Patrolman Shoots Two Men Following A Knife Attack

By Gardner Collins Brand Staff Reporter

Two Latin-Americans were wounded here Saturday by a Hereford Police Department patrolman as one allegedly attempted to stab the officer and the second attempted to join in the scuffle over the knife.

Charges of assault with intent to murder were filed here Tuesday in Justice of the Peace Court, C. B. Miles presiding, against Nicodemo Lamas, 25, Route 2, as a result of the incident. Bond was set at \$3000.

Also involved in the incident was Raquel Munoz, 31, 303 W. Second St. A motion to revoke his three-year probation sentence is pending, it is reported.

The two allegedly tried to pull a man from his pickup truck Saturday and a complaint was filed by the intended victim. A request was made by the Deaf Smith County Sheriff's office to the police department asking for the arrest of the pair.

Marshall Padgett, who was patrolling the east side of the city, spotted a car similar to the one described in the police broadcast.

According to his statement, he stopped the car near the Deaf Smith County Rural Electric Cooperative and asked the driver for his license to make the identification.

He said that he searched both men and put them in the front seat of his patrol car. Another officer on duty at the time was summoned to pick up the car the two men were reportedly riding in.

The shooting incident occurred in the front seat of the patrol car.

Lamas allegedly asked Padgett what he was going to do, according to the statement. The officer told him he was going to file a driving while intoxicated charge against him.

Lamas is reported to have told the officer that he was not.

Five men were arrested in Hereford early Tuesday morning for gambling or "sweating" a gambling game. Each of them posted \$10 bonds, which were forfeited when they failed to appear in Municipal Court to answer the charges.

Arrested following an anonymous telephone call to the Hereford Police Department were: Johnny Blocker, Donald Bridges and Willie C. Gaffney, all of Hereford; C. A. Cox of Olton and J. B. Jackson of Clovis, N. M.

Arresting officer was Patrolman Harrell Brush. Official report shows that one pair of dice was confiscated and that two \$20 bills were on the table at the time the arrest was made. Brush reported that Blocker, Cox and Jackson were engaged in gambling while Bridges and Gaffney were "sweating" the gambling.

Arrest was made at 3:12 a.m. at a local hotel, where Gaffney is a porter.

CITY LIKES PRESENT CONTRACT

County's Offer On Fire Protection Turned Down

An offer made by the County Commission to pay \$3800 a year to the City of Hereford for fire protection was rejected by the City Commission at its regular meeting here Monday.

In rejecting the offer, commissioner voted unanimously against the proposal and expressed the belief that the present contract with the county was the fairest means of assessing fire costs.

The rejection is but the fourth in a series of proposals, counter proposals and offers made since the County Commissioners expressed their dissatisfaction with fire protection costs.

Costs of the county's share of the Hereford Volunteer Fire Department has risen during the past year. However, the number of fires in the county answered by the volunteer department has also increased.

It was pointed out by Dub Reeves, fire chief, during the meeting that the number of calls out of the city limits answered by the department amounted to 54 man-trips during 12 months of operation.

Trips to county fires ranged from one-half mile out of town to 45 miles out of town, he continued, and totalled 811 miles during the year.

He also told the commissioners that the fire calls in the county consumed 379 man-hours.

In discussing the county's latest proposal, City Commissioners agreed that the present

basis for establishing the cost of protection to the county was the fairest possible method.

Under the contract, the county pays for fire protection on a percentage of the calls answered during the preceding year. It also pays for depreciation on one truck.

No costs are levied by the city on the upkeep, repair and

Fire Department Occupies City In Regular Meet

Fire Department operation took up a majority of the time during the City Commission meeting Monday as the commissioners agreed to purchase six additional two-tone radio fire alert sets and rejected a proposal made by County Commissioners on fire protection rates.

Dub Reeves, fire chief, appeared before the Commission asking for the purchase of the six additional sets. These sets are to be placed in the businesses of six firemen.

It was pointed out by Reeves that these six were called on to fight small fires when a general alert was not necessary.

In making the request, Reeves pointed out that the radio alerting system was "a real step forward" in providing protection for Hereford.

The main reasons for purchasing of the six sets was to keep damage and repair costs to the sets to a minimum and to be able to alert the six firemen at either their homes or businesses.

In considering the proposal made by the County Commission the city voted unanimously to reject the \$3800 offer to pay for the cost of in-county fires.

The commissioners voiced the opinion that the present contract was the fairest method of assessing costs as they turned down the offer.

It was pointed out that the number of calls answered out of the city limits has risen to its highest point in the history of the fire department during 1961.

A total of 54 calls were answered by the Volunteer Fire Department.

In other business, the request for a waiver of city zoning ordinances prohibiting the

A appeal case against an Amarillo man was dismissed on a motion from the man's attorney. The case had been appealed from Justice of the Peace Court.

The dismissal motion was made when witnesses against the man failed to appear in court.

Hereford Takes Seconds, Thirds In Region Meet

Hereford High School students were among more than 600 West Texas students competing in the Regional University Interscholastic League contests held Friday and Saturday in Odessa.

Two alternates to the state contest were named from Hereford entries. Gary Kendrick, who placed second in the extemporaneous speaking event, was awarded a silver medal for the event and was named alternate to the state UIL contest.

Placing third in total points at the journalism event was Wain Miller, who is also alternate to the state meet. Martha Ponder and Miller claimed second place in team honors at the event.

Also winning third places was Jim Reinauer in boys' poetry interpretation, while LaReece Aske took third in girls' prose reading. Charles Mims also entered the number sense contest.

All entrants had previously won the right to compete at Regional after winning first place honors at District 1-AAA UIL Contest in Borger.

Hereford's golf foursome, comprised of Troy Don Moore, Dick Combs, Roger Albracht, and Carl McCaslin, was eliminated from the tourney.

Herd Takes On Lobos After Close 4-3 Win At Nazareth

After a narrow non-conference victory over Nazareth Tuesday, the Hereford Whitefaces return to district action in Levelland Friday, April 20.

Since both schools will be observing holidays, the game with the Lobos has been moved up to 1 p.m., according to Hereford athletic director Cuby Kitchens.

Hereford had a narrow escape over the Lobos in their first district meeting, winning 12-11. Dumas beat the Lobos for the second time Tuesday, 6-3, to move out front in the district standings. Dumas is 3-1, while Hereford is 2-1 and Levelland is 0-3.

In Tuesday's game at Nazareth, the Whitefaces used a pair of triples, a passed ball and an error to come from behind in the fifth inning. They held on to win 4-3.

Hereford scored a single run in the top of the first inning as Ronnie Duncan singled, went to second on a passed ball and came in on a single by Arnold Powell.

But Nazareth went ahead 3-1 in the last of the first inning. Francis Backus walked, Philip Brockman singled, Ray Schmucker doubled before the first out, then Jimmy Hoelting doubled to push in the Swifts' last run.

Turning point in the game probably was the last of the fourth when Nazareth loaded the bases with none out and failed to

score. Two were forced at home, with the third out on a fielder's choice.

In the top of the fifth, Hereford finally took the lead again. Dan McDowell led off with a triple. Eugene Green struck out, but the ball got away from the catcher and Green got to first. Meanwhile, McDowell scored as the catcher's peg to the pitcher covering home was dropped. Jim Haney blasted a triple that scored Green, then came in as the catcher tried to throw out Hale who was going from first to second after a walk.

It was a tight, fast game all (Continued on page 8)

Free Health Card, Blood Typing Today

A drive to get a health and information card in the billfold of every county citizen begins Thursday, April 19, with blood typing in the Scout Room of the Hereford Community Center.

A licensed laboratory technician from Deaf Smith County Hospital will be on duty in the center from 2-4 p.m. and from 7-9 p.m.

No charge will be made for the service.

It was pointed out by Mrs. T. J. Parsons, vice president, District I, THDA, that the drive will also help the hospital find possible blood donors since blood type records will be kept.

The drive to get the cards to every citizen in the county is being sponsored locally by the Deaf Smith County Home Demonstration Council.

Information listed on the card, besides blood type, will include allergies to certain antibiotics, hospitalization insurance, and required medicines.

A recent story about new teachers hired by Hereford school board inadvertently omitted the name of Kenneth W. Shaw, who will teach science at Stanton Junior High School. This is a grave error, since (Continued on page 8)

Injured in the accident was Michael Justice, 23, who lives at the Lucky U Motel. Justice was taken to Deaf Smith County Hospital for treatment.

He was treated and released from the hospital Sunday.

The accident occurred as a late model sedan driven by Pauline Rodriguez, 27, was attempting to make a left turn on to Avenue I from Park Avenue, according to the accident report.

Justice, driving a 1955 model sedan, attempted to pass the Rodriguez vehicle on the right when he discovered he would be unable to stop.

BY JIMMIE GILLENTE

There is nothing quite so frustrating as knowing you have to write a newspaper column, and not be able to think of one single thing about which to write. This is why some of the columns make such little sense, which is a fairly frequent complaint about the Bull Column.

Not long ago I was reading a column in which the writer mentioned all of the special weeks we observe, then recommended a "Someday" week. In a nutshell, he would set aside a week in which to do all of the things we put off until "Someday". Personally, I cannot think of anything more revolting. The reason we put these things off, in the first place, is because we do not want to do them, because we cannot afford them, or perhaps because we are a little bit jittery. The things we really want to do, we generally find time for, and that's a fact.

Durward Jacobs of Hereford was recently initiated as one of the six spring pledges to Texas Tech's Sock and Buskin, dramatic fraternity. He is a student at Texas Tech in Lubbock.

JOURNALISTIC COOPERATION

OXFORD, Miss. (AP) — The agreement between the weekly Oxford Eagle and the high school newspaper seems to have worked out fine.

University High's "Colonel Courier" is printed and delivered as an extra section of the Eagle every other week.

In return, journalism students at the school sell advertising in the Courier, with the income going to the Eagle to pay printing costs.

"Someday", for instance; I plan to put in a sprinkler system, cut up a lot of fire wood, fix the screen doors, and paint the trim on the house; "Someday", I also expect to make a trip to Alaska and do some fishing in Arkansas. Worse still, a fellow told me recently that he was "going to bash in my teeth ... someday".

Consequently, I am against this "Someday" week. It may be all right for Pollyanna, but to the average American it would be like five gallons of hog slop in a three-gallon bucket.

Meanwhile, I am trying to convince my five-year-old neighbor, Rob Lomas, that dandelions really are beautiful flowers; no less! I had him nodding his head in agreement the other afternoon, but pressed a little bit too hard when I suggested that he gather a nice bunch and carry them in to his mother.

"They are kinda yellow," Rob agreed, "but I don't think Mommy would like them", whereupon he mounted his sturdy trike and rode off into the fading sunset.

L. got on the job Monday afternoon came the big accident in which four people lost their lives — and the funeral home turned into one of the busiest places in Texas.

WARNING! Call The Brand office and check before you pay for any "Lost and Found" ads. Recently, a stranger approached C. P. Wortham with a pair of glasses which belonged to his daughter. Jacobs Serves In Stage Crew, Cast In Part

Durward Jacobs, son of Mr. and Mrs. Raymond Jacobs, will serve as a member of the properties crew and will play the role of Burroughs in the production of "Family Album".

The play will be presented by the Texas Tech Speech Department as the fourth and final production during the 1961-62 season. The production will consist of three one-act plays from the Noel Coward collection, Tonight At 8:30.

Plays scheduled for presentation April 30 through May 5 include "Hands Across the Sea", "Family Album" and "Shadow Play".

Jacobs' previous experience in department presentations includes roles as Melamed in Sholom Abeliga and Stanley Harrison in Five Finger Exercise. He has also worked on property and set-crews.

Local Students Will Receive LCC Diplomas

Sheryl Patterson, daughter of Mr. and Mrs. Elmer Patterson, 610 E. Fifth St., and Sandra Inman, daughter of Mr. and Mrs. Burke Inman of 416 Star, are two of the 77 students scheduled to receive diplomas certifying two years of satisfactory college work at Lubbock Christian College.

Sherry and Sandra entered the junior college in the fall of 1960. Sherry is a member of the Meistersinger Chorus, vice-president of LOA Social Club, vice-president of Delta Psi Omega, a member of the Music Masters, and was on the women's debate team that won second place in the state junior college meet.

Sandra is a member of the Rodeo Club, Music Masters, and is secretary for the LOA Social Club.

These people who keep yelling about a need for government economy can coast a while. I noticed this week where one department has discharged a 38-year-old stenographer and replaced her with two 19's.

Easter will be here soon and, although the custom of hunting eggs may be barbaric in origin, it is still just as popular with the small fry in the space age as it was 50 years ago. I never could see why, but the event ranks next to Santa Claus with most youngsters. Maybe it

proves that people do enjoy being fooled, but I am more inclined to believe that the little rascals look upon the Easter egg hunt as a game. Time was when Hereford used to sponsor a big hunt with "prize eggs", but these affairs seem to have gone out of style. Anyway, no town seems to be promoting them these days. I remember one time when J. W. Robinson won 15 hamburgers in the big hunt here.

Mixed up with conversation about Billie Sol and how the Crapple are biting at Buffalo is an occasional remark about how well the 1962 potato crop is coming along, and it seems

to be in tip-top shape.

Slim Wester, as usual, is complaining because he has to run concrete on the days when the fish are biting hardest. Chief Henry Aycock says he sunburned his nose while catching bass at Falcon, but Mrs. J. M. Roberts says she accomplished the same result while not catching even a minnow at Conchas. All of which proves that spring is here and, pretty soon, Reid Williams will lay aside his barber shears for a fishing pole. Henry Sears, on the other hand arrived in Austin just in time to welcome a grandson, James Wheeler, last week-end and reports the excitement was en-

ough to hold him for a while.

Mrs. G. is just back from visiting relatives in the Decatur area and reports that everyone was asking about the Billie Sol episode. Otis Dickey tells the best one though. He says that John Estes son of Mr. and Mrs. Cliff Estes, planned a trip into the Valley last week to survey the vegetable crops — but the hotel wired back and said "Cash in advance on reservations for any West Texan named Estes"; whether it is true or not Otis has been giving John a bunch of trouble.

Which reminds me, some of the recent suits cover land trans-

actions and the people named merely purchased land and consequently were named in a suit. Not all named were endorsing

tank paper. This will probably go on and on for many months to come. Some people say for years and years.

Let's Cook Something!

Veal Cutlets Parmigiana Is A Gourmet's Delight

Mrs. James Teas (Maxie) a young wife and mother of one-year-old Leslie, is an excellent cook, making such unusual dishes as veal cutlets parmigiana. Maxie and James both love Italian food that Maxie takes such pride in cooking and serving to her small family. Leslie usually has to eat baby food while sitting in her high chair but nevertheless manages to get an occasional taste of the wonderful food that her mother is cooking.

FRENCH BREAD

This recipe makes 2 medium-sized loaves.

Combine 1 tablespoon butter, 1 teaspoon sugar, and 1 1/2 teaspoons salt to 1/2 cup of scalded milk and let stand.

When barely warm add 1/4 cup warm water into which 1 package of yeast has been dissolved.

To this mixture, add 5 cups sifted flour, sifting in gradually. The dough should be slightly sticky. When thoroughly blended turn out the dough onto a lightly floured board and knead for about 10 minutes. The dough should then be smooth and stretchy.

Set the dough in a buttered bowl, cover and keep in a warm place until it has doubled in bulk, about 2 hours.

Make two deep indentations in the dough — if they remain, the dough has risen sufficiently. Break down the dough and let stand again until it doubles in bulk. Knead for about 1 minute. Makes 2 long loaves. Place on a buttered baking sheet, cover and allow to rise until double in bulk.

When the loaves have risen part way, make small, deep slits diagonally across the tops. Brush tops with a little milk and sprinkle with garlic powder (optional). Place a pie tin filled with water on the bottom of the oven, to make a crusty loaf.

Bake in a 400 degree oven for 45 to 50 minutes.

When serving, open slits and place thick pats of butter between, until melted.

MEAT BALLS AND SPAGHETTI

Saute 1 chopped onion or use about 3 tablespoons of dry minced onion. Add 2 1/2 cups of canned tomatoes, 1 15-ounce can of tomato sauce, 1 tablespoon sugar, 1 teaspoon salt, 1/2 teaspoon pepper, 1 bay leaf, 1/2 teaspoon thyme, 1/4 teaspoon oregano, 1 clove garlic and 1/2 teaspoon basil. Cook slowly for one hour.

Combine 3/4 pound ground pork and 1/4 pound of ground beef, 1 cup wheat germ of your own favorite breading, 1/2 cup Parmesan cheese, 1 sprig of parsley, 1 clove garlic (minced), 1/2 cup milk and 2 well beaten eggs. Salt and pepper to taste. Mix thoroughly and form into small balls. Brown in hot fat. Add to sauce and cook over low heat for 15 minutes. Serve over spaghetti. Makes 6 servings.

VARIATION

This sauce can be served over spaghetti, omitting the meat balls. Sprinkle generously with grated Parmesan cheese. Or saute the meat omitting the eggs, milk and breading, and add it to the sauce and finishing as above. Serve over spaghetti and sprinkle generously with grated Parmesan cheese. This sauce is coarse and may be strained if desired.

VEAL CUTLETS PARMIGIANA

Dip 6 veal cutlets (or veal chops if available) into 2 slightly beaten eggs, which have been seasoned with salt and pepper; next dip into wheat germ or your favorite breading. Be sure that cutlets are well covered with breading.

Heat 1/2 cup of oil until sizzling, and brown cutlets on all sides in oil. Place in a large casserole.

Cook 1 1/2 cups of tomato sauce with 1/2 teaspoon basil, dash of Worcestershire sauce and 1/4 teaspoon garlic powder until thickened. Add 1 teaspoon butter. Stir until melted, pour over the cutlets and sprinkle with grated Parmesan cheese. Cover and bake in a 350 degree oven for about 25 minutes.

Remove the cover and place slices of Mozzarella cheese over

the cutlets. Return to the oven and bake until the cheese is melted and lightly browned. This dish is delicious served with spaghetti and sauce, a green salad and French garlic bread.

HUNGARIAN BEEF GOULASH

This is an ideal dish for electric skillet fans. Preheat skillet to 400 degrees. Have the butcher cut a 2 pound chuck or rump roast into 1 inch cubes. Dredge meat in flour. Melt 1 tablespoon shortening and brown meat on all sides. Reduce the heat to 275 degrees. Add 1 pound peeled and shredded white onions, 1 teaspoon salt, 1 tablespoon paprika, 1 tablespoon wine vinegar, 1 tablespoon caraway, 1 tablespoon marjoram, 1 teaspoon chopped capers, 2 bay leaves, 1 tablespoon parsley flakes or 2 sprigs of fresh parsley, a bouquet of a small green pepper, finely chopped. Mix this thoroughly with the meat and add 1/2 cup cooking sherry and 1 cup of water.

Cover and cook until the meat is tender, adding more liquid if necessary. Remove bay leaves and serve hot from the utensil.

This makes a delicious meal when served with hot buttered noodles, generously sprinkled with shredded Parmesan cheese, a green salad and French garlic bread.

PIZZA

(Basic pizza dough, makes two pizzas.)

Measure 1 cup warm water into a bowl and sprinkle in two packages of yeast. Stir until dissolved.

Stir 1 teaspoon sugar, 1 teaspoon salt, 2 tablespoons olive oil, and add 2 cups of sifted flour. Beat until smooth. Stir in an additional 1 1/4 cups of sifted flour. Turn out on a lightly floured board. Knead until smooth and elastic. Place in a greased bowl; brush top with olive oil and cover.

Let rise in a warm place, free from draft for 45 minutes. When the dough is doubled in bulk, punch down; divide and form each half into balls; place on greased baking sheet or pizza pan. Press out with the palms of the hands into a circle about 12 inches in diameter, leaving edges slightly thick.

On each circle of dough pour half of the filling. Add cheese slices and bake in a 400 degree oven for 20 to 25 minutes or until golden brown. Serve hot. If desired, add grated Parmesan cheese, sprinkled on the top.

FILLING

While dough is rising, mix together 1 and 3/4 cups of tomato sauce, 1 teaspoon oregano, 1/4 teaspoon garlic powder, and 1/2 teaspoon black pepper.

Cook very slowly until the dough is ready. After pouring filling on the pizza bases, top each with about 4 ounces of Mozzarella cheese, sliced or grated. Bake, following the above directions.

VARIATION

Combine 1/2 pound of sausage and 1/2 pound ground beef and mix several anise seeds into each ball. Fry the meat until lightly browned. Place on pizza. Top with cheese.

HELP STAMP OUT DELINQUENCY

IPSWICH, Mass. (AP) — Ipswich reportedly has the lowest juvenile crime rate in the state. Officials say here's how it's done:

Highway Patrol Reports Seven Rural Accidents

The Highway Patrol investigated seven rural accidents in Deaf Smith county during the month of March according to Sergeant W. E. Wells, patrol supervisor of this area.

These wrecks accounted for 19 five persons injured and an es-

timated property damage of \$3,455.

The rural traffic accident summary for Deaf Smith County from January through March of 1962 shows a total of 15 crashes. As a result of these crashes ten persons were hurt. Estimated property damage amounted to \$9,708.

With warmer weather, motorists will be getting back out on the highway to enjoy the invigorating atmosphere and colorful country side. The patrol supervisor pointed out that this will cause highway travel to be

multiplying by leaps and bounds. He urges motorists, pedestrians and all street and highway users to know and obey traffic laws, regulations, ordinances and their application, and pledge their continuous vigorous support of these laws, so that accidents may be prevented and a safety universally promoted.

Tom Leder, a 6-foot-5, 195-pound pitching prospect for the Cincinnati Reds, had an amazing 1.62 earned run average last season with Tampa in the Class D Florida State League.

The Hereford Workers 4-H Club met April 12, Thursday, in the home of Mrs. Fran Battenfield, 432 Star Street.

The club members prepared a meal of fried chicken and a green salad. Ruth Koelzer and Glenda Sims gave a demonstration on chocolate milk for the club. This demonstration won first place in the county contest and will be taken to the district contest in Canyon on April 28.

Members present were Ruth Koelzer, Vicky Koelzer, Glenda Sims, Jane Wilhelm and Donna Nivens. The leaders, Mrs. Fran Battenfield and Mrs. M. J. Koelzer, were also present for the meeting.

Owen announced that try-outs would be held May 7-10 at the Pony League field, starting at 5 p.m. each day. Player auction will be held on May 11 with the first game scheduled for May 29.

Four teams in the league will play 12-game schedules, ending about the middle of July.

Owen said that anyone interested in coaching or managing one of the teams was asked to contact him. Pony League is for boys 13 and 14 years of age and is primarily comprised of former Little League players.

Jimmy Turman Here For Rally As Candidate

James A. "Jimmy" Thurman spoke at a meeting in Hereford Monday night, pushing his race for Lieutenant Governor. The young Democratic hopeful talked with about 40 backers in the County Courtroom, then continued his campaign at a coffee after the meeting.

Following comments by Tom Robinson, Bill Gentry, Frank Barrett and Raymond Higginbotham, the speaker was introduced by John Aikin. He was given

a strong endorsement for his work earlier this year with the "gas for irrigation" groups. Aikin pointed out that the Lieutenant Governor is the sole factor in appointing Senate committee chairmen and members. "Jimmy Turman will be fair with the people of this state," Aikin said. "He may not always agree with us, but he will always give you a fair deal."

Speaking informally, "Turman related his background in and around Gober, in Fannin County. The 34-year-old speaker of the House told of attending East Texas State College, where he received his bachelor's and master's degrees. Following two years of Navy duty, he taught at the University of Texas while working toward his doctorate in education and psychology.

He entered politics after serving as assistant to the president and professor of education at Texas Women's University. He also has taught in public schools and served as principal. His wife is a teacher in Austin.

"I don't think politics is a dirty word," he said. "It is an opportunity to be of service to

my fellow man." Turman pointed out that he had presiding experience, which is the primary duty of the Lieutenant Governor.

He explained that he was vitally interested in rural electrification, farm and state road programs, improved highway system, better education and state, rather than national, welfare programs to help care for the disabled and aged.

Turman said that he strongly favored votes by the legislators on various matters rather than "deep freeze" committees.

COAST AIRPORT'S PROBLEM
BOSTON — Sharpshooter Warren Altman says the difficulty in shooting down seagulls at Logan International Airport is that "four more come to their funeral."

The birds are shot to avoid ingesting into engines of planes roaring out of the airport.

Altman, one of those assigned to bring down the birds, says for every bird shot, four more become curious and hover over the remains.

the way, Jim Haney took the victory, going all seven innings. He gave up four hits, walked two, hit two batters and struck out 11. After allowing three hits in the first inning, he pitched hitless ball until tagged for a single in the last of the seventh.

Ray Schmucker turned in almost as good a game for the Swifts. He also lasted seven innings, allowing four runs on six hits while walking three and striking out 11.

Nazareth had three errors and Hereford two.

sale and storage of butane and propane gas was rejected by the Commission. The Co-op has been selling liquefied gas for use in butane operated vehicles. The operation had been stopped by the Railroad Commission pending the issuance of a waiver by the Commission.

It was the opinion of the city attorney that an amendment would have to be made to the ordinance before such a waiver could be issued.

The ordinance prohibits the sale of butane and propane and the manufacturing and storing of the gas within the city.

Also appearing before the commission was Miss Francis Dameron questioning the Commission ruling on a rezoning petition.

The petition had been approved by the Zoning Commission, but was denied in Commission action. It was decided to postpone discussion on the matter.

Owen Seamonds was also appointed by the commissioners to a three-year term on the Golf Course Committee. Seamonds will fill the post vacated by John D. Pitman.

Members of L'Allegria Study Club attended the meeting of the Commission to observe the procedures of the governing body.

Deaf Smith County joins much of the nation in mourning the passing of Galloway Calhoun, who visited here last June. Calhoun was head of the Shrine medical committee and former Imperial Pontiate. He visited the Oasis Shrine Club's children's clinic here last year and had planned to return. He was 79 years old, but looked and acted much younger.

All residents of Deaf Smith County are urged to participate in the free blood typing and health card program which will be held at the Hereford Community Center on Thursday, April 19. The program will be held from 2-4 p.m. and from 7-9

p.m. at no charge. If you have had your blood typed, you are asked to come by and pick up a health card, which could be vital to your own files. The County Home Demonstration Council, which is sponsoring the drive, emphasizes that you will not have to be a blood donor if you participate.

We heard two political candidates make talks here this week and have another coming to town Thursday night. Jimmy Turman, seeking the Lieutenant Governor's job as a Democratic, and Desmond Barry, who is running for Congressman-at-large as a Republican, have already been to Hereford. Republican Jack Cox, seeking the party's nomination for Governor, will speak in the county courtroom at 7:45 p.m. Thursday, April 19.

A final reminder for school-age children's parents: Hereford schools will be dismissed Friday and Monday for the Easter holidays.

Hereford resumes district baseball action in Levelland Friday afternoon. Because school will be out, the game has been moved up to 1 p.m. Hereford is one game behind the Demons now and needs to win to stay in the running. Levelland has lost all three district games, but all of them were close... as Hereford well knows after pulling out a game 12-11 here last week.

Thursday, April 19, has been designated as Patriots' Day in commemoration of Paul Revere's ride and the battle of Concord. Flags will be flying and bells ringing across the country to mark the observance.

replacement of equipment. The back-and-forth discussion on fire protection costs began when the County Commissioners expressed their dissatisfaction with the contract and asked the city to do something about it.

The city in turn passed a proposal asking the county to make an offer on what it considered would be a fair agreement.

During a recent session, the county split over a fair price to pay and a compromise was reached offering the city \$3800. This proposal was rejected Monday.

Children Prepare Program For PTO

By Mrs. S. N. Thweatt
Walcott PTO will meet on Thursday, April 19, at 8 p.m. in the Walcott School. The program will be given by some of the school students.

Walcott School will dismiss Thursday afternoon and resume on Tuesday after Easter holidays. Chairman of the kitchen committee for Thursday's meeting will be Mrs. N. E. Tyler. She will be assisted by Mrs. Lee Tice, Mrs. J. E. Sorrells and Mrs. J. T. Tice. Cake and coffee will be served for refreshments.

Mr. and Mrs. Elmer Northcutt had supper with Mr. and Mrs. Charlie Kemp in Hereford recently.

Mr. and Mrs. James Coleman and three sons came from Amarillo Saturday to visit with Mrs. Ruth Coleman. The children stayed with their grandmother while their parents went on to Crest Butte, Colo. Mrs. Ruth Coleman took the children to Amarillo Sunday so they could be in school while their parents were in Colorado and Albuquerque, N. M.

Mrs. C. W. King of Rosedale, N. M., spent Thursday night in the home of her daughter, Mrs. Floyd Brown.

David Sorrells participated in the Play Day events in Amarillo recently with the Hereford Riders Club. He won second place in the senior division wagon race.

Elmer Northcutt took a group of F. F. A. members to the state judging contest at Las Cruces, N.M. They went to Juarez, Mexico, before returning home.

Mrs. B. B. Hudson of Hereford had surgery at Deaf Smith County Hospital Tuesday morning. She is improving rapidly. Mrs. Hudson is the mother of Mrs. Bill White of this area.

S. N. Thweatt made a trip to Junction recently to purchase a load of fence posts. Election judges counted 93 votes during the recent Walcott School election. Jim Stock, Dan Guseman and Melvin Henderson officiated at the election.

THESE THREE HAPPY girls were among the 90 members of the Stanton Junior High School concert band which earned two "Division I" or "superior" ratings in University Interscholastic League concert and sight-reading events. Displaying the "Special Award for outstanding achievement" are Nancy Boyer, Judy Crume, and Beverly Sowell. It was the first time in many years that a Hereford band has rated so high in UIL contests. The high school band competed Wednesday afternoon. (Staff Photo)

30 County Delegates At District I THDA Meet

By Mrs. Argen Draper
The district meeting at Pampa was one of the best. This was Mrs. T. J. Parsons' last district meetings as Vice President of District I. Our congratulations to Mrs. R. A. Hodges of Canyon who was selected as the Vice President for the next two years. Mrs. Hodges is the mother of Mrs. Wayne Thomas of Hereford and will be an efficient and pleasant officer.

About 30 women from Deaf Smith County attended the meeting. The club women from this county have always been very interested in Texas Home Demonstration Association and have done good work with the association and have had a number of jobs on the district and state level.

On Friday the sellers for the H. D. Market were real excited and had reason to be as they were hosts to Miss Sally Hill, Senior Editor, Home Department of "The Progressive Farmer." Miss Hill was here to get information for a story for the farm magazine.

Thursday, April 19, is a big day in Hereford as well as the United States. It is Patriots' Day and when you hear the bells ringing you will be reminded of an exciting moment in American history. If you have a bell of any size why don't you join the other patriotic people in telling the world we are proud of our freedom?

In the mail this morning is a program of the Freedom Forum to be held in Lubbock May 1-3 at the Pioneer Hotel. The themes of the three day sessions are: The War We Are In, Challenges of the '60s, and Freedom's Answer to Communism.

It was Allen Dulles who said "We can't lick Communism without understanding it." I have appreciated the programs on the study of Communism which have been sponsored by the American Legion Auxiliary. There is only one program left in the series and it will be May 15.

Today - April 19 - is the day to go to the Community Center for the free blood typing program. This is part of the program in getting health cards in every bill fold in Deaf Smith County.

The club women at Messenger asked for the Carrot Cake recipe. Here it is:

- CARROT CAKE**
1 cup salad oil
2 cups sugar
3 eggs
1 tsp. vanilla

- Beat together the above ingredients, then add:
1 small can of crushed pineapple
1 cup chopped dates
2 lbs. grated orange rind
2 cup grated carrots
1/2 cup coconut
3 cups flour
1 tsp. soda

1 tsp. cinnamon

FISHY BUT TRUE
CLEARWATER, Fla. — There is such a thing as fisherman's luck.

Nine-year-old Larry Simons was fishing on Memorial Causeway drawbridge. A 14 or 15-year-old boy fishing nearby struck up a conversation, then started helping Larry out, baiting his hook and helping him with his casting and so on. He had leaned his rod and reel against the railing and was helping Larry, when suddenly the rig went sailing into the bay.

Sadly, the boy left the bridge. About 10 minutes later, Larry hooked something and pulled it in. It was the older boy's rod and reel and on the end of the line was a 15-inch trout.

Now the Simons family is looking for the boy to give him back his rig.

SECTION 2

Nursing Students Learn In Classroom, Hospital

As the need for trained, capable and experienced personnel for hospital work continues to increase, Deaf Smith County Hospital is doing much to solve its own problem with the 12-month vocational nurses course.

Students taking the course not only receive classroom instruction in hospital procedure but practical experience as well.

Student nurses are "on duty" in the mornings receiving experience in the practical application of their formal training.

Included in the training is laboratory experience, preparation of medicines and obstetrics as well as the training in patient care.

Instructor for the course is Mrs. Jo Solomon, who is a registered, professional nurse. She has taken teacher preparation courses and is certified by the Texas Education Agency for the training of the student nurses.

The 12-month course, operated by the Deaf Smith County Hospital, trains the vocational nurse to care for sub-acute, convalescent and chronic patients under the direction of a licensed physician or registered nurse.

Upon completion of the course, the graduate becomes eligible to take the state board examination. After passing the examination, she is then licensed as a vocational nurse.

There is a great demand for the services of good vocational nurses. Some of the opportunities for employment are in hospitals, homes, doctors' offices, public health offices and convalescent homes.

To qualify for the course, a person must be definitely interested in nursing. The applicant must be 18 years old or older and is required to have two years of high school education or its equivalent to be considered.

The acceptance of an applicant is made only after a personal interview. Those applying for the course are also required to be in good physical and mental health and to have a reputable character.

Application for the course may be made any time since new classes are started annually. Those interested may call, write or contact officials of the Deaf Smith County Hospital for a personal interview.

IN THE CLASSROOM vocational nursing students are taught how to care for the sick by demonstrations and from textbooks. To qualify for the course, an applicant must have

a minimum of two years high school education and be at least 18 years old. Acceptance of the applicant is made following a personal interview.

LEARNING OBSTETRICAL PROCEDURE are two of the vocational nursing students, Mrs. LaVerne Worley and Mrs. Goldie Powell, at the left. Showing them how to prepare for the birth of a child is Mrs. Peggy Oakes, OB supervisor.

This is just one on the many phases of instruction taught in the course. All students are under the supervision of registered nurses and are taught by a certified instructor.

PREPARING MEDICATION as two of her students watch is Mrs. Jo Solomon, center, instructor of the vocational nursing program at Deaf Smith County Hospital. The students,

Mrs. Lucille Flesher (left) and Mrs. Shirley Brown (right) will not only receive laboratory experience but training in other hospital procedure as well.

CARING FOR THE SICK is just a part of the training in the vocational nurses' instruction. While on duty in the hospital, they learn to put classroom instruction to practical use.

Helping to make patient Mark Davis, son of the Rev. and Mrs. Gilbert Davis, comfortable are Mrs. Corene Gandy (left) and Mrs. Lema Berry.

GOING ON DUTY, four vocational nurses receive instructions from one of the nurses on duty at the Deaf Smith County Hospital. Receiving instructions are from left, Mrs.

Reba Watson, Mrs. Charline Reiger, Mrs. Erma Bain and Mrs. G. N. Bartlett. The graduate nurse briefing the students is Miss Bernadette Bezner (second from the right).

AUSTIN HIGHLIGHTS

Winners' Biggest Job In Capitol Might Be Parking

By Vern Sangford
The hundreds of candidates who are running for places in the Texas House of Representatives and the Texas Senate have plenty of problems. But when the victors get to Austin they'll have a new one. Big question will be "where to park their cars?"

Lack of parking facilities on the Capitol grounds causes a maddening game of musical chairs — or musical cars — at each legislative session. Speaker

of the House James A. Turman says the problem is "growing more acute each day."

So, Turman appointed a committee which may have the longest title in the history of the statehouse: The Interim Committee To Study, State owned Lands Around the Capitol Concerning the Possibility of Converting Such Into Parking Lots.

Rep. Obie Jones of Austin was named chairman. Two other Austin members, Reps. Wilson Foreman and Charles Sandahl, will serve on the interim study committee.

CUT THE PROPERTY TAXES
For three years now a legislator-citizen study committee — the Texas Commission on State and Local Tax Policy — has been mulling the possibility of state abandonment of the property tax. Texas Research League has helped with the study. The committee should have recommendations ready for legislative action in the January session. Outcome may rest on

voter pressure between now and the November general election.

Under the current system, schools get 42 per cent of the property tax dollars; cities take 29 per cent; counties, 18 per cent; and the state government and special districts only get five per cent each.

Texas Municipal League has urged the state to abandon the ad valorem tax and let the cities increase their property taxes.

Hale-Aikin committee asked the state to abandon the tax and let the schools levy it.

Tax experts often have declared that county assessors might place higher values on property, if they felt more of the ad valorem tax dollar would stay in the county.

COLLEGE FUNDS SHORT
Presidents and business managers of Texas' 19 state-supported colleges and universities were stunned this week when Texas Commission on Higher Education reported they will get only 54 per cent of the funds they requested to meet increased enrollment in 1963.

Administrators had get their future needs at \$2,770,951. But the Legislature only appropriated \$1,500,000 to supplement teaching salaries for enrollment increases. So the commission's staff prorated the fund among the 19 schools.

Dr. F. L. McDonald, president of Lamar State College of Technology in Beaumont, didn't take the news quietly. "This is one of the reasons why we are never able to raise salaries," he protested. He said the colleges are never allotted enough money, and "have to dig it up."

While the 19 presidents are trying to balance their budgets, Commission on Higher Education will be studying requests from three more colleges which want to join the state system: Odessa, San Antonio and Laredo junior college.

Recommendations will be made when the 58th Legislature convenes.

NEW SHELL GAME
Land Commissioner Jerry Sadler predicts that Texas never will yield control over any part of Padre Island to the federal government. He charged that some Texans have been "deceived" by talk of an 88-mile-long national park there.

He said the U. S. Senate did not approve a park, but a "National Seashore Area."

"This status," says Sadler, "would keep Padre Island and Laguna Madre in an undeveloped state."

Sadler urged Attorney Gener-

al Will Wilson to push recovery of Laguna Madre acreage from private owners before they convey their rights to the U. S. Department of the Interior.

Meanwhile, U. S. Congressman Joe Kilgore of McAllen said the House National Parks Subcommittee will make an on-the-ground survey of the island from May 11 through May 13. They will return to Washington, D. C., to consider legislation on May 14.

READING PUBLIC GROWS
Dr. Dorman H. Winfrey, state librarian, announced an increase of 13 public libraries in Texas and more than a quarter of a million books on library shelves throughout the state.

He said library service has improved to the point where there are now 106 branch libraries, in comparison to 97 in 1960. More than \$4,400,000 was spent for library construction last year "possibly the biggest library building year in more than three decades."

Dr. Winfrey gave much of the credit for library development to the Rural Library Service Division of the Texas State Library. It operates bookmobile services throughout the state; furnishes books for libraries in cities and communities of less than 10,000 population; and provide consultants without charge.

But many of the achievements can be claimed by communities — like Taylor, Rockdale, Navasota and Alvin — where citizens get out and raise the money for library building funds.

HIGHEST HIGHWAY LETTING SET

State Highway Engineer D. C. Greer said the highway department's April bid letting will be the biggest this year. Low bids are expected to total some \$28,600,000.

The April 24-25 letting will involve 952 miles of Texas highways and cover contracts for 422 miles of U. S. and State highways; 148 miles of farm-to-market roads and 382 miles of seal-coat work.

"We are leading the nation in miles of interstate, primary and secondary highways," Greer stated, "and we want to keep that lead."

SAY IT WITH POETRY

CAIRO — A man who wants a wife among the western desert tribes of Egypt must be a poet. The woman can cheat a little — by getting someone else to help her write the verses.

By ancient custom, courtship usually flourishes around some desert well in the early morning hours. A boy seeing a girl who brings that old light to his eyes will begin singing a poem he has composed.

If she feels likewise, she will respond with a spontaneous verse. Or, if she can't think of a verse, she will give him a token to hold while she runs off to get help in composing a proper reply. The following morning she will chant it off to her suitor. If she doesn't, he may as well go look for another well.

The IMMORTAL

... and may we sing Hallelujah! For Christ the Lord is risen. The lilies are in bloom and men and angels are in jubilation. *Because He lives, we know we too shall live.* The Greeks were wrong. Man is not mortal, but rather immortal. *For God hath set eternity in the heart of man.* This Easter, we share the immortality of Jesus Christ. His journey to Golgotha transfigured the cross forever, turning that symbol of suffering into a symbol of triumphant life. Then let us live like women and men who expect to go on and on forever ... world without end. This is indeed our true Christian hope. This is what Easter means to us today.

PRODUCTION, USE OF STEEL
NEW YORK (AP) — If the nation's steel makers hope to expand sales and production, they must find new markets — and some of the best ones may be overseas.

According to Steelsways, publication of the American Iron and Steel Institute, between 1950 and 1960 the Japanese increased steel production 357 per cent; West Germany, 143 per cent; Czechoslovakia, 127 per cent; Brazil, 176 per cent, and the United States 3 per cent.

The magazine said steel consumption in other countries also is growing by larger per cents than in the already highly developed U. S. economy. It asserted that major sales and growth prospects for American steel makers, therefore, are in international markets.

WITHOUT A GUN
HAMPTON, Va. (AP) — Young Steven Schott of Hampton flushed a covey of quail on his way home from school and bagged three of them although he had no gun.

Frightened by the boy, the quail flew into a picture window of a vacant house and were stunned. Steven calmly picked them up and there was quail for dinner.

REP. ROGERS WRITES

Congress Faces Revision Of Reciprocal Trade Act

TO THE PEOPLE OF THE 18TH DISTRICT:

Washington is buzzing at the present time on the subject of Reciprocal Trade. It all centers around H. R. 9900, which is the proposed Trade Agreements Act to be presented to the Congress in the near future.

The first Trade Agreements Act was passed in 1934. Many words have been spoken and written on the subject since that time, and it can be expected that much more will be said and written during this session of the Congress. It is a measure that has a direct effect on as many businesses and individuals as the Tax Bill. These effects vary. Hence, there are many reactions, both good and bad.

In a recent release, Secretary of Commerce Luther H. Hodges made the following statement: "Today the Soviet Union and members of the Communist Bloc are engaged in a campaign to 'bury us' through economic warfare. They are increasing their trade throughout the world. They feel that through trade they can generate alliances and allegiances. Our country must counterattack with a trade offensive of its own, and exports must be our weapon."

Everyone can appreciate the many complexities of this problem and the many, many facets of each problem involved, each of which could require many pages to discuss. It occurred to me that many might want some of the facts and figures with relation to our own 18th Congressional District of Texas. This Congressional District includes 28 counties in the Panhandle of Texas.

During the 1960-61 crop year the United States exported \$4.9 billion of agricultural products; \$66.4 million of these products came from the 18th District of Texas. Included were \$62.1 million for field

crops, \$4 million in livestock and livestock products, \$241 thousand for vegetables, and \$5 thousand for fruits and nuts. The Panhandle also exported some manufactured goods to the tune of \$28 million in 1960. There were eleven establishments exporting more than \$25,000 each. These establishments employed 3,737 workers out of a total number of manufacturing workers of approximately 12,000.

The major exporting industries in the 18th District are chemicals and allied products, petroleum, primary metals, food and kindred products, and non-electrical machinery. The exports of these manufacturers represented over 16 per cent of their total value of shipments.

The equivalent share of agriculture exports from the 18th District is more than three times as large as the equivalent share of competing imports. The imported agriculture products to our District are largely tropical or semi-tropical products such as coffee, tea, spices, bananas, rubber, etc.

These figures will afford you some idea of the overall problems faced by bringing into focus the effect of foreign trade on our own District. The problem that will be faced by the Congress is to create a proper balance between imports and exports to meet the needs of the American consumer at a cost he can afford to pay without impairing the particular industry or segment of the economy in which the consumer makes his living.

Eddie Burgan, son of Mr. and Mrs. Edmond F. Burgan, 504 Avenue J, arrived home Tuesday morning, April 17, to spend the Easter vacation with his parents. He is a junior student at Saint Benedict's College in Atchison, Kan., majoring in economics.

limited production facilities create a situation where most of these are absorbed within the Soviet orbit. This can be expected to change in the future. Hence, we must not only gird ourselves for the challenge to be mounted by the Common Market countries and Japan, but we must lay the predicate to meet the additional future challenge of the Soviet.

"IT SURE PAYS.... TO PLANT and FEED DeKALB"

Bill Martin has been in the dairy business since 1923 and he has grown DeKalb grain to feed his herds for a long time. He uses DeKalb 1051 corn for ensilage and DeKalb E-56a sorghum for grain. He likes E-56a because it's sweet, it stands and it yields. Last year his E-56a ran 6700 lbs. per acre from 100 acres. This year's crop hasn't been cut yet. His DeKalb 1051 corn ran 28 tons to the acre this year. Mr. Martin says "It sure Pays to Plant and Feed DeKalb."
