

# The Hereford Brand

Vol. 6

HEREFORD, TEXAS, MAY 18, 1906

No. 14

ALL WILL AGREE THAT WE MUST HAVE A CLEANER HEREFORD

## Prize Sale Closes this Week

The number and name of prize winner will be given in this space next week. We are very grateful to all who traded at our store during this sale. We believe that we have not only given our customers good goods and good values but in many articles have saved them money. We will continue to give the best for the money and will appreciate your valued patronage. We will continue our closing out sale of Men's, Boys' and Children's Clothing. They must go. It will pay you to buy while they last. You get the best clothing and make a big saving. Come and see. :- :-

YOURS RESPECTFULLY

# S. H. MOUNT

### Items From Hart.

Rain in abundance and hail very destructive to almost all vegetation. Gardens destroyed and fruit beat off of our trees.

Mrs. A. P. Eaton of Dimmitt was visiting friends in Hart last week and was much pleased to see every thing so green and beautiful as this was her home before moving to Dimmitt.

We have a little bit of sickness but nothing very serious except little Ruth Hancock, infant daughter of Mr. and Mrs. L. N. Hancock, who called Dr. Wayland of Plainview, last week.

Preaching by the Methodist minister, J. C. Chambers of Plainview, last Sunday was well attended and the earnestness of the young preacher impressed his hearers, that he felt what he tried to preach.

S. I. Lee, candidate for county treasurer, with his family passed through our town on return visit with friends in Hale county. S. I. is in the race to win and ever evidence seems to indicate success.

E. P. Bell made a flying trip to Hereford on business returning Monday. Ed is thinking of writing a series of letters to his home paper in Tennessee on the "good and bad of the Panhandle of Texas." He is studying statistics and gathering information from all sources.

R. J. Anderson, as representative of Anderson Bros., left this week for Fort Worth prospecting with a view of buying a ranch and farm in

Tarrant or some adjoining county. They have been very successful in every enterprise they have undertaken and we predict that wherever they may cast their lot success will crown their efforts.

Kerr, Cody, Dunne and McGee are in Southern Texas arranging to move their families to a more genial clime where the "honey pond and fritter tree" abounds with all the sweetness and palatable properties that an untold country can possess. These, our neighbors, must go. We can not go with them, but our good wishes will ever haunt them in their new homes. This procession is nothing new. It has been an onward march ever since the Pilgrims first landed at Plymouth Rock and it will ever be so, as it is a little better further on. In this country if one goes out two should take his place.

Thornton Jones, our Hereford breeder, in company with B. B. Morton was in our town and country on business this week. They were all smiles and feeling good over the development this country is undergoing. They are old timers and men of good judgment. They see great opportunities and possibilities for this country. Homes well built, farms well tilled, alfalfa the leading crop, and fine cattle, horses and mules with the old mortgage and tax payer wallowing in the shade of a well kept orchard and grunting as best he knows, his pleasure, when you shell him an ear of corn or throw him a head of maize. If we could only lie down in a sweet peaceful sleep, to wake ten years hence and then arouse from our peaceful

slumber and behold the beauty and grandeur of our promised land with railroads and cities dotted here and there we could not believe our eyes, we would wipe them and then peep again with question after question if what we see is so. The rigors of winter are over and the surviving old cow is grazing lazily upon the fine grass and drinking pure, fresh water to quench her thirst and growing fat to replenish the coffers of her owner. Give us rest, sweet peaceful rest and we'll ever bask in the sunlight of a beautiful and prosperous country.

T. W. H.

### Heavy Land Deal.

A trade was consummated Wednesday of this week by which the beautiful 18-section ranch of W. A. Hubbard situated south of Dimmitt in Castro County becomes the property of Hereford capitalists, the parties to the trade being Capt. H. Trow, J. M. Garner, W. B. Beach, H. B. Webb and Rayzor & DeAtley. The total price paid was over \$60,000.

This is one of the best ranches in all West Texas and is easily worth 25 per cent more than was paid for it.

This is one of the largest deals which have been made in this part of the country and the new owners are to be congratulated upon their good business judgment in taking hold of such a bargain.

### For Sale.

Anyone wishing to buy a fine stallion and Jack, call at the BRAND office for particulars. 11-4t

### Monday's Hail-Storm.

One of the worst hail-storms which have visited this part of the country for a number of years was witnessed in Hereford and vicinity soon after noon Monday. A threatening cloud hung over the north portion of the county more than an hour before its fury finally reached this place. A heavy rain, accompanied by a heavier hail, fell over the country lying north of town but as Hereford was approached the rain almost completely ceased, leaving the hail to do its destructive work alone. While the fall was quite heavy and the hail-stones large, yet comparatively small damage was done to either live stock or the growing crops, the principal damage resulting to the fruit crop.

### Senior Endeavor.

Following is the Senior Endeavor program for May 20, 1906:

Subject—Lessons from the lives of Elijah and John the Baptist—Luke 1:14-17; 1st Kings 18:30-39.

Leader—Miss Anna Dameron.

Song.

Prayer.

When and how are Elijahs needed now—Ben Wright.

Name some ways in which total abstinence pays—John Herod.

Song 236.

Encouraging facts of Temperance progress. Discussion.

Song.

Mizpah.

### Commissioners' Court.

The Commissioners court met in regular session this week and transacted the usual routine business. All the members were present and did the work in short order, closing up the business for the quarter by Wednesday night.

### Dr. Zollars Resigns.

Waco, Tex., May 11.—Dr. E. V. Zollars has tendered his resignation as president of the Texas Christian University, much to the regret of all the interests involved. The board of trustees has appointed Dr. Clinton Lockhart, a Yale graduate, to succeed Dr. Zollars, who will accept an appointment in another State. In concluding its announcement of the change the board of trustees said:

"The outlook is bright; the board of trustees looks forward with confidence to the successful activity of all the schools and colleges of the university."

### Another New Residence.

S. S. Evans informs us that he will at an early date begin the erection of a beautiful eight-room residence on his 10-acre block near the college, on which there are already substantial improvements. Mr. Evans has contemplated building on this site for sometime, but it was but recently that he perfected his plans.

This, with the number of other handsome residences now under construction and soon to be constructed, will continue to keep Hereford the leading residence city of the plains.

### Business Change.

D. R. Gass & Sons this week sold their hardware store to a company composed of M. S. Acuff and Berry Orr of this city and Frank Tubbs of Lubbock and will hereafter devote their attention to the dry goods business.

The new firm is composed of men of good business ability and experience and will doubtless receive a share of the patronage.

### For Sale.

A pair of good work horses and five or six good milk cows. I. N. DILLARD. 14-2tp

### CALL FOR CONVENTION

Northwest Texas Press Association  
Meets Aug. 7-8, 1906, at Mineral Wells.

The Northwest Texas Press Association is hereby called to meet in eighteenth annual session on August 7 and 8, 1906, in the city of Mineral Wells, Texas. Let every old member rally to the colors, and let other newspaper men within the bounds of the Association who are not now members become such, and let "Mineral Wells, '06," be a memorable occasion in the history of Northwest Texas journalism.

Fraternally, J. Ray, President.  
Orion Procter, Secretary.

#### SUBJECTS FOR DISCUSSION

President's Annual Address, J. Ray, Hereford Brand.

Influence of a Good Newspaper in the Community, Clarence Ousley, Fort Worth Record.

Licking the Editor, R. H. McCarty, Albany News.

Associational Reminiscences, Orion Procter, Bridgeport Index.

The Editorial Page, Harry Koch, Quannah Tribune-Chief.

Better Mechanical Facilities, John E. Cooke, Clarendon Banner-Stockman.

Subscription Contests, Edgar Procter, Boyd Index.

System in the Printshop, W. A. Johnson, Hall County Herald.

To Club, or Not to Club? Cyrus Coleman, Henrietta Independent.

The Press and Graft, Judge Tom Bradley, Bonham.

Good of the Order, "everybody." 12tf

#### Well Drilling Notice.

Having bought R. P. Brazil's well and windmill business will appreciate any and all work given me in that line. I guarantee satisfaction, and all work finished as promptly as possible. Leave your orders with any of the hardware firms of Hereford or with me at E. F. Connell's office. 12tf

MAX ROBERTS.

Wall Paper—E. B. Black. 44

### Denver Road Announcement.

The Fort Worth & Denver City Railway Company, popularly known as "The Denver Road", announces that effective June first it will establish a new through sleeping car line between Lafayette, La., and Denver Colorado, the routing of same to be via the lines of the Southern Pacific Company between Lafayette and Houston, the H. & T. C. Road between Houston and Fort Worth, and "THE DENVER ROAD" between Fort Worth and Denver. This is a new feature in favor of the satisfactory accommodation of a constantly increasing tourist business to Colorado, and will undoubtedly serve with favor and tend to increase such tourist business from Louisiana and Southern Texas points; also from points in Central Texas along the line of the H. & T. C. Road.

In addition to the foregoing, announcement is made that double daily through train service will be again established via the F. W. & D. C. Ry. through to Denver about June 1st, and that in all likelihood a train will be placed in service for the accommodation of local business between Fort Worth and Quannah, Texas.

With the inauguration of this third train it is understood the schedules of the through Colorado trains will be materially quickened or shortened, since the local train referred to will make it possible to cut out a number of stops enroute which have been necessary to the through trains during former seasons. 14tf

A. A. GLISSON,

General Passenger Agent.

#### Give Attention.

Are you interested in repapering your house? If so, let me make you a proposition. It is this: If you will let me do the work, I will sell you the paper at wholesale cost. Figure with me and see how cheaply it can be done. Best of references in Hereford.

C. M. MCGHEE next door to BRAND office. 5tf

### To Establish Factory in Texas.

Walter Robinson, Jarret Cisco and Arthur Wilson, of this city; Henry T. Hill and Sherman Woods, of Modena, and Lincoln Ballew, of Washington township, arrived home Monday from a sight-seeing trip through Texas. Messrs Hill and Robinson were so well pleased with that section that they have determined to establish a cement block and brick factory in Hereford. They stopped in Kansas City and purchased their machinery and will begin work on their building at once. Mr. Hill will move his family from Modena to Hereford in a few days and will henceforth be a full fledged citizen of the Lone Star State.—Princeton Telegram.

The above indicates that Hereford is to get her share of the worthy enterprises this year. Messrs Hill and Robinson brought with them while on the trip referred to a collection of samples of their brick and concrete blocks, which are now on exhibition at the land office of J. P. Snyder & Co. These blocks have been carefully examined by brick men and are found to be equal in appearance and durability to any building stone on the market today.

It is thought that, with the splendid sand-pits which can be opened up in the vicinity of Hereford, these blocks and cement brick can be manufactured considerably cheaper than the ordinary building brick can be furnished.

The BRAND is glad to welcome Messrs Hill and Robinson to our city with their valuable enterprise and we bespeak for them a large patronage from this as well as from near-by towns.

#### Important.

I am now engaged in taking the scholastic census of Deaf Smith County and I will appreciate it very much if the patrons, both in town and country will bring in the names and ages of their children as soon as possible as they must be enrolled before June 1st to get the benefit of enumeration. Please do not overlook the matter. 13-2t

W. M. COGDELL.

#### Well Drilling Notice.

We wish to notify the citizens of Deaf Smith and Castro Counties that our well-drilling outfit is now in first class condition and we can sink your deep well on short notice. Give us a chance to figure your job. Leave orders at Stringfellow-Hume. Hereford or Laird-Herring, Bovina, Telephone Boom line. 5tf

P. C. PYLANT & SONS,  
Boom, Texas.

#### Mares for Sale.

I have twenty five mares bred to the best jack and trotting horse which I am offering for sale at very reasonable prices. Will sell all or any number. Also will sell jack and the well-known trotting stallion, Charles Wilks. 11tf  
Apply to S. T. HOWARD, Hereford, Texas.

#### Cows for Sale.

I have 75 cows for sale—also some good milch cows. Will sell all together or any number. 10tf  
J. H. WILSON,  
Hereford, Texas.

# PURE DRUGS

# BILL HEAD

Dealer in Panhandle Farms, Ranches and  
HEREFORD CITY PROPERTY

We can furnish you some of the choicest bargains to be found anywhere in the west. The following affidavit shows up on what terms I propose to do business:

THE STATE OF TEXAS }  
County of Deaf Smith }  
Before me, W. H. Russell, County Judge in and for said County, State of Texas, on this day personally appeared J. W. (Bill) Head who is to me well known, and who, after being by me duly sworn, deposes and says that he is in the land business for the purpose of selling land in the Panhandle of Texas on a commission of five (5) per cent and that he positively will not sell land for any amount above the list price.

Subscribed and sworn to before me this 8th day of February 1906.  
J. W. (BILL) HEAD.  
W. H. RUSSELL, County Judge  
Deaf Smith County, Texas.

If you have lands for sale or if you wish a bargain, see me.

**BILL HEAD, THE LAND MAN**

HEREFORD, TEXAS

# GLOBE STOCK DIP

For Foot Rot and Scab on Sheep there is nothing before the world that will equal Globe Stock Dip for the hasty cure of these troubles. It goes immediately to the seat of the disease and acts promptly in the destruction of the disease germs. For Ticks, Mange and Itch, this dip cannot be surpassed by any formula now on the market, being absolutely safe and positively effective. It is far superior to Lime and Sulphur Dip, as it does not discolor or burn the wool and leaves the hair on cattle in fine condition. . . . .

# SPECIAL SALE FOR 10 DAYS

## May 21st to 31st

Commencing Monday morning, May 21st and continuing until the 31st (last day of May) we will offer the public goods at remarkably low prices. A careful inspection of this entire list will convince anyone that we are making prices lower than has EVER BEEN made in Hereford at any season of the year. Come and see the goods and you will quit complaining that goods are high in Hereford. We extend this sale to the last of May in order to give the people in the country as good a chance to buy goods cheap as those living in town. Your trade for the past two years, which has built us up from a confectionery business to a dry goods establishment, has been very much appreciated and we trust to receive a most liberal patronage at this special sale. Remember the place and dates.

YOURS VERY TRULY

J. G. CALLENS

HEREFORD TEXAS

# ARNEY NEWS.

Farmers are very busy putting in their crops.

Most every one has a good stand of Indian corn.

Judge Barber was in this community Tuesday.

Mr. Storm went to Hart and Dimmitt last week.

There is a splendid prospect for a good wheat and oat crop.

A protracted meeting will be held here the first week in August.

We are having frequent showers and considerable hail down this way.

Misses Evelyn and Zola Storm were shopping in Hereford Saturday.

Several people from the Rickett's community attended church at Arney Sunday.

### W. H. M. Society.

The Hereford auxiliary of the W. H. M. S. met in its first devotional service Tuesday afternoon at the Methodist church. Such services are to be held the third Tuesday in each month.

Only a limited number was present, but a very interesting and helpful hour was spent in song and prayer and the reading of tenth Romans by second vice president, Mrs. Turrentine.

Several extracts from Our Homes were read that gave instruction on the society's mountain work.

The scriptural subjects for the afternoon Conversion and Repentance, received attention from Mrs. T. S. Barcus in the reading of the Fifty-first Psalm and a brief paper that contained excellent thoughts.

PRESS SUPT.

### Number Increased.

W. M. Cogdell, who is now engaged in enrolling the scholastics of Deaf Smith County, informs us that he is not yet through with Hereford and has over 400 children enumerated. Of course some of these belong to the country as some of the patrons living out of town have sent a list of their children in for enrollment. However, it can readily be seen that when all the territory included in this district is taken there will be considerably more than 400 pupils assigned to our public school for the session of 1906-'07. This is a large increase over the enrollment of last year and of course will necessitate providing at least two more rooms before the beginning of next session.

### Insurance on Grain.

The time of year is now at hand when the wheat and oat crop is likely to be damaged by hail. A little money invested in insurance will protect you. Let me write a policy on your grain crop. B. H. SMITH, office with C. G. Witherpoon & Son, Hereford, Texas. 12tf

### For Sale.

640 acres of land 125 acres under cultivation, fenced and cross fenced, good house, windmill, sheds, etc. 6 miles from Hereford. Price \$10.00 per acre. Enquire at BRAND office or address I. J. MARTELL, Hereford, Texas. 12tf

Qualifications: I hereby make application for shares of Treasury stock of the Western Consolidated Mining Co. in which I enclose check \$ \_\_\_\_\_ and \_\_\_\_\_ months from date of payment, that in case I am not able to liquidate my share, I am to have issued to me the number of shares representing cash paid at 25c per share.

Qualifications: I hereby make application for shares of Treasury stock of the Western Consolidated Mining Co. in which I enclose check \$ \_\_\_\_\_ and \_\_\_\_\_ months from date of payment, that in case I am not able to liquidate my share, I am to have issued to me the number of shares representing cash paid at 25c per share.

Qualifications: I hereby make application for shares of Treasury stock of the Western Consolidated Mining Co. in which I enclose check \$ \_\_\_\_\_ and \_\_\_\_\_ months from date of payment, that in case I am not able to liquidate my share, I am to have issued to me the number of shares representing cash paid at 25c per share.

## CLEO COMMUNITY.

A. L. Shive sold his two year old steers and delivered them at Hereford last Saturday.

Geo. Burch, Tess Henderson, J. D. Burch and myself were in your city last Saturday.

The sheep men of this county, as far as I have been able to ascertain, have raised a good crop of lambs this spring.

Mrs. Burch and niece of Amarillo returned home last Saturday after spending a week with their relatives, J. D. Burch and family, of this community.

The first planting of kaffir, maize and corn is growing nicely and seems to be a nice stand. Haven't heard any complaint among the people about not getting a stand this spring. Gardens down here are late, but looking well.

We have had two nice showers in the last ten days which keeps everything growing nicely, but a good rain would be very acceptable just now, as wheat that was planted last fall is just in the right stage to be damaged considerably if it doesn't get rain soon. Oats and spring wheat are doing well.

D. C. Laird, who has lately gone into the sheep business (on a small scale) tells me that he is pleased with the business and has raised a good per cent of lambs for a man of very little experience along that line. We hope to see Mr. Laird's name on the list of membership of the sheep and wool growers association of Deaf Smith and Castro counties in the near future.

S. J. Lee and wife went to Hale County last Friday to visit their friends, W. R. Thompson and family. Mr. Lee reports a very heavy hail in the west portion of Hale County which was accompanied by a fine rain that extended over all the south-east portion of Castro County. Mr. Lee said the hail did considerable damage to crops where it passed along, but fortunately it was only about a quarter of a mile wide.

W. S. D.

## NAZARETH CREAMERY

Leaders of the Colony to Establish Plant at Early Date.

While in the city Wednesday, Herman Heidgerken, one of the leaders in the development of the Nazareth German Colony, disclosed the fact to a BRAND representative that steps are being taken towards the establishment of a creamery in the Colony. This enterprise has been launched after a careful survey of the situation, and it is believed that it will pay handsome dividends from the very beginning. Such an enterprise is not only needed, but almost a necessity for the general welfare of the country. We are told that the best and most modern machinery has been ordered and the plant will be in full operation within the next 30 or 60 days. The promoters, Messrs Herman Heidgerken and J. B. Vowgel, have ample means to push the enterprise to a most successful completion and we congratulate them and their community as well as the country at large for being in a position to land so valuable enterprise as a first class creamery. Aside from furnishing a market for the surplus cream within a radius of fifteen miles of Nazareth, it will be the means of demonstrating the fact that the Panhandle country affords unequaled facilities for those industries which are dependent wholly upon the feed and forage crops.

The methods of operation and other valuable information will be given with later developments.

### Senior League Program.

Following is the Senior League Program for May 20th:

Leader—W. H. Ray.

Topic—Serving by example.

The service for to day will be an open one in which every one present will be invited to take part. The following thoughts will assist you in looking up on the topic. To what extent has the world a right to judge christianity as it is revealed in the lives of Christians?

Is it possible for me to measure the power of my example?

What were the most potent influences in my conversion?

A welcome for all.

### GOV. BOB TAYLOR

At Amarillo, Texas, Monday, May 21st.

In the new skating seating capacity 1200. All out of town orders for tickets will be held until after trains arrive Monday evening. All orders for tickets must be addressed to H. H. ELLIOTT, Manager Opera House.

# DRAGGING

down pains are a symptom of the most serious trouble which can attack a woman, viz: falling of the womb. With this, generally, come irregular, painful, scanty or profuse periods, wasteful, weakening drains, dreadful backache, headache, nervousness, dizziness, irritability, tired feeling, inability to walk, loss of appetite, color and beauty. The cure is

## WINE OF CARDUI

### Woman's Relief

that marvelous, curative extract, or natural essence, of herbs, which exerts such a wonderful strengthening influence on all female organs. Cardui relieves pain, regulates the menses, stops drains and stimulates the muscles to pull the womb up into place.

It is a safe and permanent cure for all female complaints.

### WRITE US A LETTER

in strictest confidence, telling us all your troubles. We will send free advice (in plain sealed envelope). Address: Ladies' Advisory Dept., The Chattanooga Medicine Co., Chattanooga, Tenn.

### "I SUFFERED AWFUL PAIN

In my womb and ovaries," writes Mrs. Naomi Baker, of Webster Groves, Mo., "and my menses were very painful and irregular. Since taking Cardui I feel like a new woman, and do not suffer as I did."

# The Deering Binder is the Binder that Binds

and is the King of light draft machines. The harvest season is near at hand and you should not fail to examine the many merits of the Deering Binder before placing your order for a machine. Our stock of Cultivators was never more complete than it is this season. We are showing eight styles of these machines. The Elk and Lucky Jim balance frame styles are especially popular. Come and inspect them. We are headquarters for Shelf and Heavy Hardware and Stoves. Make our store your headquarters when in town.

# GARRISON BROS.

## Are you a Judicious Business Man?

If so you will not allow your property to remain uninsured. After the flames appear and sweep away your possessions, it is then too late to figure on insurance. Now is the time, and my 13 Old Line Companies are anxious to carry your risk. See me at once at the office of C. G. Witherspoon & Son.

**B. H. Smith**  
Hereford, Texas

### LARGE ENROLLMENT

One Hundred Seventy-two Matriculates at the College this Year.

President Elliott gave out the information this week that there have been 172 matriculates in the college this year, representing over 130 different pupils. Of these, many come from different parts of West Texas and New Mexico, some from as far west as Roswell.

It is but justice to the faculty and others who have manifested a personal interest in the school to say that this may easily be recorded as the banner year in the history of the Institution. Since January 1st, the time Prof. Elliott took charge, the proceeds of the school have been sufficient to meet the running expense which speaks for the financial end of the work.

As to the successes achieved in the advancement of pupils, no better proof is needed than the perfect satisfaction which exists among the pupils and patrons. All and all, the college has accomplished more this year than its warmest friends had hoped for it, and everyone is now enthusiastic over the bright prospects which the future holds out. Our people have come into a realization that they can educate their children as thoroughly here at home at a nominal cost as to send them away to distant points where there is no one to look after their morals and general deportment.

The desire of every Hereford citizen should be to see the college open next September with 200 bright, energetic pupils.

### New Real Estate Firm.

Among the business ventures in the city this week, is the formation of the real estate firm of Quinn & Lamkin, composed of Geo. H. Quinn and M. A. Lamkin.

Both gentlemen are so well and favorably known to our people that they need no introduction. They have leased the annex to the Cogdell building and the BRAND is engaged in printing them some choice advertising matter setting forth the resources and advantages of the Hereford country. They will begin at once the work of inducing farmers to make their homes with us.

### San Francisco Calamity.

I am now agent for a book entitled "San Francisco Calamity by Earthquake and Fire" by Charles Morris, LL. D. This book gives a detailed and authentic account of the world's greatest calamities and should be in every American home. I have already taken 36 orders and shall be glad to have 100 more within the next week. See me at once, if you wish one of the books. 13-2t

(UNCLE) NOAH TAYLOR.

### Makes Yearly Contract.

Elsewhere in this issue will be found the display ad of Herbert O. Park, druggist. Mr. Park is a firm believer in the free use of printer's ink in connection with his business which is evidenced by his purchasing space in the BRAND for twelve months.

### Found.

A pair of gold rim spectacles was found on the east road one mile from town last Friday. The name on the long case is Prof. Burt, Practical Optician. Owner can get them by calling at this office and paying for this ad. 14tf

### VALUABLE GIFT

Panhandle Christian College Receives Notice of Forth-Coming Library.

The college family was made happy last week by the receipt of the following letter:

Chickasha, I. T., May 9, 1906.  
Pres. Christian College,  
Hereford, Texas.

Dear Brother:—As instructed by Bro. T. E. Shirley, of North Waco, Texas, I ship you today 7 boxes books for college, as sold to said college through Bro. T. E. Shirley. I hope you may receive them all right. Enclosed please find bill of lading.

Yours fraternally,

L. B. CROGAN.

This marks the beginning of a much needed equipment for the college, and suggests a way by which the friends of the school might do something that would be appreciated. No school can lay claims to modern methods without the students having access to a working library. No gift could have been more timely given or happily received.

### Hereford Marriage.

Sunday, at eight o'clock in the evening, Mr. James Mauk and Miss Maud Brittan were united in marriage at the beautiful suburban home of the bride's parents in South Hereford.

The ceremony was impressively solemnized by Rev. T. S. Barcus, the family relatives and only a few friends being present.

The bride is known to all Hereford and has many friends who appreciated her for her splendid lady-like way and her fine womanly qualities; the groom is also well known to our home readers and has the friendship of all and is ever commended for his moral standing, manly attributes and business capacity.

Mr. and Mrs. Mauk will reside at their ranch home in the northern portion of Deaf Smith county and the BRAND joins their numerous well-wishing friends in the hope that their union will result in happy congeniality, worthy home-makers and financial prosperity.

### A Clear Complexion and Bright Eyes.

In most cases a sallow, blotched complexion and dull heavy eyes are due to poor digestion and an inactive liver. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels and makes the complexion smooth and clear. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. T. M. Coulson.

### Methodist Church.

The revival begins at the Methodist church Sunday. The pastor will preach Sunday morning and night. Bro. Bonner will arrive from Quanah the first of the week and do the preaching. Services each day next week at 3:30 and 8:15 p. m.

A cordial welcome is extended to all. THOS. S. BARCUS.

### Bottling Works for Sale.

I have a complete bottling works outfit, almost new, that can be had at a great bargain. Apply to J. D. Bourn, Hereford, Texas. 11tf

## SCHOOL COMMENCEMENTS

Large Audiences Gather to Witness  
the Closing Exercises.

SUNDAY

This should properly be called  
educational week in Hereford, for  
never before has there been as un-  
broken chain of educational exer-  
cises as during this week.

On last Sunday morning at the  
usual preaching hour, almost our  
entire town as well as many from the  
country and nearby towns assembled  
at the Presbyterian Church on the  
occasion of the commencement ser-  
mon for the graduating class of the  
public school, which was delivered  
by Dr. S. E. Burkhead of Clarendon  
College. All who had heard of the  
ability of this man as a platform or-  
ator were anxious to hear him on  
this occasion, hence by the eleven  
o'clock hour both the large church  
building and the Sunday School  
Annex were filled to their extreme  
capacity, even standing room being  
considerably above par.

Dr. Burkhead had fitly chosen for  
his subject "Gateways to Success"  
and after the preliminary exercises,  
which were participated in by the  
other ministers of the town, he took  
up a line of argument which, for  
profundity of thought and broadness  
of view, has seldom been equaled in  
West Texas. The chief "Gateways  
to Success" which were pointed out  
are "the spirit of Tolerance," "the  
spirit of Conviction," "the spirit of  
Unselfishness" and "the spirit of  
Hopefulness." Under these head-  
ings, those things which go to make  
up a completely successful man were  
included. Unabated interest was  
centered in Dr. Burkhead's sermon  
from beginning to the end.

At night of the same day, a sim-  
ilarly sized crowd assembled to hear  
Elder J. N. Wooten who delivered

the sermon for the college. As in  
the morning, the exercises were  
participated in by all the local pas-  
tors. Although Mr. Wooten had  
received only short notice that he  
would be expected to preach on this  
occasion, yet his hearers were not  
slow in realizing that he had made  
sufficient preparation to be in every  
respect equal to the occasion, for he  
preached a sermon which none but  
the learned and the good can preach.  
The text was found in the language  
of Solomon, "Wisdom is the prin-  
cipal thing; therefore get wisdom,  
and with all the getting, get under-  
standing." Mr. Wooten applied  
his subject in a general way show-  
ing that Christian Education is the  
only true education. He pointed  
out that in many instances in our  
own state this line of education is  
being sadly neglected to the detri-  
ment of the boys and girls of the  
commonwealth. Mr. Wooten's dis-  
course showed that he had given  
the question mature thought and that  
he has the true conception of the  
purposes and functions of education.

TUESDAY

On Tuesday night the Music and  
Oratory classes combined in giving  
one of the best entertainments ever  
afforded in the city. This was of  
especial interest to patrons as it was  
intended to demonstrate the progress  
made by the members of both de-  
partments during the year. Also  
high grade music and oratory were  
fully appreciated by the large  
audience which could hardly find  
standing room in the large college  
auditorium.

WEDNESDAY

The program Wednesday night  
consisted of a play given by the col-  
lege talent. While not crowded on  
account of an admission fee of 35  
cents being charged, yet there was a  
well-filled house and all the actors  
acquitted themselves creditably,  
showing from their free and easy  
deportment on the stage that they  
had received thorough and careful  
training. The program was inter-  
sprinkled with music by Miss Chap-  
man's class and was received with  
enthusiasm throughout.

THURSDAY

Thursday evening brought to an  
end the closing exercises at the  
college. Notwithstanding the pre-  
vious programs for the week had  
been long, thus keeping everyone up  
late at night, a large and ap-  
preciative audience assembled to  
witness this program which consisted  
of oratory interspersed with music.  
Owing to this being the first full  
school year of the college, there  
were no graduates, hence no neces-  
sity for the formal presentation of  
diplomas.

All in all, the exercises were of  
the highest character and have fur-  
nished a week of splendid entertain-  
ment for our people.

### Cantaloupe Acreage.

Secretary Burton informs us that  
the members of the Donley county  
Cantaloupe Raisers' Association have  
just about completed the planting of  
their initial crop. One hundred and  
thirty acres have been reported to  
him as planted, and there are sev-  
eral more who were late in the mat-  
ter, which will make the total run  
up towards 150 acres. At Rowe  
113 acres are being planted and the  
farmers will hold a meeting there  
tomorrow to discuss the situation  
further.—Banner-Stockman.

THE PLAINVIEW NEWS is the  
latest addition to our exchange desk,  
the initial number appearing last  
week. The paper is a four-column  
quarto and is neatly printed and  
well patronized by the Plainview  
business men.

### Mr. Burnam.

In our announcement column this  
week appears the name of Press  
Burman for sheriff for Castro Coun-  
ty. A more extended notice will  
appear next week.

J. L. FUQUA, President

C. W. DODSON, Cashier

# The First National Bank

HEREFORD, TEXAS

CAPITAL	\$ 50,000.00
SURPLUS AND PROFITS	10,000.00
SHAREHOLDERS LIABILITY	50,000.00
TOTAL	\$110,000.00
ASSETS	300,000.00

**DIRECTORS:** L. GOUGH, J. L. FUQUA, C. W. DODSON, R. J. KIBBE, W. H. FUQUA

This Bank is well equipped to handle all business entrusted to its care and respectfully solicits your account . . . . .

OUR city continues to grow worse  
and worse from a sanitary stand-  
point of view. It seems to us that  
we have now arrived at a point  
where something must be done at  
once. Until the county board of  
health can perfect arrangements for  
installing their grate in the dump-  
ing pit to be located east of town, a  
temporary dumping ground should  
be secured so that no cessation will  
be made in the work of town clean-  
ing. The matter demands im-  
mediate attention.

### Primaries to be Held.

By reference to a call from the  
chairman of the Democratic Execu-  
tive Committee found elsewhere in  
this issue, it will be seen that Deaf  
Smith county will hold a primary  
election this year for the nomination  
of all candidates for office. In this  
call, the chairman gives information  
which every candidate should pos-  
sess, hence what he has to say  
should be read with care.

### Hear Him.

Bob Taylor, the South's greatest  
orator and humorist will be in Ama-  
rillo Monday night, May 21. His  
lecturers are always refreshing to  
those who hear him.

Those desiring tickets should send  
\$1.00 to Henry Elliott, manager of  
Opera House, Amarillo, Texas.

### Mr. Dunlap Retires.

Eli Dunlap this week sold his in-  
terest in the firm of Graves, Elliston  
& Co. to the other members of the  
firm and will retire to look after his  
ranch and other business interests,  
which have become so large as to  
demand his entire time.

### For Sale.

One Poland China sow 18 months  
old. See W. B. PARMER. 10tf

## BLACKTOWER NEW MEXICO.

### THE NEW SANTA FE RAILROAD TOWNSITE

Blacktower is situated  
fifteen miles west of Tex-  
ico on the Belen Cut-Off  
and is well settled around  
by a hustling class of far-  
mers.

The Santa Fe Railroad  
Co. are now grading their  
extensive depot grounds  
and yard limits and will  
shortly erect a large two-  
story stone depot.

There is no better in-  
vestment than lots in a  
new railroad town.

Remember the Santa  
Fe own and control this  
townsite and will push it  
to the front. Prices are  
reasonable and on easy  
payments. See

E. J. CARLIN,  
Tygret House,  
Hereford, Texas.

### To Establish Ice Plant.

Frank P. Wright of Corydon, In-  
diana, arrived today with a view to  
making the initiative towards put-  
ting in an ice plant in Hereford.  
Mr. Wright has had ripe experi-  
ence in the manufacture and sale  
of ice and believes this an ideal  
place for a plant. Different loca-  
tions in the city are now being in-  
vestigated and we will likely have  
something tangible by our next is-  
sue.

We consider the man fortunate  
who first secures control of the Here-  
ford field for a first-class ice plant.

## To Business Men.

We take much pleasure  
in the announcement that  
we have just received J.  
W. Butler's line of 1906  
calendars and are now in  
a better position to take  
care of the business in this  
line than at any previous  
time. Our line of about  
500 different varieties is  
so complete that we feel  
we can please everyone.  
These goods are now on  
display at the BRAND of-  
fice and we hope to be  
favored with every order  
in Hereford this season.  
If you are in the market  
for calendars, please bear  
constantly in mind that  
we are the "Calendar  
Makers."

### Nice Land Deals.

C. G. Witherspoon and Son have  
made the following land sales the  
past week: the northwest quarter of  
section 49 to Robert L. Ball; Block  
2 in Mabry addition to Hereford to  
E. A. Winterrowd; section 167  
near Boom to Lon D. Morris at \$10  
per acre; Dr. W. J. Roger's section  
near Boom to Iowa party at \$15 per  
acre.

The last named gentleman will  
move his family here at an early  
date.

### Half Fare Round Trip.

Ex Governor Bob Taylor of  
Tennessee will lecture at Amarillo  
on Monday May 21st. For this oc-  
casion we will have Special Train to  
Amarillo and return leaving Here-  
ford at 8:30 a. m., and returning  
leave Amarillo at 10:30 p. m., at  
rate of one fare for the round trip.

GOOD SADDLERS GENTLE DRIVERS

Special Conveniences for Drummers

HEREFORD TEXAS

The patronage of the general public is cordially solicited

J. R. Armstrong is representing Parmer County in the regular term of Commissioner's Court this week. Mr. Armstrong has not been able to attend all the sessions the last few months, owing to his time being occupied in looking after the interests of the X I T.

O. M. Daniel closed a deal Saturday by which he sold his one-section ranch east of town to J. B. Phillips who recently moved here and is building a residence in North Hereford, the price paid being \$11.00 per acre. Mr. Daniel will remain on the place for two or three months yet. He has not definitely made up his mind as to his future course.

Dr. and Mrs. Jarret of Vega came over the first of the week to attend the closing exercises of Panhandle Christian College, their daughter having been a valued pupil in that institution the past session. Dr. Jarret informs us that he has sold his two section ranch near Vega and will look out a location and re-engage in the practice of medicine.

Strayed or Stolen.  
Two horses, one dark brown, branded DW connected on left shoulder, right hind foot white, 15 hands high, saddle marks on back. The other a light brown, branded W on left shoulder, 14½ hands high, both work horses. Liberal reward for return to owner. G. W. BARGUS, Hereford, Texas. 14tf

### TWO ACTORS.

Paper Read before Union Ladies' Aid Society by Mrs. J. Ray and Published by Vote of that Body.

On the great stage of life, in different dramas, in various acts and numerous scenes, attention is attracted to two very contrasting types of character and there are very dissimilar emotions stirred and sentiments aroused by the appearing of these two players.

Behold! The curtain is raised and before the eyes of the observers there appears a man,—a man of dark hair and complexion, a face rather more oblong than round, eyebrows extending over a pair of dark heavy-looking eyes, a nose somewhat pinched in appearance, suggesting a limited power and breadth of mind, and a mouth with drooping corners, indicating a melancholy disposition—withered, a disconsolate, unhappy face.

Often through different divisions of the life-play, though the sun sends forth his beaming glorious rays, the actor's face seldom brightens, is seldom illuminated by the radiance that was given to glorify the entire world.

In the present, he discerns no brightness, neither any happiness;

he never sees that in attempting to relieve the sorrows and unpleasantnesses of others, he would be more content, and life would thus be more perfectly spent in a friendly or charitable endeavor. No doubt that it was the same inherent dispondency, sensitiveness and selfishness that caused Childe Harold to say, "Why should I for others weep when none will sigh for me?"

When he has cherished some plan or attempted some enterprise and it chanced to not bring to him all the satisfaction for which he'd wished, he weakly gives vent to morbid melancholy in the words of Moore, "Ever thus from childhood's hour, I've seen my fondest hope decay."

His life always so, he can never, in looking back over his past, find the delight and joy or realize the pleasure that others may, for he is always filled with a lingering regret of some lost opportunity in the realm of *Might-Have-Been*—a land that is nothing, after all, but a blurred prospect; a sort of dim and distant landscape where the dull clouds rain perpetual tears.

This man has allowed the spirit of dejection to so embitter his existence that there is no hope for a bright future. He views his acquaintances with feelings of jealousy and envy, believes that life is a bitter quarrel

and strife—No place, none satisfied, no such thing as friendship, true and sincere.

"The Monster, Doubt, the destroyer of all beauty in life, the poison in the sweet cup of existence has pursued him so long that the feeling of Trust totters on its throne in a fit of despair" and he abandons all hope for his final destiny and becomes ironical and bitter in the belief that for others good and happiness may come, but, for him, the heavens are empty.

From this morose, discontented man on the dramatic platform of our changing life, attention is ever and anon attracted to the other mentioned actor, a bright little woman with a sweet, happy face, a very cheerful and cheering appearance, seeing and scattering sunshine all around her, loved and welcomed by all for she is filled with a friendly and loving desire for the happiness of every one. She is pleased and pleasant always, glad and joyous when Spring, the creative season, is come with its fresh grass and foliage, its bright flowers bursting forth from their wintry beds, reminding her of the morning of the Resurrection so beautifully commemorated on Easter morn each year. She is pleased because of the immigration brought by the spring showers that come gently

to freshen the earth, "with now and then a glimpse of sunshine that makes the drops bright—like so many tears of joy."

Later, she is glad that with the decline of spring summer comes with ripening warmth and soft white clouds that like a benediction float tranquilly over the sky while the heavens are melodious with the chime of the sweet, God-inspired birds as they sing their love stories with rapturous simplicity, "Love stories untainted by hypocrisy—different, oh! so different from the stories of love that oftentimes fall from the lips of humanity."

Again, when autumn, the season that Bryant has termed melancholy, has come, this little actress finds a pleasure in the yellow blossom of the stately sunflower, in the graceful golden-rod, in the rich orchis blossoms and in the meadows, ripe and fragrant, where, as Lowell says, "Memory wanders like gleaning Ruth." She finds the season seemingly planned for thought and reverie and for retraversing the many happy hours of her childhood.

She, with the same poetic feelings of the Arctic explorer, Nansen, sees the striking and beautiful analogy between the winter's immaculate snowfalls and the love and affection that enters into and makes happy so many lives. Nansen said, "Oh! the beautiful white snow falling so gently and silently, softening every hard out line with its shelting purity. There is nothing more deliciously restful, soft and white. A snowless winter plain is like a life without love—nothing to soften it. Love is life's snow. It falls deepest and softest into the gashes left by life's fight—whiter and purer than snow itself."

When, perchance, some sorrow enters into her life or some disappointment rises and surrounds her like an Indian summer day, she asks for patience and endurance to become more reconciled to her sadness. Tho' not a philosopher, she can see and understand 'tis best to believe with Pope that "Whatever is, is right" and thereby submit to the will of her God.

The pessimist here pictured is a man whom everyone pities in his

joyless and unsatisfied life, and one for whom there is a great sympathy felt because he sees everything in its very worst aspect, and seems to search for defects and imperfections that he may have justification for his unpleasant attitudes; while the optimistic actress in her sweet and beautiful life causes everyone to see in her "the mightiest preacher of truth, the fairest apostle of love on earth, a fountain of affection—one exquisitely fitted to point out and tread the road to heaven."

### Given up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." T. M. Coulson.

Better see L. Gough about it. tf

### Statement of the Condition of the Finances of Deaf Smith County.

STATE OF TEXAS,  
COUNTY OF DEAF SMITH.  
Before me, W. B. Beach, Clerk County Court, in and for said county and state, on this day personally appeared, W. H. Russell, County Judge; O. M. Daniel, Commissioner Precinct No. 1; T. M. Palmer, Commissioner, Precinct No. 2; J. R. Armstrong, Commissioner Precinct No. 3; and Geo. L. Muse, Commissioner Precinct No. 4; who, being by me duly sworn, did depose and say:  
That the requirements of Article 867, as amended by Acts of 1897, page 27, have been in all things fully complied with by them at the May term of said Commissioners Court, and that the cash and other assets mentioned in the said County Treasurer's quarterly report made by said Treasurer to said court and held by him for the county have been fully inspected and counted by them:

	DR.	CR.
Jury fund, first class	\$ 354.89	
Road and bridge fund, second class		2,538.64
General fund, third class		2,328.89
Court house and jail fund, fourth class		1,413.72
School fund, fifth class		4,950.76
Estray fund, sixth class		58.85
Total on hand		11,290.86

W. H. RUSSELL,  
County Judge.  
O. M. DANIEL,  
Com'r Prec. No. 1.  
T. M. PALMER,  
Com'r Prec. No. 2.  
J. R. ARMSTRONG,  
Com'r Prec. No. 3.  
GEO. L. MUSE,  
Com'r Prec. No. 4.  
Sworn to and subscribed to before me this 16th day of May, A. D., 1906.  
W. B. BEACH,  
County Clerk.  
[SEAL.]  
By J. H. King, Deputy.

### BOB TAYLOR.

Gov. Bob Taylor, the most noted lecturer and story teller on the American stage will lecture at the opera house in Amarillo on Monday evening, May 21. Governor Taylor has something new and interesting for everybody who is so fortunate as to hear him. Admission \$1.00. Cash must accompany all orders for tickets. Address HENRY ELLIOTT, Mgr. Opera House, Amarillo, Texas.

### Higgins Addition on Market.

The addition to the town of Hereford is now offered for sale on reasonable terms. This tract consisting of forty acre is situated on the west side of the town section and is absolutely free from dust. This is divided into lots of a quarter acre each, but one can buy more than one lot if more land is wanted.

I have exclusive agency for this property and shall be glad to show same to those wishing desirable residence locations.

14tf W. B. POYD.

### Another Bank.

Stratford is evidently to be well supplied with banks for it develops that we are to have three banks.

F. W. Berger of Amarillo was here Tuesday and Wednesday of this week and informed us that a new bank would be in operation here within the next few weeks and that application had already been made for a charter. The new bank will be a state bank and Mr. Berger, who will be in its cashier, claims that it will be backed by ample capital to carry on a creditable business.—Stratford Star.

### Lands for Rent.

The following lands situated in Deaf Smith Co., are for rent, for a period of 3 years at 4 cents per acre: Sections 7, 9, 13, 29, Block K 8. Apply to JOHN ARNOT, Amarillo, Texas. 14-4t

Bovinas Thursday, J. R. Armstrong who represents Parmer County in the Commissioners' Court authorized us to present his name to the sovereigns of his county as a candidate for re-election to the same office. While this is the least paying of the county offices, yet it is safe to say that it carries with it a responsibility second in importance to none others; hence the necessity of having the right kind of man to fill it.

This, we are free to say, Parmer County will find in the present incumbent, J. R. Armstrong, who is honest, broad-minded and possesses all those traits of character which enable him to look at all questions pertaining to the public weal in a fair and impartial manner. The number of terms which Mr. Armstrong has been before the public has so implanted him in the confidence and esteem of his constituents that he will doubtless be the unanimous choice of the voters of the coming fall election.

### Sulphur Park.

To whom it may concern; This is to state that we have bought Sulphur Park (Jowell Ranch) and that same is not owned nor controlled by, nor for the general public. Hereafter fishing and picnic parties will please get permission before going upon said premises, and then some one, who is responsible must be in charge.

Of late some parties have been there who did not respect signs, nor know what trees are for, nor why we leave a cup at the sulphur spring.

We paid large sums of money for this property and are spending money and time to improve it, hence would like to have our rights thus acquired respected.

Arrangements will be made for any one who wants it, to get sulphur water. 13-2t

Respectfully,

SULPHUR PARK DEVELOPMENT CO.

### Conductor Killed.

Conductor Charley Hall of the Denver passenger service was killed by being run over by a locomotive Wednesday morning. He went north through here Tuesday night and just beyond Texline he was stopped by a freight wreck ahead. The two passenger trains were pushed close to the wreck and a transfer of baggage, express and passengers was being made. In working about the trains Mr. Hall stepped suddenly from behind the end of a car directly in front of a passing engine. Both of his legs were cut off and he died from the shock a few hours later. He lived at Trinidad and had a family. He was one of the oldest passenger conductors on the Denver road, having held that run ever since the road was completed. He was very well known and quite popular.—Hall County Herald.

### Union Aid's Work.

On account of the wind storm very few were present at the April meeting of the "Union Ladies' Aid" so the program was held over for May. This program was rendered Thursday afternoon, at the Methodist Church and was enjoyed very much.

We would be glad to have every lady in Hereford engage in this noble work. We know that they will find Mrs. Taliaferro an able leader.

MAY SMITH, Secty.

### Reckless and Longfellow.

This fine young combination horse, and thoroughbred Tennessee Hancock Jack will make the season at my barn 6 miles north and one mile east of Hereford. Horse at \$10.00, Jack, \$8.00 to insure. Don't fail this opportunity. Having no help, won't be able to keep mares. 11-4t

Respectfully,

B. A. KEATHLY.

### Whose Is It?

The owner of a three-months-old sow pig can get same by calling at R. H. Norton's ranch and paying for this ad. 14-2t

### Cattle Wanted.

I want to buy from 200 to 300 good grade cows from three to seven years old. Apply to G. W. Mc-MILLION, Hereford, Texas. 9tf

## "COMMON SENSE"

Everyone knows that a drink of good clear water, daily, for stock helps them. Then, in place of the old mud hole you have for your poor cows to wade into to drink from why don't you put in a tub that is guaranteed not to leak nor fall to pieces. The time is near when a mud hole on the place is sure to be a death trap for some weak animal you have, so now is the time to avoid it

HEREFORD, TEXAS

W. E. ROBERTSON, General Agent

## LOCATION

These mines are located 18 miles northeast of Hermosillo City, on the great lime and porphyry belt, which traverses the State of Sonora from south to north, extending into the territory of Arizona. On this great zone are the great copper and silver mines which have made the names of Sonora and Arizona famous, Jerome, Bisbee, Placentas Nocasara, LaVerde, Sultana, La Copete, Mina, Grande, and many others, yet these mines are but a beginning of the prospecting of this mineral belt. The Los Angeles mines, located in the heart of this famous zone, have the added advantage of many facilities close at hand, which these older miners were obliged to obtain at enormous expense. The fact that this property has been held for many years by Mexicans, who, unable to properly work the property, but realizing its great value, were unwilling to sell, accounts for the slow progress of development to date. The seventy-two pertenencias, about one hundred and fifty-six acres, are the least amount of ground which could reasonably be taken to secure the most valuable portions of the two great veins which, at this point, are very richly mineralized.

## A TALK WITH INVESTORS

"SHAKE OFF THAT LETHARGY! Opportunities abound for the keen and alert. Are you getting your share of the mine? YOU KNOW the mining industry PLAYS NO FAVORITES. In the mine lies the poor man's salvation. Jim Butler, January Jones or John Riley make a million. Why! Because they had faith in MINING. There are thousands of properties in the West upon which the men WHO KNOW MOST ABOUT THEM will sink their last dollar. These men don't guess. They KNOW. AND THEIR SHIP WILL COME HOME. YOUR support will turn the work of years into days, and when THEIR ship comes home SO WILL YOURS. WAKE UP! OTHERS are reaping the prizes of investigation and discrimination. LOOK INTO THINGS. WHAT HAVE YOU DONE? Those resolutions of three, five or ten years ago! Where are they? You can't live your life again. TIME is fleeting by. Nearly time to get about and DO things if you intend to throw a stake for wealth, independence or happiness. BEGIN TODAY. LOOK INTO MINING. THE REWARDS ARE THERE FOR THOSE WITH ABILITY TO DISCRIMINATE OPPORTUNITY.

### A POOR MAN'S CHANCE

"The closer one studies the history of mining the more convinced one becomes that an investment in the stock of a legitimate mine offers the best chance for the toiling classes, and the middle classes, to achieve fortune at a single bound. Men can foresee the demands of trade and calculate profits with mathematical exactness, but with the mining claim or claims one cannot see what is underneath. As a general law of mining the surface indications are but an index of values, not a gauge, because it seems that nature has planned to reward the toiler for qualities of perseverance by concealing her treasures in the depths. Mines, good mines, improve as they grow deeper—as they open up, as they are developed. Mr. T. W. Newman in his work 'Hidden Wealth,' says: 'Unlike most deposits of wealth, a mine grows larger the more it is used, and more valuable as the value is taken from it.' The possibilities of mining are not exhausted—the word in connection with such a gigantic industry sounds absurd. Thousands of years ago the Spaniards sought out the yellow metal and found it, and thousands of years before the barbaric races of earth sought it and found it. For thousands of years in the future history will continue to record the finding of great mines, the upbuilding of fortunes, as in the past. Some of the keenest owners of mining property are absolutely unaware of the real value of what is beneath their feet. Every great mine sometime in its history was a 'prospect' and in the 'prospect' or partially developed mine lies gigantic fortune possibilities—not for one, nor for ten or hundreds, but for thousands upon thousands. The successful 'prospects' is a wholesaler in fortunes—there lies the secret of wealth. Charles G. Yates in his work, California Mines and Minerals, outlines the opportunities existent in prospects for the man of limited means when he says:

"There are a great number of 'prospects' or undeveloped quartz mines scattered throughout the mining counties, which need the assistance of capital for their full development, and to prove their worth. They are mainly owned by the prospectors who found them, but who are unable from lack of means to properly equip them with machinery and open them. The possibilities for capital in this direction are practically unlimited. Most purchasers, however, look for 'going' mines. Naturally, these are scarce, since the owners of a paying mine do not care to sell except at a high price. With the owners of smaller or less developed mines it is different, and that is the reason so many claims are for sale. It is not that the men do not themselves think the claims valuable, but because they have not the means to put the mines in shape to become productive. A few thousand dollars would purchase any one of hundreds of these claims, but more money must be put into development before there is a possibility of profit.

"This condition causes some one or some few individuals among a progressive mining community, to either purchase outright, or acquire options on, a number of such claims, which in their judgment indicate have possibilities inherent in them. These men know that if the public can be induced to support their venture the resultant effect will be the making of a mine; perhaps a moderate dividend payer (20 per cent is considered moderate in mining), perhaps a rich dividend payer, perhaps a veritable bonanza. But to test, or find the real value the property must first be opened up. When the surface is removed great veins of rich ore may be laid bare, suggests may be discovered or a 'pocket' found—all these things may happen, and do happen with astonishing frequency. The history of the West literally bulges to bursting with chronicles of the golden rewards mother nature has showered on daring spirits who put their time and money against the search for her concealed treasure vaults—whose finding made them millionaires overnight. The possibilities of mining district are staggering in their magnitude—always the unexpected—men walk daily over vast hoards of wealth.

### HOW MINING MEN, IN A MINING DISTRICT SUCCEED.

"Now the men who have combined a number of claims in a proven district have followed one great principal of success. The great weight of probability is in their favor. When in addition these men have sound ripe judgment the possibility of loss becomes infinitesimal. A bonanza may not be struck, a dividend payer almost certainly will. The first step is to market a portion of the capital stock, and this first portion should be, and usually is, sold at low figure, as the people buying it have to shoulder the risk of development. If, as more frequently happens than not, the prospects improve over the first showing, the second block of stock is sold at an advance. The members of a mining company capitalized for \$1,000,000, for instance (representing, in the judgment of experts, the apparent or tentative value of the property when fully opened up) may sell 100,000 shares at ten cents. This, when cost of selling have been deducted, will provide, say, \$9,000 working capital. The second 100,000 may sell at twenty cents (warranted by prospects), the third at thirty, and then perhaps sales may stop altogether. "Their ship may come home" as it came home to the miners in Tulame County. Men who held stock in Tulame mines went to bed poor, and rose rich.

### A TALE OF DARING AND SUFFERING

"To those who read between the lines, the bare figures tell a tale of romance, of daring, or pluck, suffering and stoicism unparalleled in any other line of endeavor. All these famous fortune builders were the barest of prospects at their inception. None knew what their delving would reveal. The smaller stockholders took their chance with the larger ones and when the flood tide of wealth burst forth upon them it swept them forward to fortune. The same thing is being done now on the golden lands of the North and West. History is repeating itself—spectacular success bursts forth month by month. Charles G. Yates whom we have previously quoted, in his work, California Mines and Minerals, continues:

"Investments are being made by small companies, the members of which pay for their stock in monthly installments extending over a period of one or two years, the money collected being spent almost entirely in purchase, development and equipment of the claims, and none of the officers aside from the acting superintendent being paid salaries. The mining is thus carried on in an economical manner and men of small means are afforded an opportunity of becoming interested in mining operations. Of course the organization of such companies involves the purchase of mining properties which is good for the mining region and

The above statistics will give a clear conception of the possibilities for the investor in mining stock where they have the courage to support the proposition in its early stages of development. We will call your attention to the fact that these properties that have given such enormous returns for investments, were once prospects. Take Green's Consolidated. It was begun under its present management only 7 years ago and stock at that time was only worth 25c and now quoted at \$63. Think what an investment of \$100 or \$1000 would be worth today. Why do we call special attention to Green's Consolidated? Because Ed Chamberlain, the champion driller of the world and superintendent of the Yaqui Copper Company, compared our property with the Cananea and the big mines of Bisbee, in these startling words: "The Cananea or the Bisbee camp never had the showing for the bonanzas they have made as the Los Angeles group of mines." The immensity of our outcrop can only be realized by being seen. We have two parallel veins that are 200 feet wide and the outcrop stands 100 feet high. Can you realize the tonnage of these veins of ore and the possibility of wealth which they will undoubtedly produce. If you could see these properties you could realize why some of our agents have stated that they would sell the stock to a widow, take her last and be doing her a favor. We are conscientious in selling this stock. Four of our directors have visited the property and invested. Ten of our stockholders have seen and know its worth, and numbers are investing on the judgment of those that have invested and taken the management of this proposition. Will you join us in this laudable undertaking? If we have what we think we have, our stock will be worth many times what it is now. Ask yourself this question, Is it probable that the men that have taken the initiative in this proposition would undertake to float their project without thoroughly weighing the cost, and without the thorough investigation of the merits of the property?

If you are favorably convinced on this point, you are bound to admit that now is the time for you to move, while the Company is selling its first block of stock, and to convince you of the honesty of our Company, the majority of our stock is pooled for two years, so if we do not make a mine, we will not make any money. Your money put in will be active in developing what you buy, for these are not salaried officers. We are not offering but 50,000 shares at the present price, 10,000 of them has been engaged. We are offering this as an investment opportunity, and feel confident that we will make one of the largest producing mines in the finest mining district in the world. We are holding this proposition out not as the only proposition of your life, for that field is full of opportunities for the small investor, as well as the larger, to reap an abundant reward for their courage and initiative. For terms, apply to Wm. Lay, Amarillo, Tex.; W. E. Robertson or T. M. Coulson, Hereford, Tex.; Jack Cranford, Alvarado, Tex.; or Dr. G. F. LeGrand, Raymondville, Tex. You are thinking of taking stock in this Co. "DO IT NOW." Ask any of the authorized agents for order blanks, reports on property, etc. This stock is now 25c and subject to change without notice. Best send check to Wm. Lay, Amarillo, Tex.; W. E. Robertson or T. M. Coulson, Hereford, Texas, or Dr. G. F. LeGrand, Raymondville, Tex. Will give terms where orders are accompanied with one-half cash, deferred payments not longer than six months.

WM. LAY, President, Amarillo, Texas      W. E. ROBERTSON, Vice-President, Hereford, Texas  
DR. G. F. LeGRAND, Secretary and Treasurer, Raymondville, Texas

the mining industry. Those who have claims, but no means to open them are thus enabled to sell outright, or get the financial assistance necessary.

"And right in an investment in stock of such companies lies 'the poor man's chance.'

### FAMOUS COPPER MINES

"The Consolidated California and Virginia mines of Nevada may be credited with paying the largest amount in dividends. It has disbursed to its shareholders over \$80,000,000. Next to this comes the great copper mine Calumet and Hecla, which has paid very nearly eighty millions of dollars in dividends. This is a copper mine situated in the Lake Superior district. Its shares were quoted in October, 1905, at \$665 per share, their par value being \$25, stockholders having paid only \$12.50 per share. The largest copper producer in the world is the giant Anconada mine, of Montana. In two years it paid dividends of \$6,750,000. Valuing it by quotations for its shares on the London Stock Exchange it must be worth at least \$40,000,000. It was originally opened and worked as a silver mine. J. B. Haggin, Marcus Daly and the elder Hearst being its original owners. As developments proceeded, the silver ore was replaced by high grade copper. It is a large producer of both gold and silver in addition to its copper ores. The Boston and Montana is another copper mine carrying silver and copper in conjunction. It is by many regarded as one of the best copper properties of the world, has paid over \$8,000,000 in dividends, and the quotation of its shares gives it a value considerably in excess of \$30,000,000. The 1905 quarterly dividend of this mine was but recently declared at the rate of \$10 per share on its outstanding stock of \$3,750,000 (par value \$25). At the present rate this property pays approximately 159 per cent per annum. It paid 244 per cent, or \$80 per share in 1904, two extra dividends being declared for that year. The Rio Tinto ranks fourth among the copper giants. This is a Spanish property controlled by an English corporation, the value of its share issue being about \$50,000,000. The Quincy copper mine of Hancock, Houghton County, Michigan, with an original capital of but \$200,000, has given back to the original shares of stock representing this \$200,000 over \$13,720,000 in dividends. The United Verde should not be overlooked. It furnishes another instance of the stupendous profits of mining. W. A. Clark bought the controlling interest in 1887 for \$26,800. It has paid over \$25,000,000 in dividends to date. This mine is in Jerome, Yavapai County, Arizona.

### A FORTUNE SWAPPED FOR A MULE

"A great number of shareholders in the first instances were Spaniards—most of them men of small means—and some large fortunes were made by men in the lowest grades of society. A peasant had taken a share for which he paid a few dollars. These being expended, the manager of the mine called upon him for a further payment to defray expenses. To this the man demurred, when a neighbor said, 'Your mule of mine is about the value of your share and the money they now require; take it and give me your ticket.' This was agreed to, and the holder of the ticket, a few months afterwards sold one-half of his prize for forty-five thousand dollars.

### THE GOLDEN RULE TO FOLLOW IN MINING INVESTMENT

"The reader who has followed this article will, it is believed, recognize that the clearest of the necessarily thorny paths of speculation is that bearing the finger post 'Mining.' He may be desirous of entering into the industry, and if his endeavors are to bear fruit, should take care that he gets in on the 'inside'. Buying Calumet and Hecla at \$660 per share (its par value being \$25) won't take him there. He should get in, as the original stockholders of Calumet and Hecla got in at, or near the inception of the enterprise. You will recollect what Mr. Chas. G. Yates said: 'Unlike most deposits of wealth, a mine grows larger the more it is used, and more valuable as the value is taken from it.'

### AN OLD FALLACY REFUTED

"Men unfamiliar with mining sneer at the comparison of the undeveloped mine, with the Calumet and Hecla, for example. They point out the Calumet and Hecla has an enormous amount of capital invested, a great number of men employed, and its earnings are only rendered possible by scientific treatment of its ore deposits. From what came the \$80,000,000 the Calumet and Hecla produced? From the Calumet and Hecla ore! Every mine produces its own motive power and can build itself from a small mine to a great one on the gold it takes from its own ground—don't forget that fact.

### THE JAPANESE INDUSTRIAL REVOLUTION

"Japan is already a user of enormous quantities of copper, eastern Asia consuming a yearly average of over ten thousand tons. Japan has a population exceeding 40,000,000. She now industrially represents what America was at the end of her Civil War. Japan's future is before her, not behind her, and the tremendous demand on the copper supplies of the world by her people eager to see their country take rank as a leading civilized power is destined to contribute a wonderful chapter to the future Tale of Coppers.

### THE AWAKENING OF CHINA

"The revolution effected in ten-years span by Japan leads one to ponder on the outcome and effect on the world's supply of Copper when China (the sleeping giant of the Orient) with its population of 400,000,000 calls on the world to bind it with leashes of copper and girdrons of steel. That epoch in the world's commercial history is now at hand. Messrs. D. Houston & Co., of New York, published the following figures of imports of copper into China, taken from Chinese customs records, over a four year period:

	1901	1902	1903	1904
Ingots, slabs.....	1,364,800	3,068,266	10,014,800	32,383,600
Unclassified.....	152,800	147,334	129,334	2,082,400
Total.....	1,517,600	3,215,600	10,144,134	34,466,000

"Figures showing that imports during the first four months of this year aggregated 35,568,165 pounds or in excess of a million pounds or more than in the entire preceding year. are also presented. These figures but point to the latent possibilities inherent in our still slumbering China. With demand already outpacing supply WHAT will happen when fresh buyers with long national purses enter into the bidding? Try to form an estimate of what may be expected of Asia's eight or nine hundred million people who now seem to be awakening almost in a moment from manual labor to electricity! The outlook, says Mr. Horace J. Stevens (author of the Copper Hand Book) 'constitutes a serious problem. Given a continuance of present conditions for the next quarter century, it becomes a serious question as where the copper to supply the legitimate demands of the world, is to come from. Maintaining the rate of increase held for the past decade, the world's copper requirements for 1910 will be 1,060,000 long tons; for 1920, 2,290,000 tons, and for 1930 there will be needed the staggering total of 4,950,000 tons. To carry the computation ahead for another quarter of a century would give figures that the present would find impossible.'
