

Trustees Pass Budget, Keep \$1.24 Rate

Young, Old Fiddle Buffs

The young, the old and the in-between enjoyed Hereford's first Texas Old Fiddlers Association-sanctioned "old fiddlers contest," staged Saturday in Dameron Park. Among those enjoying an afternoon of fiddle and guitar music were 19-month-old Tasha Straskulic, daughter

of Mr. and Mrs. Joseph Straskulic of 903 Cherokee, and Audrey Mills, who clapped all day to the music. Additional photos of Saturday's festivities surrounding the National Cowgirl Hall of Fame All-Girl Rodeo are on page 10. [Brand photos by Paul Sims]

Managing Editor

Hereford Independent School District trustees approved a \$5,662,500 budget and voted to not change the present \$1.24 tax rate in a special meeting Monday in the school administration board room.

Assistant superintendent Bill Phillips submitted the budget, passed unanimously by the board and which calls for \$5,833,000 in total revenue and \$5,662,500 in expenditures.

Minus local supplements for the designated purpose fund and school transportation, the budget will leave the school district with a \$249,150 balance at the end of the 1979-80 fiscal year on Sept. 30, 1980.

The school district will receive \$2,065 million in tax revenue, according to the budget which was drawn up with the idea that HISD will collect 93 percent of its total tax roll.

The net result of maintaining the current tax rate will be a 14 percent decrease in overall taxes. The district will have collected \$2,322 million in taxes by the end of the present fiscal year.

The state will fund the district \$3,682,000, based on average daily attendance, the foundation program and reimbursements provided because of tax revenue lost by the school district to \$5,000 homestead exemptions and taxing

land on agricultural value which are both part of the Tax Relief Amendment approved by Texas voters.

The budget breakdown is as follows: Instruction, \$3,476,000; instructional administration, \$29,000; instructional resources, \$140,000; school campus administration, \$377,500; guidance services, \$102,500; health services, \$41,000; student activities, \$137,000; food service activities, \$28,000; general administration, \$297,000; debt service (interest on loans), \$500; plant maintenance and operation, \$968,000; acquisition and construction of facilities, \$50,000; and community services, \$15,500.

Student-activity funding includes \$70,000 as a supplement to the athletic fund and \$22,500 for the salaries of the athletic director and a part-time secretary for his department.

The total athletic budget is \$105,150, an increase of \$4,900 over the current fiscal year.

The plant maintenance and operation budget includes \$355,000 for utilities, \$200,000 for contracted services, \$100,000 for supplies and materials, \$28,500 for miscellaneous expenses and \$25,000 for capital outlay.

Contracted services will include

Commission Issues Hall Certificates

By PAUL SIMS

Hereford city commissioners Monday night authorized a payment of \$105,000 through certificates of obligation to contractor C.L. Thompson of Lubbock for work done in July on the new city hall, which should be completed sometime in November.

The commission met in regular session Monday night to discuss issuance of the certificates, a request from the Downtown Variety Park concerning sidewalk sales, the resignation of Sherry Hoover on the county juvenile board, a resolution authorizing the mayor to borrow \$150,000 for wells and a supply line, the problem of recreational vehicles on city streets and the monthly budget report.

Certificates of obligation are issued, purchased and guaranteed by cities to finance construction. Hereford is paying for the construction with revenue-sharing funds through the issuance of certificates, which are redeemed by the contractor at First National Bank.

Commissioners Monday resolved to approve a change order in the contract between the city and contractor. The city hall originally was going to cost \$754,000, but City Manager Dudley Bayne said the cost had been lowered by \$1,763.

The new total of \$752,237 was approved through the resolution.

Mike Patrick, president of the

Downtown Variety Park, a merchants' association, requested that businesses on Main St. be allowed to conduct three sidewalk sales a year, each with a duration of no more than two days.

A city ordinance prohibits the display or sale of goods on city property, including sidewalks. Downtown merchants had been permitted to conduct the sales, but Patrick told the commission, "We need something that we can get our teeth into."

Patrick said merchants had purchased liability insurance to conduct sales in the past.

Commissioners agreed that a new ordinance be written to allow merchants to conduct sales on a limited basis. Sales will be conducted under the auspices of the chamber of commerce with the approval of Bayne.

Individual merchants still will not be permitted to conduct sales since the ordinance will pertain to sales involving a group of downtown merchants.

No action was taken Monday, but the ordinance will be considered for approval at the next commission meeting, scheduled for Sept. 17. The original meeting date, Sept. 3, is a holiday.

Mrs. Hoover resigned from the juvenile board in order to devote more time to the child welfare board. The two boards had involved the same people as directors in the past, but are dividing, according to Mrs. Hoover and juvenile board member Charlie Bell.

Her resignation was accepted by the commission.

Bell requested that Mrs. Hoover be replaced by a city commission "so you'll know what's going on when it comes to

(See CITY, Page 2)

Appraisal District Panel Named

Representatives of four governing bodies in Deaf Smith County voted to change a state-provided method of electing a board of directors for a single tax-appraisal district in the county then decided to approve an already-agreed-upon list of directors through resolutions to be passed in regular meetings of each entity.

Twenty-nine representatives of the Hereford and Walcott school districts, City of Hereford and Deaf Smith County attended the special meeting Monday in the school administration board room. An employee of the hospital district, which will be represented on the board but cannot vote in any election of directors, was also on hand.

In a 28-1 vote, entity representatives voted to not hold an election of directors for the district, which will be created as a requirement of Senate Bill 621, which implements part of the Tax Relief Amendment approved by Texas voters last November.

Sallie Strain, president of the Hereford Independent School District board of trustees, cast the lone dissenting vote.

then told The Brand following the meeting that she did agree with changing the process set up by SB 621.

"I think it was set up that way for a reason," Mrs. Strain said. "But it's not going to make that much difference probably."

HISD trustee James Gentry, Walcott board member Dan Hall, city representative Melvin Jayroe, County Commissioner Bruce Coleman and hospital district board president Frank Zinser Jr. will form the appraisal-district board on Jan. 1, 1980.

Each of the governing bodies decided on a representative at regular-called meetings during the last three weeks. The entity boards will approve the list of directors through resolution in upcoming regular meetings.

Had the entities not changed the method of electing directors Monday through a three-fourths vote, permitted by the act, an election would have been held, with each body given a number of votes based on amount of taxes levied in the county.

The votes then would have been

certified by the county clerk—a step which the entities voted to bypass.

SB 621 allows entities to change any or all of the election procedures set up by the statute.

Tax attorney Jim Blair of Amarillo said the directors should be officially chosen through resolutions passed in regular sessions to avoid "any chance of a lawsuit. You're more protected this way."

Before Monday's vote, city commissioners, Mayor Bartley Dowell and City Manager Dudley Bayne asked for a break

Gasohol Meeting Scheduled

By JIM STEIERT
Brand Farm Editor

Local residents interested in the production of alcohol from agricultural products will take a look at the feasibility of constructing a large, farmer-owned grain processing facility here during a special meeting Thursday.

The session is scheduled for 8:30 p.m. at the Hereford State Bank, according to Jerome Friemel, a spokesman for the organizers of the session.

Friemel pointed out that a wet-milling process will be considered.

The procedure involves removing various components of the grain, and converting starch to glucose, which is distilled into a fuel grade alcohol.

Protein, which is a by-product of the process, is marketable as a human food source, while other by-products have strong potential markets in the cattle feeding industry.

"We've talked to some local folks who feel it might be a real asset to have these by-products for use by the area cattle feeding industry," stated Friemel.

Clayton Litchfield of North Dakota will be a featured speaker during Thursday night's session, while a representative of Stephens & Co. will also be on hand to discuss the financing of such an undertaking.

According to Friemel, a 20 million gallon per year alcohol production plant

(See GASOHOL, Page 2)

But Expenses High

Hospital Monthly Report Down from Last Year

By PAUL SIMS

Deaf Smith General Hospital had its best financial month of the year in July during 1978, failed to come close to a similar showing in the same month this year, but still finished July with more revenue than expenses, Deaf Smith General Hospital Administrator Jim Bullard reported this morning.

Bullard submitted copies of the July financial statement this morning to hospital district directors.

"Revenue per patient days were quite good last month, but our expenditures also were quite good (high)," Bullard said.

The hospital recorded an average \$187.54 in revenue per patient day last month, but paid out \$182.75 per patient day, an average excess of \$4.79 of revenue over expenses.

Deaf Smith General finished with

\$1,939 in revenue over expenses for the month, compared to \$10,163 a year ago.

Bullard told the board he was still pleased with the monthly showing. The hospital, he said, admitted 235 patients, compared to 260 in July of last year, and had an average daily census of 32.6, compared to 40 a year ago.

Through July 31, the hospital has admitted 2,308 patients, compared to 1,922 last year, for a 16.7 percent increase.

Cash on hand through July totaled \$16,070, compared to a \$4,828 deficit in the same period last year.

Bullard gave the monthly medical staff report in the absence of Dr. A.T. Mims, chief of staff. Purchase of a \$67,600 nuclear-medicine gamma camera highlighted discussion of the recent medical

Getting the Bull

Deaf Smith County Chamber of Commerce President Ken Rogers Saturday presents the coveted Hereford Bull Award to visiting Diane Pingree, publisher of Texas Woman magazine. Ms. Pingree served as marshal of the National Cowgirl Hall of Fame All-Girl Rodeo Parade through downtown Hereford. The presentation was made at a luncheon honoring seven inductees into the hall of fame. [Brand photo]

Blood Mobile To Make Monthly Stop

Hereford citizens are urged to donate blood tomorrow, between 3-6 p.m., at the Community Center, where the mobile unit from Coffee Memorial Blood Center will be stationed.

Joan Bookout, local drive chairman, has announced that 72 pints of blood are owned locally for this month. Blood can be designated from an existing account, blood insurance, personal credit or the Hereford pool.

Owing blood for the month of August are:

Polcarpio Madrid, 8 pints.; High Plains Baptist; Cathy Blea, 8 pints.; Deaf Smith General Juanita Dickson, 8 pints.; Deaf Smith General; E.A. Kelly, 12 pints.; Deaf Smith General; Francisca Ruiz, 8 pints.; Deaf Smith General; Lavonne Easley, 12 pints.; and Raymond Morales, 16 pints.; Deaf Smith General.

Older accounts still needing donations are Cecilia Vasek, 5 pints.; Mary Hale, 11 pints.; Bill Lookingbill, 13 pints.; and Larry Bain, 22 pints.

update tuesday

Nitrite-Free Meat Producers Given Boost

WASHINGTON (AP) - The Agriculture Department has given a boost to processors of nitrite-free meat products, a potentially major market for pork and beef as the government's concern over the long-time additive grows.

The department's food-safety regulations said Monday that, after Sept. 20, products that look like frankfurters, for example, can be sold under the traditional product's name as "uncured frankfurters."

Present regulations under the Federal Meat Inspection Act require nitrite-free hotdogs to be labeled "uncured cooked sausages" if they are sold across state lines.

Hotdogs, bacon or bologna, for other examples, now have to be preserved by traditional methods - using sodium nitrite or nitrate - to be sold as hotdogs, bacon or bologna.

Both types must meet federal standards for wholesomeness.

Assistant Secretary Carol Tucker Foreman said the label change will help producers meet consumer demand for nitrite-free versions of old favorites. At the same time, she said, it should end the confusion the old rules caused shoppers.

Young Supporters

Meeting With Israelis

UNITED NATIONS (AP) - Black supporters of Andrew Young are meeting with an Israeli official today to urge recognition of Palestinian rights after saying they support the rights of both Jews and Palestinians to national homelands.

Campaigning for Israeli-Palestinian rapprochement in the wake of Young's resignation as U.S. ambassador to the

United Nations, officials of the Southern Christian Leadership Conference were to meet with Israeli U.N. Ambassador Yehuda Z. Blum, they were also to hold a news conference, meet with New York Jewish leaders and address a rally of black groups at a Manhattan church.

Nachum Shai, a spokesman for Blum, told a reporter the SCLS delegation sent word to the ambassador that it wanted to "clarify our support for the PLO's human rights to establish a state." But at a news conference Monday SCLS president Joseph E. Lowery would not go beyond endorsement of the Palestinians' right to a homeland.

The SCLS leaders had lunch Monday with the Palestine Liberation Organization's U.N. observer, Zehdi Labib Terzi. Lowery told reporters: "We communicated to Mr. Terzi and his associates our support for the human rights of all Palestinians, including the right of self-determination involving among other things their homeland."

Government Provides

List Of Gas Prices

WASHINGTON (AP) - Motorists who suspect their local service stations of price gouging can now arm themselves with a government list of maximum legal gasoline prices in 20 major U.S. cities.

The Energy Department released the list Monday in its continuing battle to monitor the prices of gasoline being charged by the nation's more than 175,000 service stations.

But Michael Podhorzer of the consumer Federation of America charged that penalties for pricing violations and the chances of being discovered are so remote "people are not afraid of being found in violation."

And the department itself acknowledged it has had only 50 auditors working on complaints of retail gas prices. However, the department added that an additional 150 should be in the field soon in response to President Carter's recent order to increase the size of the auditing staff.

Federal rules have regulated the price of gas at retail stations for the past five years. The current ceilings range from a low of 86.2 cents a gallon for regular in Dallas to almost \$1.15 a gallon for

premium in New York. The maximum prices are based on the wholesale gasoline price paid by the station operator plus taxes and a maximum margin of 15.4 cents a gallon to cover overhead and profit.

OPEC Wins 1st Round Of Price-Fixing Suit

LOS ANGELES (AP) - The Organization of Petroleum Exporting Countries has won the first round of a price-fixing suit against it without appearing in court.

As hearings on the suit began Monday, U.S. District Judge A. Andrew Hauk ruled that OPEC could not be a defendant and declared it was not liable for damages under United States antitrust laws. The oil cartel had no representatives present in court.

Hauk left OPEC's 13 member nations as defendants, but expressed doubts as to whether they are subject to U.S. laws or the authority of his court.

The suit, filed last December by the 900,000-member International Association of Machinists, seeks an injunction to block American oil companies from passing OPEC price increases to consumers.

It accuses OPEC and its member nations of violating the Sherman Antitrust Act by fixing prices and contends the oil producers are subject to U.S. laws because their crude is sold here.

In June, oil ministers meeting in Geneva approved an increase in OPEC's base oil price from \$14.55 a barrel to \$18, but allowed members to add a \$2-per-barrel surcharge and boosted the premium charged for higher-quality oil to \$3.50 a barrel. The increases were the largest since prices quadrupled during the 1973-74 Arab oil embargo.

Weather

West Texas - Partly cloudy through tonight with scattered thunderstorms, most sections, possibly a few locally heavy north mainly this afternoon and evening. Fair north partly cloudy central and south Wednesday with widely scattered afternoon thunderstorms. No important temperature changes. Highs through Wednesday 85 to 98. Lows tonight 55 to 72.

The board also discussed insurance on school vehicles, then decided to do away with collision insurance, increase the deductible on comprehensive insurance and maintain a \$250 deductible liability policy.

Trustees present at the budget hearing included Hutchins, Sallie Strain, James Gentry, Jim Arney, Paul Ramirez and Mack Tubb. Clark Andrews was absent.

Hall of Fame Honorees

Inducted into the National Cowgirl Hall of Fame this past weekend were, left to right, Reba Blakely, Mary Parks, Isora D. Young, Dora Waldrop, and Nancy Binford. Pictured at a luncheon Saturday, the ladies received gifts and mementos from Deaf Smith County Chamber of Commerce, Mayor Bartley Dowell and County

Commissioner Austin Rose, Women's Division president Mary Herring and Cathy Pollard of the Hereford CowBelles. Also inducted into the Hall were Vera McGinnis, who was unable to attend, and Narcissa Whitman, who died in 1847. Several past honorees were also recognized at the Saturday luncheon, held at the country club.

President Carter Is Vacationing

ABOARD THE DELTA QUEEN (AP) - Appearances to the contrary, President Carter really is on vacation. Why else would he sleep until 7 a.m., two hours later than normal? Why else might the meticulously punctual president be late, yes late, to a picnic of factory workers?

Monday was a typical vacation day for Carter, if any day spent cruising down the Mississippi River on a 53-year-old sternwheeler can be called typical for a president of the United States.

He abandoned ship at 7:30

a.m. for a half-hour jog alongside the river, climbing over the teak railing of the Delta Queen as it waded its turn to go through Lock No. 11, just north of Dubuque, Iowa. A White House steward was waiting with a white towel when the perspiring president returned to what has been dubbed "Steamship One."

For the next hour, according to aide Frances Voorde, the president did paperwork.

Each morning he receives a daily intelligence briefing relayed over sophisticated communications gear from the White House as well as a news summary that includes a review of reports of his activities.

"He is in touch with everything he has to be in touch

with," Ms. Voorde said. But she and other White House staff members are keeping only a casual eye on the president.

Carter had just a glass of juice for breakfast and spent the period from 9 a.m. to 11 a.m. at a shoreside rally in Dubuque.

He walked down a line of people about one-quarter of a mile long, shaking hands with hundreds of area residents, patting little girls on the head and posing with a goat bearing a sign reading: "Conserve energy. Get a perpetual motion lawn mower."

Theft of Bikes, Stove Keep Police Busy

Bicycle thefts continue to keep the Hereford Police Department busy as two bikes were reported stolen from the Oscar Rivera residence at 324 Ave. E.

A pot-bellied stove, belonging to Bobbi Owen of 340 Elm, was

also reported missing along with one-half inch pipe joints.

The police-Monday investigated a simple assault call at the Bluewater Gardens and a threat involving a domestic quarrel. Other calls to the police included checking on loose cattle at the intersection of 15th and Highway 385 and a suspicious vehicle on Kibbe St.

Also, hot-rodding cars were reported on the 600 block of Ave. H, but investigating officers could not locate the offenders.

A woman reported finding a gun on the 200 block of Elm, but on investigation by officers, the weapon turned out to be a toy.

There were 15 moving traffic citations issued and one parking ticket.

San Jose Water Meeting Scheduled

Residents of the area served by the San Jose Fresh Water District will meet tomorrow at 8 p.m. at the clinic located in the San Jose community to designate a date for general elections for the district.

An ordinance concerning the presence of bare holes, cesspools and other sewage problems is expected to be drawn up during the meeting, according to Robert Gallegos, tax assessor-collector for the San Jose District.

Amendments to a resolution recently adopted by the city of Hereford concerning acceptance of sewage into the Hereford treatment facilities will also be discussed.

All residents of the San Jose area are urged to attend.

Budget

completion of numerous items prioritized by Superintendent Harrell Holder in a recent meeting as needed improvements in the school system.

Trustee David Hutchins questioned the food services supplement and was told by Holder that increasing it from \$18,000 to \$28,000 without raising breakfast and lunch prices "helps all families with students in the school district."

The board, after it voted on the budget

and set the tax rate, approved amendments to the 1978-79 budget, which is in effect until Oct. 1.

According to Phillips, tax collections are running at a higher rate than the budgeted amount, estimated revenue is up from \$5.45 million to \$5.618 million, expenditures are up from \$5.338 million to \$5.453 million and the net fund balance is higher by approximately \$67,000.

tax revenue generated this fall. "We're running low on our surplus," said Bayne, stating the need for a bond issue to pay for improvements in the city's water system.

No date for a bond election has been scheduled, although it could be set for sometime this year, Bayne said today.

The commission took no action on the

City

the budget. Wes Fisher was appointed to replace Mrs. Hoover. Commissioners voted to borrow \$150,000 to pay for completed construction of three wells in northwest Hereford and a water-supply line.

The total cost of the project is \$215,763, but Bayne said the bank would only loan \$150,000—a figure to be paid back with

District

of Hereford 600.12 percent and Walnut ISD 150 (three).

Deaf Smith County Hospital District and local water districts have no votes, according to the statute, but are required to share in the cost of appraisals, based on amount of taxes levied.

The act allows a member from the hospital district board to serve as a voting director in the district, however.

Blair told representatives of the local utilities in a meeting July 25 that although it is not required for Deaf Smith County to be part of the district, the county should exercise its state-provided

option to be represented in order to have input in the election of directors and operation of the board.

The School Tax Assessment Practices Board will be dissolved on Jan. 1 and replaced with a regulatory body—the State Property Tax Board, which will oversee the state's local tax-appraisal districts.

The appraisal district board of directors will take office on Jan. 1. On Oct. 1, 1980, the chief appraiser of the local district is required to submit a budget, which must be approved by directors on Dec. 1, 1980. The chief appraiser may be a private

Hospital

staff meeting, according to Bullard.

Bullard said a used model would have cost the hospital \$67,600, which would have been a savings of more than \$20,000, but the equipment was sold to another hospital.

"Since" had already quoted them a figure and had talked about the possibility of buying it, they said we could have a new machine for \$67,600," Bullard said.

"We have two ways to go. We would need final approval of the board"

depending on the medical staff's recommendation, and we need to secure an exemption certificate from the Texas Health Facilities Commission."

The certificate is required in order to receive Medicare and Medicaid reimbursements for the machine.

The board, although it took no official action on gamma camera, which will be used in scans of the body, authorized Bullard to secure an option to purchase the unit.

Director Gerald Payne, a physician,

individual or an already-established tax office in the county.

Another responsibility of the board will be the establishment of a three-member board of review, which will replace the separate boards of tax equalization in 1982.

The state will provide funds to the appraisal district in 1980, but local funds, along with reduced state money, will pay for office operations in the following year.

The law takes total effect on Jan. 1, 1982, when property appraisals begin for the single district.

recommended that the hospital district purchase the machine.

"It has so many uses. It scans almost any portion of the body—from the brain to the bones. Right now, we send all our scans to Amarillo. Almost anybody else anywhere is using scans, so we're about 10 or 15 years behind," Dr. Payne said.

Bullard said a copy of the preliminary budget, also had been given to the medical staff, which reviewed it to make recommendations.

Casohol

would cost approximately \$30 million to construct.

"According to figures we've been furnished, with the present prices of alcohol and the marketability of various by-products, the producer could receive a return of up to \$8 per bushel for wheat and \$8 per hundredweight for corn. Milo would return around \$6.90 per hundredweight," stated Fricmel.

The local farmer pointed out that the first step toward securing a local alcohol plant would be a feasibility study, which would look into the accuracy of

productivity and potential return figures.

Fricmel indicated that a plant of the magnitude being pictured would consume seven million bushels of grain per year.

"This is a look to see if farmers in the Hereford area are interested in such a facility. We felt a meeting should at least be held here to determine if there is any interest. This will give us an opportunity to consider the best location for a plant as well," stated Fricmel.

According to the local spokesman, a

farmer-owned plant here would produce 200-proof alcohol from grain and other agricultural products.

The grade of alcohol would be ideal for combining with gasoline to form the product gasohol, an extended form of gasohol.

Gasohol is receiving growing emphasis as fuel alternatives are sought.

The product is reported to give 10 percent better gas mileage, while burning cleanly and improving the efficiency of many vehicles.

Obituaries

W.J. REEVES

Services will be at 3 p.m. tomorrow in the First Baptist Church with the Rev. Doug Manning pastor, officiating, for W.J. "Dub" Reeves, 61, of Amarillo. Interment will be in West Park Cemetery under direction of Gilliland-Watson Funeral Home.

Mr. Reeves died Sunday. He owned and operated "Dub's Men's Shop," in Hereford and several years prior to moving to Amarillo.

He was a native Texan, and was working in the men's clothing department of Blackburns at the time of his death. He married Ione Luck in 1940 in Sayer, Okla. He was a veteran of World War II, a member of First Baptist Church in Hereford, Hereford Masonic Lodge No. 849, El Paso Consistory of the Scottish Rite and the Khiva Temple of the Shrine.

Survivors include his wife; two daughters, Mrs. George Scott of Oklahoma City and Mrs. David Scott of Center, Colo.; a sister, Mrs. T.J. Clay of Amarillo; and four grandchildren.

The family will be at 3321 Eddy, No. 163 in Amarillo.

VIOLA WILLIAMSON

Viola Williamson, 51-year-old daughter of Mr. and Mrs. O.C. Cummings of Hereford, died of illness Friday enroute home from Jakarta, Indonesia, where she had been visiting her son. Her death occurred in Singapore.

Services for the Amarillo resident are pending in Amarillo.

Mrs. Williamson was a longtime resident of Phillips before moving to Alaska. She moved back to Texas Panhandle following the death of her husband, Jack Williamson, on Dec. 17, 1978.

Mrs. Williamson was a member of Southwest Church of Christ in Amarillo.

She is survived by two sons, Jack Williamson of Jakarta, Indonesia and Larry Williamson of Gillette, Wyoming; a daughter, Janice Beltz of Gastonia, Ariz.; three sisters, Lois McDermitt of Hereford, Norma Dement of Amarillo and Ruby Neff of McAllen; a brother, Floyd Cummings of Landar, Wyo.; and 4 grandchildren.

A.M. "PETE" CARMACK
A.M. "Pete" Carmack, 66, of

Amarillo died Friday. He was the grandson of the late J.M. and Emma Brownlow of Hereford and is survived by several local relatives.

Funeral services were conducted in First United Methodist Church at Floydada with the Rev. John Mourer, retired minister, officiating. Burial was in Floydada Cemetery by Moore-Rose Funeral Home. Born in Eldorado, Okla., Mr. Carmack was employed for several years with Luther Lesly of Hereford. He moved to Amarillo in 1972 and retired from work as a mechanic in 1975.

His survivors include the widow, Ruby, two daughters Mrs. Millie Burgett and Mrs. Norma Jefcoat, both of Amarillo; his mother, Mrs. Eula Carmack of Fresno, Calif.; two sisters, Mrs. Geneva Cook of Fresno and Mrs. May Phifer of McAdoo; a brother, Glen Carmack of Los Angeles; seven grandchildren and a great-grandchild.

Serving as pallbearers were several local residents, Don McNeese, Johnny Brownlow, James Brownlow, Emory Brownlow, Kit Sanders and Gene Brownlow.

Panhandle SWCD Meet Scheduled Wednesday

TEMPLE - Emphasis on well managed and efficient sprinkler irrigation systems, furrow irrigation systems, erosion control and beautification projects down by the Youth Conservation Corps as well as test plots on Bindweed control will be sites visited as part of a conservation tour sponsored by the Panhandle Association of Soil and Water Conservation Districts announced Willard McCloy, president of the organization.

The meeting and tour is scheduled to begin at 10 a.m. at the Rita Blanca Coliseum Wednesday in Dalhart. McCloy added.

During the afternoon business session Frank Gray, member, Texas State Soil and Water Conservation Board; Charles Wood, vice president, Association of Texas Soil and Water Conservation Districts and A.C. Spencer, executive director, TSSWCB will brief soil and water conservation district directors on recent actions of each organization.

Twenty-five soil and water conservation districts are members of the Panhandle Association of SWCDs. They include: Hall-Childress, Tule Creek, Gray County, Cap Rock, Donley County, Dallam, Salt Fork, Lipscomb County, Running

Water, Moore County, Hemphill County, Parmer County, Wheeler County, Ochiltree, Tierra Blanca, Roberts, Hutchinson, Palo Duro, Hansford, Hartley, Oldham County, Slicked Plains, McClellan Creek, Sherman County and Canadian River SWCDs.

Current officers of the organization are Willard McCloy, president, Sunray; John Frantz, vice president, Hartley; and Larry Don Smith, secretary, Perryton.

Hosting the meeting is the Hartley Soil and Water Conservation District headquartered in Dalhart.

Ann Landers

Lawyer Writes Explicit Chapters

DEAR ANN LANDERS: Several years ago my brilliant lawyer-husband decided to make his fortune by writing an autobiographical book about the legal profession. He concluded midway through the project that no book sells without a little sex. So he decided to include some explicit chapters describing his "conquests" and escapades. (They occurred before he met me, of course.)

I agreed to type the manuscript as a favor. When I came to the chapters describing his orgies, I fell apart. He couldn't understand why I felt hurt and embarrassed. No amount of explaining did any good. I cried most of the time as I typed the remaining chapters.

When the manuscript was rejected by the publisher, I was delighted. He was depressed. I hoped that would button up his project, but I was wrong. Now he wants to rewrite the book (spice it up a little) and try another publisher. I refused to go along with him on the rewrite. He says I am "immature and non-supportive." Am I? Give me your opinion. It matters. -- Walking

A Tightrope In Massachusetts
DEAR WALKING: If you don't want to help your husband in a project you consider embarrassing and hurtful, you have the right to refuse. Don't allow him to put you on the defensive. It sounds as if your judgment is a lot better than his.

DEAR ANN LANDERS: Recently you published a letter from a girl who wanted to know if anyone could tell for sure whether or not she was a virgin. My question goes a little further. I would like to know if anyone (medical or non-medical) can tell if a woman has had an abortion. Also, is it possible to bear a child without complications if an abortion has been performed? I have heard different opinions on this matter, but since your sources seem to be well-informed, I am writing to you for the final word.

-- Must Know Soon In San Juan
DEAR S.J.: According to Dr. Robert E. Lane, president of the Chicago Gynecological Society:

1. A sexual partner would not be able to tell if a woman has had an abortion. A doctor might be able to detect it if the cervix had been lacerated.

2. Women who have had abortions can bear a child without experiencing any complications.

DEAR ANN LANDERS: I have never written to you before, but the letter from that married man who boasted about having 75 affairs in 23 years and bragged that he was never turned down doesn't prove he is irresistible, as he seems to think. It merely proves his ability to lack of a woman's character -- or lack of it. I'm sure he never propositioned anyone he thought might reject him. His ego wouldn't let him take the chance. Water seeks its own level. Right? So does mud.

-- Florida Philosopher
DEAR FLORIDA: I was unprepared for the barrage of mail "Mud's" letter produced. Only women wrote -- most of them wives who wanted to know where that letter came from. (I never give out information that might reveal the identity of my sources.) The heavy response was disquieting evidence that there's an awful lot of suspicion out there.

Miss Sara Jo Bell, formerly of Hereford, and David John Belknap of Austin were married in a natural outdoor setting August 12 on a hillside near Austin. Overlooking a pond and meadow, the couple exchanged vows on the grounds of Laos House.

Conducting the nuptial ceremony was Bob Bryant, director of Laos House. The bride, who has resided in El Paso and Austin for the past few years, is the daughter of Mr. and Mrs. Charles Bell, 132 N. Texas. The bridegroom is the son of Dr. and Mrs. E.L. Belknap Jr. of Madison, Wisc.

Attending the bride and groom were Kathi Ann Bell, the bride's sister, as maid of honor, and Anthony Ulinski of Raleigh, N.C. as best man. Additional bridesmaids were the bride's sister, Becky Bell of Longview, the groom's sister, Mrs. Hal Cohen of New York City, and Mrs. Jim Light of El Paso. Acting as groomsmen were the bride's brother, David Bell, Mike Koss of Milwaukee and Jeff Panciera of Seattle, Wash.

The couple's chosen wedding selections were vocalized by Rebecca Norman.

The bride was given in marriage by her father and wore a slipper-length gown of sheer white organza, embroidered and

laced with tiny tucks. The shepherdess bodice was designed with portrait neckline, edged by a wide ruffle which draped over her shoulders.

She wore laurels of baby-breath in her hair and carried a bouquet of multi-colored summer flowers.

Also included in her trousseau was a pair of pearl earrings, borrowed from Kima (Marsh) Light.

The bridal attendants wore day-length summer frocks of sheer voile. They carried arm bouquets of daisies and chrysanthemums.

After the wedding service, guests gathered on the terrace of the Laos House and in the lodge's large reception room to congratulate the newlyweds. Refreshments were served by Elaine Sullivan of El Paso and Diane Gugendahl of Galveston.

In September, the newlyweds will take their honeymoon trip to northern Michigan, where the groom's family has a cottage on Lake Michigan. The couple will make their home in Austin, where he is employed by the Austin Fire Department.

A 1971 graduate of Hereford High School, the bride attended Texas Tech University and the University of Texas at El Paso. She graduated in May from the

University of Texas at Austin with a major in studio art. The groom is an honor graduate of Beloit College at Beloit, Wisc., where he majored in art.

Out-of-town guests attending the recent ceremony included Mr. and Mrs. Roland Hairgrove and Mr. and Mrs. Virgil Marsh, all of Hereford; the groom's parents and his grandmother, Mrs. E.L. Belknap Sr. of Milwaukee; and Miss Helen Belknap, also of Milwaukee.

Mr. and Mrs. Charles Bell Jr. honored their daughter, Sara, and her husband, David Belknap, at a post-nuptial reception in their home last week. The Bells took this opportunity to introduce their son-in-law's parents, Dr. and Mrs. E.L. Belknap Jr. of Madison, Wisc. to their Hereford friends.

Other hosts for the garden party were the Bells' children, Mr. and Mrs. Kenneth Williams of Longview, Kathi Bell and David Bell, both of Hereford.

The bride's sisters, Becky Williams and Kathi Bell, poured punch from a table laid with white eyelet lace over blue linen. A bouquet of blue and white flowers in a silver vase was the centerpiece. Also

decorating the serving table were candles set in hurricane globes, set on mirrored tules. A variety of finger foods were served.

Reception guests were seated at quartette tables draped with white cloths, each centered with a blue candle in a hurricane

lamp atop a mirrored table. Members of the house party, who assisted at the courtesy, were Meses. David Hutchins, Bob Josseland, George DeBoer, Ray Simpson, Roland Hairgrove, Helen Parsons, Gene King, Charles Hoover, Jim Perrin and Elmo Hall.

Urbanczyk Reunion Attracts 181 People

One hundred eighty-one were in attendance at the 11th annual Urbanczyk reunion recently in Thompson Park in Amarillo. The children of the late Felix Urbanczyk were hosts for the occasion. They included Mrs. Ed Dziuk, Mrs. John Kotara Jr. of White Deer, Mrs. Aurelia Urbanczyk, Mrs. Arhart Reinart, Mrs. A.C. Stengel, Mrs. Bill Stengel, Mrs. Sam Mazurek and Tony Urbanczyk.

A memorial service was led by Henry Urbanczyk with prayers for deceased members of the Urbanczyk family. Relatives who died in the past year were Wanda Decker, (a sister of the late John, Ben and Felix Urbanczyk) who always came to the reunions, and Will Jungman, their brother-in-law; also Kenneth Wright, Jamie Sue Ogletree, Pete Comperlik and Regina Kotara.

The oldest member present was Rosie Urbanczyk, John's widow, 94 years young, Felix's great-grandson, Mikey Morrison, 6 weeks old son of Mr. and Mrs. Mike Morrison, was the youngest. Special guest were Mrs. Adela Bichsel, Panhandle, sister of the three brothers; Mrs. Sally Haiduk, Panhandle; Mrs. Ella Dupnik, Hereford; and Mrs. Orma Harlan, Skellytown. Traveling the longest distance were Mrs. Florence Pawlik, and Mrs. Peggy Pawlik and daughter Lory from McAllen, Tex.

First member of the family in America was Anton Urbanczyk who came to the United States with his parents and one hundred other families in 1854. The Urbanczyks were in the first large group of Polish farmers to come to America - forerunners of the hundreds of thousands that were to follow them in the half century before the first world war.

The immigrants landed in

Indianola, after a long 9-week voyage and a few weeks later, the Polish wagon train slowly made its way to San Antonio and on to a small tract of land 35 miles away, where they reached their destination. That night, several hundred people crowded reverently around a massive oak tree on top of a hill for the First Christmas midnight mass for Polish Catholics on American soil. The celebrant was the Rev. Leopold Moczygmba. He was working among German colonists in 1852 in Texas and decided to help his countrymen come to America. He is a great-great uncle to Tony Urbanczyk and Mmes. A.C. Stengel, Bill Stengel and Sam Mazurek.

The new settlement was named Panna Maria. Due to hard times in Panna Maria, some of them moved to other places and established other settlements.

In the early part of the 20th century, Anton Urbanczyk moved his family to Rhineland, Tex. From there, three brothers moved to White Deer - John in 1910; Ben and Felix in 1911. Their sister, Adela Bichsel, came in 1921.

Present from Hereford were Mr. and Mrs. Ed Dziuk Sr.; Mr. and Mrs. Bob Schmucker and Alex; Mr. and Mrs. Arhart Reinart and Doug; Mr. and Mrs. Connie Urbanczyk, Heath and Chad; Mr. and Mrs. Martin Urbanczyk and Joshua; Mr. and Mrs. Jimmy Sims; Mr. and Mrs. Sam Mazurek, Sammee, Pam, Lesa; Scott, Joey, Mandy and Tori; Mrs. Aurelia Urbanczyk; Mr. and Mrs. Bill Stengel, Mickey, Andy and Richard; Mr. and Mrs. Tony Urbanczyk, Kevin, Mark, Brian, Chris, Greg and Lori; and Mr. and Mrs. A.C. Stengel, Charlie and Phil.

4-H Firsthand

4-H PROGRAMS
OFFER VARIETY
By AGNES TAYLOR
Assistant TAYLOR
Extension Agent

Young people with a desire to learn more about their world have the opportunity to

participate in a fast-growing organization -- 4-H. The 4-H program offers a variety of activities for youth between the ages of 9 and 19. Young people can get involved in project groups, special interest groups or service

groups that appeal to their interests.

While 4-H meetings cover a variety of subjects and activities and are held periodically, project groups work on one specific subject and last only as long as the project lasts.

Project subjects may include gardening, auto repair, raising and caring for an animal, safety and clothing. These project groups are usually directed by a volunteer leader.

Special interest groups are a vital part of the 4-H program and may deal with such subjects as drugs, dating, etiquette and ecology. These group studies help youth learn more about the world in which they live and help them to better adapt to

changing environments.

Service groups work to help improve the community and may change in fund-raising projects for the needy and disadvantaged or work on neighborhood beautification or with underprivileged youth.

The 4-H and youth program is a good way to get involved in today's world. For more information on this action-oriented, learning-by-doing organization, contact the county Extension office.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic levels, race, color, sex, religion or national origin.

Carnival Scheduled To Benefit MDA Fund

Hereford Elks Lodge has scheduled their annual Muscular Dystrophy Carnival for Sept. 2 in Dameron Park.

Cash donations, merchandise and gift certificates are now being collected by lodge members, their wives and children for this event.

Activities planned during the carnival include an auction,

dunking board, concession stands, fishing pond, darts, cake walk, coin pitch, putt-putt golf and other games. Proceeds of the carnival activities will be sent to the Muscular Dystrophy Association in care of Jerry Lewis, national chairman.

Jerry Johnson is local MDA chairman and Merl Bridges is carnival chairman.

Klimek, Paetzold Given Scholarship

Two Hereford residents, Shawn Klimek and Stephanie Paetzold recently were awarded a \$100 President's Honor Scholarship to attend West Texas State University for the 1979-80 academic year.

Shawn Klimek is the daughter of Mr. and Mrs. Stanley Klimek of 117 Ave. H. Stephanie Paetzold is the daughter of Mr.

and Mrs. George J. Paetzold of 105 Fir.

The students, who were selected on the basis of leadership qualities and have superior academic achievement records, were offered the scholarships by campus recruiters under the direction of Keith Winter, WTSU director of development.

New Arrivals

Mr. and Mrs. Ricardo S. DeLaPaz of 707 Irving are the parents of a son, Ricardo S. DeLaPaz Jr., born Aug. 14 at Northwest Texas Hospital in Amarillo. He weighed 10 lbs. 6 ozs. Grandparents are Mr. and Mrs. Luis DeLaPaz of Raymondville, Mrs. Pauline Maldonado of Greeley, Colo., and the late Eddie Maldonado. The couple also have a daughter, Christina Ann DeLaPaz, age two.

Nuptial Vows Exchanged During Sunday Ceremony

Lynn Teague became the bride of Terry Lynn Sonnenberg in a nuptial ceremony Sunday afternoon in the First United Methodist Church with the Rev. William D. McReynolds, pastor, officiating.

Decorating the altar were baskets of fresh flowers.

The bride is the daughter of Mr. and Mrs. Jimmy G. Teague of Amarillo and the groom is the son of Mr. and Mrs. C.J. Sonnenberg of Hereford.

Matron of Honor was Mary Ann Nunley and best man was Randy Sonnenberg, brother of the groom, of Foster City, Calif.

Leading guests to their seats were G.L. White of Hereford

and Sid McDaniel of Amarillo.

The bride's music selections were performed by Mrs. Dwight McGee on the organ.

The bride, wearing a dress made by her mother, wore a gown of candlelight eyelet fabric accented with lace and trimmed in peach ribbons.

She carried a bouquet of silk candlelight roses and peach daisies with touches of babybreath.

Her matron of honor, wearing a gown of pastel blue and peach floral print carried a bouquet of silk peach daisies and roses.

Following the ceremony, a reception was held in the home of Mr. and Mrs. C.J.

Sonnenberg. Attending the registry was Lorrie King, niece of the bride.

Serving the wedding cake was Eve Darling. Punch and coffee were poured by Mrs. G.D. King of Amarillo, sister of the bride.

Other assisting were Mrs. Jane White and Mrs. Naoma Spanon.

After a wedding trip to South Fork, Colo. the couple will be at home at 714 Irving.

The bride is presently employed by Security Federal Savings and Loan. The groom is employed by William E. Allen and Co. Inc. and a senior at West Texas State University. He is a member of Alpha Kappa Psi.

Anniversary Recognized

Mr. and Mrs. R.W. Eades were honored at a surprise party Sunday evening on their 25th wedding anniversary in the home of Mr. and Mrs. Charles Hoover. The couple are planning a return trip to Las Vegas, Nev. where they first spent their honeymoon.

Reception Hosted By Eades Children

Mr. and Mrs. R.W. Eades of 402 Douglas were honored Sunday evening in the home of Mr. and Mrs. Charles Hoover with a surprise reception recognizing their 25th silver wedding anniversary.

Hosting the occasion were Carol Vasconcellos of Venezuela and Brian Eades of College Station. They are the children of the Eades.

A multi-tiered wedding cake of blue flowers was served from a table laid with an over-lace cloth of coconut fiber. A silver 25th Anniversary emblem adorned the top of the cake. Serving refreshments was Carol Vasconcellos.

The couple were given as gifts two silver goblets, a silver serving tray, a 25th anniversary dinner bell and a collection of silver coins from their children.

Also presented to the Eades at the reception was a photo album compiled by their children beginning with the marriage of the couple up to the present.

The couple are planning an anniversary trip to Las Vegas, Nev. where they spent their first honeymoon.

Others present were Messrs. and Mmes. Jerry Little, Clay Dark, and Hugh Wilson, all of Amarillo; Raymond White, Marvin Coffee, Wayne Thomas, O.G. Nieman, Waldo Baxter, Jim Bob Allison, the Rev. Doug Manning, Frank Prowell, Justin McBride, and Charles Hoover, all of Hereford; Carol and Tony Vasconcellos of Venezuela; Roger Eades of Independence, Mo.; Wes Eades of Kansas City, Mo., and Brian Eades of College Station.

District Elk Clinic Convenes in Amarillo

Another District Deputy Clinic was staged this past weekend in Amarillo Elk Lodge as a benefit for the Texas Elks Foundation for the Handicapped Children's Hospital at Luling

(near San Antonio). The hospital is supported entirely by the Texas Elks and does not receive any financial help from the State.

Joe and Judy Matthews of Mainland and Ralph Marz of Houston; state youth activity chairman, Chuck Williams of Plano; state inner lodge chairman, Lusty Love of Paris; and past inner lodge chairman, James Cooper of Pasadena.

The next district clinic is scheduled Jan. 26-27 and the following one is slated in Borger April 19-20, 1980.

Also on the Elk Calendar is the dedication of Borger's new lodge on Dec. 1. Also, on Oct. 13, the PER Association is sponsoring a picnic at Lake Meredith.

The Hereford Elks are still collecting donations for the Muscular Dystrophy carnival here Sept. 2 in Dameron Park.

Mayonnaise is of special interest because salads made with that ingredient have been implicated in food poisoning outbreaks in the past, according to the Food Quality and Safety Committee of the Texas Agricultural Extension Service. The Texas A&M University System.

Commercially prepared mayonnaise and salad dressing are safer than most people believe," says Dr. Ranzell Nickelson II, committee chairman and Extension seafood technology specialist.

"These products will not support the growth of pathogenic bacteria. In fact, they are resistant to most microbial spoilage. Consequently, they should be of little public health concern."

SOME MISCONCEPTIONS

The misconceptions about mayonnaise may result from reported food poisoning cases in Europe or from homemade mayonnaise, Nickelson adds.

"In these cases, the acidity of the product has not been as high as in similar products in the United States."

While the exact origin of the word "mayonnaise" is obscure, it may stem from the French word "Moyeunaise" with "moyeu" meaning egg yolks.

Mayonnaise is—by government identity standards—a

Concern About Mayonnaise

COLLEGE STATION — How safe are mayonnaise and salad dressing?

With family groups taking part in summer camps, picnics and other outings, many homemakers are concerned about the general safety of mayonnaise or salad dressing in sandwiches and salads.

Salad dressing, a more recent derivative of mayonnaise, was first prepared in the early 1930s as a low-cost substitute for it, explains Frances Reasonover, committee member and Extension foods and nutrition specialist.

"It is essentially a cooked starch dressing mixed with mayonnaise," she says.

KEY INGREDIENTS

"Ingredients such as acetic (vinegar) and/or citric (lemon or lime) acid are responsible for the acidic nature of mayonnaise and salad dressing," she adds.

"These products lower the unit of measure (pH) that indicates the acidity or alkalinity of a product to 3.0 or 4.0, with 7.0 considered neutral for most food products."

"Since common spoilage and food-poisoning bacteria prefer the neutral level of most foods, the lower unit of measure in salad dressing and mayonnaise will reduce or inhibit the growth of these bacteria," Nickelson explains.

"This is obvious in that both are shelf stable in the food market or home refrigerator after opening," he says.

REFRIGERATE AFTER OPENING

It's necessary to refrigerate mayonnaise after opening to combat contamination from household utensils previously used on raw food, Nickelson warns.

Salads in which the products are normally used also contain many ingredients that are

subject to contamination; such as chopped meat products, eggs, potatoes, raw vegetables and spices.

Additionally, other culprits may be unclean hands of food handlers, utensils and chopping boards, Nickelson cautions.

SAFETY STEPS

Consumers should consider these safety steps suggested by the Food Quality and Safety Committee:

1. Avoid cross-contamination between raw and cooked products during salad preparation and properly wash cutting boards, utensils and raw vegetables before use.
2. Add mayonnaise or salad dressing to a salad dish as soon as possible; then insure protection from contamination by covering the dish and cooling the product as rapidly as possible. Place it in a shallow dish or tray.
3. The finished dish should remain protected and refrigerated until use.
4. Salad mixtures for sandwiches, such as chicken and tuna, should be applied to bread as late as possible to prevent a dilution effect between bread and salad.
5. Shelf life of sandwiches prepared from processed meats, including bologna, salami and other cold cuts, can be lengthened if mayonnaise or salad dressing are applied to both pieces of bread.
6. Sandwiches and salads containing mayonnaise or salad dressing should be stored in insulated bags or ice chests for picnics and "brown bag" lunches. This is especially important in hot summer months, the committee emphasizes.

At Wits End

BY ERMA BOMBECK

In last month's Saturday Review, John Mariani wrote an intriguing article on American products.

The consensus was startling. It seems we are noted throughout the world for only three products that we make better than anyone else: washing machines, toilet paper and jeans.

That is the most depressing thing I have ever read. It means jeans are as good as they're ever going to get.

Ever since they appeared on the fashion scene nearly a decade ago, I have had a wish. Just once I'd like to wear a pair of jeans with the shirt tucked INSIDE.

I have never seen proportions so inconsistent. When the leg fits, the seat blouses. When the seat fits, the waistband gaps. When the waistband fits, the zipper won't meet. When all of the above fits, you have to have an 18-inch hem in them.

Jeans are possibly the only secret weapon that the Russians refused to invent after it was produced. In fact, they can't even copy them and I think I know why. Russians are too practical. I can just see a garment industry in Odessa where the tables are laid with blue denim and the tailors are poised over it with chalk, while on the wall for easy reference is the form of a female.

She is built like a parking meter. He chalks and he cuts. He pieces and he pins.

Finally, in exasperation, he throws down his chalk and removes his glasses. "It can't be done," he says. "Who can wear pants that have only three inches between the crotch and the waistband? Who would buy something that stands up long after you've sat down? Who can wear legs so small they should have a message strapped to them? I tell you the Americans have beat us. It's impossible."

A few years ago, my husband and I visited Russia and their infatuation with jeans is not just propaganda. It's true. We heard stories of how Russians approached Americans and offered them valuable coins, medals and even rubles for their jeans.

I even heard where one visitor was thrown to the ground and the jeans pulled right off her body.

I wasn't shocked. It seemed like a humane way to get out of jeans to me.

COOKING IS FUN

By CECILY BROWNSTONE
Associated Press Food Editor

BRUNCH FARE

Fruit Cup Coffee
Roosevelt Eggs with Bacon
English Muffins Marmalade
Toasted Pound Cake

POUND CAKE

It's especially good toasted and buttered.

- 1 cup sifted cake flour
 - 1/2 teaspoon baking powder
 - 1-16th teaspoon salt
 - 1/2 cup butter
 - 1 teaspoon vanilla
 - 3 large eggs
 - 3/4 cup sugar
- Sift together flour, baking powder and salt. Cream butter and vanilla; gradually beat in flour mixture just until blended. With clean beater, beat eggs until thick and ivory color; thoroughly beat in sugar, about 2 tablespoons at a time. Gradually beat egg mixture into flour mixture until smooth and fluffy. Turn into a buttered and floured 8 by 4 by 3-inch loaf pan. Bang pan on counter to help release air bubbles. Bake in a preheated 325-degree oven until a cake tester inserted in center comes out clean — 50 to 60 minutes. Let stand on wire rack for 10 minutes; loosen edges and turn out; turn right side up on rack. Cool completely. Slice, toast, butter and serve hot; or serve as is.
- CANDYBAR COOKIES**
- 2 1/2 cups fork-stirred all-purpose flour
 - 1 1/4 cups firmly packed dark brown sugar

- 1 cup butter
 - 1-3rd cup crunchy peanut butter
 - 1 large egg yolk slightly beaten with 1 teaspoon vanilla
- Topping, recipe follows
- Into mixture of flour and sugar cut the butter and peanut butter until particles are fine. Add egg-yolk mixture and mix well. Press over bottom of ungreased 15 by 10 by 1-inch jelly-roll pan. Bake in preheated 350-degree oven 25 minutes; leave on oven control. Cool crust about 5 minutes. Drop Topping at intervals over crust; return to oven for about 2 minutes; remove and at once spread Topping evenly. While still warm, loosen edges. Chill until just firm enough to cut into bars. Remove bars to wire rack and cool completely.
- Topping: Mix together 1/2 cup crunchy peanut butter, 1/2 cup chopped peanuts (roasted and skinned) and 1 cup semi-sweet chocolate pieces.

APRICOT CHUTNEY

Delicious way to use this end-of-the-season fruit.

- 1 1/2 pounds fresh apricots (about 18), peeled and halved and pitted
 - 1 cup golden raisins
 - 1 cup sugar
 - Medium onion, chopped medium-fine (1/2 cup)
 - Several large cloves garlic, minced
 - 1/2 cup tarragon vinegar
 - 1/4 cup candied ginger pieces, rinsed and slivered
 - 1 teaspoon curry powder
- Gently boil together all the ingredients, stirring often and especially toward end of cooking time, until fairly thick — 15 to 20 minutes. Store in the refrigerator. Makes about 2 1/2 cups.

Joe Niekro Gains 17th Win For Houston Astros

NEW YORK (AP) — Joe Niekro came closer to knocking himself out of Monday night's game than the New York Mets did.

In the top of the ninth inning the Houston Astros' right-hander fouled a pitch from New York reliever Ed Glynn off his left instep.

But the 34-year-old veteran shook off the pain and was determined to stay for the conclusion of his 8-1 victory.

"There was no way I was going to let them get me out of there," grinned Niekro later.

Niekro, 17-7, is tied with Mike Flanagan of the Baltimore

Orioles for the major league lead in wins. His victory Monday enabled the Astros to extend their National League West lead to 2 1/4 games over Cincinnati.

"The most important thing was we broke a four-game losing streak," said Niekro. "I'm not getting tight, and I don't think the team is, but we need to start winning and applying pressure like we did early in the season."

The knuckleball expert pitched a strong two-hitter, losing his shutout in the second inning when he hit John Stearns to open the inning. Stearns went all the way to third on Joel Youngblood's hit-and-run single to left — and then scored on Ron Hodges' infield out. He struck out six and walked three.

"My knuckler wasn't my most important pitch tonight," observed Niekro. "I got Lee Mazzilli three times, once on a slider inside and twice on fast balls inside."

"I also struck out Youngblood in the fourth with a man in scoring position, showing him the knuckler, then a slider, and then getting him with the fast ball."

Houston got to Mets' right-hander Craig Swan, 12-9, for 12 of their 13 hits with Rafael Landestoy and Jeff Leonard each having three hits. Alan Ashby had two RBIs.

"I wasn't popping the ball," said Swan. "And the umpire was right when he called that balk on me."

In the seventh inning, Swan balked a run home when, with men on first and third, he shrugged his shoulders while his foot was on the rubber, in replying to one of catcher Ron Hodges' signs.

"I let off steam at the umpire (Doug Harvey), but he was right. I didn't know I couldn't move my shoulders that way," said Swan.

Bill Virdon, the Houston manager, quipped, "I haven't eaten in five days with the losing streak. Ashby called a good game as usual. He is an unsung hero behind the plate, mixing up the pitches and keeping the runners honest with his arm."

Virdon credited improved pitching, with emphasis on Niekro and improved defense sparked by shortstop Craig Reynolds, plus Ashby's influence as part of the reason for the Astros' success this year.

"What will happen here on I don't know," said Virdon. "But I like our chances."

Expos 5, Red 2

Larry Parrish lined two home runs to left, and Tony Perez added a towering shot over the center field wall to power the Expos to their fifth straight victory.

Dan Schatzeder, 9-4, won his fourth in a row with relief help from Scott Sanderson and Woodie Fryman, who got his seventh save.

Parrish now has 19 homers on the season, Perez 12. George Foster and Johnny Bench homered for Cincinnati. Bench's shot, No. 14 this year, tied Frank Robinson's club record of 324 lifetime.

"We had our shots and just didn't deliver," Reds Manager John McNamara said. "Every game is crucial. We just picked up three games on Houston. So we lost one. That's all."

Learning Discussion

Coach Johnny Taylor defines a point for the Whiteface defensive linemen in the first day of workouts prior to the start of the season. The players are working out twice a day until Friday

when pads will be used for full contact workouts leading to the first game against Pampa Sept. 7. [Brand photo by Marc Herring]

Second Wind

by marc herring

Coach Don Cumpton and staff welcomed the Whiteface footballers back from the summer Monday morning with a hello and a mile run. The run is the first point of pre-season requirements the athletes have to complete. Coach Cumpton reported that nearly every player made their required times with the fastest times being the Soliz brothers, Joe and Felix who dipped below five minutes in their attempts.

Cumpton said this was the first year of his coaching that he had ever had a player break the five minute barrier.

Coach Cumpton said that he expects around 130-135 players out for this year's football program with the players working in shorts until Friday when they will then don the pads for full contact workouts.

SW

James Fish and Paul Bell, former Whitefaces, are taking part in West Texas States football workouts, with both players receiving good reviews from head coach Bill Yung. Fish is a sophomore and Bell is in his first year. Both players are working on the varsity teams and are heading for productive seasons, if predictions from Yung hold true.

The Buffs are in the second week of workouts with their first game slated for Sept. 1 against pre-season much favorite Southern Illinois. The contest will be played at Kimborough Stadium as will the second game of the season against Texas-Arlington. The Buffs then go on the road for four games, including a date in the Astrodome against the Houston Cougars, Sept. 29.

The next home game for WT will be against Indiana State Oct. 13 and then the last game of the season will be at home against Drake, Nov. 17.

SW

The countdown continues for the Houston Astros as the magic number for a league pennant is now 34 games. The Cincinnati Reds are hot on the Astros tail though as they narrowed the Astros lead to only 1 1/2 games Sunday before dropping back another game last night.

On the other hand the Rangers befuddle the mind. A team with more supposed talent than nearly any other team in the pros, they are in the midst of a tail spin that is somewhat confusing. At the all-star break the Rangers were 13 games above the .500 level and now, are three games under the even mark. They have the worst percentage in baseball for the second half of the season.

I don't know if they can make a comeback that will at least make the team look respectable, but the acquisition of players and the loss of players through questionable trades seems to have hurt the team in the latter part of the season.

But the guys are pros and the team is in the business to do their job, so whatever they do they must have a reason behind it, no matter what we as armchair observers think or wonder about their sanity.

Back to Astros...Houston will play the Reds five more times this season, with three of those at the Astrodome and two at Riverfront Stadium.

AP Sports Analysis

Productivity Key To Pro Football Longevity

By HAL BOCK

AP Sports Writer

This world is an uncompromising place. As long as you're productive, everything is fine and dandy but as soon as you miss a beat, you discover how dispensible you really are.

Mixed Team Tournney Slated

Entries are now being accepted for a mixed team slo-pitch softball tournament set for Aug. 25-26, according to Tobby Torres.

Games will be played at the new complex off of 15th street in

pattern. Right now, J.T. Thomas, age 28, is fighting for his football life with the Pittsburgh Steelers. The one-time All Pro missed a beat last season and now he's trying to erase the memory of that and prove that he can still be a productive player.

Thomas was a starting cor-

nerback on two Steeler Super Bowl championship teams. Last year, coming back from a so-so 1977, he developed a chemical imbalance in his blood and the disorder prevented him from playing football.

The Steelers needed a replacement part and came up with rookie Ron Johnson, who stepped in and did a first rate job at cornerback. Having All Pro Mel Blount as his partner at the other corner didn't hurt, either.

Pittsburgh went on to win a third Super Bowl last January and on the sidelines that day, in civilian clothes, was J.T. Thomas. He watched as Johnson and Blount at the corners and Donnie Shell and Mike Wagner at the safeties ate up Dallas' passing game.

When Thomas, recovered from his ailment, checked into the Steeler camp this summer, he found the four defensive backfield starters intact and productive. He was a fifth wheel. Only when Shell banged up an ankle did J.T. get a shot, and then it was at strong safety, not his old cornerback slot.

Thomas played there last Friday night against the New York Jets and looked like he'd been at the position all his life. He intercepted two passes and was the most noticeable Pittsburgh player on defense. One of those who noticed was Chuck Noll, the taciturn coach of the Steelers.

"J.T. did well," said Noll. "It was like he'd never missed any time. And at a new position. Yes, I'd have to say he did all

right." The smile on Thomas' face told you that he thought so, too. "It's a lot of learning," he said. "But I like it. It's more congested and you're covering quicker receivers when you're playing cornerback."

Thomas was a corner for two years at Florida State and then shifted to safety in his senior year to take advantage of his tackling ability. After the Steelers made him their No. 1 choice in the 1973 draft, he returned to the corner.

"The two positions are totally different," he said. "My speed can act as a deterrent to me at safety. Sometimes a tight end can beat me at safety because I'm too quick — move too soon."

The responsibilities are different. Unless you're a real student of the game, the intricacies of the two positions can escape you. Fans generally put all defensive backs — corners and safeties — together. But it just doesn't work that way.

Cowboys Cut Roster To 57

THOUSAND OAKS, Calif. (AP) — The Dallas Cowboys have cut three rookies from their roster including linebacker Greg Fitzpatrick of Youngstown State (Ohio), a seventh-round draft choice.

The other players released on waivers were free agents Mike Kincaid, a defensive back from Florida State, and Ernie Rogers, a defensive tackle from Rice.

The cuts trimmed the Cowboys' roster to 57, but another seven players must go today to meet the National Football League deadline of no more than 50 players by the end of the day.

Two veterans and a rookie missed Monday's practice. Strong safety Randy Hughes was out with fluid on the right knee, linebacker Thomas Hen-

derson suffered an upset stomach and rookie Bruce Thornton was in bed with a fever.

Flanagan, Singleton Whip Rangers, 3-0

Ruth and Gehrig. Mantle and Maris. Now add Flanagan and Singleton as one of the potent 1-2 punches in baseball history.

The only difference is that Singleton does his punching with a bat while Flanagan uses his arm. The two have become a bad case of double trouble to Baltimore's opponents and Monday night was a perfect example.

Singleton continued his amazing support of Flanagan, driving in all the runs as the left-hander pitched the Orioles to a 3-0 victory over the Texas Rangers and became the American League's first 17-game winner.

After Mark Belanger singled in the first inning, Singleton hit his 31st home run of the season and the 14th in games started by Flanagan. He added an RBI double in the third.

The triumph enabled the Orioles to increase their lead in the American League East to five games over the Boston Red Sox, who lost to the Minnesota Twins 10-5. Elsewhere, the California Angels edged the Cleveland

Tennis Deadline Aug. 22

Aug. 22 is the deadline for entering the Hereford Closed Tennis Tournament. Rick Wood, director of the YMCA announced. Entries can be picked up at the YMCA in Sugarland Mall or at the Chamber of Commerce office on Main St.

Entry fee is \$7 per player per event, with three the maximum of events eligible to be entered.

Matches will be played at the high school courts.

Today In History

Today is Tuesday, Aug. 21, the 233rd day of 1979. There are 132 days left in the year. Today's highlight in history: On this date in 1951, the United States ordered construction of the first atomic-powered submarine.

On this date: In 1680, Pueblo Indians took possession of Santa Fe, N. M., after driving out the Spanish. In 1940, the Communist revolutionary, Leon Trotsky, died of wounds inflicted by an assassin in Mexico City. In 1943, it was disclosed that Japan had evacuated its last foothold in North America in World War Two, the Aleutian island of Kiska. In 1945, the United States halted wartime lend-lease operations.

In 1959, Hawaii became the 50th state. In 1963, South Vietnam imposed martial law, and police moved against many religious pagodas, arresting Buddhists as government opponents. Ten years ago: Fire badly damaged historic Mosque of Al Aksa in Old Jerusalem, stirring anger among Arabs, who charged the Israelis started the blaze. Five years ago: President Gerald Ford served notice that he intended to run in 1976 for

the office he had held less than two weeks. One year ago: Chinese Communist Party Chairman Hua Kuo-feng arrived in Belgrade for a meeting with Yugoslav President Tito that irritated Moscow.

HEALTH

Lawrence E. Lamb, M.D.
Changes with age

DEAR DR. LAMB — I have high blood pressure and hardening of the arteries. I've had cataracts removed from both eyes.

I got new glasses just a few months ago and in that short time my vision has worsened. I also have trouble remembering names. For the past year or two, I have become forgetful and somewhat confused.

Is there anything I can do to retard the hardening of the arteries? Could hardening of the arteries cause me to lose my mind altogether and become completely confused later on?

I'm 77 and know these conditions are common with older folks.

DEAR READER — First, about eyes. Vision depends on more than the lens in the eye. Cataracts involve the developing of an opacity in the lens of the eye itself. When the opacity becomes sufficient to obstruct light rays entering the eyes, it can cause blindness. When a cataract is mature or causing significant difficulty in seeing, the lens can be removed as it was in your case.

The problem is you can also have changes in the retina at the back of the eye. This is the screen where the visual images are projected by the lens. The retinal screen can be affected by circulation to the eye and you'll have to depend on your eye doctor's evaluation of your status. If the retina has too many changes in it, then the improvement that you might expect from cataract surgery doesn't occur.

I am sending you The Health Letter number 13-6 on Cataracts. Other readers who want this information can send 75 cents in check or coin with a long, stamped, self-addressed envelope for it. Send your request to me, in care of this newspaper, P.O. Box 1551, Radio City Station, New York, NY 10019.

Changes in the arteries can lead to changes in brain cells. The brain cell changes can also occur without significant changes in circulation. We have a lot yet to learn about this area. We don't have any really good answers for most of these cases. In some instances, if you can identify a circulation problem in the arteries of the neck, surgery can be used to improve circulation.

About the only thing I can offer in that department is to have an evaluation by a neurologist to make certain that you don't have some underlying medical problem that can be corrected. If the problem really is the changes in brain cells often seen with age, limited things can be done. There are medicines that help to relieve associated anxiety and depression.

It's important in such instances to remain active, have goals and try to maintain your interest in life. It also helps to stay in the same surroundings if at all possible. Familiar objects and surroundings seem to help reinforce the functions of the brain and enable the person to avoid some confusion.

Some of these problems are not just something that happens in old age. Some may be from diseases that have not been fully defined yet. You see them occurring in people in their early 50s and sometimes even before that. On the other hand, you see people living to well past 90 and continuing to be as sharp as a razor with all of their mental facilities intact.

DEAR DR. LAMB — I need The Order of St. John of Jerusalem, parent body of St. John's Ambulance, was founded in 1099. It is the oldest order of chivalry in the British Commonwealth.

something for hands that just crack open like you had cut them with a knife. What causes that? I also have high blood pressure.

And I've coughed every winter since I had whooping cough when I was 8 years old. I am now 68.

DEAR READER — In many instances it's absolutely necessary to see a skin problem before you can really tell what it is. That's why you should see your doctor.

You may just have very dry skin. In such instances using a skin moisturizer will solve the problem. No moisturizer is really any better than plain Vaseline. The thick salve can be rubbed over your hands and wiped off clean and still leave a thin film that will trap the skin's natural moisture.

There are a number of infections of the skin that can cause similar problems and there are untold opportunities for chemical irritation these days.

Regarding your cough, it is a symptom. I am sending you The Health Letter number 8-10, Cough: How And When To Treat It, to give you more information about this symptom. Other readers who want this issue can send 75 cents in

check or coin with a long, stamped, self-addressed envelope for it. Send your request to me, in care of this newspaper, P.O. Box 1551, Radio City Station, New York, NY 10019.

Anyone who develops a cough that persists any length of time really should see a physician. Those of short duration could be from a common cold but a persistent cough can even be a sign of lung cancer. I'm confident that's not true in your case. If you've had lung cancer for 60 years, you couldn't be writing to me now.

DEAR DR. LAMB — We recently moved from a state with soft water to where the water is very hard. Is it harmful to our bodies — kidneys, bladder and so forth — if we drink this hard water? If it is harmful to drink, is it also harmful to wash our dishes with it because of the residue?

DEAR READER — By hard water, most people mean water that contains lime; it's the lime deposits that you see on utensils and bowls that contain standing water.

The lime doesn't have any real medical significance. It's interesting to note that there are a number of research studies that suggest individuals who drink hard water are

less likely to have heart and circulatory problems than those who drink soft water. This issue is debated and some theories have been offered as to why soft water, at least in our modern plumbing, isn't necessarily the best choice.

I must say, though, that if you have distilled water which is about as soft as it can get and if no other chemicals

enter that water in any way through the plumbing or other sources, there isn't much of a way that plain distilled water could be harmful to your body. That doesn't answer the possibility, though, that certain minerals might be protective to your body. In any case, it's most unlikely that water will be detrimental to your health in any way just because it is hard.

Hall of Fame Weekend--Something for Everybody

Rodeo clown Bill Thorpe and Susie McGee of Hereford wave to the crowd during the parade Saturday through downtown Hereford. Thorpe and his enormous, but tamed bull, delighted the crowds during all three performances of the all-girl rodeo. [Brand photo]

U.S. Congressman Kent Hance took part in the rodeo parade down Main St. Speaker of the House Bill Clayton of Springlake was also on hand for the other related activities. [Brand photo]

Ricky Solomon of Roanoke, a member of Red Steagall's Coleman County Cowboys band, performs during Saturday's Old Fiddlers contest in Dameron Park. It was the first fiddlers contest sanctioned by the Texas Oldtime Fiddlers Association to be held in Hereford and was part of the festivities surrounding the all-girl rodeo. First, second and third place getters in each division were as follows: 61 and over--Bill King of Shamrock, Glen Nelson of Hereford and J.B. Roper of Lubbock; 0-21--Ricky Turpin of Lubbock and Gary McCleskey of Hereford; 22-60--Randy Elmer of the Dallas area, Hank Blair of Ft. Worth and Weldon Turpin of Lubbock; grand champion [runoff]--Elmore, Blair and Turpin; guitar pickers--Tommy Burger of Burleson, Herman McCleskey of Hereford and Russ Turpin of Lubbock. There was \$815 in prize money awarded, according to Nelson, who chaired the contest. [Brand photo]

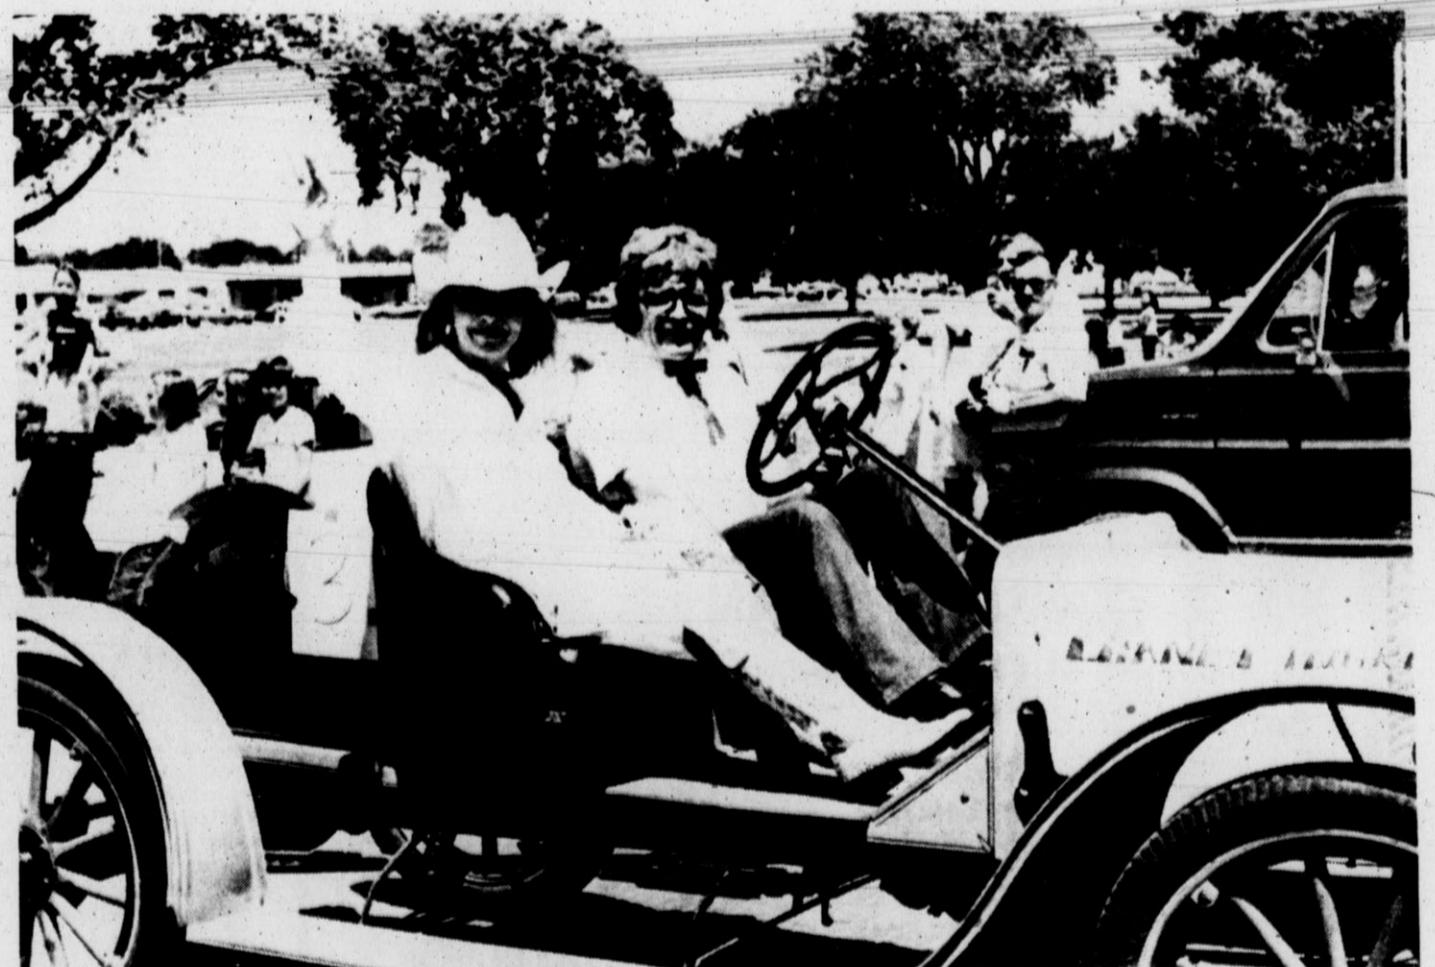

Hereford High School flag corps preceded the high school marching band down Main st. Saturday. The band won a trophy as the best marching unit in the parade. [Brand photo]

Parade winners Saturday included, top to bottom, Charros Riding Club, best riding unit; Elton Malone of Earth, best antique car; and Hereford High School band, best marching unit. The American GI Forum [not pictured] won the best-float award. Hundreds of persons lined Main St. for the all-girl rodeo parade, which featured marshal Diane Pingree, who is publisher of Texas Woman magazine; Speaker of the State House of Representatives Bill Clayton; and U.S. Congressman Kent Hance of Lubbock. [Brand photos]

Forty-three young ladies from Girlstown, USA, at Whiteface attended the All Girl Rodeo here Saturday, thanks to cooperative efforts of local organizations and individuals. Marn Tyler, Hereford CowBelles, arranged for the girls to attend the rodeo. Big Daddy's Restaurant treated the girls to a free supper, and they were admitted to the rodeo compliments of the Hall of Fame Weekend steering committee. Mrs. Tyler is in the photo above, along with Girlstown director Marshall Cooper.

Parade Marshal Diane Pingree of Dallas takes a spin in Jerome Friemel's jalopy during the rodeo parade Saturday afternoon. Ms. Pingree is publisher of Texas Woman magazine, which was

one of several state and national publications in town for the rodeo, hall of fame inductions and other related activities.
