TUESDAYS—TWICE-A-WEEK—FRIDAYS

HEREFORD, DEAF SMITH COUNTY, TEXAS, MAY 27, 1921.

## ROUNDUP IS PLANNED FOR JUNE 24-25

### CHIHUAHUA STEERS TO BE PUT IN SHAPE RIDERS READY

### A FRACAS, TOO

### Firemen Are Planning Two Athletic Exhibitions Band Will Help

Another characteristic Hereford Roundup—that is the "Daddy of 'em all"—has been planned for this year. The dates set are Friday and Saturday, June 24 and 25. These days have been selected rather than July 4 for the reason that the Las Vegas and other July 4 celebrations of like character have been established for years and the riders and ropers that appear at the one also appear at the other, provided they are given time to get from one event to the other.

Recently the question of the 1921 Roundup was discussed at lunch by the business men. The points were developed that a Roundup was the best drawing card of any in this section; and that a majority of our population enjoyed and appreciated such an exhibition more than any other for the reason that this is a "cow" country and local interest attaches to a riding and roping contest here just like it does to a cricket match in England. A committee was appointed to investigate and handle the affair. There was no dissenting voice raised against the measure, provided it was kept clean and free from anything that would cause criticism. The committee consisted of C. C. Rockwell, R. R. Johnson, Truman Hines, C. S. Purcell, and Seth B. Holman. The committee met Thursday and set the above dates.

The Chihuahua steers used last year are still in the possession of Messrs. Hines and Purcell. They are fat and easy and will be hard to ride this year. Arrangements are being made to obtain a string of the best riders and ropers, bull-doggers, etc., and entries for the relay and sweep stakes races it is possible to obtain in this country. Circulars descriptive of the event are now in preparation for distribution all over this section. News stories are to be sent out descriptive of the event.

In connection with the Roundup the Hereford Firemen are planning one of their famous Fracas, or rather two of them, one to be staged each night after the Roundup contests are over. Chief Rockwell and his lieutenants are putting the boys through a course of sprouts now, getting muscles limbered up and eyes trained for boxing, wrestling, bag punching, dumb-bell swinging stunts, etc. A cracking good program, full of pep and action, is being carefully planned out.

The Hereford Band is expected to participate in the festivities and furnish music for the event. The grounds south of the railroad tracks are available.

Tell them all about the Hereford Roundup of June 24 and 25—the Fourth of July Celebration for this community. If everybody will get in behind this now and push it along, it can be made the greatest event of the kind ever held in this section of the country.

## Baptist Revival To Begin Sunday May Twenty-Nine

A protracted meeting will begin at the Baptist church next Sunday evening. Dr. Atwood will conduct the services, assisted by Mr. W. P. Clement of Plainview. Mr. Clement is the history teacher in Weyland College. He is an excellent choir director and personal worker. Dr. Atwood is a forceful and interesting preacher.

All Christians are requested to assist in this meeting by taking active part in the services and bringing the unsaved to hear the gospel.

"Faith cometh by hearing, and hearing by the word of God." Let us make an effort to reach the unsaved.

All who will assist in the song service please come and offer your services.

Three Reasons

## AUTHORITY SOUNDS NOTE OF OPTIMISM AND SEES BRIGHTER TIMES AHEAD

### EDWIN B. PARKER WRITES BROTHER DETAILED REASONS WHY HE THINKS NATIONAL CONDITIONS ARE LOOKING UP

## LIVING COSTS RAPIDLY DECLINING

### Manufacturing Costs are Tumbling, Labor Levels are Being Lowered, and the Settlement of the Silesian Mess Will Open World's Markets to the U. S.

A personal letter to G. A. F. Parker, of Hereford from his brother, Hon. Edwin B. Parker, dated at New York, May 20, contains some sterling information on present financial conditions and sounds a note of optimism and cheer in these trying and uncertain times.

Mr. Edwin Parker was Chairman of the United States Committee on disposal of all war material in Europe, following the armistice, and is a financial and legal authority of national reputation. The letter follows:

"New York, May 20, 1921. Mr. G. A. F. Parker, Hereford, Tex. My dear George:

"I hand you herewith a brief resume of conditions as he found them in the Southwest, by Theodore H. Price, President and principal owner of "Commerce and Finance," appearing in the May 18th edition of that journal. You will note that Mr. Price, who is very conservative, sounds an optimistic note and reports that he found that both the business men and the farmers talk less about the past and more about the future.

"I call your attention to what he says about the attitude of cattle and sheep men of West Texas with respect to the price of hides and wool; also the price of shoes. Since that article was written I notice from the market reports that hides are stronger and certainly the manufacturers' and wholesalers' prices of shoes have been reduced very substantially from what they were a year ago. The consumers are now getting the benefit of this reduction from the retailers in the East and Middle West. I know from experience that Texas is from 60 to 90 days behind the procession in making these reductions. I recently paid in Houston \$21 for a pair of shoes that would have cost me \$10 in 1914.

The census recently taken by the Federal Reserve Bank indicates that instead of there being a percentage reduction in the territory contiguous to Dallas, there has been a slight increase, while in every other District but one there have been marked decreases in labor costs—the heaviest, as I now recall, being in the Atlanta section.

"The report of the Department of Labor at Washington, issued a day or two ago, indicates a very pronounced reduction in living costs throughout the country generally, and Texas is due, within the next 30 or 60 days at most, to perceptibly feel the effects of this reduction in the stimulation of industry. The 15 percent reduction in wages of marine workers; the 20 percent reduction in wages by the United States Steel Corporation, reluctantly made by the management and only after it was demonstrated to be an economic necessity; the forthcoming reduction of wages of rail workers, coupled with the slashing in prices that have already

taken place in basic materials—all will hasten the day of our getting back to a normal basis.

"I notice the Federal Reserve Bank of Dallas has at last reduced its discount rate to 6-1-2 percent.

"From the enclosed clipping from last evening's Wall Street Journal you will note that while Secretary Mellon only asked for subscriptions to Government Treasury Bills of \$200,000,000, the subscriptions total more than \$500,000,000. This, together with the fact that numerous large issues of securities which have been offered in the last two weeks have been promptly absorbed by the investing public, indicates that there is an abating in the money stringency.

"From another clipping which I am enclosing it appears that a new French loan of \$100,000,000, will be floated here in the next two or three weeks. As soon as the Upper Silesian controversy is out of the way and the details of the German reparation payments, which have now been definitely agreed upon, are settled, the way will be open for our financial institutions to mature plans for extending long time credits to the industries of Germany, Italy, France, Belgium, Czechoslovakia, Poland and perhaps several other countries, which will open up avenues for absorbing our surplus products, both raw and manufactured.

"While there are many rough places and obstacles in the road ahead of us, I think we can see daylight and a clear sky through the smoke screen resulting from the war's upheaval.

"With much love, I am  
Your brother,  
Edwin B. Parker."

## QUANAH MEETING IS METHODIST MECCA FOR TIME BEING

The Northwest Texas Methodist Conference will be held at Quanah, Texas, beginning Saturday, May 28, and will last four or five days. Mrs. D. F. Ashbrook of Hereford is Secretary. Mrs. W. O. Fox left Friday to attend, and Misses Lenis Anthony and Gladys Beavers went as delegates to the Y. P. M. S. convention, which will be held at the same place and at the same time.

## RAIN SQUALL WAS VISITOR TUESDAY; NOT MUCH BENEFIT

That sudden squall of rain which nearly ruined the night performance of the chautauqua Tuesday, amounted to just one-tenth of an inch, according to the gauge in the First National Bank. It all came in a bunch and did not soak in or do as much good as the noise accompanying it indicated.

## SECURES BOND BUT LIKES QUALITY OF SHERIFF'S "EATS"

H. O. Moreland, a member of the sextette captured by Sheriff Purcell last week in connection with the sixty cases of Old Scotch, made bond Thursday and was released. His bond was set at \$1250 by District Judge Tatum, and it was furnished through a bonding company. Moreland did not seem to be in a hurry to get away from the Purcell boarding house, however. After the bond was made the Sheriff found his wife that they would be one vacant chair at the table Thursday noon. She replied, however, that there must be some mistake—Moreland was on the front porch, waiting for the dinner bell!

The other members of the party are still in custody and endeavoring to make bond. Some money was sent here to local banks for this purpose, but was not in proper legal form and a delay has been occasioned while this is straightened out.

Meanwhile, Mr. Purcell still has the booze and says he intends to keep it until somebody with the authority shows him why he should surrender it, and to whom.

## Dr. Thomsen Will Conduct Revival Service in June

The First Presbyterian Church of Hereford is planning to hold a two weeks revival service, beginning Sunday, June 12.

The Rev. R. Thomsen of the First Presbyterian Church of Amarillo, has been secured to conduct these services, and Lauris Mallard, singer, will conduct the song recitals.

Rev. Thomsen is widely known over this section of the country as perhaps the foremost Presbyterian preacher of the times. He has frequently preached here in the past and has invariably attracted large and attentive audiences, drawn by the power of his logic and the simple eloquence of his delivery. It is anticipated that Rev. Thomsen's stay of two weeks here will rebound to the moral benefit and uplift of the entire community.

Mr. Mallard has been conducting song services all over the country for years. He was in Hereford a number of years ago with the Rev. P. M. Fitzgerald.

## Local Candidates Ride Shrine Goat Before Big Crowd

Five Hereford men took the Shriners degree work at Amarillo Thursday, and a large contingent of local Masons made the trip to witness the festivities.

Those who took the degree were John McLean, J. A. Buckner, Fred Oberthier, Ray Barber and H. D. Reed. Among those who attended and assisted in the work were S. L. Harman, Bobo McLean, Homer Fox, George Garrison, Carl Cockrell, George Muse, A. H. Ellison, Walter Dunay, Albert Herbst, H. L. Rice, John Sherman, and Homer Wilkinson.

This was the spring ceremonial of the Khiva Temple Shrine, and the work was put on at the new Fair theatre. Amarillo put the big pot into the little one to the occasion, and a huge crowd of Shriners from all over the Panhandle were on hand for the festivities.

R. T. Porte, known as the Printing Wizard, is head of the Porte Publishing Company of Salt Lake City, Utah, who furnish the Franklin Price List used by a large number of modern printers.

Mr. Porte will deliver an address at McAllen, Texas, in June at the convention of the State Press Association.

## Hereford Boys at Roswell Considered Good Students

A number of students of the New Mexico Military Institute at Roswell, N. M., returned home the past few days following commencement exercises at the crack New Mexico institution. Robert Risk, who completed his first year's work, made good grades and liked his work very much. William Black, also a first year man, was second in his class for the entire year; made good in his studies and won athletic honors. He tied the high man in the 220 yard dash, after being penalized three yards, and won the low hurdles, 220 yards, time twenty-four and four-fifths seconds, in competition with the University of Arizona and the A. & M. of New Mexico. J. W. Johnson, another second year man, won high honors in his class work.

James Hardy McClurkin was a member of the graduating class and holds the rank of First Lieutenant in the R. O. T. C., which makes him subject to call in case of war. He took many honors in academic work.

## Dairy Lecture is Set for Tuesday, June Fourteenth

The date set for the lecture on dairying by H. S. Mobley, practical dairyman, is Tuesday, June 14. The talk will be made in the County court room at 2:00 o'clock in the afternoon, and will be illustrated with charts and lantern slides.

A local committee of dairymen will assist in working up interest in the lecture. Mr. Mobley is said to be one of the best men in this line in the business and will have something worth while to tell the dairy farmers of this community.

## AMARILLO'S BUNCH TO PLAY HERE ON SUNDAY, MAY 29

A baseball game has been arranged for Hereford between the Whitefaces and the Amarillo team for next Sunday afternoon, beginning at 3:00 p.m. The Amarillo bunch is said to be a fast one and a snappy contest is expected.

## MONTAGUE CO. BIG HIT IN CHAUTAUQUA

### RAIN INTERFERES WITH BIG ORCHESTRA ON TUESDAY NIGHT

## CONTRACT MADE

### Chautauqua to Come Again In 1922. Was Well Worth Effort

With the audience standing and singing a verse from "America" the 1921 Redpath-Horner Chautauqua came to an end last Wednesday night. The song was the climax to an evening of excellent and pleasing entertainment offered by the Montague Light Opera Company, an organization which has been on the chautauqua and lyceum circuits for many years. The audience filed out of the tent Wednesday night with the same good glow of fellowship pervading everyone that prevailed two years ago after listening to Alton Packard, Cartoonist, sing his little ditty about "If you get what you want when you want it."

Thursday morning Superintendent Teagarden and crew folded their big "Panhandle tent" and departed for their next stand, Weatherford, Texas, after shaking hands with everybody they could find in the rush, and with the best of good feeling on all sides. Mr. Teagarden proved himself to be a cracker-jack manager, an efficient handler of men and women and a pleasing and efficient executive. The Hereford children will miss Miss Cole, the pleasant and capable leader of the Junior Chautauqua, and will long remember the games and instruction she imparted during her short stay here.

The Chautauqua will come back again in 1922. The guarantee, an exact duplicate of 1921, calling for seven days, was signed by a representative number of Hereford's business men, insuring a continuation of the very best thing for all the people that Hereford enjoys from year to year.

Tuesday's afternoon program consisted of a prelude by the Philharmonic Orchestra and readings by Carlissa Harrold. The latter is an impersonator of power, and her finished work drew the approbation and applause of the audience.

The Weather Man almost wrecked the performance of the Orchestra Tuesday night, and the concert was given under the most trying conditions for all concerned. Just before the performance began, a quick, heavy rain, accompanied by an electrical display, came up and continued through the first half of the performance. A special electrician was carried with the troupe, and the costume set off by colored lighting effects, was beautiful. The orchestra consisted of six violins, two cellos, a big harp and the pianist. All were artists to their finger tips. The musicians, however, as well as the audience, spent a good deal of time dodging little rivulets of rainwater that leaked through the tent in spots, and wet weather and string instruments do not work in harmony. At that the music was beautiful and when the last strains of the rendition of the opera, "William Tell" died away the people voiced their approval in generous applause.

The last day brought perhaps the (Continued on Page Five)

## Hospital Will be Opened Probably About June 1st

Work on the new Hereford Sanitarium is nearly completed, and the directors hope to have the building ready for occupancy by June 1. The basement has been altered, a sterilizing boiler installed; the entire building has been repapered and floors painted; alterations have been made in many instances, in fact the visitor hardly recognizes the house as the old one purchased by the hospital association several weeks ago. Messrs. Ashbrook, Homer Wilkinson and Oberthier, the directors, have put in a world of hard work and spent a lot of valuable time in handling this matter for the Hereford public, and the Brand believes they are entitled to a vote of thanks, at least.

### SUMMING UP

"Isn't it a relief," observed a Hereford business man, pointing to the Chautauqua tent, "that you can see your wife and children go over there twice a day and never have a doubt as to the character of entertainment they may witness. I KNOW absolutely that there will not be one single out-of-place or suggestive word or action allowed under that tent that I would not approve of."

And who listened to Plattenburg, Adrian, Dixon, Chew, Robinson, Sellvans or Graves who did not store away in the recesses of his memory many thoughts worth while for his guidance in the ordinary daily affairs of life? And who did not listen to the inspiring music of the Philharmonic Orchestra and the Montague Company and to the clean fun of the Hawaiians, and "Broadway Jones without receiving an overflowing measure of renewed life and cheerfulness?"

Worth while? We'll say it was. Expensive?—about twenty-one cents per program!

### ONE FOOT ON THE GROUND

Enthusiasm is fine. So is idealism. So is optimism. So are lots of other things. But always keep one foot on the ground. Too many of us are given to flying extremes. We lack ballast. We often let our dreams run away with us. We lose all sense of perspective and proportion. When things are going well with us we conclude that they will always continue to do so, and we accordingly neglect to provide safeguards against a reversal of fortune. The business concerns which are in the direct straits today are those that over-shot the mark most during the boom. They failed to look ahead. They reckoned upon prosperity lasting forever. A good many of us do the same thing. After all, plain, ordinary gumption is the greatest asset in the world. This embraces level-headedness, judgment, stability, power to hold onto rational but not blind optimism, reasonable but not unreasonable self-reliance, alertness to value of looking before you and counting up the cost before you run up a bill. Let us philosophize; yes. But let us not forget that before we philosophize fruitfully, we must buckle down to the workday task of earning a living.—Quannah Tribune-Chief.

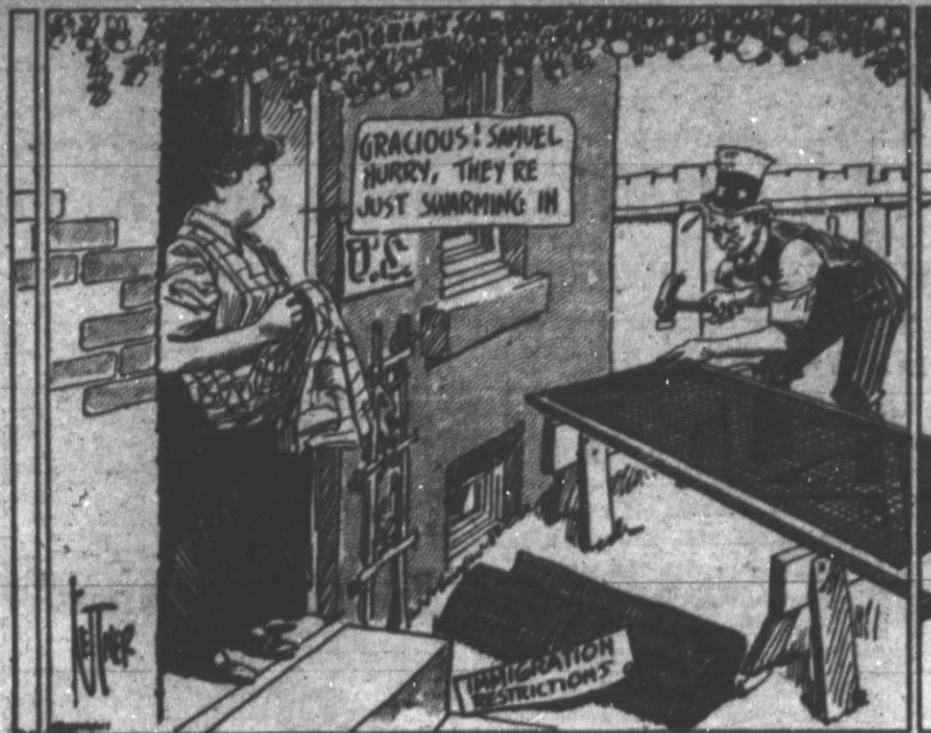

Harry Koch of the Quannah Tribune-Chief is now publishing a semi-weekly, also the Hereford Brand. Both are dandy good papers and are getting a good advertising support.—Chillthee News.

## DIMMITT

Mr. Harvey Cash and children of Canyon, were visiting friends in Dimmitt Saturday and Sunday.

Mr. and Mrs. Cleve Tate were shopping in Amarillo the first of the week.

Miss Janelly Burnham, who has been visiting relatives in Dimmitt and Hereford for the past two months, will return to her home in El Paso on Wednesday.

Mr. and Mrs. Ray Gilbreath and daughter, Eula Lee, and Mrs. Florence attended services at Bethel Sunday morning and evening, where Rev. Florence is holding a meeting.

Miss Fannie Cash of Canyon was the guest of Miss Leola Shuford Saturday and Sunday.

Miss Ethel Patton of Amarillo, is visiting at the home of Mr. and Mrs. Ralph Patton this week. Miss Patton is a sister of Mr. Patton.

Dr. Miller made a business trip to Plainview Monday.

Mr. Bill Ewers and Bill Easter, were in Hereford on business Friday.

Mr. Jewel Tate is working on the Patton brothers ranch this week.

Mr. and Mrs. J. A. Womack and son Jack left Friday for Colorado City, Texas, San Angelo and other points on an extended fishing trip.

Mr. Lester Womack is breaking sod for Mr. Jake Hawkins this week.

Mrs. Maye Miller entertained the Womack family and Mrs. J. H. Carter Wednesday evening with a six o'clock dinner. After dinner, forty-two was in session until late evening.

The singing convention was quite a success Sunday. Large crowd, plenty of good singing and dinner on the ground.

## Duree and Johnson

Mr. Dow Duree and Miss Vera Johnson marched quietly away Saturday evening, late, to the home of our county Judge, B. D. Woodlee, and were married.

Miss Johnson is the charming daughter of our sheriff, J. A. Johnson, and was a teacher in the New Arney school this year.

Mr. Duree is the second son of Mr. and Mrs. John Duree of this place, and for the past year has been employed as a first class mechanic at the Dimmitt garage.

They both have lived in this county a number of years, and have a host of friends who wish them well.

## More Wedding Bells

The people in Dimmitt were quite surprised Saturday evening to learn that Miss Dora Bell and Mr. Jake Acker had been married for more than three weeks. Miss Bell was a teacher in New Castle school near Dimmitt, and they decided to keep their marriage a secret until her school was out—her school closing Friday, they came in Saturday and broke the glad news.

Mrs. T. B. Rector, Hereford, says: "Doan's Kidney Pills have been used in my family for some time for weak and disordered kidneys. Some time ago my back was giving me trouble, was sore and ached a good bit right through the small of it. My kidneys also acted too frequently and caused me considerable trouble at night. Whenever I have felt any symptoms coming on I have started using Doan's Kidney Pills and in a short time they have relieved me. Another member of my family has also used Doan's Kidney Pills with good results."

## Obituary

The death angel has again entered our midst, and taken from the home of Mr. and Mrs. Jack Woods of the Flag ranch, their beloved daughter Bonnie, who was only fourteen years old. Her death was a terrible shock, as she had not been sick at all. She had heart trouble and it was not an hour from the time she was stricken until her spirit had taken flight, to be with the Dear Heavenly Father who gave it. To the dear father and mother, brother and sister we will say that we can not find words to express our heartfelt sympathy in this sad hour, but will say that we do know there is One who is a true comforter in all times of trouble and distress, and who is ever ready and willing to let us lean on his "everlasting arms". We can only point you to Him who "doeth all things well", and, dear friends, why these heart-breaking trials come upon us is a great mystery, but we are told in the sweet song "that we'll understand it better by and by." May we so live that when the dear Master calls we will be prepared to meet dear Bonnie and all the loved ones gone before to that sweet haven of rest, where sickness or sorrow never come, and partings are no more.

There's no disappointment in heaven. No weariness, sorrow or pain; No hearts that are bleeding or broken, No song with a minor refrain;

The cloud of our earthly horizon Will never appear in the sky. For all will be sunshine and gladness, With never a sob nor a sigh.

There'll never be crepe on the door-knob No funeral train in the sky; No graves on the hill side of glory. For there we shall never more die; The old will be young there forever. Transformed in a moment of time; Immortal we'll stand in His likeness. The stars and the sun to outshine.

## "Weinle" Roast

A merry crowd of young people, under the chaperonage of Mrs. C. A. Skelton, enjoyed a pleasant outing Wednesday afternoon when they motored to the dairy for a "weinkle" roast.

They built a fire, roasted the weinles and cooked various other articles which they added to a picnic lunch taken with them, all of which combined to make a veritable feast and was enjoyed by Misses Eloise Pitman, Virginia Laird, Grace Ferguson, Frances Wilson, Maurine Hughes, Eva Skelton; Messrs. Roger Wilkinson, Thurman Hines, Wellington Taylor, and Egbert Brady.

## Chautauquans Entertained

One of the pleasant courtesies extended to the Chautauqua talent was a visit to the stock farm of Jones and Dameron, enjoyed by the "Broadway Jones" company, Miss Cole, superintendent of the children's work, and Miss Jessie Sisk.

The party drove out about nine o'clock and spent the morning at the ranch viewing the classy animals of this celebrated herd and sharing the hospitality of the ranch home of Mr. and Mrs. W. E. Dameron.

The out-of-town folks were enthusiastic in expressions of the pleasure the trip afforded, declaring it the pleasantest feature of their stay in Hereford.

## Junior Chautauqua Picnic

The children of the junior chautauqua were entertained at the city park Tuesday afternoon. Miss Cole, Miss Jessie Sisk and Miss Lollie Shore having charge of the merry youngsters.

From four to six, they played games and revelled in the joys of the big out-of-doors, closing their afternoon's program with a delicious picnic supper.

Mr. Curtis, manager of the chautauqua force, was a guest of the party.

## Birthday Party

One of the most delightful children's parties of the week was given Monday afternoon by Mrs. E. W. Harrison in honor of her son, Master David Harrison, the event celebrating his eighth birthday.

The little folks gathered at the Harrison home early in the afternoon and enjoyed the many games suggested by a beautiful summer afternoon, and a big green lawn, the program of entertainment having been carefully planned and directed by Misses LeMoine Shaw, Josephine Stocking and Mattie J. Harrison.

Later, the children were invited to the dining room where a big birthday cake, delectably white and surmounted by eight lighted candles, formed the centerpiece on a beautifully decorated table. After a jolly contest in blowing out the candles, the cake was cut and served with banana ice cream.

The afternoon was enjoyed by Woodrow Gillbreath, Gordon Christy, Andrew Pat, Wilma Joe and Bruce Jones, Carl Spratt, Jerome Stocking, Donald and Elmo Hicks, Owen and Guilford Miller and L. W. Carlyle.

**Montague Co. Big Hit**

(Continued from Page One)

best of all—the veteran American platform man, John Temple Graves, and the Montague Company. Mr. Graves, known for over twenty years as one of America's foremost orators, had suffered from illness just before arriving here and spoke with great difficulty, but nevertheless held his audience from the start and gave a masterly presentation of his subject, "Armageddon," which deals with the great themes of government and society, of morals and

religion. The Montagues gave a most delightful performance in the closing number. Miss Altha Montague, the only member of the original Montague family with the east, is a finished contralto and excellent reader; her husband, John Eichenberger, sings a rare tenor. His impersonation of an Italian organ grinder with his "monk" brought down the house. Miss Margaret Mellor, soprano, has a great range of voice, and Hayden Thomas, big bass singer and comedian, brought peals of laughter from the audience. The first part of the program was devoted to a miscellaneous selection of concert numbers in conventional dress. They followed a complete operetta, The Japanese Romance, in costume. Delightful individual and ensemble work combined real comedy made this number perhaps the most popular one of the chautauqua.

## Dr. Copeland On Smoking Question

BY ROYAL S. COPELAND, M. D.,  
Commissioner of Health, New York City

What are the facts about tobacco? Is it safe to use it?

I have certain convictions regarding this matter. The first is this:

Tobacco is capable of producing positive harm to the immature and developing body. It has too powerful an effect upon the heart and the nervous system to justify any other conclusion.

Therefore tobacco—I assume we are discussing smoking alone—should never be used under the age of 20.

Whether it may be safely indulged in after 20 depends upon the individual and how it is used.

Everyone knows that the danger of tobacco lies in the contained nicotine. There is said to be enough nicotine in one cigar to kill 100 rabbits.

Combustion decomposes nicotine and renders it harmless. Unless the combustion is complete this desirable end is not attained.

Let us apply this test to the various methods of smoking:

The pipe offers every facility for wetting the tobacco. The saliva flows by gravitation down the stem into the bowl. Countless matches are necessary to keep up fire in the soggy fuel. Needless to say, perfect combustion is impossible unless the pipe is kept clean and dry.

The last third of the cigar becomes soaked with the saliva. Naturally it won't burn readily. Therefore the "butt" of a cigar may be harmful, because its nicotine will not be burned away.

The cigarette is paper-covered. Its very nature and makeup are conducive to dryness and of necessity the whole outfit burns readily. Especially if smoked in a holder to keep the saliva away from the tobacco, the cigarette is more likely to develop perfect combustion than is any other form of smoking material.

If pipe or cigarette were otherwise on equal footing the cigarette would bear away the palm. But too many users of cigarettes inhale the smoke.

There can be no compromise here. Inhaling tobacco smoke is harmful to health, and in my opinion the practice shortens life.

The moderate use of dry tobacco, so treated as to remain dry till the fire reaches it, and smoked without inhalation will do little harm to healthy adults. It is such a depressant and has such an effect upon the sympathetic nervous system, however, that certain vital functions are lowered if tobacco is habitually and excessively used in middle-age. At this time of life one must choose between the greatest possible alertness of function and the joy and solace of the weed.

Lastly, let it be remembered that tobacco smoke is a tangible and material thing. It is just as real as dust, and just as irritating to the membranes of the head, throat and lungs.

The first 150 bales of America's cotton donated to the German children's fund by Americans has arrived in Bremen from Galveston. The cotton will be converted into clothes for children.

**CLEO**  
 The recent rains have put new life in the grass and wheat in this part of Castro County. And even the people look better, as they all have plenty of work to do in planting their crops, and will soon have to try to harvest this short wheat crop.

Miss Cheney, of Amarillo, visited her sister, Mrs. Henry Cone, last Saturday and Sunday.

Messrs. F. H. Galle and M. G. Johnson made a business trip to Amarillo last Monday.

Leroy Shive, of Hart community, visited his grandparents, Mr and Mrs. J. D. Burch, of Cleo, this week.

Elder Baker, of near Spring Lake, preached at Cleo Schoolhouse last Saturday and Sunday.

O. M. Burch is breaking more sod on his east farm. We think Mr. Burch is making preparations to become one of the big wheat growers of Castro Co.

A goodly number of Cleo people attended the singing convention of this county held at Dimmitt last Sunday. There would have been more if it had not been for the smallpox and measles scare up there. However, the convention was well attended by people from Castro county, Hereford, Umbarger, Canyon, Tulla, Boyina, Texico-Farwell, even Fort Worth and Erick, Okla. were represented in the persons of R. H. Cornelius and J. W. Dennis, both being eminent singers and composers. Mr. Cornelius has just finished a singing school at Happy, and brought part of his Happy class from Happy, and made us all happy at the convention by rendering some very fine selections of music. I think we had as many as ten of twelve composers of music from Texas, New Mexico and Oklahoma and some fine singing. All lovers of music, who failed to attend the convention last Sunday, certainly missed a great musical feast. We will say no more about the singing as we expect to see a long writeup from the Dimmitt correspondent. We enjoy reading the letters from the correspondents of different parts of the country, as we get some very interesting reading from them.

This rain in the Panhandle is Great! But we recommend to our customers that we not forget quickly the last few weeks, and conserve our resources and get on stable ground. We believe in the wisdom of making permanent improvements rather than continual expanding of affairs. What we need on the farm is to make provisions for more chickens, turkeys, milk cows, brood sows, and wind-mill gardens." Clean up, Paint up and Keep it up.

### "After the Ceremony

—and a short trip to Colorado, the young people will be at home to their friends at Hereford."

So have read social news reports of June weddings for ages past; as they will this year; and in the centuries to come.

And it only proves that the final destination — the center of those two thoughts—the goal is, after all THE HOME. It's the spot where we all hope to find life's happiness.

The finest of wedding gowns, yes. The most joyous of celebrations, certainly—but first and last thoughts will go to that HOME which is to be—and that is when we want the young folks of Hereford to think of us.

We have been furnishing homes for June Brides many years now. The reason is the special attention, special prices and special discounts to newlyweds. Let us assist you.

You can buy a Dining Room Suite and Living Room Suite both for practically what each would have cost you a year ago. So you see, now is the time to buy.

\$75.00 Hoosier Cabinet, June price	\$ 59.75
85.00 Good Axminster Rug, June price	38.75
65.00 Good Axminster Rug, June price	37.50
300.00 Bedroom Suite, June price	175.00
275.00 Dining Room Suite, June price	175.00
50.00 Fine Mattress, June price	29.75

Everything in our big Store is being sold at Reduction in price. We are satisfied with small profits.
