

Getting Things Right Side Up

An overview is shown above of a dramatic wreck Saturday of a GMC truck on which was mounted a telescoping snorkel. The truck, operated by Francisco DeLeon of Route 3, Hereford, was going north on Highway 385, when its overhead hydraulic operated extension hit the Santa Fe Railroad bridge just south of the Highway 90 intersection. The driver lost control, ran up an

sloped embankment, hit a utility pole and overturned on the highway. No serious injuries resulted, but a traffic sign and utility pole were hit resulting in about \$220 of damage. The truck was owned by Aspland Tree Experts of Amarillo. The panel below shows two wreckers used to turnover the truck.

Traffic Cases Reported By JP Court

Justice of the Peace Glen Nelson, in his report for the month of August, indicates that there were 418 traffic misdemeanors handled by his court during the month. Of these, 406 involved settlements, while there were three trials or hearings.

There were 23 non-traffic misdemeanors, 15 of which involved settlements. There were 80 cases involving civil suits or small claims, 21 of which were settled, and nine of which required a trial or hearing.

There was a total of 526 cases filed in JP Court during the month, with 444 settlements and 12 trials or hearings.

There were 441 felony complaints accepted, 10 statutory warnings given, three bond hearings held, three search warrants issued, and two inquests performed.

The total revenue for the month received from fines, fees and state cost was \$8,865.00.

City Annexes Land, Lowers Green Fees

By JOE LACKEY
Brand Staff Writer

City commissioners decided Monday night in their regular meeting to reject a petition for annexation of land owned by

Jack Gilliland, but approved another petition for annexation and also voted to lower annual green fees at Hereford's golf course.

The city commission had planned to consider two ordinances approving plats and dedication deeds of certain blocks in Green Acres Estate, and still another petition for annexation. But the legal papers necessary for the consideration of possible action for the plats and petition had not been turned in when the commission met, so final action on these

United Way Campaign To Begin

Directors of the United Way of Deaf Smith County approved a campaign goal of \$59,600 and set the month of October for the annual fund drive. It was announced by president Raymond White following a Tuesday noon board meeting.

Directors also approved the appointment of Speedy Nieman, Hereford Brand publisher, as campaign drive chairman. Division leaders are to be named and a concerted two-week fund drive is planned during October.

The goal of \$59,600 is the same as last year. "We reached only 82 per cent of the goal last year, and the directors felt we should adopt the same goal and work to achieve the 100 per cent mark this time," White reported.

Since the budget and admissions committee will not have time to set up meetings with the participating agencies, the UWDSC will strive to reach its goal and then make the allocations, added White. Agencies will be tentatively assigned the same quotas as last year.

Agencies in the United Way here include the Campfire Girls, Deaf Smith County Kids, Inc., Big Brothers-Big Sisters, Boy Scouts, Red Cross, Council on Alcoholism, Salvation Army, Children's Rehabilitation Center, USO, and Texas United Way.

Directors approved the executive committee's recommendation that the drive start earlier this year, and that the specific allocations to participating agencies be determined at the end of the fund campaign. White announced that Bud Snyder, first vice president, would begin work this week on preparing the prospect cards for the drive.

Texas Tech, Arrowhead Officials Say New 'Deaf Smith Loaf' Superior

By Speedy Nieman

That feller on Tierra Blanca Creek says following the path of least resistance is what makes men and rivers crooked.

See on a bumper sticker: "The trouble with America is apathy—but who cares?"

VERY little publicity has been given to the work of the Goals for Progress(GoPro) committee, but many hours of study and planning has gone into the program since the 40-man group was formed last year.

The volunteer work has expanded through many sub-committees and task forces, seeking to determine viable and realistic goals for the community over the next 25 years. The fruits of the labor will be presented to interested citizens next Thursday night at the Bull Barn.

Sunday's issue of *The Brand* will carry a list of the goals as developed in the five areas of study—quality of life, economy, governmental functions, education, and transportation. We hope you'll look them over and make plans to attend the public meeting. GoPro wants your input.

FRIONA holds its annual "Maize Days" celebration this weekend, and House Speaker Bill Clayton will be there Saturday after the 10 a.m. parade to make special presentations to Girlstown and Boys Ranch. The contributions were made by state representatives in honor of Clayton.

By JIM STEIERT
Brand Farm Writer
Man may not live by bread alone, but it's an important part of his diet. A better bread could mean a healthier diet for thousands of Americans.

ARROWHEAD MILLS Inc. of

Hereford, in cooperation with the Department of Food and Nutrition at Texas Tech University is working to see that Americans get that improved bread in the form of a product dubbed the "Deaf Smith Loaf."

Mrs. Norma B. Gonzalez, a graduate

student at Texas Tech devised the recipe for the new bread, which utilized a number of products grown in the local area.

The Deaf Smith Loaf is made up of 25 per cent triticale flour, 25 per cent whole wheat flour, 10 per cent soybean flour and 40 per cent high gluten flour.

Other ingredients include honey, lard, salt, non-fat dry milk and yeast.

MRS. GONZALEZ, who received her Bachelor of Science degree at Texas A&I in Kingsville, has been doing work on the new bread as part of her graduate research at Tech.

"I got interested in working on this project because Texas Tech has been doing work along these lines for some time, trying to develop products utilizing whole grains," said Mrs. Gonzalez.

She plans to continue her work on the bread project this year, under the direction of Dr. S.P. Yang, chairman of the Department of Food & Nutrition at Texas Tech.

Dr. Yang is enthusiastic about the superior qualities of the new Deaf Smith Loaf over commercial white breads marketed at grocery stores.

"THE BREAD currently on the market has a number of drawbacks in that it is low in vitamins, minerals and fiber content. According to Dr. Yang, "Most of the good qualities of the ingredients of commercial white bread are refined away, and a serious lack of bulk in American diets has resulted. This new bread has more protein than commercial bread and contains more vitamins and minerals and a higher fiber content," explained Dr. Yang.

The Tech researchers originally brought the idea for the improved bread to Arrowhead Mills Inc., and research on the project has been supported by the local firm for the past four years. Arrowhead Mills has also provided most of the various flours used in the project.

According to Frank Ford, chairman of the board of Arrowhead Mills, "the fertility of the soil in the Deaf Smith County area is the beginning of an important story in food products. It's becoming increasingly apparent how important it is to use whole grains and not strip away the nutrients, and the superior-quality locally-grown grains are a good source from which to draw these

Hospital Says 'No' To Payment Bill Sparks Discussion On Ambulance Funds

By BOBBY TEMPLETON
Brand News Editor

The Deaf Smith County Hospital District board of directors decided not to pay a bill for the local ambulance operation, reviewed August operating expenses which resulted in a deficit, and heard the medical staff report from Dr. A.T. Mims during a regular monthly meeting Tuesday morning.

The ambulance service bill was for \$4,100 and was wrongly transmitted from the county to the hospital district for what was considered the hospital's portion of operating the ambulance. But Ron Welty, hospital administrator, said the matter was already resolved after a series of discussions with County Judge Sam Morgan.

WELTY ASKED the board whether he should pay a monthly bill of \$100 to the

county for operation of the ambulance service. L.J. Straffuss, board president, answered definitively that no ambulance bill should be paid.

This was based on the original inception of the hospital district when the hospital was to finance all welfare cases which the county was not legally allowed to fund and the ambulance service was to be worked out between the city, county and Gilliland-Watson Funeral Home.

H.A.(Hap) Cavness, board member, referred to a 1972 agreement he thought was decided among the hospital, city and county to operate the ambulance service. "If the city is paying its share(\$250 a month), then we should, too."

Straffuss said that the hospital was already paying the utilities for the free clinic as well as paying for the welfare patients and that no bill should be paid.

(See HOSPITAL, Page 2A)

Herd Faces Tough Borger Team

Whiteface varsity coaches expect a tough football game at 7:30 p.m. Friday in Whiteface Stadium as the Herd faces the Borger Bulldogs.

Head coach Fred Upshaw said that the Whitefaces showed definite improvement in the Palo Duro game, lost by the Herd in the last few seconds, but that even more improvement will be necessary if a victory is to be attained over the Bulldogs.

"Borger is rebuilding, and has a new coaching staff", Upshaw said. "They have done a good job in their first two games."

Borger comes into the game with an 0-1-1 record, having lost their opener and having tied last week's game with Canyon.

Upshaw said Borger played a "real good" football game against Canyon. That game ended in a 0-0 tie. Upshaw also said that Borger has a strong passing attack. Split end Winston Sauls is a dangerous receiver, and has the best speed on the team, according to Carroll Tucker, junior varsity coach who scouted the Borger-Canyon game for Upshaw.

Possibly the best all-round athlete on the Borger squad is Dudley Stevenson, a 234-pound tackle who was outstanding in goal-line defense for Borger against Canyon, according to Tucker.

Tucker emphasized that Borger's team is sound fundamentally. "They're not slouches," he said.

Borger has size and quickness, and Tucker added that Borger will run many power running plays from a Wing-T set. Tucker said that Borger moved the ball well with short runs against Canyon.

On defense, Borger lines up with a five-man front and will especially emphasize stopping the long pass. The Bulldogs use quite a few players both ways.

Looking back at the Palo Duro game, Upshaw said that he would naturally have liked to have won the game, but that he couldn't criticize the effort given by his squad.

"We gave a good enough effort to have won most games," Upshaw commented. "We have no excuses."

He said that Palo Duro didn't do anything which was unexpected. The Dons ran the fullback trap effectively, as expected, and generally didn't attempt many surprises, he added.

Palo Duro has a fine football team, Upshaw said, and will do well in future contests this year.

"Everybody did so much better against Palo Duro than against Pampa," said the Whiteface boss.

Looking forward to the Borger game, Upshaw said "We're going to have to play well to win."

Sampling New Loaf

Frank Ford, chairman of the board of Arrowhead Mills Inc. looks on as Clint Formby of Hereford, chairman of the Texas Tech board of regents samples a slice of the new bread developed through the cooperation of Arrowhead Mills and

the Texas Tech Department of Food & Nutrition. Also pictured are Mrs. Norma B. Gonzalez, who is doing research at Tech on the new bread and Dr. S.P. Yang, chairman of the Department of Food & Nutrition at Texas Tech.

Smith Funeral Home Holds Ribbon Cutting Ceremonies

A ribbon-cutting ceremony held Tuesday marked the opening of the new Smith & Co. Funeral Home, Inc., located at the corner of Park Avenue and Greenwood Street.

The opening, which included a tour of the new facilities, was attended by officials of the Deaf Smith County Chamber of Commerce, The Hereford Hustlers of the C of C, and other public officials.

The funeral home brings the total number of funeral homes here to two, adding beneficial facilities for the county. A formal open house for the public will be held Saturday, Sept. 27 and Sunday, Sept. 28.

The one-story French-contemporary style building of white brick with a charcoal grey pitched roof was built by a local corporation headed by a former

Hereford resident, Ronald S. Smith. Officers and directors of the corporation are all Hereford residents.

The 7,700 square-foot building has off-street parking for more than 50 cars. Features include a large covered carport covering the chapel exits to protect visitors and families from inclement weather.

The 25 by 50-foot chapel with a private family room seats approximately 175 persons. The spacious interior carries a color scheme of celery green and champagne white. Furnishings and appointments are in shades of green, gold, blue and oyster.

The firm employs an additional licensed funeral director and embalmer, a secretary-receptionist, an organist and soloist, a pre-arrangement counselor, and

part-time personnel to assist during funeral services.

"In our daily operation, we will strive to maintain that personal and uncommercial value in dealing with the families we serve available to the people of the Hereford area," Smith added.

"We believe that we have one of the most modern and beautifully appointed funeral homes in the southwest. We are extremely proud that we can bring such a modern facility to the people of Hereford."

Smith attended Hereford High School and is a graduate of Caprock High School in Amarillo. He attended West Texas State University and is a 1970 Lambda Nu graduate of Dallas Institute of Mortuary Science. He was formerly with Blackburn-Shaw Funeral Home.

Funeral Home Opens

Chamber of Commerce president Bud Eades and Ron Smith of Smith & Co. Funeral Home Inc. share ribbon cutting duties at opening ceremonies for the new firm here Tuesday afternoon. The new funeral home is located at 105 Greenwood.

Clayton To Rule Over Maize Days

Many residents of Deaf Smith County and the surrounding area are expected to attend the annual Maize Days Celebration in Friona, to be held Saturday, which this year will feature the presence of Bill Clayton, area resident and Speaker of the Texas House of Representatives, who will serve as Grand Marshal of the celebration.

The Maize Days tradition was begun about 20 years ago, and is held annually

before the harvesting of that crop. The celebration is quite extensive, with area residents participating in such activities as a Queen's contest, Little Miss contest, Carnival and other events.

Topping off the week-long events will be the parade, of which Clayton will serve as Grand Marshal, and the traditional barbecue luncheon.

A special highlight of this year's celebration will be Clayton's presentation

of donations received in his name to be given to Boys Ranch and Girlstown. Clayton received the contributions as part of the annual Speaker's Day Festivities held in Austin.

In the past, friends and fellow legislators have chosen Speaker's Day as the time to honor the Speaker with valuable gifts. However, Clayton chose to forgo this tradition by asking all those who indicated a desire to honor him to send a contribution to Boys Ranch and Girlstown. When asked, Clayton said, "I would much rather see this money used to support these fine organizations in their attempt to provide a stable home environment for young people than any other gift I could receive."

On hand to receive the contribution will be a representative of both groups. The presentation is scheduled at 11:00 a.m. Saturday on the Town Square.

Fiestas Patrias Ends

The 1975 edition of the Fiestas Patrias celebration featured an elegant coronation of the fiesta queen Friday night, Sept. 12, a colorful parade the afternoon of Sept. 13, and a Grand Ball the night of Sept. 13.

Sam Morgan, county judge, acted as Grand Marshal of the parade. Chosen as the best entry in the parade was a contingent of mini-bike riders.

Corina Cervantes acted as queen of the celebration, which marks the independence of Mexico from Spain.

Local Man Is Arrested On Auto Theft Charges

Hereford police arrested a local man for auto theft here early Saturday morning and also arrested two illegal aliens for possession of marijuana over the weekend.

Richard Casias of Hereford remained in Deaf Smith County jail in lieu of \$5,000 bond at presstime after he was arrested on auto theft charges in connection with the theft of a 1968 Chevrolet El Camino from the parking lot at the Chateau Inn. Casias was arrested in the vehicle at Lee and US-60 Saturday morning.

Two Mexican nationals were arrested at the Bull Barn over the weekend on charges of possession of marijuana and illegal entry into the country. They remained in custody in Deaf Smith County jail at presstime, awaiting arrival of U.S. Border Patrol officers.

A 1965 Chevy custom pickup owned by

Robert G. Ortega of Dimmitt was stolen from Big Daddy's Truck Stop sometime during the night of Sept. 13-14. Police are continuing their investigation of the theft.

Vandals struck at the Whiteface Barber Shop at 240 Main sometime Friday night or early Saturday morning, breaking out a large plate glass window. City police have a suspect in the incident.

The Pioneer Natural Gas warehouse was also victimized by vandals Sunday night. Rocks were thrown through a window at the rear of the building.

Police are currently investigating an incident of criminal mischief which occurred over the weekend. A street light was shot out at 302 Norton Street, and a police spokesman indicated that the shot was probably fired from a nearby home. The spokesman reported city police have a suspect in the incident.

School Displays Featured At State Fair and TASB-TASA Convention

The Hereford Independent School District will be receiving statewide advertising on two occasions in the next two months as displays will be featured at a state educational convention and the Texas State Fair in Dallas.

The first display is of the new West Central Elementary School. It will be the

Outstanding School Architecture Exhibit at the 1975 annual joint convention of the Texas Association of School Boards and the Texas Association of School Administrators.

The convention is slated for Sept. 27-29 at the San Antonio Convention Center. Over 3,500 Texas school officials are

expected to attend. Representing Hereford will be school board members Jim Conkright, president, Clark Andrews, James Gentry and Lynton Allred. Also attending will be school administrators as follows: Superintendent Roy Hartman, Bill Phillips, Larry Wartes, Jim Holmes and possibly others. The architectural exhibit has become a highlight of the meeting. This year the screening committee, composed of representatives of the Texas society of Architects, TASB, and TASA, selected 35 schools to be displayed.

West Central was designed by Brasher, Goyette, and Rapier of Lubbock, and Dr. Hartman. It was selected as an example of efficient and innovative school architecture according to a press release of the TASB.

The second display, compiled by the district, the county and the local Bicentennial Committee, is entitled, "From Echoing Halls to Astro Turf." It is an account in pictures and graphic materials of the school district history. Also, a 13-page written history of the district will accompany the display. Copies were presented to each school board member.

Mrs. Carolyn Waters, former president of the local unit of the Texas State Teachers Association, said the display would be located in the Better Living building on the fair grounds located near the Cotton Bowl stadium in southern Dallas. The fair will be held from Oct. 3-19.

Hereford is among 50 school districts across the state to be honored with the invitation to present displays in connection with the Bicentennial celebration.

The display itself contains pictures showing what the district looked like in 1899 when it was a one teacher operation and what it has grown into with the completion of West Central Elementary, one of the most modern schools in the state. The title is in part taken from the use of astro turf in the halls of the new school.

Firemen Have Slow Weekend

Hereford volunteer firemen answered one call over the weekend and also responded to a fire Monday.

Sunday, local firefighters were summoned to the Dawn community to help extinguish a pickup fire. The vehicle was owned by Allen Brockman.

Monday, firemen were called to the John Gilliland Sr. property three miles north of Hereford on Highway 385 to battle a propane fire.

United Way--

from page 1

appointed to head up a project to prepare a slide presentation to be used in conjunction with the campaign next year. The board usually secures a United Way film from Amarillo, and will use that film again this year. It was believed that a slide presentation on local agencies would be more effective in promotion of the campaign here.

Other officers of the United Way this year include Gayle Cotten, treasurer, and Genevieve Miller, executive secretary. Fourteen directors attended Tuesday's luncheon meeting.

Hospital

from page 1

Board members Wanda Hoover and Frank Zinser basically agreed but didn't want anything "stirred up" if there was no real problem.

Welty explained that no 1972 agreement existed, at least one in which the hospital was involved. Presently, the city pays a portion of operating expenses with the county furnishing a trained sheriff's deputy to ride on ambulance calls and the funeral home providing the ambulance.

Cavness moved a joint meeting be held with the city, county, hospital and funeral home to settle on a definite agreement to insure future ambulance service. The board unanimously agreed.

However, Welty said Tuesday afternoon that no meeting would be necessary since the hospital was not involved in the ambulance operation. He said Judge Morgan could find no previous agreement and explained that the county had wrongly billed the hospital.

DR. MIMS FIRST said the medical staff considered three malignant cancer cases, which are now reviewed through a regional-wide audit as opposed to being reviewed individually as before. A review of such cases is required.

Also, he reported that Hereford Again will be short one doctor, since Dr. Harold E. Dittmore will be leaving as of the end

of September. "I know he's not dissatisfied with the hospital or facilities here; I think he's going to Arizona," he said.

The search has now intensified for another doctor. Dr. Mims said there were two or three promising leads but no one definite as yet.

A final item on the medical staff report was on a seminar for area medical personnel. It is a direct-televized program of a seminar in San Antonio, which will begin at noon Thursday, Sept. 25, and continue on alternating Thursdays until May 26. It will involve one-hour programs with a period for questions and answers, since the program is transmitted live through telephone lines.

"It is a good continuing education program," the doctor added.

Welty said the hospital had gross revenues of \$122,000 for August. Of this, \$119,000 was received in net revenues after loss on accounts. Operating expenses amounted to \$121,000—resulting in a net deficit of \$16,000 after interest expense.

Generally, he said activity at the hospital was good with both out-patient and in-patient services at a higher volume than this time last year.

All hospital board members were present. The next meeting is scheduled for 7 a.m. Tuesday, Oct. 21.

THE AGENDA for the meeting included an ordinance approving the plat and dedication deed of Lot 13, Block K-3 of Green Acres Estate, Unit IV; an ordinance approving the plat and dedication deed of Blocks 1 and 2, Green Acres Estate, Unit V; a petition for annexation of Blocks 1 and 2 of Green Acres Estate, Unit V; and an ordinance annexing Blocks 1 and 2, Green Acres Estate, Unit V.

Necessary legal papers for consideration of these items had not been turned in, so final action of these items was postponed.

The city had received four bids for water and sewer lines for the areas it is considering annexing. Mayor Sears expressed the opinion that a bid could be awarded subject to annexation. Bayne agreed.

Bayne mentioned that the water and sewer bids would be let together, in one contract. He also said that state law

requires that water and sewer lines be separated by at least 11 feet.

Hudson & Sparks had submitted a bid of \$11,188.75 for sewer lines and \$14,907.50 for water lines, for a total of \$26,096.25; Foran & Co. had submitted a bid of \$11,550.00 for sewer lines and \$14,770.30 for water lines, for a total of \$26,320.30; Novak & Co. had submitted bids of \$11,789.50 for sewer lines and \$15,930.00 for water lines, for a total of \$27,719.50; W.H. Taylor & Co. submitted bids of \$11,191.00 for sewer lines and \$13,751.50 for water lines, for a total of \$24,942.50.

City COMMISSIONER Paul Abalos moved that the low bid, submitted by W.H. Taylor & Co., an Amarillo-based firm, be accepted. The vote was unanimous in favor of Abalos' motion.

Also on the agenda was approval of the contract for tennis courts being built and remodeled at the high school by the city, county, and school district. The school was delegated responsibility for the letting of the contract, subject to approval by the city and county.

However, Bayne reported that his office has not yet heard from the school regarding the contract, so no action on this matter was forthcoming.

THE ANNUAL GREEN FEE for Hereford's golf course had been set a year ago at \$250. City commissioners voiced the opinion that this figure was too high. Commissioner Emory Brownlow said "We should either make the green fees reasonable or forget about collecting much money from this—there's no way we can justify the \$250 figure."

Boyd noted that the annual fee for Amarillo city golf course is \$175, and expressed the opinion that a \$175 figure would be a money-making proposition.

Boyd moved that fees be sold beginning March 1, and that fees be set at \$175 per year. His motion carried unanimously. Commissioners agreed that there would be no partial payments of green fees.

This means that golfers here have two choices: they can either buy a year's worth of golf for \$175, or they can pay the daily rate of \$1.50 for nine holes and \$3 for more than nine holes on weekdays, and \$2 for nine holes and \$3.50 for 18 holes on weekends.

Bayne said that his office had received a letter from Pioneer Natural Gas Co. requesting that the regular city commission meeting on October 6 include consideration of gas rates. The commission earlier had asked Pioneer to justify continued increases in the cost of natural gas under the current arrangement, which permits a 100 per cent pass-through on cost adjustment of natural gas. Commissioners agreed to consider gas rates in the October 6 meeting, which will be the next regular meeting of the city commission.

Loaf--

from page 1

nutrients."

Ford pointed out that he feels the nutrition and fiber needed for good health can be commercially produced in a bread, and completion of research and development of a formula is the first step toward commercial production of the Deaf Smith Loaf.

"THE FORMULA should be ready and marketing will probably begin within a few months. Marketing will be done nationally through a network of Arrowhead Mills distributors who will supply bakeries desiring to provide a more nutritious and tasty loaf of bread to their customers. A one pound loaf of this new bread will probably cost very little more than the present commercial loaf, but the cost per unit of nutrition will be much less," said Ford.

Although preliminary work on the new bread has gone well, the final proof of the product will come with the public's "taste test."

TECH researchers and Arrowhead officials are optimistic about the results of that final test too, as early tests with students and faculty members at the Texas Tech campus have revealed that the product is acceptable to the consumer.

Obituaries

Mrs. Northcutt

Funeral services were conducted at 2 p.m. Wednesday at Avenue Baptist Church for Mrs. Mary Bernice Northcutt, 57, who died Sunday at Westgate Nursing Home.

Officiating was the Rev. Lynn Dehart of Dallas. Burial was in West Lawn Memorial Park under the direction of Gilliland-Watson Funeral Home.

Born in Moriarty, N.M., Mrs. Northcutt moved to Hereford in 1942 from Belview, N.M. She was a member of the Hereford Rebekah Lodge and Westway Baptist Church.

She is survived by four sons, Jim of Lubbock, Woody of Brookings, S.D., and Ray and John of Hereford; a daughter, Mrs. Sue Deyke of Hereford; her father, Tom Welch of Portales, N.M.; three brothers James Welch of Hereford, R.J. Welch of Longview, and Barney Welch of Shreveport, La.; three sisters Mrs. Rosa Lee Yarbrough of El Paso, Mrs. Ruby Cockrum of Hereford and Mrs. Dea Claxton of Amarillo; and 15 grandchildren.

The family asks memorials to the school for the Blind in Lubbock, and the Westway Baptist Church and Hereford Meals on Wheels.

F.Y. Moreman

Funeral services were conducted Friday, September 12, at First Christian Church for Frederick Young Moreman of Westgate Nursing Home, a veteran of World War One.

Moreman died September 10 at Westgate Hospital. Officiating at the last rites were Gene Brink, pastor of First Christian Church, and Lon Connor, pastor of Frio Baptist Church.

Interment was at Rest Lawn Memorial Park under the direction of Gilliland-Watson Funeral Home.

He was born February 10, 1897 in Alford, Texas. He was married to Daisy Scott December 17, 1924 at Hollis, Okla.

He came to Deaf Smith County in December of 1930 from Hollis. He was a retired farmer.

He is survived by his wife of Kings Manor; two daughters, Mrs. Frank Robbins of Rt. 2, Hereford and Mrs. Glenn Edwards of Commerce, Texas; one sister, Mrs. Lilly Ragland of Plainview; 11 grandchildren and two great grand children.

Annie Gollehon

Annie Paralee Gollehon, 79, died at 3:30 a.m. Monday in Deaf Smith General Hospital after a lengthy illness.

Services were at 3 p.m.

Tuesday in First Baptist Church of Littlefield with the Rev. A.J. Kennemer, pastor, officiating. Burial was in Littlefield Memorial Park under the direction of Hammons Funeral Home of Littlefield.

She was a 24-year resident of Littlefield and retired clothing store clerk. She was a member of the First Baptist Church.

Survivors include a daughter, Mrs. Lloyd Crume of Hereford; a brother, Sam Wilson of Slaton and a grandson.

The family requests memorials to the Heart Fund.

Martinez Infant

Michael Joe Martinez, infant son of Mr. and Mrs. Erasmo Martinez, Jr. of 316 Lake Street, died Tuesday at Northwest Texas Hospital in Amarillo.

Services will be conducted at 10 a.m. today at St. Joseph's Catholic Church with Father Jose Gilligan, pastor, officiating.

Interment will be at St. Anthony's Cemetery under the direction of Gilliland-Watson Funeral Home.

The infant was born August 5, 1975 at Friona.

He is survived by his parents; a brother, Noel; grandparents, Mr. and Mrs. Erasmo Martinez of Hereford and Mr. and Mrs.

Ignacio Aguilar of Carrizo Springs, Texas; and a great grandmother, Mrs. Juanita Davila of Carrizo Springs.

Sam Berryman

Services for Sam Berryman, 36, of 239 Beach in Hereford were conducted Sunday in the Avenue Baptist Church with the Rev. Stanley Richardson, Baptist minister from Tucumcari, N.M., officiating.

Burial was in West Park Cemetery under the direction of Gilliland-Watson Funeral Home.

Berryman died Friday, September 12, after a traffic accident near Dimmitt in which he was involved. The accident occurred on FM 2397 six miles north of Dimmitt.

Survivors include his wife, Ellen; a son, GeDon of the home; a daughter, LuAnna of the home; three brothers, Richard of Hereford, Cecil of Lancaster, Calif., and Gary of Lubbock.

DALLAS—U.S. District Judge Sarah T. Hughes, 79, who administered the presidential oath to Lyndon B. Johnson aboard Air Force I in 1963, has retired.

Chamber Opposes Farm Exports Ban

The West Texas Chamber of Commerce has called for immediate action by the Executive, Legislative and Judicial branches of government to prevent future loading bans on agriculture products for foreign export.

On November 19, 1971 the West Texas Chamber of Commerce adopted a position calling for Congressional Action that would assure the continuous flow of farm commodities exported from U.S. ports. This action was perpetrated by the loss of sales of agriculture products to foreign markets because U.S. producers could not assure foreign countries of a continuous supply of products being moved through U.S. ports without stoppage due to dock strikes.

"Recent work stoppages by longshoremen, supported by George Meany, President of the AFL-CIO, have halted grain shipments and jeopardized future sales to Russia," says Dick Yeager of Vernon, chairman of WTCC's Agriculture and Ranching Committee. "The WTCC again restates its previous position and registers stringent objections to such highly questionable dock

strikes." In its position paper WTCC states that the longshoremen cited as one justification for a ban on the loading of wheat destined for the Soviet Union the protection of U.S. interests; contending that the sales negotiated by private business, utilizing the free market system and the free enterprise concept, will be unfair to the American consumer by causing a drastic rise in domestic food prices.

The WTCC points out that consumer prices predicted as a result of the previous wheat sale to Russia did not materialize. The dollar per loaf price of bread predicted in 1972 proved to be false. It is noted that bread prices have remained at, or near the same level, even with the depressed wheat prices which followed the first Russian sale, indicating that other factors have a much greater influence on the cost of bread than the wheat content.

In its position paper the West Texas Chamber of Commerce maintains that a labor union does not have the authority to set foreign policy or to dictate prices negotiated for agricultural products sold in the export or domestic market place.

"The American agriculture

producer has consistently through the history of this nation made it the best fed nation at the lowest food cost compared to spendable consumer income in the world said Yeager, and in recent years the American farmer and rancher have been called upon for full production

so that surplus agriculture products can be sold abroad, and create an export payment balance that will save this nation from bankruptcy caused by excessive import spending for foreign oil."

"The American agriculture producer is continually faced

with higher inflationary prices for his tools of production. He has no way to mandatorily raise the price received for his livestock and crops to include increased costs of production as do other types of business and industry.

"YES, VIRGINIA, THERE IS A FUNNY FARM."

Dimmitt Man Wins Contest

Those who participated in the second week of the Hereford Brand's football contest had a better showing than contestants in the first week.

Charley Hill of Dimmitt missed only four games and was the top guesser. His first place finish earned a check of \$15.

There was a tie for second place. Danny Collins, who listed his address as Box 1564 in Hereford, and Edna Sanders of

Springlake both missed five games and predicted the same tie breaker, 28. These two contestants will split second and third place money, receiving \$7.50 each. Second place is worth \$10 and third is usually worth \$5.

Also missing five games was Dale Smalls, who guessed a tiebreaker of 33, and Jerry LaFrance, who predicted a tiebreaker of 35.

There was a logjam of individuals just a few guesses off the winning pace. Those missing six games included Frank Cogdell, Marie Cogdell, Patricia Elliot, Terri Johnson, R.C. McGilvary, Jr., James Self, and Mary Ann Schulte. Many more missed only seven or eight games.

RETURNS RANSOM

Cuban Prime Minister Fidel Castro has returned the \$2 million ransom paid by Southern Airways in November 1972 for a hijacked airplane, Sen. John Sparkman, (D-Ala) reports.

Herd Favored Over Borger

The Harris Rating System has established the Whitefaces as a strong favorite in the Friday night game between Hereford and Borger slated for Whiteface Stadium.

The rating system makes the Whitefaces eight-point favorites in this week's clash. The Whitefaces have about

the same position in the ratings now as they did before the Palo Duro game, pulled out by the Dons in the closing seconds. Hereford dropped one position as a result of the loss, from 155th to 156th, but gained a tenth of a point in the power ratings, from 125.9 to 126.0

Palo Duro actually lost ground

despite winning in the contest against the Whitefaces, dropping from 83rd to 85th among Texas AAAA schools.

Borger is ranked in the 207th position, with a power rating of 118.0. Comparing this rating to Hereford's 126.0, the Whitefaces thus become eight-point favorites.

Among the Herd's future opponents, Lubbock Monterey, Plainview, Lubbock High, and Lubbock Coronado at this time are rated ahead of the Whitefaces. Since rating change from week to week, however, it is possible Hereford may be favored in its contests against some of these teams.

The Harris System prognosticators have apparently been impressed by the play of Lubbock Monterey, the district favorites. Monterey has skyrocketed in the ratings from its

original 65th position to a spot in the top thirty, this week at the 28th position. Much of this improvement developed because of Monterey's impressive victory Friday night over the highly-regarded, always tough Wichita Falls Rider.

Mighty Longview is still ranked number one among Texas AAAA schools.

One of the key AAAA contests this week involves Killeen, ranked third in the state, against Abilene Cooper, ranked seventh. Although Killeen technically is a three-point favorite because of its higher rating, the Harris people are making an exception and predicting an upset, establishing Abilene Cooper as a three-point favorite.

Listed below are the top ten teams in each classification and other area teams who play in interest to Hereford fans:

AAAA

1. Longview	160.0
2. Bryan	155.8
3. Killeen	155.6
4. Odessa Permian	154.9
5. SA Churchill	152.5

Pioneer Fertilizer in Milo Center has been selected as your Certified Crop Care Center.

Roy Carter

In recognition of professionalism as a supplier of farm services Roy Carter of Pioneer Fertilizer has been named as a member of the new Certified Crop Care network.

Crop Care is a unique concept in farm supply service, especially designed for you, the progressive farm businessman.

Management takes time. Time to plan. Time to think. Time to make decisions. Good management also takes professional help and advice when and where it is needed.

Your Crop Care dealer offers these services, designed to give you the kind of professional help you need to better manage your cropping programs:

1 Complete, accurate, soil testing service. Your Certified Crop Care dealer will assist you in obtaining soil samples and will send them for you to a leading soil analysis laboratory. The laboratory soil analysis and computerized fertilizer recommendations will be reviewed with you and an application plan developed.

2 Plant analysis. Your Crop Care dealer will help you take samples, and handle all details of the tests. He will provide you the printed report analysis along with expert interpretation. This service pinpoints deficiencies in uptake of plant food nutrients.

3 One-source responsibility for your farm chemicals. Your Certified Crop Care dealer offers weed and pest control programs, as well as fertilization of your crop land. Your Crop Care dealer is qualified to render a complete range of services... from planting to harvest.

Your Certified Crop Care dealer pledges to offer farmers:

- Products and services best suited for maximum, efficient crop production under local growing conditions.
- Sound counsel on crop production, based on soil test and plant analysis services.
- Product application equipment and services that fit customer needs.
- A staff of professional people with the experience, knowledge and capability to relate to local grower requirements.
- A progressive retail business dedicated to building and maintaining high standards in quality of products and services.

4 Professional counsel. Your Crop Care dealer is well informed on all matters associated with efficient and profitable crop production. He is a most valuable source of

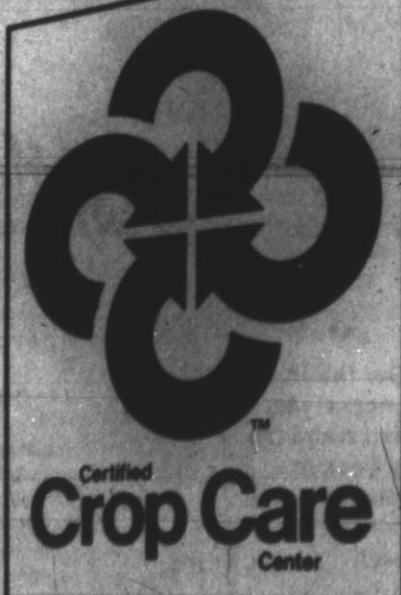

information about successful farming ideas used in the area. And he can draw on the experiences and techniques of other Crop Care dealers, too.

5 Skilled, professional application. As a part of his total Crop Care service, your dealer offers custom application of fertilizer and other farm chemicals. Application may be made by one of your Crop Care dealer crews. Or he may arrange for application by a qualified applicator.

The services your Crop Care dealer offers are designed to help you get maximum yield; and to free up your time to do what you do best:

Manage. Your Certified Crop Care dealer can provide professional advice and services to help you do it better.

Remember, you get Certified Crop Care Center services only where you see this sign:

Buffaloes Face Tulsa Saturday

Their first win of the season safely tucked away, West Texas State University's Buffaloes open the 1975 home season Saturday night (Sept. 20) against the University of Tulsa Golden Hurricane in Kimbrough Memorial Stadium.

Game time is 7:30 p.m., before a Monday morning crowd estimate of 14,000 fans. Tickets, priced at \$6.00 for reserved seats are on sale at the WT Athletic Ticket Office in Canyon, 25th at Buck's Sporting Goods and Sear's in Amarillo.

Coach Gene Mayfield's Buffs evened their season record at 1-1 last weekend with a narrow 10-6 win over Lamar University in Beaumont. All of the WT points came in the first period as the Maroon held off repeated Cardinal advances with a stout second half defense.

San Angelo junior Eddie

Richardson scored the Buff touchdown on a one-yard plunge midway through the quarter after Freddie Turner had grabbed a 42-yard pass from Tully Blanchard to set up the score. Bruce Wyre added the PAT and a 35-yard field goal later in the period.

Lamar completed only 3 of 14 second half passing attempts against the Buffs, but Tulsa should present a much more potent aerial attack. The Golden Hurricane, 8-3 in 1974 as the Missouri Valley Conference champions, return the Valley's top passer in Job Blount and the league's top receiver in Steve Largent. In all, Tulsa has 10 returning starters on offense ready to answer the call this year.

Last week, though, Kansas State proved the TU men to be human with a 17-16 upset win at

Tulsa, the first home loss for Coach F.A. Dry's team since 1972.

"We were fortunate, there's no question about that," Mayfield said of his team's opening win. "Lamar had receivers open three or four times and they just dropped the ball."

With Largent, however, Tulsa probably won't make the same mistakes. "He's just a great receiver," Mayfield adds.

West Texas played Tulsa its closest game in the Valley last year, dropping a tight 17-14 decision at Tulsa's Skelly Stadium. The Buffs were the

only Valley team to come within three touchdowns of the Hurricane in MVC play.

This year, however, West

Texas State will have the home field advantage. It could be the difference in what should be the Valley's game of the year.

Showmanship Club Elects Officers

The Showmanship 4-H club met Monday night in the Community Center for election of officers, according to Melody Kendrick, reporter.

Elected as club leaders for the coming year were Britt Hicks, president, Terry Barrier, vice president, Micki Morrill, secretary and Melody Kendrick, reporter.

Wes Strain and Randy Coleman presented a program on their trip to Washington, D.C.

In addition to the officers and individuals presenting the program, those present included Juanita Kendrick, Kent Hicks, Rusty Rusher, Scott Coleman and Jolene Barrier.

Whistling Wings

By Jim Stoerl

The chill weather which moved into the area with the first norther of the fall last week probably sent the local dove population packing, destined for points much farther south, but that same weather brought memories past duck seasons and issued a reminder that hunters can get a brief early taste of this year's duck hunting Sept. 20-28 during the state's

special early teal season. IN RECENT YEARS, this early season has provided an unusual opportunity for some fine sport at a time when duck hunting is the last thing on most sportsmen's minds. Greenwing, bluewing and cinnamon teal are included in this species, with bluewings making up the largest number of teal bagged in this early

season.

Success of the early teal season has and will continue to hinge on the ability of hunters to identify the ducks they may legally bag. Other species of ducks often intermix with the teal early in the year, and it's discouraging to find a big Mallard some hunter has "accidentally" killed and left behind, because he didn't take the time to be sure of his target before he pulled the trigger.

Bag limit during the early season is four teal, with the possession limit eight after the first day. Shooting hours are sunrise to sunset, and a federal migratory bird stamp is required.

TEAL ARE small, fast, gregarious ducks. They make some incredible maneuvers in the course of their twisting, erratic flights.

The colorful little speedsters

have an uncanny ability to slip up on man's blind side, unnoticed until they have hurtled past, twisting wildly, their wings giving off a startling high-pitched whistling sound.

Teal are among the boldest of ducks, they'll come pitching in to the poorest decoys without a moment's hesitation. They disdain a graceful landing on the water for a noisy splashdown.

Often, a flight of teal will skim past, barely clearing your head, circle the lake once, constantly climbing and diving, then wheel and pop down in front of you in one incredibly fluid movement.

THE RECKLESS, unceremonious manner of the species and their unique, speed-burning personality make teal a special favorite with waterfowlers, and deservedly so. They're really fun, if you don't mind missing a lot of shots.

While on the topic of ducks and duck hunting, a note about waterfowling prospects for the coming year should seem in order.

Each September Jimmy Robinson issues his waterfowl forecast in Sports field magazine. The forecast has proved amazingly accurate and this year's forecast is loaded with optimism and good news for anxious waterfowlers.

ACCORDING TO Robinson, "The waterfowl outlook is as good as or better than it was last year, when the figures were the best since the banner year of 1969."

Robinson spends the months of May, June and July surveying nesting conditions and duck numbers in several northern states and Canada.

This year's report indicates that blue-winged teal, canvas backs and pintails showed a good increase in a number of the Canadian provinces.

Mallards and Pintails, the bread-and-butter ducks for local waterfowlers, also increased in number throughout much of their nesting range.

IT'S ENCOURAGING to note that Canvasback numbers were up in most nesting areas. The Can has been in trouble for several years, with number showing serious declines.

Concerned waterfowlers, aware of the wonderful traditions linked to this beautiful duck, have been passing up shots at the Can for

years, in an effort to make sure that the species rebuilds, so that future generations of waterfowlers may enjoy the privilege of seeing the duck with the red, sloped head and dark breast go skimming past the blind, low over the water.

Local gunners can take special interest in the fact that geese are continuing their remarkable increase in numbers. Canada goose numbers have been growing steadily in recent years, and the past nesting season was another good one.

A WINTER waterfowl count in our Central Flyway revealed a goose figure of 1,179,000, which was six per cent below the 1973-74 figure.

The good nesting season should insure ample numbers of geese along the Central Flyway, however, and if cold weather cooperates and pushes the geese into our part of the country, local gunners could well enjoy some outstanding shooting.

Another good nesting report gives waterfowlers ample reason for optimism about the coming season, but it also gives them ample reason for pride.

Hunters themselves saved the decimated waterfowl population following a prolonged drought on the nesting areas in the 1930's which reduced the waterfowl population to an all-time low of 30 million.

CONCERNED sportsmen brought an end to the market hunting of our waterfowl, asked to be required to buy hunting licenses, and applauded the idea of duck stamps to help save the wetlands.

Sportsmen organized Ducks Unlimited in 1937, and through the donations of thousands of concerned waterfowlers, 1250 DU wetland projects have been completed in the Canadian nesting ranges, to help preserve wildfowl.

Hunters themselves brought the nation's waterfowl back from the brink of extinction, and hunters can take a special pride in knowing that they've cared enough about conservation to make the sacrifices necessary for it to work.

PUBLIC NOTICE CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION NOVEMBER 4, 1975

PROPOSITION NO. 1 ON THE BALLOT

Revising the separation of powers, legislative and executive provisions of the Texas Constitution. Article II, Separation of Powers, is amended to:

Provide that the powers of government of the State of Texas are divided among three distinct branches: legislative, executive, and judicial. Except as otherwise authorized by the constitution, members of one branch may not exercise any power properly attached to either of the others.

Article III, The Legislature, is amended to:

Continue the present structure of the legislature consisting of a senate with 31 members and a house of representatives with 150 members. The present organization and procedure of the legislature are continued except that the provision allowing closed executive sessions of the senate is omitted. Provisions on the conflict of interest of members of the legislature are continued, as is the governor's power to veto bills or line items in appropriation bills. The article provides for single-member senatorial, representative, and congressional districts. A compensation commission is created to recommend the compensation and allowances to be received by members of the legislature. The legislative compensation, set by law, may not exceed this recommendation and does not take effect until after an intervening general election. The article provides for annual sessions of 140 days in odd-numbered years and 90 days in even-numbered years, and a veto session of 15 days upon request of three-fifths of the membership of each house. The legislature may meet in organizational sessions prior to the convening of the legislature in regular sessions.

Article IV, The Executive, is amended to:

Continue the present status of the governor and all other statewide officers, and include the commissioner of agriculture as an executive department officer. The governor is limited to two consecutive terms. The governor is authorized to designate chairmen of state boards, and to remove gubernatorial appointees to state agencies for cause unless the removal is vetoed by the senate. The article mandates the legislature to provide a new governor-elect an appropriation so the governor-elect may organize an office prior to inauguration, and permits the legislature to grant powers of fiscal control to the governor. All governmental agencies, with several exceptions, have a life of not more than ten years unless extended by the legislature, and, at the regular session held in odd-numbered years, the governor shall submit to the legislature a report on the organization and

efficiency of the executive branch.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the SEPARATION OF POWERS, LEGISLATIVE, AND EXECUTIVE PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective January 1, 1976, except Article III, Section 5, which becomes effective January 1, 1981.

PROPOSITION NO. 2 ON THE BALLOT

Revising the judiciary provisions of the Texas Constitution. Article V, The Judiciary is amended to:

Establish a unified judicial system consisting of the supreme court, court of appeals, district courts, and circuit courts. Existing county courts and county judges are continued until otherwise provided by law. All judges (except municipal judges), district attorneys and district clerks must be elected by the people. The supreme court and the court of criminal appeals are merged into a single court of last resort, and this supreme court is authorized to provide for efficient administration of the judicial system and to balance case loads. Individual rights for a trial by jury and appeal by the accused are continued. The state is granted the right to appeal in criminal cases in limited circumstances, and the legislature is permitted to establish methods of appeal to the courts from decisions of state agencies.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the JUDICIARY PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976.

PROPOSITION NO. 3 ON THE BALLOT

Revising the voting and election provisions of the Texas Constitution. Article VI, Voter Qualifications and Elections, is amended to:

Provide for registration and qualifications for voting including voter residency requirements to be established by law. A citizen of the United States who is at least 18 years of age and who meets the registration and residence requirements provided by law is a qualified voter unless the person has been convicted of a felony and for that felony is incarcerated, on parole, or on probation, or unless the person is mentally incompetent as determined by a court. Voting by the people in all elections must be by secret ballot, and the legislature shall provide by law for residence, registration, and absentee voting

requirements, for the administration of elections, and for the protection of the electoral process. The general election for state and county officers is to be held in even-numbered years on a date prescribed by law.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the VOTING AND ELECTION PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976.

PROPOSITION NO. 4 ON THE BALLOT

Revising the education provisions of the Texas Constitution. Article VII, Education, is amended to:

Provide that the Permanent and Available School Funds and the county public school funds are continued for the support of the free public schools. The State Board of Education is retained and the Permanent and Available University Funds are continued for the benefit of The University of Texas and Texas A&M Systems. A new Higher Education Fund for Texas is established for the benefit of colleges and universities outside The University of Texas and Texas A&M Systems. The state ad valorem tax of ten cents on \$100 valuation is continued as the source of revenue for the Fund. The ten cent higher education tax may be changed by law within the ten cent maximum. The legislature may allocate by law a portion of the Higher Education Fund to certain state vocational and technical institutes. The article provides that the public education system must furnish each individual an equal educational opportunity, but a school district may provide local enrichment of educational programs exceeding the level provided by the state consistent with general law. Authority to issue Permanent University Bonds is continued but the bonds may not exceed 30% of the Permanent University Fund.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the EDUCATION PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976, except Article VII, Section 9, which becomes effective January 1, 1979.

PROPOSITION NO. 5 ON THE BALLOT

Revising the finance provisions of the Texas Constitution. Article VIII, Finance, is amended to:

Provide that state taxes may be levied and collected only by general law and to prohibit any state ad valorem tax on real property or tangible personal property except the ten cent tax provided for in Article VII and a

tax of two cents on the \$100 assessed valuation to provide funds for the State Building Fund. Provides that all real property and tangible personal property must be taxed equally and uniformly in proportion to market value. Existing exemptions from ad valorem taxation are continued. The present deduction of motor fuel taxes for highway purposes and the Available School Fund is retained. The "pay-as-you-go" principle for the operation of state government is retained. The legislature shall establish separate formulas for appraising land to promote the preservation of open-space land devoted to farm or ranch purposes and may establish separate formulas for appraising land to promote the preservation of forest land devoted to timber production. The \$3000 exemption from state ad valorem taxation for residential homesteads is continued and the legislature by law may increase this amount. A separate \$3000 exemption from ad valorem taxation by political subdivisions is provided for the residential homestead of persons at least 65 years of age and the political subdivision may increase this amount. The legislature by law may exempt from ad valorem taxation certain property owned by veterans' organizations, non-profit water corporations, and persons in need because of age or disability, and economic circumstance. The legislature may also exempt property to preserve historical, cultural or natural history resources. Taxpayers are provided a new method of correcting inequitable tax assessments by paying ad valorem taxes under protest and suing for a refund in a district court. State debt may be authorized by law only if approved by a two-thirds vote of each house of the legislature and submitted to and approved by a majority of the qualified voters of the state voting on the question. Public funds and public credit may be used only for public purposes and no public funds or public credit may be used to influence the election of a public officer. The article prohibits a retail sales tax on agricultural machinery or parts, fertilizer, feeds or seeds, prescription drugs or medicine, or food, except food sold by restaurants for immediate consumption. An assessment voted by marine food or agricultural producers on their product sales is not a tax if provision is made for the individual producer to receive a refund of the assessment when the producer does not desire to be assessed.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the FINANCE PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective on September 1, 1976, except Article VIII, Section 2, Subsections (b) and (c), which becomes effective January 1, 1978, and Article VIII, Section 6, Subsection(c), which becomes

effective January 1, 1979.

PROPOSITION NO. 6 ON THE BALLOT

Revising the local government provisions of the Texas Constitution. Article IX, Local Government, is amended to:

Provide that the counties of the state are those that exist on the date of adoption of the local government article and that county boundaries may be changed if approved by a majority of the qualified voters in each affected county who vote on the question. Counties may be merged or county seats relocated if approved by two-thirds of the qualified voters in each affected county who vote on the question. The present elected constitutional county offices are retained and four year terms of office are provided. The voters of a county may create additional offices, eliminate offices, or combine the duties and functions of offices. The voters may also grant ordinance making power to the governing body of the county. Cities and towns having more than 1,500 inhabitants may become home-rule cities. Tax limitations are established for operating purposes for cities and counties and the legislature is required to fix debt limits for cities, towns, counties, and school and community junior college districts.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the LOCAL GOVERNMENT PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective on September 1, 1976.

PROPOSITION NO. 7 ON THE BALLOT

Revising the general provisions of the Texas Constitution. Article X, General Provisions, is amended to:

Provide the basic requirements relating to public officeholders such as the official oath and residency requirements. The provision defining the separate and community property of spouses is retained, and the protection of a homestead from forced sale is continued. The legislature is required to protect certain personal property from forced sale. Current wages for personal service are not subject to garnishment. A private corporation may not be chartered except under general law, and no bank may engage in business at more than one place in this state. The legislature must provide for the regulation of bank holding companies. The present system of local-option elections for the prohibition or sale of alcoholic beverages is continued. The legislature is required to prohibit lotteries and gift enterprises but may permit certain bingo games and raffles. The presently existing provisions for retirement benefits of teachers and other public employees are modified to allow the state to con-

tribute more than 10%. A policy that the quality of the environment of the State of Texas is to be protected is established, and the legislature is required to implement and enforce this policy. No state funds may be used to remove surface water from the river basin of origin if the surface water is necessary to supply the reasonably foreseeable water requirements of the basin for the ensuing 50 years, unless the removal of water is sufficiently replaced to the point of removal from outside the state or is on a temporary, interim basis. The seaward beaches of the Gulf of Mexico and coastal submerged lands belonging to the state are held by the state in perpetual trust for the people, and subject to reasonable limitations prescribed by law, the public has the free and unrestricted right of use and benefit of the beaches. The provision is continued that, except as otherwise provided by law, a rate of interest in excess of ten percent a year is usurious, and that if a contract does not specify a rate of interest, the rate under the contract may not exceed six percent a year. Discrimination against handicapped persons is prohibited, and a goal of the state is established to provide every resident access to adequate, comprehensive health care.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the MODE OF AMENDING PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976.

tributed more than 10%. A policy that the quality of the environment of the State of Texas is to be protected is established, and the legislature is required to implement and enforce this policy. No state funds may be used to remove surface water from the river basin of origin if the surface water is necessary to supply the reasonably foreseeable water requirements of the basin for the ensuing 50 years, unless the removal of water is sufficiently replaced to the point of removal from outside the state or is on a temporary, interim basis. The seaward beaches of the Gulf of Mexico and coastal submerged lands belonging to the state are held by the state in perpetual trust for the people, and subject to reasonable limitations prescribed by law, the public has the free and unrestricted right of use and benefit of the beaches. The provision is continued that, except as otherwise provided by law, a rate of interest in excess of ten percent a year is usurious, and that if a contract does not specify a rate of interest, the rate under the contract may not exceed six percent a year. Discrimination against handicapped persons is prohibited, and a goal of the state is established to provide every resident access to adequate, comprehensive health care.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the GENERAL PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976.

PROPOSITION NO. 8 ON THE BALLOT

Revising the mode of amending provisions of the Texas Constitution. The proposed article will be the last article of the constitution. If only Proposition No. 8 is adopted, the article will replace Article XVII of the present constitution. If other propositions are adopted, the article will be appropriately renumbered to remain the last article of the constitution. If all propositions are adopted, the article will be Article XI. Article XVII, Mode of Amending the Constitution of the State, is amended to:

Establish a procedure for constitutional amendments requiring a two-thirds vote of each house of the legislature and majority approval by the voters. The calling of a limited or unlimited constitutional convention with voter approval is provided. The question of whether to call a constitutional convention must be submitted to the people every 30 years.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the MODE OF AMENDING PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976.

'Think Before You Speak' Hereford Rotarians Told

The Hereford Rotary Club heard a stirring discussion from Fay Gauggel of Kings Manor on the story of "The Man Without a Country," during a weekly luncheon Monday.

The speaker, a columnist for The Brand, said she wished young men would think of what they're saying before speaking impulsively. "I guess I lived in a more serious time. Today, young talk before they know what they've said," she added.

She referred to the story of

Phillip Nolan, who was an example of someone who spoke too quick when he said he damned the U.S. and didn't care if he ever saw the country again. And he got his wish. He was being tried at a military court marshal for treason, which was said to have been influenced by Arron Burr during the time of the American Revolution.

Mrs. Gauggel said that Nolan regretted the statement for the

rest of his life since he was sentenced to spend the rest of his days on a ship, where he was not to speak or hear of his former homeland again. She memorized the story in exact detail and retraced its plot with direct dialogue until the death of Nolan.

President Johnnie Price reminded members it was Rotary International Understanding Week.

Missionary To Preach Here

Rev. B. L. Davis will preach both at 11 a.m. and 7 p.m. September 21, at Temple Baptist Church, Ave. K at Forrest.

Davis is no stranger to our area. He was pastor of First Baptist Church in Hereford from 1960 to 1967. He surrendered to preach in Summit Baptist Church, Amarillo and was pastor of San Jacinto Baptist Church, Amarillo from December 6, 1970 to August 31, 1975.

He is now area missionary for the Amarillo Baptist Association.

A native of Murchison, Tex., Davis is a graduate of Howard Payne College and Southwestern Baptist Theological Seminary. He has also served churches in El Paso and Spang, Texas and San Jose, California.

He preached in Philippines Crusade in 1963 and 1968 and also the Korean Crusade in 1973

and 1975. Rev. Davis is in constant demand as Revival preacher. J.L. Bozeman, Pastor, and the people at Temple Baptist invite you to hear this outstanding preacher.

Getting along amicably in life is largely a problem of getting along with people just about as good as you are.

Heart Group Previews

Films

Films for possible distribution to local clubs for program viewing were previewed at meetings held Tuesday and Wednesday by the Public Education committee of the Deaf Smith County unit of the American Heart Association.

The association, formed during the summer months, is beginning its first full year of operation in an effort to inform the public on the dangers of heart disease and how to detect its symptoms. Deaf Smith County has one of the highest rates of heart victims in the Texas Panhandle and the association plans clinics and educational meetings in the coming year on heart associated diseases.

The films are one way the association hopes to contact the public. Clubs and organizations may inquire about the films by contacting Marie Griffin, 364-1160.

Fraser Enrolled In Tennessee

Jon Fraser, son of Mr. and Mrs. William B. Smith of 710 Lee in Hereford is enrolled at Sewanee Academy, four-year preparatory school in the mountains between Nashville and Chattanooga.

The Academy is a unit of the University of the South and shares its 10,000-acre campus, library and athletic facilities. Some advanced students can take college level courses, and some faculty are "borrowed" from the college.

There are 200 students enrolled at the Academy this year, from 19 states and seven foreign countries. About 20 faculty members are teaching English, history, science, languages, religion, and art and music.

The former military school admitted girls in 1968, and with the remodeling of another floor of the girls' dorm this summer now has 50 boarding girls, more than in any previous year.

As part of the University of the South, the Academy has an Episcopal bent, but all faiths are accepted and the curriculum is non-denominational.

Man is mighty, no doubt, but insects bother men more than men bother insects!

WTSU Offers GRE

Registration deadline for the Oct. 18 Graduate Records Exam at West Texas State University will be Sept. 22.

Offered by the WTSU Testing and Counseling Center, the exam will be administered at 8:30 a.m. Oct. 18 in Room 201 of the University Complex South.

The national test is necessary for admission to graduate schools and is used universally throughout the country, according to Dr. Kenneth Waugh, professor of education and director of the Center, who will administer the exam.

Safe Drivers

Dick Montgomery, assistant manager of Deaf Smith REC, looks at the certificate presented to the safe drivers of the cooperative while Bud Eades, insurance representative, looks on.

REC Honored For Safe Driving

Representing 75 years of driving Deaf Smith Rural Electric Cooperative (REC) vehicles without an accident, 15 employees were honored with a breakfast at the Caison House recently.

the insurance company covering the vehicles, presented certificates to the drivers. An award was also presented to the cooperative listing the 15 men's names.

Total mileage of all vehicles from April 1, 1974 through

March 31, 1975 was 493,385 miles.

Boyd Collins and Bill Feagley were cited for driving 14 years without an accident. Others receiving awards included: Dick Montgomery, Don Cox, Lonnie Noyse, Tom Weemes, Sam Garrison, David Pruitt, Don Rieves, Al Schumaker, Ed Hartley, Max Griego, Lee Jones, Jim Holmes and James Hull.

WHO KNOWS?

1. In what war did General John J. Pershing serve?
2. Which amendment gave women the right to vote?
3. Who said, "The God who gave us life, gave us liberty at the same time"?
4. Name the three parts of a comet.

Answers To Who Knows

1. World War I.
2. The Nineteenth Amendment, in 1920.
3. Thomas Jefferson.
4. Nucleus, coma, and tail.

Patrol Reports Eight Rural Accidents

The Texas Highway Patrol investigated eight accidents on rural highways in Deaf Smith County during the month of August, 1975, according to Sgt. W.E. Wells, highway patrol supervisor of this area.

These crashes resulted in no persons killed and two persons injured.

The rural traffic accident summary for this county during the first eight months of 1975 shows a total of 64 accidents resulting in one persons killed

and 55 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for August, 1975, shows a total of 596 accidents resulting in 16 persons killed and 292 persons injured as compared to August, 1974 with 542 accidents resulting in 30 persons killed and 314 persons injured. This was 54 more accidents, 14 less killed, and 22 less injured in 1975 at the same period of time.

The 16 traffic deaths for the month of August, 1975, occurred in the following counties: three in Castro; two each in Potter, Wheeler, Hale, and Palo Pinto; and one each in Archer, Parker, Yoakum, Hardeman, Wilbarger.

Thirty-nine Vietnamese refugees given jobs as peach harvesters in South Carolina quit their jobs saying the hours were too long and work too hard.

IT COULD COST 61% MORE TO REBUILD YOUR HOUSE TODAY!

Suppose your house were badly damaged or totally destroyed by fire. The U.S. Department of Commerce statistics show that \$100 worth of construction in 1967 would have cost \$161.40 in the third quarter of 1974 — an increase of more than 61%! Do you know whether you have enough insurance to cover such a loss? In these days of runaway inflation, costs of repairing or replacing damaged property have risen so high that your coverage may be left far behind.

Don't just wonder and worry whether you're dangerously underinsured. Let us review your coverages today for proper insurance to value. We know how to STRIKE BACK at inflation...let us show you how!

Speaker Capsulizes Vietnamese History

Major Thong Ngoc Nguyen, a Vietnamese refugee who recently settled in Hereford, was a special guest of American Legion Tuesday evening in the post building in Veteran's Park.

A member of the South Vietnam Military Intelligence Division, Major Nguyen reviewed the French defeat and withdrawal from Vietnam in 1952 and the partitioning of his native country, which was finally defeated due to inadequate supplies and troops.

The guest speaker, who moved here with his family August 31, is a gymnast and dance instructor at Larrymore Dance Studio. His wife teaches conversational French.

The Legion meeting was designated by Post Commander Benny Womble as "men's night out," an activity which is scheduled the third Tuesday of each month. The next "men's night out" will be Tuesday, Oct. 14.

Hereford Receives Rebate

Hereford has received a check for \$30,700.23 as its sales tax rebate for the month of August, according to the office of Bob Bullock, state comptroller of public accounts.

Merchants collect a five percent sales tax; four percent goes to the state and the remainder is eventually rebated back to the cities involved.

The money will be used for necessary city operations.

The man who was boasting of his love for hot weather some months ago should be satisfied.

The man or woman without faith in anything or anyone gives evidence against themselves.

HHS Band Officers

These students have been elected as officers of the Hereford High School Band for the 1975-76 school year. Pictured seated from left are Annette Gooch, Renee Inman and Jana Ray, librarians, and Cathy Walker, secretary. Standing from left are Cheryl Arney, vice president, Stephanie Stringer, sophomore representative, Charlie Arellana, junior representative, and Bob Behrends, senior representative.

Webb Named Manager Of BioCon Manure Plant

ROBERT MIKE WEBB

Robert Mike Webb, formerly of Lubbock, has moved to Hereford to join Searle Agriculture Inc. as sales manager of its BioCon Division plant in the Summerfield Community.

He will be responsible for marketing "Tilleez" in the farm, nursery, lawn and garden markets. The product, an organic and virtually odorless soil conditioner, is derived from feedlot manure and waste at the company's relatively new Bio Con plant.

The manure processing facility is located on a 45,000 acre capacity feedlot. Annual production of "Tilleez" is expected to exceed 100,000 tons a year with reduction of odor and run-off pollution as important by

products.

Webb, an agriculture graduate of Texas Tech University, has been a partner in a 400-unit cow-calf operation and served as a manager of a 5,000-head commercial feedlot.

He, his wife and two children are living at 214 Aspen.

Studies indicate that from the early teen years through their late 60's women generally have better hearing than men. This is especially true from the ages of 25 through 65 officials of the Beltone Crusade for Hearing Conservation point out. While reasons may vary, one consideration stems from the fact that women are generally less exposed than men to occupational noise during these working years.

Football Heats Up Locally

Self deception, unawareness and vanity are a few of the major reasons hearing handicapped persons sometimes refuse to seek the assistance available to help alleviate their hearing loss problem, officials of the Beltone Crusade for Hearing Conservation point out.

The junior high schools here continued their football pro-

grams this week with three seventh grade games played between teams formed by Stanton and LaPlata Junior Highs.

LaPlata White defeated Stanton Maroon Tuesday afternoon by a 12-6 score. On the same day, Stanton White defeated LaPlata Red 12-6 and Stanton Blue was victorious over LaPlata Maroon 14-0.

Last Saturday, September 13, LaPlata's ninth grade team was impressive in a 32-14 victory over Pampa's ninth graders.

Considered one of our nation's major handicapping disabilities, hearing loss problems rob at least one of every 15 Americans of their ability to communicate clearly with friends and loved ones, officials of the Beltone Crusade for Hearing Conservation report.

Weekend Travel Plan:

60% Savings on out-of-state Long Distance Calls.

Travel by Long Distance this weekend and save. When you call out of state the One-Plus way on weekends (all Saturday and Sunday until 5 p.m.) you save 60 percent over the day rate. These savings are also in effect every night from 11 p.m. to 8 a.m. And when you travel to another state by Long Distance you can afford to stay awhile. Additional minutes always cost less than the first. Have a good trip.

Where One-Plus dialing isn't available, One-Plus rates apply on station calls. If you dial direct and reach a wrong number, call the operator. You won't be charged.

One-Plus Discount Rate Periods						
MON	TUES	WED	THUR	FRI	SAT	SUN
8:00 AM to 5:00 PM		Day Rate Period FULL RATE				
5:00 PM to 11:00 PM		Evening Rate Period 35% Discount				Eve 35%
11:00 PM to 8:00 AM		Night & Weekend Rate Period 60% Discount				

Want to know more ways to save on out-of-state Long Distance calls? Return this coupon and we'll send you a free calling guide.

Cowbelles Open Fall With Fashion Parade At Tuesday Luncheon

Hereford CowBelles combined business with pleasure during an autumn fashion review-luncheon Tuesday in Hereford Country Club.

Mrs. Wesley Gulley described season apparel while Mrs. Ken Walser provided background piano music for models from these stores: Gaston's Popular Store, Gaston's in Sugarland Mall, The Vogue, Penney's, C.R. Anthony's, La Boutique, Latham's Treehouse,

Boots and Saddles Western Wear, The Pants Cage and Helen's Youth Shop.

Praising American ingenuity, Mrs. Gully commented, "Whatever your shape, or whatever shape you're in, you can wear these clothes." Beef / gift certificates were presented to Mrs. Walser and Mrs. Gulley in appreciation for their help with the style show, which was coordinated by Mrs. David Hutchins.

Mrs. Reece Lawson, CowBelle president, made several announcements concerning beef promotion projects after the fashion program. She reported that CowBelles have prepared a program format which is available free to local organizations. Such a presentation was given by Mrs. N.E. Tyler and Mrs. Elmo Hall Tuesday afternoon to La Aflatus Estudio Club.

Prominent on the CowBelle calendar next month are the

state convention at Fort Worth Oct. 20-21 and election of officers during the next meeting at 11:45 p.m. Oct. 14 in Hereford Country Club. Mrs. Pete Caviness is chairman of a committee who will nominate local officer candidates. Serving with her will be Mrs. Andrew Kersten and Mrs. Robert Josseland.

Mrs. Lawson continued with her address, stating that the Second Annual CowBelle Silver Coffee Break had been a

success. She also announced that Mrs. Gary Victor is now collecting registered brands to be printed on CowBelle cocktail napkins. It costs \$10 to have a brand embossed on the napkins and interested individuals should contact Mrs. Victor.

In addition, Mrs. Lawson reminded the audience that three amendments concerning the beef industry will come before the legislature next week. Mrs. Josseland is collecting signatures for a letter

which will be sent to Congressman George H. Mahon, concerning local opinion.

Hereford CowBelles will be giving away smoked beef tidbits today at the Tri-State Fair in Amarillo. Mrs. Bussy Kaul is chairman of this activity. (See related story elsewhere in today's Brand.)

Mrs. Hutchins directed hostesses, who included Mmes. Shirley Garrison, Marcus Hoelscher, Virgil Marsh, Karl Mannschreck, R.N. Yarbro,

W.D. Gibson, Mary Gibson, Dick Coupe, Aaron Hutto and Earnest Langley.

Mrs. Dyal Garner delivered the invocation and members were reminded that \$12 annual dues are now due.

Those models, and the firms they represented, in the style show included:

Boots and Saddle Western Wear—Stacy White, daughter of Mr. and Mrs. Butch White, Brad Smith, son of Mr. and Mrs. Craig Smith, Pam Fellers

and Lee Ann Timberlake. The Vogue—Kay Hall and Sue Sims.

J.C. Penney's—Frances Keeter.

Gaston's Popular Store—Carmen Flood.

Gaston's Sugarland—Pat Lawson and Melanie Mullen.

The Pants Cage—Lynn Andrews, Gloria Shaw, Mrs. Gulley and Mrs. Walser.

La Boutique—Betty Roberts. Latham's Treehouse—Terry Watson and Judy Cloud.

Fur Forecast For Fall

Lynn Andrews of the Pants Cage looks ready for winter in this pant ensemble modeled Tuesday during the CowBelles fashion show in Country Club. Rich, tan-fur outlines dark brown suede on this sleeveless jacket, worn over tan pants and sweater.

Tour of Homes Here Tomorrow

Three residences will be open to visitors tomorrow afternoon during the annual Garden Beautiful Club Tour of Homes.

One dollar will gain admission to the W.H. Griffin home, 400 Sunset, the Bill Warrick home, 100 Pecan and the Edward Allison home, 104 Nuces. Proceeds will again be used in

Library Plans

Free Programs

A travelogue covering portions of the Far East and the classic film production of "Plochio" are scheduled this month at Deaf Smith County Library.

Noted as family entertainment, the well-known movie will begin a 7:30 p.m. today in the Heritage Room. There will be no admission fee and small children should be accompanied by an adult.

Dr. and Mrs. Milton Adams will narrate slide pictures of their trip to Japan, Bangkok and Hong Kong, beginning at 8 p.m. Tuesday, also in the Heritage Room. This travelogue, the first of the fall season, is sponsored by the Women's Division of the Chamber of Commerce and is free to the public.

landscaping projects at King's Manor Retirement Home and Deaf Smith County General Hospital. Mrs. Earl Springer is chairman of this year's tour, which is being conducted in the autumn rather than the traditional spring showing.

Garden Beautiful members will act as hostesses at the tour homes. Greeting guests from 2-6 p.m. will be:

In the Griffin home—Mmes. L.H. Lookingbill, Troys Carmichael, W.P. Axe, Ray Cowsett and A.L. Jordan.

In the Warrick home—Mmes. N.D. Bartlett, Bruce Burney, C.P. Wortham and Deward Roberson.

In the Allison home—Mmes. Joe Story, T.J. Carter, V.O. Hennen and Wayne Jones.

Drapery which was added to King's Manor by the KM Auxiliary last year at a cost exceeding \$1,000 has been faulted by the Texas Nursing Home Association (TNHA) for failure to meet fire-proof standards.

The problem was discussed by auxiliary board of directors Monday during a called meeting in the King's Manor library.

Mrs. J.J. Durham, president, appointed Mrs. H.R. Cocanougher to investigate the

situation and recommend a solution. This task force will also include Mmes. Kenneth DeHart, Robert Strain and Clark Andrews.

TNHA inspectors recently ruled that the drapery, which is hung throughout the entire retirement complex, was unacceptable according to current fire-resistant regulations. The cost of treating the curtains to render them fire-proof would be more than the price of new curtains, board members stated.

In further business, Christine Trask was introduced as the new director of activities at Westgate, a position recently vacated by Virginia Harrell, who was promoted to assist administrator Joyce Lyons. Other personnel changes on the staff were announced. Grace Mason, who is the Manor hostess, will be relinquishing her duties.

Dates of upcoming auxiliary activities were solidified. These include the fall membership meeting, scheduled at 2 p.m.

Oct. 21 in Lamar Memorial Garden Room at the Manor. During this meeting, new officers, who will begin their terms Jan. 1, 1976, will be elected. Mrs. Strain is chairman of the nominating committee.

Also, it was decided that the annual King's Manor Founders' Day Dinner will be held in Hereford Bull Barn at 7 p.m. Nov. 17. Auxiliary members will be responsible for decoration.

During reports from standing

committees, a calendar change was emphasized. The monthly birthday party for Westgate residents has been moved from the first Wednesday to the second Thursday of each month.

Local clubs alternate as hostesses at the parties, which are slated to begin a 3:30 p.m.

Planists for singing session each Tuesday and Friday afternoons are needed to volunteer, it was announced.

Record beef prices expected to crest.

At The Library

Children's Needs Seen From Differing Angles

Contrasting perspectives of children and their needs are subjects of books being promoted at Deaf Smith County Library.

"Bless The Beasts and Children" by Glendon Swarthout received critical acclaim for its haunting testimony to outcast youngsters, who struggle for survival in Box Canyon

Boys Camp. Similar to "Lord of the Flies," the novel presents a moving portrayal of adolescent fears and motivations.

On an entirely different note, Phyllis Fiorotta has written an instructional book which emphasizes a child's creativity. Listing numerous methods of craft for children, the author includes ways to capture a

child's initiative and imagination.

Deaf Smith County Library is open free to the public from 9 a.m.-9 p.m. Monday and Thursday; from 9 a.m.-6 p.m. other weekdays and until noon Saturday.

BLESS THE BEASTS AND CHILDREN
by Glendon Swarthout

The nail biters, thumb suckers and teeth grinders at the Box Canyon Boys Camp were called the bedwetters. They were the cast-away offspring of parents who were busy traveling, being divorced, remarrying and garnering fortunes. They were rejects, until Cotton. Cotton pulled them together. Cotton led them on

that fantastic mission to strike one final blow in the desperate battle to save themselves.

This haunting novel is eloquent testimony that all lost children are not born in a ghetto... Cruel in its clarity, touching in its portrayal of the inner and outer realities of adolescence, "Bless the Beasts and Children" is a profoundly moving book.

STICKS & STONES & ICE CREAM CONES

by Phyllis Fiorotta

Whimsical and loving, Phyllis Fiorotta captures a child's wonder for the air, the sea, celebration, food, for himself. Using materials like sticks and stones-even ice cream cones-she helps children to express themselves and their world in craft.

More than 120 projects are included, as well as a full-length puppet show, with props, puppets, stage, and even a snack bar for intermission. "Sticks & Stones & Ice Cream Cones" is an invaluable tool for parents and educators who wish to encourage creativity in the children they love.

Club Plans

HD Projects

Ways and means projects were tentatively discussed by members of Palo Duro Home Demonstration Club Monday night in the State Norvell home.

Mrs. Mickey Brisendine officiated during business. Members approved a motion to decorate doors at Westgate Nursing Home again this Christmas.

Guest speaker was County Extension Agent Joyce Shipp, who outlined the basic rules of parliamentary procedure. She presented the new HD yearbooks and reviewed the contents of the pamphlet.

Special guests were three infants, including Becky and Barbie Brisendine and Russell Coleman.

Members present were Mmes. Lynn Brisendine, Wallace Hill, Mike Hall, Charles Thomas, Ed Hammett and Ted Coleman.

The next meeting will convene at 7 p.m. September 29 in the Mickey Brisendine home.

HD Members Receive New Yearbooks

Mrs. Robert Moelius, president of Messenger Home Demonstration Club, distributed the county HD yearbook to members, who met Thursday afternoon in the Bill Page home, Westway. Mrs. Leo Webb was co-hostess.

Parliamentary rules were reviewed by County Extension Agent Joyce Shipp during the program portion of the meeting.

Mrs. Moelius won the game prize. Other members present included Mmes. S.N. Thweatt, Jerry Northcutt and Dean Watson.

The next meeting will convene at 2:30 p.m. September 26 in the Messenger Clubhouse.

MAKE A

Joyful

NOISE

Is worship service a time of joy for you? Do you praise God with singing? Do you "enter into his gates with Thanksgiving"? (Psalm 100)

Church attendance should be a happy time,—a time when the family is united in Love of God.

Go to church this week. Join in the worship, and praise God with gladness.

**YOU IN THE CHURCH
THE CHURCH IN YOU**

Churches are the primary centers of the Christian life. They are the places where we meet to worship God, to praise Him, to sing, to pray, to study His Word, and to fellowship with one another. The church is the body of Christ, and we are members of it. We are to love one another as we love ourselves, and as we love God. We are to be salt and light in the world, and to bring glory to God our Father in the name of Jesus Christ our Lord. Amen.

Western Art Is Program Theme

Western art was the theme for a program entitled "Freedom of Choice" when members of La Plata Study Club met Tuesday evening in the home of Mrs. Louis Woodford, 216 Star.

Mary Helen Askew, local artist and program chairman, introduced Ruth McBride and Pam Trotter who presented the program. Mrs. McBride is an artist and interior designer and Mrs. Trotter is a sculptor.

Mrs. McBride told the group to be very careful where they place pieces of western art in their homes. "When you purchase a piece of art, keep in

mind what you are going to do with it," she said. "Western art is all about the land and you need to break it up with other types of interior decorating," Mrs. McBride noted.

"We women have a special responsibility to create a home that is warm and not overdone. We need to be aware of colors and not make our homes too dark," she said.

"When decorating, respond to the earth. Look down and it's all there—interesting weeds down the highways, rocks and pieces of wood."

Mrs. McBride reminded the

club to be especially sensitive to what western art is. "Break up a totally western look and let it come to life," she said.

Mrs. Trotter told how she makes western sculptor. All of her pieces of art are originals.

Mrs. Trotter was reared on a ranch near Espanola, N.M. and then married a cowboy, Johnny Trotter. "He helps me with some of the ideas," she said.

Her work will be featured, along with several others, at the Travel Lodge West in Amarillo Saturday and Sunday.

Mrs. Don Taylor, president, conducted a short business meeting.

Refreshments were served to the following: Mmes. Doug Bartlett, Jack Brown, Emil Dettmas, Marvin Hall, Pat Hughes, Charles Kelley, Lewis McCulstian, O. G. Nieman, Frank Prowell and Ken Rogers.

Others were Mmes. A.J. Schroeter, Phillip Shook, Harlan VanderZee, Raymond White, a guest, Mrs. Clara Beckel of Durham, Okla., the mother of Mrs. Kelley, and those previously mentioned.

Mrs. Fellers CowBelles To Give Tidbits To HD Club

More than 60 pounds of smoked beef brisket will be given away as bite-sized tidbits on the midway of the Tri-State Fair in Amarillo today by Hereford CowBelles.

Local CowBelles will be stationed alternately in a booth on the midway, which will be open from 10 a.m.-10 p.m. Hereford members are taking their turn in a six-day beef promotion program sponsored by eight Panhandle CowBelle chapters in Region 1 during the annual fair.

According to Mrs. Bussy Kaul, beef promotion chairman, meat which will be given away today was donated by Crow's Meat Company in Friona and Hereford CowBelles. Theme for the CowBelle Fair participation is "Grandma Cooked the Whole

Beef." In addition to the free tidbits, "old-fashioned" beef recipes, which were recorded by ranching families, will be handed out with CowBelle literature.

Serving in the local chapter's booth today will be Mmes. Reece Lawson, Mike Bradford, N.E. Tyler, Willis Duggan, Elmo Hall and Kaul.

Beef." In addition to the free tidbits, "old-fashioned" beef recipes, which were recorded by ranching families, will be handed out with CowBelle literature.

Serving in the local chapter's booth today will be Mmes. Reece Lawson, Mike Bradford, N.E. Tyler, Willis Duggan, Elmo Hall and Kaul.

Beef." In addition to the free tidbits, "old-fashioned" beef recipes, which were recorded by ranching families, will be handed out with CowBelle literature.

Serving in the local chapter's booth today will be Mmes. Reece Lawson, Mike Bradford, N.E. Tyler, Willis Duggan, Elmo Hall and Kaul.

Rainbow Girls Study Initiation Process

Instruction in initiation procedures was conducted for Order of Rainbow for Girls Monday night in Masonic Hall by Mrs. Frank McNeil, grand visitor of the International ORG.

Other visitors present included Frank McNeil, Mr. and Mrs. Horace Hershey, who are past worthy patron and past worthy matron; Mr. and Mrs. Edgar Hartley; Charlie Brown, past

worthy patron; Jana Ray, past worthy advisor; Joan Josseland, Junior past worthy advisor; Patsy Brownlow, past worthy advisor; L.J. Clark Jr., past worshipful master.

Janet McWhorter, who will be installed as worthy advisor Sept. 27, announced who her officers will be. Installation ceremonies will be held at 7:30 p.m. after practice sessions at 9

o'clock that morning. She is taking the position currently held by Jo Lynn Williams, who expressed a farewell and announced that her "Mary Rainbow" is Colette Hartley.

Miss Ray reported that she attended a Rainbow meeting while on vacation in California.

Also present was Mrs. Rodger Ruland, matron advisor.

o'clock that morning. She is taking the position currently held by Jo Lynn Williams, who expressed a farewell and announced that her "Mary Rainbow" is Colette Hartley.

Miss Ray reported that she attended a Rainbow meeting while on vacation in California.

Also present was Mrs. Rodger Ruland, matron advisor.

Alpha Alpha Reads Official Letters

Correspondence from the International Beta Sigma Phi office prompted discussion by Alpha Alpha Chapter members Tuesday evening when they met in Community Center. Mrs. Howard Gore was hostess.

The governing BSP office granted permission for the local chapter to bestow an "order of the rose degree" on Ollene Williams, chapter president.

This honorary degree is in recognition of 15 or more years of service to the BSP order. The citation will be presented during rituals in November.

Another letter from the international office urged sorority sisters to support a bill proposed by Sen. Robert Dale of Kansas. The document proposes that a national Beta

Sigma Phi Week be observed each year. Mrs. Williams asked members to write letters to their Congressmen expressing approval.

Future program topics were considered and it was tentatively decided to invite a member of Deaf Smith County Heart Association as a guest speaker, in addition to the high school debate team. Mrs. Hicks

Roberson read the treasurer's statement, announcing that the budget rested on \$226.80. A letter was read from Gristown at Berger, who expressed appreciation for Alpha Alpha donations.

Other sorority members present were Mmes. Bill Kendall, John Schneider, Chuck Laing, James Shearer, Dink Godwin and Max Stipe.

Working, it seems, often has a way of getting in the way of one's recreation.

It's not what a man makes but what he saves that gives him security.

Veleda Unveils Program Theme

Program theme for the 1975-76 season was revealed to Veleda Study Club members Tuesday evening in the Hugh Clearman home.

"America's 200 years, 1776-1976" will be the foundation for future subject material and was conveyed in red, white and blue decor throughout the Clearman

home. Tables, centered with pioneer figurines, were draped by cloths patterned with the same three patriotic hues.

Veleda members wore red, white and blue.

Following supper, Mrs. John Poindexter, president, moderated the business session, which was opened by roll call,

answered by individual views of America this summer. Gifts were exchanged as identities of secret pals were made known.

Mrs. Ken McLain was welcomed as a new member.

Hostesses were Mmes. Clearman Howard Birdwell, Frank Zinsner and George Olson. Members present included

Mmes. Bill Brady, Gid Brown, J. D. Gilbert Jr., Armon Lauderback, J.R. Oglesby, Richard Otteson, Gwynne Owen, Poindexter, George Ritter, Laurence Rutherford, Billy Wayne Sisson, Carroll Tucker, Bill Walden and Glenn Watts.

The next meeting will be Tuesday in the Rutherford home.

Kappa Iota Picks Valentine Nominee

Mrs. James Head was chosen as Kappa Iota's nominee for Beta Sigma Phi Valentine sweetheart during a sorority meeting Tuesday evening in the Joe Paetzold home at Frio. Mrs. Carl Thorell was co-hostess.

The nomination was made during a business discussion directed by Mrs. Don Childers, president. It was reported that the annual "benefit" bridge tournament, which earns funds for Gristown, will be held Oct. 28 at Community Center. Also in relation to Gristown, sorority sisters brought toiletry items as

donations. The BSP scholarship program was another point of business.

Members discussed a recent chapter trip to a style show at Sakowitz in Amarillo, where they also attended a luncheon. Guests on the excursion were Mmes. Lynn Brisendine, Ken Gill, Kim Gripp, Neil Howell, Bill Johnson, Steve Jones, Dan Warrick, Tom Stoy, Ken Stark

and the chapter advisor, Mrs. Tom Bullard.

"What Women are Heir To" was the program topic presented by Mrs. Tom Carter. Also, Mrs. Temple Abney summarized the history of Beta Sigma Phi Sorority.

Mexican fiesta was the theme on the refreshment table, which offered a variety of Spanish foods. Mrs. Bob Goss was

recognized as a guest.

Members present were Mmes. Childers, Abney, Nelson Kendall, Head, Sparky Stephens, Chuck Boyd, Carter, Calvin Jones, and Johnny Wall.

The next chapter meeting will convene at 7:30 p.m. Oct. 7 in the George Muse home, 132 Ironwood.

Fort Worth Death Of Local Concern

Mrs. George Keller Muse of 123 Centre traveled to Fort Worth this week to attend the funeral of her mother, Mrs. T. W. Ridgway, who died in that city Monday.

Mrs. Ridgway, who spent several summers in Hereford, is survived by four daughters, including Mrs. Muse. She was 94 years old and a long-time resident of Fort Worth.

Other local survivors include her grandchildren, George Muse, Mrs. Dean Jones and Mrs. Kevin Evans.

XEA Makes Change Of Officers

Mrs. Bobby Jones advanced from her position as vice president to the top office in Xi Epsilon Alpha Chapter of Beta Sigma Phi during a meeting Tuesday night in the Fred Ruland home.

The promotion came after the president-elect, Mrs. Jim Horton of Dimmitt, announced that she would soon be moving to Dallas. Mrs. Warren Hall assumed the vice president's office by acclamation.

Also leaving the XEA chapter is Nancy Mulkey and members voted to have a farewell party for their departing sorority sisters on Thursday, Sept. 25. The group is scheduled to leave Community Center at 6:30 p.m. for dinner in Amarillo.

Mrs. Jones directed the

business meeting, which included discussion of several XEA service projects. Members agreed to continue their involvement in the March of Dimes, Gristown at Berger and the "visiting Santa Claus" program. Also, the chapter opted to adopt a local needy family and provide non-perishable food items and clothing throughout the year, particularly during the holidays.

Mrs. Mulkey presented the sorority program, entitled, "What Women are Heir To."

Members will meet at Community Center at 7 p.m. Oct. 7 for a trip to Dimmitt, where the regular meeting will be conducted.

Those in attendance Tuesday were Mmes. Jim Aldridge, Jim

Cramer, Jones, Kirk Owsley, Kenny Ruland, Davie Sorrells, Hall, Tom Bullard and Mulkey.

Who's New

Mr. and Mrs. Wayne Paul Reinart of 516 Ave. G are the parents of a son, Jason Todd, born Sept. 13. He weighed 8 lb. 14 oz.

Mr. and Mrs. Arlin Dale Mast of 612 Irving are the parents of a son, Arlin Dale Jr., born Sept. 13. He weighed 5 lb. 13 1/2 oz.

Mr. and Mrs. Pedro Gaitan of 322 Dayton are the parents of a son, Paul, born Sept. 16.

Square Dancing Couples Graduate

Couples graduated from square dancing instruction during ceremonies Monday night in Civic Club Center.

Receiving certificates were Messrs. and Mrs. Howard Birdwell, George Olson, John Poindexter, Old Broad, George Ritter, Hugh Clearman, Laurence Ruther, Billy Wayne Sisson, Bill Walden, Pat Hughes and Frank Zinser.

Also present were Mr. and Mrs. Russ Barton of Kress, who is president couple of Texas Square Dancers Association. Also in attendance was the vice president couple of TWDA District IV, Mr. and Mrs. Claude Blocker.

Other guests represented Golden Spread Squares of Amarillo and Buttons and Bows of Friona, plus several local

prospective members of Merry Misers Square Dance Club.

Stewart Rowan, who conducts the square dancing classes, called for the evening's entertainment.

A change of fortune hurts a wise man no more than a change of the moon.

-Benjamin Franklin.

Mr. Farmer:

When buying or selling farm and ranch lands, your selection of a realtor is of supreme importance. Why not choose a fellow farmer who is also a realtor to help you? If your realtor does not understand well logs, underground line sizes and types, water tables, investment credit, repair costs, fuel costs, irrigation horsepower requirements, friction loss, soil maps, insurance rates, tax matters, and detailed production cost figures, then you may have the wrong realtor. Let us serve you. We understand farmers and farming.

Scribbles and Scratches

By KERRIE WOMBLE
Women's Editor

By KERRIE WOMBLE
Women's Editor

SINCE THAT poignant moment when your daddy gave you that first penny and you painstakingly shoved it into the slot of the variety store gum machine, you have been a member of a mammoth tribe known as the American consumers. Although protected by such stalwart characters as Ralph Nader, U.S. Marketers spend colossal sums on cellophane-wrapped, 100 per cent bonafide junk.

You housewives who need a respite from Monty Hall and the interminable tears and suds of daytime TV should open your kitchen cabinets and start reading some of the asinine statements stamped on those wares which are costing you an arm and a leg at the grocers. All day, I've been clutching a candy bar wrapper which had this indelible guarantee, "If not fresh and in good condition, return unused portion for replacement." What in the name of Rumpelstiltskin are

these concerned, confectionary magnets going to do with 300 partially-eaten candy bars? Also, who wants to spend 25 cents hailing the remnants of a 15 cent hunk of chocolate for "replacement," which also brings up the question: do they send you the whole product or amputate the section you "consumed"?

Another frightening advertising claim nearly cemented me to the tile in the supermarket aisle. I'm certainly a staunch supporter of ecological efforts, but the thought of recycled toilet paper troubles my peace of mind. Even Mr. Whipple wouldn't be tempted to squeeze such a peculiar product.

A FET peeve of this consumer is the invulnerable packaging which is designed to thwart bacteria, plague and dynamite. Reams and reams of plastic, made to resist tearing, are swathed around the particular item, which rests snugly in its safe cocoon. By the time the stubborn bag, and your patience, are stretched to the breaking point, somehow the contents have lost whatever

charm they originally possessed.

In this same neighborhood, packaging is also the villain concerning price. It is often suspected that the elaborate "tennis ball" cans which hold those "new-fangled" potato chips cost more to manufacture than their contents. America is addicted to junk food and the more gimmicks involved, the faster it sells.

It all boils down to the fact that we are spoiled, having come to expect "easy" foods, which often have little nutritional value, encompassed in fancy, expensive packages. By the way, plastic is an oil derivative, and tons of the stuff are wasted on "individually-wrapped" items which would do just as well if packaged as a unit.

A lot of "elbow grease" has been taken out of the kitchen and distributed among food processors, but at times I ache for real food which is void of emulsifiers, preservatives and other artificial additives.

S&S

BRAND COLUMNISTS are always looking for a juicy tidbit and when found, one generally guards it like a dog with a delectable soup bone. However, Bobby was generous and shared the following item, which is certain to raise a few eyebrows and might even drop a jaw or two.

We've all heard the tales of those rugged pioneer women who stopped just long enough in between chores to have a baby. Well, apparently, there are a few of that sturdy breed still around according to a recent article about Sue Pirtle Hays, who participated this summer in the Cowgirl Hall of Fame Rodeo here.

Mrs. Hays, although eight months pregnant, will be roping calves and undecorating steers Saturday when she competes with 190 top cowgirls from North America in the third annual Girls Rodeo Association World Championship in Spring Creek, Nev. Having been active on the rodeo circuit for 12 years, Mrs. Hays said she "just couldn't afford to let this rodeo go by—it's too important to me."

After hearing that Mrs. Hays is confident she will have a boy, a local resident quipped that it's destined to a "bouncing baby boy."

S&S

AN UNUSUAL REQUEST was heard during a board meeting of the King's Manor Auxiliary Monday. It was announced that one of the residents is confined to her room most of the time and frequently listens to the phonograph to ease the monotony. However, she has a particularly fond ear for Bing Crosby records and those aren't exactly flooding the market right now. So if you have some of the "the crooner's" albums which you can bear to part with, contact one of the auxiliary members.

YHT Pecan Sale Slated Saturday

Young Homemakers of Texas will be stationed in Sugarland Mall from 10 a.m.-6 p.m. Saturday, selling Del Cerro pecans as a ways and means project. This is the 20th annual fund-raising project carried out by local YHT members. The pecans can also be purchased from individual club members.

Box Supper Held For Study Club

Members of the yearbook committee were hostesses at an "old fashioned American box supper" for El Llano Study Club Monday evening in the Ivan Block home.

Patriotic colors of red, white and blue were patterned in stars and stripes on tablecloths and supper boxes, which contained fried chicken and homemade ice cream. Decorations were made by the hostesses, who were Mmes. Block, Boyd Foster,

Labry Ballard and Tom Hamlett. During the business discussion, new yearbooks were presented and names of secret pals for the coming year were drawn. Mrs. Ben Childers was appointed treasurer.

Others present were Mmes. Jim Bookout, Pete Caviness, Fain Cesar, R. C. Hoelscher, John Jacobsen, Raymond White and Bob Word.

The next meeting will be Oct. 20 in the R. W. Eades home.

Delta Kappa Gamma Meeting Scheduled

Plans to attend the regional meeting of Delta Kappa Gamma Society were discussed by Delta XI Chapter members Monday night in Pioneer Natural Gas Flame Room.

The area assembly is scheduled October 18 at Friona, it was announced during the business session, which followed a salad supper for the women educators. Mrs. R.J. Lasiter, second vice president, presided in the absence of Mrs. Charles Bell, president. She called for reports from standing committees.

Audrey Powell presented the treasurer's statement and Mrs. Reuben McGilvary summarized a report from the auditing committee. Mary Hale led the group in singing the Delta Kappa Gamma song. The chapter collect was read in unison under the direction of the author, Hattie Boling.

Filmed slides of the June convention in Dallas were narrated by Sue Painter. Local delegates at that assembly were Mmes. Bell, Joe Bradley, Roland Hairgrove and Painter.

Newspaper costumes were modeled by five DX members during a humorous portion of

the program. Wearing the unusual garments were Mmes. Bob Hamman, Mack Tubb, Earl Holt, Joe Cummings and McGilvary. Each ensemble was described in detail by Mmes. Don Waters, Cawthon Bryant, Earl Springer, Betty Mercer and Eloise McDougal.

"Positive leadership for pursued action" was the topic pursued by Mmes. J. J. Durham, Painter and Cummings in the second program segment.

Mrs. Hamman concluded the meeting by reading a tale about the "Swabbie Do Dahs," who had an inexhaustible supply of "warm fuzzies," which they gave daily to others in the community. Mrs. Hamman explained that a "warm fuzzy" means "I like you." She admonished fellow chapter members to give away "warm fuzzies" as the Swabbie Do Dahs did.

Forty-one members responded to roll call, which was called by Mrs. Hairgrove. Hostesses were Elizabeth Wills, Della Stagner, Mrs. McDougal and Mrs. Frank Smith.

Happy Hustlers Begin Season

The Happy Hustlers 4-H Club met Monday night at the Community Center to begin their 4-H year. There were several new members present.

Sherry Harder, assistant county extension agent, met with the club and talked about the projects and activities available in 4-H in the county. Following the meeting, Wes

Strain and Randy Coleman gave a slide presentation of their 4-H trip to Washington, D.C. this past summer.

Those in attendance were: Kevin Sanders, Robin, Coleman, Rebecca Coleman, Rony Holcomb and Kevin Coupe.

Others were Jeff Coupe, Janelle Coupe, Becky Hughes, Dana Dodge, Dawn Dodge and Vivian Coady.

Store Home-Canned Foods For Safety

Storing home-canned foods safely will maximize the time, effort and skill spent in preparing them, Sally Springer, a foods and nutrition specialist, says.

Homemakers can insure long-term food quality by

Enchilada Fare Offered Here Tomorrow Night

Hereford High School cafeteria will be the site of an enchilada supper from 5-7 p.m. Friday night, prior to the gridiron clash between the Whitefaces and Borger.

Tickets, which can be bought at the door or from Future Teachers of America, will cost \$2.25 per adult and \$1.75 for each child.

Proceeds will be forwarded to FTA as a ways and means project.

following three easy steps, she said.

Miss Springer is with the Texas Agricultural Extension Service, The Texas A&M University System.

—Check to make sure the lid sealed correctly.

"The lid should be concave and make a ringing sound when tapped lightly with a metal utensil. If it's not sealed properly, the lid will 'thud' when tapped with metal."

—Remove the ring from the jar.

"Once the lid seals, the ring is not necessary—and if left for long periods of time, the ring may rust on the jar or become difficult to remove."

—Store the jars in a dry, cool place.

"Plan to preserve only the amount of food that can be eaten within a year, because no home-canned foods should be stored longer."

The specialist cautioned homemakers—before eating—to boil all home-canned foods 15 minutes to insure safe eating.

West Way Fertilizer in West Way has been selected as your Certified Crop Care Center.

Larry Bean

In recognition of professionalism as a supplier of farm services Larry Bean of West Way Fertilizer has been named as a member of the new Certified Crop Care network.

Crop Care is a unique concept in farm supply service, especially designed for you, the progressive farm businessman.

Management takes time. Time to plan. Time to think. Time to make decisions. Good management also takes professional help and advice when and where it is needed.

Your Crop Care dealer offers these services, designed to give you the kind of professional help you need to better manage your cropping programs:

1 Complete, accurate testing service. Your Certified Crop Care dealer will assist you in obtaining soil samples and will send them for you to a leading soil analysis laboratory. The laboratory soil analysis and computerized fertilizer recommendations will be reviewed with you and an application plan developed.

2 Plant analysis. Your Crop Care dealer will help you take samples, and handle all details of the tests. He will provide you the printed report analysis along with expert interpretation. This service pinpoints deficiencies in uptake of plant food nutrients.

3 One-source responsibility for your farm chemicals. Your Certified Crop Care dealer offers weed and pest control programs, as well as fertilization of your crop land. Your Crop Care dealer is qualified to render a complete range of services... from planting to harvest.

Your Certified Crop Care dealer pledges to offer farmers:

- Products and services best suited for maximum, efficient crop production under local growing conditions.
- Sound counsel on crop production, based on soil test and plant analysis services.
- Product application equipment and services that fit customer needs.
- A staff of professional people with the experience, knowledge and capability to relate to local grower requirements.
- A progressive retail business dedicated to building and maintaining high standards in quality of products and services.

4 Professional counsel. Your Crop Care dealer is well informed on all matters associated with efficient and profitable crop production. He is a most valuable source of

information about successful farming ideas used in the area. And he can draw on the experiences and techniques of other Crop Care dealers, too.

5 Skilled, professional application. As a part of his total Crop Care service, your dealer offers custom application of fertilizer and other farm chemicals. Application may be made by one of your Crop Care dealer crews. Or he may arrange for application by a qualified applicator.

The services your Crop Care dealer offers are designed to help you get maximum yield; and to free up your time to do what you do best. Manage. Your Certified Crop Care dealer can provide professional advice and services to help you do it better.

Remember, you get Certified Crop Care Center services only where you see this sign:

INSUR-MATION

What is an annuity? How does it apply to insurance?

Literally, an annuity means an amount payable at regular intervals. Annuities and life insurance have functions which are directly comparable. Life insurance protects the beneficiaries of the insured. An annuity provides income to the insured. An annuity is a guarantee between a life insurance company and an individual, using assigned rates and mortality tables, whereby the company agrees to pay a specified income to the annuitant. Effectively, there is an annuity built into every life insurance policy... with settlement options in which you may take the cash value of the policy at time of retirement as an annuity, receiving a monthly income for life.

Improvement Course Draws Large Crowd

By **KERRIE WOMBLE**
Women's Editor

Keying her address to the familiar theme, "Come Alive In '75," Mickey McDonald, director of American Beauty Charm Services in Amarillo, conducted a career girl charm clinic Monday night in Community Center.

More than 100 local women were in the audience, receiving capsule advice on appearance, attitude, nutrition and exercise. Sponsoring the course was the

Women's Division of Deaf Smith County Chamber of Commerce.

Prior to the program, Mrs. O.G. Norman, president of the Women's Division, gave the welcoming address and introduced Mrs. Waldo Baxter, who offered the invocation. Mrs. Melvin Hoover, clinic chairman, introduced the speaker.

Unveiling a humorous caricature of a frowny woman in a bathrobe entitled "Good Mornin', Gorgeons," Mrs. McDonald launched her presentation with

several anecdotes. Three local women, including Mrs. J.W. Robinson Jr., Mrs. Joel Newman and Mrs. Steve Hodges, assisted the instructor by dramatizing the wrong ways to appear at a desk job.

Settling into the most of her presentation, Mrs. McDonald referred to several outlines, geared to developing a successful outlook for a career girl.

"There are four steps in changing something," she stated. "First, you should analyze the situation. Then, you should organize your thought, followed by a definite plan. The fourth step is simply to take action towards solving the problem."

The ensuing graph listed the six basic elements of making a sale, the backbone of business. Mrs. McDonald explained the chart, "The first, and perhaps most vital, part of a sale is your approach. You should appear attractive and friendly in a comfortable, orderly setting."

"Next, you must get the customer's attention. If you do not interest him within the first three minutes, you have probably lost that client," she commented.

"The third rule is confidence."

Mothers Of Twins To Organize Club

Mothers of Twins are urged to be at Cason Steak House from 3-5 p.m. Wednesday in order to organize a club here.

The organization, which hopes to receive national affiliation, will compile a pool of clothing and equipment designed for twins. Also, Mothers of Twins will exchange ideas on rearing identical and fraternal twins at varying stages of childhood.

Residents of Dimmitt and Friona have expressed interest in joining the locally-based club.

For further information, contact Mrs. Gary Victor, 364-5616, Mrs. Tim Gearn, 364-5280 or Mrs. John Avent, 364-4337.

You must express faith in your company, product or service.

This is followed by interest in how you can avail your product or service to the individual customer. Show that you have a genuine concern for the customer's needs. If you cannot fill that need, don't hesitate to recommend a competitor," she advised.

"The fifth tip is discussion, leading to closure of the sale," Mrs. McDonald said. "There are three things a customer wants to know when he enters your office: 1. 'What are you trying to sell?' 2. 'What can this mean to me as an individual?' and 3. 'How much does it cost?'"

Staying with this topic, the speaker referred to an outline of "The Senses of a Sale," including seeing, hearing, tasting, smelling, touching and common sense. In this large category, she branched into several related aspects of self-improvement.

"What your customer sees will have a direct impact on your success in making a sale or completing a service," she warned. "You should have an alert figure, be dressed conservatively, but attractively, and you should remember that you will look well only if you feel well."

Mrs. McDonald stressed

preparation as a vital component for good health, resulting in good work. "What this country needs is a good loaf of bread," she emphatically said, stating that at least 15 nutrients are lost in refined white bread. Continuing in her advocacy of a good diet, Mrs. McDonald advised the group to eat something daily that would grow if planted in soil.

She praised the products of Hereford's Arrowhead Mills which "are literally known around the world for their wholesome nutritional value."

"The average physician has had more training in drugs than in nutrition," she announced. "If you study your bad nutritional habits, you'll find the source of many problems."

A pleasing voice with uplifted inflection was advertised as a prominent aspect of hearing, the second sense of a sale.

"The tone of your voice should be like a smile. It should express genuine warmth and friendliness," she commented.

Tasting, the third sense, reflected good taste in apparel and general outlook, Mrs. McDonald said. This was followed by the sense of smell, which "should never be offended by an overpowering perfume." The moderator also reminded her audience that many customers are discomforted by cigarette smoke.

Making the client comfortable was a pseudonym for the fifth sense, touching. "Remember that the customer is king," Mrs.

McDonald smiled. "Offer a seat and always handle the irate client with courtesy. Many employers value humility more than skill when hiring a staff."

Common sense, the final item on her list of sale senses, "is a matter of paying attention to what your other five senses are telling you."

Mrs. McDonald gave a practical demonstration of several basic self-improvement rules, such as sitting at a desk, taking figure measurements and weight reduction. After a coffee break, Mrs. McDonald fielded questions from the audience, who dwelled mainly on exercise programs.

She concluded with an inspirational reading, "Desiderata II."

Prizes contributed by local merchants were given away in a

drawing at the close of the clinic. Also, an invitation to several Women's Division activities was extended. These included the general membership meeting at Civic Club Center Oct. 7, when the film "Emerging Woman" will be shown. Also, another fun breakfast in the high school cafeteria is scheduled at 6:30 a.m. Oct. 7, and a tour of the western part of the county will be conducted Oct. 5 beginning at 1 p.m.

After the program, interested persons were invited to enroll in further self-improvement courses directed by Mrs. McDonald. For more information, call her school at 376-9080, or write American Beauty Charm School Services, 2029 Bowie St., Amarillo, Tex. 79109.

Natural Food Promoted

Mickey McDonald praised the nutritional value of wholesome wheat flour, which is milled locally at Arrowhead Mills, during a career girl charm clinic Monday night in Community Center. More than 100 women attended the course.

Habits Dramatized

Mrs. Steve Hodges brazenly exhibits obnoxious behavior to emphasize advice given by Mickey McDonald during a self improvement course here. Other local women who dramatized parts of the program were Mrs. J.W. Robinson Jr. and Mrs. Joel Newman.

Child Birth Classes Being Formed

The next classes in prepared child birth are now being formed.

Classes are held at the Community Center on Park Ave. in Hereford. The classes run for 6 weeks. Each class is about 1 1/2 hours long. The techniques of instruction used are primarily the Lamaze method.

The classes are limited to 10 couples. The first class, now in progress, has a full enrollment. Couples wishing to enroll are urged to do so by contacting Mr. Hankard at the Deaf Smith General Hospital. Your physician must sign a slip of "permission to attend" in order to enroll in the classes. A small fee is charged.

Mrs. Marlene Bolton, L.P.T. is the instructor. Mrs. Bolton is a graduate of the University of Wisconsin, having a Bachelors Degree in Physical Therapy.

Whoever you are, whatever you do, 4-H has a place for you.

For Rent

You're doing without a Zimmatic center pivot. Saving your hard-earned capital for other improvements. Don't want to borrow right now.

But it's costing you money every year you wait. Two ways. First, you're losing the extra crop production you get under irrigation. Second, inflation is at work. Boosting prices, dropping the value of your dollars.

Why not rent a Zimmatic under our new lease plan? Let the system pay for itself and put some extra money in the bank for you at the same time.

Our rates are reasonable. You can include freight, installation, pump...

other "above ground" items in one flexible package, tailored to your needs. Why wait to irrigate? It's just costing you money. Call us today for details on our new lease plan.

Highway Week Set

Governor Dolph Briscoe has signed an official memorandum proclaiming September 21-27 as Highway and Transportation Week in Texas.
By that action, Texas joins with the other 49 states in a national observance, the theme of which will be "Transportation, America's Lifelines."
"Transportation services and facilities are vital to the social and economic well-being of all citizens and their institutions in the State of Texas," the memorandum noted.
"Maintenance and development of transportation facilities we now possess and which we plan in the future provide the framework for our ultimate and continuing progress," it continued.
The governor noted that the new State Department of Highways and Public Transportation—a merger of two state agencies—faced "great challenges...for providing good transportation to the people of Texas."
"Highways and public transportation are essential elements of the transportation network which serves the needs of all the people," he said.
The 64th Legislature merged the Mass Transportation Commission and the Texas Highway Department.

The Abundant Life
Respect For Law
By **BOB WEAR**

Respect for law is one of our greatest needs. Much that is right, and good, and essential to our well-being is being threatened by lack of respect for law. In fact, irreverence for law is so widespread that the resulting deterioration of society is already obvious.
Without law and order, society cannot exist; because it will have neither foundation nor framework. Granting that faulty laws may be enacted now and then, it is still absolutely necessary that we have law and order. Faulty laws can be corrected by constitutional process, not by disobedience and disrespect for the law.

REVERENCE FOR LAW does not permit selective obedience. If we obey only the laws that please us, and disobey the laws that we disapprove, the result will be chaos. Both the foundation and the framework of our social order will be destroyed by selective obedience.
"Let ever person be subject to the governing authorities. For there is no authority except from God, and those that exist have been instituted by God. Therefore he who resists the authorities resists what God has appointed, and those who resist will incur judgement."

LIBERTY IS A SUBJECT of great concern. Many people seem to think that there can be liberty without law, or without obedience to law; but there is no liberty without law and obedience to law.
If there is to be liberty for us, it will be liberty with law. Liberty is not permissiveness. Of all attitudes toward human behavior, permissiveness is the most pernicious. It is not liberty, but is license. It is disrespect for law, and for rightful authority. Reverence for law is the best friend of liberty.

Local Cadet Attends ROTC Camp
Cadet Wayne L. Koenig, 21, son of Mr. and Mrs. Mark Koenig, Rt. 3, Hereford, attended the Army Reserve Officers' Training Corps Ranger Camp at Ft. Benning, Ga.
Training concluded with counter-guerrilla operations in the coastal swamps of Florida.
Upon graduation, the cadets were awarded the distinctive yellow and black shoulder tab of the rangers.
Cadet Koenig is a student at Texas Technological University, Lubbock.

Six Flags Park Open On Weekends This Fall
Six Flags Over Texas recently announced that it has completed its most successful summer season. The park's total attendance through Labor Day exceeded 2,023,000. Six Flags is now on a weekend-only schedule through November.
Attendance hit the 2,000,000 mark on August 31, two weeks ahead of the 1974 pace. Through Labor Day Six Flags showed an increase of more than 58,000 visitors over the same period last season, and more than 15,000 ahead of the pace of the all-time record year, 1973.
General Manager Dan Howells said, "To say the very least, we are most pleased with the attendance figures for spring and summer. As we enter the fall season, there is a good chance that we will exceed our all-time record of 2,267,000, which was set in 1973."
Howells continued, "One of the most pleasing aspects of the summer season was the fact that our attendance was up from all areas of the nation, as well as the local region. Our parking lot surveys tend to support the idea that Arlington, and the Metroplex as a whole, are becoming increasingly popular vacation destinations."
"Now that the bulk of the tourist season is over the

Lawyer is suspect in a hit-and-run accident

A successful woman attorney finds herself the prime suspect in a fatal hit-and-run accident and turns to Harry Orwell for help in "One for the Road," on the ABC Television Network's "Harry O." Thursday, September 18 (9:00-10:00 p.m.).

Jennifer Roth brings Orwell into the case after she finds she cannot account for her whereabouts at the time of the hit-and-run, and the police ascertain that it was her car that was involved in the death of a young woman.

David Janssen stars as private detective Harry Orwell. Also starred in the series is Anthony Zarba as police Lt. K.C. Trench. Harry Falk directed the teleplay by M. Gluck.

City Massacre

Dale Robertson returns as James G. Man Melvin Purvis, dealing with the American's most infamous gangsters and their women, in the ABC Television Network's recreation of the shootout that made national headlines in "The Kansas City Massacre," a world premiere film on "The ABC Friday Night Movie," September 19 (8:00-10:00 p.m.).

Robertson recreates the role of the FBI's chief agent in the Midwest which he began in "Melvin Purvis, G-Man," one of 1974's highest rated television movies.

Red Sun

Charles Bronson fights his way out of outlaw treachery, risking his life to pay a debt of honor, in the Western adventure tale "Red Sun," also starring Ursula Andress, to be shown for the first time on television on "The CBS Thursday Night Movie," Thursday, September 18 (8:00-10:00 p.m.) in color on the CBS Television Network. Also co-starring in the film are Alain Delon, Capucine and Toshirō Mifune.

A jeweled sword is the prize sought by Link (Bronson) and his partner Gauche. Together they ambush a train carrying the Japanese ambassador, who plans to present the treasure to the American government. Link, double-crossed by Gauche and left for dead, is saved by a Japanese samurai, and Link and his rescuer go after the sword—one to save the honor of his country and the other to avenge his partner's treachery.

"Three for the Road"

While his father is shooting a photo layout for a sports magazine, John Karras almost debates tennis star Tom Aberling in a pick-up match. Bert Tom's father (guest star Gary Lockwood) tests the nonchalant game could ruin his son's reputation, on "Three for the Road," Sunday, Sept. 31 (6:00-7:00 p.m.), on the CBS Television Network. Bernie MacEwen directed from a script by executive producer Jerry Mackenly. This episode was shot on location at the Ambassador Tennis Club in Los Angeles.

Realizing he is good enough to be a challenge to a professional, John decides to enter the tournament against Tom, only to discover Tom's play before the tournament begins.

Vincent Van Patton, who portrays John Karras, didn't need a double for the tennis match scenes. Van Patton is ranked 12th, nationally, as a Junior in Southern California Amateur Tennis.

Tel-Air Sunday Preview

Great Britain. The matches will be played at the Laurel Valley Golf Club in Leinster, Pennsylvania.

4:00...NBC...THE WONDERFUL WORLD OF DISNEY
CONCLUSION OF "The Boy Who Talked to Dogs." Hopseely, just in the wilds of Canada, the six-year-old boy survives with the help of a friendly jaguar, whose search for food for the youngster is about to be the end of his amazing trip.

4:00...ABC...MIDWINTER
"Man Driver," Lofe and Helga are taken hostage in their treehouse by two desperate British sailors who have escaped from a warship.

7:00...ABC...THE SIX MILLION DOLLAR MAN
"The Return of the Bionic Woman," Part II, with guest star Lindsay Wagner. After an unsuccessful attempt to restore his former fiancée's memory by a return visit to their hometown, Steve Austin takes her on a dangerous mission involving a terrorist organization, hoping the challenge might stimulate the unlocking of her past.

7:00...CBS...CHER
Guest star: Wayne Rogers and special guest star Nancy Walker.

7:00...NBC...THE FAMILY HOVLAK
"Remembrance of a Guest," The Hovlaks (Glen Ford and Julie Harris) board a burning yacht temporarily, causing problems for their son, Ramon (Lance Kerwin).

8:00...CBS...KOLAK
Kolak has his hands full when he tries to keep detective Rick Daley from being heavily penalized after he accidentally shoots a young boy during an arrest. Sylvester Stallone is featured.

8:00...NBC...SUNDAY MYSTERY MOVIE—"PARK AVENUE PIRATES"
Starring Dennis Weaver as Marshal Sam McCord. McCord works undercover on a case involving record piracy and the death of a country singer's manager. Jessica Walter, Barbi Benton and Lorna Luft guest-star.

8:00...ABC...THE ABC SUNDAY NIGHT MOVIE—"SERPICO"
True story of the honest cop who sacrificed his career and almost his life to expose top-level corruption in the New York Police Department.

9:00...CBS...BROOK
Jack Palance stars as Lt. Alex Brodsky, a police detective assigned to a special duty by the mayor of a large city. In the opening episode, Brodsky faces an underworld hit man to his intended victim, unwittingly leading the killer to his mark. Michael Parks and Sheila Larkyn guest star.

11:30...NBC...GRANDSTAND
Jack Buck hosts a new program presenting live coverage of sports events of major interest the world over, taped or filmed sports news, features and mini-documentaries. The premiere program features live remotes from the 1976 Summer Olympic Games and a filmed segment on the remodeling of New York's Yankee Stadium.

12:00...ABC...DIRECTOR'S CHOICE
A special one-hour Bicentennial celebration, 1776-1976. Four of America's leading theologians will discuss the ethics and morals of our nation. They will be Professor Harvey Cox, Jr., of Harvard University; Professor of the Southern Baptist Convention, Dr. Robert Gordis; Professor of the Jewish Theological Seminary, and Rev. May George C. Higgins, of the United States Conference of Bishops.

12:30...ABC...INTERNATIONAL RYDER CUP MATCHES
ABC Sports will present exclusive live television coverage of this traditional semi-annual competition between the leading professional golfers from the United States and
