BIG McDONALD SALE DRAWS LARGE CROWD

LIBERAL ADVERTISING IS WINNER WHEN NOSES COUNTED

PRIZE TO OLESON

Draws Lucky Contest Number. Horses Top Sale, But All Sell Well

What was undoubtedly the biggest crowd that ever assembled at a Public Sale on the Plains was on hand Wednesday at the D. L. McDonald Sale, held at his home place in the northeast part of Hereford. Cars were parked for acres all around the approaches to the farm, and the crowd, composed of buyers from many adjoining counties as well as people from this county, swarmed over the ground like ants.

Auctioneer Williams stated that the Sale took four hours and thirty-five minutes to conclude. The herd of registered Berkshire hogs brought good prices under the circumstances, although Mr. McDonald stated that it was not what they would have brought in a community where pure bred Berkshires and other registered hogs were handled in quantities. The horses brought exceptionally fine prices, and the other sections of the sale were entirely satisfactory to the owner.

O. O. Oleson drew the lucky number on the fine young sow which was given away. The sow was afterwards repurchased by Mr. McDonald. The Sale was a demonstration of what advertising can do. Mr. McDonald spared no expense in spreading the news of the Sale broadcast, through the columns of The Brand and other newspapers, by placards, dodgers, private mailing lists and word of mouth. And the results more than justified the expenditure in printer's ink.

PANHANDLE'S TEACHERS IN ANNUAL MEET

President Fertsch and 15 Local Teachers Are To Attend

The Hereford public schools will be closed Friday of this week in order to enable the teaching force to attend the sessions of the Panhandle Teachers' Association which convenes at Canyon for a two days session on March 19 and 20. Prof. L. M. Fertsch, superintendent of the Hereford public schools, is president of the association. Fifteen of the nineteen local teachers have applied for permission to attend this convention, and under such circumstances it was decided to close for that one day.

The principal feature of Friday's program at Canyon will be two addresses to be delivered by Dr. R. E. Vinson, President of the University of Texas. Miss Katherine Gray, Assistant Superintendent of the State Department of Education will also be present and will lead in the discussions of the two day sessions.

A very comprehensive and searching program has been outlined, and it is believed that the convention will result in added efficiency for those in attendance and renewed zeal in the hard work of training the young minds of the Panhandle.

TWO OIL WELLS AT WORK; REST IDLE

Hereford Oil & Gas Company well No. 1 is again drilling, and is now at a depth of 650 feet, according to an official of the company. The difficulties of the past have been removed and rapid progress is anticipated from this time on.

According to Friona reports, the Prairie well at that place is being put in casing at a depth of 100 feet, as the strata of sand through which the drill was passing is being maintained. Another well casing was received last week. The Texasian well No. 1, the Muse well and the States rig in Castro county, are also being drilled.

PRAIRIE FIRE IS STOPPED AFTER IT DESTROYS GRASS

Fire, probably caused from a carelessly thrown match, destroyed several sections of valuable grass in the northwest portion of the county Tuesday and caused a lot of hard work on the part of the neighborhood ranchmen and farmers, although the loss was confined to the grass.

The blaze started in the Stubbs pasture, eighteen miles northwest, Tuesday morning, where it burned off a quarter section. It rapidly spread over Will Powell's place and ate up two sections of grass, then passed through Andy Howton half section to the McCaskey ranch, where it covered three or four sections. In passing, it swiped off a corner of the Blain Bros. Pasture, although the damage here was slight. The fire was finally conquered by the combined efforts of the men of the entire community and two Fordson tractors driven at top speed in plowing fire guards.

STATE HEADQUARTERS MAKES FINAL REPORT ON TEXAS WORK

OVER 3 MILLIONS

Total of 94.28 Percent of Pledges In State Collected

F. H. Oberthier, who acted as County Treasurer for the United War Work Campaign held last summer is in receipt of the following letter from the State Director of Collections for this fund, together with a financial statement which will be of interest to the citizens of this county:

"Before closing our State Office, I wish to take this method of thanking you for your liberal donation and hearty co-operation from the beginning to the end of our campaign. We have had many hard things to contend with, but of the \$3,812,000.00 subscribed in the State, we have been able to collect \$3,502,672.39, which is 94.28 percent."

"It has been a real pleasure to me for the past year to handle this great work, and I sincerely hope the inclosed statement will come up to your expectation. I shall always look back to my work for this year with great pleasure."

Final Statement, Texas United War Work Campaign, Dallas, Texas, December 31, 1919.

GRAND OPERA ARTISTS ARE APPRECIATED

BIG AUDIENCE LISTENS TO OPERATIC STARS OF WIDE RENOWN

PIANIST IS GREAT

Music Study Club Makes Small Profit When All Is Over

A surprisingly large audience greeted the four musicians of the New Orleans Grand Opera Company who appeared at the auditorium of the High School building last Saturday night under the auspices of the local Music Study Club. And it appeared to be a highly appreciative audience, too, judging from the liberal applause throughout and the commendatory character of the comment afterwards.

All four visitors were real stars. Mme. Riche at the piano was a revelation. The singers left nothing to be desired. A very carefully balanced program which reached every class of hearer was rendered artistically, many of the numbers being in costume.

Hereford's population enjoys entertainment of the better kind, as it has demonstrated on numerous occasions, and the liberal support given the Music Study Club on this occasion was but another manifestation of this taste. The enterprising ladies of this organization not only broke even on the venture, but made a little money for a worthy cause.

The Club is being congratulated on all sides upon its progressiveness and vision in bringing such talent to Hereford.

McCurry Meets A Burro; Voegle is Spilled By Wind

Two local citizens happened to rather unusual and embarrassing accidents the past week, neither of which caused any damages to speak of beyond startled emotions.

On Sunday George McCurry was traveling to Canyon in the side car attached to a motorcycle driven by Melvin Standifer. While traveling at a good rate of speed the pair endeavored to pass a prairie schooner spread out over the road. Just at the moment of passing a couple of New Mexico burros wandered serenely across the narrow road directly in the way. The donkey immediately in front of Mr. McCurry's side car evidently saw what was coming but refused to yield an inch nevertheless. He merely backed his long ears and squatted down. The low-hung car scooped him up, deposited him in McCurry's lap, and continued on its way. Mr. McCurry put both hands on the unwelcome passenger and rolled him off in the ditch. Nothing appeared to be the worse for the novel experience, including the burro, and the machine continued into Canyon.

On Monday N. C. Voegle was serenely engaged in working on top of a twelve foot metal granary when a whirlwind came along and blew off the top. Voegle was spilled into the granary "right now". Beyond a cut or two on his hand where he grabbed the edge of the metal sheeting, he was unhurt. He laughingly states that he DID feel a little ridiculous when he hit the bottom of that granary.

FRANK BEAMS IS NEWEST CITIZEN

Frank Beams of Kentucky, a brother of George Beams of Hereford, arrived here last Saturday and has joined the mechanical force of the Hereford Garage. Mr. Beams is a mechanic of skill and experience, and adds strength to an already excellent mechanical organization.

SEWERAGE PLANT WORK COMPLETED

Work on the enlargement of the city's sewerage disposal plant, which has been in progress for several weeks past, has now been completed and the new plant is in daily use. It is built on the "unit" plan, and is capable of taking care of Hereford's population for many years to come with slight additions as the needs require.

Mayor Calls For Mass Meeting On Electric Matter

After considering the petition of the Hereford Light and Power Company for permission to raise its rates twenty percent, the City Commission has decided to submit the matter to a mass meeting of the voters of the city, and to that end the Mayor has issued the following call for a meeting Friday Night, March 19:

To the People of Hereford:

The Hereford Light & Power Company has presented to the City Commission a request asking for a modification of its franchise so as to permit it to increase its rates for light and power 20 percent (which was published in the Brand of last week.) And has also asked that an opportunity be afforded it of placing the details of its business necessitating the request for this increase before the public.

NOW THEREFORE, I, Wm. M. Knight, Mayor of Hereford, hereby call a mass meeting of citizens to be held at the Courthouse, at 7:30 o'clock, Friday night, March 19th, 1920, for the purpose of hearing the request of the Light & Power Company and of expressing the sense of the meeting on the request.

The attendance of all patrons of the Light & Power Company and of all City Water consumers is urged, as an increase in Electric rates may necessitate an increase in water rates.

This matter is of great importance to the Community.

WM. M. KNIGHT, Mayor.

JIM ROBINSON IS IMPROVING SHEEP

The Jim Robinson farm, south of town, headquarters for good sheep, is still improving the grade of the animals of this breed raised on that place. This week Mr. Robinson received a Misonairbred, registered Shropshire ram, recently purchased at the Fort Worth Fat Stock Show where the animal captured second prize in keen competition, and has a family tree as long as an English Duke.

Mr. Robinson states that two additional rams are soon to arrive, if anything, even better than this fellow. His flock now numbers 230 ewes, and he has saved a ninety-eight percent lamb crop this year.

AMARILLO TRIBUNE TO ISSUE MARCH 30

Announcement was made this week that the first issue of the Amarillo Daily Tribune, the new afternoon Panhandle paper to be published at Amarillo, will be issued on Sunday, March 28.

The new paper has built its own home in Amarillo, and has taken a lot of time in properly preparing for a first-class, modern publication. R. H. Nichols is Editor. Mr. Nichols was formerly editor of the Vernon Record, and established a reputation for thoroughness and foresight that rapidly earned promotion for him in the newspaper field. Eugene Thompson is manager. Mr. Thompson is well known all over this territory, as he was traveling representative for the Southwestern Paper Company, of Dallas, for years. In addition to these gentlemen, the directorate of the new publication consists of J. W. Crudgington, R. B. Masterson, T. E. Durham, C. H. Nixon, and Ben H. Stone, all prominent business men of Amarillo.

FLANAGIN SECURES DIMMITT GARAGE

J. H. Flanagan, former Sheriff of Castro county, who has been farming since he retired from office, has sold his farm, fourteen miles south of Dimmitt, to W. D. Kimbell and has purchased the Dimmitt Garage from Gerdes Brothers. This latter sale takes effect April 1.

Mr. Flanagan will hold a public Sale of his live stock and farm machinery on March 30.

RALPH BARNETT IS BUILDING A HOME

Ralph Barnett is building himself a modern home on the lot across the street from Mrs. Rutherford's place. The basement is about completed. When finished the house will consist of five rooms and bath, with an additional room in the basement.

J. W. DuBoise

J. W. DuBoise, aged 40, a brother of Mrs. W. D. Kellehor, died at the Kellehor residence about noon Thursday. Funeral services were set for 2:30 o'clock Friday afternoon from the Black Undertaking Parlors, Rev. W. H. Terry officiating.

Besides Mrs. Kellehor, deceased is survived by one other sister, Mrs. P. N. Hutchinson, of Florida.

Health Officer Notifies People Must Clean Up

To the Public:

Warm weather is approaching, and the condition of the premises, streets and alleys of Hereford is of such a nature that much sickness will inevitably result unless a general cleanup is inaugurated at once and more sanitary measures taken.

Therefore, as City Health Officer, I call upon all the property owners and tenants in the city to clean up their places of business, their residences, the streets abutting their property and the alleys behind same, and to do so at once. Willful violations of the city ordinance governing this matter will be prosecuted according to law.

Respectfully,

Dr. J. W. Hicks, City Health Officer.

In connection with the above, Mayor Knight stated Thursday that if property owners would collect tin cans, old bottles and other types of trash that could not be burned on the premises, and put them in barrels, boxes, or other receptacles in the alleys and on side streets the city wagons would haul them off as fast as they can get to it.

TWO DEALS IN RANCH LANDS

McDermott and Carroll & Thompson Make Trades In Property

Recent deals in real estate include the purchase of the south half of Section 56 in Deaf Smith county by E. R. Rowan from Carroll & Thompson, and the acquisition by French Thurmond and Claude Higgins from T. T. McDermott of Section twelve. The McDermott section is improved and has 100 acres of wheat on it. Both deals were handled by the firm of Barlett & Skelton.

BREEDERS' SALE WILL BE WHOPPER

Preparations for the big Registered Hereford Breeders' Sale, to be held here on April 13, are actively under way and good progress is being made. Twelve hundred and fifty catalogues, containing 64 pages each, are being printed for distribution before and during the Sale, the Executive Committee is holding frequent meetings, and Secretary W. E. Dameron is as busy as the proverbial cat on the state roof getting details worked out.

The officers of the association do not hope to break any attendance records at this their first Sale, but are determined to make such a success of the venture in the matter of quality and successful handling of the Sale that a precedent will be established for a whole of an Annual Sale hereafter.

Meanwhile every resident of this section is urged to spread the news of the Sale and mention it in correspondence.

"NEW FACES FOR OLD"—RED CROSS

A one-reel feature film entitled "New Faces For Old" will be shown at the Star Theatre Friday night, March 19, under the auspices of the local Chapter of the American Red Cross. This film describes a phase of the work of the Red Cross which is little understood.

The making of artificial faces for men who have had their torn away by shells has been one of the most interesting phases of reconstruction work. From old photographs, new noses, new chins, new cheeks, are modeled in copper and painted carefully to match the wearer's complexion.

The story of a French soldier disfigured so horribly that his own little girl did not recognize him, but who was supplied with an artificial face exactly like the original, is used to make the situation more vivid.

MESDAMES GIBSON AND HERBST AWAY

Mr. and Mrs. S. J. Ashmore of Wichita Falls, who arrived here in their car last Friday, left Wednesday for a short trip to Las Vegas, N. M. Mrs. Ashmore is a sister of A. L. Gibson. They visited the Gibsons while here and when they left for New Mexico carried Mrs. Gibson and Mrs. Albert Herbst with them. The party will return to Hereford probably next Sunday.

Mattie Ellen Blaylock

REV. SHARP'S INSTALLATION IMPRESSIVE

PRESBYTERY OFFICIALS INDUCT PASTOR INTO REGULAR WORK

THOMSEN SPEAKS

Amarillo Minister Makes Profound Impression On Audience

Solemnly impressive ceremonies conducted by representatives of the Panhandle Presbytery, and a powerful sermon by the Rev. R. Thomsen of Amarillo, marked the formal installation of Rev. J. R. Sharp, of the First Presbyterian church, as minister last Sunday morning. The congregation was out en masse, the Christian church services adjourned and sent its congregation to the Presbyterian service, while many members of the other churches of the city were noted in the congregation.

Rev. Sharp was called as Supply Pastor for one year last fall, following the resignation of Rev. W. M. Baker, and his year would not have been up for several months yet. His work has been of such pleasing and constructive type, however, that the congregation acted before the end of the period allowed. In fact the installation ceremonies should have been held several weeks ago, but were postponed on account of the influenza epidemic and other causes.

Prof. F. L. Duflore, of Canyon, acted as master of ceremonies; Rev. A. B. Haynes, of Tulla, delivered the charge to Rev. Sharp, and Frank R. Jamison, of Amarillo, gave the charge to the congregation.

Rev. Thomsen took as his text the passage in Revelations known as the Four Faces. The first is Man, the second the Lion, the third the Ox, and the fourth the Eagle. He showed the symbolic significance of each in the character of the true Christian, bringing out his points with telling effect and startling directness, while his audience sat spell-bound. The sermon was a religious and intellectual treat, and following it opinion was unanimous that the people of Hereford would like to hear the Rev. Thomsen whenever he can be persuaded to come to Hereford.

Following the charges the congregation filed by and shook hands with the new minister and with the visitors. Special music by the choir was also hugely enjoyed.

AN AMERICAN LEGION POST PROBABILITY

Call Issued For Meeting Ex-Service Men On March 25

For some time past ex-Service men from this county have been discussing the desirability of organizing a local Post of the American Legion. Nearly every county in the state either has this question under advisement or have already organized.

The movement has at last assumed tangible form, and The Brand has been requested to announce that a meeting of all ex-service men in the county will be held in the County Courtroom at 4:00 o'clock p. m. next Thursday afternoon, March 25.

It takes a minimum of fifteen men to form such an organization, but the local promoters hope to enroll every man who went from Deaf Smith county.

Don't forget the hour and date: 4:00 p. m., Thursday, March 25.

TROW AND WAGNER WILL HOLD SALES

Two additional Public Sales have been announced for this vicinity in the near future. The first will be by Jacob Wagner, nine miles southeast of Hereford, to be held on Tuesday, March 30, and the second by Captain H. Trow, at his ranch 21 miles north and six miles east of Hereford on Friday, April 2. Captain Trow recently sold this big ranch and must give possession soon.

INGENIOUS THIEF CLIMBS THROUGH ROOF INTO STORE

An ingenious thief profited by his knowledge of the construction of the Perkins-Timberlake store last night to effect an entrance through the roof and make off with the contents of a cash drawer to the amount of \$48.32. Checks which were also in the drawer were found this morning contemptuously wadded up and thrown on the floor.

From indications discovered this morning it is believed that the intruder made his entrance by climbing a ladder from the alley to the roof, crawling through the ventilator opening just beneath the sky-light, which projects above the flat roof several feet, and thence swinging into a door that gives admittance into the attic between the weather roof and the steel ceiling of the store. Once in the attic the thief appears to have made his way to the northwest corner of the balcony where he kicked out enough of the steel ceiling to drop, lightly onto the balcony where the business offices of the store are located.

This one of a series of attempts made upon the Perkins-Timberlake store. The last one was a week before the recent fire which gutted the building.

On that occasion the attempt was made to dig through a brick wall connecting the store with an adjoining building. This undertaking was frustrated through the presence in the store of a large cabinet-case the back of which was squarely opposite the hole begun in the partition wall, thus shutting off chance of entrance.

No trace had been found up to this morning of the identity of the burglar, nor had any clues been found that would tend to assist in his apprehension.—Vernon Record.

BOARD OF RECENTS MEETING AT CANYON

The members of the Board of Regents for the Normal Schools of Texas will visit the West Texas State Normal College next Monday, March 15. The Board is making a visit to each of the Normal Colleges in the State in order to ascertain the needs of the institutions.

The members of the Board will arrive in the city from Amarillo on the 6:35 train Monday morning. They will be met by the band and a committee from the Normal faculty and the city. The board members will be the guests of a few members of the faculty and the girls of Huntleigh Hall at breakfast.

The morning will be devoted to an inspection of the Normal plant and interviewing President Hill as to the

needs of the school in the coming session of the legislature.

At noon the faculty will serve a luncheon in the Domestic Science Department at which the members of the City Council, the Commissioners Court, Hon. Frank R. Jamieson, secretary-manager of the Panhandle-Plains Chamber of Commerce, Hon. Lee Satterwhite, member of the legislature. At this time plans for the development of the West Texas State Normal College will be presented which are vitally interesting to every citizen, not only of Randall County, but also of all West Texas.—Randall Co. News.

EAST AND WEST ROAD REVIVED

Last Monday afternoon a mass meeting was held at the Olympic Theatre, at which time there were present railroad promoters from Lubbock, Silverton and Kansas City. The matter of building a railroad from Lockney to Silverton was discussed. Mr. Peck, banker of Lubbock and Kansas, was present and made an address, stating that he was going over the route with a railroad promoter, and who had built four roads. He stated the plans were to form a stock company and build from Lubbock to Silverton, building one mile and bonding the other were the plans outlined.

Silverton was represented by banker John Burson, Fred Bell and others. The committee went from here to Lubbock by way of Petersburg. They were accompanied by France Baker and Judge E. P. Thompson.—Lockney Beacon.

BAPTISTS LAUNCH BIGGER PROGRAM

\$100,000,000 IN SUBSCRIPTIONS AND
\$20,000,000 IN CASH BY MAY 1
IS NEW AIM SET.

WILL SEEK SOULS, ALSO

Evangelistic Campaign Calculated To Reach Thousands of Unsaved Persons is Announced For March and April of This Year.

Now that the subscriptions to the Baptist 75 Million Campaign have passed the \$90,000,000 mark, leaders in all the states composing the territory of the Southern Baptist Convention have resolved to place this sum at \$100,000,000 by the meeting of the Convention at Washington early in May. It is also planned to bring the total of cash offerings by that time to \$20,000,000. The convention at Washington will be the seventy-fifth session of that body and it is deemed appropriate to celebrate the diamond-jubilee of the organization with an enlarged subscription and cash sum with which to carry forward the missionary, educational and benevolent work fostered by the convention in all parts of the world.

DR. GEORGE W. TRUETT
Chairman of the Baptist Campaign Commission.

This additional sum will be sought from churches which did not have a part in the original campaign, from members of churches who did not subscribe then and from other persons who made subscriptions in the fall but who feel disposed to increase their subscriptions now. This effort for increased funds will be made during the last week in April so that everything can be completed before the convention meets in Washington May 12.

Returns By the States.
The reports on the original drive for funds in the 75 Million Campaign to date, as made by the several states follow: Alabama, \$4,100,000; Arkansas, \$2,265,000; District of Columbia, \$250,000; Florida, \$1,370,392; Georgia, \$10,100,000; Southern Illinois, \$830,704; Kentucky, \$7,167,713; Louisiana, \$2,875,000; Maryland, \$907,760; Mississippi, \$4,144,902; Missouri, \$2,062,506; New Mexico, \$732,260; North Carolina, \$7,250,000; Oklahoma, \$3,200,000; South Carolina, \$7,554,772; Tennessee, \$5,010,000; Texas, \$16,560,000; Virginia, \$8,298,488. Returns from the foreign mission fields and other sources not included in the above bring the total subscriptions beyond \$90,000,000.

This vast sum of money was raised at a total expense of three-quarters of one per cent, making this probably the most economically conducted campaign in the history of the country.

Plan Evangelistic Campaign.
Prior to this effort for additional subscriptions and cash, however, a South-wide campaign of evangelism, stewardship and emphasis upon the fundamental doctrines of religion is planned for the month of March and the first three weeks in April when the churches will employ their organized forces in seeking to win to Christ many thousands of the 20,000,000 people within the territory of the Southern Baptist Convention who are not affiliated with any church. A day of prayer in behalf of the success of every item on the Baptist program for the spring and summer of 1929 has been set apart. Many of the states have already got their evangelistic campaigns well under way.

In the hope of arousing as large interest as possible, city-wide, county-wide and associational campaigns of soul-winning have been planned in many places. In other places, especially the rural districts, where the summer months are considered more desirable for evangelistic work, the special program will be deferred until July and August. This will make it possible for city pastors to aid the rural pastors and thus double the evangelistic force of the denomination.

The program of evangelism, stewardship and emphasis upon the fundamental doctrines of religion is calculated to conserve the victory achieved in the campaign for funds. Dr. George W. Truett, pastor of the First Baptist Church at Dallas, Tex., is chairman of the campaign commission, while Dr. L. R. Scarborough continues in the capacity of general director.

DIMMITT

Real estate is still changing hands in this part of the country. The Gerdes Bros. garage, and the home of Frank Gerdes were sold to John Flanagan. Mr. Kimble bought the farm of John Flanagan. The two families will remain in Dimmitt until they decide where they will locate.

Rev. Lindley preached Sunday morning and night and in the afternoon went to Cleo and preached there. This is the first time he has been with us since November.

Harvey Cash and Mr. Reeves made a business trip to Amarillo Friday, returning Saturday. They were accompanied as far as Canyon by Fannie and Lillian Cash, who visited in the home of Grayson Bell.

Gettie Lovelace spent Saturday and Sunday with her mother, returning to Mulleshoe Sunday afternoon.

A telegram was received by the Graham Bros. Monday, stating that their father was seriously ill at Marlow, Okla. One of them left on the afternoon train for that place.

Mrs. Shipman, south of town, took an antiseptic tablet, for asperin, but discovered her mistake immediately and phoned a neighbor, who called Dr. Miller and by quick action no serious results followed.

Bryan McDonald left for San Antonio Friday afternoon for a short visit.

The Ladies' Aid will meet with Mrs. Frank Gerdes Thursday in all-day meeting.

Judge Kerr and Rea Gilbreath went to Amarillo Thursday, returning Friday. While there they bought a Dodge truck and brought a load of freight back.

Mrs. W. J. Gilliland, of Hereford, spent several days in the home of Mrs. Rosa McLean last week.

Mr. and Mrs. Elmer Ireland entertained at Sunday dinner in honor of Grandpa Ireland and sons, E. E. and E. S. Ireland, the occasion being their birthdays. At the noon hour the table was spread with a bounteous feast. The following families were present: Walter Pickett, Milton Hardy, Jess Hardy, E. S. Ireland, Will Wright, Elbert Wright, Judge Kerr, Perry Graham and Billy Graham.

SUMMERFIELD

Summerfield is thrilled with joy over the assurance of the new school house. Teachers, pupils, and patrons, alike were sure it would be built sometime in the near future. The trustees knew the objections offered were easily overcome, yet those things require so much time and red tape proceedings in a district located as our district is, comprising a part of three counties. And we are all elated that the question is practically settled. Pupils may finish this term with hopes for a brighter future at the beginning of the fall term. One of the teachers asserts that with all her experience of instructing pupils in different schools she has never known brighter intellect, or a display of more talent than she finds

Constance Talmadge is a very popular motion picture star, and it is just such pictures as "Mrs. Lettingwell's Boots" that has made her so. She is a beautiful little star, full of pep, and the picture, taken from a successful

stage play, has been given a high class production, is always amusing and laughable, and is just the kind of worry chaser you need to relax from the business and routine of the day. See it at the Star next Tuesday, March 23rd.

among her pupils here. And with prospects in sight now for a building suitable for the development of such talent is sufficient cause for the joy we all feel since our school building is no longer a doubtful anticipation, but will be a welcome realization.

Mr. Anderson, of Iowa, is improving his land south of Summerfield and expects to make this his home in the near future.

Mrs. Lawrence Johnson, Misses Estelle Slaton and Ione Kenney spent the evening Monday with Mrs. J. W. Hanlan.

Mr. and Mrs. A. W. Alexander were guests Sunday in the Chandler home in Hereford.

Mr. and Mrs. Glen Greer and Mr. and Mrs. Percy Estes spent the day Sunday with relatives in Hereford.

Lawrence Johnson and John Hanlan are each erecting new wind mills and tanks this week.

Mr. and Mrs. T. McBrown are the parents of a baby boy, born last Saturday, March 13th.

Hubert Odell is the possessor of a brand new Ford Car.

Lois and Emma Alexander were guests of Velma Lance Sunday.

Mr. and Mrs. Thornton and family and Mr. and Mrs. Noland and family spent the day Sunday with Mr. Odell and Hubert.

Miss Ruth Rippe is very much improved at this writing.

Lawrence Johnson had the misfortune to lose a very valuable mule Saturday night.

Mrs. A. W. Alexander visited Friday with Mrs. Frank Alexander, of Hereford.

Hollis, the little son of Mr. and Mrs. Charlie Walser, met with a painful accident last Sunday while playing in the yard with his brother. In trying to break a block of split with a large hammer he was accidentally hit on the hand completely crushing one of his fingers. It is a very painful bruise and will disable the little hand for some time.

Mrs. Ed Stanley visited with Mrs. Hanlan Thursday afternoon.

Mrs. Lawrence Johnson and Mrs. B. C. Roberson spent the day Friday in Hereford.

Hazel Glaspell helped Mrs. Ness sew last Friday.

Some days are still distinguished by a gale coming at hurricane speed, others are so delightfully pleasant we

can scarcely realize having experienced the unpleasantness of those windy days.

Mr. and Mrs. J. W. Hanlan attended the funeral of Mrs. W. E. Hacker in Hereford Sunday.

Mr. and Mrs. Charlie Walser and family and Mr. and Mrs. Fate Walser and Zella spent the day with Mr. and Mrs. Cass Lance Sunday.

Mrs. G. J. Ness and Mrs. Will Storey went to Amarillo Monday, spent the night with friends in Canyon and returned home Tuesday afternoon.

Mr. and Mrs. Hollis Galley visited Monday with Mr. Galley's parents, Mr. and Mrs. C. P. Galley, east of Hereford.

N. A. Laughlin and son, Jim, made a business trip to Farwell Saturday.

N. C. Voegel is putting up a new steel granary on his farm to be in readiness to care for the 1920 crop.

Mr. and Mrs. Ed Garrison left Tuesday in their car for a visit to Waco and other southern points.

Leroy Botsford and family visited Sunday with Mrs. Botsford's parents, Mr. and Mrs. S. J. Rice.

Mrs. Curtis, of Hereford, called on Mrs. Gaetz and Mrs. Tyce last Friday.

Mrs. C. Tyce spent the day Monday with Mrs. John Gaetz.

Mr. and Mrs. Ness visited Sunday with Mr. and Mrs. Stadler.

Fire, of unknown origin, started near the barn on Louie Huckert's place Sunday afternoon. There was a high wind and for a time it seemed his barn and also his feed stacked nearby on the east side of the barn would burn, but timely assistance from nearby neighbors extinguished the flames before any thing except the barn was damaged.

R. W. (BOB) BAIRD OUT FOR SHERIFF

In this week's issue of The Brand appears the announcement of R. W. (Bob) Baird as a candidate for the office of Sheriff and Tax Collector of Deaf Smith County.

Mr. Baird is one of the county's early settlers. He is a native Texan, having been born in Grayson county. He came to the Plains in 1886 and engaged in the cattle business. At one time he was in the grain business in Hereford. Several years ago he served as sheriff of this county, and was re-elected for a second term. Since that time he has been engaged in farming and stock raising.

Mr. Baird has been persuaded by his friends to submit his name to the people of Deaf Smith county for election to this important office, subject to the action of the Democratic primaries. The Brand commends Mr. Baird's candidacy to the thoughtful consideration of the voters of the county.

doubtedly this would be a step in the right direction, but Mr. Lane's description of how other men of ability are smothered under a burden of detail raises the question of whether business men would fare any better.

Mr. Lane puts his finger on one of the great difficulties of obtaining efficiency in governmental affairs by his reference to salaries. He points out that the higher administrative positions do not pay enough to attract men of real ability, hence are filled by men of mediocre caliber. But with partisan political control of such appointments would not higher salaries for such offices render them too attractive as political plums? The chances are that we would have the jobs filled by high paid political inefficients, a probably worse condition than at present exists.

Lack of initiative and opportunity and capacity for planning are among the vital weaknesses of official Washington. Lane points out that the average civil servant is too busy keeping an eye on his job for any of these. There is no mutual confidence or enthusiasm. Everyone is suspicious of everyone else, and there are so many checks and safeguards that they serve more as brakes to progress.

It would appear from Mr. Lane's statements that the basic fault at Washington lies in a poor system rather than with the men who are at the head of affairs. We seem to select first-class officials, then surround them with incompetence, bind them with "red tape," smother them with detail—and expect them to get results.

It isn't fair to the men, and it isn't fair to the country. There is no question that we need a new system and would welcome a man who would come forward with a comprehensive and practical plan for reorganizing governmental affairs on a basis of efficiency. Such a plan would not be a spectacular campaign issue, nor would it be popular with the politicians. It would be a colossal task to get it through a partisan controlled congress, but it is what is needed and needed badly.—El Paso Times.

OFFICIAL WASHINGTON

An amazing picture of official Washington as seen from the inside is contained in the final report of Franklin K. Lane, who retired yesterday as secretary of the interior after seven years in President Wilson's Cabinet.

Criticism of things in general at the national capital is rather common. There has been much of it. But usually it has come from outsiders. Occasionally an office holder relegated against his will to private life has grown caustic in telling of governmental incompetence, and skeletons of inefficiency are rattled frequently in partisan debate. Lane's report, however, is none of these. His retirement is voluntary; he has a record of long and capable public service. His report was the summing up of a score of years of observation of official Washington from the inside.

"Washington," Lane says, "is rich in brains and character. It is honest beyond any commercial standard. It wishes to do everything that will promote the public good. It is poorly organized for the task that belongs to it. Fewer men of large capacity would do the task better. Ability is not lacking, but it is pressed to the point of paralysis because of an infinitude of details and an unwillingness on the part of the body of public servants to take responsibility."

It is good to hear words of praise for the character and ability of the men who run our governmental affairs, even though coupled with candid criticism of governmental inefficiency. Despite partisan calumny and ignorant censure, most of us have considerable confidence in the kind of men we elect to office and it is pleasing to learn from one who knows that it usually is justified.

The essence of Mr. Lane's arraignment of our national governmental system is that it is too cumbersome, too much bounded up with "red tape." We have heard that before. Business men have told us that if they ran their affairs like things are run at Washington bankruptcy and failure would be inevitable. It has been suggested that what is needed is trained business men in government positions. Un-

D. H. Meade moved Saturday to his new home in the north part of town and Mr. Clark, who previously occupied the property, moved to the Cox property near the depot.

G. W. Clark's sale Saturday afternoon was well attended and all the articles offered sold for very satisfactory prices. O. S. Gallatin was auctioneer.

R. H. Kingsley who was reported sick last week is again able to be on duty at the store after almost a week of illness.

Clyde Goodwine and Carl Maurer came down from Canyon Saturday night to spend Sunday and Monday with home folks. They are attending school at the West Texas Normal.

The box supper at the school house Saturday night, functioned by the faculty, was well attended and everybody present spent a very enjoyable evening. About twenty-five boxes were sold and the proceeds amounted to \$103. This will be expended for play ground equipment.

The drilling crew at the oil well was obliged to put in casing at a depth of 100 feet, as the strata of quicksand through which the drill was passing, began caving. The drilling is progressing both night and day and the electric lights gleaming over there during the night give the cite a very business like appearance. Another car load of casing was received last week and the big truck is rapidly transferring it to the well.

Rev. Willman received a letter from Dr. A. E. Ricker stating that he will be in Friona on the night of April 4, (Easter Night) and will occupy the pulpit of the Congregational Church. Dr. Ricker is superintendent of the Congregational Home Mission churches in this state and has many warm friends and admirers in Friona.

Rev. Forbes, pastor of the Baptist church here, expects soon to end his pastorate of the field of which Friona is a part. We have not learned where his future field is located.

The prospects for a good wheat crop in this locality are still very good. The wheat is growing and stooling rapidly and in some fields the ground is covered as with a green carpet. Oats that were sowed early are up and looking quite promising. While there seems to be lots of moisture in most fields, a good rain would be very beneficial and highly appreciated by the farmers.

The local Chautauqua Committee has announced May 31, as the opening date for the big community entertainment week this year. The committee is making extensive preparations to secure the crowd merited by the quality of the program and present indications are for a record breaking attendance. The Chautauqua movement received a great impetus during the war

when it was recommended by President Wilson, Secretaries McAdoo and Baker, Ex-President Roosevelt, Judge Lindsay, and others. It fills a need for clean entertainment, free discussion of public affairs and united community effort not available elsewhere for rural communities and cities of moderate size. The Cadizian Chautauqua—management of Topeka, Kansas, which furnishes the talent for the Friona Chautauqua, announces a program brimming over with attractions. It will include Uncle Sam's Nieces, four singing, banjo playing girls; Thomas J. Kellam, eminent southern song writer; George A. Baker, lecturer on inspirational topics; Rickett's Jazz Band, just what the name signifies, and including Kenneth Ricketts, accordion soloist; Edgar S. Findlay, well known humorist, The Chicago Entertainers, two lively girls in readings and songs; Samuel Justin Sparks, powerful mountaineer college president from Kentucky; and the famous Kenilworth players. The real feature of the week will be a full evening's play by this theatrical company. It is the biggest stunt ever attempted on a small town circuit, but both the management and the local committee believe the public will justify the expense of this program. Before the Chautauqua starts there will be a drive for the sale of season tickets. A number of progressive local citizens have agreed to set in block of season tickets in order to bring the Chautauqua here. The season ticket offers many advantages as it admits some member of the family to each of the ten programs at a fraction of the single admission cost. The entire cost of a season ticket is about the same as the price of admission to the best three programs. Full details of the plans will be announced later.

FILIPINAS GET BALLOT BEFORE AMER. SISTERS

Senora de Veyra Describes Status of Women in the Philippines.

The Filipino woman is destined to be in the world's spotlight more than ever before as a result of the news just received by cable from Manila to the effect that the Philippine senate has passed the equal suffrage bill giving women full political rights with men. This would indicate that the Filipina may beat her American sisters to the ballot box.

The Filipina has many admirers who predict she will make good if she gets the vote, just as she has made good in the very important role, she has occupied in the family and business life of the Philippines ever since the introduction of Christianity in the islands three centuries ago.

"America's advent in the Philippines discovered a wonderfully interesting, responsive little being, the Filipino woman," writes one American concerning

MRS. JAIME C. DE VEYRA, A Filipina who is doing important work for her people in the United States.

the Filipina. "Mothering the only Christian people in the far east, she holds a place of authority, love and respect in family and social life that is not accorded to women in countries neighboring the islands, or in India, China or Japan."

A Filipina who is doing an important work for her people in the United States is Mrs. Jaime C. de Veyra, wife of the resident commissioner from the Philippines. Not only has she frequently addressed the wives of members of Congress in Washington as to conditions in the new Philippines, but she has visited various cities, speaking before women's clubs. The senora wears, in giving her talks, one of the beautiful gowns of her home land, a delicate pineapple fabric, hand-woven and hand-embroidered, shaped like a gauzy-winged butterfly.

"In many ways the path of the women of the Philippines is easy," says Senora de Veyra. "Laws made by her have combined the best of American and Spanish precedents, and she has come into her own with far less struggle than either her American or her Spanish sisters. Married women may hold property in severalty. They are guardians of their own children. These are vested rights and cannot be taken away from her."

"Professional opportunities are as good for women as for men in the land from which I come. The Filipina is by custom the dictator in the home. She is usually the keeper of the family treasure. Practically all of the small shops in Manila are conducted by women. Women are already members of the Philippine Bar Association—a thing still impossible in Great Britain. They are also successful as physicians."

Life is really a fifty-fifty proposition for women in the Philippines, according to the senora, who has taken such a prominent part in women's work there that she has sometimes been referred to as "the little mother of them all." She was the assistant matron of the Normal Hall Dormitory for Girls when she married. She speaks English fluently and puts her little talks "over" with real tact. She has four children. An evidence of her enterprise was her action last year in mastering shorthand so she might be "useful to her husband at home in the evenings in case he wishes to dictate a few letters or a speech."

Texaco Liquid Wax Dressing

This is a light colored oil containing Paraffine Wax in solution. It is especially adapted for the floors of public buildings. The wax is not noticeable except under low temperatures. The preservative features are unusually good. This oil can not be used for lubricating machinery. It can be used for linoleum, if applied very sparingly and well rubbed down afterward. One gallon will cover up to 600 square feet of hardwood floor, and one application will last from one to four months. This product is recommended for hospitals, stores, schools, and all public buildings to reduce danger of infection from disease germs carried by flying dust. For polishing furniture and woodwork.

To secure best results apply evenly a small amount of Dressing, rub dry with a piece of clean cheesecloth.

USE:

- Floor Dressing.
- Linoleum.
- Polish for Furniture and Woodwork.
- Almost brings back the original finish on your old car.

U. D. C.

The U. D. C. will meet with Mrs. Walter Dunlap March 26 at 2 p. m. Mrs. Edgar Betts will be leader.

The last days of the civil war will be discussed by Mesdames Carl Shirley, Lan Shore, I. H. Spratt and E. B. Black. All members are urged to be present.

A Surprise

As a surprise to Mesdames Homer Wilkinson and Roy K. Bruner the members of their circle gave them a surprise dinner at the Wilkinson home Wednesday, March 17. At exactly the appointed hour fifteen of the ladies arrived, Mrs. Bruner being among the number, however, not knowing that she too, was to be surprised. Each lady had prepared a dish and a most delicious dinner was served.

In the afternoon the regular circle meeting was held and after all business was disposed of a social hour was enjoyed.

Delphian Club

The Delphian Club will meet at 2:30, March 22, in the Club room.

The following program will be given: End of Roman Drama.

Required Reading: Part 7, 18-20.

Roll Call: Sentiments in Disfavor of plays.

Special Topics: Demoralization of Rome at the Time of Nero—Mrs. E. E. Read.

Attitude of the Early Church Fathers Towards the Stage—Mrs. Ray Barber.

Impromptu Topics: Construction and Destruction.

Tendencies of the Stage.

Bay View Club

The Bay View Club met in regular session on Thursday afternoon in the Club rooms. Mrs. Carl Cockrell was hostess for this meeting and as our President was absent, a temporary Chairman was appointed and Mrs. Seth B. Holman presided. The house was called to order and minutes of last meeting read and approved. As this was the day set aside for the election of Officers in the Bay View Club the following ladies were elected:

President—Mrs. F. T. Roloson.

Vice-President—Mrs. Geo. Garrison.

Rec. Sec. and Press Reporter—Mrs. Carl Cockrell.

Cor. Sec.—Mrs. Seth B. Holman.

Treasurer—Mrs. D. C. Laird.

Critic—Mrs. Jno. McLean.

After disposing of some other business, the meeting was turned over to Mrs. Stubbs, who was leader of the study lesson. The following program was given:

Roll Call—Faith Healers or instances of Faith Healing.

"The Faith Healer"—Act III.

Leader made assignments of questions.

Comparison between the temptation between Parsifal and Kundra and Rhoda and Michael—Mrs. Jno. McLean.

Trace Briefly the History of Priestly Celibacy from the Time of Christ.

—Mrs. D. C. Laird.

This lesson completed our work on "The Faith Healer" and for our next lesson we will take up William Vaughn Moody's "Fire Bringer."

The U.S. Navy Passing Through the Canal.

The U. S. S. Wyoming and the U. S. S. New Mexico are shown here passing through the Pedro Miguel locks of the Panama Canal.

The electric engines along the side of the locks are called "mules" in deference to their four legged predecessors—they have just hauled the battleship through the locks. If you are interested in mathematics you might figure out how many old style mules it would take to do the job.

The Wyoming at the left, is moving out to the lower level, and as soon as the water in the other lock is let out to the correct level the New Mexico will move ahead.

This picture was taken from a U. S. Navy flying boat, during the recent trip of the Pacific Fleet to the West Coast. They were royally received at all of the ports along the trip.

Mrs. W. E. Hacker

Mrs. W. E. Hacker, aged 49, died last Saturday and was buried Sunday afternoon, Rev. W. H. Terry of the Methodist church officiating.

Sarah Catherine Guthrie was born March 31, 1871, at Raymond, Ill., died March 13, 1920, at Hereford. She was the eldest daughter of Mr. and Mrs. John Guthrie, who formerly lived near Hereford, but both preceded their daughter in death. She was married February 24, 1892 to W. E. Hacker. To this union five children were born, the eldest dying in infancy. The family moved from Illinois to Hereford in 1909, where they have since resided. She was a faithful and loving wife and mother. She leaves to mourn her death her husband and four children, Mrs. T. W. Shepard, Seminole, Texas, Mrs. Leroy Wagner, Hereford, Texas, Miss Florence Hacker, Cameron, Texas and her only son, Charlie, who lives at home, besides these, she leaves four brothers and a sister, who live in Illinois. She was converted and became a member of the Methodist church in early childhood and lived a faithful and loyal member of that church.

NAVY ELECTRICAL SCHOOL.

Taking machines apart to see what makes them tick is just as interesting as making them go after they're put together.

In the Navy gas engine school shown above, some of our future sailors are investigating the ignition levers on an airplane engine.

The sailors get a thorough training in the gas engine and have lots of opportunities to perfect themselves in his specialty during a four years' enlistment. They are paid during the entire course, and when they finish their enlistment period they can either continue in the service or go back to civil life, well qualified to do high class garage work.

Ever try to make a pair of shoes out of a long, loose one and a short, narrow one? It didn't work, did it? And yet, that is just the sort of couple Mr. and Mrs. Leffingwell were. And did they pair? Well, to fully convince yourself, you will have to see Mrs. Leffingwell's boots. To all appearances they were

well matched. But Mrs. Leffingwell was extravagant, and Mr. Leffingwell was jealous. And when Mrs. Leffingwell becomes chummy with Walter Huntley, the polo team captain, Mr. Leffingwell becomes a sleuth. And then the fun starts, and the big climax comes over a pair of slippers, supposedly the only ones in existence, but as

a matter of fact there were really two pair of them. But then how in the deuce did old Leffingwell know that? It's a story full of humor, taken from a very successful stage play, with Constance Talmadge in a most delightful role. You'll like it and you want to be sure and see it next Tuesday at the Star.

**VIGILANT WORK REQUIRED
TO KEEP CHICKS HEALTHY**

**Federal Poultry Specialists Say Death and Stunted Growth
Result When Young Birds Become Infested With
Parasites—How to Avoid Diseases**

If disease and parasites could be eliminated from the poultry flock the work of the owner would be much simplified and his profits much larger. As this cannot be done the next best thing is to keep under control as rigorously as possible the enemies of the chicken world.

The best way to accomplish this is to get eggs from a flock which has shown no indications of contagious disease for at least a year; avoid putting these eggs in any packing, such as chaff, oats, or cut straw, which may be musty or moldy; and hatch them in a new or thoroughly cleaned incubator. The young chicks should be free from parasites and injurious germs of all kinds. To keep them in this condition they should be put into new or clean brooders and permitted to run only upon ground where poultry has not previously been kept or which has not been used for poultry for several years.

Sometimes these directions cannot be followed in all respects. If all the available ground has been recently us-

ed for the new flock, a good coating of freshly slaked lime should be applied to the entire surface of the ground, and a few days later it should be plowed. It may now be cultivated three or four times with intervals of a week and finally sowed with oats, rye, or other grain. In a few months the greater part of the germs will be destroyed; but it is best to leave the ground unoccupied by fowls until a winter has passed, as the freezing and thawing of fall and spring are more effective than either continued cold or warm weather.

If the eggs must be hatched under hens instead of in the incubator, the problem of starting a clean flock is much more difficult. Hens are liable to harbor parasitic worms in their intestines and to scatter the eggs of these worms wherever they go. They generally have lice and mites hidden in their feathers, which pass to the young chicks immediately after the latter are hatched; and they may be the carriers of disease germs even when they appear perfectly healthy.

For these reasons hens used for hatching should be selected from a flock known to have been free from other diseases than those caused by accidents for at least a year, and the individual birds of which are lively, vigorous, free from lice and mites, and are producing a large number of eggs.

The hens selected for hatching should be well dusted with a good lice powder before they are given a setting of eggs; their nests should be perfectly clean and should be made with fresh, soft hay or straw; and there should be a box of road dust, or sifted hard-coal ashes, or similar substances, under cover, where they can dust themselves whenever they come from the nest.

When the young chicks are taken from the nest they should be carefully examined for lice. These parasites usually accumulate under the throat and upon the top and back of the head. If any are found, rub a little sweet oil pure lard, or vaseline with the finger over the parts where the lice are. This kills the lice by obstructing their breathing pores and does not harm the chicks.

By beginning in this manner a flock may be obtained which is practically free from disease germs and parasites, but in order to keep it in this condition the premises must be frequently cleaned and occasionally disinfected.

For Judge**

Three soldiers had been arrested for gambling and on one a deck of cards was found. This fellow asked permission of the Judge to plead his own case using the deck as his text. This was granted and his plea follows:

Your Honor: These two men that were arrested with me are recruits and have recently joined my outfit, the Second Division. I have just been teaching them the kind of an outfit they have joined. When I show them the Ace, it reminds them that there is but one Army, The United States Army. When I show them the Deuce it reminds them of the Second Division with the Star and Indian Head as its insignia. When I show them the Trey it reminds them of the Educational and Vocational Schools that will benefit them in the three years they serve in the Division. When I show them the Four it reminds them of April, the fourth month in 1918, when the Division had its first battle in the Toulon and Troyon sector. When I show them the Five, it reminds them of the Five major operations the Division took part in. When I show them the Six it reminds them of June, the sixth month of 1918, in which Bois-de-Belleau and Hill 142 were captured and held by the Division. When I show them the Seven it reminds them of the Seven months the Division was in the Army of Occupation in Germany. When I show them the Eight, it reminds them that just eight months after the Division went into the line they made the Germans admit for the first time, "That their line had been broken." When I show them the Nine it reminds them of the Nine words naming the major operations the Division took part in, Chateau-Thierry, Soissons, St. Mihiel, Blanc-Mont, Meuse-Argonne. When I show them the Ten, it reminds them that only ten months from the time the Division went into the line in the Verdun sector it was resting in billets across the Rhine. When I show the Jack, it reminds them of "Openers" which the Division never failed to make when it hit the German line. When I show

BAD BACK TODAY?

Backache is usually kidney-ache and makes you dull, nervous and tired. Use Doan's Kidney Pills for weak kidneys—the remedy recommended by your friends and neighbors.

Mrs. W. M. Megert, Hereford, says: "I have used Doan's Kidney Pills off and on when I have needed a kidney remedy. My back often got sore and lame and ached a good bit of the time. My kidneys have also been weak and a pain shot through my back and shoulders when I stooped over. When I have felt any of these symptoms coming on I begin taking Doan's Kidney Pills and a few doses of this medicine have never failed to relieve me of all the trouble in a very short time. I never hesitate in saying a few words in favor of Doan's Kidney Pills because I know they are a reliable remedy."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Megert had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

them the King and Queen it reminds them of King Solomon and the Queen of Sheba. She was as wise a woman as he was a man, but these recruits have displayed the wisdom of both in joining this outfit. When I count how many spots are in the pack of cards I find 365, as many days as there are in the year. When I count the number of cards in the pack, I find 52, the number of weeks in the year, and I find four suits, the number of weeks in a month. I find 12 picture cards representing the number of months in a year and, counting the tricks, I find 13, the number of weeks in a quarter. So, Your Honor, a pack of cards serve as an Almanac in the Second Division. The case was dismissed.

ORDINANCE NO. 139.

AN ORDINANCE TO BE KNOWN AS ORDINANCE NO. 139, ESTABLISHING FIRE LIMITS IN THE CITY OF HEREFORD, AND PRESCRIBING MATERIAL TO BE USED AND MANNER OF CONSTRUCTING ALL BUILDINGS WITHIN SAID FIRE LIMITS.

BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF HEREFORD, TEXAS:

Sec. 1 The following described territory shall constitute the fire limits of the City of Hereford, and all property within said territory is within the fire limits of the city of Hereford. All of Blocks 17-18-19-24-25-26 and the east half of 27 and the west half of 10-11 and 16 of the original town of Hereford.

Sec. 2 It shall be unlawful for any person, firm or association of persons to build or erect, or cause to be built or erected within the fire limits of the City of Hereford as constituted, established and designated by section one of this ordinance, any building or part of a building or any addition to a building, unless the outside and party walls thereof be made of stone, brick, tile or concrete, and unless the roof thereof be made of slate, metal, composition or other non-combustible material. Provided, however, that a small iron-clad store room may be constructed on the rear of any lot within the fire limits, with a floor space not exceeding 100 square feet and not exceeding 12 feet in height, and be constructed at least thirty (30) feet from any other building on the same or adjoining lots. Such store room must be covered entirely with iron or other non-combustible material and must not have a wooden floor.

Sec. 3 It shall be unlawful for any person, firm or association of persons to build or erect over any sidewalk within the fire limits any awning, shed or gallery of wood or any other combustible material, unless such awning, shed or gallery be covered and ceiled with metal, asbestos or other non-combustible material.

Sec. 4 Every building hereafter erected within the fire limits of the City of Hereford, shall have a parapet wall extending at least three feet above the roof and on all sides of the building unless the building is constructed at right angles to the alley and the rear of the building is toward the alley. But if the rear of the building is practically parallel with the alley, then a parapet wall on the rear of the building is not required. Furthermore, whenever any roof or upper story of any building within the fire limits is supported by pillars, such pillars shall be made of brick, stone, concrete, or iron.

Sec. 5 It shall be unlawful for any person, firm or association of persons to enlarge, or build any addition of any size or kind whatever, to any building within the fire limits of the City of Hereford, the outer walls of which addition are in whole, or in part, built of any material other than brick, stone, tile or concrete.

Sec. 6 It shall be unlawful for any person, firm or association of persons, to repair any building within the fire limits of the City of Hereford, the outer walls of which are constructed of wood or other combustible material, where said repairs exceed (10 percent) ten percent of the value of such building.

Sec. 7 It shall be unlawful for any person, firm or association of persons,

to keep for sale within the fire limits, any hay, straw, fodder, shucks, shavings, or other combustible material, in any lot or place, or in any wooden structure of any kind; provided that hay in the bales may be kept for sale in stone, brick, tile or concrete buildings with metal, tile, slate or composition roof.

Sec. 8 That the accumulation of boxes, barrels, or other combustible material within the fire limits of this City, in yards without roof or protection is hereby prohibited.

Sec. 9 It shall be the duty of any person, firm or association of persons erecting any building hereafter within the fire limits of this City, of more than one story in height, to have a scuttle or scuttles made in the roof of the same, with a ladder leading thereto, and the City Commission may at any time order the owner or person in control of any building in the City to have scuttles made in the roof or adopt such other measures or regulations as they deem necessary for protection against fire.

Sec. 10 It shall be unlawful for any person, firm or association of persons, to remove any frame building or other building, the outer walls of which are constructed in whole, or in part of wood, from any place outside of the fire limits to any place within the fire limits, within the City of Hereford.

Sec. 11 It shall be unlawful for any person, firm or association of persons, to remove any frame building or any other building, the outside walls of which are constructed in whole, or in part, of wood, from one place within the fire limits of the City of Hereford, to another place within such fire limits, unless it shall be removed on to the east 1-2 of Block 10, or on to the west 1-2 of Block 10, Block 24, or Block 25.

Sec. 12 It shall be unlawful for any person, firm or association of persons hereafter to open or establish within the fire limits, any lumber yard

for the sale or storage of lumber, laths, shingles, sash, doors or any wooden building material of any description.

Sec. 13 Any person violating any of the provisions of this Ordinance shall be guilty of a misdemeanor and upon conviction thereof, shall be fined in any sum not exceeding Two Hundred (\$200.00) Dollars.

All Ordinances and parts of Ord-

nances in conflict herewith, and particularly Ordinance No. 119, are hereby repealed.

ADOPTED this the 28th day of February, 1920.

APPROVED this the 29th day of February, 1920.

WM. M. KNIGHT, Mayor.

ATTEST:
Annie J. Price, City Clerk.

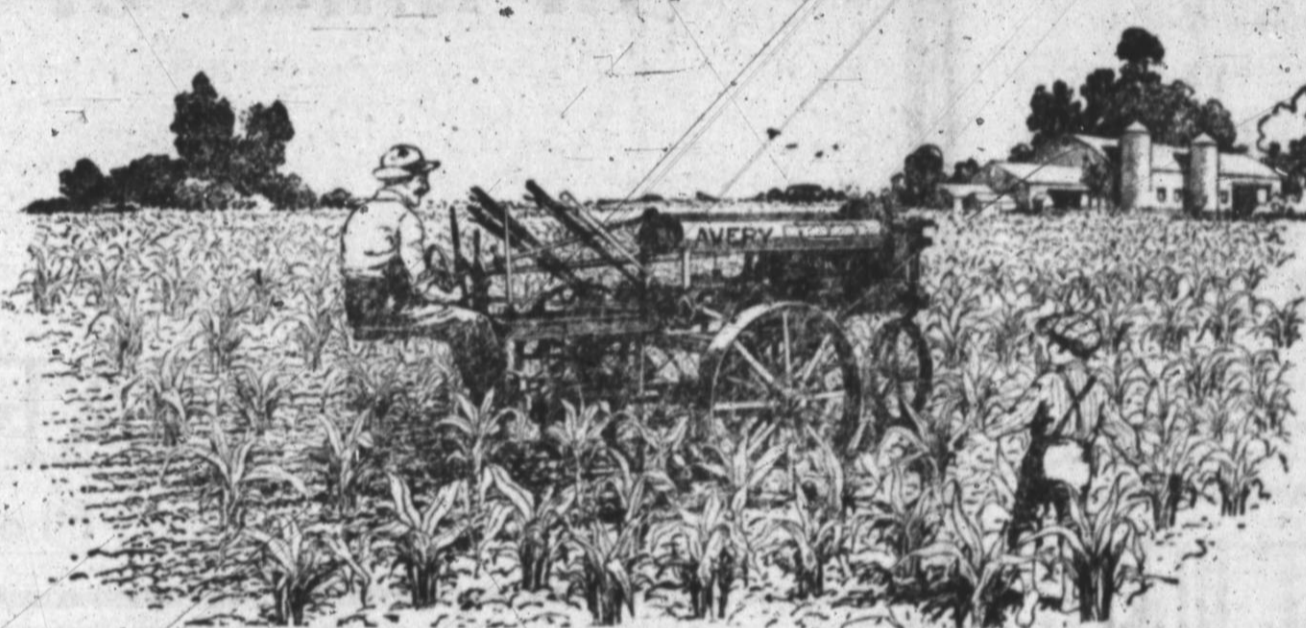

WALLACE REID in "Believe Me Xantippe"
A Paramount Picture

Wallace Reid in a Story by O. Henry. There is a combination you can't beat! One of the most natural actors on the screen in a story by the man who writes of people only as he sees them.

The idea of making a shiftless young man work on the same job for three months without getting fired, if

he wanted to marry his girl, is something that will tickle your fancy. And that is just what Helen's father did when "Wally" asked for her hand. And how he holds his job and wins the girl is the fun you want to see, Saturday night at the Star. And a Paramount-Mack Bennett two reel comedy on the same bill.

Cultivating the Crop

The Avery Motor Cultivator is being successfully used for the cultivation of all row crops such as corn, cotton, peas, beans, beets, etc., a job that was once thought would always belong to the horse or mule.

The Avery Cultivator is built in two sizes—a one-row machine and also a two-row machine and also in four widths for various row-crops. It is much easier handled in the field than is animal power. It turns in its own width, making it a simple matter to turn it at the ends into the next rows.

RAILROAD COMMITTEE WORKING ON PLANS

The committee of three appointed at the railroad meeting last Tuesday night to select a committee of five to plan the ways and means of building a railroad from Plainview to Silverton made the selections early Wednesday morning. The following were appointed: W. E. Risser, R. S. Beard, E. C. Lupton, W. A. Donaldson and A. G. Hinn. At a meeting of this committee yesterday afternoon W. E. Risser was elected Chairman and R. S. Beard was elected Secretary. Only the tentative plans for the work to be done were discussed as the meeting was rather brief and it was decided to meet again next Wednesday. The members of the committee had nothing definite to give out concerning their first meeting and declared that they preferred to wait until more definite action had been taken before making statements. All, however, were encouraged over the prospects for building the road in the near future.

The committee of Dr. J. C. Anderson, J. B. Martin and E. H. Perry, who selected the committee of five believe that they have selected men that will get definite action on the road soon. It will be noticed that men from each of Plainview's three big banks have been appointed on the committee. The other two men have been closely associated with the big business progressive movements of the town for many years. All five are among the best business men of Plainview and the committee that appointed them feel that they can get the trains running to Silverton in the least time and in the most practical way.

The Silverton committee will be invited to meet with the Plainview committee some time next week and more detailed plans will be given out at that time.—Plainview Herald.

HIGHWAY FINISHED ON LAST SATURDAY

The new highway running from Happy to Canyon and on to Amarillo will be completed Saturday and the Federal and State Engineers will be here to make an inspection and finally accept the road from the contractors.

While in the city the engineers will also inspect the new highway which will run to the west county line, and will make arrangements necessary with Judge C. R. Fleisher as to the aid which the Federal and State Government will give on this highway.

A. P. Rollins completed the engineering of the highway west Monday and left Tuesday for Dallas to complete the estimates of the job. As soon as the estimates are completed, the Commissioners will advertise for bids and get the construction work started soon as possible.

When the road west is completed Randall county will have two of the best highways in the Panhandle and work can then be started on the various roads leading into them.—Randall Co. News.

Wallace Reid in

"You're Fired" Saturday Night at the

Also a two reel comedy.

"The Miracle Man" crowds into one picture more experience, good and bad, than most people know in a life time. The story begins in New York's Chinatown, where a gang of clever crooks—the "Frog", the "Dope", Tom Burke and his "girl" Rose—conduct a thriving business of fleecing unwary slummers. What could change the lives of these four people?—Could ANYTHING change the lives of four people so soaked and sodden with crime that they were even constantly misunderstanding one another? There was one thing that did, and it is shown in "The Miracle Man".

Imagine, if you can, a scene in New York's Chinatown, in the byways where few have the courage to wander. Imagine further that you see four people—three men and a girl. The girl was once pretty, maybe but the short time of a year ago. But her face is now hard. Her blooming complexion could be scraped off. And the men—one a hard-headed, hard-fisted leader; one a miserable dope fiend; one the lowest type of tough, a weird character able to twist and contort his limbs so that he resembled a paralytic. There you have the first peep at "The Miracle Man". The business of these four was to deceive the unwary; to cheat, to lie, to steal, to swindle. And from this environment these four people were lifted up and set down in a little village by the sea, where sin and trickery were unknown, where the inhabitants lived and glorified in the fresh air and sunlight. What could the result be? See "The Miracle Man" when it is shown at the Star Theatre Wednesday and Thursday, March 31st and April 1st.

Cannot Praise this Remedy too Highly

THE WAY ONE LADY FEELS AFTER SUFFERING TWO YEARS

Judging from her letter, the misery and wretchedness endured by Mrs. Charlie Taylor, R. F. D. No. 1, Box 144, Dillon, S. C., must have been terrible. No one, after reading her letter, can continue to doubt the great healing power of PE-RU-NA for troubles due to catarrh or catarrhal conditions in any part of the body. Her letter is an inspiration to every sick and suffering man or woman anywhere. Here it is: "I suffered two years with catarrh of the head, stomach and bowels. Tried two of the best doctors, who gave me up. I then took PE-RU-NA and can truthfully say I am well. When I began to use PE-RU-NA, I weighed one hundred pounds. My weight now is one hundred and fifty. I cannot praise PE-RU-NA too highly, for it was a Godsend to me. I got relief from the first half bottle and twelve bottles cured me. I advise all sufferers to take PE-RU-NA."

As an emergency remedy in the home, there is nothing quite the equal of this reliable, time-tried medicine, PE-RU-NA. Thousands place their sole dependence on it for coughs, colds, stomach and bowel trouble, constipation, rheumatism, pains in the back, side and loins and to prevent the grip and Spanish Flu. To keep the blood pure and maintain bodily strength and robustness, take PE-RU-NA. You can buy PE-RU-NA anywhere in either tablet or liquid form.

The Mascot of the Pacific Fleet.

The proudest member of the Navy with the Pacific Fleet is "Mick," Admiral Rodman's spaniel. From the tip of his tail to the tip of his nose "Mick" is a real sailor. The rougher he seas come the better he likes it. "Mick" stuck his head through a life ring, at the photographer's suggestion, and is giving an imitation of a true patriot looking for an argument. Every man on the New Mexico is Mick's pal.

Mine Sweeper No. 38.

This little boat was one of the fleet of 59 which cleared the North Sea of 55,000 mines.

The Fleet has just returned to this country and was given a big reception in New York City.

These boats would sometimes be out for as long as twenty-five days in the storms and seas for which the North Sea is noted. The work was declared impossible by other navies, but the United States went ahead and completed this work before the scheduled time.

The U. S. Navy once again did the impossible.

Shooting the Mines.

The U. S. Mine Sweeping Detachment has just returned from its work in the North Sea. The ever present danger of floating mines was counteracted by the sharp eyesight of the men who were behind the guns. Their job was to pick off the mines as they appeared and explode them by direct hits. The lives of the other men aboard and the safety of the ship depended on their keenness.

A large proportion of the 55,000 mines laid in the North Seas by the U. S. Navy was destroyed in this way.

This is just one of the jobs that comes in the career of a U. S. sailor; one of the experiences that gives him a grip on himself and makes him a regular fellow.

Navy Blacksmith Shop.

The village blacksmith shop under the spreading chestnut tree is for rent. The smithy has gone to sea to learn some new tricks of the trade in the U. S. Navy schools.

Blacksmithing is now a highly specialized trade in iron working. Once a man masters it he is sure of a good living for life, either in or out of the service.

A real interest in one's work is as necessary in the Navy schools as in others, but Jack is paid to learn and is sure of his job as long as he wants it, providing he is in earnest.

The above photo shows a couple of navies doing a big business at a Navy Artificer School.

No Worms in a Healthy Child
All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S YASTLESS CHILD TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in a perfect health. Pleasant to take. 60c per bottle.
