Hail, Rainstorms Lash County

Wheat, Milo, Cotton Hurt

Heavy thunderstorms lashed the Deaf Smith County area for the third night in a row Tuesday bringing additional heavy rains with high winds and some small hail.

All of the storms have hit the Hereford area during the evening and night time hours and were accompanied by brilliant electrical displays.

Heaviest of the three storms struck in the area about 6:45 p.m. Monday. Wind gusts ranging from an estimated 50 to 70 miles an hour picked up dust and sand as the storm raced toward the city.

When it hit visibility was sharply cut and limited to four or five blocks before a heavy, driving rain cleared the air.

During the heavy rain, visibility was also severely limited. Traffic was slowed to a snail's pace as the heavy rain flooded some intersections and filled gutters.

It was reported that lightning struck a utility pole in the city setting it on fire during the height of the storm. However, Hereford Volunteer firemen answering the call were unable to locate the blaze.

No major damage to transmission lines was reported by either the Southwestern Public Service Company or the Deaf Smith County Electric Co-Op. Both service companies listed all trouble as minor.

The most serious trouble with power lines in the city came as a TV antenna blew down during the Monday evening storm and fell across a line. Crews working on the line restored service within a few hours.

Monday's storm, the heaviest and most severe, is reported to have dumped .85 of an inch of moisture on the city in a 20-minute period. Total rainfall, however, measured .96 of an inch.

Sunday's thunderstorms brought only .26 of an inch with .52 of an inch reported during the storm here Tuesday. Heavier amounts and some hail have been reported in surrounding areas.

Crops in the area which would normally benefit from the rains have suffered due to the downpours. Some washing of grain sorghum and cotton (Continued on page 2)

SHREDDED GRAIN SORGHUM plants testify to the severity of a hailstorm which battered an area in the northwest section of the county Friday night. The brief, savage storm is reported to have dumped hail ranging in size from marbles to softballballs on the area. One farmer described the hailstones as just chunks of ice. Damage to crops in the four-mile wide by eight-mile long area was estimated at a quarter of a million dollars and upwards. Wheat was heavily damaged with some fields wiped out. (Staff Photo)

School Will Ask Alternate Materials Field House Bid

Hereford school trustees decided Tuesday night to ask for three alternate construction bids on a new field house, approved two requests for the high school music department and raised one salary during a three-hour meeting.

After considerable discussion, the trustees decided to call for bids on different types of building materials for the proposed field house. During planning stages, trustees had thought that concrete block would be the best material.

But further investigation led them to ask that the architect also prepare specifications for alternate bids to build the structure of steel, tile or brick.

At the previous meeting, the board had discussed the possibility of having a ten-month high school band program. This was felt to be slightly too long as trustees voted for band work to start two weeks before school begins in the fall.

Trustees gave approval for the high school choir to attend the Buaneer Music Festival at Corpus Christi next spring. The board will pay the \$800 transportation cost.

Superintendent Paul Stevens reported that three bids had been received to move the present football stands. Ritchie of Hereford was low with a bid of \$2000. Edwards and Messer of Hereford bid \$2300 and a Panhandle, Tex., firm bid \$3900.

The low bid will be accepted, providing the successful bidder can furnish performance bond and enter into contract.

Bids are still being received to move the existing football stadium lights and poles, Stevens told the board.

Salary of business manager Kendall Williams was raised from \$8000 to \$9500 per year.

Trustees approved the transfer of 16 students from the Walcott School District to Hereford as well as the transfer of 39 students from the Hereford District to adjoining school districts. Included are 15 to Umbarger, 4 to Canyon, 5 to Adrian, 4 to Friona, 9 to Vega, 1 to Wildorado and 1 to Dimmitt.

Around Town

No sooner do I write about a lack of water than the bottom falls out and Hereford almost floats after a three-day seige of high wind and rain. But the ground soaked it up almost as it fell and could absorb a lot more. Our yard has been drenched almost constantly this summer, but we had no puddles the morning after any of our rains.

Any "girl" (that's the term used by women out of their teens to denote any female less than 110) interested in the "Sweet Adelines" is invited to attend a meeting at 7:30 p.m. Thursday, June 14, at the Deaf Smith County Electric Cooperative building. The Amabelle choir from the Amarillo chapter of the international organization will be on hand in costume to sing and then explain the organization. They emphasize that you don't have to be able to read music to participate.

Hereford school board members were feeling better about selling the construction bonds two weeks ago for 3.40 per cent interest. With the bond market "off" right now, the board figures it has already saved \$2325 by selling when it did, rather than advertising for bids on the bonds.

Apparently JFK's personal and administrative overtures to the "SOB" businessmen had little attraction last week as the stock market took another sharp plunge. Offhand, it looks like the businessmen feel they have been kicked around too much to accept a conciliatory pat on the head just yet.

Anyone who contends that the next generation will be fed a steady diet of TV dinners and "box" baked goods should trot out to the Bull Barn Thursday and see the annual 4-H Club Bake Show. Those little girls, with some good instruction, have learned how to cook up a storm. In fact, most of them qualify to bake that cherry pie for Billy Boy, as asked in the old song.

With a victory under their belt, the Hereford Redbirds will play their second American Legion game at Canyon Sunday, June 17, starting at 2 p.m. Nazareth will be at Palo Duro in the other game.

A make-up game in Pony League Saturday night will match the Indians and the Tigers.

A one-day West Texas Chapter PGA Pro-Amateur golf tournament will be held here Monday, June 18. Foursomes will start teeing off at 8:30 a.m., but the deadline for entering will be 12:30 p.m. for the 18 holes.

Thursday, June 14, is Flag Day. If you have an American flag at your home, please fly it all day. The street flags will be in place Thursday at Hereford businesses.

Urge Training In Water Safety

Some 6,500 drownings are predicted by the American Red Cross this year, the majority of which will result from water recreation such as swimming, skiing, and boating.

"It is to help prevent this that the Deaf Smith County Chapter of the American Red Cross issues this safety advice," states Oliver Streu, chairman of the chapter's water safety program.

"Learn to swim. If you can swim learn to swim better, but in either case sign up for the Red Cross swimming classes. Saturday is the last day for registration for the first session," Streu added.

Registration for the first session of the Learn to Swim and Water Safety classes at the municipal pool will continue until Saturday. As of Wednesday morning some adults and children had signed for the classes which will begin June 18.

A second session of instruction will be held July 9-21, Streu pointed out, for those unable to enroll in the first classes. There will be classes for both adults and children over eight years of age.

"Learn to Swim" is the first of 12 water safety rules outlined by the American Red Cross to prevent drowning and injury on the water. Other water safety rules which the Red Cross stresses include the following:

- 1. Always swim in shallow water.
2. Always swim with a companion. Make sure someone is near by if you get into trouble.
3. Swim in a safe place. The presence of lifeguards usually indicates the area is safe.
4. Know the area. Before diving, make sure the water is deep enough and that there is no hidden objects such as submerged rocks.
5. Respect the water and know your limitations. Don't go beyond safe limits or your swimming capacity.
6. Use discretion. Wait at least an hour after eating before swimming, and don't

School Manager Finds A Limit On Efficiency

Efficiency is fine, but... Efficiency can be overdone, as Hereford school business manager Kendall Williams admitted Tuesday night with a red face.

With schools closed, and almost everyone in the system on vacation, Williams decided to have most of the telephones disconnected in order to save some money for the district.

The thought quickly became action. Cries of anguish followed when transportation manager Bob Wilson and agriculture teacher Jess Robinson found nothing but silence when they started to use their phones. Both work during the summer in their respective offices.

Seems that in his zeal, Williams had instructed the phone company to disconnect more lines than necessary. The needed lines now are open again.

Williams has retreated to his office to figure out another way to save money for the school district.

Law Officers Warn Teenagers About Penalties For Theft

By Gardner Collins Brand Staff Reporter

County and city law enforcement agencies are being forced to adopt a stiffer policy in dealing with teenagers involved in the theft of automobile parts from privately owned vehicles and irrigation motors, according to the Hereford Police Department and the Deaf Smith County Sheriff's Office.

In calling for a crackdown on teenage offenders, it was pointed out that an alarming and serious problem has developed concerning the thefts.

Such thefts have been termed alarming because they are widespread throughout the city and county. Some have involved top-ranked students and athletes in the community.

Both Lowell Sharp, sheriff, and Marshall Padgett, acting police chief, pointed out the seriousness of the offenses stated.

County 4-H Bake Show Thursday

Annual Deaf Smith County 4-H Club Bake Show will be held Thursday, June 14, in the county Bull Barn.

About 25 girls from various county clubs are expected to enter the show, according to director Loreta Fowler.

Entries will be in place by 9 a.m., when judges will start their rounds. They will be judging two-crust pie and baking powder biscuits this year.

Miss Fowler will present the awards at 1 p.m., climaxed by the announcement of the County Bake Show Queen. The county Bake Show Queen will enter district competition at Amarillo in September.

Parmer County Arrests Youths In Theft Case

Three Hereford youths were arrested here Monday and returned to Farwell as felony warrants were issued against the teenagers by the Justice of the Peace in Farwell.

Charged with felony theft were Robert Neil Uselton, 18, 335 Ave. A, and Larry Don Carlson, 17, 711 Blevins. Garry Wayne Tyler, 19, 611 Main Street, was filed on for receiving and concealing stolen property — a felony charge.

It was alleged that the two youths charged with the theft took a manifold and carburetor off of a new car parked on a dealer's lot over the weekend.

The theft is said to have occurred in Friona.

The three Hereford teenagers were returned to Friona Tuesday morning by the Parmer County Sheriff.

Action on all three charges is pending before the Parmer County Grand Jury.

Man Sentenced After Knifing

A Latin American was sentenced to six months in the county jail by County Judge H. C. Williams on a charge of aggravated assault following a knifing incident Saturday.

Receiving the sentence in County Court on Tuesday was Francisco Hernandez, 26, 316 Ave. D.

Hernandez is alleged to have knifed another Latin American, Prajedes Villareal, on a county road west of town, according to the Deaf Smith County Sheriff's Office. He was arrested early Sunday.

Villareal was hospitalized with knife wounds following the incident. He was released Wednesday morning, according to the hospital.

Latin - American Fined, Sentenced On DWI Charge

A 21-year-old Latin-American was fined \$100 plus court costs and sentenced to 10 days in jail Monday as he entered a plea of guilty to a charge of driving while intoxicated, first offense.

Sentenced and fined was Enrique Tijerina, 208 Norton. He was tried in County Court with Judge H. C. Williams presiding.

Tijerina was arrested about 3:45 a.m. Sunday by a Hereford Police Department patrolman in the 200 block of Norton St.

Microfilming County Records Gets Approval

Deaf Smith County Commissioners voted Monday to have county records microfilmed, but tabled almost everything else that came up.

The Court agreed to hire Microfilm of Amarillo to shoot all the county records. Cost will be about \$3600.

Among the items which will come up again next meeting was a suggestion by Judge H. C. Williams that each commissioner serve a term as member of the county child welfare board to get a better idea of some of the county's problems. He suggested that each commissioner serve for a 12-month period, but commissioners felt that six months at a time would be better.

Final decision on the matter is expected at the next county meeting.

A representative of Bell Telephone talked about installing a police network teletype unit in the Sheriff's office. It would become part of a Panhandle-wide network to relieve part of the load of radio and long-distance telephone calls now used by the various police units. Judge Williams will talk with City of Hereford officials about the possibility of combining operations and using a single teletype unit.

Bids were opened, but tabled, on resurfacing a total of 6.1 miles of road in Precincts One and Two.

Armed Steel Products of Amarillo was authorized to furnish materials to repair a bridge in Precinct One and build a bridge in Precinct Three.

Upon presentation of Estimate No. 3, the court paid \$7,233.18 toward the cost of the administrative and operating wing on the county hospital.

Commissioners voted to pay Delmar Durrett \$3200 for damages, as recommended by the Jury of View, for opening a road in Precinct Four.

Mrs. Raymond Higginbotham was appointed to the county child welfare board. She will replace Mrs. Bert Boomer.

Commissioners spent about two hours conferring with Homer E. Henslee, who is preparing to draw up the county budget for 1963.

**Hail...**

(Continued from page 1) fields has been reported. However, no estimates of the amount of damage is available. Wheat that is just beginning to mature has suffered from the heavy rains and high winds. Some extensive hail damage occurred in sections of the county.

A vicious hailstorm striking in the northwest section of the county Friday night cut a four-mile wide and eight-mile long swath through grain fields west of Farmers Corner.

Many wheat fields were battered and milo and sudan suffered extensive damage. Losses of wheat ranged from a low of 15 per cent to 100 per cent damage.

Farmers in the section battered by the storm said that it hit the area between 7 p.m. and 8 p.m. striking from the northwest.

Even though it lasted a short time, the hail stones ranged in size from marbles to softball size.

One farmer described the hail as being just chunks of ice.

Damages to the northwestern section of the county were estimated at a quarter of a million dollars and upwards. Much of the wheat in that section was a complete loss.

With the heavy rains, which have come at the wrong time, wheat harvesting has slowed. In many sections of the county, however, the grain has not reached maturity.

Area elevator operators have expected the 1962 crop to be ready for harvest this week. But, combining has been delayed again.

To the north of Hereford, wheat growers were in the fields harvesting Monday. Since the heavy thunderstorms, the operation has come to a standstill.

**Law...**

(Continued from page 1) what they are doing. Not only does a felony offense carry a prison sentence and sometimes a fine. It also affects a person's rights and privileges as a citizen.

Misdemeanor crimes are, however, less serious and usually involve the loss of property valued at less than \$50 and other minor offenses listed in the criminal code.

Another area of concern among law enforcement officials is the illegal consumption of beer and liquor by area youths, which has been described as increasing.

It was pointed out that a minor can be charged with a misdemeanor offense for either consumption or possession of any alcoholic beverage.

Not only can the minor who bought the liquor or beer be charged for the offense, but every minor that is in the car at the time also may be charged.

Even though the offense is considered as a misdemeanor, a maximum fine of \$100 can be imposed, plus a jail sentence.

**She Flips Over Wig**

By VIVIAN BROWN  
AP Newsfeatures Writer

Should a young girl wear a wig? That's the question from the mother of a 17-year-old, high school girl. She writes:

"My daughter has very fine hair and very little of it. It has been difficult for her to manage, but she has never complained until recently when the wig rage began. Now she reads that movie stars and some prominent women wear wigs and she has gone into an utter slump because we do not want her to wear one. She thinks it will solve her hair problem.

"She is very attractive and though her fine hair could have more body to fill out her appearance, it is a lovely blonde shade and she is very popular with the boys. How can we convince her that it is a silly idea to wear a false head of hair?"

She's possibly more interested in the fashion possibilities of a wig than in its practical value; and perhaps she is using her thin hair as an excuse for wanting one, even though she is not aware of her reason. Young people like to flirt with new ideas and many wear the inexpensive wigs to parties for fun. If she wants you to invest in a real hair wig however, the expense involved should be enough to convince her that the investment should prove some need to justify itself. From what you write, her fine hair doesn't seem to be a drawback to her looks or popularity.

Many important women do wear wigs for travel to protect their own hair from humidity or for social engagements because their own busy schedule doesn't give them enough time to get to beauty parlors.

A good hairdresser should be able to give your daughter some pointers on dressing her hair to give it more body.

# Nine Boys Are Attending Summer Basketball Camp

By Ann Beavers  
Nine Adrian boys are attending a basketball camp at Plainview this week, beginning June 8. Only 22 boys from the area are attending the camp. This allows more time for individual training.  
Athletes work out three times daily, and scrimmage at 7:30 p. m. each evening.

Boys also swim and have baseball practice. Attending the camp are Dale Grubhkey, David Whitten, Clinton and Bobby Brown, Mike Horton, Davy Grubhkey, Bill Perry, Demon Davis, and George Harwood.  
Jack Lisle, two-year-old son of Mr. and Mrs. Bill Thurmon of Amarillo, suffocated recent-

ly. He had been reported lost, but his mother found him in a bedroom with a plastic bag over his head.  
Survivors include Mr. and Mrs. Thurmon and the grandparents, Mr. and Mrs. Ralph Amos and Mr. and Mrs. Charles Thurmon, and the great-grandparents, Mr. and Mrs. T. O. Woodie of Tucumcari, formerly of Adrian. The funeral was held Thursday at Boxwell Brothers Funeral Home.  
Mrs. Gudgeon and Bill and Mitchell visited in Plainview last Thursday with relatives.

Mr. and Mrs. Don Morgan went fishing at Lake Conchas last weekend.

## Young Homemakers Club Elect New Officers

Mrs. Pete Lowrie was hostess to the members of the Young Homemakers Home Demonstration Club when they met June 5 in her home.  
The business session was presided over by Mrs. Richard Clark, president. She called the meeting to order and Mrs. Don Jackson called the roll with the members answering with "I. What I have learned about traveling; and 2. A vacation that I enjoyed the most."  
The program followed the same theme as the roll call. Mrs. F. D. Bryant gave some useful information on "What Makes a Successful Vacation". Mrs. Melvin Shaw continued the

program by telling how to "Plan A Vacation".  
The next meeting will be a covered dish luncheon at the Bull Barn. Everyone was urged to come, bring a dish and enjoy the fellowship.  
Mrs. Kenneth DeHart gave the council report. Seven members expressed a desire to enroll in the basic dressmaking course and program scheduled for July. Members were reminded to give their articles for the Safety Contest to M. S. Richard Clark.  
Officers elected for the next year are as follows: Mrs. Melvin Shaw, president; Mrs. Don Jackson, vice president; Mrs. Pete Lowrie, secretary and treasurer; Mrs. Charles Brothers, assistant secretary; Mrs. Roy Evans, council delegate; Mrs. Kenneth DeHart, alternate delegate; Mrs. Leroy Brown, reporter; Mrs. Lee Roy Burges, assistant reporter; and Mrs. Richard Clark, parliamentarian.  
Those present were Mesdames Richard Clark, Melvin Shaw, Don Jackson, F. D. Bryant, Kenneth DeHart, Charles Brown, Roy Evans, James Statton, and the hostess, Mrs. Pete Lowrie.

**Miller Receives Degree From NM**

Robert Miller will receive his Bachelor of Science Degree in Pharmacy in commencement exercises Thursday from the College of Pharmacy of the University of New Mexico in Albuquerque.  
During the last two years Miller has worked through the Allied Drug Travelers' scholarship. He served as president of Kappa Psi, national pharmaceutical fraternity and was co-ordinator of District IX of the fraternity.  
His sophomore year he was vice president of his class and also was vice president of the junior class. He served on the student senate and was chairman of the student council coordinating committee at the University of New Mexico. Miller is a member of the American Pharmaceutical Association, the University of New Mexico Veterans Association, and the Interfraternity Governing Council at the University.  
After graduation he and his family will make their home here, where he will be employed at Rogers' Drug. He is the son of Mrs. H. E. Miller of Hereford.

## Two Girls Attend N. M. Music Camp

Misses Sharon Tinnin and Cathy Bilibrey of Hereford are attending music camp for two weeks on the campus of Eastern New Mexico University in Portales, N.M. They left Hereford for camp on Sunday, June 3, and will return home on Saturday afternoon, June 16.  
Parents of the girls, Mr. and Mrs. Dale Tinnin and Mr. and Mrs. Glyn Bilibrey, attended the concert in Portales on June 9. Sharon and Cathy sang in the choir presentations.  
The couples will make the trip to Portales again on Friday night, June 15, to attend the final concert by the campers and will bring the girls home with them on Saturday.

**BAKER GOT CLOSE**  
NORWALK, Calif. (AP) — Five men from the Russian Ministry of Higher and Secondary Specialized Education toured Cerritos College here, concentrating on science facilities and curriculum.  
Chief of the delegation Boris Kuzmin, asked chemistry instructor Ev Baker to weigh a Russian coin. Baker measured it on an automatic balance and gave an answer of 1.0001 gram. "Very good," said Kuzmin. "You are within 1/10,000th of a gram."

Feeding themselves a whole meal is sometimes an exhausting experience for toddlers! If your almost-two-year-old gets tired of manipulating lunch or supper into his mouth before he's quite finished, he needs your quiet helping hand.

Because homogenized milk has its fat globules broken up into tiny particles that are evenly distributed throughout the milk, the milks nutrients are also uniformly distributed.

Records show that 32.83 percent of the wagering at New York thoroughbred racetracks in 1961 was done at the \$2 window.

Original Aqueduct, opened in 1894, was a three-quarter mile track. The stretch was so narrow that only six horses could run abreast.

Grandma's cut-glass berry dish still makes berries look exceptionally attractive! It's also excellent to use for trifle — that English dessert concoction of sponge cake or lady fingers, fresh or canned fruit and custard sauce.

By JIMMIE GILLENTE

Most Americans like to gripe, and we had a pretty good topic going in the recent drouth — until it rained this week and ruined the whole set-up. Most people seem pretty happy, though, and they can still complain because the rain didn't come sooner. The dry spell lasted so long that even some of the old timers were beginning to take notice. Dave Alexander avows he has seen it so dry in this country that the farmers honestly welcomed a big hail storm. And, brother, that is really getting arid.

The moisture will be a big help, especially to the ranchers who were seriously concerned over pastures as well as crops. A lot of cotton has to be replanted or missed for various reasons.

Meanwhile, it won't be long before Hereford's population begins to increase with the arrival of itinerant workers. A few are already pulling in and another couple of weeks should really jump the nose count. I notice an interesting letter in this issue from a Latin American mother concerning the swimming pool. Without doubt, the lady has justice and Christianity on her side of the argument. On the other hand, it is pretty rough to have year-around tax payers crowded out by the tremendous influx of itinerant people who generally pay far less into city coffers. Naturally, if local Latinos use the pool, so will the visitors — and there just isn't room for everybody when things begin humming. Up to now, the pool has been pretty well integrated, except on weekends. All of this is part of our "changing America", however, and it was bound to happen sooner or later. Recent supreme court rulings seem to leave the city little choice. I also notice results of integration in Little League, possibly to an even greater extent than our public schools, which were leaders in the movement.

I notice that Pick Harman got started on his new remodel job this week. Pick has sketches for one of the fanciest store fronts you ever saw. In fact, if it turns out any-

thing like the pictures, it will be one of the nicest in the Panhandle.

For a long time, I have been thinking that the Panhandle should petition to divide Texas, and establish a separate state. Our constitution says Texas can be cut into as many as five states. Since Alaska, we are no longer the largest, and certainly we have little in common with the Valley or East Texas. We usually vote different from the rest of the state, we pick up the check for more than our share of its operation, and we are almost always ignored. Being a Texan is nice, but I would just as soon be a West Texan. About the only thing we would lose would be the Alamo — and the fact that we would also lose LBJ would offset that. We would gain a couple of U. S. Senators, and perhaps a Representative or two. We would also have one of the most prosperous states in the union on a per capita basis. I am not kidding. I think the time has come. Does anyone agree? Disagree? I would sure like to have some comment on this subject.

Lots and lots of people have asked about the libel suit Secretary Orville Freeman has threatened against the Amarillo news. It is strictly opinion, but I do not think the suit will ever be filed. Besides, if the News libeled Mr. Freeman once, they did it again when they reprinted the three paragraphs — and the way they handled it didn't look to me as if they were overly worried about the outcome. As I said, this is pure speculation. I haven't talked with anyone on the News or Globe.

You seldom find Jack Gilliland without a comeback, but the other morning he was really down. His telephone was out, his car wouldn't run — and his wife was out of town. He finally went across to Poarch Bros. and talked Bill Howard into bringing him down for a cup of coffee, which apparently wasn't too difficult.

The Hereford firemen are running Earl Phillips for vice president of the Texas Volun-

teer Firemen's association and, from what I hear, his chances are better than average. If successful, this means that Earl will elevate into State Chief — and they couldn't find a better man.

If you cannot swim, be sure and check into the Red Cross classes. This is a wonderful opportunity for adults, as well as for children eight years of age and over. Classes open June 18, and you couldn't get better instruction anywhere.

Which reminds me of a conversation with a local lady the other day, who said that the pioneer women didn't have it as tough as the modern housewife. I was amazed until she explained: "Grandma had to work hard but she never did have to clean a swimming pool."

Many ardent supporters are beginning to change their opinion of Kennedy and his administration. Mostly, this is due to his stand for "medicare" and his stated antagonism toward business. Right now he would get very few votes for re-election. And to cap it all, the Republicans are talking about running Rockefeller on the GOP ticket next year; all along they have been telling us we need to be more conservative, then they turn around and lay plans to offer the only man they have who might be more liberal than Kennedy. The only thing stranger than politics is politicians.

Have you noticed the progress on the Methodist home for golden agers? It is coming right along. I was surprised to note how close it is located to the ball park and athletic field.

"Modern?" That's like when you've got Gas Air Conditioning!

"Modern" is a real hard word to explain. Like, for instance, if you were talking about the "newest" in Summer comfort — the Sun Valley Gas air conditioner. It's the "most" in Summer comfort, because the air is the "coolest," and "cleanest" — and stays that way when it's "hottest" outside. You might say it's the "economical"est, too, because it uses low-cost, dependable GAS. And no moving parts in the heating or cooling cycles make it the "maintenance free"est" of any unit on the market. So I guess you'd say "modern" ends everything with an "est," like the Sun Valley does.

# HD Council Plans Program Of Work

The Home Demonstration Club Council met recently in the Deaf Smith County Courthouse with Mrs. George Turrentine as the presiding officer. Mrs. Turrentine call the meeting to order and led the group in the "Club Collect". Ten clubs answered roll call, seven of which were 100 per cent.

Seven visitors were present. The minutes of the last meeting were read for correction and approval. Mrs. O. L. Williams read thank-you notes from Mrs. Marie Fowler, Mrs. R. L. Campbell, Mrs. Clara Gillentine, Mrs. Donald Hicks, and Mr. and Mrs. Homer Henslee. Reports from the standing committees were given. A reporters meeting will be held on June 25, Monday, in the County Courtroom.

Mrs. Argen Draper reminded the group to continue sending their favorite recipes to her. Mrs. H. S. Fuller gave a T.H.D.A. report. Luncheon committees gave their reports. Mrs. Bess Werner thanked the council for entertaining her as "H. D. Woman of the Year". Mrs. Draper suggested that the council give the outgoing T.H.D.A. chairman a pin of appreciation. Those present voted to continue club entertainment for the next year.

A safety committee was appointed to enter the Safety Contest. Named to this committee were Mrs. Roy Evans, chairman, Mrs. Richard Clark and Mrs. Taft McGee. Mrs. Joe Wagoner suggested that each club keep a scrapbook of next year's work for contest purposes.

Nominating committee members elected were Mesdames Joe Wagoner, Bess Werner and J. B. Caraway. Delegates elected to attend the state meeting were Mesdames Louie Olson, E. C. Hammett and Joe Wagoner. Alternates elected were Mesdames H. S. Fuller, Raymond Smith and Doice Nivens.

Officers present were Mrs. George Turrentine, chairman; Mrs. E. C. Hammett, recording secretary; Mrs. O. L. Williams, corresponding secretary; Mrs. J. G. Gandy, treasurer; and Mrs. Roy Evans, reporter.

## Letter To The Editor

Dear Editor,  
I was shocked Sunday when I took my nephews to the swimming pool. The first boy was let in because his skin is white, but they wouldn't let in his brother because of the color of his skin and this went for all the other Latin Americans.

Tell me, is this a true democracy? As you know Hereford is a very religious town. Our kids go to Bible school. One of the songs they teach them has the following lines: "Red and yellow, Black and White, they are precious in His sight." Why don't they practice what they preach? Every where you turn there are churches. Is this what these hypocrites learn?

Our kids were born and raised here. They go to the same school, eat at the same table, our boys are on the baseball teams. Then why do they do this to us anyway.  
My brother and sister finished High School here. Their friends were and still are white kids. They slept with them on school trips and at home. They didn't see them any different. It isn't the young generation that I blame because I have seen them together at home with our kids. They see them as if they are one of them. And this is the way it should be for a Free World.

We are trying to bring our kids up in a better way of living. To educate them so that they won't have to work like dogs to have something to eat. A lot of us were not educated because we didn't want to and some because they couldn't afford it. It isn't always easy for a man to earn \$1 an hour and have seven or eight kids in school. And yet they are trying and doing their best to educate their children. And this sure isn't helping any.

These kids' fathers, brothers, uncles and kin fought during World War I and II. They didn't see them any different! There they were all equal. Was the reason because they were all fighting for the same reason? Why aren't we equal here? We pay our taxes, so we have the same right as anybody does. As for the color of our skin, aren't we all God's children? It says so in the Bible! What does the Constitution say? It says that all men are created equal and we are all to have the same rights.  
Are we obeying God or the Constitution by this?  
Yours truly,  
s/ Mrs. J. A. Valdez

## Graveside Rites Held For Infant

Graveside rites for Sheryl Mauck, infant daughter of Mr. and Mrs. Raymond Mauck of 325 Avenue B, Hereford, were held at 2 p.m. Tuesday, June 12, at West Park Cemetery in Hereford.

The Rev. Clarence Powell, pastor of the Avenue Baptist Church, officiated at the service. The funeral arrangements were under the direction of Gilliland Funeral Home of Hereford.

The infant died at 1:15 p.m. Monday, June 11, in Deaf Smith County Hospital. She was born early Monday morning. Survivors, in addition to the parents, are the grandparents, Mr. and Mrs. W. W. Rhodes of Hereford and Mrs. Howard Mauck of Welling, Okla.

# 'Friend Husband' Wouldn't Be Changed For The World!

"Friend Husband", in all his glory at the barbecue grill, produces such delicious culinary concoctions that Lela Meharg wonders if she shouldn't turn over the cooking duties at the Meharg household over to her husband, Cleo.

The Mehargs enjoy cooking and serving to relatives and their many friends on numerous occasions. If fish, freshly caught by Cleo, Lela and Milton, are not available, they are adept at cooking any meat that would suit a gourmet.

If Cleo leaves the kitchen looking like an army had marched through, Lela doesn't worry. She says, "he's normal, every woman has one to match him, the family loves him just the same, and wouldn't change him for the world!"

**BARBECUED RIBS**  
Cut spare ribs into serving pieces. Salt, pepper, and roll in flour. Brown quickly in hot fat. Place in roast pan and baste with a specially prepared barbecue sauce. Bake slowly until very tender.

**O'BARBECUE SAUCE**  
1 bottle of catsup  
3 cups of Vegemato or V-8 juice  
6 tablespoons Worcestershire sauce  
2 lemons (juice)  
1/2 cup wine vinegar  
4 tablespoons liquid smoke  
2 tablespoons Tabasco sauce  
1 large onion, grated fine

**Dry Ingredients:**  
1 teaspoon black pepper  
1/2 teaspoon thyme  
1 teaspoon salt  
3 tablespoons brown sugar  
1 teaspoon dry mustard  
1 tablespoon chili powder  
2 bay leaves  
1/4 pound butter (not oleo)

Simmer for 1 hour. Blend 3 tablespoons of cornstarch in 2 cups of cold water — add to thicken.

**OLD-FASHIONED POTATO SALAD.**  
Cook potatoes until tender in salted water. Cool. Grate and place in the salad bowl. Boil eggs; grate and add to potatoes. Cook chopped onions for just a minute, add to the potato mix-

ture. Add chopped pickles and season the mixture with mayonnaise and few drops of vinegar to taste. Small pieces of fried bacon may be added if desired.

**SOUTHERN STYLE SPOON BREAD**

2 cups corn meal  
2 cups water  
3 tablespoons butter or shortening  
1/2 teaspoon salt  
1 1/2 cups milk  
3 eggs

Bring water to a rolling boil. Add corn meal, which has been sifted twice, to the water. Stir meal until it is smooth. Add salt and butter or shortening which has been melted. Stir in the milk. Separate the eggs; beat yolks until light; add to the meal. Beat egg whites until they stand in stiff peaks. Fold whites into the meal. Pour meal mixture into a baking dish that has been greased. Place in a preheated 350 degree oven and bake until golden brown on top, about 30 to 40 minutes. Serve hot with butter. Recipe serves 6 to 8 people.

**MAYRENE'S CHOCOLATE PIE**

In the top of the double boiler, melt 3-5 cent Hershey bars, 1/2 square of chocolate or 1/3 cup of chocolate chips, and 20 marshmallows in 1/2 cup of sweet milk. Melt and let cool. Add 1 cup of toasted pecans and 1 cup of whipped cream. Chill and pour into a Meringue Pie Shell. Top with coconut.

**MERINGUE PIE SHELL**

4 egg whites  
1 cup sugar  
1/2 teaspoon cream of tartar  
Pinch of salt  
Beat egg whites until foamy. Add salt and cream of tartar and beat until the egg whites stand in soft peaks. Gradually add the sifted sugar and beat until stiff. Put the meringue in a 9 or 10 inch greased and floured pie plate and push around the sides. Hollow thin in the middle, like a nestlike shell. Bake in a 250 degree oven for one hour or until delicately browned. Leave in the oven for another hour without heat.

Variations: Add 1 cup finely crushed pecans or sprinkle with coconut. Excellent pie shell for any cream filling, but a necessity for Mayrene's Chocolate Pie.

## OFF THE Shelf

By H. A. Tuck

Bugles blare, hooves thunder and the flag snaps bravely under the western sky as Cavalry Troopers ride to the rescue. You've viewed the scene hundreds of times on movie and television screens, read about it countless times in books and magazines.

Yet little is known of the ordinary life and work of The Troopers, subject of a new non-fiction book by S. E. Whitman. In a period of just 22 years, the dashing, blue-clad mounted soldiers in the Southwest placed their indelible stamp on American history. Their campaigns, starting with the savage fight at Beecher's Island in 1868 and ending with the battle of Wounded Knee in 1890, have been described in detail.

The author has done his part by writing four novels dealing with the U. S. Cavalry. But his latest book is a detailed account of the composition of the ten Cavalry Regiments and their life in garrison.

### FOR ANOTHER LIQUID

VALDOSTA, Ga. (AP) — It was a long trip for Deputy Sheriff James Sirmans when he drove 20 miles into the country on a tip from a telephone caller who informed him that an illegal liquor still was being built.

The telephone caller said he saw a truck loaded with pipe and other equipment that looked like it was designed for a still.

Sirmans found the truck all right, along with a farmer who was installing farm irrigation equipment.

Tossed greens take to hard-cooked eggs and Swiss cheese for a luncheon salad. Toss the greens with French dressing in a salad bowl just before lunch is served; garnish with slices of the egg and matchstick strips of the cheese; toss again at the table.

When you are removing the tops from beets before cooking, always leave an inch or two of the stems. Leave on the root ends, too. Cover the beets with cold water and boil them gently until they are tender when pierced with a fork.

He tells why they were formed, where they served, what they wore and what they ate. He describes their enemy and the tactics used by both sides.

He goes into the average type of officer, along with those at both extremes. Living in remote areas of the Southwest, the Cavalry developed its own social customs, its traditions and its heritage.

Whitman tells of the many problems faced by the army wives, most of whom were from the more civilized areas of the East Coast. Among the Cavalry's problems were houses to horses, women to weapons and pay to protocol.

Weapons of the day, along with the men and animals who carried them, are given close attention.

Through the book, Whitman pokes holes in some of the favorite scenes used in books, movies and television. For example, the United States flag was never carried into battle and troopers never wore the famed yellow neckerchief. Rifle boots weren't even issued, since troopers were ordered to carry their carbines slung across their backs.

In his foreword, Whitman tells why he has written the book, "... comparatively little has been presented concerning the day-to-day life of the men of that service who, by government orders, found themselves banished from the pleasant life of the East to the harsh and cruel land of the frontier beyond the Mississippi River. There they found themselves in a vast land peopled by a few honest law-abiding settlers, a larger number of gun-toting riff-raff, desperados and horse thieves, and, lastly, a quarter-million unreconstructed Indians given to violent and unpredictable proclivities."

That factual gap in the history of the Southwest now has been closed with the publication of The Troopers by S. E. Whitman, who grew up the son of an Army officer on Western Cavalry posts.

Its on the non-fiction shelf at the Deaf Smith County library.

## Foundation Adds New Observation Well To Project

A new observation well for the artificial groundwater recharge program will soon be added at the High Plains Research Foundation.

James Valliant, associate water engineer, stated the new observation well was being added to better study the effect of recharge upon the underground formation. The well will be used to study ground water movement; the effect of suspended solids in recharge water upon the formation; and the effect of acids and detergents on these solids.

The well will be cased with 6 5/8 X 0.188 inch casing down to the red beds with perforations beginning approximately 10 feet above the static water level. The observation well will be located 200 feet southeast of the recharge well.

Casing for the new observation well was presented to the Foundation by four Lubbock pipe firms interested in the development of the recharge program. Two four-inch observation wells now located 50 and 100 feet northwest of the recharge well are being moved to the southeast for additional testing in connection with the new observation well.

The research on recharge wells has been conducted since the Foundation was first organized in Jan., 1957. The Foundation is one of the national leaders in this field of research, and the work will be continued as a major part of the overall research program at Halfway.

# GOP Presents Strong Bid To Capture State Offices

By — Vern Sanford  
For the first time since 1872, Texas Republicans are presenting a strong threat to capture statewide and legislative offices from the Democrats.

Following his nomination for the Governorship on the Democratic ticket, John Connally took immediate steps to meet the challenge with a united front.

Connally invited all Democratic nominees for state and legis-

lative office to a barbecue to be held on June 16 at his family ranch near Floresville. Purpose: to make some campaign medicine.

Saturday's outline will launch the campaign for the November 6 general election.

Jack Cox of Breckenridge, the Republican nominee for governor, is backed by a slate of 20 nominees for the 23 seats in Congress; 15 candidates for the 31 state senate seats, and 86 candidates for the 150 house seats.

Also there are candidates for county and precinct offices in many counties.

Lined up with Connally will be Waggoner Carr of Lubbock for attorney general, opposed by T. Everett Kennerly of Houston; Preston Smith of Lubbock for lieutenant governor, opposed by O. W. (Bill) Hayes of Temple; Jerry Sadler of Palestine for land commissioner, opposed by Albert Fay of Houston; John C. White of Wichita Falls for agriculture commissioner, opposed by Harry Hubbard of Marfa; Ben Ramsey of San Augustine for railroad commissioner, opposed by Bernard M. Hanson of Midland; Jesse James of Austin for state treasurer, opposed by Allen Lacy of Abilene; and Robert S. Calvert of Sweetwater for comptroller, opposed by Mrs. Hargrove Smith of Houston. Republicans are not contesting judicial seats.

The Constitution Party also has fielded a slate of candidates for state office, all but one of them from Houston.

**SPEAKERSHIP**

One of the more important offices in state government is the speakership of the house. Unlike the Senate, however, the people have no voice in the selection.

The speaker is elected by the 150 members of the house, Rep. Byron Tunnell of Tyler laid out the names of 95 Democratic nominees who have pledged to support him, and called on his opponents for the speakership to withdraw.

Rep. C. W. Pearcy Jr. of Temple did. Another opponent, Rep. Ben Glusing of Kingsville, was defeated in the runoff primary, so he no longer is eligible. Rep. Alonzo Jamison of Denton remained in the race. He had claimed 61 pledges.

**FACULTY FIRING**

Dr. Rupert C. Koeninger's firing as professor of sociology at Sam Houston State College may cause Texas to be "blacklisted" by the American Association of University Professors.

No reasons were given when the board of regents for state teachers colleges fired Dr. Koeninger. Also no criticism of his teaching ability was brought out at the hearing.

The college professors association does not employ a strike or a picket line when it feels a professor has been done wrong. It merely "blacklists" the school by giving notice to other college teachers that it is not the best place to accept employment. Gradually, over the years, faculty members who feel Koeninger was done wrong will accept jobs at other schools which are not on the "blacklist."

**IN THE RED AGAIN**

Heavy payments of state aid to the schools in May pulled the

state's main checking account—the general revenue fund—in to the red again.

When May started, the deficit was \$73,934,636. But heavy collections of corporation and insurance taxes wiped out the deficit, which has been present for nearly four years. This put the fund into the black by the middle of the month.

But when the school payments came due, it pulled the fund \$9,391,468 into the red at the end of May. Early June expenditures made the deficit \$29,015,980. It will go back into the black when sales tax payments reach the treasury in July.

**CROOKED HOLES**

State investigators from the Railroad Commission report that of the first eight oil wells in the East Texas Field tested, seven were "deviated" beyond the three per cent allowed by commission rules.

The work is slow, so it may be months, or even years, before the extent of the crooked-hole drilling program in that giant field is known.

Atty. Gen. Will Wilson has filed one civil lawsuit, contending that a group of operators drilled four wells on a slant so the bottoms of the holes were on someone else's property, and that they plugged two more wells with ce-

ment before they could be tested.

Civil suits are being filed by oil companies against owners of nearby leases, contending that crooked holes have drained away oil which belonged to them. So far, eight such suits have been filed.

If court-type evidence is found by the commission's engineers and Texas Rangers, evidence will be turned over to U. S. Dist. Atty. Wayne Justice for possible prosecutions under the federal law—usually called the Connally hot oil act—which makes it a federal offense to move oil in interstate commerce after it has been produced in violation of state laws or regulations of the Railroad Commission.

**LAWYERS ELECT**

Buster Cole of Bonham was chosen as president-elect of the State Bar of Texas. This means he will take over as head of the group in July, 1963.

Lawyers elect a year ahead of time. This July, when the State Bar meets in Mexico City, Leon Jaworski of Houston will succeed William L. Kerr of Midland as bar president.

**UNIVERSITY OF HOUSTON DEGREE PROGRAM**

A curriculum and degree program for the University of Houston, which becomes a state-supported school next year, was approved by the Texas Commission on Higher Education.

It calls for doctor of philosophy degrees in psychology, business and industrial psychology, chemistry, physics and chemical engineering.

Dr. Phillip Hoffman, University of Houston president, appeared pleased. He said the Commission's adoption of a large portion of a "Role and scope" plan was a "satisfactory recognition of the needs of Houston and the State."

Commission also agreed to consider at its July meeting the merger of the law and pharmacy schools at Texas Southern University with similar schools at the University of Houston. A Commission member said he didn't think the state could afford two schools of law and pharmacy so close together.

**GOVERNOR'S APPOINTMENTS**

Gov. Price Daniel announced these appointments:

Sol Parks and Mrs. Sally G. Pettus of Goliad as members of the Fannin State Park Commission. Parks succeeds Mrs. Louise Donoghue of Goliad for a term expiring September 5, 1967. Mrs. Pettus succeeds Walter Bluntzer of Goliad, resigned, for a term expiring September 5, 1963.

Jack Hightower of Vernon, O. L. Bill of Quanah, Ralph O. Harvey Jr. of Wichita Falls, Tom Craddock of Seymour and Dr. E. N. Jones of Dallas as members of the Board of Regents of Midwestern University, for six-year terms. Hightower and Bell are new appointees. Harvey was reappointed. Craddock and Jones are filling vacancies. Jones, secretary of the Christian Education Commission of the Baptist General Convention of Texas, is a former president of Texas Tech College.

Russell D. Austin of Andrews as judge of the 109th

Judicial District, which includes, Winkler, Crane and Andrews counties. He succeeds the late G. C. Olsen. A graduate of the University of Texas Law School and former county attorney of Andrews County, Austin won the Democratic nomination for the district judgeship on June 2.

Rev. Edward H. (Whitey) Campbell of Denjon as a member of the Governor's Committee on Children and Youth. Rev. Campbell is rector of St. David's Episcopal Church in Denton. He also has served Houston, Rockdale and El Paso churches.

# White Sox Defeat Tigers On 3 Hits

White Sox played errorless ball Thursday night in winning their fourth straight Pony League game. They defeated the Tigers 12-2 while holding the Bengals to three hits.

Steve Hodges won his second game on the mound, matching teammate Jimmy Allison on pitching victories. Hodges allowed a single and a pair of doubles in seven innings.

The White Sox jumped out front 2-0 in the top of the first. Gene Duvall opened with a single. With two out, Hodges doubled. Hodges then scored on a wild pitch and an error.

Tigers got two runners on by walks in the last of the first but failed to score them.

In the top of the second, the White Sox tacked on two more runs without getting a hit. Five walks were responsible for the two runs.

First run for the Tigers scored in the second as Jim Young walked and moved around on two passed balls and a wild pitch.

Tigers put runners on second and third in the third, but couldn't move them around. In the last of the fourth, Jim Young scored the final Tiger run, almost in the same manner as he did the first time. He doubled, then tallied after a wild pitch and a passed ball.

Leading 4-2, the White Sox scored four more in the fifth. Greg Johnson walked and stole second before Mitchell Bell singled. Johnson stole home. Bill Price doubled before the first out. Chester West got on with a bunt. Gene Duvall walked and Robert Wagner and Jimmy Allison singled to load the bases before the side was retired.

In the top of the seventh, the White Sox again scored four runs. Three errors, a walk and singles by Hodges and Johnson provided the means for the final runs.

Hodges went all the way for the winners. He allowed two runs on three hits, walked six, struck out 15 and made two wild pitches.

David Marcontell pitched the entire distance for the Tigers. He gave up 12 runs on eight hits, struck out five and walked 13. He made one wild pitch. Philip Cain and Wayne Miller turned in a double play for the Tigers in the seventh inning.

Hodges got a double and a single in four trips to lead the White Sox hitters. But Jimmy Allison got credit for four runs batted in for the White Sox with a single, a fielder's choice,

a walk and an error. Richard Brock, Miller and Young got one hit each for the losers. Brock and Young got doubles.

**CITED FOR HONOR**

Miss Sheila Williams, daughter of Mr. and Mrs. H. C. Williams, 308 West Eighth, Hereford, has been cited for outstanding scholarship for the spring semester that ended at Southwestern (Oklahoma) State College, Weatherford, Okla., on May 25. This honor goes to students who are enrolled in 12 or more semester hours on the campus and who earn 3.0 (B) or better grades in all courses.

**NO HOT DOG HE**

MIAMI, Fla. (AP) — Each afternoon during Miami's hot summer days, a beagle arrives at a downtown theater, walks inside at the heels of an entering patron and seeks out his favorite napping spot.

The dog curls up beneath the duct of an air conditioner.

**HANGERS AND ALL**

MIAMI, Fla. (AP) — Police put the heat on three warmly dressed women arrested in a South Miami shopping center and charged with larceny.

A policewoman said the three were wearing "enough dresses to fill three large shopping bags." The policewoman said one of the three had on eight dresses, "hangers and all."

Gruff Old Dad! Surely, he doesn't want a day to honor him! Ask for an x-ray picture of his heart, and you will know better. He may be tanned of face and rough of hand, but his big heart is Very tender. *Yes, let's observe Father's Day. Let us keep it with enthusiasm! He will appreciate it all the more because we have neglected him so long.*

What strange and wonderful people these Fathers are! They may look old, but on the inside they are still boys. They are ready for the pleasures of their childhood. Surprise them and you will catch them when the guards of age and dignity are down. They will be easy victims of love's attack. *Give them a whole big day when they receive... instead of give.*

Wise and appreciative women and men could find no better word for their Divine Creator, than this name, "Father." *He is more like God than any other. Treat him that way for one day, "Father's Day," and gladden his heart for all the days to come. Yes, give him one whole big day. It is Father's Day.*

Robert Veigel

Robert (Bobby) Veigel, son of Mr. and Mrs. Robert Veigel of 511 N. Roosevelt Street, received a degree in animal husbandry from the college of agriculture of Texas Tech on Monday, May 28, at 8. He was a member of the Block and Bridle Club. Bobby is engaged in farming with his father north of Hereford. His wife is the former Ella Marie Williams, daughter of Mr. and Mrs. S. S. Williams.

Channer Services Held Wednesday

Funeral services for Mrs. Sena E. Channer, 83, of 607 South 25 Mile Avenue, were held at 10 a.m. Wednesday, June 13, in Rose Chapel of Gilliland Funeral Home of Hereford with Bob Wear, minister of the Central Church of Christ of Canyon, officiating.

Mrs. Channer, born on Aug. 18, 1878, in Shenandoah, Iowa, came to Deaf Smith County in 1946 from Oklahoma. She was a member of the Church of Christ.

She died at 9:05 a.m. Saturday, June 9, in Thurmon's Convalescent Home in Amarillo.

Survivors are three sons, Dr. John Channer of Hereford, Dr. Harold Channer of Oklahoma City, Okla., and Claude C. Channer of Wichita, Kan.; one daughter, Mrs. Mildred Allen of Orlando, Fla.; one brother, Vern Ryan of Muskogee, Okla.; one sister, Mrs. Gladys Robertson of Redrock, Okla.; 9 grandchildren and 7 great-grandchildren.

**MOVED TO LUBBOCK**  
Mr. and Mrs. Johnnie Parker and family have moved to 3501 24th Street, Lubbock, from Hereford.

Summary Shows Three Injuries In Ten Wrecks

The Highway Patrol investigated 10 rural accidents in Deaf Smith County during the month of May, according to Sergeant W. E. Wells, Patrol Supervisor of this area.

These wrecks accounted for three persons injured and an estimated property damage of \$5,263.00.

The rural traffic accident summary of Deaf Smith County from January through May of 1962 shows a total of 28 crashes. As a result of these crashes there were no persons killed and 15 persons injured. The estimated property damage amounted to \$18,296.00.

Beginning with this month, the Texas Department of Public Safety lends its support each year to the national SLOW DOWN AND LIVE summertime safety campaign which, as its name indicates, has as its objective the task of emphasizing the need for motorists to control their driving speed. Speed control is vital to safety, because of the overcrowded condition of the highways caused by thousands of vacation travelers, most of whom are in a big hurry, since vacation time is usually all to short.

The veteran patrol supervisor said, "The hurry attitude frequently steers them into a speeding violation or, worse than that, a serious accident, or even death itself."

Fishing Outlook At Buffalo Lake Reported Good

Good fishing is in prospect according to a report on Buffalo Lake recently released by the U. S. Fish and Wildlife Service. The survey completed recently by a state crew under direction of Lonnie Peters, Texas inland fisheries biologist, cooperating with the staff of Buffalo Lake Refuge, shows the lake is well stocked with fish in good condition. Channel catfish, black bass, white bass, and crappie were collected in both gill nets and seines. All fish are reported in good condition. An excellent stock of crappie is present. Forage fish including several varieties of minnows are present in large numbers as food

for bass and channel cat. Fishermen can look forward to good white bass fishing as the survey revealed many young of the year, indicating a good spawn in 1961.

CARD OF THANKS

We wish to express thanks to all of our friends, during the passing of our loved one, Bill Denney, for the lovely floral offerings and food that was brought to the home of Bess Jennings, and especially to the ladies of the First Methodist Church for the noon meal on Sunday and to the Rev. Herschel Thurston, who offered the blessing, and to the Rev. H. V. Fields, who conducted the services, and to the choir of the Avenue Baptist Church. May God bless each and every one. 'Recreation' Is 4-H Program Topic

Merry Maidens 4-H Club members met June 6 in the home of Patricia Herr with Glenda Fuhrmann as the presiding officer.

The program on "Recreation" included the playing of games that would be appropriate for use with large groups.

Record books for the bake show were due June 11. After the bake show, the girls will begin work on their dress revue projects.

Joan Marnell was the acting secretary for the meeting. The membership voted to separate the offices of secretary and treasurer in the next election of officers in the fall.

In the hostess report, it was noted that Patricia Herr made the cookies and punch for refreshments, served them, and also called all the members to notify them of meeting time and place.

ATTENDING FUNERAL

Out-of-town relatives and friends attending the funeral services for Bill Denney on Sunday at 2:30 p.m., June 10, in the Grace Gospel Church, were Mrs. Bill Denney and Mrs. Floyd Lowe, both of Memphis; his two sons, Cliff of New York City and Clay and family of Tucuman, N.M.; Mrs. Jack Porter and family of Floydada;

VICTORY NUMBER THREE

# Legion Club Wins, 8-1 Over Nazareth Sunday

Strong pitching on the part of Jim Haney spelled victory for the Hereford American Legion squad as it took an 8-1 win over Nazareth here Sunday afternoon. It was the third straight win for Hereford.

Haney went all the way on the mound, striking out 15 and giving up only five hits. He walked only one. Losing pitcher was Ray Schmucker, who also went all the way.

Schmucker gave up 12 hits, two walks, and struck out eight.

After one and one-half innings, the game remained scoreless but Hereford took advantage of two hits in the last of the second to score two. Both Hereford and Nazareth left two on base in the first inning.

In the bottom of the second Mickey Stevens got on with an error scored on the short-stop, and then stole second. Larry Coffman grounded out to the short-stop as Stevens advanced to third. Stevens scored on a single by Jim Haney.

Haney was advanced as John Buck grounded out to short. Ronnie Duncan's single brought in the second run before John Willoughby popped up to the third baseman.

Two Nazareth singles were of no avail in the top of the third as they remained scoreless. Hereford added two more runs on two hits in their half of the third, to make it 4-0.

With one out Eugene Green singled and was followed by Joe Coffman who got on with an error scored on the left fielder. Mickey Stevens sacrificed to advance the runners. Larry Coffman boomed a double to drive in two runs. He got to third on a passed ball but the third out came on called strikes.

Nazareth went down in order in the top of the fourth as Marvin Schulte grounded out to third and Tommy Wethington grounded to second. Jim Haney

Roelting was fanned to retire the side.

Hereford added another run in the last of the fourth with two hits. Buck grounded out to second and was followed by Ronnie Duncan who got on with a single. John Willoughby hit for a double to put runners on second and third. Ken Loerwald sacrificed to bring in Duncan. Green flied out to third to retire the side with one left on base.

Nazareth managed its only score in the top of the fifth inning with the aid of one hit and an error. Ray Schmucker got on by error and scored on the double by Ralf Brockman. Haney then struck out three to stop the effort.

With two Hereford strike outs in the bottom of the fifth, Larry Coffman got a single. He was left on base, however, as Haney lined out to short.

Nazareth struck out in order in the top of the sixth and Hereford added another score in the bottom half of the inning.

Gary Smith replaced Joe Coffman in the lineup and got on with a single. Duncan flied out to second and Willoughby got on by fielder's choice as Smith was forced at second.

Willoughby made it to second with an error on the first baseman and Loerwald got on with another error on the short-stop as Willoughby scored. Nazareth failed to score as they had no hits in the top of the seventh. Hereford was also

unable to score as Nazareth carried out a double play in the bottom of the seventh.

With one out Mickey Stevens reached base with a single, but Larry Coffman's bounce to the second baseman was good for a double play.

Haney faced four batters in the top of the eighth, fanning three and giving up a walk as Hereford remained ahead 6-1. The Hereford squad returned to bat to bring in two more runs on two hits.

Jim Haney flied out to the center fielder and Gary Smith drew a base on balls to start the series. Duncan walked and Willoughby's fly was nabbed by the short-stop. Ken Loerwald singled in one run, and Eugene Green doubled to bring in the last run of the game.

In other American Legion action Sunday, Palo Duro pounded a 13-1 win over Canyon.

### Harman Attends Short Course At Texas Tech

Wayatt Harman, assistant vocational agriculture instructor at Hereford High, was among the 19 agriculture instructors from various sections of the state to attend the two-day Grass Short Course at Texas Tech held June 7-8.

The course was designed to acquaint the teachers with the latest range management practices and as a refresher course in grass identification. The course began Thursday with a field trip where range management practices were studied and grass samples gathered. Friday was spent in the class rooms mounting the grasses and classifying them.

Instructing the course were Cecil Ayres, Chester Jaynes and John Hunter, all of the Tech agronomy department, and Herschel Bell, of the Soil Conservation Service.
