Basketball is dying hard in Hereford. On Tuesday night, the Adrian Matadors and the Happy Cowboys tangled in Hereford's gymnasium for a bi-district class B game. After a slow start, the Adrian squad pulled out ahead and stalled its way to a place in the regional tourney. It was the 30th win against five losses for the Matadors, who had beaten Happy by 20 points earlier in the year. They won over the Cowboys 51-39 Tuesday night before a good-sized crowd.

Officers for 1962-63 will be elected next Monday by members of the Hereford Rotary Club. Jack Nunley is the nominee for president of the club.

Dumas Demon basketballers will enter regional play Friday in Lubbock, taking on the Sweetwater team at the Coliseum at 7 p.m. Second game will match Seminole and Lamesa. Winners will clash at 3 p.m. Saturday, with no third-place game scheduled.

The Hereford post office now has the special "U. S. Man in Space" four-cent stamps on sale. They also have details as to how you may have envelopes with the cancellation "Cape Canaveral, Florida" with the date and hour of recovery of the capsule and the wording "First Day of Issue". the participating firms have employed a D. E. student every year since the organization came to Hereford almost ten years ago.

"I only hope I can get another D. E. student like the one I have this year," was the comment of one manager who employs a D. E. student.

"After taking D. E. in high school," states Ronnie Byers, a former Hereford D. E. student and past president of the D. E. Club, "I find that my past experience as a D. E. student has helped me find a job at college."

Final planning on the road is near completion, but no official action was taken pending agreement with city officials.

"I am surprised at the many things we learn in the D. E. class room," says Geneva Logan, a member of D. E. this year.

This bears out the thoughts of most other students, who become thoroughly acquainted with the techniques and requirements of employment through the program.

In the classroom, Hart instructs in many fields, with main emphasis placed on successful techniques of both personality and job performance.

Linked hand in hand with the D. E. classroom and on-the-job training is the Distributive Education Club, the extra-curricular outlet of the club.

In the club portion of the program, students sponsor many activities related with the organization. Each year, the club sponsors the annual D.E. Radio Day, through the facilities of radio station KPAN in Hereford,

and sponsors an annual employer-employee banquet in March. Slated for March 15 this year, "the banquet serves to show the student's appreciation of his employer," according to Hart.

The club also enters local area, and state D. E. contests in which students test their abilities in their chosen fields.

And so, during the nine school months each year, when the customer sees the sign "Distributive Education Cooperating Firm," he soon learns that the 'high school kid' behind the counter is not just a kid, but a high school student receiving training in his chosen field.

Fortenberrys Celebrate Golden Wedding Date

Mr. and Mrs. J. G. Fortenberry (Bradly Photo)

The Bippus Community, northwest of Hereford, was in a gala mood Sunday, Feb. 11, when the 50th wedding anniversary of Mr. and Mrs. Jack Fortenberry was celebrated.

The day began with the Fortenberrys and their children, grandchildren and great-grandson all attending Sunday School and church services together. The morning sermon was dedicated to the couple. After the morning services the Bippus Community residents served dinner to all present, who numbered over 125.

From 1:30 to 4:30 p.m., the daughters and daughters-in-law

of the couple were hosts to a reception at the Bippus Community House in observance of the fiftieth wedding anniversary of their parents. The reception table was laid with a white lace cloth over yellow. The three-tiered cake was decorated with the bride and groom, the numeral "50" and yellow roses. A picture of the honor couple taken in their early married life, was in a gold frame on the serving table. Nieces of the couple and friends alternated at the refreshment table. Mrs. Melva Fortenberry, daughter-in-law, presided at the guest book.

N. E. Tyler, accompanied at the piano by Mrs. Wayne Allen of Amarillo, dedicated his solo, "Always," to the couple. Mrs. Joe Head of Clovis, N.M., Mrs. Eddie Rodgers of Friona, and Mrs. Wayne Allen presented piano music for the afternoon.

Jack Fortenberry borrowed a buggy and team from his late brother-in-law, M. H. Taylor of

Cedar Hill. He and Robbie Lee Conner then drove to Floydada and were united in marriage by the late Judge T. C. Henry on Feb. 13, 1912.

They lived in the Cedar Hill Community until February of 1927, when they moved to the Bippus Community, located 45 miles northwest of Hereford, where they still reside. At the time they moved to Bippus, their closest neighbor was six miles away. There were no public roads, telephones, or electricity. Most of the country was grassland. At that time, 22 gates had to be opened in the 45-mile trip to Hereford for supplies. The trip required all day and a portion of the night.

All of the children of the couple were present except for one daughter, Mrs. Jack Dowd and family of Hamilton, Ohio, who started but had a car wreck, preventing their attendance. The others attending were Miss Christine Fortenberry of the

home, Mrs. Charles Higgins of Hereford, Mrs. Jimmy Bradley of Amarillo, Mrs. Melva Fortenberry of Hereford, Mrs. Stella Sevier of El Paso, Mrs. E. J. Dorris and Mrs. Jack Dorris, both of Las Vegas, N.M. Two sons died, Glen in May of 1947 and Jay in May of 1959. The couple have 13 grandchildren, four great-grandchildren, and one great-great-grandson.

Jim Conner of Lockney and Mrs. Robert Barlow of Perryton, brother and sister of Mrs. Fortenberry, were present. Joe Fortenberry of Lockney, Hugh Fortenberry of Adrian, Mrs. M. H. Taylor and Mrs. J. R. Kelley of Lockney, and Mrs. John Seay of Tucumcari, N.M., brothers and sisters of Mr. Fortenberry were also present. Many telephone calls and cards were received from friends who could not attend.

Guests attended from Vega, South Plains, Plainview, Tucumcari, N.M., Floydada, Happy,

TOTALLY DESTROYING a two-story apartment building located at 135 Lee Street, a blaze of unknown origin was reported about 11:20 a.m. Saturday. Firemen battled the fire, which was fanned by a 20 mile per hour wind, for some 20 minutes. The building belonged to William M. (Bill) Thompson of Hereford. The fire threatened a nearby warehouse and apartment building. Just as the firemen returned to the fire station, a fire at Second and Ross streets was reported. Only minor damage was caused by a small blaze resulting from a ruptured hot water tank. (Staff Photo)

REP. WALTER ROGERS WRITES

Start Offensive Action With The Bill Of Rights

TO THE PEOPLE OF THE 18TH DISTRICT:

What is the bill of Rights? How many Americans know the answer to this question? Each day brings forth on the radio, the television, and the newspaper new suggestions and observations about Communism, what it means, what it stands for, and how to defend against it.

Personally, I have always been a member of the school of thought that the best defense is a good offense. When I was in high school our football coach told me one day that you could not win a football game unless you could get your hands on the ball. In other words, you can't make a touchdown so long as the opposition has the ball.

I began to wonder recently if perhaps we were not giving too much free advertising to Communism and paying too little attention to the priceless heritage that we have.

Hence, I set out in a limited way to find out what the average American knows about his country. Feeling that the key to Americanism is the Bill of Rights, I chose it for the key question to be asked. I made a point of asking total strangers in different areas of our economy this question: "Where could I find the Bill of Rights?"

The first answer is simple. It is, "The Bill of Rights is the first ten amendments to the Constitution of the United States." Out of 30 times that I posed this question, I got the right answer seven times. In all fairness, I should say that I did not pose this question to people that were known to me to be so connected with the government or with the legal profession that they would probably know the answer.

On the other hand, the ones I put the question to were total strangers to me and the test was conducted over a period of approximately six months in different areas of the nation. The answers ranged from the sublime to the ridiculous. One was a complete recitation of the Bill of Rights, which came from a bewildered fellow wearing tennis shoes. He not only recited the ten amendments word for word, but followed me around for ten minutes undertaking to give me additional information for which I had not asked. This experience caused me to suspend the test for about two weeks.

The other extreme in answers could be the one which I got from a cab driver. He advised me that he did not know that the Bill of Rights was lost. This opened a very interesting conversation, because I explained to him that there was quite a division of opinion in this country on the subject. I found out that he had no idea where to look for the Bill of Rights, but he assured me that he would look it up and read it word for word.

In view of these experiences, and for fear that some may not have had the opportunity to

have access to a copy of the Constitution, I felt that it would be nice if everyone could have a copy of the Bill of Rights to refer to on occasion. Hence, I am including it in this newsletter and hope it will be taken up by all as the best weapon against Communism; the affirmative approach against ideologies that would destroy the dignity of man; the hallmark of freedom; and the recognition of the individual dignity of a human being.

County Records Five Accidents During January

The Highway Patrol investigated five rural accidents in Deaf Smith County during the month of January according to Sgt. Roger Sosebee, Patrol supervisor of this area.

These wrecks accounted for three persons injured, and an estimated property damage of \$5,378. The Highway Patrol supervisor pointed out that rural motor vehicle traffic deaths, injuries and accidents increased in the 31 county Panhandle district during January, 1962, as compared with the same month last year. Fourteen deaths were chalked up last month as compared to six that were recorded in January, 1961. There were 81 injuries reported this January with 51 for last year.

A total of 162 rural traffic accidents were investigated as compared to 127 for January, 1961. "This trend can get us off to a bad start, unless motorists assist every way they can in helping to keep these grim statistics to a minimum," the Sergeant stated. The Highway Patrol Sergeant reminded motorists that Texas law requires all registered motor vehicles to have valid inspection stickers displayed by midnight April 15 and the best way to avoid the long line expected in the last minute rush is to have your vehicle inspected now.

Snacks Welcomed By Busy Members Of Rogers Family

Mrs. Joe Rogers, the mother of five children, Jack, Joan, Donna, Jody and Rosie, is one of the busiest and most efficient women in Hereford. She makes a charming home for her family; helps Joe with office work and "parts chasing" for the garage, and works faithfully

in the activities of the First Baptist Church. She is always involved with the activities of her children in church and school.

Joe, her husband, sings in the church choir; Donna is a High School senior and an accomplished vocalist in the school

choir and church choir. Joan sings, too, and is at present a student at West Texas State College in Canyon. Jack is married but, he and his wife, Nelda, join with the Rogers' family often, being welcome in the family fellowship. Jody is a student in Junior High School and Rosie is a student at Aikman Elementary School.

Mrs. Rogers, "Faye," is a fine neighbor visiting often with those who need a word of cheer.

The Christianity practiced by members of the Rogers family is a blessing to all who live about them and in their community.

DISTRICT CO-CHAMPIONS

Fiery Duels With Demons Show Near-Equal Squads

CHEERS WENT UP to raise the roof in the West Texas State Field House in Canyon time after time Friday night as the Whitefaces played their final game. Packed houses during two games last week viewed the Whitefaces take a five-point win here Tuesday to claim half of the District 1-AAA

title, and then saw the Dumas Demons reverse the margin in a duel for the right to advance to regional and perhaps state competition. Fans at both games received ample reward for attendance, as teams matched each other almost point-for-point. (Whiteface Photo)

Two packed houses watched as the Hereford Whitefaces met the Dumas Demons in two "show-down" duels last week. Hereford edged the Demons by 60-55 here Tuesday night to earn a co-championship in District 1-AAA with the Demons, but Dumas reversed the five-point margin in a play-off game in Canyon Friday night and earned the right to enter regional competition.

Twice the two teams met, and two times the outcome of the game was not decided until the

half. Starters Hodges, Jerry Curtininger, Randy Dowell, Mack Cansler, and Jim Haney had everything going their way during the first portion of the game, and it looked for a time like the Whitefaces might claim a run-away. But many felt that they must have been dreaming, for Dum-

as came fighting back in the second half to give Hereford fans nightmares. Only seven points went the Herd's way in the third quarter, while the Demons tallied 17.

The torrid Demons came out with fire in their eyes the second half, coming from 16 points behind to within only three in ten

minutes. With only two minutes left and Dumas still trailing by three small points, Hereford's Mack Cansler regained a determined spirit to score six fast points while stealing the ball twice to cinch the win for the Herd.

Hereford's resulting 60-55 win (Continued on Page 2)

Two all-state candidates met during the games. Hereford's 5-8 guard and District 1-AAA nominee for all-state Dennis Hodges ripped in 22 points in the Tuesday night duel, while Demon counterpart Dick Rector netted 19. In the second game, Hodges got 18 and Rector 21.

Kept up for the game that had to be won, the Whitefaces staged their grandest performance of the year. Under Coach Cuby Kitchens, Hereford put on an exhibition in the first half that had spectators shaking their head in awe.

Only weeks earlier, Dumas had racked the Herd by 60-49 on the Demon hardwoods, and now the Whitefaces had raced off to a 41-25 lead during the first

Buck To Attend Levelland Key Club Installation

Due to the efforts of Hereford's Key Club, and to a large extent to John Buck, there is being established in Levelland, a branch of the Key Club.

Friday, Feb. 23, the official installation banquet will be held in Levelland and the officers there will be installed in their positions. Many state Key Club officials will be there. The Key Club Governor, Lee Clive, of San Antonio; the Kiwanis District Governor; and Mr. Jack Farlow, a Kiwanian who is the District Chairman for Key Clubs from Fort Worth will aid in the affair.

Many Hereford Key Club members and their dates plan to attend, as well as several from Plainview.

The Texas-Oklahoma District of Key Club International is divided into some 20 divisions. Buck, as Lieutenant Governor of our local division, is responsible for trying to arrange new clubs and to keep them functioning.

The primary purpose of the Key Club is to give aid to local townspeople and civic groups.

Tulia and Lubbock are the next cities in which Buck will attempt to start local Key Clubs.

Students Give Opinions About HHS Faculty

In answer to popular demand, another student survey was taken. This time, it was on students' opinions of our faculty. In the survey we tried to get a general opinion of the students.

Most of the students disliked any teacher's having "pets." They think that is unfair and shows partiality. They think, however, that most of the teachers abstain from this practice as far as is possible. But, of course, they understand that if it is far easier to like a student who always gets his assignments and cooperates with the teacher.

The majority of students thought the faculty was friendly enough and had their class (Continued on page 8)

Described as the funniest of all Shakespearian comedies, "A Midsummer Night's Dream" has been chosen for the annual Hereford High School Thespians presentation. Production of the play has been set for March 23-24 in the high school auditorium. A 21-member cast was completed

Cheating -- Rule Or Exception?

By Martha Ponder WHITEFACE EDITOR

"Why shouldn't I cheat in school? Everyone else is doing it; who should I get low marks?" replied a high school junior when asked about the prevalence of cheating in

school. Does this pupil's appraisal reflect a growing trend toward cheating? It seems that it does, according to several surveys taken among high school and college levels. Many ask, "Is there any serious harm in it? Should it be passed off as a youthful prank, or is it a sign of something far more serious?" Perhaps the following information will answer some of these questions.

To determine the extent of the using illegitimate aid in examinations, a survey was taken of 3,000 students in 11 colleges. It revealed that 40 per cent of the students resorted to some form of cheating. In another instance the editor of a college paper contended that up to 90 per cent of the students at his college cheated during examinations.

One of the most extensive studies on this problem was made by a committee headed

by Phillip E. Jacob of the University of Pennsylvania, who compiled the study in his book "Changing Values in College." He stated, "The chinks in the moral armor of American students are the most obvious in regard to cheating. The practice is so widespread as to challenge the well high universal claim of students that they value honesty as a moral virtue. Frequent cheating is admitted by 40 per cent or more at a number of colleges, often with no apology or sense of wrongdoing."

The simplest form of cheating is for one student to copy from another who has moved his paper into a convenient position. In addition to this, however, all sorts of devices are used by pupils to receive or dispense information during examinations. At one school a most ingenious device was used in tests of questions, to be (Continued on page 2)

FFA Is Honored In National Week

Members of the Future Farmers of America are being honored during National Future Farmers of America Week this week. During the special period, Hereford Future Farmers have received special recognition.

Saturday, members of the Hereford chapter were recognized on an Amarillo television station, along with groups from two other towns.

Chick Must Click In Billy's Pick

This week a bright and very intelligent young man, none other than Billy Hill, went searching around the halls of H.H.S. to find what would compose his ideal girl.

First off, she would need to be as friendly as Jenny Holt, funny as Nancy Edwards, have the personality of Jan Reese, be as versatile as Suzanne Langley, and be as intellectual as Cheryl Neal. That's quite a combination!

Next, she would have to be as beautiful as Sharon Hill, and this would take a variety of several things such as the hair of Kathy Boston, eyes of Ronda Neff, smile of Betty Mae Scott, hands of Toni Parker, and dressed as Connie Kent.

His ideal girl would need to have the energy of Shari Jo Carmichael, to be as athletic as Judy Wiman and as good a sport as Patti Skypala.

Last of all Billy decided to sum it all up in the form of Betty Mae Scott as best all-round.

All members attended church together Sunday at the First Methodist Church in Hereford, where they were recognized.

Friday many members of the Hereford Future Farmers will attend the Area I Banquet. During the dinner, local F.F.A. Sweetheart Joyce West will be presented.

Future Farmers also participated in the annual D.E. School Radio Day over radio station KPAN Tuesday, along with many other school organizations.

A proclamation by city mayor Ray Cowser, which was signed last week, officially designated the F.F.A. Week in Hereford.

F.F.A. is one of the more active organizations in Hereford High School. Each year, club members enter many livestock shows, and also participate in the club-sponsored activities such as contests and programs.

The local chapter enters F. F. A. contests each year, and has placed first in the area many times. This year, a radio broadcasting team composed of Larry Blair, Edward Allison and Alton Johnson earned first place in the area contest.

Members also enter other contests such as grass and animal judging, farm skill, and chapter conducting.

The club is the organized outlet of the vocational agriculture courses in junior high and high school. Freshmen may enroll in the course and join the club, and continue through the senior year.

In order to be in the club, members must pass certain requirements. (Continued on page 2)

HHS Honor Society Hears Panel From WT

Tuesday, Feb. 13, the National Honor Society heard a panel from West Texas State College in Canyon, on the advantages of a college education and the necessity of proper preparation for college. The panel was composed of four college students in the honor organization there, Alpha Chi.

Some of the points brought out at the discussion were on the importance of a college education in this modern society because it puts more and more stress upon specialized training. It pays off, too, with better job opportunities, and higher salary benefits, besides scientific advancement and service toward your fellow man.

Better study habits were also reviewed. Reading was said to be essential, for in college much reading must be done outside class, and consequently, the faster one reads and the greater the comprehensive abilities, the more valuable the ability becomes to him. For full benefit of studying, quiet and solitude were suggested.

The group affirmed that most college teachers will help you with the course if you are sincere and try to help yourself. Perhaps more frivolous than serious, were the suggestions given that a better grade can be obtained if one at least appears to be interested. Since most interested and more intelligent students and more in the front row, one can give that same impression by set-

ting your station there. The teacher may, therefore, grade accordingly.

One young man on the panel reported an incident of still another way to improve your scholastic standing in college. The situation involved a girl who was failing chemistry. By playing darts in her Bermuda shorts on Saturday afternoons with her professor, she finally obtained a "B" for the semester.

If you want a college education and still have fun at school, consider the foregoing suggestions by some students who have the experience to know what they are talking about.

Dollie Dot Shall Dry Your Eyes

Beginning with the next issue of the "Whiteface," there will be a column of interest and assistance to all high school students. This is the "ever-popular" love-love column. To answer the pleas for help of all heart-sick lovers, an expert in the field, Dollie Dot, has come to the rescue. She will read, study, analyze and answer all letters that are sent her by students.

To get in touch with her, a box has been placed in the hall to hold all your mail. So the next time you are trying to figure a way out of your love problems, get in touch with Dollie, and look for the answer in the next issue of the "Whiteface."

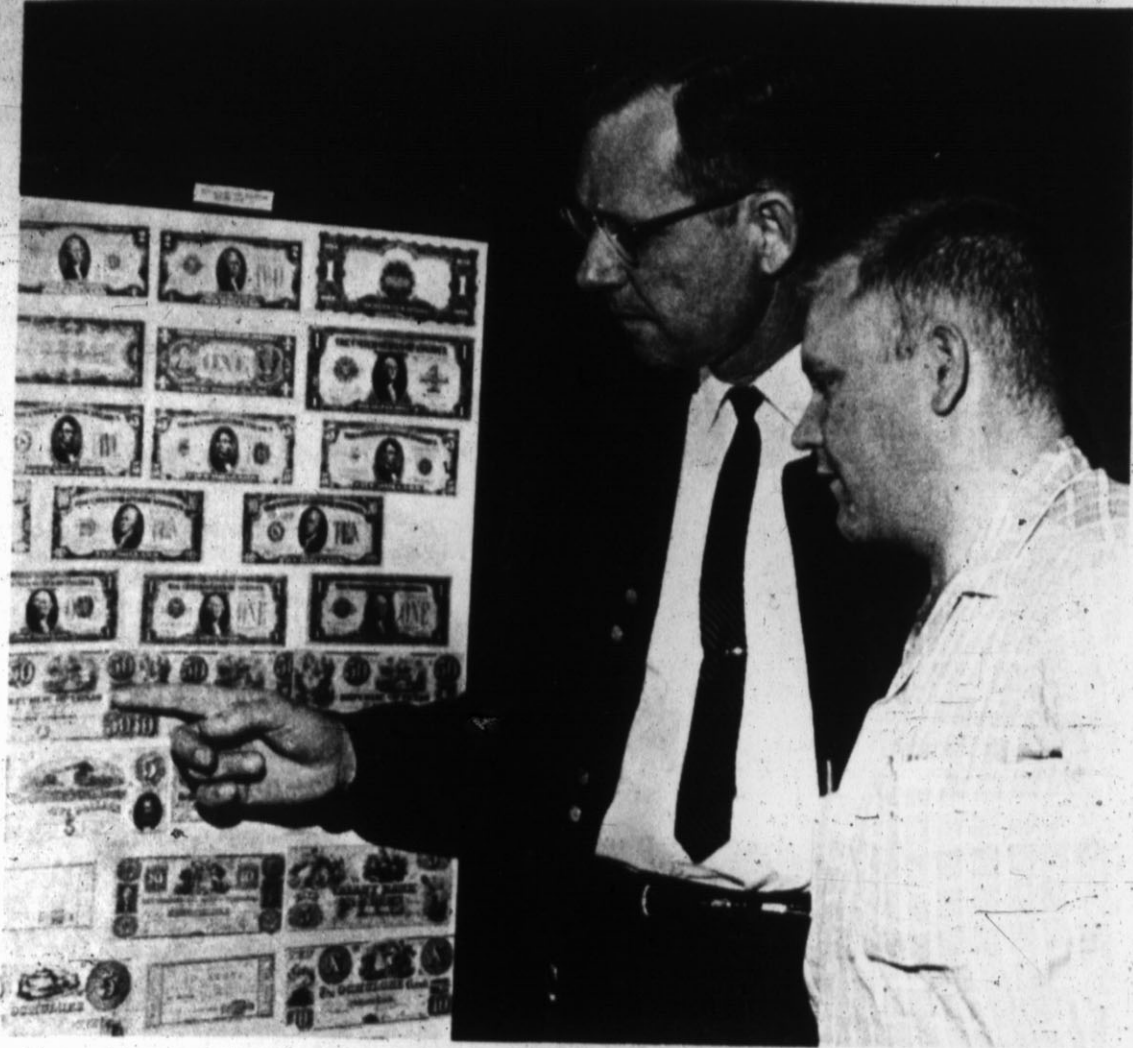

School Library Uses Books Of National Group

Thinking of science as a career? Need some information on the field you are interested in studying? Then now is the time to get full benefit from a group of books printed especially for that purpose.

To help young people develop an interest in scientific fields an organization known as the Society for the Advancement of Science, has lent one of their "traveling libraries" of science books to Hereford High School. The books are left free of charge as a public service.

To keep them in circulation more, there is a one-week check-out limit. They may be rechecked, however, if one wants to read more diligently or get more detailed information from them.

They are especially helpful in preparing class reports or in preparing research themes. They are available at all times.

DISCUSSING DISPLAY OF CURRENCY are Ed Skypala and Wayne Fuller. Skypala, a collector, spoke at the regular noon luncheon Tuesday of the Hereford Junior Chamber of Commerce explaining the evolution of money. He pointed out some of the changes made in American currency during the past years with the display he set up. (Staff Photo)

Thespians...

Shakespeare. Set in Athens and the surrounding countryside, the play is a fantasy of folklore and faeries, complete with song, dance and merri-mak-ing.

The comedy was patterned after the masque, a favorite form of entertainment in royal courts of Shakespeare's time. Meaning of the play goes much deeper than the surface of delightful entertainment, however. The comedy in five acts toys with the eternal theme of love and marriage.

This will be the first Shakespearean drama to be presented by Hereford Thespian Troupe 896, and probably the first fully-staged Shakespearean presentation in the history of Hereford theatre.

During the past years, Hereford High School dramatists have received a reputation for doing things "first," and this will add to the list of "firsts" in area high school drama.

William Shakespeare has perhaps been thought of as one who writes a stiff script, packed with long and monotonous oratorical. Not so in "A Midsummer Night's Dream," however, as the comedy unfolds a delightfully light and comical story.

A group of workmen from the Athens area take it upon themselves to stage a play for the royal court. Two gentlemen fall in love with the same maiden, and many other such incidents go into the plot of Shakespeare's most popular comedy.

Cheating...

get out into the world, they will find businessmen generally are out to get all they can in any way they can. If we teach students to be honest and truthful we're giving them a false orientation.

Not only does cheating exert a bad influence on others, but it affects the lives of those who practice it. To illustrate: what would you think of an athlete who let someone else do his training for him? What of a prize fighter who refused to spar a round but paid someone else to do it for him? You would likely lose confidence in that person, for he was not prepared to do his task.

So, too, with students preparing for life. Having someone else do their work robs them of the mental exercise needed to train their minds for future undertakings. Developing the ability to think can be likened to the development of a healthy body. Lack of use tends to wither away the limbs. Similarly, lack of use tends to wither away thinking ability.

Further damage is done the cheater, in that it paves the way for compromise in other forms of dishonesty or wrongdoing. If a student practices dishonesty while in school, what kind of work will he do when he attains a high position in government, business, or education? Will he stop cheating merely because he is no longer a student? All the evidence indicates otherwise. Cheating in small things leads to cheating in big things.

Think seriously of the things brought forth previously in this article the next time you are tempted to cheat. "What will cheating make of ME?"

Fiery...

gave the two teams co-ownership of the District I-AAA crown. Hereford ended district play with a record of six wins and two losses, along with Dumas.

In order to decide which team would enter regional and state eliminations, the two rivals met Friday night in the West Texas State College Fieldhouse. Some 2400 fans flocked from Hereford and Dumas to crowd the spacious college gym.

Almost from the sound of the starting whistle, the many spectators were sitting in their seats only during quarters and time outs.

After thirty-two minutes of point-matching at each end of the court, the score books showed 19 field goals for Hereford, 19 for Dumas; 18 fouls against the Whitefaces, and also 18 against the Demons.

Once again, there was a five-point difference between the two teams, as the Demons tallied with a phenomenal 20 out of 23 attempts from the free throw line. The Whitefaces scored with only 15 of 22 tries. It was Dumas 58, Hereford, 53. Dumas fans were overjoyed, Hereford, only disappointed.

It will be the third straight year for the Demons to appear in regional play. The Demons tangle with Sweetwater in Lubbock Friday night in their first round of the regional meet, and the finals will come off Saturday afternoon.

Dumas is tabbed as a favorite to top the regional event, and Demons backers are looking forward to a double state championship with gleaming eyes — the Demons captured the state football crown after topping the Herd in a show-down this fall.

The Demons, who live up to their name by playing havoc with other district I-AAA athletic departments, went to the state finals last year.

MAJORING IN GIRLS?

like Barbara. That right, Gloria? Jim Marnell, what is this about warm water, a pipe, and a well? If anyone has an extra safety razor on hand, they are urged to contact Joy Story before she cuts her leg off!

Last week we told you Butch W., Edward A., Marcus J. and Dennis R., were babysitting. Well, maybe this week if they try real hard, they can become body guards for the poor, little freshman girls!

I hear Mr. Penner was whistling at the student teachers from West Texas State this past week. Now really, Mr. Penner, do you think that is very nice?

Darrell Garrett, why does your jacket have an "A. A." pen on it... and is it true you are now having trouble passing homemaking?

We have been told to ask Carl Stapp and Jerry Bybee if they are going to start robbing the cradle. Are you boys?

What is this we hear about Cheryl Neill wearing ruffles on her date?

If you don't think Grady Persons, Ted Wimberley and Bill Miller are good mechanics, just ask Glen Nelson and Cheryl Neill!

This week's picture is of Drew Kershen, and we have a dashing story to tell about him. When he was in the third grade he was resting his head on the desk one day after completing his lesson. His teacher asked him if he was tired and he said he was.

The teacher then teasingly asked "Why don't you go home?" This he did as soon as the teacher turned her back. After he had walked about a mile a friend of the family thought he looked familiar, so he stopped and asked him where he was going (in the rain). Drew told her that he was going home. When he got home his mother called the teacher and found out that she didn't know where Drew had gone. The teacher was in a "panic" and had the

eight grade out scouring the town for him. P.S. Drew never hitchhiked home again.

Less than 30 per cent of the registered vehicles in this area have been safety inspected for 1962, according to Patrolman Donald Hooper, Motor Vehicle Inspection Service of the Texas Department of Public Safety.

With the April 15 deadline for having the vehicles checked rapidly approaching, this means said warrants shall not exceed the principal sum of FIFTEEN THOUSAND DOLLARS (\$15,000) and the principal of said warrants shall be payable serially, the maximum maturity date to be not later than December 31, 1971. H. V. Hennen

Last Rites Tuesday For H. V. Hennen

H. V. Hennen of Goldthwaite, 82, died on Sunday, Feb. 11, in Goldthwaite after a year's illness.

Funeral services were held in Goldthwaite on Feb. 13 in the Wilkins Funeral Chapel. Burial was in East Lawn Memorial Park in Brownwood.

Mr. Hennen was born on Aug. 26, 1879, in Denton County. He served as tax-assessor and collector in Denton County for 11 years and was mayor and city manager of Denton for a period of approximately 10 years.

He came to Hereford as manager of the Chamber of Commerce and was one of the organizers of the Deaf Smith County Electric Cooperative. He served as manager of that firm during the period from 1938 to 1945. He left Hereford in 1948 and moved to Harrison, Ark., where he was manager of the Chamber

there are approximately 6200 vehicles in Deaf Smith County remaining to be inspected by the nine approved inspection stations available.

Many motorists are going to find long lines awaiting them as the deadline draws nearer, due to the inspection stations not being able to cope with this large number.

The patrolman urged drivers to have their vehicles inspected as soon as possible to avoid this last minute rush. In addition, he reminded drivers that this time of the year is noted for adverse weather conditions which prevents the inspection stations from checking the vehicles.

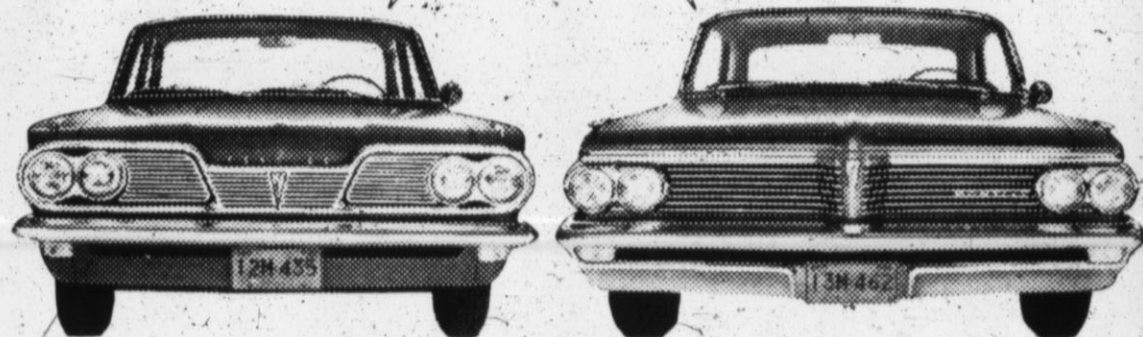

"Passenger cars are inspected for brakes, lights, reflectors, horn and windshield wipers; while commercial vehicles are inspected for the above plus additional items required by law," Patrolman Hooper said. "All motorists not displaying a valid 1962 inspection sticker by April 15 will be in violation of state law."

Official motor vehicle inspection stations in Deaf Smith County include Beavers Motor Co., Charlie Seeds Motor Co., Fullwood Garage and Auto Electric, Hi-Way Truck Stop, Kemp Auto Repair, McCullough Motor Co., McRight Motor Co., Orsborn-Norwood Chevrolet, and Phillips and Lawrence service station.

of Commerce and owned a farm. He moved to Goldthwaite in 1951 where he lived until his death. Surviving are his wife of the Hereford and Dr. U. O. Hennen of Eastford, Conn.; four daughters, Mrs. H. H. Gilliam of Brownwood, Mrs. George Thompson, both of Austin, and Mrs. Lorene Stanton of Corpus Christi; two brothers; three sisters; 21 grandchildren and 15 great-grandchildren.

Heard the word?
We were third in sales in '61. Third!

It's nice to be loved.

Like we've said: "When people like a car they show it." All you have to do is put together a car that's sharper looking, smoother running, and a bigger value. That's why Pontiac and Tempest stormed into third place. Why don't you see your Pontiac dealer (a very happy man these days) and go with a winner?

Based on final, official R. L. Polk combined Pontiac and Tempest registration figures for 1961.

CHOOSE ANY Church

... to help you grow a better man out of your boy. Regardless of the Faith of the particular church you choose to help you ... your child will have more Faith if he is raised in the church. Of course the 'punk' will deny this but we have the assurance of a great God, that His Word and His Church will help to build great men; dependable men; men who can be trusted. Then parents, say as Jesus said to you, "Take My Hand." And once your child takes hold ... lead him straight to church. God has led both old and young alike to very high places. He can do it again. We can conquerors if Divine strength and wisdom flows in upon our souls. Then let us abide in the will of God, obey His inviting voice and march like soldiers to victory.

B Team Sweeps Conference Games By Beating Dumas

Hereford Bees found an extra last-minute spurt of determination to overcome a challenge by the Dumas Demons here last Tuesday. With the game tied at 52-51 with only three minutes left, Hereford Bees launched a quick nine-point rampage to take a 61-52 win.

As a result, the Hereford Bees remained undefeated in district action this year, and became unofficial loop B-team champs.

Snapping out of a mediocre pre-conference showing the Herd rolled over everything in sight in District 1-AAA for eight straight wins.

Coached by Joe Brooks, the Bees had managed only three wins before entering district action, but came back to end the season with an 11-12 record.

Things looked somewhat shaky after the first quarter of play here Tuesday night, however,

as the Dumas Demons held a 17-14 lead.

But Eugene Green, Austin Hodges, and Neal Lueb finally warmed up to their usual scoring pace. Green claimed scoring honors with 18, while Austin Hodges netted 14, and Neal Lueb upped his average with 11.

Dumas forged a 31-24 advantage by halftime, as the Whitefaces headed with downcast heads toward the dressing room. Coach Coby Kitchens, who was substituting for Joe Brooks who was ill, inspired the Whitefaces to fight back to a 46-44 lead during the third round.

Ripping the cords for 22 points during the third period while holding the Demons to 13, Hereford took over the lead. Neal Lueb scored seven fast points to pull the Whitefaces within one point of Dumas after only two minutes

in the second half.

Green scored from the field and was fouled for a three-point play that placed the Herd ahead with four minutes left in the quarter. The Demons retaliated to a 41-38 lead within seconds, however.

Hodges and Green combined to place the Herd back out front by 49-44 with 6:20 to go in the final round. But the Demons came back again, this time to tie things at 52-51.

The Whitefaces called a time out with the tie and 3:10 left. Hereford stormed back on the court, with Green getting two

fast field goals and a free throw. Hodges a field goal, David Dowell a two-pointer, and Earl Jackson another. The Demons remained scoreless and the Herd claimed a 61-52 win.

What size Chevrolet do you want to save money on?

CHEVROLET IMPALA Room, refinement and riding comfort. Fore-ground, the Impala Sport Sedan.

CORVAIR MONZA Sports Car, spice without a sports car price. At rear is the Monza Club Coupe.

CHEVY II NOVA The frisky family-sized Chevrolet with a low, low price tag. Above right, Nova Sport Coupe.

Like your driving sporty, with quicksilver steering, flat-as-a-pancake cornering, sure-footed traction? Then a Corvair Monza's for you.

Or maybe the new-size Chevy II is more to your liking. Built for big families and still slips neatly into small parking places. And, with this, the kind of ingenious engineering (new easy-riding Mono-Plate rear springs, for example) that

won this year's coveted Car Life Magazine Award for Engineering Excellence.

But say you want to go all out—to get the full treatment in space, spirit and splendor. Then there's nothing like a Jet-smooth Chevrolet. Makes paying more pointless.

So size 'em up—then save it up—at your Chevrolet dealer's.

programs well-planned and arranged. As one student expressed it, "If all schools had as good a faculty and administration as Hereford High School, America would be well-educated."

The criticisms were about the following things: too many assignments and teachers too bossy; too strict; holding grudges; having biased opinions; and teachers smoking. Dealing with the latter, the pupils thought it had a bad influence on their classes. They thought that the thing they minded most about the teachers was when they lectured all the time and never got anything else accomplished.

subject was, she couldn't think of any she liked last year or this year, so of all of her high school years she said biology was her favorite. Her favorite past time is playing with her "small" kitten.

She replied very quickly that her pet peeve is people who start untrue romors to make people dislike someone. When she graduates from high school, she intends to enter Hardin-Simmons and major in sociology.

Shari said, "My advice to underclassmen is to stay happy and to enjoy your high school days."

She is an active member of the Junior Red Cross, Future Nurses, Thespians, and Tri-Hi-Y.

LINDA REED

This pert little senior girl is running around talking about June 24 and wedding dresses. This is, of course, Linda Reed, the daughter of Mr. and Mrs. David T. Reed. Linda was born May 12, 1944 in Lubbock, Texas but now lives 25 miles southwest of Hereford on Route 4.

Some of her favorites are these: color, blue; food, shrimp; movie, "The Ten Commandments"; book, "Gone With The Wind"; subject, shorthand; and teacher, Miss Ward.

Her most embarrassing moment was when she was thrown into Judy Bradley's swimming pool when she wasn't quite

ready. The things she dislikes most are Blue Cheer commercials and stuck-up people.

Linda likes school very much this year. Her wise advice to underclassmen is to study and take things for what they really are.

GLEND A FUHRMANN

Glenda Fuhrmann spends most of her spare time studying, or from the looks of her grades, that's the way it appears to be. She is the daughter of Mr. and Mrs. Ronald L. Fuhrmann of 505 Union. She was born Aug. 11, 1944.

Glenda's favorite foods are angel food cake and strawberry ice cream. Among her other favorites are the color blue, the book "Jane Eyre," and the movie, "Gone With The Wind."

Playing the piano and the organ is Glenda's pastime. This fits right in with her ambition to be a piano teacher and an organist for a church. After graduation from high school she plans to attend the University of Texas or North Texas State, where she will major in music.

"Hereford High School is the best school there ever was. It's just the right size!" in Glenda's opinion.

Coach Kitchens, Mr. Gollehon, and Mrs. Calvert are Glenda's favorite teachers. She thinks the school spirit is very good this year.

Glenda's most embarrassing moment happened when she was a freshman. The kids in her class had taken a test and everyone was saying that Glenda would make one hundred, as usual. It turned out that she made the lowest grade in the class.

LINDA STEPHAN

"The summer before I was a sophomore, about 15 other kids and I went on a camping trip up at Cimmaron. Oh, there were sponsors along but I had more fun than I have ever had before," says Linda Stephan. This blond-haired senior is the 18-year-old daughter of Mr. and Mrs. Moody Stephan, Route 1, Hereford.

Linda's pet peeve is having to pick up papers in the middle of the street and all because of Dianne Clearman.

Her most embarrassing moment occurred this year on a snowy day. She was going out to art class and just as she walked in the door she slipped and fell right into a desk. "I don't think it hurt," says Linda, "but I'm not to sure about the desk!" She said she had never been so embarrassed in her entire life.

Some of Linda's favorites are the following: show, "Back Street," book, "Gone With The Wind," song—"Theme Song from

Moulin Rouge," food—chocolate cake and dill pickles.

Her main dislike is that she doesn't like for people to mess up the senior signs.

Linda's activities at school include Tri-Hi-Y, National Honor Society and Journalism. In her spare time she likes to listen to her stereo and to the radio. She plans to attend college after graduation but like so many other kids she doesn't know where she is going, yet.

"My advice to underclassmen," declared Linda, "is don't try for validictorian like I did because it doesn't pay!"

SANDRA HODGES

On July 12, 1944, Sandra Hodges was born to Mr. and Mrs. Norman Hodges. The Hodges were very proud of their little girl when she was five, because she was chosen "Queen of the Cub Scouts" and was permitted to ride in the parade in Lubbock.

After a few years, they again had the privilege of being proud of her. She was chosen "Miss Junior of Muleshoe." Now that she and her family have moved to Hereford, she is the treasurer

of Tri-Hi-Y, is a member of the National Honor Society, and is in Journalism.

One snowy, icy day, Sandra was going to lunch. She slipped on the ice in the middle of the street and fell down—much to everyone else's amusement—but not hers.

She decided the most excited she has ever been, was when she got her yellow Chevy.

Sandra likes lots of things but her favorites are these things: food, broiled steak and baked potatoes; song, "When I Fall In Love"; movie, "Parrish."

Sandra's pet peeve is having to get up and go to school the morning after an out-of-town game.

Her opinion of HHS is this: "HHS is the most! This is the best year I've ever had."

After graduation, she plans to go to college at Tech or Howard County Junior College.

Her advice to underclassmen is, "Have fun and try to make every year the best, especially

your senior year. But do not forget the books!"
