Gallagher Files \$600,000 Suit For Tank Leases Here

Two suits filed in 69th District Court here brought the transactions of Billy Sol Estes, Coleman D. McSpadden, Harold Orr and Ruel Alexander directly into Deaf Smith County this week.

First action was an application for a receiver to be appointed for Associated Growers of Hereford, operated by Coleman D. McSpadden of Hereford. The other was a suit for more than \$600,000, filed by John P. Gallagher of Hereford against Estes, McSpadden, Orr and Alexander.

Gallagher's suit contends that the defendants misrepresented facts when he signed chattel mortgages for a large number of anhydrous ammonia tanks to be used in Reeves and Deaf Smith County.

He is seeking more than \$300,000 as the unpaid balance due on leases for the tanks, plus an additional \$300,000 for exemplary damages.

District Judge Harry H. Schultz of Dalhart set a hearing on an application for receiver-

FOR CITY COMMISSION

Tinnin, Howard Winners

Hereford citizens voting Tuesday in a citywide election named two new commissioners to the city governing body as two positions were up for election.

At the polls Dr. R. R. Wills, incumbent in the race was defeated by Dale Pappy Tinnin for Place Four. A count of the results showed Tinnin polling 201 votes to the 172 cast for Dr. Wills.

For the second place on the City Commission, only one person filed for the office. Running unopposed in the race for Place Three was W. J. 'Bill' Howard. The incumbent was Troy Moore.

Several write-ins were placed on ballots in opposition to Howard. However, the most votes cast against him was four. Total votes for Howard was 311.

In a special meeting following the close of the polls Mayor Ray Cowser, Gid Brown and W. L. Davis Jr., canvassed the election results.

A motion was made to accept the results of the election and passed unanimously.

Following the motion, the two new commissioners were given the oath of office. Administering the oath was Mayor Cowser.

A total of 475 votes were cast in the city election as commissioner for Place Three and Four were decided.

The election did not seem to generate much interest in the community. However, the turnout for the election was described as good.

Around Town

One of the men in Hereford most satisfyingly retired seems to be Homer Henlee. He has his yardwork, which he really enjoys, and his grandchildren -- about which nothing more needs to be said. Between them, he doesn't seem to miss the frantic pace he had while serving as county judge.

Spring court may be here. An all-around the defendants are showing their young missuses in almost every yard. Our neighbors boys seem habitually to congregate on our front yard for basketball practice. At 10:30 Wednesday the infield was being watered for another session. Luck for them to pay there. They keep out the mosquitoes, and most of the grass. However, they are getting so large that we have had to forbid them to hold batting practice.

Negro Sentenced On Contributing Charge

A Hereford Negro was sentenced Tuesday to 30 days in jail plus court costs for contributing to the delinquency of a minor in County Court Judge H. C. Williams presiding.

Charged with the offense was Marcel Cloud, 19, who lists his residence on East Fourth Street. He was arrested Monday by the Deaf Smith County Sheriff's Office.

Jan Miller Is Junior Spelling Bee Champion

Jan Miller, sixth grade student at Aikman Elementary School, spelled her way to first place in the annual Junior Spelling Bee held Tuesday in the junior high school cafeteria.

The daughter of Mr. and Mrs. Bill Miller of 18 Star, Jan defeated 12 other entries from Hereford's elementary schools to take the title. She will be a guest at the area spelling contest to be held later in Amarillo.

Winning second place in the event was Lynn Chisholm, son of Mr. and Mrs. C. I. Chisholm. He is a student of Mrs. Paul Stevens at Northwest Elementary School.

City Commissioners meeting Monday voiced their dissatisfaction with the operation of the Hereford Municipal Airport and voted unanimously to terminate the contract with manager Jerry M. Cady.

During the session, several complaints concerning the operation of the facilities were aired. It was brought out that rent on the facilities had not been paid for some time and that the airport was not being operated in the best interests of the city.

Commissioners also discussed a complaint registered by County Commissioners over the cost of fire protection for the county.

At present, the contract between the two states that the county will pay for fires on a percentage basis. During the past year fire protection costs have climbed about \$100 per month for the county.

However, the number of fires outside of the city limits has increased and totals about 46 per cent of all calls answered. In 1960, county fires totaled 33 per cent.

During the discussion, it was also pointed out that the county pays for maintenance and the depreciation on only one truck. Cost of additional equipment for the Hereford Volunteer Fire Department is paid for by the city.

A motion was unanimously passed calling for the County Commissioners to propose a new contract reflecting the costs they feel the county could afford to pay for fire protection.

In other business the Commission accepted bids on 3000 feet of 10-inch pipe and for a cyclone fence around Water Department facilities.

Bids on the pipe were submitted by Johns-Manville and Clowe and Cowan of Hereford. For Johns-Manville the bid was \$2.45 per foot on 150 class pipe and \$3.12 per foot on 100 class pipe.

Clowe and Cowan bid \$2.15 on the class 100 class pipe and \$3.47 on class 150 pipe. The Johns-Manville bid was accepted.

Bidding on the fence was Carl McCaslin Lumber Company, \$1375.80; Cyclone Fence Company of Lubbock, \$3082; and Tri-State Fence Co. of Amarillo, \$3719. The low bid was accepted.

The Commission also heard two zoning recommendations. The first was submitted by Wayne Wallace and the second by Miss Francis Dameron.

11 Freight Cars Derailed Sunday

Traffic was halted on the mainline Santa Fe track Sunday morning by a derailment near Sumerfield, about 1.0 miles southeast of Hereford.

The pile of 11 cars stopped in traffic on the line as both freight and passenger trains were routed through Lubbock on a long detour from Clovis to Amarillo.

No one was injured in the crash, although it was a narrow escape as the last 11 cars of a 12-car freight train from Clovis to Amarillo started jumping the track about 6:50 a.m. When it was over, the caboose was the only car still remaining on the track.

It is believed that a broken coupling was responsible for the wreck, which spilled six (Continued on page 2)

Whitefaces Blast Dumas

Hereford unleashed a ferocious hitting attack while playing almost errorless ball at Dumas Monday to whip the Demons 17-7 in the District 1-AAA opener for both teams.

Eugene Green and Joe Mack Hale, the number seven and eight batters on the Whiteface lineup, provided power-plus to lead a 13-hit barrage against four Demons hurlers. Green put together back-to-back home runs in the sixth and seventh innings to drive in four runs. Hale slammed out a triple and three singles in four times up, for four RBI'S. Mickey Stevens, throwing against a chill wind, pitched shut-out ball for five innings before the Demons managed to score.

As the game opened, Hereford piled up five runs on just one hit and was never headed. Ronnie Duncan walked and went to second as Ken Loerwald was nipped on the back half of an attempted double play.

John Buck got on by fielder's choice as the play missed Duncan at third. The double steal worked as Duncan came in on an error and Buck scored on a wild pitch. Dan McDowell got on by error before Arnold Powell and Bill Steele walked to load the sacks.

With two out, Joe Mack Hale slashed a triple to deep center field to drive in three runs.

When Mickey Stevens walked, Dumas' starting hurler Steve Minton was sent to the outfield and Joe Ballard came in to pitch. He struck out the next batter to end Hereford's first big inning.

Dumas got a walk in the first, but the runner died there.

Ken Loerwald singled in the second but got doubled off on a fly ball McDowell got on by error but died on second.

The Demons drew a pair of walks in their part of the second, but neither of the runners was able to advance.

In the third, Hale singled but couldn't go any farther. Dumas again got runners on in the third, the first by an error before Minton doubled. But that was as far as they went.

Hereford had another big inning in the fourth, adding on six runs for an 11-0 lead. Duncan singled and Loerwald's sacrifice bunt was mishandled as Duncan went to third. He scored on an error by the pitcher.

John Buck drove in one run with his triple before the first out was made. Arnold Powell singled to score Buck and Ballard was relieved by Clyde Gregory.

Powell stole second, took third on a wild pitch and stole home as the rattled Demons failed to react. Steele drew a walk before Gregory could get the second out. But Hale again singled to drive in a run and then came in as Stevens singled.

Dumas loaded the sacks in the fourth on a pair of walks and a single but couldn't get a runner across the plate.

For the first, and only, time in the game, Hereford went down in order in the fifth. Rector tripled in the last of the fifth, but was left stranded as the next three batters were retired.

Hereford tacked on two more runs in the sixth as Steele walked just before Eugene Green's fly just cleared the left field fence for a home run.

Then it was time for Dumas to come alive. Don Samuels doubled and with two out Robert Robinette and Julian Miller drew walks. Rector slashed a double that scored two runs and Minton singled to drive in two more.

Richard Casas was called to put out the fire and he responded by striking out the next batter.

With a comfortable 13-4 lead, Hereford decided to add on a few more for insurance.

Loerwald singled and went to third on a pair of wild pitches. John Buck walked and Joe Cabrera singled in the lead runner. Buck stole second and came in on a wild pitch. With two out, Green again blasted the ball over the left field barrier — this one clearing the fence by more than 10 feet.

That was all for Gregory, who handed pitching duties to Joe Sanders, who gave up a walk before the side was retired.

Pitching before he was warm, Casas gave up three straight walks and then hit a batter to push in one run. He came off and Drew Kershner took over mound chores for the Whitefaces. With the bases loaded and none out, he allowed Robinette to single in two runs. But flies to Duncan and Powell took off some of the pressure as Kershner struck out the last batter to preserve the victory.

Dumas, the defending district champions, has just one senior on its team, shortstop Dick Rector. All the rest are sophomores and juniors.

Hereford will be idle until Tuesday, April 10, when Levelland will be here.

Stevens pitched five and two-thirds innings to notch his first win of the season. He gave up four runs on six hits, struck out six and walked seven. Casas pitched one-third of an inning, allowing three runs on no hits, walked three, struck out one and hit one batter. Kershner worked one inning, allowing no runs on one hit while striking out one and walking none.

Steve Minton was charged with the loss as he pitched two-thirds of an inning. He allowed five runs on one hit, walked four and struck out none. Ballard pitched two and two-thirds innings, giving up four runs on five hits with four strike-outs and no walks. Gregory worked three and one-third innings. He was charged with eight runs on seven hits while walking three and striking out five. Sanders pitched one-third of an inning. He gave up one hit and one walk.

(Continued from page 1) The first note was for \$49,500, payable \$12,750 annually from March 18, 1959. The second note was for \$20,000 with annual payments of \$1,000 from July 26, 1959. The third note was for \$49,500. First payment of \$2,500 was paid Oct. 15, 1959. A year later, the payment was \$3,500. On Oct. 15, 1961, the payment was \$4,000. The balance of the note was payable \$3,950 annually.

On or about April 15, 1959, the notes were sold to the plaintiffs. They state in their application that the \$2,750 payment due March 18, 1962, on the first note is past due.

The plaintiffs are asking for full payment and foreclosure on the Associated Growers of Hereford property. They also seek 10 per cent of the outstanding balance and 10 per cent for attorneys' fees.

On Monday, April 2, John P. Gallagher filed suit against Billy Sol Estes Enterprises, and included Coleman D. McSpadden, Associated Growers of Hereford, Superior Manufacturing Company of Amarillo and two of its officers, president Harold E. Orr and secretary-treasurer Ruel R. Alexander.

The suit contends that in the latter part of September, 1960, Estes and McSpadden approached Gallagher to finance them in the purchase of steel tanks to be used by the defendants in their business of distributing and selling liquid fertilizer. He contends that Estes and McSpadden outlined a plan whereby they would lease or rent such property, leases to be payable in monthly installments for a period not to exceed 60 months.

The suit contends that the defendants said that there was a need for many of such steel tanks and they they (the defendants) were financially able and responsible to promptly pay monthly rental on each of the tanks leased.

Gallagher contends that the undamaged portion of the tank was sent to Amarillo. Wrecker crews were dispatched from Santa Fe offices in Amarillo and Clovis. They were assisted by heavy equipment brought in by Jack Messer of Hereford.

Damage was in the thousands of dollars, although the exact figure was not released.

defendants said that they would place the orders for the number and type of steel tanks, together with the trailers for them, and would furnish him with adequate serial numbers of the tanks to have them properly identified. The suit says that Estes told the plaintiff that he would use the tanks in Reeves County and McSpadden said he would use the tanks he bought in Deaf Smith County.

The suit then outlines the purchases of tanks that Gallagher said he made for the defendants:

On or about Oct. 5, 1960, Estes showed that he had purchased from Lubbock Machine and Supply Company 79 1,000-gallon anhydrous ammonia tanks and trailers for a total of \$56,030.40, to be leased for 60 months at \$933.84 per month from Nov. 15, 1960.

Oct. 31, 1960, Estes showed that he had purchased 110 1,000-gallon tanks from Lubbock Machine and Supply for \$98,300, to be leased for \$1,300 per month for 60 months from Dec. 10, 1960.

Oct. 5, 1960, Estes showed that he had purchased 41 1,000-gallon tanks from Lubbock Machine and Supply for \$487.50 a month for 60 months from Oct. 15, 1960.

Nov. 28, 1960, Estes ordered 30 anhydrous ammonia applicators with 200-gallon tanks and pumps, plus 30 500-gallon tanks on two-wheel trailers from Superior Manufacturing Company for \$42,865.20, with the lease of \$714.42 a month for 60 months starting Jan. 2, 1961.

Oct. 27, 1961, McSpadden bought from Superior Manufacturing Company 122 1,000-gallon tanks and trailers, plus a 3,000-gallon storage tank for a total of \$107,880.00, payable on the lease for \$2,247.50 a month for 48 months.

March 25, 1961, McSpadden bought from Superior 25 1,000-gallon tanks and trailers for \$20,250.00 with the lease payable at \$337.50 a month for 60 months starting May 1, 1961.

March 22, 1961, McSpadden bought 35 1,000-gallon tanks and trailers from Superior for \$28,990.00, payable at \$483.16 a month for 60 months from July 24, 1961.

Gallagher contends the officers and directors of Superior Manufacturing Company represented that the equipment had been manufactured and delivered in good condition.

He said that Estes Enterprises and Billie Sol Estes are indebted to him in the sum of \$154,121.70 at this time and that McSpadden is indebted to him for \$104,256.50 for the rentals due on the rental contracts. This totals \$318,378.20.

Gallagher says in his suit that he will show that all of the defendants "have conspired together, collectively and separately to defraud this plaintiff and plaintiff has been informed and upon investigation believes the facts to be that all or a greater portion of the equipment supposed to have been manufactured by Superior Manufacturing Company was never made and never manufactured."

In the alternate, "plaintiff alleges that if such equipment has been manufactured by Superior Manufacturing Company, that all of said defendants have changed, mutilated or erased the serial numbers of each of said equipment, so that it is impossible to identify such equipment; and pleasing further in the alternate, plaintiff alleges that the defendants, Estes and McSpadden, have sold and disposed of a portion of such equipment, retained the money received therefrom for their own or for the use of Estes Enterprises, and therefore, Estes Enterprises, Billie Sol Estes and McSpadden have converted to their own use the funds received from the sale of such equipment, all in violation of the rental contracts."

The chattel mortgage record in Deaf Smith County Court-house shows that Gallagher has signed mortgages for all the equipment listed in the suit which was filed. These mortgages in turn were assigned by the manufacturers to various investment and loan companies, including First Acceptance, Kuykendall Investment, CIT, Pioneer Finance, Associates Investment and Walter E. Heller Company of Chicago.

Two representatives of the Heller Company were in Hereford Monday to look over records of chattel mortgages they hold for ammonia tanks.

exemplary damages for the fraudulent, malicious, wanton and willful acts on the part of each and all of the defendants, for which amount he sues in addition to his actual damages."

Attached to the charge filed by Gallagher was a photostat of an equipment lease agreement for 79 1,000-gallon tanks, dated Oct. 5, 1960, with John P. Gallagher of Hereford as lessor and Billie Sol Estes Enterprises as lessee. The agreement was signed by Billie Sol Estes and John P. Gallagher.

On each of the purchases listed in the suit, the serial numbers of the tanks and other equipment are listed and the plaintiff, Gallagher, was to purchase the tanks for use by Estes or McSpadden.

The chattel mortgage record in Deaf Smith County Court-house shows that Gallagher has signed mortgages for all the equipment listed in the suit which was filed. These mortgages in turn were assigned by the manufacturers to various investment and loan companies, including First Acceptance, Kuykendall Investment, CIT, Pioneer Finance, Associates Investment and Walter E. Heller Company of Chicago.

Two representatives of the Heller Company were in Hereford Monday to look over records of chattel mortgages they hold for ammonia tanks.

378.20. Gallagher says in his suit that he will show that all of the defendants "have conspired together, collectively and separately to defraud this plaintiff and plaintiff has been informed and upon investigation believes the facts to be that all or a greater portion of the equipment supposed to have been manufactured by Superior Manufacturing Company was never made and never manufactured."

In the alternate, "plaintiff alleges that if such equipment has been manufactured by Superior Manufacturing Company, that all of said defendants have changed, mutilated or erased the serial numbers of each of said equipment, so that it is impossible to identify such equipment; and pleasing further in the alternate, plaintiff alleges that the defendants, Estes and McSpadden, have sold and disposed of a portion of such equipment, retained the money received therefrom for their own or for the use of Estes Enterprises, and therefore, Estes Enterprises, Billie Sol Estes and McSpadden have converted to their own use the funds received from the sale of such equipment, all in violation of the rental contracts."

The allegations by Gallagher further state, "... plaintiff has been damaged in the sum of not less than \$300,000.00 as

TO BE STAGED in the junior high school auditorium Thursday and Friday nights, "We Shook the Family Tree" features a comical tale of modern family life. The second annual Stanton Junior High School all-school play, the comedy has a large cast. Above, Linda Loerwald, appearing as the imaginative Hildagarde, applies a mud pack while Linda Price, characterizing her friend, Sally, looks on in laughter. Curtain time is 8 p.m. for the two performances. (Staff Photo)

Water District Passes Ruling On Closing Wells

The Board of Directors of the High Plains Underground Water Conservation District has recently passed a new rule and the District began enforcement the first of April.

According to Tom McFarland, general manager of the water district, the new rule deals with the closing of abandoned, or unused, wells.

McFarland states that hundreds of wells in the district are uncovered, or covered inadequately, and represent a threat to the safety of children and even adults.

The new rule provides that in cases where the landowner refuses to cover a well properly, the Water District may come on the land and close the well. The expense of closing the well will be charged to the landowner by means of attaching a lien to the land. These charges may never exceed \$100.

McFarland says that the rule was passed by the water district's board to protect life and the underground water from possible pollution from the surface.

He encourages landowners to close or cover in some substantial manner any wells on the land that are either abandoned or not being used at the present

time.

McFarland states that personnel of the water district will be happy to discuss individual cases with landowners or their agents. Many satisfactory methods of covering wells adequately are available.

Salad Supper Hosted By Wesley W.S.C.S.

Mrs. L. W. Tooley was the presiding officer for the meeting of the W. S. C. S. Group of the Wesley Methodist Church of Hereford. The group met on Tuesday, Mar. 27, in the kitchen of the church.

Roll call was answered with the name of a shut-in that the group could and would visit.

Mrs. C. W. Riddle, program chairman, presented the scripture reading and prayer. Mrs. James Priddy and Mrs. L. H. Lane gave the program called, "The Great Physician Is Still Healing."

A salad supper was served following the short business meeting.

Attending were Mesdames Aubrey Bell, Boyd Collins, John Ferguson, L. H. Lane, James Priddy, George Terry, C. W. Riddle, Nelson Rieger, L. W. Tooley, and two visitors, Mrs. L. L. Haney and Mrs. Vester Funk.

OFF THE Shelf

BY H. A. TUCK

We discovered three delightful books among the new volumes at the Deaf Smith County library last week.

One was fiction and the other two were non-fiction.

In the factual line we found **Never Tease a Dinosaur** by Joseph Hannan. He is that rarity, a male elementary school teacher in a female world. He finds that he gets a "harem complex," which is not entirely unenjoyable. There are drawbacks, however, to being a man and also to being a new teacher.

Hannan now classes himself as a veteran of such things as

classroom elections, where 32 students cast 53 votes for one candidate of educational tours that require a vast knowledge of troop deployment, of sixth-grade pageants more complicated than Camelot.

He tells of playground fights and how to break them up, how to cope with vividly-colored stories of undone homework, practical tips on detecting whether a student really needs to see the school nurse. Hannan describes, a teacher's best friend, the custodian, and that awesome power in the office — the principal.

Hannan outlines the methods of teaching physical education and its results, both on the students and the teacher.

As one review put it, "It is vital reading for all parents willing to face the fact that things have changed since they went to school — and for all teachers interested in the fine art of self-preservation."

Another gem among the non-fiction is **Secret Service Chief** by U. E. Baughman. In it, the author tells of his experiences as an agent and later as head of the Secret Service, which was formed to guard the nation's currency and later charged with the safety of the President.

Baughman served during part of the Truman administration, both of the Eisenhower terms and the early part of the Kennedy administration.

Since 1927, when he joined the Secret Service as a clerk-stenographer, Baughman has been a dedicated man. He served as an agent in the field from 1934 until 1948, when he was named Chief of the Service.

In his book, he tells of the seven sticks of dynamite that were found at the Kennedys' Palm Beach residence, of Truman's near attack from a barracuda, about the dangers of Presidential golf and

early morning strolls.

Often, he points out, it wasn't the President that gave the Secret Service its trouble, but the President's family.

Baughman tells of the attack on Blair House by two Puerto Ricans that could have ended with the death of Truman.

Throughout the book, the reader learns tricks of the trades and gains even more respect for this amazing group of men, who always manage to find a counterfeiter and who can put a finger on the writer of a threatening letter to the President. It is good, exciting fare.

Difficult in its scope is **The Artless Heiress**, Strange as it might seem, Columbine Pepper Dugget knew almost nothing of the world except what she learned at her spinster aunt's boarding school for girls.

That, she found, wasn't exactly the proper background for a girl who has just inherited a

\$500,000 luxury motel in Arizona.

On her way to claim the property, she accidentally got off with the wrong luggage. That led to a rather sinister devotee of Black Magic, a brassy Texas oil widow and a rather suspicious-looking parson.

But Columbine learns in a hurry. She figures out how to deal with a smooth operator who wants to buy her property, an invasion of skunks at a lawn party, a sudden walk-out of the kitchen staff, a kidnapping, and a rather timid lawyer.

The Artless Heiress, by Clarence Buddington Kelland, is a fast-paced story of adventure, with touches of humor and homicide.

Speakers Ask Support For Canyon Symphonic Play

A brief history and an outline of plans for a symphonic drama to be presented during the summer of 1963 were given by Dr. William A. Moore, director of the Branding Iron Theatre, Canyon, during the Monday noon Rotary meeting.

Introducing Dr. Moore was Pete Cowart, concessionaire at Palo Duro State Park and former manager of the Deaf Smith County Chamber of Commerce. Cowart also participated in the question and answer session.

In commenting on the drama being written by noted playwright Paul Green, Dr. Moore pointed out that the Panhandle of Texas has a heritage that should be preserved.

During a visit to Canyon, Paul Green confirmed this, and that the Panhandle had the right place — the Palo Duro Canyon.

He also pointed out that Green was the right man to write the play saying that Green is "a man who appreciates the country."

"Writing a play like this is his way of expressing something important," said Dr. Moore. "His motivation is to increase the appreciation for the country we live in."

As he discussed the career of the playwright, he told of how the first symphonic drama was written.

Green wanted to do something more than he was doing, explained Dr. Moore. A chance meeting on a train "struck a responsive chord in him" as a passenger commented on the movies being turned out by Hollywood.

The meeting caused him to write his first play, "The Lost Colony," he continued. His last major play was the "Stephen Foster Story."

What the Panhandle needs to put over this drama on its heritage, is a better theatre, better lighting and the accommodation for tourists, stated Dr. Moore.

STUDENTS SEEKING ELECTION
Competing in the election for student government leaders for 1962-1963 session at West Texas State College in Canyon are Bobby Renfro of Hereford, candidate for sophomore Senate Post 1; and Lee Blocker of Hereford, candidate for Senate Post 2.

BY JIMMIE GILLENTE
Rev. Russell Wingert, pastor of the Presbyterian Church, is a deep thinker and a wonderful preacher, but even he had a spot of trouble in commanding rapt attention from his congregation Sunday morning when a stray cat risked one of its nine lives and invaded the auditorium during services. Finally, the ushers managed to capture the animal — and they say no one could have been more frightened or upset than the cat.

Robert Veigel is a busy man these days. He is doing a sidewalk superintendent stint on the new elevator 11 miles north and, at the same time, is trying to maintain all of his coffee drinking activities around town.

tion and speculation in Hereford and, for that matter, over the entire irrigation belt. A lot of people, however, were beginning to express themselves as being "fed up" with the subject and ready for something new.

Dudley Bayne and John Sims are a couple of avowed landlubbers these days. The pair weathered some 70 and 80 mile winds in a houseboat on Lake Conchas a week ago last Saturday, and say that it was one of the roughest nights they ever spent. Major damage consisted of a 14-foot fishing boat and motor; the motor was recovered by divers and overhauled, but the auxiliary boat was a total loss. All in all, the boys figure that the price of market fish is reasonable — regardless of what they cost.

Mayor Ray Cowser is also having a rough week, and turned out to be an embarrassed lawyer when he appeared in Justice Court Monday on charges of driving without his 1962 license plates. Cowser had bought the plates, but hadn't been able to talk his wife into putting them on the car. However, they are on now attached in apple pie order and, to give the mayor full credit, he had nothing but words of praise for the officer who, he said, "was doing his job — and was one of the nicest people I have yet to run across."

Meanwhile, fertilizer and the Estes empire continued as the chief topic of conversation.

Other sportsmen, not so well initiated, have been talking about the fishing car which Stephens-Hudson is giving in connection with their formal opening at the Ford-Mercury place Friday, Saturday and Sunday as successors to Chas. Seeds Motor Company.

Activity continued further down Highway 60, too, as workmen were busy remodeling G. D. Caison's Wheel-Inn Cafe with new rest rooms and expanded dining room facilities.

Down Dimmitt way, one drug store has taken out its fountain facilities, leaving only two

pick up in the state and regional races. Dally, I run into candidates for State Representative and a lot of folks are thinking seriously about the race for governor. Marshall Formby, favorite son in this territory, seems to be picking us all over. Folks who cannot find it in their hearts to support Connally, Daniel or Yarborough, are finding out about Formby, who seems to be coming to the front fast. Will Wilson, an almost has been, is making a

move in the Billy Sol Estes scandals, and appears to be gaining some support from the effort. He is also losing a bit from strong Estes backers.

Down Lubbock way, I heard a joke about Estes, who was reported to have called an official in Washington and said: "This is Billy Sol, and I am in bad trouble. Can you help me?" After a long pause; the voice of the official asked, "Billy Sol who?"

County High On Prison Sentences

A recent survey released by the Director of Sociology at Sam Houston State College ranks Deaf Smith as 150th among the 254 counties in Texas in the number of persons committed to the state penitentiaries.

mitted to the state penitentiaries.

But Deaf Smith County ranked within the top one-third of Texas counties in the ratio of persons sentenced per one thousand residents, ranking as number 55.

Deaf Smith County submitted 150 convicts to the state prison during the past 40 years, while bordering Castro County sentenced only 37.

The rating of 17.4 persons sentenced per one thousand population in Deaf Smith County indicates that 54 counties of the state sent more persons for each thousand persons within the past 40 years.

Five counties in Texas where commitment is highest in ratio are all found in West and Northwest Texas. Dallam county has the state's highest ratio with 46 persons for each one thousand in the population. Among other four counties is Culbertson, which is second with a ratio of 36. These five counties committed a total of over one thousand persons during the period studied.

Prepared by Rupert C. Koening, Director of the Department of Sociology at Sam Houston State College, the report gives individual statistics on each of the 254 counties in Texas.

During the 40-year period from 1920 through 1959, a total of 109,949 individuals were committed to the Texas Prison System.

One third, or a total of 35,989 of those committed came from five counties in Texas. The five most populous counties, Harris, Dallas, Tarrant, Bexar and El Paso, sent more persons to prison, than any others.

The report showed, however, that many of the lesser populated counties had far higher commitment ratios than the five largest.

As mentioned, Deaf Smith County sent some 150 persons to the prison during the period, while Castro County committed only 37. Potter County sentenced 1,177 persons, Randall County, only 133, and Oldham County, only 58.

Moore County, with Dumas as the county seat, was almost identical to Deaf Smith County in both ratio and number sentenced. During the 40-year period, Moore County submitted 153 persons to the penal institutions, a ratio of 17.9 per one thousand persons.

Lamb County, with Littlefield as the county seat, sentenced 199 persons, but had a ratio of only 10.34 per one thousand population. Levelland is the county seat of Hockley County, which showed a commitment rate of only 6.92 per one thousand for a total of only 112 persons. All are comparable in size, economy, and population to Deaf Smith County.

Amarillo Sandies Victors In Doubleheader - Saturday

The Amarillo Sandies ran rough-shod over the Whitefaces here Saturday in a doubleheader. They won 11-1 and 15-2 on a sunny afternoon, first good day that Hereford has played a game this year.

The games were the final non-conference tilts scheduled by Hereford. The Herd compiled a respectable 5-7 record against 3-AAAA competition.

In the first game, Amarillo scored in six of the seven innings. They picked up one in the first, two in the second and were blanked only in the third. They tacked on two runs each in the fourth and fifth times at bat, got one in the sixth and three in the seventh.

On the other side of the ledger, Hereford got just four men on base, scoring only in the second as Dan McDowell walked, stole second and came in on an error.

Two of Hereford's three hits in the game were doubles by John Buck and Ken Loerwald with Gary Kendrick adding a single.

Rusty Alexander went all the way for the Sandies to earn the victory. He gave up one run on three hits, struck out four and walked two.

Jim Haney started for Hereford and was charged with the loss. He pitched four innings, giving up five runs on six hits, while striking out two and walking three.

Gary Kendrick came in and pitched the last three innings. He was charged with six runs on six hits, struck out two and walked five.

Leading hitters for the Sandies in the first game included Gary Smith and Jerry Rice, who hit three times in four trips. Smith and Allen Lyons had doubles for

the Sandies. Although the score doesn't indicate it, the second game

Chaplain Sets Talk On Sunday

Chaplain Leo W. Goates of Amarillo Air Force Base will be the featured speaker during morning services of the Church of Latter Day Saints in Hereford. He will speak at 11 a.m. Sunday, April 8. The Hereford Branch of the Church of Latter Day Saints meets in the chapel of Gilliland Funeral Home.

One of the very few L. D. S. Chaplains, Chaplain Goates is a widely-known speaker. His topic here will be "Honor and Achievement." While it will be directed primarily to the youth, it will be of value to everyone.

The public is invited to attend the service.

was a close affair for five innings before the roof fell in. In the top of the first, Amarillo picked up two runs on two hit batters and three walks.

But Hereford tied it up 2-2 in the last of the first as Ronnie Duncan singled, Ken Loerwald walked and Eugene Green singled to push in one of the runs. Bill Steele got on by fielder's choice as Loerwald was caught trying to score. Dan McDowell walked and Buck sacrificed to push in Green.

David Smith scored for the Sandies in the second. He singled and moved around on an error and a fielder's choice.

Both teams went down quickly until the last of the fifth, when Hereford got two men on base. However force plays ended that come-back try.

In the top of the sixth, Hereford's defense came apart and the Sandies took advantage of every opportunity to pick up eight runs on four hits, three errors and two wild pitches.

Amarillo finished up with four more runs in the seventh on a single, a double and a home run by Bobby Everett, plus an error and a walk.

Ronnie Duncan paced the Hereford hitters with two singles in four trips. For the Sandies, Everett got his home run, while Rice and Gilbert Coats pounded out doubles.

Coats was the winning pitcher as he gave up just two runs on five hits, striking out two and walking four. The Sandies turned in a double play in the third inning, from Allen Lyons to David Smith to Dwane Tidwell.

Hereford also, turned in a double play, in the second.

It went from Loerwald to Buck to Steele. Drew Kershen went five innings for Hereford and was charged with the loss. He allowed three runs on one hit, struck out two and walked four. He also hit two batters, Mickey Stevens, Richard Casas and a surprise hurler, Dan McDowell, each pitched two-thirds of an inning to finish the game. Stevens gave up eight runs on four hits; struck out one and walked two. Casas allowed four runs on three hits, struck out none and walked one. McDowell had a perfect day as he faced two batters and both of them were outs — one hit a ground ball to the shortstop while the other filed out to center field. McDowell, who played first base until he was converted in to an outfielder in high school,

had never pitched before in his baseball career.

Wain Miller, The Whiteface Get Awards At Press Meet

In the annual Panhandle High School Press Association convention held Saturday in Canyon, Hereford High School's newspaper, "The

Any Girl Is All Right To Be Joe Wright's Right!

This week Joe Wright, a very mischievous and well-known sophomore in Hereford High, decided to make a list of girls that had the ideal characteristics of a perfect female.

He started with his list at the most likely spot, to him, and that was ambition. Suzanne Langley filled this most aptly. Joe's perfect girl still must have the bashfulness of well, of Ronnie Duncan! Oh, but cute features like Pegene Cox are a must, too, and courtesy like Maribeth Gilliland.

This girl must be spunky, though; and Sandra Hodges, as the most daring, was just that. Spunk means big, dancing eyes, like Sharon Hill's, and keen, but beautiful ears like Shari Jo Carmichael.

To Joe, the funniest girl in HHS was Judy Wiman. Kathy Boston was his choice for best figure, and Toni Parker seemed to be most graceful.

Long, brown hair, like Kay Lemons' is what he adored most. Jerre Bea Noland came up with the prettiest hands, so he added them to his list of ideal qualities. Cynthia Seed's jolliness was chosen, too.

Betty Scott was kind enough to run an orphan, asylum; and Nicky Bradford, likeable enough

Whiteface," ranked second in its class while former editor Wain Miller was honored for his achievements in journalism.

Presented the Dorinda E. Bond trophy for being "the outstanding young journalist in the Panhandle." Wain received the highest award given at the annual convention held Saturday in Canyon.

Sponsored by the Amarillo Globe-Times, the Dorinda E. Bond Award is in honor of a late sponsor of the Panhandle High School Press Association.

Working for the past year as a Distributive Education student for the Hereford Brand, Miller has also served as editor of "The Whiteface" before resigning at mid-term.

Not only did Miller receive the Dorinda E. Bond trophy, but he was also awarded certificates for second place in both news and feature writing in the individual contests sponsored by the high school press association.

Attending the PHSPA convention were nearly 300 other students from the entire Texas Panhandle. Awards were presented to individuals for the best editorials, news stories, sports stories, general columns, features, and photography.

Also presented with certificates of merit were the newspapers themselves, and the "Whiteface" was awarded second place in the "Community-Page" category. First place went to the Tullia high school paper published in the Tullia Herald. The papers are judged for content, layout, and general appearance.

The 28th annual convention convened Saturday morning at 9:30 in the Student Union Building at West Texas State College

in Canyon. Beryl Little, of Tascosa High School, Amarillo, presided as president of PHSPA. Campaigns for officers for the coming year were held and the new officers were elected.

Guest speaker for the group was Melvin Munn, who spoke on the importance of the integrity of the press to print facts and give the public the best, possible coverage of events. Mr. Munn is well-known for his work with youth groups throughout the panhandle area.

To assist school newspaper staffs to publish a better paper, a "workshop" was held in which the Lubbock High School sponsor and journalism editor discussed ways of dressing up the newspaper by use of features and articles of interest about local students.

Luncheon was served in the cafeteria and was followed by presentation of awards to the students who had shown the most work, talent, and promise in the field of journalism.

WINNING FIRST PLACE in District 1-AAA University Interscholastic League contests held Thursday in Borger were Jimmy Reinouer, in boys' poetry interpretation, Gary Kendrick in extemporaneous speaking, Charles Mims in number sense, and LaReece Askew, in girls' prose reading. These four students will represent the district in Region IV contests April 13-14 in Odessa. (Whiteface Photo)

Four Take District 1-AAA Top Honors

Four first-place honors in the District Interscholastic League Contests went to Hereford High School students.

Contests were held in Borger on March 29, and the first and second place winners will represent their schools in the Region IV ILC to be held April 13 and 14 in Odessa.

Gary Kendrick was the top winner in Extemporaneous Speaking. A contestant is given a subject when he starts the contest. He is given 30 minutes to look up information in the library from current magazines and prepare a speech on his topic.

Gary's speech was on the "United States' attitude toward the European Common Market." He is a junior in high school this year.

Placing first in the Number Sense event was Charles Mims, also a junior. This is the contest measuring one's ability to solve problems quickly, and without the use of the pencil and paper. Donald Payne ranked fourth in this event.

In Boys' Poetry Interpretation, Jim Reinouer, son of Mr. and Mrs. Joe Reinouer of Westway, earned the highest place with his reading of "O, Captain, My Captain," and "The Open Road," by Walt Whitman.

Jim won first last year in Boys' Declamation at the State Meet in Austin, and he may be paving his way to another state victory.

LaReece Askew, a sophomore in Hereford High School and a first-year speech student, won

first place in Girls' Prose Reading. She, too, is eligible to attend the regional conference.

Boys' Debate Team, Gary Kendrick and Donald Payne, defeated Dumas in the primaries Thursday morning, but was disqualified by a technicality when Kendrick won another speech event, so Levelland won by default.

Caroline Brumley and Jackie Nunley, both juniors, composing the Girls Debate Team, were defeated by Littlefield in the first round of the tournament. Judges commented that the debate was very close, and there was some argument as to the winners for some time after the debate.

In Girls' Poetry Interpretation, Sharon Hill placed third with her rendition of "The Seven Spiritual Ages of Mrs. Marmaduke Moore," by Ogden Nash.

Also placing third, was Martha Ponder in Ready Writing with her essay of "Should Junior High Schools Have Football Teams?" Wain Miller was fourth in this event, with his topic, "Music in My Community."

Jim Grubbs, son of Dr. and Mrs. Roy Grubbs, was fifth in the slide rule contest. This contest tests the contestants' ability to use a slide rule in solving mathematical problems.

Entered in shorthand were Kay Nellis, Linda Stephan, and Lynda Hewitt. Typing contestants were Cynthia Seed, Jan Story, Billy Hill, Tim Gallagher, Jo Coffman and Joyce Cooper.

At the Borger Meets, Levelland placed first with the most total points; while Phillips was second; and Hereford third.

Sponsoring all speeches and writing events was Mr. James Hinkley, and the number sense, Mr. Patterson. Miss Sue Ward sponsored the shorthand contest, and Miss Mackey entered her best typing students.

Winning third place with the one-act play, "The Sisters

seniors measure up for their caps and gowns. (Whiteface Photo)

Gown Measures Mark Important Step To Seniors

Big, tiny, tall, medium, short, average — these are all the sizes being taken of the seniors getting measured for those "glorious" caps and gowns. The gowns are going to be white with white caps and maroon tassels.

Mrs. Buck, senior sponsor, has this to say, "Measuring the seniors for caps and gowns has been a pleasure of mine for a number of years. In a way it's like knowing you will be losing some of your own children. But it's a great pleasure to 'measure' their growth and maturity through the years — I'm sure this is the true reward of teaching."

Approximately 145 seniors of Hereford High School have only 45 more days left until they get to show these caps and gowns off on the night of May 29.

Senior Personality

This week one of our senior personalities is Sara Gillentine. Sara is the daughter of Mr. and Mrs. Jimmie Gillentine, 507 Star. Her favorite pastime is the key to her personality; it is trying to get out of as much work as possible. She is, however, going to attend Baylor University which will require some physical as well as mental work.

"One day when my family and I were traveling, we stopped at a motel for the night. When we were ready to leave I remembered something I needed. I ran back into the room, but all of a sudden a strange man came in and asked me what I was doing in his room. I made a quick exit." Sara had apparently gone into the wrong room. She claims this to be her most embarrassing moment.

Sara likes watermelon and can hardly wait for the good old summertime so she can have all she wants. Her favorite book of Exodus because it showed how the underprivileged Jews were treated. Her favorite movie is the much-praised "Ben Hur."

One of Sara's greatest hobbies is playing tennis. She is an accomplished player. Sara's pet peeve is people who are not punctual. If you know Sara you know that she is always on time. Sara is very active in several school organizations as well as church.

Suzy Woodford Delegate For Youth Seminar

Suzy Woodford is one of the three Texans chosen to represent the First Christian Church at the International Youth Seminar. This is a group of 75 high school and college students who are meeting in New York to discuss world affairs.

The purpose is to help the youths of our nation to realize the importance of securing and assuring world peace. They each have been prepared by writing a 2,000-word theme concerning world affairs.

Suzy, a senior at Hereford High School boarded a plane Friday, March 23, and she was on her way. One stop, at Dallas, was necessary before she arrived in New York City Friday evening.

Her schedule for the week includes talks with the representatives present at the United Nations. Tuesday they planned to go by chartered bus to Washington D. C. and sit in on the House and Senate, where they would visit with the Senators and Representatives. An appointment to see President Kennedy has not yet been secured.

Suzy is scheduled to arrive back home Monday after a brief visit in Dallas, where she was a "Glorified Babysitter" for a children's home for five weeks last summer.

VISITS PARENTS

Clyde Whitaker, a freshman student at Oklahoma State University, Stillwater, Okla., has been visiting in the home of his parents, Mr. and Mrs. Charles Laing and sons, 402 Blevins, during spring vacation.

Logan And Lassiter Are Honored During Annual D. E. Banquet

OUTSTANDING employer award of the Hereford High School's D. E. Club went to Jimmie Lassiter, manager of the market division of Cooper's Market. Presenting the award at the annual banquet was Ronald Long, club vice president. At bottom, Geneva Logan is presented the outstanding D. E. student award by Nicky Bradford, club treasurer. (Staff Photos)

Jimmie Lassiter, market manager at Cooper's Market, and Geneva Logan, senior Distributive Education student, were honored during the annual D. E. Club Employer-Employee Banquet, held Friday night in the high school cafeteria.

More than 100 persons were on hand to view the presentation of four special awards and hear Dan True, Amarillo television personality.

Featuring "D. E. Road to Success," some 34 D. E. students at Hereford High School took the opportunity to pay tribute to their employers at the annual banquet.

Presented the "Outstanding D. E. Employer" award was Jimmie Lassiter, manager of the market at the local Cooper's Market.

Selected on the basis of a written nomination submitted by Charles Callaway, the employer award was judged by three out-of-town businessmen, as was the outstanding student presentation.

Geneva Logan, a senior D. E. student who is employed at Rogers Drug Store, was honored as the "Outstanding D. E. Student." Geneva is in her second year in D. E., and serves this year as club secretary.

Presenting the award to Lassiter was Ronald Long, D. E. Club vice president. Nicky Bradford, club treasurer, made the outstanding student presentation.

A special plaque was presented to the Hereford Brand in recognition of its aid to the Hereford High School D. E. Club. H. A. Tuck, Brand news editor, accepted the award on behalf of the Brand staff.

Supposedly a surprise, D. E. co-ordinator Kenneth Hart was presented a plaque from the D. E. students in appreciation for his devoted service.

Stating that it was indeed a surprise, Mr. Hart quipped, "It's times like this when I forget even what I was thinking, much less what I would like to say."

Geneva Logan presented the plaques to the Brand and to Mr. Hart. Serving as master of ceremonies during the banquet was Wain Miller. Toni Parker introduced the special guests, including a group of D. E. students from Amarillo, and presented a gift on behalf of the club to Maribeth Gilliland, club sweetheart.

Making a unique appearance was the "Employer-Employee Quintet," featuring D. E. student Jerry Don Whitaker, and

employers Charles Bell, Woodie McDermitt, Don Baugous, Gerald Martin, and Bill Penn.

Guest speaker for the affair was Dan True, who commended D. E. students for being able to cross the street without a crossing guard.

True brought up the point that many students had been reared with the idea that the world always take care of them, as in the example of the small school children who is helped across the street at school by a crossing guard.

"Those guards won't always be there, he continued, "but the kids will get the idea that they will, and will not try to take care of themselves. They get the idea that people will always be around to protect and take care of them.

"But I think you D. E. students are the kind of students who will not need a crossing guard. You have already begun to face the world as an adult, as you are working on your jobs, and you should know by now that things are not always 'peaches and cream'."

He pointed to his own life as an example of what an early vocation, such as those D. E. students learn, might lead to, and congratulated students on their "early start in life."

TWO SPECIAL PRESENTATIONS were made during the annual D. E. Employer-Employee Banquet held Friday night. At top, Geneva Logan, club secretary, presents a plaque to H. A. Tuck, news editor of the Hereford Brand, in recognition of the paper's contributions to the D. E. program. At bottom, Geneva awards a plaque of appreciation to Kenneth Hart, D. E. Co-ordinator. JUST ONE STEP SLOW, catcher Eugene Green of Hereford was nabbed at first base by Tascosa's Bill Defee after hitting a tap down the third base line. It was grabbed by Rebel receiver Roy Eudy, who fired to first for the out in the fifth inning. Hereford, with two out in that inning, came back to tie the game 1-all before winning it 2-1 in the seventh. (Staff Photo)

Seamonds all rated on the District All-Star cast.

Originally, one of the parts was to be portrayed by Audni Miller, but she unfortunately contracted the measles two days before contest, so Kay was chosen as her impromptu substitute.

Too, the curtain was closed five minutes too soon, but in spite of all these obstacles, only Levelland and Dumas placed above Hereford, respectively.

Since there is no district division for journalism contests; Martha Ponder and Wain Miller will also represent Hereford along with four other contestants at the Regional IV Interscholastic League Contests.

Book Review Featured At Pioneer Study Club

The Pioneer Study Club met in regular session on Tuesday, Mar. 27, with a luncheon meeting in the Flame Room of Pioneer Natural Gas Company.

Pledge of allegiance was led by Mrs. P. B. Sowell. The devotional was given by Mrs. C. R. Walser, taken from Proverbs 3:26, "In her tongue is the law of kindness." She pointed out the similarity of this verse to the kindness and gentleness of a mother, comparing it with another verse of scripture, "A soft answer turneth away wrath." The invocation was given by Mrs. John H. Patton.

Special prayer was offered for the members who were absent because of illness: Mesdames A. G. Bell, J. M. Gilliland, F. M. Kester, C. N. McClure, H. E. Miller and Mrs. Wirt Phillips.

Those who will attend the District Convention of Federated Clubs in Shamrock on April 12-13 are Mesdames Ralph McCullough, L. H. Lookingbill, O. G. Hill Sr., Ray Johnson and P. B. Sowell.

Mrs. Ray Johnson, program chairman, introduced Mrs. O. G. Hill Sr., who reviewed the book on race relation by Ralph and Carl McCreger, *This Is What We Found*. The book was written by a white father and his son who live in Little Rock, Ark., telling why they chose to take the part of the colored people there. The authors tell that consecrated and gallant teachers who were not interested in segregation, only in the education of youth, took their stand under much pressure and refused to yield to the demagoguery of the public.

Disturbed by the lack of Christian principles displayed by people in positions of leadership, this father and son wrote the book after much study and

research. The authors state that, "People who use the scripture as a basis for segregation are misunderstanding the message. The Bible separates good and evil but nowhere does it separate race or color."

"To some people race is all-important and has become a religion. From history we find that before Christ, Egypt, Ethiopia and other countries had a high degree of culture. Early Babylonia was founded by a strain of Negro people. The Negroes are a mixture of tribes of people."

"Slavery did not originate in America. Neither did it originate with the Negroes. They came in chains from many countries. They were marched in chains to the coast and sold to the settlers."

She concluded with these statements, "Greatness has no color. Areas in which Negroes

excell are arts, sciences, sports and music. Until recently few Negroes were prominent as authors but now there are more, as it takes a bit more education to write a book. Dr. Hale Williams, a Negro, was the first person to successfully suture a human heart."

Members present were Mesdames Fred Barrett, Burl France, N. E. Gass, Henry Hastings, E. S. Ireland, Ralph McCullough, John Patton, M. L. Simpson Sr., Mary Seigler, P. B. Sowell, C. R. Walser, Bess Werner, R. L. Wilson, Paul Rudd and Miss Roberta Campbell. Mrs. R. J. Smith, a guest, had woven pot holders for each member as plate favors. Mrs. Smith is Mrs. Ray Johnson's mother.

The hostesses were Mesdames W. C. Hromas, O. G. Hill Sr., Ray Johnson, F. M. Kester and Mrs. L. H. Lookingbill Sr.

"HELLO PASTOR

— this is Dave. I just want to tell you we have decided to start going to Sunday School and preaching services again... we'll see you Sunday. "We realize it is foolish and not in the best interest of all concerned when we stay away. So, you will please put us on the roll call again... the whole family... we'll be there, and regular from now on. And say, pastor, we are bringing along some friends who have expressed an interest. They, too, have been procrastinating but want to get back in the line of duty... yes, they will be regular. "And wait a minute, pastor, any of us will teach a class if we are needed. Will see you Sunday. Bye, 'til then."

Farm Bureau Members Hear Proposed Program Outlined

"The Farm Bureau is for a supported market, not an established one with price supports low enough to allow the market to fluctuate," W. C. Wedemeyer, director of research, told bureau members at a meeting held Thursday in the Hereford Community Center.

As he told of the proposed farm program offered by the Farm Bureau, Wedemeyer told the group that the Farm Bureau "is not for cheap prices."

"Farmers are for high prices — as high as we can get them," he stated. "However, it is impossible to support prices above the free market. It becomes a subsidy."

During his talk, he pointed out the goals of the program purposed by the bureau.

The first point of the program is for the Secretary of Agriculture to establish a national-crop-land goal calculated to produce needed commodities.

In the program, acreages would be reduced by renewing conservation contracts, long-term conservation contracts on a voluntary basis, a mandatory acreage reduction with a limit placed percentage of cropland to be retired.

The second point of the program would reserve markets for producers by restricting Commodity Credit Corporation sales.

A third provision would be to reinforce the free market by establishing a support price that will permit the free market to operate.

The program advocates voluntary participation in the program and the elimination of all wheat acreage, offering land retirement payments and establishing rates by competitive bidding, permitting production of any crop not under control, and preventing control of additional commodities.

It was pointed out that the present surpluses can be removed by selling on domestic markets at prices above the current market price as well as continuing the present export payment and increasing markets at home and abroad.

To protect retired land and other producers, the program would require farmers to cut acreages in addition to land ordinarily left idle.

Farmers would also be required to designate retired land before the growing season and to plant a protective cover

and control of noxious weeds. It was brought out that no crops could be harvested from the land and livestock could not be grazed.

In concluding his talk, Wedemeyer stated, "To get out from under controls will not be one short deal. It took us a long time to get to this point and we need to withdraw slowly."

Frank Barrett, president of the Deaf Smith County Farm Bureau, presided at the meeting attended by approximately 90 area farmers.

Sharon Bezner of the Ford 4-H Club, gave a speech at the opening of the meeting entitled "Old Glory, The Hope of Tomorrow."

Good Traffic Legislation Lacking; Citizens Blamed

BY VERN SANFORD

At a joint meeting of the Governor's Highway Safety conference and the Texas Safety Association Gov. Price Daniel said that good traffic safety legislation still is lacking because citizens "have never taken enough time and trouble to tell their legislators exactly what they want."

He said that five bills which have failed to pass will be introduced in the January session, "regardless of the identity of your next governor." These concern:

1. State financing to pay the salaries of driver-education teachers in public schools.
2. Complete revision of the driver-licensing law.
3. A chemical test for use in cases of driving while intoxicated — designed to free the innocent and provide medical evidence against the guilty.
4. Adequate city and county traffic courts of record to handle traffic cases with efficiency and justice.
5. Authorization for additional highway patrolmen and additional pay for Department of Public Safety personnel.

Although the Legislature lately approved 51 additional highway patrolmen, a \$300 increase in pay and set a floor of \$4,947 annual salary, the governor reported the patrol still is 150 men short of its authorized strength of 804. He feels the pay hike was insufficient.

VOTERS LIST

ed up the poll taxes and exemptions sent in by the counties and found 2,355,159 Texans qualified to vote.

This is an increase of 300,000 from 1958, the last non-presidential election year. But it is virtually the same as the number of qualified voters in 1952.

Still holding the record in 1960 with 2,599,924 Texans qualified to vote.

TEACHERS QUIZZED
Texas school teachers are pretty good at answering their examinations.

Texas Education Agency sent out questionnaires to about 95,000 school people. They expected a 30 per cent return but 92,000 answered.

Questions were part of a Texas Legislative Council study of teacher training.

Results will be fed through computers to give lawmakers an idea of what school people think about the way public schools are run and how teachers are trained.

WATER LOANS HIT
The state will borrow another \$15,000,000 on April 19 to help local water districts, river authorities and cities on their water projects.

Texas Water Development Board has the authority to borrow up to \$100,000,000 for this purpose.

Its first bond issue of \$10,000,000 is nearly used up in four loans. So another \$15,000,000 worth of bonds will be sold.

Major project helped so far by this state program is the Toledo Bend reservoir on the Sabine River near Newton. It will get a \$15,000,000 loan over the next four years.

PADRE STUDY

Herb Petry, chairman of a special committee to study the various proposals for making Padre Island a recreation area, said the committee will have a meeting in April to decide on its recommendations.

Governor Daniel appointed the committee after differences developed as to whether Padre Island should be turned into a recreation area by the federal or state government.

A bill in Congress has authorized federal purchase of a large part of the island as a national seashore area. But the bill has not passed the House of Representatives because South Texas Congressmen favor a smaller area, if any at all.

GI FARMS

Veterans Land Board has sold 20 repossessed GI farms for \$19,000 more than it had invested in them.

But it turned down bids on a Grayson County tract which drew 33 bidders.

Board tried, but failed, to put a block deal back together by advertising for bids on an 860 acre farm in Zavala County. Board had set the minimum bid at \$150,000 but nobody bid.

Only qualified veterans who have not made GI land loans were eligible to bid on the tracts.

PROFESSORS PAY

Two University of Texas department heads told their troubles as they moved into a new \$4,000,000 business and economics building.

Dr. Carey C. Thompson, chairman of the economics department, said he recently lost a good faculty member to the University of Rochester which bid up his salary from \$7,800 to \$13,000 a year.

Dr. John Arch White of the College of Business Administration said his college had not had a full staff since the end of World War II. Last year he needed to hire 12 young instructors but could only find eight and then lost four of them. Other employers outbid his salary limits.

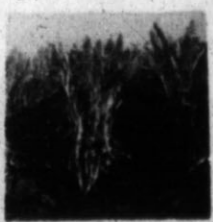

The two departments have a fine new building but are hard-pressed for professors for their growing number of students.

SUNDAY SALES

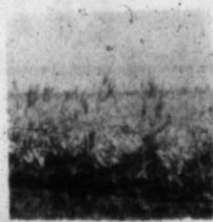

Atty. Gen. Will Wilson has held that the new law which prohibits car-house sales on Sunday or Saturday does not prohibit the sale of mobile homes (house trailers).

New law requires retailers in many lines to close either on Saturday or Sunday.

REP. ROGERS WRITES

United States, Communist Farm Problems Compared

TO THE PEOPLE OF THE 18th DISTRICT:

The peoples of the world are today confronted with a choice between two basic philosophies of government — the Communist philosophy on the one hand, and the philosophy of the free world on the other hand. These two philosophies are as diametrically opposed as two opposites could be. Either can be brought into clear focus as to its application to the individual.

If those peoples who are trying to make a choice at this time would simply direct their decision would be easy. Their decision would be easy. It makes little difference as to what segment of the economy or other area is used for comparative purposes as between these two ideologies.

For the purpose of example, let us employ one of our most troublesome problems and compare it with the problem surrounding that same segment of the economy in the Communist world. I have reference to the farm problem.

At the present time, the Agriculture Committee of the Congress is wrestling with this gigantic undertaking, and soon the Congress must adopt legislation designed to correct troubles and difficulties which have occurred because of obsolescence of certain provisions in former programs, and because the ingenuity of Man under the free enterprise system has created other problems.

The major trouble involved is the simple fact that we in this country, under the incentive theory, a free enterprise economy, and the ingenuity of a free mind, are able to produce more food and fiber than our markets can absorb. The problem of the Soviet countries — Russia, Red China, and all of their satellites — is the complete opposite of our problem. They have been wholly unable to produce enough food and fiber to meet the needs of their people. Summed up in one word, our problem is "feast"; theirs is "famine."

With all of the technology and advancements in farming practices in this country, which have been available to the other people all over the world, and to which the Soviets had access, they have not been able to find even a beginning of the solution of their problem. Last year

their production goals fell short by 16.3 million tons of grain, 16 million tons of milk, and 3 million tons of wheat. The per capita meat consumption in the Soviet Union is less than half of the American level.

Just the other day, word came that Canada had agreed to sell 39 million bushels of wheat to Red China at an estimated price of \$75 million. It was alleged in the story that this wheat was for the purpose of feeding the Red army and the high officials in Red China. This has great significance, because anyone who has ever been in a Communist country readily recognizes the fact that the first to sit down at the table are the Soviet officials and the second is the military.

The people are mendicants at the table of the officials and the military. If there is no food for them, then the people don't eat. Hence, it can be concluded that the food situation in Red China is probably more serious than many have believed. The Chinese can turn to Russia, but they will receive no help because Russia is in the same plight. Their problem is one that must be solved, or at least alleviated, promptly, because Man cannot live without food and fiber. If all the grass crops should fall for one year, every living creature on earth would perish. There is a problem the solution of which cannot be delayed if their people are to live.

Of course, ours is also a serious problem and every effort must be made toward its solution. However, by comparison ours fades into insignificance. If we fail to solve it this year, we can be assured that there will be plenty to eat and plenty to wear while we continue to work on it. As problems go, I think we would all prefer the one that seems to be plaguing us.

IS A NATIONAL A CITIZEN? In recent hearing before the Communications Subcommittee of the Committee on Interstate and Foreign Commerce, some interesting facts developed as to the rights of nationals of this country. We were concerned with the status of the inhabitants of American Samoa. It developed that these are the only group of people who are not citizens of the United States under the American Flag, al-

though they are nationals. All citizens are nationals, but all nationals are not citizens.

Since 1917, the Puerto Ricans have been citizens. The Virgin Islanders and the Guamanians have also been granted citizenship. The question was asked as to why the Samoans were not made citizens. The explanation seemed to be that the Samoans prefer to live under their traditional clan system known as the Matai system, where the property is held by the head of the clan, or Matai.

The question is whether or not this system should be broken up and the Samoans made citizens, or whether they should be permitted to live along in their present status without determining the Constitutionality of granting them citizenship and permitting them to perpetuate their particular protective land tenure system.
