## Grocery Prices Show 3 Per Cent Rise

By Speedy Nieman

That feller on Tierra Blanca Creek says about the only thing a child will share willingly are communicable diseases and his mother's age.

The idea for daylight saving time came from an old Indian chief who cut off one end of this blanket and had it sewed on the other end to make his blanket longer.

**BELIEVING THAT** readers would like to know the answer, we asked Supt. Harrell Holder this week how much it cost the Hereford Independent School District to settle the lawsuit with former teacher Wayne Woodward.

As reported when the suit was settled out of court the latter part of April, the school district paid Woodward \$29,000 to relinquish all claims and demands against the school district and its representatives. In addition, Holder reports the district expended approximately \$4,200 more for attorney fees. He added that the total—in excess of \$33,000—was absorbed into the school budget without the necessity of seeking additional revenues.

The superintendent pointed out that liability insurance covering trustees took care of attorney fees through the federal district court decision. Board members were not found liable in that decision on Oct. 13, 1976, but the court ruled the teacher had a right to reinstatement, back pay and \$6,000 in attorney's fees. The school had appealed the decision before the out-of-court settlement was reached. Woodward had originally filed a \$400,000 suit against the school and district officials.

**SEN. JOHN TOWER** must have placed a high priority on his three-day visit in the Panhandle the first part of this week. After all, he was married Sunday afternoon and it would have been more appropriate to have gone on a honeymoon.

In an interview with The Brand Wednesday morning, the Republican senator politely sidestepped a question about his marriage and stuck with the political issue. The primary purpose of his trip, said Tower, "is to see what the people are concerned about and to get grassroots opinions."

This also translates into the fact that he is seeking reelection. Tower is in his third term—winning a special election in 1961 for Lyndon Johnson's seat, then being reelected by good margins in 1966 and 1972. The senator is not predicting who may oppose him next year, but he says there "could be half a dozen."

Tower is hopeful that the Senate version of the farm bill will be approved by the House. "It's not exactly what farmers in Texas want, but it's the best we could do under the circumstances," stated the senator. Reports from Washington have indicated that a compromise bill is in the mill, with commodity target prices being higher than current levels but lower than the levels approved by the Senate.

At the reception for Tower here Wednesday, he was asked about the Occupational Safety and Health Administration act. OSHA is the biggest irritant in government at this time," he stated. Tower said he would like for the act to be repealed but realized this is not a realistic approach. "We'll just have to try to modify the regulations," he said.

The senior senator from Texas said he voted against the formation of a cabinet-level energy post. "We're putting the cart before the horse—we don't have an energy policy yet and we're creating a super agency. It provides for an energy czar with the concentration of too much power for a cabinet official."

Asked for his views on the Panama Canal situation, the senator said he was opposed to any treaty, which would take away the United States' military control of the area. He added that he didn't think any treaty which relinquishes military control would pass the Senate.

Tower was also asked the status of the National Health Insurance proposal. "It is in the wings and I hope it doesn't come out on the stage," quipped the senator. He added that such a program would be "a giant leap toward socialized medicine." He added that Americans

### Truck Burns

Units of the Hereford Volunteer Fire Department were called to Pre Feeders Inc., one mile east and one mile south of the Summerfield community Wednesday afternoon when this feed truck caught fire. According to witnesses at the scene, the truck had just taken on a load of feed at the yard mill and was headed toward cattle pens to unload when flames engulfed the cab area. The driver quickly abandoned the truck and was uninjured. Feedyard workers used a small spray rig and finally resorted

to dumping a scoop of dirt from a payloader on the burning truck while waiting for fire trucks to arrive. Gasoline and hydraulic oil kept the fire burning fiercely for several minutes, but firemen quickly had the blaze extinguished. The control panel for the feedbox and the truck cab were destroyed, but a feedyard spokesman stated that the feedbox could probably be salvaged. [Photo By Jim Steiert]

## Volunteer Fire Dept. Not Run Of The Mill

BY PAUL SIMS  
Managing Editor

The driver of the Pre-Feeders Inc. feed truck didn't notice the smoke until somebody hollered, "Your truck's on fire!"

Second later, after the driver had bailed out, flames had engulfed the cab. The Hereford Volunteer Fire Department was summoned and three minutes after the trucks rolled onto the scene the blaze, which had ignited the fuel tank, was extinguished.

Hereford doesn't have a city fire department. Wednesday afternoon's truck fire was evidence that Hereford doesn't need one.

"I'm probably prejudiced but our volunteer fire department is one of the best in the state of Texas. I think it is the

best," said Jay Spain, Hereford's fire marshal.

Economically speaking, the volunteer set-up adds more fuel, so to speak, to the fact that Hereford does just fine without paid firemen.

"Money-wise, it's saving the city approximately \$350,000 to a half million dollars a year. You don't pay salaries. If you paid just minimum wage, it would cost you about that. So our department allows more money to be spent for equipment and other things," Spain said.

"For example, we've got better equipment than what Pampa has. Pampa has a city fire department. And on the High Plains, the only departments that have better equipment than ours are Amarillo and Lubbock."

The Hereford Volunteer Fire Dept. (See VOLUNTEERS, Page 2)

## Rhodesian Troops Return From Slaughter

**SALISBURY, Rhodesia (AP)**—Rhodesian troops who invaded Mozambique last weekend are on their way home after killing at least 32 black guerrillas and destroying four of the rebels' camps, the Rhodesian military command announced today.

Gen. Peter Walls, Rhodesia's combined forces commander, said the 700-man force withdrew late Wednesday from the occupied town of Mapai, 60 miles beyond the border, after destroying all arms and ammunition dumps in the area from which Robert Mugabe's Zimbabwe National Liberation Army wages its guerrilla war in southeast Rhodesia.

Walls said the operation had achieved its objective: "to destroy the terrorists' bases from which they were crossing into Rhodesia and murdering innocent Rhodesian civilians."

The U.S. government warned Rhodesia Wednesday to pull its forces out of Mozambique or face the consequences. But there was no indication that the withdrawal was due to this.

Officials in Washington said pressure tactics being discussed included another United Nations condemnation and economic pressure exerted through South Africa. But countless U.N. condemnations have had no effect on the Rhodesian government, and South Africa has never curtailed to any extent the economic lifeline that keeps southern Africa's other

white-minority regime in power.

The Rhodesian military command reported a total of 32 guerrillas and one Rhodesian helicopter pilot killed since the operation began last Saturday.

Mozambique radio said Mugabe's forces claimed four Rhodesians killed.

The Rhodesians also reported a brief clash Wednesday between its forces and guerrillas 12 miles northeast of Mapai. It was the first action reported in two days.

Although the casualties claimed by both sides totaled 37 dead, a Mozambique military spokesman claimed there had been intense fighting at Mapai (See RHODESIA, Page 2)

### County Commissioners Purchase 50 Vehicles

Deaf Smith County Commissioners in a special meeting Wednesday in the county courthouse agreed to purchase two automobiles for the sheriff's department from Orval Watson Ford Motor Co. and a GMC pickup for Precinct No. 2 from Orsborn Buick.

The two Fords will cost the county \$9295, while the low bid for the pickup will result in a \$3500 purchase.

In other action, the commissioners agreed to pay for law books for Wes Gully, new district judge, from the revenue-sharing fund.

The next regularly-scheduled commission meeting will be June 13.

#### Associated Press

Higher Prices for a wide variety of items pushed up the family grocery bill last month, forcing consumers to search harder than ever for bargains, an Associated Press marketbasket survey shows.

The survey showed that most of the increases affected food rather than nonfood products. Coffee prices continued to soar. Recent cuts by roasters did not affect the supermarket shopper since the retail prices consistently had remained below wholesale levels.

The AP drew up a random list of 15 commonly purchased food and nonfood items, checked the price at one supermarket in each of 13 cities on March 1, 1973 and has rechecked on or about the start of each succeeding month.

The latest survey showed the marketbasket total at the checklist store increased during May in 12 cities, up an average of 3.5 per cent. It declined in only one place - Salt Lake City, where the bill at the checklist store dropped 1.9 per cent.

On an overall basis, the marketbasket bill at the checklist stores increased just over 3 per cent in May, compared to an average boost of 1.4 per cent during April.

Nonfoods represented 20 per cent of the items surveyed; they represented only 16 per cent of the increases. The most frequent food increases came in the price of pork chops, coffee and frankfurters.

To some degree, the increases reflect higher prices paid to farmers for their products. The Agriculture Department said Tuesday that farm prices went up 2 per cent from April 15 to May 15, the sixth straight monthly boost.

In many cases, however, the price paid to the farmer represents only a small

fraction of the cost paid by the consumer. The rest of the money goes for such items as packaging, processing, transportation, labor and overhead, all of which have risen steadily.

Comparing prices at the start of June with those six months earlier, the AP found the marketbasket bill had increased at the checklist store in every city, up an average of 9 per cent. Much of the boost was due to the rising price of coffee which is averaging about \$3.79 a pound at the checklist stores in the survey cities. When coffee was removed from the totals, the marketbasket bill at the checklist store showed an increase of an average of only 1.5 per cent in six months.

One of the few bright spots during the first half of the year has been a steady decline in the price of eggs.

The items on the AP checklist were: chopped chuck, center cut pork chops, frozen orange juice concentrate, coffee, paper towels, butter, Grade-A medium white eggs, creamy peanut butter, laundry detergent, fabric softener, tomato sauce, chocolate chip cookies, milk, frankfurters and granulated sugar.

### Hereford Bull--

from page 1

already have the best medical care of any nation in the world.

In the past few weeks, news reports have indicated the Carter administration is seeking to restore relations with Cuba. Asked his opinion, Tower said he was opposed to "the normalization of relations with Cuba. They have not demonstrated a willingness to be responsible members of international government."

Before taking off on his nine-stop tour in the Panhandle, Tower was married Sunday in a private ceremony at SMU. His bride is the former Lille Burt Cummings, a 48-year-old Washington, D.C. attorney. It is the second marriage for both Tower's divorce from his former wife, Lou, became final in December, they had been married 25 years.

### Volunteer--

from page 1

ment can utilize 10 moving vehicles, including three 750 gallon-per-minute pumps, one 1,000 gpm pumper, two regular booster trucks a 5,000-gallon booster truck a hose truck with approximately 2,000 feet of hose, a fully equipped rescue pickup and a GMC Suburban.

Spain drives the latter, which is big enough to transport several firemen and has its own rescue equipment.

The volunteer fire department is just that. Besides Spain and fire chief Ronnie Osborn, who manages Hoerner Waldorf Corp. when he's not dousing fires, there are 40 volunteer firemen.

Their daily professions vary as much as the types of fires they battle. Seven are law enforcement officers. Three work for Deaf Smith Electric Co-Op, three for Pioneer Natural Gas, one for Southwestern Public Service and another for Holly Sugar.

Another is an undertaker. There also is a photographer and a Chevrolet salesman. If all sounds like a Rotary Club.

Why do men want to join the fire department? Excitement is a lot of it. To be in on the action. It's a challenge. I'm sitting here talking to you now and five minutes from now I might be fighting a fire," Spain said.

"My job is not in a rut. Your job is in a rut," the marshall told his writer. "You put one paper out then start on the next one. We're also call and there might be a fire any time."

The volunteers are provided with a radio, usually placed in the man's bedroom. A blaring beep signals a fire. The dispatcher then gives the type of fire—house or trash or building or feed truck—and location.

A few of the volunteers know to report to the station. Others go straight to the fire.

"If it's a small fire, like a car fire or a dumpster fire, we put out a six-man alarm. Certain people have the six-man sets. We usually have about 10 or 15 at a bigger fire. When he had the high school fire a few years ago, there were probably 32 or 33 out there fighting it," Spain said.

If a fireman goes out of town, he normally checks in with us. We had bookends of people out last weekend for

## update thursday

### Rosalynn Praises Ecuador Policy

QUITO, Ecuador (AP) - Rosalynn Carter in Ecuador on the third stop of her Caribbean-Latin American good-will tour, complimented the Andean nation's record on human rights and the plans of its military rulers to restore civilian rule.

"Ecuador has always spoken out forthrightly and clearly about the important principles of human rights, peace and justice," Mrs. Carter said in an airport statement Wednesday. "We admire your record on human rights and your plans to hold democratic elections in the near future."

After hectic 24-hour visits to Jamaica and Costa Rica, Mrs. Carter was visibly pleased that her schedule put her in the equatorial capital city of Quito, high in the Andes, for a slightly longer stay.

### Warhead May Be Bargaining Item

WASHINGTON (AP) - Deployment of a new, more powerful nuclear warhead is not a bargaining chip in strategic arms talks with the Russians, although a change in U.S. plans is possible "if the Soviets want to negotiate seriously," the Carter administration says.

Presidential Press Secretary Jody Powell refused to link the decision to proceed with the Mark 12A warhead and a new computerized guidance system with a Russian refusal to accept U.S. strategic arms limitation proposals made in March.

But Powell said Wednesday that the administration might be willing to reconsider the warhead deployment, expected by 1979.

"There is a possibility that if the Soviets want to negotiate seriously we can make changes in our plan," he said.

### Rhodesia

from page 1

between the invaders and the Mozambican army. He accused the Rhodesian air force of "bombing railway stations, farms, schools and the population of the region."

Rhodesian Foreign Minister Pieter K. van der Byl rejected criticism by U.S. and British officials that the raid could affect the British-American attempt to arrange

the Memorial Day holiday but we knew how many we had out and we still had plenty here in town in case we needed them.

Saving lives, naturally, is the No. 1 priority during a fire.

"The dollars and cents value of a building isn't important compared to the saving of a human life. I think we've saved some lives but I don't really know. As far as I'm concerned we don't save lives—if it's your time to die, your going to die."

Nine of the volunteers are emergency

### Moluccans Reject Initial Nominee

ASSEN, The Netherlands (AP) - The Dutch government and the South Moluccan terrorists holding some 60 persons hostage have rejected each other's first nominees to mediate the 10-day-old crisis.

"The situation remains very serious," Premier Joop den Uyl said in a television appearance Wednesday night. "There is no clear indication that a solution is in sight."

The government agreed Wednesday to the terrorists' request for mediators to try to resolve the twin sieges at the Bovensmilde elementary school, where four extremists were holding four teachers prisoner, and at a stalled commuters' train outside Assen, where at least 55 persons were captives of seven to 11 South Moluccans.

The terrorists proposed two names, but the government rejected them after "considering and discussing them in detail," a Justice Ministry spokesman said.

### Police Report

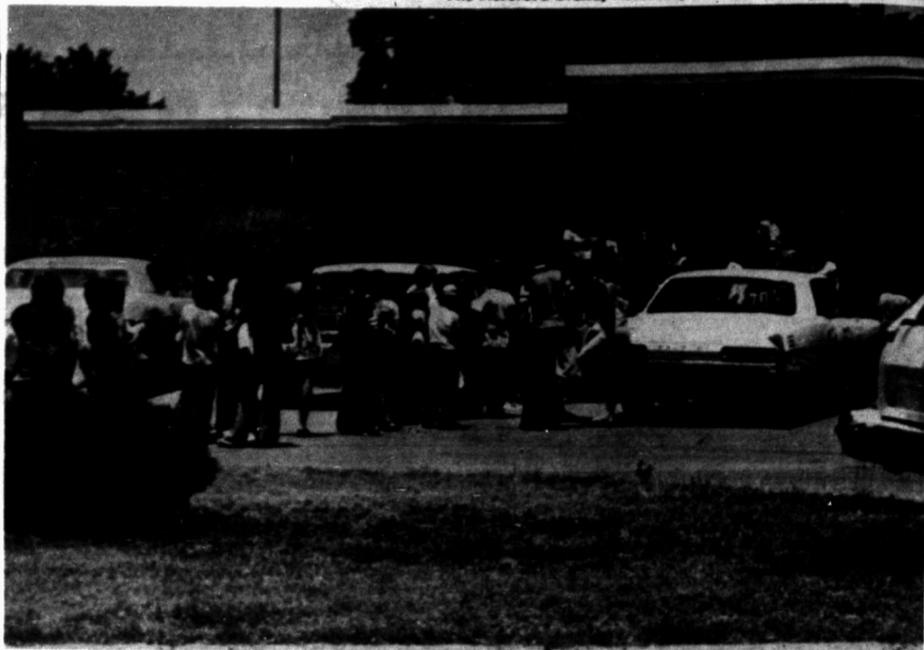

Hereford police are investigating the theft of approximately \$200 worth of lumber reported stolen from Rockwell Brothers Lumber Company between Friday, May 27 and Wednesday.

The lumber was reportedly taken from a bundle stored near the back fence.

Dean Allen, 420 Star, reported that between 4 p.m. Tuesday and 1 p.m. Wednesday someone had poured acid on his 1976 Pontiac Trans-Am. No dollar estimate of the damage was available, according to police.

### Weather

West Texas: Partly cloudy and warm through Friday. Widely scattered late afternoon and nighttime thunderstorms mainly in the east portion. Highs Friday 85 to 98. Lows tonight 60 to 72, except upper 40s mountains.

### Quite A Splash On Opening Day

The Municipal Pool was a popular place as it opened for business Wednesday afternoon. A large group of children waited anxiously for a

30 minutes for the door to the pool to open yet another summer of splashing fun. (Photo by Bob Nigh)

### The Lighter Side

COLUMBIA, S.C. (AP) - The South Carolina House has unanimously approved a resolution commending everybody who hasn't been commended yet.

The measure won unanimous approval last week in the Senate and passed the House Tuesday.

It says the legislature wants to commend and congratulate "all persons, male and female, young and old, tall and short, fat and skinny, who have performed any act or deed during the past five months worthy of such commendations."

The resolution's author, Sen. Thomas E. Smith, D-Florence, said he introduced it because "I just didn't want anyone left out."

Smith has been among legislators who have criticized the introduction of congratulatory resolutions as a waste of time.

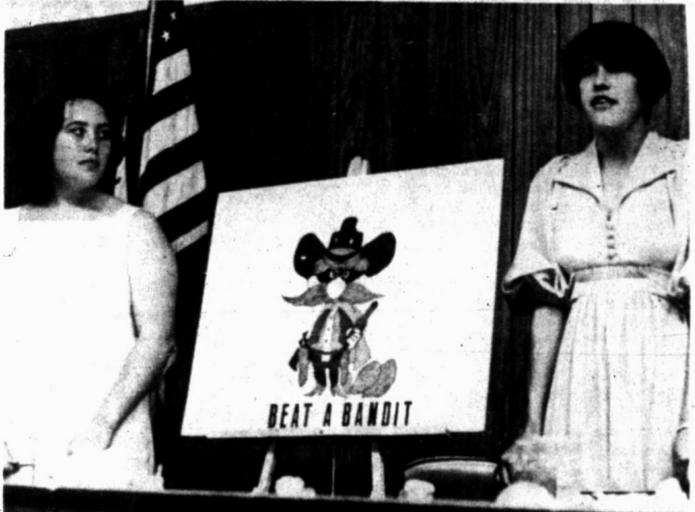

ST. AUGUSTINE, Fla. (AP) - The William Campbell family found the front lawn unusually green: hundred-dollar bills were scattered about it.

"We thought it was money at first," Mrs. Campbell said. "It wasn't. The family eventually gathered up bills totaling \$1,000."

They also found a wallet containing the identification of a Lansing, Mich., man, and they notified police.

Timothy Hodge of Lansing had reported to police that he was missing a wallet containing \$1,000. Police accompanied Hodge to the Campbell house Tuesday and the wallet and the money were returned.

A grateful Hodge—who told police he had lost the money while sightseeing—gave the Campbells \$100 for returning the money.

### Demonstrators

Becky Hughes [top photo] and Barbara Brumley [left] and Christie Beene in bottom photo presented demonstrations to the Noon Lions at their meeting Wednesday. The girls will present their demonstrations at Texas A&M next week at the State 4H Roundup. (Photo By Bob Nigh).

## Ex-Pastor Enjoys Busy Retirement

By KEITH RIBNICK  
Brand Staff Writer

1971 at age 70

If positive activities in life are an accurate measure of a person's wealth, then Herschel Thurston is worth more than his weight in silver, gold, or just about any commodity you'd care to mention.

Thurston served Hereford as pastor of the First Methodist Church for seven years, 1959-1966. He and Mrs. Thurston reside at 429 Miles Avenue.

Though retired, Thurston seems to always find something constructive to accomplish. From carpentry to gardening to painting...he has dabbled in them all before and since retirement.

His latest venture is the idea of a unique footstool that serves several purposes, as well as being fun to build. The stool can be used as a mini-step ladder, an accent and storage table, and as a foot rest.

"It's easy to build and is good for people with some time on their hands," Thurston said.

Thurston's building talent stems from his love of carpentry. He has supervised the building of two homes in New Mexico and the renovation of his home in Hereford.

"I bought about a hundred dollars worth of wire, outlets, and sockets...got under the house, and completely rewired everything. I replumbed the house too," said Thurston, who bought and repaired the house in

Several years ago, Thurston bought a two-room schoolhouse in Eloydada and moved it to his property in Ute Park, N.M. In a matter of months, the schoolhouse was transformed into a two-story home, large enough for a modern family. He lived there for three years and moved back to Hereford in 1971.

Again he took the challenge of remodeling another home upon his move to Hereford. Besides the electrical and plumbing work on his house here, Thurston purchased a mobile home for his land in Ute Park to be used as a summer home. Thurston shaped the mobile home into a permanent structure, putting up a rook and installing heavy beams.

Gardening occupies his time, as well. His front and back yards are loaded with numerous varieties of trees, such as fruit and pines. The flowers surrounding his house are well groomed and require almost constant maintenance.

"My mother and my mother's mother both had a green thumb... I must have inherited," he said, pointing to some poinsettias. "These poinsettias... always seem to bloom just in time for Christmas, especially when I take them to church."

Thurston also is interested in the arts. His home is full of different examples of paintings and expertly-carved furniture.

However, religion continues to play an important role in

Thurston's life. His father was ordained a Methodist minister in 1890 and Thurston grew up in a religious environment.

"He was a Methodist minister for 59 years; mostly in Oklahoma and New Mexico," Thurston said of his father.

Thurston realizes that many

things have changed in the Methodist Church since his father's ministry, or even since his own ordination in 1923.

"Not a great deal was required to become a minister when I was ordained. Things are changing...we have a better educated ministry now," he said.

Herschel Thurston

## Lions Entertained By Demonstrations

Demonstrations presented by three members of the Hereford 4H Club entertained members of the Hereford Lions Club at their meeting Wednesday.

Becky Hughes, and the team of Christie Beene-Barbara Brumley presented the demonstrations, entitled "Lunch Box ABC" and "Beat A Bandit" respectively. Falls County Home Demonstration Agent Sherry Harter accompanied the girls.

Miss Hughes demonstration covered the basic food groups that should be included in any lunch box. She also discussed making the lunch attractive and a "moral builder."

Misses Beene and Brumley presented suggestions on how a person can cut down on the possibility of being robbed. Included were community action groups, appropriate lighting, and Operation Identification.

Special guests of the Lions at the meeting included Deputy District Governor Wendell Grisnam of Friona and High Plains Eye Bank president Joe

Don Cummings.

The Lions also presented Sweetheart Karen Fox a gift for her graduation from Hereford High School, and made final preparations for the District Convention set for this weekend in Amarillo.

### 300 MILLION LETTERS A DAY

STAMFORD, Conn. (AP) - "The U.S. Postal Service each year handles the equivalent of half the free world's mail volume and delivers it faster than ever before. This amounts to some 90 billion letters a year or 300 million letters per day," according to Fred T. Allen, chairman of Pitney Bowes, a manufacturer of mail handling systems.

The federal government's General Accounting Office reports that the Postal Service now delivers local letters overnight approximately 95 per cent of the time. On-time delivery for two-day and three-day mail has reached 94 and 93 per cent respectively.

## Link Sought Between Knowledge, Politics

WASHINGTON (AP) - President Carter said Wednesday his administration is bent on forging a closer link between scientific knowledge and the political application of that knowledge for the benefit of all mankind.

Carter made the statement at a Rose Garden ceremony during which three men with scientific backgrounds were installed in science-related posts. The three are:

Dr. Frank Press, director of the Office of Science and Technology; Richard C. Atkinson, director of the National Science Foundation, and Dr. Peter Bourne, director, Office of Drug Abuse Policy.

They took their oaths of office from U.S. Circuit Judge David Bazelon.

Carter said Press, an earth sciences specialist from the Massachusetts Institute of Technology, will sit in Cabinet meetings of the White House senior staff.

The President noted that Atkinson, acting director of the Science Foundation for the past year, has a broad

background, including wide knowledge of the humanities. He said his appointment marks "a significant departure from the physical sciences to some degree" in the government's approach to scientific affairs.

## HEREFORD BRAND

ESTABLISHED 1901

Entered as second class matter at the Post Office in Hereford, Texas under the act of March 3, 1897. Second class postage paid at Hereford, Deaf Smith County, Texas.

### Let's Cook

## Artistic Flare Shown By Local Homemaker

**BY DIANNE BANNER**  
Brand Staff Writer  
"I like color" Mrs. Loyd Kirkeby emphatically commented as she glanced around her elegant, deep avocado-toned living room. "I try to stay away from the plain white old ordinary walls."

A five-year resident of Hereford, Helen Kirkeby, enjoys the Texas weather. "The winters in Minnesota were very long and cold," she commented. "But all of my family misses having lakes, which there were plenty of up North."

The Kirkebys moved from Minnesota to Hereford in August of 1972 when her husband, Lloyd, was transferred by the Armour Meat Packing Plant. He is the head cattle buyer at the local facility.

The couple has five children which are scattered about the states. Lynette Koppy, the oldest and only daughter of the Kirkebys is 27 years old and lives in Washington D.C. with her husband and 2 year old son, Arlen "Butch" is 25 years old and lives in Denver. Seattle is the home for their 23 year-old son Allen, and 19 year old Dennis lives in Amarillo and is attending Amarillo Jr. College. Dallas, the youngest son, is 16 and will be a junior at Hereford High School this fall.

Mrs. Kirkeby is a member of El Llano Study club and also belongs to the Ceramics Art Club. Along with the help from other women, the talented artist goes out to Westgate and Kings Manor on Tuesdays where she teaches craft classes.

"As far as hobbies are concerned, I am most interested, and spend much of my time on ceramics and knitting," she said as she sat in the den surrounded by many of her beautiful ceramic pieces.

Placed about the house were different works of art that she made such as an ash tray Mrs. Kirkeby designed herself, which sat at a top end table. It started out as just an ash tray, but she decided it looked "too bare" so she added cupid figurines, delicate birds, and a minute bird bath, along with greenery and dainty ceramic flowers.

Mrs. Kirkeby also has "a soft heart" and has adopted two orphan pets which she has had since 1973. Snuffy, a winsome black dog and "old friend of the family," was lovable but aware of strangers and ready to protect her master. Ace, the sleek black cat is the other adopted pet and seems to have brought good luck to the Kirkeby household rather than the superstitious and traditional bad luck.

When asked if her family did any joint projects together, the congenial women smiled and said, "Oh no, we all do our 'own thing'."

Recipes shared by Mrs. Kirkeby are:

- FORGOTTEN ROAST**  
4 lbs. boneless lean chuck roast  
1 can of cream of mushroom soup  
1 pkg. of dry Lipton Onion Soup  
Place roast on heavy foil

paper and cover with the ingredients. Wrap tightly, place in roaster and roast at 325 degrees for about four hours. The roast browns itself and the soups form an excellent gravy. Use no seasoning.

**GRASSHOPPER PIE**  
Melt 2 tablespoons of butter and mix with about 15 crushed Oreos. Press into greased 8x8 pan (Reserve some for the top.)

Then:  
Melt 24 marshmallows along with

1/2 cup of milk and let cool.  
4 tablespoons creme-de-Menthe  
2 tablespoons of white creme-de-cocoa  
Fold in one cup cream

(whipped and sweetened) and place in freezer.

**YANKEE CHILI**  
6 strips of bacon (or more if desired)

2 onions  
2 garlic pods  
1 lb. ground beef  
1 can tomato soup  
1 large can tomatoes  
2 cans kidney beans  
Salt, pepper, chili powder, tabasco and Worcestershire to taste. Dice bacon and brown. Add the ground beef and after it has been browned add other ingredients. Simmer for several hours in covered Dutch oven stirring often. Remove lid the last 45 minute to thicken.

### WHO'S NEW

Mr. and Mrs. David Munoz Box 612, of Hereford are the parents of a son, Steven David, born May 31. He weighed 7 lbs. 6 oz.

### 4-H Different Things To Many

**COLLEGE STATION--4-H**, the youth program of the Texas Agricultural Extension Service, means different things to different people, says Jeannine Callahan, Extension 4-H and youth specialist.

To parents, 4-H is an opportunity for their children to associate with other children in a wholesome atmosphere, a chance for them to work with other adults, and an organization where youth take some responsibility for their own behavior.

To young people, 4-H is a place to learn, have fun, and associate with other kids their age.

To volunteer leaders, 4-H is an opportunity to help young people and contribute to their community.

To the professional staff of the Texas Agricultural Extension Service, 4-H is youth development. That is, the purpose of 4-H is to help young people grow and develop along physical, social, mental, emotional and vocational lines, points out Callahan. This is accomplished by consciously designed programs that contribute to the learning of young people in each of these areas. In 4-H, youth development is accomplished through adult-led learning groups.

The martial art of Judo was developed in Japan in the 1880s, by Professor Jigaro Kano, who evolved the sport from the ancient Japanese method of unarmed combat, jujitsu.

## Swimming Classes Commence June 13

The first session of Red Cross swimming classes will begin Monday, June 13, and continue through June 24 at Hereford City Pool. Lessons will be offered at 9, 10 and 11 a.m.

The 9 a.m. class is offered to adults and junior and senior high school students. These morning classes are open to anyone who has completed the first grade.

Registration for the first session will be held Friday, June 10 from 9-11 a.m. at the pool. Participants must sign up that morning, regardless of whether they have previously filled out questionnaires at school.

Because it is a volunteer organization, the Red Cross does not charge for the swimming lessons, but the City of Hereford does require a pool fee of \$2.50 for the ten days.

An evening session for adults will also begin from 6:30-7:30 p.m. Monday, June 13. Registration will be done when the class first meets.

The second session of Red Cross classes will commence July 4 and the third segment will open July 25.

Adults who have indicated that they would be interested in helping with the swimming program are asked to come to the City Pool during registra-

tion, ready to swim so that instructors will be able to evaluate one's ability in the water. This will enable Red Cross officials to ascertain which class will be suited to one's skills.

Further information may be obtained by telephoning the Red Cross office or Mrs. Bruce Miller.

### Hospital Auxiliary To Meet

Members of Deaf Smith General Hospital Auxiliary will meet for a covered dish supper at 7 p.m. Monday in Southwestern Public Service Reddy Room. All members were urged to attend.

The Auxiliary will hold the supper instead of their monthly dinner at Dickies Restaurant. The organization is considering pre-empting their summer meetings.

Further information may be obtained from Audine Dettmann, Auxiliary president.

**WHO WANTS TO MOVE?**  
No one wants to leave a home where they've been happy. Circumstances sometimes require it, however.  
If you have to leave a home you love, let us help ease the pain. We'll find a buyer who can appreciate all the work you've put into that house...and will pay a price that is fair and just.  
We can also help you in re-locating with little upheaval. Consult us today. No Obligation!

## Ann Landers Children Are Gifts

DEAR ANN LANDERS: I am writing regarding your recent column "Ten Rules For Raising Children." I would appreciate an explanation regarding Rule No. 1: "Remember that a child is a gift from God..."

Do you truly believe that the good Lord sends a "gift" to the abusive mother, the prostitute, the unwed teenager, not to mention the millions of disadvantages who can't feed the children they already have and certainly don't need another "gift"?

Do you also believe that He deprives the multitude of

individuals who so dearly what this "gift"?

Perhaps you should set your readers straight and tell them that Nature plays the greatest role in determining who is to have and who is NOT to have children. I feel confident that God would not waste His time sending "gifts" to those who do not want them. — One Who Has Been There

DEAR ONE: I do not believe God gift-wraps babies and sends them via United Parcel to individuals whom He wishes to favor.

I do, believe, however, that the miracle of life in itself is proof that there is a God. Only a greater power could have dreamed up something so unique and so biologically perfect as Man and Woman.

Just imagine—of the billions of people who have been born since the beginning of time, no two humans were exactly alike!

When I say, "Remember that a child is a gift of God," I mean there is the magic of God in every human—yes, even if his mother was a prostitute, or unwed or disadvantaged. People need to be reminded that every life is a miracle.

DEAR ANN LANDERS: Why don't you get out of that ivory tower or that hayloft—wherever it is that you write your column?

You advise kids who write to you about their problems. "Talk to your guidance counselor."

Well, we have two guidance counselors in our school. One is a creep and the other is so busy polishing her nails, talking on the phone and eating pretzels that she doesn't have any time for us.

My cousin who lives 50 miles from here goes to a school that doesn't even have a guidance counselor. So why don't you give these kids the help they need? — Turned Off

DEAR OFF: First, the parents in your school should get together and see to it that the "creep" and the "pretzel eater" are replaced.

Second, the next letter might be of some interest to you:

DEAR ANN LANDERS: Our school is rather small. We don't have a guidance counselor. But we do have an English teacher who is one of the neatest ladies who ever lived.

Whenever I have a problem I ask her for a few minutes of her time. She has never failed me. I feel so close to her, almost like she's my older sister. She can tell if I'm upset or angry or down. Sometimes she even asks me to stay and tell her what's bugging me.

So maybe if those kids who don't like their counselors (or don't have one) would go to a teacher they really like, it would accomplish the same thing. — Grateful

MR. AND MRS. TONY ENCINIAS  
...married 48 years ago

## Couple Celebrates Wedding Anniversary

Mr. and Mrs. Tony Encinias, 226 N. 25 Mile Ave., observed their 48th wedding anniversary Friday in the Don McDonald home, 800 Union.

The reception was staged by their sons, Randy and Kuet McDonald.

Yellow long-stemmed roses were arranged in a bouquet at the serving table, which was appointed with silver and crystal. A double-tiered wedding cake, decorated with yellow icing roses and leaves; was topped with miniature bride and groom figurines.

Mr. and Mrs. Encinias, who

were married in 1929 are retired. They are members of St. Anthony's Catholic Church.

## Satellite Board Center Discusses Projects Here

Hereford Satellite Center held its board meeting for the month of May recently at Caison Steak House with Mary Williamson presiding.

Welcomed as new board members were Jose Greigo, Bill Sore, Helen Cherry, and Bill Marquis. Also, a nominating committee was appointed to select the slate of officers for the June board session.

The need for Camp Wigwam scholarships, costing \$80 each, was discussed. The Satellite

Center plans to send 14 local clients to the camp, which is scheduled June 19-25.

It was reported that clients from the center participated April 22 in the District Special Olympics at Canyon. Three local clients will be participating in the State Special Olympics at Austin.

Allen Walker, Outreach director from the Amarillo State Center, notified the local board that a new Satellite Center will be opened soon at Friona.

Dr. Milton C. Adams

### Reunion Held

Carl Kleuskens, seated, visits with his mother Nettie Kleuskens of Green Bay, Wis. Mrs. Kleuskens is shown holding her great-granddaughter, Shannon Adcock. Standing is Beverly Kleuskens Adcock. Nettie Kleuskens was in Hereford recently for a brief vacation.

Rev. Gary Shaw of Amarillo is holding services nightly this week at the United Penecostal Church Ave. H & Lafayette Miracle Healing Service Wednesday, June 1st.

Clothing that fits tightly emphasizes the figure—making a large person look larger and a thin person thinner. The most becoming fit is loose enough to let the garment hang smoothly with no bulges or wrinkles, says Margret Ann Vanderpoorten, clothing specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

"You know, we've got such a good place here with great pizza and terrific people, I've got a feeling we're going to do very well. I think we need a slogan."

"How about 'Leave the cooking to us'?"

"I have a feeling I heard it before."

"What about 'The proud pizza with the golden crust'?"

That feels a little uppity. We wanna say something nice and simple like

## 'We've got a feeling you're gonna like us.'

But how can we say it?"

~~~~~

"Well, keep working on it."

Buy one pizza get the next smaller size free

With this coupon buy any giant, large or medium size thin crust pizza or any large size thick crust pizza at the regular menu price and receive one pizza of the next smaller size with equal number of ingredients and the same type crust free.

**Experiment Pays Off For Mayberry**

BY HERSCHEL NISSENSON  
AP Sports Writer

"Do it my way," Kansas City Manager Whitey Herzog crooned to slumping slugger John Mayberry... and Mayberry's bat finally is providing some sweet music.

On an off-day last week, Herzog had Mayberry experiment with a new stance. It paid off Wednesday night when the big first baseman walloped three homers and drove in five runs as the Royals bombed the Toronto Blue Jays 11-3.

"I gave him 200 games to do it his way," said Herzog, who patiently watched Mayberry slump from a .291 average with 38 homers in 1975 to .232 and 13 homers a year ago. "So I thought it was time he should take a suggestion from me. He was very receptive to the idea and he's hit about 500 balls in batting practice since then."

In other American League games, the Chicago White Sox beat the Baltimore Orioles 4-2, the Boston Red Sox outslugged

the Texas Rangers 7-5, the Minnesota Twins nipped the New York Yankees 4-3, the Cleveland Indians shaded the Detroit Tigers 6-4 and the Oakland A's downed the Seattle Mariners 6-3.

Mayberry hit a two-run homer off Jerry Johnson in the fifth inning, a solo homer off Mike Willis in the seventh and another two-run shot off Tom Bruno in the ninth, all towering blasts over the right field fence in Toronto. Al Cowens chipped with a 5-for-5 game-three singles, a double and a triple.

**White Sox 4, Orioles 2**  
Ralph Garr's two-run single with the bases loaded and two out in the seventh inning broke a tie and prevented Jim Palmer from snapping a deadlock with Dave McNally as the winningest pitchers in Baltimore history.

Winner Ken Brett hurled a six-hitter after coming into a game with a hefty 5.55 earned run average.

**Red Sox 7, Rangers 5**  
Carl Yastrzemski hit two solo

**NL Roundup**

**Franks Downplays Cubs' Title Hopes**

BY BOB GREENE  
AP Sports Writer

Give Chicago Cubs Manager Herman Franks a forum and he starts sounding like Muhammad Ali.

"The St. Louis Cards will win it the National League East pennant easy," Franks said Wednesday night.

"Why? They've got a better ball club than we have. They have plenty of speed. They've got more guys that really fly."

"I'm not setting anybody up," Franks continued. "We need a left-hander. The only one we have Willie Hernandez, I have to save for the bullpen."

Despite Franks' opinion, the Cubs are in first place by 1 1/2 games after edging the Cards 4-3 in 13 innings Wednesday night.

St. Louis Manager Vito Marciano responded to Franks' appraisal, saying, "It sounds like psychological warfare. He doesn't want the load on his shoulder."

In other NL games Wednesday, San Francisco edged San Diego 2-0, the New York Mets

stopped Montreal 6-4, Pittsburgh blanked Philadelphia 3-0 in a rain-shortened contest, Cincinnati defeated Atlanta 5-2, and Los Angeles downed Houston 6-2.

Starter Rick Reuschel and relievers Bruce Sutter and Hernandez, 2-1, combined to strike out 16 Cardinals. Sutter fanned nine in his five-inning stint.

But it took Steve Ontiveros' third hit of the game—a one-out single in the 13th, to score Jerry Morales with the winning run.

Bobby Murcer hit his eighth homer of the year, a two-run shot, for the Cubs, while St. Louis sent the game into extra innings when Lou Brock doubles with two out in the ninth and scored on Ted Simmons' fourth hit of the game.

**Giants 2, Padres 0**  
Ed Halicki hurled his first complete game of the season, scattering six hits in leading San Francisco over San Diego. Halicki struck out 11 and walked only one in snapping the Padres five-game winning streak.

Rob Andrews singled in the sixth and eventually scored on Jack Clark's single. Andrews also scored the Giants' second run, slamming a double and coming home on Darrell Thomas' single.

**Mets 6, Expos 4**  
New York gave new Manager Joe Torre his second straight victory as John Stearns belted his first major league grand slam home run, capping a five-run fifth-inning rally.

Tom Seaver, 5-3, posted his first victory in Montreal since Oct. 3, 1972. Skip Lockwood relieved Seaver with two out in the seventh after Dave Cash hit a run-scoring triple and Tony Perez and RBI single.

**Pirates 3, Phillies 0**  
John Candelaria tossed a two-hitter and Pittsburgh scored all of its runs in the first inning, as Philadelphia saw its chances for a comeback ruined when a torrential downpour stopped the game after 7 1/2 innings.

**Reds 5, Braves 2**  
A four-hitter by Pat Zachry led Cincinnati over Atlanta. Zachry, 3-6, retired 13 of the final 14 batters he faced in going the distance for the first time this year.

George Foster paced the Reds' attack by scoring three times.

Cincinnati's fifth straight triumph raised the Reds' record to 23-23, the first time the defending world champions have been at .500 since the first week of the season.

**Dodgers 6, Astros 2**  
Ron Cey drove in three runs with a double and a single as Los Angeles snapped a four-game losing streak by downing Houston. Tommy John, 6-2, got the victory with relief from Charlie Hough, who earned his 14th save of the season.

Houston starter Bo McLaughlin, 1-2, was the loser.

**Trevino Facing Long Road**

BY BOB GREENE  
AP Golf Writer

CHARLOTTE, N.C. (AP)—The road back will be a long one for Lee Trevino.

"It won't be this year, and it might not be next year, but I'll be back," Trevino said. "A little thing like a disc ain't gonna knock me out."

But the operation on his back last year put Trevino's storybook career in jeopardy and sidelined him for more than two months. The results of that operation have forced him into a situation that may take years to correct.

"There's a change in the muscles in the back," Trevino said before teeing off today in the first round of the \$250,000 Kemper Open Golf Tournament. "With the muscles changed, I've had to rebuild my swing, build it differently."

"With my swing different, I'm having to rebuild my whole game. You can't do that overnight. It's gonna take time. It probably won't happen this year. I probably won't win. It might not happen next year."

"But it will happen. 'I will be back!'"

Although he doesn't count himself a contender, Trevino, winner of five major championships and one of the most popular people ever to play the game, ranked as a sentimental favorite in the 72-hole tournament on the winter-damaged 7,160-yard, par-72 Quail Hollow Country Club course. First prize is \$50,000.

Trevino, winner of only \$15,000 this year but still a great gallery attraction, and two others in various stages of comebacks—Chi Chi Rodriguez and Lanny Wadkins—headed the bulky field of 156 that included only two of the top 10 money

winners of the year—No. 1 Rik Massengale and No. 10 Mark Hayes.

Neither Rodriguez nor Wadkins has won since 1973. Wadkins has had to fight his way back from gall bladder surgery. Rodriguez has had an operation on his eyes. While shut out of victories, both have given every indication they're ready to win at any time.

Wadkins has finished second twice and led through three rounds of last week's Atlanta Classic. Rodriguez has been 11th or better in all of his last five starts.

Among the 1977 winners in the field are Massengale, Hayes, Gary Koch, Jim Simons, Ray Floyd, Danny Edwards and Tom Purtzer.

**Sports Shorts**

KERRVILLE, Tex. (AP)—Lone Star State amateur golfers gathered at Kerrville's Riverhill Country Club today to begin the battle for the state championship.

The 68th annual tournament attracted 127 golfers to the difficult course.

After a rain-abbreviated practice session Wednesday, several competitors said par rounds may be good enough to capture the title. San Antonio's Jim Dissosway won last year's tournament at Fort Worth.

team total. Temple was eight shots behind and Midland had a 397 total.

DALLAS (AP)—The third-place Dallas Tornado gets a chance to pick up ground in the Pacific Conference Southern Division race when it hosts the Seattle Sounders tonight.

The Tornado, with 53 points, trails division leader Los Angeles by nine points. The Dallas squad is eight points behind second place Las Vegas.

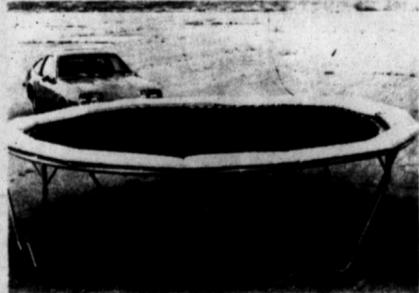

KILLEEN, Tex. (AP)—Broward Community College of Florida, Temple JC and Midland JC captured the top three places after the first round of the National Junior College Athletic Association Women's Golf Tournament.

The three schools were the only to show up. Thirteen teams had been invited.

EL PASO (AP)—The top two class 4H high school basketball teams will be included in the draw for the first annual Sun Bowl Prep Basketball Tournament Dec. 8-10 at El Paso.

State champ Dallas South Oak Cliff and state runner-up Fort Worth Dunbar have accepted invitations to the event.

**The Circular Tramp**

This large round tramp provides the maximum in safety and performance. The round design allows full 360° use of the trampoline and gives a true "professional feel" to the bounce over the entire mat surface. The steel frame measures 13' diameter x 34" high. The mat has an 11'8" diameter and is constructed of all polypropylene for maximum bounce. The mat is attached to the frame by 100 heavy duty springs and strong nylon tabs. Our Circular Tramp will satisfy everyone from pro to beginning jumper.

# Embarrassed Sixers Try Again Friday

**BY ALEX SACHARE**  
AP Sports Writer  
PHILADELPHIA (AP) — When the beleaguered Philadelphia 76ers boarded their 8 a.m. flight out of Portland Wednesday, the television in the first class section was tuned to a news program showing highlights of the previous night's playoff slaughter at the hands of the Portland Trail Blazers.

rain was a constant companion and during which time the Sixers managed to look positively awful in losing two lopsided decisions to the Blazers.

"We were embarrassed," said George McGinnis, the Sixers' slumping forward who once again looked conspicuously out of place on the court. "When it rains, get your umbrella."

Despite the steady showers in the Rose City, Big George wasn't referring to the weather.

He was thinking back to the way the Blazers sliced apart the Sixers with consummate ease in a 130-98 romp Tuesday night which evened the National Basketball Association championship finals at two victories apiece.

"They blitzed us," said McGinnis. "I have no explanation for it. But everybody on this team, in this organization, has to be embarrassed."

"They ran a clinic on us," agreed All-Star guard Doug Collins, who managed just 11

points. "Yeah, I'd say they embarrassed us."

Perhaps, but apparently it hurt too much for most of the others to admit it. Instead this free-wheeling bunch, branded as outlaws and renegades by its own top banana, Julius Erving, let out its frustrations in ways which recalled baseball's Oakland A's in their rambunctious heyday of a couple years back.

Erving questioned some of Coach Gene Shue's substitutions, relaying via newsmen his idea that other moves might

have been wiser. In particular, he suggested Joe Bryant and Darryl Dawkins ought to be getting more playing time.

"We've got to use our horses," said Erving. "We have a lot of depth. We have some guys who can play on the bench."

Bryant, a reserve forward, lambasted Steve Nix, another reserve forward, questioning Mix' attitude and contending he puts personal achievement ahead of the good of the team.

"In the finals you should be

playing the game the way it's supposed to be played instead of worrying about your job," said Bryant. "He's a good player, but he's not good enough to run his mouth the way he does."

So what does all this sound and fury signify? Probably nothing.

If any team can rebound from a 32-point loss for a victory in a big game, it's this wild bunch. And if the 76ers do bounce back, it will almost certainly be with the same cast of characters.

**CHI CHI CAN DRIVE**  
MIAMI, Fla. (AP) — Chi Chi Rodriguez, the jockey-sized Puerto Rican, only weighs 125 pounds and is the lightest man on the PGA tour. But he hits the ball off the tee as far as all but the heavyweight drivers.

The average attendance per game for the National Football league in 1976 was 56,482.

Shortstop Bill Russell of the Los Angeles Dodgers is nicknamed "Ropes."

# Gottfried Rallies For French Open Win

**GEOFFREY MILLER**  
AP Sports Writer  
PARIS (AP)—Brian Gottfried is two matches away from becoming the first American to win the French Open tennis title in 22 years. And his confidence is sky-high after one of the finest victories of his career.

Gottfried defeated Ilie Nastase of Romania Wednesday night for the first time on a slow clay court. And for the first time in his life, he won a five-set match after losing the first two sets. "I feel now I might manage

anything," the star from Fort Lauderdale, Fla., said.

Gottfried's win over Nastase in the quarter-finals, 4-6, 3-6, 6-2, 6-2, 6-3, provoked the volatile Parisian crowd on the center court of Roland Garros to one of its most frenzied displays of cheering and counter-cheering. The atmosphere toward the end of the three-hour, 20-minute duel was more like a football game.

By the end, Gottfried had mastered the mercurial Romanian completely. Yet for most of the first two sets the American

was outplayed. Nastase had a devastating spell in which he won 11 games out of 12.

Gottfried was playing his unusual game, thumping down big services and moving up to the net for the volley. He found these tactics did not work against Nastase, one of Europe's clay court specialists. Nastase played a thoughtful game from the back of the court and steered strokes past his opponent for the points that mattered.

The match began to turn

Gottfried's way when he broke Nastase's service for a 3-1 lead in the third set. From then on it was Gottfried who applied the pressure.

"I started spinning my service and not coming into the net behind it," Gottfried said. "That was when I started winning."

Those are European grass court tactics, which few American players have exploited successfully on the slow surface at Roland Garros in the last two decades. The last American to win the men's title

was Tony Trabert in 1955. Gottfried's semifinal opponent will be Phil Dent of Australia, who edged Jose Higueras of Spain 6-1, 6-3, 3-6, 6-7, 6-3.

The other two quarter-finals were scheduled for today. Adriano Panatta of Italy, the defending champion, vs. Raul Ramirez of Mexico, and Guillermo Vilas, the Argentinian left-hander, vs. Wojtek Fibak of Poland.

Now that Nastase is out, Panatta is the only man in contention who has won the title

before. An American is in contention for the women's title, too. Janet Newberry of La Jolla, Calif., is in the semifinals with three East Europeans—Florenta Mihai of Yugoslavia and Regina Maršikova of Czechoslovakia.

Ms. Newberry defeated Kathy May of Beverly Hill, Calif., 6-4, 5-7, 6-3 in a baseline duel that contained much negative, defensive tennis. Ms. May made more mistakes and lost.

EYE EXAMS FOR ELDERLY ADVISED MINNEAPOLIS, (AP) — Persons over 65 should get their eyes examined every year, advises Dr. Burt Skuza, chairman of the Aging Vision Committee of the American Optometric Association.

Activities Provided For Children By DPW

Supervised day activities for 95 school age youngsters from low-income Hereford area families is provided under a contract for the program signed between the State Department of Public Welfare with the Texas Panhandle Community Action Corporation.

DPW Regional Administrator Nathan C. Martin announced today that the contract for the Hereford center is one of several that will provide organized activity programs for some 460 youngsters in the Panhandle.

When school is out, working parents are faced with the problem of how to provide day care for their children, Martin said.

## FFA Selects Officer Slate

Hereford FFA officers for the 1977-78 academic year were elected last week at Hereford High School.

David Walterscheid, son of Mr. and Mrs. Kenneth Walterscheid was selected as president while Ira Robinson, son of Mr. and Mrs. Jess Robinson was elected vice president.

Miss LeAnne Hughes, daughter of Mr. and Mrs. Bob Hughes was elected secretary and Bobby Meyer, son of Mr. and Mrs. Donny Meyer was elected treasurer.

The office of reporter went to Donny Johnson, son of Mr. and Mrs. Don Johnson, and Randy Harris, son of Mr. and Mrs. Robert Harris was elected sentinel.

Student advisor for the coming year is Allyn Rowland, son of Mr. and Mrs. Jigger Rowland.

## Deaf Smith Cooperative To Receive 4-H Award

COLLEGE STATION—The Deaf Smith Rural Electric Cooperative at Hereford will be recognized for its longtime support of the 4-H program in Texas during the State 4-H Roundup at Texas A&M University, June 7.

James Hull, manager of the Electric Cooperative, will be presented a special plaque during the Texas 4-H Youth Development Foundation at the 5:30 p.m. opening assembly of this year's 4-H Roundup.

Hull will be among five individuals, organizations or businesses being cited for distinguished service to 4-H by the 4-H Foundation, the service organization of 4-H in Texas, and the Texas Agricultural Extension Service, the parent organization of 4-H.

Through his individual efforts

and those of the co-op, Hull has assisted with county and regional 4-H efforts. The co-op was the first to contribute funds for the building of the Texas 4-H Center, and it urged other co-ops to contribute to the fund drive. For many years, the co-op has helped with the financial support of the District 1 4-H Gold Star banquet, thus giving recognition to many 4-H members.

On two occasions, the Electric Cooperative has helped charter a bus for 4-H members to use to travel to Texas A&M University for the State 4-H Roundup. Additionally, the co-op has purchased and maintains a set of portable livestock scales for 4-H members to use in weighing their livestock projects. The Electric Cooperative has supported the county junior livestock show through the

## Coffee, Cocoa Drive Up Product Costs

WASHINGTON (AP)—Continuing increases in the price of farm commodities, including the big consumer items of meat and potatoes, are putting further pressure on family food budgets, the government says.

Prices of raw farm products rose 2 per cent from April 15 to May 15, the sixth consecutive increase, the Agriculture Department said Tuesday. The prices also were 2 per cent higher than a year ago.

Even so, the index was 1 per cent less than a year ago.

Overall prices of poultry and eggs declined 5 per cent last month and averaged 6 per cent below May of last year, the department said.

Another big increase was for fruit, up 16 per cent during the month. Peaches were higher, along with oranges, but lower prices were reported for apples and strawberries, compared with April.

## Production Costs Rise For Farmers

WASHINGTON (AP)—Prices that farmers pay for items used directly in crop and livestock production were fairly stable from April 15 to May 15, although some products cost substantially more than they did a year ago.

Fertilizer prices have almost leveled off, averaging one-half of one per cent more than a year ago, the department said. But prices of cars and trucks, both new and used, were up 13 per cent from May of last year. Livestock feed, another major item, cost 10 per cent more than a year ago.

For example, the Agriculture Department said Tuesday, costs of fuel and other energy rose 1 per cent during the month and

## Bentsen Expects President To Sign Compromise Bill

WASHINGTON—Senator Lloyd Bentsen said he anticipates that Congress will approve commodity target prices in the new farm bill that are substantially higher than current levels but lower than the levels approved by the Senate last week.

And Bentsen, who opposed efforts to lower the target prices during Senate voting, said he expects the President to sign the compromise farm bill that will be hammered out in coming weeks by conferees from the Senate and the House of Representatives.

"Production costs—particularly the prices farmers must pay for fuel and fertilizer—have shot up dramatically since the existing target price levels were set in 1973," Bentsen said.

"Many farmers today aren't getting a reasonable price for their crops. This is a serious situation that can lead to shortages and higher food prices for all Americans unless Congress and the Administration can agree on legislation this

year that will increase target price levels to more nearly reflect the costs of production."

Bentsen noted that the Senate version of the farm bill calls for increasing the target price for wheat from \$2.47 a bushel to \$2.90 this year, while a bill approved by the House Agriculture Committee boosts the target to \$2.65. He said the compromise will probably fall somewhere in between.

The Senate bill also increases the target price for wheat to \$3.10 in 1978; for corn from \$1.70 a bushel to \$2.28 in 1978; and cotton from 47.8 cents per pound to 51.1 cents. The target price for rice would remain as it

is under current law.

Bentsen expressed concern about the effect the new farm bill will have on peanut farmers in Texas.

"There is concern about the rapidly increasing costs of the peanut program and about the impact that anticipated advances in productivity will have on these costs," Bentsen said.

"But the action setting both acreage allotments and poundage allotments on peanut farmers is too fast and too severe and will have a very harmful effect on individual growers in Texas. I will be working to ease the impact of this new approach," Senator Bentsen said.

## Chaloupka Concerned About Wheat Storage

WACO—With wheat harvest just getting under way, the president of the Texas Farm Bureau said a crisis may be developing over storing this year's crop.

"Our problem is we've already got almost a year's crop in storage and we're expecting good to bumper crops in the winter wheat area from Texas to Nebraska," said Carrol Chaloupka, Dalhart grain and cattle producer.

"What we fear," he said, "is that a shortage of storage will depress our prices even more." He said that wheat prices have been falling steadily since last year, and that wheat is now selling for about 40 per cent

below what it was last June.

"If the situation reaches crisis proportions, we will ask that the U.S. Department of Agriculture approve loans on wheat stored in temporary facilities, even on the ground," Chaloupka said.

"We believe this may be necessary to keep the bottom from falling completely out of the wheat market."

Chaloupka said he has conferred with Deputy Secretary of Agriculture John C. White about the storage situation. He said White assured him the USDA is aware of the problem and is working to solve it. White is former Texas Commissioner of Agriculture.

## Prochemco Reports Revenues Are Up

Prochemco, Inc., has announced earnings for the six months ended April 30, 1977, of \$515,000 (\$3.37 per share) on revenues of \$27.5 million. This compares with earnings of \$451,000 (\$3.1 per share) on revenues of \$22 million for the same period of the prior year.

For the second quarter ended April 30, 1977, earnings of \$259,000 (\$1.9 per share) were reported on revenues of \$14.2 million as compared with earnings of \$103,000 (\$0.7 per share) on revenues of \$9.1 million in the second quarter of fiscal 1976.

"Revenues were up 27 per cent and net income up 14 per cent over the first six months of fiscal 1976" noted S. M. Spangler, Prochemco President. Prochemco's three feed yards have averaged about 70 per cent occupancy in fiscal 1977. Spangler commented that the company's strong financial condition has been a distinct advantage in attracting cattle feeding customers. In addition to increased profits in the company's cattle operation, the operations of the Murray-Carter Division provided an

increase in company net income over the prior year.

Spangler also announced the election to the Board of Directors of Maurice F. Strong of Calgary, Alberta, Canada. Strong replaced Richard S. Smith of Pittsburgh, Pennsylvania, who resigned for personal reasons.

Prochemco, Inc. is an Amarillo-based company engaged in custom cattle feeding in Texas and Nebraska and the distribution and manufacture of the Murray and Carver brands of cotton ginning and cotton seed processing equipment from facilities in Texas, Massachusetts and Tennessee.

## MBPXL Earnings Second Highest

MBPXL Corporation reported earnings of \$2,336,000, or \$1.05 per share during the quarter ending on April 30, 1977. These earnings were the second highest of any quarter since the company has formed in 1974. They were exceeded only by those of the corresponding quarter in the preceding year when the company earned \$3,710,000, or \$1.66 per share.

President David J. La Fleur reported that the leading contributor of earnings has the fabrication operations. Recent expansions allowed 34 per cent more carcasses to be fabricated than in the corresponding quarter of the previous year. Expansions currently underway in Wichita and in Friona, Texas will allow another 30 per cent expansion.

## Pest Workshop Set

Commercial and noncommercial applicators interested in training programs for the categories of Field Crop Pest Control, Fruit and Vegetable Pest Control, and Weed and Brush Control will have an opportunity to participate in a workshop scheduled for June 13-14, at the Hereford Bull Barn.

The initial session of the workshop will include subject matter applicable to all categories of commercial and noncommercial applicators. Sessions that follow will deal with category specific subject matter.

Certification is granted by the Texas Department of Agriculture on the basis of an examination on the afternoon of the 14th at the Bull Barn. The workshop is not a requisite to certification as a commercial or noncommercial applicator and is not a part of the official certification process.

Persons planning to attend the workshop may preregister by writing to Carl D. Patrick, 6500 Amarillo Blvd. West, Amarillo, Texas 79106 before June 6 indicating their intent to participate in the workshop. Details of the workshop will be provided by return mail along with study materials.

## FOLIAN™ is here.

The practical way to help soybeans fill more pods with more beans.

It's the first practical way to get more plant food into soybeans when pods are filling so more beans can fill to harvestable size.

Allied Chemical's FOLIAN does it safely without causing harmful leaf burn when applied as directed. And all it takes is one or two applications.

Remember FOLIAN is for healthy soybeans that are doing well. Used properly, it can increase yields 10-20%. Giving you a \$2 to \$1 return on your FOLIAN investment.

Talk to us now about this unique opportunity to get more return from your land, labor and capital, with FOLIAN—the proven foliar fertilizer for soybeans.

Please Join us for a special presentation by Allied Chemical about this remarkable new product and what it has done and can do for soybean growers. Date is Thursday June 2, at 8 p.m. at the Southwestern Public Service Reddy Room, 325 Lee Street.

**Today In History**  
Today is Thursday, June 2, the 153rd day of 1977. There are 212 days left in the year.  
Today's highlight in history: On this date in 1953, Britain's Queen Elizabeth II was crowned in Westminster Abbey.  
On this date: In 1851, Maine became the first state to enact a prohibition law.  
The 1886, President Grover Cleveland married his ward, Frances Folsom, at a White House wedding.  
In 1924, Congress conferred citizenship upon all American Indians.  
In 1941, Adolf Hitler and Benito Mussolini held a war meeting at Brennar Pass in the Alps.  
In 1944, the United States opened a bomber base in the Soviet Union to carry out shuttle raids against Germany. In 1969, the Australian aircraft carrier, Melbourne, sliced through the U.S. destroyer, Frank E. Evans, during maneuvers in the South China Sea. Seventy-four American lives were lost.  
Ten years ago: More than 600 shouting landlords smashed the doors the New York City Hall and battled police as they tried to see Mayor John Lindsay to protest a strike by apartment house workers.

**LEGAL NOTICE**  
Being certified by the Commissioner of Agriculture of the State of Texas for this purpose, the Texas Corn Growers Association, 105 E. Bedford, Dimmitt, Texas 79027, a referendum election on July 29, 1977, under provisions of Article 55C, Vernon's Civil Statutes on the proposition of whether or not corn producers in the following counties shall assess themselves an amount not to exceed 1/2 cent per bushel on all corn sold to be collected at the first point of sale, and to elect members for a 6-person commodity producers board to administer proceeds of such assessment to be used for research, disease and insect control, promotion, and education designed to encourage production, marketing, and use of Texas corn.  
Counties included in the referendum are: Area I- Deaf Smith, Palmer Castro, Bailey, and Lamb. Area II- Randall, Swisher, Brisco, Hale, and Floyd. Area III- Dallam, Sherman, Hansford, Ochiltree, Hartley, Moore, Hutchinson, and Carson.  
The referendum and election will be held by physical ballot with voting place to be at each county courthouse in the referendum area. Polls will be open at 7 a.m. and close at 7 p.m. Producers who will be away from their particular voting box location on election day may obtain an absentee ballot from county agent offices, or the Texas Corn Growers Association. Absentee ballots must be mailed in the self-addressed envelope to the central balloting place at 105 E. Bedford, Dimmitt, Texas 79027, before midnight three days prior to the election date.  
Any person within this referendum area engaged in the business of producing or causing to be produced corn for commercial purposes is eligible to vote, including owners or farms and their tenants and sharecroppers, if such person would be required to pay the assessment proposed.  
Th-235-3c

## Transferred Cons May Get Time Cut

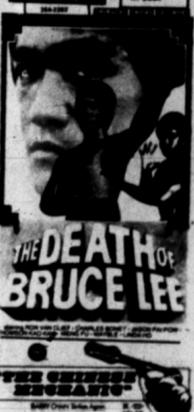

AUSTIN, Tex. (AP) - The Texas Court of Criminal Appeals issued a ruling Wednesday that could shorten sentences of convicts transferred from federal prisons to Texas penitentiaries under "detainers" issued by state authorities.  
State prison officials must consider such convicts for "good time" credits for their behavior while in federal custody, the court held.  
"Good time" shortens a convict's sentence by 20 days for every 30 days on good behavior.  
It was a precedent-making decision and reversed a position the court has held at least since 1950.  
The immediate winner was Wesley Lee Williams, serving time of theft and heroin

convictions.  
He was sentenced to three concurrent 10-year sentences in Huntsville State Prison, to run concurrently with a federal sentence he was serving. He was in federal custody from October 1969 until February 1975, when his federal time ended and he was transferred to Huntsville under a "detainer" to start serving his Texas sentence.  
But for the federal conviction, Williams would have been taken to Huntsville as soon as his state conviction became final, the court said.  
"In this day of efficient modern communications... we see no practical reasons for denying a Texas inmate a reward for good time conduct while he earned while he was confined in another jurisdiction

yet subject to the 'constructive custody' of the Texas Department of Corrections," the court said.  
Since Williams "did not have his choice of custodian, it is repugnant to Article I, Section 19, of the Texas Constitution to deny him credit for good conduct while in the federal institution," the court said.  
Article I, Section 19, says no Texan shall be deprived of liberty, property of life except "by the due course of the law of the land."  
The court instructed the department of corrections to "make whatever decisions are appropriate in awarding petitioner with good time credit, if any, based upon the records from the federal authorities."

The standard tennis racket is about 27 inches long, about 9 inches wide and weighs from 13 to 16 ounces.  
Schizophrenia, the term meaning "split personality," was first used in 1911. It replaced the term dementia praecox, which meant "insanity of youth."
