Vegetable Harvest Halted At Halfway Point By Rain

SKID MARKS show where a pickup truck driver tried, unsuccessfully, to avoid a seven-year-old boy who suddenly darted across the highway in front of the vehicle. The accident occured about a mile west of Hereford. The youth, Jesus Tijerina, received a broken arm and other injuries

been more of a nuisance than harmful during the harvest, but heavy rains could cause severe damage to vegetable crops remaining in fields.

According to shipping firms in Hereford, the harvest is between 50 to 75 per cent complete. It was pointed out that most of the white and yellow onions are out of fields and sweet Spanish onions have yet to be harvested.

Deaf Smith County carrots are also beginning to reach sheds in quantities. Yields as well as the quality of the crop are reported to be good. The market is described as "all

Planting of cabbage and lettuce crops is said to be nearly complete. It was pointed out that the deadline for planting the two crops is between Aug.

ed that the potato harvest in the county is 65-85 per cent complete as the market began to look stronger. He commented that demand

Around Town

One of the more interesting topics for discussion in Hereford Saturday morning centered around Coleman McSpadden's testimony in Amarillo Friday that Vice President Lyndon B. Johnson was reputed to have one-eighth interest in the Allied Elevators here. That is the big pile of storage facilities, 10-million bushels, located just east of Hereford and built by the Worsham brothers and Billie Sol. This is the first time the statement has been made in a court of inquiry, but it has been rumored around Hereford since the Estes deal first broke open. 5 Cases Slated Johnson's office has denied it, of course. But what is the truth?

Hereford's two banks are really getting with it on services. Last week, the Hereford State Bank opened its new, improved drive-up services. Saturday, the First National Bank announced that installation would start very soon on a "Double T" facility at the southwest corner of its building. That's one of those big gadgets that alternately of guilty. flashes time and temperature every five seconds.

A former high school all-state (completely academic course. guard two years from Hereford, Included on his spring semester schedule were English, psycho-Mr. and Mrs. Ed Thompson ing a football name for himself of Benjamin, Tex., and Mrs. at Oklahoma State but also Gene Thompson and daughter quite a reputation in the class-

The husky; bull-necked Thomas, who is 6-0 and 205 pounds, fought off the effects of a minor but painful neck injury last

spring to be ranked as the number-two left guard for the Cowboys. He was also a standout twice in the varsity's surprising 20-0 upset of the grads.

After a solid freshman season, it wasn't any surprise when Tucek of El Paso, Jerry Thomas worked his way to the varsity ladder in spring drills. But, few expected him to be tops as a scholar, too. Thomas had fine marks in

high school but so often these don't stand up when put to the strain of the faster college classroom routine. He was up to it. He ranked

third among grid scholars at OSU with a one year grade average of 3.604 (4.0 is a straight A grade average). As it is called around cam-

pus, Thomas was enrolled in "a

of Elida, N. M.: Mr. and Mrs H. L. Richardson, Douglas and Wayne of Portales, N. M.; Mr. and Mrs. Glenn Willoughby and Robert of Portales; Miss Jan Story of Hereford and Mr. and Mrs. R. A. Frye of Dawn.

IN CANADIAN

Mrs. Ivan Block and Mrs. Russell Carver were in Canadian Friday, July 27, to celebrate the birthday of Mrs. Carver's mother.

IN NEW MEXICO Mr. and Mrs. Marvin Knox

and daughter, Cynthia, are vacationing in New Mexico in the Red River area, fishing and

logy, biological science, ROTC and speech, tough by any stand-

Says head coach Cliff Speegle. 'Edwin's attitude towards his studies shows up everywhere not only on the football field but in his associations each day. He's the kind of young man you know can adjust rapidly to unusual situations and continue to do a fine job. We're definitely looking forward to having him as one of our key varsity men this fall."

Thomas is the son of Mr. and

Mrs. Henry Thomas of Here-ford. He is working as a loader in a vegetable shed in Hereford this summer.

SLEEPY BURGLAR CORAL GABLES, Fla. 49 -Police nudged Dennis Lee Corbett, 31, and told him he had

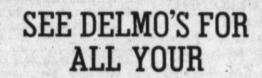

fallen asleep on the job. A doctor's office employee found Corbett snoozing in front of an open safe, burglar tools

"I guess I just had too much out of that bottle," Corbett told an arresting officer. ,

Things are looking up. During

the past week I have heard two or three hush-hush rumors that some of the vacant buildings around town are about to get rented; and probably face-lifted. Business is good in most places, and we are supposed to get a release this week on a new concrete pipe plant which will be located east of to vn on the Benefield place. This will be a nice little industry, which will probably grow. Southwest came up with a printing agreement with Texas Electric Cooperatives this week and beginning Sept. 1, will produce Texas Power Co-Op which has a statewide circulation of 196,000. The man: David Rodriguez Campos 1957 Ford: Jonathan Flores & paper is familiar to many area Maria Flores, 1955 Buick; G. to be located here, but most of the things I hear about Holly are good, including better payments on sugar content, which is one of the strong points in favor of this area. To say the least, let's wait until we get the facts on the contracts - then complain if jus tified. A lot of stories are floating around, and facts are frequently different from the

rumors.

Offset, the plant on U. S. 60 Another story I keep hearing which prints The Brand, also is that American Crystal may cut off all present growers in 1963 because they didn't get the plant. This is probably another rumor but, should it be true, we had better rejoice because any firm which would treat loyal growers in this manner is hardly one to which we would want to be permanently tied. Besides, I keep hearing that they may ford post office into high gear also locate a second plant in the each month. Co-Op Power has area, which may or may not be another rumor.

> The Irving Alexanders are just back from New York, and Irving was telling me that Hereford looks better than than any place he saw en route. When you get a native New Yorker to admit this, you are really going to town.

Emmett Miburn called up to point out that I may be a whiz on weather, but very poor on geography. He insists that Hart is located east of Dimmitt, whereas I said west. I didn't argue with him, because Emmett is usually right and, right or wrong, he occasionally donates a few quail each fall, Consequently, I can't see any use of getting in an argument with the

Harvest Festival week is really drawing the crowds this year. I especially like the carnival, because it is the only time I ever see some of those Lions do any honest work. Little League Overcomes 8-3 Deficit; Beats Pampa

Hereford's Little League All-Stars took a breathtaking pause before mounting the third step in the ladder of district play in Pampa Thursday night,

With two out in the last half of the fifth inning, Hereford Beasley and Childers walked rallied from a 8-3 deficit to and with one out, Doug Banner close the gap to 8-7. The Here- singled in the first run. With ford All-Stars returned in the two away Mike Higgins tagged last half of the sixth to add the a single to score two more. tying and finally the winning

district tournament game a- fourth. A walk, a single, a hit gaist Pampa's northern All- batter, and a double meant the Stars Thursday evening earned first two runs for Pampa. Hereford the right to battle the Carson County All-Stars in the double brought in three more district tourney finals. Play- scores before the rally was finoff game was Friday evening ally ended by a fly ball in deep

in Pampa. Playing their best when the squad's two wins in area play up flies and a strike out. the All-Stars managed two come-from-behind wins.

point in the game.

Hereford relied on two sparkling double plays and a supply of timely hits to take the win. Hurler Joe Sanches kept his head when the team lagged and went the full distance on

the mound for Hereford. Two home runs and two doubles put the Pampa Northern All-Stars in what seemed a secure position by the fourth inning. A king-size pitcher by the name of Mike Pursley at first earned the description before finally toppling in the last

of the sixth inning. Pursley allowed Hereford only one man on base during the first two innings of play, and boomed a home run to garner an early lead for Pampa. The Northern All-Stars had a 1-0 margin on his homer entering the bottom half of the second

In the bottom of the second Sidney Shaw received a walk to account for Hereford's first man scooped up by Sidney Shaw. on base. But he could not get Shaw fired to Jerry Kendrick at back to first in time after Brad third. Pampa added safety to its lead with two scores in the top But Thursday's victory had of the fifth. Steve Grady singlan even larger question mark ed into right field, and with two surrounding it at the midway outs Tommy McDonald scored a two-run homer.

Facing an 8-3 hole, the first two batters up for Hereford were fanned in the top of the fifth inning. Undaunted, Mike Higgins started a breath-taking rally as he singled.

Shaw drew a walk and Johnson singled in a run. Two more runs scored when Roger Beasley singled and reached third on a wild throw. Jim Childers got a one-bagger with a hit into right field to close the gap to 8-7.

A smooth-working double play kept Pampa from adding to their one-run edge in the top of the final inning. Larry Turcotte opened the inning with a threatening single and runners were on first and second after a walk. Sanchez tightened up to fan the next batter, who was listed in the clean-up position for the Northern All-Stars.

Batter Phil Young tagged a hopper into left field, which was

Tea Honors Recent Bride

Mrs. Clyde Rayburn and Mrs. C. W. Covington honored Suzi Seed, recent bride of Charles Seed, of Denton, with a get-acquainted tea on Sunday afternoon, July 22, in the home of Mrs. Walter Seed, mother-in-law of the honoree.

Mint green and white floral singled to tie the score and arrangements decorated the gave runners on first and serving table, that was laid with a lace cloth, and appointed with Early American cut-glass. Mrs. the bases. David Huckert Clinton Jackson and Miss Jeanette Rayburn alternated at the punch bowl.

Miss Gloria Covington registered the guests. Approximately 40 guests attended the tea.

Storms...

(Continued from page 1) Festival Rodeo, sponsored by the Hereford Riders Club,

The most severe of the storms to hit Hereford struck about 11 p.m. and lasted for an hour as bolt after bolt of lightning crashed into the city: Total rainfall from the series of storms was .74 of an inch in Hereford.

To the south of Hereford a Community Grain, a total of .8 of an inch was recorded while between two and three inches was reported to have fallen on the H. C. Williams farm near Ford.

A two-inch downpour was also reported in the Southwestern part of the county.

Power lines were knocked out during the storms near Wildorado, according to a South-western Public Service Co.

However, crews working the lines had put them back in service by early Saturday morning. Damage to lines is expected during heavy storms.

Hereford...

(Continued from page 1) tourney, 8 - 3. Friday night's loss to Hereford eliminated Pampa from the game between Hereford and Borger, was called because of rain during the last half of the second inning with Borger leading 6-1. The game was to resume at 3 p.m. Saturday at the point when it was called, If Borger won, the two teams were to play at 8 p.m. Saturday night. If Hereford won, they would be the district titlists in the double

elimination tourney. Winner of the tournament will advance to Childress for the re-

navy in August, 1958, and served CULVER vs. MITCHELL vs.

Harvest ...

movement on reds were slow. "Prices on the crop are a bout the same as a week ago. There is a little more movement of the Deaf Smith County crop into the market, which seems to indicate prices may become stronger," said a

shed manager here. All described the market as 'much improved', but shipments are still light and capacity has never been reached. It is said that California and

Arizona potatoes are beginning to clear out of the markets and are offering less and less competition for the county's crop. (Recently a shed manager pointed out that crops from the two other producing states were late this year and buyers had bought heavily. With the overstocked conditions, market prices began falling from \$4 a bag.) Income from the crops to the

inches of rainfall each year with only one or two snows in the winter. I live about 50 miles from the Black Sea, in north central Turkey.

"I am a farmer in Turkey. The result of my year's work there is about the same as that years ago this was not true. We have made much progress in

"This progress came from the use of agricultural machinery. On my farm we harvest out sugar beets and vegetables by hand. I have seen much machinery here that I could use.

"I also learned to irrigate here by using siphon tubes. At home we irrigate from the rivers. I want to take some of these tubes back home, because they will help us.

"We grow our vegetables in small gardens, not in big fields like you do here. My farm is larger than most of the farms in Turkey however. There the farms are as big as 1,000 acres, but mostly about 40 acres.

"We also grow apples. They are famouse apples ... the ones that are grown in Turkey,"

Commenting on the farm situation in the countries, Sefi pointed out that the Turkish government is constantly trying to increase the agricultural production there.

"The government helps the farmer a lot. The government helps make the prices good on crops, and aids in financing the farmer.

"I think the American farm er has it easier because of the machinery," he stated.

"In Turkey I work closely with the young people. I am a 4-K leader and my wife is a 4-K and home economics teacher. I have noticed that the youngsters here have more free-

"Over there they show much more respect for their elders. For example at the table the oldest person sits first, and then the younger people. This, I

think is good. "When I first came to Texas I was at Nacogdoches. I attended a 4-H Club camp. The clubs in Turkey and in America are much the same. It is good for the young people," he declared.

While Sefi was in Hereford he visited many of the agricultural operations, but found time for the 4-H Dress Revue and Harvest Festival Queen contest, "There were many pretty girls," he admitted.

"I was very happy to come

gestured again. Sefi and Felix boarded a bus in Hereford Saturday morning to travel to their next stopping point on a six-month tour of

Leaping

(Continued from page 1) In Friday's play-off game at Pampa, the Carson County All-Stars jumped to a 2-0 lead in the top of the second inning with the aid of three hits, and then used two home-runs later in the game for the winning margin.

Opening the action, Carson County's Roy Woods lined out to Herefore shortstop Mike Horton. Following a strike out, Bobby Rapp grounded to third baseman David Huckert who threw to first to retire the side.

Lead-off man Doug Banner scored a single for Hereford, but was caught off base after Jimmie Childers' fly out to the pitcher. Mike Higgins grounded out to the first baseman to end the first

Carson County built a 2-0 lead n the top of the second inning as they took advantage of a single and two doubles. Edwin-Campbell opened with a single into deep center field. Larry Morrison fanned, but Marvin Paul doubled into right field to advance Campbell.

With two away Jack Fields boomed another double to score the two runs, Darrell Mathews hit a bouncer to third to retire the side.

Hereford remained scoreless n the second inning, although garnering two hits. Sidney Shaw opened with a single into deep center field. David Huckert got a one-bagger, Brad Johnson flied out to second, and Roger Beasley got to first as the field-

ers chose to tag Shaw at third. In the top of the third inning by Carson County. With two for testing. We want to see how outs Billy Bartley smashed one the experts will handle the pro- over the left field fence to make it 3-0. Bobby Rapp condria or if they can figure out grounded out to second base to

Hereford went down one, two three in the bottom of the third. pitcher, Doug Banner flied out to shortstop, and Childers hit a grounder to the shortstop.

Another home run places Carson County ahead 4-0 in the top of the fourth. Lead off hitter Larry Morrison hit one to the center field fence. Fielder Mike Higgins went up against the wall, but the ball hit the flagpole and bounced back into the field of play. Umpires ruled the play a round trip. Next three batters for Carson County were retired in order.

Hereford scored its only two runs of the game in their half of the fourth with the aid of bounced a line drive off the fence in left field for a single to start the rally. Sidney Shaw got on by error. David Vines laid an attempted sacrifice bunt down the third base line, but RECEIVES PROMOTION

Bill Kester, son of Mr. and Mrs. Lynn Kester of Hereford, has received a promotion to Specialist 4, U. S. Army, in the 83rd Artillery Battalion, stationed in Budingen, Germany. Kes-ter has been in Germany for the past year and will be stationed there for another year. He has been in service for two years. He is touring Italy this week during his leave period.

IN HOSPITAL Earl Head of Hereford is a patient in St. Anthony's Hospital in Amarillo.

Higgins was nailed at third.

Brad Johnson drew a walk to load the bases, and then Roger Beasley slammed a single to drive in two runs. Mike Horton grounded out to short stop to retire the side. Once again in the fifth inning Carson County placed only one man on first before the side re-

tired. With two away Bartley singled, but a bounding ball to second was good for the third Marvin Paul took over Carson County's pitching duties in the bottom of the fifth, as starting hurler Roy Woods went to left field. Doug Banner got a hit before two strike outs and Jerry

Kendricks' hit to the pitcher retired the side. Larry Morrison popped up to the catcher for the first Carson County out in the last inning after Campbell had walked. Marvin Paul hit one to the second baseman, who attempted to tag Campbell and missed.

But Paul was out at first. Right fielder Doug Banner made a sensational shoe string catch for the third out on Jack Field's line drive.

Facing a 4-2 deficit, Hereford entered the last of the sixth undaunted. With two away the Hereford All-Stars launched a rally that led to an exciting, but disappointing finish.

Brad Johnson walked and then moved to second on Roger Beasley's single. Mike Horton got on by error to load the bases. Everyone ran at the crack of Jerry Kendricks' bat, but it was to no avail as the second baseman caught the sizzling line drive.

Winning pitcher Roy Woods struck out only one during the first four innings. He gave up one walk, five hits, and two runs. Relieving him in the fifth inning, Roy Woods granted three hits, two walks, and struck out

Jerry Kendricks, who went all the way for Hereford, allowed only six hits. He walked two and struck out five while allowing four runs.

Leading hitters for Hereford vere Roger Beasley and Doug Banner, with two singles. Also hitting were Mike Higgins, Sidney Shaw, David Huckert, and Mike Horton.

Billy Bartley led Carson County's hitting with a single and a homer.

LET'S PLEAD GUILTY . . . and GO TO WORK!

Dr. Lena Edwards Vs. People Of Hereford And Deaf Smith County

We have never heard of a criminal indictment filed against a community, but this does not mean that such cases may not occasionally be justified. Our own community, in fact, may well face such an indictment, which would be entitled: "Dr. Lena Edwards vs. the People of Hereford and Deaf Smith County".

To make a long story shorter, Dr. Edwards came to this community several months ago with the idea of devoting her remaining years to the Christian cause of helping her fellow man. She has conscientiously pursued this goal so closely that she finds herself today near a point of mental, physical and financial exhaustion. Dr. Edwards, following substantial contributions, has even cashed annuities, earmarked to care for her in old age. She has written acquaintances "back East" to collect some \$3.500 mostly in small denominations to build a small maternity clinic at the Hereford Labor Camp. Yet, today finds herself some \$6,500 short of enough money to finish the clinic, where she proposes to handle charity cases.

This community has repaid Dr. Edwards in haughty indifference, nonchalant disdain and, we are afraid, sometimes with selfcentered bigotry. Not one person or organization can fully escape at least some responsibility of the indictment.

Her work, to this point, has been an asset to the medical profession, it has saved the county and city untold dollars in relief money; most important of all, it has brought hope and assistance to a "forgotten people" at times of drastic need.

In a nutshell, Dr. Edwards has voluntarily assumed a burden which our churches, our clubs and we, as individuals, have found it more pleasant and easier to ignore.

Frankly, we feel that most people are not fully aware of the situation which surrounds Dr. Edwards. We cannot believe that a community which erects community centers and builds old people's homes and hospitals, to say nothing of lavish churches and

"Hereford is really going places!"

This is a phrase we hear often these days

all over the country, but, most important

of all, we hear it several times each day

in Hereford. People who never before stop-

ped to give the matter a second thought

are becoming boosters, and the general outlook of the community is far more opti-

mistic than we have seen it at any time in

the past 25 years. Like a good deed, the

attitude seems to spread and grow from

This intangible asset is the ultimate goal

of all public relations programs. It is also

the answer to area criticism of indifference

toward natural resources which recently

came under fire from a Kentucky tourist

expert. More and more people are finding

good things to say about the area and its

future potential and, most surprising of all,

the transformation seems to have come

about overnight. We feel sure that the

day to day.

residences, is one which says "No" to such a cause as that which the good doctor represents. We cannot believe that the people who keep talking about the way "Doctors used to function" would criticise the modern profession — and, in the same breath — tell Dr. Edwards that the community has no appreciation for her efferts which are unquestionably beyond the call

of duty. Dr. Edwards is perhaps weak when it comes to public relations, and no one could ever accuse her of being a sound financier, but she has a heart as big as West Texas and a skill which she volunteers to use in our behalf. Definitely she needs a sponsor to organize a campaign, direct completion of her clinic and perhaps establish a foundation to oversee its future wel-

Truly, she is one of our community's greatest assets. Where else would we find a qualified doctor who is willing to work 16 to 24 hours a day without pay? Where else would we find a person who is willing to face squalor of poverty and the stigma of filth? To our knowledge, she has never complained or criticised; she has faced hardships with sacrifice and with very little appreciation or kindness.

We do not think that such devotion will go unrewarded. We believe that she will find a sponsor, one who will volunteer just as Dr. Edwards volunteered. We believe that a drive will be conducted, and it is possible that every church in Hereford might sponsor a "Dr. Edwards Day". And when this time comes, we feel sure that Hereford and Deaf Smith County will respond, and generously. Certainly, we would be foolish and heartless to fail to capilalize on this great asset which has come

Then, and only then, will we have cleared ourselves of the indictment which we now face. Better still, then we will be able to go to bed at night without hanging our

heads in shame.

Hmmmm?

Is Bright Spot In Future Growth Deceptive And Unlawful In recent rulings and pro-nouncements, the Federal Trade man Dixon's view by the United course, be warranted. Howev-

hard pushed to exist. Instead of talking about going down hill, people are now predicting tremendous growth during the next 10 years. Instead of retrenching, they are beginning to expand. What's more, most of the people we

Frankly, our assets are still pretty much of milk; one boy was crying because his was half gone, while the other rejoiced because half of his milk remained. It is

proposed sugar refinery contributed to the circumstance, along with several other enterprises now under consideration but, with-

out question, Hereford's new outlook on things in general can be an even greater asset than the specific items in question. In the first place, it is wonderful to live in a town in which the people can take

other countries — and too often we are prone to look for the shortcomings rather than the strong points. In the second place, a town with this attitude is bound to grow, regardless of what comes and goes. United, a community can survive almost any catastrophe; divided, the same community is

see are truly enjoying life more than any time in recent years.

the same. The circumstance reminds us of the two small boys, each of who had drunk the same amount from their glasses all a matter of outlook, but optimism has its points - and we like Hereford's "new look" in outlook.

Lost Everything?

There is a story told by Robert E. Speer concerning a business man who, at the time of the "great crash," sent word to his minister that he had "lost everything." The good minister went to see his friend, and the following conversation ensued: "I am very sorry to hear of the death

of your wife," said the minister. My dear sir," replied the business man, you have been misinformed. My wife is

very well and has been my help and stay in this disaster. I have never fully realized before her devoted love." "Oh," said the minister, "I may have

been misinformed, but I do regret the disloyalty of your sons since you lost every-

"What?" exclaimed the business man. "You are surely mistaken again, Each one of my four sons has come home and offered to place every penny he has at my disposal. I never knew how loyal they were to me until now."

"That may be true," said the clergyman,
"but I knew you would find out that your real friends were very few when they learned that you had lost your money." What do you mean?" said the business

man. "I never knew I had so many unselfish friends until this, my day of great trouble." "Then," demanded the minister, "what

do you mean by saying that you have lost everything? You have lost a few thousand dollars, it is true, but see what you have found - your wife, and sons, and their unstinted loyalty, your many friends with their unselfish fidelity. What do you mean, by saying you have lost everything?" - Lewisville Leader -

If at first you don't succeed, there's always unemployment compensation.

Hereford's 'New Look In Outlook' Fictitious

has made it clear that it con- States Supreme Court on April er, if the usual and customary siders the terms "List Price" 23, 1962 when it declined to re-and "Manufacturer's Suggested view a United States Court of trade area is significantly less List Price" and terms of simi- Appeals ruling affirming an than the manufacturer's stated lar import both deceptive and FTC order (Docket 7683) barr- price the manufacturer's pricing unlawful if the prices stated are ing fictitious pricing through representation is clearly fictitinot the going prices in the preticketing. The lesson is ous. Responsibility for the use trade areas in which the advertising appears.

In a unanimous decision in one of these recent cases (Docket 8134) Paul Rand Dixon, Chairman of the Federal Trade Commission stated that the Commission considers it a matter

of settled law that: 'The representation Sug. List' creates the impresproduct in the trade area, and 'Mfr's, Sug. List' price."

form is unlawful, Responsibility for Deception Shared

Manufacturers engaged in inter - state commerce must therefore give serious consideration as to whether their use of any stated price in the advertising of a commodity designates the usual and customary retail customary retail price for the trade area in which the advertising appears. If a manufac-

Parmer County Receives

Applause On New Road

Last Monday evening the dirt road which has been un-

der construction during the past several months, and which

parallels the Santa Fe Railway from the west to the east

line of Parmer County, was completed, and the people

of the county are justly proud in that they can boast of

as good, if not the best road in all north-west Texas. The

work for the building of this stretch of road was superin-

tended by Chas. E. Thompson, a former resident of Port-

land, Oregon, who, as his work will show is skilled in

the art of building roads. Associated with Mr. Thompson

in this work were Oscar and William Berggren of Bovina,

who furnished the motive power for the road grader. The

county commissioners should be highly commended in

their usual good foresight in having this road built in the

fact that it will put Parmer county on the map as a prob-

able candidate for a part of the great trans-continental

auto route which may be established through this part

25 YEARS AGO

begin. A big dance will be featured each night, and will be held at the City Hall.

of the country at no distant date.

is shared by manufacturers, both legally and morally, if they put into the hands of retailers the instrument through which deception of the public is carried out. Pricing in a Free Market In the absence of maintaining uniform price under Fair sion that there is a usual and price of the commodity in the price fixing it usually is impos-

Trade laws or through illegal sible for any manufacturer to know with certainty that any that that price is the specified turer has competent evidence stated price he affixes or applies that such is the case, his pric- to his product will be the usual and customary price or that there will be any single retail price for his product. The ex-perience of the National Better Business Bureau and of Better Business Bureaus generally has been that in a free market the actual retail selling prices of articles, with few exceptions, are less than manufacturers' "list" prices, "suggested list prices," preticketed or other

stated prices. Illusory Savings Condemned Whatever validity "list" prices have had historically in pricing between manufacturers, distributors and retailers, their use in retail advertising in conjunction with a lower selling price almost invariably has been to represent to the public, directly or by implication, that an article is being offered for less than its going price and therefore at a saving. Such savings claims are clearly deceptive if the "list" price is not the usual and customary price of the article.

The practice of using fictitious "list" prices is sometimes defended on the grounds that it serves as a guide to consumers as to the real worth or value of an article. If such is the effect of using fictitious "list" prices in retail advertising, the public is grievously misled. The "worth" or "value" of an article is the price it commands in the market place. Savings claims based upon pricing representa tions which are sheer fiction are wholly illusory.

Two parades, a free barbeque, two big radeo days, two dances, baseball games, and aerial stunts headline the program of the American Legion Celebration scheduled here for Friday and Saturday, July 30-31. Opening with a parade at 10:30 o'clock Friday morning, the celebration will recall frontier days in the area as cowboys ride prancing ponies through the streets of Hereford. In addition to the radeo entries, the Legion has also invited all men and boys in this territory to bring in their horses and join the parade. Cowboy chaps and 10-gallon hats will punctuate the occasion. The barbeque, another highlight of the celebration, is free to the public and sponsors have made preparations ample to take care of the crawd this year. Immediately following the big feed a baseball game will present the famous Northcutt nine vs. an all-star Hereford team. On Friday, the rodeo will begin. A big dance will be featured each night, and will An Appeal for Cooperation The Federal Trade Commission has served notice on business that the dissemination of fictitious pricing representations (Continued on page 6)

HEREFORD FIRST IN LINE FOR BEET REFINERY

Hereford appears to be first in line for a sugar beef refinery, according to an announcement released Saturday morning by the Holly Sugar Corporation of Colorado Springs. The Company has contracted to purchase two sections from J. D. Gilbreath and about three-quarters of a section of land from H. L. Benefield. The tracts are adjoining a short distance west of Hereford Highway and U. S. Highway 60. Location of the beet plant is contingent upon at least a major portion of the reserve approved in the amended Sugar Act being allocated in this area. Holly also would need to gain approval for an additional marketing allotment.

THE TULIA HERALD

BEET ACREAGE PROSPECT BRIGHTER

Prospects for a sugar beet acreage for Floyd County and the irrigated plains region took a big jump this week. New hopes were pinned to the proposal of a new sugar beet mill at Hereford. News of the proposed plant was to the effect that the refinery would have the capacity of some 1,300,000 one-hundred pound bags of refined sugar annually. It would employ some 300 persons and operate on a 24-hours per day schedule. The Floyd County Sugar Beet Association has been assisting the state organization in the fight for acreage and has put much time and money into the effort. Floyd County, being located on the edge of the irrigation belt and having joined the fight at a later date than Hereford, held little hope of gaining the mill site, but does stand to benefit when the acreage allotments are released. Richard F. Stovall, president of the Floyd County Sugar Beet Association, said this week he believes that Floyd County will be able to secure two rail heads for shipping raw beets to the Hereford plant. He also states that it is likely that the county may be able to get about all the beet acreage it wants or up to about 5,000 acres if the proposed plan goes THE FLOYD COUNTY HESPERIAN (Floydada)

BEET MILL WOULD BOOST AREA

The almost certain location of a sugar mill in Hereford, announced this week, would be a big boost to the area economy was predicted. Bruce Parr, who has grown beets for several years, said one of the ways it will help the farmers is in increased beet acreage, as well as the beet pulp, making for a good cattle feeding industry. Getting the beets to the market will be one of the surest benefits of the plant. "There will be a lot of people who will want to grow beets now," Parr predicted. He added that there would be some who thought they did who might not want to after they got into it. "Beet farming is an intensive farming operation, unlike operation most farmers in this area are used to," he said. Parr said the coming of the mill should encourage cattle feeding. "It will be just like drive ins or motels to a place's economy - it's. just a start," he said. THE FRIONA STAR

COUNTY GROWERS SEEK BEET ALLOTMENTS

With a \$20 million sugar processing mill in prospect only 40 miles away, Bailey County moved quickly this week to seek part of the acreage to be alloted for sugar beets under a brand new sugar allotment program signed last week by the President. The Bailey County Sugar Beet Association, headed by Carl Bamert, sent wires to Secretary of Agriculture Freeman and officials in charge of sugar beet allotment program Tuesday requesting sugar beet acreage for this county. In a meeting of the board of directors of the association, telegrams were drafted backing the joint application of the Texas Sugar Beet Growers Association and the Holly Sugar Company in asking for acreage allotments in this area. THE MULESHOE JOURNAL

THE BOOTLEG ---Philosopher

Editor's note: The Bootleg Philosopher on his bindweed grass farm takes stock of himself at mid-summer, his letter this week reveals. What the inventory amounts to is an-

Dear editar: I walked down to my mail box the other morning mostly out of habit and discovered a neighbor of mine had a flat tire right in front of it and was working furiously to

"Worst time on earth to have a flat," he said. "Got a thousand things to do today. Here it is the middle of summer and I haven't done a fourth of the things I'd plan-

I helped him change tires, that is, I told him he was turning his lug wrench the wrong way if he expected to get the lugs off, and I waited around and advised him to turn it the other way when he was putting his spare on.

Nobody should get so busy he can't help a neighbor out. At any rate, after he left, I came on back to my house and sat down on the front porch and got to thinking. Here it is indeed the middle of summer and I have done

everything I planned to do. You take my front gate. It's still off its hinges and propped up against the fence like it was last year, but the difference between me and my neighbor is I hadn't planned to do anything about it. I never promise myself anything in regard to it. I see no use in coming to the end of the summer with not only a broken gate but a broken promise also. No use straining yourself trying to keep both your fences and your character intact, and if you can't do both, put your character first.

A lot of people over the years have asked me why I don't fix that gate and I'll tell you why. To live satisfactorily in this world, a man has got to learn to put up with imperfections. If you're going to have a compulsion to fix everything that's wrong in this world, you'll be swinging a hammer right and left from now on, and the way to avoid this, is to get used to ignoring some right in front of you, like a sagging front gate. You need something close at hand to practice on.

In some respects, this may not be considered sound, but it's comfortable.

Yours faithfully,

C Of C SCOUT

the area and other information. A recent letter from Beaumont, California, reads "I am writing you in reguards (sic) to the water for which your town and district are quite famous for.

"Im (sic) am considering on moving to Hereford (sic) but my doctor thinks perhaps the water would not be good

"Inclose you will find a self address envelope will you please send me any literature yo'u have on the water and what the minerals content is

Thanking you in advance "I think the Dr is rong (sic) & I want to find out for myself."-signed. Another, fairly typical letter

comes from Houston and reads: "Our class is studying the High Plains Area. My assignment is to larn (sic) all I can about the damages caused by wind and snow storms in your region each year. I wonder if you could help me locate information of this kind." -Signed An unusual letter came from Abilene in May:

"I am going to spend the first night of my honeymoon in June — at Hereford. My bride-to-be and I would like to have a list of motels and rates in Hereford. Your kind and immediate attention will be deeply appreciated." -- Sign-

From Dallas comes one of a group of many letters on the Harry Hamilton, Rt. 2, Box 36 "I would like to procure a sack of wheat right from the comwheat if this is possible before it reaches storage.

"What is the difference of of (sic) false?

cess to it when I need same as W. Bradford, 301 5th, Waxahait would spoil in this hot climate. chie; Mrs. R. E. Barnett, Rt.

"What time of year do you start harvesting the new crop? "Your reply to the above in-quiry will be highly appreciat-

ed." - Signed From a youngster in Ft. Bliss, Texas, comes the following:

"I am studing (sic) about your city in Social Studies and I would like some information about it so I can get an 'A' in Social Studies.

"P.S. Please hurry I have un-til May 1 to do it." Signed-. The Crowell-Collier Publishing Company of New York wrote in May -

"We are now working on a revision of Collier's Encyclopedia and would like to have our city articles as accurate, comprehensive, and up-to-date as a tear sheet of the present ar- ter, 7-23.

ticle and indicate any corrections or additions on the attached sheet? We are particularly concerned with the type of municipal government, the leading industries, the educational and cultural facilities, and any recent sociological problems

trends. "If there are any important historical events of national interest associated with you city that have been omitted, we would appreciate your making the necessary additions.

"Any help you can give us will be gratefully received. While space requirements do not always permit us to use all the desirable material at our disposal, we do like to have it available for our editors as the revision is made. We would like to have material returned to us June 1st, 1962" - signed.

Sam, that is a pretty good sampling of my Chamber of Commerce mail bag. All letters of inquiry are answered within twenty four hours and with as accurate and complete informa-tion as it is possible to provide. Letters of inquiry for credit are referred to the credit bureau and letters seeking missing wives or husbands are carefully investigated before reply is made. The Chamber of Commerce is truly the information center of the area.
