Hereford School Enrollment Reaches New All-Time High

Awards Presented To 105 Boys and Girls

Dawn Boy, Hereford Girl Given Top Honors In 4-H

A 15-year-old Dawn boy and a 16-year-old Hereford girl were named top 4-H club members for the year at the annual 4-H achievement banquet here Monday night, attended by more than 300 persons.

Presenting the awards was W. W. Grisham, Jr., Amarillo District Extension Service Agent for this area.

Both winners have been members of 4-H clubs for six years, and both have taken an active part in their local clubs as well as in county activities, it was announced. For her project this year, Joann has landscaped her home, has been active in public speaking, and in cooking, sewing and crafts. She is the daughter of Mr. and Mrs. F. A. Marnell. As a member of 4-H she attended the annual electric camp at Clouderoft, N.M. this past summer.

Joann belongs to an all-girl 4-H club, the Merry Maidens. She had been vice-president twice and secretary for three years, and has entered the county dress revue for five years, and helped judge the dress revue in Dallam County. She won blue ribbons in a number of food preparation demonstrations, and has helped in leading younger 4-H members. Her home demonstration agent, Jean Beene, said she is "one of those average 4-H'ers who has made good." Through her 4-H work she has taken a lot of home responsibilities when other members of the family were ill, her mother says. Joann says her leadership training in 4-H had qualified her for leadership in other groups.

Hereford school enrollment hit an all-time peak this week of 3505, Superintendent Paul Stevens reported to the board of education Tuesday night. This compares with 3462 at the start of the year.

Only two schools, senior high and Shirley, showed fewer pupils on the rolls this week than at the start of the year.

Expected migration out of the district, which normally occurs around this time of the year, has not taken place yet, while pupils moving with their families from Colorado and other states north of here have increased.

By schools' enrollment today as compared with the start of school year is: Alkman, 453 and 438; Central, 461 and 448; Northwest, 622 and 548; Shirley, 518 and 527; Stanton Junior High, 564 and 547; senior high school, 817 and 853.

Stevens, in his report, said the school is studying the migrant problem and the drop-out situation, especially this year, since pupils are not moving south as in previous years, the migrant situation is different, he explained. He said drop-out factors are being studied from all angles with the hope that a solution can be reached which will decrease the number of drop-outs. This is a problem which is causing concern throughout the nation these days.

He also reported to the board that a program of upgrading the industrial arts program in both junior and senior high schools is under way. An accelerated industrial arts program may offer some solution to the drop-out problem, he pointed out.

He said the administrative training program in which men within the system are given

special training to groom them for administrative jobs, is progressing and will be continued. He said the schools prefer to train people within the organization for administrative posts. Three men who are now heading schools in Hereford, have been promoted through this method — Charles Duvall, Roy Hartman and Philip Shook.

The superintendent said the board is reworking its entire policy setup and will announce new policies within the near future. The board also is taking a look at its athletic program to see that the physical education program meets the needs of all the pupils.

Stevens also reported on the new elementary and high school mathematics and social study programs. The new math system is working out well during its first year of operation here, the superintendent told the board.

The board approved the annual audit for the 1962-63 school year, made by Cornell & Co., certified public accountants from Amarillo. Summary of the report will be printed soon in The Brand.

The school board hired Rue Paula Duncan as a third grade teacher at Northwest, replacing Dorothy Whitten who has resigned. Mrs. Duncan, who lives on Route 5, is a graduate of Stinnett High School, and received her bachelor's degree in elementary education in 1959 from West Texas State University. She taught for a year in the Amarillo system, and for a year at Tucson, Ariz. She also has taught for a semester in the Lubbock school system.

The board decided to start its monthly meetings during the winter months at 7:30 p.m. (Continued on page 2)

DURING AUGUST

Accident Losses Heavy In County

Texas Highway Patrol investigated 18 accidents on rural highways in Deaf Smith County during the month of August, according to Sergeant W. E. Wells, Highway Patrol supervisor of this area.

These wrecks accounted for 11 persons injured and an estimated property damage of \$42,976.00.

The rural traffic accident summary for this county from January through October of 1963 shows a total of 91 accidents resulting in one person killed, 37 injured and an estimated property damage of \$90,441.00.

While there were no fatal accidents in the county during the past month, stated the Highway Patrol officer, Deaf Smith County's accidents accounted for more damages than in any other of the 31-county Panhandle district.

According to Department of Public Safety statistics, he noted, this county ranked second in the area in the total number of persons injured.

Rural Carriers To Distribute Survey Cards

Rural mail carriers from Hereford Post office will leave some livestock survey cards along their routes beginning November 15.

"Information reported on these cards is used to set the yearly inventory of livestock and poultry on Texas farms," Postmaster Nolan Grady explained.

Rural carriers distribute the cards at random in boxes along their routes, he noted.

"This means that not every body will get a card," Grady said. "For this reason, it's important for everyone who gets a card to return it filled out so that USDA can get a true sample of the State's livestock holdings."

Carriers assisting with the survey are Coleman Wright, Route 1; LeRoy Price, Route 2; Howard Armstrong, Route 3; Owen, Route 4; and E. Russell Young, Route 5; Olive Ford, Star Route.

Facts and figures secured in this survey are the basis for Texas and National pig crop report and inventories of livestock and poultry on farms as of the first of the year. Stockmen and many others use this information in making business decisions.

Survey results will be widely distributed through Texas Crop and Livestock Reporting Service releases, newspapers, farm magazines, radio and television.

Contest Winners Predict 17 Games

First, second, and third place winners in the week's football contest each predicted the outcome in 17 of last week's football games. Their places were determined by their predictions of the scores of various games.

First place winner was Don Sanders, second place was Charlotte Beasley, and third place was Ross Wallace.

There are only three weeks remaining in the contest. Winner will receive two tickets to the Cotton Bowl game in Dallas New Year's Day, and second place winner will receive one ticket to the game.

He'd Do it All Over Again

By Ray Martin

Frank Gyles, Sr., who began his business career in Hereford back in the days when kerosene was sold by the can with a spud stuck over the spout, is going out of business.

This week he announced sale of Packard Mills to Gerald Burney. Maybe he'll retire — he hasn't decided for sure.

But if he were starting over again, he'd do just like he did back there in the days before World War I, working for "anybody who would hire me where I could learn the business."

That's just what Gyles did; he worked in Cardwell's Grocery on Main street when he was just a boy, and he used to drive a wobbly old horse over the unpaved, muddy streets of Hereford, delivering groceries. In between times he swept out, clerked in the store or did the hundred and one other jobs that

had to be done in those days. "Keeping the big old stove in the center of the store filled with coal was one of my jobs," he recalls. "and how that thing could eat coal! I never was so happy as when Hereford got gas."

There wasn't a paved street in Hereford back in those days (Gyles came here with his parents in 1905) and that meant "mud and chugholes everywhere." He said the sidewalks—where there were any—were of the board variety, often half-covered with mud as the grain wagons plodded their ways down the streets, splashing water right and left.

Grocery store work was probably his first love, but he also spent some time setting type for the old Hereford Reporter — getting \$3.50 per week for a steady week that started early in the morning and ended late Saturday night when the Reporter presses wheezed to a stop.

Seek To Avenge Dumas Loss

Fighting Herd To Tangle With Littlefield Friday

Hereford Whites, still smarting from the 42-0 lashing given them last Friday by title-seeking Dumas Demons, are backing down to make ready for another strong AAA team, the Littlefield Wildcats. The game will be played here, starting at 8 o'clock.

Both Hereford and Littlefield have been trooped by the unbeaten Demons.

While Dumas was hanging another scalp to its belt Friday night, Littlefield was rolling across its traditional rival, neighboring Levelland Lobos, 33-12. Dumas meets Phillips Friday, another unbeaten team, while Littlefield winds up its season with Phillips the next weekend.

Despite the lop-sided score of the Dumas-Hereford game last

Friday night, the Whites played the best brand of ball they have exhibited this fall, many fans felt, and were licked mostly by a brand of speed seldom seen in a high school outfit.

Outcome of the Littlefield-Levelland game was pretty well assured from the start, the Wildcats leading from the first quarter.

The Whites will be out this week to try to stop a Wood-to-Pigum combination that clicked nine times with three of those aerials going for touchdowns.

Fine, Sentence Two County Men On DWI Charges

Two men charged with driving while intoxicated, first offense, were sentenced Monday as they entered pleas of guilty in Deaf Smith County Court, Judge H. C. Williams presiding.

Fined \$100 plus court costs and sentenced to 15 days in the county jail was O. T. Tice, 36, of Deaf Smith County. Tice was arrested shortly after midnight Sunday by a deputy sheriff.

The arrest was made 18 miles west of Hereford on Farm to Market Road 1058.

Also fined and sentenced on a similar charge was Clark Myatt Adams, 37, 412 Ave. I. His fine was set at \$50 plus court costs and he was sentenced to six days in jail.

Adams was arrested by a Texas Highway Patrol unit on U. S. Highway 385 at the intersection of 13th Street about 10 p.m. on Friday.

Two Sentenced, Fined On Liquor Law Violations

A 21-year-old Latin-American drew a heavy fine and sentence as he entered a plea of guilty Tuesday to charges of illegal sale of intoxicating beverages in Deaf Smith County Court, Judge H. C. Williams presiding.

The man, Lazaro Castaneda Villegas, 21, Dairy Road, was fined \$150 plus court costs and sentenced to 30 days in jail.

Also entering a plea of guilty to illegal possession of intoxicating beverages was Francisco Villegas, 60, also of Dairy Road. His fine was set at \$100 plus

When winter closes roads in the Hereford area this season, making it impractical for school busses to operate, notice will be given over Amarillo radio station KGNC between 6:15 and 6:30 a.m., Superintendent Paul Stevens said Wednesday. After KPAN comes on the air, the message also will be repeated on the Hereford station.

Women from over the Amarillo district are in Hereford today for the Amarillo District convention of the Methodist Women's Society of Christian Service, meeting at First Methodist Church. Delegates from 28 churches are expected for the meeting which gets under way at 10 a.m.

KPAN Radio Station Manager Clint Formby spoke at the Oklahoma State Chamber of Commerce convention in the Sheraton Hotel in Oklahoma City Wednesday. He was one of four out-of-state speakers appearing to tell the Oklahoma group of progress being made in their respective states. Formby, representing Texas, told of the Chamber's activities here and outlined the growth pattern of West Texas which is bulging at the seams these days.

Crop diversification, important to any area, is particularly evident around Hereford and Deaf Smith County. Once a wheat and cattle country, Deaf Smith and surrounding counties have long since come into the spotlight as the vegetable center of the southwest, growing lettuce, carrots, potatoes, cabbage, sugar beets and even bell peppers.

Recently Charlie Morris reported successfully growing a tobacco plant, and this week we are informed that the county is now in the business of raising pinto beans.

C. P. Wortham, farming 9 miles north and 5 west on the J. R. Lipscomb place, has just completed harvesting 20 acres of beans. This was C. P.'s first effort at growing pinto beans, and consequently his yields were not quite as good as those produced on his own place southeast of town farmed by Leroy Hodkins. Leroy had grown beans before moving to Deaf Smith County and consequently had the edge on Wortham.

However, C. P. was pleased with the outcome and figures that after a year or two of experimenting, he'll bring his own yield up to par. Knowing G.P., we'll bet that he does too.

We understand that J. F. Martin has also been growing pinto beans. J. F. farms south of Hereford in Castro County.

Now pinto beans are harvested with combines, and if we're not mistaken, the machine's platform has to run awfully close to the ground in order to get under the beans. Due to this, the beans that were once imported from our neighboring state of New Mexico were noted for the number of small rocks mixed in. In fact, "rocking" the beans used to be one of the many small chores that came our way when we were growing up. We're hoping, however, that Deaf Smith County beans will not be so endowed.

Besides, sometimes we missed a rock and an older brother would "chomp-down" on the little dude while eating and then we would really catch heck.

These we're told, were the good old days.

Frank Gyles, Sr. has this week announced the sale of Packard Milling Company to Gerald Burney of Hereford. Burney is the son of Mr. and Mrs. Bruce Burney of 202 North Texas Avenue.

Mr. Gyles has owned and operated the Packard Milling Company in its present location for the past 18 years, and before that time was active in other businesses in Hereford. Among his various activities has been a hitch at type-setting for the old Hereford Reporter, the forerunner of the Brand.

He plans to continue making his home in Hereford and for the present will remain with the business to help Burney get acquainted. However, Gerald is a personable young man, and we're betting that it won't take long to get indoctrinated in the business world and acquainted with the area farmers.

Loy Wylie, 11-year-old son of Mr. and Mrs. Oscar Wylie has convinced his Dad that he has an eagle eye.

Returning to town recently, the younger Wylie spotted what he thought was a billfold on the highway between Hays Implement Company and Austin Road. It took a little talking to convince his Dad that he should stop however; particularly since the traffic on 385 was quite heavy. But convince him he did, and Oscar took advantage of the first break in the stream of traffic to wheel around and return to the spot where Loy spotted the object. Sure enough it was a billfold, belonging to Patsy Hampton and containing a sum of money.

The billfold and its contents were returned, and the young man's honesty duly rewarded. And Oscar? Well, he's decided that the boy has pretty good vision.

Things change down through the years, mostly for the better of course, but there are times when we would like to back up and look the situation over "as

One of the things that we remember best about our first years in Hereford was the long line of trucks waiting to unload at local elevators during harvest time, as well as the mountainous piles of grain around each of the storage areas.

And in spite of the fact that farmers are producing more grain than ever before, the lines have disappeared and the piles of grain are diminishing. Of course, there's a reason for all this. Better unloading facilities at all elevators, coupled with the construction of many thousands of bushels more storage space has eliminated the bottleneck at the scales and practically eliminated the problem of outside storage. Of course this is much better than it was, but we always got a bit of pleasure from taking our visiting friends down to the trucks and pointing out the amount of grain on the ground, or showing them the long line of trucks waiting to unload.

But then, we can also remember when it was considered a victory for the Brand staff if we would determine the number of people in one of our news pictures after publication. Now we're upset if you can't read the time of day on the subject's wrist watch.

Progress, like age, makes many changes.

Gyles...

(Continued from Page 1) an hour law in those days," he muses. "You just worked all the time, and for whatever they would pay you. And \$8.00 per week was about typical of the times for a school boy."

Gyles and his parents came here from Missouri and his father, the late J. E. Gyles, operated a hotel in downtown Hereford. He also sold real estate. Frank went to work in Cardwell's grocery when he was a very small boy, and in between times he sold the Dallas News on the streets of Hereford.

Then after he had finished high school, he decided he'd go to the big city of Saint Louis and attend business college. That was in 1917. But his business career schooling was cut short by the war; he got drafted in 1918 and spent 11 months in the service.

Then after the war was over, he and a friend, J. R. Rutherford, came back to Hereford and bought out Cardwell in 1919, operating the store as Gyles & Rutherford. It was referred to, he remembers, as the G&R grocery. "We did a good business," he says, "and by 1923 I was able to buy out my partner who moved to Tyler and is raising roses now, I think."

"Anyway, along came Piggy-Wiggly with its franchise, so I bought the name back in 1931. By that time the depression had settled over the country and nobody had any money. I managed to get by, however, until 1938 and then Bellah Grocery of Canyon came along and bought me out. That was the end of my grocery career, but it had dated over a period from 1913 when I delivered groceries in a horse-cart until 1938, except for that short time I was in St. Louis and the 11 months I was in the service."

Then for several years, Gyles was in the cattle business. He had a farm near Hereford, so until about 1945 he "ran cattle on the West Texas Plains."

But in 1945 he bought out the Packard Mills which was turning out flour in those days under the Packard label. H. E. Danforth had owned the mill, so Gyles continued to produce flour. However, the process became more and more complicated, "what with the inspection and testing and everything that went into the business," so he closed the mill permanently in 1952 and switched over to the feed and seed business. He continued to operate under the Packard Mills label.

Gyles hasn't decided just what he will do. "I may just stick around that mill here," he said, "and help the new owner. One thing for sure, I'm not going to leave Hereford; this is my home and always will be."

Besides his wife, Gyles has a son, Frank A. Gyles, Jr., who lives in Phoenix, and a step-son Jack Kasaah who is a banker at Shallowater. Gyles is a member of the Presbyterian church, of the American Legion and Rotary Club and is a Shriner.

"I believe a fellow still can succeed in business, even in this complicated age in which we live, if he is willing to work and

to learn the business from the ground up," is Gyles summary. "America offers many opportunities and the young man still can make a success if he tries hard enough."

And he adds: "Of course business has changed a lot since those days more than a half-century ago when people brought their own jugs and we sold them a gallon of vinegar out of a wooden barrel. Or when they brought a gallon can and we went to the back of the store for kerosene. As we came back up through the store we would grab up a potato — a small one, of course — and smash it down over the pouring spout. And those were the days, too, when dried fruit came by the box and you pawed around in the box and came up with what you considered a pound of fruit for the customer."

"Yeah, it's changed a lot, but if a fellow has the ambition and wants to work hard enough, he still can make a go of it, even in today's hustling world."

Accident...

(Continued from Page 1) County reported 18.

Also according to the summary, the counties in the district reporting the most number of injuries were Gray and Deaf Smith Counties with 11 persons reported injured in each.

The great amount of damages can be placed on several accidents, the patrol sergeant noted. In three separate accidents involving truck tractor semi-trailer rigs heavy damages were reported to the vehicles and the contents of each.

In one, a late model sedan was involved and was a total loss, he added.

He also pointed out that compared to property damages in other Panhandle counties, the extent of damages in Deaf Smith County accidents ran two to three times higher.

The Sergeant also warned pedestrians saying "Don't walk yourself to death," that is a slogan we would like for you to remember for the rest of the year. November and December are noted as dangerous months in traffic and especially for pedestrians."

During the last two months of 1962 in Texas there were 65 pedestrians killed and 708 injured in collisions with motor vehicles.

Remove the seeds (if they're large) from a cucumber; grate and mix with cream cheese and a little onion powder. This combination makes a delicate and delicious sandwich spread if a fine quality of white bread is used and it is sliced very thin.

An evening snack: spread toast with soft cheddar cheese and broil, then garnish each slice with a couple of anchovy fillets.

Clubs To Study Window Planning

ies so we know the families will be having some good food to eat. Both freeze well for unexpected company.

Below is an interesting recipe: **WHOLE WHEAT BISCUITS**
Looking for something different to perk up your fall menus?

Try whole-wheat biscuits. Not only will they offer a welcome change of pace, but they'll provide your family with lots of good nourishment. Whole-wheat flour is milled from the entire

wheat kernel, so you get all of the nutritive value of the grain. Whole-wheat biscuits are both quick and easy to make. Here's a recipe from food specialists in the U. S. Department of Agriculture's Agriculture Research Service.

Whole Wheat Biscuits
1 cup whole-wheat flour
7/8 cup all-purpose flour
1 tablespoon baking powder
1/4 teaspoon salt
1/4 to 1/3 cup fat
1/2 cup water or milk.

Mix the dry ingredients together. Cut in the fat and add liquid to make a soft dough. Place the dough on a slightly floured board, and pat or roll until one-half or three-fourths of an inch thick; or knead gently, and roll to the desired thickness. Cut into biscuits. Bake at 450 degree F. (very hot oven) for

about 15 minutes.

Diluted evaporated milk may replace the water; or, if non-fat dry milk is available, mix 1/4 cup with the dry ingredients and use water in place of milk.

From the third-story window, it looks like the new Hi-Plains Savings and Loan Association Building is nearing completion. It is a beautiful building and is quite an attractive addition to Hereford.

Mrs. George Epping, a former resident in the Ford Community Center, came to the Get Acquainted Coffee, Tuesday morning. We are glad to have her back in club work. It seems a bit odd that the Eppings aren't working in 4-H now.

Friday there will be a good meeting at the Community Center. The Extension Service and Internal Revenue Service are

jointly sponsoring a series of these meetings. Friday, November 15th, 9:30 a.m.-3:30 p.m. in the Community Center. Everyone who is concerned with income tax is invited. The program consists of these parts:

1. Introductions and opening remarks.
2. Depreciation
3. Sec. 1281 gains and losses
4. Social Security
5. Investment Credits
6. Self-employed person's pension plan.
7. Questions and Answers
8. Closing remarks

Our farm and home management specialists say that management may be the missing link as we are not likely the next few years to make more increase in salary than the increase in living expenses.

Two Hereford High Students At Camp Fire Convention

Judy Crume and Mary Lynn Gibson, two Hereford Horizon girls, have been named as delegate and alternate delegate to the National Triennial Conference of Camp Fire Girls in San Francisco, Calif. The convention began Monday and ends Friday.

"Selection of the delegates was based on how far the girls have gone in Camp Fire and on what they had achieved in these years," explained Judy. The Horizon Club is a senior branch of Camp Fire and it is composed of junior high and senior high girls who want to continue in Camp Fire.

Judy and Mary Lynn started their first step in Camp Fire as Bluebirds when they were in the second grade. They have been in Camp Fire about ten years. Some of the speakers scheduled to speak at the daily meetings of the conference will be members of the Foreign and Domestic Peace Corps.

Judy was asked to participate in one of the meetings. She will be a member on a panel discussion, and she will tell what motivated her to achieve different things in Camp Fire. Besides attending the daily meetings, delegates to the Triennial Conference will be treated to a tour of Chinatown and Flaherman's Wharf and a tour of (Continued on Page 3)

Three Science Teachers Attend Amarillo Meet

Three HHS teachers attended a science meeting in Amarillo Monday, Nov. 4, sponsored by Bell Telephone Company.

Those going were Roy Harris, Charles Holt, and Gerald Dingsus, science teachers at HHS. The program, based on the sound chain, included demonstrations of equipment that might be used in the classroom. Everyone present was shown a film and given electronic kits by Bell Telephone to use in the classroom.

D. E. Radio Day Held On Monday Called Success

The Distributive Education Club sponsored Radio Day held Monday, Nov. 11, was termed a success by club sponsor Mr. Don Paris.

For this annual program the D.E. students sold advertising to finance the local Employers-Employee banquet and also to pay for the trips to area and state Leadership Conferences.

The Area Leadership Conference is held in San Angelo, while the State Leadership Conference is held in San Antonio. Mr. Paris said two-thirds of the money made selling advertising helps to pay for the youth leadership conference. The other one-third is placed in a special fund to be used by the school.

Students who will be going to the youth conferences are the ones who win the various contests. These contests include sales demonstration, job interview, ad layout, sweetheart, newswriting, and local president.

"The students who win these honors are very worthy and look forward to area and state conferences in San Angelo," commented Mr. Paris.

Editors' Notes:

By Lou Ann Withrow and Linda Higgins

Last week, as every week, was a time of waiting until Friday night's football game. But last Friday night was an especially long, tense wait as we met the Dumas Demons.

The spirit in the halls of HHS could be felt as it grew until the pep rally that was held at 3:00 p.m.

A reminder for seniors: soon you will need to place your orders for your invitations. Senior sponsor, Mrs. Billy Buck, advises you to discuss with your parents the number of invitations you need to order, so when the time comes to order you are prepared.

Twenty-nine seniors traveled to Canyon to take American College Test. This was the first of the tests to be given for college entrance.

The next test will be the Scholastic Aptitude Test, given Dec. 7 at Amarillo College. The fee is \$5.

Seniors, be sure to keep up with the dates of these entrance exams and the deadlines for applications.

We would like to extend congratulations to the D.E. classes and their sponsor, Mr. Don Paris, on a very successful Radio Day Monday. Sincere sympathies are extended to the family and relative of Mr. Joe Marnell, on his recent death.

Fast Dumas Backs Outrun Whitefaces

Outmanned and outrun but not outthought, the Whitefaces went down in defeat to the defending state champs from Dumas by a score of 42-0 last Friday night in Dumas.

Time and again a stubborn Whiteface defense saw great work wiped out by a long run by the speedy Demon backs. Halfback Joe Casas ran 75 yards for one touchdown after being trapped behind the line of scrimmage.

It took six minutes for the Demons to cross the goal line. Halfback Norman Bonner scored on a six yard run and Joe Ballard booted the first of six extra points. Ballard has kicked 19 extra points in a row.

Bonner and Ballard combined for another seven points in the second quarter to give the Demons a 14-0 halftime lead.

Casas and quarterback Doug Holtzclaw added T.D.'s in the third period as the Demons took a 28-0 lead after three quarters.

In the fourth period it was Casas' 75 yard run with less than five minutes to play and an eight yard pass to David Hamrick with three seconds to play that closed out the scoring.

Hereford's only serious threat during the game came in the fourth period as the Whitefaces drove inside the Dumas ten yard line. However, with first and goal the Herd fumbled.

Tomorrow night the Whitefaces meet the Littlefield Wildcats in Hereford. The Wildcats are 1-2 in district play. Next week the Herd closes out the season against the Levelland Lobos in Hereford.

Tri-Hi-Y Group Is Reorganized; Elect Presidents

The 16 old members of Tri-Hi-Y met Wednesday, Nov. 7, to decide upon a new set of officers for their organization.

Since Tri-Hi-Y opened its membership, the club has grown so that it was decided to split the present club into two smaller units.

The present officers remain as they were, but a new set of officers have been elected. They are Nanette Clearman, president; Ronda Neff, vice-president; Carolyn Aveda, secretary; Janis Hagans, treasurer; and Kathy Boston, chaplain.

The two presidents, Pegene Cox and Nanette Clearman, will divide the membership of the club into two equal smaller clubs. The date for the formal initiation will be announced later.

Round-Up Sale Deadline Set November 26

The HHS annual staff is taking orders for the 1964 "Round-Up" which is still on sale and will be on sale until Tuesday, Nov. 26. Students may make a down payment of two dollars before the deadline and then pay the remaining two dollars in February.

Down payment is a student order for an annual. It must be paid before the Nov. 26 deadline. It is definite that a student can not wait until spring to order, said Mrs. Viola Chisholm.

Members of the annual staff who will take orders are the following: Judy Wiman and Ronnie Duncan; they are also co-editors. Other members are Kathy Boston, David Block, Linda Loerwald, Gary Stagner, Barbara Langley, Cynthia Leasure, Greg Johnson and Paula Waldup.

Mrs. Leo Forrest Gives Recipe For Yeast Bread

By Dale Stevens
Brand Foods Editor

The Leo Forrest home on Austin Road is surrounded by large trees and lovely gardens. There are 17 acres and a Shetland pony for their seven little granddaughters to enjoy during their visits.

Four of the girls are children of Mr. and Mrs. Joe Harrison, Levelland, and the other three are children of Mr. and Mrs. Bedford Forrest, Plainview. Mrs. Forrest is the former Miss Janice Craig, Hereford.

Both Mr. and Mrs. Forrest are former teachers. He is now manager of Deaf Smith County Electric Co-op. When she can, Mrs. Forrest makes business trips with her husband. She went to Colombia, South America, with him some time ago. Their leisure interests include gardening and reading.

The afternoon of our visit with Mrs. Forrest, the aroma of fresh-baked bread drew us to the kitchen for buttered bread, jam, and coffee. Mrs. Forrest's favorite recipe for yeast bread follows.

YEAST BREAD
2 packages dry yeast
1 cup warm water
2/3 cup non-fat dry milk
4 cups warm water
4 T. sugar
1 T. salt
4 T. vegetable oil
13 cups of flour, more or less.
Dissolve yeast in one cup warm water. Measure the four cups water into large mixing

bowl, sprinkle in dry milk slowly, stirring to dissolve; add sugar, salt, vegetable oil, and yeast mixture. Stir in 2 cups flour, beating until smooth; add more flour to make moderately stiff dough.

Turn onto lightly floured surface and knead until smooth and satiny (about ten minutes.) Shape into a ball; place in greased bowl, turning to grease entire surface. Cover; let rise in warm place until double in bulk (about 1 1/2 hours). Punch down; let rise again until double in bulk (about one hour). Divide into four equal parts and shape into loaves. Place in loaf pans and let rise again until double (about 45 minutes.) Bake in hot oven (400 degrees) for 35-40 minutes. Remove from pans and brush with butter.

Two Students From Hereford Make Alpha Chi

Carol Ann Lamb and George Walter Davis of Hereford were among 56 new members initiated into Alpha Chi, national honor society at West Texas State University, Canyon.

Miss Lamb, daughter of Mr. and Mrs. Albert Lamb, Route 5, Hereford, is a junior majoring in Spanish. She is a member of Buffalo Gals, campus service organization; Sigma Tau Delta, national honorary English fraternity; is treasurer of Tau Beta Sigma, national honorary band fraternity for women, and is a member of the Buffalo Band.

Davis, son of Mr. and Mrs. John L. Davis, 338 East Second Street, Hereford. He is a junior majoring in sociology.

North Hereford HD Club Plans Dinner Nov. 16

North Hereford Home Demonstration Club met Nov. 7 in the home of Mrs. Clinton Ward. Roll call was answered with color planning and preference, and Mrs. A. E. Hodges presented a program on color in the home.

Mrs. Clyde Smithers conducted the business meeting. Plans were completed for a Thanksgiving dinner Nov. 16 at Raney's Restaurant. A new member is Mrs. H. L. LaFever.

Mrs. James Ward was welcomed as a visitor. Penny ante gift was won by Mrs. Otto Olson. Others present were Mrs. Smithers, Mrs. O. L. Williams, Mrs. Leroy Smithers, Mrs. Hodges, Mrs. Otto Massie, Mrs. C. L. White, Mrs. Paul Hoff, Mrs. Mary Bodkin, Mrs. C. E. Russell, Mrs. Velma Salvino, Mrs. Fred Barrett, and Mrs. Ward. The next regular meeting will be Nov. 21 in the home of Mrs. O. C. Williams.

Summerfield Club Has Program On U. S. Constitution

During the Oct. 30 meeting of Summerfield Study Club, Mrs. J. R. Euler discussed the origin and history of the United States Constitution and the Bill of Rights. She also presented arguments for and against the four amendments to the Texas Constitution which were voted on Nov. 9.

The club met in the home of Mrs. Ray Johnson. Mrs. R. B. Baker and Mrs. L. H. Lookingbill were her co-hostesses. The club president, Mrs. J. B. Noland, conducted a short business meeting.

Members present were Mrs. R. E. Lewis Jr., Mrs. L. B. Lookingbill, Mrs. Mack Noland, Mrs. Ky Lawrence, Mrs. Earl Lance, Mrs. Guy Walsler, Mrs. Noland, Mrs. C. R. Walsler, Mrs. Lee Curry, the hostesses, and a guest, Mrs. Smith.

(Continued from Page 1) Holtzclaw is quick and deceptively fast when he finds running room.

This is not the Dumas steamroller of 1961 and 1962. In the past a big and tough line has made the Demons state champs. This year the line is just average; however, if they open just a small hole the backs are so fast that they can run through before the defense has time to close in. The Demons big gain is to run around, not through.

Of course, since the Demons scored four times in the second half we will again hear the cries of "quitter." From my vantage point I can assure that when the gun sounded at the end of the game the Whitefoons were still fighting with everything they had to keep the Demons from scoring. Since this has been discussed before I will dismiss the subject with this one word, "Phooey!"

Both the "B" team and the freshman teams scored shutout victories over Canyon last Thursday in Canyon. The "B" team won by a score of 12-0 and the freshmen won by a margin of 12-0.

Judy explained "I am going to bring back a report to the Hereford Council about what Camp Fire girls are doing all around the country, and how Hereford's program could be altered to include some of the projects of other Camp Fire girls."

Both Judy and Mary Lynn agreed that "It will be just great." Judy and Mary Lynn left Hereford for San Francisco,

Friday, Nov. 8, and will be back in Hereford Sunday, Nov. 17.

Deedee's Doodlings

By Deedee Thomas
How many of you readers saw the football game last Friday night at Dumas? The boys may not have won the game but they played like champs against the Demons. This Friday the Whitefaces play the Wildcats of Littlefield. They play in Whiteface Stadium so there is no reason why you kind can't see the game.

The First Baptist Church of Hereford took a chartered bus to Dumas for the ball game. The Hereford Baptist Youth were guests of the Dumas Baptist Youth before and after the ball game. Refreshments were served before the long trip back to Hereford.

Several high school and junior high students were able to occupy seats on the Greyhound bus sponsored by the Hereford Hooster Club. They were Brant Knox, Mike Harvey, Greg Richards, Danny Loerwald, Deborah Thomas and Jan Miller.

The Future Teachers of HHS started their year off to a bang on Tuesday, Nov. 5. Nearly thirty FTA members from Hereford attended the convention held at West Texas State in Canyon. The day was spent in various meetings with many other area members. Several WT students thought the campus had literally been invaded.

I would like to tell the DE students how much I enjoyed the Radio Day Monday. Johnny Brownlow, you really are a good radio announcer. The day seemed to have been a real success.

Saturday night, Nov. 9, was a night of party for those who attended the party given by Patsy Smith and Suzanne Hart. Those who attended the informal get-together were Jan Miller, Sharon Hagans, Carroll Todd, Lynn Hale, Joyce Bezner, Roger Gibson, Jimmy Bayne, Carl Hollingsworth, Robin Gibson, Sid Shaw, Cliff Crowell and Jimmy Childers.

Monday, the 4-H Achievement Banquet was held at the High School cafeteria. After the supper, awards were given to the 4-H members for the past year's work. Joann Marshall and Jon David Miller were chosen as the Gold Star Winners. These two were the most outstanding workers of '63. The final decision was achieved by weighing record books submitted.

I really don't know what everyone has been doing the past week but there isn't much news to announce. If I have missed anything please let me know. I appreciate constructive criticism.

There will be a record dance Friday night after the ball game at the Community Center. Blue jeans and slacks are permissible.

"LET ME PRAY"

... 'Oh, Lord!' —
 in simple words that are full of meaning. Let me say The Lord's Prayer every day with a fearless and grateful heart. With a sense of Divine concern for daddy, and mummy, and sister, and all our friends — let me ask that thine ear be open and that you will hear me, Father. *Thou hast commanded me to come as a little child; to be humble as a little child; to have faith as a little child.* Here I am, so please bless me and make me one of thine own. Bless our pastor, and our church and help us to grow in the grace and knowledge of God. With firm faith that sees beyond the failures of men — Father, you have let me pray."

AUSTIN HIGHLIGHTS

Connally Reveals Itinerary Of Presidential State Visit

By Vern Sanford
Gov. John Connally has made public the itinerary of his famous guests, President and Mrs. John F. Kennedy.

They are due in the Lone Star State on Thursday and Friday Nov. 21 and 22. The Kennedys will visit San Antonio, Houston, Fort Worth, Dallas and Austin—in that order.

In San Antonio the President will preside at dedication ceremonies at the Aerospace Medical Center. He will arrive at Kelly Air Force Base about 3

p. m. on Thursday, Nov. 21. That evening he will attend a dinner in Houston for Congressman Albert Thomas.

Next morning, Kennedy will be honor guest at a breakfast sponsored by the Fort Worth Chamber of Commerce.

At noon, he'll attend a Dallas Citizens Council and Graduate Research Center luncheon in Dallas.

Then he'll fly to Austin, arriving at Bergstrom Air Force Base about 4 p. m. That evening Gov. and Mrs. Connally will honor the Kennedys with a reception at the Mansion. Elected Democratic State officials and their wives will attend.

TICKETS BY THE TON
Most touted attraction of President Kennedy's Texas trip is the \$100-a-plate dinner, which the State Democratic Executive Committee will sponsor in the Austin Municipal Auditorium at 7:30 p. m. on Friday, Nov. 22.

An SDEC aide estimates that a ton of invitations—60,000 in all—have been mailed to Democrats over the state.

GOLDWATER WAGON
State Rep. Dick Morgan of Dallas, chairman of Texas' Draft Goldwater Committee, named Lewis J. Moorman Jr., San Antonio rancher-oilman as state finance chairman.

Moorman was state GOP finance chairman during the Nixon-for-President Campaign, and in U. S. Sen. John Tower's race in 1961.

GOP National Committee
man Albert B. Fay of Houston appointed members of the party's Candidates Committee to recruit "a blue-ribbon slate of candidates" for Republican primaries in 1964. They will meet in Dallas on December 12, for Republican primaries in 1964.

HOSPITAL POLICIES AIRED
A special committee to review policies in State hospitals was named by the State Board for Hospitals and Special Schools. Action followed disclosures that a convicted kidnapper and former mental patient have worked as doctors at some state institutions.

Dr. Raleigh R. White of Temple said he considered employment by the San Antonio State Hospital of a woman doctor who had served a prison sentence

for kidnapping an "error in judgment".

Board Chairman Howard T. Tellepsen of Houston, reacting to newspaper criticism of hiring a doctor at Wichita Falls State Hospital, pointed to progress made throughout the hospital system.

"Out of a total of some 230 doctors, we have a wonderful, dedicated group of men," Tellepsen commented. "You will find a few sour apples even among personnel of private companies which pay the best salaries, and we don't have a high wage scale compared to private industry."

Tellepsen named Dr. White to the personnel study committee along with Dr. George A. Constant of Victoria and Ward R. Burke of Diboll.

Another committee was named by the Board to select the site for a new school for the mentally retarded, to be located west of the one-hundredth meridian. Members of this committee are C. E. Bentley of Abilene, chairman; Jesse Osborn of Muleshoe; and Walter F. Woodul of Austin.

ADVERTISE TEXAS
Twenty-seven advertising agencies are interested in handling Texas \$200,000 account to promote travel and tourist spending in the State.

The 27 firms told Texas Tourist Development Agency they want to compete for the privilege of hallyhooning the State's attractions to the world. They represent 20 per cent of all agencies contacted. At a Friday meeting TTDA will determine which firms will be asked to make formal presentation of advertising plans at their next meeting, set for January 16-17.

APPOINTMENTS
Governor Connally appointed E. W. Boedeker of Levelland as District Attorney of the 121st Judicial District. He succeeds Morgan L. Copeland who will join the legal department of Gulf Oil Corp. in Midland on December 1. District is composed of Heckley, Cochran, Yoakum, and Terry counties.

Connally also designated Peter Michael Curry of San Antonio as judge of the new 168th District Court of Bexar County, effective February 1. Court was created by the 58th Legislature. Governor reappointed Judge W. St. John Garwood of Austin, John Peace of San Antonio and Abner McCall of Waco to the Texas Civil Judicial Council. Council was authorized by the Legislature to propose a plan for statewide judicial redistricting.

Earlier, Connally picked Sam Rayburn Bell of Paris, Joseph A. Chandler of Stephenville, J. C. Looney of Edinburg, Charles Prothro of Wichita Falls and Dan C. Looney of Dallas to fill vacancies on the Texas Com-

mission on Higher Education. House Speaker Byron Tamm of Tyler appointed Reps. Bill Clayton of Springlake, Henry Fletcher of Luling and Menton Murray of Harlingen to an interim House Committee on Soil and Water Study. Committee is assigned the task of recommending new methods of conserving soil and water resources.

COURTS SPEAK
State Supreme Court, reversing itself, agreed to hear arguments on January 8 on Shell Oil Company and Aluminum Company of America suits against the Railroad Commission's oil and gas production formulas. Late suits major oil firms against independents. Latter now are favored by formulas used in 300 gas fields and nearly 2,000 oil fields, the major oil firms contend.

High court voided a Texas Highway Commission prohibition against use of imported material in State road building and maintenance. Its decision backed up the Third Court of Civil Appeals.

Third Court took under advisement arguments in a suit to halt construction of the giant \$55,000,000 Millican Dam on the Navasota River.

Contesting the project are property owners whose land would be flooded by the huge reservoir—estimated to be twice as large as all seven lakes in the Colorado River chain.

College Station, Bryan and Navasota... cities which would be assured long range water supplies... are fighting for construction of the dam.

A VERY WET ISSUE
Rep. Jake Johnson of San Antonio proposes a bipartisan referendum on whether local option elections should be held on sale of liquor by the drink.

Johnson said he will try to get candidates for governor and lieutenant governor to take a stand on the issue.

Democratic and Republican headquarters spokesmen said they have received no formal requests for referendums on their primary election ballots.

SHORT SHORTS
Ray H. Horton of Houston was named chairman of Texas Research League; and Tom Sealy of Midland, vice chairman. Grogan Lord of Georgetown was re-elected treasurer... H. Lewis Rietz, president of the Texas 65 Health Insurance Association, advises that 50,046 Texans, 65 and over, signed up for health insurance under the Texas 65

Delta Kappa Gamma Has Panel Discussion At Nov. 9 Meeting

The program for the Nov. 9 meeting of Delta Xi Chapter of Delta Kappa Gamma was a panel discussion of "Changing Sociological Patterns in American Culture."

Mrs. Merlin Kaul, vice-president, was in charge of the program, and the moderator was Mrs. Avis Smith. Panel members were Mrs. Claudie Ola Brown, Mrs. Frances Kennedy, and Miss Eunice Thornton.

Mrs. Brown discussed "Trends and Patterns in the Home." Her remarks included the statement that a variety of well-planned chores and activities give little time for going steady.

In her discussion of "Trends and Patterns in the Role of the School," Mrs. Kennedy said, "An early marriage is often an escape from an unhappy home life." She explained that there are school rules that govern married students and pointed out the difficulty of obtaining an education after marriage.

"Trends and Patterns from the Standpoint of the Church" were discussed by Miss Thornton. She noted that in order to conform with modern trends, churches have full training programs, marriage clinics, and literature for sound reading programs available to all young people. She said that churches, their ministers, and their paid workers are ready to help young people who are insecure and in trouble. "Churches," she concluded, "provide a spiritual environment for young people,

and church marriages are more lasting."

The business meeting was conducted by the president, Miss Della Stagner. Committee reports were given by committee chairman. The club collect was led by Mrs. Louise Hilburn. Mrs. Kaul, accompanied by Mrs. Fern Welker, led group singing of "The Delta Kappa

Gamma Song" and "There's Delta Kappa Gamma in Our Hearts."

The meeting was held in the Dimmitt High School Library. The Dimmitt members were hostesses, with Mrs. Carol Dyer as chairman.

Hereford members present were Mrs. Byron Durham, Mrs. L. C. Thomas, Mrs. Earl Adam-

son, Mrs. Jim Bookout, Mrs. Claudie Ola Brown, Mrs. Fritz Christmas, Mrs. H. V. Crawford, Mrs. J. J. Durham, Mrs. Eleanor Hudspeth, Mrs. Kaul, Mrs. Tandy Legg, Mrs. J. B. Neill, Miss Lucille Park, Mrs. Frank Frowell, Mrs. Kent Snare, Mrs. V. P. Walker, Miss Stagner, Miss Erma Walker, and Mrs. Fred Welch.

REP. ROGERS WRITES

Committee Holds Hearing On Rule Proposed By FCC

TO THE PEOPLE OF THE 18TH DISTRICT:

How many commercials are too many commercials? This was one of the interesting but irrelevant questions posed before the Subcommittee on Communications and Power as it conducted a hearing this week in a Federal Communications Commission proposal that it regulate broadcast advertising by limiting air time devoted to it.

No one seemed to know how many are too many, or how much advertising constitutes what FCC likes to call "over-commercialization". For that matter, no one seemed to have a very clear idea about how many television Westerns constitute "over-Westernization."

The question of over-regulation is more to the point. The Subcommittee of which I am chairman was considering a bill I introduced, H.R. 8316, to prohibit the FCC from making rules or regulations relating to the length or frequency of broadcast advertisements. Several other members of the House had introduced similar bills, and more than 30 witnesses appeared to testify during the three-day hearing. They came from the Congress, the FCC, and the broadcast industry. (Among the broadcaster witnesses was Ken Duke of Dumas, the owner and manager of KDDD Radio.)

My proposal did not involve the question, "Are there too many commercials on radio and television?" Tastes differ. It's possible that some listeners actually prefer the commercials to some of the programs sandwiched between them (their objection being, you might say, to "over-programming").

The vital question is this: "Does the FCC have the power, under authority granted to it by the Communications Act of 1934, to regulate broadcast advertising?" I am convinced

that Congress made no such grant of authority in the Act. FCC Chairman E. William Henry and other members of the seven-man Commission believe that the FCC does have such authority, under Section 303 (b) of the Act. This section reads: "Except as otherwise provided in this Act, the Commission from time to time, as public convenience, interest, or necessity requires shall—Prescribe the nature of the service to be rendered by each class of licensed stations and each station within any class."

While some members of the FCC feel that the public interest demands that less broadcast time be devoted to commercials, it was admitted that the FCC has made no determination as to how many commercials are too many, hasn't calculated the economic effect on broadcasters of a rule limiting commercials, can't estimate the additional workload that administering such a regulation would place on the Commission and its staff—and, anyway, hasn't decided that it really wants to impose such a regulation. The thought being father to the deed, my position is that Congress should tell the FCC, "Don't do it."

Advertising or its lack means financial life or death to a broadcast station. Under our free enterprise broadcast system, in contrast with foreign government-subsidized and controlled broadcast systems, the success of American broadcasters is determined by advertising sold and the appeal of program content. Sponsors and the listening audience provide, in my view, a most effective check on commercial and program abuses.

As I told the Texas Association of Broadcasters in a speech October 21 in Dallas, "If the situation is so acute that some action must be had to place lim-

itations on the quantity and frequency of advertising, certainly there must be some very strong supporting facts and justification. If such is the case, then I would ask, 'What is wrong with presenting the matter to (the Congress)?"

Have we reached the point that representative government has become so top-heavy and complex that it remains only in name, and the vital decisions must be by appointed officials?"

One of my Subcommittee colleagues, Congressman John Bennett of Michigan, put the point this way to Chairman Henry: "If it is necessary in the public interest for the number of commercials or for the amount of advertising over a radio and television station to be limited, then it seems to me it is the function of Congress to do it, not your function, any more than it is your function to fix or decide to control programming, for example."

The issue goes to the heart of our governmental system. I refuse to concede that the powers to write substantive law have been transferred to independent agencies and the Executive Branch of our government. The hearing this week into H.R. 8316 should serve to alert many Members of Congress to the need for halting further transfers of legislative powers. In my view, the larger problem is not "over-commercialization in broadcasting—the larger problem is "over-bureaucratization" in government.

Which type Chevrolet pickup do you need?

Chevrolet now makes four different types, each with its own distinct advantages. Whichever one you buy will be a lot more truck than your money bought the last time!

FLEETSIDE. Based on sales, the best liked pickup in the world. Outstanding feature is its large body extending clear out over the wheels. Two body sizes. Two wheelbases. Best riding truck, by far, with coil springs all around and independent front suspension. Cab and body have double-wall construction. Chevrolet Fleetside—best for all-around use.

STEPSIDE. Has flat interior body walls and convenient side steps between cab and rear fenders. Comes in same two sizes as the Fleetside plus one bigger size. Big model has heavier frame, 4-speed transmission and leaf-spring rear suspension for maximum payloads. Standard engine is 230-cu.-in. Six. A 292 Six or 283 V8 is available at extra cost.

RAMPside. Nobody else makes a pickup exactly like this one with a ramp at the side. The ramp makes loading easy because of its 16-inch rise. Truck also has a conventional tailgate. Body and frame-floor assembly are very rigid because they are welded together. Has larger 95-hp air-cooled engine this year. Independent coil spring suspension all around.

EL CAMINO. If you want a pickup as good looking as any car on the road, this is the one! It can work hard, and look like a million dollars doing it—the only pickup in the world with Body by Fisher! You can order an El Camino as plain or as fancy as you wish: bucket seats, air conditioning, 4-speed transmission, power brakes are some of its extra-cost options.

the making at High Plains Research Foundation at Halfway: the Foundation, directed by Dr. Earl H. Collister, has bred the first soybean for West Texas.

The bean, called the "Hinn" is expected to revolutionize soybean farming in West Texas. Foundation officials said the Hinn is a full-season soybean, yielding from five to 10 bushels per acre more than the other varieties currently being grown in West Texas. The beans are about one-third larger than the Hill and the Lee, the two beans previously grown in this area.

Production of the Hinn has been under the supervision of Barry Love, associate agronomist at the Foundation. He says he feels farmers can use the

Hinn to increase their farm income.

Along with other qualities, the Hinn has a high degree of shatter resistance, as well as a high degree of tolerance for lodging. The Hinn far outshines all other varieties in these qualities, he explained. The Hinn fruits higher off the ground; nearly all the beans on each plant may be harvested, and the eye of the Hinn is light in color, giving a desirable flavor to food products, processors say.

The new variety has been accepted by the State Seed and Plant Board for certification under the state seed program. Field plots to increase the new soybean variety will be conducted next year in cooperation with farmers throughout the High Plains area, Dr. Collister said.

The bean has been named in honor of Harold Hinn, one of the founders of the High Plains Research Foundation, who has served as chairman of the board since its organization six years ago.

In commenting on the selection of the name for the new variety Dr. Collister said: "All the Trustees unanimously approved naming the variety for Hinn who has given such devoted leadership to the Foundation through the years."

Seed produced this year at the Foundation will be released to certified seed growers around Jan. 15. The certified growers then will produce certified seed next year which will be released to farmers for planting in the spring of 1965.

Last year, 64 strains and varieties of soybeans were tested. Yield of the commercial varieties ranged from 44.2 bushels per acre to a low of 10 bushels. Seed for all performance tests were planted June 4 at the rate of 50 pounds per acre, and the crop was harvested Nov. 26-28. A preplant irrigation of 4.6 inches was applied March 29, and two additional irrigations of 2.69 inches were applied July 10 and Aug. 18. Rainfall received between July 1 and Nov. 1 amounted to 17.2 inches.
