ASHES AND FOUNDATION blocks were all a small boy (center) found Wednesday as he wandered through what remained of an empty barracks building at the Labor Camp. The structure was struck by lightning Tuesday night and quickly was reduced to rubble as firemen concentrated on preventing the fire from spreading. (Staff Photo)

Lightning Starts Fire That Ruins Labor Camp Building

Huge flames nourished by a strong southeast wind destroyed a vacant barracks at Hereford Labor Camp Tuesday night after lightning struck the roof of the wooden-frame building. Hereford Fire Marshal Clay Angelo said Barracks 32, an unoccupied four-apartment building, was quickly engulfed by the fire which was triggered by lightning at about 9:45 p.m. Loss was estimated at \$3,000 by Angelo.

Barracks 33, located next to the burning building, was scorched on the exterior, but Hereford Volunteer Fire Department was able to keep the fire from spreading to nearby buildings.

When firemen arrived, the flames were raging out of control throughout Barracks 32. Three engines were dispatched to the scene, and 28 firemen answered the alarm.

Angelo said a strong southeast wind prevailed throughout the time while firemen doused nearby buildings to keep the fire from spreading.

Angelo said no other lightning damage reports were received during the thunderstorm Tuesday night, which left the city with 46 of an inch of rain. Some hail damage was reported south of the city.

Around Town

Well, Deaf Smith County finally got a halfway-decent rain Tuesday night. But the half inch or so reported around the county did a lot more good than would have the nearly five inches the folks floated in up at Amarillo. Maybe that the drought is broken, all three months of it, and we'll start getting a few more summer showers.

Sam Bell reports that there will be a meeting of the Panhandle Motel Owners Association in Hereford on Friday, June 2. The meeting will be held after a luncheon at the Hereford Country Club. Sam expects 25 or 30 to show up for the meeting.

Coach Harlan Voyles still is waiting for word on the Hereford American Legion baseball team's schedule. Seems the folks that run the show still haven't made final plans for the summer program. Meanwhile, Voyles announced the following roster of players: Eugene Green, catcher; Mickey Stevens, pitcher and catcher; Drew Kershen, pitcher; Gary Kendrick, pitcher; Richard Casas, pitcher; Joe Mack Hale, first base; John Willoughby, second base; Ronny Duncan, third base; Ken Loerwald, shortstop. Labor Secretary And Sugar Group Set Conference

Two local representatives of Texas Sugar Beet Growers Association left Hereford Wednesday to discuss sugar legislation with Secretary of Labor Arthur J. Goldberg in Washington, D. C.

While in Washington, H. L. Benefield, Association president, and James Witherspoon, both of Hereford, will contact Undersecretary Jerry Holloman and House Speaker Sam Rayburn in connection with sugar legislation.

The two representatives are scheduled to meet with Goldberg at 2:30 p.m. Thursday. They will return to Hereford Saturday or Sunday.

Hereford Man Fined For DWI

Arthur Lane Alexander, 30, Box 745, Hereford, was fined \$150 and court costs and sentenced to three days in Deaf Smith County Jail in County Court Wednesday morning after entering a plea of guilty to charge of driving while intoxicated, first offense.

Presiding in court was County Judge Don Zimmerman. Alexander was arrested at 2:40 p.m. Saturday 1 1/2 miles south of Hereford on U. S. 385. The arrest was made by Hereford police.

Set \$1000 Bond On DWI Charge

Bond for O. V. Alexander, 41, 125 Ave. B, Hereford, was set at \$1,000 Wednesday morning after he was charged with driving while intoxicated.

Alexander was arrested at 4:05 p.m. Tuesday four miles southeast of Hereford on Farm Road 1259. The arrest was made by Texas Highway Patrol Sgt. Roger Sosebe of the Hereford unit.

Bond was set Wednesday morning by Deaf Smith County Judge Don Zimmerman.

A FAST DASH for Jerry Don McCaslin enabled him to beat out the throw from second as he got on by fielder's choice. Covering first for the Tigers was Roger Owen. Backing up the play is Lynn Brindine. McCaslin played for the Red Sox Monday night in the season's first Pony League game. The Tigers won 7-6. (Staff Photo)

County Wildlife Contest Slated

A contest on wildlife is being sponsored by the Tierra Blanca Soil Conservation District. All Boy Scouts in Deaf Smith County are eligible to enter. Subject matter may be any wildlife (bird or animal), native or migratory, found in Deaf Smith County.

The contest is divided into two categories, photography and artwork. First, second and third prizes will be awarded in each of the two categories. Prizes will be some object a Boy Scout will be able to use in camping and Scouting.

Entries will be judged on the basis of originality, treatment of subject matter and appropriateness and not necessarily on the skill or proficiency of the artist or photographer. This contest will run through the summer, and all entries must be in by the first of October. Entries may be submitted to the Tierra Blanca Soil Conservation District, P. O. Box 231, Hereford.

The District Scout Executive, Louis Machuca, will furnish detailed information to the Boy Scouts troops, or they may call upon the Soil Conservation Service or the Tierra Blanca Soil Conservation District.

Purpose of the contest is to create more interest in wildlife among both youth and adults.

Tinnin Captures Over 40 Title On Sunday

Dale "Pappy" Tinnin of Hereford became new champion of the annual "Golf Begins at 40" tournament by downing Dimitri linkster Wimpy Walker 3 and 2 on the John Pitman Municipal Course in Hereford Sunday afternoon.

The local favorite succeeds Murrell Tripp of Lubbock as champion of the third annual meet, which was open to all area amateurs who are 40 years of age or older. Tripp, winner of the tourney for the past two years, was unable to enter this year but donated a permanent plaque to be kept at the Hereford pro shop.

Winner of the championship consolation flight was Owen Seamands of Hereford, who downed Harry Wilbur of Canadian 3 and 1.

Others winners included: first flight, Dick Garner of Plainview over W. L. Edelman of Friona, 1 up; second flight, Joe Tombs of Lubbock over Wayne Butler of Lubbock, 2 up; third flight, Harold Hamilton of Amarillo over Frank Cornelius. (Continued on page 2)

PIONEER DAY GATHERING in Hereford Wednesday gave the Nortons a chance for part of a family reunion. New Book, Texan By Choice, Uses Hereford For Setting

Hereford will be the setting for a new book, coming off the presses soon.

The Rev. Roy Nunn, a former resident of Hereford, has signed a contract for the publication of his first book, *Texan By Choice*.

Set in and around Hereford during 1918, *Texan By Choice* describes the town as it was during the early 20th Century. The book is pervaded by a tone of friendly informality, relating as it does the struggles, disappointments and successes of Tip Nunn, a man who chose to leave his native Arkansas and adopt the state of Texas.

The Rev. Nunn grew up in Hereford and is the son of the late Tip Nunn.

Other members of the family are scattered mostly around the Hereford area. Reverend Nunn's relatives include, William H. "Bill" Nunn of Friona, a nephew; Mrs. W. H. Nunn, 501 East Fifth, Hereford, a sister-in-law; Ray Nunn of Amarillo and Earl Nunn of Panhandle, brothers; and Viola Henden of Washington state, a sister.

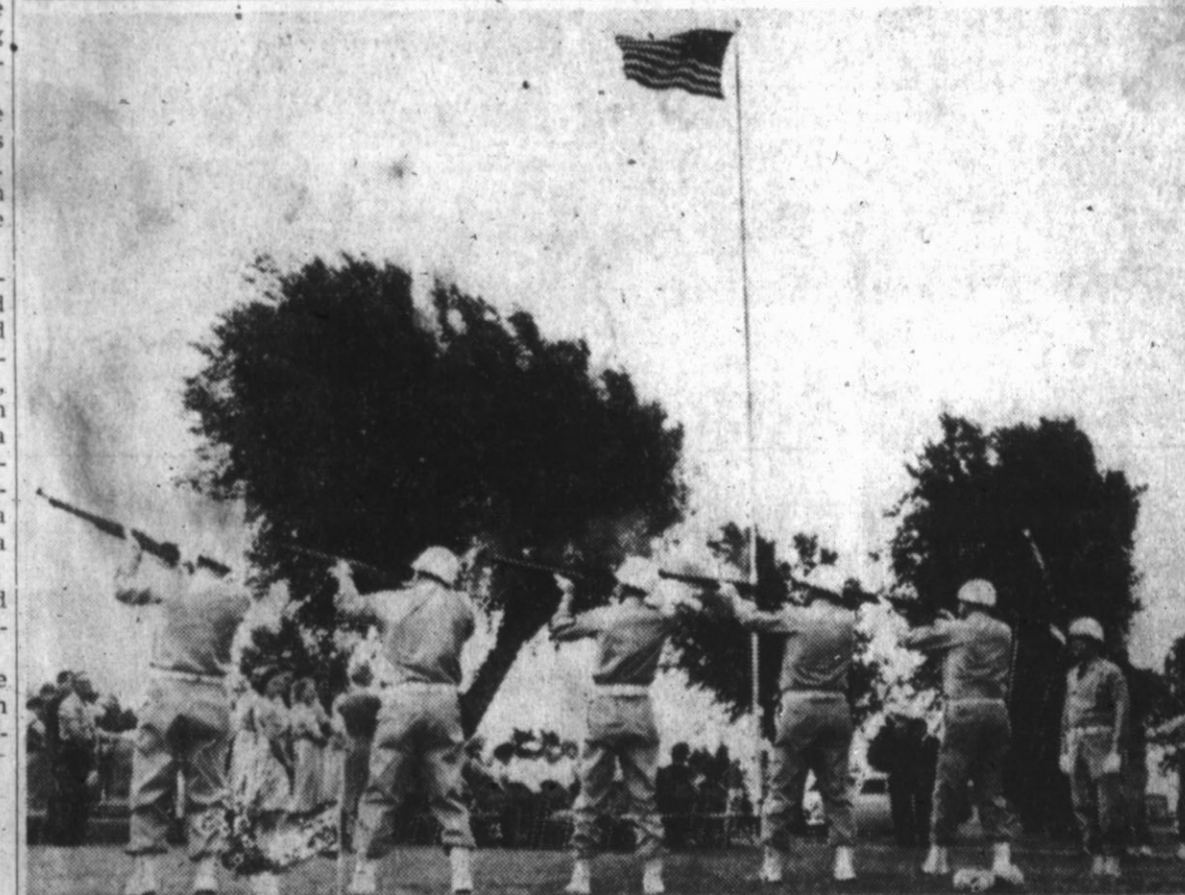

Tip Nunn came to Hereford about 1918 and lived here until his death two years ago. The author has written the story of his father's life with emphasis on the common cus-

tom prevalent in the days when Texas offered an immense challenge to those hardy pioneers who chose to rein in and channel its natural resources.

Texan By Choice, which will be published by The Naylor Company, San Antonio, is factual from beginning to end.

The protagonist, Tip Nunn, serves to enhance and dramatize, rather than dominate, the narrative.

An ordained Presbyterian minister, the Rev. Nunn's clerical appointments have included pastorates at Kingfisher, Tesh, Meeker and Enid, Okla.; Mt. Vernon, Greenfield and Levan, Mo.; and Seymour, Tex. In addition, he also served as a missionary to the Cherokee Indians at Park Hill. (Continued on page 2)

Payments Near \$1 Million On County Diverted Acres

With deadline only a few hours away Wednesday morning, payments for diverted acres in the new feed grain program were approaching the million-dollar mark, it was announced by Deaf Smith County Agricultural Stabilization and Conservation office in Hereford.

With 819 agreements signed in this county, there were 54,493 acres diverted, according to ASC office manager Faust Collier.

Collier said that payments totaled \$991,000 through 11 a.m. Wednesday.

The diverted acres represented an average of 36 percent of the base acreage. Final date for signing agreements was the close of office hours Wednesday afternoon.

A total of 912 farms were eligible for participating in the program, which was authorized by Congress as a voluntary program designed to stop the building of a feed grain supply.

With 819 agreements signed in this county, there were 54,493 acres diverted, according to ASC office manager Faust Collier.

Basically, the new program provides for payments to producers who divert grain sor-

ghum or corn acreage to conserving use. Payments are in the form of negotiable certificates for which producers may receive grain or a cash equivalent of grain.

For diverting acreages equal to 20 percent of their base or 20 acres, whichever is larger, producers are eligible for a payment equal to 50 percent of their normal production on their diverted acres times the county support price.

The acreage diverted from the production of grain sorghum and/or corn must be put to conservation uses.

Hereford City Commissioners voted Monday night not to widen paving on Grand Avenue in the face of strong opposition to the proposal.

Action came quickly during a special paying hearing, after several persons had expressed reasons for not widening the paving, to 44 feet, with curb and gutter.

The Commission convened in special session after recessing a paving hearing earlier in May to determine further how many property owners along the street were opposed to the project.

All other planned paving was approved, although an assessment rate for some of the work was revised downward.

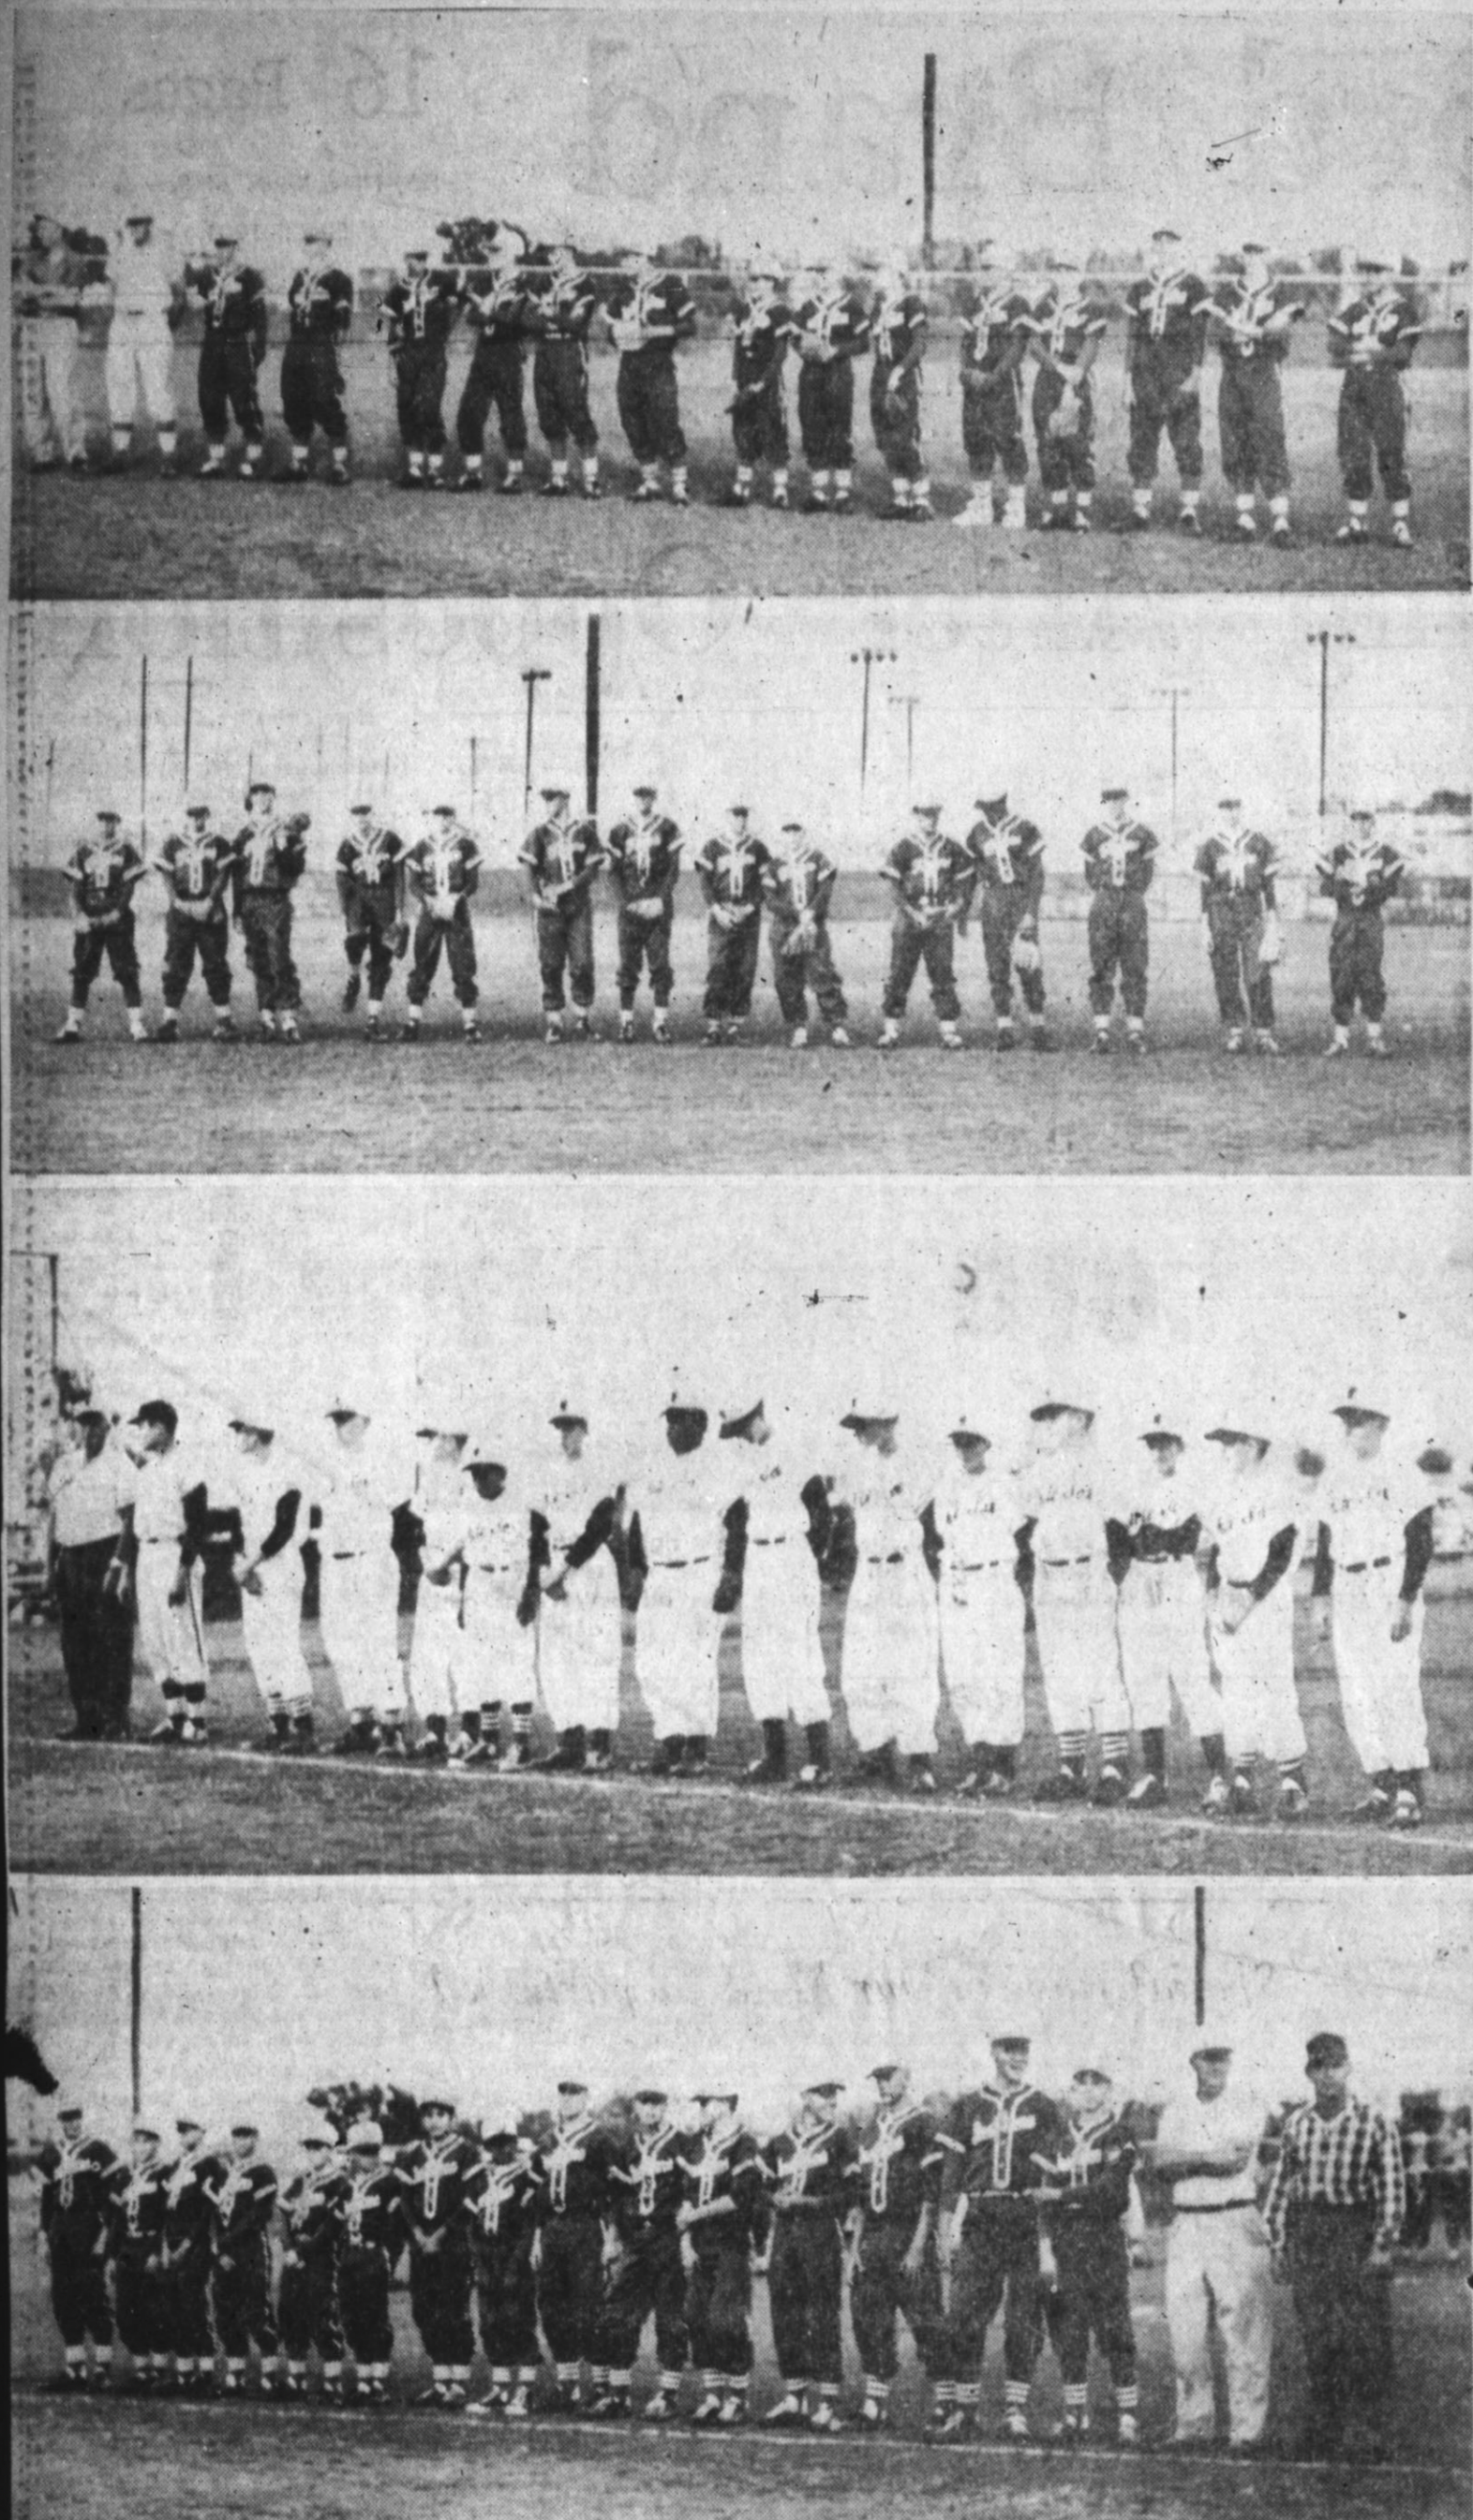

The city had planned to widen Grand Avenue from 25 Mile Avenue east to Avenue I, including hot mix paving, with curb and gutter. At present, between those streets, Grand has only strip paving down the middle of the street. The city had agreed to pay about one-half of the total cost.

Of the 13 citizens present for the meeting, about five expressed themselves as being strongly against the program. Most of them said they could not afford to pay the costs, while some said they wanted other property adjoining Grand paved. Several also said they felt drainage of rain water would continue to be a problem.

Two or three persons present said they favored the program, but did not express themselves before the vote was made.

Total assessment for Grand Avenue on property owners would have been \$3.75 per front foot, with the city paying an almost identical amount. Total estimated cost to the property owners would have been \$40,261.71.

During the May 19 meeting, the city lowered the original assessment figure on six blocks of paving, which had strip paving. This included two blocks on Irving, three blocks on Ble-

BRILLIANTLY ATTIRED in new uniforms, all the Hereford Pony League baseball players and their coaches were introduced Monday night prior to the first game of the season. League president Earl Stogner made the introductions and Mayor Ray Cowser made a brief welcome address. The game was delayed about 40 minutes by lightning troubles. The new uniforms are red, green, blue and white. (Staff Photos)

The Nation Saddles Up For Horse Play

BY JEAN SPRAIN WILSON

Now that most of the nation's horse power has been leashed to a steering wheel, the fickle American public wants it on the hoof.

Adults (mostly women) and children (mostly girls) in record numbers this spring are galloping down bridge paths and having learned from TV cowboys, the Queen of England and Jacqueline Kennedy how much fun horse play can be.

What's more, the rapidly multiplying numbers of youngsters aged 5 to 12 now taking riding lessons indicate an even greater future for the horse.

The equine sport evolves from kiddy pony clubs, progresses to horse show competition, and reaches the ultimate, as far as horse enthusiasts are concerned, with fox-hunting.

New England area stable owners have an explanation for why more little girls than little boys emulate screen cowboys by taking to the saddle. "Boys are too busy with planned athletic activities such as Little League baseball and football," observes Irwin Novograd who operates a riding academy in the New York area.

Horse show competition and the fox and hounds are often popular with women because of their snob appeal, admits Mayer Miller, owner of one of the nation's oldest supplies of horseback riding equipment.

"Yet I think riding is very democratic, a great leveler. A horse doesn't care what social status his mount has," Miller points out. "And he always brings out the best or the worst in her."

Expensive? Hacking (riding for pleasure) against showing or jumping averages \$5 an hour. Cost of a day's fox chasing runs about \$25.

To some extent traditions have relaxed, but until recently a woman's riding habit absolutely revealed her horsemanship experience.

In the strictest sense the Western costume indicates the uninitiated. However, even in England where formal attire has always been de rigueur, denims, bright shirts, cowboy boots, ten gallon hats and fancy neckerchiefs are sported by blue-blooded cavaliers.

Of course children want nothing else but the Western look, wearing scaled-down riding jeans, plaid shirts and big hats.

For feminine hacking enthusiasts tailored slim ranch pants are tapered into calf-hugging bell-bottomed denim jodphurs. With these go a check or tweed hacking jacket, a shirt, or tur-

tle neck sweater, and a soft crowned felt hat.

The Kentucky habit is usually worn when showing gaited horses. A long jacket goes over matching jodphurs to keep the daylight from showing between rider and saddle during the bounces.

Horse showing in evening requires a formal habit. With white shirt, black bow tie or white stock pants goes a coat tailored like a man's formal jacket.

Hunt clothes are styled to take rough going through brush. Colors of hunt club members face the collar. Buttons may bear the club crest. Only when a woman is considered master of the hounds is she privileged to wear "pink" (which is actually red.) For protection in case of a fall,

the velvet hunt cap is quite stiff. A vest in the hunt club colors, or canary or gray, breeches and boots complete the costume.

As a gift for the President of the United States, Mrs. John F. Kennedy bought from a New York concern a handwoven shetland tweed hacking jacket, a pair of twill hunt jodphurs, a beige turtle necked sweater and laced riding shoes.

But as far as anyone knows, she hasn't been able to get him on a horse.

A total of 54 amateur golfers entered the three-day meet, which was concluded Sunday afternoon on the local links. Winners received merchandise prizes.

Tinnin's name will be inscribed on the two-foot plaque donated by Tripp, according to host pro Bud Posey of Hereford.

Jim Haney pitcher and outfielder, and Dan McDowell, Bill Nelson, Arvell Williams and Johnny Roberts, outfielders, some drop-outs the past few days have cut the squad down below expectations in numbers, but the team has good potential.

Anyone interested in a free class on making hats is asked to attend a planning meeting on Friday, June 2. The meeting will be held at 9:30 in the high school homemaking department. Mrs. Frank Erowell, who will teach the class, said the planning meeting was necessary so supplies could be ordered. The class will be held on June 19-21.

A lot of people thought they were going to have to file Grant Hanna to the flagpole during Memorial Day services at the West Park Cemetery on Tuesday. Seems he was looking for the bugler, who was to play "Taps." All during the services he was craning his neck and looking for the missing musician. But it was to no avail, the bugler failed to appear and the services closed without "Taps."

A meeting and covered dish supper for all county farmers will be held Tuesday, June 6, in the Hereford Community Center. Topic for discussion will be the omnibus farm bill.

The color film, "Unchained Frontiers," also will be shown by Cotton John Smith. The Farmers Union will furnish meat for the meal, with those attending asked to bring other dishes. The meal will start at 8 p.m. Among those attending will be Alex Dickey of Denton, president of the Texas Farmers Union, and Donald Watson, who has been working in Washington, D. C., on the farm bill.

Harley R. Seuser, regional representative of the National Association of Real Estate Boards, will meet with the Hereford Board of Realtors on Thursday, June 1, according to local president Roy V. Smith. The meeting will start with a luncheon at noon Thursday in the Jim Hill Hotel ballroom.

For a real colorful treat and some outstanding baseball, wander out to Pony League park soon. They have new uniforms: red, green, blue and white... and they really sparkle. In addition, the field looks like it must be artificial. The grass is green and level, and the basepaths

are clean. It really is a beautiful ball park and the players are responding with fine performances.

With out younger son in the hospital the past five days, we (my wife and I) are convinced that Hereford is blessed with an abundance of excellent and good-humored nurses and staff members. Only they have spoiled the patient so much that it will take us a couple of weeks to get him straightened out, again.

Princess Tuck presented us with four puppies this week. Anyone interested in having one of them, free, is asked to notify us for delivery in about five weeks. We will guarantee them to be dogs.

Nervous Tuesday, was Grant Hanna Wiping his face with a bandanna. The bugler, absent, blew not a note. And what Hanna said wasn't for quote.

TIMELY TIP
BUFFALO, N. Y. (AP) - Parents are allowed to tour the Erie County jail with their teen-ager sons in an effort to combat juvenile delinquency. On the twice-weekly visits, arranged by two clergymen, the boys see the cell blocks, talk with inmates, and walk into an empty cell.

The Very Rev. Msgr. Franklin Keliher, Catholic chaplain, and the Rev. Marshall Lucas, Protestant chaplain, said they believe most boys get their ideas of jail from movies or television.

"They have no real conception of the cold steel of jail bars or how small a prison cell is," the clergymen said.

KUSTIN HIGHLIGHTS

Texas Lawmakers Under Now-Or-Never Pressure

BY VERN SANFORD
AUSTIN — Final week of the legislature's 57th regular session was like most—with minor bills tumbling out in an avalanche and major bills tied up in conference committee.

Under now-or-never pressure, lawmakers searched desperately for compromises, but found their differences deep and hard to bridge.

Small loan regulation — strictest of many sticky problems — bogged down in the Senate State Affairs Committee. It was an issue on which feelings seemed to run stronger and divisions deeper as time went on.

But many other bills, "made it," or appeared to have, by receiving final passage in both houses as the session drew to a close. Among them were bills that would:

Outlaw selling liquor by the drink under the "front" of a private club and provide for licensing and regulation of bona fide private clubs by the State Liquor Control Board.

Pay members of the State Board of Insurance annual salaries, not to exceed \$20,000, instead of the present \$50 for each working day. Salaries were pegged at \$16,000 in the appropriations bill.

Regulate importation of milk from other states. Result there did not make milk producers happy. It would allow milk to be imported into Texas if an inspector from the producing state certified its purity. Texas producers sought a bill requiring certification by a Texas inspector.

Make an emergency allocation of \$650,000 to the Department of Corrections, hard hit financially by overflow prison populations and crop failures on prison farms.

BACK PAY PONDERED — Members of the Legislature are constitutionally entitled to receive \$40 a-month salaries dating back to November 25, 1960, according to an attorney general's opinion.

But whether to accept this money is a question of another sort. November 25 was the effective date of a constitutiona

amendment authorizing \$4,800 a year salaries for legislators. Amendment was not put into effect until the Legislature met January 10 and voted a salary appropriation.

House had its payroll start January 1; Senate's started January 10. Two House members have since refunded to the state \$116 each, an amount covering the period from January 1-10 when the Legislature wasn't in session.

Most members have indicated, ruling or no ruling, they have no intention of trying to get pay dating back to November 25 — when some weren't even in office.

UH BILL FINALLY PASSED — Mammoth University of Houston will become the 20th member of the state-supported college system in September, 1963, if Governor Daniel signs the bill passed by both houses.

Bill was hard fought by those who felt the state already has more state colleges than it can take care of. It was filibustered for a month in the Senate and had to pass the House twice.

It made it through the last round in the House with a bit of help from Speaker James Turman — who held up announcing the vote until enough members had changed their minds to put the bill through.

SAFETY BILLS PUSHED — In the waning days of the Legislature, Governor Daniel made a strong plea for highway safety legislation.

Reduction of traffic deaths has been a cause for which the governor has worked unrelentingly during all his years as chief executive.

Texas, he reminded the Legislature, has lost 4,707 lives to traffic accidents in the past two years. Had all these deaths occurred in a single disaster, said the governor, the Legislature would be swift to take emergency action.

Daniel asked for passage of bills to revise the drivers' license law, provide for driver education, allow chemical tests to determine drunkenness, set up a system of traffic courts and increase number and salaries of state highway patrolmen.

WELFARE BILLS PASSED — Two bills to give extra help to persons on the state welfare rolls have received final passage from both House and Senate.

One, already signed by the governor, would increase by \$1,800,000 a year the amount that may be paid out by the state to the aged and blind. This puts the annual spending up to the \$47,000,000 ceiling.

Another provides for medical care up to \$12 a month for those on old age assistance. Payment would be made directly to the "vendors" — i. e., doctors, hospitals, nursing homes.

Senate backed off from a proposed constitutional amendment that would have completely removed the \$47,000,000 a year ceiling on state welfare payments. It amended it to provide for a \$5,000,000 a year increase. This measure, if approved by the House, will have to be voted on by the people.

ANTI-OBSCENITY BILL SCUTLED — Objections of theater operators allegedly caused a House-passed bill aimed at obscene literature to be sidetracked in Senate committee.

Rep. Tom James of Dallas, sponsor, protested, declaring the bill wouldn't "touch" commercial movie houses. He said it was aimed at distributors of filthy books, magazines, pictures and records.

VET LAND DECISION DUE — Also up to the people in 1962 elections will be a decision on whether to let the state sell off — to non-veterans, if necessary — land forfeited under the veterans land program.

It is the form of a proposed constitutional amendment which passed finally in both houses.

In some cases the state has had to re-possess land because of failure of the vet buyers to keep up payments. Much of the re-possessed land was involved in the "block deals" that caused the "land scandals." Sponsors of the proposal say it will make it easier for the state to "move" this land and get its money back.

"DE NOVO" OKAYED — People will be called on to vote in November, 1962, on a proposed constitutional amendment that would guarantee "trial de novo" on appeals from administrative board decisions.

Many will not understand it, but those affected feel strongly about the issue. Trial de novo means "trial anew." This means that anyone dissatisfied with a decision of a state board — such as the State Water Board, Insurance Board or Railroad Commission — could appeal to the courts and have the whole case heard over again from the start with the court's deciding how it should be settled.

Present practice has been to have judicial review of administrative decisions under the "substantial evidence" rule. In effect, the court looks the matter over to see if the board had "substantial evidence" for ruling as it did.

NEW ADJUTANT GENERAL — Brig. Gen. James E. Taylor, former state senator and House member, has been appointed state adjutant general to succeed Major Gen. K. L. Berry.

Taylor's appointment by Governor Daniel was followed by swift Senate confirmation. This was done in a wind-up session in which the Senate approved all the governor's pending appointments.

Taylor is formerly of Kerens where he was a newspaper publisher. He served with the 36th Division during World War II. General Berry, who will retire as a lieutenant general on July 1, had served as adjutant general 14 years.

Neil Cooper's Mother Dies

Funeral services for Mrs. C. O. Sharpe Cooper, mother of Neil Cooper of Hereford, were held at 3 p.m. Tuesday in the First Baptist Church.

Dr. Strauss Atkinson, pastor, officiated. He was assisted by Rev. Chester O'Brien, pastor of Paramount Baptist Church of Amarillo.

Burial was in Dreamland Cemetery under the direction of LaGrone Funeral Chapel.

Mrs. Cooper moved to Canyon from Hedley in 1930. She was married to Charles, Oscar Cooper in 1903 at Hope, Ark. He died in 1948.

She was born July 30, 1882, in Columbus, Ark.

Survivors include three sons, Neil of Hereford, Clay of Canyon and John W. of Tucumcari, N. M.; four daughters, Mrs. Faye Cannedy of Canyon, Mrs. T. E. Allen and Mrs. Hazel Hall, both of Los Angeles; and Mrs. Sidney Collazer of Amarillo; 12 grand children and two great grandchildren.

Tigers Slam Three Homers, Beating Red Sox In Opener

Three home runs enabled the Tigers to pull off a narrow 7-6 victory over the Red Sox in Monday's opening Pony League game.

Mike Ranspot, Frank Cain and Jimmy Gutierrez slammed homers midway through the game to give the Tigers a lead they kept.

A large crowd attended the first game and admired a sparkling field that has been groomed to perfection. All agreed it was one of the best fields in the Southwest for Pony League teams.

Another new look came when the players were introduced, wearing new uniforms. The solid-color uniforms are green, red, blue and white.

Monday's game started late when a power line shorted out and caused a small fire at the base of a pole. It was repaired and the game started about 40 minutes late.

In the top of the first, the Red Sox got one unearned run. Wynn Buck was hit by the pitcher, went to second on a fielder's choice, to third on a walk and came in on a wild pitch.

The Tigers evened it up, 1-1, in the bottom of the first. David Marcontell walked, stole second and scored on a wild throw.

In the second, the Tigers got in front 2-1. Robbie Lemons singled, moved up on a fielder's choice and scored on an error.

The Red Sox got their first hit in the third inning, but failed to score.

Still chipping away, the Tigers added their third run in the third as Frank Cain slammed one out of the park.

In the bottom of the fourth, the Tigers made it 5-1 on a pair of homers, Mike Ranspot and Jimmy Gutierrez blasted four-baggers for the Bengals.

The Reds rallied in the fifth as Buck doubled and Jerry Don McCaslin and Danny Loerwald walked. Frank Cain came on to relieve Ranspot but walked in a run. He then struck out two before Mike Moore singled in a pair of runs. That made it 5-4.

In the bottom of the sixth, the Tigers marked up two more runs and a 7-4 lead. Ranspot walked as Cain and Gutierrez singled. A fielder's choice brought in the other run.

In the seventh, the Reds tried hard, but couldn't get enough runs. They scored a pair. Robert Strange walked and Joe Childers singled. Moore got on by error, forcing in a run after Strange had scored on a passed ball.

Ranspot and Cain divided mound duties for the Tigers with Ranspot taking credit for the win. He pitched four innings, allowing four runs on three hits while striking out six and walking four. He hit one batter.

Cain worked three innings, allowing two runs on two hits. He struck out nine and walked four. Each hit one batter.

Danny Loerwald was charged with the loss. He was the first of three Red Sox pitchers,

being followed by McCaslin and Strange.

RICHARD LOPEZ
He's Boy of The Year

YOUNG MODERNS

He Wears His Apron Proudly

BY VIVIAN BROWN
A little home training will never hurt a prospective husband, advises 17-year-old high school senior, Richard Lopez.

He is this year's 'Boy of the Year,' chosen by the Boys' Clubs of America.

Richard should know. Since his Dad died six years ago, he has been housekeeper, nurse, cook and a 'father' to his twin brothers, age 11. His mother works in a dry cleaning establishment.

Richard isn't a goody-goody just because he wears an apron at times.

The dark-eyed El Paso teenager is a top scholar, an all-around athlete, captain of the baseball, basketball and tennis teams of Bowie High School, member of the football squad, sports editor, manager and photographer for the school paper, personality of the year and choir president in 1960. He's also vice-president of the Future Farmers of America.

The highlight of his life came recently when he attended an opening day ballgame with President Kennedy who unexpectedly offered him invitation.

"We had FBI inspected sandwiches and hot dogs," he says beaming, "and the President gave me an autographed ball signed by the Congressmen and the Washington Senators ball team."

"He is the most genuinely nice person I've ever met. When I told him I wanted to study law at Harvard, he advised me to get my application in early and then called in Mr. Bundy. (MacGeorge Bundy, former dean at Harvard) and asked him to guide me to accomplish the goal."

Richard hadn't decided to go

If people are funny, politics are hilarious, and no question about it. Texas, for instance, has two U. S. Senators — and it would be impossible to find two men with more divergent or conflicting political ideas. Ralph Yarborough is a Democrat, an ultra-liberal and a labor candidate who even writes articles for the CIO publications. John Tower is just the opposite, being a Republican and an extreme conservative who represents state controls and Texas' right to work law. Still, our own Deaf Smith County gave each of these men a nice majority, over their opponents in two different elections.

While the circumstance may not speak so highly for consistent voting on behalf of the people, it does emphasize the importance of hard work in a political campaign in Texas, including Deaf Smith County.

In the run-off race which ended Saturday, for instance, The Brand did not carry one single advertisement for Senator Blakey — but we did carry several for Tower. The Republicans worked in many other fields, too, while the Democrats appear to have taken very little interest in the race. To say the least, no individuals or group seem to have been "tearing their shirts" in behalf of Blakey. There is also the likelihood that some of the ultra-liberal Democratic vote went to Tower, chiefly on grounds that he will be easier to unseat next round than Blakey would have been on the old "second term" appeal.

All in all, it doesn't make sense; but it happened, and Deaf Smith County unquestionably went along with the crowd in a big way.

The 1961 peach crop is really in a bad state, but occasionally you run across someone who likes to kid himself. Monday I heard C. N. McClure tell Jess Ford: "I have three peaches on one tree, and five on the other." I figure the man who really has a peach crop talks in terms of bushels, not individual peaches.

Hereford lost a good citizen and a long-time booster when Glenn Weir died last week. Glenn operated a food store here for many years, and his last store was forerunner of the present Piggly-Wiggly. He also operated retail stores in Friona — and is widely recalled.

among old timers of the area for his good humor and practical jokes.

Joe Smith was telling me the other morning he plans to spend at least part of the school vacation period doing research and free lance writing. Joe has had several articles published and has done exceedingly well in this field. Next thing you know, he will be writing a book; after all, everyone else seems to be writing one these days.

Buz, my teenage son who is quite proud of being a wee bit taller than his dad, got a little upset with television one night this week. The program was about "Flabby Americans" and dealt extensively with our circumstance of too much food and too little exercise. They kept hammering away about taking more exercise for some 30 minutes, then flashed on the sponsoring commercial:

"Tired? Why walk across the room to turn your projector 'On' and 'Off'? Get one of our remote controls, and do the same job while sitting in your favorite arm chair... even turn on the lights by merely pressing a button."

They did point out that the average freshman is now two and one-half inches taller on entering college than he was 40 years ago. I think the thing that really upset Buz was the fact that the man said "we are making them taller, but weaker."

Ping-pong seems to be making a come back in our neck of the woods. I notice that the girls have covered my pool table with a sheet of plywood, thus converting the layout into an efficient Ping-Pong table. They are complaining, though, because the top is not regulation size.

Ezra Norton was telling me about the Overstreet class party, held Wednesday night, in connection with Pioneer Day. This is really an event — and one of the few gatherings of its kind in the country.

Dean Herring says we could stand some more rain, but without so much hail as many other places are getting, and I think that most of us would be inclined to agree. The potato fields south of town are particularly pretty this time of year. Ross Latham had an egg-size potato this week and, from the looks of things, we will be digging spuds before any of us realize what is happening.

GUESS WHO WON THE ARGUMENT

"But the grass doesn't need mowing, dear; besides, I cut it a week ago."

"I don't care what your mother said, it's 9 o'clock and that's bed time — and I have some lessons to get."

"Who ever heard of going out to get a Coke at 11 p.m.?"

"There's no use doing the dishes tonight, I have all day to do tomorrow. Besides, you folks are guests."

"There's no use thinking about trading in this '51 model, just because we have a flat tire!"

Trip To Clovis Is Last Activity Of School Year

BY DONNA THOMPSON

The Dawn School had its last recreational activity of the year Friday. A picnic was held in the Clovis zoo and park.

The group of students and teachers and some of the parents and friends took a bus in order to provide room. Johnson drove the bus. He is a regular driver for the schools of Hereford.

The picnic was held near the zoo and refreshments were served to the entire group before getting to Clovis. Some of the parents and friends were Mrs. Donna Thompson, Mrs. Melvin May and Ricki, Mrs. H. E. Miller Jr. and children, Mrs. H. H. Miller, Mrs. Bill Algers, Mrs. H. S. Fuller, Mrs. Jack Ward Jr. and Mr. and Mrs. Ted Richardson. They returned

home about 3 p.m. The Dawn School turned out Wednesday at 2:30 for summer vacation.

A group of four families held a picnic in Thompson Park in Amarillo Sunday. The families who went are Mr. and Mrs. Melvin May and boys, Mr. and Mrs. Ted Richardson and family, Mr. and Mrs. David Thompson and Mrs. Martha Richardson and Sammy. The families played baseball after lunch and took pictures. They then proceeded to Wonderland Park, where the children played miniature golf and rode the rides. They toured the park and returned home late Sunday evening.

The Dawn G. A.'s held a tea for the mothers at the Dawn Baptist Church recently. The teacher is Mrs. Charles Davenport. Present were Mesdames Jack Ward, Jr., Bill Algers, Ted

Richardson, R. T. Stewart and David Thompson. Refreshments were served and the girls gave a program.

Mrs. Steve Bavousett attended a bridge luncheon in the home of Mrs. H. H. Horton of Friona recently. It seems it turned out to be a surprise birthday party for Mrs. Bavousett.

Mr. and Mrs. H. S. Fuller and family were hosts Sunday for dinner. Present were Miss Carolyn Godfrey, Miss Cecilia McStadden from Dimmitt and Leldon Womble from Hereford.

Mr. and Mrs. H. E. Hooten and family, who have resided here in Dawn for some time, moved to Silverton recently. Their daughter went to Dawn School. She is Janie Hooten.

Tuesday was the "pop" concert for some of the Dawn Boys singing group. Singing in the program were Robert Galley, Buddy Stewart and Jon David Miller. They sang with the boys choir of Stanton Junior High.

Wednesday night Audni Miller attended a slumber party in the home of a friend, Sandra Vaught. She also attended a swimming party in Hereford in the home of Owen Seamands. Several of the Dawn teenagers

attended the All School Exhibit in Hereford recently. It was all popular music rather than classical.

At the Awards Day Program in Hereford High School, Audni Miller and Walteen Beavers received honors. Audni received her chapter degree in home-making and was also chosen as best actress in the class I-AAA. Walteen was recognized as being chosen for the "Betty Crocker of the Year" award.

Mr. and Mrs. H. H. Miller were hosts to dinner guests last Sunday. They were Mr. and Mrs. Gordon Olsen and Tanja, Mr. and Mrs. Maroin Olsen and Sonja of Amarillo.

Mr. and Mrs. Ray Polan just returned Saturday from their two-week trip to California. Their trip included a great deal of sightseeing in Los Angeles and San Diego. They toured Disneyland in Los Angeles and went through Balboa Park in San Diego.

They went deep-sea fishing at Point Loma. They also went sightseeing in Yuma, Ariz. Mr. and Mrs. Doyle Neal from Tulsa kept the children while the Polans were away.

Mr. and Mrs. Carl Cathey represented the Dawn teenagers.

MARY LOIS COKER, Hereford Rotary Club sweetheart for the past year, was presented a gift of appreciation by club president Gerald McCaskill, left, of Hereford, in the ballroom of Jim Hill Hotel. The gift was a piece of luggage, which was presented on behalf of members by club president Gerald McCaskill, left, of Hereford. (Staff Photo)

Chamber Presents New Solicitation Policy

The following article presents the newly-adopted Solicitation Policy of the Deaf Smith County Chamber of Commerce. It is based on a plan used in Saginaw, Mich., adapted for local situations.

It was drawn up by a committee headed by Dyalitha Benson, who presented the plan to the Retail and Trade Committee last Thursday. That group approved the plan unanimously.

This Statement of Policy on the question of Public Solicitation is prepared by the Deaf

Smith County Chamber of Commerce for the guidance of the community's business and professional men and women so that they may be in position to choose the more worthy causes from among the many requests for support.

It is also to suggest to organizations, methods and causes which will generally be approved or disapproved.

The administration of this policy is by the Solicitation Committee of the Deaf Smith County Chamber of Commerce who should be contacted through

the office of the Chamber of Commerce.

We suggest this be saved for reference.

Article I - General Rules
Section 1. The Committee believes that a solicitation of the general public should be undertaken only because an unmet need exists, not because someone desires to raise money.

Entrance of a new group into the solicitations field is justified only if real needs are not being met by existing efficiently managed organizations and cannot be met by strengthening

those agencies.

Section 2. Appeals for special philanthropic purposes, which are of interest or benefit to only a particular group or denomination, should be answered by that group or denomination rather than by the general public.

Section 3. The Committee believes that the public should be asked to DONATE, not to buy something, in order to help a worthy cause. When an appeal for support is disguised as a sale, it usually means that only a part of the money which the public believes it is giving to a cause actually gets there.

The Committee opposes the collection from the public of a large sum in order that a cause may receive a small sum. It strongly urges all persons to decline to buy advertising, merchandise or tickets upon any basis other than the actual commercial value of the advertising, merchandise or tickets.

Section 4. Tag Days are considered generally objectionable, and the Committee does not encourage them.

Section 5. All requests for Solicitations Approval must be made in writing and supported by such documents as may be requested by the Solicitation Committee or its secretary.

Section 6. Solicitations for civic and charitable causes, where

ever justified, warrant support by the general public as well as business firms. The solicitors should make an honest and sincere effort to broaden the base of all contributors. The committee believes that only small groups merely tend to create an added cost of doing business which must be passed on to the ultimate consumer.

It is further believed that any such policy is contrary to the principles of our American economy.

Section 7. In the opinion of the committee the following type of solicitations or donations do not come under its jurisdiction:

a. United Fund and other long established agencies accorded similar public approval but only on single annual drives.

b. Commercial or strictly institutional advertising in recognized publications having established periods of issue of not less than eight per year and similar advertising over radio stations.

c. Donations of merchandise or money as part of regular business promotion.

d. Solicitation of individuals by fellow members of individual clubs for the benefit of that particular organization.

e. Solicitation for membership in any regularly constituted organization.

Section 8. It will not be the policy of this organization or its committee to issue any form of written endorsement of a solicitation. It will serve its members when the situation warrants by a letter stating the actual facts presented to it or uncovered by it relating thereto. In all other cases it will expect its members to call the committee secretary to ascertain the committee's position and recommendation, if any, plus important facts.

Article II - Requirements
The Committee on Solicitations requires, as a basis for referral to its members, that organizations maintain the following standards:

Section 1. The organization must be incorporated as not for profit and have a responsible and satisfactory local management. Its board of directors shall meet at least four times a year and shall serve without compensation. In cases where there is no such local management of an out-of-town organization desiring to solicit in Hereford, must prove conclusively that there is substantial interest in and benefit from their activities on the part of Hereford citizens.

Section 2. The accounts shall be audited annually by competent persons and such audit reports made available upon request.

Section 3. The organization must maintain a sufficient and competent staff and conduct its program in accordance with recognized standards of work.

(The auditor's report may be satisfactory, yet the philanthropic work may be so inefficient, or so useless to the community that its support is not justified.)

Section 4. The organization must be large enough and its work important enough to justify appeals to the community for financial support.

Section 5. The organization shall agree to cooperate with other agencies in promoting efficiency and economy of administration in the social and civic welfare of the city as a whole and in preventing duplication of effort.

Section 6. The organization shall fill a need not already well filled by an existing agency.

Two To Attend Boys State

Troy Don Moore

Two juniors from Hereford High School have been selected to attend the American Legion Boys' State at Austin this year.

They are Chris Mack Cansler and Troy Don Moore. Cansler is being co-sponsored by Hereford Lions Club.

Citizens of the American Legion's Boys State are selected to observe how government is conducted by actually becoming part of that government within Boys State for a week.

Boys State is held annually at the University of Texas, Austin, where the boys are hosts during the week of activity.

Boys State will be held during the week of June 4-10. This year's delegates were announced this week by Hereford American Legion Post 192.

REP. WALTER ROGERS WRITES

Much Interest In Federal Aid To Education Issue

TO THE PEOPLE OF THE 18TH DISTRICT:

There has been a great deal of mail coming into Washington on the controversial "Federal aid to education" issue. Most of it from the southwestern United States is opposed to Federal aid in any form.

The issue will come to a head soon, because the measure will be debated in the House of Representatives shortly after you receive this letter. In my opinion, the debate will be heated and extensive. The vote will be very close, and whether or not the measure passes will primarily depend upon amendments which are adopted to the proposed bill.

Several weeks ago I wrote a newsletter on the general subject of Federal aid, in which I voiced opposition to the philosophy of Federal aid to education as a general matter. I again call attention to the fact that there is a great deal more involved in these matters than a question of economics. Whether or not this country continues as a dual sovereignty form of government, with the sovereignty of each separate State fully recognized as such, may well depend on the outcome of measures such as this.

nation, carried on in the original concept as set forth in the Constitution, can stay abreast of or ahead of any other philosophy of government, regardless of the yardstick to be used in ascertaining achievements or attainments for the best interests of mankind. Our strength lies in compliance with these basic concepts, and to depart from them, in my opinion, develops an erosive process that could be detrimental to a most serious degree. I reiterate my feelings on this subject, because I have received a great deal of mail from people in the District who did not have an opportunity to read my previous newsletter.

There seems to be much evidence pointing to the fact that the good or bad of a proposition must be weighed on economic scales. It is, of course, well to do this, but I would point out that economic scales could prove to be a false measure. There are many instances of peoples and communities throughout this nation who preach constantly the advocacy of the private enterprise system and of self-sufficiency, yet who immediately succumb to economic temptations held out through Federal agencies or

bureaus.

The primary answer to the question as to whether or not Federal installations or Federal participation in local installations will be acceptable to the community, seems to rest on whether or not the economy of the community will be helped. In other words, economics seems to be the sole controlling factor, without regard to other basic principles which might be involved. Lack of consideration of the other basic principles is usually justified on the ground that assurances have been forthcoming that the Federal government will not undertake to exercise any control. This seems to justify, I guess, because all human beings go through life hoping to get "something for nothing."

The fact is that any assurance that the entity furnishing the money is not going to participate in control, is fallacious on its face. Any entity of government - Federal, State, or local - making grants or loans for any purpose, of your tax money (and that's the only place they can get it) has a corresponding responsibility to control the expenditure of that money and to see that it is not

IN ELECTION RUN-OFF

John Tower Carries Heavy Vote In County

Deaf Smith County voters, 1,186 of them, gave a strong plurality to John Tower to fill the U. S. Senate seat vacated by Lyndon B. Johnson. They joined the rest of the state in electing the former college professor in a special election runoff Saturday.

In the 10 county boxes, plus absentee, Tower's opponent, interim Senator Bill Blakley carried three boxes and split one.

Tower's largest margin in the county was recorded in voting precincts 2 and 11.

Tower polled 712 votes in the county, while Blakley garnered 474.

Following the way the voting counted out in the county boxes:

- Precinct 1, County Courthouse: Tower 131; Blakley 114;
- Precinct 2, County Courthouse: Tower 260; Blakley 144;
- Precinct 3, Roe Residence: Tower 3; Blakley 16;
- Precinct 4, Simms Community House: Tower 4; Blakley 9;
- Precinct 6, Ford Community House: Tower 22; Blakley 29;

Bob Lamm Is Guest Speaker At Guild Meet

Bob Lamm of Hereford was guest speaker at the regular meeting of St. Anthony's Guild Thursday night in the school auditorium. His topic was "Our Town," in which he gave the history of Texas and Hereford, pointing out the growth and progress of our hometown.

Mrs. Ed Dzuik presided at the meeting. It was decided to send congratulations to Father Bonaventure Koelzer, S. A., upon his election as Father General of the Franciscan Friars of Graymoor, N. Y. Father Bonaventure lived in Hereford before entering the seminary.

Members answered roll call with "what I appreciate most about our town." Among the responses were the friendly people, the churches and schools, the community spirit and the local paper.

Agnes Hellman won the special gift. The hostess, Mesdames Walter Lueb, M. J. Koelzer, Hilda Strauss and E. M. Hoffman, served refreshments to Lamm and Mesdames Agnes Hellman, Alban Bezner, Mable Wagner, Joe Patzold, Steve Miewes, Ed Jesko, W. J. Albracht, Bob Lamm, Ed Dzuik Sr., Gene Loerwald, and Arhart Reinart.

Ben Franklin Store Opens On Thursday

The new Ben Franklin variety store will open for business in Hereford Thursday, June 1, according to Harold Kids, manager.

The individually owned store will offer some 14,000 different items, and will have refrigerated air conditioning for the comfort of shoppers. The business is located at 303 N. Main St.

The store measures 6,000 sq. feet, and will be open from 8:30 a.m. to 6 p.m. Monday through Friday and 8:30 a.m. to 9 p.m. on Saturday.

Kids, originally of Littlefield, explained that more than 2,400 Ben Franklin stores throughout the country are affiliated with Butler Brothers, nationwide

merchandizing organization. The plan enables local variety stores, operated to fit the needs of their communities, to provide shoppers the benefits of central buying in large quantities.

Owners of the store are S. W. Azar, Mel Cooper and Philip Ahlischwede, all of Trinidad, Colo.

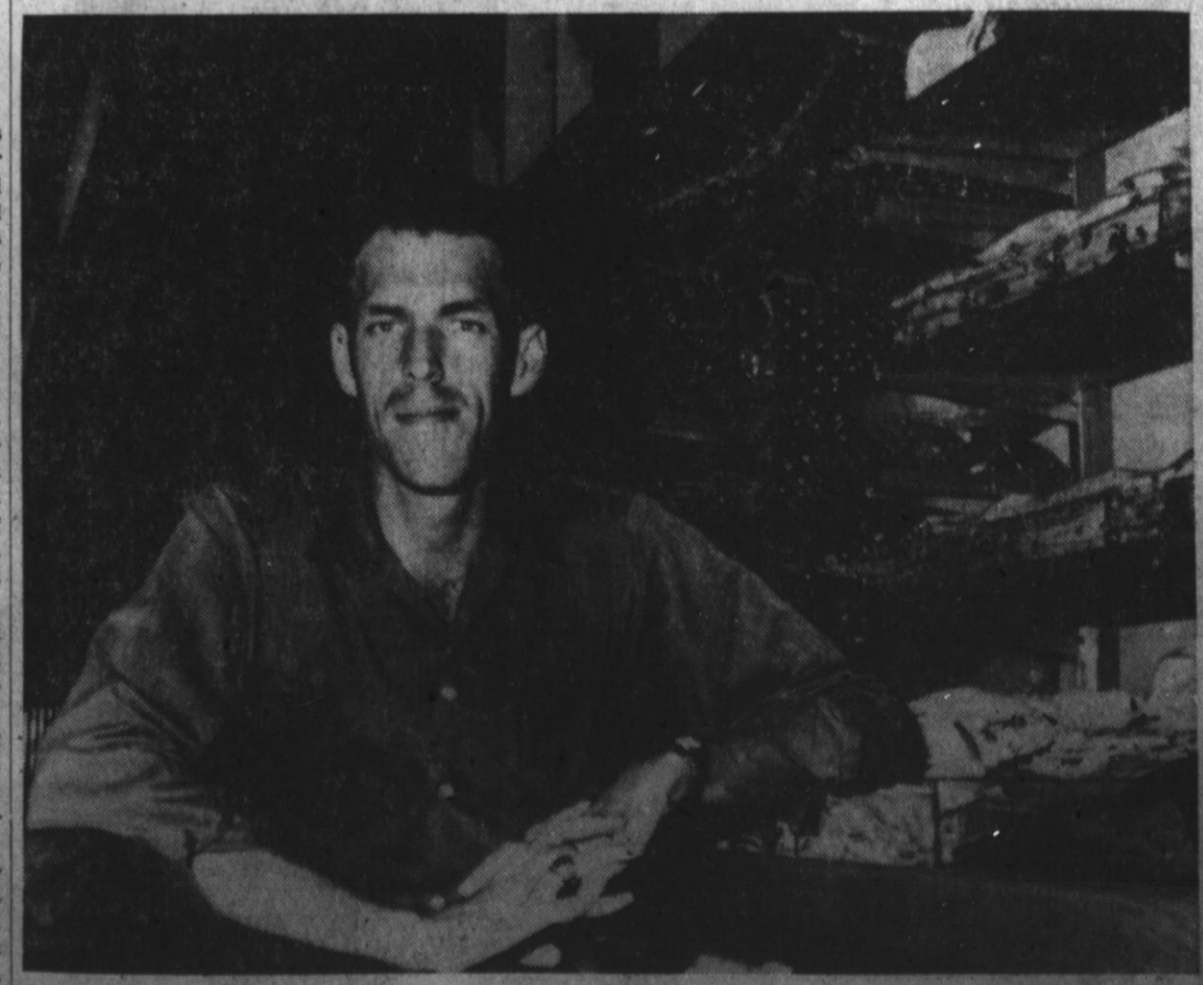

Azar, who was mayor of Trinidad 1958-59, is former president of the Rotary Club and president of the Chamber of Commerce there. Originally, he was in the banking and wholesale grocery businesses.

Cooper, currently president of the Lions Club in Trinidad, is owner of the KCRT Radio Station there. He is a past mem-

ber of the C of C board of directors in Trinidad.

Butler Brothers professional buyers each year interview more than 10,000 salesmen and travel to all parts of the United States and to many foreign countries to visit 2,500 factories and manufacturer's show rooms, Kids said. On the average, he added, buyers examine 20 new products for every one they select as being of top quality for offering in Ben Franklin stores.

Kids said he is planning a special selling event for the Ben Franklin store to help him become better acquainted with Hereford families.

MANAGER of the new Ben Franklin variety store in Hereford is Harold Kids, who is originally of Littlefield. The new store, located at 303 N. Main St., will offer 14,000 different items, and will have refrigerated air conditioning for the comfort of shoppers. (Staff Photo)

BOWLER OF THE YEAR award for the women's Monday night league was presented to Mrs. Carl McCaslin. This award and several others were presented during a banquet held recently at the Hereford Country Club. Selection was made on a number of points, such as improvement, cooperation with other team members and personal popularity. (Staff Photo)

Leadership Contest Won By Deaf Smith County

BY ARGEN DRAPER

Deaf Smith County has won the Junior Leadership Contest and will attend the Leadership Lab at Lake Brownwood. Those who submitted records to be judged for the contest are LuAnne Higgins, Caroline Brumley, Sharon Beizer, Dick Plank, Larry Hill and Jim Higgins. Congratulations to the 4-H'ers for bringing additional honor to Deaf Smith County.

Some more dates: District Dress Revue, Friday, June 23, and the District Favorite Foods Show, Aug. 11. The agents have had a District Meeting cancelled so they will be in the county on July 18. We were very disappointed in that, District Camp had to be cancelled. Due to lack of facilities the District Agents thought it best to cancel the camp. It was so late when we learned that the buildings were not available that another place could not be secured.

The plant exchange for the youth of this area will be held Saturday, June 3, at 3 p.m. This will be in the Bull Barn and all youth are invited to come. There will be premiums and door prizes for everyone. Mrs. Earl DeHart will give some door prizes and will furnish iris for everyone present. We are in a receptive mood if any of you would like to give a door prize. Everyone is welcome.

The Windbreak and Landscape Committee is pleased with the progress being made over the county in landscaping. I noticed at a farm home on McCormick Road in Randall County that there were six or seven yard lights around this home.

One of the prettiest things at the moment is the clover bloom-

ing along the highway. Sunday afternoon I saw a truck loaded with bee hives traveling north on Highway 385. This was a honey company from Colorado.

The Family Finance Committee has received a request from Mrs. Betty Joe Barney, Home Agent, at Phoenix, Arizona. Mrs. Barney requested information about our service of programs about Money Management.

The club program in June will be on Health Diets. The Food For Fitness, the new dietary standard of United States Department of Agriculture, will be presented to the club women of the county.

There are plenty of Frozen Food bulletins in the office. If you do not have the blue bulletins with the Eskimo on the front you should pick one up, as this is the latest from Extension Service on frozen foods. Add a small amount of water softener to the laundry and n-

man-made fibers will not turn yellow.

A commercial dress form, junior size, and adjustable is for sale. If you are interested call EM 4-1106.

A funny — blessed are they who go in circles for they shall be known as a wheel.

If the American people have reached the point where they do not further desire the dual sovereignty form of government as set up in the Constitution, they should have the opportunity to speak and to do away with it. But the question should not be begged by approaching all of these problems on an economic basis rather than a political science basis. As for me, I vote for the constitutional, dual sovereignty form of government, with full separation of powers.

GUEST SPEAKERS at the noon meeting of Hereford Rotary Club Monday were Grant Hanna, left, commander of Hereford American Legion Post 192, and Cecil Wilkins, right, a member of the post. Hanna told when 50-star flags would be flown in Hereford, and Wilkins explained pension and insurance benefits for veterans. (Staff Photos)

Chamber...

Continued from page 1)

Those who desire to inaugurate new philanthropic organizations shall provide the fullest opportunity for discussion of the proposed plans by a group, or groups, or persons who have had wide experience in philanthropic work. New organizations raising funds for new buildings are not, as a rule, recommended.

Section 7. The methods employed in raising funds shall be approved by the Committee on Solicitations. Organizations employing solicitors on a commission basis, using the "remit or return" ticket selling method with a general mailing list, or conducting lotteries, are not endorsed. The committee will refuse to continue endorsement of an agency when the expenses of an entertainment are disproportionate to the receipts.

Section 8. The pyramiding or endorsements, or the continuous raising of more money than is needed, will not be encouraged. The agency should make reasonable use of its current income for the purposes for which it was given.

Section 9. When deemed necessary, the committee will require a detailed statement of donations received by an organization on a prior campaign when said organization is again requesting favorable consideration. The committee further reserves the right to require such statement at the stipulated close of any specific drive.

Section 10. The committee believes that any proper solicitation is so organized as to permit a thirty day waiting period following the initial submission of a request to the Chamber of Commerce. It, therefore, establishes as a rule the policy that thirty days will be required before final action is taken.

Article III — Refusal of recommendation

Recommendation will generally not be given to the following types of requests:

Section 1. Any request from groups whose membership is restricted and whose activities are largely self-beneficial or which benefits only a small portion of the community.

Section 2. Any request from groups for funds purely for self-beneficial purposes.

Section 3. Any request wherein the solicitation, handling, or expenditure of funds do not conform to sound business practices.

Section 4. Any request which savors of a racket or which is accompanied by threats.

Section 5. Any request wherein solicitation of funds appears needless, useless, or specifically undesirable.

Section 6. Any form of solicitation wherein any large part of funds goes to professional solicitors, or to private outside organizing agencies.

Section 7. Any solicitation wherein the use of proceeds appears harmful to the welfare and interests of contributors.

Section 8. Any sale of chance or lottery tickets; or selling of

any tickets in books or blocks as a collection subterfuge.

Section 9. In general, all advertising schemes of no real advertising value, all self-beneficial schemes of any group or individual, etc.

Section 10. ALL TELEPHONE SOLICITATIONS.

Article IV — Advertising in General

Section 1. Buying advertising in regularly published newspapers or magazines published by established and reputable concerns and bearing second class mailing privileges or buying radio time needs no authorization or sanction. The value of such advertising must be decided by each firm on its merit. It must be emphasized that advertising referred to in this section covers only regular commercial and very LIMITED institutional advertising.

Section 2. Any publication established temporarily for obvious purposes of obtaining money without sufficient advertising service or that looks like a racket, should be rejected unless recommended by the Solicitations Committee; so should all programs, year books, cook books and similar promotional publications. The committee strongly urges outright donations in preference to program advertising in all cases where such solicitation is justified. Needless to say the expense of printing and customary cost of solicitation greatly reduces working funds being sought.

Section 3. Advertising in local school events staged for entertainment of the public (athletic, music, plays, etc.) are not subject to consideration by the Committee, and therefore, do not require authorization.

Article V — Merchandise, Prizes, and Tickets to Bazaars and To Semi-Private Parties

The practice of organizations soliciting merchandise prizes and selling tickets to bazaars and to semi-private parties is contrary to good business practice when such solicitation or selling reaches beyond the organization's own membership, and should be discouraged. Organizations planning such events or making contacts for them should be referred to the Solicitations Committee for an understanding of these principles and also to permit an opportunity to determine whether or not the program is necessary and to what extent, if any, business interest should be asked to participate.

Article VI — Conventions

The Deaf Smith County Chamber of Commerce recognizes that conventions have a certain value to business interest, but groups planning to invite conventions to meet in Hereford are asked to check with the Chamber headquarters first before extending the invitation, particularly if any expenses or support by local business interests is involved.

Approval of solicitation for convention program ads, street decoration, and special convention expenses funds will depend on the value of the convention to the community, as determined by the Solicitation Committee after a study of all available facts.

Article VII — Fund Raising

Any activity intended to raise funds through subscriptions from business and professional interests should first be refer-

red to the Solicitations Committee for consideration unless specifically exempted through provisions in this statement of policy or unless for one of the following purposes:

Annual campaigns for the United Fund, Red Cross and Veterans sales of poppies and/or forget-me-nots are not subject to authorization whether such campaigns are conducted singly or collectively. Institutional campaigns for churches, lodges and organizations when restricted to the membership, do not require authorization.

Article VIII — Out-of-Town Solicitations

All solicitations for advertising or donations by out-of-town solicitors or for organizations and agencies not having headquarters in Hereford will be referred to the Solicitations Committee.

Article IX — Schools

Section 1. Ticket sales for local school events staged for entertainment of the public (athletic, music, plays, etc.) are not subject to consideration by the Committee, and therefore, do not require authorization.

Section 2. Purely promotional or fund raising activities by any group associated with schools not covered by the above should be referred to the Public Solicitations Committee.

Section 3. Advertising in local school publications is subject only to the decision of the individual businessman on a basis of advertising value.

Article X — Telephone Solicitation

When solicited by high pressure telephone salesmen endeavoring to sell advertising in spe-

cial editions, programs, etc., or asking donations or the purchase of tickets for any purpose, regardless what type of story is told, either give them no consideration, or ask that they submit their proposal in writing. In either case a full and immediate report to the Solicitations Committee will serve not only your own best interests but those of your fellow-businessmen as well.

Article XI — Ticket Sales

Section 1. Any manner of ticket sales which is presented solely on the basis of admission to an entertainment event in which an individual may be interested in tickets for actual use by his family or friends is not subject to regulation or authorization.

Section 2. However, any ticket sale which has as its primary objective the raising of funds by solicitation not in the manner above outlined or which proposes the sale of tickets in blocks or books, should be rejected unless having first been referred to the Solicitations Committee and given authorization for solicitation.

Section 3. Sale of chances or lottery tickets of any kind is contrary to law and should be discouraged.

"How Not To Get Took"

1. Don't deal with a solicitor until you have secured the facts from your Solicitations Committee.
2. Never pay in cash. Don't make checks payable to a solicitor. Get the name and address of the treasurer and mail the check.
3. Don't rely entirely on a credential or list of subscribers. Lists may lie.
4. Don't believe everything the solicitor says just because he or she makes a good impression.
5. Don't contribute or buy just because you recognize the name of the organization.
6. Don't lend your name to anything without first learning the facts.
7. Don't sign for anything unless you know all the facts.
8. Don't under any circumstances contribute or buy just to get rid of a solicitor.
9. Don't pay for advertising in advance but demand proof of publication.
10. Don't sign subscription lists. They may not always be honest.
11. Don't give or agree to give any contributions or agree to any advertising or the pur-

"THIS WORLD"

... what is it dad? To me it seems to be a multitude of jealous people, who have forgotten God, and are experimenting with scientific formulas that could tear us apart. What does it mean—"Am I my brother's keeper?"

What a thought for this age... for men who literally carry our lives in their hands. At best we are confused. The time-table is tipped in favor of total destruction. Why, oh why, will wise men "deaf-ear" God? He said, "I am the way and the truth." He gave us His church where we could learn to love each other more, but many a man refuses to be called to worship. God, have mercy on all those who stray, and help us explain the world through love.

You In The Church
 The Church In You -- form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader, and attend services regularly.

Prepare For Bible School

BY MRS. OWEN ANDREWS
Preparation Day for Vacation Bible School at the Frio Baptist Church will be on Saturday morning, beginning at 8 a.m. The school is to be conducted June 5 through June 9. All boys and girls in the area, beginner through intermediate ages, are invited to come Saturday and all next week. Mrs. Weldon Stephan is principal of the school. Enrollment and plans for transportation are being worked out this week.

Mr. and Mrs. D. A. Dobbins of Winters are here the first of this week visiting the home of his brother, Carlton Dobbins and other relatives. The Dobbins brothers went Sunday afternoon to Eagle Nest Lake to fish for a couple of days, while Mrs. D. A. Dobbins stayed here to visit.

Clara Autry of Tahoka came home with Mrs. Joe Autry and children last week when they returned home from several days visiting in the Tahoka and Odessa area. Clara is a sister of Joe's, and plans to remain for several days to visit her brother here.

Having Sunday dinner with Mr. and Mrs. Weldon Stephan and girls were his sister and family, Mr. and Mrs. Dale Write and Judy of Hereford.

Mr. and Mrs. Jack Rogers moved last week to their newly-purchased house at 110 Ave. J, in Hereford.

Robin Kay Taylor and Margie Stewart have been visiting since Friday in the home of Robin Kay's grandparents, Mr. and Mrs. Jim Brooks. The girls are visiting while their parents, the Deward Taylors and the Allen Stewarts of Friona, are vacationing near Santa Fe. The girls expect to remain until Wednesday.

Johnnie Cole of Spearman spent the weekend in the home of his uncle, Floyd Cole.

Ramona Hall visited Jana Cole on Sunday.

Cheryl Cole visited Sammie Vinson Sunday. The Vinsons and Robert Dobbins had dinner with the Carlton Dobbins, their parents.

The Frio Jolly Workers 4-H Club met Friday afternoon in the home of the Edgar Vinsons. Mrs. David Yandell gave the girls a demonstration on "Good Manners - Introductions." Attending, besides the hosts, were Mrs. Floyd Cole, Beverley and Cheryl. Members present were Jana Cole, Carol Robbins and Edlana Vinson.

The D. C. Millers ate Sunday dinner with Mrs. H. M. Mobley and Austin Mobley.

Having Sunday dinner with Mr. and Mrs. James Dobbs were Mr. and Mrs. Glenn Andrews and Hal, and Mr. and Mrs. Bruce Terry of Hereford.

The Henry Dobbs had Sunday dinner with Mr. and Mrs. Lloyd Shultz.

The Rev. and Mrs. B. H. Baldwin went to Lubbock last week to attend graduation exercises at Texas Tech, where their son Robert was to receive his B. S. degree. They expected to visit in the area before returning home Wednesday.

Mrs. James Bullard and Jan Ann, Mr. and Mrs. Jim Franklin, Linda and Larry, Pat and Frances Thrallkill, all of the Lenora area, came Tuesday to visit the Harlan Barbers and to attend the Dimmitt High School graduation exercises, where Jimmy Barber was a member of the graduating class. All except Mr. and Mrs. Franklin remained to spend the night with the Barbers.

Word was received by the Harlan Barbers on Monday of the death of the brother-in-law of James Bullard, He was Mr. Ed Reed of Seagraves, who died after a few days' illness. The Barbers attended funeral services for Mr. Reed at the Methodist church in Seagraves on Tuesday.

The Adult Sunday School class taught by Mrs. David Yandell is to have a party at the

First National Bank in Hereford on Friday night.

Glenn Gripp and son, Dean, visited Glenn's mother, Mrs. A. G. Gripp at Conway, on Sunday. Dean remained to visit her this week.

Mrs. Glenn Gripp and children are attending Bible School at the First Christian Church in Hereford this week.

Mr. and Mrs. Spicer Gripp and Kim visited Spicer's mother, Mrs. A. G. Gripp at Conway, Mrs. Gripps brother, George Franklin and family at Panhandle, and her aunt, Mrs. Wood at Pampa, on Monday. Mrs. Spicer Gripp enrolled at W. T. S. C. on Tuesday. She will complete her work on a B. S. degree, graduating with the class in August.

Naney Gripp is enrolled in a Driver's Education Course for Freshmen in Hereford this summer. Visitors in the Wayne Lee home last Friday evening were Mr. and Mrs. George Hudson and family, Mr. and Mrs. Joe Wall and family, Mr. and Mrs. Jack Howell and family, all of Dimmitt, and Mr. and Mrs. Carl Lee of Summerfield.

The Newest Developments In HYBRIDS

SCOTT 500

Here is a short-stalked, red grain hybrid with great yield potential and wonderful stand ability. Stalk height is about 12 inches shorter than RS 610. Red Grain (darker than RS 610 grain) on very large medium-dry heads. About same maturity as TX 660 and outstanding in ability to stand and to yield. Adapted to dryland or irrigation. 110 days to mature.

SCOTT 450

An early grain hybrid of about the same maturity as RS 610. It is very similar to Scott 500 (above) but earliness makes this an outstanding hybrid for areas needing this factor. Red grain, large heads, high yield and shorter stalks make Scott 450 a highly desirable early grain hybrid. 95 days to mature (12 to 18 shorter than 610).

- - A GREAT PAIR OF TRUE COMBINE HEIGHT HYBRIDS.

Leading Texas and RS Hybrids — all grown on our own farms — processed in our own plant, winter grown in Mexico.

W. R. Connally Gets Promotion

Wilbert R. Connally, 20, son of Mrs. W. Connally, 206 Fuller St., Hereford, recently was promoted to specialist four in Germany, where he is serving with the 19th Ordnance Battalion.

Specialist Connally, assigned to the Battalion's 182nd Ordnance Company in Hanau, entered the Army in August, 1959, and received basic training at Fort Ord, Calif. He arrived overseas in January, 1960.

Connally is a 1959 graduate of Hereford High School.

Argen Draper Has Clothing Program

Mrs. Argen Draper gave a program on clothing at the recent meeting of the West Home Demonstration Club in the home of Mary Waters. Mrs. Draper demonstrated how to sew in a zipper by hand and what kind of material to use for interfacings. She said that there should be a large enough seam in garments so that they could be let out if they shrink.

Roll call was answered by a sewing short cut, clothing program which helped them to sew and the program which helped them in Home Demonstration work.

Members present were Blanch Mosely, Edna Bowl, Alice Cox, Edna Anders, Jewel Awtry, Verna Schroeder, Mable Vaughn, Vida Jacobsen, Alice Bradley, Evelyn Bell, Vern Witherspoon, Artie Frost, Argen Draper, Mrs. Levesley, Mrs. Wayne Carthel and the hostess, Mrs. Mary Waters.

The next meeting will be in the home of Jewel Awtry June 3.

GRADUATES TO LUBBOCK

Among the spring graduates of Hereford High School who will attend Texas Tech at Lubbock this summer are Mary Lois Coker, daughter of Mr. and Mrs. Kenneth Coker, and Pam Clay, daughter of Mr. and Mrs. T. J. Clay.

BAYLOR STUDENTS HOME

Misses Sandra Roberson and Sonnie Childers are home from Baylor University in Waco. Both girls plan to attend West Texas this summer. Sandra is the daughter of Mr. and Mrs. Deward Roberson and Sonnie's parents are Mr. and Mrs. Ben Childers.

JET-SMOOTH CHEVROLET

(and that's the car more people are buying!) Take those June skies and breezes. Add a spankin' new Jet-smooth Chevy. Presto, you've got all the makings of a roamin' holiday. That low-loading deep-well trunk swallows up most everything you'd want to pack along. The carefully crafted Body by Fisher has you livin' in luxury (and in comfort-high seats where the sight-seein' comes easy). That Jet-smooth Chevy ride, with a sinewy Full Coil

spring at each wheel, gentles you past all the wrinkles and ruts in the roads (there's even a team of over 700 behind-the-scenes "shock absorbers" to hush up road surface mumbblings and grumbblings). All in all, Chevy's light-steerin', easy-goin' ways just don't leave much for you to do but feel good. And that's exactly the way your Chevrolet dealer wants you to feel — as you can plainly see in those beautiful June buys he's got bustin' out all over.

Air conditioning — an extra-cost option that gives you fingertip temperature control. Try it.

Impala Convertible — just as saucy as you please and wide open for fun.

Coollest Bargain in the store!

1¢ worth of Morton's Tea, iced

Drink ALL you want . . . it couldn't cost less! Yes, the finest tea in the world is so inexpensive that a full 8-ounce glass of Iced Tea made from Morton's Tea in the economy-pack quarter-pound box costs only \$0.004. Despite inflation, it takes two-and-a-half big glasses (as illustrated) of iced Morton's Tea to equal a penny.

In the end, it is the blend and the retail price that count. Morton's Tea is blended and packaged right here at home with Southwestern-style Iced Tea in mind. The dilution by ice-cubes has already been anticipated. If your family likes Iced Tea, you owe it to yourself (and your Food Budget!) to try Morton's Tea. Enjoy the finest — and SAVE!

MADE MORE THAN 144,000,000 GLASSES LAST YEAR—TRY IT, YOURSELF!

And just as good as your favorite Morton's Potato Chips!

Prepare Cottage For Easy Living

BY VIVIAN BROWN
Newsfeatures Writer

If you are sprucing up a summer cottage or a weekend haven, don't let your desire to keep up with the permanent residents get the best of you.

A summer cottage should be a fun place where everyone can take it easy — and that includes the lady of the house.

You can make the summer cottage a job with economical foresight, however, by putting into it only what you can take out of it, unless you own it. What you put into it should be cheerful and easily maintained.

Few rented cottages ever look cozy for the reason that they lack the warmth of color. There must be an unwritten law among cottage landlords that summer cottages should be furnished in muddy brown, inky blue and very dusty pink to withstand summer traffic; that walls must be covered with art from the bleak period; and that rugs should look as if they'd been steam rolled with moldy Swiss cheese.

If you walk into one of those dreary vacationland set-ups, remedy the situation before the place gets the entire family afeudin' and afussin'.

Strip windows of heavy draperies. Let in the light. Put up bright white or colorful sheets at the windows by sliding a curtain rod through hems or hanging them on curtain clips. If windows are better suited to cafe curtains, use pil-

low cases, opening the side seam. Hem and hang them on curtain clips.

What to do about a messy sofa? Drape a washable solid color or striped table cloth over it. Two may be required. Pin them in place behind the sofa and under the cushions.

If you own the place, summer furniture may be perked up with paint and new cushions. Rattan should be cleaned with mineral spirits to remove dirt, wax and polish. Sand lightly. If the original color is darker than the enamel to be applied, two coats will probably be necessary. Load the brush, and then, without reloading the brush, cross stroke. Follow the grain again with long, free strokes to insure even coverage.

Spraying is the best method for wicker furniture. The aerosol self-spraying enamels are fine, but are not meant for larger jobs. Before enameling wrought iron furniture, clean it, and sand away any traces of rust. Touch up bare metal spots with metal primer and spray or use a small brush to paint.

Leftover paint may be used on beat-up lighting fixtures and lamp bases. These should be cleaned first and coated with zinc-chromate to provide adhesion for enamel.

Corduroy or inexpensive cotton may be used for cushions. One summer cottage resident uses a yellow and white color scheme. She paints the wicker furniture white, uses yellow cor-

duroy cushions, yellow cotton table cover with white ball fringe. White pillow cases are at the window and are kept white with dry chlorine bleach.

Replace old faded rugs with washable rugs that may be used in bathrooms later. These may be soaked and hung out to dry over a line or tossed in a washing machine if one is available. White rugs may be kept bright with dry bleach also.

Torquoise, yellow and vivid colors such as orange and brilliant pink are gay colors for shore homes. One may prefer quieter colors at a mountain retreat — pale yellow, French blue and the earth tones — sand and clay are contrasts with some of the greens. Decorative items could include ob-

Take Pictures Of Hereford Riders And Junior Riders

The Hereford Riders Club and Hereford Junior Riders met recently to take their annual club pictures.

The club pictures will appear in the Hereford rodeo program during the July rodeo.

The two clubs rode around town Sunday afternoon to acquaint some of the new horses to parades. While they rode, the clubs practiced their parading.

Hereford's drill team, which will probably perform at the Hereford rodeo, will meet every Tuesday night at 8 p.m.

Thursday nights and Saturdays are devoted to working in the arena, getting it ready for the coming horse show and rodeo.

Grey Ladies Choose Mrs. J. W. Thomas

Members of the Grey Ladies of the American Red Cross met recently at the Jim Hill Hotel for a luncheon on business meeting.

Mrs. J. W. Thomas was appointed to serve as local chairman for the coming year and Mrs. C. Ora Cockrell was appointed vice-chairman. Other assignments were made to nine adult members and two junior members of the organization.

BOYS RETURN TO CANYON

Erin and Gary Wertenberger, sons of Mr. and Mrs. G. Wertenberger, have returned to Canyon for the summer session at W. T. Both boys are enrolled in courses in speech and drama and will work this summer with the Palo Duro Players.

CONWAYS ATTEND RACES

Clint Coneway is enjoying an unusual graduation gift in the form of a trip to the Indianapolis Speedway races at Indianapolis, Ind.

Clint, with his grandparents, Mr. and Mrs. R. P. Coneway, and his brother, Stephen, planned to attend a major league baseball game in St. Louis, then go on to Indianapolis for the races and to Anderson, Ind. to visit relatives. For the return trip, the group plans a visit through Kentucky and the Smoky Mountains. They will probably be gone for about two weeks.

McCLURKANS TO AUSTIN

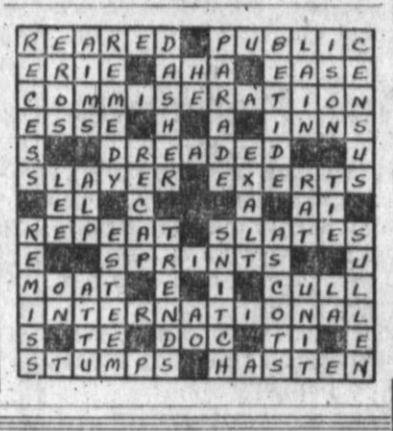

Mr. and Mrs. Burney McClurk and three children left this week for Austin where they will make their home and they will attend Texas University.

CALIFORNIA VISITORS

Dr. and Mrs. H. A. White are here from their home in Carona, Calif., for a visit in the homes of their daughters, Mr. and Mrs. J. W. Iclver and Mr. and Mrs. Delbert Ruland and other relatives. They will also visit in Amarillo in the home of another daughter, Mr. and Mrs. Ansel Arden.

VISITORS HERE

Dr. and Mrs. W. C. Well, Sr., of Austin visit Rev. and Mrs. Joel T. and family of Hereford the weekend. After the here, they started on to the Pacific northwest they will visit points of for six to eight weeks.

When ordinary tires are worn smooth—ready to be replaced, like the one above... Gates "low profile" Nylons still have deep tread left to give thousands more miles.

Because it is built lower and wider—closer to true running shape—this advanced tire flexes less, heats less, scuffs less on the road—brings you thousands and thousands of bonus miles. So tough you get an

Unconditional Road Hazard Guarantee

No time or mileage limit. Covers ANY tire failure for entire life of long-wearing tread. Should tire fail for any reason you get a new tire, with full credit for unused mileage, based on Gates standard, nation-wide adjustment schedule.
