CHAMBER OF COMMERCE HAS NEW OFFICERS AND PLANS STEADY WORK COMING YEAR

HOMER WILKINSON PRESIDENT AND E. W. HARRISON VICE PRESIDENT. FINANCIAL BUDGET IS PREPARED

TWO GOOD SPEECHES NEXT MONDAY

Owen P. Smith and W. E. Dameron Will Deliver Short Prepared Addresses. Feature of Monday's Meeting Attendance of All Four Hereford's Booster Pastors

The New Board
 * Homer Wilkinson, President
 * E. W. Harrison, Vice President
 * Highways
 * D. L. McDonald, Irrigation
 * E. B. Black, Stock-Farming
 * C. C. Rockwell, Finances-Civic Work

Prior to a rousing good meeting at the Stockmen's Cafe last Monday morning, the five newly elected directors of the Hereford Chamber of Commerce held an executive meeting and selected their officers for the new year. Homer Wilkinson, vice president during the past two years, was elevated to the presidency and E. W. Harrison, veteran highway-director, was advanced to the vice presidency. C. C. Rockwell, a new member, drew the finance-civic work assignment, which is a peculiarly hard piece to fill, and E. B. Black received the portfolio of director of the stock-farming work of the organization. Mr. Black is president of the Hereford Breeders association and also runs a big farm at Black, Texas. D. L. McDonald, retiring president, was given a special assignment to the work of pushing irrigation development in this section, a work in which he has pioneered for years and one for which he is peculiarly fitted in every way.

The board did not arrive at an agreement as to a secretary for the new year, and that office will be filled later.

At the luncheon the new president presided and made a brief report of the organization of the officers. The board is preparing a financial budget to cover the necessary expenses of the organization for the coming year, and no more, and the affairs of the club put on a strictly business basis.

The outlook for irrigation in this shallow water belt came in for quite a bit of attention. F. H. Oberthier spoke at some length on the benefits to be derived from irrigation farming, the vast possibilities here for such development, and asserted that every possible encouragement should be given the irrigation farmers.

A feature of the meeting was the attendance of all four of the local pastors, Messrs. Sharp, Hill, Lipscomb and Merrill, four good boosters, who all added their testimony to the need for steady cooperative effort. Rev. Lipscomb told of the reorganization that morning of the Pastors' Association in a spirit of fellowship. He also commented upon the splendid water supply of the city of Hereford in comparison with other Panhandle towns. Rev. Hill compared the Hereford and Roswell districts in the light of health resorts and expressed his belief of the need of an advertising drive of some sort. Rev. Sharp gave some experiences in irrigation on a small scale and the profit that could be made from restricted acreages. Rev. Merrill said he expected to irrigate some himself this year if he could persuade his wife to work the garden. Mr. Merrill, recently named

ed band leader, expressed his appreciation of Hereford's splendid musical organization and of the high class of music it plays. He says he had heard of Hereford before coming here through the fame of its band and called attention to the large advertising possibilities for the city in the band organization.

The meeting was a good one and started off the new year with snap and vim. Next week the luncheon will be held at the Corvoda Hotel and two short set speeches have been arranged for. One will be by Owen P. Smith, the new county attorney, with the subject, "Hereford Today and Ten Years Hence." The other address will be by W. E. Dameron, whose subject will be "Are You a Citizen or Are You a Resident?"

These two prepared talks promise a rare treat for next Monday and it is hoped a capacity crowd will turn out to enjoy them. Those present Monday were: Homer Wilkinson, W. R. Steckman, E. B. Black, Lee Biggs, Rev. J. R. Sharp, Rev. Paul J. Merrill, Rev. L. N. Lipscomb, Rev. W. R. Hill, E. W. Harrison, W. E. Duniap, C. C. Rockwell, C. A. Skelton Gano Hastings, L. Baskin, N. C. Vogele, G. A. F. Parker, F. H. Oberthier, A. M. Jones, G. A. Stambaugh, W. E. Dameron, George Garrison.

Income Tax Man Will Quizz You Here on Saturday

Several notices have been received here this week from the office of the Collector of Internal Revenue at Dallas to the effect that Deputy Collector R. R. Millap will be in Hereford on Saturday, February 24 for the purpose of assisting tax payers of this community in preparing their income tax returns for the year 1922.

While the location is not given in the notice, it is presumed that Mr. Millap will have headquarters in the office of the county clerk, as heretofore.

EXHIBITS WANTED FOR FORT WORTH FAT STOCK SHOW

R. M. Whiteker, exhibit manager for the West Texas Chamber of Commerce, writes the Hereford Chamber of Commerce under date of February 15 stating that he wants exhibits from this county to be used at the Southwestern Exposition and Fat Stock Show, Fort Worth, March 3-10, inclusive. Good small grains, maize, kafir, cotton, corn or any garden products will be gladly received.

It is probable that a small exhibit may be sent Mr. Whiteker in time for exhibition.

TEXAS UNIVERSITY PRESIDENT GOES TO OHIO SCHOOL

Dr. R. E. Vinson, president of the University of Texas, has resigned that important post to accept the presidency of the Western Reserve University of Cleveland, Ohio, according to dispatches carried in the morning papers Tuesday.

Dr. Vinson is a Presbyterian minister of note well known in the Panhandle and his change of work will be of interest to his many personal friends in this section, as well as all alumni of the University of Texas.

MRS. IRELAND IS BUILDING UP FINE BUFF ORPINGTONS

Mrs. E. S. Ireland has purchased some fine Buff Orpington cockerels from the H. A. Hatchett strain of Plainview and the R. A. Campbell stock at Canyon. Mr. Ireland says she now has about 85 hens and pullets with which she expects to stock their ranch in Castro county, near the Jumbo district.

Normal Lecturer Will Speak Here Friday Evening

The Good Fellowship Class of the Presbyterian church is maturing plans for the entertainment of Prof. Jarrett of the West Texas Normal College, who is scheduled to deliver a lecture here Friday night at the church on the subject of religious education.

Ladies of the class plan a small banquet for the distinguished visitor and invited guests of the occasion. Prof. Jarrett is an outstanding lecturer and teacher and will contribute this and probably more lectures in the future to the course of study now in prospect for the class and church members.

AN EXPLANATION OF MUSIC MEMORY CONTEST NUMBERS

The following gives a few facts regarding the composer, Wagner, as well as an explanation of one of his most popular compositions, Pilgrim's Chorus, that is to be included in the Music Memory Contest.

Pilgrim's Chorus—Tannhauser

Richard Wagner (1813-1883) was the greatest modern opera composer. His music was so different from those who went before him that it was called "The music of the future." One of his best operas is Tannhauser, with its poetry and romance, its human characters, its story of the world-old conflict between true love and mere sensuous passion, with the triumph of the higher love, appeals to old and young alike.

Tannhauser, a knight and minstrel, falls under the wiles of Venus. Soon firing of her he returns home to find that his true love, Elizabeth, mourns for him. He joins a band of Pilgrims and journeys to Rome to ask forgiveness of the Pope. He is refused, but finally is redeemed through the death of Elizabeth, who has been faithful to him always.

The "Pilgrim's Chorus" is heard three times during the opera. At first it is penitential in spirit but at the end is a magnificent triumphal chant.

One of the world's greatest choral numbers in four part harmony. At first the chant is very slow, coming from a distance with dignified step as the pilgrims wend their way to Rome. The middle part is an impassioned appeal, with ever changing harmonies in the accompaniment. The first theme returns as the pilgrims disappear in the distance.

TWO PATIENTS AT SANITARIUM SAID TO BE IMPROVING

Floyd W. Reeve of Friona, who has been a patient of the Sanitarium the past week, is reported to be improving. Mr. Reeve is recovering from a severe case of pneumonia.

Mrs. W. B. Williams was operated on last Thursday at the Sanitarium. It was termed a major operation and a very severe one. Mrs. Williams is reported to be improving. She is a daughter of Mr. and Mrs. H. K. Monroe of Sumnerfield, and prior to her operation was employed as cook at the Cordova Hotel.

A. & M. WILL COOPERATE WITH SANTA FE FARM SPECIAL

College Station, Texas, February 19. Plans for the cooperation of the A. & M. College of Texas with the Santa Fe for running the special livestock demonstration train over the lines of that railroad next month are being worked out by representatives of the two institutions. It will be known as the Santa Fe Cow, Sow and Hen Special Texas Train, and will reach Hereford on March 30.

Modern Woodmen Organizers Here On Lodge Work

Deputy H. W. D. Hurt of Amarillo, representing the Modern Woodmen of America, was in Hereford Monday and Tuesday for the purpose of working up the membership of the local order of Woodmen of this city. Mr. Hurt said that special deputy L. R. Cloniger of Hedley, Texas, will be here this week to assist in the work.

Union Prayer is Success; to be Regular Feature

A union prayer meeting of the Methodist, Christian, Baptist and Presbyterian churches under the auspices of the missionary societies was held at the Methodist church Monday afternoon and a most interesting and helpful program was thoroughly enjoyed. The day was the fulfillment of the interchurch idea that one day shall be set apart each year for such a service. Originally planned for Friday of last week, it was postponed until Monday owing to the death of Mrs. J. C. Womble.

DON'T FORGET THE U. D. C.'S GEORGE WASHINGTON PLAY

The local chapter of the United Daughters of the Confederacy announce a George Washington celebration at the Star Theatre Thursday, February 22. The name of the play is "The Bravest Boy at Bunker Hill," a Revolutionary play with fourteen characters, coached by Mrs. C. R. Tubb. Proceeds from the play will be devoted to civic improvement work. The outline of the program includes:

Liberty Bell Drill, by 16 children
 Quartette
 Duet
 Readings.

T. T. McDERMOTT IS PLANNING FOR BIG SALE ON MONDAY

T. T. McDermott and J. A. Trammell, who live about two miles west of Hereford on the Tierra Blanca road, announce a general sale of their live stock, including mules, cattle, hogs and chickens, machinery and farm implements, household goods, etc., at what is known as the Fairview Stock Farm, also known as the old E. W. Morgan place, to be held next Monday, February 26, beginning at 10:00 a. m. Sherrin Williams will be the auctioneer and there is a lot of good stuff to be offered to the public.

NEW FORM OF TOWN BOOSTING BROADCASTED VIA RADIO

G. A. Pringle, secretary of the Martin Chamber of Commerce, writes the Hereford Chamber of Commerce that his organization has arranged to put on a musical program over the Fort Worth Star-Telegram's radio broadcasting station, from 9:30 to 10:30 p. m. Monday night, February 26, and asking that attention be called to the fact here.

This is a brand new form of town boosting now all the rage and if kept up soon the air will be full of hot air as well as full of electricity.

Those Golf Bugs Can't Wait Until Course is Ready

Three men have been employed to work the greens of the new Hereford Golf Club and now have several of the greens in shape to receive the sand. It's a slow job and many of the fellows, bubbling over with enthusiasm, are going out there every afternoon with their new sticks, whacking away without the greens in an effort to get a line on their hitting ability. Sand is being hauled from the Welliver well just south of the links, and it is hoped to have all nine holes in passable working shape by the end of the present week.

BRIDAL SHOWER ON WEDNESDAY GIVEN MRS. DICK NORTON

Honoring the bride, better known as Miss Inez Hodges, the home of Mr. and Mrs. Si Orr, was thrown open to a host of friends Friday, Feb. 16, 1923. The occasion was one of the most delightful events of the season.

Mrs. Dick Norton was a graduate of Hereford High School in 1921, and also a member of the Senior girls' club, the K. K. K. The colors for the Senior class at that time were red and white and the keeple was the emblem of the K. K. K. These colors and this emblem symbolized this solemn yet joyous event.

The rooms were decorated in red and white with the red and white carnations to add the finishing touches. Large and small keeple, placed in their proper place, according to the rules of the K. K. K., added much to the attractiveness of the rooms.

As the guests arrived they were met at the door by Mrs. Si Orr and Mrs. Geo. L. Muse, hostesses. Each person was given a sheet of paper on which they were to write their favorite recipe.

After the guests had assembled the following program was rendered:

Reading—Kellar Muse
 Piano Solo—Miss Margaret Gilliland
 At the conclusion of the piano solo little Palmer Norton entered, drawing a little wagon decorated in red and white crepe, with a keeple dressed as a bride sitting at the rear of the wagon. He stopped in front of Mrs. Dick Norton and it was at this time that Miss Mill-cent Griffith gave one of the most uplifting and touching toasts that could have been given to any bride. The outstanding thoughts in this toast included the story of the little violet, and the singing bird, also the story of the strong and hardy oak with its clinging vines and tender tendrils.

After the toast the bride was requested to open the packages, and pass them around the circle for each one present to see. The wagon contained many and various presents, each of which was a token of friendship and contributions to the bride.

At the close of the afternoon a refreshment course consisting of cherry pie, whipped cream and coffee, was served. The favors which were made in the shape of a hatchet, and also the refreshments portrayed the birthday of George Washington.

SHRINE CLUB WILL GIVE BANQUET ON NIGHT MARCH 2ND

The opening of the social season for the Hereford Shrine Club, originally called for February 22 in the shape of a banquet, has been postponed until Friday night, March 2, owing to conflicting dates.

The banquet will be held at the Stockmen's Cafe and a scintillating program is being prepared by the officers and the chairman of the entertainment committee, Homer Fox. These Shriners usually do the unexpected and the occasion on the night of March 2 is expected to be no exception to the general rule.

PASTORS TO COOPERATE IN CLOSER WAY

REORGANIZE ASSOCIATION AND ELECT OFFICERS

FOR FELLOWSHIP

Splendid Spirit of Good Comradship and Cooperation Now

The four pastors of Hereford, Rev. J. R. Sharp of the Presbyterian church, Rev. W. R. Hill of the Baptist church, Rev. L. N. Lipscomb of the Methodist church, and Rev. Paul J. Merrill of the Christian church, held a meeting Monday morning and entered into a tentative plan of reorganization of the Pastors Association.

This association has been in existence for several years past, thriving at times and inactive at others. Rev. Sharp was elected president and Rev. Hill secretary. A committee of the other two was appointed on-by laws and constitution and it was agreed to hold the next meeting in two weeks.

It is the general plan of the pastors to hold a regular monthly meeting to consider mutual ways of Christian helpfulness among their churches and to enjoy the fellowship growing out of such an association. Hereford is fortunate in having four such ministers of the gospel who are progressive, broad-minded and willing to work together for the general good of the Christian community.

Poultry Association Discusses Capon Markets

A part of the executive committee of the Hereford Poultry Association met at The Brand office Saturday afternoon. Ways and means were discussed of how to increase the membership and how to increase the production of poultry. E. C. Neely reported to the secretary another shipment of capons to the Kansas City market. Mr. Neely said he shipped 33 dressed and 26 live capons. The secretary desires to get a line up on the breeding stock available. Many calls are being made at this office for good cockerels of all the standard breeds.

IMPORTANT MEETING STOCKMEN AT SPUR ON MARCH 1

J. M. Jones, Chief, Division of Animal Industry, Texas Experiment Station, announces the approaching completion of the season's feeding tests at the Spur substation. The steer-feeding tests will close officially March 1, and the lamb feeding tests will mature a day or two earlier. Mr. Jones is accordingly sending out invitations to the farmers and stockmen to be present as the guests of R. E. Dickson, Superintendent at the Spur substation, for the entire day, Thursday, March 1, when they can study at first-hand the results of the several tests just being completed and review the tests of former years in comparison.

The Chamber of Commerce at Spur, which body has always given enthusiastic support to the Experiment Station work, is preparing to assist Mr. Dickson in entertaining all visitors in the hospitable fashion for which Spur is already noted.

"The tests this year in steer feeding include a comparison of three-eighths blood Brahma cattle with high bred Hereford cattle," says Mr. Jones. "A further test that will be of unusual interest is that in which cottonseed meal and hulls have been fed in comparison with shelled corn, cottonseed meal and hulls, the former being the cheaper ration. No grain sorghum was fed this season, due to the fact that corn was cheaper on the market, there having been a shortage of grain sorghums last season. The lamb feeding tests have again, for the fourth time, been designed to compare grain sorghums with corn in the fattening ration."

POSTMASTER'S CONFERENCE CALLED FOR DALLAS SOON

A Postmaster's Conference has been called for Dallas on March 31 and the Hereford postmaster has been invited to attend. Mrs. Cox does not know whether or not she will be able to go at this time.

GOVERNOR NAMES BOARD FOR WEST TEXAS COLLEGE

Rapid progress is being made in working out plans for the West Texas Technological College, recently created by the legislature. Governor Neff Monday announced the appointment of the board of directors for the new institution. Nine members were appointed, three for six years, three for four years and three for two years.

Members appointed for six years follow: W. P. Hobby, Beaumont; J. W. Carpenter, Dalhart, and C. W. Meadows, Waco.

For four years: Amon G. Carter, Fort Worth; R. A. Underwood, Plainview, and Mrs. Charles de Groof, El Paso.

For two years: Clifford B. Jones, Spur; J. E. Nunn, Amarillo, and Mrs. Frank N. Drane, Corsicana.

In a letter announcing the appointments, Governor Neff also called the first meeting of the board at Sweetwater on March 2. A general celebration of the passage of the technological college act is planned on that date.

with their farm work. Several are planning to plant some cotton. Perhaps several acres may be planted in the neighborhood. Diversification is the topic of the day. Everyone wants to raise everything at home that can be raised, and have some to sell. We are hoping better times are near in the future.

Last Saturday Jim Meeskey dipped one thousand head of cattle. A busy day for all.

Enclid Whitten was on the streets of Adrian last Monday afternoon.

Mrs. B. F. Oats of Amarillo is visiting Mrs. Temple Lynch, her daughter, on the ranch.

Miss Verda Harlow spent Thursday night with the Reed family.

Last Thursday we had a neighborhood move when Mr. Dawson Blasinger of Oklahoma moved to Prof. C. C. Wimberley's ranch and took charge as foreman. N. J. Lenox moved to the Omer Bartlett farm and Mr. Bartlett moved to the Humdum farm. It wasn't a very good day for moving.

Roy Hunter and Mr. Lynch made a business trip to Adrian Thursday.

We had our Sunday School social last Saturday evening. The school children rendered a nice program which everyone present seemed to enjoy. Refreshments were served, cocoa and cake, banana cake, chocolate cake, coconut cake, pineapple cake, cream cake and other kinds. Plenty for all and some left over. We hope to have another similar occasion later when the weather gets warm.

On St. Valentine's Day Miss Combs had a Valentine box in her room for the little school children and Miss Harlow served candy as refreshment to all the school. The children enjoyed the surprise.

Our mail service is very inconvenient. This part of the country is like a great portion of West Texas, we are in need of a Rural Delivery Route. It would be a great advantage to our neighborhood. This is a fine country and we hope it will not be long until other people will come and see for themselves and locate.

Last Monday Miss Alfrede Henderson was called to her home in Floydada in answer to a telegram saying her brother was very low with pneumonia. Miss Alma Knox accompanied her, also Mr. Bonnie Brumley, who was kind enough to lend his assistance and his car. They returned Tuesday as the patient was some better. Miss Elath Elliston and Irving Elliston taught in the teachers' absence.

Faye Paddock and Raleigh and Joe Hough visited with Jim Dugan Saturday.

Considering the inclemency of the weather, a large crowd assembled to hear "Bonnie's Negro Minstrels". Everyone was well entertained and all agreed that was the best show they had been to in a year. They cleared \$8.20. Much credit is due Miss Henderson for her tireless, painstaking effort in developing from 40 children as many genuine negroes.

The Prosperity of A Community

Is the measure of the willingness and ability of its people to co-operate with each other for the good of all.

Industry does this; thrift and economy do it, too; but, more than all else, the establishing of a bank balance, and earnest, whole-hearted co-operation with your bank assures individual and community prosperity.

We ask your co-operation.

Richard Lloyd Jones Says

About A House Of Cards

EVERY schoolboy knows the story of the two women of the American Revolution who, screened behind a rock, mimicked so well with life and drum the approach of soldiers that the hostile red coats took fright and fled.

Ethan Allen, with nothing more than the declaration, "In the name of the Great Jehovah and the Continental Congress," took Ft. Mifflin.

One Federal scout with a handful of men walked into a federal stronghold in Tennessee, produced from a small water-filled vial a disease-carrying phosphorus which burned with fury when exposed to the air before the dazed Confederate officers. This scout then told the enemy that there was a large army of Federal troops over the hill; that they had arms full of that stuff; and that they would shoot the town full of it unless the Confederates vacated. The Confederates vacated.

The Confederates at Centerville, Virginia, recognizing their weakness and the presence of an overwhelming Federal force, built an improvised fort and mounted some tree trunks so that from a short distance they looked like cannon. They then made their escape, and for days the Federal forces stood their distance, fearing to attack the seemingly impregnable but wholly uninhabited and fictitious fort.

When, as Governor of New Jersey, Woodrow Wilson was advised by his friends that he could not hope to put through certain important plans in his plat form because of the strength of the opposition, he replied: "Do not allow yourselves to be dismayed. You

see where the machine is entrenched, and it looks like a real fortress, as if real men were inside, as if they had real guns. Go touch it. It is a house of cards. Those are imitation generals. Put the shoulder against the thing and it collapses."

The truly courageous man wastes but little time in measuring the strength of the enemy. He wants only to know that he himself is strong.

Bluff is always a confession of weakness. The bluff looks steep from the distance; reach its foot and the grade is easier than it seemed.

The man who has something worth fighting for has neither the inclination to assume a pose, nor is he frightened by a pose. Only true and conscious worth dares stand naked among its fellows. Much pose means much lacking.

The greatest are the simplest. The fellow who is afraid to stand alone is the fellow who has to put up the big front. Strike his armor and he falls. The man who is right and knows he is right is stronger than the man who has nothing but shield and armor.

The pretense of strength will frighten the coward, but it will never battle the really brave.

The wish to appear good is the commonest quality of human hearts. The bravery to BE good is the rare measure.

The citizen soldier is the great friend of the state today. Never was moral courage so necessary, nor civic bravery such a religious need.

Be right. When you are sure you are RIGHT, don't be bluffed by a house of cards.

Poem by UNCLE JOHN

There wouldn't be no troubles, if the people didn't tell 'em, but some ain't satisfied, unless they speak of what's befell 'em. . . . You ketch a chimney-corner full of weather-bound commuters, and, nineteen out of twenty, you would class as trouble-shooters.

The Widder Banks has got a case of chronic jaundice. The neighbors knowed it all around, afore they asked a question. She panned out her innard pangs to every saint an' sinner, till most of 'em has got afeard to eat their Sunday dinner!

And old Bill Sipes has eoked about rheumatism in his system, till none of us can understand how we have ever missed 'em. . . . In fact I limp a few myself, right after Sipes's visit. It may not be the rheumatism, but what the thunder is it!

I wish they'd pass a law begosh, that hit the trouble-singer, not any common, legal josh, but a regular humdinger! I'd want a law to functionate—a little short of killin'.—Though, if it took that sort of fats, I reckon I'd be willin'.

HOMEY PHILOSOPHY for 1923

DOWN with the pain killers. Away with the crowd that would make life just a sweet indolent song. These fellers pose as our friends, and yet they'd step us of protection, and leave us victims of the stealthy and insidious approach of evil and disease. Don't cuss when you have a toothache. Praise the good Lord who sent it along. Pain is the signal of danger. If you don't heed it, it shouts a little louder, an' finally it'll make you hear. Ever have tick sensations? When you know something's wrong, you start to correct it. If you don't the consequences are up to you. That quack with his pain killer an' his alluring soporifics, is the worst enemy of man. You can't get pure gold without sizzling through the melting pot. Don't kick. Cheer.

COTTON LIST!

STILL GROWING!

The cotton acreage list for this community, subscribed in the effort to secure a gin, has been revised to date and sub-divided by counties. Some of the counties listed do not live in the counties listed, but their land is there, if no error has been made. Any corrections to the list should be called to the attention of the Chamber of Commerce at once.

The more acreage secured the easier it will be to secure that gin. A lot of people have been heard to declare that they intend to plant some cotton but won't list it. If everybody took that point of view there would be no gin here in 1923.

Kick in—put in your acreage if you intend to plant any—and help the cause along.

Why You Should Buy a DeLaval

All other separators made today, excepting none, are constructed upon either discarded or abandoned DE LAVAL inventions, in consequence of which the very best of them are barely equal to the DE LAVAL machines of ten years ago.

The DE LAVAL has received all highest honors and first prizes at every important Exposition, World's Fair, etc., held within the past thirty years, and is the only separator which is used in every country in the world.

Ninety-eight percent of the world's creameries and butter factories today use DE LAVAL machines exclusively.

More than 1,500,000 DE LAVAL machines, many times all others combined, have been sold to date.

There can be no better recommendation for the DE LAVAL than the fact that the men who make the separation of milk a business use the DE LAVAL to the practical exclusion of all other makes. They know from experience.
