60TH YEAR — NO. 13

SOMEBODY GOOFED! There were several faces and a lot of laughs when the Hereford High School's new Key Club banner was unfurled during the Charter Night banquet. The manufacturer made a lousy mistake... he spelled "Hereford" improperly. From left are Key Club president Gary Tannahill, guest Carol Hamby and Kiwanis Club president Jess Robinson. Yes, a new banner has been ordered. (Staff Photo)

Woman Dies, Three Injured In Three Different Wrecks

A 64-year-old Bloomfield, N. M., woman died Wednesday morning of injuries sustained in a one-car accident 15 miles west of Hereford Monday afternoon.

Mrs. L. C. Chapin, wife of a minister, passed away at 2:30 a.m. Wednesday at North-west Texas Hospital in Amarillo. She received fractures and multiple bruises about the body as passenger in a car driven by her husband. The accident occurred at 2:20 p.m. Monday west of the city on Harrison Highway.

Four persons were injured in three vehicle accidents in Deaf Smith County Monday, and one remained hospitalized Wednesday morning. The Texas Highway Patrol unit in Hereford was still investigating a fourth accident which apparently occurred sometime Saturday night or Sunday.

John Willard Daniels, 31, of Vega, who was driver of a semi-truck which collided with a Santa Fe freight train at 3 p.m. Monday, was reported in good condition at Deaf Smith County Hospital Wednesday morning. The accident occurred on a county road, at its railroad crossing, 1.2 miles east of Hereford.

Mrs. Chapin's husband was treated and released from the emergency room of the Hereford hospital Monday afternoon. Chapin, 67, a minister at Bloomfield, was driver of a 1956 sedan which hit the culvert of a dirt road while attempting to pass a semi-truck on the Harrison Highway.

Treated and released from Deaf Smith County Hospital Monday was Arnold Eugene Fängman, 25, Route 3, Friona. He was driver of a 1958-model automobile which crashed into the rear of a 1954 semi-trailer a half mile west of Summerfield at about 2:30 a.m. Monday.

Highway Patrol officers Tuesday afternoon were still unable to ascertain the name of the driver of a 1955-model car which struck a tree on the north side of Harrison Highway five miles west of Hereford. The demolished car apparently left the road to the right while travelling west, and was left in a field by the unknown driver.

Daniels, owner of the Vega Sand and Gravel Co., was injured when his empty semi-truck headed north on the county road, hit the front engine of a westbound 82-car Santa Fe freight train. The freight engine was not damaged. The accident was investigated by Highway Patrol Sgt. Roger Rosebee who

PART OF STATE GROUP

Top O' Texas Vegetable Growers Council Formed

More than 30 persons met Monday night and voted to organize the Top O' Texas Vegetable Growers Council. Included in the Council will be the 22 counties located in the extreme northern part of Texas.

A tentative constitution and by-laws for the group was read and approved.

Acting as temporary chairman, Raymond Higginbotham of Hereford appointed a committee to nominate three permanent officers and to arrange a program for the Council's next meeting.

Members of the nominating committee will be Kenneth Neil of Friona; Wendell Christian of Bovina; George Turrentine of Westway and Higginbotham.

Dues were set at \$15 per year.

The organization is open to any person who derives more than half of his income from the production of vegetables or other crops.

Higginbotham opened the meeting by outlining the need for state and regional organizations of vegetable growers.

He told of attending three meetings with growers from other parts of the state during the past three months. Also attending one or more of the meetings were Christian and Bruce Parr of Black.

In January, at a meeting in San Antonio, the Texas Vegetable Growers Council was formed with offices in San Antonio. The state then was divided into 10 areas, each of which is to have its own Council and representation on the board of the state group.

Purpose of the organization, according to the constitution, is to promote the production, quality and consumption of Texas-grown vegetables. Information and advertising of Texas vegetables is to be one of the primary objectives of the state Council, Higginbotham said.

Membership in the group is purely voluntary, and is open to all vegetable and fruit growers.

Higginbotham explained that the group hopes to learn more about marketing problems and transportation difficulties through a group effort, rather than as individuals.

Rep. Jim Wright Gives Campaign Luncheon Talk

U. S. Rep. Jim Wright of Fort Worth outlined his basic platform and political philosophy during a luncheon at the Hereford Country Club on Tuesday.

About 100 attended the affair as Wright swung into the last week of his campaign for the U. S. Senate. He is the second of 71 candidates to visit Hereford since the race started. The election is slated for Tuesday, April 4.

"I want to be a Senator for all of Texas, and not just some of its segments," Wright said. "I think what you want is a man who will look at the situation which a legislative bill would seek to change and determine whether it would be beneficial and of added strength to our economy."

Wright said he believed in a free enterprise, capitalistic system, but not at the risk of reaching the point where there would be only three or four retail outlets in the average small town or only a few corporate-type farms.

"I don't believe it is a healthy situation when milo used to bring \$2 and now brings \$1.50 and a \$3,000 tractor now costs \$7,000," he commented. "Our economy is not in right adjustment when prices on farm goods go down and other prices continue to rise."

Girl Makes Bond In Forgery Case

An 18-year-old Hereford girl, Sue Ann Sloan, was released on bond Wednesday following her arrest on a charge of forgery.

The girl, who lives at 414 Avenue J, was arrested Friday, March 24, by Sheriff Lowell Sharp.

Bond was set at \$1,000 on Tuesday by acting Justice of the Peace Jim Neill. The girl made bond Wednesday morning and was released.

(Staff Photo)

Girl Severely Burned Tuesday

Tamera Sosebee, 12, daughter of Mr. and Mrs. Roger Sosebee of Hereford, Tuesday morning sustained severe burns about her body when she backed into the open flame of a gas heater and her dress caught fire.

The seventh grade student at Stanton Junior High received second and third degree burns in the accident. Her sister, Cheryl, 13, extinguished flames with a throw rug.

Her legs and back were burned when her dress caught fire from the open flame of the heater in the living room of the home, which is located at 909 Park Ave.

Cheryl received slight burns of her hands when she extinguished flames with the throw rug.

Tamera's condition was reported as satisfactory Wednesday morning by her father, who is sergeant with Texas High

for the cane refineries in the purchase of foreign sugar, is good for us and for our efforts because it should lead to more cooperative as foreign sugar will not be so lucrative financially for the cane refineries as it has been in the past.

Witherspoon returned to Hereford Tuesday night. He went to Washington on March 21, a few hours after the 21-month extension was passed by the House.

At the Committee's open hearing Monday were representatives of the State Department, the Department of Agriculture and all segments of the sugar industry. Lee Benefield of Hereford, president of the Texas Sugar Beet Growers Association, also attended the hearing.

"We still do not know and will not know the outcome until midnight March 31," the Hereford attorney said. "The Growers Association of Minnesota, after organizing, were seven years in getting their first refinery. We hope it won't be that long before we get one, but we are having to fight the State Department of our federal government — and it isn't easy."

Testifying for the short extension of nine months were Witherspoon; Martin McLean of the American Farm Bureau

(Continued on page 2)

AFTER WASHINGTON TESTIMONY

See 15-Month Delay In Sugar Act Legislation

The United States Senate Finance Committee in executive session Tuesday amended a bill passed by the House of Representatives, last week, reducing a 21-month extension of the Sugar Act to 15 months.

James W. Witherspoon of Hereford, representing the Texas Sugar Beet Growers Association, appeared before the Senate Finance Committee in Washington, D. C., Monday. His appearance before the Committee

marked the first time the beet growers association has had an opportunity for a public hearing.

In addition to the reduction of extension from 21 months to 15 months, the Committee amended the House bill to require the purchasers of Cuba quota imports from foreign countries to pay into the United States treasury the difference between the world price and the amount paid.

"The 15 month extension is not what we desired, but at the same time it is better than 21 months," Witherspoon commented Wednesday morning.

The House last week passed the 21-month extension bill, the bill carrying by five votes on the two-thirds majority rule.

"These changes by the Senate Finance Committee," Witherspoon explained, "must be voted by the Senate on the floor and the House and the Senate will need to get together in an agreement by midnight Friday, March 31, in order to have an extension of the Sugar Act. Otherwise, it will expire."

A large number of Congressmen, including Walter Rogers from this district, filed briefs for a short extension. Witherspoon testified before the Committee for a short extension of nine months.

"I think the action of the Se-

Around Town

One of the happiest persons we have ever seen was Eula Lee Cave when "the kids" who frequent the Community Center gave her a birthday cake Saturday night. And we can't think of anyone who more deserves such a surprise.

Spring concert for all Hereford public school bands will be held Thursday, April 6, according to director Ben Gollehon. The Hereford High School, Stanton Junior High and Seventh Grade Bands all will appear, plus the high school stage band. Highlight will be coronation of the band king and queen. Proceeds from ticket sales will be used to help defray expenses of the band and choir trip to a contest in Corpus Christi in May.

Next Grand Jury meeting is slated for April 5, instead of April 4. The petit jury called for Monday was dismissed after the docket was cleared without action.

Trade Promotion Committee (Continued on page 2)

Man Fined \$50 For 2 Charges

Juan Posada Arila, 57, of Rock Springs was fined \$50 plus court costs in County Court Monday after entering a plea of guilty to charge of drunk and carrying a concealed weapon.

Arila was arrested at Hereford Labor Camp at about 11:55 p.m. Saturday. Making the arrest were Bill McCarver and Domingo Pesina, County Sheriff's office deputies.

The arresting officers said a .38 calibre Smith & Wesson revolver found in Arila's possession at the time of arrest.

CONGRESSMAN JIM WRIGHT leans across the table to talk with some of the 100 persons who attended a luncheon in his honor Tuesday in Hereford. He was here on be-

A VEGA MAN received minor injuries Monday afternoon when the gravel truck he was driving collided with a westbound 82-car Santa Fe freight train engine 1.2 miles east of Hereford. In another accident which also occurred Monday afternoon in Deaf Smith County, a 64-year-old Bloom-

field, N. M., woman suffered fatal injuries. The truck-train accident was one of three vehicle accidents which occurred in the county Monday, claiming the life of the Bloomfield woman and injuring three others. (Staff Photo)

Trustee Elections Saturday

FOR THREE BOARDS

Three school elections will be conducted in Deaf Smith County on Saturday, April 1.

Included will be races for two trustee posts on the Hereford Rural High School Board, three seats on the Deaf Smith County School Board and a single post on the Walcott School Board.

Major interest is centered on the races for the Hereford board, where two incumbents are opposed by four candidates. The two top vote-getters in the election will be the winners. The trustees on this board are elected "at large." Incumbents are W. P. Axe and Tom Robinson. They are opposed by Labry Ballard, Don Bangus, Johnny Johnson and Dr. Wesley B. Owen.

Running for re-election to the County School Board are Melvin May, Commissioner's Precinct One; J. C. Morrison, Commissioner's Precinct Two; and

H. M. Benson, Commissioner's Precinct Four. J. V. Perrin also has filed seeking election as trustee from Commissioner's Precinct Four in the only contested race.

Jim Monroe filed for election to the Walcott Common School District. He is the only candidate, since incumbent Jack Weaver did not seek re-election.

Polls will open at 8 a.m. and close at 7 p.m. for all three elections.

Voting places for the Hereford Rural High School trustees will be at the school tax office, Avenue F and Union, and at the Dawn School house. Following polling places were announced for the County School Board: Precinct One in driver's license examination room in the first floor of the courthouse; Precinct Two will vote in the Commissioners' Courtroom on the second floor of the courthouse; and Pre-

cinct Four election will be at the Ford Community building. Voters in the Walcott Community (Continued on page 2)

\$155 In Bills Taken During Burglary Here

A total of \$155 in cash was taken in a burglary of Sunset Lanes bowling alley sometime Sunday morning. It was reported this week by Hereford police.

The cash, all in paper currency, was taken from a cash box which had been placed in a locker. The locker door apparently was opened with a key and the metal cash box was pried open, police reported.

The burglary was discovered (Continued on page 2)

**Around...**

(Continued from page 1)  
of the C of C is slated to meet at 10 a.m. Thursday, March 30, in the Jim Hill Hotel ballroom for a talk on profits and a progress report on the Spring Smorgasbord.

Aviation Committee is to meet at noon Friday at the Hereford Country Club.

Deadline for buying vehicle licenses without penalty is Friday, March 31, at 5 p.m. The lines are getting longer.

Westway Community social has been postponed until Friday, April 7.

Some \$4 or \$5 was taken during a break-in at Alkman Elementary School sometime Sunday, Hereford police reported. Entry apparently was gained through the east door. All teachers' desks were rifled, but there was no report of vandalism. Glass door at Cowan Jewelry also was damaged by B-B shot during the weekend.

We might have led some people astray with a report

Federation; Roscoe Fletcher of the New Mexico Sugar Beet Association; Robert M. Kerr, a farmer of Altus, Okla., for the Southwest Oklahoma Area Development Association; and Floyd M. Smith, Arizona Governor's Sugar Beet Committee for the state of Arizona.

Those who testified for the 21-month extension before the Senate Finance Committee included: representatives of the Department of Agriculture; Edwin M. Martin, Assistant Secretary of State for Inter-American Affairs; Larry Myers of the sugar section of the Department of Agriculture; Sen. Allan J. Ellender of Louisiana, a chairman of the House Agriculture Committee; and Sen. Milton R. Young of North Dakota.

Sen. William A. Blakley of Texas, through his assistant with Sen. Harry F. Byrd, chairman of the Senate Finance Committee, is chiefly responsible for bringing about the open

on the city's bid letting last week. The total bid of \$182,000 included both the city's part and the residents' part of the many projects. So, actually, the bids came in about the way they had been fringed since the \$30,000 Grand Avenue job alone included \$19,000 which will be paid by the residents.

Hereford High School baseball team has been inactive this week, but trying to get in some practice. Two games are slated here on Saturday when the Whitefaces host the Portales, N. M., Rams in a doubleheader. This is to be the only

hearings," Witherspoon said. Witherspoon added that Sen. Clinton P. Anderson of New Mexico and Sen. Robert S. Kerr of Oklahoma, both members of the Senate Finance Committee, were chief proponents for the Association's cause.

The Hereford attorney said: "Sen. Anderson stated to the State Department that we hear a lot of America for the 'Afri-Cans' and he wanted to hear something about America for 'Ameri-Cans.'"

(Continued from page 1)  
at about 1:30 p.m. Sunday by Paul Jette, manager of the bowling alley. The bowling alley is located at 110 N. 25 Mile Ave. A total of \$47.71 in silver was left in the cash box by the burglar or burglars, according to investigating Hereford police officer Jim Neal.

Entry to the building apparently was gained through the rear door, the investigating officer said. The only indication of forced entry was a slit screen of the outside door.

The cash box had been locked up in a locker. The locker room is on the south side of the building.

No vandalism was reported by investigating officer.

"at home" doubleheader of the season.

Don't forget to vote Saturday in the school board elections. Once again, you forfeit your right to gripe if you don't vote.

Milwaukee's Bob Buhl gave the most bases on balls—103—in the National League in 1960.

**School...**

(Continued from page 1)

In other action, the trustees approved a transfer from the science department at Stanton Junior High School to the English department of Hereford High for Mrs. Billie Jene Williams. Mrs. Williams also was recommended for contract renewal by the trustees.

The trustees also passed a motion to adopt a policy that all high school students maintain 90 per cent attendance during the school year, with exceptions to be determined by administrative policies.

Another policy adopted was that married students must maintain an average daily attendance of 90 per cent, computed on a six weeks' basis, in order to remain in school, and that pregnant students shall be withdrawn from school immediately and shall not be allowed to re-enter school until the child is six months old. The adopted policy further stated that married students shall be ineligible for extra-curricular activities.

Two other policies adopted were:

"Personnel employed in the maintenance, custodial, and transportation departments shall not be over 55 years of age at the time of employment."

"Effective Sept. 1, 1962, no school employee sixty-five (65) years of age or over shall be given a contract or retained in employment."

The trustees also approved a request to charge admission to the annual Spring Band Concert at Hereford High next week, with proceeds of the concert to be used for partial payment of meals during a band and choir trip to Corpus Christi next month. The two music departments will take part in Buccaneer Days at Corpus Christi May 4, 5 and 6, and the school will pay for their transportation, lodging and their portion of the meals.

**Rep. Jim...**

(Continued from page 1)

He said that the recently approved feed grains bill was a good bill. "Possibly the best that could be hammered out on the forge of compromise."

Wright pointed out that he was co-author, with Rep. Walter Rogers of Pampa, of the bill to allocate part of the annual sugar increase to Texas.

More important than any of these local issues, however, is the need for the U. S. to regain its lead in the Cold War and position of world leadership, Wright said. "For the first time, the Monroe Doctrine has been violated and an enemy beachhead established just 90 miles off the U. S. coast."

"We must stop selecting ambassadors on the basis of how much money they have contributed to the party. We must demand that all ambassadors and foreign officers speak the language of the country where they serve. We must stop lavish embassy parties which cater to the fur and limousine set."

Wright urged that the U. S. counter Soviet psychological work among other nations, particularly their teachers, labor leaders, newspaper editors and radio commentators. "We should bring these people to the United States and let them see how we really live."

He asserted that 768,000 Soviet-slanted books were sent to schools in Central and South America last year by the USSR. Wright said the United States needed to send good American literature and good American films into other nations.

Congressman Wright concluded by asserting that the people from Texas should elect as their U. S. Senator a man who has had legislative experience at the national level.

Leo Forrest introduced Congressman Wright and Mrs. Wright. Bill Decker and Ann Woodward handled arrangements for the visit.

(Continued from page 1)  
was assisted by Highway Patrol officer Carol Parker.

While the officers were investigating that accident, Patrolman Parker was called to the one-car accident 15 miles west of Hereford. The Chapin car, headed west on Harrison Highway, left the road to the south before hitting the culvert southwest of the highway's intersection with a dirt road.

Mr. and Mrs. Chapin were taken to the hospital by Gilliland ambulance. The automobile was demolished.

Fangman, whose 1958-model automobile crashed into the rear of a 1954 semi-trailer driven by Afton Cecil Jones, 43, of Gilmer, Tex., was taken to the emergency room of the hospital in Hereford by private car. Both vehicles were headed west on Highway 60 about 8½ miles west of the city.

Both vehicles came to a stop on the highway. Fangman's car was demolished while damage to Jones' truck was estimated at about \$15.

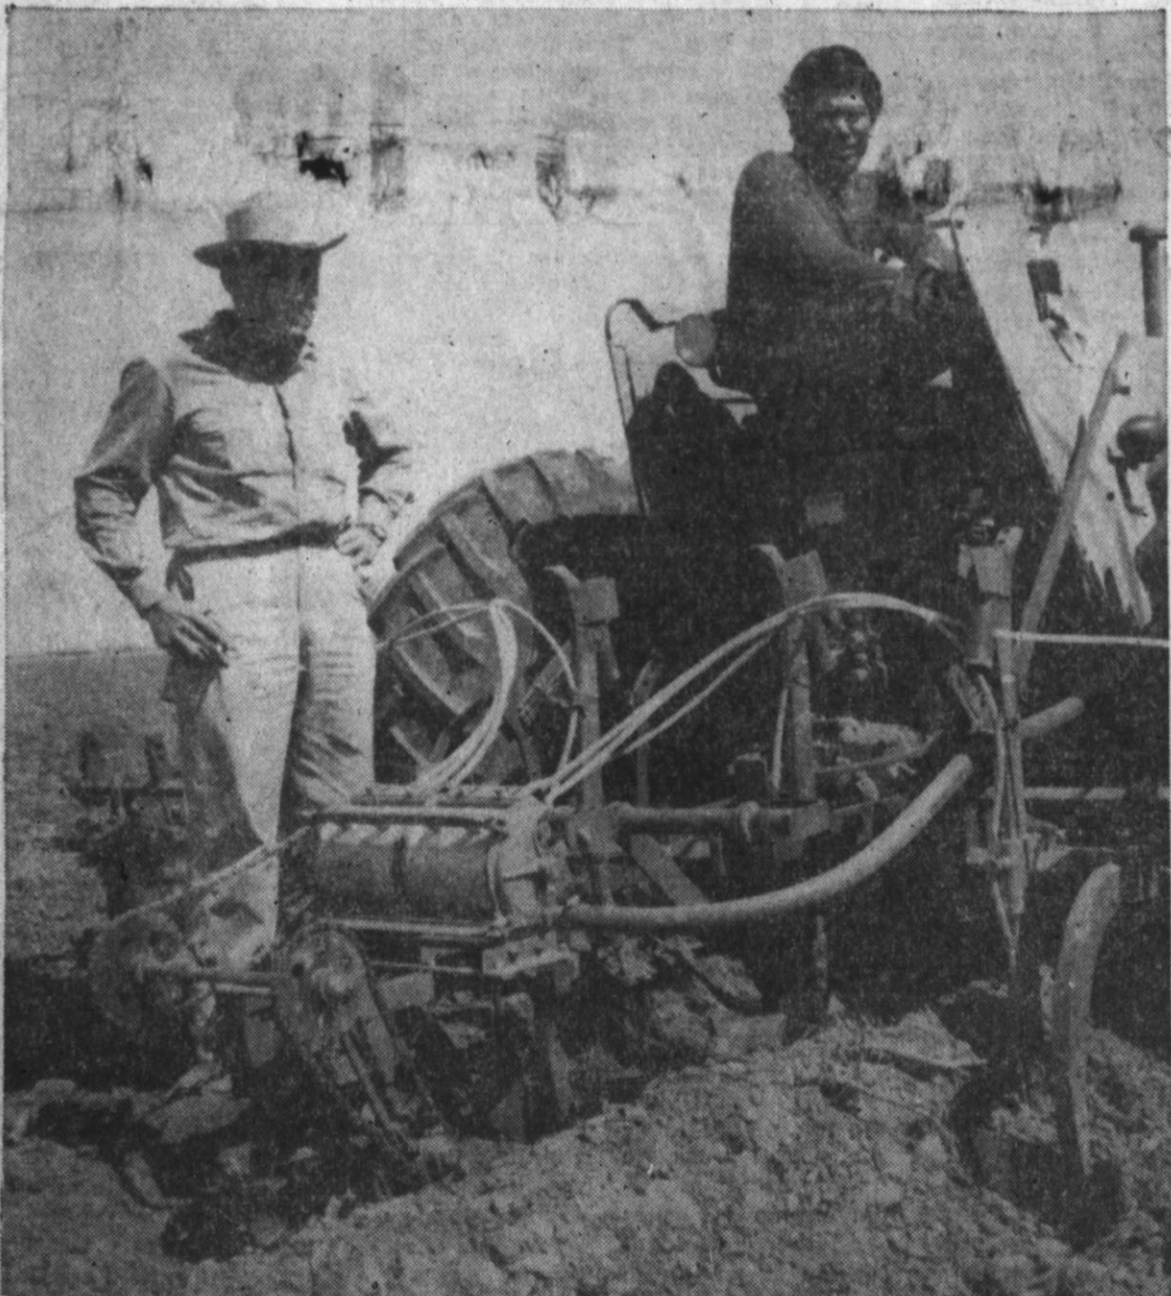

Fangman sustained minor cuts and bruises in the accident. Investigating the accident were Highway Patrol officers Parker and Charles Skinner.

to scab and blight. Higginbotham said the time and location for the next meeting would be announced later.

**Your Neighbor ... MAURICE CAIN ... Uses LIQUID FERTILIZER How About You?**

MAURICE CAIN, who lives 3 miles south west of Ropesville, is a booster of Liquid Fertilizers. "To me it's the SOLUTION to my fertilizer problem. I am putting down 60-lbs. of Nitrogen, 48-lbs. of Phosphate and 8-lbs. of Potash on my irrigated cotton land. I definitely feel that SOLUTIONS will give as good or better results than other types of fertilizers if used properly. I particularly like the uniform application I get with my tail-wheel drive squeeze pump applicator. I'm rigged up so that I can side-dress and cultivate in one operation later in the season. I can also see a big labor and time-saving by being able to apply more acres per day as compared to other kinds of fertilizers," said Mr. Cain.

Cain is farming 1200 acres—500 acres of cotton and 700 acres of grain. Last year he averaged about 1¼ bales per acre... "and I would have made more had I side-dressed at the right time. I feel very strongly that in order to realize the most out of fertilizers they must be applied at the right time. I was late on side-dressing last year, consequently I didn't get the full benefit that I would have gotten had I been a few days earlier," said Cain. Why don't you do as Cain has done—see your local Lee-Quid Sol-U-Phos LIQUID FERTILIZER dealer... he has a SOLUTION for any Fertilizer Problem.

FIRST PLACE honors in the intermediate biological sciences division of the Panhandle Science Fair was awarded to the fifth grade boys of St. Anthony's School. Among the group who worked on the project were, from left, Steven Beyer, Joe Walker and Terry Albracht. Their project was on the sources of bacteria. (Staff Photo)

CHARTER PRESENTATION to the newly-organized Key Club of Hereford High School was made to president Gary Tannahill, left, by Jack Tiefel of Cleburne, state Key Club officer. Hereford Key Club had its charter banquet Saturday evening in the High School cafeteria. (Staff Photo)

HONORABLE MENTION in the Panhandle Science Fair was awarded to an exhibit prepared by Steven Hoffman, son of Mr. and Mrs. Tony Hoffman. A sixth grade student at St. Anthony's, he did a soil profile study. It was entered in the intermediate biological science division. (Staff Photo)

### YOUNG SCIENTIST

BRADENTON, Fla. - Blue-eyed Judy Vary is hoping her 99 white mice will provide mankind with a cure for cancer. Judy is only a high school senior but she's been working on her project for a year and a half. She has a theory that cancer can be treated with radiation if anti-radioactive agents are injected into the diseased areas. This would protect the surrounding healthy tissue from harmful radiation.

She'll test the theory after she finishes the long process of developing cancer in some of the mice.

KEY CLUB OFFICERS for 1961-62 were introduced Saturday during the club's charter night installation banquet at the Hereford High School cafeteria. From left are: David Dowell, vice president; Jim Barnett, director; Randy Dowell, director; Joe Mack Hale, treasurer; Austin Hodges, secretary; Drew Kersten, president; and John Buck, District 7 lieutenant governor. (Staff Photo)

### Letter To To Editor

Dear Sir: This week a telephone conversation with each candidate running for our Hereford school board has revealed the stand each takes on three vital issues. Questions asked were:

1. How do you feel about a balanced school program that would include public school music as well as competitive athletics, with increased emphasis on the solid basic school subjects?
2. How do you feel about a continuing contract, or tenure system, for well-established and proven classroom teachers?
3. How do you feel about a continued salary improvement program for the classroom teacher?

This is the way each candidate answered the questions.

W. P. Axe: He favors music in our elementary schools and would like more emphasis on the basic subjects. He also feels that the present method on contracts is working out and favors a salary increase if a way can be found to provide the money.

Labry E. Ballard: He favors music for grades one through six and thinks a balance should be created between athletics and the basic subjects. He also feels that good teachers deserve more consideration and security than a one-year contract offers. He also advocates a higher teacher salary.

Don Baugous: He feels that a balanced education program is necessary, with a good music education a "must" in the elementary schools. On the subject of higher salaries and longer-term teacher contracts, he feels this issue bears investigation and consideration for constructive use. Higher salaries are a "must" also, as he feels a teacher's years of experience and educational growth warrant financial reward.

Johnnie Johnson: Johnson feels music should be included in our elementary schools and would like to see some foreign languages taught in junior high school. There must be a happy balance between the basic subjects and athletics. He also advocates a longer teacher tenure than one year and a salary increase for classroom teachers. He feels the teacher should have more respect and freedom of speech.

Dr. Weslie B. Owen: He is for maximum emphasis on the basic subjects, with a good music education course in the lower grades. On the subject of longer tenure and higher salaries, he is for it if it will provide the best in teaching ability. The teaching profession, he feels, should merit special reward for superior teaching.

Tom Robinson: He is in favor of all things that will better the schools. In his opinion, basic subjects are given the same emphasis as athletics, but he feels a one year contract is sufficient. If a teacher does good work, he doesn't need to worry. Robinson agrees with the rest of the candidates in that teachers need a salary improvement.

There has been increased interest in our schools and this coming election, with many parents asking teachers who will best serve in this capacity. Since we did not know how each felt, this survey was made as a public service to people who really want information and better conditions for our teachers and their children's education. I wish to thank The Hereford Brand, the interested parents and our candidates for their views.

S/Lottie Wertemberger, A Classroom Teacher and Taxpayer

**INDEPENDENT SPELLER**  
PHOENIX, Ariz. — Janet Lewis, a Phoenix second grade teacher, thought her pupils were independent spellers until she received the following notice from her postman:

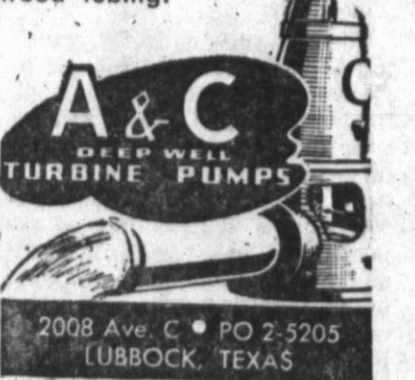

"A small package addressed to you required .05 additional postage. I have paid for the postage and left the mail in your box in order not to delay it. Kindly place the amount in coin in this envelope and leave it in your mail box."

THE HEREFORD HEIFERS, as members of the Amarillo City Association, were in attendance recently at the WIBC State Bowling Tournament in San Antonio. From left, are, Wilma Hill, Alice Lueb, Betty Babione and Beulah Cargo. Sponsors for the group were Deaf Smith County Gin, Jim Hill Hotel, Troy Moore Agency, Lone Star Insurance Agency and Sunset Lanes, Inc. Mrs. Cargo and Miss Lueb received recognition for rolling 200 games. (Staff Photo)

#### Services Scheduled Thursday Morning

Mrs. Petra Ybarra, 97, passed away in her home at 319 Ave. A Tuesday at 1:15 p.m. Mrs. Ybarra came to Deaf Smith County in 1955.

Final services are scheduled to be held Thursday morning at 10 a.m. at San Jose Mission, with Father Raymond Gillis officiating. Interment will be in St. Anthony's Cemetery under the direction of Gilliland Funeral Home.

Surviving are three sons, Gumersindo, Secondono and Erespin, all of Hereford.

Jack Ardoy of Lakewood, N. J. who averaged 15.1 points a game for Tulane's basketball team last season, is majoring in zoology.

Bill Bruton, Detroit's new center fielder, batted above his .276 career average in his last four seasons with Milwaukee.

### Party Hosted By Legion, Auxiliary

Several members of the American Legion and Auxiliary were at the Amarillo Veterans Hospital Monday night to host the regular party which the Hereford post and unit holds monthly. Fifty-three patients took part in the games. Seven men who had birthdays in March were honored with gifts, cards and greetings. Refreshments of ice cream and coffee were served. Those from Hereford present were: Mrs. Evalee Potter, Mrs. Clarence Sauley, Mr. and Mrs. Ira Ott and Mr. and Mrs. Walter Frost.

Michigan State's 1960 soccer team scored 58 goals while holding rivals to nine goals in nine games.

AUSTIN HIGHLIGHTS

# State Senate Shows Faith In The Future

**BY VERN SANFORD**  
 AUSTIN — Texas Senate demonstrated its faith in the future by passing an appropriation bill without having the money to meet the obligations. It calls for spending \$2,496,685 during the next two years. It does not include teacher pay raises or medical care for the aged. Senators agreed that they needed to know how much new money could be raised before making decisions on these.

The measure calls for spending \$376,000,000 from the already-overdrawn general revenue fund. That's \$103,000,000 more than the comptroller's estimate of general fund revenue for the next two years. This \$103,000,000, plus a deficit that is expected to be about \$63,000,000 at the end of this biennium, adds up to \$166,000,000 in new revenue that would be needed to put the Senate appropriation bill into effect, as it is now.

Senate Education Committee approved the Hale-Aiken school improvement program which includes an across-the-board \$800 a year raise for public school teachers. Sen. A. M. Aikin Jr. of Paris, sponsor, said he would not ask

for floor passage of the school measure until the general appropriations bill has been passed as well as a tax bill that would provide money for it.

Hale-Aikin program would cost the state about \$72,000,000 a year and local districts about \$18,000,000 a year. It would set the minimum salary for beginning teachers with bachelor's degrees at \$4,014 a year.

Before a gallery packed with church people, Rep. V. E. (Red) Berry gave up the fight for a proposed constitutional amendment to legalize horse racing.

House vote against the measure was 143-to-5. Berry, seeing he did not have enough votes for passage, signaled his supporters to vote against it. This, he said, would avoid "putting them on the spot" for a lost cause.

Berry still hopes to get a referendum on the 1962 general election ballot to indicate public opinion on racing and parliamentary betting.

One of the most controversial bills of the session, the milk importation measure, was passed by the House by voice vote.

But before passage, oppo-

nents' amendments had skimmed off the cream of the bill the dairymen wanted.

As passed by the Senate, the bill would bar out-of-state milk from Texas unless a Texas inspector certified he had personal knowledge the milk was produced under standards as high as those required in Texas.

Amendments took out the "personal knowledge" phrase and provided the milk could be imported on the certification of out-of-state health authorities after a Texas authority had found the out-of-state producer to be meeting acceptable standards.

Battle is not over since the differences between the House and Senate versions of the bill will have to be worked out.

Texas Revenue and Taxation Committee is exploring the possibility of raising money through a corporate income tax.

Testimony was heard on two bills. One by Rep. Tony Koriath of Sherman would repeal the present corporate franchise tax (for a loss of \$48,000,000 a year) and substitute a three per cent corporate income tax (for a gain of approximately \$96,000,000 a year).

Also heard was a bill by Rep. Maco Stewart of Galveston which would levy a 10 per cent corporate income tax, repeal the oil well servicing tax and reduce the sulphur tax.

A bill to provide for a \$1 charge for taking a state driver's license examination was passed by committee and sent to the House. It would raise an estimated \$1,250,000 a year.

Meanwhile, Speaker James Turman, addressing a teachers' group, said he felt Texas was close to resorting to the "last resort" — sales or income taxes.

Senate passed 26-to-4 a bill that would limit to \$25,000 the spending of any one candidate in a race for the U. S. Senate.

Sen. Martin Dies Jr. of Lufkin is sponsor of the bill. Limit would apply to money spent for newspaper, radio or television advertising with the candidate's knowledge. All other means of advertising would be exempted.

Attorney general would be res-

ponsible for enforcement.

If the bill should be finally passed and take effect before the present special senatorial race is over, it could put a lid on spending of candidates in the run-off campaign next month.

House killed by a 73-to-66 vote a bill that would have set up a procedure for arbitration of wage and hour disputes between firemen and city governments.

Passage was urged by firemen but opposed by city officials.

Bill would have provided for an arbitration board and if necessary an election once a year to consider firemen's requests. Supporters contended it would have enabled firemen and city officials to settle their problems on the local level instead of battling before the Legislature, as in years past.

Opponents objected to the possibility of frequent, costly elections and argued that it would give firemen a privilege not enjoyed by other city employees.

House Highways Committee is considering a bill that would take 14-year-olds off the road — as drivers of cars or motor scooters.

Rep. Maco Stewart, sponsor, urged the measure to "take the cars out of junior high school and get the students' minds on their books." His measure would raise the minimum age at which a driver's license may be issued from 14 to 15 years and would set up the same licensing requirements for motor scooters. In some towns youngsters of 12 and 13 are allowed to ride motor scooters.

A motor scooter seller objected on grounds that many working youngsters, such as newspaper carrier boys, needed scooters for their jobs.

## Burial Tuesday For Mrs. Ward

Mrs. Ethel Barbara Ward, 64, died at 4 p.m. Saturday at the Deaf Smith County Hospital following an illness of several months.

Funeral services were at 10 a.m. Tuesday at the First Baptist Church with B. L. Davis officiating. Burial was in the Rest Long Cemetery. Arrangements were under the direction of the Gilliland Funeral Home of Hereford.

Mrs. Ward was born Sept. 24, 1896 in Eastland County, Tex., and was married to E. Ward Dec. 12, 1915 in Well-

ington. They moved to Hereford in 1938 from Borger. She was a member of the First Baptist Church here.

Survivors are her husband and four sons, Ervin of Hereford, James E. of Westminster, Cal., Ethredge Ward Jr. of Long Beach, Cal., and Alvin Earl of Tucson, Ariz.; two brothers, Ernest Brown of Duncan, Okla., Claude Brown of Tulsa; two sisters, Mrs. Lon Johnson of Dublin, Tex., and Mrs. Dolly Mae Wilson of Wellington; her mother, Mrs. Lydia Brown of Wellington, and eight grandchildren.

E. Ramey, 72, Dies Following Lengthy Illness

Elijah Ramey, 72, of 132 Ave. B, died in Deaf Smith County Hospital at 8:45 a.m. Sunday after an illness of several months. He retired in February, 1959, after 27½ years as a rural mail carrier near Hereford.

Funeral services were conducted at 3 p.m. Tuesday in the Central Church of Christ in Hereford. Ernest Highers, minister of the church, and Sammy Swim of San Antonio officiated. Burial was in West Park Cemetery with services under the direction of Gilliland Funeral Home.

Mr. Ramey was born Feb. 11, 1889, in Fannin County, where he attended a rural school before attending normal college and a commercial college.

He was married to Nora Stone on Dec. 24, 1911, at Bonham, and the couple moved to Deaf Smith County from Bonham in 1929. He worked at the Hereford Creamery before taking a job as rural mail carrier on Sept. 8, 1931.

At the time of his retirement, he was honored by fellow postal workers and by many of the patrons who lived on Rural Route 3 at a tea in the Veteran's Club House here.

He was a member of the Central Church of Christ.

Survivors include his wife; a daughter, Mrs. Olene Caraway of Stratford; a brother, Jim Ramey of Ector, and three grandchildren.

Pvt. Robert Diller Man Completes Combat Training

Marine Pvt. Robert M. Diller, son of Mr. and Mrs. C. M. Diller, Route 3, Hereford, completed a four-week individual combat training course March 24 with the Second Infantry Training Regiment at the Marine Corps Base, Camp Pendleton, Calif.

Every new marine receives combat training upon completion of recruit training. The course includes instruction in the latest infantry tactics, scouting and patrolling, first-aid, military explosives and defensive positions.

The Shat-u-ayas met recently at the Campfire Hut. The group celebrated Mary Stoy's birthday with cake and punch being served by Mrs. Earl Springer. Memory books were discussed and a hike was planned for Saturday.

Present were: Kandis Hill, Dianna Springer, Jan Scott, Suzan Ballard, Mary Stoy, Diane Rogers, Jo Witherspoon, Liz Ann Blyth, Sandra Cawthon, Mrs. Arthur Stoy and Mrs. Earl Springer.

The Wa-o-ki-ya Campfire group held a picnic in Veterans Park Friday. In spite of the raging wind that day, the girls ate outdoors. There was a variety of foods and the girls washed their own dishes.

The members present were: Charlotte Hill, Jean-Roberson, Diane Pitman, Connie Martinez, Dianne Brisendine and Mrs. O. G. Hill Jr.

The minutes of this session were omitted.

## Bippus H. D. Club Topic Is 'Thrift'

At the recent meeting of the Bippus Home Demonstration Club in the home of Mrs. C. F. Homfeld a program on Thrift was presented by Mrs. J. G. Fortenberry. She said to always do your best to get your dollar's worth when buying.

Each member gave 50 cents to the mental hospital.

Members present were: Mesdames G. V. Hall, Elmo Hall, Finis Taylor, J. G. Fortenberry, Miss Christine Fortenberry and the hostess, Mrs. C. F. Homfeld.

## Look Who's New!

Mr. and Mrs. Joe Thursby are the parents of a son born March 28 at 6:40 a.m. The baby weighed 8 pounds 10½ ounces.

Mr. and Mrs. Norman Bruce are the parents of a daughter born March 28 at 10:28 a.m. and weighing 7 pounds ½ ounce.

The First Baptist Church in Providence, R. I., was the meeting house for the oldest Baptist congregation in America, founded in 1638 by Roger Williams.

# Messenger HD Members Study Thrift Practices

BY MRS. S. N. THWEATT  
 Messenger Home Demonstration Club met in the home of Mrs. Elton Sorrells recently with nine members present.  
 The program was on Thrift with roll call being answered by thrift practices and saving for the future.  
 During the business portion, recommendations were heard and approved from the recreation and finance committees. Mrs. Ruth Coleman won the opening prize while Mrs. Floyd Brown won the floating prize, a cake made in the form of a lamb surrounded by Easter eggs.  
 Those attending were Mesdames Virgil Watson, S. N. Thweatt, Bruce Coleman, Ruth Coleman, H. D. Buse, Floyd Brown, Elmer Northcutt, N. A. Brown and the hostess, Mrs. Elton Sorrells.  
 Refreshments were strawberry cake, coffee and punch. The next meeting will be April 14.

in the home of Mrs. Virgil Watson.  
 Snow fell last week, with about five inches accumulating. This caused school to be closed at Walcott on Monday. Friday evening clouds came in from the west and dumped more than one inch of rain at Booleg and more in other parts of the community.  
 Although quite a few people slid into ditches and got stuck, the moisture made farmers and ranchers very happy. Reports indicate early grass for cattle, with wheat looking good and showing fine growth.  
 Mrs. Bill White received news Saturday morning that an uncle and aunt, Mr. and Mrs. Gene B. Dorman of Shamrock, had been injured in a car-truck crash at the east city limits of Shamrock.  
 He died as a result of injuries received and Mrs. Dorman is in critical condition at the hospital in Shamrock. The couple had one son, who is in Sayre, Okla., with his grandmother.  
 Mrs. J. E. Rouse is at the home of her son, Dwight Rouse, in Farmington, N. M. She is reportedly showing improvement from injuries she received in a wreck.  
 Mr. and Mrs. Ted Pinkerton of Woodward, Okla., visited his mother, Mrs. G. E. Pinkerton, over the weekend. They also visited his sister,

**DOUBLE THEFT**  
 DOTYAN, Ala. — Associate Discount Corp. reported to police that one of its cars had been stolen.  
 Police reported back shortly that the car had been found, tightly locked, and they were leaving it there for the company to pick up.  
 Company officials went to pick up the car a few hours later and reported it stolen again.

Mr. and Mrs. George Bumpass of Hereford.  
 Mr. and Mrs. L. H. Whitehead of Amarillo visited in the home of Mr. and Mrs. Virgil Watson Thursday.  
 Mr. and Mrs. Floyd Brown and two sons, Earl and Roger, visited Mrs. Brown's mother, Mrs. C. W. King, at Rosedale, N. M., on Sunday.  
 Mr. and Mrs. N. A. Brown, Mr. and Mrs. Ernest Brown and children, Barbara, David, and Dinnie, Mr. and Mrs. Eldred Brown and Tommy, and Mr. and Mrs. S. N. Thweatt visited with Mrs. Bill Adams and children Sunday afternoon. Mr. Adams died Saturday at the home of his daughter near Rosedale, N. M. He was preparing to leave for his home in Clovis at the time of his death.  
 After leaving the Adams' home, the group visited Mr. and Mrs. Joe Head at their new home in Clovis.  
 Mr. and Mrs. Eldred Brown and son were visitors in the home of Mr. and Mrs. S. N. Thweatt Saturday evening. The men won the "42" game.  
 Mr. and Mrs. Bob Wyly have a new son, born March 15 in the Farmer County Hospital at Friona.  
 Douglas Roberts spent Thursday until Sunday in Amarillo with his parents.  
 Mr. and Mrs. Virgil Watson spent the weekend in Amarillo visiting her relatives. They also visited his mother, Mrs. Alice Watson.

**PACKARD'S**  
  
**Checkerboard News**  
 by Charlie Stone

There seems to be a great deal of optimism going around. I haven't figured out what is back of it. What do you base your optimism on? The weather and good prospects, the whirlwind action of the government, the confidence that you as an individual can accomplish much? Do you have your secret formula? My point is this - - We are in a grain surplus producing area and will remain so for a long time. Cattle and Hog feeding can be a profitable and rewarding addition to your farming operation. We are not experts but we do have customers who are keeping ample records and using good sound management practices who can prove this to you.

John Paetzold, is gradually getting his small push-button feeding operation going. If you want to feed cattle, without working too hard, like to build things and have a few \$\$ to invest in equipment go out southeast of town and look his plant over. I can bet that he will talk to you about it also.

Buren Sowell has shipped most of his good heifers, that did real good on wheat for him this winter. Incidentally they went into the Barnett & Guseman feed lots.

Raymond Higginbotham farms mostly vegetables but he came in for his regular bag of Dog Chow. Raymond reminded me of the Aggie Muster on April 21st. Off hand do you remember two important events that happened on April 21st?

Charles Packard has slowed down on his farming and is the Dealer for Century Welders. Charles has a real up to date farm shop for his use out there on Frio Draw.

Joe Lindsey wants to buy some Milking Short-horn cows with calves. Jim Easley has 10 bred Angus heifers still on wheat that he wants to sell.

The way the wind is whistling tonight you probably are not thinking about a garden but when it warms up and you get the fever come by and let us supply your garden seed from our bulk counter.

Packard's Blue Dot Hog Supplement is a good 36% Supplement that currently is priced more than \$20 per ton under the major brands. Many of our good customers are feeding it now. With grain getting higher you can't afford to do a half way job.

Bundles next year??? We have cleaned some very good Red Top and Heigari seed. Paul Graham has one or two binders for sale.

Fred Autry would like to buy a good Duroc young boar. C. R. McGhee has a couple of Hamp boars for sale.

Weighed the 20 calves that have been on the straight barley ration for the past 90 days. We are planning to hold a short demonstration field day on April 6. We will have the results of this self feeding group as well as a group of plain heifers fed on silage, milo and Steer Fatena. We will have donuts and coffee and you will have an opportunity to see cattle feeding that will fit your operation.

Mrs. Ruth Coleman, Mrs. G. E. Pinkerton returned home with them Sunday afternoon for a short visit.  
 Mrs. D. E. Coldiron and two sons, Ronnie and David, visited in the home of her mother, Mrs. Ruth Coleman, over the weekend.  
 Mr. and Mrs. H. D. Buse, Ronnie and David, ate supper Monday night in the home of

Mr. and Mrs. N. A. Brown, Mr. and Mrs. Ernest Brown and children, Barbara, David, and Dinnie, Mr. and Mrs. Eldred Brown and Tommy, and Mr. and Mrs. S. N. Thweatt visited with Mrs. Bill Adams and children Sunday afternoon. Mr. Adams died Saturday at the home of his daughter near Rosedale, N. M. He was preparing to leave for his home in

**BY JIMMIE GILBERTINE**

For a long time it has been one of my thwarted ambitions to visit Austin while the legislature is in session. I always wanted to be there when a bill started and follow it all the way through both houses, but never could sell either one of the banks on the merits of a loan for such an enterprise. Monday, when Bill Thompson called and said to get my hat and go with him and Dr. Hicks to a special hearing, it was right down my alley. I finally located my hat on a peg at the hotel coffee shop and we went out to the airport and took off with Jerry Cady at the controls of a Cessna.

p.m. Our radio transmitter went out before we arrived at the Austin field, and it was an additional thrill landing on the busy field without communications. They finally recognized us, however, and told us if we wanted to land to "follow the twin Beech which was about to run over us from behind." Incidentally, the competition on the field is so rough that one of the stations gives trade stamps.

I was quite disappointed in the House of Representatives. I had heard so many wild stories about this "4-ring circus" and the screwball antics of its members that I was all set for a real whing-ding. Instead, it appeared orderly and featured a minimum of confusion. Fact is, I have seen our own county, city and school bodies get a lot more worked up at various times. The voting was electronically recorded, and it looked to me as if every member did vote. Despite all of the criticism we hear, I doubt if any of us could institute many improvements. The individual members seem to cast most of the slurs against themselves and, like a football game, the Monday morning quarterbacks have considerable advantage over the ones playing the game.

The flight was nice and we arrived in Austin around 12:30

on Friday night.

The thing that impressed me most was the fact that everyone who goes to Austin seems to have an axe to grind, which is the reason they go. Jesse Osborn, our own representative, came out when we sent in a note and we visited with him several minutes. He was most courteous, although the House was going full swing. Jesse told us that our committee hearings would probably run late, which they did.

The Senate was in the midst of a special committee hearing and we took advantage of this time to visit with Andy Rogers, who represents the 31st district. The young lady who watches over the doorway to Rogers' office is Miss Delores Andrews, daughter of W. H. Andrews of the Frio community. Delores helped us get in and seemed glad to see someone from home. The gang around the office were kidding her about Godfrey Baldwin, son of the Rev. B. H. Baldwin, who is another Hereford product — but we didn't run across him, Andy, like Mr. Osborn, was most cooperative and got us copies of several bills, including one which the Farm Bureau is protesting on grounds that any person whose cattle stray on public or private property could be subject to a \$200 fine per day.

Rogers says there is little question but that the State of Texas does have some more money, and he feels the growing school load will make the situation even worse than it is now. First, he says we should increase the tax on natural gas which goes out of the state. He says he has favored this increase for a long time, but can't get anywhere with it. He further adds that he doubts if it will be sufficient to handle the increased need. Rogers says that he is committed to the people not to vote for an income tax or a general sales tax, and the only way he would change his opinion would be through a flood of letters and opinions from over the district.

He did not suggest any alternate tax plan, but did discuss "specialty" tax on some items similar to that now existing on gasoline, cigarettes, and luxuries. He said he is definitely opposed to an income tax for the state. Personally, it seemed to me that he is going to have to find some source to get the money he says we will need and, except for the natural gas tax, he appeared fairly well opposed to any of the present plans. Unfortunately, it is rather difficult to locate a tax which will be popular with the public — and I got the impression that this is what Andy would favor most.

The "axe grinders" were everywhere around the senate chambers, too. I couldn't help feeling sorry for all of the state officials. If some character shows up down there with selfishness in his heart and a feeling of goodwill toward mankind, they will all faint and have to be carried to

their offices. You can stand in the House reception room and overhear conversations varying all of the way from needed increases in telephone rates to special exemptions for Uncle Joe's second wife. It would seem that everyone who goes to Austin wants something special. Frankly, I don't see how those boys retain any possible semblance of respect for humankind.

Funny thing was that our group — and most of us had probably criticized the Representatives and Senators from time to time — was the one that really flubbed up. We never did get to the committee hearing, chiefly because the House adjournment was late and Jerry had been waiting for us two or three extra hours so we could get back home Monday night. About this time we were ready to give up, we spotted Neil Cooper and turned our figures over to him. Neil promised to get it on record that we had attended, which I hope he did. He and Buddy Taylor were here with some other food store people to appear before a hearing.

I left Austin with a whole new respect for our representatives and senators. I realize they make a lot of mistakes, but they do much better than we could expect when you consider all of the circumstances. It seems to me that every special interest is represented — except the welfare of the common people and, somehow or other, these old boys do take pretty good care of us. To say the least, the elected officials were the only people we saw who appeared to be looking at the overall, comprehensive picture — and they do have a really tough job.

Pete Cowart used to tell a story about a Canyon man who went to Austin and packed his

suitcase with "one white shirt, a lariat rope, a fifth of rye whiskey, and a loaded sixshooter." I thought it was silly when I heard the story, but now I figure the old boys was pretty smart.

Meanwhile, if you want to know anything about our state government, just ask me. I spent four hours in the state capitol — and I ought to know!

T. V. Lark, winner of nine races in 22 starts in 1960, earned \$393,900 during the year.

### Two Hereford Groups Attend Annual Meeting

BY WAIN MILLER

Members of the Hereford High School Hi-Y and Tri-Hi-Y clubs attended the annual West Texas Area Hi-Y Conference at Big Spring March 17-18.

For their outstanding achievements and high standards, the clubs were presented the "Honor Club" award before approximately 500 delegates from 15 cities in West Texas. In the elections for District officers, Suzanne Langley was elected district Tri-Hi-Y Chaplain; and Walker Parris was voted second vice-president of the Hi-Y district.

Walker Parris also won first place in the talent show, winning over entries from each of the 15 cities. Erik Okseter placed second in the swimming races held during the two-day meet. A basketball team from the Hereford Tri-Hi-Y Club entered the cage tourney which

### Coming Events

## Maybe You're To Blame...

There has been a lot of talk about how nobody does anything at Hereford High School. Perhaps this is true to a certain extent. That extent being that few people do very much in the way of extracurricular activities; merely because nobody really tries to.

The school won't let us do this" or "The seniors can't even get out of school early" has often been the cry. Let us examine the problem and see whether the school won't let certain things occur. Or is it that the students, who really are the school, don't care enough about these things, such as parties and trips, to do anything about them?

Officials of HHS are certainly not the type to say students can have a party, or can't have a party, without a good reason. When they say students can't do something, it is usually because the students wouldn't do it if they

were allowed to. For instance, someone said (Continued on page 2)

### Choir Festival Rates Hereford Ensembles High

BY JUDY SMITH

"We compared favorably with other schools, with the exception of Perryton," said Mr. Don Moore, Hereford High choir director, regarding the high school choir ratings in the University Interscholastic League Music Festival, March 21 and 22 in Amarillo.

The mixed choir in class AAA placed I in concert and II in sightreading. Also in conference AAA was the girls' choir who placed II in concert and II in sightreading.

Mr. Moore said that next year there will not only be girls' and mixed choir but also boys' choir in the schedule. He hopes to have enough boys to make it worthwhile.

Junior High boys, previously in choir, will be placed in the mixed choir; so high school boys who have not had choir before, should take boys' choir next year.

"For the rest of the year the mixed choir will be concentrating real hard on the Corpus trip," Mr. Moore said. "Reason number one that we are going to Corpus is to perform to the best of our ability. We do plan to have a good time, but that will be secondary."

### Stress Education At PHSPA Meet

BY CAROLYN HAMMETT

"There will come a day when a non-college graduate will have no better chance of getting a writing job than a grammar school graduate," was one of the many interesting comments made by Bob Hilburn at the Panhandle High School Press Association held in Canyon, Mar. 21.

Mr. Hilburn, sports editor of the Plainview Daily Herald, brought the main address. He pointed out some of the advantages and disadvantages of making journalism a career. He stated, "when communism hits a country, the free press is the first thing that goes."

ress, students were dismissed from the general assembly to attend workshops. Annual staff members attended the Yearbook Clinic and Journalism students attended Newspaper Making. Suggestions were made in these clinics that the students might take home and apply to their own papers and annuals. Since the annual staff of Hereford High was not represented, the journalism students split up so that they could attend both workshops.

After the workshops, a business session was held. The officers for next year were elected. Beryl Little from Tascosa in Amarillo was elected president; (Continued on page 2)

BY PHYLLIS WARD

"Smilin' Through," a fantastic comedy-drama which is the story of the spirit of a woman who returned to help a pair of young lovers achieve the happiness she had, 50 years before, will be presented by the 1961 graduating class on April 20-21. The play, which opens with a prologue, moves along swiftly and carries that rare vein of human interest, from climax to climax, until the happy ending.

When the play opens it is August, 1914. Kenneth Wayne, portrayed by Franklin Watkins, is in love with Kathleen, played by Sandra Moore. Kathleen's uncle, John Carteret (Edwin Thomas) objects very strongly to Kenneth.

Dr. Owen Harding (Ken Betzen) is very much in favor of the match and he helps the couple be together as much as possible. John and the doctor have a big argument in trying to settle their differences of opinions over the match. Finally Kathleen asks her uncle to explain his objection.

The second act is a flashback revealing his objection. It goes back to John Carteret's wedding day, 50 years before. In this scene the younger John Carteret is played by James Gentry, Dr. Owen by Jerry Clark, and Ellen, the maid, by Ruth Wagner.

The third and final act returns to 1914. Other cast members are Sam Saul as Jeremiah Wayne, Clint Conaway as Willie Ainey, Cherry Holt as Mooney Claire, Carol Snead as Mary, Kylene Hodges as Sarah, and the "older" Ellen played by Karen Sue Daniels.

Dr. Owen and John Carteret are both magnificently hale and hearty types of old men. Both admit to being in their (Continued on page 2)

REHEARSING ONE OF THE scenes from the the main characters in the play: Sandra Senior Play "Smiling Thought", are two of Moore and Ken Betzen. (Staff Photo)

## It's Our Responsibility To Guard Against Communism

BY NANCY GREEN

Can we ever hope to overcome the threat of communism which is becoming greater and greater every day? If we are ignorant of the forces and methods it is using, we will not be able to do so.

The only way we can possibly hope to keep our democratic way of life is to become acquainted with communism, its evils and maybe even its brighter side (if it has one). This can be done through our educational system. Communists are entering our schools, churches, and homes. This is their plan to overthrow our government; not by war.

New teachers should be more carefully selected. Courses about communism as com-

pared with our way of life should be offered to acquaint students with the problem. "Communist" or "communism" should not become "dirty" words. If we become better acquainted with them, we will be in a better position to control them.

We also need to learn more than just what communism means. It is our responsibility as the young people of America to look at the out-

side world, to see what communism is doing to others. We are not the only country threatened by communism. We are far too ignorant of the things happening right here in our own country.

The results of a recent survey of knowledge of current events taken among students at New York University were shocking. A very small percentage of the students knew (Continued on page 2)

### Question Of The Week

- What would you like from the Easter bunny?
- Sharon Farmer - Well, what do you think? An Easter egg.
  - Molly Davis - A little Easter chicken, a little Easter rabbit, a little Easter egg, and a little Easter basket, with a certain boy in it.
  - Cherry Holt - A prince charming in an Easter basket.
  - Mickey Stevens - A good grade in plane geometry, English, Spanish, typing, history, and of course, library.
  - Geneva Logan - That dumb plane geometry grade book and soon.
  - Linda Renfro - A baby Easter chicken, because they are so cute.
  - Wendell Wilson - I would like to revise the names in the English III and IV books and have a little less homework in English.
  - Patsy Flower - A little Easter rabbit with a pink nose.
  - Nelda Botkin - I would like for the Easter bunny to bring something new to do that is a lot of good, crazy fun.
  - Suzy Yarbro - Since school is nearly over, I would wish for a wonderful summer vacation and a lot of fun for this coming fall.

### A. Clyde Roller Leads Band

A. Clyde Roller, conductor of the Amarillo Symphony, directed the Hereford High School Band during its annual clinic held all day Wednesday, March 22. The band clinic prepares students for the upcoming concert April 6, and University Interscholastic League contests April 12.

Mr. Roller, who has led the symphony for many years, is

one of the most noted and accomplished musicians in the Southwest.

The clinic, which lasted all during the school day, gave the band an opportunity to polish up its technique and style. Mr. Roller pointed out the same problems with the band that his director, Mr. Ben Gollehon, had told them.

Mr. Gollehon stated that the

purpose of the clinic was to give the chance to hear someone else comment. Although the guest director may say the same things, his "new" approach and technique usually helps the band.

Another reason for the clinic was to allow the students to meet a "great" musician, according to Mr. Gollehon.

### 'NEW LIFE'

## Easter Sunday A Beautiful Holiday

by Judi Price

No single event in all history of mankind has so influenced human life as the birth of Christ. Then, after a wonderful period of service, in which the world was blessed, came the death of Christ upon the cross. This, perhaps, is the darkest and most tragic hour in human history.

Gently, Christ's body was taken from the cross and placed in a borrowed tomb, with a big stone rolled against the entrance.

Three days later, a group of Jesus's friends came to the tomb that they might anoint His body as a loving service; but as they approached, they saw that the stone was rolled away and an angel told them not to be afraid for He had risen.

This was all in the springtime, and all the world recognizes the Resurrection which is called Easter.

The not-so-serious side of Easter is mainly for children. For many years, the Easter Bunny has hidden millions of Easter eggs for children all over the world. The eggs are boiled and colored and are hidden in grass, trees, and various other hiding places by the E. B. "helpers" for the children to find. The kids love it.

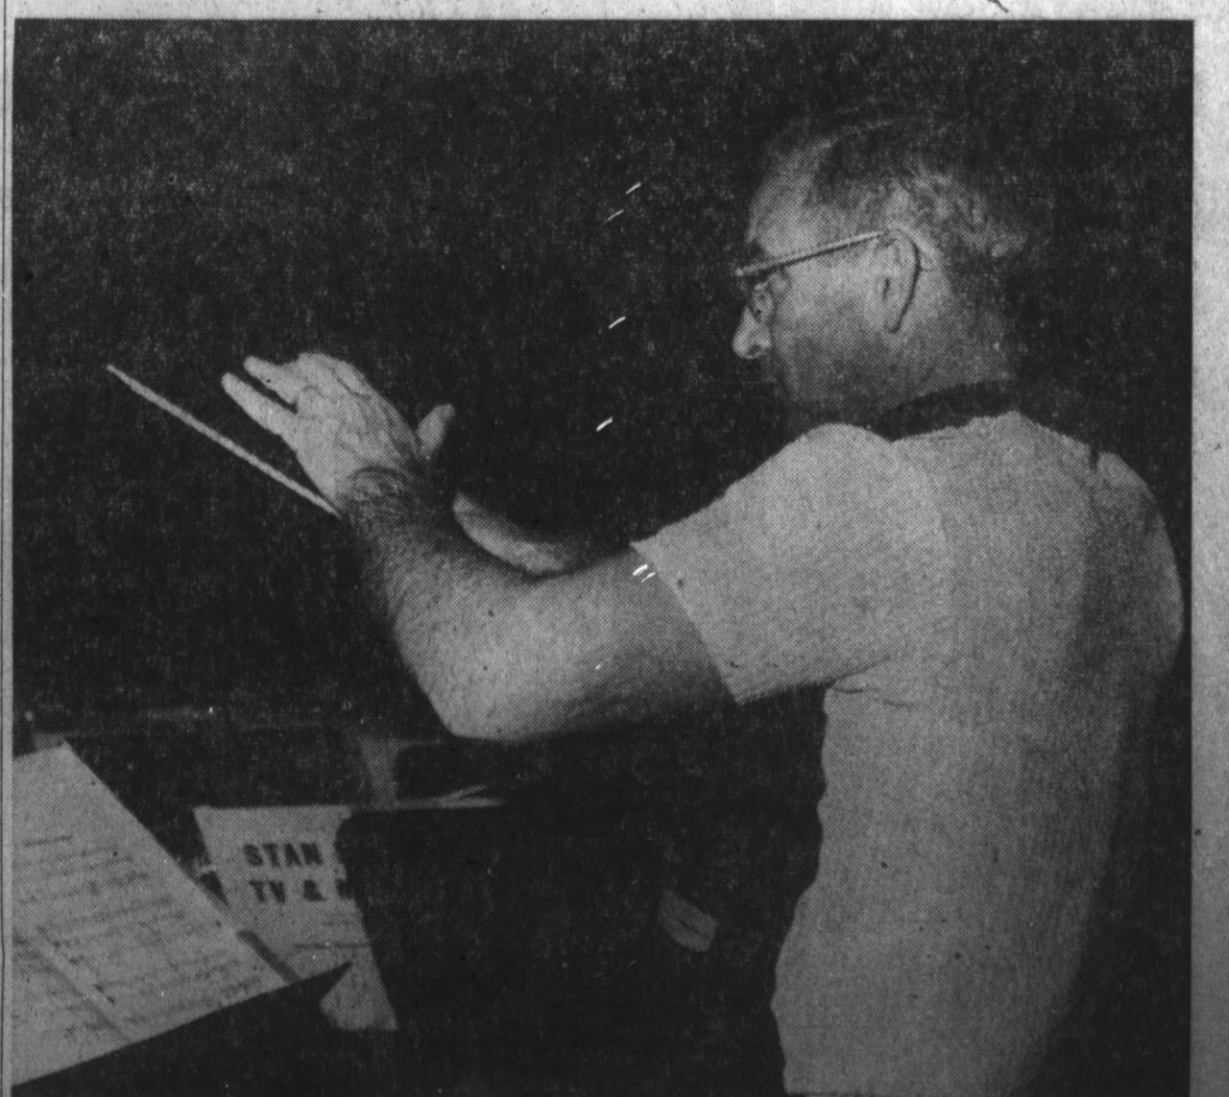

Easter also recognizes Spring. It means it's time for putting away winter clothes and getting out cooler ones for the spring and summer weather.

Easter is a beautiful holiday no matter how or where you celebrate it. New life appears in nature and outlooks; and hopes appear fresh; and new clothes are seen. All these are Easter.

MRS. HARLON VOYLES is one of the many teachers at Hereford High who are helping the junior and sophomore students with their pre-registration for the fall semester

of '61. These two sophomores, Jimmy Kasahn and Judy Stone, are finding out that there are more problems to this than they expected. (Brand Staff Photo)

A. CLYDE ROLLER, director of the Amarillo Symphony, conducted the Hereford High students for the band contest on Wednesday, March 22. The Clinic prepares the Band in the annual Band Clinic on Wednesday, March 22. (Brand Staff Photo)

### Senior Class Personalities

(By Whiteface Staff) "My most embarrassing moments are when I stick my foot into my mouth," admits 17-year-old Lynn Thompson, daughter of Mr. and Mrs. Robert L. Thompson. Lynn has no definite plans for after graduation, but if she were to choose a college it

would be West Texas State College for two years; then a transfer to Texas Tech. "To be a child psychologist," is Lynn's ambition and almost everyone can tell that because she reads psychology books. Some of Lynn's favorites are: food, pizza; book, *Beloved*; physical; color, blue; song, "Love Me Forever"; subject, English; movie, "Ten Commandments"; and pastime, "having a good time." Her pet peeve is people who think they are better than other people. Her hobbies are cooking and sewing, "because, in her own words, 'they're creative and I can enjoy the results.'"

Lynn gives good advice for underclassmen: "Study hard but have a good time doing it."

"My ambition is to be a

### We...

(Continued from page 1) seventies, but they might be younger if one judged by their vigorosity. The doctor is a life-long friend and physician to John. He is a splendid fellow, gentle and loyal, and of equable temper.

John is the lovable type, engagingly brusque, with no temper at all, for he loses it continually! He has a beautiful old face and head, eyes like a dog's, of honesty and trustworthiness. His greatest faults are an obstinacy and will, which are almost ruthless in their strength, but which are tempered ordinarily by his great charm, his humor, tenderness, and his all-around fineness. Everyone who knows him loves him, but smooths him the right way, if possible.

The outstanding success of this play in all sections of the country and abroad, assures its success and proves that it is an outstanding stage piece of many generations.

Miss Delores Wall is in charge of the production, which will be presented in the Hereford High School auditorium.

### Try...

(Continued from page 1) Would it hurt any of us to be friendly to a new person in Hereford or to a person whom one of our friends may dislike? Do we judge people by what other people say about them before we really get to know them? I imagine everyone of us has been guilty of doing just that at one time or another.

We could help the new student who doesn't know anyone by introducing him to some of the kids around school.

Just think how many more new friends we would have if we made a point to get to know a new person each day. From doing this, we would also get a good feeling inside. Why don't we give everyone at least a chance to be our friend?

psychiatrist. I want to go to college and study mental telepathy and psychology," remarks Molly Davis, 18-year-old daughter of Mr. and Mrs. Harley E. Davis of Hereford. She's not easily embarrassed as most of the students of Hereford High School know. Molly's favorite show, "Home From the Hill," gives you the hint of the kind of movies she likes. She adores hillbilly music and cowboys.

Her pet peeve is people who think they are better than others. Her pastime is riding around and throwing snowballs; but she doesn't advise other people to make this a habit because it can get you in trouble. "The biggest disappointment of my life was when I was kicked out of journalism class," comments Molly. She advises underclassmen to study hard and make the most of their years in high school and not to miss too much school.

"My senior year has been the most disappointing thing that has ever happened to me," replies Evelyn "Frosty" Hunter, daughter of Mr. and Mrs. John H. Hunter. After graduation, Evelyn plans a career girl's life, being a secretary. Art work and running around

### Two...

(Continued from page 1) Mozelle Neill accompanied the 13 Hereford delegates to Big Spring. With all modesty, Mrs. Neill stated, "Other than fighting our way through the snow both going and coming, nothing outstanding happened to us on the trip."

### Ideal Boy

(By Whiteface Staff) An ideal boy isn't easy to find. However, if one takes the features of several different boys she can compose one. Carolyn Hammett and Patsy Live say

are her hobbies. Her pet peeve is people who won't speak.

Nov. 25, 1945, Rita Martin was born in Lubbock. She is now 18 and will graduate this year from Hereford High.

The classes Rita enjoys most are her business courses. "I'm interested in business administration and I plan to major in it at North State College," says Rita. "When I graduate from college, I'd like to take up teaching."

When asked what her ambition is, Rita replied, "I would like a nice home, money, and for Bud (her husband) to become a lawyer."

Every Thursday night Rita plays bridge while Bud is bowling. Although she belongs to a bridge club, and enjoys playing very much, bridge isn't her only pastime. Whenever time permits, she goes swimming, skiing and horseback riding.

Right now Rita isn't fond of horses; not long ago she fell off a horse and couldn't walk for two days.

Rita advises underclassmen, "Be sure to study hard because you will need it in the future."

### Maybe...

(Continued from page 1) that the school was planning to quit letting students have the annual Junior-Senior Banquet. If students are honest in themselves, they will see that they were the cause of this so-called "outrageous" decision.

Why? Because they were not willing, or anyway, they were not doing the work required to stage such an affair. Some students apparently are under the illusion that the school is supposed to hand us a banquet, party, or trip "on a silver platter."

On the other hand, in order for the office to allow the student body to do some of the things that are so often raved about, they must be shown a good reason for doing it, and must be shown that the students are willing to do it, or help do it, themselves.

Who can blame school leaders for "refusing" to allow the students to do something if it is apparent that the students aren't willing to share the burden. This seems fair enough.

Summing it up, if you, the student body, which is the school, would like to do something, the "school" will let you if you do it yourself.

### Its One...

(Continued from page 1) how to spell Nelson Rockefeller's name correctly. Many students didn't know the capital of Canada or who Lumumba is. Do we?

We must take a greater interest in our education and what is going on around us if we ever expect to accomplish anything. If communism is to be stopped before it spreads throughout the world, it must be done by us, the students of Hereford High School.

put their wits together and came up with one.

Their ideal boy would have to have pretty hair like John Buck and a nose just like Dick Plank. Of course his eyes would sparkle like Joe Shultz's. His ears would be like those of Marcus Jacobson and he would have feet like Charles Mims. His hands would resemble those of Butch Walterscheid. Lisle Patton has the ideal physique and Bill Steele can't be beaten for a smile.

Neatness is a must and Jackie Oldham fills this bill. Joe Frank Huckert is known as being the best dressed boy and Dick E. Mason for having nice manners.

He'd just have to be as silly as Bill Noiland and as funny as Edward Allison. Jerry Clark is known for always being happy. The kindness award goes to Edwin Thomas, Bobby Paetzold is the most bashful, while Joe Hersley is always quiet.

The ideal boy must be energetic like Craig Griffith and have the eagerness of Eugene Baldwin. Carl Miller is daring and Mickey Stevens has plenty of zeal. For being the most fun Gary Tannahill and Bruce Odom qualify. If you're ever looking for a wonderful personality, look for Ken Walsler.

The ideal boy must have ambition like Ronnie Botkin, be versatile like Thomas Coffman, and have the talent of Eddie Gallagher. He'd be just as mischievous as Charlie Thomas and as rambunctious as Lee Kimball. Walker Parris has the best voice.

He'd have to be as intelligent as James Gentry and as unique as Tommy Sparkman. When it comes to the flirtiest, that's Clyde Whitaker. Arnold Powell is the cutest and H. S. Fuller is the most handsome, while Joe Frank Huckert is the most

### Stress...

(Continued from page 1) Sandra Flynn from Pampa, vice-president; Joan Gay, Rapstine from White Deer, secretary; and Ronald Davis from Canyon, treasurer.

Lunch was enjoyed in the West Texas State College cafeteria, where the West Texas Madrigal Singers presented the entertainment.

Following lunch the awards were presented. The Whiteface received third place in its division. Honorable mention in the sports story division was given to Wain Miller of Hereford.

Attending the convention from Hereford were: Wain Miller, Sondra Brumley, Phyllis Ward, Carolyn Hammett, Sammie Tisdale, Kay Woolery, Patsy Live, Judy Smith and the sponsor, Mrs. Robert Lacey.

### Picking Career Important, NHS Members Told

(By Whiteface Staff) Robert Thompson, Hereford High School teacher, recently spoke to the National Honor Society about the choosing of a career.

Mr. Thompson told the group that having guidance available in high school is important for many reasons.

First, a person doesn't decide on a career overnight because it has to be studied from several different angles. A person should carefully study himself — his interests and aptitudes most closely. The more aptitudes a person has in different fields and the more interests, the more likely the desired job can be obtained.

Secondly, the dictionary lists over 40,000 job classifications and it's a hit or miss proposition unless there is some organization. "A person is not happy," Mr. Thompson stated, "when working on a job he is not proficient at."

And last, we are all different but achievement is important to everyone. Personality and the job go together and this is enough reason for study of a career.

"Having a testing center is important for finding out for yourself what you are, emphasized Mr. Thompson. He is in favor of giving five tests in determining what a person really wants.

These five are: mental ability, aptitude, interest, achievement, and personality. The aptitude test is one of the most important to consider.

Hereford High School has

likable. But put all the boys together and the best-all-around is Gary Tannahill.

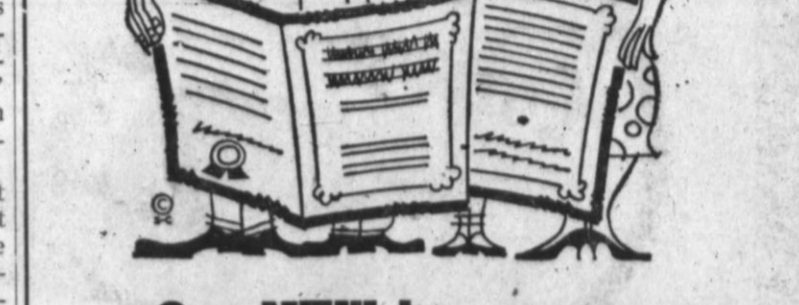

### Antonian Circle Discusses Aid To Education

At the regular meeting of the Antonian Circle recently a letter was read and discussion followed on federal aid to education. Slides on "Lourdes" and "Our National Shrine" were

shown by Bob and David Dzuik. The hostesses were Mrs. Vincent Walterscheid and Mrs. Alfred Reinart. Guests present were Mrs. Kenneth Walterscheid and Mrs. J. B. Blankenship.

Members present were Messdames Darrell Hersley, Lester Wagner, Herman Schumacher, Oskar Schwertner, Edward Schilling, Edward Paetzold, Johnny Jesko, Raymond Schlabs, Guy Williams, Elmer Reinart, S. T. Loerwald, John Warren, Tony Urbanczyk, Leonard Walterscheid, Leander Reinart, Jerome Noggler and Fr. Aloysius Craven, S.A.

### Band Members Receive Ratings

(By Whiteface Staff)  
Nine members of the Hereford High School Band entered University Interscholastic League band solo and ensemble contests held recently in Amarillo, and returned with three "superior" and three "excellent" ratings.

Flute soloist Kathy Knox and saxophone soloist Louise Axe received first division "excellent" ratings for their respective solos in Class I, the most difficult division.

Beverly Boyer, Jackie Nunley and Kathy Knox composed a woodwind trio which earned a I in the class I ensemble division. A clarinet trio formed by Kay Cole, Ann Shepard, and Glenda Furrman rated a II division on their second class entry.

Another "superior" rating was awarded a clarinet quartet made up of Robert Bell, Donita Allred, Kay Cole, and Beverly Boyer for their class two song. Gold medals were awarded to first division winners. A certificate of recognition was presented to the second division players.

**BULB PROTECTOR**  
CORN, Okla. — Park caretaker Emil Hinz has found how to keep light bulbs from being shot out. He took them down. Anyone wanting lights for night picnics or programs in the park must go see Emil and get some bulbs.

### Westway HD Club Program Outlines Cooking Of Meat

The Westway Home Demonstration Club met recently in the home of Mrs. R. L. Wilson. Mrs. Argen Draper gave a program on cooking meats. All meat, cheap or expensive cuts, have the same food value.

She gave these tips on cooking meats: leave oven door open for correct broiling, don't prick meats, use meat irons for cooking thick meats, use dry grease spray in diet cooking and cook one-fourth to one-half pound of meat per person. The next meeting will be a tea given by the Young Homemakers Club to entertain the Westway Club at the Hereford

Community Center April 18 at 2 p.m.  
The visitors present were: Mrs. Grady Wilson, Mrs. S. D. Struges and Mrs. A. C. Pierce. Members present were: Mercedes Clarence Sauley, Joe Landers, Bess Werner, Homer Rudd, Paul Rudd, R. W. Mitchell, Jess Odum, George Turentine, P. B. Sowell, Kenneth Rudd and R. L. Wilson, the hostess.

Bob Purkey was the workhorse of Cincinnati's pitching staff last season. He tossed 252 innings, won 17, lost 11.

### Hereford Young Farmers Receive Field Day Honor

Hereford Young Farmers group received a \$15 cash award for having the largest representation at the Texas Tech Young Farmers field day in Lubbock on Saturday. The award was presented to president Bob Hicks by the Goodpasture Feed and Fertilizer Company.

Delegates heard talks on managing production factors to get higher net returns to farmers. On the panel were Harvey Walker, discussing fertilizers; Leroy Ray, cotton; Shelby Newman, irrigation; and Jack King, grain sorghums.

After lunch, Dr. J. Wayland Bennett gave a talk on the Economic Outlook in Farming. After the talk, the delegates separated. One group heard a talk on farm feeding of beef cattle by Grady Shepard, farmer and feeder from Hale Center. At the end of the talk, this group made a tour of the huge Lewter feeding operations near Lubbock.

The other group heard a talk on economic problems in production of quality cotton by Dr. Walter Rogers, Texas Tech and Lubbock Experiment Station. This group then made a tour of the Tech fiber testing laboratory and spinning laboratory.

Those attending the field day from Hereford were Bob Hicks, Clark Andrews, John Smith, James Dobbs, Larry Dobbs, Truman Price, Billy Baker, Leonard Schmidt, Charles Frye, Earnest Baird, Joe Lyons, Arthur Betts, Eugene Noel, Earl Harkins, Wade Thompson, Jess Robinson, Lee Robinson and Wayne Walser.

**TELEPHONE TALK**

by Al Leach, Manager

IMPROVING TELEPHONE SERVICE IN HEREFORD

Today, you can reach almost anyone in town or around the country in a matter of seconds ... by telephone.

If you're curious and want to see what's behind telephone calls you make and receive, plan to visit our telephone central office real soon. We'll be glad to show you or your club or civic group many of the technical changes in equipment and methods that continue to improve your service. Just call us and let us know when you're coming.

These "behind the scenes" improvements come about in two ways. A great many result from the full-time research carried on by telephone scientists. Other improvements come from ideas of telephone people working right here in Texas.

This teamwork between telephone people on the job and scientists in laboratories makes an unbeatable combination. Our goal is simply this: To give you service this year that's better than last year's.

**MORE TIME FOR FAMILY FUN**

"How do you find time to get everything done and still have time for your family?" I seem to hear that question come up in conversation more and more lately. Here's how one Kansas family found more time to do the things they enjoyed together:

Mr. and Mrs. Clifford Padget of Dodge City have fulltime jobs and two active school age children. They find time for bowling, golf, American Legion, PTA and church work in addition to scout and school activities for the children.

How do they manage to keep up with everything? The Pagets have help ... two telephones, which they use to save time, trips and energy. Mrs. Padget says, "I believe we save as much as a day a week in needless trips just by telephoning."

Quite a saving. How about you? Could you use your phones to save time for the family? Why not try them and see.

**NEW COMMUNICATIONS SATELLITE ON THE WAY**

The success of Project Echo - the communications satellite launched last Fall and still orbiting the earth - proved that communications signals may be transmitted over great distances by controlled satellites.

The Bell System plans to launch additional communications satellites throughout this year.

These experimental satellites will test transmission of voice and television signals, as well as other types of communications.

These experiments could lead to a world-wide space communications network capable of handling television programs and overseas telephone calls.

Call by number. It's twice as fast.

## 200 Attend Key Club Charter Night Banquet

Background and purpose of Key Club International, service club for high school boys, was outlined during a charter night banquet here Saturday.

Mike Waters of Orange, Tex., made the principal address in the Hereford High School cafeteria. Waters is a high school senior and governor of the Texas-Oklahoma District of Key Club.

Key Club is sponsored by Kiwanis International and has a history that goes back to 1925, Waters said.

The first Key Club was organized in 1925 in Sacramento, Cal., to replace high school fraternities. It had 11 members. It spread across the nation until it had a convention in Florida in 1936. At a convention in 1939 in New Orleans the international organization was formed.

First Key Club in Texas was formed in Texas City in 1936, Waters said.

Waters told the group that a Key Club is not scholastic, not fraternal, not social. It is, he pointed out, all of these things, plus two others: leadership and service to the school, the community and the individual.

Key Club International, he said, won the Freedom Foundation award last year as the most outstanding club in the United States.

Waters challenged the audience of more than 200 to overcome the slur of juvenile delinquency, the threat of communism, the incidence of complacency and restlessness.

"Our major problem is fighting communism, when Khrushchev has said the United States will be dominated by it in 1971," Waters concluded.

Waters also formally installed the 1961 officers and charter members of the group. The current officers include: Gary Tannahill, president; John Buck, vice president; Austin Hodges, secretary; Randy Dowell, treasurer; and Lisie Patton, Joe Schultz and David Dowell, directors.

New officers for 1961-62 also were introduced. They are: John Buck, Lieutenant Governor of District 7; Drew Kershner, president; David Dowell, vice president; Austin Hodges, secretary; Joe Mack Hale, treasurer; and Randy Dowell, and Jim Barnett, directors. Director from the sophomore class will be elected next fall.

Master of ceremonies was Gary Tannahill, with Lee Kimbell the songleader. Butch McCaslin led the pledge to the

Mike Waters  
Key Club governor.

flag, Fred Mulkey gave the invocation and Jim Pavlicek introduced the guests.

Musical entertainment was by the Trio Trio, including Walker Parris, Billy Lytal and Eddie Gallagher. Mike Waters was introduced by Charles Taylor, Lieutenant Governor from Amarillo.

Special guests included Terry LaMaster of Orange, Tex., editor of the Texas-Oklahoma Key; Melvin Munn of Pampa, division Key Club chairman; and Marion Bruce, District 6 Lieutenant Governor from Amarillo. Delegates from Key Clubs at Amarillo Palo Duro, Amarillo Tascosa, Borger, Vega and Pampa also attended.

Hereford Key Club is the first Key Club formed in District 7 of the Texas-Oklahoma Division of Kiwanis International.

Jess Robinson, president of the Hereford Kiwanis Club, presented songbooks, gavel, bell and banner to Tannahill from the sponsoring club. He also introduced the Key Club committee of the Kiwanis Club. Members are Bill Patton, Paul Stevens and Marcum Waddill.

Personal debt is one of the fastest growing parts of the nation's debt structure. Family mortgage debt and consumer credit combined added to more than 176 billion dollars at the end of 1959, two-fifths greater than in 1955 and two and three-quarters times the figure for 1950.

Until 1955 Wales had no capital city. Then Home Secretary Gwilym Lloyd-George, son of former British Prime Minister David Lloyd-George, announced Cardiff as the Welsh capital.

REP. WALTER ROGERS WRITES:

# Educational Television

TO THE PEOPLE OF THE 18TH DISTRICT:

A Subcommittee of the Committee on Interstate and Foreign Commerce has held some recent hearings on educational television. These are a continuation of the hearings that have been held on this subject for the past several years. At the recent hearings, outstanding educators (including Dr. Logan Wilson, Chancellor of the University of Texas) from all over the nation appeared and gave testimony in support of early action by the Federal government to make possible the use of television channels set aside for public or educational purposes. The Federal Communications Commission has available for all purposes 2,209 television channels (674 VHF, and 1,535 UHF). These are all of the channels. Out of this number, 267 channels have been set aside for educational television purposes (88VHF and 179 UHF). At this date, approximately 58 of these channels have been utilized. The channels have been retained for public purposes primarily because the channels are public property. The channels which have been assigned to private corporations and individuals are also public property and concern the use of the spectrum. The broadcasters or broadcasting stations have a license to use these channels.

The reason that so few of the educational channels have been utilized is due primarily to the lack of funds. Most of the States have been hesitant to create an authority and provide funds for the use of these educational channels. Many institutions of higher learning have been anxious to obtain licenses to operate on these channels. However, the lack of funds available to these educational institutions has been the major stumbling block. Some of the States have instituted programs to take advantage of these fac-

ilities. The State of Alabama is using educational television in a substantial majority of its public schools, and takes the position that it has been highly successful and will prove more so.

The bills before the House of Representatives provide for Federal grants of approximately \$1 million to each State for the purpose of purchasing facilities and equipment necessary to start operation of these stations. As you can probably suspect, there are many problems involved. One of the issues is whether or not a grant of this kind would be Federal aid to education. The next question is whether or not the license to operate the channel should be granted to a State authority, to the public school system of the State, to several of the institutions of higher learning, to an organization made up of educational institutions, or be set up as an arm of the Federal government operating on a regional basis. The thought is that if the channel should be granted to a private or a single educational institution, any Federal grants would certainly constitute Federal aid to education. It is generally conceded that the use of these channels should not be confined to teaching school alone. If the channel is to be utilized, a proper allocation of time could result in beneficial information for all persons of all ages.

In any event, there will be much pro and con on this subject during this term of Congress. Certainly it is a subject that should be exhaustively studied. The wonders of television and its many possibilities provide a great challenge to man. Properly used, this discovery and medium could and should make a great contribution to the enlightenment of man, to the advancement of civilization, and to the realization of universal peace.

The President's Farm Program

Most of you realize the difficulties and the trials and tribulations that have been experienced in trying to work out a farm program which would be in balance with the other segments of the economy. The President's message to the Congress on this subject touched just about every phase of the agricultural picture. Each of these phases will receive a separate study and evaluation. Subsequent messages will no doubt provide much more information as to the Administration's thinking on the subject.

However, one particular suggestion of the President should receive a complete re-evaluation. I have reference to the following paragraphs contained

## DANIEL NEWS

### Farmers Happy With Rainfall

BY MRS. W. R. MOORE—This community received 80 inches of rain on Friday night, plus made all the farmers happy.

Friends and neighbors extend their sympathy to Mrs. E. T. Allred on the loss of her father, Mr. C. M. Goshorn, who died in Amarillo hospital on Saturday.

Mr. and Mrs. W. R. Moore attended the funeral for Gordon Whitaker in Plainview Monday. Mr. Whitaker was Mrs. Moore's brother.

Mr. and Mrs. Walter Lee Ballard and children of Vega were visitors in the home of Mrs. Mamie Cogdell on Sunday.

Mr. and Mrs. W. R. Moore made a business trip to Amarillo on Friday.

Mrs. T. E. Price and Mrs. Gonn Persons visited C. M. Goshorn in an Amarillo hospital on Friday.

Mr. and Mrs. Ray Dean Aze and baby from Carizo, N.M., spent several days in the home of Mrs. Zelma Aze last week.

Mr. and Mrs. Earl Plank visited in the home of Mr. and Mrs. George Faye of Black recently.

Mr. and Mrs. Elroy Arthro and children visited in the home of Mr. and Mrs. Elmer Remant of Hereford recently.

Mr. and Mrs. A. J. Ramsey and son, Scott, spent the weekend with their daughter and son-in-law at Panhandle.

## OFF THE Shelf

BY H. A. TUCK

Strictly for adults, and not all of them, is *Rabbit, Run* by John Updike.

Central character in this new little novel from the Deaf Smith County library is Harry "Rabbit" Angstrom, a six-foot-three-inch former high school basketball hero.

Fed up with his mediocre job demonstrating a hoarse hold peeler, yet without enough courage to change, he is trapped in a narrow web.

His wife Janice is pregnant and alcoholic. She also is a sloppy housekeeper.

Rabbit leaves the apartment one night on an errand and just keeps going. He gets to West Virginia before he turns around and comes back. Even then he doesn't go home, but to the shabby rooms of his former basketball coach, now a broken old man.

Through the coach he meets Ruth, a woman of mean honesty but little virtue.

Rabbit changes jobs, but not for the better. And he continues to live with Ruth. His only tie with his former life is through a young minister. Rabbit has a feeling of kinship with God, but doesn't work at that partnership either.

When Janice goes to the hospital for the birth of their child, Rabbit is on hand. And he makes a strong effort to rebuild their marriage. But neither he nor Janice is mature enough to make it work.

When their new daughter drowns, Rabbit leaves again. Updike's descriptive writing is good, with a flair for apt words and phrases. He is not much less graphic with some of the more earthy moments in the book.

*Rabbit, Run* might be altogether more suitable for rabbits than people, despite its pages of good dialogue. Unfortunately, it's hard to look at a man's fumbling for maturity and security rings true less often than it's base "clang" of squalor.

in his message: "Programs formulated in accordance with the enabling legislation here proposed and involving controls over production and marketing should not go into effect until approved by a majority of two-thirds of the producers voting under regularly authorized voting procedures and there should be legislation to this end. Such voting will be after full opportunity for debate and discussion of no commodity will be added to accept programs to which they have not given strong affirmative approval."

"All comprehensive programs prepared under existing and requested authority will be duly submitted to the Congress of the United States not less than sixty days before taking effect. If within the sixty-day period the program is rejected by either House of the Congress, the program will not go into effect. Thus, no agricultural program will be adopted if it is regarded adversely by a majority of either House of the Congress."

I cannot support this procedure. It is, in effect, reversing

the legislative process. Under our Constitution, legislation is supposed to be prepared and passed by the Congress. It is then submitted to the Executive Branch of the government, which is headed by the President. The veto power is vested in the President.

If he approves of legislation, he signs it. If he disapproves of it, he vetoes it. In such an event in order for such a measure to become law, a two-thirds majority vote of both Houses of the Congress is required.

If we should follow the suggestion of the President as above quoted it would be, in effect, permitting the Executive Branch to write a law and submit it to the Congress for veto.

Inaction by the Congress and failure to veto the proposal would constitute approval by acquiescence. Although this method has been used a number of times in the last several years, it has never had the approval of the lawmaking process as laid down in the Constitution.

It has been used in the Eisenhower and previous Administrations

for departmental reorganization and other purposes. This, however, does not, in my opinion, constitute a sufficient precedent to employ the method further. It might work all right in the particular agricultural situation involved, but we must remember that its use could be extended to other segments of the economy. Such practice could develop to the point that our entire tax-making process could be completely reversed.
