Sugar Beet Banquet Set

"America's No. 1 Intellectual Humorist" will be featured when the Texas-New Mexico Sugar Beet Growers Association holds its annual banquet at the Bull Barn beginning at 7 p.m. on Jan. 12.

All growers will be guests at the banquet, and the general public is invited to attend. Tickets, at \$4 a plate, are available at both banks and the Chamber of Commerce office.

DR. JAMES BLAKELY, the featured speaker, is an associate professor at Wharton Junior College in agricultural chemical technology—a unique program developed at his initiative. His occupations include teaching, traveling, flying, ranching, and speaking.

Born in Rush Springs, Okla., and reared in Duval County, Texas, Dr. Blakely holds the distinction of being the only professional humorist in Texas with a Ph.D. He graduated from Sam Houston State University and earned his M.S. and Ph.D. degrees at the University of Missouri.

He is a member of the official board of the First United Methodist Church of Wharton, is past president of the Rotary Club of Wharton, and is a member of the Wharton C of C.

THE SUGAR Beet Growers annual business meeting has been scheduled for 2 p.m., Jan. 11, in the Community Center, according to James W. Witherspoon, executive secretary.

Jay Boston, association president, sent a letter to growers this week reminding them of the business meeting and banquet, and also urging more sugar beet acreage in 1974. Boston listed the following reasons for planting more beets:

- (1) We have a higher guaranteed price for beets through our contract than any of the other crops we grow in this area.
- (2) The other crops we grow depend mainly on export market, while we only grow approximately one-half of the sugar we use in the United States.
- (3) Sugar beets stand hail better than any other crop.
- (4) According to information we get from all the grower associations, there will be a short sugar crop in 1974. We believe this will mean a higher price for sugar in 1974.
- (5) With our new varieties, we believe we can produce from \$20 to \$50 an acre more on beets.
- (6) We believe the records will show we can grow higher sugar with less water which will mean higher profit per acre.

Swingin' In The Snow

O! Man Winter was a week late this year as he ushered in the New Year in Hereford with many snow covered winter scenes like this one at Avenue C and Union. The entire Panhandle area received the cold blast of winter this week as more snow was predicted before the weekend.

Milk Plant Begins Operations Here

By STEVE CONNELLY
Staff Writer

Bright red and white delivery trucks may have already been noticed on the streets of Hereford announcing the opening of this city's newest business, Hereford Pure Milk Co., Inc. which began operating recently.

Open house for the industry, which processes its own milk and milk by-products, is planned later this month or early in February by owner Hugh Kirkland.

"The open house will give people a chance to see what is involved in processing milk," Kirkland commented.

The company presently employs six persons and delivers the dairy products with the two trucks.

Kirkland said deliveries are made to stores and residents in Hereford, but that he plans to deliver to other nearby towns as the business grows.

The plant's facilities could easily produce from 6,000 to 7,000 gallons of milk each day he said. Raw milk is purchased from Associated Milk Producers, Inc. Kirkland explained that almost all milk plants in Texas buy milk from Associated Milk Producers, Inc.

"WE CAME because the people of Hereford deserve a fresh product, and because we feel the local people will support our business," Kirkland said.

He said the circle on the side of the milk cartons which currently displays the "Town Without a Toothache" slogan, will change periodically to promote industry in Hereford.

Kirkland said that about \$100,000 has been invested in the industry for the milk-processing equipment and the building, which is located at U.S. 60 and Main Street.

He said Bill Phipps, state inspector, is required by law to inspect the plants facilities once a month, but that he comes by almost daily.

"He has tried to help us and any time there are questions, he has taken whatever time is required to find the answer," Kirkland said.

KIRKLAND, 44, is a native of Virginia, but has lived in Amarillo since 1959.

He earned a degree from Virginia Tech in 1951 with a major in dairy products. He served two years in the Army during the Korean War before working for Seal Test Foods as assistant superintendent of the Birmingham, Ala. plant.

He left Alabama in 1959 to work for Seal Test in Amarillo as superintendent.

Kirkland is president of the Hereford Pure Milk Co., Inc., with Dr. C.J. Lambert of Dallas as vice-president; and his wife, Mildred, as secretary-treasurer.

The Kirklands have one 10 year-old son, Timothy.

Brand Photo By Steve Connelly

Milk Plant Opens

The Seal-O-Matic machine, which fills the cartons with milk and seals them, is part of the almost \$100,000 investment made in Hereford's newest industry, Hereford Pure Milk Co., Inc. Hugh Kirkland, owner, displays one of the cartons after it has been processed by the machine.

Year-End Review Shows News Highlights

By SUE COLEMAN
Brand Staff

A year-end review of the news highlights indicates an active past year for Hereford.

The 75th Diamond Jubilee Anniversary Celebration here during August was the major news event in the city during the past year. However, stories relating to the beef price freeze, fuel shortage, football team and industrial and economic growth also played major roles in the news during the year.

Highlights of Hereford from the first half of 1973 appeared in Sunday's Brand and the following is a summary account of the news highlights during the months July-December of 1973.

JULY

Jim Hale took office as president when Hereford Lions Club installed new officers for the year. The wheat harvest in Deaf Smith County was pronounced the 'most productive' in years, up as much as 50 per cent over the previous year. Building permits for the past month were placed at \$1,081,400, including new school additions and buildings in a shopping center on West Park Ave.

A market news office was opened in Hereford, it was announced by John White, Texas Agriculture Commissioner as area vegetable crops began to hit the market. The first annual Hereford Junior Olympic Preliminary Track Meet was held with 250 entrants, and three West Texas AAU division records were broken; Deaf Smith Chamber of Commerce sponsored the event.

CITY Commissioners approved leasing to county 4-H Clubs a tract of city land just southwest of town for use as motorcycle trails, with supervised riding specified. Flag-waving, marching, music, food and oratory with Americanism as its topic made up a July 4th celebration for Hereford Residents in Dameron Park; State Rep. Bill Clayton was the speaker.

Holes-in-one became almost ordinary at John Pitman Municipal Golf Course as Glen Bilbrey sunk the third of his career and Earl Springer his second, shortly after Bub Sparks rang up a second and Mike McWhorter his first. A new firm, Grain Handling Corp., located in Hereford with Wister Clevenger as manager.

STATISTICS of the Texas Civic Judicial Council showed the number of cases filed in district court in this county during 1972 down 4 per cent from the year before. Bank deposits were up substantially over the second quarter of 1972, Hereford banks reported at the summer bank call.

County Commissioners set the county tax rate the same as the past year in a session that saw the resignation of Charles Eppler as county road superintendent. Jimmy Jenko was elected commander of the local American Legion post. Good rains fell over the county with 1.1 inches recorded in the city, more in Dawn and Easter communities.

OPENING of a milk processing and distributing plant, Hereford Pure Milk Co., in the near future was announced. Water usage increased sharply in the city, to almost 123 million gallons, with generally warm, dry weather. A

contract was awarded for \$350,182 to construct a library building for the county.

Luis R. Garcia of Lubbock was found guilty of the murder of his wife on a street in west Hereford, and sentenced to five years' imprisonment after a four-day trial in district court here. School board members approved sale of a \$150,000 unused bond issue as a move toward construction of a new elementary school building.

SANDY CAISON, Miss Hereford 1973, won her division of the talent contest in the Miss Texas pageant events at Fort Worth, representing this city. Another Hereford girl, Sherry White, who was Miss Hereford 1972 and Miss Lubbock 1973, was in-top spot in her talent division and swim suit division.

Sheriff's deputies were given a pay raise in the form of a clothing allowance from County Commissioners, but Sheriff Travis McPherson asked for more. Hereford Whiteface gridders were rated a "building" team for the 1973 race.

AUGUST

Eugene Suttle broke a state record and won the rocking chair marathon sponsored by Hereford Jaycees as a preliminary to the city's Diamond Jubilee celebration, rocking 91 hours and 21 minutes to beat a field of 52; runner-up Larry Driver also passed the previous state record with 86 hours.

Jack W. Watson, employe of a construction firm erecting power lines for Deaf Smith County Rural Electric Co-op, was killed when he came in contact with a high voltage power line at work west of Hereford. Announcement was made that a

statewide food stamp program would become effective in this county in the fall, replacing a county-administered program.

Jubilee preparations picked up speed during the month, with a queen contest, oldtime style show, cleanup campaign, contests and promenades stirring interest. The Armour meat packing plant here shut down for a short time as the government price freeze on beef forced a sharp reduction in the company's processing operations over the nation.

Building permits for the past month were reported at \$467,550, including \$350,000 for the new county library; this brought the 1973 total of \$2,736,595, almost as much as the amount for the entire year 1972.

WEEKEND activity of city police and sheriff's deputies resulted in 15 arrests in the city on marijuana violation charges. District 4-AAAA grid coaches were entertained at a dinner attended by about 100 fans who heard the coaches' pre-season evaluation for their 1973 teams.

A dress and hair code for Hereford Public Schools was adopted by the school board as a \$3.6 million budget for the coming term was approved.

A train-truck collision east of Dawn caused the death of George W. Farmer, an Amasillo man who was driving the truck. Hereford Whitefaces were picked to finish fifth in District 4-AAAA, with Lubbock Monterey predicted to win the crown, by the Harris Rating System in its Texas Schoolboy grid forecast for the season.

MERCHANDISE valued at more than \$1,000 was taken from a window in a burglary of Cowan Jewelry Store. A

Local Opinions Vary About Oil Shortage

By KERRIE WOMBLE
Staff Writer

Hereford area residents are apparently very varied in their opinion of the nationwide oil and fuel shortage and whether it is a real problem or not.

In a random poll of several Hereford residents, opinions given suggested the oil shortage "will probably get worse" while others felt "it's not an urgent problem."

Each of the persons questioned were asked if they believed the oil shortage was a real problem in the United States, and if so, how urgent?

RAY FRYE, American Dusting Company: "I think it's real to a certain extent, yet not an urgent problem. I have

heard reports from reliable sources that say that at this time all the major refineries have full storages of oil.

"Of course, the Arab oil situation has depleted the U.S. supply somewhat," Frye said. "However, I think Americans have rallied and decreased their use of electricity and fuels more than was expected.

"The shortage is not as bad as we have been led to believe. We certainly have a shortage. But I feel that the long-range plans of our government of importing foreign oil have kept America's natural resources safe," Frye added.

"The shortage is causing some of the ecologists to back up."

"These conservationists have gone too far the other way in some matters and the crisis is giving us a chance to make some needed developments."

RAY SIMPSON, Conoco Oil Jobber: "I think people are becoming more aware of the reality of the oil shortage. Up until recent times, people didn't believe that the shortage was real. Some people still don't.

"The situation is pretty urgent and will probably get worse before it gets better. It can become a really bad problem if some measures aren't taken," Simpson said.

"I think the conflicting reports concerning the shortage have people confused and not knowing what to believe. A hard-core education in publicity is necessary for the oil companies to help the public understand. Americans are cooperating quite well. However I think we have a long haul ahead."

CHARLES DUVAL, Northwest Elementary School: "I'm assuming the shortage is real. The school is cutting down in several areas.

"We've disconnected over 100 lightbulbs in our halls and

asked our teachers to car pool," Duvall said. "Of course the car pooling is not mandatory but I feel that many will comply. We have also adopted a policy of turning out all lights when they are not in use.

"Personally, as to the urgency of the problem, you can't believe everything you read or hear," Duvall added. "I think the amount of oil from overseas could have kept gas stations open.

"I'm for doing my part. I'd rather go without a vacation than have some family up north be cold because there isn't enough gas for heat."

THE REV. Eugene Brink, First Christian Church: "I believe it's real. I expect it will be with us for a long time. "I think the situation is pretty urgent," he said. "The gas stations are probably not opposed to closing Sunday. I'm glad they can get a day off."

FRANK ZINSER, farmer: "I feel there is truly a shortage of refined oil products, because there certainly is a lower availability of gas products. I'm not sure why there is a shortage. But I am not convinced that the shortage is caused by a lack of refineries or industry.

"It is not as urgent in this area," Zinser said, "I feel the East Coast may really be in trouble shortly because they depend more on imported fuels."

L. C. HEWITT, farmer: "I don't think it's quite as bad as the media reports, but it could get that way in the future if things continue like they have."

NITA HOFFMAN, Hereford Cab Company: "I believe it's real. We depended on other countries too much and should never do it again."

Lesly Makes Dean's List

Thomas Luther Lesly of Hereford appears on the Dean's List, honoring academic achievement during fall quarter 1973, at Western State College of Colorado, Gunnison.

To qualify for the honor, Lesly, a senior at WSC, had to carry a full load and compile an average of 3.7 or better. Appearing on the Dean's List means that he ranked in the top 5 per cent of the 3,192 students attending WSC last fall.

Receives Silver Wings

Second Lieutenant Terry R. Lee, son of Mr. and Mrs. Rex Lee of 304 Centre St., Hereford, has been awarded his silver wings at Vance AFB, Okla., upon graduation with honors from U.S. Air Force pilot training.

Lieutenant Lee is being assigned to Charleston AFB, S.C., where he will fly the C-141 Starlifter.

The lieutenant graduated in 1972 upon graduation from Officer Training School.

A 1968 graduate of Hereford High School, he received his B.S. degree in mathematics from the University of Texas in Arlington. He is a member of Delta Tau Delta.

The lieutenant's wife, Linda, is the daughter of retired USAF Colonel and Mrs. William L. Gibbons of 2104 Lakeside Drive, Arlington.

Granted Command

U.S. Air Force Lieutenant Colonel Hubert O. Spraberry, son of Mr. and Mrs. Hub Spraberry of 605 W. Belsler, Dimmitt, has assumed command of the 321st Security Police Group at Grand Forks AFB, N.D.

Colonel Spraberry is a member of the Strategic Air Command. Prior to this assignment, he was deputy commander of the 448th Strategic Missile Squadron.

A 1946 graduate of Witharal (Tex.) High School, he received his B.S. degree from Texas Tech where he was commissioned in 1952 through the Air Force Reserve Officers Training Corps program.

The colonel's wife, Teddy, is the daughter of Mr. and Mrs. C.H. Billins, 205 53rd St., Lubbock.

Thanks For Girlstown Gifts Voiced

Gifts from Hereford area residents helped make a merry Christmas for residents of Girlstown both at Whiteface and Borger, Viola Williams, a Girlstown board member, reports. Mrs. Williams was a guest at Christmas parties on both campuses of the girls' residence home.

She expressed appreciation for all the contributions by Hereford merchants, clubs, churches and individuals who gave cash or gift items for the girls of all ages who make their home in one of the residences.

Mrs. Williams has for a number of years, during and before her tenure as a director for Girlstown, collected gifts here. She takes many of them to the homes in her own car as she makes frequent visits.

In addition, numerous Hereford clubs and church groups make a custom of giving to Girlstown at Christmastime. Several of the girls were guests in Mrs. Williams' home during the holidays.

Marnells Have New Grandbaby

Mr. and Mrs. F.A. Marnell of 124 Aspen are the proud maternal grandparents of a New Year's baby, born to Mr. and Mrs. Larry Minks of Elkhart, Ind.

Mandy Minks, 7 pounds and 14 ounces, was born at 12:06 a.m. Jan. 1 and enjoyed the honor of being the first 1974 child in that region.

Mandy's great-grandmother is the local resident, Mrs. Lucille Wilhelm of 407 East Third. Her paternal grandparents are Mr. and Mrs. Norman Minks of Saguache, Colo.

Year-End Review Shows News Highlights

Continued From Page 1

past president of the Rotary Club of Hereford, England, Bert Weston, was a visitor with Hereford Rotary Club. Enrollment for the fall term in Hereford Public Schools began Aug. 20.

The Hereford Brand issued a 140-page Diamond Jubilee edition, largest in its history, with stories and pictures recalling the city's history as well as the program for Jubilee Week which began Aug. 25. A mammoth parade with Gov. Dolph Briscoe as marshal and Betty Hodges, Jubilee Queen, in the honor spot, formally opened Hereford's 75th birthday celebration.

Deaf Smith General Hospital directors approved a \$1,445,000 budget for the coming year, about \$400,000 more than the previous year. The Rev. Roger Knapp came from Tulsa to be interim pastor of the Presbyterian Church, succeeding the late Rev. Russell Wingert.

HEREFORD RIDERS Club annual rodeo drew about 2,000 spectators each performance of a three-night stand. County commissioners adopted a budget of \$1,162,437, calling for county tax increase of 5 cents per \$100 assessed valuation, with the assessment remaining at 22 percent of value.

Crowds turned out for weeklong Jubilee events to end the month, beginning with outdoor religious services, including Ladies Day, appearances of political bigwigs and burial of a time capsule, and ending with a historical pageant presented four nights.

SEPTEMBER

Hereford High Rodeo Club was host to about 200 entrants from a tri-state area in an approved three-day meet. The annual New Teachers banquet sponsored by the Chamber of Commerce was held, with some 65 additions to the school system's faculty introduced.

Hereford Community Concert Association held its annual membership drive with Mrs. Richard Ottesen and Mrs. Paul Scott as co-chairmen. Diana Torres was crowned Fiesta Queen at the Mexican Independence Day celebration in the Bull Barn.

WHITEFACE gridders defeated Pampa Harvesters 12-0 in their first game of the 1973 season. Police Capt. Ray Morgan began his term as president of Hereford Peace Officers Association. Holly Sugar officials, meeting here with directors of Texas-New Mexico Sugar Beet Growers Association, announced that a raise in the price of sugar would mean increased prices for 1973 sugar beet crops.

Benny Womble, Veterans' Service Officer in this county, was elected director of the Lubbock region of the Veterans' County Service Association of Texas when he attended a state convention in Dallas. Roland Saul began duties as assistant Criminal District Attorney.

Community Education classes offered through Hereford High School in cooperation with Amarillo College began, including vocational courses and varied other subjects. Mrs. Bill C. Thompson, who with her husband owned and operated Dickies Restaurant, died after a long illness.

DEAF Smith County Feedyards Inc. announced intent to purchase all capital stock of XIT Feedyards of Dalhart. Hereford Whitefaces defeated Palo Duro Dons of Amarillo, 37-7. City Commission approved a franchise for Pioneer Natural Gas Co. but postponed action for a requested gas rate adjustment, and hired Melba Richards as manager of the Community Center.

A \$38,000 bond election for resurfacing of the track at Whiteface Stadium was called by the school board. First load of milo for the year was brought in by Ray Wilhelm, southeast of Hereford. Deaf Smith General Hospital board of directors voted to establish an intensive care unit in the hospital.

Jimmie Allred was elected president of Kings Manor Founders Association at the group's annual dinner at the Manor. Annual County Crops Tour was held, with stops on the farms of Chester Wiggins, Claude McGowen Jr., Charles Schlabs, Clark Andrews, Bobby Veigel and Bill Cheek.

HOLLY Sugar plant opened its full operations with more than 20,000 tons of freshly harvested beets already at the plant in an early beginning of the season's work. HHS football team continued winning, squeezing by Borger 15-12 and downing the Canyon Eagles 28-11. Lynn Brisendine, advertising manager of the Lamesa Press-Reporter, was named to the same post on the Hereford Brand, returning to the local staff where he had formerly been an ad salesman.

OCTOBER

The new Whiteface Kiwanis Club installed officers, headed by Cecil Boyer as president. The Rev. Bernard McGorry, former assistant pastor of St. Anthony's Catholic Church, came from New York as pastor of the church to succeed the Rev. Boniface Riedmann, transferred to Lumberton, N.C.

Voters approved a \$38,000 bond issue to resurface the running track at Whiteface Stadium. Rebuilding the intersection of Highway 385 and Park Avenue to construct additional turning lanes, was one of the projects approved for the year by the State Highway Department.

SCATTERED rains temporarily halted the harvest of sugar beets and other field crops in a season generally favorable for harvest. Hereford Jaycees and Jaycee-Ettes were hosts to the convention of Area I-A, with some 200 delegates present.

Chris Marnell and Roger Sanders were named 4-H Gold Star girl and boy for this county, at a dinner climaxing observance of 4-H Week. Carlos Zarazua of Dimmitt, em-

ploye of Armour and Co., was killed in the collision of the car he was driving and a truck at a county road intersection about five miles southwest of Hereford.

The fall meeting of Panhandle Area Beta Sigma Phi groups was held here, with the four Hereford chapters as hostess to more than a hundred visitors. Operator of a service station and car-sales firm, Kelly Coplin died here. City Commission denied a rate adjustment request of Pioneer Gas Co.

MORE THAN 60 rescue workers spent four hours freeing Guy E. Carroll of Caldwell, Santa Fe Railway employe, when he was pinned in wreckage of a derailed crane near the railroad overpass on East U.S. 60; his injuries resulted in Caldwell's death late in December.

A pay increase for five per cent for all Deaf Smith General Hospital employes was voted by the board of directors who approved an increase in room rates at the same time. County Judge H. C. Williams was named director for the 1974 spelling bee in Deaf Smith County.

FIRST conference game for Hereford Whitefaces in the District 4-AAAA grid race was won with a 26-10 score over Monterey of Lubbock, climax of the HHS homecoming, following a 21-2 victory over Amarillo High. Banks in the city set a new record high for deposits with \$63,514,467 reported in the October bank call.

For the 14th consecutive year, the HHS Whiteface band was given top rating in regional UIL contests held at Canyon. Keith Winkler of Hereford was elected president of Range 2, United Sheriffs Poses and Riding Clubs, and Sandee Finley received the queen title at an area meeting here.

Andrew Kerahan, Ray Seale, Arturo Gonzales and Galvin Goodin were elected directors of Deaf Smith Chamber of Commerce by members' ballots. Whitefaces downed Borger 28-16 to take the lead in the 4-AAAA grid race. Kevin Douglas, 4-H club member in this county, exhibited the reserve champion Angus steer in the Junior Livestock Show of the Dallas State Fair.

NOVEMBER

Farmers in Deaf Smith County and over the entire area were hit hard by fuel allocations in a federal program to meet the energy crisis, with harvest of cotton, beets and feed

grains in full swing and the threat of no fuel for harvest machinery.

An autograph party was held at the Christian Book Store to formally present the new Deaf Smith Country Cookbook, written by Marjorie Ford of Hereford in collaboration with Mary Faulk Kooch of Austin. Lee Newman, road maintenance foreman with the Texas Highway Department here, retired after 35 years of service with the department.

BUILDING permits rose past the \$3 million mark, more than the total for 1972, with almost \$200,000 in October permits. Hereford defeated Lubbock Coronado gridders 20-0 to preserve its perfect 4-AAAA record. Two women were seriously injured in as many highway accidents; Dorothy Ott in a head-on collision on Highway 385 just south of the city and Lily Muller in a truck-car smashup east Highway 60.

City Commission approved a city employe retirement system. The federal Oil & Gas Office announced an easing of restrictions on fuel for farm use, relieving Deaf Smith County farmers of a crisis in fuel for harvesting. One of the city's oldest independent businesses, Piggly Wiggly Grocery, was sold by Gaylord Newell to DMD, Inc.

IN A light voter turnout, county voters followed a statewide trend in deciding on the fate of nine proposed Texas constitutional amendments, opposing annual sessions of the state legislature and a pay raise for legislators, the amendment attracting the most interest.

First sale of Deaf Smith County cotton in the 1973 crop was produced by Ronnie Andrews, south of Hereford. The undefeated Hereford Whitefaces suffered an upset when Snyder took a 28-7 victory on the Herd's home field. Rex Easterwood was elected board chairman for Hereford Day Care Center at the annual meeting of directors.

John C. Trotter, 64-year-old Hereford man, was charged with murder after a shooting in which Alfonso Diaz was killed. Mrs. L. W. Norvell was named director of Texas Division 1, Daughters of American Revolution; she is currently regent of the local DAR Chapter.

WHITEFACE eagles opened their season with a win over Canyon Eagles here. Roy Faubion, vice president of Deaf Smith County Chamber of Commerce, was named to succeed Jim Konkright as president for 1974. The

District 4-AAAA grid title was won by Hereford with a 28-7 defeat of Lubbock High; Teri Reinauer was crowned Football Queen at a pep rally before the game.

Steve Graham, youth director in First Baptist Church since July, 1972, was named associate pastor. A longtime banker in the Panhandle and executive vice president of First National Bank, Pat Malone, died here and was buried in Amarillo, his former home. Whiteface Week was proclaimed in Hereford as Hereford met Caprock of Amarillo in bi-district play, winning 13-7.

NEW OFFICERS were installed, with Les Umstead as president, when former Gov. Preston Smith of Lubbock addressed the Hereford Board of Realtors. Whiteface coach Larry Dippel was chosen coach of the year, runningback James Harris as player of the year and wingback Dave Charest as sophomore of the year, by sports writers of District 4-AAAA; Armando Gonzalez, Jim Marsh, David Crume and Wayne Schumacher also won places on the all-district team picked by coaches.

A Natural Resources Seminar sponsored by the county Water Association in cooperation with Water, Inc. was held in the Bull Barn. Whiteface Stadium was the site of the Vega-Hale Center bi-district Class A grid game which Vega won, 37-0.

DECEMBER

The newly-completed intensive care unit opened in Deaf Smith General Hospital with Rose Ann Smith as ICU supervisor. HHS gridders lost their bid to advance to quarterfinals in state playoffs, as they managed only a 7-7 tie with El Paso Coronado and lost on penetrations, 5-3, but were happy with a record of 10 consecutive wins by a team which had been picked for a low spot in district play.

Deaf Smith County's income from agriculture was set at more than \$168 million, topping the 1972 total by \$52 million, in figures compiled by the county extension agents' office with harvest virtually completed. Joe B. Davis, retired dean of Amarillo College, died at his home in Kings Manor here.

Up to three inches of snow in parts of the county brought

No Recession In Outlook During 1974

BOB HILL
Lentz, Newton & Co.
January is named for the god

Janus who had eyes in the back of his head as well as the front, so that he could see the past as he viewed the future. In looking

back at 1973, I'm not sure our nervous systems could stand another 12 months like those we have just completed.

The tough part about forecasting these days is the variables and uncertainties which can completely cancel out any forecast. Even though the Arab leaders are finding themselves increasingly embarrassed by the embargo and the fact that economic black-mail will inevitably fall, I will assume that the oil embargo against the U.S. will not be lifted until well into 1974, if then.

major factor in labor costs this year. The number of workers under contracts that must be renegotiated in 1974 will be considerably less than it was in 1973, about 8 per cent of the labor force. The major area of concern for 1974 will be labor productivity, which is far more significant than increases in hourly wages. Remember, productivity improves sharply during economic recoveries, but slows dramatically during boom periods.

Satisfy further increases in demands while plants are running at full capacity. Moreover, we should begin seeing a slowdown in the rate of growth of the labor force in 1974. This is why there will probably be more people employed in 1974 than in 1973.

A major economic consequence of the Mideast War is a change in the attitude of Congress toward defense spending. Defense spending should jump sharply throughout calendar 1974. This is good news for defense contractors for two reasons.

First, the Israeli hardware lost in the war will have to be replaced, presumably from U.S. producers. Second, the Administration can now make a strong case

period of time. Such price rises practically guarantee increases in fuel prices and a further push to inflation. Inflation rates in consumer prices will be accelerated as a result of shortages of fuel. This postpones the time when rates of inflation will decline appreciably. The shortage of oil will also weaken the demand for consumer durables, particularly next Spring.

YOU should expect the Dow Jones Industrial Average to establish a base at the 750-800 level because the market has now adequately discounted the economic uncertainties confronting the nation. 1974 will be a rising stock market year for basic industry stocks.

Pickup Fire Turns Out Other Than 'Routine'

By STEVE CONNELLY
Staff Writer
Hereford firemen thought they were reporting to a routine auto fire at 8:46 a.m. Wednesday until they found 30-35 pounds of dynamite in the bed of the burning pickup.

Deaf Smith County Fire Marshal Jay Spain said he spotted the burning pickup on U.S. 385 and warned the driver that the vehicle was in flames.

The Hereford Fire Department also reported to four other fires during the week, none causing serious damage. The Hereford Police Department arrested four men for driving while intoxicated during the week, and five Hereford juveniles were arrested in two separate incidents for allegedly sniffing paint.

MOST ECONOMIST predict a slowdown in the economy and a drop in the Gross National Product during 1974. I believe we will see an increase of 7.8 per cent in the GNP in 1974.

Experts have been making dire predictions about sharply rising demands of labor unions for wage increases in 1974 because of spiralling living costs. Do not expect this to be a

THE DRIVER stopped the pickup at the curb and ran as Hereford firefighting units were called to the scene.

When the units arrived, an acetylene tank in the bed of the pickup exploded, but the fire was quickly extinguished.

Firemen discovered the dynamite in the bed of the unmarked pickup after the flames were extinguished. Blasting caps were discovered in the cab of the vehicle and some of the caps were reported to have exploded during the fire.

An oxygen tank and the dynamite in the bed of the pickup did not explode during the fire.

A dust explosion at Farr Better Feeds injured one man shortly after noon Thursday as a bin was being repaired with a

Top News Stories

Continued From Page 4

the first moisture since mid-October, and a taste of winter to the area. A night fire caused damage estimated at \$100,000 to John Orsborn Buick-Pontiac showroom and parts department in downtown Hereford.

Tom J. Hamlett, Armour Food Company plant manager here, announced plans for a major expansion in the local plant, to be completed in stages over the next six to 12 months.

November building permits in the city were totaled at \$196,300, with the year's total well above 1972.

MERCHANTS and law enforcement agencies cracked down on shoplifters and hot check writers as holiday shopping crowds filled stores. Coach Larry Dippel and ace back James Harris received post-season honors when they were named respectively South Plains coach of the year and on the All-South Plains grid team.

Mrs. Philip Barkley, 72, Campfire Girl executive here for a number of years, died after a long illness. Hereford boxers, who had won their share of bouts in meets over the area, played host to junior gymmen from Amarillo and Canyon and won 11 of 14 matches.

HEREFORD'S United Way drive reached and passed its goal for 1973, the first time the campaign has been 100 per cent successful since the mid-1960's; total amount raised was \$51,431, Lynton Allred, drive chairman, announced.

Herman Sifford, general manager of the Bridwell Ranches northwest of Hereford, and his son Wayne, foreman of the west ranch, were named conservation ranchers of the year by Tierra Blanca Soil & Water Conservation District.

HEREFORD Lions Club was host to 90 residents of Whiteface and Berger campuses of Gristown U.S.A., presented a \$5,000 cash gift to Gristown and individual gifts to the girls at a Christmas dinner. The county division of American Heart Association received an award for far exceeding its goal of \$3,700 in the 1973 drive with a total of \$3,752; Homer Garrison was chairman for the year.

SCHOOL board members decided to change public school hours to 9 a.m. to 4:30 p.m. when Daylight Saving Time goes into effect Jan. 7, since the previous 8:30 a.m. opening would force pupils to come to school in the dark. A major winter storm with gusty north winds dropped temperatures from almost 60 degrees in the afternoon to a night low of under 10 degrees.

Margaret Bell was selected as Teacher of the Year by Deaf Smith County NEA-TSTA, teachers' organizations. The school board approved a bid of \$763,788 for construction of a new elementary school in the west part of the city to replace the old Central building.

The executive committee of the Hereford Diamond Jubilee allocated unspent funds from the celebration to community improvement programs, the major amounts to the United Way after its drive quota had been reached, to the Community Center and as "seed" money for a proposed YMCA and YWCA here.

After a rush of Christmas shopping, Christmas charitable events and Christmas parties, the town virtually closed for holidays from Dec. 22 to 26. Hereford Medical Auxiliary announced a total of \$3,717 raised in its annual Project Christmas Card, in which area residents contribute to buy equipment for Deaf Smith General Hospital and fund a nursing scholarship.

Jo An Dwyer was chosen executive director for Big Brothers-Big Sisters organization, which was formed after several months of preparation by a governing board headed by Rodney Laughan.

Mothers Host Party For Aggies

A buffet dinner was held for Aggie students and guests Friday evening in the Flame Room of Pioneer Natural Gas building at their Christmas party.

Members of the Hereford Aggies Mothers Club hosted the event. They included Mmes. J.J. Durham, Austin Rose Jr., J.D. Whitaker, Hilrey Aven, Robert Lloyd and Thurman Atchley.

There were 42 present.

Social Security Plans Weekly Visits Here

A representative of the Amarillo Social Security Office will be at the Hereford Courthouse on every Tuesday morning for the months of January, February and March. The service is scheduled 9:15-11:30 a.m. and will pertain to any matters relating to social security or Medicare.

An agent will be in Dinnitt at the county courthouse on various Monday mornings 9:15-11:30. The forums are slated for Jan. 21, 28; February 4, 11, 25; and March 4, 18, 25.

Information can also be obtained by coming to the social security office at 217 East Third Street in Amarillo, or by telephoning 376-2241 (area Code 806). The office is open 8:30 a.m. - 4:45 p.m., Monday through Friday (except national holidays). Residents of Hereford may phone the Amarillo office toll-free by dialing the operator and asking for ENterprise 8-3353.

Clubs, civic groups or classes which would like to schedule a program on social security can call 376-3353.

Open House On Birthday Is Planned

Open house is planned from 2 o 4 p.m. Sunday to honor E.J. Friemel of Umberger on his 50th birthday. His friends are invited to call at the Umberger Parish Hall during the afternoon; they are asked not to bring gifts.
 His birthday will fall on Jan 8. Mr. Friemel has been a resident in this area since early in the century and farmed many years on the place which his son Richard now operates.
 Other children of the honoree are Hilda, Berkenfeld of Pryor, Okla., Paly Haschke of Umberger, Herbert, formerly of Hereford and now living in Canyon, Tex. of Groom and Charles, who lives in Kansas. They will be hosts for the open house.

Donovan Featured As Pied Piper At Star Theatre

Paramount Picture's "The Pied Piper," starring rock star Donovan in the title role, will open for four matinee performances each Friday and Saturday at the Star Theatre in Hereford.

Rated G for children and general audiences, the picture is the age-old story of the famous flute player who leads the thousands of rats, and later children, out of the city of Hamelin.

Showtimes will be Friday and Saturday at 12:30 p.m.; 2:10 p.m., 3:55 p.m. and 5:35 p.m.

The motion picture is based on a fable which originated during the time of the Great Plague in the 14th Century, which also inspired many writers and poets over the years.

"The Pied Piper" is an especially apt fable for the 20th century. In fact everyone involved with the production sees it as a parable for our time.

Donovan feels a tremendous affinity for the part he plays. "I've researched the legend of the Piper as far as I can," he says. "He thinks that the Piper of Hamelin was in reality a musical medicine man who had learned his magic in the East. The fable definitely declares that he was a much travelled man; he had been north and east and west and south. In the East they have what are called street fakirs, musical medicine men who can do precisely what the Piper did—spirit away rats, charm snakes, walk on nails, hypnotize children. The holy men of India would find no difficulty in understanding how the Piper communicated through music with children and animals."

"The Pied Piper" was filmed in London and in the little town of Rothenburg-on-the-Tauber, a small Bavarian city not too far from Frankfurt and Nuremberg. Rothenburg looks exactly the way it did 500 years ago; a medieval, walled town with towers, gates, ramparts, spired gingerbread houses and little hilly streets. It looks like a picture-book and is, in fact, a great tourist attraction. It is also free of jet sounds, and as such, was doubly attractive as a film location.

Producers David Puttnam and Sanford Lieberson gathered an interesting cast of top English actors, in addition to Donovan. Jack Wild, the Artful Dodger of "Oliver!" plays the crippled young Gavin. The youngest cast member is 12-year-old Cathryn Harrison, granddaughter of Rex Harrison, who plays the young daughter of the Burgomeister.

One thing the early Greeks didn't have a word for was Africa, which they considered a part of Asia.

Arab legend claims that Alexander the Great carried a black flag and a white one with which he could create night and day at will!

Herd Plays Today

After finishing second in the Borger Tournament to close out the year last Saturday, the Hereford Whiteface cagers open 1974 action in Amarillo tonight as they take on the Caprock Longhorns.

The Herd, with a 13-6 won-lost record, lost a close 50-45 decision to host Borger in the tourney Saturday night. After trailing the first two periods,

Hereford battled back to take a 37-35 advantage going into the final stanza. Borger outscored Hereford, 15-4, in the final period.

The Herd missed the services of Dan Vander Zee when he fouled out with 4 1/2 minutes left in the game. Mike Albar was the only Whiteface to hit double figures as he meshed 16 points. Dennis Nogger had 9, Vander

Zee 8, and James Harris 6. Vander Zee and Harris were named to the All-Tournament team.

Leading Borger in the championship game were Chuck Forrest with 15 points and Richard Mitchell with 14. Hereford was charged with 19 fouls in the contest, and Borger drew a total of 16. The Bulldogs had clipped the Herd by a 16-point margin earlier in the season.

The Hereford JV starts off the New Year today in the Stratford Tournament, meeting Surray at 11:30. The JV will also go to Amarillo tonight to play a preliminary game against Caprock.

Coach Barry Arnwine will introduce his cagers to the Whiteface Booster Club Monday night when the club holds a 7:30 p.m. meeting in the high school cafeteria.

Umberger Rites Held For Nettie Frerich

A funeral mass was conducted for Mrs. Nettie Frerich, 70, of Amarillo, in St. Mary's Catholic Church at Umberger Monday morning, and graveside services at the Carlsbad, N.M. cemetery that afternoon. Mrs. Frerich died Saturday morning. She had moved to Amarillo from Carlsbad seven years ago.

She is survived by two daughters, Mrs. Bill Thompson of Amarillo and Mrs. Rick Boucher of Dallas; three sons, Leon of Carlsbad, Bill of the U.S. Navy now stationed in Japan, and Anthony of Denver; a sister, two brothers, 16 grandchildren and three great-grandchildren.

Letters To The Editor

Unhappy About School Policy

Dear Editor,
I am an ex student and basketball player from Hereford High School and I am readily becoming ashamed to admit it. I came home over the Christmas holidays and was absolutely astonished at the way certain school officials welcomed home the exes of H.H.S.

There was a large number of college students, many now playing college basketball, that had gotten together and wanted to work out in one of the local gyms. Hereford has three excellent gyms; High School, La Plata and Stanton, and it soon became evident that to gain entry to one of these gyms was more difficult than getting into Fort Knox.

After calling many coaches and administrative personnel and being turned down by them all, I finally decided to call Mr.

Roy Hartman, the Superintendent of Hereford Public Schools. He readily became outraged at my persistence in trying to gain entrance to one of these gyms and gave as his reason for a negative answer, the fuel shortage.

Although it is true that one must have light to play basketball, very little is needed in the middle of the day and this amount of energy is much less in comparison to that expended by many youths driving around looking for something to do. Mr. Hartman suggested that because we were no longer in the Hereford School system that we had no right to make such a request. If this is the case then why are my parents still required to pay school taxes of which they pay a great deal.

Mr. Hartman and the other school officials may be following regulations that are

set forth to them, and if so maybe more citizens should look into the matter and see if these are the kind of regulations that we want in our school system.

I, and the others with me were astounded at the attitude that Mr. Hartman took. He suggested that possibly one of the reasons that our Senior class of '73 did not excel in our athletic competition last year was because our class held such an attitude as I displayed to him in trying to gain entrance to a gym.

Maybe it's the other way around, he certainly displayed a negative attitude toward basketball to me, although he tries to leave an impression of a good supporter of our high school team. I wonder why he wasn't in Borger last Saturday night when Hereford was in the playoffs of the Borger tournament.

Maybe it's time that parents tried to make available to their children the facilities that Hereford now has. These buildings are doing very little good when they are constantly padlocked.

I will soon return to college and may not be home again for some time but I sincerely hope that this letter and what I have gone through will inspire other people to write Mr. Hartman and our school board in order to find a place where our youth can occupy their time besides on the streets.

Sincerely yours,
Gary R. Hicks

Answers Letter

Dear Editor:
In answer to your letter Mr. Drerup:
America is a country where any farm laborer can own a piece of land; if he is really willing to work and sacrifice for it. If he ever expects it to be given to him; he has already lost the right to own land and he has lost his freedom.
He is a serf and a prisoner behind an iron curtain; no matter whether that land is located here or in some distant country.
You have no understanding of the whole concept of the great American dream of our God fearing, stalwart forefathers. These men had known serfdom on lands owned by church and state. America for them was a land of utopian opportunity; a land where strong men who were willing to face hardships, even death, who were willing to work, sweat and toil could become land owners.
These men understood that the government which governs most extracts most; they knew that if the state were to give them food, clothing, land and the circus; then they would become the vassals of the state as had generations of men in the past; they knew that they would be told when to plant and when to sow; when to buy and when to sell; what would be extracted for the state and what they could charge for the meager amount they had left.
These men wanted no over lords, they were free men.
I wonder if Mr. Drerup has ever seen houses made of paper, rag filth, bottles, cans and boxes; noisome hovels of vermin and disease? These can be seen in several parts of the world, but perhaps the best example of this human suffering can be viewed in Hong Kong.
These minute cubicles unfit for habitation are occupied by poor, miserable human beings who have one thing in common, a dream that they too, can one day be free. They are fleeing from the Communism that Mr. Drerup believes is so very beautiful. These people are fleeing from the prison of an iron curtain which gives them all, but freedom.
Every day this country is losing its idealism and its freedom; everyone wants something for nothing. Free men must guide the country; The country must never dictate to free men; if it does then men are no longer free.
Sincerely,
S. Curl

What's The Weather?

This is a New Year and only God knows how much of good or bad will blow our way. The weather vane knows no difference between the points of the compass. Her job is to look straight ahead into whatever winds that blow... and the more severe the wind pressure the greater her accuracy. That's our lesson. God also tries us by pushing strong winds into our face, by laying blocks in our path and by shoving temptations before us. Then let us face up to His test. This way He finds out those who love Him; those who seek Heaven; and those who support His Church. Like the weather bird... resign your will to God.

**You In The Church
The Church In You**
— form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.

At The Library

Mission-Destroy Secret Weapon

His Majesty's U-Boat by Douglas Reeman is the book being featured at the Deaf Smith County Library this week. The story, set during World War II, reveals a secret plot to destroy the enemy, the German's Lieutenant Commander

Steven Marshall is ordered to return to the Mediterranean even though it holds bitter memories.

The library is open to the public on weekdays from 9 a.m. until 5 p.m. and Saturdays until noon.

HIS MAJESTY'S U-BOAT

By Douglas Reeman
It is February, 1943 when Lieutenant Commander Steven Marshall, R.N., brings his submarine, sole survivor of a flotilla decimated in Mediterranean waters, back to British waters.

At a secret base at the northernmost tip of England Marshall is introduced to his new command—a captured German U-boat which he is to take back to the Mediterranean theater, with all the bitter memories it holds for him, to wreak havoc on the enemy. For Marshall this is a new

kind of war, one which takes him and his new command to the Italian coast to land Allied agents, into enemy harbors to attack naval installations, and ashore on the Italian coast to sabotage and destroy a factory producing a secret weapon which poses a threat to the pending Allied invasion.

This is a many faceted story—a book crammed with incident, conflict between interesting characters, and more than a modicum of romance as Marshall becomes involved with a young Frenchwoman working as an agent for the Free French. It is an always readable and exciting novel—truly vintage Reeman.

CLUB TO MEET

Young Homemakers Extension Club will meet at 9:30 a.m. Tuesday in the home of Mrs. Richard Patzig, 232 Elm, for its first program of the new year.

LP Students Honored

Named as Students of the Six Weeks at La Plata Junior High were Teena Self and Terry Bilbrey. The two were recognized at the Lions Club meeting Wednesday, and were presented pens by secretary Lanny Crump. Students are selected on the basis of grades, attitude, friendliness and participation in school activities.

Reinauer Makes Intercept

Naval LT R.M. "Bob" Reinauer, flying the all-weather A-7 Corsair fighter bomber from the aircraft carrier USS Franklin D. Roosevelt, shown intercepting a Russian AN-12 "Cub" transport aircraft while flying a routine reconnaissance mission in the eastern Mediterranean.

LT Reinauer, since joining Attack Squadron FIFTEEN in October, 1971, has made two deployments to the Mediterranean while accumulating over 700 flight hours in the A-7 Corsair II and logging over 300 carrier arrested landings.

LT and Mrs. Reinauer, the former Brenda Tietjen of Schulenburg, Texas, are combining his present deployment with European leave. They will visit Spain, Italy, France, Germany,

Greece and Switzerland prior to returning to Hereford in March, 1974.

LT Reinauer is the son of Mr. and Mrs. Joseph F. Reinauer of Hereford and is a 1965 graduate of Hereford High School and 1969 graduate of the University of Texas at Austin.

ON VETERANS' PENSIONS
President Nixon has signed a bill giving a 10 per cent cost-of-living increase in monthly pensions to about 2.4 million military veterans and their survivors, effective Jan. 1.

COURT ON SEARCHING
The Supreme Court ruled 6-3 that a person arrested for a traffic violation may be searched without a warrant and convicted of another offense if evidence is discovered.

Easter January 42 Party Slated

Easter community's monthly 42 party is scheduled at 7 p.m. Friday in the community building there, and "unless snowdrifts get too high" all residents of the neighborhood

are invited to be present. Each family is asked to bring card tables, dominoes and snacks. Coffee will be prepared at the community house for the refreshment hour.

THERE IS NO FERTILIZER SHORTAGE!

While the principal business of our feedlot is the production of beef for a hungry world, there are certain byproducts of our operations which are available to help in the operations of other segments of agriculture. One such product is nutrient-rich manure, offering unique fertilization potential.

Through tests conducted at the U.S.D.A. Southwestern Great Plains Research Center at Bushland, Texas, we have learned specific facts relating to the use of our solid wastes as fertilizer. For example, application of only ten tons of solid waste material to an acre of moderately irrigated crop lands has been sufficient to obtain maximum yields. There is a residual effect available through manure fertilization: the process of decomposition continues to provide nutrients, at a reduced level, through the second and even third years after application!

There are definite economic advantages to the crop producer using the manure fertilization system. Initial cost, of course, and also the economies of the methods of application. No special equipment is required; the material is deep plowed into the field and application can be made at the time of working fields prior to planting (the farther in advance of planting the better). Thus, fertilization occurs as a course of normal operation, with standard plowing equipment, resulting in fewer man hours required and, particularly important in light of the energy crisis, less fuel consumption.

The table below lists the nutrient content of manure sampled from 23 feedlots on the Texas High Plains, giving the range, average percentages and average pounds of nutrients present in ten tons.

	RANGE	AVERAGE	AMT. IN 10 TONS
Nitrogen	1.16 - 1.96	1.34	268 lb
Phosphorus (P ₂ O ₅)	.73 - 1.95	1.21	243
Potassium (K ₂ O)	.90 - 2.83	2.17	362
Sodium	.29 - 1.43	.74	148
Calcium	.81 - 1.75	1.30	260
Magnesium	.32 - .66	.50	100
Iron	.08 - .66	.21	42
Zinc	.005 - .042	.009	1.8
Water	20.9 - 54.5	34.5	6,900

HERE ARE SAMPLE YIELDS IN POUNDS PER ACRE

Grain Sorghum Yield in Lbs/A			
No Treatment	Manure 10 T/A	Manure 20 T/A	Fertilizer 240 lbs. N/A
4-yr. average	4735 lbs./A	6366 lbs./A	6232 lbs./A

Corn Silage Yield in Tons/A (70% water)			
No Treatment	Manure 10 T/A	Manure 20 T/A	Fertilizer 200 lbs. N/A
3-yr. average	19.9 T/A	21.7 T/A	22.7 T/A

THERE CAN BE A DEFINITE ADVANTAGE TO YOU THROUGH FARMING WITH MANURE FERTILIZATION. PLEASE TALK TO US. WE'LL BE GLAD TO HELP YOU FIGURE THE ECONOMICS AS THEY APPLY TO YOUR OWN OPERATION!

By The Garden Gate With Glad

THE NEW YEAR
So here is 'now dawning another new year . . . 1974. Think, will you let it slip uselessly away?

Out of eternity the New Year will be born, And when its cycle is completed

Into eternity at night it will return And from all eyes it will be hid.

THINK now what you will do to make its record . . . good or bad?

I am well aware that there are many things looming on the horizon as the New Year approaches. We may have to change our way of living, cut down on use of gasoline, fuel, paper products, probably other things which we think are necessities.

America has never failed to meet a challenge and she will meet this one and come out of it a better stronger nation, if we do our best. When all things are measured, we of America have so much to be thankful for and many promises to look forward to, let us be glad that we live in the United States of America. It is indeed the grandest nation in all the world.

THINGS for gardeners to do in preparation for 1974.

Get out your plan for landscaping and check it to see what was accomplished last year. If you do not have a landscape plan, make one. List plants you plan to continue to grow, and those you wish to discard. Make a list of new plants to be added.

Check flower beds, lawns, trees, shrubs and other plants. If the fall cleanup was not completed, make use of days in which some of garden chores can be completed. A well kept garden will tend to keep down insects and make garden tasks lighter in the spring.

One which has debris and old plants standing will cause insects to hibernates and these will give trouble another year. Plow or spade some of the flower beds and vegetable garden, and add mulch to the soil. The gardener that has planted rye or other grain for soil building is the lucky one.

Make list of plans to make the lawns better and one which will cut down use of water. If there are bare spots these should be spaded. The old roots which have been killed destroyed. Prepare it for future planting.

If shrubs, roses, trees or other plants are rubbing against the house or fence, remove these limbs or branches, or fasten securely to stake or trellis.

Make a note that these should be sprayed with an emulsion which contains some oil to aid in keeping down insects. This is a protective measure all gardeners should use. However roses or evergreens should not be sprayed.

New catalogues are arriving. They will be good reading on the long shut-in winter days. Study carefully and plan to plant more seeds this year. We have been warned that plants will be much higher the coming growing season.

Even though seeds may be listed a dollar per packet, one can gain by planting and growing their own plants. Begonias, geraniums and many other plants can be grown from seeds for transplanting.

If you are growing house plants, watch them for insects. If insects do attack them, wash thoroughly with a soap suds. Tide suds are good for such

purposes. Remove wilted leaves. Clean around the base of stalks, removing waste material which has collected. Feed regularly, reading directions carefully. Select a well proven plant food, and use the one recommended for the plant. Violet food for violets, etc. Turn pots regularly, thus the plant will be better grown and more attractive.

Chickweed is already showing in the flowerbeds. This is a real garden pest. They grow best in cool weather. To control, spray with a specific chickweed killer. To assure a better kill, bruise the plants so they will absorb poison more rapidly. Winter days are a good time to read garden magazines which have been stacked away when you were too busy to read thoroughly. Also there are many new books pertaining to today's gardens and flower arranging.

Some which are recommended are: A Tree Grows Up, by J.M. Gulcher and R.H. Noailles. The authors have a vast knowledge of trees and their miracle performance. Anyone who grows a tree adds much to control environmental problems. Man cannot exist without trees.

Another new trend is that of growing living gardens or designs of landscaping in the house. Living Flower Arrangements by Margaret Davis explains various ways container grown plants can be used.

Cut flowers are often combined with potted plants to make the design, to add distinction to the decor of any room. Book also contains many new ideas for horticulture classes for flower shows, and various ideas of other combinations in different and interesting containers.

INTERESTING uses of materials: Have been interested in the shells which have been used on the Suggs yard, 503 N. Miles. Mrs. Suggs told me at the time they were purchased that they were recommended for their coloring, which changes with the seasons. She suggested that I observe them and note the changes. It has been very interesting and at times beautiful. During these busy days when entertaining friends and when coffee is served, save the grounds and add them to the soil of your gardens and flower beds. The grounds are good mulch and are also a stimulant to the growing worms.

One author stated, "There is no greater coffee addict than a worm with coffee nerves." It seems to stimulate them to reproduce at whirlwind speeds. While enjoying the effects of the coffee the worms do a score of beneficial things to the soil and they really congregate wherever the coffee grounds are.

Keep a container to put the coffee grounds in, and when it has been filled scatter the grounds and gently scratch them into the soil. Better still "dump" it into one area and scratch in the coffee in the soil and the worms will have a picnic. This will add friability to the soil. These worms are those which are helpful to the soil and not harmful to plants.

Sincerest wishes are that this will be one of the happiest and most blessed year for one and all Glad.

Center photo shows Mr. and Miss HHS—Donna Munnerlyn and David Loerwald. Photo at right shows annual queen Kim Wilson with attendants Jill Stephan and Brenda Owen. Escorts are Steve Jones, Chip Guseman and Mike Munnerlyn.

Winter Wheat Crop Progressing

Generally, seeding of the 1974 winter wheat crop has been completed over the scattered portions of Texas and Oklahoma Panhandles where lack of sufficient moisture has delayed planting. Most of the flood damaged acreage of Kansas and Oklahoma was seeded as fast as fields dried enough to allow reworking of seedbeds and replanting operations. Stands in the early planted areas of the Santa Fe-served states of Colorado, Kansas, New Mexico, Oklahoma and Texas were reported to be good to excellent; however, growth has been slowed in some areas due to lack of moisture in surface soils.

Insects have caused problems in some areas with greenbug infestations in the Texas High and Low Plains necessitating spraying for control with replanting necessary in some fields. Army worms have also been a problem in scattered areas of Texas and Hessian Fly damage is reported in early seeded fields in parts of western Kansas.

Wheat pasture development is behind that of last year in the Texas Panhandle and the western parts of Kansas and Oklahoma. Slower growing conditions coupled with lack of moisture in some areas have produced only limited grazing for livestock. Irrigated acreage is producing food forage and is being grazed in increasing numbers as cattle move from native pastures.

Car Registration Possible Through Mail

OWNERS of some 8.4 million motor vehicles in Texas will have some important mail coming their way early in January.

Registration renewal application will be put in the mail shortly after the holiday season by the Motor Vehicle Division of the Texas Highway Department.

The same quick and easy method made possible by modern computer technology will be in effect this year as it has been in the last few years.

VEHICLE owners can save time that used to be spent waiting in long lines at county tax offices throughout the state by ordering their 1974 license plates by mail.

All that must be done is to send the entire three-part application by mail to the county tax assessor collector in the owner's home county, enclosing the registration fee plus \$1 for each vehicle to cover handling and mailing.

remember:

1. Leave the three-part form intact. Don't separate the three parts.
2. Mail it to the county tax office in your home county. (Mailing it to the Highway Department will only delay getting your 1974 license plates).
3. Be sure to include the registration fee, plus \$1 for each vehicle for postage and handling.

However, county tax offices won't mail plates until after Feb. 1. Owners should allow at least 30 days from the time they apply for the license plates to be returned.

In-person registrations will begin at county tax offices and, in some counties, at substations on Feb. 1. Even though the automated registration application procedures have speeded up the process, waiting lines will grow progressively longer as the April 1 deadline approaches.

ERVIN TO RETIRE

Senator Sam J. Ervin Jr. (D-NC), chairman of the Senate's Watergate investigation, has announced that he will not run for re-election in 1974. He noted that he would be 84 if he served another six-year term.

LAIRD RESIGNS

Melvin R. Laird, President Nixon's chief domestic counselor, has announced his resignation effective February 1. He said that Vice President Ford can and should take over the duties he now performs.

Conspiracy suit against Haldeman blocked.

50-Year Resident Found A Windmill Town Here

By SUE COLEMAN
Women's Editor

IT WILL BE 50 years next March since Mrs. Roy Boyd came to live in Hereford, and she remembers most vividly about the small town that it was then, the many windmills.

"There was a windmill in almost every yard and most people here used water from them instead of from the city water system," she says.

"That good soft water" was one of the things she liked best about her new home, as hard water had been a problem down in the southeast corner of the Panhandle, near the Oklahoma line, where she had previously lived.

She was Eldora Luck when she came with her family to Hereford from Dodson, in Collingsworth County. Born on a farm just across the line near Hallis, Okla., she spent most of her life in the Dodson community where her father operated a blacksmith shop.

BEFORE she finished high school here, she married Roy Boyd in 1926 and they have continued to make their home here, since 1951 in the house at 608 Blevins where they live now.

Boyd is now retired and the couple enjoys backyard gardening as one hobby. He does most of the outdoor work of growing vegetables, and helps harvest them and get them ready for canning or freezing, Mrs. Boyd admits. There are also plum and cherry trees in the yard to supply fruit, but freezes last spring nipped the fruit crop this year.

"We canned nearly everything in the world last summer," Mrs. Boyd says, "and even got peas from the field when we visited my aunt in Oklahoma, and canned them. We have very little freezer space so most of our crop is canned."

SHE LIKES to have the fresh or canned food when her family gathers at home for such occasions as the recent Christmas holidays. One daughter, Royla, Mrs. Earl Glenn of Amarillo, and her three children live near enough that they are frequent visitors.

The other, Barbara, is Mrs. W.D. West of Cleveland, near Houston, and the 600-mile trip from that city is made less often.

There are six grandchildren in all, and one great-grandson. They were all here Christmas except the married grandson and his family. Mrs. Boyd especially enjoys preparing dinners for the whole family.

She has a favorite recipe for a main dish, a different version of the popular chicken-rice which with a fresh salad makes a whole meal.

BAKED CHICKEN AND RICE
2 cups uncooked rice
1 can cream of chicken or chicken-gumbo soup
1 can cream of mushroom soup
1 soup can of water
1 pkg. dehydrated onion soup
A 2 to 3-pound chicken, quartered or cut in pieces

Mix rice, soup and water in greased baking dish. Sprinkle a fourth of the onion soup over this. Place chicken, skin side down, over the mixture. Sprinkle the remainder of the soup over the chicken. Cover with foil and bake at 325 degrees two hours.

TROPICAL APPLE SLAW
Combine 3 cups crisp shredded cabbage, a 9-oz. can pineapple tidbits, drained, 2 cups diced unpared red apples, 1/2 cup chopped celery and 1/2 cup blanched slivered almonds. Mix well and add 1/2 to 3/4 cup mayonnaise. Toss until all ingredients are well coated with dressing. This makes 6 to 8 servings.

QUILT making is a favorite pastime for Mrs. Boyd, and she is making a quilt for each of her grandchildren. She is happy that quilting is becoming a popular handcraft again but she has continued to make quilts when it was not so popular.

Mostly she makes those with appliqued patterns and is glad that sewing machines are now made so the pattern does not have to be applied by hand in the tedious method she once used. She also pieces quilts but not as much as she formerly did.

She enjoys quilting and is sometimes joined by Mrs. Glenn for that part of the work. A member of West Hereford Home Demonstration Club since it was organized when she was a young matron, she is active in its programs. She and her husband also are members of a canasta club which has covered six dinners before its periodic evening games. Her church is Temple Baptist, located near her home.

Mrs. Roy Boyd
half century in Hereford

Small Talk

By SUE COLEMAN
Women's Editor

A COMBINATION of closed gas stations and a West Texas snowstorm seems to be just what the safety experts have been looking for all these years. It does cut down on traffic fatalities during a holiday period, although you might say it does it the hard way.

Another factor in that combination just might be the grid bowl games, televised. No telling how many people stayed home Saturday through Tuesday because they didn't want to miss a minute of the action.

If a lot of them had been out in their cars, as they likely would, have been without the TV games, the weather might have added to the accident total instead of subtracting from it. We analysts who draw conclusions from a given situation gotta look at all the angles, you know.

and the traffic accident situation will take care of itself. Only some bright boy will no doubt come along and invent a way to move cars without gasoline and we will be whizzing around with nuclear power plants (small ones of course) under the hoods and bopping into each other with our usual abandon.

When smart people like me solve a problem one way, it just crops up from another direction. Oh well...

ONE OF MY Christmas letters from a friend with whom contact is maintained through the once-a-year communication, told of her husband's serious illness earlier in 1973.

An ulcer put him on a rest cure, and she said he spent most of his time watching the Watergate hearings on TV and figured he had seen more of the whole thing than anybody else in the country.

It's nice that the television shows served such a good purpose, only if it had been me, they would have given me another ulcer.

By the way, I just got to wondering — does anybody in the audience happen to remember what it was that whoever it was, was looking for when he broke into wherever it was at the Watergate Hotel, that led to all the ramifications that have caused so much trouble to so many people?

AT ANY RATE, even an expert can conclude that traffic accidents drop when the number of cars on the highways drop. Somebody has said something about that sometime before, I think, but so far nobody has done anything about it.

Now the Arabs, the Republicans, the Big Oil Companies, the Environmentalists or the Texas Oil Millionaires, whoever you want to blame, are limiting our supply of gasoline maybe we'll soon be back on our feet again

roast and steaks and beef liver.

"Egg prices also remain steady with eggs getting renewed attention.

"One dozen large eggs weighs one-and-one-half pounds. So even at 90 cents per dozen, they cost only 60 cents per pound. Versatility and preparation ease are two additional factors in their popularity."

Chicken hens also carry reasonable price tags this week, the specialist said. Watch for occasional features on whole fryers and fryer parts.

Citrus Fruits Bountiful

This holiday season finds citrus fruits plentiful.

"The price of navel oranges is coming down, so plenty will be available for holiday eating and giving," Mrs. Gwendolyn Clayatt, consumer marketing information specialist, Texas Agricultural Extension Service, Texas A&M University System, noted.

"Greater supplies of tangelos, tangerines and grapefruit mean lower prices. Lemons also are in plentiful supply—with the new crop coming in from desert areas.

"Other economical produce items include apples, bananas, cranberries, potatoes, cabbage, carrots, celery and mustard greens. Also turnips and greens, corn, dry yellow onions, hard shell squash, cauliflower, broccoli and head lettuce."

Meat prices, on the other hand, remain about the same as a week ago, the specialist continued. At pork counters, look for values on Boston-butt roasts, end chops, rib end roasts, spare-ribs and semi-boneless hams. "Some stores feature beef specials on chuck

AT ANY RATE, even an expert can conclude that traffic accidents drop when the number of cars on the highways drop. Somebody has said something about that sometime before, I think, but so far nobody has done anything about it.

Do They? Achievements are like trousers - they become threadbare if you rest on them. -Sunshine Magazine.

Safest The safest rule for predictions is to be indefinite about the date. Sooner or later almost anything can happen. -Labor.

Reservations Needed In Some Parks
 Need to reserve a cabin, lodge room, shelter or group facility in a state park for, say, Memorial Day next year? Better get your name in to the park superintendent between Jan. 1 and 10 because the Parks and Wildlife Department is holding a drawing at 10 a.m. Jan. 11 in the respective parks to set reservations for high-use days during the coming year. Parks and Wildlife Department officials say that only cabins, lodge rooms, shelters and group facilities may be reserved. Campsites and trailer spaces in state parks may not be reserved but are continually available on a first-come, first-served basis. Those wishing to participate in the Jan. 11 drawing must submit their reservation requests to the park superintendent where the facility is desired. Reservation requests will not be accepted by the department until Jan. 1. Additional dates should be indicated in the order of preference to insure a greater chance for obtaining a reservation. Requests for cabins must include the total number of persons in the immediate

family who will occupy the cabin. Children under six years of age need not be included. In the event one cabin will not accommodate the number of persons in the immediate family, two cabins will be reserved with the participant's permission, provided an adult occupies the cabin with the minor children. A deposit - check or money order - in an amount equal to one day's fee must accompany reservation requests. Participants in the drawing will be notified after Jan. 11 if their reservations have been confirmed. If not, the deposit will be returned. After Jan. 11, reservations for cabins, lodge rooms, shelters and group facilities will be made on the usual first-come, first-served basis.

Bad Company It's no wonder the underworld is so rotten when you observe the kind of important citizens it pals with. -Record, Chico, Calif.

Highway Missile He who travels over 60 miles an hour is not driving his car - he's aiming it. -News, Dallas.

Retirement Incomes Rise In Deaf Smith County

The number of Deaf Smith County residents who are getting Social Security checks each month from Washington continues to rise. And the amounts that are going to them are increasing as well. The latest upward revision, just acted upon by Congress, will boost their payments by 11 per cent during 1974. A total of 1,915 persons in the local area, more than ever before, are now on the receiving end. Three years ago there were 1,663.

THEY ARE benefitting from the contributions they made to the Social Security Trust Fund over the years via money deducted from their pay envelopes. The majority of the recipients are retired workers. The others include disabled workers, widows, children and other dependents. The facts and figures are contained in the latest annual report of the Social Security Administration.

THEY SHOW that the increase in the number of beneficiaries has been due, chiefly, to periodic revisions of the law. The changes have had the effect of bringing more and more people under coverage. Nationally, as a result, more than 9 out of 10 working and people now have Social Security protection. Along with the increase in the number of persons enrolled has been the big increase in the size of pension checks.

IN DEAF Smith County, the average annual payment per recipient was \$1,403 in the past year, considerably more than

the \$851 paid three years ago. The combination of more beneficiaries and bigger checks has boosted considerably the inflow of cash to the local area. The government's figures show that overall payments to local residents, as of the beginning of this year, were at the annual rate of \$2,688,000. Three years before, by way of contrast, the total was only \$1,416,000.

THE RISE, 89.8 per cent, tops the United States rise of 81.3 per cent and the West South Central States' 80.9 per cent. To help pay for the 11 per cent hike in benefits that will be go-

CARD OF THANKS The family of Ervin Robinson, Sr., wishes to express their gratitude and appreciation to the many who called, brought food, sent flowers and made donations to the Heart Fund and the Cancer Fund. Our special thanks to the Police Night dispatcher, the patrolman who responded so rapidly and the men on the emergency unit. The Family of Ervin Robinson, Sr.

Reservations Needed In Some Parks
 Need to reserve a cabin, lodge room; shelter or group facility in a state park for, say, Memorial Day next year? Better get your name in to the park superintendent between Jan. 1 and 10 because the Parks and Wildlife Department is holding a drawing at 10 a.m. Jan. 11 in the respective parks to set reservations for high-use days during the coming year. Parks and Wildlife Department officials say that only cabins, lodge rooms, shelters and group facilities may be reserved. Campsites and trailer spaces in state parks may not be reserved but are continually available on a first-come, first-served basis. Those wishing to participate in the Jan. 11 drawing must submit their reservation requests to the park superintendent where the facility is desired. Reservation requests will not be accepted by the department until Jan. 1. Additional dates should be indicated in the order of preference to insure a greater chance for obtaining a reservation. Requests for cabins must include the total number of persons in the immediate

family who will occupy the cabin. Children under six years of age need not be included. In the event one cabin will not accommodate the number of persons in the immediate family, two cabins will be reserved with the participant's permission, provided an adult occupies the cabin with the minor children. A deposit - check or money order - in an amount equal to one day's fee must accompany reservation requests. Participants in the drawing will be notified after Jan. 11 if their reservations have been confirmed. If not, the deposit will be returned. After Jan. 11, reservations for cabins, lodge rooms, shelters and group facilities will be made on the usual first-come, first-served basis.

Retirement Incomes Rise In Deaf Smith County

The number of Deaf Smith County residents who are getting Social Security checks each month from Washington continues to rise. And the amounts that are going to them are increasing as well. The latest upward revision, just acted upon by Congress, will boost their payments by 11 per cent during 1974. A total of 1,915 persons in the local area, more than ever before, are now on the receiving end. Three years ago there were 1,663. THEY ARE benefitting from the contributions they made to the Social Security Trust Fund over the years via money deducted from their pay envelopes. The majority of the recipients are retired workers. The others include disabled workers, widows, children and other dependents. The facts and figures are contained in the latest annual report of the Social Security Administration.

THEY SHOW that the increase in the number of beneficiaries has been due, chiefly, to periodic revisions of the law. The changes have had the effect of bringing more and more people under coverage. Nationally, as a result, more than 9 out of 10 working and people now have Social Security protection. Along with the increase in the number of persons enrolled has been the big increase in the size of pension checks. IN DEAF Smith County, the average annual payment per recipient was \$1,403 in the past year, considerably more than

the \$851 paid three years ago. The combination of more beneficiaries and bigger checks has boosted considerably the inflow of cash to the local area. The government's figures show that overall payments to local residents, as of the beginning of this year, were at the annual rate of \$2,688,000. Three years before, by way of contrast, the total was only \$1,416,000. THE RISE, 89.8 per cent, tops the United States rise of 81.3 per cent and the West South Central States' 80.9 per cent. To help pay for the 11 per cent hike in benefits that will be going

into effect, the amount of a worker's income that will become subject to Social Security tax will be \$13,200 in 1974, instead of the present \$10,800.

After Husband-What is left of a sweetheart after the nerve has been killed. -Quonset Scout.
 Do They? Achievements are like trousers - they become threadbare if you rest on them. -Sunshine Magazine.
 Safest The safest rule for predictions is to be indefinite about the date. Sooner or later almost anything can happen. -Labor.

Retirement Incomes Rise In Deaf Smith County

The number of Deaf Smith County residents who are getting Social Security checks each month from Washington continues to rise. And the amounts that are going to them are increasing as well.

THEY ARE benefitting from the contributions they made to the Social Security Trust Fund over the years via money deducted from their pay envelopes.

THEY SHOW that the increase in the number of beneficiaries has been due, chiefly, to periodic revisions of the law.

IN DEAF Smith County, the average annual payment per recipient was \$1,403 in the past year, considerably more than

After Husband-What is left of a sweetheart after the nerve has been killed. -Quonset Scout.

Do They? Achievements are like trousers - they become threadbare if you rest on them. -Sunshine Magazine.

Safest The safest rule for predictions is to be indefinite about the date. Sooner or later almost anything can happen. -Labor.

CARD OF THANKS The family of Ervin Robinson, Sr., wishes to express their gratitude and appreciation to the many who called, brought food, sent flowers and made donations to the Heart Fund and the Cancer Fund. Our special thanks to the Police Night dispatcher, the patrolman who responded so rapidly and the men on the emergency unit. The Family of Ervin Robinson, Sr.

Reservations Needed In Some Parks

Need to reserve a cabin, lodge room, shelter or group facility in a state park for, say, Memorial Day next year? Better get your name in to the park superintendent between Jan. 1 and 10 because the Parks and Wildlife Department is holding a drawing at 10 a.m. Jan. 11 in the respective parks to set reservations for high-use days during the coming year. Parks and Wildlife Department officials say that only cabins, lodge rooms, shelters and group facilities may be reserved. Campsites and trailer spaces in state parks may not be reserved but are continually available on a first-come, first-served basis. Those wishing to participate in the Jan. 11 drawing must submit their reservation requests to the park superintendent where the facility is desired. Reservation requests will not be accepted by the department until Jan. 1. Additional dates should be indicated in the order of preference to insure a greater chance for obtaining a reservation. Requests for cabins must include the total number of persons in the immediate

Bad Company It's no wonder the underworld is so rotten when you observe the kind of important citizens it pals with. -Record, Chico, Calif.

Highway Missile He who travels over 60 miles an hour is not driving his car—he's aiming it. -News, Dallas.

Retirement Incomes Rise In Deaf Smith County

The number of Deaf Smith County residents who are getting Social Security checks each month from Washington continues to rise. And the amounts that are going to them are increasing as well. The latest upward revision, just acted upon by Congress, will boost their payments by 11 per cent during 1974. A total of 1,915 persons in the local area, more than ever before, are now on the receiving end. Three years ago there were 1,663.

THEY ARE benefitting from the contributions they made to the Social Security Trust Fund over the years via money deducted from their pay envelopes. The majority of the recipients are retired workers. The others include disabled workers, widows, children and other dependents. The facts and figures are contained in the latest annual report of the Social Security Administration.

THEY SHOW that the increase in the number of beneficiaries has been due, chiefly, to periodic revisions of the law. The changes have had the effect of bringing more and more people under coverage. Nationally, as a result, more than 9 out of 10 working and people now have Social Security protection. Along with the increase in the number of persons enrolled has been the big increase in the size of pension checks.

IN DEAF Smith County, the average annual payment per recipient was \$1,403 in the past year, considerably more than

the \$851 paid three years ago. The combination of more beneficiaries and bigger checks has boosted considerably the inflow of cash to the local area. The government's figures show that overall payments to local residents, as of the beginning of this year, were at the annual rate of \$2,688,000. Three years before, by way of contrast, the total was only \$1,416,000.

\$85,000 Red Crown Classic

The finals of the \$85,000 Red Crown Classic, the richest tournament in the history of women's professional bowling, will be held at Brunswick Perry Hall Lanes, Baltimore, Md., Jan. 5 (3:30-5:00 p.m.). This will mark the first time that a Professional Women's Bowling Association (PWBA) tournament has been broadcast on network television.

A field of 192 top women pros will compete in the five-day event, which carries a winner's prize of \$12,500. The field will include Judy Cook, currently the highest bowler on the PWBA tour; Patti Costello, current Bagley of the Year; Dottie Fothergill, all-time leading money winner; Paula Saeffer, 1971 Bowler of the Year; and Yvonne Grindfield, rising young star from California. Miss Cook recently set two PWBA records.
