd Reddick and family, Mrs. W. F. Ponder, Mr. and Mrs. Bill Natzger and son and Mr. and Mrs. J. H. Jones and family.

Delegates attended from Kansas, Oklahoma and the Texas Panhandle. A total of 626 heard highlights of the three-day assembly.

Joseph Scaglione, a special representative of Brooklyn, N. Y., world headquarters of Jehovah's Witnesses, gave a talk at the meet. A total of 17 were baptized.

The Hereford Brand, Hereford, Texas, Thurs., June 29, 1961

DEADLY BOLTS
 CHARLESTON, S. C. (AP) — Ryan Smoak, a Tonges Island cattle raiser, has had 10 cows killed by lightning within a two-year period, all within 150 feet of each other.

The first four prize Black Angus cows were killed by a storm. A year later he found three more of his Black Angus and a red cow dead of a lightning bolt. After a recent storm, he wasn't surprised when he found two more dead cows, also struck down by lightning. Smoak estimates the 10 cows were worth \$2,500.

Tomatoes are the number one truck crop in the United States. Value of the tomato harvest in 1960 was \$250 million, nearly double that of the second-place crop, lettuce.

RED CROSS CLASSES

In **Mother & Baby Care**

Instructor — Mrs. Esther Springer
 High School Home Maker Department

Classes will meet in three sessions each week for two weeks — 12 hours.

July 3 - 5 - 7 and July 10 - 12 - 14

You have a choice of two class times:

Afternoon from 3:00 to 5:00 P.M.
Evening from 7:00 to 9:00 P.M.

Couples may prefer the evening class and others interested perhaps in the afternoon class.

The classes are free.

CUT OPERATING COSTS IN HALF with a JENSEN

With a Jensen you spend only about one-half as much on your operating costs as on other makes

Yes . . . it only costs about half as much to operate a JENSEN as it does other makes because all JENSEN systems are counter-balanced. This adds longer life to sub-surface equipment and saves on servicing too!

The JENSEN model pictured here is one of 17 sizes. Thus you can select the exact JENSEN to economically fit your well depth and water requirements.

JENSEN WATER SYSTEMS
 Made by JENSEN BROS. MFG. CO., INC., Coffeyville, Kansas.

We'd enjoy showing you how and why a JENSEN is so reliable and requires so little service.

they won

...without army, or navy, or air force.
 Thirteen small struggling colonies set themselves against
 imperial might, and they won. Led by men of
 character, devotion, courage and high ideals, the men
 of Valley Forge won our Independence, our
 Fourth of July. They were lovers of
 Liberty and of God. But our freedom did
 not come easy. God bless the memory of those
 historic patriots who laid everything on the
 altar for their country... their lands, their
 homes, their families, their very lives. Are we
 worthy to 'follow in their train?' Just what are
 we paying for this rich inheritance? Let us bow,
 on this Fourth of July, in devout gratitude.
 Let us help make "Christian America" truly
 Christian, more loyal and more Godly.

You In The Church
 The Church in You
 — form a combination
 for good. Every man,
 woman and child need
 the influence of the
 church. So, come let us
 go into the house of the
 Lord. Let us support her
 program of service to
 humanity, be a faithful
 worker and attend ser-
 vices regularly.

FIVE CHEERLEADERS from Hereford High School left Sunday morning for a week-long cheerleading school that will be held at the University of New Mexico in Albuquerque. From left are Jan Reese, Joyce West, Toni Parker, Joy Story and Joyce Ann Johnson. The girls will be cheerleaders here during the 1961-62 school year. They are to return Saturday. (Staff Photo)

REP. WALTER ROGERS WRITES

Desalinization Of Water

TO THE PEOPLE OF THE 18TH DISTRICT:

On June 21, the President of the United States pressed a button in Washington, D. C. that started the flow at Freeport, Tex., of fresh water produced from the sea. It heralded the completion of the first salt water conversion plant in a long-range government program designed to produce the answer to one of man's oldest problems.

It is the hope of all of us that effective answers to this problem can be found at an early date. However, we must recognize that the proper attack must be on a long-range basis. If we can find the solutions early, the research and development program can be terminated. On the other hand, if the answers are not forthcoming quickly, we must not run the risk of wasting money on short-range, ineffective programs. Man lives by the theory of elimination.

He moves step by step as he probes into the future. He can only discover by repeated attempts to gain the desired result. In other words, "If you don't succeed the first time, try again." It was this philosophy that the first flight of the Wright brothers blossomed into the jet airliners of today.

We know that the vast waters in the sea, as well as the brackish waters underlying the earth in many places, can be changed into life-giving fluid that can be utilized not only for human consumption, but for all other domestic and industrial needs of man.

The question is, as to how this can be done so that it will be economically feasible. Whether or not this can be done by perfecting present known methods, or whether it will be done by new and unknown methods, is our responsibility. It must be accomplished and it can only be done by proper research and development. It must be done, because this accomplishment during our generation would go down in history as the greatest single step ever taken by man-kind to bring about universal peace.

I was honored to be present at the Freeport ceremonies, as the legislation making possible the research and development in this field was handled by a subcommittee of which I am chairman. It was indeed gratifying to see the physical results of what can be produced by a free nation with the government and private enterprise working hand in hand for the betterment of mankind. The ceremonies were most impressive and were attended by the Vice President of the United States, Lyndon B. Johnson, whose long record in support of this program was written in the Senate.

the Honorable Stewart L. Udall, Secretary of the Interior; several United States Senators and several members of the House of Representatives; Lieutenant Governor Ben Ramsey; and other State officials. Private enterprise was represented by leaders in the industrial and commercial fields of this country.

Let us all hope that this occasion which took place in the State of Texas will constitute the beginning of man's conquest of one of his most dreaded enemies, "drought."

THE BERLIN ISSUE

The Berlin issue could turn out to be the number one issue in this decade.

There is no doubt but that Khrushchev so considers it. Some feel that he would rather have the issue than a settlement. This, however, appears to be wishful thinking. The Berlin question has already been pushed by Khrushchev to the point that some settlement is expected by the other countries of the world. Undoubtedly Khrushchev realizes this, because he has as much, or more, at stake than does this country.

He also realizes that war is

not and cannot be the answer to this dilemma. It can probably be concluded also that he realizes the futility of war as a solution to problems, as compared to the additional problems created. Our position must be firm and he must understand that we will not vacillate. Unless this position is maintained, our position in the eyes of the world and each area could be seriously jeopardized.

In passing, I would make the following observation: although the Germans have been our enemies twice in this century, it is difficult to visualize people of the German stock remaining complacent under a Russian boot heel.

not and cannot be the answer to this dilemma. It can probably be concluded also that he realizes the futility of war as a solution to problems, as compared to the additional problems created. Our position must be firm and he must understand that we will not vacillate. Unless this position is maintained, our position in the eyes of the world and each area could be seriously jeopardized.

Fourth Graders And Snowstorm Pushed Possible History Book

**BY DOT BOWLES
BRAND STAFF REPORTER**
Deaf Smith County might have its own history book within a few years — a work influenced in part by local fourth grade classes and a West Texas snowstorm.

Mrs. H. L. Newman, a librarian at the county library for six years, has almost completed research for a history of the county. She had been collecting information for some time but when the fourth grade classes began to go to the library each year and ask for facts about Deaf Smith County history, Mrs. Newman decided to concentrate her efforts.

Mrs. Clare McLean, librarian prior to 1950, first began to collect clippings of area history. These clippings were lying useless in a drawer until Mrs. Newman and Mrs. J. J. Boydston, Deaf Smith County libra-

rian for 11 years, decided to put them into working order and add to the collection.

Easier said than done, however, because there never seemed to be enough time for the undertaking — until a West Texas snowstorm put a standstill to library activities. Mrs. Newman and Mrs. Boydston took advantage of the slack in work to begin classification and organization of the material.

Plastic book jackets, which one company includes with its books, were used to protect the newspaper and magazine articles. The job of classifying the material and making an index is a long and tedious one which is still not completed.

At present there are approximately 200 articles bound in the local history file and around 150 are yet to be bound. This material is available to be checked out of

the library — for fourth graders and adults alike.

The file has been praised by several scholars interested in Panhandle history. It has been called "the best and most complete anywhere on this area." Included in the file is an article picturing various types of abode walls. There are pictures of Third and Polk Streets in Amarillo in 1898.

The seven legends of gold in Palo Duro Canyon is the subject of another article and many sketches of pioneer personalities are available. Information and pictures on the first business establishment in Canyon in 1890 is featured in one article.

Several index cards deal with Indians in the area and maps and drawings depict the Colorado expedition. Indian lore, ranches of the Panhandle area and the establishment of West

Texas State College in Canyon are the subjects of other materials.

Labor strikes and disputes aren't so modern as some people might think. One article in the local history file tells of a cowboy strike in the 1880's. It seems that the big land holders started setting up regulations against the average cowpuncher, such as preventing them from "running" a few head of their own while they worked on a big ranch.

"We were regulated to death. Every morning when we'd get up, there'd be another regulation or two. It got old," one old-timer accounted.

The angered cowboys bound themselves together to fight for certain wages. Fifty dollars a month would be the demanded salary for "good cooks and cowboys." Cowboys were elected to several county posts.

Finally the elected leader of the movement was fired and the strike fizzled out. "Another saga of the West was closed."

Cards on surrounding communities such as Progressive, Jumbo, Westway, Bippus,

Dawn and Summerfield are included in the file as well as accounts of at least two ghost towns in the county.

Aside from the file in the library, Mrs. Newman has been collecting material from ten to 15 years for the book she hopes to write. She is limiting her material to Deaf Smith County with only occasional ventures into nearby areas.

Mrs. Newman reports that she has completed the section on county schools. She has determined that there have been 55 schools in the county at various times.

She has nearly completed the research and most of the job ahead will be sorting and compiling the material. Pictures will make up a considerable portion of the proposed book.

Mrs. Newman has collected many pictures and hopes that they will reproduce well enough to be used. She is still searching for old pictures which depict some part of Deaf Smith County's background.

In an effort to gain more information about the county, Mrs. Newman has distributed questionnaires several times. At present she is searching for information about a school said to have been in the county. She has a picture of the tiny building with walls made of posts chinked with mud and covered with a sod roof. No one seems to know where the building was.

The Naylor Company, San Antonio book publishing firm, has shown an interest in Mrs. Newman's project.

The only compensation which Mrs. Newman hopes to receive is the "satisfied feeling which comes with uncovering buried facts."

Mrs. Newman has lived in Hereford since 1929. She and her husband have three children, Alan, Pat and Sharon, all residents of Hereford.

Beauty At Home

Q. My hair is exceedingly oily, and there are increasing signs of dandruff on my scalp. Can you recommend a good astringent to help absorb this dandruff?

A. Witch hazel is excellent for this purpose, and it has a drying effect, too. Apply, then follow with a good scalp massage, and shampoo.

Q. What manner of makeup can you suggest that will counteract the appearance of my prominent or sharp cheekbones?

A. Try using a darker foundation over the cheekbones. Another effective makeup antidote is the use of a highlighting foundation in the hollows of the cheeks and the recession of the temples. This makes the hollows appear filled out, and minimizes the prominence of the cheekbones.

Q. How can I treat fingernails that are forever splitting or cracking?

A. Daily applications of colorless iodine around the cuticles of your nails will help to revitalize them.

Julian of Plainview, Mrs. R. Thomas of Glenrose, and Mrs. George Love of Tullia; eight grandchildren and two great grandchildren.

Q. I've just been told that beer makes a very good hair-setting lotion. Is this true?

A. According to many women, yes. Be sure that the beer you use is fresh. It does have a way of keeping the hair in place, dries quickly, and leaves no after-odor.

Q. How can I remove some iron rust stains from a cotton dress?

A. After moistening the stains with water, squeeze some lemon juice directly on them and then hold them in the stream of a boiling teakettle for a few minutes. Finally, rinse with water, and repeat as many times as may be necessary.

BIPARTISAN JOB
NORMAN, OKLA. — Mrs. W. G. Davis is a staunch Democrat and a precinct chairman. One of her duties is to carry a heavy voting box. Because she is small, Mrs. Davis calls on her husband for help. He is an equally staunch Republican.

STOP GONE
ANN ARBOR, MICH. — Lost: Sylvan Township's only traffic signal, last seen winking red and yellow lights at the intersection of U.S. 12 and Michigan 92. Township officials suspect the light was removed inadvertently by a State Highway Department crew, or workers on a new interstate route nearby.

HISTORICAL DATA being cataloged is examined by Mrs. H. L. Newman and Mrs. J. J. Boydston, librarians, as they gather more information about the early days of Deaf Smith County. (Staff Photo)

LONGTIME JUDGE
COLUMBUS, Ohio — Carl V. Weygant of Lakewood has been chief justice of Ohio's Su-

preme Court since Jan. 1, 1933 — longer than any man in history.

Funeral Rites Held Tuesday

Funeral services for Mrs. Louise Frazier, 88, 308 Ave. C, were conducted at 2 p.m. Tuesday in the Rose Chapel of Gilliland Funeral Home, with the Rev. Clarence Powell, pastor of the Avenue Baptist Church, officiating.

Mrs. Frazier died at 10:05 p.m. Saturday in Deaf Smith County Hospital after a long illness.

She was born Nov. 10, 1872, in Harrison County, Ky. She came to Texas in 1900 from Kentucky, and was married to William L. Frazier in 1901 at Round Rock, Tex. Mr. Frazier died in 1935.

Mrs. Frazier came to Deaf Smith County in 1947 from Williamson County. She was a member of the Methodist Church.

Survivors include two sons, Lee of Sarita, Tex., and Cecil of San Antonio; a daughter, Mrs. Sally Palmer of Hereford; and 12 grandchildren.

Burial was in West Park Cemetery here under the direction of Gilliland Funeral Home.

ON THE SPOT
BALTIMORE — Members of four different clubs of fire buffs in Baltimore City, Balton, D. C., turned out for a regional meeting.

Just as everyone settled to enjoy a movie of a storage tank fire in Kansas City, a real fire alarm sounded in Baltimore. All hands scampereed away to help serve coffee and cakes to the professional firefighters at the scene.

ARE YOUR DEBTS IN BALANCE?

Many a farmer or rancher has his short-term debts completely out of balance with his long-term debts. Good management dictates that he keep his operating or short-term credit in balance with his capital or long-term credit. By doing this he will be able to meet repayments with more ease.

While a Land Bank loan will not reduce your total indebtedness, it has provided the key to a balanced debt load to thousands. Most likely a Land Bank loan is the answer to your credit problem.

Without obligation, come in and let's see how it can be made to help you get your debts in balance.
