### The Walls Are Going Up

Subcontractors have begun laying brick for the new city hall, being constructed on the lot between 2nd and 3rd Streets and Milles and Leo Streets. Bad weather has slowed construction somewhat, according to

City manager Dudley Bayne, who is hoping for workers to finish by late November. The building will be paid for out of federal revenue-sharing funds for approximately \$754,000. (Brand photo by Paul Sims)

## DSG Purchases Ultrasound Unit

By PAUL SIMS  
Managing Editor

Deaf Smith County Hospital District directors this morning approved the lease-purchase of a \$75,275 ultrasound unit, which hospital administrator Jim Bullard said would put Deaf Smith General "one to two generations ahead of what they can do in Amarillo."

Hereford patients presently must travel to Amarillo to use ultrasound, which utilizes sound waves to obtain images of unborn fetuses and structures inside the body.

Bullard said that Hereford's unit, to be delivered in three to six months, will be more sophisticated than those used in

Amarillo and will enable Hereford physicians to do more than they would with older ultrasound units.

"It is one of the things that would be truly beneficial to the people of this area," Bullard said. "This service would complement our other services. It's relatively done with ease to the patient—it seems to the patient that it's a fairly simple procedure."

Dr. Evangeline Archer, an Amarillo radiologist, will do the ultrasound readings in Hereford, Bullard said. Dr. Archer was on hand for today's meeting.

"It's a diagnostic procedure done with no risk and no radiation to the patient," Dr. Archer told the board before it acted on the request.

Dr. Archer said the unit bounces sound waves off structures in the body then records pictures on a television monitor. She explained that the procedure is most commonly used in abdominal diagnoses and obstetrical cases.

"You can date pregnancies with 95 percent accuracy going out of the first trimester into the second. You can get it down to two or three days," she said.

Board member Gerald Payne, a physician, said that date pregnancies is very important in the management of pregnancies. Another use would be in pregnancies with some risks involved. We could do a baseline study at, say, 20 weeks, then get another study later and compare them."

Payne added: "Ultrasound is going to

be used—physicians in the hospital here are going more and more to it. I hate to see people travel to Amarillo to have studies done."

Bullard said that he, Dr. Archer and Dr. M.W. Nobles of Hereford examined several thousand units at Baylor Medical Hospital in Dallas recently to learn about recent advancements made in performing the procedure.

The machine will be purchased on a five-year lease. Patients will be charged between \$50-55, excluding physician fees, for ultrasound examinations, according to Bullard.

Director Ed Reinauer, who made the motion to purchase the unit, said that

foundation funds might be available to offset part of the cost.

After the board approved the purchase of the machine, Bullard said: "The next two to five year are going to be important to us as a community hospital. The things we can do for ourself now are important because the federal government wants to eliminate some smaller hospitals. We've got to be aggressive and look ahead."

"This is the finest piece of equipment we could buy. We'll probably be one to two generations ahead of what they can do in Amarillo."

The board, in other business, heard Bullard's operating report for January, (See HOSPITAL, Page 2)

## Seniors Awarded County Funds

Deaf Smith County Commissioners approved a funding match for the Hereford Senior Citizens Center during a special session this morning.

The funding is to be utilized in renovation of kitchen facilities at the Senior Citizens Center, at the old Central Elementary School.

Debbs Knox, president of the Hereford Senior Citizens Association and Marge Daniels, executive director of the association, appeared before the commissioners to request a funding match of \$5,717.50 to go with a federal grant of \$17,152.50.

Knox and Daniels explained that expansion of kitchen facilities is needed to meet the growing participation in the nutrition program for senior citizens.

According to the association spokesmen, a tentative estimate of renovation costs was placed at \$22,870.

A pre-application for federal funding on the project must be turned in by Friday, according to the spokesman.

Judge Glenn Nelson told commissioners that the same issue was brought up before the city commission on Monday night, and a question arose over the legality of using federal money to match federal money.

Daniels reported that she received word by phone this morning that such a move would be legal, and added that she is expecting a letter to verify the opinion.

Commissioner James Voyles, citing the importance of the senior citizens program to the community, moved to approve

## More Iran Generals Executed

TEHRAN, Iran (AP) - Ayatollah Ruhollah Khomeini's revolutionary regime executed four more of Shah Mohammad Reza Pahlavi's generals by firing squad early today and said it would hound the ruler in exile until he could only find refuge in South Africa or Israel.

Aides to Khomeini said Gen. Parviz Amin Afshar, former commander of the shah's Imperial Guard; Brig. Gen. Maanuchehr Malek, the infantry commander in Qazvin; Gen. Nematullah Motamadi, military governor of Qazvin,

and Gen. Hossein Hamadani, chief of the SAVAK secret police in Kermanshah, were shot at 2 a.m.

Their deaths brought to eight the number of general's executed by the new Islamic regime, and three more killed by mobs. Sixteen more ex-officials have been reported condemned to death, and the roundup is continuing.

Malek and Motamadi were held responsible for the bloody suppression of demonstrations against the shah in Qazvin, 90 miles northwest of Tehran,

where scores were killed and tanks were used against the demonstrators.

Last Thursday a firing squad executed Gen. Nematullah Nassiri, former national head of SAVAK, and three other top military commanders on a rooftop at Khomeini's headquarters.

In addition to the condemned in the upper echelons, two policemen were executed Monday in the central city of Najafabad for killing demonstrators in anti-shah riots.

Khomeini was reported to have sent word last week to the shah's host, King Hassan of Morocco, that he would demand the extradition of the monarch to face trial for "crimes against the Iranian people."

Khomeini, the 78-year-old Shiite Moslem leader of the year-long revolt that drove the shah from Iran Jan. 16, vowed in a broadcast today to continue his revolution "until the hands of the United States, the Soviet Union and Britain are cut from Iran."

## The Branding Iron Allred Responsible for Many Local Oil Company 'Firsts'

By PAUL SIMS  
Managing Editor

Jimmie Allred says he's finally lived "up to his title" with Phillips 66.

"On Feb. 1, I became 66-years-old," said the chairman of the board of Allred Oil Co.

Truth is, Allred probably lived up to his jobber's title a lot longer ago than Feb. 1. His was the first oil company to handle diesel fuel, solvents, butane and fertilizer in Hereford. More recently, it was the first to use computerized dispensing pumps.

"Lyn-ton's responsible for that. He's a good boy," Jimmie said.

Lyn-ton Allred, Jimmie's son, is president of Allred Oil Co., having been associated with the organization since 1967.

Allred-Jimmie, that is--began a lasting relationship with Phillips in January, 1935, as a delivery boy and warehouseman, working for T.E. Major, who was agent at the Phillips Petroleum wholesale gasoline plant in Hereford.

Allred previously had farmed and ranched with his father near Wildorado in Deaf Smith County. Allred's grandparents--both sets--moved to the county in the early 1900's and ranched south of Wildorado.

Allred moved to Hereford in 1930 so he could graduate from Hereford High School.

"When I came out of high school, jobs were at a premium," Allred said. "You just couldn't get one. I was glad to go to work for Phillips, but when the phone would ring and I'd say hello, I'd already

told the customer all I knew about the oil business.

"I started working for a dollar and a half a day and didn't even care."

Those were the Depression days. Allred calls them "the Dirty 30's."

"It was rough. And it was dirty. The wind blew the dirt every day. Day after day after day, the sun would be almost obliterated because of the dust storms. One day in 1933, it started blowing in December and didn't let up until March.

"Nobody had any money. But it didn't take much to entertain us teenagers. The teenagers I knew had a lot of fun with church socials and things like that. I was very active in Church. I came from five generations of Baptists. And my parents didn't just send us to church--they took us. Unless we were desperately ill, we

didn't miss any Sundays."

As a warehouseman, Allred kept the plant in order--stocked and clean. He remembers one of his main responsibilities then as sweeping out the after-effects of the many dust storms.

As a delivery boy, Allred drove kerosene and gasoline to customers in the county.

"I primarily delivered to farms. Kerosene then was seven cents a gallon. Today it's 63 cents. The cheapest gasoline I ever saw was 12 cents a gallon including tax."

Major died Sept. 6, 1938, and Phillips offered Allred a contract as consignee. He became the area jobber in 1947.

"A consignee with Phillips supplies and carries all the accounts and is paid a

# update tuesday

## Davis Divorce Trial Begins in Fort Worth

FORT WORTH, Tex. (AP) - The long-delayed divorce trial of Cullen Davis and his estranged wife Priscilla begins today with millions of dollars at stake.

Mrs. Davis, 37, says her community property in the marriage amounts to \$75 million to \$80 million. Davis says the most it could be is \$4 million.

The court of retired District Judge John M. Barron of Bryan must settle the case, which has been dragging on for five years and was delayed by two criminal trials involving Davis.

The millionaire was acquitted in an Amarillo trial of charges he killed his 12-year-old step-daughter, and charges accusing him of trying to hire the murder of the original judge in the divorce case, Joe Eidson, ended in a mistrial in Houston. Eidson has removed himself from the case.

The main point Barron's court has been asked to decide is not who is at fault in the broken marriage, but simply, the division of property.

Davis claims that two days before he married Priscilla Aug. 29, 1968, she signed a premarital agreement preventing her from claiming any of his inherited fortune. She says she never intentionally signed such an agreement.

Mrs. Davis is seeking the 20-room \$6 million mansion, all its furnishings, a Lincoln Continental Mark IV and a share of dividends from Davis' industrial empire.

## Proposal Would Vary Beer Cans

AUSTIN, Tex. (AP) - Texas beer lovers would have three more can sizes from which to drink under a bill approved by the Senate on Monday.

Senators voted 29-1 to authorize the sale of beer in 7-ounce, 8-ounce and 16-ounce cans, which are now prohibited.

If the measure is approved by the House, it would take effect Jan. 1, 1980.

Sen. Gene Jones, the sponsor, told reporters Texas is one of only two states that don't allow beer to be sold in cans under 12 ounces.

## Branding

On a jobber basis, you buy from the supplier, the product is yours, and you run your own business," Allred said.

In 1947, Allred established Hereford butane. He is still president of that corporation.

"Hereford has been good to me. Hereford has the loveliest people to do business with than any place on earth. It's always been a town that is willing to help a person who wants to try," Allred said.

"I am convinced of something else. My philosophy of business is no business

## City

camp residents who attended a public hearing recently on the San Jose sewage problems said they were willing to pay for the use of the treatment facility, which the city hopes to expand through either a federal grant or local bond election.

"The majority out there would do it," Nelson said.

"We can't make them tie on out there," said Rose, whose commission Precinct No. 2 includes the labor camp.

"But if they've got it available, the State Health Department might require them to tie on," said Nelson.

"...the epidemic out there is a possibility down the road."

The San Jose water district, which recently was granted \$320,000 in federal funds for construction of a water system, has asked the county commission to file a pre-application with HUD, the same procedure used for obtaining the water-system grant-for a sewage system.

The county agreed to file the pre-application through PRPC. The deadline for doing so is next Monday, Nelson said.

"If we can just say that we're negotiating with the city, this will be all right with HUD," Hollifield said. "I think I can submit the pre-application and say we are negotiating with the City of Hereford to accept sewage from the San Jose community at a price to be agreed upon."

City Manager Dudley Bayne said that a truck line at the camp would carry about 60,000 gallons daily to the city plant based on 150 residents. He added that the city presently has a policy of not providing services for persons living outside of Hereford.

"We have no control over anything out there," Bayne said. "We'd need to really restrict it to residential use. If they put a cafe, a greasetrap, out there, we'd have a real problem."

"And what assurance would the city

"Some people like small beers," said Jones, D-Houston.

The bill also was written, he said, "to keep wholesalers from competing with retailers."

He noted, too, that an amendment had been accepted to exempt Shiner Beer, a small South Texas brewery, from a provision prohibiting "dock sales." In such sales, distributors sell beer by the keg from their warehouses. Shiner still could sell beer by the keg at the brewery.

Sen. John Traeger, D-Seguin, said this was an important part of Shiner's business.

An analysis of the bill shows it also would:

- Prohibit manufacturers from selling directly to retailers.
- Require that beer in the new sizes be sold only in "retail packages" - such as 6-packs or 8-packs.

## Meany Rips Carter Over Foreign Affairs

BAL HARBOUR, Fla. (AP) - AFL-CIO President George Meany has lashed out at President Carter's handling of foreign affairs, widening a rift with Carter and possibly signaling the beginning of a complete break with the president.

The relationship between the two men has deteriorated since Carter took office, and some AFL-CIO officials here say Meany is on the verge of a complete break. Such a rift between organized labor and Democratic presidents is rare.

Meany, a frequent critic of Carter's domestic policies, criticized on Monday the president's handling of issues ranging from the Middle East dispute to the weekend fighting between China and Vietnam.

"I don't know what his foreign policy is," Meany told a news conference after the AFL-CIO's leaders opened their winter meeting here.

"Our foreign policy seems to be, we'll react to events. Something happens and we have something to say about it," he said. "You take Iran, it's a good case in point."

Meany said Carter backed the Shah of Iran for too long and then was too quick in recognizing the Islamic revolutionary government set up by Ayatollah Ruhollah Khomeini.

## Mardi Gras Fate Still Up in Air

NEW ORLEANS (AP) - A police strike still held Mardi Gras hostage today out a federal negotiator saw some progress toward a settlement that would let the good times roll.

"On your first day back into

can succeed beyond the point of efficiency of the people you hired to help you run it or are associated with in that business. We owe a debt of gratitude to some wonderful employees and a community that has been without question one of the most prosperous communities in which a boy could grow up in.

"Every piece of property I ever bought, the first thing I did was dedicate it to God. God has blessed beyond measure anything that I could do."

Allred has been a faithful Hereford Lion since 1946. He is past director of the Deaf Smith County Chamber of

Commerce, former campaign chairman of United Way, and the only president that Hi-Plains Savings and Loan Association has ever had.

Allred is a First Baptist Church deacon, along with son Lynton and father J.C. Allred and his wife Mary, who was a beauty operator when they married in 1937, also have two married daughters—Marlene in Florida and Clydene in Spring, a Houston suburb.

"I've enjoyed my life here," Allred said. "Nothing's been a burden. Ever. It's always been a pleasure to serve in Hereford, Texas."

closed Brevard St. in the block north of the Bluewater Garden Apartments. The Catholic diocese of Amarillo purchased the block to construct a church to replace the San Jose Mission at the labor camp.

agreed that Bayne should attend a meeting Friday in Austin to learn about requirements for obtaining a grant to expand the city's sewage.

set the city election by ordinance for April 7 and named election officers.

Senior Citizens director Margie Daniels was on hand to request the funds. She was provided a letter from City Attorney Earnest Langley which stated that the city is not allowed by state law to provide funds to organizations like the Hereford Senior Citizens Association.

Mrs. Daniels said she would provide a letter from the Governor's Commission on Aging concerning the legality of providing tax money.

The commission tabled the request pending receipt of the letter.

Commissioners tabled action on the matter.

In other business during Monday's regular semi-monthly meeting, the commission:

- tabled action on a request for \$6,000 by Hereford Senior Citizens Association. The money would be used by the group to obtain a \$20,000 grant for renovations in the seniors' cafeteria.
- approved an amendment to Pioneer Natural Gas Co.'s franchise with the city on the second of three readings. The amendment would allow Pioneer to charge customers for laying more than 75 feet of line instead of 150 feet.
- authorized bids for a proposed \$18,000 shop for the park and water plant maintenance departments.
- closed the alley between Deaf Smith

issuing matching funds, subject to the legality of such an action. Voyles stipulated that such funds would come from revenue sharing money, should a federal grant be forthcoming.

The motion was unanimously approved by the commission, with Commissioner Bruce Coleman absent.

Commissioners then went into executive session to begin consideration of applications for the position of Bull Barn custodian.

negotiations you don't make 100 percent progress, but I am not disappointed," said mediator Ansel Garrett after a six-hour session that ended late Monday night.

Talks aimed at ending the four-day walkout by some 1,100 of the department's 1,514 officers resume today.

City officials remained apprehensive that the garbage collectors of Teamsters Local 270 might walk out in sympathy with the Police Association of Louisiana, which is Teamsters Local 253.

Mitch Ledet, state secretary-treasurer of the Teamsters, maintained the suspense, saying only that a sanitation department walkout was "a good possibility."

A substitute force of 650 National Guardsmen, 126 State Police troopers and non-strikers patrolled the city. Officials said the crime rate remained low.

## Police Report

A 19-year-old Friona man remained in critical condition today following one of two weekend stabbings investigated by Hereford police.

Pedro Demas, 19, of 911 Walnut in Friona, was taken to Deaf Smith General Hospital after he was stabbed in the abdomen and back of the neck about 8:10 p.m. Saturday.

According to police, Juan Trevino, 32, of 1005 Virginia in Friona, was treated and released from the hospital after receiving a facial laceration during a fracas which started in the front yard at 703 Stanton.

Police found the two injured men inside the house at 701 Stanton after receiving a call concerning the fight.

Nick John Romero, 22, of 827 S. 25 Mile Ave., was charged with two counts of aggravated assault in connection with the incident.

In a Sunday evening incident, police were notified of a fight in the 100 block of N. Main and discovered that Johnny Sierra, 23, of the San Jose labor camp, had been stabbed in the chest.

Police arrested Juan Galan, 24, of the labor camp, on an aggravated assault charge. Another arrest is expected.

Antonio Sanchez Rodriguez, of Lubbock, was charged with felony DWI (driving while intoxicated) Monday afternoon.

## Weather

By The Associated Press

Mostly cloudy today. Scattered showers. Decreasing cloudiness west and central tonight and over east by Wednesday. Mostly fair Wednesday. Highs 56 to 62. Lows 28 to 45. Highs Wednesday 60 to 65.

## Hospital

was updated on last year's Joint Commission on Accreditation of Hospital's survey of the Hereford hospital, set the hospital board election for April 7 and inspected one of five rooms which have been redecorated.

The board also heard a request from Bullard to lease-purchase color television sets for 51 rooms to replace black-and-white sets. Bullard said the sets would cost \$386 per month and the hospital would be responsible for maintenance.

The proposal will be discussed in the next meeting of the hospital finance committee, along with possible methods

of financing the ultrasound unit.

Bullard called January "an excellent month" and reported that there were 223 total patients admitted during the month for an average daily census of 37.1.

The hospital in January showed \$8,259 in net revenue over expenses.

"In January we made deductions in patient revenue—from our reserve account for bad debts—for \$23,000. Had we not had the adjustment, we would have had about \$31,000 in revenue over expenses. So you can see we had a good month," Bullard said.

Cash on hand for the hospital on Jan. 31 totaled \$67,350, as compared to

\$37,075 on Jan. 31, 1978.

Dr. A.T. Mims, chief of the hospital medical staff, reported that the Joint Commission on Accreditation of Hospitals recommended that representatives of Deaf Smith General attend a seminar on conducting audits.

The seminar is scheduled for March 6-7 in Houston. Mims said a physician and a medical records librarian from Hereford would attend the seminar.

The board voted to enter into an agreement with Texas Medical Foundation to assist the hospital in reviewing Medicaid patients.

# East Faces Thawing Out

## By The Associated Press

Surprised by a fast-moving storm that dumped up to 2 feet of snow, the East today awaited an equally sudden thaw with temperatures that promised to feel positively balmy after weeks in the deep-freeze.

The aftermath of the storm, which approached blizzard conditions in some places as it raged from Virginia to Connecticut after burying the South on Sunday, was sometimes grim.

Looters were arrested in Baltimore. Washington's Birthday sales were canceled; schools were closed, mass transit was paralyzed and major airports in Richmond, Washington, Philadelphia and New York were shut down for most of Monday.

Baltimore police said they arrested more than 200 persons in at least 700 instances of looting after the city's worst snowstorm on record - 20 inches in a 24-hour period. Officials said bakeries, liquor, grocery, auto supply and furniture stores were looted.

Mayor William Schaefer imposed a 10-hour curfew beginning at 7 p.m.

Monday. Police used four-wheel-drive vehicles for their patrols.

About 2 feet of snow fell on parts of New Jersey Monday. Temperatures today were to climb into the upper 30s to low 40s. The National Weather Service said it was too early to tell if flooding would be a problem.

The weather service said Monday's snowfall in the state was equivalent to less than one inch of rain. Showers were forecast for later in the week, and temperatures are to rise to the upper 40s throughout the week.

In New York City, where about a foot of snow fell Monday, temperatures today also were to be in the 40s, after nearly two weeks of below freezing. Weather forecasters were concerned that a quick melt could cause flooding.

More than 14 inches of snow socked Philadelphia, and temperatures there were to reach into the upper 30s today.

And in Washington, 18.7 inches of snow fell Sunday night and Monday - the largest snowfall during a 24-hour period in 22 years. Temperatures today were to be in the mid to upper 30s.

Nearly all federal civil service employees got a one-day extension on their three-day Washington's Birthday holiday. Farmers, who had rolled their tractors into the city earlier this month to protest the Carter administration's agricultural policies, were allowed to help plow streets and two motorists out of snowdrifts.

Along the New Jersey coast, Monday's storm cut off residents and guests on Long Beach Island, a 12 1/2-mile-long stretch of sand. About 20 inches of snow closed the Long Beach Inland Causeway Bridge - the only land route to and from the island. Although electricity was out for a while, people made do.

"Everyone was just wonderful," said Rose Lippy, a housekeeper at the island's Ship Bottom Motor Lodge. "We were mostly full over the weekend, and when the snow came, most of the guests just stayed over."

"We all pooled our food, and one of the guests had a kerosene heater," she added. "So we all gathered around the heater in the lobby, talked and made soup."

# Carter Warns Russia To Leave Iran Alone, Pushes Treaty

ATLANTA (AP) - President Carter offered his first board defense of a U.S.-Soviet arms treaty today but warned the Kremlin that interference in Iran could jeopardize Russian relations with the United States.

He declared that the nearly completed pact is "a fundamental element of strategic and political stability in a turbulent world."

Delivering a major speech outlining his administration's foreign policy at the midpoint of his term, Carter also revealed that, as a result of the Chinese invasion of Vietnam, the United States has "consulted directly with leaders around the world."

Reporters were led to believe the contacts may have been with Soviet Premier Leonid I. Brezhnev and Vice Premier Teng Hsiao-ping of China.

The president made his comments in a speech prepared for delivery at Georgia Institute of Technology, after he spoke to the Georgia House and Senate and defended his anti-inflation program and

"austere" budget proposal.

He said the nation must continue to meet the needs of the poor and elderly, but added "there is a clear limit on the ability of the American people to pay higher and higher taxes to finance new programs."

The president, emphasizing the need for restraint in writing the budget, which Congress is now taking up, said "the inevitable pressures to spend just a little more here or a little more there for someone's pet project or someone's favorite interest group have begun. I am determined to fight those pressures."

Speaking on the strategic arms limitation treaty, which has been under negotiation for more than six years by three administrations, he said agreement "has been reached on most of the major components of a sound and verifiable... treaty."

Asked whether this meant the treaty had finally been completed, White House press secretary Jody Powell said, "We're still not there yet. There are still some details, some important details, to

be worked out."

Carter stated that he would not let competition between Washington and Moscow "overwhelm possibilities for cooperation." But, in comments clearly meant for the Kremlin, he said interference in Iran by other nations "will have serious consequences and will affect our broader relationship with them."

The president said that while the United States does not oppose change, change can have a "darker side when countries in turbulence provide opportunities for exploitation by outsiders who seek not to advance human aims but rather to extend their own power and position at the expense of others."

Carter also revealed he will consult with Congress on additional military assistance for Asian allies "to stand by our friends and help meet their security needs." Powell, without offering any details, said this aid would go to Singapore, Malaysia, Thailand, Indonesia and the Philippines, the members of the Association of Southeast Asian Nations.

# Soviets Ready For Viet War

MOSCOW (AP) - All furloughs of the Soviet armed forces have been canceled following China's invasion of Vietnam. Moscow correspondent Victor Louis reported Monday in the London Evening News.

Louis, a Soviet citizen with contacts with Soviet officials, said it was "understood" the forces had been given the order of "combat readiness Number One" although this had not been

officially stated by the Soviets.

He said the reason for the belief was the abruptness with which all furloughs had been cancelled and the sudden recall of those on furlough.

Louis' reports very often reflect the latest in official Soviet thinking or action, often before it is published.

The Soviets have warned China to halt the invasion of Vietnam "before it is too late." The Soviet Union has a treaty of friendship with Vietnam.

# Pacific Front Cools State Some

## By The Associated Press

Drizzle and rain fell over most of the eastern half of Texas today as a Pacific cool front moved its way across the state.

The cool front was expected to take the drizzle and rain eastward and out of the state by tonight. Forecasts called for drizzle and rain and possibly some thunderstorm activity extending northward from the Lower Rio Grande Valley along the coastal bend and into portions of East Texas.

It was mostly clear in the western half of the state. Highs were expected to be in the 50s and 60s with a few readings in

extreme Southwest Texas expected to reach into the 70s.

Some mostly light rain fell during the night in southern sections of the state. Brownsville had the most, only .29 of an inch.

Early morning temperatures were mostly in the 30s and 40s. Extremes ranged from 31 at Childress to 52 at El Paso.

Some early morning temperatures included 37 at Amarillo, 34 at Wichita Falls, 40 at Dallas-Fort Worth, 39 at Austin, 42 at Lufkin, 44 at Houston, 49 at Corpus Christi, 48 at Brownsville, 41 at Del Rio, 44 at San Angelo and 37 at Lubbock.

# Letter To The Editor

Dear Editor:

I would like to respond to the letter in Sunday's Brand which was written by Tina Perez:

My Friend in Christ—I can see you're a person very easy to please, and it's your right to reach your goal in life. If we all could be like you, this place would be like heaven on earth.

Your main reason for your stay in Hereford is the school system here: Fine for you! No doubt the system is good when it's carried equally fair, but let us give a helping hand to those less fortunate...shall we?

Hereford is prosperous...full of opportunities when you open the right door. It is also our town. We love it and want to do our best to help it, specially all youths. Blacks, Anglos, Mexican-Americans, etc., can all work together if given the chance.

We all are intelligent human beings and we all start from scratch. We all have the best interest in mind, and unity will be the strength of America!

We have many wonderful teachers and great leaders, but we also want to be part of the system and open the doors which will encourage our children to care for their education, their self respect and the welfare of their home life and town, which is our main reason for seeking legal representation to aid our pursuit on fair representation in the school board.

Times are always changing... progress keeps approaching.

There is no sense on sitting back while we watch Anglos do all the work. The time is here for us to do our share of the burden. Children will appreciate greatly if we were more their supporter friends, than just parents.

Mr. Hashmall and his staff are doing brilliant work to help us legally. And if legal terms is what it takes to make this thought a reality, we have no other alternative but to legally proceed.

Our high school is full of fine young men and young women. Let us give them the respect we ask of them.

Thank you for reading,  
Oralia Guzman Garez

## Rush Party Plans Made by Sorority

Plans for this evening's Rush party, to be held at 7 p.m. in Pioneer Natural Gas Flame Room, were discussed Thursday evening by members of Alpha Iota Mu Chapter, Beta Sigma Phi Sorority. Ediana McDowell was hostess in her home for the meeting.

The theme of tonight's Rush party will be Mexican Fiesta. Glenda Nigh, president, called the meeting to order and final plans were made for the BSP Valentine Ball, which took place Saturday night. Also, several items of correspondence were read, including a letter from West Texas State

University, seeking nominations for the Distinguished Service Award.

Shirley Dodge presented the evening's program on careers. The chapter's next meeting will be March 1 in the home of Susan Shaw. Roberta McNeese will give the program.

Attending the recent meeting were Charla Edwards, Lila Cobb, Karyn Woods, Bonnie Bower, Brenda Thomas, Ronna Howell, Kathy Nixon, Ginger Wallace, chapter advisors Sharon Cramer and Jan Walsler, and Mmes. Nigh, Dodge, Shaw and McNeese.

Receiving Crown

Mary Sledge from Xi Epsilon Alpha chapter was crowned Valentine Queen Saturday evening as the main point of the Beta Sigma Phi Sorority Sweetheart Ball in the Knights of Columbus Hall. Mrs. Sledge is shown at center with her husband Gerald. At left is Vida Grady, nominee from Alpha

Alpha Precaptor, and her husband Nolan. At right are Mr. and Mrs. Tony Edwards. Charla Edwards represented Alpha Iota Mu Chapter. Not pictured is Kappa Iota's nominee, Judy Wall, who was unable to attend due to the illness of her husband Johnny Wall. [Brand photo by Bob Nigh]

## At Wits End

BY ERMA BOMBECK

A Southern newspaper has, as one of its features, a column devoted to exposing the sanitation or the lack of it in local restaurants.

- The list of improprieties consisted of the following:
- Food not covered in refrigerator.
- Improper dishwashing practices.
- Hot dogs soaking in water in refrigerator.
- Tank top broken in women's restroom.
- Restrooms not labeled.
- Cutting board not smooth.
- Thermometers needed in refrigerator.
- Back door open to flies.
- Employees working without proper hair restraint.
- Carbon build-ups on pans.
- Corroded vent fan.
- No soap or towels at sink.
- Outdated buttermilk...possibly unwholesome.

I had to stop reading. The list had just described my kitchen.

Keeping a kitchen clean is like trying to tidy up after a sandstorm. Besides, I employ cheap labor. My own kids. Somehow, you don't get the pride from them that you'd get from, say, a transient Mexican alien.

The other night, I walked into the kitchen with a clipboard and made out my own list of healty violations.

- Dog drinking water out of Old Fashioned glass.
  - Wet finger running around rim of mashed potatoes pan.
  - Hair dryer on countertop.
  - Half-eaten sandwich and glass on back of commode.
  - Ice cream in carton at room temperature.
  - Melted ice cubes on floor creating safety hazard.
  - Fight among kitchen help using cold, hard peas as ammunition...possible danger to cook.
  - Loading dishwasher while diner is still eating off plate.
  - Emptying raw garbage into wastebasket with no plan of removing it from kitchen.
- As I was writing down the violations, my mother came in, her eyes panning the kitchen area slowly.
- "This place is a dump!" she said.
- My face brightened. "Thank you! I thought you were going to be sarcastic."

## Local Resident Pledges Sorority

Jan Kirby of Hereford is one of 75 spring pledges of men's and women's social clubs at McMurry College in Abilene this year, according to McMurry associate dean of students Sanya Sullivan.

Miss Kirby is pledging Gamma Sigma, a women's social club at McMurry.

Miss Kirby is a freshman at McMurry and the daughter of the Rev. and Mrs. Wallace Kirby of 414 Sunset.

## BARBS

Phil Pastoret

Don't covet your neighbor's goods — you might also be yearning for a clutch of overdue appliance payments.

At 20, you could stay up all night and go to work the next day; after 40, you go to bed at 10, can't sleep, and still have to go to work next day.

The new buses, with back-

to-back seating, were obviously made for people who don't know whether they're coming or going. Designed just for us?

Never tell all you know — you'll run out of conversation in minutes.

When you were 20, life was your oyster; after 40, you find out you've been the victim of a shell game.

Bananas are a very healthful food, but don't get so entrapped by enjoyment that you drop a peel and wind up in the fracture ward.

## Mrs. Artho Speaks To Dawn EH Club

Ormalene Artho presented a program on community improvement Friday morning for members of Dawn Extension Homemakers Club meeting in Dawn Community Center.

Verline Worley, club president, called the business meeting to order and introduced two guests, Cindy Stewart and Janice Hales. It was announced that a special meeting of the EH Council was to have been held Monday at the Courthouse. Also, the club agreed to buy mops, buckets, plates and a

roaster over for the Dawn community building.

After adjournment, members held a baby shower for Becky Caraway and her son, William Aaron.

The club's next meeting is scheduled March 2 at the Community Center.

In attendance at the recent meeting were Mmes. Bill Alexander, M.D. Fowler, Leroy Johnson, Ronnie Johnson, Jim McCabe, Richard Paschel, John Wilson, Dale Wofford and Ray Stewart.

**Initial Plans Discussed For Club's Anniversary**

Pioneer Study Club, the city's oldest social organization will be 70 years old in April and plans for observing that anniversary were discussed last week during the club's business meeting. The date for the 70th Anniversary Tea was set by members to be Tuesday, April 10 at the Community Center. In other business, it was announced that the club will present a book "Canals of Amsterdam" to the County Library in honor of Mrs. O.G. Hill Sr. as a tribute to her work selling Holland flower bulbs. In presenting the Federation report, Mrs. Guy Walser told of the International Women's Club of Iran, which has 350 members. One of this club's projects is the operation of a convalescent home for 60 children on a voluntary basis. Mrs. William W. Wimberley presided. The timely topic of energy was the subject of an informative program, presented in several segments by Mmes. Tandy Legg, Paul Rudd, Frank Ball, Herman Ford, and R.L. Wilson. Their sub-topics were, respectively An Energy Manifesto, hydroelectric energy, energy from the sun, pulling power out of the thin air and geothermal energy. The forum referred to the book "Energy: Demand Versus Supply" by Diana Rusche. Mrs. Legg explained that an Energy Manifesto is the lifeblood of all modern societies and this nation is in the most serious energy situation since World War II, she said. Domestic oil resources are being depleted, she related, but the deficit can be partially replaced by newly-tapped reservoirs in Alaska. Mrs. Legg stated that off-shore explorations must be continued if the nation is to continue running on oil supplies. Mrs. Legg predicted an increased usage of coal, uranium and nuclear power as energy sources. She added that the energy famine can be reduced if Americans marshal the huge scientific and technical resources of this country to improve the employment of known energy sources. Hydroelectric energy was the subject pursued by Mrs. Rudd, who defined this power source as electricity produced by falling water. In practice, this form has

been less expensive than other energy types. In the Northwest, more than 90 percent of all installed electric capacity is derived from hydroelectric units at less than half the cost in other regions of the country. The largest plants to date are on the Niagara River and Columbus River. The importance of solar energy was stressed by Mrs. Ball, who cited instances where this form of power is at work abroad and in the USA. She revealed that the Westinghouse Corp. is beginning a solar energy experiment station at Albuquerque, N.M. Aero-power, such as windmills and wind chargers, was discussed by Mrs. Ford, who said that windmills, once used to pump water, have been improved to produce electricity. Eighty percent of the electricity at Clayton, N.M. is furnished by windmill power and there are several similar mills in operation elsewhere in the country. The US Department of Energy has a test facility for wind-power near Albuquerque. Geothermal energy is an abundant supply, related Mrs. Wilson, and is an essentially unlimited supply source. Geothermal energy is steam. Early geothermal units were located in geysers fields in California, Italy and New Zealand. A scientist from the US Geological Society believes there is enough geothermal energy under Imperial Valley to last the Southwest for 200 years. In attendance for the recent program were the speakers and Mmes. C.P. Cockrell, John Heard, Hill, Ray L. Johnson, L.H. Lookingbill Sr., H.E. Miller, A. Petersen, J.V. Pickens, Delmar Sigle, M.L. Simpson, P.B. Sowell, Walser, Wimberley, John Patton and Wirt Phillips.

**VICA Club Chooses Chapter Sweetheart**

The Cosmetology Vocational Industries Club of America chapter #489 held a business meeting at the Pizza Hut last week. The club discussed the up-coming district contest which is to be held in Lubbock March 2-3. The chapter intends to enter the following contests: Opening and closing ceremony, job interview contest, prepared speech, extemporaneous speaking, outstanding club contest, best VICA girl, eight projects in hairstyling division, four notebooks in cosmetology division, and five skill speed entries. Those students winning at the district level will compete at state contest in Houston April 6-7. The chapter nominated Miss Silvia Munoz as Valentine Sweetheart and she will represent the chapter for the year 1979-80. She was presented with a Valentine corsage by fellow members. **CB RADIO DOGS** NORWICH, England (AP) — Dog warden Rod Neville is installing an emergency radio in his van so he can call for help when he is bitten. ### 4-4 District Mark Team Goal

# ★★★ Fem Cagers In Final Game ★★★

Hereford High School's girls varsity basketball team will try to bring its district record to an even .500 in its last game of the season tonight against the Coronado Mustangettes of Lubbock.

Coach Roy Shipp's roundballers will conclude its first district season hoping to bring its 6-24 season to an end on a positive note.

"We beat them the last time we played here," Coach Shipp said, "but they will be up for the game because its their last game and it being played on their home court and all."

Playing their last game for the Whitefaces will be seniors Denise Albracht, LuAnna Berryman, Marie Schilling and Lisa Duggan. Schilling, a starter, will team with Louise Mays - soph, Beverly Nixon - jr., Darlene Sanders - jr., and Terri Harkins - soph to start the game for the Whitefaces.

Coming off a 32-22 win against the Lubbock High Westerners last week, Coach Shipp feels that Herd can win if the problem of turnovers is solved.

"We had way too many turnovers against the Westerners, 23 I think, and if we lose that many against the Coronado team it will be really hard to control the game," Coach Shipp said. "We were able to control the rebounding in our last game, something the team will have to do again if we want to win."

Louise Mays, who is leading the team in most categories will be on call again tonight, as in the last game, when she scored

13 points and pulled down 23 rebounds.

Other players on the team include juniors Rhonda Foard and Penny Whiteside along with senior JeanAnn Bartels who will not be able to play because of

## TCU's Somerville Resigns

FORTH WORTH, Texas (AP)

Under fire from several of his own players who claimed he was too strict and doomed to the Southwest Conference cellar for the second straight year, Texas Christian basketball coach Tim Somerville resigned Monday.

Somerville had a record of 10-40 during two seasons at TCU. He was promoted from assistant coach to take over the program in 1977 when former coach Johnny Swaim resigned four days before the 1977-78 season opened.

A university spokesman who asked not to be identified said Somerville, 32, resigned because, "He felt in two short years here he was not able to recruit the type of players he wanted for his highly disciplined type individual."

TCU Athletic Director Frank Windegger offered only a one-year contract, and Somerville, whose record this year so far is 6-18 overall and 1-13 against Southwest Conference opponents, wanted more, according to a TCU spokesman. By contrast, TCU's football coach, F.A. Dry, recently won a five-year contract.

The basketball coach became embroiled in disputes with some of his players, who took various grievances, mainly involving disciplinary policies, to local newspapers two weeks ago. However, Somerville and the players said later the problems were resolved, and TCU was doing better in recent games.

TCU will begin a search for a new basketball coach as soon as the current season ends, Windigger said.

disciplinary problems.

The Whitefaces beat the Coronado team when they played in Hereford and along with the two wins against Lubbock High, can raise its district record to 4-4 with a

## Kiyomura Wins In 1st Round

DETROIT - Sixth-seeded Ann Kiyomura outlasted Bettyann Stuart 4-6, 6-2, 6-4 in the opening round of a \$150,000 women's professional tennis tournament.

In other matches, Britain's Sue Barker defeated Barbara Potter 3-6, 7-5, 7-6; Czechoslovakia's Renata Tomanova whipped 14-year-old Susy Mascarin 6-2, 6-2; Marita Redondo ousted Leslie Allen 7-6, 6-3; Kate Latham defeated Kay McDaniel 6-3, 6-0 and Carrie Meyer beat Pam Teeguarden 6-4, 6-4.

victory. The game, to be played in Lubbock, will have the junior varsity game starting at 6 p.m. with the varsity game at 7:30.

The JV's sport only one loss in district action and hope to up its record to 7-1 after tonight.

## TCU's Somerville Resigns

Somerville has indicated he wanted to stay in coaching, but did not have a specific job lined up, a school official said. Somerville attended a sports media luncheon Monday but gave no hint of his impending resignation.

## Kiyomura Wins In 1st Round

DENVER - Bernie Mitton disposed of fifth-seeded Balazs Taroczy of Hungary 6-4, 6-3 in first-round play of a \$125,000 men's pro tennis tournament.

Tom Gorman won a two-hour serving battle against France's Pascal Portes 6-3, 7-6, 7-6.

In other matches, Francisco Gonzalez of Puerto Rico defeated Heinz Gunthard of Switzerland 6-3, 3-6, 6-1; Victor Amaya defeated Tom Gullikson 6-3, 3-6, 6-3 and Tomaz Smid of Czechoslovakia stopped Yannick Noah of France 6-4, 6-4.

Senior Cagers

The Hereford Whiteface girls basketball team will be finishing its first season in district 4-4A with a game against the Coronado Mustangettes tonight. Playing their last game for the Whitefaces will be from left to right LuAnna Berryman, Denise

Albracht, Marie Schilling and Lisa Duggan. Schilling is the only senior starting for Coach Roy Shipp's team that sports a 6-24 record overall and a 3-4 district mark going into tonight.

## White House Next Goal For Athletes?

By WILL GRIMSLEY AP Special Correspondent

Idle observations of a snow-bound commuter: Sports stars have taken over Wall Street, infested Madison Avenue, clogged the law courts and besieged Hollywood and the TV tubes, so where do they go from here?

The only place left, naturally: the White House.

Don't scoff. Pundits in Washington, D.C., see presidential timber in Bill Bradley, the former Princeton and New

York Knicks' basketball whiz, learned Rhodes Scholar and recently elected junior senator from New Jersey.

A liberal Democrat, he is learning some of the ropes from one of the masters, Ted Kennedy of Massachusetts.

"Give Bradley two terms in the Senate and he'll be ready for the White House," predicts one capital sage.

Possible Republican opponent: Jack Kemp, the super conservative from upstate New York, former pro football

quarterback and regarded as one of the brightest young minds in Congress. As a vice-presidential mate, how about Arnold Palmer, the golfing buddy of presidents?

The Cy Young and MVP, World Series and Super Bowl rings no longer may be sufficient for the modern professional athlete. He won't feel fully dressed until he has an Oscar or an Emmy glaring at him from the family mantle.

They're making their moves. Reggie Jackson, wearing a lush growth of beard, had a key role last week on television's highly-rated series, "Love Boat." He played the part of the New York Yankees' home run hitter by the same name taking the cruise in disguise.

Reggie was loose and poised as he whipped through his scenes, unable to impress a pretty unattached miss who refused to believe he was the man who hit three home runs in the final game of the 1977 World Series.

The story ended on a happy note when the boat docked and a million kids scrambled for the great man's autograph. Reggie gave the surprised lady a wink. On performance: Four stars. Just back of him came Ben

Davidson, giant, mustachioed ex-Oakland Raider, appearing with a small part on the 90-minute series, "Fantasy Island." Big Ben was cast as a knuckle-headed, filthy rich Texan sponsoring a Southern belle in a beauty contest. He didn't have to talk much, just switch his mustache. Score: Two stars.

If it comes to a choice whether the National Hockey League should adopt the Russians'

## Caldwell, Koch Win CC Skiing

BRATTLEBORO, Vt. - Peter Caldwell of Putney, Vt., and Katie Koch of Guilford, Vt., wife of cross-country star Bill Koch, captured the annual Washington's Birthday Race, a 15-kilometer cross-country test, at the Brattleboro Country Club. Caldwell, 28, posted the fastest time of 39 minutes, 56 seconds. He was followed by United States Ski team members Tim Kelley of Hanover, N.H., 40:38, and Eric Ahti, 19, of Fitchburg, Mass., 40:53. Koch was timed in 52:51.

disciplined technique of precision passing and puck control or continue the high-sticking, body-bumping, slam-bang tactics that delight the fans, which road will it take?

No contest - the road of violence, the continued empha-

sis on goons and stick fights at the expense of hockey in its purest and most successful form. When the issue is winning or big dough, in our modern professional sports society big dough gets the call. If the fans want it, give it to 'em

## YMCA Activities

The YMCA will be starting its youth basketball league the first part of March and coaches and girl players are still needed according to Program Director Weldon Knabe.

The league, which will be for third through sixth graders, will have its games played on Saturday as well as having practice the same day. Teams will be comprised of a third and fourth grade league and a fifth and sixth grade league for boys and for girls, if possible.

If there are not enough girls to have the two leagues, the four grades will be combined to form one group Knabe said. "This is a change from last year where the boys and girls played on the same team, which we felt was

Anyone interested in coaching or playing for a team should contact the YMCA office at Sugarland Mall or call 364-6990.

### MEN'S BASKETBALL

Cheap Trick and the Toters continued their unbeaten seasons this week in the YMCA Men's Basketball League, setting up a confrontation between the two in next weeks game.

Cheap Trick using the 16 points of David Schumacher and the 12 points of Mike O'Rand slipped by the Hereford Bi-Product team 43-42. The Toters broke its game with the 89ers open in the fourth quarter, winning 43-31. Leading the scoring for the Toters was James McCauley with 12.

In the other game played this week, Rush, behind the double figure scoring of Mike Albiar, Connie Gordon and Ismael Adame whipped Frye 77-29.

For the last week of season play, the Toters will face Cheap Trick, Frye vs. the 89ers and HBP going against Rush.

### SERVICE CLUB OLYMPICS

The second annual Inter-Club Olympics involving the service clubs of Hereford have started with action in the basketball and free throw shooting last night.

Other events to be contested include volleyball, checkers and dominoes tonight with the rest of the events during the next two weeks. In the volleyball, the Simms Lions Club will go against the Rotary Club in the first game with the winner playing the Lions Club II. In the other game the Kiwanis Club will vie with Lions I with the winner in the finals against the winner of the previous games.

In checkers, Nelson and Mandrina play Templeton and Belford respectively with the winners playing each other for the championship. There are only three teams involved in the domino competition with the team of White-Martin playing Owen-Prowell with the winning team going against the team of Carter-Robinson for the championship.

Each winner will receive 25 points for the top place with second accumulating 15 points. The champion of the Olympics will be determined by total points after the competition is completed March 3.

# UCLA Edges ISU For No. 1 Spot

NEW YORK (AP) - Three months ago, Bill Hodges of Indiana State would have jumped at being the No. 2 college basketball team in the country, but now he's having second thoughts - like being No. 1 again.

Hodges, the first-year coach who has guided Indiana State to a 24-0 record this season and a No. 1 ranking in The Associated Press poll last week, saw his Sycamores fall to No. 2 Monday, trailing frontrunner UCLA by only five points.

"If you asked me before the season if I'd have taken the No. 2 ranking now, I would have said: 'Super. I'll take it,'" Hodges said from Des Moines, Iowa, where his team is scheduled to meet Drake tonight.

But Hodges wasn't singing the same tune Monday.

UCLA, runner-up by six points last week, outpooled Indiana State 1,151 points to 1,146 and took over the No. 1 spot Monday. The Sycamores held a 37-23 first-place vote edge in balloting by a national panel of 60 sports writers and broadcasters.

"The polls are good in that they get in the newspapers day

## Cards Sign McEnaney, Bruno

ST. LOUIS (AP) - Four players have agreed to terms with the St. Louis Cardinals, bringing the number of players under contract with the National League club to 33.

Right-handers Tom Bruno and John Urrea were included among the winter roster players with whom agreements were reached, the team said Monday. Bruno was 4-3 in 1978 and Urrea 4-9. Also agreeing to terms were right-hander Rob Dressler and infielder Manny Castillo.

In addition, the Cards announced the signing of free agent Will McEnaney, a 27-year-old left-hander who will be invited to spring training as a non-roster player.

# Spagnola Shooting For Pro Career

NEW HAVEN (AP) - Come spring, John Spagnola's fancy will turn to what it is in the fall and winter - football.

Spagnola, a 6-foot-4 tight end who set new Yale career receiving records, is hoping to be selected in the National Football League's draft in May.

"I'm not confident of being drafted," said the Bethlehem, Pa., native last week. "But after the Blue-Gray game, I think my chances have improved."

Spagnola went to the annual all-star game with few rave notices and came away with the most valuable player award. But he admits there was more to it than the honor.

"I've been intimidated before, but I was on the practice field down there," he said.

after day and increase fan appeal but more weight should be placed on the number of No. 1 votes," Hodges said.

"There's no way a team should be No. 2 after getting almost twice as many first-place votes. I'm not saying I'm not happy under the present situation. We've got a good schedule and you don't win 24 straight without deserving a high ranking."

Although it may be one place too low for Bill Hodges,

UCLA, 20-3, and Indiana State were named on each of the ballots. The Bruins, who nipped Arizona State 85-83 and crushed Arizona 110-86 last week, were tabbed no lower than fourth. The Sycamores, who blasted West Texas State 100-75 and struggled past Southern Illinois 69-68, were ranked as low as seventh by one voter.

Notre Dame and North Carolina maintained the No. 3 and No. 4 positions after easy victories. The Irish, 19-3, collected 1,073 points following triumphs over Manhattan and West Virginia last week, while the Tar Heels, 20-4, received 978 points after beating William & Mary and Virginia.

Southeastern Conference leader Louisiana State, 886 points, moved up one spot into fifth place, ahead of Duke. The Blue Devils, No. 5 last week, received 865 points following impressive victories over North Carolina State and Louisville and a 70-68 setback to Maryland.

Michigan State, 842 points,

jumped into the No. 7 position, up one place, ahead of Syracuse, which fell from seventh to No. 8 with 814 points.

Marquette, No. 10 last week, moved into ninth place with 686 points while Arkansas rounded out the Top 10 with 601 points - one more than Southwest Conference rival Texas.

Iowa, No. 14 last week, jumped to 12th, followed by Louisville, Ohio State, Temple, Detroit, Georgetown, Purdue, Vanderbilt and DePaul, the only newcomer to the Top 20.

Alabama, No. 20 last week, was the only team to drop out of the Top 20.

### The AP Top Twenty By The Associated Press

The Top Twenty teams in The Associated Press college basketball poll, season records and total points. Points based on 20-19-18-17-16-15-14-13-12-11-10-9-8-7-6-5-4-3-2-1:

1. UCLA	23	20-3	1,151
2. Indiana St.	37	24-0	1,146
3. Notre Dame	19-3	1,073	
4. North Carolina	20-4	978	
5. Louisiana St.	21-3	886	
6. Duke	19-5	865

20. DePaul	18-4	61	

# Wrestler Pins Cancer

VERMILION, Ohio (AP) Steve Long has pinned cancer.

The Vermilion High School senior's battle with the dreaded disease began after his sophomore wrestling season with "a pain in my left arm that wouldn't go away."

Physicians first thought he had a chipped bone. A biopsy at the Cleveland Clinic showed it was a malignant tumor. Long, 15 at the time, had Ewing's Sarcoma, a fairly rare bone cancer that seems to strike athletes.

"They gave me one year to live if I didn't undergo

treatment. I didn't think much when I first got the news. But I knew I like life so much. I had to beat it," he said.

Despite having cancer, Long wrestled last season as a junior, failing to win in eight matches. He only weighed 170 pounds but wrestled as a heavyweight, simply because Vermilion had no one in that weight class.

"I just think he's someone that all of us can look up to. He goes out there and fights that obstacle and wins. He's been incredible inspiring for the rest of our team," said Long's

coach, Mark Toomey.

Two years later, most of Long's hair, which fell out during chemotherapy, has grown back. The painful shots that left him nauseous for three-day stretches have disappeared.

The big news for Long came last month when a physical examination turned up no trace of cancer.

"My doctor Paul Dymont says personally he thinks I've licked it. Five years from now he'll put it in writing," said the teenager.

Long drifted back to his junior wrestling season and said, "My opponents were undefeated, but I was at a slight disadvantage." His coach appreciated Long's determination to compete under the most trying of circumstances.

# Spectacular Bid Wins F Y Stakes

HALLANDALE, Fla. (AP) - Spectacular Bid has his sights set on the Florida Derby March 6 and later the Kentucky Derby after handily winning the \$59,000 Fountain of Youth Stakes at Gulfstream Park.

The 3-year-old grey colt showed Monday why he is an odds-on favorite to win the Triple Crown this year after finishing 8 1/2 lengths in front of runner-up Lot O'Gold.

"It was real easy," said jockey Ronnie Franklin, who guided his mount over 11-16 miles in 1:41.1-5 - one second off the track record. "The further he goes, the better he gets."

As a 2-year-old, Spectacular Bid was the 1978 champion and his first time out as a 3-year-old he took the Hutcheson Stakes at Gulfstream earlier this month.

Lot O'Gold also finished second in that seven-furlong race, by 3 1/2 lengths. Bishop's Choice was third, one length behind Lot O'Gold, with Rivalero another length back in the six-horse Fountain of Youth field of 3-year-olds. Then came Duke of Gansvoort and Medaille D'Or, Canada's 2-

year-old champion last year, a distant last.

The winner was such a betting favorite with the crowd of 20,463 that there was a minus place pool of \$20,602. There was no show betting. Spectacular Bid paid \$2.20 and \$2.10. Lot O'Gold returned \$2.10 to place.

Owned by the Hawksworth Farm, Spectacular Bid is the son of Bold Bidder. He has won seven in a row, two this year, and all of them stakes.

# NBA Expanding Despite Problems

By ALEX SACHARE

AP Sports Writer

What's wrong with pro basketball?

From boring games with selfish players who don't hustle to a grillingly long season and many other problems, one might draw the conclusion that the National Basketball Association is on its death bed, or at least the critical list.

COLUMBIA, Mo. (AP) - Government anti-sex-discrimination guidelines could lead to the disbanding or reduction of college football programs, says Barbara S. Uehling, chancellor of the University of Missouri.

Though the preamble to HEW Secretary Joseph Califano's interpretation of the anti-discrimination law hints at an exemption for football, Uehling said no specific exemption is spelled out.

When the Health, Education and Welfare secretary's interpretations were announced in December, they were widely believed to create an exemption for football from the equal-spending rules.

"Some people have interpreted it that way, but it doesn't read that way to me," Uehling said Monday night. "I can tell you that the NCAA is not interpreting it that way. And my contacts at other Big Eight institutions have suggested the same thing."

Uehling, the first woman

chancellor of the University of Missouri, said she expected other college leaders to issue statements attacking the guidelines.

"I think others are concerned about this too. They just haven't gotten mobilized yet," Uehling said.

Uehling sent a letter Monday to David S. Tatel, director of HEW's civil rights office in Washington, complaining that the federal agency's most recent interpretation of the law, known as Title IX, remains an "unwarranted burden" that "is not in the best interests of either men or women."

HEW only suggests in its interpretation of the law that consideration might be given in determining whether a school has complied to differences in expenditures in men's and women's sports.

"It does not specifically, within the body of the guidelines, exclude revenue from the sports," Uehling said.

"Revenue-producing sports are not specifically spelled out. The criteria by which exceptions are to be made are not very specifically spelled out. The interpretations would be left to teams which would visit campuses," she said.

"It's a possibility football would not be exempted by a particular team at a particular site."

Uehling sent copies of the HEW letter to Missouri's congressional delegation, asking for its support. She suggested HEW adopt an earlier interpretation which granted football specific exemption from the equal funding guidelines.

"This institution is committed to the goal of providing equal opportunity for its women students in all of its educational programs," she wrote. "But it strenuously protests the unwarranted burden of equalizing expenditures for men and women in intercollegiate athletics on either a per capita or aggregate basis."

The chancellor said it will cost the University of Missouri's Columbia campus \$400,000 in direct costs to comply with the guidelines if football is not exempted. Even with an exemption, the cost would be between \$250,000 and \$300,000 a year, she said. The school budgeted \$500,000 for women's athletics this year, up from \$15,000 just five years ago.

"Low rates are a big reason we're the largest home insurer. But there are more..."

Low rates wouldn't mean much without our first class service. Drop by, or give me a call.

By The Associated Press

CINCINNATI (AP) - Gene Locklear, a 30-year-old outfielder who played for the Cincinnati Reds in 1973, has been invited to spring training with the Reds as a non-roster player.

Locklear, a Lumberton, N.C. native who also is known for his Indian art works, spent last season playing baseball in Japan.

Locklear, who played 29 games with the Reds in 1973, was traded to San Diego and later moved into the New York Yankees farm system. His last year in the minor leagues was

1977, when he batted .300 with Syracuse of the International League.

TUSCALOOSA, Ala. (AP) - Alabama football Coach Bear Bryant was released from a hospital Monday after 10 days of treatment, but Bama officials say they don't know when he will return to work.

The coach fell in the bathtub at his home and cracked a rib Feb. 6. He entered West Alabama General Hospital at nearby Northport Feb. 9 for severe pain and observation to

make sure there were no complications.

CINCINNATI (AP) - The Cincinnati Reds have withdrawn their contract offer from reluctant draftee Bill Bordley, a left-handed pitcher from the University of Southern California.

"Our club has talked with Bill, but we have not had success in reaching an agreement," Joe Bowen, Reds' vice president for scouting, said Monday. "We have negotiated in good faith, but to no avail."

# Ann Landers

## Snoopy Sniffer

DEAR ANN LANDERS: My bosses don't trust me. I'm a mature woman who works, and it's humiliating. I'm in a three-person office, so it's just me and my two bosses.

Whenever they leave, even if it's just for an hour, they lock their offices. I have no keys, although they have a key to each other's office. Why else would they lock their doors except to keep me out? Many times they will take reports I'm working on and leave without returning them.

I'm not nosy. I couldn't care less about their personal lives, but this is a business office and in order for me to do my job efficiently, I can't keep running into locked doors.

What can I do about it — Snoopy Sniffer I'm Not.

DEAR S.S.: Tell your bosses exactly how you feel. I'll bet you get the keys as soon as they can be made up. Not only do those doors need to be unlocked — so do your resentment and anger. Many problems could be solved by being candid instead of stewing in silence and building an ulcer.

DEAR ANN: Recently you

printed a letter from a woman who said she and her lover had gone to a lonely spot and parked. After disrobing they were interrupted by the police.

This sounds like it could be the shenanigans of my husband. Can you tell me where that letter was mailed from?

About a year ago I found a bra in my husband's coat pocket. When I confronted him with it he said the guys at work do such things as a gag. Do they? — Highly Suspicious.

DEAR S.S.: It's possible — but more to the point, any husband who would carry a bra home with him is a moron. I'd take his word for it.

Sorry, I can't tell you where that letter came from. I never identify the source of my mail.

DEAR ANN: What's with people who "comfort" the survivor of a tragedy (a divorce or a death) with such gems as "He/she is better off this way." Then they proceed to tell you about a friend or relative who died in agony of the same illness — "an inch at a time." And how do you like the ones who say, "To tell you the truth, dear, we didn't think your son's marriage would last."

Are these people descendants of Job's "friends," or is it that our language lacks meaningful words of comfort? Or are they just clods? — Hartford.

DEAR HART: A little of each, dear. Rise above the small

barbs. Most people would DO better if they KNEW better.

DEAR ANN LANDERS: I was especially interested in the letter from "Miss Emotional of the Year." At one time I held the title "Miss Nerves of the Year." She lost her title to "Miss Gall Bladder." I lost mine to "Miss Hepatitis." We joke about it outwardly but it's a very serious problem.

Years ago I went through hell

trying to get a doctor to believe I was really sick. The message finally came through when I was rushed to the hospital — almost too late.

My doctors were wonderful, but doctors DO make mistakes. Why don't you tell people? — Lucky To Be Alive.

DEAR LUCKY: I don't need to. They've been telling ME. Would you believe 7,000 letters on this subject!!!!

## Agreement Reached On Appropriation

AUSTIN, Texas (AP) — A conference committee reached informal agreement Monday on some of the Senate-House differences on a Texas Railroad Commission emergency appropriation, but not on money.

The 10-member negotiating team will meet again today to discuss the financial cost.

The Senate originally passed an appropriation of \$581,682 to help the commission put into effect in Texas new federal regulations caused by the Natural Gas Policy Act. However, the House cut the request to \$245,509.

Rep. Ron Coleman, D-El Paso, suggested that the appropriation be drafted as a series of money items instead of a lump sum so the House could act on each item.

Sen. A.R. Schwartz, D-Galveston, said the Senate had no objection to that but the Senate conferees still felt the commission should get the full \$581,682.

There was general agreement today to drop a House amendment that would give the Legislature power to veto regulations of the commission.

John Poerner, chairman of the commission, said this would violate the constitutional system of checks and balances since the commission was a part of the executive branch.

Senate conferees agreed, as did Poerner, to accept a House amendment saying none of the appropriation could be spent on anything except that in the specific request.

# Court Denies Custody

LITTLE ROCK, Ark. (AP) — The Arkansas Supreme Court, in a 4-3 decision, Monday upheld its previous ruling that Linda Joyce Rains of Dallas should not be awarded custody of her child.

The court's ruling on Nov. 27, 1978 touched off protests because it said Mrs. Rains should not have custody of her daughter, Sarah, "largely owing to her blindness."

The decision was criticized by several organizations for the handicapped.

Mrs. Rains' lawyers had asked the court for another hearing, which was denied today. However, in the majority opinion, Justice John I. Purdie entered a new opinion which he said would better explain the court's reasons for not granting custody of the child to Mrs. Rains.

Custody was granted to Mr. and Mrs. John Alston of Ozark, the child's grandparents.

Purdie said there were reasons other than blindness that entered into the court's

decision.

He said that Mrs. Rains had suffered epileptic seizures which had rendered her unconscious for periods up to 30 minutes and had been hospitalized for epilepsy on one occasion.

Mrs. Rains, he said, had once slashed at her husband with a butcher knife while he was holding the child in his arms. Further, Mrs. Rains had on

several occasions requested her parents to travel to Dallas to pick up the child because she "simply could not cope with things or take proper care of the baby," he said.

Justice Darrell Hickman, in a dissenting opinion, said the court had made a mistake in its original opinion by awarding custody to the Alstons because of Mrs. Rains' blindness.

He also said that the court did not recite any favorable evidence about Mrs. Rains in their first opinion and based its decision on adverse evidence about Mrs. Rains.

Chief Justice Carlton Harris, in a concurring opinion, said the court based its decision solely on the welfare of the child and not because of Mrs. Rains' handicap.

## 4-H Firsthand

### "CPR COULD SAVE YOUR LIFE!"

Suppose it were up to you to administer first aid to someone suffering from cardiac arrest. What would you do first? Call an ambulance? In the time it would take you to find a phone and dial for help ... you could be too late to save a life. The first four minutes after the heart has stopped functioning are the most crucial in keeping the brain alive.

Hello, we're Robin and Leslie Conkright, 4-H members of the Ford 4-H Club. We're here to tell you that CPR can save your life.

According to state statistics, heart disease is the leading cause of death for Texans over forty-five. However, because you have the best medical care in the world available to you, your chances of surviving a major heart attack have increased immeasurably. Continuing medical research has made new types of surgery ... transplants ... and even nuclear power pacemakers available to everyone.

What is CPR? Cardio-

pulmonary resuscitation, commonly known as CPR, is a combination of artificial respiration and artificial circulation. This procedure should be started immediately as an emergency procedure when cardiac arrest occurs, by individuals trained to do so. It has been used widely and successfully for some time by doctors, nurses and allied health personnel.

Doctors recommend that as many members of the general public as possible be trained in this technique. CPR, quite simply, is the external massage or manual pumping, of a heart that has stopped beating. It is forced breathing for someone whose respiration has stopped.

CPR is important because anyone can learn how to administer it. Last year alone, it is estimated that the lives of hundreds of Texans were saved by trained members of the general public ... firemen, teachers, workmen, people from every walk of life. These individuals all had the advantage of being trained in cardiopulmonary resuscitation.

Where are classes taught?

Many people receive their training through classes taught by the American Red Cross, American Heart Association and local fire departments. These are dedicated persons who have donated their time and talent as part of their community service to citizen groups, school classes, and rescue personnel.

Doctors know that CPR is an important step in saving lives. In fact, it has been estimated that as many as two thousand lives could be saved every year by improving emergency first aid training for non-medical people. In the case of the emergency, immediate life-saving measures at the scene can literally provide your doctor with just enough of an advantage to save a life that could otherwise be lost.

The Ford Community 4-H Club is planning a course of CPR instruction. It will be held in the Ford Community Center on Feb. 20, 21 and 22 from 6-9 p.m. The courses will be conducted by John Gilliland and a team of qualified instructors. Anyone interested in becoming certified is invited to attend these meetings of instruction.

## Paul Harvey News

More Crime Or Just More Criminals?

American taxpayers, hiding behind bolted doors and barred windows, have to wonder what

the world is coming to.

Is there more crime — or are there just more criminals?

Charles Silberman did some Ford Foundation-funded research on crime in America; now his scholarly treatise has been digested in a book called "Criminal Violence, Criminal Justice."

Looking at the crime problem in historical perspective is not necessarily encouraging. Abraham Lincoln called internal violence our country's "biggest problem."

Herbert Hoover initiated a "law and order" response to Prohibition-era crime.

There is a warning to tourists to avoid New York City's Central Park after dark in a guidebook published in 1872.

So the problem is not new. What is new is the mushrooming population of our nation — which means that percentages of good-versus-bad people could remain unchanged — and numerically crime would still increase.

Further, the multiplicity of news media now competing for public attention tends to bring crime and criminals "home" even from great distances.

Half a century ago, Americans learned tardily if at all about a multiple murder 2,000 miles away. Today they learn about it today.

This fall's congressional elections revealed a public apathy about hanky-panky in public office.

A congressman convicted of skimming his payroll won anyway.

A congressman under indictment for bribery, perjury and

conspiracy was re-elected.

Three Californians were reprimanded for taking money from South Korea's Tongson Park — potentially to put the interests of his government ahead of the best interests of our government. Two of them were re-elected anyway.

In Brooklyn, a congressman who admitted soliciting young boys for homosexual prostitution was re-elected.

All of which sounds as though the American electorate is unmoved by scandal to an unprecedented degree.

Yet three decades ago Boston elected boss James Michael Curley mayor even while he was in jail.

And Tom Pendergast never lost his political grip on Kansas City.

Since 1960 robbery, murder and rape have almost tripled. The population has not tripled.

So author Silberman does not pretend that the situation is not worse; what he contends is that it is not new.

Americans have tolerated corruption in politics as long as Frank Hague in New Jersey, Boss Tweed in Tammany, Ed Crump in Memphis, Bill Ferguson in Texas and Bill Thompson in Chicago.

Understanding history makes today's situation appear no less sad but some less hopeless.

Your chances of dying from a heart attack or stroke are 50-50.
