**Budget Committee**

Deaf Smith County United Way Budgets and Admissions Committee met the past two weeks with representatives of participating agencies who included Mack Tubb, left, Kids Inc. to hear budgets requests for 1980. The committee recommended a total budget of \$142,110 for the

agencies and another \$6,000 for local United Way expenses. Committee members included, from left, Bill Davis (Back to camera), Charles Hoover, Jim Bullard and Chairman Clint Formby. [Brand photo by Paul Sims]

Deaf Smith County United Way directors this morning accepted the recommendation of the Budget and Admissions Committee by approving a campaign goal of \$148,110, about \$42,000 less than what agencies had requested.

The budget committee met with officials of participating agencies during the past two weeks to hear allocation requests and decide on actual amounts agencies would receive if the United Way reaches its goal.

Directors of United Way have permitted agencies to conduct sales, an area not allowed last year when the campaign raised \$139,870, to supplement the amount raised in this fall's fund drive.

The board discussed the committee's recommendations for nearly two hours this morning before approving the budget, which breaks down as follows:

Family Services Center, \$2,375; Boy Scouts of America, \$22,800; YMCA, \$47,500; Hereford Senior Citizens, \$5,700; Big Brothers-Big Sisters,

\$16,412; Salvation Army, \$4,275; Children's Rehabilitation Center of Amarillo, \$1,000; Red Cross, \$11,355; Kids Inc. \$9,500; High Plains Epilepsy Association, \$1,425; and Campfire Girls, \$19,768.

Of the total budget, \$6,000 was allocated to pay local United Way expenses.

Agencies had requested the following amounts:

Family Services Center, \$2,802; Boy Scouts of America, \$32,640; YMCA, \$58,750; Hereford Senior Citizens, \$9,437; Big Brothers-Big Sisters, \$24,876; Salvation, \$6,000; Red Cross, \$11,952; Kids Inc., \$12,237; High Plains Epilepsy Association, \$2,700; and Campfire Girls, \$28,808.

Children's Rehabilitation Center did not request a specific amount but wrote the budget committee that it serviced 32 children from Hereford, budget committee member Jim Bullard told the board this morning.

Bullard said that Texas Society of Autistic Citizens, USO, Southwestern (See UNITED, Page 2)

## Hurricane Frederic Blasts Gulf Coast

MOBILE, Ala. (AP) — Hurricane Frederic hurled its fury at the Gulf Coast today from Florida to Louisiana, ripping apart homes, shattering hospital windows and flattening businesses with winds of up to 130 mph before it began to abate, still packing a powerful punch.

Before dawn, the power of the winds had dropped to 80 mph.

There were two confirmed deaths as the, born-again storm hit Alabama, Louisiana, Mississippi and the Florida Panhandle, churning up 15-foot tides before it weakened over land and posed a different threat — flooding.

"I would say there is not a dwelling, business or any other building in Jackson County that does not have damage ranging from minor to total destruction," said Ken Phillips, director of disaster relief in Pascagoula, Miss., which along with Mobile appeared to take the brunt of the storm.

Nearly half a million people fled their homes as Frederic stalked the path deadly Camille took 10 years ago in killing more than 250 persons.

Frederic damaged the roof and ripped a cupola from the historic City Hall in Mobile, where more than 5 inches of rain fell between 9 p.m. and 10 p.m. Wednesday.

Century-old oaks littered the city's boulevards and littered streets kept firefighters from three reported blazes. Downtown storefronts were blasted out, and officials said one shopping center which housed several stores was "virtually blown away."

County engineer Joe Ruffer woke up city chain saw dealers to ask for clean-up tools, but added, "I may have to cut my way into the area where my work crews live."

Relief coordinator Gerald Baxley said there were reports of people trapped under collapsed roofs in Mobile's northern suburb of Prichard. Rescue efforts

were delayed until daylight.

The storm's wind and waves eight feet high destroyed 120 homes in the Florida Panhandle, said Escambia County administrative spokesman Pat Donnelly. He said a 38-foot sailboat was sitting in a street 100 yards north of Pensacola Bay and three marinas where luxury yachts were docked were destroyed.

The storm's main thrust was between (See HURRICANE, Page 2)

## 3 Accidents Cause Injuries To 6 Persons

Law enforcement authorities in Deaf Smith County are investigating three accidents in the last two days which resulted in injuries to six persons, one of whom was admitted to Deaf Smith General Hospital this morning in serious conditions.

Dewayne Robbins, whose address is listed as Route 3, was listed in serious, but stable, condition this morning at the hospital after his car was involved in an accident around 6:30 a.m. on east Austin Rd.

Details of the accident were sketchy but a non-law enforcement informed source said two cars were involved.

Janis Nelson Dudley, 343 Stadium, and Carla L. West, Route 4, were treated for minor injuries at Deaf Smith General, after their cars were involved in an accident around 4 p.m. Wednesday at the intersection of N. Highway 385 and 15 St.

According to police, Ms. West's automobile struck Ms. Dudley's vehicle from the rear, causing extensive damage to both cars.

A car driven by Alfred Darrel West, Route 3, collided with a car driven by John Mark Warden, 625 Ave. I causing minor injuries to both men and a passenger in Warden's car, Robin Thane Wright, 106 E. 13th, around 10:13 p.m. Wednesday on N. Highway 385.

Police said that Warden's vehicle was turning south from Heibach St. onto N. 385 when West's car struck it.

West was charged with driving while intoxicated after the accident, police said.

## Music Festival To Raise Funds For Kids Inc.

The third annual Country-Gospel Music Festival, sponsored by Sheriff Travis McPherson as a fund-raiser for the Kids Inc. baseball complex, will begin at 8 p.m. Saturday in the high school auditorium.

Performers for the show will include Wally Fowler, a 10-year veteran of the Grand Ol' Opry, Jana Jae, of "Hee Haw" TV fame; the Masters Four, of Grapevine; and Jeanette Lunsford, best known for her country-western hit "One Day at a Time."

Tickets are available for \$6 for reserved seats and \$3 for general admission at the following locations:

K-Bob's Steak House, Allsup's Convenience Stores, Don's Restaurant, Big Daddy's Truck Stop, A Touch of Class, The Face Place, Boynton's Grocery and Pizza Hut.

## Negotiations Sought for Spill

WASHINGTON (AP) — Both Texas senators think negotiations are in order to decide who is liable for damages to the state's beaches and businesses as a

result of the oil spewing from a runaway offshore Mexican well.

Mexican President Jose Lopez Portillo has denounced calls for compensation,

saying talks were not in order. The well is owned by Petroleos Mexicanos, the national oil company.

"I think there is a liability there by Pemex and we should press very strongly in the negotiations to see that people are compensated," Sen. Lloyd Bentsen said at a news conference Wednesday.

The state's Democratic senator canceled a speech he planned to deliver earlier in the day about U.S.-Mexican relations, saying he was told natural gas negotiations had reached a "delicate" stage. The speech reportedly referred to tensions from the on-again, off-again negotiations for U.S. purchase of

Mexican natural gas as well as the oil spill liability issue.

Tower said the question of liability is "a matter of negotiation" but it should be undertaken through quiet diplomatic routes.

"I think the fact is that there has been too much public comment to the extent that it has exacerbated our relationship with Mexico," the Republican senator said Tuesday.

The man the incumbent senator defeated in a tight race last fall, former Texas congressman Bob Krueger, had provoked blasts from Mexican officials (See SPILL, Page 2)

## Mortgage Bill Sponsor Concerned about Hike

AUSTIN, Texas (AP) — Most legislators would rather crawl into bed with a skunk than again face the commotion, anguish and pressure of raising home mortgage interest rates.

But Rep. Jerry Donaldson, sponsor of the 1979 bill lifting the historic 10 percent

interest ceiling, raised that possibility Wednesday.

"I've heard rumors that the governor says they (mortgage rates) might have to be looked at unless things change," Donaldson, D-Gatesville, told reporters after a meeting of his House Financial Institutions Committee.

He said the committee and its staff should "begin compiling data right away" in case Gov. Bill Clements asks the Legislature to raise the interest ceiling during a special session.

Fat chance, said Clements' chief lobbyist, Jim Kaster.

"That rumor is false, I'll tell you that. It hasn't even been discussed," Kaster said in an interview.

Clements has indicated he will call a special session sometime in 1980 on initiative and referendum and wiretapping.

"That's an election year, and I can't conceive of the Legislature voting for 'higher mortgage rates,'" Kaster said.

Under legislation passed in May and taking effect Aug. 27, Texas temporarily scrapped the 10 percent ceiling on mortgage loans.

Durward Curlee, lobbyist for the Texas Savings and Loan League, said the demand for mortgage money outstrips the supply in all 27 metropolitan areas in Texas.

He said savings and loans are not pushing for inclusion in a special session but when Clements sets the date, "I imagine the lending and housing industries are going to insist on at least an audience with him."

## Labor Union To Join Suit Against SEDCO

AUSTIN, Texas (AP) — Criticism of SEDCO's role in the Mexican oil spill is piling up in the absence of the company's founder, Gov. Bill Clements.

President Harry Hubbard of the Texas AFL-CIO said Wednesday the labor organization plans to join others in a private lawsuit against SEDCO Inc., the Dallas-based international oil drilling company, and Pemex, the Mexican national oil monopoly.

Rep. Bennie Bock, chairman of the House Committee on Environmental Affairs, urged Attorney General Mark White to block SEDCO's attempts to limit liability for the huge spill, which started June 3 when a well blew out in the Bay of Campeche.

Pemex operated the well with a rig leased from SEDCO.

Clements is in Eastern Europe on an agricultural and goodwill mission. He is scheduled to return Sept. 22. His son, Gill, runs the company.

On Tuesday, U.S. District Judge Robert O'Connor signed an order protecting SEDCO temporarily against

liability for damages. O'Connor set Oct. 23 as the deadline for the filing of all damage claims in federal court.

SEDCO lawyers had asked the judge to exonerate the company of all liability or to limit its liability to \$300,000.

"Until now," White said, "we have accepted in good faith their statements regarding the sinking of their drilling equipment, but the filing of this suit raises strong suspicions that their prior acts were merely an attempt to destroy the evidence."

White said previously SEDCO would be treated like any other party in assessing possible liability for damages.

Bock, D-New Braunfels, said the SEDCO suit "appears to be precipitous" since his committee "has heard testimony that the effects of the spill may not be known for several years."

"The situation appears to warrant official intervention by the Texas attorney general to secure a delay in the final adjudication of all claims until all of the damages are known and the liable parties determined."

## DA Toughens Stand on Assaults, Murders

Deaf Smith County District Attorney Roland Saul Wednesday announced a new get-tough policy dealing with aggravated assaults and murders—two crimes on the increase in the Hereford area.

Saul's announcement comes in the wake of last week's double stabbing, which resulted in the deaths of Mario Coronado Sr. and Jose Gutierrez. There also were two stabbing incidents in Dameron Park last week, according to police.

Saul said Wednesday that aggravated assault and murder cases would come to trial quicker in the future and jurors will be asked by prosecuting attorneys to deal out tough sentences to persons convicted of those crimes.

"We in the District Attorney's Office have decided to give these cases priority. We will concentrate on getting these cases to trial before a jury and will channel our efforts to getting tougher sentences," Saul said in a prepared

statement.

"Our laws provide that one of the reasons for punishment is to deter crime and we are going to be asking our juries for tougher sentences with that in mind."

Saul told The Brand he is "upset" with the growing number of violent crimes in the county.

"Not only am I upset, I think the people in the county are upset, too, and that's why we're going to crack down. I'm

very concerned about the number of stabbings we've been having. There have been extremely too many for a community the size of Hereford," he said.

Over the last 13 months, the DA's office has filed 38 felony cases involving 31 aggravated assaults, five attempted murders and two murders.

"A majority of those offenses were committed with knives, guns or other deadly weapons," Saul said.

## President 'Feistier' Since Ted May Run

WASHINGTON (AP) - Democratic National Chairman John C. White, after a day of watching Jimmy Carter meet the voters, thinks the president has become "a little feistier" since Sen. Edward M. Kennedy began inching closer to a run for the White House.

White's assessment that he saw new fire in Carter's approach to the electorate came after "non-political" appearances by the president Wednesday in Connecticut, Pennsylvania, West Virginia and Ohio.

The presidential feistiness apparently was sparked by Kennedy's statement that he has "not foreclosed the possibility of running" for the Democratic presidential nomination next year.

After Wednesday's foray, presidential press secretary Jody Powell said Carter would prefer to wait until January to announce his campaign plans, but might be prompted to come forward sooner because of Kennedy's actions.

Speculation about a Kennedy candidacy has been rampant since the Massachusetts Democrat said last week that his family had no obligations to his entering the race.

## Etna Eruption Kills 6 Persons

CATANIA, Sicily (AP) - Police closed the trails and cable car to the boiling main crater of Mount Etna, Europe's most active volcano and one of Sicily's biggest tourist attractions, after its first fatal eruption in years killed six Italians.

Police said it was the first time in years

that anyone had been killed by the volcano.

About 200 tourists had just begun climbing down from a breathtaking walk along the rim of the 10,705-foot peak Wednesday evening when it "exploded like a cannon," peppering the visitors with hot, lava-filled rocks, a mountain guide said.

More than two dozen persons were hurt, including visitors from Britain, Switzerland and Spain. An Italian woman, one of 13 persons hospitalized, was reported in critical condition with a skull fracture. Like the dead and most of the seriously injured, she was hit by one of the hot rocks known here as "volcanic bombs" because they burst and send out flaming lava.

No Americans were reported among the injured.

One witness said some of the rocks hurled up from the volcano's sizzling core were so large they snapped two trucks in half.

## Young Fetus Has No Rights, Says Judge

HOUSTON (AP) - A suit seeking to keep a Houston woman from having an abortion was dismissed by a state district judge who said an unborn child in early stages of development has no rights as a person.

District Judge William Kilgarlin predicted Wednesday following the ruling that the U.S. Supreme Court would be hearing an appeal of the decision in the future.

Kilgarlin said the 19-year-old woman seeking the abortion who was identified only as Jane Doe was entitled to have it.

In a related action earlier Wednesday, Harris County Probate Judge Bill Bear dissolved a Sept. 4 order granting temporary guardianship of the woman's 10-week-old fetus to Eileen Brady, a right-to-life advocate.

The suit heard by Kilgarlin was filed by Ms. Brady.

Bear said he had granted the temporary guardianship so "everyone involved" would have a chance for a full hearing in the case.

"My earlier decision had nothing to do

with religious or moral issues, but was merely a matter of law," he said.

## Powerful Quake Devastates Indonesia

JAKARTA, Indonesia (AP) - The most powerful earthquake in two years plunged half an Indonesian town into the sea, officials reported, and heavy casualties were feared.

The quake Wednesday afternoon measured 8.0 on the Richter scale. Officials said it devastated Ansum, a town of 8,000 on Yapan Island some 2,300 miles east of Jakarta. Yapan, with a total of 40,000 people, is in Cendrawasih Gulf, on the northern coast of Irian Jaya, the western half of New Guinea.

Half the houses in Ansum were swallowed up by the gulf, Interior Department spokesman Faisal Taimin reported. But he said there was no word on casualties yet.

Taimin said the quake also caused major damage in the town of Serui, some 40 miles east of Ansum, where it demolished the district government and legislative buildings, three schools, a church, a police barracks and other buildings.

Interior Minister Amir Machmud and a team from the office of the governor of Irian Jaya flew to the area.

The quake also rocked Biak, an island of 76,000 people about 70 miles north of Ansum, and an American staying in a hotel there said he and his friends felt the ground tremble and saw the peaks of buildings sway.

Four persons were slightly injured in one of the twelve twisters that touched down in the Pensacola, Fla., area, where flashes of green, blue and red lit the night sky as transformers blew out.

"It makes you feel like a little bitty boy," said National Guard Lt. Frank Harmon as he patrolled the streets of Pensacola in the howling wind, watching for downed trees and power lines.

About 15,000 of Mobile's residents took refuge in 20 Red Cross shelters before the storm moved onto land near here. Water swirled curb-deep in the city's darkened streets and winds were clocked at 97 mph.

Alabama Gov. Fob James said he would seek federal disaster assistance today.

# He Sells Lists for Living

NEW YORK (AP) - Hypnotists cost \$35 a thousand, the same as periodontists, pits and quarries, and journalism colleges. Ice and roller skating rinks are a bit more — \$40 per thousand.

Alvin B. Zeller will sell you all these things — or rather, he will sell you lists that contain names and addresses for individuals and companies in all these categories.

Zeller claims to have the best mailing lists around. His lists are used for a lot of things, chief among them direct mail advertising — otherwise known as "junk mail."

"We can do all sorts of things," Zeller says. "We can take urban residents and we can take farm residents... We've had calls for farmers by crop — only cotton farmers who have a thousand acres or more. We can be very pinpointed, very specific."

Indeed, Zeller's 1980-81 catalog offers more than 2,500 categories, ranging from 15 telephone manufacturers for \$20 to 2 million office workers at \$50 per 1,000.

There's 35,000 millionaires, at a price of \$75 per 1,000; 11,500 Jewish contributors, very large, \$50 per 1,000; and 5,650 jails, prisons and reformatories, \$25 per 1,000.

Zeller has been in the business for 29 years, and perhaps that's why his speech is littered with lists. For example, who buys Alvin B. Zeller lists?

"We sell largely to publishing companies, advertising agencies, manufacturers, fund-raising organizations, ordinary individual firms that have a product to sell... or somebody who has a private word to say," he said.

And where do the lists come from?

"We get them from a combination of telephone directories, we have a huge library of every trade directory, every professional directory, every roster, every membership list."

"There are medical associations that offer us lists of doctors, there are legal associations that offer us lists of lawyers, the states publish many, many lists of accountants and engineers and architects, day care centers and whatever," he said.

All of these facts are plugged into computers, to be compiled on demand. Zeller estimates his computers contain 100 million names.

"For instance, we have about 60 million names that are residential families. Now, we can break that down by income echelons. ... We say that carefully, because some people don't like to know that we know they're making 10-, 20- or 100-thousand dollars."

"Everybody is categorized by what they have done, by what they do, by what they buy, by where they go. We go from the small people to the large people," he said.

"We have calls from people who want Polish names in Nebraska, or Spanish names in

New Mexico, or Jewish names in Miami. ... We have religious names and ethnic names, Jewish doctors and non-Jewish dentists."

There are expensive lists and cheaper lists. The most expensive are lists of investors, going for \$100 or \$200 per 1,000. Zeller says he simply figures his cost and adds a markup, without considering the nature of the lists involved.

For example, dynamite and explosives manufacturers cost \$40 per 1,000, the same price as hospitals with more than 1,000 beds but \$15 more than mayors or state legislators.

Prosecution witness David McCrory says he wanted to keep his employment in a Cullen Davis-owned company a secret from his friends because "it was embarrassing to me."

McCrory testified he was afraid his friend, karate instructor Pat Burleson, might slap him when he revealed his new job during an August meeting.

"Were you deliberately concealing the Cullen Davis relationship from Pat Burleson?" asked lead defense attorney Richard "Racehorse" Haynes.

"Yes, sir. And everybody else," McCrory said.

"Who else did you not tell you were working for a Cullen Davis company?" Haynes asked during the fifth day of his cross-examination of McCrory.

"Anyone I considered a friend... because it was embarrassing to me," McCrory replied.

McCrory told jurors Wednesday he told Burleson about the job when he asked his friend for help last August. McCrory said he did not tell Burleson that he was trying to break free of mass murder negotiations with Davis.

"The 41-year-old witness claims Davis ordered him to hire an assassin to kill Judge Joe Eidson and others. Davis, 45, is standing trial on charges he solicited the murder of Eidson, his divorcee judge. The jurist was not harmed."

"I told Pat I had a real serious legal problem and needed some help and some advice... a lawyer or anybody I could trust," McCrory said.

McCrory said Burleson later put him in touch with FBI Special Agent Ron Jannings, who launched the whirlwind three-day undercover investigation that led to Davis' arrest Aug. 20, 1978.

"When I told Pat Burleson I had gone to Jet Air and Cullen had bought it, he was very unhappy with me. I had to back up to keep from getting slapped."

McCrory said he and Davis devised code names for themselves during his employment at Jet Air. McCrory used the name "Frank Johnson" and Davis

The home addresses of corporate presidents go for \$50 per 1,000, double the cost of a list of wives of high-income executives.

Quaker, Mormon, Eastern Orthodox, Unitarian, Mennonite and Evangelical churches cost \$30 per 1,000; all others cost \$25.

"A list is important for its content," says Zeller. "Sometimes the quantity is not Factor One with the mailer."

Factor One, Zeller says, is impact. He says direct mail advertising has found its "niche" in this decade, and "pinpointing via direct mail has

become probably as effective an advertising medium as there is." For those who hate junk mail, or perhaps object to that massive computer stuffed with names and information, Zeller says he will purge the computer of names on request.

"But you'd be surprised, we get people who ask to have their names put on to mailing lists," he said. "They're afraid they're missing something. We get a great number of them. I get letters every day. Please add my name to your mailing lists."

Prosecutors contend Davis ordered the deaths of 15 persons on a "hit list" that included his estranged wife, his adopted daughter, his younger brother and two district judges. McCrory said Davis agreed to spend \$70,000 each to kill the judges, \$250,000 for the death of his then-estranged wife, Priscilla, and \$25,000 for Dee Davis and several of her friends.

"He felt like he would pay more for the judges, but he felt like \$25,000 was sufficient for the others," McCrory said.

## The Lighter Side

BALLSTON SPA, N.Y. (AP) - Drivers passing a Mobil station in this Saratoga County village for the past three weeks might have encountered a jarring sight — gasoline for 27.1 cents.

But that isn't 27.1 cents a gallon. Robert Doheny has converted his pumps to metric readings and is selling precious petroleum by the liter, an amount a little larger than a quart.

"Try me, I'm metric," says the sign on Doheny's pumps. But under state law, he must also post his per-gallon price, currently \$1.02.6 for regular.

Deheney said the change was forced by gas prices of more than \$1 a gallon — too much for most pumps to record — and confusion over half-gallon pricing.

PROVIDENCE, R.I. (AP) - Rhode Island lottery officials don't want Carl Yastrzemski's pursuit of 3,000 career hits with the Boston Red Sox to break the bank, so they've shut off betting

on numbers 2999 and 3000 in the state's daily lottery game. Raymond Grimes, lottery deputy director, said the agency cut off betting on those two numbers when the liability reached \$100,000 on each number.

Mobile, a city of 300,000, and Pascagoula, about 30 miles southwest. Maximum winds had diminished to 80 mph as Frederic moved inland early today.

At 6 a.m. EDT, the center of the storm was located near latitude 31.8 north and longitude 88.5 west, 30 miles southeast of Meridian, Miss. It was moving north at 15 mph and weakening rapidly. Forecasters said the major threat of the storm appeared to be the chance of flooding and tornadoes.

In Pascagoula, two dozen National Guardsmen were forced to take cover in an ammunition vault when the hurricane leveled their armory. Two of the city's 22 emergency shelters were unroofed, forcing rescue crews to move 400 people to other shelters as the storm raged.

More than 200 hospital patients were moved to hallways as windows shattered and 130 occupants of a nursing home huddled in halls as rain whipped through shattered windows. The roof of the Jackson County courthouse sagged and split.

As the eye of the hurricane brought a

temporary calm to the town of 47,000, officials of Ingalls Shipyard, Mississippi's largest-single industry, reported "extensive damage, just absolutely extensive."

Meanwhile, 25 police officers who were using a Mobile National Guard Armory as a temporary precinct house escaped injury when the storm knocked out a wall of the building.

In Fairhope, Ala., on the eastern shore of Mobile Bay, City Councilman Jack Stipes reported the winds were devastating.

"It's just pitiful, he said. "I look out in the streets and all I see is twisted trees and metal. We've had tremendous damage to homes and businesses, but we know of no casualties and that's what we're thanking God for."

Tornado warnings were issued for parts of Florida, Georgia and Alabama, and civil defense officials said 17 people received minor injuries when a tornado knocked down a building in Gulfport, Miss.

# Mexicans Round Up Stray Dogs

EL PASO, Texas (AP) - Mexican authorities in Juarez are rounding up and killing stray dogs in an effort to combat rabies outbreak that already has claimed five lives along the border.

Heriberto Perez-Gonzales, health center director for El Paso's Mexican sister city of Juarez, said 300 veterinarians were lecturing in Juarez schools to advise children of the dangers of rabid animals.

A program called "Children Against Rabies" also has started. Five persons have died this year from rabies contracted

along the Mexican-U.S. border, said Dr. Richard Coppedge, field chief for the Pan American Health Organization here. He said two more deaths in Juarez — still not officially confirmed as rabies — were recently reported.

Mexican animal control patrols set out before dawn each day, picking up all stray dogs, according to Perez-Gonzales.

The strays are killed the same day in a gas chamber, say animal control officers.

Perez-Gonzales said Wednesday about 45,000 Juarez dogs

had been vaccinated. He said education radio programs have been warning dog owners for weeks to vaccinate animals and keep them tied or indoors.

Dr. Bernard F. Rosenblum, El Paso city-county health director, said Juarez reported 109 rabid animals since December. El Paso has reported 29 rabid dogs, cats and skunks since March.

El Paso Animal Control Supervisor Jack Luck said he hopes dogs will be controlled on the Mexican side of the border before late October when "river dogs" will start appearing.

Luck said the Rio Grande — the international boundary — dries up enough in the fall to allow dogs to run freely back and forth across the border.

## Truck Burglaries Under Investigation

Hereford police are checking leads into burglaries involving four semi tractor-trailers which occurred either Tuesday night or early Wednesday morning in the parking lot of Montgomery Truck Brokers, W. Highway 60.

J.C. Deese, of Auburndale, Fla., reported that a 10-foot section of galvanized pipe was taken from the back of his truck Tuesday evening. Connie Medlin of Caruthersville, Mo., reported the theft of two matching chrome-plated mud-flaps from his truck.

All three items were recovered in weeds on Highway 60 near the scene of the burglaries.

Not recovered were a CB antenna taken from a truck belonging to Jack Mann (no address available) and 60 chrome-plated lug nuts from a truck being driven by Steve Tyles, of Chicago, Ill.</

# Music Club Holds Kick-Off Brunch

Texas Federated Music Club kick-off brunch was held by Dawn Music Club Tuesday morning in the home of Mrs. Carl Wimberley.

Club president Arliss Stewart opened the meeting with the reading of all correspondence received during the vacation months.

Hazel Stewart, vice president and chairman of the yearbook committee, gave a "game plan" review of the coming year, pointing out special programs. To be included in the year's plans will be a variety show, for which the Dawn Club has earned annual attention in the

area.

Using a sports theme, "backfield coach" Suzy Curtisinger gave a pep talk to the "fan band" members and demonstrated some of the instruments to be utilized with help from Ruby Wimberley at the piano.

Serving as "cheerleaders" was a vocal ensemble, who closed the program with the Hymn of the Month and "Jacob's Ladder," arranged by Kent A. Newbury.

A new member, Mrs. Lottie Wertenberger, was welcomed.

Others attending were Glenna Tooley, Lullie McCabe, Corrine Smith, Becky Caraway and children.

# Yearbook Committee Hosts Club Dinner

The yearbook committee served as hostesses Tuesday night for La Plata Study Club's first meeting of the year.

The dinner meeting was held in the home of Mrs. Ken Rogers. Co-hostesses were Mmes. Bob Sims, Harlan VanderZee and Raymond White.

gram will be "Travelin'" and April's program will be "Steppin' Out," where club members and guest will attend a dinner theatre.

May's meeting will be the installation of officers and a salad supper.

Serving tables were decorated with candles and silk flower arrangements.

Mrs. Bob Sims, chairman of the yearbook committee and vice president, presented the yearbooks to club members. The club will meet the first Tuesday of each month through May at 7 p.m.

The business session was conducted by Mrs. O.G. Nieman, president. Corresponding secretary, Mrs. Lewis McCustian read several "Thank You" notes and a letter from Mrs. Doug Bartlett who asked to be an associate member for one year due to illness.

The next scheduled meeting will be Oct. 2 when a style show will be presented at The Vogue. The November meeting will be a Thanksgiving dinner with husbands as guests.

After the business meeting, each member told about her summer.

A Christmas party will be held in December at which time secret pals will be revealed. The theme of the January meeting will be "Looking Back." The program in February will be "Learning." The March pro-

Guest, Mable Hunt of Rock Springs was introduced. She is the mother of Mrs. Ken Rogers.

Others attending were Mmes. W.D. Askew, Doug Bartlett, Gayle Cotten; Jay Boston, Nicks Fariss, Roland Hairgrove, Melvin Hoover, Melvin Jayroe, Charles Kelley, Lewis McCustian, Ansel McDowell, J.D. # Ann Landers Belligerent Children

DEAR ANN LANDERS: Our seven-year-old son has been threatening to kill his father and me ever since he was five. He makes these threats when he doesn't get his way, or if he is punished for some wrongdoing. It doesn't happen very often and seems to come in spurts. For months he will behave fairly well, then suddenly he will become belligerent and say such things as, "I'm going to kill you!" He will then go into detail and describe how. For example: "I'll take the butcher knife and stick it into your stomach." Or, "I'll get a gun and shoot you in the head."

Would you say it's a stage all children go through, or does this suggest a deep-seated problem

that needs looking into? -- Concerned in Idaho

DEAR IDAHO: A child of any age who threatens murder should not be ignored. Your son's anger and hostility need to be investigated.

I recommend family counseling at the earliest possible moment. I also suggest that you keep all the knives in a locked drawer, and if you have a gun in the house, it should be well-hidden, also under lock and key.

DEAR ANN LANDERS: Our landlady is a genius at manufacturing excuses to get into our apartment to look around. She usually comes when we are at work. [The man in the next apartment has seen her.] Twice within the last three weeks she has been here to inspect the gas stove and smoke alarm.

The woman has a key, to which she is entitled by law, but she knocks once, then tries to let herself in. We keep the chain on because we aren't always dressed, ready to receive "guests." The chain has prevented some embarrassing moments.

What can be done to curtail her snooping and the all-too-fre-

quent drop-in visits? -- Laverne And Shirley

DEAR L. and S.: Look at your lease. What does it say? If it doesn't have "entrance by the owner" spelled out, it should. Write the little old lady a letter. Tell her you appreciate her concern for your comfort and security but you'd like some notice before she drops in -- preferably 24 hours. You are entitled to this, unless there's an emergency.

DEAR ANN LANDERS: I work in a plush suburban Philadelphia restaurant. Please print this for all people who work like dogs setting up attractive food displays -- and I am not talking about cafeterias.

Recently we practically killed ourselves putting together a gorgeous table. Unbelievable care went into the selection of top-grade vegetables and fruits. It was magnificently artistic, and we were truly proud.

# Blind Man Ends National Journey to Find Guide Dog A Home

SAN ANTONIO, Texas (AP) — Lottie led her blind master aboard the airliner like she's done for eight years. But this time, the weeping blind man took off his guide dog's harness, kissed her and turned her over to a sobbing San Antonio couple.

With that, Keith Roark of Decatur, Ga., ended his nationwide journey to find the perfect home for the devoted 10-year-old tan and black German shepherd that can no longer serve

him because of its own failing eyesight.

"I've got three hours on the plane to sit and cry," said Roark, alone for the first time since he got the dog in 1971. "It's going to be very hard on me. She's part of me. When I leave part of me behind, it's hard."

Although Lottie is still suitable as a house pet, Roark said he could not keep her after he gets his new guide dog Oct. 1. He said he would have had to have her destroyed if he couldn't find the proper home for her.

His plight received nationwide attention and more than 800 families, including Mike and Denise Pirtle of San Antonio, offered to take the dog. He was still getting calls Wednesday morning, one Dallas woman offering to send her private jet to pick up Roark and his dog.

But Roark's incredibly strict requirements had eliminated all

but the Pirtles and a Tucson, Ariz. family. Roark and Lottie visited 10 cities on the search, making their last stop in San Antonio.

"I'm very happy, but my heart aches for Mr. Roark," Mrs. Pirtle said through tears. "Lottie will be the happiest dog in the world. Lottie will love it here. She'll be a member of the family."

In a notarized document, the Pirtles agreed to groom Lottie twice per day, take her to the veterinarian every 90 days, walk her at least 1 1/2 miles daily and feed her special vitamins and a certain type of dog food.

The Pirtles, both of whom are 27 and have a 3-year-old daughter, also agreed to never leave Lottie alone for more than an hour. Pirtle works during the day for the state highway department and Mrs. Pirtle works at night as a part-time grocery store employee.

Roark said he would visit as much as possible.

When Lottie dies, the Pirtles must return her body to Georgia to be buried in a cemetery plot Roark has already selected.

Mrs. Pirtle said she will quit college to devote more time to Lottie. She had read of Roark's plight in a San Antonio newspaper and was one of the 800 who contacted Roark about adopting Lottie.

Roark, whose journey cost more than \$1,500 of his own money, said he selected the Pirtles largely because he found

no discrimination in San Antonio against a blind person with a guide dog. Roark, once an Air Force basic trainee in San Antonio, was blinded 10 years ago while in Vietnam and heads a national organization to fight such discrimination.

"Hundreds of people called me while it was in San Antonio. They've accepted me and ac-

cepted my dog. That's the kind of city I want my dog in," he said.

"I can tell when she's happy. She seems very contented," he added.

Roark had given Lottie to the Pirtles for a two-day trial visit, checking on her each hour they were awake. He took her back to his hotel room Tuesday night.

## Christian Program Slated Saturday

Christ and has since devoted himself to full-time Christian ministry. He has appeared in the Andrae Crouch concert and a Billy Graham Crusade. His ministry has taken him throughout Texas, the United States and to Japan.

Watson and Larry Lea were here for the Hereford Youth Crusade, a seven-night interdenominational revival held in 1977.

The Hereford Chapter of FGBMF holds a prayer breakfast monthly. Currently serving as officers are Jonny Cloud, president; Leo Harper, vice president; Kit Sanders, secretary; and Jimmie Alford, treasurer.

Gospel singer Johnny Ray Watson will be presenting his Christian testimony Saturday, Sept. 15, during a dinner meeting of the Hereford Chapter, Full Gospel Businessmen's Fellowship International.

All interested persons are invited to attend. A buffet supper, costing \$3.50 per person will be served at 7 p.m. in the high school cafeteria. The program will follow at 8 o'clock.

Watson and his wife Brinda have ministered in several local churches in recent years. Watson is a native of Lorenzo, where he starred in basketball, as well as at McMurry College. In December of 1972, Watson accepted the teachings of Jesus

Is a signed offer to purchase a legally binding contract?

Only when certain requirements are satisfied is an offer to purchase a legally binding contract: (1) you offer to buy a property for a particular sum and upon express conditions, (2) you sign the offer to purchase form, (3) the form is delivered to the seller, (4) the seller accepts the agreement and conditions, (5) the seller signs the agreement, (6) a copy of the signed form is returned to you, (7) you issue payment of a "valuable consideration" or earnest money representing your guarantee that you will go ahead with the purchase if the seller accepts your offer. Always assume that your offer will be accepted. For this reason, you should sign an offer to purchase only when sure you will be content to go ahead with the transaction under the terms of that offer.

Mr. and Mrs. Leslie C. Haworth of Wellston, Okla. were the weekend guests of Mr. and Mrs. Arvil Burrow on Route 1, Hereford. The Burrows enjoyed homemade ice cream and visiting with their niece and her husband.

To reduce energy costs, plant deciduous trees close to the house. They produce good shade for the house during the summer but let in valuable winter sunshine.

**Manchee Speaks To Newcomers**

Mal Manchee, director of program development for the Hereford Independent School District, addressed the Newcomers Club Tuesday at a noon luncheon held at K-Bob's Steak House.

Hereford schools are the largest industry in Deaf Smith County with a budget of \$8,750,000. Approximately \$2,750,000 is derived from local taxes, \$4,200,000 from State taxes and \$1,825,000 from the Federal government.

business session was held with the announcement of the upcoming meeting which is scheduled for Oct. 9 in the Thompson House.

Manchee discussed the areas and programs served by the nine campuses in the Hereford School system and the services available presently. He was quoted in saying that the

He went on to say that part of the federal money was used to supply educational services to two-thousand migrants.

Guests attending were Vera Threewit, Joy Matthews, Barbara Shire, Barbara Garnett, Peggy Wallace and Carol Hendricks.

Eight members were in attendance.

I SURE AM GLAD YOU STOPPED IN TOWN SO WE COULD TAKE A SHOWER AND BUY SOME NEW CLOTHES, DOC!

IT WAS A MATTER OF NECESSITY, ALLEY! I THINK ANY ONE OF US COULD HAVE SET OFF A SMOKE ALARM JUST BY WALKING BY IT!

HAUL IT ALL TRUCK TRUCK TRUCK

SPEAKING OF SMOKE, WHAT EXACTLY DID YOU LOSE IN THE FIRE?

OUTSIDE OF THE CAR AND SOME PERSONAL THINGS, THE ONLY MAJOR LOSS WAS DOC'S NEW SWITCHING MODULE!

## Local Woman Named To WINGS Office

CANYON--Two Canyon residents and a Hereford woman were elected new officers of WINGS [Women Involved in New Goals] at a "Get Acquainted Salad Luncheon" which was held on Sept. 5 at West Texas State University. The Canyon officers and their titles include Suzy Lundy, president, and Linda Swint, vice-president. Also elected as secretary was Donna Ion of Hereford. The Office of Programs for Women, which sponsors WINGS, is anticipating an exciting fall semester. A new service center for women has been organized and is located in Student Union Bldg. at West Texas State University.

The Women's Center is a new addition to the Women's Program. The purpose of the center is to foster needs to women. "We feel this program will benefit women, especially with problems presented in returning to school," said Jane Kerr, assistant director of women's programs. The center offers a place to meet new friends, visit and share ideas with other women. A library containing periodicals, pamphlets and books concerning women of today in education and business is also available at the center.

"Everyone is invited," Kerr said. "There is no fee to be a member." According to Kerr, the center is open from 8 a.m. to 5 p.m. Monday through Friday. "Something's Up" is the theme for the next meeting which will take place on Oct. 3. Emphasis at the meeting will include how to build a wardrobe for school and work with a limited budget.

For more information, one can contact Jane Kerr, assistant director of Women's Programs, West Texas State University, or call her at (806) 656-2172. Ms. Lundy lives at 1409 Creekmore while Ms. Swint lives at Canyon Park Apts. in Canyon. Ms. Ion lives at 118 16th St., Hereford.

To Serve WINGS

Officers of WINGS [Women Involved in New Goals] were recently elected at West Texas State University. Chosen to serve in office were, from left, Linda Swint, vice president; Suzy Lundy, president; and Donna Ion, secretary. Ms. Ion is a resident of Hereford.

## At Wits End

BY ERMA BOMBECK

I have a friend who has been trying to sell her house for six months and frankly, I'm worried about her.

The other morning, while having coffee, I excused myself to use her bathroom. She threw her body across the door and said, "Do you really have to use this? I mean, you couldn't wait and stop at the service station on the way home, could you?"

"Get hold of yourself, Gloria," I said. "Ever since you listed your home you've developed a clean fetish."

"Are you finished leaning back on that pillow?" she asked, grabbing it and punching it up with her fist.

"See what I mean? You're going crazy with neatness. What happened? We never see a newspaper at your door anymore. We never see garbage cans at your curb. I almost hate to ask, but where are your children?"

"I laundered and stored them until after we move," she said, grabbing the cup and saucer away from my lips and rinsing them under the faucet. "Face it. No one buys a house that looks like it's inhabited."

"That's a dumb thing to say."

"It's true. Take your average model home. The light switches might not work, the walls smell like paste, there is no water, and the doors are hung backwards. No problem. The house will still sell. But if the lids are up on the bathroom commode-forget it!"

"I don't believe that at all."

"It's true. Take this house. Please. It was a model home when we bought it. I'm here to tell you a virgin house is the most beautiful sight in the world. There was even a bowl of waxed fruit on the coffee table. Then we moved in. First, it was a basketball in the foyer, handprints around the light switches, a cardboard box in the utility room to hold the dog, cup dispensers on every wall, a calendar over the stove, notes on the refrigerator, an ironing board in the dining room, a boot in the flower bed, rolled-up newspapers in the spouting, 50-pound bag of fertilizer on the porch, a bread card in the window...."

"And the waxed fruit?"

"It's still in the bowl with initials carved into it, along with a brush roller, two marbles and a transistor battery. The illusion is gone."

Just then the realtor came up the drive with a prospective couple. "Quick," yelled Gloria, grabbing her sweater.

"Put the coffee pot in the oven, the mail in the freezer and follow me to the basement. Just pray they don't slip on the driveway. I waxed it yesterday."

## Tie-On Seat Cushions Brighten Up Any Home

COLLEGE STATION — Make tie-on seat cushions to brighten up a room and add comfort to chairs, suggests Pat Seaman, a housing and home furnishings specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

**MAKING PATTERN**

1) Lay newspaper or wrapping paper across the chair seat.

2) Mark around front, sides and back. At the seat back corners mark around the legs. Cut pattern and check fit.

**CUTTING FOAM**

3) Lay the pattern on the foam—one and one half inches (3.8 centimeters) thickness is usual. Drawn around the pattern with a ballpoint pen, and cut the foam with a serrated knife.

**CUTTING FABRIC**

4) Add one-half inch (1.3 centimeter) seam allowance to the pattern on all edges, and cut the fabric according to this new pattern, observing grainline and centering fabric pattern or stripes if necessary.

5) Cut boxing strips equal to the total length of the edges

plus necessary seam allowance.

6) Cut bias strips to cover cable cord.

7) Cut ties from one-half inch (1.3 centimeter) tape or make matching ties from fabric. Allow 18 inches (46 centimeters) length for each tie.

**SEWING**

8) Pin and stitch ties in appropriate place on bottom fabric cover.

9) Stitch boxing strips to make one continuous piece of fabric.

10) With right sides together, stitch top cover piece to boxing strip, clipping seams on curves.

11) With right sides together, stitch bottom cover to boxing strip, tacking in ties and leaving an opening large enough to insert foam.

12) Turn right-side out, insert foam pad, and slip stitch opening closed.

13) Ties can be replaced with toggles for a more tailored look. Add buttons for a tufted look.

## Check Camping Tents For Fire Resistance

COLLEGE STATION — Check your tent before going camping to avoid potential hazards, advises Carla Shearer, a health education specialist with the Texas Agricultural Extension Service, The Texas A&M University System. Camping itself is not unsafe—in fact, its related injuries rank lower than any other sporting activities, she points out. Most camping injuries stem from faulty equipment or improper use.

The Consumer Product Safety Commission has established flammability standards for tent manufacturers.

The Commission requires that those tents that do not meet specifications for flame resistance carry labels that indicate the tent is not flame resistant, the specialist says.

However, if a tent does display this information,

can test it for flame resistance yourself.

To determine whether your tent is flame resistant, cut a small dry sample of the tent material. Hold it vertically with a pair of tongs or similar instrument—not your fingers—and touch a match flame to the underside of the fabric.

If the material continues to burn after the flame is removed, then the material is not flame resistant.

But, if the material extinguishes itself, then it is flame resistant.

Never consider a tent flame PROOF, Ms. Shearer cautions. Take these precautions when camping:

- 1) Pitch the tent at least 15 feet upwind from fire places, grills and other sources of fire.
- 2) Use only battery-operated lights inside for tent.
- 3) Instruct everyone using the tent on how to escape in case of fire.

# ABC Shifting Programming in Niensens Battle

NEW YORK (AP) — ABC, in an effort to tighten its grip on first place in the networks' prime-time ratings race, shifted some of its most successful programs to new time slots for the upcoming 1979-80 season.

The schedule changes can hardly be declared successful, though, by the same yardstick, they can't be proclaimed unsuccessful, either.

Some examples: —"Mork and Mindy," which had an average rating of 28.5 on Thursday nights in the last season, compiled a rating of 22.7 in its new Sunday night slot in the week ending Sept. 9.

—"Laverne and Shirley," which averaged 30.6 on Tuesday nights in the 1978-79 season, rated 18.6 last Thursday night.

—"Fantasy Island," with a 20.8 average on Saturday nights, pulled a 12.7 rating in its new Friday night time slot in the latest check by the A.C. Nielsen Co.

Indeed, it's difficult to say what effect, if any, the schedule shifts will have in the new season, which ABC began Monday night. The ratings, in any instance, are substantial for the

three programs, regardless of position in the schedule.

Nielsen says the rating of 22.7 for "Mork and Mindy" means all of the homes in the country with television, 22.7 percent saw at least part of the show.

ABC, a strong No. 1 in the ratings entering the new season, repositioned the programs to provide lead-in strength for new or comparatively weak

existing programs. So the long-range effect may be a boost for ABC, rather than aid for the competition.

The week ending Sept. 9 was the last of the summer season, and ABC, with several specials and sneak previews of new programs, was the big beneficiary in the ratings race.

Here are the week's 10 highest-rated shows:

"31st Emmy Awards Show," with a rating of 27.3 representing 20.3 million homes, and "Three's Company," 26.1 or 19.4 million, both ABC; "Miss America Pageant," 25.2 or 18.8 million, NBC; "The Lazarus Syndrome," 23.1 or 17.2 million, "Mork and Mindy," 22.7 or 16.9 million, and "Breaking Up is Hard to Do," Part I, 22.5 or 16.8 million, all

ABC; "M-A-S-H," 22.4 or 16.7 million, CBS; "NFL Monday Night Football," 20.7 or 15.4 million, and "Taxi," 20.2 or 15.1 million, both ABC, and "WKRP in Cincinnati," 20.1 or 15 million, CBS.

The next 10 shows: "Eight is Enough" and "Happy Days," both ABC; Movie—"The High and the Mighty," CBS; "Breaking Up is

Hard to Do," Part II, ABC; Movie—"Speedtrap," CBS; Movie—"Ghost of Flight 401," NBC; "Laverne and Shirley," "240-Robert," and "Monday Night Football," Thursday edition, all ABC, and "Lou Grant," CBS.

# Houston Police Chief Questions Testimony

HOUSTON (AP) — Houston's police chief asked the U.S. Civil Rights Commission not to believe the testimony of some police officers who have been cut from the same cloth as pimps, burglars and killers. "This is not true," Harry Caldwell said Wednesday during the second and final day of

hearings on charges of abuses by the police of the nation's fifth largest city.

He said the department has handed down many regulations in the past two years designed to eliminate police brutality.

"But officers are only human beings and at times might violate policy," he testified. "Even in the year 2000, there will be

violations of regulations because we are dealing with human beings."

Commission attorneys had several heated exchanges with Caldwell, who replied to what he viewed as attacks on his officers by saying, "Unlike television, real life on the streets is more complicated. Of course, there will be errors of judgment,

but few of them are wanton and malicious."

"I am making a young man or a young woman go out in this world to make quick judgments day after day after day," he continued. "Why should they be condemned for a violation of a new policy? My officers may have violated some rules because they are only human

beings." Caldwell apparently felt a majority of testimony during the hearings had been weighted against the police.

"There are many voices in this community that this commission has not heard, voices that can support our officers," he testified. "Sure, we will make mistakes, but we will

never stop trying to correct those mistakes, whether this commission is in Houston or back in Washington."

Following Caldwell was a parade of witnesses who told the commission of alleged acts of brutality by Houston police officers.

The witnesses, who represented Hispanics, blacks

and Anglos, said officers often brutalize persons for no reason.

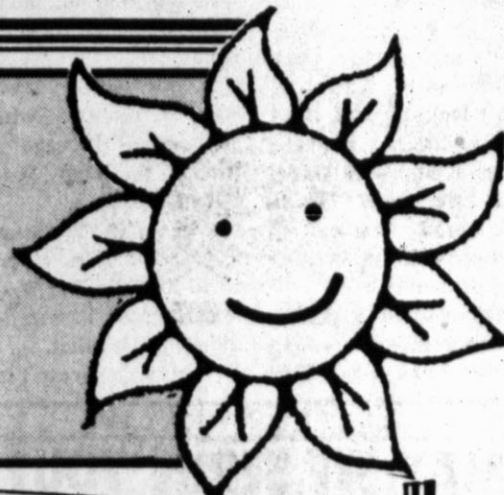

Loyal Florence said his 14-year-old son had been killed during a high-speed chase with police.

"My son had done nothing wrong and he suffered for 20 minutes before he died," said Florence, who told the commission that his son was a passen-

ger in a car stolen by another teen-ager.

"My son just went riding with an older teen-ager and he would not have been killed had not the police chased the car," he continued. "Police abuse is not a problem for the minorities alone, but for all of us."

# Reds Beat Astros Again to Hold First Place

CINCINNATI (AP) — Pitchers' duels? Hah! The Cincinnati Reds and the Houston Astros banged out 51 hits in their two-game series, which the Reds swept to vault into first place in the National League West.

"That just shows you how wrong I've been," said Cincinnati third baseman Ray Knight. "I made that prediction just the other day."

The Reds completed the sweep Wednesday night with a 7-4 victory to move 1 1/2 games ahead of Houston. But a three-run edge through the final three innings didn't satisfy Knight.

"I didn't feel safe with a 7-4 lead even in the last inning," said Knight, who went three-for-four at the plate. "Those guys are really battlers. I wanted to score a couple more runs."

Dave Collins had a perfect three-for-three night, reaching base all three times he led off an

inning. He walked once and bunted for a basehit once, and singled in a run his other time at bat.

Cincinnati baserunners were so bountiful that two scored on double plays. Houston's six pitchers all trouble, except for Joe Sambito.

"They (Reds) have their good days, like anybody else in the league, but we've had great pitching all year," said Houston pitcher J.R. Richard. "I'm still confident that our pitching will be good enough to win the pennant."

In the series, each team started its two winningest pitchers — Richard and Joe Niekro vs. Tom Seaver and Mike LaCoss.

Three didn't last long enough to get a decision, while Niekro, 18-10 took the loss Wednesday.

Rookie Frank Pastore, 4-6, was the winner in relief. "This series wasn't that dras-

tic a series," Astro Manager Bill Virdon maintained. "It leaves us with having to win. But you don't get panicky until the day before you're eliminated. We still have a long way to go."

Houston got a run in the first inning when Cesar Cedeno singled, went to second on a sacrifice, advanced on an infield out and scored on a single by Jose Cruz.

Collins started the Cincinnati first with a single, went to second on a passed ball and scored when Joe Morgan bounced a

double off the center field wall. "That one surprised me," Morgan said. "I don't usually hit a line drive that far. I guess it's just because I'm feeling better and swinging better."

Morgan then scored on a double by Dave Concepcion, who went to third on another passed ball and scored on a double play ground ball.

In the fourth, Foster got a leadoff single, moved up on Johnny Bench's single and a wild pitch and scored on Dan Driessen's sacrifice fly. Knight singled in Bench, went to sec-

ond on a wild pitch and scored on Collins' third straight single.

The Astros came back with three runs in the fifth after pinch hitter Dave Bergman, Cedeno and Craig Reynolds all singled to load the bases. Bergman scored on Terry Puhl's sacrifice fly, and Cruz doubled in the other two on a double to the right field corner.

Driessen was hit by a pitch in the Reds' sixth, went to third on a hit-and-run single by Knight and scored the final run when Cesar Geronimo hit into a double play.

## U.S. Team Wins Cage Crown, Weak in Track

MEXICO CITY (AP) — Italy's Pietro Mennea beat a world record and America's frustrated track and field athletes beat themselves out of an almost-sure gold medal on today's wind-up of the 10th World University Games.

"Medals are hard to come by," said a disappointed James Segrest, the American track and field coach, whose charges have won only two gold medals in 26 events.

And it won't be any easier on today's closing program. The United States' heavily favored 400-meter relay team didn't even qualify for the final. The baton was dropped on an exchange and the Americans finished last in their 4-team qualifying heat.

But the United States men's basketball team had an easy time of it — a surprisingly easy time — in a front-running, 88-70 victory over Yugoslavia in the gold medal game late Wednesday night.

The Yugoslavs had beaten the U.S. 79-73 earlier in the Games, but they were no match for the defending champions this time. The Americans, led by Andrew Toney's 20 points, built a 12-point halftime lead and weren't challenged after that.

"The difference is that we were mentally tougher," U.S. Coach Ken Anderson said. "The other game, we let down."

The victory completed a basketball sweep for the United States, whose women team won

the gold medal the night before.

The U.S. water polo team provided another gold with an 8-6 decision over Russia in the final game of their round-robin tournament. The Americans finished the last round with a 3-0 mark and the Soviets were second at 2-1.

The two victories helped set the American medals count at 19 gold and 49 total, well behind the overall defending champion Russians who have compiled a 32-72 count in the biennial, multiple-sport competition that drew college-age athletes from 95 nations. Romania is next at 12-28, followed by East Germany at 6-14.

Mennea, 27, set the only world record of the Games with a spectacular clocking of 19.72 in the 200-meter dash, wiping from the books the 11-year-old standard of 19.83 set by American Tommie Smith in the same Olympic Stadium.

"I always wanted to be the fastest," Mennea said, but added: "I kept looking at the results during the awards ceremony because I still couldn't believe it."

In more than a half century in New York, the Giants only retired two uniform numbers, Mel Ott's No. 4 and Carl Hubbell's No. 11.

In their first 20 years in San Francisco, the Giants had only 17 games postponed because of rain.

## Expos Lead Race, Half-Game Behind?

By BOB GREENE  
AP Sports Writer

The Montreal Expos are holding onto first place in the National League East ... one-half game behind the Pittsburgh Pirates.

No, you didn't read that wrong. Yes, it's true.

The Pirates have won three more games than the Expos while Montreal has lost two less games than Pittsburgh. But the Expos have a .6043 winning percentage while the Pirates are chugging along at a .6041 clip.

Figure it out yourself. Pittsburgh is 87-57 and Montreal is 84-55.

Pirates Manager Chuck Tanner, however, isn't worried.

"Fractions of percentage points don't matter to me. All that matters is that we keep winning," Tanner said after Pittsburgh beat the St. Louis Cardinals 2-0 behind the six-hit pitching of John Candelaria and reliever Kent Tekulve Wednesday night.

The Expos also won, 6-3 over the Chicago Cubs. It was Montreal's 16th victory in its last 17 games.

"I'd have to say it's really discouraging for Montreal to play the way they're playing and they can't catch up," said Tanner, ignoring the mathematical fact that the Expos hold a slight edge. "It's tough when you keep winning and you can't catch the team in front of you. It makes it hard. There's a lot of pressure on them."

Despite their hot streak, the Expos have not been able to gain much ground on the Pirates, who have won 14 of their last 17 contests.

"Montreal can't possibly play any better than they have played, and they've only picked up a game and a half," Tekulve said. "You win 16 out of 17 and only pick up a game and a half. That's got to be a little frustrating."

In other NL games Wednesday, San Francisco nipped At-

lanta 4-3. Cincinnati stopped Chicago 7-4. Philadelphia blanked New York 4-0 and Los Angeles downed San Diego 5-2.

Expos 6, Cubs 3

Veteran Tony Perez drove in two runs with a double to ignite a three-run eighth-inning rally and carry Montreal to its victory over Chicago.

Dave Kingman, Larry Blietner and Steve Ontiveros stroked run-scoring singles in the first inning to provide the Cubs with a 3-0 lead. But the Expos bounced back with a run in the third on Larry Parrish's 25th homer of the season and third in as many games. Montreal tied the contest with two runs in the seventh.

Giants 4, Braves 3

Left-hander Vida Blue, whose bunt single helped ignite a two-run third inning, won his 12th game as San Francisco edged Atlanta.

Mike Ivie slammed his 24th home run of the season, a solo shot, for the Giants in the fifth

inning.

**Dodgers 5, Padres 2**  
Bill Russell and Steve Garvey collected three hits each to back the eight-hit pitching of Charlie Hough and Bobby Castillo as Los Angeles stopped San Diego.

Hough, 5-5, worked into the eighth inning before Castillo took over, recording his sixth save.

Dave Winfield slugged his 30th home run leading off the Padres' seventh, spoiling Hough's bid for his first major league shutout.

With his three hits, Garvey is 16 hits away from his fifth 200-hit season in the last six years.

**Phillies 4, Mets 0**

Randy Lerch tripled in two runs and hurled his first shutout of the season as Philadelphia defeated New York. Lerch, 9-12, scattered seven hits and New York got more than one hit in only the first inning.

The left-hander walked two and struck out only in pitching his fifth complete game of the season.

## Simms Lions To Hold Trap Shoot Sunday

The Simms Lions Club will conduct a merchandise trap shoot Sunday from noon until dark at the Simms Community Building, 15 miles north and 15 miles west of Hereford.

Proceeds from the shoot will be used to fund civic projects of the organization during the coming year.

Fees will be 13 per 5-shot round during Sunday's competition, and a number of merchandise items will be awarded to winners.

Prizes include sporting goods, tools, gift certificates, general merchandise and sporting and pocketknives donated by area merchants.

Featured prize for Sunday's fund-raiser is a set of six

collector Schrade knives, featuring special artwork on the white whaletooth handles.

Soft drinks and snacks will be available throughout Sunday's shoot, and competitors are advised to bring their own shotgun shells.

# Rangers Win, 7 Games Back With 16 Remaining

ARLINGTON, Texas (AP) — It's September, the Texas Rangers' late summer skid dropped them as much as nine games off the pace and the attendance has just suffered successively through its three worst nights of the season.

But Texas Manager Pat Corrales says don't count his team out of the American League Western Division race yet.

The Rangers blasted five Seattle pitchers for 18 hits — with Willie Montanez' grand slam homer the trigger — and trounced the Seattle Mariners 13-3 Wednesday night.

"When the man running the board and the numbers tells me it's over, that's when I'll throw in the towel," Corrales said, noting that his team still has six games with division-leading California, and seven of California's 10 other remaining games are with Kansas City, the No. 2 team.

Texas moved another game closer with Wednesday night's win but still is seven games

back of California, with only 16 games left.

"I was on a team in 1964 (Philadelphia) that had a six-game lead with 12 to play, and we lost it," Corrales said.

Texas was on top of the division shortly before the All-Star break, then went into a disastrous skid in which they lost 30 of their next 40 games.

The victory by Doc Medich, 9-6, Wednesday night was his fourth in a row and gave Texas its 10th victory in 13 games. Medich scattered nine hits in the eight innings he worked, and the Mariners got a final hit in the ninth off Jim Kern.

Seattle's Rick Honeycutt, 10-11, retired the first nine men he faced — impressing writers in the pressbox sufficiently for them to start a no-hit pool.

But with one out in the fourth, Bump Wills singled cleanly to center. Buddy Bell followed with a single to left for his 180th hit of the year, a Ranger record.

John Ellis followed with the third straight single off Honeycutt to tie the game at 1-1 and

put runners at first and second. The Mariner southpaw fanned Richie Zisk for the second out, but then uncorked a wild pitch against Billy Sample, letting the runners move up.

Honeycutt walked Sample intentionally then, loading the bases, setting up a force out at any base, and getting to Montanez. The Ranger first baseman unloaded on the first pitch, drilling it over the right field fence, and suddenly Texas led, 5-1.

The Rangers batted around again in the sixth, getting eight hits and six runs, and picked up their last two runs in the seventh.

Seattle took an early lead when Larry Milbourne singled, Larry Cox sacrificed him to second and Julio Cruz singled him in.

Bruce Bochte's double, Willie Horton's single and Joe Simpson's double cut the Ranger lead to 5-3 in the top of the sixth, but then came the next avalanche of Ranger runs and it was all over.

## Yaz Gets Record, Bosox Win

By KEN RAPPOPORT  
AP Sports Writer

The first 3,000 hits are the hardest, says Carl Yastrzemski. And you know what? He isn't joking.

In what must have seemed like an eternity to the Boston Red Sox veteran, Yastrzemski was shut out 12 straight times in search of his 3,000th career hit.

Then he finally made contact. "I know one thing — the last hit was the toughest of all the 3,000," said Yastrzemski after getting his long sought-after hit in Wednesday night's 9-2 victory over the New York Yankees.

Yastrzemski's historic hit was a single off Yankee reliever Jim Beattie in the eighth inning — in his last time at bat — after he

walked, flied out and grounded out twice. Before his hard ground ball skipped into right field in Fenway Park past the glove of Yankee second baseman Willie Randolph, Yastrzemski had been hitless in 10 official at-bats and walked twice.

His last hit was a single in his final appearance in Sunday's 16-4 loss to Baltimore.

Elsewhere in the AL, Toronto edged Baltimore 3-2; Chicago outscored California 11-5; Kansas City blanked Minnesota 4-0; Milwaukee defeated Oakland 7-0; Texas routed Seattle 13-3 and Detroit turned back Cleveland 4-1.

**Blue Jays 3, Orioles 2**  
Rick Cerone's two-run single

in the sixth inning and Rick Bosetti's solo homer in the eighth carried Toronto over Baltimore. It was the second victory over Baltimore in as many nights for the Blue Jays, who had dropped their 15 previous meetings with the Orioles dating back to Aug. 8, 1978.

"Maybe we're a little anxious at the plate," said Baltimore Manager Earl Weaver, trying to explain a three-game losing streak. "But when you get into a slump, that can happen."

**White Sox 11, Angels 5**

Jim Morrison drove in three runs with a single and sacrifice fly and Mike Colbern hit a two-run triple to lead Chicago over California. The loss was the second in a row for the Angels, whose lead in the American League West dropped to three games over Kansas City.

The White Sox scored six runs in the first inning to chase loser Chris Knapp, 3-4, after only two-thirds of an inning. Ken Kravec, 12-13, pitched 51-3 innings and was credited with the victory.

**Royals 4, Twins 0**

Dennis Leonard pitched a three-hitter and Amos Otis drove in two runs to spark Kansas City over Minnesota. Leon-

ard, 12-10, tossing his fourth shutout of the season and his second against the Twins in 10 days, struck out three and walked two.

Loser Jerry Koonsman, 18-13, scattered six hits before giving way to Pete Redfern in the eighth after the Royals scored their third run.

**Brewers 7, A's 0**

Cecil Cooper and Ben Oglivie hit homers and Mike Caldwell pitched a two-hitter as Milwaukee defeated Oakland-Caldwell, 15-6, set down 17 straight Oakland hitters after giving up a leadoff single to Mitchell Page in the second.

The A's did not get another man aboard until Page took a Caldwell fastball on the shoulder in the eighth inning. The second hit off Caldwell came on a single by Rob Piccolo after a double play in the eighth.

**Tigers 4, Indians 1**

Milt Wilcox and Aurelio Lopez combined on a four-hitter and Jerry Morales and Lance Parrish hit RBI doubles as Detroit defeated Cleveland. Wilcox didn't allow a hit until Dave Rosello's two-out single in the fifth and gave up a homer to Cleveland's Ron Hassey with two out in the seventh before needing Lopez' relief help.

### Irish Picked Over Michigan; A&M Given Edge on Baylor

By WILL GRIMSLEY  
AP Special Correspondent

When you sit down to a fancy meal, normally you whet your appetite with something delicate — like fresh shrimp or cold consommé — and pick over a nice salad dripping French dressing.

Not Notre Dame. The Fighting Irish, opening the college football season, have chosen to leap right into the beefsteak, taking on Michigan, Purdue and Michigan State in that order. Then it's pop, pop, fizz, fizz.

The Irish should chew their way through the bone and gristle of their first course, beating the Wolverines in Saturday's TV feature. It gets tougher after that.

Last week's tally: 30-12, 7-14. Taking a day out of the week's vacation, here goes another spin:

Notre Dame 25, Michigan 17. The Irish, with Rusty Lisch directing, avenge last year's setback against a rebuilding power.

UCLA 27, Purdue 20. An upset. The highly rated Boilermakers, preseason Big Ten favorite, will be looking ahead to the Irish game.

Penn State 35, Rutgers 10: Dayle Tate, if he can keep from breaking any more bones, should fill Chuck Fusina's QB shoes nicely.

Southern California 42, Oregon State 12: The Trojans could make a creditable showing in the NFL.

Nebraska 45, Utah State 14: Kenny Brown and Junior Miller had 53 catches between them in 1978. Hipp, hipp, hooray.

Georgia 33, Wake Forest 7: The Bulldogs are getting better ratings down South than their former governor, Jimmy Carter.

Texas A&M 19, Baylor 14: Stunned by Brigham Young, the Aggies settle a year-old score with Baylor.

Oklahoma 47, Iowa 7: How can you drop the Sooners from title contention as long as Billy Sims (1,762 yards) is loose?

North Carolina State 30, Virginia 12: This is the Wolfpack team that beat Pitt in the Tangerine Bowl — bigger 'n better.

Missouri 38, Illinois 7: Phil Bradley's arm and Jim Wilder's legs should allow the Tigers to roll like Ol' Man River.

Washington 30, Utah 10: The Huskies, getting off to a better start than in '78, should be a definite bowl contender.

Florida State 28, Arizona State 20: One of the day's best games, with a nod to those two FSU slingers, Jimmy Jordan and Wally Woodham.

Louisiana State 27, Colorado 20: "Win 'em for Mac" is the Bayou rallying cry for departing Coach Charlie McClendon.

Army 20, Connecticut 14: Lou Saban gives the Cadets some spit, polish and pluck.

## Meyers Fails in Bid At Pro Basketball

INDIANAPOLIS (AP) — Ann Meyers convinced Indiana Pacers Coach Bobby Leonard she knew the fundamentals of basketball well enough to play in the National Basketball Association. But, Leonard said her size just wasn't right.

"If she was six inches bigger and 40 pounds heavier, it would have been a different story," Leonard said Wednesday after he told the 5-foot-9, 140-pound Meyers that she had failed in her bid to become the first woman to play in the NBA.

"I personally feel Ann did a great job from the fundamental standpoint of knowing the game

of basketball," Leonard said. "I wish some guys out there tonight were as fundamentally sound as her."

Meyers, an All-American women's player at UCLA and a U.S. Olympic star in Montreal who will remain with the club in some capacity, took the news calmly.

"I'm happy with myself," she said. "I did the best I could. The players were super to me. Slick (Leonard) and his assistants showed me a lot of things that I did wrong."

Sam Nassi, the club's owner who decided to give Meyers her opportunity, said no definite decision had been reached concerning a future role with the team.

"She has already had an offer from one television station and an offer from a radio station to do color commentary for 82 games," he said.

## Oilers Add Linebacker

HOUSTON (AP) — The Houston Oilers added linebacker Jimbo Elrod to their roster Wednesday to bolster the special teams and allow utility man Guido Merkens to concentrate on the job of No. 3 quarterback.

Merkens, a jack-of-all-trades who plays defensive back and wide receiver as well as quarterback, became very important to the Oilers after Dan Pastorini received a severely bruised shoulder in last Sunday's game against Pittsburgh.

**AUSTIN**—Texas Attorney General Mark White said last week that important evidence for his investigation into the cause of history's largest oil spill was lost when a SEDCO drilling rig was scuttled by its owners.

White is investigating Gov. Bill Clements' SEDCO drilling firm and other parties involved in the Campeche Bay oil spill to determine if negligence was the cause of the spill.

He told Austin reporters he was "shocked" to learn SEDCO had towed the rig into Gulf of Mexico international waters and sank it in between 6,000 and 10,000 feet—an irretrievable depth.

"I couldn't understand why they would have taken this action. You know this (the drilling rig) was obviously going to be a piece of evidence that would be important in terms of an assessment of negligence," White said.

Gil Clements, the governor's son who now runs SEDCO, said the decision to sink the rig was made after company and insurance officials determined the rig could not be salvaged.

Clements said that after the June 3 blowout, the rig was towed from the spill site and examined by insurance officials who settled with SEDCO for \$20 million.

The rig was then scuttled after the first of July, according to Clements, who said he suspected "that White's staff was told early on that this rig had been sunk."

White was looking into reports that when SEDCO pulled the rig from the well, that action cracked a well-head casing, which may have resulted in the uncontrolled flow of oil into the Gulf.

**"Profit": No Dirty Word**

The balance of power in Washington is shifting to the Southwest and South, and citizens can expect to see a change in federal laws, Speaker of the House Bill Claydon told a Beaumont audience last week.

Claydon said the population growth in those parts of the nation will result in more votes in Congress—and Texas will receive two additional congressional seats.

New industries and residents come here because "the people in Texas don't think profit is a dirty word." The result in Congress, Claydon said, will be "a lot

**Party Switch**

A power shift of another sort occurred last week when veteran Democrat Sen. Bill Braecklein of Dallas announced he is becoming a Republican. His reason is he can't support President Jimmy Carter and he believes Carter is too great a burden to carry in his district, which almost went Republican in the state senate race four years ago.

Dallas State Rep. David Cain and County Democratic Chairman Ron Kessler are both eyeing that party's slot for the race against Braecklein.

**Creighton to Step Down**

State Sen. Tom Creighton, D-Mineral Wells, has announced he will retire, giving up his seat of 20 years to devote full time to law practice.

"I'm tired," Creighton explained. "I've had 20 years in the senate, plus another eight years public service as Palo Pinto County attorney. That ought to be enough, don't you think?"

A staunch business supporter, Creighton chaired the economic development committee. Supporters of Gov. Bill Clements had tried in past weeks to get Creighton to switch parties, but he balked at that, saying he ran as a Democrat and would die a Democrat.

Creighton was the last "admitted" tobacco chewer in the Senate, and an adept pilot who once had to crash land his plane in an emergency while en route to a Colorado hunting trip.

He is also the only Texas senator to have been married on a radio show. He and his wife, Sue, were married in 1950 on the "Bride and Groom Show" in Hollywood.

**Marathon Suit Settlement**

The Texas Railroad Commission approved final settlement of the marathon natural gas contract dispute between Coastal States Gas Corp. and LoVaca Gathering Co. and some 400 customers.

The six-year legal battle is the longest and most complex in the commission's history.

The \$1.6 billion breach of contract suit began in 1970 when it became apparent Coastal LoVaca would be unable to meet long-term contract conditions to supply natural gas to Austin, San Antonio and other Texas cities.

Under the settlement, customers will drop their \$1.6 billion damages suit. LoVaca will be separated from Coastal States and transformed into a new company known as Valero Energy Co. Coastal States will spend \$180 million minimum over the next 15 years exploring for gas for Valero, and Austin, San Antonio and the Lower Colorado River Authority will have the chance to buy extensive lignite leases now owned by Coastal in Bastrop, Fayette and Washington counties.

## POLLY'S POINTERS

Polly Cramer

Keep that mayo cold

**By Polly Cramer**  
**POLLY'S PROBLEM**

**DEAR POLLY** — I work at a small restaurant and we disagree over what foods should be refrigerated. The type of mayonnaise we use says nothing about refrigeration and we also wonder about ketchup and mustard. I think they should all be refrigerated after opening. — C.A.W.

**DEAR C.A.W.** — There is no question about mayonnaise. It is a big source of food poisoning and should only be taken from the refrigerator when being used. This pertains to all foods made with eggs and dairy products. As to the mustard and ketchup, I discussed this with a home economist who took it up with a still higher authority. Their opinion was that if the mustard and ketchup are kept out on the tables during the day it would be best to leave them out at night rather than run the chance of a temperature change. They should be reasonably safe if used in a short period of time, such as a week or two. — POLLY

**DEAR POLLY** — I want to tell Mrs. P.R. that those large mesh bags fruit and onions come in are ideal for moving yard plants. The large clump of "home" soil around the plant can be easily moved and relocated by replanting with the mesh bag intact. — NORMA

**DEAR POLLY** — Have you ever baked a frozen store-bought pie and found the crust edges burned before the center was brown? I solved that problem by making a collar out of the rim of a pie tin. Now when the crust edges are as brown as I like I lay the collar over the edges and let the center brown more. I always have a beautiful pie and save the collar to use over and over. — H.H.

**DEAR POLLY** — I have a pair of light suede shoes that I could not get clean until my shoemaker told me to rub them with sandpaper. It worked just great. — MRS.W.R.

**Polly's note** — Try a small place first and be sure the sandpaper is not too coarse.

Polly will send you one of her signed thank-you newspaper column clippers if she uses your favorite Pointer, Peeve or Problem in her column. Write POLLY'S POINTERS in care of this newspaper.

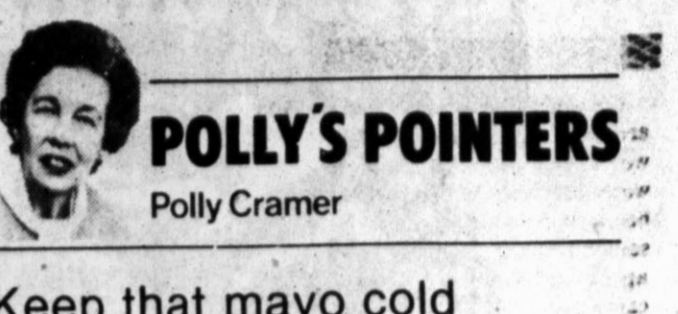

**DEAR POLLY** — When ironing a shirt with embroidery on it, such as a bowling shirt, I place a towel (folded in half) on the ironing board, put the embroidered piece on it with the right side down, put another towel on top and steam iron. All the wrinkles come out.

After cleaning fish I rub lemon juice on it to get rid of the fishy smell.

When moving house plants from one house to another make a cone out of two sheets of newspaper. Gently push up from the bottom over one plant and secure the ends. This prevents breakage of leaves and stems. — DEBRA

**DEAR DEBRA** — I have found that many plants move well if slipped down inside a very large paper bag. — POLLY

For economy and convenience, crepe batter may be stored for up to three days, covered and in the refrigerator. During storage, the batter may thicken; before using thin with milk.
