## 200 ATTEND SOUTH WEST TRAIL MEET

### NEW OFFICERS ARE CHOSEN AT FINE GATHERING

### BOOST FOR TRAIL

#### Towns Along Route Are Awake to Importance to Them

E. W. Harrison, highway director of the Hereford Chamber of Commerce, attended the second annual Convention of the South West Trail Association, held at Anthony, Kansas, Monday and Tuesday of this week. He reports that Monday was taken up with Executive meetings of the Presidents and Secretaries of the various Divisions along the Trail, while Tuesday was given over to general meetings and good times by all the delegates present. There were over 200 delegates present, coming from every locality along the entire Trail from Chicago, Illinois, to El Paso, Texas. Among the celebrities present was Frank A. Davis, Manager of the Tourists Bureau of the Auto Club Kansas City, Mo., who is familiarly known as "The Trunk Line Highway Nut" of Kansas City, and also bears the designation of being the "Father of Transcontinental Trails."

On Tuesday a banquet was held for all delegates at the Mountzuma Hotel where various Division Presidents made addresses. Alva, Oklahoma added to the jollity of the day by bringing with them the Lucky Thirteen High School Boy band of that place, which played before and during the program. At 2:00 o'clock the boys band transmitted a program through the T & H Radio Company at Anthony, Kansas. The delegates were very enthusiastic over the past and particularly the future of the Trail, and spoke of the great improvements to be submitted to the Commissioners of the various counties along the Trail where additional work is needed to put same in the best possible condition. Further arrangements were made with the Chambers of Commerce and Commercial Clubs of the various towns along the Trail who will furnish any information desired by tourists contemplating transcontinental trips to or from California. The Southwest Trail is entering its second year of organization and already thousands of tourists are using it as the road from east to west, it being the most direct road, as well as being open 365 days in the year, and is never snowbound. The officers elected for the ensuing year are as follows:

L. A. McAdams, of Canadian who was unanimously re-elected President; D. F. Hale, of Anthony, Kansas, who was given virtually all of his time for several years to promoting Trails, was elected Vice-President. Al Gard of Anthony was elected General Secretary and Frank A. Davis of Kansas City was elected General Manager.

The Alva Oklahoma delegation, in addition to boosting for the South West Trail, is also giving out information relative to the condition of the Albert Pike Highway which passes through that city.

Tuesday afternoon was given over to a general jollification by all delegates present—singing songs, playing of music and talks by many of the delegates giving their own personal experiences connected with the beginning and laying out of the South West Trail.

Several propositions of building additional Highways to connect with the South West Trail as feeders, were taken up and considered, and will be put into effect as rapidly as possible.

The delegates left Anthony at a late Tuesday night for their homes, a majority by auto.

### OTHER CORRESPONDENT ADDED TO BRAND'S STAFF

Mrs. J. A. Reed has consented to act as correspondent for The Brand from the Adrian district. This makes a total of nineteen correspondents covering nearly all of the Hereford trade territory.

### W. E. NEAL WITH DAUGHTER LEAVES FOR BELTON, TEX.

W. E. Neal and daughter, Mrs. Claude Ricketts, left Hereford Thursday morning for Belton, Texas, where Mr. Neal is interested in the hotel business. Mr. Neal has his family at Belton, with the exception of his son, Leslie, who is on the coast for the winter.

## New Set of Officers Will Be Chosen For Chamber of Commerce on Next Monday

The most important luncheon meeting to be held in 1923 by the Hereford Chamber of Commerce will be that on Monday at noon, at the City Cafe.

The reason it is deemed the most important is that on this occasion the members will select a new board of directors for the current year. Under the present plan of operation the members select five directors annually, and these five men then choose their own officers.

The present board, with their assignment to duties, is as follows: D. L. McDonald, president, Homer Wilkinson, vice president and director of finances, E. W. Harrison, highway director, Judge W. M. Knight, director of civic work, W. E. Dameron, director stock-farming work. Seth B. Holman has been serving as secretary, appointed by this board. The regular term of office of these directors expired last September, but owing to conditions at that time no election was called.

It is felt now by these officers that

they have served their term and that the membership probably desires new blood, and new direction and therefore next Monday a new set of leaders for 1923 will be selected and launched upon their work.

The Hereford Chamber of Commerce, naturally limited financially and in its activities by local conditions, has held together continuously for five years without interruption, has maintained the routine work of such an organization from day to day, has supported the night watchman and the Hereford Band as regular expense accounts, and is now in flourishing and steady condition. It is doubtful if there is another small town in the Panhandle that can show as good a record of continuous performance as the local organization.

Every business man in Hereford and vicinity interested in cooperation and progress for this section is cordially invited to attend the meeting at the City Cafe next Monday at noon.

## Hamlin Palmer is Dead; Panhandle Country Sorrow

Many local friends and acquaintances of Hamlin Palmer, traffic manager of the Panhandle Plains Chamber of Commerce, were saddened by news of his death at Amarillo Wednesday morning after a short illness. Funeral services were held Friday afternoon attended by many friends from all over the Panhandle country.

The Texas Panhandle suffered a severe loss in the death of Hamlin Palmer. He has saved thousands of dollars to the people of this section through his knowledge of freight rates. He was an expert in his line and with this equipment combined an unselfish and conscientious contribution to the general welfare of his community. Personally he was a clean, wholesome and delightful friend and associate. The Amarillo News, commenting editorially Friday morning, said:

"In the death of Hamlin Palmer traffic manager of the Board of City Development and the Panhandle-Plains Chamber of Commerce, Amarillo and the Panhandle lost a valuable citizen, a big man and a loving character."

"Ham" as he was affectionately known among his friends, was beloved by all who had ever met him. His disposition at all times radiated good cheer despite the suffering of physical pain for years and his courage never faltered.

"Hamlin Palmer rendered a great service to Amarillo and the Panhandle. His work was vitally connected with the development of this section. He was an expert and his judgment was respected. He was sincere, conscientious and zealous in his work for the people of his home and his state."

"To the memory of Hamlin Palmer, a beloved character and a man who rendered invaluable service to his community, we all pay our deepest respects."

## National Guards Inspected by U. S. and State Men

Capt. O. E. Paxton of Oklahoma City and Lieutenant Harry D. Davis of Ft. Worth reached Hereford Thursday morning. Captain Paxton is representing the Federal government and is making an annual inspection. Lieut. Davis is representing the state and is aiding Capt. Paxton. Both officers expressed themselves as finding the local company improving under Captain Robert Elliott and were highly pleased at the termination of their inspection Thursday night, when they inspected the personnel of the organization.

Capt. Paxton said that as soon as the drill records could be located the members of the company would be paid in full for the number of the drills they attended. The boys of this company have not been paid since last July, but hereafter they will receive full compensation every quarter. Capt. Paxton and Lieut. Davis will leave for Brownwood Friday evening or Saturday morning.

## SAN ANGELO MAN HERE BUYING CATTLE FOR RANCHES

George R. Humlong and son, of San Angelo, Texas were in this city the first of the week buying cattle. Mr. Humlong said he bought a good bunch of cows from W. M. Stewart of Vega and is shipping them to San Angelo.

## Golf Club Gets Barber's Pasture For Local Links

Some five or six members of the newly organized Golf Club went out to the Ray Barber pasture on the creek just south of town Thursday afternoon and laid out a nine-hole course. The Barber pasture has been secured for one year by the Club and is considered the very best location available for the purpose owing to its rugged surface and its easy accessibility.

Nine locations for greens were mapped out Thursday that promise to develop into one of the most picturesque and difficult courses in the Panhandle. The ground abounds in natural hazards of every conceivable description and it will take some real golf to negotiate it when the holes are completed.

A party of Canyon golfers may come one day soon and assist the local amateurs in planning details. The next step in the work is the clearing of the greens and the installation of screened sand, oiled. There is a lot of strong-arm work ahead of the local crew but they are all going at it enthusiastically and before many days will be trying out their new sticks and seeing how far they can slam 'em.

## Dow Mercer With His Chemical is There in Pinch

The Jno. L. Wilson residence caught fire about 6:30 Thursday morning from a disconnected heater pipe leading into some woodwork surrounding the big fire in the center of the house. The pipe had pulled out of the fire without being noticed. The fire boys were on the job in their usual prompt fashion but one member of the company, assistant chief Dow Mercer, beat them all to it and had the blaze extinguished as the rest of the bunch hit the spot.

Dow says that the jittery chemical was working like a clock and he made the run in the fastest time he has jerked out of the machine yet. The big fire was surrounded with an air space confined with wood work and he jammed the nozzle of the chemical into the exact spot and stopped the blaze in a jiffy. Going up stairs he guessed at about where the blaze should have reached in the fire and cut an opening, hitting the bulb's eye again to a dot. It was all over in a few minutes, with only nominal damage to the big house.

Mr. Mercer says to tell the people when a fire breaks out to merely shut all the doors and windows to avoid letting in more air and not worry. That chemical is the "cats eyebrow" when it comes to smothering a blaze in any confined space.

## C. W. SOWERS PARTS FROM IOWA PAY BRIEF VISIT

Mr. and Mrs. T. J. Sowers of Gilbert, Iowa, reached Hereford about ten days ago and visited in the home of her son, C. W. Sowers and family south of Hereford about two miles. Mr. and Mrs. Sowers left Iowa last fall for California where they spent the winter with relatives and friends. Mr. and Mrs. Sowers are enroute for their home and left Hereford Friday morning.

Mrs. S. F. Hamlin left Hereford Friday morning for Amarillo where she will visit in the home of her son, R. R. Hamlin. Mrs. Hamlin has been visiting in the home of her daughter, Mrs. O. L. McKee, for the past three months.

## FROLIC FOR FIREMEN IS ON MONDAY

### SELECTED PROGRAM IS PREPARED FOR THE OCCASION

### ONE LARGE TIME

#### Firemen's Reputation For Such Affairs Insures Event

The stage is all set for that Firemen's Frolic Monday night at the Star Theatre. There will probably be some alteration in the program as announced in Tuesday's Brand, caused by sickness or other unavoidable things, but the entertainment will be carried through substantially as originally planned. The exact personnel and numbers in the volunteer orchestra for that night has not yet been determined, as the number of pieces used and the character of music furnished will depend upon seating arrangements in the limited space in the theatre. Rev. Paul Merrill, who is scheduled to sing, has been ill this week and has a sore throat, although it is hoped he will be able to fill his part of the program Monday. Chief Rockwell of the Fire department was out of town Friday and no new bulletins were issued, but those who know the chief are resting secure in the knowledge that when he starts a Frolic or a Frolic he always puts on something worth the price of admission. Remember, it's next Monday night, 8:00 o'clock Star Theatre.

## Freakish Weather Continues to Bluff and Shift

The most peculiar winter weather ever experienced here continues on its uncertain and exasperating way. Late Tuesday afternoon it suddenly turned to freezing temperature, with a searching north wind and began spitting snow. Looked absolutely certain for a bad night and lots of snow. About nine o'clock the wind suddenly shifted, the thermometer went up in one jump and by midnight it was as clear as a bell and balmy as spring.

Friday morning at daylight the heavens had an extremely ugly look and "falling weather" looked to be about half a mile in the distance. In an hour the clouds drifted apart and the sun was smiling. Some Chinese puzzle.

## DR. CLYDE KIBBE AND WIFE CALLED HERE BY SICKNESS

Dr. and Mrs. C. T. Kibbe of Dalhart reached Hereford overland Thursday evening. The doctor and Mrs. Kibbe were called to Hereford by the severe illness of Mrs. Kibbe's father, W. A. Dougherty. The patient is said to be improving.

## VERNON MAN, LOCAL LAND OWNER, GOES HOME AFTER VISIT

Mr. and Mrs. A. Allison returned to their home in Vernon Thursday morning after several days on business in and around Hereford. Mr. Allison owns land near Hereford and was here inspecting his holdings.

## A Rare Opportunity

On page three of this issue of The Brand will be found an extraordinary subscription offer applying only to postal zone one, or within a radius of fifty miles of Hereford. Read this ad and act promptly, if you want to keep abreast of the times in local community news at a price that will not be renewed again this year.

On next Wednesday, February 14, and on that date only, The Hereford Brand, issued twice each week, will accept subscriptions within zone one for just half price—\$1.00. This will include renewals as well as new subscribers. As many people within this district may be prevented from one cause or another in coming in on that particular date it has decided to accept money orders, checks or cash by mail which reach The Brand office on or before that date, but not afterwards.

The Brand is the only local newspaper in Deaf Smith and Castro counties and besides reaches over into several adjoining counties. It now has nineteen rural correspondents on its list for its weekly neighborhood news, and is constantly growing in this direction and making an earnest and determined effort to supply all the community news, while it is news, to its list of subscribers.

This extraordinary offer is made primarily to aid the enterprising merchants of Hereford in their cooperative effort known as "Dollar Wednesday", but such a rate will not again be offered to the public, in the interests of business efficiency and safety.

Do It Now! Remember, after Wednesday the 14th, the regular price, \$2.50 per annum in zone one, will prevail.

## Cotton Meeting at Courthouse, Saturday, 10th

That cotton experience meeting set down for last Saturday and postponed on account of cold weather will be held Saturday afternoon, February 10, in the county court room, beginning promptly at 2:00 o'clock. It is hoped that a representative crowd will attend. The cotton committee of the Chamber of Commerce is endeavoring to secure the attendance of those who have had experience in cotton planting in this section so that they can tell the others what they have found to date. In this connection The Brand is in receipt of the following statement from C. S. Walker, who has been experimenting with several varieties of cotton here for several years:

As I was very much entertained by the fun I did not have the opportunity to tell my experience with cotton culture on Feb. 3rd.

In the first place the raising of cotton is not a very alluring occupation, but it furnishes a means of living for the greater portion of the South.

My experience began in picking cotton over in Southwest Arkansas about the year 1887. I was seven years old and my sister three years my senior and a brother, who was about 15. Father had obtained some very fine seed of long staple cotton called Cook and planted this on a piece of new land, which was cultivated well and made a good yield. The hole on the Cook cotton never open out as the good varieties of today and had a sharp jagged on the end of each burr. At any rate, the three of us picked about 1800 pounds of this Cook cotton and father ginned it and as well as I remember, sold the cotton for eight cents per pound, which was a good price at that time. Father planted this cotton several years but found that short staple cotton was a better investment. The best yield of cotton per acre I ever raised was one and a half bales per acre on fifteen acres of land in Red River bottom.

The next best crop was raised in Collinsworth Co. I planted 85 acres and gathered 86 bales in the year 1914. In Hall Co., 1912, by leaving all the cotton 6 acres of land, which was an excellent stand, from three-fourths of a bushel seed per acre, I found that maturity and yield both could be improved and consequently I have never "chopped" any cotton since. Another thing I learned was to bunch the cotton seed in the drill instead of strewing them like planting grain. This gives the seed power enough to break a thick crust which often occurs after a drenching rain on freshly planted ground. I find that the best time to plant on our land is about the first of June on well prepared land and not too low for the plants will not start off very quick.

If we had a storm proof cotton of the 90 day type I believe that cotton would be a great help to the farmers of this country. With the gins equipped with the best machinery it is the most economical to snap the cotton bolls instead of picking it. And too, if we can get a cotton that will stay tight in the burs so that it can be handled with machinery we will not have all the coons up one tree, "but we will most."

This goes my experience with cotton, with the most of the bumps left off.

C. S. Walker.

## GUN CLUB BIRDS ARRIVE; PRACTICE SHOOT ARRANGED

The first practice shoot of the Hereford Gun Club for the 1923 season was scheduled for Friday afternoon. The club recently reorganized for the season and ordered their birds, which came in Friday morning.

The Panhandle circuit has been organized for the new year's competition and a close and an interesting race this year is anticipated.

## SECOND EFFORT AGAIN SUCCESSFUL

### "DOLLAR WEDNESDAY" GROWS IN POPULARITY HERE

### HAMMER AT IT

#### Merchants Realize Steady Campaign is Sure to Establish Day

Hereford's second "Dollar Wednesday" again conclusively proved that in cooperation there is strength and that real bargains in staples that people want will sell. Like the results of the first week, buying was not evenly distributed and was heavy in some spots and light in others. But the lightning struck in several new spots and a recaptulation of the whole day's effort shows a decided gain over the previous week in volume.

The majority opinion among the merchants is that each week should show improvement as the Day becomes more firmly established and advertised in the minds of the people of the community. Another striking point proven in these two sales to date is that the merchants who grasp the idea that they must offer staple articles that the people want, at attractive prices, to induce buying is a cardinal principle. In practically every instance where such staples have been offered the results have been very gratifying.

In the third Dollar Wednesday details of which are carried in this issue of The Brand, many fine simple bargains for all classes of goods will be found, and a big increase in volume is expected. Study the offerings and remember to ask for your coupons—they are valuable.

In making the arrangements for the second Dollar Wednesday the merchants of the Hereford community were very successful in their plan.

At the time of the first Dollar Wednesday, J. O. Newell said the people called for his special all day. Geo. A. Slaughter was pleased with the day's results. All the grocery stores reported a steady demand for their goods and other goods; however, some of the staple goods they had to the store. J. O. Newell said that many new customers called for the goods during the day, while the others who had a surplus of poultry. The hardware stores apparently did less business than any other line, although they, too, were not overlooked. The automobile men did a thriving business Wednesday and issued several hundred coupons.

Stick-to-it-iveness will win for both the merchants and the buying public and the Hereford merchants are determined to make "Dollar Wednesday" a fixed and permanent institution here.

## Clovis Man's Car Pins Him Beneath It; Slight Hurts

O. D. Blair of Clovis met with an accident Tuesday evening just about a mile east of the Loop on the S. W. Trail. Mr. Blair had sprung the spindle in the steering wheel device of his car near Canyon and was trying to make it into Hereford, but the spindle broke and the car turned over, pinning him under it in such a way that he was helpless until Wallace Cox and Rev. Paul J. Merrill, who were returning from Amarillo, came along and lifted the car from off the victim.

Mr. Blair was brought to Hereford by Messrs. Merrill and Cox and taken to The Stockmen's Hotel, where he was cared for. It was found upon examination that he was not seriously hurt and was able to resume his journey the next day. Mr. Blair was alone at the time of the accident. He is engaged in the oil business in Clovis and has a filling station there.

## PEP CLASS'S PROGRAM NEXT THURSDAY IS PROMISING

The detailed program for the comedy temperance drama entitled "The Redemption of David Brown" is printed in another part of this issue of The Brand. The play was written and is directed by the Rev. Paul J. Merrill of the Christian church and is being handled by the Pep Class of that church.

The play will be given at the Star theatre next Thursday night, February 15, beginning at 7:45 o'clock.

### HOW TO SAVE MONEY

Fourth—

## Save Wisely

It's false economy to do without many necessities and all pleasures of life just to "pile up the money."

This bank has as little use for a miser as for a spendthrift.

We have urged you to save wisely and for a definite purpose.

We shall welcome your account.

## \$2,500.00 of Army Goods Auction Sale

We will Sell at Public Auction at 1:30 at Hereford, Texas, Friday, Feb. 16

The following goods, consisting of Harness, Saddles, Work Bridles, Riding Bridles, Whips, Collars, Halters, Halter Leads, Halter Chains, and all parts of harness, Army Blankets, Rain Coats, Slickers, Horse Covers, Horse Blankets, and all horse equipment used by the War Department. We have one hundred sets of work harness, bought of the U. S. Harness Co., after the Government had cancelled their contract.

This is a harness that ordinarily would cost you from \$70 to \$90 per set and is made of the best leather and hardware that could be obtained. In fact, every man who is fortunate enough to get a set of this harness will surely save from \$25 to \$35 per set.

Now is Your Time to Lay in Your Supply when You Can Buy Merchandise at 50c on the Dollar

Don't forget one thing, the U. S. Government bought the best of everything regardless of the price and every man who pays taxes helped pay for it. Now is the time to get back some of your hard-earned money you have already paid in. REMEMBER THE DATE.

of Mrs. Hoyle's sisters, Meslames J. J. Clayton and J. A. Goodwin, returning home Monday.

Mrs. J. S. Wyche bought a load of feed from Ed Cox.

R. Bridges sold his horses to Iva Faulkenberry.

Miss Nell Wyche and Mrs. J. S.

Wyche visited with Mr. and Mrs. Clem Dugan last Wednesday.

Mrs. F. Mitchell and son, Grady, are visiting in the home of Mrs. Mitchell's daughter, Mrs. Guy Edwards.

Mr. and Mrs. Leslie Roberson and son have moved on one of the E. W. Hough places. Mrs. Roberson is a sister of Mr. Hough's.

Mrs. J. S. Wyche has just had a well completed on her place, drilled by Clyde Roberson. We think he is a wonderful well man to penetrate such a notable rock where so many have failed.

We have a new pupila in school, John Roberson.

"Bone's Negro Minstrel," a home talent play which was billed for Wyche, Feb. 7, has been postponed on account of the flu until Wednesday, Feb. 14. Admission 20c. Come, it's worth the mouey. 35 negroes, one white man and lots of fun.

Mr. and Mrs. Clem Dugan of Wyche and Mr. and Mrs. Russell Carroll and John Biggs of Hereford spent Sunday with Mr. and Mrs. Ed Cox.

Sam Hembre of Happy spent Wednesday night in the home of Mr. and Mrs. Clem Dugan. Mr. Hembre brought a load of lumber to improve the Bandy place 3 miles southeast of Wyche. The place is to be occupied by Mr. Carpenter. Mr. Bandy is a resident of Happy.

Miss Inez Jowell of Hereford spent the week end in the home of her uncle, Ed Cox.

Miss Alma Knox, one of our teachers, is still suffering from the flu at her home in Hereford.

**SPRING LAKE**

A unique entertainment in the form of a Church Auto Social was held at the schoolhouse Friday night. The building was decorated with tires and auto signs of various kinds. At the door a tax for every car that arrived was collected, the amount of the tax being governed by the size the car came in, being 10c per cylinder. The money collected was eight dollars which was turned over to the Ladies Aid of the church. The entertainment for the evening took the form of games concerning autos. As each person arrived they were given a cut out paper auto on which was the name of a car, thus designating what group they were to belong during the evening. A representative from each side had a "blow-out" contest which was the fete of blowing feathers out of a glass jar. An auto race brought shouts of laughter from all as did many other auto games during the evening. About 11 o'clock the crowd was invited to partake of a Goodrich Tire and a pint of "lub" for refreshments, which proved to be doughnuts and coffee. Then the assembly reluctantly began to break up, all declaring they had spent a very pleasant evening.

D. G. and Miss Mamie Axtell, who have been in Rochester, Minn., for the past month, arrived home on Saturday. While enroute home they visited at the home of Mr. and Mrs. Leroy Harris, formerly of this community, in Melbourne, Iowa. They also visited in Amarillo with their brother, Walter Axtell, and other friends.

Mrs. C. P. Johnson, who has been visiting relatives in Lubbock, returned home Monday.

Mr. and Mrs. Moore were business callers in Plainview Thursday.

J. L. Hinson and wife were in Plainview Wednesday.

Thus far we can't see any change that the ground hog has wrought down this way. A light snow fell Saturday, amounting to practically no moisture, with the temperature lower than 25 time so far this winter.

On Friday night, Feb. 16, at 8 o'clock,

the young people of Holshaus will render the play entitled, "A Poor Married Man" at the church at Spring Lake. Those who have seen it report it to be a good play. Everyone is urged to come out to see it. Don't forget the date.

**SINS SCHOOLHOUSE**  
 J. M. Chapman made a business trip to Amarillo Tuesday.

Robert Ferguson and family visited with Temple Lynch and family Sunday.

N. J. Lefox and wife made a business trip to Vega last Wednesday. They have purchased a cream separator and are going into the dairy and poultry business.

The wheat farmers are rejoicing over a nice little snow which fell Saturday and Saturday night.

The stock have wintered well this winter until the recent snow. The larger ranches are having light loss since the storm.

We are having a good school at Sims this year, with Miss Verda Harlow as principle, and Miss Jannette Combs assistant teacher. Through their efforts they have made some good improvements on the playground in the way of swings for the little folks and basketball court for the larger pupils. The children are having much pleasure with the swings and out of the games.

Miss Verda Harlow entertained her pupils and a few friends last week with a party. All reported a good time.

The contest in the Sunday School for the last quarter closed Dec. 31, 1922. Each teacher had offered a prize to the

pupil who excelled in the class in quoting the greatest number of verses of scripture and telling where found. Winner in the Beginners Class, Howard Rice; Primary Class, Ruth Reed; Junior Class, Zelma Underwood; Adult Class, Mrs. J. A. Reed.

The Superintendent had offered a prize to the members of the Sunday School who excelled in the school in quoting scripture. Mrs. J. A. Reed was the winner.

It was agreed that the winning class should be entertained with a social.

**Class standing:**  
 Beginners ..... 471 verses  
 Primary ..... 661 verses  
 Juniors ..... 496 verses  
 Adults ..... 927 verses

The Adult Class was the winning class. Saturday evening, Feb. 3, was the date set for the entertainment, but on account of the snowstorm that date it was delayed until the evening of Feb. 10. We hope for fine weather on that date, for the occasion.

New neighbors are coming into our neighborhood, for which we are glad.

Mrs. J. M. Chapman was on the sick list a few days ago, but is up and going now.

With the exception of colds, the health of the community has been very good this winter.

Most folks you'll find prefer to live within the temperate zone, where there is always present a lot of good ozone. To enjoy the blessed sunshine, we need a little shade; when either one predominates, why then we are dismayed. The same regarding work or play, we

need somewhat of each, in keeping with the doctrine economists now teach. A little bitter with the sweet adds zest to every life, and peace would grow quite tiresome with out a bit of strife. If we should win each game we played our interest soon would pall; the losses counterbalance this and stimulate us all. Too much of this thing or of that is bound to get our goat. "Diversity the spice of life," seems timely now to quote—Edg. in El Dorado Times.

**Why You Should Buy a DeLaval**

All other separators made today, excepting none, are constructed upon either discarded or abandoned DE LAVAL inventions, in consequence of which the very best of them are barely equal to the DE LAVAL machines of ten years ago.

The DE LAVAL has received all highest honors and first prizes at every important Exposition, World's Fair, etc., held within the past thirty years, and is the only separator which is used in every country in the world.

Ninety-eight percent of the world's creameries and butter factories today use DE LAVAL machines exclusively.

More than 1,500,000 DE LAVAL machines, many times all others combined, have been sold to date.

There can be no better recommendation for the DE LAVAL than the fact that the men who make the separation of milk a business use the DE LAVAL to the practical exclusion of all other makes. They know from experience.
