Fieldhouse Contract Given Contractor From Amarillo

Prices Good As Potatoes And Onions Start Rolling

Potato and onion growers and shippers sounded an optimistic note here Friday as the first of the vegetable crops were brought to the sheds for processing and shipping.

Both crops — potatoes and onions — are very good in quality even though the yields are "down a little." However, the crops are expected to produce "average" yields.

At present, all indications point toward a good market year for Hereford vegetable producers as the market is "fairly high."

Onions are bringing \$1.75 for medium yellows with \$2 being paid for jumbos. The market price for medium whites was listed at \$2.75 and \$3 for jumbos.

The first load of potatoes processed here Wednesday was bringing \$4 for Number 1 reds, and the "shippers are looking for the market to go even higher."

The quality of both crops is "very good", according to a Hereford grower and shipper.

The first loads of both crops reached vegetable sheds here during the first of the week as rains slackened off and fields dried out. Digging of potatoes had been held up for a day and sacks of onions had to be dried in fields due to rains.

Onions were still being processed here Friday and shipped out. However, processing of the first loads of potatoes had halted.

The first load of Hereford potatoes was processed here beginning Wednesday — about a week early, according to the manager of one of the sheds.

He continued, saying, that the quality of the red potatoes was "real good" and "much better than had been expected."

Department of Agriculture inspectors commenting on the crop being processed said, "The potatoes have good size, skin, and unusually good quality."

Even though most growers and shippers in the area have yet to process potatoes, (Continued on page 2)

An Amarillo contracting firm Tuesday night was awarded the job of building a new athletic fieldhouse. The agreement was reached after Hereford Rural High School District trustees had opened, read and discussed seven bids on the job.

Raymond C. McMurtry of Amarillo was given the job on a total bid of \$44,780. His bid was \$8 higher than the low bid of \$44,772 submitted by Timmons Construction Company of Amarillo, but Timmons asked an extra 30 days to complete the job.

Architect Herb Brasher of Lubbock had specified that the job be completed by Sept. 10, with a clause of \$25 per day liquidated damages for the time that work continued beyond the deadline.

Bids were submitted with an alternate, which was accepted. The base bid was on the construction for a haydite, block building, with an alternate to add face brick to the block building.

The building will include two dressing rooms for team sports, equipment and locker space, showers, training room and two large public restrooms. The building will be located on the south side of the new football field, between the field and Northwest Elementary School.

Following were bids received on the buildings (first figure is base bid, second is additional cost of alternate brick exterior, third is total cost, with alternate):

J. D. Bell & Co., Lubbock: \$43,800, \$3,500, \$47,300; G. A. & S. L. Jones, Lamesa: \$41,820, \$3,750, \$45,570; Knox & Galey, Lubbock: \$42,919, \$3,595, \$46,514; Raymond C. McMurtry, Amarillo: \$42,780, \$2,000, \$44,780;

Southwestern Bricklaying Co., Amarillo: \$42,802, \$2,500, \$45,302; Timmons Construction Co., Amarillo: \$41,296, \$3,476, \$44,772.

Brasher also told the group that he had checked into prices on steel and tile buildings. He said an Amarillo firm estimated the wall and roof for a steel building would be \$20,000. That it did not include insulation, floor, plumbing, interior partitions or wiring. The same approximate price was given him on a tile building, he said.

In other action, the board accepted the recommendation to hire Miss Betty Britt as high school English teacher. Resignations were accepted from Rose Bullard, junior high; Odessa (Continued on page 2)

King's Manor, Courthouse Get Flameproof Treatment

Fire Marshall Clay Angelo took a lighted blow torch and held it up to a two-by-four rafter at King's Manor Tuesday deliberately trying to set it ablaze.

The rafter did not catch fire or even smoke, only the surface of the wood was charred black.

Keeping the wood from burning into flame was a flameproofing chemical which had soaked into the wood for five hours.

All of the woodwork in the attic of the building, now under construction by Knox and Galey Construction of Lubbock, had been treated Monday evening. The chemical was sprayed on.

To test the chemical, Angelo and Murray Knox of the contracting firm had held a blow torch against wood for as long as five minutes. None of it would burn.

The Hereford fire marshal suggested the flameproofing treatment when he discovered how much wood was going into the building. It was approved by the Methodist Foundation and an Amarillo firm was contracted to do the job.

Angelo recommended the chemical treatment because "there was some talk about all the woodwork being a fire hazard."

The hazard has been eliminated by the process," he stated. (Continued on page 2)

Around Town

This is the halfway mark of the year and Hereford took a look back on a busy, successful six months. But the half year should be a warning, if things go even a little like they appear. Some new businesses are being started here, others have already planned to move to King's Manor is almost ready for the school in an expansion program, the Sugar Act legislation looks good, and shriners got a nice receipt for its bid on a children's hospital. Construction still is good and getting better. As despite some real bad luck the farm production picture remains bright.

Fireworks Law To Be Enforced

A quick, sure way to be arrested and fined on the Fourth of July is to shoot off fireworks in the city limits of Hereford. Ordinances now on the books for the city make it illegal to discharge, sell, harbor or possess any type of fireworks and the fines can be expensive.

The minimum fine for possession or selling within the city limits is \$100.

Building Permits Increase Slightly

Despite an apparent "building slump" in Hereford during June permits for new construction issued by the City of Hereford for new construction, repairs, and additions still showed a gain for the first half of 1962 over the same period a year ago.

During June, only \$71,700 in construction permits were issued with the second quarter total placed at \$313,400. Permits for April totaled \$127,050 and for May, \$114,650.

However, the figures do not reflect the true picture of new construction in the Hereford area. No building permit was issued for King's Manor apparently because construction started before the area was annexed.

Permits issued for the first half of the year showed a slight gain over a year ago with a total of \$676,610 valuation placed on construction. A year ago the total was listed at \$653,580.

The total for the second quarter of the year is down from the \$382,150 figure posted for the second quarter of 1961 due to the heavy rains that have dampened the area.

'Operation Motorcide' Puts Safety Department On Alert

The director of the Texas Department of Public Safety, J. Homer Garrison Jr., reported recently that past experience indicates eight persons were killed in traffic accidents in Texas during the coming one-day Fourth of July holiday.

Garrison said that "Operation Motorcide" will be in effect from 12:01 a. m. on July 4, through 11:59 p. m. on July 4, during the period regular officers of the Highway Patrol will be re-enforced by officers of the License and Weight Motor Vehicle Inspection Division for general traffic supervision.

The enforcement effort of the department of Public Safety will be more than double as motorists take to the roads according to Major Har-

ry Hutchison, commander of the Northwest Texas Region.

This means that motorists violating the law and driving recklessly on Texas highways during the holiday period will be twice as likely to spend some of their vacation money for paying fines and may even spend part of their holiday time in jail, the major said.

"Our objective is to remove all violators from the holiday crowd," he warned. "Radar will be used around the clock and all patrolmen will work long shifts, split up and ride single, and will use all the tools at their command to spread their influence as far and wide as possible."

"Operation Motorcide" is the Department of Public Safety's maximum effort program designed to stem the above average rate of highway accidents.

The department's commander has called for the "cooperation of all Texas drivers to help prove that the estimate of eight traffic deaths compiled by our Statistical Services Section is too high."

"The Fourth of July marks the mid-point of summer vacation travel," he commented, "when Texas are really on the move. It is the time of year when they go more places to see the wonders Texas offers its vacationers."

He pointed out that with the tempo of travel picking up, it is important to drive according to traffic laws and regulations — the rules set down for the protection of the driving public.

Roadblock Snore Thru Hiway Danger

A Deaf Smith County man picked the wrong spot to go to sleep — the middle of U. S. Highway 60, about three miles east of Hereford.

A tourist stopped a Hereford Police Department patrol car about 3:45 a. m. Saturday and reported that a man was asleep in the highway.

When patrolmen arrived where the man, 31, was sleeping, they found that another tourist passing through the area had stopped and was directing traffic around the man.

The man was taken to the Deaf Smith County Jail and booked for being drunk.

It was reported that he had passed out and gone to sleep on the highway. The Deaf Smith County Sheriff's office reported he was sleeping soundly late Saturday morning.

City To Close During Holiday

City and county offices as well as many Hereford businesses and banks will be closed for the Fourth of July holiday on Wednesday.

Hereford Police Department patrolmen, Deaf Smith County Sheriff's Deputies, and Texas Highway patrolmen will, however, be on duty during the holiday.

The summer language school for pre-school age Latin Americans will also be closed for the one-day holiday, according to Paul Stevens, school superintendent.

Also closed for the holiday will be all state and government offices including the Texas Employment Commission and welfare offices.

Ministers Call Meet On Lights For Ball Field

Members of the Hereford Ministerial Association have called a meeting for Friday to discuss raising funds to light the high school baseball field.

Invited to attend have been representatives of all civic clubs and other groups, as well as interested individuals.

The meeting is an outgrowth of an attempt initiated about two months to raise money for such a project by a raffle. At that time the ministers' group (Continued on page 2)

New Sugar Act Seen By Monday

A Senate-House conference committee reportedly worked out differences on amendments to the Sugar Act Friday. Rapid action was expected Saturday and Monday in order to get the measures passed.

The conference group was called to iron out a compromise between the amendments passed by the House and those later passed by the Senate Wednesday night.

In its measure, the House had asked that 50,000 tons per year for new areas and new growers in old areas be allocated from the annual growth factor (yearly increase in demand for sugar because of growing population and more demand).

The Senate raised this to 65,000 tons per year.

The Senate's increase was accepted in the conference committee, while the Administration's request that foreign sugar be bought as needed, and not on allocations to designated countries.

The Sugar Act, extended twice during a long battle for more sugar production in the United States, was to expire Saturday midnight (June 30).

Observers said they felt the House would pass the amended Sugar Act legislation Saturday and that the Senate would approve the measure on Monday.

Battle for more domestic production has been led for the past two years by the Texas Sugar Beet Growers Association in Hereford. Its leaders said Saturday that they were highly pleased with the compromise. It would provide enough new domestic production to support one new sugar beet refinery each year, instead of three refineries in four years, as would have been possible under the House version.

Basically, under the amended Sugar Act, it is expected that domestic production of the estimated 9.7 million tons total need be increased to 60 per cent, or 5.81 million tons, compared with the 55 per cent supply produced now; domestic growers would be allocated 65 per cent of the annual growth factor, an increase of ten per cent, an allocation of (Continued on page 2)

CONSTRUCTION MATERIALS were scattered for approximately 150 yards along West U. S. Highway 60 as a 1957 model pickup truck and a trailer overturned near Hereford about 11:30 a. m. Friday. Three Amarillo men riding in the truck escaped serious injury in the accident. According to the driver, Robert Lee Duncan, 31, the trailer jack knifed causing both to spin and overturn. Both vehicles were headed toward Hereford at the time of the accident, but landed on the left hand side of the highway headed in the opposite direction. The truck was a total loss, according to the Highway Patrol. (Staff Photo)

hard for a person to enjoy a trip if he is constantly squirming out of dangerous traffic situations caused by unlawful driving — his own or someone else's," Garrison commented.

This is the fourth time that the holiday has fallen in the middle of the week during the past 11 years. In 1956, 12 persons died in traffic accidents; 15 died in 1957, and in 1961 only six deaths were tabulated.

On the average, about six people die each day in Texas traffic.

The economic loss from traffic accidents in Texas is a staggering \$350 million annually, but the careless driver

er may look forward to additional expenses.
Actual out-of-pocket expenses can range from \$16.50 to \$216.50 in fines and court costs if the driver is convicted of a violation. The careless driver is not likely to escape Department of Public Safety surveillance during the coming holiday.

Fines for shooting fireworks in the city are much stiffer with the maximum set at \$100 for the first offense and \$200 as the maximum for the second offense.

During the holiday period, these ordinances will be very strictly enforced, according to Police Sergeant Marshall Padgett, acting police chief.

ed. According to the contractor, the building will be virtually fireproof. By treating the structure, it is now a safer building than the one originally designed in spite of the lack of steel and plaster in the ceiling and attic.

It was pointed out that the chemical treatment is permanent, Angelo remarking on the process said, "The longer it stays, the better it is."

King's Manor is not the only public building in the city that has been treated. At a recent County Commission meeting, flameproofing for the wooden attic of the Court House was approved and the job was completed this week.

Attics of the older public schools in the city have also been treated with the chemical as well as some residences.

"I hope that the time will come," said Angelo, "when flameproofing is required by law for all public buildings."

He also pointed out that the treatment of a building will save approximately 15 per cent on the insurance rates.

Department concerning the shooting of fireworks by youngsters.

City Fire Marshal Clay Angelo cautioned county citizens on shooting fireworks outside of the city limits saying, "Fireworks can not only cause injury but can cause serious fires."

He urged all residents who do set off fireworks on the Fourth to be extremely careful to help in the prevention of fires during the summer holiday.

VISITORS FROM CALIFORNIA

Mr. and Mrs. Garland McClure of Stockton, Calif., visited the past week with her parents, Mr. and Mrs. H. E. Wester of Hereford. Mrs. McClure is the former Mildred Wester. Sandra Wester, sister of Mrs. McClure, returned home with the McClures. She plans to work and attend school in Stockton, Calif.

Permits...

(Continued from page 1)

For a two to three week period rains have kept construction sites muddy and little new construction has been started in the area.

April was the biggest month in the second quarter with a total of \$127,050 in construction permits issued. This includes three houses valued at \$23,000; a duplex, at \$23,500; two building and offices, \$11,950; a garage, \$400, alteration and repairs, \$5,600, and a \$83,000 hospital addition.

In May, total construction for new residences was valued at \$82,000 with a new duplex listed at \$17,500; a garage at \$250; new commercial building, \$9,500 and additions and alterations at \$5,400.

Three new residences, valued at \$50,600, were listed for June. Also listed for the month were three garages at \$11,200; a storage shed, \$100; and alterations and repairs valued at \$9,800.

all expect the harvest to begin about July 5. Some of the crop is expected to begin coming in to sheds on Monday.

One shed employee cautioned that the quality of the crop could be seriously hurt by damp weather and blight that might follow.

In commenting on the onions now being processed, one area shipper commented, "The quality of the crop is as good as we have ever had."

The quantity as far as yields are concerned, he continued, is about the same as a year ago. Market prices are "real good" and are expected to hold at the present level.

They will also help thru the churches they represent."

"It is very possible that another group may wish to take the leadership in this matter. This can easily be arranged. Or, other groups of individuals may merely wish to cooperate."

The meeting will be held Friday, July 6, at 8 p.m. in the basement of Immanuel Lutheran Church. The public is invited to attend.

Collision Causes Injury, Heavily Damages Vehicle

A 20-year-old Hereford man received a fractured nose as his 1962 model American-made compact sports coupe rammed into the rear end of a drilling rig east of Hereford about 7:15 p.m. Friday.
The sports coupe, driven by C. D. Fitzgerald Jr., 403 Jowell, received approximately \$950 worth of damages, according to the Highway Patrol.
The accident occurred about four miles east of the city as the driver of the truck, Jessie R. Barrett, 46, of Hereford, was attempting to make a left turn.
Fitzgerald was passing the truck, according to the Highway Patrol, and collided with the rear end of the vehicle.
Damage to the drilling rig and truck was estimated at \$80 as a tire was slashed in the accident.

Yankees Edge Giants, 6-4

Yankees scored four runs in the first inning, saw the Giants tie it up in the fifth and then added on two more runs in the fifth to down the Giants 6-4 in Little League action Friday night.

Terry Bell opened action for the Yankees in the last of the first with a double. Tom McGowen and David Huckert each hit singles, with Mike Horton and Roland Livesay drawing walks before the first two outs were made. Otis Robinson and Dennis Sargent both walked before the third out was recorded.

Through the first four innings, the Giants were put down in order, although it took a fielder's choice in the first after Cliff Kelly had singled.

Yankees loaded the bases in the second but couldn't score. They also got runners on in the third and fourth, but stranded them.

In the top of the fifth, Sidney Shaw doubled for the Giants, Lynn Noel singled and Danny Boyer homered. With one out, Tim Fuston got on by error and scored on Ren Lee's double to knot the score 4-4.

But the Yankees came back in the last of the fifth to pick up a pair of runs. Jim Loerwald walked and Otis Robinson was safe on a fielder's choice that didn't get the runner. Terry Bell singled but Loerwald was caught at the plate. McGowen got on by fielder's choice as Robinson scored. Then Bell rode home on Huckert's double.

Giants filled the bases in the top of the sixth, but couldn't score.

Mike Horton went all the way on the mound for the winners, scattering seven hits. Charles Walsler and Sidney Shaw hurried for the Giants, also allowing seven hits.

Doug Banner limited the Yankees to three hits Monday night as the Little League Dodgers won 10-0. He allowed one single in the first and two more in the sixth.

Meanwhile, the Dodgers were scoring in four of the six innings to win going away.

In the top of the first, Dusty Duncan walked for the Dodgers, just ahead of Brad Johnson's home run.

Jerry Bell led off for the Yankees with a single but failed to score. The Yankees went down in order in the second.

In the top of the third, the Dodgers came up with more runs as Mike Higgins singled and Brad Johnson tripled. Johnson then scored on an error.

Both coasted until the top of the fifth, when the Dodgers added four more runs. Mike Higgins singled, Mark Banner walked and Ralph Loerwald doubled. Then Doug Banner walked, Bill Russell singled and Paul Easley doubled.

In the top of the sixth, Brad Johnson's second homer ended

their summer vacation assisting in vacation Bible Schools through out the state of Texas.

Mr. and Mrs. J. B. Harlin Sr. and Mr. and Mrs. Clinton Masie and boys Jimmy and Danny left Saturday morning for Sacramento, Calif., where they will visit in the home of Mr. and Mrs. Harold Harlin and their daughter Pamela Lynn. Tentative plans are to visit the Harlin's daughter Mrs. George Cameron, Cameron, Cindy and Linda in Salem, Oregon after leaving Sacramento. The Massies will visit Mrs. Massie's uncle in San Jose also. The group plans to be gone two weeks or more.

Mr. and Mrs. Robert Boyd have returned home from Berkeley, Calif., where they went for the graduation of their son, Franklin Boyd. The Franklin Boyd family returned home with them for a visit with other relatives and friends here. Mr. and Mrs. Clayton Brown and family of Corpus Christi are also here to visit with the Boyds. Mrs. Brown is the former Mary Kathryn Boyd.

the Dodgers' scoring spree.

David Huckert and Jimmy Loerwald singled, with a walk sandwiched between in the last of the sixth for the Yankees but the game ended with the runners still on base.

Banner struck out just three but got good help in the field to win easily. Roland Livesey took the loss, with Tom McCowan working the last three innings. Together they allowed nine hits, struck out two and walked six.

Another daughter the former Bobbie Boyd and her family live next door to her parents in the former Pink Luck home.

Maj. and Mrs. Lloyd Manjeot Beverly and Lloyd, Jr. left Thursday morning after visiting here in the home of his parents Mr. and Mrs. A. L. Manjeot and other relatives and friends. AT LIONS, KIWANIS

Skypala Tells Civic Club Members of European Trip

"My impression of Europe was altogether different from what I had thought it to be," said Ed Skypala, president of the Hereford Lions Club, as he told of his recent trip to the Lions International Convention in Nice, France.

Skypala made his report on the convention to the Lions Club here Wednesday and spoke again on his trip at the regular meeting of the Hereford Kiwanis.

"I had thought that the people were all poor and worked hard," he commented, "but now, I believe they are as well off as we are."

During the trip and the tour of European countries, Skypala and Mr. and Mrs. Albert Maxwell were traveling with 30 other Lions Club members and their wives. The tour took them through England, Germany, France, Switzerland and Italy.

The countryside, cities and highways in the European countries are beautiful and well taken care of, he commented. Streets are washed and cleaned with flowers growing everywhere.

He pointed out that many of the Europeans think all Americans are wealthy and try to get as much of the tourist dollar as possible. Tipping is expected for an service and many of the larger cities are

"tourist traps." Skypala said that he was more impressed by Switzerland than any other country in Europe.

"The people there make you feel like kings," he commented. "They are fair in pricing their goods and don't try to cheat the tourist."

Commenting on the International Convention, Skypala said that facilities were not adequate to care for the conventioners in Nice. Some of the Lions club members stayed in hotels as far as 40 miles from the convention city.

One of the most impressive parts of the convention was the international parade, according to Skypala. "It does something to you to see all of the flags of the different countries and hear the bands."

"The one thing about the convention," he told the groups, "is that it makes you feel good to know that people in other countries are interested in what you are interested in."

While in Europe, Skypala and Mr. and Mrs. Maxwell flew to Copenhagen, Denmark to visit with Fleming Hansen, a former exchange student, and his family. Hansen spent his year in Hereford living with the Skypalas.

ROLAND HAYES HONORED

NEW YORK (AP)—Tenor Roland Hayes received the first Amistad Award given by the American Missionary Association, a division of the United Church of Christ. The award will honor those who have contributed to the betterment of human relations through contributions to the arts and sciences. Hayes received the award at Carnegie Hall on his 75th birthday. He also was heard in a concert of lieder and spirituals.

Baltimore had the best American League pitching staff last season with a 3.22 earned run record for nine innings. The Yankees were next with 3.46.

Juan Pizarro of the White Sox struck out 188 batters in 195 innings last year.

Of the 49 bases on balls issued by Yankee Luis Arroyo in 1961, eight were intentional.

RANCHER INJURED

HEREFORD BULL

BY JIMMIE GILLENTE
Back from Corpus Christi, where the Gillentines attended the Texas Press Association meeting, and no matter how high the thermometer soars over here it will not seem as hot as the coastal country. We spent Sunday night at Abilene on the way back home, and were actually amazed at the cool mornings. On the coast, it is usually around 80 degrees when you walk out in the morning — and the temperature continues to get warmer during the day. In addition, you have much more humidity on the coast. About the only way to get cool is to take a shower, then park

yourself in front of an air conditioner.

We did some pier fishing at Rockport and, much to our disgust, Sara turned out to be champion by landing a 14-inch flounder. However, Sara later got a Coke off a man from Dallas by proving that flounders have two eyes on one side of their head — which put him in a better humor about the whole thing.

Probably the most amazing thing about the trip was observing the manner in which shopping centers are springing up in the medium and large cit-

ies. Lubbock is a good example out in this country. Many, many of these centers are air conditioned and built on a main plan. Austin and San Antonio have centers which appear to dwarf the Sunset Center in Amarillo — and they invariably seem to center around a large cafeteria which attracts huge crowds, even on Sundays. We ate in San Antonio in one of these centers coming home, and had to fight a long line to get inside, where we were surprised to encounter other West Texas publishers who had also pulled off the highway for lunch.

Going down, we visited Texas Under Six Flags, which is quite a production. It was our second day out, and the heat seemed terrific. However, one of the Dallas delegates told me in Corpus that we should have gone to the exposition at night. He said the lighting is unusual, and the weather is unusually much more sufferable.

Six Flags struck me as resembling Knott's Berry farm more than Disneyland. It does have some interesting historical background and some rides which appeal to youngsters of all ages. All this is punctuated with special whip-cracking performances and "shoot-em-ups" from time to time. The entry price is \$2.75, and you can ride

everything as many times as you please. Disneyland passes, on the other hand, spend from \$10 to \$15 a head for rides — and have to talk the kids out of several others "until we come back next time." The Texas production is really rather good, and something most Texans would enjoy. Personally, I did appreciate their holding down the prices, and I think most out-of-state tourists, who make up about half the crowd, leave with a good taste in their mouths.

Col. Paul Campbell, commander of the school of aerospace medicine, U. S. A. F., was the headline convention speaker, in my opinion. Without question, we are living in the "Space Age." Col. Campbell predicts without reservation that youngsters, 9 to 11 years of age, will definitely see space travel to the moon in their lifespan. He says this planetary travel will be accepted by their generation on a basis parallel with present day jet travel to Europe and the Orient. Commonplace! However, remote the idea strikes you, it is no more ridiculous than our jet travel would have sounded to our grandfathers and grandmothers 50 years ago.

Like many other people in this area, I am quite shook up

about the Supreme Court decision against non-denomination prayer in public schools. I was further upset when President Kennedy endorsed and upheld the decision. Personally, I never was to happy with Mr. Kennedy and his administration — but I never expected anything like this. The ruling is not in keeping with our national history.

Lindsey Breaks Record, Tallies A Hole-In-One

Second hole-in-one within weeks at the John Pitman Municipal Golf Course was racked up here Thursday as Bob Lindsey of Dimmitt hit the hole from 175 yards.

Lindsey, a leading contender for the city tournament which is currently underway, set a new record for the course with a nine-hole total of 29 while practicing for the tourney this week.

Previous amateur record for the course, since it was changed last summer, was 30. Amateur record for the old course is 28, set in 1957 by Roland Adams. All-time pro record for the Pitman links is 36.

Playing in the fivesome with Lindsey were Glen Renter of Dimmitt, H. B. Thomas of Dim-

mitt, John Blocker of Hereford, and Dale "Pappy" Tinnin of Hereford.

Lindsey sank his first hole-in-one of his lifetime on the number five green, driving with a number seven iron Thursday.

did the trouble stop there, once down they faced a lot of static about proper licenses and the customs people went over their luggage with a fine tooth comb. Since the authorities did not know any of the four, it is puzzling. Had they known the quartet as well as we do, I wouldn't be surprised. The report said Dub Reeves was the only one who didn't get a bit

scared, so you should have no trouble figuring out who was telling the story.

On the other hand, it is consoling to know that Canada, a buffer zone between here and Russia, is being so careful concerning planes. It means a lot of security for the United States — no matter where you may live.

Bradley-Douglas Wedding Vows Exchanged Friday

MRS. TOWNSEND WADE DOUGLAS
... nee Miss Judith Gayle Bradley
(Angel Photo)

Miss Judith Gayle Bradley, daughter of Mr. and Mrs. James Howard Bradley of Hereford, and Townsend Wade Douglas, son of Mr. and Mrs. Townsend Roland Douglas of Amarillo, former residents of Hereford, were married in a double ring ceremony at 5:30 o'clock, Friday, June 29, in the sanctuary of the First Methodist Church in Hereford.

The Right Reverend George H. Quarterman, Episcopal Bishop of the Diocese of North Texas, and the Rev. Joel Treadwell, vicar of St. Thomas Episcopal Church, Hereford, officiated at the ceremony.

The sanctuary was decorated with four Swedish steel candelabra, filled with white twisted tapers; two spiral candelabras with white votive cups; two Grecian columns and Grecian urns, filled with Calla lilies. The altar vases were filled with arrangements of Calla lilies. The couple knelt on white satin brocade pillows on a white prayer bench before the altar and rail that were covered with white satin. The aisle cloth was white and the pews were marked with votive cups and white bows.

Mrs. J. Robert Bradley, sister-in-law of the bride, was matron of honor. Bridesmaids were Misses Linda Edwards, Mar-Gwen Lackey, both of Hereford; Miss Sue Ellen Douglas of Amarillo, sister of the groom; and Miss Lida Tuttle of Houston. Bridesmatron was Mrs. Wheeler Sears of Dallas, cousin of the bride. All the attendants wore azalea organza sheath dresses, fashioned with bouffant overskirts. Each matching hat was made with one rose and a tiny veil. They carried colonial nosegays of roses and stephanotis.

Miss Kelly Bohannon of Dallas and Gary Lee Bradley of Amherst, cousins of the bride, were candlelighters. Miss Kelly Adams of Weinert, cousin of the bride, was flower girl.

Best man was J. M. Gilbert of Amarillo. Groomsmen serving were Robert Forrester, Phillip Brent, Keith LaFon and Joe Ted Davidson, all of Amarillo, and Jim Curtisinger of Canyon. Ushers were J. Robert Bradley and Jim H. Bradley, brothers of the bride, Bill Woodford, all of Hereford; Douglas Moore of Odessa, cousin of the groom; and Ray Scarborough of Houston.

The bride, given in marriage by her father, was attired in a formal wedding gown of white linen, designed in a sheath silhouette. The sheath skirt was accented by two wide bands of French ribbon lace and an Empire chapel train centered with a panel of lace. A bolero of ribbon lace with brief sleeves, fashioned with a bateau neckline, covered the decollete neckline of the bride's dress. Her bouffant veil was handmade, fashioned with a rose of tulle and satin, caught in the three tiers of white silk illusion. The bridal bouquet of stephanotis and English ivy was carried atop a white prayer book. For the traditional heirloom, she carried a lace handkerchief. Her only jewelry was a single strand of pearls.

Mrs. John Sims, organist, played traditional wedding selections that included "The Wedding March" by Colbeth and "Trumpet Voluntary" by Purcell.

Mrs. Bradley, mother of the bride, wore a champagne linen and organza sheath, styled with a short jacket, matching accessories and a cymbidium orchid corsage. The groom's mother, Mrs. Douglas, wore an Joe blue embroidered sheath dress with matching accessories. Her corsage was a cymbidium orchid.

The reception, immediately following the ceremony, was held at the Hereford Country Club. Mrs. Troy Moore and Mrs. Harry McCauley served the four-tiered wedding cake from the bride's table, that was laid with a white cutwork cloth over pink, and appointed in silver. The floral arrangement of roses and ivy entwined the silver candelabra.

For the wedding trip to Colorado Springs, Colo., the bride was dressed in a navy Italian silk suit, trimmed with touches of red and white, complemented with navy and red accessories. Her corsage was a white orchid. Mr. and Mrs. Douglas will be at home at 1114D Carolina, Amarillo, after July 5.

The bride is a graduate of Hereford High School and attended the University of Texas in Austin, where she was an active member of Delta Delta Delta social sorority. The groom is also a graduate of Hereford High School, and a 1962 graduate of the University

of Texas School of Business Administration. He was a member of Pi Kappa Alpha social fraternity in Austin. He is now employed at the First State Bank, Amarillo.

MISS MARY SKYPALA and Andrew David Sims will pledge wedding vows at 5 o'clock in the afternoon, Tuesday, July 24, in the sanctuary of St. Anthony's Catholic Church of Hereford with Father Byrnes as the officiant for the nuptials. Mr. and Mrs. Norbert Skypala, Rt. 4, Hereford, and Mr. and Mrs. Lester Sims, Rt. 1, Farwell, are parents of the couple.

Miss Kuper Presents Summer Recital Sunday

Mrs. Glenn Snyder will present Miss Carolyn Kuper in a piano recital on Sunday, July 1, at 3 p.m. in the auditorium of St. Anthony's Catholic School.

Miss Kuper, daughter of Mr. and Mrs. Henry Kuper of Hereford, was a 1962 graduate of Hereford High School. She has studied piano for five years, and also plays the accordion. During this time she has won honors in the District Music Festivals held in Hereford, making a superior rating four times.

She also received a grade of superior in the National Guild Auditions this spring in Dittmitt. She is continuing her music studies at the Musical Arts Conservatory in Amarillo.

Miss Kuper teaches classes in piano and accordion to pupils in Hereford, Summerfield and Nazareth.

The program will include "Prelude No. 3" by Bach; "Sonata in C," Handel; "La Roxolane," Haydn; and Schubert waltz: "No. 4 in B Minor," "No. 2 in F Major," "No. 3 in B Flat Major," "No. 5 in B Major" and "No. 1 in E Major"; "Arpeggio Reverie" by Sadlon; "Two suffoons" by Cobb; and "Andalucio" by Lecuona.

The public is cordially invited to attend.

MISS CAROLYN KUPER

Angel Hughes Weds Steve Slagle

The Assembly of God Church in Dumas was the setting for the exchange of wedding vows between Miss Angel Lee Hughes of Dumas and Steven Lee Slagle of Hereford on the evening of June 16.

The Rev. H. L. Stevens, pastor of the church, officiated at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. General J. Hughes, 623 Durrett, Dumas. The bridegroom is the son of Mrs. Harry McCauley of Hereford.

The Rev. Jerry Hobbs of Stinnett served as organist, presenting traditional wedding music. Mrs. Richard Ireland of Moriarty, N. M., sister of the bridegroom, sang "The Wedding Prayer" and "Whither Thou Goest".

Vows were exchanged beneath an archway entwined with greenery, and centered with a cluster of yellow carnations and a yellow ribbon bow with large pedestal baskets on either side of the archway. Flower girls were Dena Hughes, sister of the bride, and Monica Slagle, niece of the bridegroom. They carried white baskets of rose petals.

Ringbearer was Deanne Slagle, niece of the bridegroom. The three were attired in identical frocks of yellow polished cotton.

Stanley Slagle, brother of the bridegroom from Moriarty, N.M., served as best man.

Ushers were Jim Curtisinger, Carl Zimmerman, and Bob Shelton, all of Hereford; and Richard Leggett of Dallas. Groomsmen were Don Teague of McAdoo, and Joey Lowell of Levelland.

Miss Marrietta Bell of Vernon served as maid of honor; and Miss Donna Herr of Pampa and Miss Jeane Stephens of Crosbyton were bridesmaids. All the attendants were attired in dresses of yellow polished cotton, trimmed with yellow cotton organza. They carried colonial bouquets of white carnations, yellow sweetheart roses and satin streamers. Their headpieces were yellow pill box hats accented by circular

veils, and their shoes were of yellow satin.

The bride, escorted and given in marriage by her father, was dressed in a floor-length formal wedding gown of silk with sequins and seed pearls. The molded bodice was accented with long, fitted sleeves, tapering to petal points over her hands.

Her elbow length veil of bridal illusion fell from a crown of sequins and pearls. The bridal bouquet was an arrangement of white sweetheart roses and carnations, tied with beaded streamers. Mrs. Hughes attended her daughter's wedding attired in a beige suit, bone accessories and a white gardenia corsage. Mother of the bridegroom, Mrs. McCauley, wore a mint green suit with matching accessories. Her corsage was a yellow cymbidium orchid.

Fellowship hall of the church was the setting for the reception which followed the wedding. The bride's table, laid with a yellow silk damask cloth, was centered with an arrangement of yellow mums. The three tiered wedding cake, topped with a miniature bride and groom, was a gift from Mrs. W. M. Powlledge of Dumas. Candelabra holding yellow tapers and appointments of crystal and silver completed the table setting.

Aunts of the bride, Mesdames Bennie Burks and Jack Hughes, served the cake. Others assisting with the reception were Misses Patricia Stauber and Carolyn Sue McCoy, both of Fort Worth.

For the wedding trip, the bride wore a baby blue silk sheath dress with matching bolero with navy blue trim. Her shoes were matching blue linen. Her corsage was carnations lifted from the bridal bouquet.

Mrs. Slagle was a 1961 graduate of Dumas High School and attended West Texas State College in Canyon for one year. Her husband, a graduate of Hereford High School, is a senior student at West Texas State College, Canyon, where he is

'Wagon Train' Used In B & PW Installation

Hereford Chapter of Business and Professional Women's Clubs met Monday evening, June 25, in the Community Room of the first National Bank for the regularly scheduled meeting. Mrs. Sue James, president, presided at the session.

Items of business were the discussion and appointing of committees for the coming sale of bunting for the Harvest Festival, and a thank-you note was read from Mrs. Alice Swigart, secretary of the Mid-Plains Pioneer Association, for the services rendered on Pioneer Day by the club members.

Miss Lucille Hughes, an active member of B & PW in both Dumas and Hereford, conducted the installation of officers for the coming year, using the theme, "Wagon Train" for the service. A simulated wagon train, pulled by teams of horses, was set on the table at the front of the clubroom. Miss Hughes compared the various types of women teamed together in the leadership of the wagonmaster, and the club members gathered around a campfire planning ahead for the future, as a new wagon train.

Mrs. Byrdie Dee Fellers was

installed as president, naming her as the new wagonmaster. Miss Lucille Park, first vice president, was described as the head scout of the group. Mrs. Mary Heleff Askew, second vice president; Mrs. Della Stagner, recording secretary; Mrs. Bruce Rose, corresponding secretary; Mrs. Marie Sears, treasurer; and Mrs. Atha McIver, parliamentarian, completed the roster of officers installed. Mrs. Sue James, outgoing president, handed over the reins of the team to Mrs. Fellers to complete the installation service.

The next meeting will be on July 2 with the parliamentarian in charge of the program.

The hostesses, Mrs. Lucille Spencer and Mrs. Marie Cline, served refreshments to Mesdames C. Mary Agnes Hoffman Is Bride Of Darroll Adams

MRS. DARROLL ADAMS
nee Miss Mary Agnes Hoffman
(Bradly Photo)

Miss Mary Agnes Hoffman, daughter of Mr. and Mrs. Max Hoffman of Umbarger, and Darroll Adams of Umbarger, son of Mr. and Mrs. William Adams of Stratford, Okla., exchanged wedding vows at 4 o'clock in the afternoon, June 25, in the sanctuary of St. Mary's Catholic Church in Umbarger.

Msgr. W. F. Bosen read the double ring ceremony before the altar, decorated with large sprays of white gladiolus and greenery, flanked by gold candelabras.

Mrs. Mary Hershey of Hereford, organist, played for the nuptial high mass, sung by the senior choir of the church.

Mrs. Carl Kleuskens, matron of honor; Miss Louise Hoffman, bridesmaid; and Mrs. LaDean Adams and Mrs. Max P. Hoffman, bridesmaids; were the bride's attendants. They wore dresses of white embroidered organza over taffeta in blue, peach, yellow and lilac. Their gloves, shoes, hats and flowers were in matching colors. Their hats were styled in a wreath of braided straw, covered with puffs of white imported net and a single flower matching their dresses. They carried nosegays of carnations in blue, peach, yellow and lilac.

Carl Kleuskens was best man. Groomsmen were Max P. Hoffman, Carroll Adams and LaDean Adams. Ushers serving were Billy Max Stocker and Harroll Adams.

The bride, given in marriage by her father, was attired in a long, formal, white wedding gown of white prelene satin imported from France, fashioned with a sweetheart neckline, trimmed with scalloped imported French lace accented with seed pearls and sequins. The full skirt was trimmed with sequins and pearls in bow designs. A tiered bow in the back of the skirt swept into a chapel train. Her long fitted sleeves tapered to petal points over the hands. The shoulder-length veil of imported lace fell from a crown beaded with seed pearls. She carried the bridal bouquet of white orchids and carnations atop a white prayerbook, covered with lace, and white streamers tied with forget-me-nots.

A reception and dance followed the ceremony in St. Mary's Hall. Refreshments were served from the bride's table, laid with a lace cloth. The wedding cake was made by the bride's sister, Mrs. Carl Kleuskens.

Mrs. Adams traveled in a

tangerine suit and matching accessories for the wedding trip to points in Texas, New Mexico and Colorado. The couple will be at home after July 1 in Shattuck, Okla.

Senior Choir presented her with a white Bible.

There are 1,252 symphony orchestras in the United States.

Five-Run Inning Gives Tribe Win

A five-run final inning gave the Red Sox a 15-13 win over the Tigers Tuesday night in Pony League Park. Three bungal errors and a pair of singles made the difference in the game.

Mike Moore scored for the Red Sox in the top of the first. He singled, stole second and came in on Kenny Justice's single.

In the last of the third, the Tigers took a 3-1 lead. Four walks, a single by David Marcontell, two passed balls and a stolen base from third accounted for the runs.

But the Red Sox came charging back in the top of the third for a 6-3 lead. With one out, Ronnie Lance walked, Wynn Buck singled, Gene Drummond walked, Mike Moore doubled and Justice homered.

The Reds tacked up two more runs in the fourth on a walk, a single by Buck and a double by Justice.

Two runs came across for the Tigers in the fourth as Lee Robinson walked and Jim Young singled. Two more walks pushed in Robinson while Young got home on a wild pitch. Two strike-outs kept the Tigers from scoring more as they had the bases loaded.

Two more runs scored for the Reds in the first of the sixth as they took a 10-5 margin. Gene Drummond singled, stole two bases and tallied on a wild pitch. Justice singled, stole second, got third on an error and stole home.

But the Tigers went ahead by one, 11-10, with a strong surge in the bottom of the sixth. Three walks and two passed balls started things off. This was followed by a single by Jim Campbell, an error, a fielder's choice that failed to cut off a runner, an error and another walk before the side was retired.

With their backs to the wall, the Red Sox came back in the seventh for five runs and the winning margin. A base on balls was followed by a fumbled bunt, an error, a fielder's choice, a single by Moore, another error and a single by Olen Nelson.

The Tigers failed in their bid during the bottom of the seven-

th, although they managed to bring in two runs. Steve Thornton singled, followed by a walk, an error and another walk with a passed ball allowing the second run to score.

Gene Drummond, Olen Nelson, Wynn Buck and Kenny Justice all pitched for the Red Sox with Buck getting credit for the win.

Lee Robinson, Ed Mims and David Marcontell pitched for the Tigers with Marcontell absorbing the loss.

Has Time Arrived When Americans Must 'Hide Away' To Worship God?

For more than 25 years The Brand has consistently opposed federal control of public schools. It has been, and still is, our belief that schools should be operated on the nearest local level possible — and we feel that the recent supreme court ruling against holding non-denominational prayer in public school assemblies proves the point most forcefully.

Awards Reflect Good Community

Without support of other business men, a newspaper cannot long survive; without cooperation and support of the public and its readers, no newspaper can long survive. Even tolerance from its enemies is important to a community newspaper and, needless to say, any news medium is bound to encounter people who will not fully agree with its news coverage or editorial policies.

Naturally, we are proud of the awards, although they possess little material value, just as we are proud of the 15 staff members who worked together each week to make their achievement possible. Mostly, though, we are proud to live in a community where the people are energetic, cooperative and willing to contribute in various ways to achieve the result.

Instead of saying "Thanks for those kind words", we are more inclined to say: "Congratulations, yourself", for certainly no newspaper can ever exceed the enterprise, vision and honesty of the community which it serves.

GUEST EDITORIAL

Public Opinion Vs. Medicare

It has been said that the American people are in favor of the bill which would give medical services to everyone drawing social security benefits, and would increase social security taxes to meet or help meet the tab — and that the opposition consists only of relatively small, vocal and selfish groups.

Well, there is factual evidence concerning that view. Many members of Congress periodically poll their constituents, to find out their attitudes toward controversial issues. Of 27 polls on the medical proposal taken some little time ago, the voters opposed the social security concept in 16 and supported it in only 11.

More recently, nine more such polls have been taken by members of Congress in their districts. The voters said: No to the social security concept in six of these — Yes in three.

It thus seems evident that there is heavy majority opinion in opposition to the plan. It is also significant that some of the polls asked if the voters favored voluntary and state-administered plans for caring for the indigent aged, and the response was extremely favorable. The Kerr-Mills bill, passed by the last Congress, is based on this idea and, while providing federal financial aid, places administrative responsibility where it belongs — in the states. Another long step forward is found in the plan sponsored by the Blue Shield organizations and the American Medical Association for providing voluntary health insurance to the aged at moderate rates.

The handwriting on the wall says that more and more of the American people, viewing apparently endless federal deficits in spite of backbreaking taxation, are becoming opposed to the Welfare State philosophy.

Rare Plane Slated For Harvest Festival Show

An airplane designed almost 30 years ago will be one of the stars of the Hereford Harvest Festival this year. A Buecker Jungmeister, one of the most famous planes in the world, will be flown by acrobatic pilot Frank Price on Sunday, July 22, as the Festival gets underway.

Frank Price appeared last year and is returning again with a larger show. Working with him will be Jay Barker in his clipped-wing Cub.

But it will be Frank Price and his bi-plane that will really thrill the crowd. After many years of searching, Price finally found a Buecker Jungmeister in Spain. It had been

owned by Prince Cantazane, who was considered to be the greatest acrobatic pilot in all of Europe. Price bought the plane after the Prince died (of stomach cancer).

(SEE PICTURE PAGE 7)
The plane has stubby wings, with a wingspan of just 21 feet 6 inches. Price is installed a Warner 185-horsepower engine in the plane, which will have an empty weight of just 1000 pounds.

The Jungmeister, considered the most maneuverable plane in the world, was first designed in 1935. They were originally built from designs worked out by German acrobatic pilots and used for the

most advanced type of acrobatic training. Luftwaffe pilots went directly into the sleek, speedy Messerschmitt 109 from this little trainer.

The only other Buecker Jungmeister in the United States is owned by Bevo Howard of Charleston, S. C. Howard has won world championships in international acrobatic competition flying his Jungmeister.

Despite high winds last year, Price thrilled a large crowd here with his smoothly-executed maneuvers and low-level flight events. At that time, he was flying a modified Great Lakes Trainer biplane. He had planned to enter the international acrobatics competition in England last summer but his airplane failed to arrive so he sat out the contest as a spectator.

Price was born in Dallas and first became interested in flying when he was just eight years old. He had his first airplane ride in 1927, just after Lindbergh crossed the Atlantic. While still a youngster he started helping barnstormers and hot air balloonists at fairs and local air shows.

During World War II he was a glider pilot. In 1945 he started doing aerial dusting and spraying work. A holder of all pilot ratings, he has done all types of flying, including a stint as patrol pilot along the Mexican border.

For the past seven years he has run a fixed base operation at the Waco Municipal Airport, operating the American Tiger Club.

At present, he owns ten airplanes including a 1928 model Travelaire that is still used in agricultural spray work.

Although he is a professional stunt pilot, he believes stunting should be done with safety uppermost in mind and is best left to those with the proper training and equipment. Price points out that he always wears a parachute and performs his breathtaking maneuvers at a safe altitude.

Passengers Bring Cups Rules Board Of Health

The following rulings issued by the State Board of Health to the Railways operating in Texas will be of interest to the traveling public: "The use of a common drinking cup on railway trains and in railroad stations is hereby prohibited from and after June, 1912. No persons of corporations in charge of aforesaid railway trains or railroad stations shall furnish any drinking cup for public use in said place. There must also be posted in a conspicuous place in said locations near the drinking water container a cardboard bearing the following ruling: It shall be unlawful for any person to drink from the faucet or cap of any cooler, or drinking fountain, or any other place where water is kept for human drink, or consumption."

25 YEARS AGO

Returning from Washington, D. C., Monday afternoon, the Hereford delegation brought good news to members of the local corporation and to the community in general. "Money to purchase electrical appliances, to wire houses, to buy irrigation pumps and motors will be available from the governments at a low interest-rate, and with a small down payment," H. V. Hennen, local REA supervisor, said — and this statement formed the basis of the report of a successful trip. However, loans will be available only to members of the Deaf Smith Corporation. Leaving June 17, Mr. Hennen, J. W. Hendrix, chairman of the local board, and Carl Cox, project engineer, went to Washington to contact REA officials. While in the capital they visited all of the various Rural Electrification officers and departments, reporting that they secured the desired information.

INDIAN SKELETON FOUND ON FARM

Dub Hardin, a farmer nine miles west and one south of Earth, plowed into a human skeleton as he was planting on his farm Tuesday afternoon. County officials were called to the scene where most of the jaw bones, leg bones and ribs were gathered into a box for shipment to Austin. When a piece of flint was found near the remains, it was decided that the skeleton was an Indian. A local dentist looked at the almost complete set of teeth and decided the Indian was possibly 35 years of age as indicated by the completeness and condition of the teeth. A museum representative from West Texas State looked at the skeleton Friday and will request it for the museum. He said that the Indian was a male, slightly less than six feet tall, possibly 25 years of age and that the flint was from a knife. He decided it was a Thirteenth or Fourteenth Century Indian by the type of knife.

The fire was confined to the kitchen of the home, but upon further investigation by the firemen, the house was found to have been vandalized. The firemen notified police who began an immediate investigation. The interior of the home looked like a small tornado had been confined in the house for several hours as nothing remained intact.

FOUR BURNED IN CELLAR BLAST

Four persons received severe first and second degree burns when gas exploded in the cellar in the Medicine Mound community where they had taken refuge from the thunderstorms that swept the area Monday afternoon. The blast occurred about 5:30 p.m. at the Walter-Newman farm. The four had entered the cellar into which escaping gas from a nearby butane tank had accumulated. A Negro woman, employed by the Newmans, struck a match to light a lamp which set off the explosion.

THE BOOTLEG Philosopher

Editor's note: The Bootleg Philosopher on his bindweed farm may have made a few cat-lovers mad with his tax proposal last week. He completes the job this week by making the non-cat-lovers mad.

Dear Editor:

I notice that Congress is trying to raise the Federal debt limit again despite the fact I furnished a new source of tax revenue last week amounting to at least 100 million dollars. If you recall, all I suggested was that all taxing units assess a \$5 tax per cat on the estimated 10 million cats in this country.

Some cat lovers I understand didn't go for this idea much, but I wasn't trying to find a popular source of tax revenue, only a dependable one. The only popular tax I've ever seen is one that has just been repealed, and you don't find more than one or two of those in a lifetime.

Now I promised to report on another new revenue source, and it too involves cats.

According to a newspaper account I read last night, in one city of 500,000 people there are an estimated 175,000 unclaimed cats, cats just running free, roaming the city, scavenging a living wherever it turns up.

All right. Just as there are millions of people who would pay \$5 to keep from giving up their cats, there must be an equal number willing to pay that much to avoid owning one. There you are. If the taxing units are on their toes, they'll gather up these hundreds of thousands of stray cats and give the non-cat-lovers a choice: pay a \$ tax, or accept a cat. The money would roll in.

As a matter of fact, a city wouldn't even have to gather up all the stray cats. Just give them a number, like a non-existent West Texas fertilizer tank, and collect the five bucks from the cat-haters.

Under this system, everybody gets taxed, the cat population remains healthy, all government units have more money to spend, and the people can continue to holler for more government economy in the adjoining states and more government services in their own.

If Hereford runs short of cats in this program, there are some extra ones running wild out here on this bindweed farm they're welcome to.

Yours faithfully,
J. A.

Extra - Inning Game Called With 5-5 Tie

Dodgers and Cardinals battled seven innings in Little League Thursday night and ended up in a 5-5 tie after one extra inning. A triple play by the Dodgers in the bottom of the sixth kept the Cardinals from scoring the winning run.

Paul Easley started it off for the Dodgers in the top of the first with a walk, a stolen base and the first run as Mike Higgins singled.

But the Cards tied up the score 1-1 in the last of the first as John Stagner singled and was pushed in by three walks.

Both teams were scoreless in the second, although the Cards got the bases loaded.

The Dodgers took a temporary 2-1 lead in the third as Dusty Duncan walked and moved around on a fielder's choice and two walks.

Ricky Lee walked in the last of the third. He came in on an error and a double by Joe Sanchez.

The Dodgers scored three runs in the fifth, taking a 5-2 lead. Dusty Duncan and Mike Higgins walked before Brad

Johnson doubled. An error and a fielder's choice brought Johnson in.

In the last of the sixth, the Cardinals stormed back to tie up the game. Two walks, an error, a wild pitch and three more walks pushed in three runs and left the bases loaded with none out. But Sanchez was out on an infield fly, catcher Mike Higgins tagged David Ruland coming in from third and threw to Doug Banner at third to get the Cards' Mike Higgins coming from second.

In the top of the seventh, Brad Johnson walked with one out and made it to third, where he died. David Vines walked in the last of the seventh, out

Her waist-length veil of silk illusion fell from a crown of beaded pearls. Wedding traditions were carried out with a watch, belonging to the bride's grandmother, Mrs. J. M. Sweet Adelines Elect Officers, Start Campaign

Organizational meeting for a prospective Sweet Adeline Chapter in Hereford was held Thursday evening. Election of officers was held and plans were drawn up for a campaign to enlist more local women in the organization.

Elected to serve as president was Jean Coleman, Linda Kilds was named vice president, with Jeannet Roe serving as secretary-treasurer. Pat Loerwald was selected program chairman, Billy Penn as music chairman, and Marian Goodin, publicity chairman. Joe Coleman is director of the group.

"Harmonize the World," the organization's motto, explains the goal of the organization. Sweet Adelines is a women's vocal group, organized nationally, and devoted to the singing of barbershop harmony.

In order to become a regular local chapter, the organization must enlist at least 20 members. The local prospective chapter of Sweet Adelines is currently in an "all-out" campaign to get more members.

Next meeting of the Sweet Adelines will be held Thursday, July 5, in the Community Center at 7:30 p.m. Anyone interested in the organization is invited to attend. Special program for the evening will be presented by members of the Amarillo Chapter of Sweet Adelines.

One-Hitter Gives Tigers 12-4 Win

Ed Mims pitched the Tigers to a 12-4 victory in Pony League action Thursday night as he gave up just one hit to the White Sox. He also struck out 14 and managed to get help when he needed it as he walked nine.

The Tigers kept control of the game all the way. They scored their first run in the bottom of the first as Jim Young walked, stole second and rode home on Andy Channer's single.

Three strike-outs set the White Sox down in order in the second before the Tigers added on three more runs. With one out, Lee Robinson and Young walked. Channer came through with a double to score both runners. He then came home on Mims' double.

White Sox finally broke the ice in the top of the third,

scoring a pair of runs. Larry Brown walked, stole second, went to third on an error before Gene Duvall and Robert Wagner walked. Both runs scored on Steve Hodges' double.

But the Tigers made it 7-2 in the last of the third with three more runs. Mike Hovey and David Marcontell both walked before the first out. Robinson walked and Young scored on an error, as was Phil Cain.

Five more runs came across for the Tigers in the fourth. Wayne Miller walked and was doubled in by Marcontell. Jim walked with Marcontell coming in on a fielder's choice by Young that failed to get the runner at home. Cain walked, Mims singled and Miller walked to push in the last two runs.

In the top of the sixth, the White Sox picked up one run

as Mitchell Bell got on by error, moving around on a walk and another error. They got their last run in the seventh as Chester West walked, stole second and took the last two bases on passed balls.

Losing pitcher was Steve Hodges who gave up 12 runs on six hits, struck out 12 and walked 14. The White Sox had five errors and the Tigers just two.

Hodges' double was the only hit for the White Sox. Andy Channer, Ed Mims and David Marcontell each had two hits, include a double each, for the

Tigers as they accounted for all their team's hits.

Cards Win 10-4 In 7th Inning

Cardinal batters slammed out four hits in the seventh inning to win an extra-inning thriller from the Giants 10-4 in Little League play Tuesday night.

David Vines led off with a walk for the Cards, scoring on a pair of walks and a single.

But Ren Lee singled to open up the Giant half of the inning, scoring on a walk and a fielder's choice to knot the score 1-1.

The Cards picked up three runs in the second to take a 4-1 edge. Mike Higgins singled, Joe Sanchez walked, Vines was lit by the pitcher and Wayne Kendrick sacrificed successfully to get on base. Dickie Elliott was hit by the pitcher, Ricky Lee walked and Johnny Wall singled.

In the last of the fourth, the Giants chalked up three runs and tied the score 4-4. Sidney Shaw started things off with a double, Lynn Noel walked and Roger Beasley doubled in two runs. He then came in on a stolen base and a ground ball.

That was all the scoring as the game ran through the regulation six innings.

The seventh started for the Cardinals with a strike-out. But Ricky Grubbs singled, Pat Higgins walked and Mike Higgins doubled with Pat being cut down at third for the second out. But Bobby Wiman and

John Stagner walked before Kendrick doubled and Dickie Elliott singled. Ricky Lee and Johnny Wall both walked before the third out.

After giving up two walks to the Giants in the last of the seventh, Jerry Wayne Kendrick struck out two and got the next batter to hit back to the mound to preserve the victory.

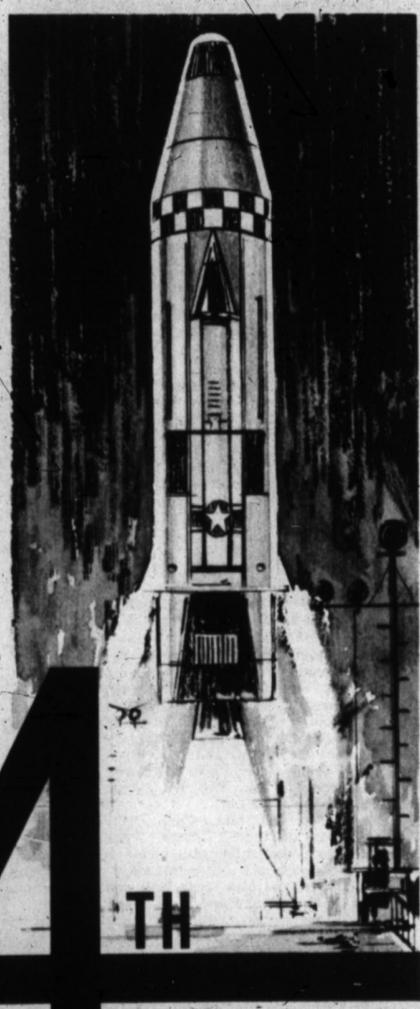

Until the big seventh inning for the Cards, both teams had four hits in as close a game as you can get.

Dean Riddle, Russell Phillips and Sidney Shaw all pitched for the Giants. Hurling for the Cards were Joe Sanchez and Jerry Wayne Kendrick.

4TH OF JULY ★ 1962

Man-made accomplishments are far different on this July 4th than they were 186 years ago on our first Independence Day.

But the day still belongs to America—and Americans. For it was 186 years ago that 13 States United took their places as the world's newest nation with a unanimous Declaration of Independence.

It was based on a simple precept—"Governments are instituted among men, deriving their just powers from the consent of the governed."

Space-age rockets don't change principles—YOU are the government's master in this nation—let's keep it that way!

HOW TO Safeguard THE PROPERTY THAT'S TO Safeguard THOSE YOU LOVE?

The job of property management, logically, should be left to people experienced in managing property. Even if those whom you want your estate property to protect are themselves so qualified, you might well consider naming, under your Will, a corporate trustee that in addition to experience has continuing life. Our institution qualifies on both counts; and we'll welcome an opportunity to talk with you and your lawyer. Why not make an appointment soon?

OFF THE Shelf

BY H. A. TUCK

Robert Ruark has many fans, of which I am one. And all of us have reason to smile again that Ruark's newest novel has been released. Uhuru is another monumental affair, but extremely readable. The word "uhuru" is a Semitic word used commonly in both Arabic and Hebraic and it sneaked into Swahili, the common language of East and Central Africa, by way of the slave trade. It is roughly translated as "freedom" or "independence" and has become widely used by black and white alike in Africa. With a new set of characters, Ruark has written a fictional successor to Something of Value, in which he detailed the battle of white settlers against the Mau Mau terrorism.

This book clings to the same basic theme of black-white conflict in today's unsettled Africa. In his foreword, Ruark says, "Critics must justly describe this book as rough and certainly somewhat sprawling. I plead guilty to the charge; for so is the Continent of Africa rough and sprawling in its monumental impact on the world and I have not attempted to neat up actuality. Twenty major characters, black and white, young and old male and female, running about in a changing scene are apt to require space to move around in."

We must not be a critic, for we felt the 555-page novel was none too long. Of the 20 major characters he mentions, Ruark has centered his action around Brian Dermott's life. Brian was the son of a white settler. He became a white hunter, known and liked by the big-game hunters of Europe and America . . . and by their wives. His safari business was the finest in all Kenya.

Yet he wasn't happy. His marriage was a failure and his long war against the Mau Mau outlaws had left deep scars. He tended to drift through life comfortably, ignoring as far as possible the political volcanoes that were bubbling and erupting. Much of his family was concerned with running the large, prosperous farm they owned. His closest friend alternated between acting as a safari guide and developing his own farm.

Brian's pursuit of big game was interwoven with his unsought love affair with an American girl. His life also was touched by a group of emerging black politicians who patterned much of their behavior from American labor unions. They also drew financial support from the same source.

In a transitional period, old standards were changed, daily patterns were disrupted. Natives found the old ways no longer were accepted. A new generation was more concerned with shoes and cars than with spears and cattle.

Not content with the vast spaciousness of Africa, Ruark's characters move to London and Scotland and back again as quickly as jets can link the old with the new.

There are many other characters besides Brian. All of them have their ideas and their problems. Some of them may be recognized as fictionalized from last week's newspaper stories. Ruark prescribes no cures and points out no morals. His stand, however, is courageous and acutely observant.

In many ways, Ruark anticipated action in his book that has since taken place. That makes it all the more enjoyable and interesting. Those who like adventure may thrill to the excitement of a leopard hunt, a quest for elephant or lion. It is appealing to those who live on the land to know what others are doing to improve their farms. It has romance, intrigue, action, dialogue and wonderfully-real characters. We think Uhuru is another outstanding effort by Robert Ruark — not so bloody and revolting as Something of Value — but equally blood-chilling at times.

Letter Expert Gives Pointers

One of the nation's experts on letters gave humorous points on the art of written conversation during a Hereford Rotary Club Ladies Night program at the Hereford Country Club Tuesday evening.

W. H. "Bill" Butterfield of Lubbock, executive vice president for development at Texas Tech and author of several books on letterwriting, was the guest speaker.

He explained that 85 per cent of all business was carried on entirely or partially by mail. "There is about \$4 billion spent on letters each year in the United States, but more than 90 per cent of them are poorly organized. There are, he said, five basic steps to better letters. First is to say exactly what you mean, guarding against typographical errors and old, hackneyed business letter expressions.

Second is to use simple words that the reader will understand. Third is to keynote each letter with courtesy. Fourth point is to make the letter sound friendly and human. Final, he said it was necessary to put the "Tact" in "Contact".

Roy Faubion served as master of ceremonies and introduced the speaker. Outgoing president Dick Barnard presented perfect attendance pins to the following: Don Baugous, 2 years; Gaston Baer, 3 years; Myron Morgan, 3 years; Gerald McCaskill, 6 years; Jack Nunley, 6 years; Dave Alexander, 10 years; Emmett Milburn, 11 years; Earl Phillips, 16 years; John Patton, 17 years; and Dick Barnard, 1 year.

Also introduced were the outgoing officers and directors: Barnard; Jack Nunley, vice president; Don Baugous, secretary; Kendall Williams, treasurer; Joe Kerr, Gwynne Owen, Charles Frye and Gerald McCaskill, directors.

Incoming officers and directors are: Jack Nunley, president; Monk Johnson, vice president; Gwynne Owen, secretary; Joe Kerr, treasurer; L. C. Thomas, Russell Carver, Herschel Thurston and Dick Barnard, directors.

Linda Reed And Eddie May Wed In Church Ceremony

Miss Linda Kay Reed, daughter of Mr. and Mrs. David Travis Reed, Rt. 4, Hereford, and Edward Glen May, son of Mr. and Mrs. A. G. May, Dimmitt Highway, Hereford, exchanged wedding vows at 3 o'clock in the afternoon, Sunday, June 24, in the sanctuary of the First Baptist Church of Hereford.

The Rev. B. L. Davis, pastor of the church, read the double ring ceremony as the couple knelt on a white satin kneeling bench before the altar that was decorated with a white wedding arch, flanked by stairstep candelabras, backed with emerald palms and choir candles. The family pews were marked with white satin bows on a background of greenery.

Miss Carol Ann Newell of Hereford was the organist and accompanied Miss Nelda Johnson of Los Angeles, Calif., and Miss Margaret Jacobsen of Oklahoma City, Okla., cousins of the bride, as they sang a duet. Miss Donna Rogers of Hereford was soloist, accompanied by Miss Newell for the traditional wedding selections presented.

Billy Settles of Tulia served the groom as best man. Ushers and groomsmen were Walker Parris, Larry Edwards, Joe Schulz, Dick Fellers, all of Hereford; and John May of Claude, cousin of the groom. Matron of honor was Mrs. Joe Bob Jones of Slaton, Misses Linda Edwards, Judy Fowlkes, Beverley Boyer, Kay Neill and Maribeth Gilliland attended the bride as bridesmaids. Candelighters were Misses Maribeth Gilliland and Kay Neill. Ringbearer was Randy Johnson of Los Angeles, Calif., cousin of the bride. Miss Valinda Duckett of Lubbock, cousin of the bride, was flower girl. The attendants carried crescent bouquets of white spider mums arranged on cotton leaves.

The bride, given in marriage by her father, was attired in a long formal wedding gown of white lace, fashioned with a fitted bodice, pointed in front and back, and a low oval neckline outlined with pearls. The long fitted sleeves tapered to petal points over the hands. The bouffant skirt was draped over lace tiers, forming a modified train. Her bouffant shoulder-length veil of white silk illusion fell from the tiara of pearls and sequins. The bridal bouquet was a crescent arrangement of white elf roses and stephanotis. The wedding traditions were carried out with a blue garter, a borrowed six pence, her grandmother's wedding band and a strand of pearls, a gift of the groom.

The bride's mother wore a mauve lace sheath dress with matching accessories, small hat with a flowered veil, white gloves, and a corsage of white glamellias. The groom's mother wore a pink lace dress, lace hat matching her dress, black patent accessories, and a corsage of white glamellias. Grandmothers of the couple wore corsages of white french-carnations.

The reception was held in fellowship hall of the church immediately following the ceremony. Miss Suzanne Langley presented piano selections.

Presiding at the bride's table, laid with a white satin cloth and garlanded with smilax, were Mrs. J. C. Claborn of Friona, Miss Bonnie Sparkman of Hereford, Miss Sharon Butler of Cactus, cousin of the bride, and Miss Olivia Sanders of Slaton. The table was centered with the three-tiered wedding cake, trimmed with white wedding bells and white roses. The centerpiece was an arrangement of white spider mums and silver candelabra. The guest register, presided over by Miss Judy Bradley, was accented by a bud vase, filled with a white spider mum. Others assisting with the reception were Mesdames Jack Gilliland, Wayne Edwards, J. Durham, Cecil Boyer, Pat Neill, Howard Beasley, M. L. Heavin and Lorraine Fowlkes. The bride wore a silk beige

suit, beige patent accessories, apricot flower hat and a corsage of white elf roses for the wedding trip to Santa Fe and Red River, N. M. The couple will be at home after July 1 in Canyon.

Members of the First Christian Church Youth Fellowship with their guests enjoyed a moonlight bike hike Tuesday night.

The group gathered at Nickie Dameron's house. From there, the squealing mob went around the Double K and naturally down Main Street before going to Mrs. Douglas Pitman's house about one mile north of town. After a rather dark picnic, since the moon failed to rise until about 10 p.m., everyone played games.

Then it was back to the bikes, down Main Street and home—a little tired, to say the least. Out of nearly 30 bikes and about 25 kinds there were three bicycles built-for-two. The Damerons own one, along with the Aikins and Penny Johnsons. I think they are adorable and if I only had a sister or brother, I would certainly ask Santa for one!

Since Janice Hagans had a birthday June 25, and Carolyn Aven June 17, some of their close friends had a "surprise" birthday party for them Thursday, June 21.

The party was in the backyard of Royce Ann Gilliland and consisted of hamburgers, baked beans, chips and dip, ice cream, cake and strawberries plus Ruth Ann Allison, Kathy Boston, Cynthia Seed, Judy Guinn, Judy Wiman, Ronald A. Neff, Pegene Cox, Dede Thomas, Margaret Boomer and Ann Kirby.

This group of girls is very close and always gives each other a "surprise" party. Actually the honored one would be much more surprised if she didn't get a party. Such being the case, Carolyn wasn't too surprised, but Janice was flabbergasted.

Carolyn and Janice have always been best of friends so Janice told Royce she would make the cake. When she found out it was her party too, she said, "Nothing like having to bake your own birthday cake!"

Both girls will be juniors next year and are now "sweet 18". Ann Kirby is here for a visit. We are always glad to have Ann for awhile since the Kirby's moved to Lubbock when Ann was 13.

Mary and Martha Russell leave Sunday to go to Amarillo and to business school. Since they are soon going to be back to the old grind stone, Martha decided to take just one more vacation, so she took her grandmother to Levelland Wednesday and just relaxed while they were there.

Friday night teenagers of the Hereford Country Club enjoyed a picnic at Buffalo Lake. Everyone boarded a long, long trailer loaded with straw and headed for an unknown destination. But I think when the group reached Dawn they knew where they were going.

Hereford has a number of summer visitors. One such visitor is Mike Sorley, 18-year-old nephew of Robert and Genevieve Veigel.

Mike is from Dallas and graduated from Hillcrest High School this year. Mike plans to spend the summer with the Veigel's and work on Robert's farm.

Van Smith has three house guests until Aug. 15 when they all return to school. They are Ted Jackson from Winnipeg, Canada; Ron Bredan, from Denver, Colo.; and Bob Niederhauser from Mexico City.

Patty Weeks and David Col-

iron are spending the summer with Bruce and Jo Coleman. David is helping Bruce with the farm work and Patty is helping Jo with the house work. I think Buck Carlyle is thinking about making Hereford his second home. This is Buck's fourth summer here.

He is spending the summer with the Gaylord Newell's and working at Piggy Wiggly. He is attending Dental College in Houston.

I hope everyone will help make these kids feel at home and prove Hereford and Texas to be the friendliest!

BABY ARRIVES

HEREFORD VISITORS
Mrs. Georgia Coldiron, David and Ronnie of Amarillo were Sunday visitors in the home of Mrs. Ruth Coleman and Mr. and Mrs. Bruce Coleman and children of Hereford.

TULLIA GUEST
Mr. and Mrs. James McMahan and daughter, Jackie, of Hereford visited recently in Tullia with his mother, Mrs. J. A. McMahan, who returned home with them for a week's visit.

Mrs. Fred Fuqua of Tascosa was a Hereford visitor on Sunday, June 24.
