Miss Coffman Is Girls State Choice

Hereford's American Legion Auxiliary has selected Miss Kay Coffman as the city's representative to Girls' State in Austin for a nine-day taste of government.

A junior at Hereford High School, Miss Coffman is the daughter of Mrs. Helen Coffman. She was picked for the honor by the local American Legion Auxiliary on the basis

of her scholastic record, character, and leadership. Named as Girls' State alternate was Miss Royce Ann Gilliland, daughter of Mr. and Mrs. J. T. Gilbreath Jr. She also is a junior.

At Girls' State Miss Coffman will join some 400 other young ladies from throughout Texas. The girls will receive a first-hand insight into the operation of government as they organize and maintain a complete governmental system for an imaginary state.

Not only will the girls learn of the responsibilities of government through their own activities, but they will also be given the opportunity to observe the state government in operation.

Social events and meeting 400 of the most outstanding young ladies in Texas will also highlight Girls' State, which is slated for June 12-21.

Each year the local Legion Auxiliary selects a representative, and an alternate for the affair which has as its goal the boosting of understanding for all levels of government.

Around Town

BY H. A. TUCK
The Amalio Weather Bureau this morning (Saturday) said the humidity would be very low, that it would be hot, dry, windy and with no chance for moisture. But as this is written, there are large thunderheads building over the area and some place should get some rain. We almost have to go with the weather forecast, however, and predict only a slim chance — about one in ten — for rain this weekend.

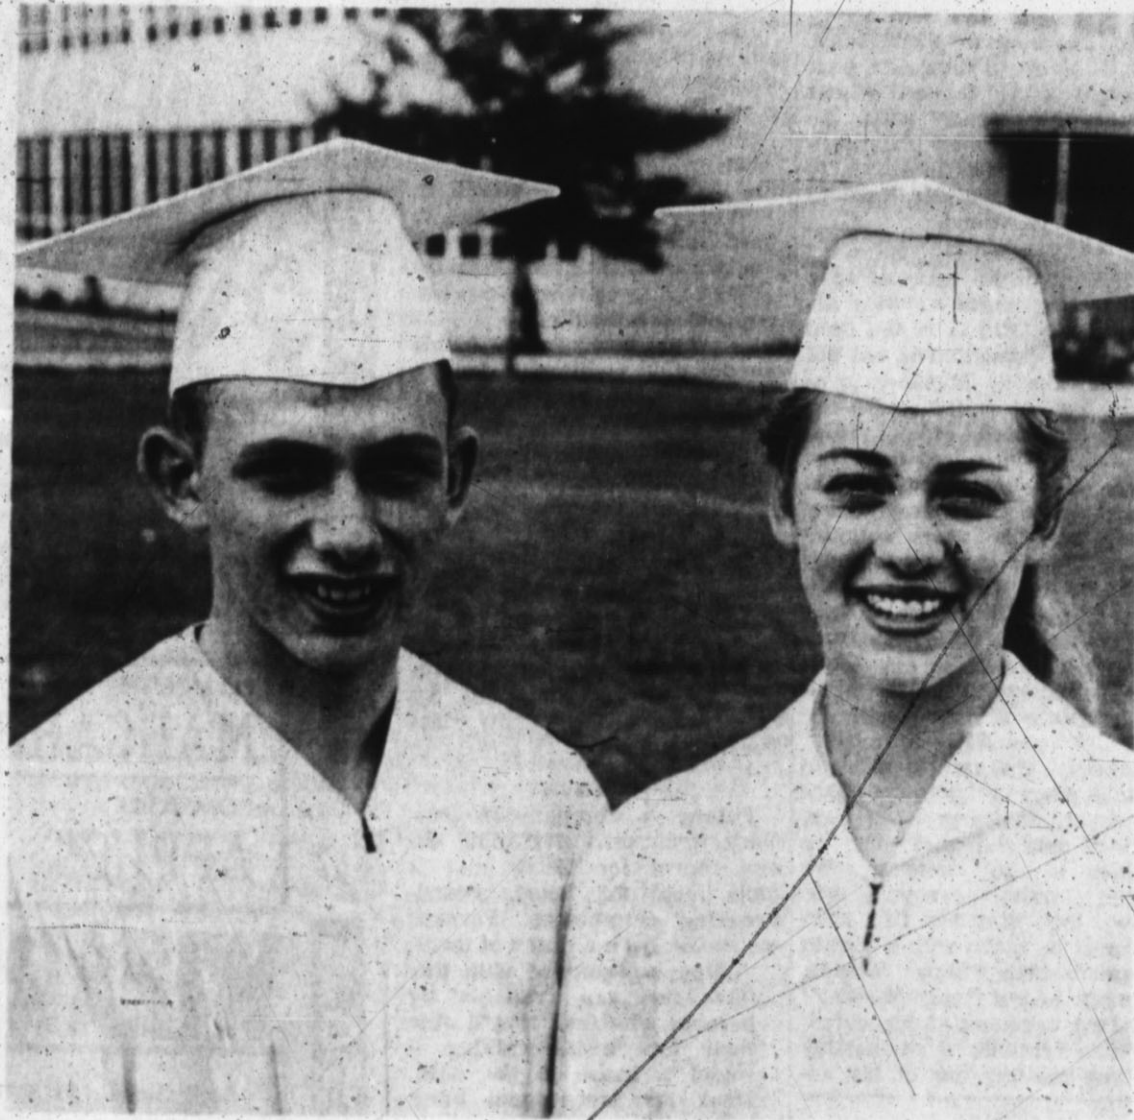

To the right of this column is an unusual sight. The picture was taken in the northwest part of the county. Apparently, farmer Bill Cole's dog spotted this cat skulking (that's a dandy word, but one we don't get to use too often) around the place and set up a fuss. The cat, caught in a treeless area, scooted up the nearest substitute for a tree but got himself electrocuted. The cat looks like a bobcat, but has a long, ringed tail and would seem to be a lynx. Anyhow, he is rather a startling sight to motorists who drive by and catch a glimpse of a big cat all set to spring down on them.

The Tierra Blanca Boy Scout District Committee will meet at noon Tuesday, May 14, in the Jim Hill Hotel ballroom. Bruce Miller, district chairman, asks all members to be present.

Shari Jo Carmichael's drawing about Deaf Smith County, and 40 others, will be shown in the foyer of the Amarillo City (Continued on page 8)

Connie Kent, Jim Grubbs Are Valedictorian, Salutatorian

HONOR STUDENTS for the 1963 graduation class were announced last week by Hereford High School officials. Jim Grubbs, left, was named Salutatorian for the class, while Connie Kent heads the seniors as Valedictorian. Both students have maintained top grades throughout three years in the Hereford High School Mixed Choir. (Staff Photos)

Honor students for Hereford High School's senior class of 1963 were announced last week by school principal L. B. Russell. Listed as valedictorian of the 100-member class is Miss Connie Kent. Salutatorian is Jim Grubbs.

The pair will be honored along with other members of the senior class during commencement exercises which are slated for next week. Baccalaureate service is set for Sunday, May 19, at 8:00 p. m. in the high school auditorium. Graduation ceremonies will be May 24 at 8 p. m.

Selected strictly on the basis of their scholastic record, both honor students have maintained top grades throughout high school. Miss Kent, the daughter of Mr. and Mrs. Lee Kent of 124 Star, has compiled 26 A's for semester grades during high school.

Grubbs, the son of Dr. and Mrs. Roy J. Grubbs of 102 Rio Vista Drive, also has a record of 26 A's for semester credit during the three-year period, but has two B's. Honor students are selected on a percentage basis.

Both students have been leaders — both scholastically and socially — throughout their high school years.

Miss Kent is finishing her year as high school cheerleader. As a senior, she was named both class favorite and most versatile. This year she has also served as one of two co-editors for the high school annual, and is a lead vocalist in the Hereford High School Mixed Choir.

She is also a member of the Student Council and the Thespians, club for high school dramatists, and has been a member of the National Honor Society for three years.

As a sophomore she was named vice president of her class. Miss Kent was secretary of her junior class.

Grubbs is president of the National Honor Society at the present time. He is also a member of the Key Club, school service organization, and the Hi-Y, young men's Christian club.

This year he served as drum major for the Hereford High School Big Domino Band, and was also a member of the stage band.

Both Connie and Jim are members of the First Presbyterian Church in Hereford and are active in the youth group at the church.

Pony League's Players Named

New players for the Hereford Pony League baseball program were announced today by league president B. F. Cain. Players were selected for four teams Friday night after a week of try-outs.

Selected players are to report to Dameron Park at 5:30 p. m. Monday, May 13, for assignment to practice fields.

The Pony League baseball season will begin on Monday, May 27, matching the Tigers and the White Sox.

Following are the rosters for the teams:

Indians, coached by Guy Windgrove: Michael Davis, John Gilmore, Kenneth Stark, Felix Albiar Jr., Billy Watts, Brad Johnson, Mike Horton, Jimmy Childers, Lynn Petree, Kerry Thompson, Glenn Thomas, Johnny Cornelius, Eugene Brady, Gilbert Estrada and Kerry Owens.

Red Sox, coached by Don McNeese: Jerry Fowikes, Ronnie Lance, Jim Marcum, Bill Sparks, Gene Drummond, Roger Beasley, Jim Scott, Cruz Chavarria, Ray Martinez, Johnny Pool, Tom Green, Gregg Herring, Raymond Flores, Chris Hutcherson and David Robbs.

Tigers, coached by Dale Wynn: Philip Cain, Dale Hallows, Wayne Miller, Ronald Ott, Lee Robinson, David Evans, Jerry Collier, Reuben Loftin, David Brink, Bryan Knox, George Bullard, Jody Walker, Larry Dearing, Pat Higgins and Mike Beauchamp.

White Sox, coached by L. B. Russell: Jim Allison, Johnson Benefield, Larry Brown, David Daniels, Gene Duvall, Robert Wagoner, Bill Russell, Ronnie Houston, Gary Story, Charles Stone, Ricky Grubbs, Ren Lee, Dickie Elliott, Mark Golden and Bill Hollenstein.

Players not selected for a team will be retained in a pool and used for replacements during the year by the various teams.

Parmer County Man Sentenced On SWWC Case

A Friona man was sentenced to 30 days in Deaf Smith County Jail on two counts of swindling with worthless checks. Trial was held in County Court, Judge H. C. Williams presiding.

Charged with the offenses was Donald E. Whaley, 22. He was arrested near Friona on Wednesday by a Parmer County deputy sheriff and turned over to Deaf Smith County Sheriff's Office.

He was tried here in county court on Thursday.

District Court Order Revokes Probation Term

The probated three-year sentence of a Hereford man was revoked here Thursday as a hearing was held in 69th District Court, Judge Harry Schultz presiding.

In the hearing the district judge ordered the probation of W. W. Hampton, 38, 803 Miles, revoked. Hampton is to serve a three-year sentence for swindle by worthless check.

School Transfer Deadline June 1

Scholastic transfers from one school district to another must be made before June 1, according to County Judge, H. C. Williams acting as county school superintendent.

Parents in the area who plan to send their children to a school outside their district of residence should make application for transfer to the county superintendent.

STATE PRESIDENT SPEAKS

FFA Chapter Bestows Top Awards, Honorary Degrees

Highlighting the annual Future Farmers of America Parent-Son banquet held Thursday at Hereford High School Cafeteria was the presentation of awards and an address by state FFA president Jerry Clark.

The banquet is held annually by FFA chapter members as they express their appreciation to the parents for encouraging them in their work.

Among the awards presented during the program were chapter honorary degrees to John Douglas Pittman and Lefty Thomas, county agent.

Accepting the award for Thomas was his wife. Honorary chapter degrees are presented to community leaders for assistance in the Future Farmers of America program and local chapter projects.

Presenting the FFA Foundation and special awards was chapter advisor Jess Robinson.

Named as the outstanding individual greenhand chapter farmer was John Perrin and David Nafzger was awarded the star chapter farmer degree.

Winners of special awards were Pat Smith, who received

the DeKalb award and leadership pin, and Terry Tishner, scholarship award.

FFA Foundation awards went to Jackie Andrews, livestock; Gary Royal, crops; Arvell Williams, public speaking; and Bob Huckert, soil and water management.

In addressing the 180 parents chapter members and guests, Jerry Clark, state president, commented on the purpose of Future Farmers of America — challenging the chapter members to take advantage of the program. (Continued on page 8)

Hereford Dream Of Upset Fades As Demons Win 15-7

For a few moments Friday, it seemed that the Hereford Whitefaces might upset the mighty-Dumas Demons. But the sweet smell of success faded away before the swish of Demon bats. The Dumas team, defending district titlists and undefeated in conference play, struck for eight runs in the sixth inning to win 15-7.

For the Whitefaces, it was the end of a dismal season that saw just five victories against 15 defeats with a conference mark of 1-7. But the bright spot is that only one regular on the team will be lost by graduation. That is John Willoughby, a two-year starter at shortstop and in the outfield.

After Hereford went down in order in the first, the Demons struck for one run as Joe Ballard walked, stole second and came in on an error.

Hereford went down in order in the second while the Demons added on two more runs. With two out, two errors and two singles pushed in the scores.

The Herd got its first runner in the third on a walk, but Joe Coffman's hit forced the runner to end the inning.

The Demons were limited to a one-base hit in the third, but didn't score. Hereford again went down in order in the fourth on three fly balls.

In the last of the fourth, the Demons made it 5-0 with two

more runs on an error and a homer by Robert Stafford.

These Whitefaces made their bid for an upset with seven runs in the top of the fifth for a 7-5 margin. With one out, two errors were followed by two walks and two more errors and another walk. Eugene Green doubled, moved to third and stole home as Lynn Cook singled.

But the Demons tied it up in the last of the fifth on a walk,

a triple by Julian Miller and a sacrifice fly.

Frank Cain singled for the Herd in the sixth, but failed to get beyond second base.

The Demons made their move then and bombed the Whitefaces for eight hits, including a home run by Don Samuelis and a triple by Robert Robinette. John Willoughby singled for the Herd in the seventh, but died on second as two strikeouts ended the game.

An experiment in education has created much excitement among a group of girls at Central Elementary School in Hereford.

Fifteen young ladies — fifth and sixth graders at the school — decided that they wanted to learn something besides the traditional "three R's."

As a result, they succeeded in enrolling in a special six-weeks sewing class which was arranged by school officials for their benefit. The class was made possible

by the volunteer efforts of several local women who wanted to see that the girls had the opportunity to learn to sew.

School principal L. C. Thomas termed the class "an experiment" which he described as being "very successful."

The Latin-American girls who comprise the class decided that they would rather spend some time learning to sew than participate in the physical educational class at the school.

After discussing the idea with Mrs. Ester Springer, school nurse, the girls were given the opportunity to enroll in a class which the nurse helped arrange.

Mrs. Springer told a group of local women about the girls' wish to learn a new talent — the women responded enthusiastically and the class was launched Mar. 25.

Heading the volunteer instructors for the six-week course were Mrs. Owen Stagner and Mrs. Floyd Cole. Others who taught during the period were Mrs. E. W. Young, Mrs. Louie LeGrand, Mrs. Melvin Lomenick, Mrs. Frank Robbins, Mrs. Bob Wilson, Mrs. Frank Prowell, Mrs. George Tiefert, Mrs. Jack Kirksey, Mrs. Floyd Coker, and Mrs. Chester Wiggins.

The sewing class assembled in the entrance hall at Central for instruction. With only two sewing machines — portable ones — the group faced a handicap from the first.

Undaunted, the girls listened and the instructors demonstrated how to use a sewing machine, how to complete the various types of stitches necessary for simple garments, how

to cut out patterns; and how to do the other techniques involved in the feminine art.

In rapid succession, the girls began to turn out aprons, blouses, skirts, and other items. Not only did limited facilities pose a problem, but the girls were limited to a daily 45-minute session with their sewing notions.

But many found that they could sew at home, so they did. As a result, the girls staged a sort of "graduation program" Friday afternoon at Central to show off their self-sewn fashions.

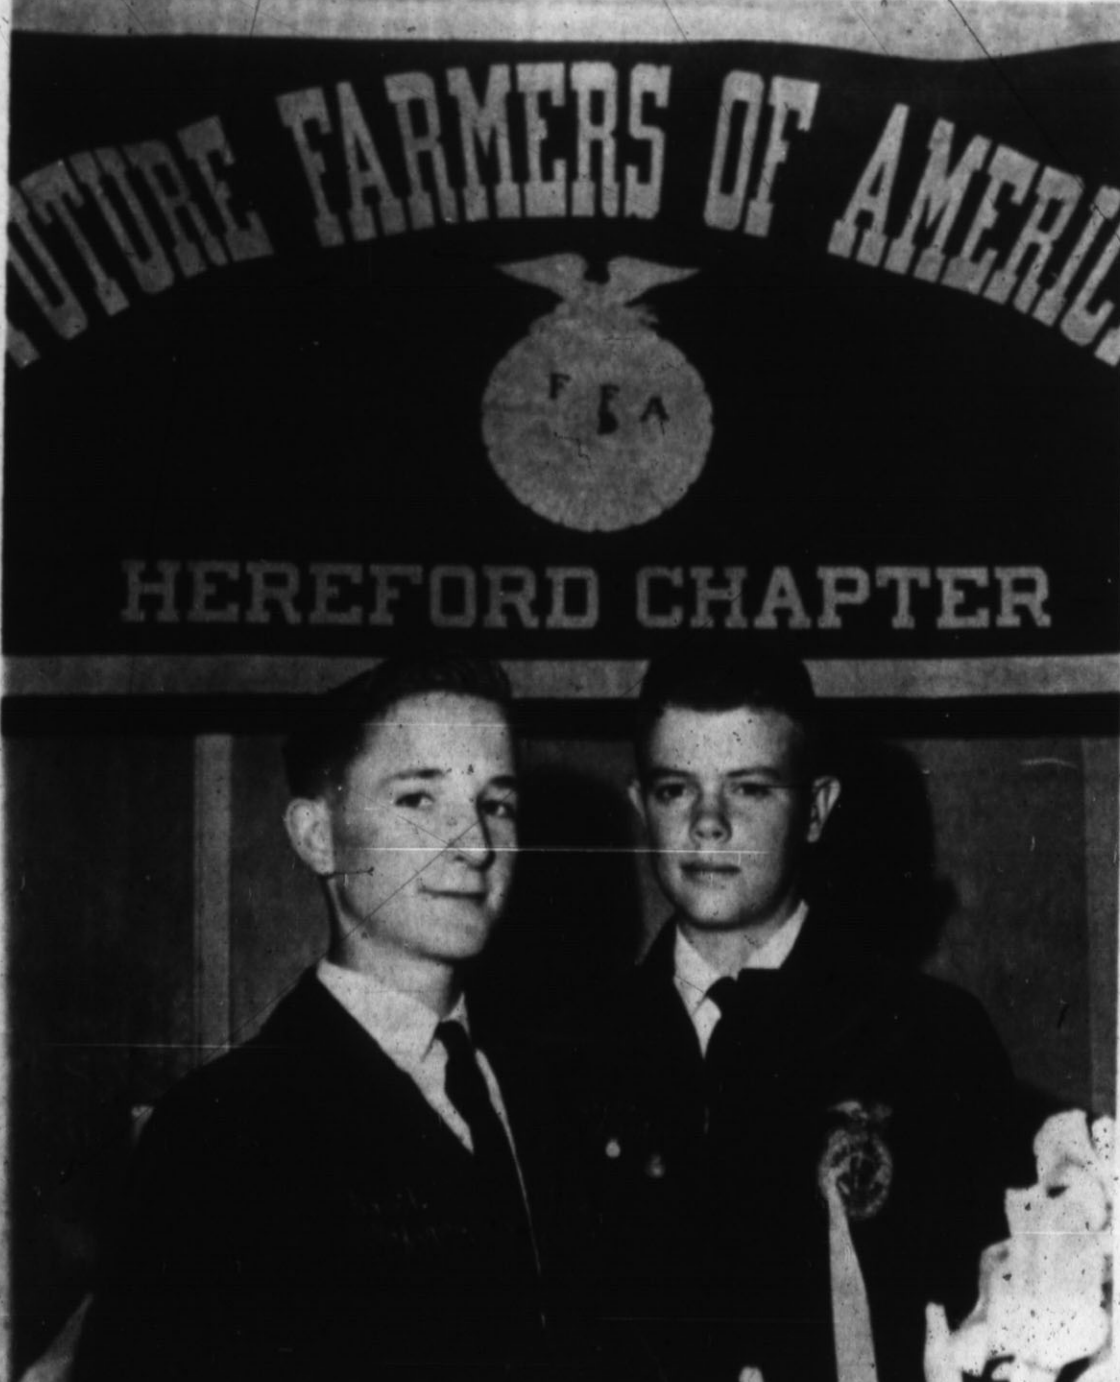

Not only did the girls display new garments for the program, but they also featured a great big smile for their admirers and an even broader one for their instructors. (Continued on page 8)

Wrong Polling Place Listed

In reporting on the polling places and referendum committees in the 1964 wheat vote on May 20, one of the polling places was listed for the wrong community and another was left out.

Community C residents are to vote at the County Barn at Bootleg. Eldred Brown is chairman; Mrs. E. M. Jack, vice chairman; Mrs. B. B. Northcutt, member, and Frank Zinsler Jr., alternate.

The place previously listed for the community, the Pitman Elevator Office on U. S. 385, is an election box for Community B.

TOP FUTURE FARMER of America awards were presented at the annual Parent-Son Banquet of the Hereford High chapter here Thursday. Receiving the chapter star farmer award was David Nafzger, (left) son of Mr. and Mrs. W. D. Nafzger. Receiving the award for outstanding individual greenhand farmer was John Perrin, son of Mr. and Mrs. J. V. Perrin. (Staff Photo)

Plans have been completed for the annual Oasis Shrine Club's Annual Children's Clinic. The medical staff has been appointed and the Shriners are now in the process of collecting the \$7,000 to \$8,000 necessary to defray expenses of the clinic.

And when we mention collecting, we're not speaking of out-and-out donations. The Shrine Club members have worked hard painting between five and six thousand barrels throughout the cities of Hereford, Dimmitt and Friona, receiving for their efforts whatever the owners choose to contribute. The contributions range from \$1.00 to \$750. (The largest donation ever received). All proceeds from the barrel painting project as well as the sale of bumper stickers, are placed in the fund to support the annual clinic.

The Shriners should be commended for their efforts in behalf of the children's clinic. It is undoubtedly one of the finest in the country, and indeed, a humanitarian endeavor.

Frank Zinser Jr., who farms 20 miles west of Hereford, dropped by the office to let us know that there would be a county-wide meeting of area farmers sponsored by the Deaf Smith County Wheat Referendum Committee. The meeting will be held in the Community Center at 8:30 p. m. Wednesday, May 15. Kenneth Kendrick, past president of the National Wheat Growers Association will be the principal speaker. Mr. Kendrick is from Stratford.

All interested wheat farmers are urged to attend.

Now that the railroad spur connecting Santa Fe with the new Holly Mill is in the final stages of construction, our old friend, Claude McClure is about out of a job. Claude was appointed official sidewalk superintendent for the project; a chore that he has tackled like a trouter. But now that the spur nears completion, Claude is at loose ends. One of two things must happen now. Either we've got to get another major construction job started, or else Claude is just gonna' be forced to go fishin'.

Actually, you can't depend on Claude when he gets the fishing fever, so its probably just as well that he goes. If he decides to go however, we should warn everyone who knows him that his fish stories must be taken with a "grain of salt". Like "Slim" Wester, he's apt to get "carried-away" with the accounts of his catch. Which reminds us of the day he was relating one of his ad-

ventures to "Slim", and was perhaps boasting a little concerning the size of the fish. Of course, his arms were not long enough to measure the monster. But "Slim" (never to be outdone by another angler) told of the time he went fishing and lost his lantern in the lake. "The remarkable thing about it," declared "Slim", "is that I returned to the same spot 30 days later and just happened to hook that lantern. When I pulled it up it was still burning." Naturally Claude doubted this story, but "Slim" assured him it was true. "However," he said, "if you'll take about two feet of the length of that fish. I'll blow out the lantern." That broke up the session.

A couple of interesting side lights concerning the Shrine's Children's Clinic:

The Shriners used over 200 gallons of paint during the barrel painting project.

The Saturday picked for the clinic happens to be Saturday, May 25... the day that school is dismissed in Hereford. "Who ever heard of going to school on Saturday?" was the only retort from Shriner "Dub" Reeves when we pointed out the conflict. We would be happy to double our donation to the club for the painting of the barrels, if they would find the so - and - so who snatched the lid. (We're sure it wasn't a Shriner since it happened several months ago).

Richard Brown, son of Mr. and Mrs. Gid Brown, is an accomplished organist. Richard furnished the organ music preceding the presentations by the Junior High Choir last Tuesday evening.

Tiffany & Company, a New York firm, sells a sterling silver shovel for \$1,000 that it calls ideal for fancy ground-breaking ceremonies. Perhaps we should have a dozen of them.

Slippers equipped with tiny flashlights are available for persons who fear they'll stub their toes while walking around a house in the dark. Ideal for professional burglars.

It appears that 1963 will be a year of "record breaking". Childress registered a record 103 degree temperature Thursday. Amarillo's 96 degrees was a record for that city for May 9, and if it doesn't rain again pretty soon, we may see a lot more of the existing records toppled. Normally, people do not get too enthused about going to the piney woods until June or July, but we're already encountering folks who want to go north for a "couple weeks of fishing."

Speaking of going north, we visited with Urin Streu Friday and he reports that the Streus will be leaving Monday morning for Gunnison, Colo., and their resort area just north of Gunnison. Urin plans to have things ready soon for the coming tourist season. The reports that we get indicate that the Streus have an excellent resort and that the fishing is well above average. Perhaps even Kenneth Coker or "Hank" Williams could catch their limit, and that means the fishing is "mighty good".

A government crop inspector recently visited a Kentucky farm and began asking questions.

"Do you people around here have trouble with insects getting in your corn?"
"We sure do," said the farmer, "but we jus' fishes them out an' drinks it anyhow."

But the girls are not through yet they hope. Now they have another notion. They are mulling over the idea of starting a brief course in hair styling and already have the endorsement of their principal and school nurse.

Now, if they can find someone to come aid them with their hair style idea, the 15 Latin American girls will have an even broader based education when they leave Central School. Comprising the class are Wanda Almacon, Yolanda Valdez, Alicia Tijerina, Oralia Landin, Irene Zuniga, Hilda Herrera, Maria Alejandra, Wenselba Hernandez, Juanita Vinton, Jane Blea, Mary Lou Lucero, Hartencia Garcia, Izabel Perez, Linda Luna, and Cirilia Griego.

He also challenged teachers vocational agricultural instructors, and parents to work with the youth in order to turn out good citizens.

In discussing the purposes and goals of the organization, Clark urged that the students learn responsibility, self-discipline, cooperation and loyalty to the country.

The Buna, Tex., high school student also advised chapter members to follow the examples set by parents and educators in learning and building their lives for the future.

In speaking to the students, he also asked that parents and teacher "listen well for our own good."

As he spoke, he commented: "We must be grateful for the help and support of our parents. Our parents are wrapped up in us. We cannot forget their hopes and dreams for us. We have a responsibility — we owe someone something for our raising."

Clark pointed out that parents did not care for material goods as repayment, adding: "Maybe someday we will be able to repay them... Perhaps, if we have a boy we can rear him as our parents reared us. We can give him the same opportunities we had as a boy."

As he continued Clark noted that the boys causing the most trouble today are irresponsible in their actions. "If we ever needed responsibility, it is now," he commented.

The organization, he continued, seeks to build a sense of responsibility in the classroom, through, contests, and with the supervised farming projects.

"If we lead a responsible life we shall inspire the younger members of the chapter," he added.

In pointing out the need for self-discipline, Clark stated that a person lacking the ingredient for a successful life does not have the strength to harness his own potential.

"Discipline is needed now more than ever in this complex world of ours," he said.

In urging the youth to follow their parents' example, he prefaced his remarks saying that adults are to be commended for the fine job of leadership they have done in meeting the demands of the society.

The adults have solved many of the problems, he noted, but some have not been solved. "We, the youth of today, will have to grapple with these to accomplish the goals resolving in a tranquil society and the peace desired," said Clark.

doctor's degree from a college or a university will carry the same weight as a bachelor's degree today.

In encouraging the youth to get as good an education as possible the speaker noted that education paves the road to success.

"We need to take advantage of this opportunity more than any other generation," he said. "It is ours to take and enjoy. We will invest ourselves well in education."

In closing, he challenged the students to continue working toward the goals set for Future Farmers of America members.

Thus Saith the Lord

"Do not follow the crowd in wrongdoing." Exodus 23, 2 (Berkley translation)
 We are pressed on every side to become conformists. People and forces often try to press us into a mold of their opinion. This can easily mean that we have to conform to evil also.
 One such method of molding is to make us think we are ignorant or cannot speak on a given subject intelligently unless we have had years of training on a given subject. The Bible, however, speaks of a man, not considered wise by the generals before a siege, but who nevertheless delivered a city from a siege with his advice. Of course, later he was forgotten. Eccl. 9, 13-18.
 Can this molding process, for instance, actually make you feel forced to not say anything on issues on which you should be speaking? Indeed it can. In fact, here is an area where you may easily follow the crowd in wrongdoing. You do not wish to be considered "peculiar", so you say nothing. Saying nothing, however, when you ought to be speaking, can be as wrong as overtly committing criminal acts.
 "Do not follow the crowd in wrongdoing." If your crowd does not believe in Christ or thinks Christianity or religion is old-fashioned, do not follow them in that belief. Do not crucify the Son of God afresh. Follow the crowd (of believers) in doing right. Trust Christ. Love Him. Follow Him. Live for Him. Love His Word and heed it, even when it goes against the crowd. Our doors are open to you.
THUS SAITH THE LORD!

Time Invested In Creole Cookery Is Well Repaid

By Dale Stevens
 Brand Society Editor
 In the movie, "Saratoga Trunk," there was a scene of Ingrid Bergman and Gary Cooper walking in the French Market in old New Orleans. She was eating a dish called Bouillabaise as they strolled and talked. It looked sort of messy to eat that way, but delicious, and somehow symbolic of Creole cooking.

In New Orleans one can get Bouillabaise at Antoine's if he calls to order. It is several hours before dinner. There are, of course, many excellent restaurants in New Orleans and southern Louisiana that specialize in Creole Cuisine.

Perhaps though the average tourist will get the most pleasure from taking an early morning and leisurely stroll through the French Quarter and, arriving at the French Market, stop at the Morning Call for cafe au-lait and beignets, a light and airy square doughnut without a hole.

Cafe au lait is made from equal amounts of a strong brew of chicory coffee and hot coffee cream. It is poured from containers into the cup simultaneously.

The cuisinieres of the southern section of Louisiana, the home of cooking a la Creole, have always had one basic culinary principal, according to Mary Land, author of Louisiana Cookery. They know they get out of the iron pot only what they put into it in artistry, patience, and skill.

In Louisiana there is a tradition that, when a girl marries, she received as part of her dowry, the ancestral iron skillet. It and the iron pot, a long-handled wooden spoon, and the patience to cook over a slow fire are essential ingredients in Creole cookery.

In Louisiana Cookery are found such recipes as Cooon Breasts Au Lal, Fowl Pilau (pronounced purr - loo in Louisiana), Poke Salet, Poached Alligator Tail, and many other exotic - sounding dishes. Some of the following recipes are selected from the book, which can be found in Deaf Smith County Library.

Les Orelles de Cochon

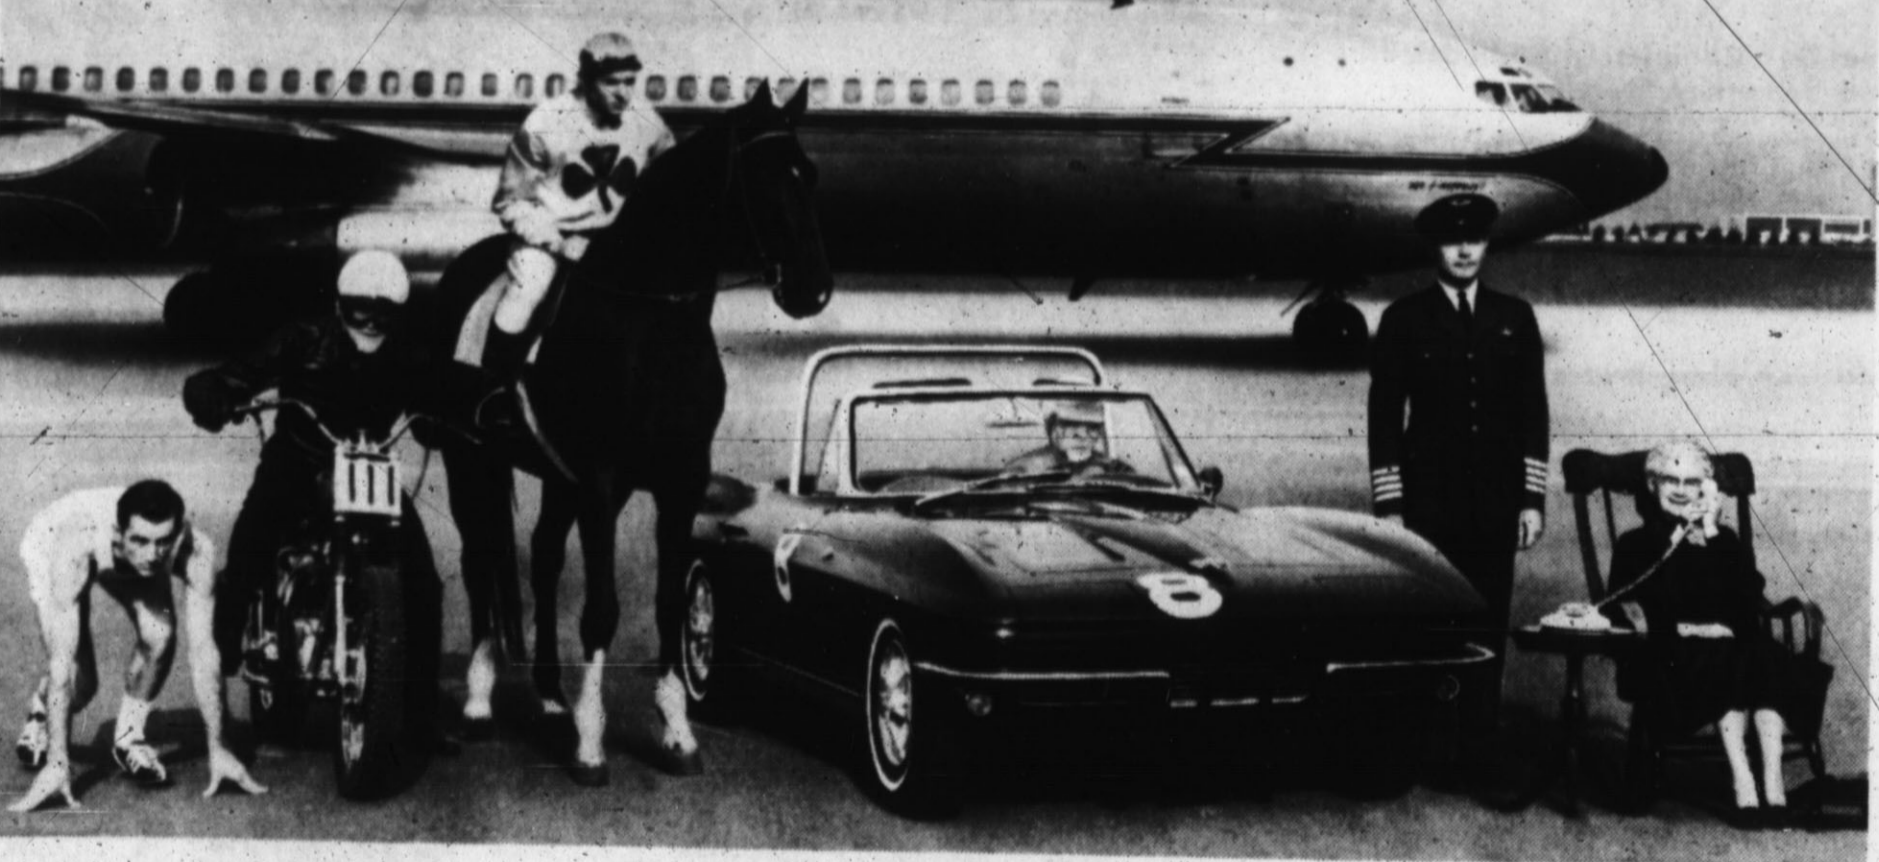

Make a pastry by mixing 2 cups sifted flour, 1/2 t. baking powder, 1/2 t. salt, and 1 t. nutmeg. Cream 1/2 stick butter with 2 beaten egg yolks. Mix 2 t. lemon juice with 1 t. ice water. Mix all ingredients and roll thin on a floured board. Sprinkle dough with powdered sugar. Cut in squares and fry in deep fat for 15 minutes. Twist edges with fork while frying. Drain and sprinkle with powdered sugar. In the bayou country, a split cane fork is used for twisting the dough. (Louisiana Cookery)

Merry Maidens Learn Care Of House Plants

On May 1 the Merry Maidens 4-H Club met at the home of Elizabeth Short. Members heard Mrs. Wilma Bryan discuss the potting and care of house plants, including size of pots, fertilizer, water, drainage, and light.
 With Kay James presiding, the club members reviewed the bake show rules. Four food subject matter groups reported meeting for cooking lessons during the month. Dress review and serving groups were mentioned so that the girls could be prepared.

Recognized for honors received at the Favorite Foods Show were blue ribbon winners Mary Ann Vance, Patsy Paetzold, Patricia Herr, Kay James, and Thelma Warren, and Red Ribbon winner Elizabeth Short. Kay James and Patsy Paetzold, district representatives, won blue ribbons and first place at District 4-H.

Members present were Sare Bell, Connie Walker, Patsy Paetzold, Dorothy Marnell, Mary Kay Wagner, Kathleen Warren, Kay James, Patricia Herr, Thelma Warren, Mary Ann Vance, and Elizabeth Short. Guests of the club were Mesdames C. W. James, Ed Paetzold, Charles Bell, Wilma Bryan, and Charles Short.

Bippus HD Club Hears Program On Civil Defense

Bippus Home Demonstration Club met Wednesday, May 8, in the home of Mrs. Charlie Burk. Mrs. Bess Werner discussed civil defense.

Points made by Mrs. Werner were: 1. Be prepared for emergencies; 2. Have enough food for the family for seven days; 3. Check storage and rotate once a month; 4. Have food in storage that can be eaten with little or no cooking; 5. Food in cans stores easily and can be kept for months; 6. Bottled water should be changed at least once every six weeks; 7. Have dairy cattle under shelter if possible. Before using milk, be sure cattle are washed and brushed. The preparation of land and water before replanting of crops also was discussed.

Guests were Mrs. Joe Landers, Mrs. John Hill, Jeff Bradley, Scott, Nonda and Don Hall. Members present were Mesdames C. F. Homfeld, James Bradley, G. V. Hall, Elmo Hall, Charlie Burk and Miss Christine Fortenberry.

First National Bank in the Community Room.

In the receiving line were Mrs. Floyd Rickman, mother of the bride-to-be, Mrs. J. G. Gandy and Mrs. J. D. Love, mother and grandmother of the prospective bridegroom, the honoree, and her chosen matron of honor, Mrs. Wanda Underwood. Each wore a corsage of small peonies.

Guests were registered in the bride's book by Miss Linda Kearns and Miss Linda Rickman. At the gift display were Mrs. Louise Olson and Mrs. Roberta Blackburn.

Miss Rickman's chosen colors of blue and white were used for the refreshment table. Laid with lace over a blue cloth, the table was centered with a pyramid arrangement of white snowballs and peonies with white satin streamers. Inscribed in blue on the streamers were "May 6, 1963" and "Carol and Eddie." Blue candles in crystal holders completed the table decoration. Serving the white-frosted cakes with blue flower decoration and blue punch were Linda Kearns, Cheryl Parker, and Brenda Shelton.

Hostesses for the occasion were Mesdames Clinton Jackson, Becky Jackson, Gaylon Bryan, Jim Thompson, Winnie Watson, Raymond Garrett, Louise Garrett, Louise Olson, Wayne Lawrence, Ocie Altman, and Wanda Underwood and Misses Donna Cole and Cheryl Parker.

MRS. IRA RICKETTS displays one of six ties all over the country, she also has made several lap robes for patients at the Veterans Hospital in Amarillo. (Staff Photo)

From ties sent by friends and relatives all over the United States, and lovingly stitched together with a wide variety of beautiful embroidery stitches, Mrs. Ira Ricketts has made six comforts for her children and herself and several lap robes for the Veterans' Hospital patients in Amarillo.

The comforts and lap robes are very colorful and rich in appearance and texture. One of the more interesting lap robes contains at the center of each block a tie with a raised Indian head and campfire design. Five lap robes and four comforts were made last year. Two more comforts have been completed this year and several more are begun.

Mrs. Ricketts, who lives with her husband at 236 Avenue J, spends most of her time with yard work and needle work. In addition to the comforts and lap robes, she has this year made five quilt tops and dresses for some of her great-grandchildren. Each of her 27 grandchildren

now has a quilt top. A pioneer in home demonstration work in the county, Mrs. Ricketts first met with groups of neighboring women before World War I. During that war they made bandages and did other forms of Red Cross work. In 1915 the group of women formed a study club.

In 1924, a canning club was formed to provide for the needs of the women's families and the needy. The women also found a good market for their surplus. An atmosphere of friendly cooperation was well-established through this and earlier experiences.

In 1915 the group of women petitioned for and got a home demonstration agent. The first one was Maggie Avant, who was followed shortly by Ruby Fincher. During the periods when there was no home demonstration agent, the ladies were ably assisted, especially with the canning clubs, by county agent, R. O. Dunkle. As an outgrowth of the can-

Xi Epsilon Alpha Sets Installation

Xi Epsilon Alpha Chapter of Beta Sigma Phi met Tuesday evening, May 7, in the Friendship Room at the Hereford State Bank. The opening ritual was led by the club president, Mrs. Robert Walker.

During the business session, conducted by Mrs. Walker, plans

were made for installation of officers. This, the final meeting for the year, will be in the form of a salad supper at 8 p. m. on May 21 in the Community Room of the First National Bank. Special recognition will be given new members at that time.

In further business the group voted to give a \$100 scholarship to a deserving girl graduate each year, beginning this year. The girl must, of course, plan to further her education.

During the first part of the program, Mrs. R. J. Cramer introduced Mrs. Faust Collier, who spoke on "The United States and Our Appreciation of Living in It."

For the second part of the program, Mrs. Clyde Russell, whose topic was Canada, introduced Mr. and Mrs. Virgil Dodson. They showed colored slides and gave an account of their recent trip to Canada. They were assisted by one of Mrs. Dodson's fifth grade pupils, Sidona Bennett.

For Girl's State Legion Auxiliary Okays Delegates

With Mrs. Carlos Vaughn, president, conducting the meeting, the American Legion Auxiliary met for its regular business session on Tuesday evening, May 7, at the Rock Clubhouse.

The Girls' State delegate, Kay Coffman, and her alternate, Royce Ann Gilliland, were approved. Girls' State is held in Austin in June.

Reporting on the Veterans Hospital party April 29 in Amarillo, Mrs. W. J. Frost said that 39 patients were present. Seven April birthdays were observed. Members present from the Hereford Unit and Post were Mr. and Mrs. W. J. Frost, Mr. and Mrs. Ira Ott, Mrs. Alta Davis, Mrs. Bessie Sauter, Mrs. Frank Smith, and Mrs. Nola Ralston.

It was decided to have an open house on May 21 at the Rock Clubhouse. Exchange student, Heather Gordon, will be the guest speaker. The public is invited.

A nominating committee was elected to select a slate of nominees for officers for the coming year. Mesdames Cecil Wilkins, Hazel Smith, and Lurline Smith were elected.

Mrs. Alta Davis, poppy chairman, stated that the Memorial Poppy Sale will be held May 25. Headquarters will be C. R. Anthony's Department Store.

There will be a Zone I meeting in Friona on May 14 at 7:30 p. m. A dinner will precede the meeting.

Reports on the Eighteenth District Convention were given by the delegates.

Refreshments were served to members Mesdames C. R. Logan, Frank Smith, Carlos Vaughn, Alta Davis, A. H. Swigart, W. J. Frost, and Mabel Vaughn, and the Legionaires.

Recent Bride Honored With Shower Tea

A shower tea honoring Mrs. Eddie Coplin, the former Miss Jane Pool, was given on Friday, April 26, in the home of Mrs. Ben Childers.

Guests were welcomed by Mrs. Childers and registered by Miss Sandra Meek. In the receiving line were the bride; Mrs. John Pool, mother of the recent bride, and Miss Vera Miller, who was the bridesmaid. Miss Miller is from Darrouston.

Covered with a white Italian Madeira cloth, the table was centered with an arrangement of white flowers in a frosted blue container. Appointments were in silver. Serving were Miss Arline King and Mrs. Maurice Miller.

Hostesses were Mesdames Ansel McDowell, Robert Wagner, Joe Story, F. N. King, Hugh Bixkout, Orpha Click, Lloyd Pool, Bert Boomer, John Blocker, Stanley Sigman, W. R. Hair, Howard Beasley, Grady Rogers, and Ben Childers.

Amarillo Artist Completes Instruction Courses Here

The final session of the art classes taught by Julian Robles was held on Saturday, May 4, at the Jeanne McGee Studio on

Progressive Road. Both the landscape and portraiture groups, which have been studying at the Community Center, met for morning and afternoon demonstrations by the Amarillo artist and teacher.

During the morning session Robles began a portrait of Donna Olson, daughter of Mr. and Mrs. George L. Olson, and during the afternoon session he completed a portrait of Dalton Askew. As he worked, he described the procedure and technique and answered the questions of the group on portrait painting.

Of Spanish ancestry, Robles was born in the Bronx area of New York City and spent part of his childhood on the family plantation in Cuba. During his school years, he studied art and fashion design and won many honors. It was while he was serving in the army as an illustrator that he realized that portraiture was to be his chosen field. He studied under the famous Dutch portrait painter, Dirk Van Drient, for about a year and has won great recognition for his portraits. He has made his home in Amarillo for the past few years.

During the luncheon individual decorative coffee mugs were presented as a hostess gift to

Mrs. McGee. They will be hung in the studio. The tradition of having visiting artists sign their mugs was begun by Robles.

Students completing their courses at the Saturday session were Louella Cowser, Mary Helen Askew, Oleta Weemes, Maurice Means, Charlotte Calvert, Nell Culpepper, Carrie Doaks, Gladys Setfill, Mary Lou Aven, Ruth Kerr, Ellen Carter, Susie Lipscomb, Jeannie Caison, Vernia Lyons, Margaret Young, Anna Kovacs, Eddie Lee Smith, Phyllis Sanders, Zadie Griffith, and Marie Fleming. The last three students named are from Friona.

Rebekahs Hold Regular Meet

On Tuesday night, May 7, the Rebekahs met in the IOOF Hall. Mrs. Leona Love, Grand Noble, presided at the meeting. An ice cream and cake party was planned for both Rebekahs and Odd Fellows on last Friday night.

Garden Beautiful Club Installs New Officers

On Friday, May 3, officers of the Garden Beautiful Club were installed during a luncheon meeting at the Hereford Country Club.

Conducting the installation was Mrs. Maurice Tamahill, who served as the first president of the club. She compared the club to a wheel, with the hub being represented by the president and the spokes of the wheels by members. She stated that the Garden Beautiful Club has always been an important part of this community and expressed a wish that it would continue to serve well. She was presented a gift of appreciation by the current president, Mrs. J. Howard Walker.

Officers installed were Mrs. E. W. Young, president; Mrs. J.

Howard Walker, first vice-president; Mrs. Roy Smith, second vice-president; Mrs. Bruce Burney, third vice-president and historian; Mrs. Homer Newton, recording secretary; Mrs. Bruce Carter, treasurer; Mrs. Charles Hood, corresponding secretary; Mrs. Ray Cowser, reporter; Mrs. Ansel McDowell, parliamentarian; and Mrs. L. H. Lookingbill Sr., Federation Council member.

Mrs. Robert Viegel was appointed chairman of the yearbook committee. She will be assisted by Mrs. Bernard Robertson and Mrs. Leo Witkowski.

Mrs. Roy Smith will serve as chairman of the flower show committee. Other members of the committee are Mesdames J. B. Pool, Ray Cowser, and J.

Mrs. Gwynne Owen will serve as chairman of the ways and means committee. Her assistants are Mrs. L. H. Lookingbill Sr. and Mrs. Tom Carter. Mrs. Charlie Noland presented a gift from the club to Mrs. J. Howard Walker, the retiring president, in appreciation for her work during the past club year.

The project committee, Mrs. Roy Smith and Mrs. Lloyd Pool, reported on the work at King's Manor. Each of the three garden clubs in Hereford will be responsible for planting a bed 95 feet long. Rose-colored chrysanthemums, pink petunias, and white sweet alyssum will be used for the plant material. (Continued on page 10)

choir's venture (by chartered bus) to Corpus Christi — and enroute the members "sight-saw" in San Antonio and on the return trip, Austin. What a blast! As for ratings — the girls' portion of the mixed choir came out with a "two" in concert and a "one" in sightreading... and the mixed choir rated a "two" in both concert and sightreading! Chaperoning the vocalists were the Don Moores and the Ben Gollehons.

Charles Mims and Ronnie Welty are to be congratulated upon their success in state University Interscholastic League competition conducted in Austin last weekend! Charles placed third in the Number Sense division, and Ronnie copped seventh spot honors in High Hurdles.

And on Tuesday night, April 30, candidates for class president (of next year's junior and senior classes) and student council secretary, vice-president, and president and their campaign managers gathered in the high school gymnasium. They that pursued "with great vigah" their respective battles for office. Those present at the campaign rally (an annual affair) witnessed rip-roaring skits and speeches.

Then, on Wednesday morning, freshmen students in Stanton Junior High and Hereford High Schoolers "scratched the ballot" for the ones of their choice. A suspenseful atmosphere prevailed in a special high school assembly on Thursday afternoon, when the election results were finally announced.

Last week was Civil Defense Week at Hereford High School — an effective program was drawn up in order to emphasize the importance of preparedness in the event of disaster — nuclear or otherwise. Student council president Janie McBroom had appointed committees to execute various phases of the defense campaign — safety, first aid, rescue, displays, etc. Student council members all enthusiastically prepared for the climax of the effort: an actual civil defense drill that was conducted sometime during the day on Friday, May 8. Much time and effort has been required of those responsible for this project, the purpose of which is to inform you of steps to be taken in order to survive disaster. Students, your interest and co-operation was appreciated!

Speaking of preparing, HHS Juniors are doing just that — the object of their preparations was the junior-senior banquet which was scheduled to begin at 7:30 p.m. on Saturday evening, May 11, in the high school cafeteria. Juniors were frantically making decorations, securing entertainment, and engaging in countless other necessary arrangements, while seniors were

eagerly awaiting the affair given in their honor.

Now to close this brief collection of notes: "Many are our joys in youth, but oh! what happiness to live when every hour brings palpable access of knowledge, when all knowledge is delight, and sorrow is not there!" ST. PETERSBURG, Fla. — Mary Samuel had to admit the St. Petersburg Independent did a pretty good job of spelling the name of the Welsh town. But she said one "I" had been left out of "Llanfairpwllgwyngyllgogerych - wryndrobwll-lantysiliogogoch." Wales-born Miss Samuel, furthermore, could pronounce the name, having learned as a girl to earn a shilling from her uncle. The town with the jaw-breaking name, she said, is very pretty. "It has a church, railway station, service station, a few houses and three or four tea-rooms," she said.

Church Sends Five Persons To State Meet

Seven persons from Hereford attended the state convention of Christian Churches last weekend in San Antonio. The meeting was held May 2-5 in the Granada Hotel.

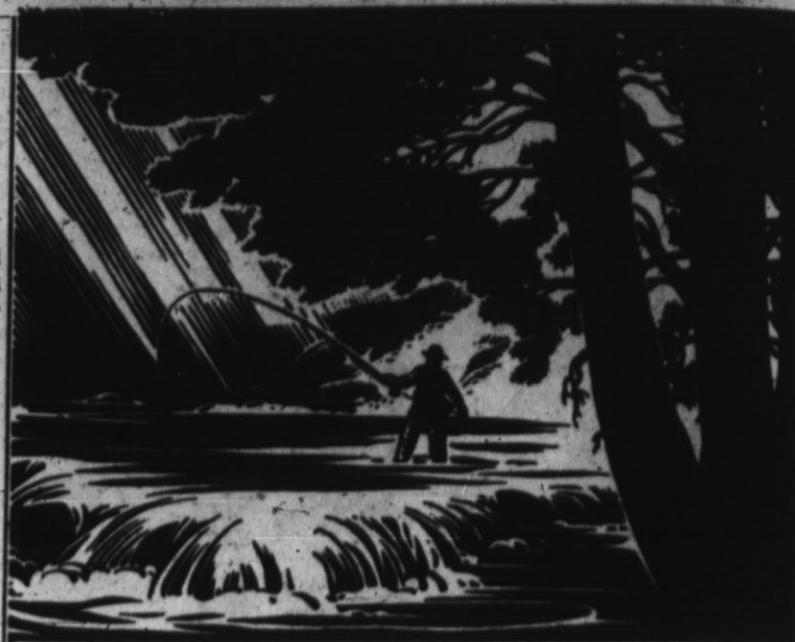

Voting delegates from the First Christian Church of Hereford included A. Petersen, Mrs. B. F. Cain, Bob Fillpot and the Rev. and Mrs. Eugene Brink. Also attending the convention were Mrs. Peterson and Mrs. Fillpot.

During the convention, delegates approved a complete change in the state organization to establish the Texas Association of Christian Churches. This action was the climax of five years' work and united five different organizations in Texas serving the Disciples of Christ brotherhood.

HOW MUCH TIME DOES IT TAKE to make electricity?

- An Instant?
- 2 YEARS?
- 5 YEARS?
- 10 YEARS?

(ANSWER BELOW)

■ Whichever box you checked you're correct! Although Reddy "makes" electricity the instant you press a switch, it takes 2 years from the time we order a generating unit until it's ready to work. We plan 5 years ahead on a detailed basis and 10 years ahead on a general basis.

■ The important thing is that electricity is ready to work for you now 24 hours around the clock — for our part we'll always keep it so.

Electricity is the biggest bargain in your family budget.

LAND SALE

Governor Signs 27 Bills; Annexation Bill Is Ready

By Vern Sanford
Gov. John B. Connally signed 27 bills into law . . . then he and Lt. Gov. Preston Smith left the state.

Their departure was to permit Sen. Martin Dies, Jr. of Lufkin to take over as "Governor for a Day."

Each bill applied to a special area of interest. For example: 1. House Bill 18, by Rep. Olen R. Petty of Levelland interests State banks. It exempts them from the State bank tax and franchise tax so a

long as federal banks are exempt. Saves them \$1,000,000 a year.

2. House Bill 588 by Houston Rep. Tom Bass interests firemen and policemen. It enables them to credit toward "job seniority" time taken off for military service and guard duty. This speeds up their promotions.

3. House Bill 614 by Rep. Armando Canales of San Diego and Rep. Jerry Butte of Kennedy interests hunters. It puts a "No - Hunting" sign on Du-

val County for the next five years.

The laws will go into effect late in August.

LOOPHOLE IN THE LOOP
Municipal annexation bill, which has passed both houses, is ready for Governor Connally's signature. It gives every city an "extra - territorial jurisdiction" - from five miles for cities of more than 100,000 population to one - half mile around cities of 5,000 or less population.

It sets up an extra - territorial area of one mile around cities of 5,000 - 25,000; two miles around those with pop-50,000; and three and a half miles around those with populations, ranging from 50,000 to 100,000.

Under this proposed law a city could annex in a year no more than an acreage equal to 10 per cent of its size on the first day of that year. In computing this, many have drawn concentric circles around sample cities.

But this is not the limitation it would appear to be.

Actually, instead of extending its whole perimeter, a large city could annex a five mile strip along major highways without approaching the 10 per cent limit.

VOTERS REGISTRATION

A registration system to take the poll tax's place is all but decided by the Legislature. Senate - passed bill by Sen. Tom Creighton of Mineral Wells calls for a 25 - cent registration fee in lieu of the \$1.50, or \$1.75 poll tax. It retains the present system of registering voters each year.

El Paso Rep. Malcolm McGregor tried to include the Texas League of Women Voters' plan for permanent registration, but it was turned down.

House took the 35 - cent fee provision out of the bill. So a House - Senate conference committee will have to settle this dispute. Another House amendment would require rural people and those residing in small towns to register every year, if they are over 60 years of age.

At present, these people are allowed to vote without registering at all.

Entire registration revision hinges on a constitutional amendment to repeal the poll tax. This bill, by Rep. Abraham

Kazen of Laredo, passed the Senate, but is tied up in a House committee.

GOVERNOR FOR A DAY

Sen. Martin Dies, Jr. wanted only a simple ceremony when his time came to be Governor for a Day. So he managed to hold the celebration down to a day of greetings in the governor's reception room in the Capitol.

But the simplicity of the event didn't keep the folks from coming to shake his hand and pay their respects. Among nearly 1,000 visitors were many relatives including the senator's well-known father and mother from Lufkin.

More than 400 friends came all the way from East Texas in private planes and cars. Only side celebration was the traditional luncheon in the Governor's Mansion. It was attended by kinfolk of both Senator and Mrs. Dies.

CRIMINAL CODE REVISION

The much - opposed revision of the State Criminal Code now has the approval of the District and County Attorney's Association, through an endorsement by its president, Alton Griffin of Lubbock.

Endorsement applies to the House Criminal Jurisprudence committee's version of the State Bar Association's plan for streamlining the code. House version is so different from San Angelo Sen. Dorsey Harde-man's bill which passed the Senate, that it may be a long, hard fight for approval. And there's less than three weeks left in this session. It must end by May 27.

MISSION FOR MIGRANTS

Laredo Rep. Honore Ligarde told the House Appropriations committee that a program of basic education - grade-school level reading, writing and arithmetic would be:

"One of the greatest bargains available to you today - the renovation of human beings in such a way that they cease to be a burden to the state and assume the dignified role of contributing taxpayers."

Ligarde has introduced alternate bills to set up an educational program under the Texas Education Agency, through the urging of the Texas Committee on Migrant Farm Workers.

There are about 127,000 illiterate migrant farm workers in the state. In addition there are 800,000 other adults who rate as illiterates and who would also be eligible for courses if a plan is adopted.

FOR MEN ONLY

Decision by Texas A. & M.'s board of directors, to make the college coeducational provoked introduction of a House resolution against the board's deci-

sion. Also a bill designed to prevent entrance of females.

Rep. Will Smith of Beaumont introduced both measures.

1962 VOTERS' REGISTRATION
State Comptroller Robert S. Calvert reported a total of 2,020,183 voter registrations issued through Jan. 31, 1963.

This included 1,654,805 poll tax payments and 365,378 exemption certificates, to be used in any elections held through January 31, 1964.

Loving County issued the least poll tax receipts - 90. Harris County, the most - 282,768.

TEAMWORK TOO GOOD?

Sen. Murray Watson of Mart said the 58th Legislature is bypassing many major issues in its "mad rush" to adjourn by May 27.

He praised the teamwork of House and Senate, but said, "All this good teamwork and this great speed is fine and good, but in our mad rush to set records - to avoid controversial issues - and to adjourn within the 140 - day period, we are overlooking many vital problems."

Sen. Watson said the Legislature "seemingly is avoiding any positive approach to the growing water pollution problem - to traffic safety, crime, delinquency, divorce and other problems relating to our society's health and welfare."

GUARD COMMANDER

TO RETIRE

Maj. Gen. Lloyd M. Bentsen Sr. of Mission will retire as commander of the Reserve Corps of the Texas State Guard on May 11.

He will be succeeded by Maj. Gen. John L. Thompson of Houston.

STAMP SALES UP

More than \$9,000,000 was taken in by the State from the sale of wine, liquor and cigarette stamps in April. This represented an increase of \$750,000 over the April, 1962 revenue.

WATER SAFETY ACT SUNK

Rep. Ben Atwell failed in a third attempt to launch a water safety bill which prohibited fees for use of public embowments.

Business activity down again

The seasonally - adjusted index of Texas business activity went down in March for the second month in a row, according to the Bureau of Business Research, which bases its index on the 1957 - 59 average.

Business in general in March was seven per cent below February's level and four per cent below that of March, 1962.

Only three cities - Beaumont, Tyler and Texarkana - showed increases. El Paso and Lubbock remained at their February levels, while other cities showed declines from two to 16 per cent.

Propaganda Dominates Facts In Wheat Vote

Announcements concerning polling places and officials for the wheat referendum were made in Deaf Smith county this week, preliminary to the actual voting May 21, and this is one time that every man, woman and

child seems to be fairly well informed. Needless to say, just about everyone involved is equally confused.

Propaganda on the subject of wheat referendum has been unusually prolific and generally biased. One side would lead us to believe that the farmer will become an outright slave if the referendum passes, while the other side tells us that he will starve if it does not pass. To us, both sides appear far more interested in "selling their own viewpoint" than in the honest welfare of the farmer. Frankly, we doubt if things will turn out so drastic as they are pictured; somewhere along the line, there has to be a happy medium. There are several other facets to the situation which merit our attention.

First, the high-handed efforts of Secretary Freeman are to be deplored. In our opinion, the Secretary of Agriculture should present factual material through official channels—and let the people make their own decisions on this basis. If the Secretary has personal opinions on the subject, it is well and good for him to express them through interviews and TV appearances, but when he uses tax money and official channels to promote his own personal ideas, it seems to us that he is asking to be removed.

Furthermore, we cannot see where the farmer has a lot of freedom to lose. He already has to ask for quotas before he can plant, he is regimented and penalized on numerous fronts, while operators such as Billie Sol Estes amass millions of dollars through special favors. Frankly, we do not see how passage of the referendum can make the plight of the farmer much worse than it is already.

In addition, the government is currently moving into the cattle business, despite the fact that the cattlemen turned down a similar referendum in previous elections. With this in view we might even ask what difference it makes how the vote goes if the government is going to take over regardless?

And speaking of the cattlemen, let us apply his loss of supports to the pride factor which is being used as a pressure tool. Propaganda in the cattle referendum was parallel to that in the current wheat vote. Cattlemen were told that beef would sell at "a dime a pound" if the referendum did not pass. As we all know, it failed, and beef prices have held firm all along the line. Mr. Freeman says unless the referendum passes we will have "dollar wheat" and he could be right, but we doubt if anyone is capable of predicting the future with any degree of accuracy—and especially Mr. Freeman who apparently has a lot to learn about prices under a competitive system.

When you get down to brass tacks, the wheat referendum is actually taking the brunt of the "Liberal vs. Conservative" political strife. In addition, outcome of the referendum may well become a political thermometer for the next national election.

Of considerable importance, too, is the fact that the large wheat farmer has no greater voice in the matter than the small wheat farmer. Deaf Smith County, for instance, has 1,227 farmers who cultivate 171,900 acres of wheat, while Dallas County has 1,530 farmers who cultivate 20,000 acres of wheat. Consequently Dallas, not a wheat producing area, will have 303 more votes than Deaf Smith, which is a large producing county—and there are many examples far more extreme.

Unfortunately, we do not own or operate any wheat farms—even 15 acres—and cannot vote in the forthcoming election. This, might, of course, make a difference in our outlook on the matter, despite the fact that our income is parallel to that of the farmer. However, if we were able to vote, as things now stand, we would definitely vote against the referendum, chiefly because we feel that it may well become the first step in a trend toward decentralizing federal controls and ultimately returning the government to the people.

Somewhere, sometime, this must happen if our nation is to continue in its present role.

Automation On Farm Front

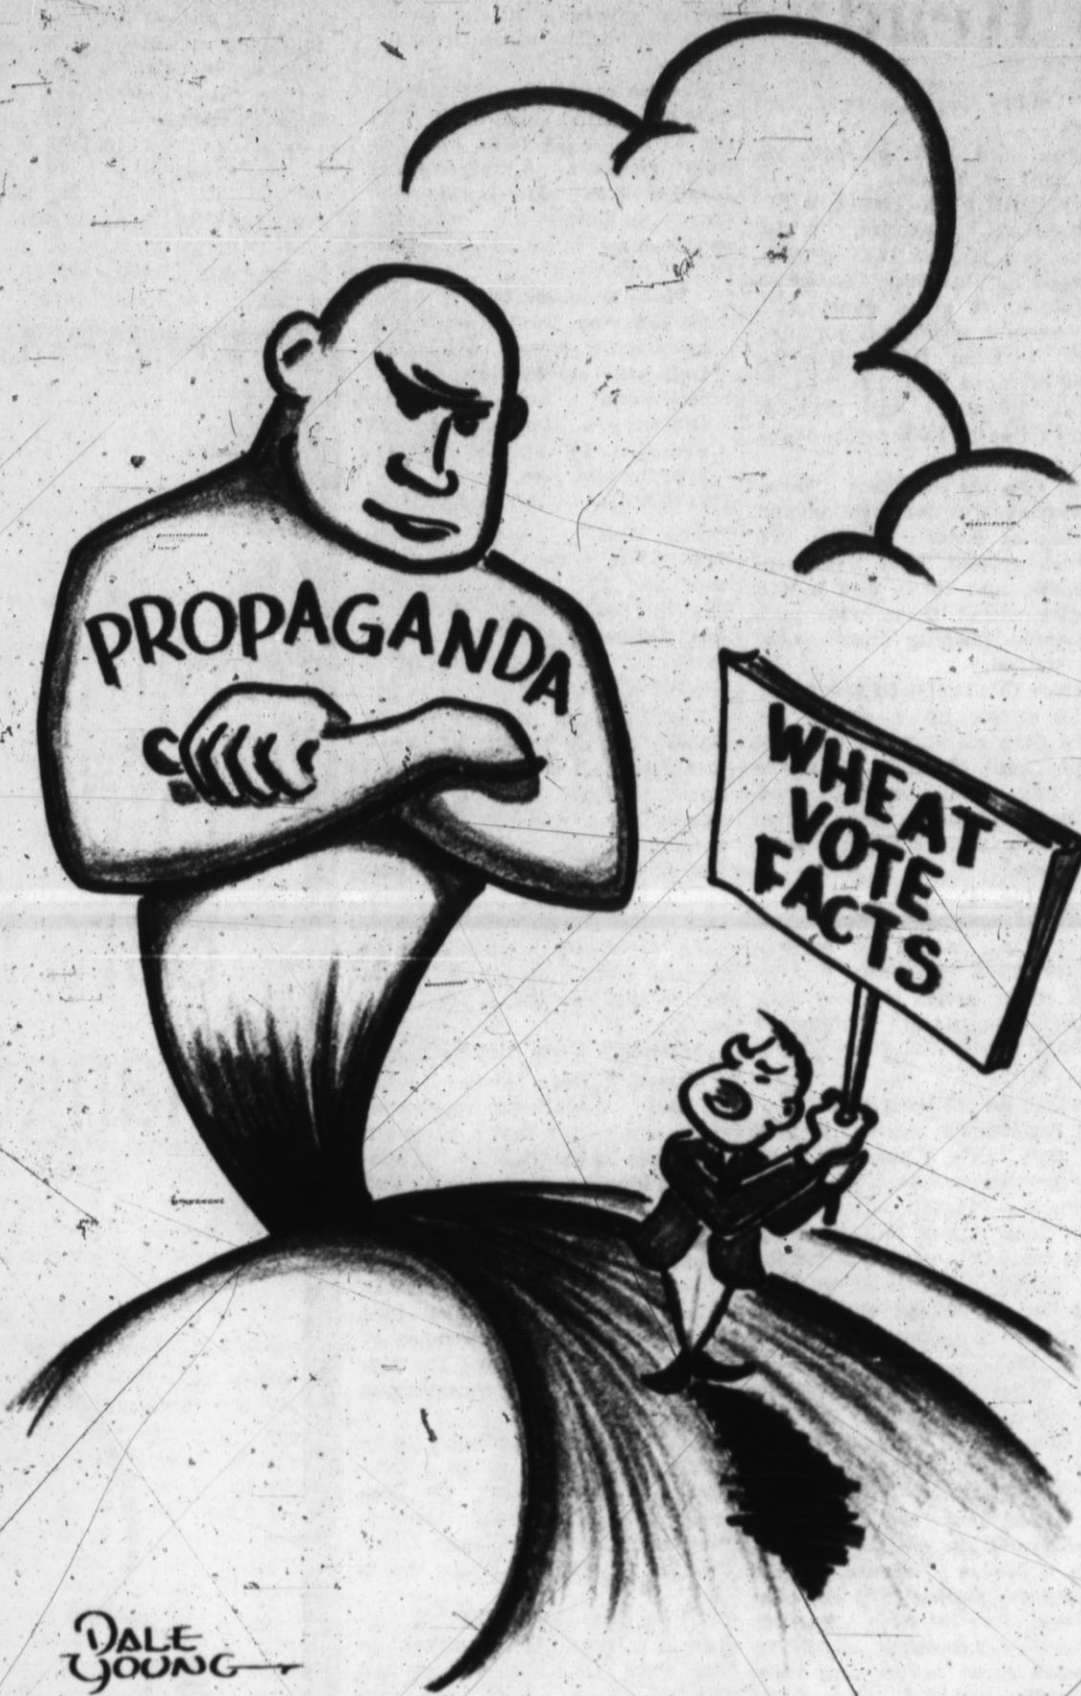

Rising labor costs have brought about automation in industry, and now automation is coming to the farm.

The Wall Street Journal reports on developments in the field of labor saving machinery for the farm and it is apparent that whole new vistas of agricultural production have been opened.

"Michigan State University and other agricultural research centers have unveiled several new machines. There is a wind machine for harvesting grapefruit. A power drill that picks blueberries. An electronically controlled asparagus cutter.

These may seem fantastic. But only a few years ago it was generally agreed

Graduation Exercises Honor Dozen Seniors

With a perfect day of sunshine and an all-prevailing spirit present in keeping with the occasion, the first day of the high school commencement was duly observed last Sunday. Honored in the program were 12 seniors who will be graduated this year. The class of 1913 is comprised of the following: May Blacet, Jewell Buster, Lois Garrison, Clara Lambert, James Lipscomb, Earl Lust, Bess Nance, Alma Norton, Cotta Sisk, George E. Webb, Nell Wilson, and Virginia Wyche. Long before the hour set for the program the court house auditorium was filled, and by 11 o'clock no more room was to be had and many were turned away. The professional march was led by Supt. Ben Short. The Rev. R. H. Purser delivered the sermon.

Though the weather was somewhat threatening, the high school class play drew a full house Monday night when it presented "Just Like Percy". With another ideal evening, the graduation exercise of the high school at the district court room Tuesday night was attended by as many as could be well seated in the large auditorium. Only three of the class appeared on the program. Breaking a long tradition, both the young ladies and the young man spoke without the aid of written manuscripts. The first honor pupil, Miss Mary Blacet, had for her subject: "Science as the Builder of the Panama Canal". The second honor pupil was Miss Nell Wilson. She, however, did not appear on the program. Miss Cotta Sisk, whose record was close to that of Miss Wilson for second honors, spoke her paper and had for a subject: "Architecture Showing the Character of Nations". Earl Lust represented the young men of the class in a fine address upon the subject of compulsory school attendance.

that there never would be a successful cotton picker and now this is a common machine.

Growers in the fruit and vegetable areas have long depended upon hand labor to gather the crops. Mexican braceros have provided most of this hand labor, coming in when the crops were ready and going back home to live on their earnings when the harvest was over. But times have changed. The federal government has put a floor under earnings of Mexican laborers and growers are turning to machines.

Peas are being harvested by combines now. Five years ago machines harvested less than 10 per cent of the crop, now it is more than 75 per cent.

The electronically controlled asparagus cutter, developed in New York, has an electric eye on the front of the machine, set at six inches above the ground. When the beam is broken by a stalk that tall, one of the seven piano wires held between two tiny arms will swing down to cut off the stalk at ground level. Shorter stalks will be bypassed.

The blueberry picker is a hand held drill,

operated on compressed air, which causes four vibrating bluminum fingers on each drill to shake the plant, dropping the ripe berries into a canvas sack while the green ones remain.

The grapefruit picker borrows a trick of nature—the hurricane. Mounted on a platform behind a tractor, a high powered electric fan creates air gusts which cause tree limbs to shake, snapping off the fruit. Test runs show that this fan removes 99 per cent of the fruit and a blower can harvest 150 trees an hour, a three-week job for a hand picker.

All of these inventions are a result of the unceasing quest to do a given job faster and at less cost. Labor prices have speeded up the process.

Of course, another thorny problem remains after automation has replaced men with machines. It is men that consume the products rather than the machines.

The problem now is how to be sure that the markets for the products are maintained. We're glad it isn't something we have to solve.

THE SUNDAY HERALD, PERRYTON, TEXAS

(Editor's Note: The April issue of The Cross Section, published by the High Plains Underground Water Conservation District, is devoted to "tailwater" problems in Parmer County and how some of those problems have been solved in a variety of ways. Since Parmer County adjoins part of Deaf Smith County and the problems are much the same, some of our neighbors' actions are pointed out for local consideration.)

Parmer County farmers encounter some rather knotty problems while irrigating agricultural crops — problems which are not found in all parts of the Water District.

First, their soils are tight and heavy, and do not readily allow water to penetrate. Water must either run through the fields, or be held in the furrows, for a period of time long enough to allow sufficient moisture to be taken into the soil to produce adequate crops and sustain yields. Particularly annoying to irrigators of tight soils, is how best to control irrigation water until it has remained on the cropland a sufficient period of time to wet the soil adequately and still keep it from seeping into the ground or running down the road bar — ditches and dry banks.

Second, with rare exception, Parmer County farmers have become aware of the declining water table and the folly of allowing water to pour from their

CITY ELECTION CONTESTED

Another chapter in Olton's history of city turmoil was written Wednesday afternoon as W. E. (Bill) Thomas filed a petition in district court contesting his one-vote loss last month to Mayor Gene Wilson. The petition, styled W. E. (Bill) Thomas vs. Gene Wilson became a part of the court records at Littlefield shortly before 2 p.m. Thomas alleged "that many persons were allowed to vote" in the recent election who were not qualified voters since they were not residents of the city of Olton and "that the majority of the qualified electors who voted in such election voted for the contestant." It was also alleged that the "election was not conducted in compliance with the statutes of this State governing the conduct of elections in that certain electors used sample ballots as an aid in casting their votes . . ."

THE OLTON ENTERPRISE

WHEAT CROP LOST

Continued dry weather and high winds have dealt a death blow to what remained of the 1963 dry land wheat crop in the Perryton area and farmers turned their attention to the prospects of a milo crop if and when it rains enough to plant. This week's Farm Labor Bulletin, issued by the Texas Employment Commission, puts the Perryton area at the bottom of the heap as far as wheat crop prospects go. This is an unusual situation for the banner wheat producing county of the state, but there is nothing that can be done about it. An estimated 90 per cent of the dry land wheat has either been abandoned or is being abandoned due to the drought, according to the wheat harvest bulletin. Irrigated acreage is in very good condition and an excellent yield is forecast. Irrigated acreage represents a very small part of the total acreage in the area, however.

WATER PLANS ADOPTED

A three-point water program, designed to give Littlefield citizens all the water they want this summer, was approved during a lengthy but productive City Council meeting Thursday night. Authorized by the Council were three projects—drilling a new water well, tying on to Lubbock's water line here for emergency use, and expanding the capacity of the city pump station. . . . The city's three-fold water problem of supply, storage, and distribution came in for a lengthy discussion before the Council approved the water program. It was brought out that the program is essentially a stop-gap measure and that long-range planning will call for additional solutions.

FIRST TRAFFIC DEATHS SINCE 1959 RECORDED

One man was killed outright and another was fatally injured early Sunday morning in a one-car traffic accident at the north edge of Canyon. The two deaths recorded in the accident were Canyon's first traffic fatalities since May 11, 1959. The southbound auto in which the two men were riding went out of control and hit the Canyon city limits sign at Highway 87 and Spur 48 about 4:25 a.m. Sunday. The automobile then hit the adjacent Chamber of Commerce sign taking out a 1000 pound chunk of concrete and carrying it about 50 feet. The car then hit a utility pole shearing it off at the ground. The vehicle came to rest in the street.

NEEDED HOSPITAL EXPANSION TOLD

The need for expansion at Parmer County Community Hospital and a proposed building addition to meet the hospital's needs were discussed at a breakfast meeting in Friona last Saturday. Dr. Paul Spring, spokesman for the hospital, said that the hospital needs more private rooms, and it was his opinion that 10 additional private rooms would put the hospital in much better position during the "rush months".

THE FRIONA STAR

THE BOOTLEG Philosopher

Editor's note: The Bootleg Philosopher on his blindweed farm doesn't seem to like a new invention he read about somewhere.

Dear editor:

With so many things needing to be invented, like a salt shaker that works in damp weather or an automobile tail pipe that won't rust out or a light bulb that notifies you a day ahead of the time it burns out, it always puzzles me to see people working on non-essential ideas.

For example, I read in a newspaper last night about a new invention that's now on the market that made me throw the paper down and turn on television.

This new invention is a gadget that keeps you from starting your car until you've gotten your seat belt fastened. An electronic device is connected to the starter, and the switch won't work until the seat belt is strapped around you.

Now I haven't got anything against seat belts, they save lives if you're going to have a wreck and if you keep driving you probably are, but if I haven't got sense enough to use one, I don't want anybody inventing something to make me. I have enough trouble starting my car now, without having to check to see if the wire from the seat belt to the starter is broken.

Cars have too many wires anyway; if you ask me. And if it's a five-passenger car, would all five belts have to be fastened before you could start? This sure would require hauling a lot of people around unnecessarily.

The whole idea is a trend that can lead to more and more complications. For example, some smart Alec may invent a gadget to keep you from turning on your television set until you've worked 8 hours, or a device to keep you from turning your tractor engine off until you're through plowing, regardless of whether the fish are biting.

If the trend keeps going, and cars get more electrical devices, like a radio-controlled system that automatically applies your brakes when a stop light turns red, or a gadget to lock the steering wheel when you try a right turn from the wrong lane, etc., the time may come when you have to go into intensive training for years like an astronaut before you're qualified to drive one.

This might be the answer to the traffic problem, but I doubt it. There are only a handful of astronauts now, but sooner or later if they keep hurrying around one of them is going to collide with another out in space.

Yours faithfully,
J. A.

Junior High Reviews Busy Year

ENGLISH TEACHERS in Stanton Junior High School polish up the fundamentals learned in elementary school and also introduce students to the fascinating world of good literature. From the left are: Frank Jones, Mrs. S. R. Ratcliff, Mrs. Caudie Ola-Brown, Mrs. Fred B. Welch, and Mrs. Joel Treadwell. Not shown is Mrs. Flo Dickinson. (Brand Staff Photo)

F.H.A. Members Close Rewarding Year At Stanton

By Barbara Gholson
Being in Future Homemakers of America this year has in itself been a highlight of the school year. The junior high club is sponsored by Mrs. Martha Sullivan.
In the Hereford school system there are three clubs, Chapter I and Royal-Rose at high school, and the Stanton Junior High Chapter. The club colors are red and white; the red stands for sincerity, as this is one of the greatest aims of all F. H. A. girls. White is a symbol of purity, which all members tries to achieve. In the story of the club emblem is told the ideals and goals of the future homemaker.
One of the meetings the girls enjoyed most of all this year was the informal meeting in which the girls became better acquainted. This was a swimming party in August at the Bradlys.

Honor Students Selected

Students of the six weeks were recently selected by the homeroom representatives. The students chosen for this honor were Wynn Buck, ninth grade; Charlotte Bablone, eighth grade; and Debbie Thomas, seventh grade.
Wynn is the son of Mr. and Mrs. W. W. Buck, Route 5, Hereford. Wynn is active in sports and was recently elected secretary of the student council for the 1963-64 school year. Charlotte is the daughter of Mr. and Mrs. Ronald Bablone, 303 Irving. She is an office girl, homeroom officer, and one of the cheerleaders for the year. Debbie is the daughter of Mr. and Mrs. T. B. Thomas Jr., Route 4, Hereford. She has served as a homeroom officer this year.
These students are chosen on grades, participation in activities, conduct and friendliness.
"Cowboys Lament", "Aurora Lee", "Shine on Me," and "My Evaline".
Eighth and ninth grade girls choir sang "O Mighty Land", "Come Let Us Start a Joyful Song", "Young Lubin", "Vere Languores Nostros," (in this song were parts sung by first sopranoes Kathy Pool and Carol Brashear, second sopranoes Charlotte Bablone and Gwen Cargo, and altos Laura Higgins and Annelise Kovacs. The last song by this group was "Master of Human Destinies".
Ninth grade mixed choir sang "Adornamus Te", "The Silver Swan", "You'll Never Walk Alone", "One God," and "Sourwood Mountain" with tenor part sung by Jody Rodgers.
The combined choirs assembled on stage for two final numbers "Ye Watchers and Ye Holy Ones," and "The Battle Hymn of the Republic". Piano accompanist for the concert were Cynthia McMinn, Nicky Osborn, and Jana Cole. Richard Brown played the organ before the concert and accompanied the choirs during "The Battle Hymn of the Republic".

NAMED AS outstanding students for the six weeks were, from left: Charlotte Bablone, eighth grade; Wynn Buck, ninth grade; and Debbie Thomas, seventh grade. They were chosen for their scholarship, cooperation and participation in school activities. (Brand Staff Photo)

Student Teachers Start Career Here

Miss Lois Elaine Scheer is learning more about teaching English in the seventh grade, under the supervision of Mrs. Ratcliff. Miss Scheer came to Stanton on April 1, 1963. This is her first experience as a teacher.
Miss Scheer graduated from Fillett, Tex., high school in 1960 and began her college studies. She has always wanted to be a teacher and especially an English teacher. She has other interest besides being an English teacher, however; she has had several years of German and has studied music since the age of five years, and would like to teach music. Included in Miss Scheer's future plans are to continue teaching and to be married this fall to Rodney Laubhan.
Miss Scheer stated that the seventh grade is a most cooperative group.
Mr. Buddy King is a student teacher in the physical education department under the supervision of Mr. Gerron. Mr. King was born in Lawton, Oklahoma but finished high school at Spearman, Tex., where he was active in football, basketball, track and baseball.
He is a physical education major at West Texas. His minor field is biology. As might be expected, Mr. King's favorite activity is sports.

area, district, and state contest; and the Poultry team.

Cheerleaders were elected by the student body on Sept. 11, 1962. Those elected were Jan Miller and Suzanne Hart from the seventh grade; Chris Meredith and Charlotte Bablone of the eighth grade, and Karen Blackwell, Jo Ann Ferguson, Sidney Bayne and Sandra Thomas to represent the ninth grade. Mrs. Sims and Mrs. Duvall were the sponsors.

Stanton Junior High students volunteered their services in collecting for the Christian Rural Overseas Program (CROP) on Oct. 31, 1962.

Taking honors in the Science Fair held at Amarillo were Jack Aikin, second place in junior physics; Tyler Thompson, second in junior individuals with an entry in the chemistry and bio-chemistry division; and James Combs, first place in physics in junior group and top individual awards.

In November, two assistant editors, Joyce Curtisinger and Paula Waldrep, were elected to help the Dogie Editor, Gary Payne.

Annual fat stock show was held Jan. 17-18 at the Deaf Smith County Bull Barn. Many Stanton Junior High students won top honors.

March of Dimes program was held January 31. Short skits and stunts were presented by 13 homerooms. A check for \$167.44 was presented to the drive chairman, Pat Ferguson, immediately following the assembly.

A physical fitness program was presented March 5, by the Stanton physical education classes.

Stanton Junior High All School play was a tremendous success. The proceeds from "Papa Was A Preacher" will go to improve the lighting on the stage.

The Kiwanis ping-pong tournament was held at the Community Center March 25-29. From Stanton, Mandi Moore won first place trophy in the junior high girls singles with the trophy for the junior high boys singles going to Roger Owen. Steve Hodges won first place in the Hereford Optimist Oratorical Contest. This enabled him to represent the Hereford club in Amarillo where he placed third.

Secretary of the high school student council is elected from the incoming sophomore class. After a long, hard campaign, Wynn Buck was elected to serve this post for next year.

Each homeroom had an opportunity to present the weekly assembly program. The programs this year have been excellent.

The ninth grade class had its annual picnic May 9, and the

eighth grade picnic will be May 16.

Student Artists Earn Honors At Red Cross Show

Seventh, eighth, and ninth grade students enrolled in art classes at junior high each donated a picture for the American Red Cross, local chapter, and these pictures were exhibited at the Hereford Community Center, April 16. There were six ribbons and eight honorable mentions issued.

Linda Kuper, grade nine, won a blue ribbon for first prize; Pat Ward, grade eight, won a white ribbon for second prize; Barbara Rhodes, grade nine, won a red ribbon for third prize. In the western picture division John Sooter won first prize; Monte Gripp, second prize, and Tilford Noryell, third prize. Honorable mentions were given to Mary Lou Salcido, Robert Mancillias, Donna Beversdorf, Joyce Curtisinger, Janice Hill, Melody Skelton, Norm Edwards and Lois Bosley.

From this group about 25 will be selected to go overseas with the Junior Red Cross scrapbook for this year.

It is planned now to have a (Continued on page 11)

STUDENT TEACHERS from West Texas State University have spent the second semester in Stanton classrooms learning through actual teaching experiences. The student teachers are supervised by regular faculty members as they apply their knowledge to actual situations. Completing their practice work here are Buddy King and Lois Elaine Scheer. (Brand Staff Photo)

A PLAQUE of appreciation was presented Sunday to L. C. Thomas. The presentation was made during a reception honoring the retiring school administrator by Mrs. Aubyne Hodges, president of the Central School Parent-Teachers group. Several hundred persons attended the reception in the Community Center. (Staff Photo).

 ning club, the Progressive Community Workers Club was organized in 1926, with Mrs. Ira Ricketts as the first president. The purpose of the club, states Mrs. Ricketts, was to exchange ideas and attempt community improvement. The early history of the club shows that they successfully renovated Progressive School and beautified the grounds, held regular children's parties, exchanged seeds, quilted, sponsored community socials, and generally were very

useful workers in the Progressive Community.
 The name of the club was later changed to Progressive Home Demonstration Club. In 1949, Mrs. Ricketts was named club woman of the year. She holds a life-time membership in the Progressive Club.
 Mrs. Ricketts was born in 1886 in Navarro County. Her family moved two miles southeast of Frio during the very severe winter of 1902. Her father, A. J. Hughes, ranched and broke the land for farming. Mrs. Ricketts remembers the snow storms, the wide-open spaces, the early plank buildings of the Hereford vividly.

She attended the Hereford school in 1903 when she was in the eighth grade. After that she attended school at Frio. The teacher was paid by the families and makeshift furniture served for desks and chairs.

When Ira Ricketts began to court Annie Hughes, the distance from his home to hers, eight miles, was so great that he could come calling only on Sunday afternoon every two weeks. She sat on her porch and could see him coming in his buggy for about half the distance.

The Ricketts were married in August 26, 1906, in a home cere-

mony by the Rev. J. N. Wooten, minister of the First Christian Church. They farmed one-half section in the Progressive Community from 1928 to 1956.

Mrs. Ricketts remembers the many social gatherings and good times along with many hardships. She recalls the snow and flu of 1918. The only one of her family to escape, she cared for the others and took care of milking the cows and other chores. Finally Dr. LeGrand was able to get to them by horseback.

The Ricketts have five children living. One of their daughters, Ira Jean, was the first gold star-4-H girl in the county. Their son, Glenn, is minister of the First Christian Church in Artesia, N. M. There are 27 grandchildren and 48 great-grandchildren. Family reunions are usually held in August of each year.

Mr. and Mrs. Ricketts have always been very active in the Christian Church. He is 77 and the only living elder emeritus in his church.

LL Season Opens On Wins By Dodgers, Yanks, Giants

Hereford Little League opened on time Monday with three games. Prior to the major league contest, Mayor Ray Cowser praised the volunteers who have worked with the program and have started the ninth season here this year. He also threw the first pitch of the game, described by observers as a high, curving side-arm offering that was called a strike.

The Rev. Bill Ware offered the invocation before the game. Earlier, league president Ted Higgins and chief announcer Shug Lee had introduced players and coaches of the four major league teams.

In the major league opener, the Dodgers took advantage of walks and timely hits to down the Yankees, 9-6. Keith Kitchens opened for the Dodgers with a single, followed by two walks and an error that let two runs come in. In the last of the first, the Yankees picked up one run on a walk and singles by Jim Rakestraw and Jimmie Loerwald. Both teams were scoreless in the second.

The Dodgers tacked on one run in the top of the third on a double by Dusty Duncan and three walks.

But the Yankees tied the score at 3-3 in their part of the third. Tom McGowan singled but was forced at second as Rakestraw was safe on a fielder's choice. Jimmy Loerwald then blasted the ball over left center for a two run homer.

In the fourth, the Dodgers cut loose for four runs on two hits. Three walks, an error and singles by Kitchens and Allen Hardin pushed in the runs.

The Yankees pulled back within one run in the fourth on a walk, an error and singles by Dennis Sargent, David Huckert and Roland Livesay. That earned them three runs.

Three more singles were hit by the Dodgers in the top of the fifth as they extended their lead to 9-6. A walk was sandwiched among hits by Mark Woodward, Keith Duncan and Daniel Peters.

In the last of the fifth, the Yankees put one runner on by a walk, but couldn't catch up. Frank Hernandez went all the way on the mound for the victory. Ricky Adams started for the Yankees. He was relieved

by Summers, Hicks Roberson, Bill Kendall, Ann Woodford, Robert Walker, Clyde Russell, Carl Hollingsworth, Aubyn Hodges, R. J. Cramer, Harold Beauchamp, and Ronald Babione.

by Roland Livesay.
 In one of two minor league games, the Giants outscored the Athletics 10-5. The Athletics put runners on all bases in the first, but couldn't bring them in. The Giants, however, came through for six runs in their part of the first.

In the top of the second, the Athletics picked up five runs on four walks and two hits. The Giants moved away 7-5 in the second as they tallied once.

That was the end of the scoring until the last of the fifth, when the Giants led down the game with three more runs. The A's put a runner on in the sixth, but couldn't advance him. Greg Whitaker pitched for the Giants with Urias and Pool hurling for the Athletics.

In the other minor league game, the Yankees overcame a six-run deficit with a 17-run outburst in the third inning for a 22-13 win over the Pirates.

The Yankees scored four runs in the top of the first. But Yankee pitchers had trouble finding the plate and gave up 10 runs on 11 walks and one hit, a double by Jeff Davenport.

With two out in the second, Paul Ware walked, stole two bases and scored in a hit by Cliff Higgins to make it 10-5.

The Pirates drew a walk in the second, then saw the next three batters go down in order on a strike-out and two fly balls.

In the top of the third, the Yankees picked up 17 runs on five hits, five walks, three errors and 18 stolen bases. The big blast was Paul Ware's triple to center field.

The Pirates picked up their last two runs in the last of the third on three walks, a hit batter and a single by Davenport. But two strike-outs and a fly to the infield closed out the Pirates' chances.

Bobby Banner and Morris Ayala worked on the mound for the Pirates. Bill McQueary started for the Yankees. He was relieved in the second by Oliver Eastman, who got credit for the win. The game was called after three long innings because of time.

ATTENTION NOTARIES PUBLIC

Secretary of State Crawford C. Martin announced that all qualified Notaries Public desiring re-appointment for the new term ending June 1, 1965 must re-qualify by the payment of the required fee and the filing of a new oath and bond with the County Clerk of his residence between June 1, 1963 and June 10, 1963.

Martin emphasized that Notaries Public should not send requests for re-appointment or for commissions directly to the Secretary of State. The law specifically requires that the County Clerks approve notary bonds.

Any person not now a Notary Public who desires appointment should apply to his County Clerk between April 1, 1963 and May 20, 1963. Application during this period will assure prompt attention before the rush procedure of re-appointing present Notaries.

The Secretary of State further pointed out that each person applying for a commission as a Notary Public must be at least 21 years of age and a resident of the county for which he is appointed. The exact name and permanent address of the applicant must be furnished the County Clerk.

AN IMPORTANT MESSAGE TO THE FARMER FOR 1963

The PANHANDLE MUTUAL HAIL ASSOCIATION has paid back to the farmers an average of 84c of each premium dollar over the last 4 years for HAIL LOSSES. The last benefits is the important and simple crux of any insurance policy, and much sweeter than any taken dividend or deviation.

TEN REASONS WHY PANHANDLE MUTUAL HAIL ASSOCIATION IS ONE OF THE LARGEST CROP HAIL WRITERS ON TEXAS CROPS:

- All Texas policies are reinsured by the LLOYD'S OF LONDON with billions of dollar assets.
- All liability is mapped and limited by section and township.
- Approximately FIVE MILLION dollars paid to West Texas farmers for losses the last five years.
- A-PLUS (EXCELLENT) RATING BY "DUNNE'S FIRE AND CASUALTY REPORT"
- Required legal reserve (policy holders surplus) maintained at all times and deposits are kept in LOCAL BANKS throughout the West Texas area.
- The PANHANDLE SPECIAL cotton policy DOES NOT have the REPLANT clause and we DO NOT use the PLANT POPULATION adjustment at any time on this policy.
- We DO offer the FB-10 with (Replant Clause) and the Broadform policy—full effect on June 5th in Zone 2 at (noon) with replant clause before this date and plant population adjustment at a reduced rate.
- The PANHANDLE Wheat Policy is the only policy with the "Extra Harvest Expense Award" benefits, also with the 10% credit on Tascosa and beardless wheat, only 48 hour waiting period and a nice premium saving in most counties.
- Free cancellation on crop failures (See Dates) arbitration clause.
- Your PANHANDLE MUTUAL HAIL ASSOCIATION wants to serve you with "THE THINKING MAN'S HAIL INSURANCE"

Be sure and talk to your PANHANDLE MUTUAL AGENT now to compare and study the coverages and rates, because of the many coverages that are now being offered, you need to know which policy fits your West Texas farming conditions the best.

Tailwater...

(Continued from page 4)

Problems must be recognized as such before solutions will be sought. Tight soils plus a declining ground-water table have now been recognized by many as a threat to continued prosperity.

As a result of this recognition, in Parmer County, many farmers are doing what yesterday most had termed "impossible." "Impossible," is becoming a moot word and "re-circulation" is taking its place in the minds of most. Pit pumps and

lake pumps are being installed to salvage water that in the past has been wasted. "Tailwater," a term used to define water that has passed through the field, is now picked up and re-circulated to the cropland. "I'm getting more uniform penetration of moisture on my slopes than I've ever had before, and doing it with less water than I used to pump," one farmer who recently installed a re-circulation system advised a Water District field man, "and besides my conscience isn't bothering me like it used to when water ran off my place." There are still skeptics who

are not convinced that the methods being used to retain irrigation water on the land will ever pay off — others feel that the installations will pay off over a long period of time — while many think that pits and lake pumps will pay off very rapidly.

Be this as it may — only time will answer many of the questions that have arisen in attempting to solve the problems of waste water that have long plagued hardlands farmers.

The important thing is that people are thinking, and they are talking with others, about the methods that can be employed to make water management on their farms more efficient.

Suggestions and ideas are weighed, one against the other, and the most practical and economical method for the farm involved is then put into use.

Although much remains to be accomplished, residents of Parmer County who are meeting and finding solutions to these problems which threaten their economy are to be congratulated for the progress they have made toward the ultimate goal of complete water utility.

Toastmasters To Present Meeting At Walcott PTO

In place of their next regular meeting, members of the Hereford Toastmasters Club will present a typical Toastmasters meeting for the Walcott Parent-Teachers Organization. It will start at 8 p. m. Friday, May 17, in the Walcott School.

At the May 7 meeting of the club in the Jim Hill Hotel ballroom, Don Chaney won the "speaker of the evening" award for his talk on "Angry Young Men." Also speaking was Kenneth Rudd, whose topic was "Wheat Referendum."

Presiding officer was president Irving Alexander with Dr. M. C. Adams giving the invocation.

Topic chairman for the table discussion was Stan Knox, who asked comments on current events. Bob Rott served as general critic for the evening. Members attending were Virgil Dodson, Dr. M. C. Adams, Irving Alexander, Hardy Benson, Kenneth Rudd, Bill Penn, Don Chaney, Bob Rott and Stan Knox.

Giants, Dodgers, Braves In Opening LL Victories

In the second night of Little League baseball action, the Giants put both their pitching aces on the mound. Russell Phillips and Sid Shaw combined for a three-hitter to lead the Giants to a 3-1 victory over the Cardinals.

But their efforts were almost matched by David Vines, who also limited his foes

to three hits. And the Giants had to put together all their runs in the fourth inning after trailing.

John Stagner and Jackie Beasley hit back-to-back singles in the first inning for the Cards, but couldn't move around. The Giants went down in order in the first. The Cards got their only

run in the game in the second as Johnny Wall drew a walk. Another walk and an error pushed him around. A third walk loaded the bases for a strike-out shut off the rally.

Two more strike-outs and a fly ball again put the Giants down in order in the second. Mike Higgins came through with a single in the third for

the last Cardinal hit. Three strike-outs felled the Giants in the third inning. Shaw then relieved Phillips for the Giants and used three strike-outs to retire the Cards in the fourth. The Giants then came alive for three runs. Tim Fuston went clear to third on an error. Two strike-outs were next. But Shaw singled and Phillips got on by error. Jack Meredith singled to drive in the third run. The Cards drew two walks in the fifth before three more strike-outs cut them down. Donny McDermitt got the Giants' third single in the fifth, but was stranded.

Orioles 10-6 behind the pitching of David Campos and Steve Vines. Robert Holmes and Kenny Rogers hurled for the Orioles. The Braves picked up one run in the first, another in the second, three in the third and four in the fourth. Their last run came in the sixth. The Orioles got their first run in the fourth and five more in the sixth.

Wyche HD Club Hears Tip About Storm Protection

Meeting in the home of Mrs. Norman Hodges on May 2, the Wyche Home Demonstration Club heard the county home demonstration agent, Mrs. Argen Draper, discuss tornado safety rules.

Mrs. Draper stated that several hours of abnormally warm, humid, and oppressive weather usually precede the development of a tornado. The initial whirl at the cloud level, she said, may occur when the sky is completely overcast or in cumulus clouds that leave much of the horizon clear.

During the business meeting, under the direction of Mrs. Charles Packard, a committee to nominate officers for the coming year was elected. The committee members chosen were Mesdames C. F. Newsom, Don Crooks, and L. B. Worthan.

Members present were Mesdames C. F. Newsom, Ira Ott, H. L. Ward, W. P. Axe, C. R. Dameron, L. B. Worthan, Charles Packard, Leroy Botkin, and Norman Hodges.

The next meeting of the club will be on May 16 at the First National Bank with Heather Gordon, exchange student, as the guest speaker. Hostesses will be Mesdames H. L. Ward, Don Crooks, L. B. Worthan, and Leroy Botkin.

Bezner Named Top Agriculture Economics Senio

Jody Bezner of Hereford has been named as the outstanding graduating senior in agricultural economics at Texas Tech in Lubbock.

The award is presented annually by the Wall Street Journal. It is based on scholarship, general activities at Tech and contributions to the School of Agriculture. Bezner is president of the Agriculture Council and is past president of the Agricultural Economics Club at the college.

Holly Official Gets Promotion

Promotion of Guy Rorabaugh, 51, to the position of General Superintendent of Holly Sugar Corporation, effective immediately, has been announced by Holly president Dennis O'Rourke.

In his new post, Rorabaugh will be in charge of all factory operations at Holly's ten existing plants, and construction of the company's new processing facility at Hereford. He will also continue as Director of Research.

A graduate of the University of Colorado, where he received a B. S. degree in Chemistry in 1935, Rorabaugh has been with Holly in various capacities since shortly after graduation, when he was employed as a special chemist at the company's Sidney, Mont., plant.

In 1942, Rorabaugh was promoted to chief chemist at Hardin, Mont., and later served in a similar capacity at Worland, Wyo.

The widely-known sugar expert was transferred to Holly's Main Office in Colorado Springs in 1949 as Manager of the Research Laboratory, and was named General Chemist and Director of Research in 1956.

Currently, Rorabaugh is President of the American Society of Sugar Beet Technologists, largest organization of its kind in the world with members in several foreign countries.

O'Rourke also announced that Lloyd W. Norman, formerly manager of the company's research laboratory in Colorado Springs, has been named to succeed Mr. Rorabaugh as General Chemist. Norman has been with Holly since Sept. 1, 1948, when he joined the research staff. He is a graduate of the University of Colorado where he received a Bachelor's degree in chemical engineering in 1943 and a Master's degree in 1948.

Martha McChenay Berry was a Georgia philanthropist who founded a group of schools for the children of mountaineers of her native state.

Norman, Larry Minks Will Aid Hereford Group

Norman Minks and his son, Larry, will demonstrate how to fit and show a club steer during a meeting of the New Mexico Junior Hereford Association field day.

The third annual field day will be held at the W. A. Anderson Ranch near Lovington, N. M.

Minks, herdsman for the Dameron Hereford Ranch, has had wide experience in preparing animals for show judging. Larry Minks has shown grand champion steers in shows at Denver, Amarillo, Hereford, Odessa and Fort Worth.

The morning program will include a type demonstration of judging by William Ljungdahl, extension livestock specialist, New Mexico State University. Following will be a livestock judging contest for 4-H and FFA teams.

Others appearing on the afternoon program will be D. W. Lewter, Lewter Feed Lots, Lubbock, on selection of a club
