

# Four Local Scout Troops To Wild West Camporee

Four Hereford Boy Scout troops will attend the Wild West Camporee at Camp Don D. Harrington Friday and Saturday, May 5-6. Camp Don Harrington is located northeast of Canyon.

From 50 to 60 Scouts will represent the four local troops, including: Troop 50, sponsored by Hereford Lions Club; Troop 51, sponsored

by Hereford Optimist Club; Troop 52, sponsored by Wesley Methodist Church; and Troop 53, sponsored by the First Methodist Church.

Also attending the Camporee will be Scouts from Friona, Vega, Canyon and Happy.

The Camporee will open at 4 p.m. Friday and end at 4:30 p.m. Saturday.

Troops will check in and patrol leaders will receive instructions from 4 to 5 p.m. Friday. Before supper, troop campsite ceremonies will be held.

Scoutmasters will meet in the dining hall at 7:30 p.m., and troops will gather at the flagpole at 7:45 p.m. A campwide campfire will begin at 8 p.m.

Scout skills events will begin at 8:30 a.m. Saturday. At the same time, a Junior Leader's Training Course, and scoutmasters' conferences will begin.

Skill events and intertroop visits will begin at 1 p.m. Awards ceremonies will close the Camporee from 4 to 4:30 p.m.

During skills events, patrols will be rated. Troops will be broken up into patrols at the start of the Camporee.

Skill events will include the following divisions: knot tying, first aid, compass, string burning, trail signs, signaling, tent pitching, teamwork, model camp and nature.

# Hereford Will Attend District Playday Sunday

Hereford Riders Club and the Hereford Junior Riders will go to Amarillo Sunday, May 7, to participate in the second District 2 Playday.

The Playday is an activity of the American Association of Sheriffs Poses and Riding Clubs.

With Hereford holding a 14 point lead, everyone in the club is expected to turn out for this Playday.

The Playday, which is the second of the season, will be held at the Will Rogers Range Riders Arena. After church services at 11:30 a.m., and dinner and registration at noon, the Playday will get under way at 1:30 p.m. Sunday.

The six games to be competed in will be barrel racing, pole bending, ring sparring, flag racing, baton relay and the keyhole race.

A small entry fee is charged for each event. Ribbons and points are given to first, second, and third place winners. Points are also given to fourth and fifth place winners. First place winners receive five points; second place, four points; third place, three points; fourth place, two points; and fifth place, one point.

Other towns competing at the Playdays will be Fritch, White Deer, Amarillo and a few members from other towns in District 2.

### CRIME AD

WEST HARTFORD, Conn. — An ad Larry Ross placed in a newspaper to sell his wife's mink stole was even more effective than he imagined. A burglar snatched the fur piece from a hall closet while Ross was watching television.

### THREE-TIME WINNER

CHATTANOOGA — Howard McMurray dodged death three times within five frantic minutes.

When his car stalled at a grade crossing with a freight train bearing down, McMurray jumped — just before the train plowed into the car.

The crash sent the car hurtling toward McMurray and he jumped again — just before the car struck a railway signal crossing pole.

The impact broke the pole in half and McMurray jumped again — just before the broken pole crashed down behind him. McMurray, 48, wasn't scratched.

The Lincoln Memorial in Washington was completed in 1922.

## HEREFORD FRUIT MARKET

218 N. 25 Mile Ave. - EM 4-9016

**BY JIMMIE GILLENTE**  
Pioneer Day, 1961, got off to a flying start last week when Bill Argo of Paris, Texas, came wheeling into Hereford for the annual celebration. Needless to say, his face was a little bit red when his sister, Mrs. Alex Thompson, finally convinced him that the proper date is May 31 — and that he was 30 days ahead of time. Bill ran up to Wederbrook, Jake Boydston and some of the other old timers, however, and had such a nice time that he declared he would be back for the official Pioneer Day celebration.

"It is one of the few times I ever got anywhere ahead of time," said Mr. Argo. "Usually, it is just the other way around."

un-reasonable, but hastens to add that Mrs. G. is nothing but right in expecting me to clean up my own premises. "It is the privilege of every American citizen to keep his own yard trim, plant flowers, and tidy up the place," insists Lesly. Furthermore, I must admit that he at least has a point. If you don't believe it, just ask my wife.

My heart bleeds for this old boy. It really does. All in all, I would say that he is joining the ranks of unsung heroes. Maybe this thought will cheer him along as he mows those vacant lots — which I am reasonably sure he will wind up doing.

Jack Bradley's heart is in the right place, but he seems to get very poor service from the post office departments around the world. Just today I had a nice card from Jack and Julia, mailed March 2, in Agra, India. He mentioned running into the Carl Perrins, which was in the paper more than a month ago. Once before, Jack had a Hereford Brand mailed to him at the Grand Hotel in Paris and, eight years later, when he made another trip, the clerk dug out the paper and presented it to him as he registered.

I was tracking down Lee Carter the other day and found him, of all things, building what looked like a bomb shelter at the new home of Otis and Skeeter Hall across the Tierra Blanca on Main. The house, incidentally, looks as if it is going to be a dandy.

Dr. L. B. Barnett and the Shrine boys are working on their annual clinic for crippled children. This is a really worthwhile project. All you need to do is stand around and observe the 150 or so youngsters who go through each year to appreciate the work. Last year they painted trash barrels; this year I understand they expect to finance the project with bumper stickers. All of the medics, incidentally, donate their time and the Hereford Clinic loses a whole day in the role of public service. Proceeds are used to cover travel expenses and bare necessities for visiting specialists. One reason the program has been so popular is the non-profit angle, plus the fact that people realize tangible results for their friends and neighbors.

A lot of people are having "skunk troubles" these days.

And, Brother, did I get shook up this week? Each time anyone asks about the old fashioned awning on The Brand front, I always tell them we will do something about it when they remove the one around John Pool's location at Third and Main. I figured this was quite safe, but I drove past the place Monday and it looked as if his awning was on the way down. It was, too, until so many old timers put so much pressure on Pool that he changed his mind and had it repaired. He says this is the absolute

Honest, the only thing wrong with these awnings is that they are out of style. They are a lot like double-breasted suits; they are efficient, practical and thoroughly serviceable in this part of the country, but a very few people use them. When it rains occasionally, pedestrians race between the old time awnings and honestly appreciate the protection they afford. The little 18-inch jobs look OK — and that's about all you can say for them. If you don't believe this, just ask Urlin Streu.

Luther Lesly is giving me trouble again. He says that I am a yellow livered pany-waist to get upset merely because my wife is a clean-up charmer and makes me work double time around the house.

"You've got nothing to complain about at all," declares Luther. "I am the guy who really has trouble. My wife is chairman, or something, on the highway beautification deal — and she is trying to get me to mow all of the vacant lots on Hlways 60 and 35, approaching and through town."

**A WALK IN THE SUN** - With her long hair to windward, pretty Sheila Bailey soaks up some warm Rio Grande Valley sunshine while she tries to walk a driftwood log on South Padre Island. (AP Photo)

The rascals get under the house, which creates no little dissatisfaction to an old boy who goes home after a hard day of work. This happened to Bill McIver, and when he thought he had exhausted all possible remedies, new and old, he happened to review his plight one day in the library. One of the ladies said she read where moth balls were the best answer to his troubles.

"They were, too," says Bill. "We put a handful of moth balls at the opening where the skunk entered — and no more skunk troubles. It was that simple."

Age makes more difference on one's outlook than most of us like to admit. I was visiting with some of the band and choir students Wednesday, and they were agog over the trip to Corpus Christi, where they will compete in the music festival. It has changed several times, but the last I heard was that they will leave here around 8:30 p.m., drive all night and spend Thursday in San Antonio, where they will visit the Alamo; Thursday night they will travel on to Corpus — and by Friday I figure most of them will be ready for at least a brief cat nap. They also plan to drive home at night, thus letting the kids see and visit everything possible during the day.

To me, the whole thing

**HUB OF A SUBURB** . . . Over refreshments South, N. J. Sharing their mother's lap are Mrs. Cassie Fisher, right, listens to the problems of Mrs. Alfred Adler, planning a play for the community of Sayre Woods Holly, 1, and Lori, 2 1/2. Michael Adler, 4, is the center of things.

## Grandmother Suburb Hub

Moving from city to suburbs is like childbirth. To some women it is an easy matter, to others painful. But for almost everyone the discomfort is forgotten with the pleasure of the result.

So believes Mrs. Cassie Fisher who is probably the country's only midwife to cliff dwellers turned country cousins.

A year ago this witty grandmother quit editing her weekly newspaper to go to work among the 2,000 family colony of Sayre Woods, N. J., easing the pains of sudden suburbia.

**She's Hub of Community**  
Developers sought her out because they were alarmed at articles by psychologists that moving from the shadows of the skyscrapers into the sun was often almost too much for young families to bear.

Mrs. Fisher was old enough at 62, they decided, not to be competitive with young housewives, and mature enough not to be surprised at anything she was told.

Her other qualifications included college psychology, graduate work in human behavior, plus plenty of life experience as wife of a Rutgers' college professor, working mother, then divorcee, mother-in-law and grandmother.

Now situated in a comfortable old mansion furnished with leftovers from model houses, and equipped with Schnapps, tea, coffee for adults, and cookies for kids, Mrs. Fisher has established herself as the center of activity, the solution to loneliness, the source of all information.

"Like unpeeling an onion," Mrs. Fisher says, "the people who come to me go through the layers until they get to the problem they really came to discuss."

**Suburban Traumas**  
She set up a borrowing fund for wives who think they want to leave their husbands. "They always return the money the next day. But this way their domestic troubles aren't empha-

sized simply because they feel trapped out here."

She has helped parents adopt children, arranged a network of sitters, and special nights out for tied-down wives; thwarted juvenile gang wars, caught field mice for terrified women and helped bed down tipsy husbands.

Yes, Mrs. Fisher is well aware of the traumas of sudden suburbia.

"New homeowners are like disenchanting brides. They call me crying because they mowed the lawn yesterday and the grass grew during the night."

The pleasant, middle-sized woman who writes for national magazines may also write her own book, a sympathetic one about suburbia. Her voice is warm with respect for the development-type homemaker.

**HARDY OLDSTER**  
CARTHAGE, Mo. — Mrs. Etta R. Hackworth picked herself up and called an ambulance.

She said she had been on the roof of her house trimming a tree and fell to the ground. Hospital officials kept her for observation but said they could not find any injury.

She is 72.

## Hospital Notes

### Patients In Hospital

Mrs. William R. Caster, 229 Ave. A.; Mrs. Leslie L. Deaton, Black; Mrs. B. J. Ranne, 314 Ave. A.; Tamara Sosebee, 909 Park; Mrs. Leatrice Ida Sparks, 125 Ave. J.; Mrs. Raymond Crum, Dimmitt; Paul Ybarra, General Delivery; Mrs. Clarence Veasey, Dimmitt; Mrs. Leo Gallagher, La Junta, Colo.; Ernest R. Combs, 344 Schley; Mrs. Joe Kendall, 116 Douglas; Mrs. John Orsborn, 139 Ave. C; Mrs. Erwin Bartels, Route 5; Robert Baker, Friona.

### Patients Dismissed

Mrs. Salvador Garza, 5-1 Charles Waters and Mrs. E. B. Posey, 5-2

sounded like a horrible nightmare, the sort of thing you would hardly wish upon your worst enemy. The kids, however, think it is wonderful or, as they said, "super super." The best I can figure the deal, I was born 35 years too soon.

### FAST WORK

**BALTIMORE** — Talk about fast work by firemen: 15 seconds to get to the fire, 1 1/2 minutes to put out.

The fire broke out in the deep frying unit of a restaurant just across the street from the firehouse.

**FREE SEED**  
To Replace  
**Wac 700 & 750**

Grassland Machinery!

**NEW HOLLAND**  
"First in Grassland Farming"  
AUTHORIZED DEALER

Let Us Fill Your Grassland Needs

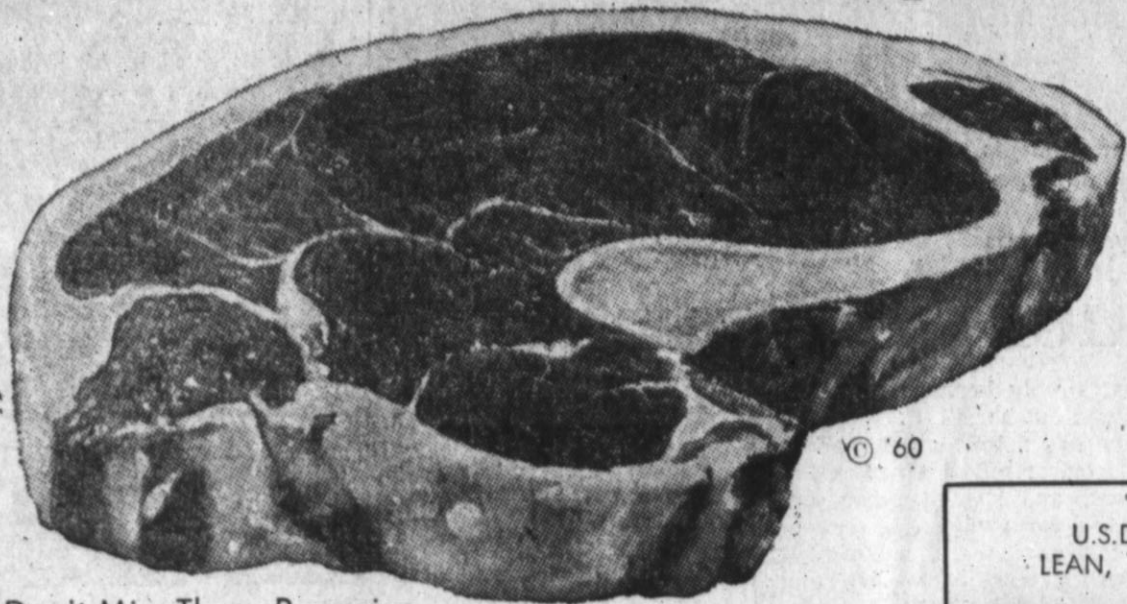

We're mighty proud to announce that we have been appointed Authorized Dealer for the New Holland line of grassland farming machinery! As you know, New Holland is the recognized leader in grassland farming . . . ever since it brought out the world's first automatic pick-up baler in 1940. The same know-how that produces famous New Holland balers goes into all the machines New Holland makes — forage harvesters, rakes, mowers, hay conditioners, crop dryers and other grassland equipment. With New Holland machinery, plus that profitable grassland farming how-to information New Holland is noted for, we'll be able to serve you better than ever as your new Grassland Farming Headquarters in this area. Come in and see us, won't you? We'll be happy to serve your grassland needs.

NOTICE OF HEARING ON CIPAVING ASSESSMENTS THE CITY OF HEREFORD DEAF SMITH COUNTY, TEXAS

NOTICE is hereby given to all abutting property owners and persons interested in the properties on the hereinafter mentioned streets, that on the 1st day of May, 1961, B.R. McMorris and Associates, Engineers, have filed with the City of Hereford, Texas, the estimated amounts per front foot proposed to be assessed against the owner or owners of abutting property and such property on each street to be paved by the City of Hereford, as well as the total cost of the improvements on each street or portion thereof, and that the same has been duly approved by the City Commission, and that the same was ordered filed and shall remain on file with the City Secretary in the City Hall in Hereford, Texas, as well as all of the plans and specifications pertaining to all of such proposed improvements; and that any and all property owners and persons interested therein within the City of Hereford and elsewhere may inspect the same; and further, that the City of Hereford, by a resolution duly adopted by the City Commission, has fixed the 19th day of May, 1961, at 7:30 o'clock p.m. in the City Hall in Hereford, Deaf Smith County, Texas, as the time and place for all of such owners and persons interested in such paving and in such properties to appear and make objections thereto, if any there be, and to contest the amounts of the proposed assessments, the lien and liability thereof, the special benefits to the abutting property and owners thereof by means of the improvements to be levied, the accuracy, sufficiency, regularity, and validity of the proceedings and the contract in connection with such improvements and proposed assessments, if it is so desired; and this notice is given as is provided in Section 9 of Article 1105b of the Revised Civil Statutes of the State of Texas, in that the City proposes to levy such costs against the respective properties as are shown in said proposed paving assessments as so filed by said City Engineers with said City of Hereford.

Said streets to be paved and the cost of the improvements on such portions thereof with the amount per front foot proposed to be assessed for such improvements against abutting property and the owners thereof of each such portion, as follows:

**UNIT 1-A — GRAND AVENUE** from the East property line of 25-Mile Avenue to the East property line of Avenue A, width of 44 feet, 1 1/2-inch hot-mix surface course on six-inch flexible base; the amount per front foot proposed to be assessed against abutting property and the owners thereof for improvements exclusive of curb and gutter is \$2.019; the amount per front foot proposed to be assessed against abutting property and the owners thereof for curb and gutter is \$1.731; the total amount per front foot proposed to be assessed against the abutting property and the owners thereof is \$3.750; the estimated cost of the improvements is \$5,538.31.

**UNIT 1-B — GRAND AVENUE** from the East property line of Avenue A to the East property line of Avenue B, width of 44 feet, 1 1/2-inch hot-mix surface course on six-inch flexible base; the amount per front foot proposed to be assessed against abutting property and the owners thereof for improvements exclusive of curb and gutter is \$2.019; the amount per front foot proposed to be assessed against abutting property and the owners thereof for curb and gutter is \$1.731; the total amount per front foot proposed to be assessed against the abutting property and the owners thereof is \$3.750; the estimated cost of the improvements is \$5,538.31.

**UNIT 1-C — GRAND AVENUE** from the East property line of Avenue B to the East property line of Avenue C, width of 44 feet, 1 1/2-inch hot-mix surface course on six-inch flexible base; the amount per front foot proposed to be assessed against abutting property and the owners thereof for improvements exclusive of curb and gutter is \$2.019; the amount per front foot proposed to be assessed against abutting property and the owners thereof for curb and gutter is \$1.731; the total amount per front foot proposed to be assessed against the abutting property and the owners thereof is \$3.750; the estimated cost of the improvements is \$5,538.31.

**UNIT 1-D — GRAND AVENUE** from the East property line of Avenue C to the East property line of Avenue D, width of 44 feet, 1 1/2-inch hot-mix surface course on six-inch flexible base; the amount per front foot proposed to be assessed against abutting property and the owners thereof for improvements exclusive of curb and gutter is \$2.019; the amount per front foot proposed to be assessed against abutting property and the owners thereof for curb and gutter is \$1.731; the total amount per front foot proposed to be assessed against the abutting property and the owners thereof is \$3.750; the estimated cost of the improvements is \$5,538.31.

face course on six-inch flexible base; the amount per front foot proposed to be assessed against abutting property and the owners thereof for curb and gutter is \$1.731; the total amount per front foot proposed to be assessed against the abutting property and the owners thereof is \$3.750; the estimated cost of the improvements is \$4,203.71.

**UNIT 1-E — GRAND AVENUE** from the East property line of Avenue D to the East property line of Avenue E, width of 44 feet, 1 1/2-inch hot-mix surface course on six-inch flexible base; the amount per front foot proposed to be assessed against abutting property and the owners thereof for improvements exclusive of curb and gutter is \$2.019; the amount per front foot proposed to be assessed against abutting property and the owners thereof for curb and gutter is \$1.731; the total amount per front foot proposed to be assessed against the abutting property and the owners thereof is \$3.750; the estimated cost of the improvements is \$5,841.23.

**UNIT 1-F — GRAND AVENUE** from the East property line of Avenue E to the East property line of Avenue F, width of 44 feet, 1 1/2-inch hot-mix surface course on six-inch flexible base; the amount per front foot proposed to be assessed against abutting property and the owners thereof for improvements exclusive of curb and gutter is \$2.019; the amount per front foot proposed to be assessed against abutting property and the owners thereof for curb and gutter is \$1.731; the total amount per front foot proposed to be assessed against the abutting property and the owners thereof is \$3.750; the estimated cost of the improvements is \$5,335.27.

**UNIT 1-G — GRAND AVENUE** from the West property line of Avenue G to the East property line of Avenue H, width of 44 feet, 1 1/2-inch hot-mix surface course on six-inch flexible base; the amount per front foot proposed to be assessed against abutting property and the owners thereof for improvements exclusive of curb and gutter is \$2.019; the amount per front foot proposed to be assessed against abutting property and the owners thereof for curb and gutter is \$1.731; the total amount per front foot proposed to be assessed against the abutting property and the owners thereof is \$3.750; the estimated cost of the improvements is \$3,481.69.

**UNIT 1-H — GRAND AVENUE** from the East property line of Avenue H to the West property line of Avenue I, width of 44 feet, 1 1/2-inch hot-mix surface course on six-inch flexible base; the amount per front foot proposed to be assessed against abutting property and the owners thereof for improvements exclusive of curb and gutter is \$2.019; the amount per front foot proposed to be assessed against abutting property and the owners thereof for curb and gutter is \$1.731; the total amount per front foot proposed to be assessed against the abutting property and the owners thereof is \$3.750; the estimated cost of the improvements is \$4,696.70.

**UNIT 2 — THIRTEENTH STREET** from the East property line of Brevard Street to the West line of Brevard-Irving alley, width of 37 feet, 1 1/2-inch hot-mix surface course on six-inch flexible base; the amount per front foot proposed to be assessed against abutting property and the owners thereof for improvements exclusive of curb and gutter is \$2.589; the amount per front foot proposed to be assessed against abutting property and the owners thereof for curb and gutter is \$1.731; the total amount per front foot proposed to be assessed against the abutting property and the owners thereof is \$4,320; The estimated cost of the improvements is \$4,040.35.

**UNIT 3-A — IRVING STREET** from North property line of George Street to the North property line of Myrtle Street, width of 37 feet, 1 1/2-inch hot-mix surface course on six-inch flexible base; the amount per front foot proposed to be assessed against abutting property and the owners thereof for improvements exclusive of curb and gutter is \$1.769; the amount per front foot proposed to be assessed against abutting property and the owners thereof for curb and gutter is \$1.731; the total amount per front foot proposed to be assessed against the abutting property and the owners thereof is \$3.500; the estimated cost of the improvements is \$3,247.35.

**UNIT 3-B — IRVING STREET** from south property line of Maple Street to the North property line of George Street, width of 37 feet, 1 1/2-inch hot-mix surface course on six-inch flexible base; the amount per front foot proposed to be assessed against abutting property and the owners thereof for improvements exclusive of curb and gutter is \$1.769; the amount per front foot proposed to be assessed against abutting property and the owners thereof for curb and gutter is \$1.731; the total amount per front foot proposed to be assessed against the abutting property and the owners thereof is \$3.500; the estimated cost of the improvements is \$3,247.35.

ROLES in the musical comedy, "Guys And Dolls", which opens Thursday in the Branding Iron Theater at West Texas State College in Canyon, will be played by, from left: Robert Miller of Dawn, and David Dziuk and Gary Wertenberger of Hereford. Miller will sing one of the featured roles of the show as Rusty Charlie, and the other two will be "gamblers and guys". The production will be repeated Friday and Saturday at 8:15 p. m. and Saturday at 2 p. m. Additional performances are scheduled May 11, 12 and 13. (WTSC Photo)

### DANIEL NEWS

## Greenbug Spray Work Continues

**BY MRS. W. R. MOORE**  
Some of the farmers are having to spray their wheat the second time for green bugs. There were 118 people in Sunday School and church at the Palo Duro Church and the revival meeting was well attended all last week. Several new

people were admitted to the church during the meeting. Mrs. J. T. McClain received word that her grand-daughter, Anna Beth Harrell, is seriously ill with pneumonia in an Amarillo hospital. The older girl, Vinita Mae, fell off the porch last week and broke her arm. Anna Beth and Vinita are the daughters of the Rev. and Mrs. Davis Harrell of Amarillo.

# Student Council Election A Big, Gala Affair

TEACHER OF THE WEEK for this week is Mrs. Margaret Madison. She teaches English II at Hereford High School. Her greatest disappointment is to see a student waste his ability. (Staff Photo)

## TEACHER OF THE WEEK

### Make Best Of Abilities Is Advice Of Mrs. Madison

"If I can influence any student to make the best of his abilities, I would feel well compensated," stated Mrs. Margaret Madison in a recent interview. Mrs. Madison is one of the English II teachers at Hereford

High School. Her hometown is Kansas City, Mo. She was graduated from Westport High School in Kansas City, and from Sterling College in Sterling, Kan. After she graduated, she did not go directly into teaching;

she worked in a radio station as a continuity writer, and she had her own program. Her first teaching assignment was at Mercedes, Tex., where she met her husband, Marvin, who was coaching there. (Continued on page 2)

Posters of every size and description filled the air and covered the walls. Students found a day's supply of candy and chewing gum upon arriving at lockers. The goodies had been left in lieu of support for some hopeful candidate's campaign.

Last week was election week at Hereford High School. Typical electioneering tactics prevailed as the student council staged the annual political rally Thursday night, complete with flowery speeches, "spontaneous" demonstrations, and ample small-scale bribery for all concerned, usually done with bubble gum or lolly-pops.

Campaigning reached many deafening peaks during the two-hour rally Friday. These usually were accompanied by gunshots, as some didn't see eye-to-eye with a favorite son.

Out of all this came the election for 1961-62 Student Council and class officers.

John Buck was voted Student Council president during elections held Friday morning. Hereford High School voters named Jani McBroom as vice-president.

Leading as president of the senior class of '62 will be Joe Mack Hale. Jim Kassahn won the junior class election to fill the presidency.

Seeking the office of president of the Student Council, Jim Reinauer conceded to John

Buck after the first ballot. These were the only two running for the top post.

In the election for vice-president, four candidates vied for the title in a closer race. Dick Plank, David Dowell, Janie McBroom and Kay Seamands were nominees. A run-off vote was necessary before the stu-

(Continued on page 2)

## Ideal Girl

Dickie Mason has been scouting around for a perfect ideal girl. He found that Joy Story is ambitious; Donna Rogers, intelligent; Joyce Ann Johnson, bursting with energy; and Janie McBroom, talented. Maribeth Gilliland is always eager.

Dickie looked a little further and found Doris Berend very youthful, while Pat Ranspot is silly, and Jenny Holt, the most daring of all. He likes to see girls who are happy like Judi Price and as likable as Nancy Edwards.

He believes Sharon Hill has the most beautiful hair, Judy Fowikes the most gorgeous eyes, and Carolyn Hammett the prettiest teeth. The ideal girl should have little hands like Cherry Holt, and a shapely nose like Sandy Blythe. Her ears should be small like Diane Clearman's and her feet as tiny as Judy Means's. Joyce West has the best walk and Sandra Moore has "the" figure.

Prying around a little more Dickie finds Sandra Hodges neat, while Judy Bradley is the best dressed. Martha Russell quiet and Mary Russell is terribly bashful. Shari Prowell is lots of fun and Heidi Rutishauser has nice manners. Dickie includes these qualities as standards for his ideal girl.

His "choice" girl should be as cute as Dianne Robinson, as beautiful as Sue Thomas, have the personality of Suzanne Langley, and to sum it up — the best-all-around girl is Jan Reese.

## BUCCANEER DAYS

### Band And Choir Leave On Corpus Christi Trip

For some, it will be the first view of the 'big water,' while for others, who consider themselves as "old salts," it will be a return to home; and for all concerned, it will be fun!

Members of the Hereford High School mixed choir and the Big Domino band are finally on their way to the Gulf of Mexico and Corpus Christi to attend and compete in the annual Buccaneer Days Music Festival to be held Friday and Saturday.

Rarin' and ready to go, the musicians made their hasty departure aboard three chartered busses at the hour of yawn' 12 p.m. Wednesday night.

Sight-seeing and swimming highlights the agenda of the trip, along with the contests. Students plan to make every minute count during their two-

day stay in Corpus. Hereford choir and bandsmen should arrive in Corpus Christi about 3 p.m. Thursday, after their 600-mile journey.

After getting settled in the hotel, musicians will begin touring the city. First stop, as might be expected, will be the beach, where these would-be amphibians will get their first taste of sea water.

From there, a trip to the

huge Festival Carnival is planned, to fill out the evening's tour. After the all-night ride of the night before, hotel rooms and a few winks of sleep should be welcomed.

Band contests will be held Friday morning. The Hereford band will compete in class AAA with bands from throughout the state in what is termed as "one of the most difficult contests in the nation," according

to Mr. Ben Gollehon, Big Domino band director.

Meanwhile, choir members will invade Padre Island for a fun-filled day of swimming and sight-seeing. Among the places of interest to be visited are the waterfront shipdocs, the huge Naval Training Station, the yacht basin, and the Padre Island Aquarium.

Students will travel the fa- (Continued on page 2)

Friends, Romans . . .

. . . and countrymen, lend me your ears . . .

. . . it's convention-time again.

Yes Sir, what it was was politics! Upon viewing some of the scenes at the annual Hereford High School political rally, held Thursday night in the high school gymnasium, one might begin to wonder. Campaigning was fast furious during the affairs as election hopefuls made their bids for office amid chaotic conditions.

Attending the rally was the "Big Domino Drill Team". Here, it "falls out" of formation after leading one of the many demonstrations during the rally.

As nominees shouted flowery speeches, candidate those that didn't see eye-to-eye with the

. . . were dealt with accordingly. (Brand Staff Photos)

**MORTGAGE BURNING CEREMONY** was held Sunday at the First Christian Church as the congregation officially completed paying off the debt on its building and parsonage. The \$212,001.55 debt has been paid off since June 30, 1957. Participating in the ceremony were, from left: Bill Dameron, stewardship chairman; Robert Veigel, building chairman; the Rev. Gilbert Davis Jr., pastor; Mrs. J. E. Hill, who with her late husband donated \$50,000 toward the debt; Bert Brown, board chairman; and John D. Aikin, stewardship chairman in 1957. (Staff Photo)

**Student...**

(Continued from page 1)  
dent body picked McBroo m over Seamands.  
Candidates for secretary of the Student Council will be nominated by the freshmen at Stanton Junior High. Elections for this spot will be held later.  
In class president elections, Jim Kassahn was named on the first go-around in the junior class campaign. Seniors required a second ballot to elect Joe Mack Hale.

Running for the office of junior class president were Judy Stone, Charles Mims and Jim Kassahn. Nonfilices in the senior race were Troy Don Moore, Joe Mack Hale, Joy Story and Drew Kersten.  
Joy Story and Joe Mack Hale needed a second vote before Hale finally polled a majority. Officers will assume their duties at the beginning of the '62 school year. Elections are held at this time in order that the officers may plan for the coming year, and attend the Student Council workshop during the summer.  
During the past two years, Student Council officers have attended the annual Texas Association of Student Council Workshops, which are held during summer vacation.  
These workshops are held in many colleges, at different times, according to Mr. Bill Phillips, Student Council sponsor. No definite plans have been made for this year's trip. Officers will attend conventions at some college, depending upon the time they wish to go.  
Last year, the Student Council officers attended the workshop held at Trinity University in San Antonio. Students gain much useful information concerning activities and programs of councils throughout the state, during the workshops.  
This year, tentative plans are to take class officers to the sessions also.

**Make...**

(Continued from page 1)  
They then moved to Waco and from there to Hereford in September, of 1960. They have three children; Julie, eight; John Tucker, six; and Gay, two.

Mrs. Madison's hobbies are her children and reading. She enjoys reading any type of book from the classic to the best seller. Her favorite type of recreation is a family outing.

Mrs. Madison's most embarrassing moment came during her first year of teaching when she lost all of her 128 report cards after she had filled them out.

"Although I have only been here a few weeks, I have received a very favorable impression of H.H.S. students," Mrs. Madison stated. She also stated that her biggest disappointment is to see a student with a lot of potential and not develop it. She became a teacher because it is fascinating to see a student grow and develop and make the best of his talents.

Mrs. Madison's secret ambition is to do a good job in raising her three children and make them happy, useful citizens.

The people who impress her the most are not people who have national acclaim, but her own personal friends. The thing that makes her the maddest is lack of courtesy in an audience toward a speaker or performer. The best advice she ever had came from her mother, who always told her, "If a thing is worth doing at all, it is worth doing well."

**Band...**

(Continued from page 1)  
mous Shoreline Drive, and visit the Corpus Christi Zoo. After band competition during the morning, the band will join in the excursions.  
Choir, ensemble and solo concerts will be staged Saturday morning while the band makes the rounds. Sunburned, tired, but happy, the musicians will begin the trip home after lunch on Saturday.

Climaxing the year for band and choir members, the groups should return home by noon on Sunday.

One big problem for the travelers seemed to be packing for the expedition. Besides horns, music, and uniforms, many things were essential for the trip.

Most important was the swimming suit; wiser bathers included an ample supply of suntan lotion. Street clothes, cameras, tooth brushes, portable radios and sunglasses were among the other necessities taken.

A picnic basket came in handy as the groups were, to eat dinner Thursday at a roadside park. Oh yes, mosquito repellent is always welcomed.

All this, plus shaving lotion, perfume, hair oil, and ointment to treat sunburns, that resulted from lack of suntan lotion, and medicine for insect bites that fought their way through the repellent, had to be compacted into a suitcase!

At any rate, members of the band and choir made it through the dilemma in time to leave for Corpus Wednesday night. With a year's eager expectation for the event, no one was caught unprepared.

two numbers under the direction of Tom Walker, vice-president, also performed a number. During the assembly, the professor of speech and drama gave a one-minute talk on the courses offered at Midwestern.

Earnest Highers, Minister  
Bible School is held each Sun-  
day at 9:30 a.m. with morning  
worship at 10:30 a.m.  
Worship service begins at 6  
p.m. each Sunday evening.  
Ladies Bible Study held each  
Wednesday morning at 10 a.m.  
Wednesday prayer services  
are held at 7:30 p.m.

# Christian Home Week

Observe this Sunday as *Christian Home Service Day*. Let us aid our Laymen's Organization in applying Christianity to the Solution of Human Problems. Help remedy the tragedy of *Adult Delinquency*— the greatest reason for *Juvenile Delinquency*. The failure of parents has resulted in wrecking millions of young lives. Then Mr. and Mrs. — be sure your failure does not cost you and God the soul of your child. Wake up! Get right! Make a move in the direction of the church and take your teen-agers with you! Just remember, *the Church is the strongest dyke against evil*. *The Church is the greatest foe of the penitentiary. The Church is mighty important, because Christ died for it.* How can anyone afford NOT to support it — NOT to attend it — NOT to help propagate its teachings? Take your youngsters to church this *Christian Home Week*.

*Spiritual Values take on a very different meaning with us adults once our juveniles become involved in the dope-menace or get in trouble with the police.*

## St. Thomas Episcopal

Harrison Highway  
Rev. Joel C. Treadwell, Vicar  
Vicarage, 416 Star Street  
Sunday: Holy Communion, 8 a.m.; Church School, 9:45 a.m. Morning Prayer and Sermon, 11 a.m.; Holy Communion the first Sunday of each month at 11 a.m.

# Smilin' Through' Enjoys Successful Two-Night Run

(By Whiteface Staff) An appreciative audience pressed the senior class play, "Smilin' Through," presented at the high school auditorium on April 24-25.

The advance publicity was fully justified. All the suspense of a secret love affair was presented in full force. Laughter and tears, blended with love and hatred, formed the action of the play. Every member of the cast was admirable in his part.

Edwin Thomas was perfect as the villain's Uncle John Carter, who appeared at first to be a bitter, old man. Sandra Lee, who portrayed Kathleen, did a splendid job with her English accent. Kenneth Payne, played by Franklin Watkins, played the humble young suitor who loved Kathleen, in a very stirring manner.

Ken Betzen, as the old Dr. Wens, did an excellent job. Helen, the maid, played by Karen Daniel, portrayed the understanding woman to the fullest.

Ruth Wagner, as young Ellen, and Jerry Clark, as the young Dr. Owen, added a bit of comedy to the plot. James Gentry, as young John Cateret, and Cherry Holt, as Mooneyean Claire, portrayed the two young lovers superbly. Clint Conaway, as the neighbor farm boy, did a marvelous job.

After the play was over on Tuesday night, Cherry Holt, Sandra Moore and Tommie Kay

Robinson, the organist, were presented with flowers. The cast gave Miss Wall, the director of the play, a gift. All through the play very effective music was played by Tommie Kay. Robinson on the organ. The money raised from the play will go toward buying the organ for the H.H.S. auditorium. The organ is a memorial to the late Mr. Garner, a former teacher.

## Senior Class Personalities

(By Whiteface Staff) "My most embarrassing moment was when I got caught chewing gum in class," says Martha Carol Duncan.

She was born July 16, 1943, at Mt. Pleasant, Tex., and she is a 17-year-old senior of Hereford High School. Her parents are Mr. and Mrs. Herbert Duncan, who live at 107 West 8 St. When she graduates, she plans to work for a year; then go to college at Texas Tech. Her pet peeve is drippy faucets. She said she thinks Hereford High

School is a pretty good school. Her opinion of homework is she wishes we could do away with it.

Martha's biggest disappointment is not getting to go on a senior trip. The best advice she has ever had is to listen instead of talking all the time. Her advice to underclassmen is to enjoy everything while you can because you may not get another chance. When asked her secret ambition, she replied, "If I told it, it wouldn't be a secret anymore."

Her favorites are: hobby, collecting stuffed animals; book, "The Silver Chalice"; movie, "Some Like It Hot"; song, "Oh Carroll"; and entertainment is riding around and listening to

the radio.

Barbara Roundtree says her secret ambition is to live by the ocean. She was born Sept. 2, 1943, and she is a 17-year-old senior.

Her hobby is listening to music. She enjoys reading drama books.

After graduation she plans to work at Helen's Youth Shop. Barbara's advice to underclassmen is to study hard and have lots of fun.

Roger McQuigg's secret ambition is to go to college and become another Gaylord Newell.

He was born in Albuquerque, N. M., and he is the 17-year-old son of Mr. and Mrs. C. R.

McQuigg. His pet peeve is anyone who gossips. His opinion of H.H.S. is that he thinks it is a good school — if it didn't have so many cliques. He plans to attend West Texas State College after graduation.

The best advice he has ever had was to grow taller.

His superstitions are black cats and walking under a ladder. His opinion of going steady is that he thinks it is nice because you can always be sure of a date. His pastimes are bowling, skiing and coin collecting.

Ann Sheppard, daughter of Mr. and Mrs. R. M. Sheppard and an 18-year-old senior, says her most embarrassing moment was when she

fell down the stairs and landed on her seat.

She was born Feb. 6, 1943, at Wichita Falls. Her ambition is to be a hair stylist and a good wife. She says her biggest disappointment was when she found that money didn't grow on trees. Her pastime is swimming and being with Johnny.

Ann belongs to the high school band and she works at the Hereford Insurance Agency.

When asked what she thought of H.H.S., she replied, "It is a good school, but it could be improved."

Britain's Royal Mint is considering the possibility of making money out of plastic.

## Question Of The Week

What is your opinion on Federal aid for education?  
Delores Price — I think the only way it would ever work would be for the government to give it to the state and the state would have to account for the spending.

Kathryn McClain — I'm absolutely against it! It's a move toward a more socialistic government and communism. Education needs aid, but not by the Federal government.

Donald Payne — I'm for it because the American people today are in need of a stronger education program. We have underdeveloped regions in the United States that need aid, but because of no aid in their states for these schools, children have poor education. To catch the Russians we must have a form of aid for education. If Federal aid is the only way to meet this need for education, I'm for it.

Franklin Watkins — I believe that it would be all right as long as the national government didn't force the students to study any particular field, such as communist education does. It should be taken care of by the state and county supervisors, though, because they don't know the need of the particular area.  
Walteen Beavers — I don't think we should have Federal aid for education because it will take away the freedom of schools in their communities.

Coach Kitchens — I don't believe in it. I think Texas has enough natural resources to take care of its own.  
Judy Rowland — I think that in certain districts it would be fine. If the community can afford to support its own school it doesn't need Federal aid.

Gary Kendrick — I believe that Federal aid to education is something which should not come into being. Federal aid to education would bring about something similar to medicine. At its beginning it probably would make its start gradually; then its hold on education would destroy many of the free privileges which we so often take for granted. Gradually, Federal aid to anything, whether education or some other topic, will become so strong that it will destroy our entire nation's freedom which men throughout its history have died to preserve; not for their own selfish reasons, but for the betterment of the generations so that they could have the right to be free in all that they do. The choice is up to "young America". Only through faith, and insight given to them by God will they be able to free themselves from this oppression, no matter what form it takes, such as the heading of this topic: Federal Aid to Education.

## Clubicity

(By Whiteface Staff)

The National Honor Society met Thursday, April 27, in the auditorium. Donald Payne was recognized as the person who had sold the most candy. He sold 23 cans.  
Zell Crump was second with 13 cans. An auditing committee composed of James Gentry, Walteen Beavers and Lavonne Thompson was appointed.

The new officers for 1961-62 were elected also. They were: Troy Don Moore, president; Judy Fowlkes, vice-president; Connie Kent, secretary; Bill Miller, treasurer; Donna Rogers, historian; and Kathryn McClain, parliamentarian.  
The installation of the new officers will be held sometime in May.

Scientists of the Lick Observatory say the surface temperature of the sun is 6,673 degrees centigrade.

NK announces exclusive 3-way crop assurance plan for Sorghum farmers!

**Free seed replacement from Northrup King on either forage or grain sorghum if you must replant for any reason!**

Here is Northrup Kings replanting offer to you:

If your NK sorghum crop (either grain or forage) fails because of drouth, flood, insects or any other reason . . .

Northrup King will replace the seed FREE. No gimmicks. No double talk. No confusion. Just these simple conditions: You must replant this season; supplies of the NK variety you want must still be available; and we make inspection of the field before you disk. Your local dealer or NK salesman will then replace the NK seed you planted in the amount of your original purchase for one replant.

Plus unmatched early varieties for late plant or replant

Should hail, flood, or other threat from nature delay planting or destroy your crop, Northrup has early maturing varieties ready to come to your rescue. These grain or forage varieties are unmatched for their ability to produce profitable yields, even when planted in early July . . . another solid kind of protection available only from Northrup King.

Plus exclusive green treating and other factors for fast emergence

You start getting additional crop protection from NK sorghums the minute the seed hits your soil. Exclusive green coating on every NK sorghum seed fights off loss from disease and harmful organisms, helps assure uniform stands of strong, healthy seedlings. Other built-in genetic factors speed emergence, promote early vigor . . . help you collect more profit from every acre.

**Plant NK sorghums for more from every acre!**

AUSTIN HIGHLIGHTS

# High Finance Is Interesting Game

BY VERN SANFORD  
AUSTIN — Capitol hands are engaged in a legal and dead-serious type of "numbers game."

Object is to figure out how much money certain tax bills will bring in. Also what the legislature needs to round up in order to meet the state's obligations. Then, find out how much additional cash is necessary to foot all bills. Any number of persons can play this game — and a good many are. Looks like all Texans will be affected.

Gov. Price Daniel, who takes a dim view of the House-passed 2 per cent sales tax, said \$50,000,000 short of needed revenue. Rep. Charles Wilson of Trinity, sponsor of the sales tax, offered it as a means of raising \$127,000,000 a year.

Texas Research League, which has made a continuing study of state finances, estimated Wilson's bill would raise \$265,000,000 in the next two years, with

\$22,000,000 more coming in late because of a two-months collection lag. This would take care of the general appropriations bill as passed by the Senate, says the League, leaving some \$106,000,000 to pay for teacher raises and medical care for persons on state welfare rolls.

Wilson has also put forward another tax bill that would repeal the corporation franchise tax and substitute a 4 1/2 per cent corporation income tax for a net gain of \$50,000,000 a year in state revenue.

Governor Daniel has proposed a new eight-point compromise plan designed to add \$73,316,000 to the general revenue fund over a two-year period.

His plan calls for (1) passage of the twice-defeated estate bill, (2) doubling tuition at state colleges, (3) shifting the \$15,000,000 farm-to-market road spending from the general fund, (4) requiring county school superintendent expenses to be paid from local funds, (5) collecting \$3,000,000 from families able to pay for care of relatives in state hospitals and schools, (6) diverting one per cent (\$12,000,000) a year from the permanent school fund for current expenses and (7) revising or shifting several other school fund allocations.

HOUSE PASSES BUDGET BILL — House passed a general appropriations bill calling for the spending of \$1,520,000,000 during the next two years.

House bill is about \$20,000,000 higher than the appropriations bill passed by the Senate in late March. It is about \$130,000,000 more than is provided for present two-year period.

One of the biggest increases

## Ideal Boy

(By Whiteface Staff)

Mary and Martha Russell have agreed that their ideal boy has J. V. Perrin's intelligence, Randy Dowell's ambition, Eddie Gallagher's talent, and Wendell Wilson's voice.

He walks like Glen Nelson and has feet similar to those of Charles Burrus. Gary Gearn has the best nose, Jerry Currier has the bluest eyes, and Cotton Allred's hair is the nicest. Joe Shultz has the most charming smile.

The twins like the neatness of Virgil Strange and the way Eugene Baldwin uses his manners. The best dressed boy is Ronnie Botkin, most likable is David Dowell, and the kindest is Dick Plank.

The energy that Edwin Thomas has is remarkable, but you can't beat Eddie Skypala's eagerness. Edward Allison is funny to watch, while Jimmy Kasahn is silly. The ideal boy would be happy like David Sellers and daring like Wesley Poarch.

Jimmy Reinauer is quiet, Roy Rogers, bashful, and Lee Kimbell finds all the mischief to get into. The flirtiest is Charlie Thomas, and John Buck's friendliness can't be beat. The most fun is Dennis Hodges and the personality of Ken Walsler is great.

## HONOR ROLL

Judy Coffin of Hereford has been named to the Dean's List, college honor roll at Southwest Texas State at San Marcos. She is a freshman at S.W.T. to qualify for the Dean's List, a student must make at least a B average in all work and must carry at least 12 semester hours of classes.

Teeth of the sperm whale are highly prized by Fiji Islanders who give them as ceremonial gifts to honored visitors.

would be for education, which would be boosted by \$36,000,000 a year under the House bill.

Other provisions by the House would allow: \$15 per month raises for state employees making less than \$200 a month; 40-hour work weeks for employees of state hospitals and special schools; raises for State Liquor Control Board inspectors.

"UNIVERSITY" BATTLES — "University" has become a "fighting word" in the Senate, one that held up regular business for almost two weeks.

A determined group of Senators has opposed creating any more state-supported universities on grounds it will

put Texas in the position of the "old woman who lived in the shoe."

Nevertheless, Sen. Tom Creighton of Mineral Wells obtained final passage of a bill that would change the name North Texas State College to North Texas State University. Opponents scoffed at the prospect of having two universities in Denton (pop. 27,000). Other is Texas Woman's University (formerly Texas State College for Women.)

Sen. Robert Baker of Houston had more difficulty with his bill that would admit the University of Houston to the state college system. Senators Hubert Hudson, Wadlow Lane, Charles Herring and W. T. Moore teamed up to "talk the bill to death."

CAR TAX END SOUGHT — City and County property trucks would be abolished under a proposed constitutional amendment passed 102-to-35 by the House.

School district property taxes on vehicles would be retained. Auto property taxes have been a source of considerable dissatisfaction since some cities and counties collect them and others don't. Rep. Murray Watson of Mart, sponsor of the plan, said he would urge that the Legislature also adopt a law requiring car owners to show a receipt for payment of school taxes as a requirement for getting license plates. Watson's proposed amendment also would authorize the Legislature to increase vehicle registration fees by one-third to create a fund for improving county roads and city streets.

If passed by both houses of the Legislature, the amendment would have to be voted on by the people.

GARNISHMENT APPROVED — Another proposed constitutional amendment approved by the House would allow courts to garnish (take over) 50 per cent of a father's salary for child support payments.

Rep. Ben Jarvis of Tyler, sponsor, said the measure would result in a lightened load for the State Welfare Department. Frequently, said supporters, fathers ignore court orders to pay child support, causing the children

to become a public welfare problem. Opponents called the measure too severe.

ELECTION CODE IS TARGET — Changes in future balloting and candidate filing procedures continue to be a prime legislative topic.

A bill introduced by Senators George Parkhouse of Callas and Robert Baker of Houston would raise substantially the filing fees for legislative candidates in Dallas and Harris counties. A senatorial candidate would have to pay \$1,000 and a House candidate, \$500, compared to the present \$100 for each.

Another bill by Senator Parkhouse would limit each political party to one poll watcher per precinct and require that the watcher be a resident of the precinct in which he keeps his vigil.

A bill that would allow voters to check the candidate they favored rather than scratching all others has been approved

by House committee and sent to the floor. Committee also approved a bill that would require that the boxes containing ballot stubs be turned in after the election with unbroken seals.

WATER STORAGE RIGHTS URGED — Gov. Price Daniel has written President Kennedy urging his support for a pending congressional bill that would spell out the right of a public agency (such as the state) to buy permanent water storage space in reservoirs constructed by the Army Corps of Engineers.

Daniel pointed out that the present Legislature already has approved a constitutional amendment that would authorize use of state funds to buy such water storage. Clarifying legislation from the federal end, said the governor, would clear the way for "federal-state partnership in the vital field of water resources."

HIGHER BARBER LICENSES — House passed on second

reading a bill that would double the license fee for barbers. Present charge is \$10 for examination, \$5 for license renewal.

Extra money would be used to hire more state inspectors, upgrade barber college standards, said Rep. Ben Jarvis of Tyler, sponsor. He said barbers favored it. Jarvis' bill also would eliminate very small barber colleges by setting a 20-chair limit for schools.

SHORT SNORTS Rep. V. E. (Red) Berry's last-ditch effort toward legalizing horse racing and pari-mutuel betting was killed by the House. It sent back to committee a proposal for a state-wide referendum on racing.

Fines of from \$25 to \$200 could be levied on policemen who trap speedsters by waiting in a hidden spot under a bill proposed by Rep. Collier Adams of Lubbock. Texans would begin their days

an hour later, use an extra hour at the end of long summers. Present charge is \$10 for examination, \$5 for license renewal.

People who move from Texas would be allowed to vote absentee in Texas until they qualify for a vote in their new residence under a constitutional amendment proposed by Rep. Reed Quilliam of Lubbock. This privilege would last for only 24 months and would apply to only presidential elections.

Rep. Grainger McIlhenny of Wheeler has introduced a new bill to exempt farm trailers from licensing requirements. It is a substitute for a similar bill vetoed by Governor Daniel. New bill includes a number of safety, weight and speed limitations.

## Group Elects New Officers

St. Anthony's Guild elected new officers at its regular meeting Thursday night in St. Anthony's auditorium.

Officers are Mrs. Arhart Reinart, president, succeeding Mrs. Ed Dziuk Sr.; Mrs. Henry Wilhelm, vice-president, to succeed Mrs. Frank Annen; Mrs. Gene Loerwald, re-elected secretary, to succeed Mrs. Metretary; Mrs. Norbert Skypala, to succeed Mrs. W. J. Albracht, re-elected parliamentarian.

The new officers will take office in September. Members answered the roll call with "Something I can do to beautify my yard."

It was voted to plant geraniums around St. Anthony's Rectory.

The program for the evening was a flower seed and plant exchange conducted by Mrs. Frank Brinkman. Mrs. G. W. Hund won the hostess gift.

Mesdames John Henders on, John Paetzold, Norbert Skypala and Henry Wilhelm served refreshments to Mesdames Ed Dziuk, Walt Warren, G.W. Hund, Mable Wagner, Ed Loerwald, Gene Loerwald, Joe Paetzold, Charles Carney, Marvin Diller, Pete Korstjens, Agnes Hellman, Joe Brozman, Conrad Urbanczyk, Frank Kubacek, Frank Brinkman, Arhart Reinart and Andrew Kershen.

## Announcing

The Newest Developments In HYBRIDS

SCOTT 500 Here is a short-stalked, red grain hybrid with great yield potential and wonderful stand ability. Stalk height is about 12 inches shorter than RS 610. Red Grain (darker than RS 610 grain) on very large medium-dry heads. About same maturity as TX 660 and outstanding in ability to stand and to yield. Adapted to dryland or irrigation. 110 days to mature.

SCOTT 450 An early grain hybrid of about the same maturity as RS 610. It is very similar to Scott 500 (above) but earliness makes this an outstanding hybrid for areas needing this factor. Red grain, large heads, high yield and shorter stalks make Scott 450 a highly desirable early grain hybrid. 95 days to mature (12 to 18 shorter than 610).

A GREAT PAIR OF TRUE COMBINE HEIGHT HYBRIDS.

REP. WALTER ROGERS WRITES

# Members Of Four-H Clubs Always Welcome Visitors

TO THE PEOPLE OF THE 18TH DISTRICT:

Washington is fast becoming the Number One convention city of the world. The only reason there are not more conventions here is because there just is not enough room.

One group told me recently that in order for them to schedule their convention in Washington it was necessary to contract with a hotel here on a five-year basis. This will give you some idea of the great demand for hotel facilities for convention purposes.

It would be impossible to try to remember the names of all the different groups, and this newsletter would not have sufficient space in which to list them, so I will not even try. I will address my remarks to one of the most refreshing of these groups. That is the 4-H Club.

The young people who make up this group are the best advertisements for our American way of life that I can think of. Each year the 4-H Clubs hold a National Club Conference in Washington, D. C. This is attended by members of the organization chosen through sharp competition.

This year four members were named to represent Texas at the National Conference. The Panhandle can be very proud that one of these came from

our District. She is Miss Jan Barton of Matador, Tex., and is well-known throughout 4-H Club work as "Miss Everything in 4-H." Jan is a student in Texas Tech this year, but was excused from her studies long enough to make the trip to Washington, where she has taken a leading part in the activities.

The other three delegates from Texas were Miss Kay Botard of Alice, a very charming and beautiful young lady, Mr. Garland Weeks of Wichita Falls and Mr. Orlan Ihms of Georgetown, two outstanding young men who will certainly make their marks in the world.

Jan Barton is one of the finest young people I have ever known. She came to Washington last year and captured the heart of everyone she met. This year she met more people and captured more hearts. One of her captives is none other than Speaker Sam Rayburn.

Each year the 4-H representatives invite their Congressmen to breakfast. Of course the Texas contingent is always deeply honored to have Speaker Rayburn present. He never fails them. This year he and Jan immediately struck up a conversation about Red Payne of Matador and a horse that the Speaker had obtained from Red. You see, Jan had met the Speaker last year, so it was a re-

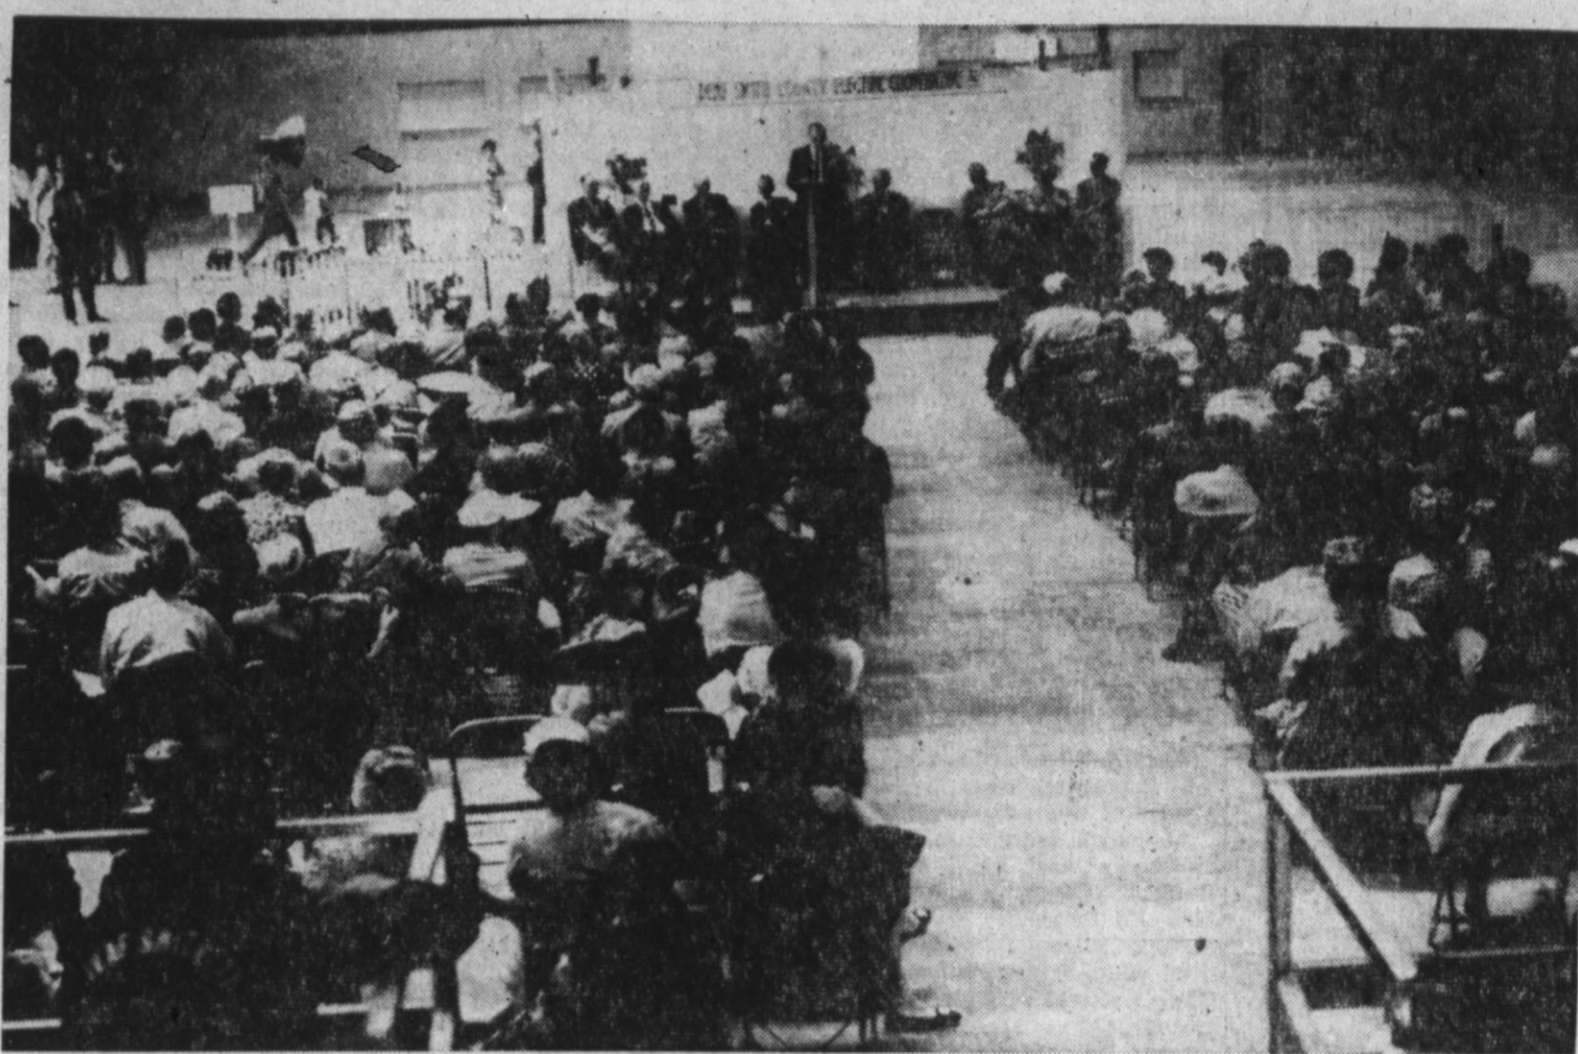

newed visit. In addition to the Speaker, the breakfast was attended by Members of Congress and wives who had a winner from their District.

I have been going to these breakfasts quite regularly, because we always turn up a winner. Last year I missed the breakfast because I had to be in the District, but Mrs. Rogers attended and had a wonderful time. Those in attendance this year were Senator Ralph Yarborough, Congressman Olin Teague, Congressman John Young, Congressman and Mrs. Frank Kard, Congressman and Mrs. Homer Thornberry, Jan Barton, Kay Botard, Garland Weeks, Orlan Ihms, Mr. Floyd Lynch and Miss Erma Wines. Mr. Lynch and Miss Wines accompanied the Texas group to Washington as chaperones. Each member of Congress was presented a beautiful paperweight with the 4-H symbol and the year of its presentation. This will be proudly displayed on my desk.

On Friday, the final day of the Conference, there was a luncheon for 4-H leaders and special guests. At this luncheon, one boy and one girl out of the entire delegation are selected to speak on their work in 4-H and what it has done for them and their community, and of course touching upon the theme of the Conference, which was citizenship. Jan Barton was the girl selected for this honor.

Four-H Club work is a part of the national educational system of cooperative extension work in agriculture and homemaking in which the United States Department of Agriculture, the State land-grant colleges, and the counties participate. The 4-H Club idea is now local 4-H Clubs in every agricultural county in the United States and Puerto Rico. These clubs are made up of 2,296,000 young people, chiefly rural, between ten and twenty-one years old. Approximately 302,438 volunteer adult leaders and 109,780 junior leaders guide their activities.

We were so very proud to have Jan here and to have

A LARGE CROWD attended the West Texas Rural Telephone Cooperative and Deaf Smith County Electric Cooperative meetings Thursday in the Bull Barn. They filled up seats on the floor and overflowed into the

bleachers on either side of the platform. Crowd during the afternoon was estimated at nearly 1,000. (Staff Photo)

## Three Local Students Seek Degrees At WT

Three students from Hereford are among the 300 candidates seeking degrees to be awarded at West Texas State College during spring convocation May 21, according to Dean Walter H. Juniper.

Included are Verita Joyce Sanders, Zonetta Carolyn Williams, and Bruce Wimberley.

Miss Sanders, a 1956 graduate of Hereford High School, is seeking her Bachelor of Arts degree at WT where she majored in speech. She is the daughter of Mr. and Mrs. O. R. Sanders, 400 W. Park Ave.

The daughter of Mr. and Mrs. J. C. Williams, Miss Williams is seeking her Bachelor of Arts degree. She is a 1957 graduate of Hereford High School. While at WT she has been active in the Christian-Presbyterian Center, Inter-Faith Council, Buffalo Gals, a local service club, Student Education Association, Alpha Chi fraternity for students in the top ranks of their class, and Kappa Delta Pi fraternity for people who are planning to teach. She was selected to represent WT in the 1960-61 edition of "Who's Who A-

mong Students in American Colleges and Universities."

Wimberley is the son of Mr. and Mrs. C. A. Wimberley, 3803 Lenwood in Amarillo. Wimberley, now a resident of Dawn, is seeking his Bachelor of Science degree at WT, where he majored in math. Wimberley is a member of Alpha Chi fraternity for students in the top ranks of their class. He was also in "Who's Who."

the opportunity to let others see a fine example of the splendid young people with which our section of the country has been blessed. She has brought great honor to her own community and to our District.

I think everyone should know what the 4-H stands for, so well expressed in the Club pledge, which I quote as follows:

**4-H CLUB PLEDGE**  
I pledge  
My head to clear thinking,  
My heart to greater loyalty,  
My hands to larger service,  
and  
My health to better living  
For my club, my community,  
and my country.

WALTER ROGERS  
MEMBER OF CONGRESS  
18TH DISTRICT OF TEXAS

## Reserve Team Is Due Here Friday

The Naval Reserve Information Team from the United States Naval and Marine Corps Reserve Training Center, Amarillo, will visit Hereford on Friday, May 5. The team's station wagon will be at Hereford High School from 2 p.m. until 5 p.m.

The team consists of John S. Hampton, Chief Hospitalman, and Jack P. Smith, FTIC.

Purpose of the visit to Hereford is to inform young men and their parents of the various Naval Reserve programs available through the Training Center in Amarillo. The Navy now offers several ways for young men to fulfill their 8-year military obligation. A new program to high school juniors and seniors is a plan which allows a young man to meet his obligation and still finish his college education without interruption.

In announcing the visit, Lieutenant Commander Bob Olson, commanding officer of Naval Reserve Surface Division 8-75, pointed out that the Training Center in Amarillo was built to serve a wide area of the Panhandle. Since the Center was opened in 1947, Reservists from many Panhandle towns have used its facilities in Naval Reserve activities there.

## Gaston Baer's Brother Dies

Adolph A. Baer, brother of Gaston Baer of Hereford, died in San Antonio, April 28 at the age of 69. He was a resident of San Antonio for 31 years.

Funeral services were Sunday, April 30, at 1 p.m. in the Akers Chapel with Dr. David Jacobson officiating. Arrangements were under the direction of Roy Akers in San Antonio.

Besides his brother, he is survived by his wife; three sons, Albert, of Oklahoma City, Carl E., Tulsa, Robert, Belleville; two sisters, Mrs. Ger-

maine Lyon, Washington, D. C., Mrs. Martha Kaufman, Santa Fe, N. M.; and four grandchildren.

## IN HAWAII

David A. Green, airman apprentice in the U. S. Navy and the son of Mr. and Mrs. John J. Green of Hereford, is serving with Airborne Early Warning Barrier Squadron Pacific at Barber's Point Naval Air Station in Oahu, Hawaii.

The site of Washington, D. C., as capital of the United States was chosen by George Washington.

## CUT OPERATING COSTS IN HALF with a JENSEN

With a Jensen you spend only about one-half as much on your operating costs as on other makes

Yes... it only costs about half as much to operate a JENSEN as it does other makes become all JENSEN systems are counter-balanced. This adds longer life to sub-surface equipment and saves on servicing, too!

The JENSEN model pictured here is one of 17 sizes. Thus you can select the exact JENSEN to economically fit your well depth and water requirements.

## JENSEN WATER SYSTEMS

Made by JENSEN BROS. MFG. CO., INC., Coffeyville, Kansas

We'd enjoy showing you how and why a JENSEN is so reliable and requires so little service.
