By BOBBY TEMPLETON  
Brand News Editor

A 6 1/2 hour meeting of the Hereford School Board of Trustees finally concluded Thursday evening after a few surprises and some significant action toward a county and school district wide re-evaluation of all property.

The majority of the meeting, which ended with a few tired school board members and spectators, consisted mostly of discussion on the need for equalizing local property valuations through a reappraisal. The last one conducted was in 1961 with the county, city and schools participating on an equal basis.

THE BOARD concluded the lengthy discussion with a motion to let the president of the Board Jim Conkright represent the school district on a possible joint committee with the city and county to determine the feasibility of a reappraisal funded jointly by participating taxing agencies. Another motion put the school on record as seeking equitable alternatives of funding public school education besides the present form of ad valorem taxes, which are considered

## Whitefaces Lose Thriller To Palo Duro Dons

By JOE LACKEY  
Brand Sports Writer

The powerful Palo Duro Dons just barely escaped from Hereford with their skins intact Friday night, scoring with 25 seconds left to gain a 13-6 victory over the Whitefaces.

Palo Duro led through most of the game after scoring in the first quarter. But the Whitefaces tied the game late in the fourth quarter at 6-6, and then recovered an outside kick.

Mike Crim then completed two quick

passes, and Russell Harkins rushed for no gain. But Palo Duro's Larry Alford intercepted a Crim pass on the Palo Duro 30, and returned the ball to the Hereford 38, attaining a 32-yard runback. Crim saved the touchdown by tackling Alford at that point.

But the Dons were not to be denied. Greg Towner rushed for three yards for Palo Duro, and then picked up nine more, for the first downs. Robert Sillivent picked up 13 more to Hereford's 13, setting the stage for the winning touchdown run.

On a reverse, Towner sailed around right end for 13 yards and the Don's winning touchdown. The kick was good, and the scoring was complete with 25 seconds to go.

The Whiteface squad looked strong on defense, and on offense amassed 260 yards, outgaining the Dons by 10 yards. Hereford also led in first downs with 15 to Palo Duro's 14.

The game was played on a wet field in rainy weather.

## TEA Review Panel Lowers School Tax Valuation By \$41 Million

The weight of any possible tax increases next year by the Hereford Independent School District will fall a little easier upon the shoulders of area taxpayers after it was learned this week that a review panel of the Texas Education Agency (TEA) has reduced the estimate of total property value within the district, the figure used in figuring the local participation in the state program for distributing education funds.

Dr. Roy Hartman, superintendent, said at a school board meeting Thursday night that he had received oral confirmation Wednesday from Dr. Marlin Brockette, state commissioner for education, that about \$41 million had been knocked off the property valuation total previously estimated by the TEA. Written confirmation is to follow shortly, possibly sometime next week.

Since the total valuation of the property

is used in the computation of the school district's Local Fund Assignment, LFA, the amount of local money obligated toward the state Minimum Foundation Program, (MFP), Hereford will have about \$140,000 more in available local funds next year than anticipated. This is based on the reduction of property values from \$438 million to \$397 million.

THE NEW EDUCATION finance reform passed by the last legislature sets a factor of 35 cents per \$100 of assessed value in computing the LFA for the 1976-77 school year. This factor multiplied by the value reduction is how much less the local district will have to contribute toward the MFP. Actually the LFA is only subtracted from possible state revenue received by the district.

This year's property values will not be affected by the reduction.

However, Hartman said emphatically that the reduction only lessens the tax burden next year and in no way means that another tax increase might not be necessary. The LFA next year is going up by law and therefore could necessitate a tax hike to operate schools on the same level as at present.

The news of the reduction came a different way this week and caused some frustration for school officials. A letter, in response to one written to the governor, was sent from Dr. Richard Hooker, special assistant to the governor for educational research and planning, to Dorrell Jones, temporary chairman for the Deaf Smith County Property Owners and Users Association, a loose net organization formed shortly after this year's tax increase.

THE LETTER was in effect the

Governor Dolph Briscoe's answer to that Hooker referred to as a "charge" in the July 27th column written by Bobby Templeton, Brand news editor. The column blames the Governor and Texas legislature for the tax increases of local school boards due to the finance law. Hooker's letter is reprinted somewhere in this issue of The Brand.

While the main portion of the letter details figures which in Hooker's reasoning puts the blame back on the school board, it states that, "it is safe to assume that the estimate of 1974 taxable value of property in Hereford ISD will be lowered from \$438 million to \$397 million." It is that information which was not directly communicated to the school district, thereby arousing the school

(See RE-EVALUATION, Page 2A)

### Why Not A Dry Ball ?

Whiteface head coach Fred Uphaw appears upset over a controversial decision by officials in the Friday night loss to Palo Duro. Whiteface players had asked for a dry ball, and, when denied that, attempted to call time out. But the officials assessed a five-yard penalty against the Whitefaces for delay of game. At the time, Hereford was deep in Palo Duro territory in an attempt to tie the game, so the penalty was particularly costly, as Hereford failed to score.

That feller on Tierra Blanca Creek says the most unhappy folks are the ones who have the time to sit around and worry about whether they're happy or not.

It's much easier to leap to conclusions when your thoughts are weightless.

HEREFORD IS NOTED for community pride, but members of the C of C Women's Division beautification committee are beginning to wonder if the pride extends to vacant lots and alleys. The committee is concerned about the number of weeds around town and thinks an effort should be made to eliminate the "eye sores".

The city crews help along this line, as time permits, but they have been waiting for some rain so that the mowing doesn't stir up too much dust. Dudley Bayne, city manager, reports the city will probably start mowing vacant lots from one side of town to the other, after a rain. The city does not charge for the service, but lots must be clean of any objects, and they only have time to do it about twice a year.

One city employee commented that the weed problem around town "is the worst I've seen in 14 years." Property owners still need to take care of their own, and the matter of pride will have to be a factor. Many organizations in town do their part in helping beautify Hereford.

Tony Hoffman and F.L. Eicke were re-elected as directors at the 22nd annual membership meeting of the Hereford Grain Corporation Thursday night in the Bull Barn.

A LARGE CROWD was on hand to participate in the director election and also heard a report from manager Joe Artho on the activities of the cooperative during the past year.

The firm's condensed financial statement was also reviewed.

During his report, Artho told those in attendance that the ratio of grain handled by Hereford Grain Corp. is "moving from

(See GRAIN CORP., Page 2A)

## Fall's First Norther Chills Hereford Area

The fall's first norther slipped quietly into the Panhandle Thursday afternoon and made its chilly presence felt, toppling temperatures to a low of 45 degrees early Friday morning.

Accompanied by winds of up to 30 miles per hour, the front settled in with all of the characteristics of winter weather, triggering light showers in the local area.

Although there were some good moisture reports in the Hereford area proper Friday morning, the front proved a teaser for the dryland farmers in the far west and northwestern portions of the county, where moisture is sorely needed for successful wheat planting.

KPAN radio logged .30 inches of moisture for the city, and Holly Sugar also reported .30 inches at its plant.

Westway Fertilizer recorded .35 inches, and the Bruce Coleman farm

reported only a trace, with moisture badly needed in order to plant wheat.

The H.L. Hershey farm 13 miles northeast of the city reported a trace at 7 a.m. Friday, and Hershey pointed out that the last recorded moisture on the farm prior to Friday had been four weeks ago.

"Things are getting pretty dry, some farmers are going ahead and sowing their wheat dry, others are pre-watering or watering the wheat up," he said.

The Clint Homfeld farm, 47 miles northwest of the city reported only a trace of moisture. Farmers in that area had reportedly halted attempts to plant wheat, due to a lack of moisture.

Easter Grain, south of the city reported a total of approximately .20 inches Friday morning.

Light moisture continued to fall throughout the day Friday in most areas of the county.

Brave Souls

It was a soggy, messy day, but hearty fans such as Harlan VanderZee and Jack McKinster, sitting together under plastic covering, braved the cold and drizzle to help root for the Hereford

Whitefaces. Even though the home team lost, the action was plenty as the Herd almost pulled off a victory.

# Kansas Grandmother Big on Whiteface Football

ESTHER GRIMES.....Big Herd Fan

Despite the fact that her home is in Kansas, the grandmother of a star Whiteface griddier has become such a familiar sight at Whiteface games that she is even known as "Grandma" by Whiteface head coach Fred Uphaw.

Esther Grimes, the mother of Jo Charest and the grandmother of football player Dave Charest, has made a habit of spending the fall in Texas for several years so that she could watch her grandsons play on Hereford teams.

She said that she regrets that she missed some of her grandson's activities while they were smaller and living in Kansas, because of the work she was doing. But now that she's retired, she combines her interest in football with her love for her grandsons by watching every Hereford game she can.

She is a native of Lincoln, a small town in Kansas about 500 miles from Hereford. She said she comes down in late August,

before football season starts, and stays until December.

"GRANDMA" HAS seen three grandsons in action. Dan Charest, who graduated from Hereford High in 1972, Doug, who finished school in 1975, and Dave, a senior this year.

All three Charests have been starters in the defensive backfield, a key part of any football team. Mrs. Grimes also noted she enjoyed the cheerleading of Joni Charest, sister to the three defensive backs, in 1972 and 1973.

Mrs. Grimes has apparently been a good luck charm for the Whitefaces. Hereford has had strong teams since she has been coming down from Kansas; many of the teams she has watched have reached the state playoffs.

She recalls one of her biggest thrills, which happened last year in a losing effort to Pampa. That thrill developed

when Dave Charest ran back a punt almost 100 yards for a touchdown. This was the only touchdown the Whitefaces scored in that particular game against a tough Pampa squad.

ANOTHER BIG THRILL developed when Dan Charest was a senior in 1972. The Whitefaces started poorly that year, but finished strong, reaching the state quarterfinals.

Mrs. Grimes said she doesn't worry about her grandsons getting hurt in the rough and tumble of football. She realizes that players who stay in good condition have the odds on their side as far as football injuries are concerned.

Football is her favorite sport. She said that both her husband and her son were football players, and the sport has been a life-long interest.

She said she particularly enjoys the color, pageantry, and emotion of football.

She enjoys the pep rallies, the band performances, the crowd enthusiasm, and especially the ballet-like grace of the games themselves.

MRS. GRIMES SAID she also enjoys going to Booster Club meetings and the homecoming parades. She likes the fact that Hereford is so "football-minded." She said that Kansas is probably not quite as interested in schoolboy football as Texas is.

She laughed when she remembered that one of her first trips to Texas to watch her grandsons play was particularly productive. She was still working at the time, and had to cut the trip short, but she did get to see nine games, three varsity games, the other involving younger boys. She had one grandson on each team, but all nine games resulted in victories for Hereford.

## Constitution Week To Be Observed Here Sept. 17-23

### City Commission, Hospital Board To Meet This Week

Two important governmental unit meetings will occur next week, with the City Commission meeting at 7:30 p.m. Monday in City Hall and the Board of Directors of Deaf Smith County Hospital District planning to meet at 7:00 a.m. Tuesday in the conference room at Deaf Smith General Hospital.

Highlighting the city commission meeting will be consideration of water and sewer bids, the tennis court contract, the authorization of bids on a fire department emergency vehicle, green fees for the city golf course, and consideration of an offer made to the school board involving the potential purchase of a lot which the school foreclosed on; the city must approve the sale of the lot for the plan to be finalized.

The highlight of the hospital board meeting will be a discussion of the ambulance agreement with Deaf Smith County. This agreement has been in existence since 1972, but recently the hospital district received a bill for ambulance services. Ron Welty, hospital administrator, said that this is the first bill received by the district for ambulance service, and he was not aware the district was required to pay part of the cost for ambulance service.

Other items on the hospital board agenda include the monthly report from the medical staff, the operating report for the month of August, which will be presented by Welty, and miscellaneous reports by Welty.

### Firemen Respond To Blazes

A home located six miles north of Hereford on Progressive Road was destroyed by fire early Wednesday morning.

Units of the Hereford Volunteer Fire Department responded to the blaze at the structure, owned by Charles Cabiness, but the flames consumed the structure.

At 6:01 p.m. Wednesday, fire units answered a call to the Temple Abney home at 227 Centre. An oven fire was extinguished at the site.

Thursday afternoon, Hereford firemen were called to Tri State Feeders, to aid in extinguishing a feed bin fire in the mill.

The city commission meeting will also include discussion of an ordinance approving the plat of Lot 13, Block K-3, of Green Acres Estate, Unit IV; an ordinance approving the plat of Blocks 1 and 2, Green Acres Estate, Unit V; and consideration of a petition for annexation of Blocks 1 and 2 of Green Acres Estate, Unit V.

Also, there will be consideration of a petition for annexation of Block 1, South Heights Addition, and an ordinance annexing Block 1, South Heights Addition and Lots 1 and 2 and part of Lot 3, Block 6, of Knob Hill Addition.

Mayor Jim Sears signs a proclamation for Constitution Week. Representing the DAR are [L-R] Mrs. Leroy Williams, Mrs. Charlie Holt and Mrs. Jess L. Robinson.

While patriotism may have slid from lofty places in the minds of some individuals, it maintains a positive force in the hearts of most Americans especially this week when the U.S. Constitution is recognized in Hereford and across the nation.

The week of Sept. 17-23 has been set aside by proclamations signed by Mayor Jim Sears and President Gerald Ford as Constitution Week during which special announcements will be running on KPA-1 radio and special attention will be drawn to the adoption of the Constitution 188 years ago.

The Los Ciboleros Chapter, Daughters of the American Revolution, in Hereford is sponsoring the radio messages as well as the proclamation signing.

Mrs. Jess L. Robinson, president of the chapter, said "President Ford has proclaimed this Constitution Week as is

done each year and I hope it is observed by all."

In a statement released by the DAR, the purpose of the week "is to renew appreciation for our Constitution and our Country. There is no other country as free as ours. There are no other people more energetic, creative, progressive, generous nor happier than ours. The National Society, DAR, asks us to stress in word and spirit the 'Blessings of Liberty.'"

The mayor's proclamation states that in accordance with the president's proclamation as dictated by law and in memory of the 188th anniversary of the constitution, that the week of Sept. 17-23 be proclaimed Constitution Week.

"I urge all our citizens to pay special attention during that week to our Federal Constitution and the advantages of American Citizenship," Sears said in the proclamation.

### Feedlot Fodder

A forage harvester spews silage into a truck moving alongside it in a corn field south of Hereford. Harvesting of the silage corn crop has been moving at a rapid pace locally as crews strive to get the key feedlot ration ingredient harvested while protein content and tonnages are high.

widely inequitable.

In other action, the board approved the utilization of state compensatory funds, authorized Konkright to sign the Central School contract with the Community Action Agency, heard a report on the wind screen and lights for the tennis court complex at the high school, formed a committee to evaluate school board policy statements, accepted the 1975 tax roll and approved the sales of a lot in Hereford for uncollected taxes.

Also, the board decided on lowest bids for two cars, heard a boundary change report, approved the extension of liability insurance coverage, heard a favorable report on minority ethnic makeup, and viewed a film on community education.

THE RE-EVALUATION discussion was first highlighted by a surprise letter submitted at the last minute by Jim Arney, school trustee, to Konkright. It was written from Richard Hooker, special assistant to the governor, to Dorrell Jones of the Deaf Smith County Property Owners and Users Association concerning information on the districts appeal in Austin to have the taxable property estimate for the district lowered. Refer to another story in this issue for detailed information concerning the letter.

Jim McMorries, tax appraiser and consultant for the district, said a tax re-evaluation is necessary to make tax burdens more equitable among taxpayers, to avoid the possibility of state intervention in the reappraisal process, and to discourage any law suits that might tie up the school tax rolls.

He said the taxes within the city were as much as 70 per cent off from 100 per cent market value and about 30 per cent off in the rural areas. "I don't see anyway out of the reappraisal approach."

A danger exists in the passage of the finance section of the proposed state constitution the tax expert explained, since a law mandating the income approach to taxing land would automatically be implemented.

"However, I can protect the farmer

### School Board-- from page 1

and school board if allowed to handle this myself through a water depletion allowance on the land," he emphasized. "I can prevent state intervention for about four or five years if we do it ourselves (reappraisal)!"

THE NEW LAW also forces a yearly reappraisal, which would cost about \$25,000 a year more once "our house is in order," McMorries said. A danger of the income approach is that land in the high plains, where income per acre is high, could possibly be taxed at a higher rate than grasslands of central and south Texas, where income per acre would only result in about \$5 an acre, such as that owned by Gov. Dolph Briscoe.

Four representatives of Santa Fe Railroad, Southwestern Public Service and Pioneer Natural Gas were present to urge a reappraisal. While some present argued specifics of equitable taxing of utility and industrial owned lands vs. farm land, the representatives concurred that they were only present to recommend a re-evaluation to equalize taxes even though such an action might raise their own property values.

McMorries warned them that a reappraisal definitely would.

None of the utilities threatened any suits, but warned that the wide gap in taxes would bring one on leaving tax funds tied up in a court of law and unavailable for use.

Finally McMorries said no matter the outcome of the state constitution, a reappraisal now would be beneficial because the field work would be completed. "It will be needed for either the income or full market value approaches to taxation," he concluded.

ED MCCREARY, special programs proposal writer, said that a \$70,122 in state compensatory funds were available and that board approval was needed to implement a 30-page proposal for the use of the funds. Basically the money is for students behind in their school work by providing the personnel and materials needed to instruct them.

The money was already figured in the budget and consisted of seeking approval for something the district was already doing, Hartman said.

The Central School contract has been finalized and the board simply gave approval for its signing by both the Community Action Agency and the district. The schools retain the use of the gymnasium and portable buildings and CAA will be responsible for upkeep of the premises.

Hartman reported that trouble on receiving bids for the lighting of the new tennis courts of HHS had ended with the information of an electric company planning a bid of about \$7,800. He also expects a local bid to be submitted. The wind screens will be considered at the next meeting.

CONKWRIGHT began a discussion of school policies, some in which rewording was desired. However, the task seemed time consuming and he decided to appoint Lynton Allred and Ron Zimmerman to a committee to study the policies and revise them.

The 1975 tax roll of \$149 million was accepted after being reported by Orpha Click, tax assessor-collector. He also asked the board to approve the sale of a lot at the corner of Blevins and Georgia to Mrs. Betty Rice for \$1,000. The board approved and now the county and city must concur before the sale is complete since all share in the money equally. The land was sold for unpaid taxes.

Low bids of \$1,370 from Cowboy Chevrolet-Oldsmobile and \$3,050 from Orval Watson Ford were accepted on the sale of a "Buick" and station wagon, respectively. The vehicles were being used by the school district.

Concerning the changes in school boundaries due to the construction of the West Central, the board was told that a visiting team from the U.S. Department of Health, Education and Welfare had returned a favorable impression of the district's distribution of minority students among the elementary schools.

No teacher resignations were presented and the only teacher hired was Jeanette Ramey for the special education program.

# 'Scottish Kilts' Featured Here

The Whiteface Breakfast Kiwanis Club will present its first program of the "Travel and Adventure Series" at 7:30 p.m. Tuesday in the Hereford High School Auditorium.

The colored motion picture will be "Scottish Kilts and Castles", narrated by Gary Peterson who will be here in person.

Season tickets continue to be on sale by the Kiwanis Breakfast Club members or can be purchased at the door. Season tickets for all six travelogues which will be presented Oct. 9, Nov. 6, Jan. 22, Mar. 4 and May 4, are offered at the low price of \$4 for children and \$8 for adults. Tickets may be purchased in

Gary Peterson

advance from John West at Lone Star Agency, Danny

Vermilion or Plains Insurance, as well as all members.

Peterson, Tuesday night's narrator, was born in Cresco, Iowa and is 34 years of age. He and his wife, Gladys, now make their home in Rochester, Minn.

Prior to entering the travel film profession, Peterson was a radio and television news director doing four newscasts a day as well as directing the operations of a six man news department. In the past years he has done several hundred television news specials dealing with politics, medicine, education, ecology and general human interest. He has received special news recognition for news specials that were filmed, edited and written in less than 12 hours.

These half hour specials concerned the Charles City, Iowa Tornado and the Elma, Iowa Tornado. Gary has interviewed such people as Jack Parr, Presidential Advisor Walter Heller, Hubert Humphrey, Walter Mondale, Billy Graham, Jack Benny, Dean Rusk, Lyndon Johnson, Orville Freeman, Ronald Reagan, Eugene McCarthy and George McGovern. He also was involved in coordinating local television coverage during the presidential campaign of Richard Nixon.

"We begin our magic carpet trip of Scotland on the Solway Firth as we fish for salmon with open nets. Our first view of the land of bagpipes and heather is at Gretna Green, the home of the old romantic Blacksmith's shop. Then to the Null of Galloway and to the Loch Inch Castle, where we will stroll through the most famous Rhododendron garden in all Scotland," reported Peterson.

"Our literary curiosity will be satisfied as we visit the scenes once frequented by the immortal "Bobby Burns". We will also find the historic home of Sir Walter Scott and the interior of Abbotsford. It is enchanting to visit historic Cryburgh Abbey where Sir Walter Scott is buried and look in on famed Jedburgh Abbey or spend a minute or two at Kelso. The high spot of course is the visit to Melrose Abbey, probably the most famous ruin in Scotland.

## Hereford Bull-- from page 1

and citizens should be thankful.

THE WEEKLY WINNERS of The Brand football contest will be announced in each Thursday's issue, from now on. The Brand staff was a little embarrassed when we forgot to list the winners of the first week in the paper Thursday. Be sure to turn in your entries by 5 p.m. Thursday and keep entering each week in order to be eligible for the season prizes!

THE SPECIAL election to vote on proposed Texas Constitutional Amendments is scheduled Nov. 4, 1975. It's not too soon to start thinking about the questions and studying the issues involved. A public notice which summarized the eight propositions appeared in the Thursday issue of The Brand. The public notice will be published again this Thursday. We urge you to clip this page and study the propositions.

FOOTBALL FANS were treated to an exciting contest in the home opener against Palo Duro Friday night, and there was a good turnout under the weather conditions. The Herd had a great effort but the big Dons stopped Hereford three times inside the 20-yard line. We were impressed with the play of linebacker Vance Hennington on defense, along with tackle Able Trevizo and end Gary Schumacher. Terry Brady showed fine running effort again, and Archie Crim and Dave Charest made some great pass catches. Mike Crim teamed up with the pair to log 142 yards in the air. Mike Dudding gave the crowd some excitement as he ran the ball three times on offense and netted 33 yards. He almost broke the last kickoff return, too. Split end Davis Ford was the only serious casualty of the game, sustaining a broken hand during the contest. He will probably be sidelined two to three weeks.

## Funeral Home Slates Opening

The new Smith & Co. Funeral Home located at 105 Greenwood will hold formal grand opening ceremonies Tuesday.

Eades will be on hand for the formal ribbon cutting ceremony, which is scheduled for 2 p.m.

Members of the Hereford Hustlers and Chamber of Commerce president Bud

**Hustle**  
**H<sub>3</sub> Hustle**  
**Hustle**

By Bill Albright, Executive VP  
Chamber of Commerce

**YOU ARE NOT ALONE!**  
If you have invested in the Deaf Smith County Chamber of Commerce, you have entered into a partnership with the community's oldest and most progressive business corporation.

How would you ALONE make your voice heard meaningfully in the halls of state and national government?

How would you ALONE answer the many requests received from across the country about Hereford and Deaf Smith County from businesses considering locating and from families planning to visit or move here?

How would you ALONE answer all of the questions a visitor might ask about our community?

How would you ALONE work meaningfully to initiate the "goals for Progress" program now being formulated to plan our community's growth for the next 25 years?

How would you ALONE speak for the retail businesses and the agricultural interests of our community?

How would you ALONE initiate and answer the numerous needs of the agri-business community?

The fact is that you-by yourself-cannot do all of these and the multitude of other things, but when you invest in a Chamber membership, you join with over 700 of the very finest ranchers, farmers, and businessmen in our community in a single united effort.

You are NOT alone, if you are a member of this agri-business community's best friend, the Deaf Smith County Chamber of Commerce.

Be honest now! Did you really try to buy it in Hereford first? Or did you automatically assume you couldn't get it here or you could get it cheaper somewhere else? If you tried Hereford first, give yourself an E for effort-if not rate yourself as one who needs to review some basic economics. You probably know that every dollar you spend outside our town does nothing for our community! On the other hand when you buy an item in Hereford several things happen.

The dollar you spend "Turns Over" seven times before it's exhausted-so in effect, many people profit from your expenditures, not just the firm or business where you spent your money. In addition, the taxes paid on your purchase-both by you and whoever sold you the item, help to run our community-they help to pay for schools and streets and sewage and protection and a whole host of other benefits.

How do you think "Mr. Merchant" feels about contributing when he knows you've gone someplace else to buy your goods and services? How about it folks, let's keep our money at home. It'll be better for all of us--"TRY HEREFORD FIRST" and Hustle Hustle Hustle!

## Simplify Tax Return

Who will be the Democratic candidate for President in the next election? At this point, anybody's guess is good as the next. Despite some rumblings from conservatives, President Ford appears as the likely Republican candidate.

Personally, I think a good Demo candidate could sew up the nomination if he would come out on a simple platform to abolish the present system of income tax collection and replace it with a simple three-line tax return.

The middle-class worker in America is carrying the tax burden while the low income and high income folks can sometimes escape the tax payment problem. We recently read some statistics which reported 68 per cent of the Federal budget is paid by people who earn from \$12,000 to \$35,000 a year.

We're not an expert on economics, but the solution appears simple. Do away with all deductions and charge every individual and business some standard percentage on gross income.

The tax form would have three lines. For instance, if 10 per cent is a good figure, then a person who earns \$10,000 a year would pay \$1,000 in federal income tax. The man who earns \$50,000 would pay \$5,000. The taxpayer could personally sit down and calculate the amount of personal or corporate income taxes owed.

The government could probably raise more revenue with a standard assessment than it does under the present system of adjustments, tax credits and deductions. One recent IRS official made the same prediction. If every wage earner was tagged for a percentage, the standard assessment might be less than 10 per cent.

Naturally, the system would eliminate a lot of IRS jobs, so we doubt that such a simple solution would ever be considered by the bureaucratic fraternity in Washington. But, just think how easy it would be to fill out the tax return in April. Enter your gross income; multiply by 10 per cent, and the answer is your tax payment. No records to keep for Uncle Sam except gross income!

Since the federal government operates on the deficit, the withholding system would probably have to be continued. But there would be no excess payment to send in and no rebates.

It sounds so simple, there must be something wrong with such a system. However, we keep hoping that some congressman might suggest something sensible in the area of income tax reforms.

—OGN

## Take the Tag Off Henry

They can take the "miracle man" tag off Secretary of State Henry Kissinger, as far as we are concerned.

It wasn't much of a miracle to effect a Middle East settlement between Israel and Egypt if it was brought about by the United States making a mammoth payoff to both countries.

It is estimated that this country will be shelling out \$9 billion to Israel and Egypt, and probably a whole lot more.

In order to entice Israel to withdraw from territory where she was producing oil, Secretary of State Kissinger generously promised that the United States would provide the oil thus lost.

It didn't seem to matter that we are also short of oil and are securing it by paying high prices to the Arab producing nations.

Among other things, in order to get the Jews and the Egyptians to quit fighting one another, the United States will provide arms to both countries.

We will ship modern weapons to Israel, including scarce F15 fighters and ground-to-ground missiles. This will cost some \$2.5 billion for the rest of this year alone.

The U. S. will also send technicians who will man electronic surveillance posts to keep an eye on things and supposedly keep the peace. More than likely they will serve conveniently as hostages when either side gets tired of the agreement.

It appears that the United States, forgetting the lesson of Korea and Vietnam, is taking a big step toward involvement in the Middle East battle.

We still cling to the idea that any problem can be solved if we solve it with enough U. S. money. If this catches on, then we will be shipping tons of the stuff around the world to keep warring nations from fighting each other.

It may be that Ireland and England could use a dose of greenbacks and if they promise to quit fighting, maybe we will send them money.

Africa is full of developing nations controlled by military dictators. They would like nothing better than a guarantee of plenty of American money if they will promise to behave.

Southeast Asia also has hot spots where nations are warring or threatening war. If Israel and Egypt can get money as easily as they seem to have gotten it, maybe Southeast Asia will call for some.

The price tag for the Middle East peace agreement is mighty high, and the troublesome thing about it is that nobody seems to be able to estimate how high it is.

It might be that we should let other nations settle their wars without help from us. Somehow, we doubt if a payoff by Uncle Sam will achieve a lasting peace. It is more apt to call for more of the same. Blackmailers usually work that way.

—The Perryton Herald

"I HEAR FORD'S GONNA USE OUR GASOLINE TAXES FOR MASS TRANSIT. THAT'S JUST WHAT WE NEED—A SUBWAY!"

## Talk of Texas

By Jack Maguire

**FOOTNOTE TO HISTORY**—America's Bicentennial celebration actually began nine years ago in the living room of a ranch house in Central Texas.

At 11:30 p.m. on July 4, 1866, President Lyndon B. Johnson launched the plans for celebrating the 200th anniversary of America's founding while visiting his LBJ Ranch near Stonewall. At that hour, he signed Public Law 89-491 creating the American Revolution Bicentennial Commission.

Actually the idea for the celebration began even earlier. On May 19, 1964, President Johnson told Secretary of State Dean Rush that he planned to appoint a committee to make recommendations regarding a 1975 or 1976 bicentennial exhibition. Later members of Congress urged the president to establish a national commission. The bill creating it was flown from Washington to the LBJ Ranch where it was signed on Independence Day.

\*\*\*

**BRUSSELS BY THE ALAMO**—San Antonio may owe its founding to the Spanish and its heritage to the Mexicans, but settlers from Belgium also have influenced its history.

The Alamo City was an attraction from the start for Belgian immigrants. In 1850, only eight Belgium natives had arrived in Texas and seven of them had settled in San Antonio. By 1900, several hundred Belgians were settled there. In 1910, a Belgian National Catholic Church was built.

Most of the Belgians were farmers and still are. Much of the vegetable

crop produced in the area today is grown by their descendants.

\*\*\*

**HAIL TO THE CHIEF**—Frank Colbert, a chief of the Chickasaw Indian nation who became wealthy selling goods and services to white Texans near the railroad town of Denison, hasn't been forgotten by the tribe.

On a Sunday in September, Chickasaws from all over gather on a farm that once was Chief Colbert's plantation on the Oklahoma side of the Red River. Among his other enterprises, Colbert operated a ferry on the river from the 1870's until his death in 1893.

The members of the Chickasaw tribe gather at Chief Colbert's grave. Although they come now by automobile, they also bring along a horse and buggy. Tradition has it that the buggy once belonged to Colbert.

After a few songs in their tribal dialect, the ceremony ends and the horse and buggy are loaded on a truck. The Indians return to their homes and don't return to the grave until the next year when the rites are repeated.

\*\*\*

**THEY HAVEN'T FORGOTTEN**—Over the University Club bar at Notre Dame University in South Bend, Ind., is a set of mounted longhorns off a Texas steer. The plaque underneath reads:

Genuine Bevo Longhorns  
Cotton Bowl Trophy  
Captured in Action January 1, 1971  
Dallas, Texas

## The Brand Files . . . Looking Back

### ONE YEAR AGO

Three cars of a Sante Fe Freight train derailed on the east side of Hereford, causing little damage except to the cars themselves and a few feet of rails. A broken axle was the cause of the mishap. The train, made up of 97 cars, was traveling about 30 miles per hour at the time of the derailment. Hereford's Lions voted a \$5,000 contribution to the Hereford Opportunity Plan. The funds came from part of the proceeds of the annual carnival. The Opportunity Plan provides funds for loans to needy students from Hereford who desire to attend college. Miss Angelina Guillen was queen of the annual Fiesta de las Patrias celebration. An employee of the Holly Sugar Plant was injured when a set of scales fell on him. An Australian businessman, Dennis O'Connell, in town for an overnight stay, praised the patriotism and national pride of the Americans he had met.

### FIVE YEARS AGO

Max Sherman of Amarillo, Democratic candidate for State Senator from the Panhandle area, visited in Hereford and announced that he would return a month later with Lt. Governor Ben Barnes for additional campaigning. Hereford's business community was preparing for the beginning of a one per cent city sales tax, which had been overwhelmingly approved by the voters several months earlier. Sales tax revenues would be used for the construction of a new fire station, improvements on streets, police officer schools, and so forth. Deaf Smith County residents who were veterans of the Vietnam and Korean Wars were approved for direct loans from the federal government. These loans would be used in the main to buy homes or businesses.

### TWENTY-FIVE YEARS AGO

Building activity in Hereford continued at record levels during the month of August, 1950, with estimates of building permits issued totaling \$102,675. In the first eight months of 1950 Hereford building had exceeded \$633,000, close to doubling the total of \$382,850 during 1949. Throughout the nation the building boom was continuing. The boom developed because of the elimination of the restrictions which had been imposed during World War II. At the Texas State Democratic Party Convention, delegates from Harris, Dallas, and Tarrant counties were seated. They had been thrown out of the party in 1948 after refusing to support Harry Truman and other Democratic Party nominees. Deaf Smith County delegates were among those voting to re-seat the "Dixiecrats." Two festival services marked the first anniversary of the dedication of the Immanuel Lutheran Church of Hereford. Farmers were ordering trees for windbreak planting.

### FIFTY YEARS AGO

Officers of the Chamber of Commerce were reelected. The chamber's board consisted of E.E. Black, G.A.F. Parker, Gano Hastings, A. Herbst, Geo. L. Muse and C.C. Rockwell. Railroad stock was being sold, and the drive to sell enough stock in the Texas Panhandle & Gulf Railroad company to get another railroad line through Hereford was continuing. Schools opened with good attendance. A new ice plant was formally opened. Stockman's Hotel added 15 rooms so as to accommodate more people. Judging in a "home beautiful" campaign was being done by Hereford's pastors.

## Bobby Templeton

# The Protecting Of A President

Scared cries from every quadrant of honest society have become louder and louder during recent years due to the increasing crime rates that have left citizens and law enforcement officials bewildered. However, the cry isn't left just to the average Joe as a near-capital crime came close last week to ending the existence of the top official of the land, President Ford.

Even with a brigade of armed secret service body guards constantly at his side, Ford's blood pressure probably jumped a bit when he focused on the lethal pistol aimed right at him from a crowd of well wishers. It is frightening that Ford was the first to see the weapon which was immediately grasped from Lynette Fromme by agents shortly after the president ducked for safety.

Even with all the commotion and the threat to his life, Ford remained cool and collected during public appearances after the incident. He will even continue his open, handshaking greetings with the public. I wonder how many of us would?

While the agents were rightly commended for their jobs in subduing the culprit, they should at least be hit once or twice with a wet noodle for not noticing the pistol before their boss did.

Their job is obviously hard considering the president is out in the open and on the go more than most public officials, but their roving eyes surely should have spotted a known criminal figure of the Charles Manson clan especially since she was dressed in a red turban and full length red dress. A tongue lashing also is rightly deserved by the Sacramento police who should have been patrolling the crowds for someone such as Fromme who was more familiar to them than to the Secret Service Agents.

When Ford visited Texas A&M University last year as vice president, one almost froze in the presence of the secret service, easily identifiable by their inverted silver Texas longhorn shaped insignias worn on their lapels. Ford was in Aggie-land for a graduation commencement address and no security was spared then to insure his safety no doubt spurred by memories of Dallas in 1963

when a president's visit ended in tragedy to match no other.

I remember going out to the TAMU airport shortly after the speech to get pictures of the VP flying off. There was a chain link fence between me and the airplane, so I decided to wonder around a bit to scope the angles. In just two minutes I was told to get my rear behind the fence.

Well, this wasn't satisfactory and working through an A&M publicist, I secured permission to near the plane on the pretext that I needed a picture of Ford and the son of the local Republican Party committee chairman. It worked.

I had a telephoto lens and the rush of Ford to get on the plane at first prevented any decent shots. But I was surprised when all of a sudden Ford did an about face to walk back to the crowd to shake hands. I was in perfect position as he came walking right at me.

"Please Mr. Ford, wait a moment for a picture," I said with hesitation.

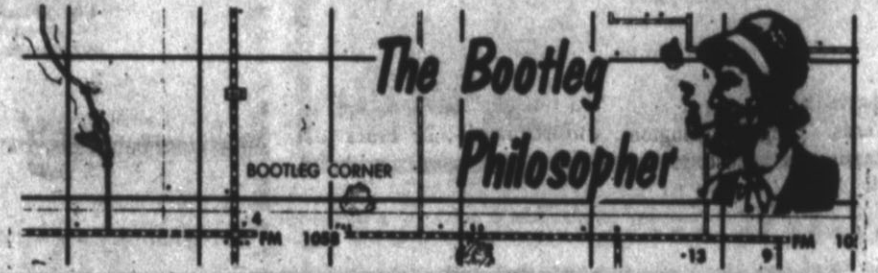

I thought I might get shot at any minute by the agents who flinched on the surprise picture request. I moved quickly, though, and was finally able to get a front page picture with Ford greeting the crowd drooped over the fence.

For a moment, I felt important since I was giving directions to the vice president. But I also thought how easy it would be to get close to an official with a dangerous weapon. After all, my telephoto very easily could have been a disguised gun.

Look how easy it was for a familiar person such as Fromme to get near Ford. A less known individual would be even more dangerous.

Admittedly, it's almost impossible to insure a president's safety in a crowd since spectators are going to try hard to get near their chief executive and he'll oblige them as they mean votes. I witnessed this even on another occasion when LBJ once visited Houston.

I'm not advocating limitations on the president as he, I suppose, can do anything he wants, but better precautions in the future for at least our president might make the rest of us sleep better. If the security is lacking at the top, then it is surely lacking for the rest of us.

**Editor's note:** The Bootleg Philosopher on his Deal Smith grass farm on Bootleg Corner thinks he has discovered something new about the government, his letter this week indicates.

—O—

Dear editor:

People are always talking about government meddling in business, which is different from business meddling in government, but I have discovered an altogether new side to this situation.

According to articles I've been reading in the papers, the U.S. Postal Service is planning on raising the price of mailing a letter from 10 cents to 13 cents.

Of course there's nothing new about that, the first class rate has been going up steadily for the past

few years—a classic example of inflation: while the quality of letters hasn't gone up, the cost of sending them has—but what is new about the rate increase is the timing. The report is that the rate will go up in December, just ahead of Christmas.

Remember what happened this past summer just ahead of the Fourth of July holidays when everybody and his kids had trips all planned? The oil companies raised the price of gasoline 3 cents.

With shrewd timing, the Postal Service plans to raise the price of stamps 3 cents just ahead of the big Christmas card season.

I'll tell you, it's one thing for government to interfere with business, but when it starts imitating business, that's something else.

Who does the government think it is, anyway? Does it think it's as big as the oil companies?

Changing the subject, I couldn't help but notice a comment by a TV newsman the other night while he was reporting on a teachers' strike in Chicago. "Instead of being in the classroom this first day of school, the kids are instead on the streets," he said.

You can blame the schools for a lot of things these days and in many cases be right about it, but if the half-million or so Chicago kids are either in school or on the streets, something could be remarked about the parents. That is, it could except for the fact the word "chore" has been abolished from the English language.

Yours faithfully,  
J.A.

are mispronounced  
MAN AND WIFE

# LETTERS to the Editor

Dear Editor:  
The Deaf Smith County Property Owners & Users Association recently sent a letter to the Governor's office requesting a response to the claim by Hereford school officials and The Brand that the tax increase here was caused by the Governor and the Legislature.

Richard L. Hooker, special assistant to the Governor for Educational Research & Planning.  
"Governor Briscoe has received your letter asking for assistance in responding to the charge of your local new writer. He referred it to this office for response."  
"This reply has been awaiting the outcome of an appeals

process in which Hereford ISD appealed the MSA estimate of 1974 taxable value of property. The Commissioner has not yet made a decision; however, the panel which was appointed to hear appeals concluded the hearing process Wednesday of this week. Even though the Commissioner has not finally acted, it is safe to assume that the estimate of 1974 taxable value of property in Hereford ISD will be lowered from \$438 million to \$397 million.

"The awaited decision, however does not really change the situation in Hereford ISD. Hereford has approximately \$71,000 of taxable value per ADM while the average school district in the state has only \$60,000. As a consequence, the local fair share of the cost of the state foundation school program in the Hereford ISD is higher than average. The local share was \$582,000 in 1974-75 and will increase by the amount in 1975-76. In 1976-77, it will increase to approximately \$1,512,000.

"It is projected by the Texas Education Agency that state revenues to the district will increase from \$2.5 million in 1974-75 to approximately \$3 million in 1975-76. According to state records, Hereford ISD raised approximately \$1.6 million in local revenue for current operations during 1974-75. That fact would indicate that Hereford ISD could operate the minimum foundation school program under HB 1126 without raising local taxes either 1975-76 or 1976-77.

However, by 1976-77, the district would be operating on the state minimum program. "It is unlikely that the citizens of Hereford want to fall back to state minimum, even though the

minimum has been substantially increased. It is obvious that if Hereford is to enrich above the level of the new foundation school program as it did above the old foundation school program, the taxpayers of Hereford must substantially increase local tax revenues. To do so, however, is a local community decision made by the representatives of the people—the local board of education. It, therefore, is grossly unfair to place the guilt for local tax increases in the Hereford ISD on the Governor or the Legislature. It can only be construed to be their fault if one assumes that state revenues should be made available to support the salary and program improvement decisions of Hereford's school board.

"The most regrettable aspect of HB 1126 is that the local fair share is being based largely on the self-reports of taxable values in school districts. Under these circumstances, school districts (like Hereford) which have effectively administered the ad valorem tax program are paying their fair share of the cost of the foundation school program while many other school districts are paying less than their fair share because they do not have accurate information on taxable value. Since the local fair share was set in HB 1126 to be 30 cents per 100 of value in 1975-76 and 35 cents per \$100 of value in 1976-77, many school districts will profit from having a poor job of administering the local property tax.

"This situation, under the circumstances, could have been avoided only by perpetuating the old Economic Index for determining local taxing ability; and researchers can conceive of nothing more inequitable than that index. The alternative, therefore, was untenable and the best available estimates of taxable value of property in school districts were utilized to determine local fair share. The legislature has appropriated \$5 million to be used during this biennium to gather better information for use in the 1977-78 school year.

"If we can enlarge on the above or provide additional information, please call us at 512-475-5766."

The above letter was addressed to me as temporary chairman of the Deaf Smith County Property Owners & Users Association, and I submit it for publication.

Sincerely,  
Dorrel Jones

## BIBLE VERSE

"The grass withereth, the flower fadeth; but the word of our God shall stand for ever."

1. Who was the author of the above statement?
2. What was his position at the time?
3. To whom was he talking?
4. Where may this statement be found?

### Answers To Bible Verse

1. Isaiah.
2. He was Israel's most outstanding prophet.
3. To the children of Israel.
4. Isaiah 40:8.

Shark mauls young man at Daytona Beach.

Solar energy possibilities discussed.

GM says prices to go up on new cars.

## Football from page 1

Palo Duro took the opening kickoff and marched 67 yards in 12 plays to gain a 6-9 lead which stood up through much of the game. Most of the plays in that drive were medium-length rushes, but there were two sizeable gains during the drive, a 20-yard run by Towner and a 10 yard run around right end by the Don's Sillivent.

Later in the first quarter defensive back Dennis Artho intercepted a Palo Duro pass and returned it 17 yards to the Palo Duro 25. Russell Harkins gained 13 yards to the 12, and Mike Crim picked up five more to the seven.

The Palo Duro defense then turned stubborn, however. Rushes by Crim, back Terry Brady, and Carlee Graves got the ball to the three, where the Dons took over on downs.

The first quarter had ended while Hereford was attempting to score with the Dons leading 6-0.

Palo Duro advanced the ball to its own 22, where one of the most sensational plays of the game originated. The Dons' quarterback, Bill McElduff, handed off to back Curtis Barlow for an apparent run. But Barlow threw a bomb to the wide-open Sylvester Moore, and the halfback pass play went for 61 yards to Hereford's 17. Mike Dudding saved the touchdown by tackling Moore from behind.

On the next play, however, Whiteface defensive end Gary Schumacher fell on a Don fumble, and the scoring threat had ended.

The Whitefaces drove from their own 17 to the Palo Duro 13 where the Don defense stiffened again. 14 plays were utilized in that doomed 70-yard drive.

Key plays in the drive included an 11-yard pass from Hereford's quarterback, Mike Crim, to brother Archie, and then a long 31-yarder involving the same combination, good for a gain to the Palo Duro 38.

Then, on fourth and five from the Don's 33, Crim connected again, this time to split end Dave Charest for 16 yards to the Dons 17.

Short rushes advanced the ball to the 8, where one of the more controversial plays

of the game took place. The Whitefaces asked for a dry ball, and then attempted to call time out. But the officials assessed a five-yard penalty against the Whiteface squad for delay of game, after which Hereford lost the ball on downs.

Palo Duro tried three rushes, and punted, as the first half came to an end.

The Whitefaces took the second-half kickoff and marched to the Dons' 35 before Crim and back Roy Martinez missed connections on an attempted handoff, resulting in a fumble. Terry Brady had rushes of 13 and 11 yards before the fumble.

Aided by a 15-yard penalty, the Dons reached Hereford's 41 before Whiteface defensive tackle Abel Trevino recovered a Palo Duro fumble.

The Whitefaces mounted yet another long march with Mike Dudding at quarterback, reaching the Palo Duro 12 before Dave Charest attempted a 30-yard field goal, which fell short.

The key play in that drive was a 27-yard run by Dudding; Dave Charest threw a crunching block to spring Dudding.

Palo Duro and Hereford then exchanged punts, with the third quarter ending with Hereford preparing to punt. On its next possession, Palo Duro accomplished little, again punting, this time to Hereford's 19.

The Whitefaces were forced to punt again, and after three rushes the Dons again punted.

The back-and-forth exchange of punts ended, though, as Hereford marched in for its touchdown. Key plays were passes of 13 yards from Crim to Charest, a 24-yard pass from Crim to Charest involving a sensational catch, and another 24-yard pass, this one from Crim to brother Archie.

After the pass connection between "the two Crims, Terry Brady scored on a rush from the six. The extra-point attempt failed, and with 2:09 to go in the fourth quarter the game was deadlocked.

The Whitefaces then recovered an onside kick. Archie Crim covered the ball after it had hit a Don, bouncing backward. This set the stage for the Palo Duro interception and touchdown.

The Whiteface squad demonstrated considerable talent in the loss to the strong Palo Duro team, and should be ready for Berger next Friday in Whiteface Stadium.

	Hereford	Dons

### INDIVIDUAL RUSHING

Hereford—Brady 16 for 54, Dudding for 33, Harkins 7 for 25, Crim 9 for 9, Graves 3 for 0, Martinez 2 for 3.  
Palo Duro—Sillivent 17 for 103, Towner for 52, McElduff 11 for 12, Barlow 3 for 6

### PASSING

Hereford—Crim 8 of 14 for 142 yards, interception; Dudding 0 of 1.  
Palo Duro—McElduff 1 of 2 for 14, interception; Barlow 1 of 1 for 61.

### PASS RECEIVING

Hereford—A. Crim 4 for 77, Charest for 65.  
Palo Duro—Moore 1 for 61, Towner 1 for 14.

Charles Skinner

Green Gold

Rings that came as a prize in a Cracker Jack box often turned the wearer's finger green. Discolored skin that has been in contact with gold jewelry has been a symbol of poor quality jewelry for many years. However, wearing good gold jewelry, on rare occasions, may bring about skin discoloration.

When this happens, the unhappy party with the funny-colored wrist, finger or neck, will bring his wrath down upon the jeweler. The situation can be explained in one of five ways. There are three chemical reasons, a mechanical one and another reason has to do with individual tolerance for gold.

1. Chlorides, and sometimes sulfides, are contained in skin secretions and perspiration which react with the gold alloy. This happens with some women only when they are pregnant.

2. There are outside chemical influences which may cause the skin to discolor. In semitropical climates, chlorides from the sea may combine with normal skin secretions to form corrosive chemicals.

3. Tarnish, simple tarnish, may be brought about by heavy industrial smog. Tarnish will rub off on the skin. Smog fumes may attack gold alloys directly.

4. Dust and powder of particles so fine that they can be found in baby powder can become imbedded in a person's skin. This can be the cause of discoloration.

5. The least likely, but never-the-less possible, reason for skin discoloration is an allergy to the alloy.

If discoloration is caused by chemical corrosion or tarnishing—1, 2 or 3 above—a change to white gold or higher karat fineness is suggested. Extra soap and water is the cure for number 4, with the possible use of an astringent in the afflicted area. Number 5 requires a doctor's advice. If one is allergic, platinum may be used as a substitute, or rhodium plating on the inside of the jewelry where it comes in contact with the skin.

# Formby Announces Tech Committees

Clint Formby, Hereford businessman and Texas Tech University Board of Regents chairman, has announced the membership of board committees for both Tech and its School of Medicine.

Membership includes the following regents: Executive Committees of Tech and Medical School: Formby, Dr. Judson F. Williams, vice chairman (El Paso), and Bill E. Collins (Lubbock).

Academic and Student Affairs Committees of Tech and Medical School: Dr. Williams, Dr. John J. Hinchey (San Antonio) and Charles G. Seruggs (Dallas).

Campus and Building Committees of Tech and Medical School: A.J. Kemp, Jr. (Fort Worth), Dr. Hinchey and Collins.

Finance Committees of Tech and Medical School: J. Fred Bucy, Jr. (Dallas), Don R. Workman (Lubbock) and Collins.

Public Relations and Legislative Committees of Tech and Medical School: Robert L. Pfluger (San Antonio), Scruggs and Workman.

Athletic Affairs Committee of Tech: Collins, Workman and Kemp.

Development Committee of Tech: Workman, Pfluger and Dr. Hinchey.

Agricultural Sciences Committee of Tech: Pfluger, Scruggs, Kemp and Workman.

Liaison Committee of Medical School: Dr. Hinchey, Collins and Bucy.

Chairman Formby commented that "these working committee assignments are effective at once and will continue throughout the coming year. The time responsibilities of the Tech Board have increased to the point that we are asking committees to meet more often and to become more responsive to their various areas of assignment."

The Chairman explained that the continuing increase in enrollment, now at more than 22,000 students, and concomitant expansion programs of Texas Tech University and its School of Medicine have placed new emphasis on the Board committees' structure and tasks.

Formby has served as a Tech regent since 1971 and as chairman of the board since 1974.

CLINT FORMBY

## The Abundant Life

### Survival Spirit

By BOB WEAR

We can fashion our spirit, or we can permit it to be formed by the multiplicity of information and notions with which we are bombarded day and night.

"Our spirit" is our "temper or disposition of mind, with sustained vigor and energy". We have the ability and the opportunity to decide the quality of "spirit" we want, but this is not all. We also have the privilege of making "our spirit" what we want it to be. It is much easier to "decide" the kind of spirit we would like to have than it is to make it what we want it to be. We can be sure, however, that the greatest effort is justified.

IT IS TOO EASY to let "our spirit" be formed haphazardly by what comes into our minds day by day through the various slanted, fractional, gloomy, and sometimes distorted communications. How often do we read or hear anything that builds up, and strengthens, and reinforces, and expands our spirit? If we do, it is because we are very careful and selective in choosing the information that goes into our mind.

### Veterans Questions

EDITOR'S NOTE: Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them through the Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q—Can the premiums of National Service Life Insurance be waived due to a disability?

A—Yes. The policyholder must have a disability that prevents him from following substantial gainful employment for a period of six months or more. The disability must have occurred prior to his 65th birthday.

Q—I am an active-duty serviceman on excess leave without pay to attend school. What am I entitled to be paid by the VA?

A—An active-duty serviceman on excess leave without pay to attend school is eligible to receive payment as a veteran provided he has completed at least 181 days continuous active duty.

Q—Can my entitlement to a VA guaranteed home loan be restored if a buyer assumes my equity?

A—Yes, providing the buyer is an eligible veteran and agrees to use his entitlement to the same extent your entitlement was used.

Humor is a rare gift. If you can laugh at the world and at yourself, you're lucky.

### SAMMIE BERRYMAN

Funeral services will be conducted at 2:30 p.m. today at Avenue Baptist Church for Sammie Berryman of 239 Beach in Hereford, who was dead on arrival Friday at Deaf Smith General Hospital following a brief illness.

Berryman was born March 9, 1939 in Wellington. He married Eileen Ballard August 19, 1955 in Dimmitt.

## Obituary

Berryman, a custom hay baler, came to Hereford in 1971 from Tucumcari, N.M.

Services will be conducted by Stanley Richardson of Tucumcari and Gene Suttle of Hereford.

Interment will be in West Park Cemetery under the direction of Gilliland Watson Funeral Home.

Survivors include the widow, Eileen Berryman, of the home; a son, Ge Don, of the home; one

daughter, Lu Anne Berryman of the home; and three brothers, Richard of Hereford, Cecil of Lancaster, California and Gary of Lubbock.

Beware of the man who tells you what a Christian life he leads.

## Football Highlights Seen By Lions Club Wednesday

A film on "The Southwest Conference Highlights of 1974" was shown to the Hereford Lions Club Wednesday as the program for the weekly luncheon meeting of the civic organization.

Program chairman Joe Shollenbarger introduced R.L. Blakely, local Exxon dealer, who

arranged for the showing of the football movie.

Club president Weldon Dickson announced the club would not hold its regular meeting next Wednesday, but a "Ladies' Night" party is scheduled Thursday night at the Civic Club Center. Lions are urged to bring their wives to the special dinner meeting.

A number of guests and prospective members were recognized at the meeting Wednesday.

Kiwanian Rodney Laubhan outlined many of Mrs. Williams' activities within the Gristown activities since she first began working with the group. He said Mrs. Williams did not belong to any senior citizen organizations, "because she says she doesn't have time for them." Besides a certificate honoring the occasion, Mrs. Williams was presented with a potted plant.

Kiwanians elected Eldon Koch and Dan Welty to their Board. Welty and Koch will replace Ed Coplen and Rodney Laubhan in October when they move up to president and vice president, respectively, of the club.

Coach Fred Upshaw told the Kiwanians football was a game of reactions as he presented the program for the group. Upshaw, head football coach and athletic director of Hereford High School, went into the technical details of the game. He outlined the jobs of each member on offense and defense, plus some of the skills the coaching staff strived to

# Tour Of Homes Spotlights Three Sites

Mrs. Bill Griffin, right, will welcome visitors to her home at 400 Sunset during the annual Tour of Homes, a fund-raising project sponsored by Garden Beautiful Club.

Mrs. L.H. Lookingbill, shown here, will be a hostess with these GBC members: Mmes. Troys Carmichael, W.P. Axe, Ray Cowser and A.L. Jordan.

Mrs. Bill Griffin is shown with one of the numerous unusual plants which decorate her home, scheduled as an attraction during the Tour of Homes Friday. Tickets, costing \$1 per person, can be purchased at one of the three tour homes or from any Garden Beautiful Club member. All proceeds will be used for landscaping projects at Deaf Smith General Hospital and King's Manor.

Mrs. Earl Springer, seated, is chairman of this year's tour, which has been moved from the traditional spring setting to autumn. Here, she visits with Mrs. Bill Warrick, whose new home at

100 Pecan will be open to tour guests. Hostesses at this residence will include Mmes. N.D. Bartlett, Bruce Burney, C.P. Werthman and Deward Roberson, all members of Garden Beautiful Club.

The Edward Allison home, 104 Nueces, will be featured on the tour route Friday from 2-6 p.m. Shown here are Mrs. Allison, left, her two children, Julie and Kristie, and Mrs. Joe Story,

who will be a hostess. Other Garden Beautiful Club members who will be greeting callers in the Allison residence are Mmes. T.J. Carter, V.O. Hennen and Wayne Jones.

The Hereford Brand

Sunday, September 14, 1975

Page 1B

## Charm Course Set Monday

Indications are that there will be a good turnout for the Charm Course Monday at the Community Center, 7:30 to 10 p.m.

Sherry Hoover, chairman, said tickets are still available at the Chamber of Commerce, Patis Cage, The Vogue and Hereford State Bank. Women will be allowed to pay at the door, however. Charge for the self improvement course is \$3 per person.

Helpful hints for the career girl will be highlighted in the presentation by Mickey McDonald, well-known beauty authority, who will conduct the course. All women and teenagers of the area are invited to attend.

Mrs. Hoover said there would be a 10 minute coffee or Coke break.

The Womens Division of Deaf

Smith County Chamber of Commerce is sponsoring the course as a service to the public. It is not a money-making project for the Women, according to Lavon Nieman, president.

### Antiques Sought For First Meeting

In keeping with the Bicentennial, members of Summerfield Study Club are asked to bring treasured family heirlooms to the first meeting of the season.

The meeting will convene at 9:30 a.m. Thursday in the home of Mrs. R.E. Lance Jr., 307 Douglas. Yearbooks will be distributed and the program agenda for the 1975-76 year reviewed.

### Reception Line Formed

Miss Vicky Ruland, center, greeted shower guests Thursday in the Wilbur Gibson home with her mother, Mrs. Delbert Ruland, left, and her fiance's mother, Mrs. Ted Higgins. The honoree will marry Daniel Higgins Saturday.

## Pre-Nuptial Shower Honors Bride-Elect

Miss Vicky Ruland, bride-elect of Daniel Higgins, was feted at a miscellaneous bridal shower Thursday evening in the home of Mrs. Wilbur Gibson, 122 Liveoak.

The couple will exchange vows Saturday in First United Methodist Church.

Yellow daisies tied with coral ribbons formed corsages worn by members of the receiving line, who included the honoree, her mother, Mrs. Delbert Ruland, her fiance's mother, Mrs. Ted Higgins, and Mrs. Gibson.

Mrs. Roger Ruland offered cookies and punch from the

serving table, which was centered by an arrangement of yellow and coral daisies perched atop a base of lemons, limes, grapes and nectarines.

Courtesy guests were invited to sign the bridal book by Miss Becky Ruland, the bride-elect's sister.

Hostesses who assisted Mrs. Gibson were Mmes. Albert Maxwell, L.J. Clark, Ray Henderson, W.F. Hager, J.C. Spain, Kenneth Halbert and John Seiver.

Also, Mmes. C.R. Allison, Worth Covington, W.B. Nunley, Randy Underwood, Jack Nunley, Bill Smith, Gene King, and Austin Rose.

## Mothers Of Twins Now Forming Club

Seeking national affiliation, a Mothers of Twins chapter is being organized in Hereford with the first meeting scheduled from 3-5 p.m. September 24 at Caison's Steak House.

Purpose of the club is to form a pool of discarded equipment and clothing designed for twins, who have since outgrown them. Also, Mothers of Twins will discuss the unique aspects of rearing identical and fraternal twins, at varying stages of childhood.

Residents of Dimmitt and Friona have expressed interest in joining the locally-based chapter.

For further information, contact Mrs. Gary Victor, 364-5616, Mrs. Tim Gear, 364-5280 or Mrs. John Avent, 364-4337.

## Happy Helpers Get Yearbooks

New yearbooks were issued to Happy Helpers 4-H Club Thursday at Easter Community Building as members launched another season.

During a business meeting, Victor and Camerino Gamez were elected 4-h council delegates. Also, it was announced that these youth had winning entries in the Castro County Fair: Laura Downing, first place in crafts; Kyleen Behrends, second place in baking; Laura Downing, second place in sewing; Shelley Frye, white ribbon in baking.

Josie Cantu was welcomed as a new member by these 4-H youth: Karen Markley, Kyleen and Tommy Behrends, Shelley Frye, Sandy and Terri Harkins, Kathy Young, Victor and Camerino Gamez, Laura Downing, Josie Cantu and Vonda Richards, club reporter who filed the above information.

*Fashion*  
It is amazing to see how much denim is used today. We see men's suits and women's sport clothes for every occasion made of this material. The finer garments have been pre-washed and softened and are ready to be worn.

## Mrs. Coffey Concludes Term In State Office

Mrs. Marvin Coffey, whose term as deputy grand matron will be ending when new state officers are elected during Grand Chapter, was honored by the local Order of the Eastern Star chapter during a stated meeting Tuesday in Masonic Hall.

The Texas OES assembly will convene in Dallas Oct. 4-10, it was announced during the business session directed by Mrs. Charlie Brown, worthy matron. Concrete plans for a "friendship night" here were made and invitations to similar activities in Floydada and Muleshoe were received. It was reported that Benita OES

chapter in Amarillo will host a tea for regional members.

Members were reminded that new officers of Rainbow for Girls will be installed September in Masonic Hall.

Host and hostesses for the recent meeting were Mr. and Mrs. L.J. Clark, Leota Moore and Ophelia Dotson.

### Who's New

Mr. and Mrs. Miguel Sanchez Hinojosa of 304 East 5th are the parents of a son, Luis, born Sept. 9. He weighed 8 lb. 13 oz.

Mr. and Mrs. Johnny Merie Bridges of 310 Ave. B are the parents of a daughter, Becky Renee, born Sept. 10. She weighed 7 lb. 15 1/2 oz.

Mr. and Mrs. Elizandro Martinez of 115 Ave. E are the parents of a daughter, born Sept. 12. She weighed 7 lb.

### Wedding Date Set

Marriage vows between Miss Debra Ann Allen and Dan C. Lewis, both of Odessa, will be solemnized November 22 in First United Methodist Church at that city. Parents of the couple are Mr. and Mrs. James W. Allen of Odessa and Mr. and Mrs. Earl D. Lewis, 400 Westhaven. A graduate of Odessa High School, the bride-elect is attending Odessa Junior College. Lewis is an alumnus of New Mexico Military Institute and Texas Tech University. He is employed as assistant director of parks and recreation in Odessa.

# Fall Theme Used At Bridal Shower

Autumn colors brightened Hereford Country Club Saturday afternoon for a bridal shower honoring Miss Mary Jane Kriegshauser, bride-elect of Boyce Cairns of Amarillo.

The couple are to be wed in St. Anthony's Catholic Church September 20.

Greeting guests with the honoree were her mother, Mrs. Harold Kriegshauser, her fiancé's mother, Mrs. Robert Cairns of Amarillo, and her sister, Mrs. Johnny Cloud. Mrs. William C. Boyce of Amarillo, the prospective bridegroom's grandmother, was among shower guests, who were registered by Mrs. Dan Welty.

Mrs. Steve Jones and Debra Wilson offered refreshments from a table centered by a pedestal supporting a bowl

filled with apricots, grapes, yellow daisies and ivy around a large candle. Additional daisies and ivy accents surrounded amber candle goblets on quartet tables.

Hostesses included Mmes. Earnest Langley, Frank Zinser Jr., A.E. Hodges, George Turrentine, Charles Hoover, Carl Kleuskens and E.C. Reinauer.

Also, Mmes. Bud Paetzold, Joe Reinauer, Glenn Wilson, James Pavlock, Larry Summers and Ed Reinauer Jr.

Wisdom isn't necessarily shown by those who make no mistakes.

We believe most people are ready for autumn this year.

## Cooking Out

In fall Americans often cook outdoors, in the early American tradition. The charcoal grill, in fact, has in recent years enjoyed a wave of popularity, which began in this country. And the best grills, at the best price, are American-made.

But there is much argument about how and when to cook steaks, or chops, etc. One of the most often asked questions is whether steaks and other meats should be salted and peppered before grilling.

The answer was so important that, some time ago, a meat house spent hundreds of dollars to run a page ad in a newspaper to supply the answer: salt meat after it is cooked. (Salting before grilling draws out natural juices, which end up in the fire.)

# Beautification Committee Makes Plans For Hereford

The Chamber of Commerce Women's Division will sponsor a home lighting contest again this year, according to Mrs. Travis McPherson, chairman of the beautification committee.

Mrs. McPherson and six members of her committee met Thursday for lunch at Hereford Country Club to make plans for beautifying Hereford.

The group was concerned about the weed problems, especially on vacant lots and alleys. A check with city manager Dudley Bayne revealed that the city plans to start

mowing weeds on vacant lots this week. Bayne said the city does not charge for this but is only able to provide the service twice a year since it is so time consuming. He joined the committee in wishing Hereford citizens would take more pride in the property they own.

Plans were made to plant red, white and blue tulips in the circular flower bed in front of the chamber offices. The dirt will have to be removed and replaced with better soil before the tulips can be planted. The

committee expressed hopes that the environmental committee of the chamber would take care of the soil change. Another variety of flowers will be planted in the bed next Spring.

Providing permission is granted by the city commissioners, the committee plans to sponsor painting fire with the Bicentennial theme. Plugs on the main streets of Hereford will be painted first. The committee expressed the desire for farmers and ranchers to paint pumps or other equipment on their land

red, white and blue.

Bill Albright told the committee that the Cowgirl Hall of Fame would like to have a logo that can be used over the nation. It was suggested that a silhouette of a cowgirl on a horse carrying the American flag seemed like a good idea. It was later learned that Travis McPherson would do the drawing for the logo.

Cash prizes will be awarded again this year for the Christmas lighting contest. \$30 will be awarded to the overall

winner, \$25 in the window division; and \$15 in the door division. It was decided that first place winners will not be eligible to win two years in a row.

Attending the meeting were Mmes. R.C. Hoelscher, Charlie Riggan, Bud Eades, T.J. Carter, W.C. Russell, Joe Frank Clark and McPherson, all members of the committee; Mrs. O.G. Nieman, president of the Women's Division; and Bill Albright, executive vice president of the chamber.

## Senior Citizens

### Welcome Guests

Mr. and Mrs. Homer Logan were welcomed as guests by Hereford Senior Citizens, who assembled in Community Center Thursday evening.

Rudiments of square dancing were explained by guest speaker, M.S. Rowan. Games and refreshments followed the program.

The next meeting is slated Thursday in Community Center.

## News For Women

A rash of medical news of special interest to women has been reported in recent weeks. Government scientists say women who take the tranquilizer Valium during the first months of pregnancy increase their chance of giving birth to babies with physical defects.

Another medical study shows women who smoked heavily during pregnancy produce less healthy, smaller, babies. Another report stresses the importance of avoiding heavy alcoholic intake—which could damage a baby's health during pregnancy.

A British team, which has been studying the effects of birth control pills, says women over forty run a more serious risk of heart attack taking the pill—and advised caution. For those who wish to give their children the best (and who doesn't) the latest medical discoveries are "must" reading.

Pregnant mothers who are ignorant of or disregard recent findings and risk taking questionable drugs, smoking heavily, drinking heavily, are indulging themselves selfishly and inconsiderately and family, physicians or clergymen should counsel them, in the interests of the unborn.

# Newlyweds Settle In Oklahoma City

Mr. and Mrs. Michael "Mike" Leonard are at home in Lawton, Okla., after exchanging nuptial vows beneath a candle archway in Kokoma Baptist Church, Gorman, on August 30. Performing the double-ring ceremony was the bridegroom's father, the Rev. Dinzel Leonard, pastor of First Baptist Church in Canadian.

The bride, nee Mary Jo Clearman, was born in Hereford and is the daughter of Mr. and Mrs. J.C. Clearman of Gorman, who are former residents of Summerfield. The bridegroom's parents live at Canadian.

Mrs. Gary Thompson of Plainview and Mrs. Jackie Morgan of Friona were matron attendants in their sister's wedding. Tommy Gibbs, the bridegroom's brother-in-law, was best man. Keith Clearman of Tuscola, the bride's nephew, was a groomsman. Ushering

guests were the bride's brother, Jamie Clearman of Tuscola, and her brother-in-law, Gary Thompson of Plainview.

Rose petals were strewn down the bridal path by Cathy Thompson, daughter of Mr. and Mrs. Gary Thompson. Carrying the wedding bands was Drew Gibbs, son of Mr. and Mrs. Tommy Gibbs.

Wedding tapers at the altar were lighted by the bride's niece, Kristi Clearman, and the bride's nephew, Charlie Morgan.

Karley Clearman, the bride's nephew, was featured at the organ during the ceremony. Other selections were presented by Mrs. Jamie Clearman.

A white-four-tiered cake and chocolate groom's cake were served during the wedding reception in the church Fellowship Hall. Members of the house party were Miss Cindy Campbell of San Antonio,

Mrs. Richard Nachtigall of Fort Worth, Miss Kathie Hagle of Corsicana, Miss Linda Bryant of San Antonio and Miss Diane Carruth of Dallas.

Mrs. Roger Webber of Denton registered the numerous out-of-town guests, who included Mrs. J.A. Stanford of Amarillo.

The couple are residing at Crestmont Apartments in Lawton, where he is based at Fort

Sill with the U.S. Army. Mrs. Leonard graduated cum laude from Howard Payne University at Brownwood, where she was a member of Alpha Lambda Delta, Alpha Chi, Gamma Beta Phi and Kappa Delta Phi. She completed high school studies at Eastland.

A graduate of Dalhart High School, Leonard attend Wayland Baptist College and Howard Payne University.

MRS. MIKE LEONARD  
...former Hereford resident

# Scribbles and Scratches

By KERRIE WOMBLE  
Women's Editor

**HOMEMADE PIZZA**, red and white checked tablecloths and flickering candles lent an Italian atmosphere to the Earnest Langley home, 502 Star, Tuesday evening for an "under 30 only" party. The social event was prompted by the addition of two associates, Robert Kelley and Richard Green, to the host's law firm, which bears the ominous title of Witherspoon, Alkin, Langley, Gulley, Kelley and Green Attorneys.

Sixteen young couples were present, including the Langleys' daughters and their husbands, who are Mr. and Mrs. Dan Wall of Sherman and the Rev. and Mrs. Jim Dorff of Dallas.

Another reason for the unique party was the impending departure of Robert Kelley, who will serve three months in the U.S. Army.

**S&S**  
**THIS WEEK** offers some interesting and inexpensive forms of entertainment, if you're at the right place at the right time.

Mickey McDonald's charm course for career girls (and housewives) should be informative as well as pleasurable. At last count, about 70 women had pre-registered at the Chamber of Commerce, indicating a good crowd expected at Community Center. It only costs \$3 per person and promises to give tips that could result in substantial benefits.

On tap Tuesday night will be the first in a series of travelogue films sponsored by Whiteface Kiwanis Breakfast Club. Slated to begin at 7:30 p.m. in the high school cafeteria, the initial program will feature "Scottish Kilts and Castles," narrated by renowned author, Gary Peterson. Admission to each travelogue costs \$1.33 for each adult and \$.67 per child. Season tickets can also be purchased at \$8 for an adult and \$4 for children.

Garden Beautiful Club's annual tour of homes, which is featured on the front page of this section today, will be held from 2-6 p.m. Friday. One dollar will gain admittance to three beautiful residences and proceeds will bloom on the grounds of the hospital and King's Manor.

**S&S**  
**FM LENDING** a few inches of my column to some people who would like to say a special thank you to the portion of the community who helped a baby boy:

"We would like to say thank you to all the wonderful people who were so concerned about Matthew. Thank you for your support, prayers and gifts. "Your prayers have been answered as Matthew is doing wonderfully. Thank you for showing you care—we will never forget your kindness. "God Bless each of you."

Phil and Tracy Coker  
Flake and Sarah Barber  
Bob and Jeanne Coker

**S&S**  
**ANOTHER PERSONAL ITEM** was contributed by Mrs. Wilbur D. Gibson of 122 Liveoak, who reported that Gabriel "Gaby" Lottner Franz returned to her home in Germany last week. The former foreign exchange student who lived with the Gibson family in 1971 got a chance to visit with the Gibson's daughter and son-in-law, Mr. and Mrs. Gary Mabray of Houston, during her stay.

**S&S**  
**THE RECENT** sorrow which cast a shadow across Glad's Garden Gate was the death of Pink Gilliland last week. Mrs. A.L. Manjoot, who writes the weekly Brand column, requested that a list of out-of-town persons attending the funeral be published. Dr. and Mrs. A. Hope Owen of Plainview attended and he assisted with the service.

Others present included: Payne L. Gilliland and Mrs. Reba Blackburn, both of Cushing, Okla.; Mrs. Tom Wallace, Mrs. Steve Johnston, Mr. and Mrs. Roland Posey and Charles Peterson, all of Amarillo. Mrs. Alberta Harris of Fritch, Mrs. Russell Pogue of Spearman, Mr. and Mrs. Floyd Ross of Lubbock, F.W. Dodson of Otton, Mrs. B.C. Lam of Catlett, Va.

Mrs. J.E. Rexrode and Jim Pinner, both of Lockney, Mr. and Mrs. Bob S. Gilliland of Carpinteria, Calif., Mrs. Laura G. Sells of Grosse Ile, Mich. and Mrs. Mae Hargrave of Kansas City, Mo.

## Mrs. Wagner Is Honoree

Mrs. Alan L. Wagner was honoree at a baby shower given Saturday from 3-4:30 p.m. in the home of Mrs. Gene King, 344 Elm.

The serving table was decorated in colors of yellow, orange and green. The table was laid with a yellow cloth overlaid with white net and featured yellow bows. Centering the table was a flower arrangement of a hanging plant of ivy and daisies which was later presented to the honoree as a gift.

Guests were served cake and orange punch. The cake and napkins carried out a patchwork theme which were used in the invitations.

Miss Rhenales King offered refreshments while Misses Marsalyn King and Trinetta Bowling registered guests.

Assisting her sister opening gifts was Mrs. Carl French of Stratford. Other guests of honor included the honoree's mother and mother-in-law, Mrs. Ray Todd and Mrs. Martin Wagner. Mrs. Robert Wagner, her sister-in-law was also an honored guest.

Assisting Mrs. King with hostess duties were Mmes. Carl Lynn Hollingsworth, Kenneth Hagar, Tommy Bowling and Bill Taylor.

## Westway HD Club Fills Vacancies

Due to a loss in membership, Westway Home Demonstration Club replaced two officers during a business meeting Thursday morning in the James Perkins home on Country Club Drive.

Conducted by County Extension Agent Joyce Shipp, the election resulted in Mrs. Gaylon Bryan being chosen as president, Mrs. Terry Johnson as council delegate and Mrs. Loyd Vaughn as alternate delegate. Additional offices will be filled at the next meeting, Oct. 16 in the home of Mrs. Bill Bookout. At this time, Mrs. Perkins will present a program concerning bathroom care, followed by Mrs. Thad Keyes, who will speak about maintenance of floors.

Using the HD yearbook as a basis, Mrs. Shipp described extension club purposes and outlined future programs. She concluded her address by reviewing basic rules of parliamentary procedure.

Members present were Mmes. C.W. Covington, Bookout, Perkins, Carlton Richardson, Keyes and Blyan. Cynthia Manning was a guest.

## Guests Attend Salad Supper

Prospective members of Palo Duro Extension Club were guests at a salad supper which marked the opening of the new club year recently in Rural Electric Company's Medallion Room.

Guests were Mmes. Wallace Hill, Ed Hammett, Mike Hall, Lynn Brisendine, Richard Lyons and Charles Thomas. Also present was County Extension Agent Joyce Shipp.

Mrs. Mickey Brisendine, president, introduced the club's officers and described the basic purposes and activities in the HD program. The next meeting will be Monday in the State Norvell home, 738 Ave. G.

Members present included Mmes. Brisendine, Norvell, Lynn Fisher and Ted Coleman.

## THE HOME GAME BY VIRGINIA TRUAX

**LAST FLING** — The last long holiday weekend of summer coming up! If a picnic in the country or at the beach is scheduled, why not make a "dunking salad"? Use your choice of cold, crisp raw vegetables and the following sauce: 1 cup sour cream, 1 cup mayonnaise, 3 tablespoons chopped chives, 1 minced garlic clove, 1 teaspoon paprika, and 1 tablespoon each dill weed and fresh lemon juice.

**FOR GOOD MEASURE** — Check the plastic tops on your aerosol spray cans. Many of them hold exactly 1/2 cup and make great measuring cups for canisters, laundry room — any place you might need a measuring scoop.

**NATURAL LOOK** — If you're beginning to collect material for dried arrangements, you'll be interested in knowing a clear plastic spray will keep cattails, bittersweet and poke berries looking natural for years to come.

**COMPOST TIPS** — Salvaging a few items from your trash can will be good news for your compost pile! Human hair, cigar butts and ashes, coffee grounds, tea leaves, potato peelings and hair from dogs and cats all will help nourish the compost.

**SWEET SUBSTITUTE** — If your recipe calls for honey and your cupboard is bare, here is a substitute: 1 cup of sugar plus 1 tablespoon water is equal to 2/3 cup honey.

**TELLTALE SIGNS** — Don't let telltale blouse stains give away the secret only you and your hairdresser know for sure! To get rid of the hair dye, add vinegar to sudsy water, bleach with hydrogen peroxide and then run through wash again.

## FITTING CLASSIC CAR COAT

The classic car coat is one of the most comfortable, serviceable coats ever designed. Patterned after the traditional sailor's short coat, it is time-proven.

Made up in the new corduroy, which is 50 percent cotton and 50 percent polyester, maximum shrinkage 2 percent, you'll have a coat that will last a number of seasons.

In one of the new series of Singer Company booklets, "How To Fit Patterns," there's an excellent sentence: "Fit is the way a garment rests on the body." In this car coat, where the shoulder seamline rests precisely on top of the shoulder, it is important that the coat shoulder stop at the tip of the shoulder. It should not flop down over the connecting bone, distorting both the shoulder line and the way the sleeve hangs.

It is simple to determine whether you need more or less width in the shoulder. This is an area where nothing is added in the pattern in order to allow for "ease." Have a friend measure you from the base of the neck to the tip of the shoulder on both sides. Measure the shoulder line of the pattern from seamline to seamline excluding seam allowances.

If shoulders are narrow: At a point one-third of the way in from the armhole at the top, draw a diagonal line down to a point even with the armhole notch. Continue with a horizontal line across to the armhole notch. Mark front and back pattern sections in the same way.

With courage and a pair of scissors in hand, cut down the diagonal line and through the horizontal line over to, but not through the seam allowance. Lap the edges at the shoulder seam the amount needed to reduce the width of the shoulder. Tape the cut edges. Place the shoulder line over white shelf paper and redraw the shoulder seamline from neck edge to armhole. Tape pattern tissue to the paper.

For broader than average shoulders, draw lines in the same places. Cut and spread the pattern the amount needed. Tape the cut edges over paper and redraw the shoulder line.

It may be that your shoulder line is the same width as the pattern, but that your shoulders have a bit more height at the end. To avoid distortion of the fabric, make the following alteration in the pattern: Place a pencil dot on the pattern tissue two inches in from the top of the armhole. Place another pencil dot one-half inch below the seamline just under the armhole. With a ruler, draw a straight line on the grain from the top dot down to a point opposite the side dot. Draw a connecting line over to the side dot.

Cut along both of the drawn lines. Raise the cut section. Place white paper under the horizontal cut edges. Extend the area the amount needed. Tape horizontal and vertical edges. Redraw the shoulder line on white paper taped to pattern tissue.

If shoulders slope a bit more than average, draw same placement lines. Cut and OVERLAP the horizontal cut edges. Redraw shoulder line.

ILLUSTRATION: Simplicity No. 7139—Misses' jacket and pants—sizes 6 through 16

## Officers Instated

Six Young Homemakers of Texas were placed into office this week as the local YHT chapter kicked off another club season. Current officers are, from left, standing, Mrs. Connie Urbanczyk, reporter; Mrs. Larry Alley, president; Mrs. Mike Solomon, secretary; Mrs. Alan Dunning, vice president; seated, Mrs. Louis Montano, treasurer; Mrs. Ronald Rayburn, parliamentarian.

## ABOUT YOUR HOME

By April Rhodes

If you find your shoes have mildewed, clean with a 50-50 solution of rubbing alcohol and water or saddle soap. Dry in sunlight.

It's time to repot plants to bring indoors for winter. Water thoroughly the day before repotting to loosen the root ball.

One cup of dried beans or peas (an excellent protein substitute) will make two and one-half cups cooked.

When you need an extra large hot dish mat, solve your problem by covering a magazine with kitchen foil.

Let your small children enjoy eating soup by putting the vegetables and meat in a bowl and the liquid in a cup to drink.

As leaves begin to fall, rake them around the base of shrubs and trees to form a protection blanket as the weather gets colder.

Fall is a good time to plant evergreens. They'll have time to establish a good root system before next summer.

## YHT Opens Season With Installation

Employing a patriotic theme, Mrs. Jim Culpepper installed officers of Young Homemakers of Texas Tuesday evening at Caison's Steak House.

Elected leaders for the 1975-76 season are Mrs. Larry Alley, president; Mrs. Alan Dunning, vice president; Mrs. Mike Solomon, secretary; Mrs. Louis Montano, treasurer; Mrs. Connie Urbanczyk, reporter; Mrs. Ronald Rayburn, parliamentarian.

In observance of Young Homemaker of Texas Week, Sept. 21-27, the local chapter will erect a display at Deaf Smith County Library, it was decided.

As a fund-raising project YHT members will sell Del Cerro pecans in Sugarland Mall from 10 a.m.-6 p.m. Saturday. Also, pecans will be available from individual members.

Mrs. Ken Gearn, who will be enrolled as a new member, was a guest.

Others attending the recent meeting were Meses. Joe

Edelmon, David Hill, Bud Kelly, State Norvell, Knox Trammell, Barbara Weatherford, Miss Isabel Pena, Mrs. M.T. Burelsmith, chapter advisor, and Miss Ann Zetsche, chapter Little Sister.

**WOMEN & ASPIRINS**

### Sweet 'n' Fancy Club Launches New Season

Mrs. Mark Koenig, vice president of Sweet 'n' Fancy Decorating Club delegated duties to her fellow members Friday morning in Community center.

Referring to the club yearbook, Mrs. Koenig introduced the new officers who are Mrs. Carl Kleuskens, president; Mrs. Danny Thompson, secretary-reporter-historian; Mrs. Keith Battey, treasurer; Jackie Edwards and Mrs. Mike Adcock, telephone committee;

Mrs. Joel Lytal, courtesy and King's Manor cake.

Mrs. Dale Henson will demonstrate how to place level and frost and cake at the next meeting September 26 when a workshop format will be used. Members should bring cake boards, cakes and frosting. Anyone requiring a babysitter during this and all other Sweet 'n' Fancy meetings should contact Kathy Holmes.

Tea, coffee and pastry were served by Mrs. Koenig.

Sweet 'n' Fancy Decorating Club introduced officers for the 1975-76 season during a meeting Friday morning at Community Center. Serving on the executive board are, from left, Mrs. Carl Kleuskens, president; Mrs. Mark Koenig, vice president and Mrs. Keith Battey, treasurer.

### Leadership Discussed

Leadership was the program topic presented by Mrs. J.G. Gandy to fellow members of Cultural Home Demonstration Club Friday afternoon in Southwestern Public Service Reddy Room. Mrs. John Hunter was hostess.

Each member answered roll with a tip on "how to be a good leader." The opening exercise included a reading "Words Never Die" by Mina Mae Love.

Members present were Mmes. Ira Scott, J.C. Price, M.W. Sumner, Gandy, Love, Grady Parson, Tom Hargrave, Art Lewis, Arthur Dettman, M.H. Wiseman and Ada Houser.

### Favorite Recipes

Since many of you have requested that I include more recipes in this column, I'm sharing some of my favorites, and I'd like for you to share some your "tried and proven" recipes with us.

#### MEAT LOAF

- 1 1/2 lb. ground beef
- 3/4 c. oats, uncooked
- 1/4 c. chopped onion
- 1 1/2 t. salt
- 1/4 t. black pepper
- 1 c. tomato juice
- 1 egg, beaten

Combine all ingredients thoroughly. Pack firmly into an ungreased loaf pan. Bake at 350 degrees F. for 1 hour and 15 minutes.

Let stand 5 minutes before slicing. Serves 8.

#### SPICED PEACH JELLO

- 1 can (1 lb. 13 oz.) sliced peaches
- 1/4 c. vinegar
- 1/2 c. sugar
- 12 whole cloves
- 1/4 t. cinnamon
- 1 (3 oz.) pkg. orange jello
- 3/4 c. cold water

Drain peaches, measuring 3/4 c. syrup. Bring syrup, vinegar, sugar and spices slowly to a boil. Add peaches and simmer 10 minutes.

Strain syrup and discard cloves. Add boiling water (if necessary) to make 1 cup. Dissolve jello in hot syrup. Add cold water and peaches. Chill until firm.

#### QUICK COFFEE CAKE

- 3 cans biscuits
- 1 c. brown sugar
- 1 t. cinnamon
- 1/2 c. chopped nuts
- 1 stick melted oleo

Tear each biscuit into 4 pieces. Melt stick of oleo and add: sugar, cinnamon and nuts. Pour mixture over torn biscuits and stir until each biscuit piece is covered. Bake in a bundt pan at 375 degrees F. for 35 minutes.

#### GREEN BEAN CASSEROLE

- 2 cans French style green beans
- 1/4 t. garlic salt
- 1 small onion, finely chopped
- 1/4 t. salt
- 1/4 t. pepper
- 6 slices bread, crumbled
- 2 sticks oleo, melted
- 1 c. processed cheese, cubed

Form 2 tablespoons of potato mixture around each marshmallow. Roll in bread crumbs, then in egg which has been diluted with milk, then in bread crumbs.

Cook 3 minutes in hot fat. Drain on paper and serve at once with baked apple rings.

Beat potatoes with a little hot milk until they are fluffy but not too soft. Mix in baking powder and seasoning.

Form 2 tablespoons of potato mixture around each marshmallow. Roll in bread crumbs, then in egg which has been diluted with milk, then in bread crumbs.

Cook 3 minutes in hot fat. Drain on paper and serve at once with baked apple rings.

Form 2 tablespoons of potato mixture around each marshmallow. Roll in bread crumbs, then in egg which has been diluted with milk, then in bread crumbs.

Cook 3 minutes in hot fat. Drain on paper and serve at once with baked apple rings.

Form 2 tablespoons of potato mixture around each marshmallow. Roll in bread crumbs, then in egg which has been diluted with milk, then in bread crumbs.

Cook 3 minutes in hot fat. Drain on paper and serve at once with baked apple rings.

Form 2 tablespoons of potato mixture around each marshmallow. Roll in bread crumbs, then in egg which has been diluted with milk, then in bread crumbs.

Cook 3 minutes in hot fat. Drain on paper and serve at once with baked apple rings.

Form 2 tablespoons of potato mixture around each marshmallow. Roll in bread crumbs, then in egg which has been diluted with milk, then in bread crumbs.

Cook 3 minutes in hot fat. Drain on paper and serve at once with baked apple rings.

Form 2 tablespoons of potato mixture around each marshmallow. Roll in bread crumbs, then in egg which has been diluted with milk, then in bread crumbs.

Cook 3 minutes in hot fat. Drain on paper and serve at once with baked apple rings.

Form 2 tablespoons of potato mixture around each marshmallow. Roll in bread crumbs, then in egg which has been diluted with milk, then in bread crumbs.

Cook 3 minutes in hot fat. Drain on paper and serve at once with baked apple rings.

Coat bread crumbs in melted oleo. Drain beans, add onion, garlic salt, pepper and salt and pour into butter casserole dish. Put cheese chunks on top.

Add buttered bread crumbs and bake 350 degrees F. for 15-20 minutes or until cheese is melted.

Maybe you'll enjoy using these recipes as much as we do. These are economical as well as time-saving.

### RECIPES

**By Sarah Anne Sheridan**

Because of their large amounts of starches and sugars, sweet potatoes yield about one-third more energy value than white potatoes.

One medium-sized deep yellow sweet potato will supply the normal person's daily need of vitamin A.

**Baked Sweet Potatoes**

Select potatoes of uniform size for baking. Wash and trim off ends. Grease skins slightly.

Put potatoes in a pan and bake slowly. Turn once during baking. Butter generously when eating.

**Sweet Potato Secrets**

- 1 c cold mashed sweet potatoes
- 1 T milk
- Salt and pepper
- 1 t baking powder
- 12 marshmallows
- Fine dry bread crumbs
- 2 eggs beaten

Beat potatoes with a little hot milk until they are fluffy but not too soft. Mix in baking powder and seasoning.

Form 2 tablespoons of potato mixture around each marshmallow. Roll in bread crumbs, then in egg which has been diluted with milk, then in bread crumbs.

Cook 3 minutes in hot fat. Drain on paper and serve at once with baked apple rings.

Form 2 tablespoons of potato mixture around each marshmallow. Roll in bread crumbs, then in egg which has been diluted with milk, then in bread crumbs.

Cook 3 minutes in hot fat. Drain on paper and serve at once with baked apple rings.

Form 2 tablespoons of potato mixture around each marshmallow. Roll in bread crumbs, then in egg which has been diluted with milk, then in bread crumbs.

Cook 3 minutes in hot fat. Drain on paper and serve at once with baked apple rings.

Form 2 tablespoons of potato mixture around each marshmallow. Roll in bread crumbs, then in egg which has been diluted with milk, then in bread crumbs.

Cook 3 minutes in hot fat. Drain on paper and serve at once with baked apple rings.

Form 2 tablespoons of potato mixture around each marshmallow. Roll in bread crumbs, then in egg which has been diluted with milk, then in bread crumbs.

Cook 3 minutes in hot fat. Drain on paper and serve at once with baked apple rings.

Form 2 tablespoons of potato mixture around each marshmallow. Roll in bread crumbs, then in egg which has been diluted with milk, then in bread crumbs.

## SAWO Adds Members

Three new members were added to the roll of St. Anthony's Women's Organization during the first fall meeting Thursday in St. Anthony's parish school cafeteria.

Welcomed into the organization by 60 members were Mmes. Augustine Alvarado,

Ralph Warren and Paul Loerwald.

Mrs. James Paetzold introduced guest speaker Mrs. Jordan Grooms, who described the numerous madonna figurines which she has collected in her travels. Her collection includes 109 statuettes.

"Only Through Christ Are We Free" was the theme conveyed in SAWO yearbooks which were distributed during the salad supper. Mrs. Robert Diller, new president, officiated during business and called for reports from unit chairmen, who outlined duties of various committees.

It was announced that the Right to Life committee has

erected a third billboard in this community.

Congratulations were extended to members who celebrated birthdays or anniversaries during the month of September. Mrs. Ray Behrend won the door prize.

Mmes. Larry Walterschiod, Joe Schulte, Paul Aguirre and Esidore Reinart were hostesses to members and their husbands.

## Hospital Notes

### PATIENTS IN THE HOSPITAL

John Boatman, Clovis; Mrs. Johnny Bridges, Hereford; Joe Brozman, Rt. 1; Erma Carrillo, Adrian; Mrs. Joe Castillo, 823 Irving; Mrs. Joe Cisneros, 118 Fuller.

Lothie Clark, 107 Centre; Mrs. Marvin Davis, Rt. 5; Mrs. Lindell Fisher, 706 Cherokee; Robert Fullwood, 206 McKinley; Mrs. Jack Grady, 116 Ave. J.

Cecil Gray, 616 Ave. I; Pedro Lafuente Jr., 600 Ave. F; Mrs. Esther Lucero, Friona; Daniel McCaslin, 328 Ave. J; Mrs. Glenn Michael, 118 Douglas; Mrs. Gaylord Newell, 123 Liveoak; Mrs. U.V. Pierce, 216 Fir.

Mrs. Jimmie Priest, 502 Sycamore; Mrs. Lena Pryor, Hereford; Mrs. Wayne Reinart, 516-B Ave. G; Roden Sanders, 434 Ave. C; Mrs. Billy Stokes, Hereford; Bobby Stowers, Hereford; Maudie Trotters, 905 E. 2nd; Durward Vandever, Star Rt.; Mrs. Julia Welty, 206 Cottage Dr.

Mrs. Rosendo Lara, H.B. Whittington, Mrs. Neal Lueb, Mrs. Richard Williams, Deward Adams, Anna L. Betzen, Mrs. Morris L. Blankenship, Mrs. Richard Bull, Sammie Cates, Mrs. W.A. Estes, Ronald Fetsch, Mrs. Eljio H. Garcia, Martin Olivo, Charles Rector, Mrs. Carl Ross, Mrs. Alvin Sauter.

There're many teachers who know the difference between teaching and learning, but who can't teach.

## Christmas Tour Slated By Club

Preliminary plans for La Madre Mia Study Club's annual Christmas Tour of Homes and Bazaar were made when members met Thursday morning in the James Gentry home in Yucca Hills.

The breakfast denoted the traditional start of the club's new season and Mrs. Dean Herring, president, officiated as 1975-76 president. It was decided during the business discussion that the tour and bazaar, which is a major ways and means project for the organization, will be held from 2-5 p.m. November 30. Tour homes, which have not yet been chosen, will be decorated by Flowers West and Park Avenue Florist.

In conjunction with the upcoming Bicentennial observance, the Gentry home was decorated in red, white and blue. New La Madre Mia yearbooks marked each member's place at the tables. The

yearbook committee, who were hostesses, is coordinated by Mrs. Charles Watson. They include Mmes. Herring, Dickie Gerles, Gentry and Bud Snyder.

Mrs. O.P. Blackwell of Groom, the mother of Mrs. Herschel Black, was recognized as a guest by these members in attendance.

Mmes. Charles Frye, Wayne Lady, Gerald Martin, Dwight McGee, Bobby Owen, Stanley Simmons, Craig Smith, W.E. Sparks, Don Taylor and Kay Ward.

Also, Mmes. Watson, Roger Williams, Don Walser, Doug Bartlett, C.D. Adams, Jimmy Anderson and Waldo Baxter.

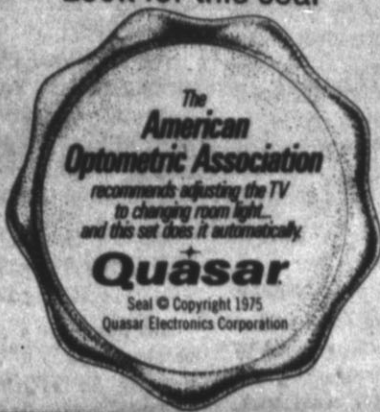

The easiest way to finish a hard job is to get to work. After the start is made the finish is near at hand.

## Betrothal Announced

The engagement of Miss Pamela Jo Smith and Dennis Brown has been announced by her parents, Mr. and Mrs. Lloyd Smith, 201 Star. The prospective bridegroom is the son of Mr. and Mrs. Ernest Brown, who reside west of Hereford. The couple will be married in First Baptist Church November 21. A 1974 graduate of Hereford High School, Miss Smith is employed by Oglesby Equipment. Her fiancé graduated from HHS in May and is engaged in farming with his father.

## Gardeners Review Autumn Projects

Hereford Garden Club members reviewed autumn projects during their first meeting of the new season Friday afternoon in Hereford Garden Center, Park Avenue and 9th. Mmes. O.G. Hill Sr., D.N. Garner and R.L. Wilson were hostesses.

Mrs. Hill, president, moderated the business discussion. Definite decisions concerning a fall plant sale were tabled pending the return of the project chairman, Mrs. Aaron Hutto. Mrs. W.C. Hromas, who is coordinating the annual HGC

bazaar, stated that the event is scheduled in early November. Mrs. L.W. Norvell outlined landscaping plans for the Garden Center during the first part of the program.

Mrs. H.R. Cocanougher was cited as a new member by those in attendance, who included Mmes. Lemons, W.S. Fluit, S.S. Williams, J.N. Jacobsen Jr., G.W. Newsom, Jeff Roberson, Hromas, Art Stoy, R.L. Ethridge and Norvell.

The next meeting will be in the home of Mrs. R.W. Mitchell on October 10.

## Interviews Slated For Pageant Teens

Miss Texas Teen-Ager, Jans Collard, and Miss Cappy Munday, the state director, will be touring the state for the purpose of interviewing young women for the 1975 Texas National Teen-Ager Pageant.

All interviews will be held from 5-9 p.m. at Holiday Inns beginning Tuesday at the Dallas Central Holiday Inn, Wednesday at the Huntsville Holiday Inn, Thursday at the Houston Astroworld Holiday Inn and Friday at the Emerald Beach Holiday Inn, Corpus Christi. Students who are between the ages of 13 and 17 and have at least a "B" average in school are invited to apply.

The Texas National Teen-Ager Pageant is the official state finals to the Miss National Teen-Ager Pageant to be held in Atlanta, Ga. in August of 1976. The Texas state finals will be

held in March of 1976 at Astroworld in Houston.

Contestants will be judged on scholastic achievement, leadership, poise, personality and beauty. Each contestant will be required to write a 100-word essay on the subject, "What's Right About America." The winner will receive a scholarship, an all-expense paid trip to compete in the national pageant and other prizes.

Those who are unable to attend an interview may obtain further information by writing Miss Cappy Munday, state director, P.O. Box 99, Penwood Place, Lithonia, Ga. 30058 or call 404-981-7530.

Lions Club Ladies Night, Civic Club Center, 7:30 p.m.

### FRIDAY

Bud to Blossom Garden Club

## By The Garden Gate With Glad

By Gladys Manjeot

In the cool, cool part of a summer morning it is a delightful time to visit the garden. Even the rustle of fallen leaves marks our steps and the promise of cool weather spurs one on to finish the tasks started in the garden.

September is the month on our calendar to take care of the tasks related to harvesting, canning and preserving foods for winter. We should also check the perennials and if they need to be thinned and transplanted, this is an ideal time to do so. Also, seeds for certain flowers and quick maturing vegetables should be planted. (Am hoping to get the Blue Bonnet and Pansy seeds planted, this week.)

It is really a joy and a challenging task to prepare the soil and place the seeds in the trenches prepared for them, and then to give them a drink of cool water...all of which is to give them a good start.

One of the added joys of summer was giving a helping hand in the selecting, preparing and planting of the lovely garden flowers which were used at Martha McBride's wedding. I have never seen lovelier home-grown flowers (thanks to Mr. McB).

Guests who attended this beautiful and effective occasion can vouch for the beauty and quality of the home-grown flowers. They were used in her bridal bouquet, as well as for decor. Some of the choice selections were treated and used on the bridal cake. Do not ever tell me home gardening is not a joy and can bring happiness and satisfaction, as well as the floral shop flowers.

I just wish that I had such excellent specimens growing in my own garden, so that I would have some Blue Ribbon winners in the fall flower shows, which

in Southwestern Public Service Reddy Room, 9:30 a.m.

Patriarchs Militant and Auxiliary, IOOF Hall, 8 p.m.

Kiwanis Whiteface Breakfast Club, Dickies Restaurant, 6:30 a.m.

Duplicate Bridge Club at 309 Western, 7:30 p.m.

Story hour for children, grades 1-4, at Deaf Smith County Library, 4-4:45 p.m.

are now being planned. (One of these schedules has brought me unmeasurable joy and happiness...more about this later when publicity is started.)

Mrs. O.G. Hill Sr., Mrs. R.L. Ethridge and I were judges for the fall flower show staged in Dimmitt last Saturday. As usual, Dimmitt gardeners, made a good showing. New introductions were shown and also hanging baskets (which are the real "THING" now days) and terrariums. Some of their winners showed good horticulture practices.

**KEEPING STEP:** All of the garden clubs in The National Council of Garden Clubs Inc., will be participating in the project proposed by the new National G.C. president, Mrs. Vernon L. Conner. She has announced the fourth Bicentennial project, which is to be nationwide. It is an Arbor Day tree planting program.

The theme is to be "Keep America's Ideas Deep-Rooted—plant a Liberty Tree." A resolution sent to the Honorable Gerald Ford, President of the United States, was endorsed by each state federation's president (Mrs. Lee Coll, of Lubbock, is president of Texas Garden Clubs, Inc.) The President was asked to declare Arbor Day 1976 as "Liberty Tree Planting Day".

All are hoping this will be endorsed by the President of the U.S. and by each State Governor. Keep this information in mind and be a part of Planting a Liberty Tree, thus placing emphasis on Liberty Tree Planting Day of 1976.

Ours is a great nation and a tremendous price has been paid to bring us thus far. It is time we all humbly gave thanks to God for our country and become reawakened to the fact that it takes us all to make it a truly great nation.

A patriotic hurray for our Bicentennial birthday can become a roar when shouted in unison. So, altogether we can share in digging a hole with shoulder labor, then place a free of liberty with vows of renewed patriotic fervor. Carefully cover the roots with understanding love of neighbor, water with tears from laughter and Thanksgiving!

Then, some day sit in the shade of all security and freedom, underneath our country—our liberty tree!

**CAUTION:** Some have reported to me that they are having trouble with their trees. I too have had one of my choice trees lose its luster and the leaves are falling. There is a possibility that mites have taken their toll.

This can also happen to our lawns, so some preventive measures must be taken at once. This is also the month when the damage of grub worms shows up; many lawns should be sprayed or treated for those enemies and for foreign grasses and dandelions. This is the right time to spray to kill dandelions, grasses, and weeds. It is most important that lawns go into the winter well fortified and in top condition.

**CAUTION:** Do not neglect to water roses, shrubs and other garden plants. The soil is very dry and, in some places has large cracks, which show how extremely dry it is. Proper care and right maintenance will give them a new boost and promote fall flowering and strong plants.

Have just received a request on how to identify and treat grubs. Signs are patches of dead lawn that can be lifted in one piece. The grubs will be underneath this patch. To get rid of them and prevent future grub problems use Chlordane Spray. Before application, the soil should be damp and then the application of Chlordane sprayed on the infested spaces (generously). However, follow directions carefully and when you have finished the treatment, destroy the container the Chlordane came in and thoroughly clean equipment used.

**CONGRATULATIONS** to the winner of the beauty spot award this last month. It is one of my joys to go searching for beauty spots and, believe me, there are many of them in Hereford.

The roses and petunias at the Flood home have been lovely for months and there is always an air about the premises of "Tender Loving Care." This wonderful couple are senior citizens and they take pride in their grounds and home. Great citizens.

It is also delightful to find well-groomed, clean, neat and well-planted places in business areas. The spot selected this month had all of these attributes. Is good to drive by and note their interest and progress.

The committee and chairman of this beauty spot contest carefully check for good horticultural practices, landscaping design, color harmony, relationship architecturally, cleanliness (alleys and overall appearance) and created beauty.

This has been a choice year for geraniums. A very lovely planting is at the Robert Wagener home, 115 Centre. The S.H. Sides, 119 Centre, also have a very beautiful planting.

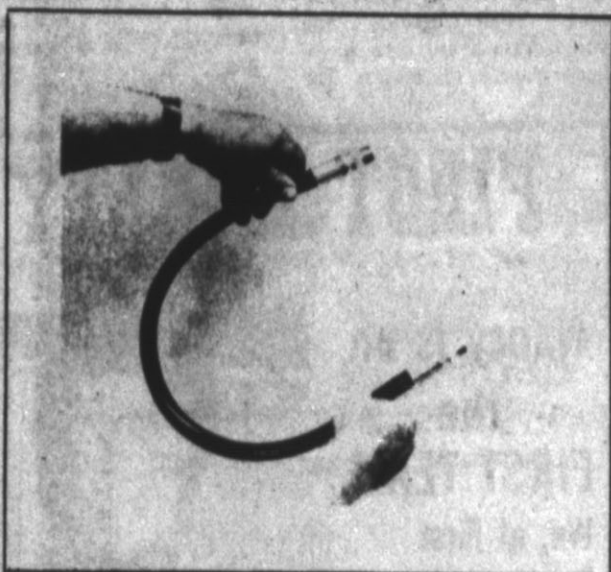

There are other many outstanding plantings in town; search them out and let me know some of your selections.

**THERE IS BEAUTY** in the fields also. The sunflower crop is maturing and it has been interesting to me, as well as beautiful, while in flower. This is practically a new crop for our area and we should inform ourselves about it. We can also hope that it will prove satisfactory in many ways.

Have just answered a phone call from a dear garden friend, asking how to prepare the sunflower seed for eating. They are delicious toasted. Chemists find they have good food value, and it is the hope that someday a cure for cancer may be found in the sunflower. I am learning to like them. This morning, as I poured my breakfast cereal, I noted many sunflower seeds in it, as well as other goodies, which are health food.

**CAUTION:** Do not neglect to water roses, shrubs and other garden plants. The soil is very dry and, in some places has large cracks, which show how extremely dry it is. Proper care and right maintenance will give them a new boost and promote fall flowering and strong plants.

Have just received a request on how to identify and treat grubs. Signs are patches of dead lawn that can be lifted in one piece. The grubs will be underneath this patch. To get rid of them and prevent future grub problems use Chlordane Spray. Before application, the soil should be damp and then the application of Chlordane sprayed on the infested spaces (generously). However, follow directions carefully and when you have finished the treatment, destroy the container the Chlordane came in and thoroughly clean equipment used.

# BESWITCHED TO ELECTRIC HEAT

Whichever electric heating system you choose for your home, we know you'll be amazed at how practical it is. Electric heating is clean, quiet and environmentally-sound because it's 100% efficient at the point of use. The best feature of electric heating is you'll enjoy it for years to come because electric heating will be as modern tomorrow as it is today. And now, it's possible to meet your heating and cooling needs with one unit, one thermostat setting, no matter what season of the year it is. Sound like magic? No, it's the heat pump. We'll be glad to tell you all about it. Call us this week.

**IT'S NOT MAGIC...IT JUST ACTS THAT WAY**

ENERGY EFFICIENCY ALLOWANCE

We, at Southwestern, are interested in your getting the most for your energy dollar. That's why we're offering an Energy Efficiency insulation allowance to our customers in existing homes who install electric comfort heating. Ask us about it.

# Comings And Goings At King's Manor

By FAY GAUGGEL

## "TRAVELING TRIO" REPORT (ON NOVA SCOTIA TOUR)

On Monday evening, King's Manor's "Traveling Trio", Evadne Cox, Lucile Naylor and Ruby Stevenson, reported on their last trip by showing slides and narrating them. It was another Continental Trailways affair. There were 40 in the group, who covered 6,500 miles, touched 22 states and two provinces, New Brunswick and Nova Scotia.

Evadne manipulated slides and narrated them, often calling on Lucile (former history teacher) to help narrate. Ruby had been assigned by Continental Trailways at the beginning of the trip to plan a program for the end of the tour which would summarize highlights of the entire tour. She did the same for us before the slides were shown.

On the way, with Nova Scotia as a goal, they ate farewell dinner in Arkansas. The Arch in St. Louis was their "Gateway to the West." En route, interesting places were the Amish in Pennsylvania where they partook of that famous food, Hyde Park (Roosevelt and Vanderbilt homes), Historic Gettysburg, Arlington National Cemetery and Williamsburg. They saw the Mayflower, Plymouth Rock, Old North Church, and memorabilia of Miles Standish and Priscilla. They heard the Grand Ole Opry.

Finally from Maine into the U.S. Harbor at Halifax, their destination. The girls said crops were lovely all over the U.S. but 'twas bone dry in Nova Scotia and folk there were conserving water. Nova Scotia is a fishing area with special pictorial countryside—"Peggy's Cove" was lovely where interesting rocks still bear marks of the ice age.

The Grand Pre area is immortalized by H.W. Longfellow's poem, Evangeline, nucleus of interest, of course. Is there a student of early high school years who doesn't recall weeping perhaps over poor Evangeline and Benedict who on the very eve of their marriage were separated when the British set fires to Grand Pre so that the Acadian population were rushed into embarking boats which drifted to various foreign shores—particularly to New Orleans, Louisiana. Alas, the lovers were hurried into separate boats. When Evangeline finally found Benedict in Louisiana, he was dying.

When these Acadians lived in Louisiana their name was changed to "Cajans" by Negro creole, Indian and mixed marriages. These "Cajans" today occupy the bayous of Louisiana.

Our trio visited the Evangeline park surrounding the St. Charles Church (now a museum). In the park is a statue of Evangeline which depicts one side of her face as being young and the other aged.

The girls said the Bicentennial crowds made for long awaiting lines and other discomforts. But we hope the

uplift of patriotic thrills made up for the difficulties.

We feel three friends were great ambassadors in representing us as "Ungly Americans" abroad.

## ALICE WARD CIRCLE

Recently the Alice Ward Circle of Hereford U.M.W. met in the Lamar Memorial Garden room with Chairperson Tpyoce Hanna presiding. Our financial balance was brought up to date and decisions were voted on as to where to place clothing collected by members.

Mrs. Claude McGowen reported on collection items from garage sales. These collections go to M.E.T. (Manpower, Education Training Inc.).

Report was made of cards sent by chairperson, Alma Cross and other cards were signed by all for Mrs. Cross to mail.

The program was given by Fay Gauggel. She and Mrs. Davidson sang a story of conversion in Africa. It was the familiar Cum Bah Ya (Lord, Come by here) Mrs. Don explained the sequence of the four stanzas. The song set the stage for the topic of the talk which was "Global Living Here and Now." The topic being so large and general could have entailed hours of study. So after some general observations, the speaker narrowed our thinking down to North America with special emphasis on the U.S.A.

Her aim was to have us analyze our own actions as a nation toward World Neighbors.

She pointed out what she considered both good and bad in our world relations, allowing each hearer to decide for herself. It was an effort to bring each of us to a stage of self-searching in hopes that we may continue and improve actions we consider as Christian and avoid our mistakes of the

past. The main theme, repeated often, was that each blessing America has had goes with a proportionate responsibility to use these blessings as Christian stewards for our Lord's World Work.

There were 20 members present. The session closed with prayer.

A granddaughter of Mr. and Mrs. Bob Jackson, Cynthia Kell and Shannon Marie 3-month-old great-great grandchild from Austin, flew here to visit the Jacksons on Monday of the past week.

Mrs. John Irwin of Tulsa, Okla. visited Mrs. Ardin Stamper this past weekend. Mrs. Irwin and Mrs. Stamper went to Canyon on Saturday to visit the Frank Morgans.

The J.R. Stevensons had a delightful Labor Day weekend with friends in Dallas. They heard the tremendous musical "Let Freedom Ring" by the 60 voice choir and full orchestra of First Baptist Church.

## Teen Leaders Hold Meeting

Members of the 4-H teen leaders met Monday to form committees and discuss summer camps.

Named to the Tri-State Fair booth committee were Britt Hicks, chairman, Wes Strain, Melody Kendrick and Micki Merritt.

Britt Hicks and Cindy Stokesberry were named to the banquet committee and members also made plans for National 4-H week, with Rhonda Hager, Geni Welty, Steve Douglas, Gary Jones, Micki Merritt and Frankie Wells named to that committee.

Frankie Wells discussed the summer camp in Washington D.C. and Micki Merritt spoke on the ecology conference.

Sandee Finley gave a presentation on TSTI and Randy Fellers spoke on Roundup.

The 4-H Congress was discussed by JoAnn Wagner and Rhonda Hager spoke on the electric camp.

The district council meeting was discussed by Wes Strain and Melody Kendrick spoke on a swimming party.

During the meeting, Sam

Fiesta Attire

On display at the Deaf Smith County Museum this month is the gown worn by Miss Diana Torres when she was crowned Fiesta Queen in 1973. She passed the crown and scepter on to Miss Angeline Guillen in 1974 and Miss Corina Cervantez was crowned Friday evening during Fiesta festivities. Each coronation gown is designed to suit the queen who will wear it and the gown belongs to her. The robe, which is red velvet trimmed in white fur and sequins, crown and scepter are traditional and are worn by each queen in turn. The queen is escorted by a gentleman dressed in Charro costume.

Finley was chosen as alternate Council delegate.

Those attending included Randy Fellers, Micki Merritt, Geni Welty, Cindy Stokesberry, Jo Ann Wagner, Sherry Strain, Sandee Finley, Will Fellers, Britt Hicks, Terry Barrier, Sam Finley, Steve Douglas, Rhonda Hager, Frankie Wells, Wes Strain, Gary Jones, Melody Kendrick and Qunita Kendrick.

Your church is still open every Sunday, if you haven't noticed.

## School Menus

### PUBLIC SCHOOLS

MONDAY—Raviola casserole with beef and cheese, candied yams, green beans, applesauce, hot rolls and butter, milk.

TUESDAY—Western beans, mixed greens, buttered carrots, Jello with fruit and topping, cornbread and butter, milk.

# 'Loose Caboose' Serves As Unique Retreat

By LAVON NIEMAN  
Brand News Staff

People of this area might do a double-take as they drive down Holly Sugar Road southeast of Hereford. Just off a railroad siding near Summerfield Fertilizer, a bright shiny red "loose caboose" is bound to catch your eye.

Your first notion of a railroad caboose is probably a silly-looking object that wobbles along at the end of the train, smoke wafting from the roof. Inside is a litter of lanterns and signal flags, and a clutch of grizzled railroaders sitting on their bunks: cursing the engineer. His jerky hand at the throttle is causing the coffee and the mulligan stew to slosh off the pot bellied stove.

But not so with Harlan VanderZee's caboose. It has colorful wallpaper, newly upholstered bunks used for sitting or sleeping, and a high-low red tweed carpet throughout.

Under VanderZee's guidance the antiquated wooden caboose has undergone a complete remodeling job which changed its dreary, dirty interior into a

thing of beauty.

The total electric "home away from home" is equipped with electric heating units, air conditioning, range, refrigerator, vent fan and hot water heater. VanderZee says his electric bill from Deaf Smith Electric Cooperative sometimes gets as high as \$3 a month.

Built in 1905, the Forth Worth & Denver caboose was last overhauled in 1960. The Hereford State Bank president bought two cabooses in February of 1971—one for him and the other for his mother-in-law, Mrs. R.T. "Dick" O'Daniel, at Tulla.

VanderZee paid \$1,300 each for the two cabooses and was a bit disappointed he didn't get down to money talk several days earlier, because another party got into the bidding, pushed the price up some and finally got one of three cabooses that Bill Hughes of Amarillo had up for sale.

"But don't tell people how much I paid. They'll think I'm crazy," he pleaded.

At one time, railroads used to burn their cabooses when they got old. The they discovered

people would pay money for them, and the price for them has gradually risen with demand.

Many of the new caboose owners are purists who shun such improvements as the VanderZees have made and demand that their cabooses be in rustic, ramshackle condition. After all, cabooses once were known as "crummies" for their run-down appearance.

On the other hand, many cabooses are being used across the nation as business enterprises. An auto dealer in Denver bought nine cabooses to be used as 20-seat restaurant bars at ski resorts and other vacation spots in the Rocky Mountains. A Syracuse restaurateur uses cabooses for a chain of fish and chip eating places. The Red Caboose Lodge, a track-side motel, is located in Strasburg, Pa.

FW&D Number 26, the VanderZee caboose is 8 1/2 feet wide by 34 feet in length. When they bought the wooden caboose, which is unique because only metal ones are used now, all they had were big bunks along each side, a tin box for coal, an ice chest, a rusted

tin water tank and a pot bellied stove.

The re-decorated walls are papered with bright red bandana patterned wallpaper with matching material on the bunks. The bandana theme was used to depict the idea of the red bandana railroaders wear. Big red throw pillows are used on the bunks for comfort while watching television or listening to the stereo sound system.

The iron rail down the center of the ceiling of the caboose was removed and replaced with a white textured ceiling. "The rail looked dangerous to us, since we are a 'tall' family,"

Mrs. VanderZee said. They have two sons, Dirk, who is a senior at Hereford High School, and Dan, who is a sophomore at Southwest Texas State University at San Marcos. Dan stands six feet, seven inches.

The caboose has charms that would be hard to duplicate. What other type of home, for example, has a sunny cupola between the living area and the kitchen?

From here the trainmen used to watch the tracks and the journal boxes to see that all was well. Now the cupola is carpeted with bright green carpet on the floor and ceiling

with a wallpaper of colorful trains. The cupola area can be reached by climbing iron rungs covered with green carpet. Below the cupola is a pantry, a closet and the hot water heater.

The tiny bathroom is complete with a shower, commode and lavatory. Walls and floor of the bathroom are covered with white tergoil.

The kitchen is small, but complete with a sink, cabinets for pots, pans and dishes, a two-burner range and a refrigerator.

A Formica-covered snack bar was built down one side of the living area with four bar stools

for seating.

The pot bellied stove, which came with the caboose, has been repainted and adds charm to the caboose. Last Christmas, the VanderZees found a full bucket of cow chips tied with a big red ribbon on the stove. A gift from the landlords at Summerfield Fertilizer, Rocky Lee and Bobby Owens.

Also adding to the decor are paintings with a railroad theme, a bottle collection and many antiques collected from the railroads. Mrs. VanderZee commented if Harlan kept adding to the collection, it would soon look like a museum. One

bottle in the collection is a snuff bottle that was used on the end of the passenger cars.

When VanderZee was asked why he bought the caboose, he said he hopes someday to move it near a body of water in South Texas. "And besides," he said, "everybody has got to have a few vices."

Progress isn't achieved by following the crowd.

It's easier to utter brave words than to live a brave life.

Cozy Caboose

Who could ask for a cozier second home than this bright red caboose from days gone by?

Original Stove

Harlan VanderZee fires up antique pot-bellied stove with "organic fuel" supplied by his landlords.

Living Area

Harlan VanderZee shows off renovated living area in his "loose caboose." Pot-bellied stove and wooden ice box are all that remain of original equipment. Railroad memorabilia adds atmosphere.

Time for Relaxing

Mr. and Mrs. Harlan VanderZee relax on bunks in attractively remodeled interior of their unique "retreat" near Hereford.

## UNDERSTANDING ALCOHOLISM

A health column provided by the Hereford Mental Health and Mental Retardation Center

### Alcoholism: The Continuing Task

Progress has been made in coping with the many problems related to the excessive use of alcohol, but much remains to be done. This is obvious when we observe that:

- Probably fewer than 10 percent of the nation's alcoholic people are receiving the treatment they need.
- Less than half of the nation's hospitals will admit

patients with a primary diagnosis of alcoholism.

- Most communities continue to jail acutely intoxicated people without referring them to treatment for an overdose of a drug. (Alcohol is a drug.)

- A great majority of health professionals remain unwilling to accept responsibility for the treatment of alcoholic people.

Other measures of our alcohol-related problems are the numbers of people involved. For example:

- An estimated 9 million Americans suffer from alcoholism.

- The most recent estimates indicate that 1 of every 3 alcoholic Americans is a

woman, up from 1 in 6 ten years ago.

- At least 4 other persons are affected by the behavior of each problem drinker.

- Forty percent of all fatal automobile accidents are related to the misuse of alcohol.

The cost of alcoholism is high in economic as well as human terms: It is estimated that \$25 billion is lost to the economy each year because of alcohol misuse.

Problem drinking is on a sharp upswing among our youth, with indicators showing that the use of alcohol is reaching into ever lower age brackets.

Clearly, we face a continuing task of challenging proportions as we seek to promote a more intelligent and responsible use of alcohol in this country.

The Federal Government supports research and programs to aid in coping with the complex problems in this field. Through these activities it seeks to serve as a catalyst to the States, local communities, volunteer groups, and individuals who initiate and support their own community-oriented activities for preventing and reducing alcohol problems.

An informed, aroused public is perhaps the most important continuing need in the fight against alcoholism. For more information, write to the National Institute on Alcohol Abuse and Alcoholism, ADAMHA, P.O. Box 2345, Rockville, Maryland 20852.

# Academy Is Accepting Applications

The United States Coast Guard Academy has announced that it is now accepting and processing applications for appointment as Cadet, U.S. Coast Guard, Class of 1980. This year for the first time applications are being accepted from women. Appointments to the Coast Guard Academy are tendered solely on the basis of an annual nationwide competition with no congressional appointments or geographical quotas. Applications for appointment must be submitted to the Director of Admissions, U.S. Coast Guard Academy, prior to December 15, 1975. Candidates must arrange to participate in either the College Board Scholastic Aptitude Test (SAT) or American College Testing Assessment (ACT) prior to or including the December 1975 Administration. The competition for appointment as Cadet is based on the candidate's high school rank, performance on either the SAT or ACT, and leadership potential as demonstrated by participation in high school extra-curricular activities, community affairs or part-time employment. Most successful candidates rank in the top quarter of their high school class and demonstrate proficiency in both the mathematical and applied science

fields. To qualify for the competition, an applicant must be unmarried and must have reached the age of 17 but not 22 by July 1, 1976. All applicants must be assured of high school graduation by June 30, 1976. Applicants must have completed three units in English, and three in mathematics including algebra and plane or coordinate geometry or their equivalents, and must fulfill the basic physical and moral requirements.

Coast Guard cadets obtain an undergraduate education at no personal cost. In addition, they receive pay and allowances adequate to fulfill their ordinary living expenses. The constantly updated Academy curriculum offers nine majors which include: electrical, civil, ocean and marine engineering; marine science, mathematical sciences, physical sciences; management; and government. These areas of academic interest, combined with the varied elective courses, establish a solid foundation for a challenging career. Graduates of the Academy are awarded a Bachelor of Science degree and are commissioned as Ensign in the United States Coast Guard. Selected officers may pursue further postgraduate education and specialized training in many

leading civilian and military graduate or professional schools in such fields as aviation, business administration, electronics, engineering, law, and oceanography.

The young Academy graduate can look forward to a varied, exciting, and demanding career as a regular Coast Guard Officer. The Coast Guard performs essential humanitarian

missions vital to the safety and saving of lives at sea. Under the auspices of the Department of Transportation, the Coast Guard establishes and coordinates search and rescue operations by ship and plane, maintains advanced electronic and other aids to navigation scattered around the globe, operates the icebreakers which clear the way for all polar

expeditions, and enforces marine law and all aspects of Merchant Marine safety. In addition, the Coast Guard has responsibility for boating safety and marine environmental protection.

Applications and additional information may be obtained by writing to: Director of Admissions, United States Coast Guard Academy, New London, Connecticut 06320.

## THE SCIENTISTS TELL ME ...

By Robert L. Haney, Science Writer  
The Texas Agricultural Experiment Station

### Texas Vegetable Production Shows Great Potential

Wouldn't you like to grow a tomato that could go ahead and produce when other varieties quit in the hot summer? Or a cucumber that would yield twice as much as the previous most popular commercial variety?

These aren't a gardener's daydream, but recent developments from your Texas Agricultural Experiment Station (TAES). Scientists there are busy in different sections of the state improving production practices to increase the yield per acre. Or they're breeding better varieties to improve resistance to extreme temperatures (too hot or too cold), disease, or insects.

A shortage of labor willing to help produce and harvest vegetables like tomatoes, onions and cucumbers all but put some growers out of the vegetable business. Or where labor was available, it was so expensive that the resultant cost of the product drove buyers away.

In recent years, Experiment Station engineers and plant breeders have designed machines to harvest such crops and bred plants that are machine harvestable. This helps deliver to consumers an increased quantity of vegetables, of better quality, and helps hold down the retail cost.

Vegetables, whether fresh, frozen or canned, are in great demand in Texas. They're now grown on 250,000 acres and bring growers more than \$200 million a year.

An industry this size generates substantial additional agri-business such as fertilizer, weed and insect-control chemicals, machinery, fuel, etc., as well as in processing and handling of the crop. All this is an additional boost to the Texas economy.

Nationally, Texas is number one in production of cabbage, spinach, and watermelons; number two in production of cantaloupes, carrots, and onions; and, third in overall production of fresh

market vegetables.

Over 30 different vegetable crops are produced in the state. Experiment Station researchers say they expect to see increased acreages in Texas since improved technology and intensified production practices favor us. Our long growing seasons, fertile and well-drained soils, and availability of irrigation are additional advantages.

Onions and pickling cucumbers seem to have the greatest potential for increased acreage, according to Dr. Leonard Pike, coordinator of vegetable research for TAES.

"New varieties, adapted to machine harvest, will give Texas an advantage over northern regions", Pike says, "because of a longer season that makes feasible two or even three crops a year."

"Major vegetable expansion is expected in the Lower Valley, Winter Garden, High Plains, and river flood plains."

"Present coordinated research efforts, on onions, tomatoes and pickling cucumbers and between various groups in industry and Experiment Station researchers, demonstrate that increased production of machine harvestable vegetables can be achieved," Pike says.

For example, TAES cucumber research by Pike produced the TAMU Triple Cross hybrid which is high yielding and disease resistant. Compared with the previous widely-grown commercial variety, the Triple Cross delivers twice the yield per acre (7,700 pounds vs. 4,000 pounds). And, in some areas, it can be triple cropped (three crops grown in a single growing season.)

The Saladette tomato is a hardy, disease-resistant variety developed by TAES Horticulturist Paul Leeper. This tomato is not only machine harvestable but also is capable of bearing in hot weather. That's vital to production in Texas.

Other researchers are developing better onions,

black-eyed peas, cantaloupes, Irish potatoes, carrots, lettuce and other vegetables. And they're working on better ways to grow, harvest and market them. The results of their research are made available as rapidly as possible. New varieties are usually made available to commercial nurseries to multiply for general use.

Improved methods developed by TAES in producing, harvesting, or marketing vegetables are made available to your Texas Agricultural Extension Service. This agency has the responsibility and facilities to rapidly and efficiently convey such information to producers and the general public.

So if you have any doubt about whether you're planting adapted varieties, contact your county agricultural agent or Extension horticulturist. They'll know about best varieties and latest methods. And they can probably tell you which nurseries can sell you the latest Experiment Station developed varieties.

Editor's Note -- Any questions regarding this column should be addressed to Science Writer, Dept. of Agricultural Communications, Texas A&M University, College Station, Texas 77843.

### Another Fine Texas Recipe

#### TURKEY WINGS FRICASSEE

- 4 young turkey wings (about 2 1/2 lbs.)
- 1/2 c. flour
- 4 T. butter or shortening
- 2 medium onions, chopped
- 2 tsp. salt
- 1/2 tsp. white pepper
- 1/2 tsp. paprika
- 4 c. chicken broth
- 1/2 c. celery, sliced
- 2 carrots, sliced
- 1 clove garlic, crushed
- 1 bay leaf
- 1/2 tsp. rosemary
- 1/2 c. cold water
- Wide egg noodles

Rinse wings and pat dry. Combine flour, salt, paprika, and pepper. Roll turkey wings in flour mixture to coat. Reserve remaining flour. Melt butter in Dutch oven or large heavy pot. Brown turkey on all sides. Add onions, garlic, and saute' for 5 minutes. Add broth, carrots, celery, bay leaf, and rosemary. Cover and simmer for 2 to 2 1/2 hours or until turkey is tender. Transfer wings to heated platter. Remove bay leaf. Mix remaining flour with cold water to form a smooth paste; add slowly to hot liquid, stirring to keep smooth. Cook over medium heat about 5 minutes, or until sauce has thickened slightly. Pour over turkey in serving platter. Garnish with parsley. Serve over cooked, buttered noodles. Makes 4 servings.

Ford proposes uranium monopoly's end.

# West Way Fertilizer in West Way has been selected as your Certified Crop Care Center.

Larry Bean

In recognition of professionalism as a supplier of farm services Larry Bean of West Way Fertilizer has been named as a member of the new Certified Crop Care network.

Crop Care is a unique concept in farm supply service, especially designed for you, the progressive farm businessman.

Management takes time. Time to plan. Time to think. Time to make decisions. Good management also takes professional help and advice when and where it is needed.

Your Crop Care dealer offers these services, designed to give you the kind of professional help you need to better manage your cropping programs:

**1 Complete, accurate, soil testing service.** Your Certified Crop Care dealer will assist you in obtaining soil samples and will send them for you to a leading soil analysis laboratory. The laboratory soil analysis and computerized fertilizer recommendations will be reviewed with you and an application plan developed.

**2 Plant analysis.** Your Crop Care dealer will help you take samples, and handle all details of the tests. He will provide you the printed report analysis along with expert interpretation. This service pinpoints deficiencies in uptake of plant food nutrients.

**3 One-source responsibility** for your farm chemicals. Your Certified Crop Care dealer offers weed and pest control programs, as well as fertilization of your crop land. Your Crop Care dealer is qualified to render a complete range of services... from planting to harvest.

#### Your Certified Crop Care dealer pledges to offer farmers:

- Products and services best suited for maximum, efficient crop production under local growing conditions.
- Sound counsel on crop production, based on soil test and plant analysis services.
- Product application equipment and services that fit customer needs.
- A staff of professional people with the experience, knowledge and capability to relate to local grower requirements.
- A progressive retail business dedicated to building and maintaining high standards in quality of products and services.

**4 Professional counsel.** Your Crop Care dealer is well informed on all matters associated with efficient and profitable crop production. He is a most valuable source of

information about successful farming ideas used in the area. And he can draw on the experiences and techniques of other Crop Care dealers, too.

#### 5 Skilled, professional application.

As a part of his total Crop Care service, your dealer offers custom application of fertilizer and other farm chemicals. Application may be made by one of your Crop Care dealer crews. Or he may arrange for application by a qualified applicator.

The services your Crop Care dealer offers are designed to help you get maximum yield; and to free up your time to do what you do best:

**Manage.** Your Certified Crop Care dealer can provide professional advice and services to help you do it better.

Remember, you get Certified Crop Care Center services only where you see this sign:

## The 1975 TRI-STATE FAIR Presents

# STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams

**AUSTIN**—Senate impeachment trial of 229th District Judge O.P. Carrillo has been postponed until September 29.

Senators agreed to the delay since Carrillo faces trial this week in a Corpus Christi federal court on an income tax indictment.

In opening preliminaries, the Senate resolved itself into a court of impeachment and adopted rules for the historic trial—third proceeding of the type in a century involving a Texas public official.

Carrillo's attorneys filed a 170-page answer to the House impeachment resolution of August 5, denying all 10 charges and challenging sufficiency of the allegations. The answer remains as pending business when senators return to Austin late this month to begin taking testimony.

The 51-year-old judge, whose district includes Duval, Jim Hogg and Starr counties, is accused of abusing judicial authority, political conspiracies and use of Duval County personnel and equipment for personal benefit.

Carrillo's motion to disqualify Atty. Gen. John Hill and his staff from assisting the House prosecutors was rejected 23-7.

Senators imposed on the prosecution a duty of proving its charges "beyond a reasonable doubt" to gain a two-thirds vote for removal of the judge, whose troubles date back to a break with the old George Parr political faction in Duval County.

### Oil Theft Aired

Texas and Louisiana met here last week to share information on reports of a widespread oil theft ring.

The thefts came to light with arrest of four men in Rumbles County. Investigators have been trying to solve the reportedly organized plot to steal crude oil and sell it to refineries. Runnels County Sheriff Don Atkins said five men in Texas, New Jersey, Illinois and Louisiana are centers of the investigation.

A possible Oklahoma connection is also being explored.

### Cost Revised

Comptroller Bob Bullock, who once estimated the proposed new Texas constitution would cost a billion a year and possibly as much as \$11 billion overall, reversed himself and said nobody really can tell.

"Only history can write the final cost report," Bullock said. "The ultimate monetary impact of the proposed constitution would depend on innumerable future decisions by elected representatives of the people in the city halls, county courthouses, school boards and legislature."

The new constitution will be voted on November 4.

Bullock earlier pegged direct cost to state government at about \$100 million a year. He had concluded the new constitution would permit levying another \$53 million a year in new taxation on bank deposits, stocks and other intangible property.

### Auto Insurers Hurt

A spokesman for auto insurance companies said claim costs during the first quarter of this year averaged 22.5 per cent more than in 1974.

And 1974, the spokesman said, was the worst year in history for the companies. The statement may have offered an indication of what the industry will ask in the way of new rates at a public hearing tentatively set October 1.

### AG Opinions

Attorney General Hill told the Public Welfare Department it can transfer appropriated funds among programs without specific appropriations. Legislative budget writers objected.

In other recent opinions, Hill concluded: A commissioners court may enter a contract with out competitive bids for per-

sonal or professional services involving coordination of crime investigation.

Advertisements for bids for supplies costing more than \$2,000 in counties of over 800,000 population must be published in accordance with law requiring publication in a daily newspaper.

Balances and receipts appropriated to a board of county and district road indebtedness may be spent for administration of the fund but may not be utilized to employ personnel whose salaries were voted by the governor.

### Crime Rate Up

Crime hit the suburbs hard and the rate for major crimes rose 17.4 per cent during the first six months of 1975, according to Texas Department of Public Safety.

DPS report showed a 24.7 per cent increase in rural areas and a 16.7 per cent jump in the urban areas.

A total of 310,920 major crimes for the period were recorded for a rate of 5,190 per 100,000 population. This compares to 259,267 offenses during the first part of 1974 and a rate that year of 4,396 per 100,000.

DPS Director Wilson E. Speir said 25 per cent of all reported crimes were cleared during the period, compared to 22 per cent a year earlier. Thirty-one per cent of the rural crimes were cleared by arrests.

Speir said the record indicates a major criminal offense in Texas every 34 minutes.

### Appointments

Gov. Dolph Briscoe reappointed Frank H. Lewis of Bay City to Texas Water Quality Board.

Harry E. McAdams of Austin and Washington succeeded Alan R. Erwin as director of the Office of State-Federal Relations in Washington, D.C.

Steve A. Lillard III of Laredo and Dorrance H. Guy of El Paso were named to the Good Neighborhood Commission. Guy was reappointed.

Briscoe reappointed Benjamin B. Pegues of Mineola and Charles Wickersham of Orange to the Sabine River Authority of Texas and placed Malcolm J. Henley of Tyler on the authority.

James W. Gorman Jr. of San Antonio succeeds Mrs. H. K. Allen of Temple on the state American Revolution Bicentennial Commission.

### Short Snorts

Garrett Morris of Fort Worth was elected chairman of the new Texas Public Utilities Commission.

The Texas highway traffic toll Labor Day weekend was the lowest since 1966.

Veteran Sen. Bill Moore of Bryan will be honored October 14 at a barbecue and entertainment event in Washington-on-the-Brazos Park.

Voters' guide to proposed new constitution to be voted on November 4 are now in the mails in most sections.

### Tenacious Cucumber

Mrs. Bill Brady's garden at her home, 110 Star, produced this determined cucumber which found its way through a one inch hole in this brick. The perverse plant was found last week.

### Retirement Programs Should Be Set Up Soon

North Texas workers not covered by pension programs have less than four months in which to set up their own individual retirement program if they want to save on their 1975 income taxes.

A.W. McCanless, district director of the Internal Revenue Service (IRS) in North Texas, said today that any employee under age 70 who has not participated in a retirement program during the year can set up a retirement program. Those who are eligible can contribute 15 per cent of their annual earnings, to maximum of \$1500, into the program and deduct this amount from their income for tax purposes.

McCanless stressed that there is no time limit for setting up a retirement program. Those who choose not to set up their programs this year, he said, will still have the same opportunity

## Open Horse Show Winners Listed

Patty Johnson and her horse "Little Cash Down" were awarded the senior all-around trophy at an open horse show held at the Rowland Stables on Ave. F last Sunday.

The junior all around trophy went to Sheri Whitaker and her horse, Sundance Van.

Kelli Stallings received the showmanship award for the afternoon.

Winners in the various events during the afternoon included:

**TANDEM BAREBACK**  
1. Marcia Duren and Bobby Pledge 2. Sheri Whitaker and Keile Roginson 3. Julie Jorde and Jennifer Jorde.

**WESTERN PLEASURE 13-**

### Gifford-Hill Names New Board Member

Former FTC Commissioner Mayo J. Thompson formerly of Houston, Texas, was elected to the Board of Directors of Gifford-Hill & Company, Inc. He becomes the 15th member of the Gifford-Hill Board.

Gifford-Hill President John R. Hill, Jr., who made the announcement, said Thompson's election marks a high point in the company's fifty year development. "The addition of a man with Mayo Thompson's qualifications," said Hill, "means the addition of a unique source of leadership and expertise. He is one of the top business and legal minds in the nation, and his counsel will prove to be extremely valuable to the Board and this company."

Thompson, a retired Army Colonel, served in the Pacific during World War II. He has taken part in a number of charitable activities, including work with the Texas Children's Hospital and the National Foundation for Infantile Paralysis. He is also a member of the Freedoms Foundation at Valley Forge and is president-elect of the Former Students Association of Texas A&M.

Through his service in the Presbyterian Church, Thompson has also served as a Sunday School and Bible teacher, lay preacher, and a ruling elder.

# Liberal Waterfowl, Crane Seasons Set

A daily bag limit of up to 10 ducks and generally longer waterfowl hunting seasons were established by the Parks and Wildlife Commission at their August 29 public hearing. The commission set split seasons for both ducks and geese in the eastern portion of the state—both to open Nov. 1 and again on Dec. 20.

Goose season east of U.S. Hwy. 81 is Nov. 1-Dec. 12 and resumes Dec. 20, 1975-Jan. 18, 1976. West of U.S. Hwy. 81, Texas will have 93 continuous days of hunting, Oct. 18, 1975-Jan. 18, 1976.

Duck and coot season east of a line running from Del Rio to Vernon is Nov. 1-30 and Dec. 20, 1975-Jan. 18, 1976.

West of the Del Rio-Vernon line duck and coot season is

straight 83 days, Oct. 28, 1975-Jan. 18, 1976.

Duck bag and possession limits will again be determined by a 100-point system, but with significant changes. For the first time since the 1971-72 season, canvasback and red-head ducks may be hunted over most of Texas.

This year each canvasback and redhead counts as 100 points except in Brazoria, Chambers, Galveston, Harris, Jefferson and Orange Counties, where the season remains closed. Last year the season on the two species was closed in all 16 coastal counties.

There are no changes in 70-point ducks from the 1974-75 season: mallard hens, wood ducks and hooded mergansers.

All species of teal count as 10 points, a change from last year when green-winged teal were 35 points and blue-winged and cinnamon teal counted as 15-point birds.

Other 10-point birds this year include pintails, gadwalls, scamp, shoveler and mergansers except hooded mergansers.

All other species and sexes of ducks count 25 points in eastern Texas. In the western third of Texas, 25-point ducks will count 20 points.

Bag limit on geese east of

U.S. Hwy. 81 is five birds, to include no more than one Canada or one white-fronted goose, with a possession limit of five to include no more than two Canadas or two white-fronts, or one of each. Daily bag and possession limit shall include not more than one Ross' goose.

West of U.S. Hwy. 81, daily bag and possession limits are two and four geese respectively, except the daily bag possession limits shall include not more than one Ross' goose.

Bag and possession limits on

coots in all of Texas are 15 and 30 respectively.

Seasons remain closed for falcons and black-bellied three ducks and Mexican ducks.

Seasons and bag also were set on sandhill cranes, woodcock and snipe.

—Lesser Sandhill (little brown) cranes: In Zone A, Oct. 25, 1975-Jan. 25, 1976. In Zone B, Nov. 29, 1975-Jan. 25, 1976. Daily bag is three birds and possession limit of six.

The only major change in sandhill crane hunting this year

is the requirement for a federal permit, to be issued free of charge by the P&WD Austin office. The permits furnished by the U.S. Fish and Wildlife Service will in turn provide a list of crane hunters for a post-season harvest survey of the birds.

—Woodcock: Nov. 15, 1975-Jan. 18, 1976; bag of five, possession 10.

—Common snipe (Wilson's snipe): Nov. 15, 1975-Jan. 18, 1976; bag of eight, possession of 16.

# Governor Proclaims Hunting, Fishing Day

Texas Governor Dolph Briscoe has proclaimed September 27, 1975, as "Texas Hunting and Fishing Day" in recognition of the contributions made by sportsmen to nearly all major conservation programs.

The date, which corresponds with National Hunting and Fishing Day, was set aside to recognize the "outstanding contributions that America's hunters and fishermen have made to conservation, recreation and the economy."

Governor Briscoe's proclamation recognized hunters and anglers as leaders in conservation programs and the major role outdoorsmen have played in creating game and fish agencies in all 50 states.

"They asked that they be required to buy licenses and that the money collected be used to support state conservation programs," said the Governor's proclamation.

"The result has been that there are now more deer, antelope and wild turkey in Texas and the nation than there were 50 years ago. Further, sportsmen's programs have benefited numerous species of non-game fish and wildlife through habitat development."

In his designation of September 27 as Texas Hunting and Fishing Day, Governor Briscoe urged all citizens to join with sportsmen/conservationists in a "rededication to the wise use of our natural resources and their proper management for the benefit of future generations."

He also urged Texans to take part in Hunting and Fishing Day activities September 27 to learn more about conservation and outdoor skills.

According to Parks and Wildlife Department Executive Director Clayton Garrison, the National Shooting Sports Foundation has made available similar proclamations for use at

local levels.

"Local participation is the key to the success of Hunting and Fishing Day," said Garrison. "The recognition and support of Hunting and Fishing Day by mayors and local sportsmen's groups adds immeasurably to the job of fish and wildlife conservation conducted by the Parks and Wildlife Department."

Garrison said that the NSSF is making available National Hunting and Fishing Day posters, bumper stickers, information packets and other suggestions for state and local involvement in the September 27 event.

Headquarters of the National Shooting Sports Foundation is 1075 Post Road, Riverside, Connecticut 06878.

# Wildlife Areas Open To Archers

Four of the Texas Parks and Wildlife Department's wildlife management areas will be open to archers for deer hunting in October. Two of the areas—the Kerr in Kerr County and the Engeling in Anderson County—require permits and deadline for permit applications to the P&WD is September 22.

Those selected to hunt the Kerr or Engeling Areas will be charged a \$20 fee to help offset the costs of conducting the hunts. Permits will be assigned for two days of hunting with a one-deer-of-either-sex limit.

Department officials remind those interested that an applicant must be at least 12 years of age or older to participate and those under 17 years of age must be sponsored on the hunt by either their parents or a person 21 years old who is responsible for the minor. An adult may sponsor only one hunter who is under

the age of 17.

The P&WD's Pat Mayace Area in Lamar County and the Dam "B" Unit of the Angelina Area in Jasper County are open for deer hunting by bow and arrow at no charge and no permit is required.

An October 1-15 season is set for the Mayace Area and an October 1-31 season for the Dam "B" Unit.

This is the first year a \$3.25-archery stamp is required in addition to a valid hunting license for all archers who use bow and arrow to hunt deer, turkey, bear and javelina during an open season.

A public drawing will be held September 25 at 10 a.m. in the department's Austin headquarters in the John H. Reagan Building to draw 300 permits to hunt the Kerr Area and 400 for the Engeling Area.

Both archery deer hunts are

**TIPS FOR OUTDOORSMEN**

If you treasure your valuables, then etch or emboss your social security number thereon. To outdoorsmen, of course, we refer to such items as handguns, rifles, binoculars, fishing reels, outboard and trolling motors and other recreation equipment.

You can write your data in permanent ink on your fishing rods if there's no metallic space available.

For your clothing, try indelible ink on the label. Of course the label can be removed, but you could cross up the thief (and the "fence") by also slipping a little piece of cloth bearing your individual number inside the lining or at some hidden, inconspicuous place.

Today's thieves seem to prefer items that are easily carried such as pocket and hunting knives, wrist watches, small radios, cassette-type tape recorders, portable typewriters, mini-TV's — all labelable. These in addition to liquor, other drinks and food. They also like items one can't very well mark, such as coin col-

lections and most jewelry.

Whatever you mark, be sure and make a list of same, noting exactly where you etched the number. Make at least one copy of the list and date each page. Keep the original in your safe deposit box at the bank and turn the carbon over to either the local police department (city or county), or your insurance agent. Make a note of the recipient's name on your original, along with the date the report was filed.

Some people use their drivers license number for this purpose. But police officers strongly recommend the social security number be used.

Definitely, do not use both the DL number and the SS number. Neither should you use your telephone number, mother's telephone number, or some address that's easier to stick because it's shorter. Use your SS number—and use all the digits. For example, if your SS number is 414-01-5804, don't merely inscribe 414 or just 5804. Make it complete, including the hyphens 414-01-5804.

Be consistent, otherwise before long you won't know what's on what. Then, if your list becomes lost or destroyed by fire, you'll be out of luck when it comes to identifying anything.

Another reason for identifying your merchandise is the fact that the first thing legitimate pawn shop dealers look for on merchandise submitted to them are serial numbers and ownership markings. If the thief can't present a social security card that matches the number on the article, then the pawn broker will not buy the merchandise or make a loan on it. In fact, some will report the incident to the police.

For these reasons some thieves will not steal any merchandise that bears ownership markings. In fact, police say that's one of the first things some thieves look for, and if a number is there they won't take it.

Protect your merchandise by labeling it as yours—a number that lasts to you alone.

**Cyclists May Inhale Fumes**

The surging popularity of bicycling as inexpensive transportation and physical fitness recreation poses well known hazards in a roadway shared with heavy auto traffic. But the Texas Safety Association warns that the hazards go beyond being hit by a motor vehicle. A new area of concern is exhaust fumes!

Cyclists frequently ride too close behind the exhaust pipes of cars and trucks, and because the strenuous physical effort causes them to breathe deeper and faster than normal, they may inhale excessive amounts of carbon monoxide.

Texas Safety Association offers this advice for healthier cycling:

- Avoid congested streets.
- The greater the traffic, the greater the CO concentration.
- When stopped at traffic lights, either move ahead of the exhaust pipe of the first car or stay well behind the last car in line.
- Don't tailgate a motor vehicle. Even if he wears a gas mask, a cyclist is easily concealed within the driver's blind spot—and brings us back to the original traffic danger to cyclists.

Texas Safety Association asks that bicycling enthusiasts give themselves some "breathing room" when cycling in traffic—and help keep bicycling as healthier as well as safer activity.

Even a conscientious worker sometimes gets fed up on the job.

Not what you read but how you read it is the key to knowledge.

# On The Turnrow

By Jim Stolert

It's coming down to what may well qualify as the busiest time of the year for local farm folks, as they work to put in part of next year's crop while getting ready to harvest more of this year's.

IT MAY SOUND a bit confusing, but with our area's diversified agriculture, that's how it works. Farmers are now busily sowing next year's wheat crop, and many of the farmers who grow vegetables have already been through the harvesting act a time or two this summer. Now the big fall grain and sugar beet harvests are almost here.

The best estimates of local spokesmen place the beginning of the local corn harvest only two or three weeks away. Milo harvesting should begin in early October, and Bob Ginn, agricultural manager for Holly Sugar reports that sugar beet harvesting will get underway Sept. 23.

In the meantime, a lot of local farmers are continuing to harvest their sunflowers and fleets of forage harvesters and trucks are racing against time to get this year's silage crop cut while the tonnage is high and the protein content of the corn is at good level.

This hustling, bustling time of the year often brings out some of the best traits in the people involved in agriculture, and makes a man appreciate the lengths to which his neighbors will go to help him when the chips are down and it's time to get the crop out.

MAYBE IT'S a throwback to the days when "neighboring" was a necessity in order to form the large crews to get the feed bundling and threshing done. The tradition of helping one another at one of the most important times of the year is one farmers in our local agricultural community can be proud they've preserved and continued.

Harvest time is a time for the "good old boys". Granted, it's

giving someone rather an unusual title when you dub him a "good old boy", but that term bears a special significance.

A "good old boy" is the neighbor across the way who finishes his harvesting early, then turns around and brings his combine to help you do yours when you can't find a custom crew or the weather is threatening.

He's the guy who always seems to have a set of booster cables handy when your battery is down, or that long chain you need to reach the pickup that slid off in the hardtch on a muddy road.

GOOD OLD BOYS drop everything and come running at the hint of a rural farm fire.

They leave their own fields and use their equipment to get out a sick neighbor's crop in a day's time, because they know what caring is all about.

They're guys who'll do anything they can to help the "neighbors" they meet wherever they're at, because that's their nature.

Individuals such as these have given local agriculture something very special, and have found that it's reward enough simply to be known as "a good old boy."

-TURN-

We received a letter from Mary Lou Flores of Hereford this week, concerning some of the material appearing in our Sept. 7 column.

THE TEXT OF THE letter appears elsewhere on our farm pages. Mrs. Flores makes some good points in her letter, specifically concerning the hassle over wheat exports and the activities of Earl Butz.

We welcome letters from our readers at any time. There are always two sides to an issue.

I'll make no bones about the fact that my side leans toward the farmer.

## Letter To The Editor

### Farmer-Union Fight Tragic, Says Reader

Dear Editor:

In reference to the column, On the Turnrow, in the Sunday Sept. 7 Brand, may another opinion be voiced?

It's unfortunate that the current stalemate in grain exports should be turned into a fight between farmers and labor unions. There should be no reason for enmity here. A farmer could profit from studying the rise of the labor movement. Maybe he could learn how to go from being a helpless pawn of big business, as he now is, to a position of having some control of his own destiny. Of course, he could also learn the dangers involved in the misuse of such power, once it is his.

As to the grain deal, let's not lose sight of who is trying to "rip off" whom. The farmer is not the one selling to the Russians. He simply sells to a local elevator who then sells to a grain speculator who makes the export deals entirely without the farmer's participation. The farmers did not even have prior knowledge that large exports were pending. All winter as the wheat was growing the USDA fed news items to the press about the huge grain surplus we would have this summer.

Consumers were promised lower food prices which would be brought about by lower grain prices resulting from this surplus. No hope of exports was held out to the farmer. Consequently, farmers across the country (including Hereford) held emergency meetings to see what could be done to decrease the surplus and stave off economic disaster. Many decided to graze out wheat. Others signed pledges to plow up a percentage of their wheat and plant less next year.

Then, just at harvest time a small story was carried in a London Newspaper stating that the Russians were planning to buy large quantities of U.S. wheat again this year and that the ships were already standing by to load the grain. When the story broke here, farmers who had not already sold, held their

grain and the market went wild. Butz, embarrassed and irritated at being caught in the middle of trying to pull another "Great Grain Robbery" on U.S. Farmers, hurriedly announced that "some grain deals were indeed being negotiated." Since then, he has played a cat and mouse game with farmers, using every device at his disposal to get them to sell cheaply so that those in the grain trade could make their usual killing.

How Butz and his grain-speculator buddies must be laughing at the present hassle between farmers and the Longshoremen. For goodness sake, let's get our heads clear as to what's going on.

Whether George Meany is working with them deliberately or is just being used by them is an open question. Either way the end result is the same. Wheat prices have stagnated at the "barely break even" level and time is running out for farmers. Sooner or later those who are still holding wheat will be forced to sell without even knowing how much profit the grain speculators will make (the price being paid by the Russians is a closely-guarded secret) or how large the surplus actually is.

To describe Butz's policies as "wishy-washy" is to give him more credit than he deserves. His policies have never been wishy-washy. He has worked intelligently and consistently to place the farmer completely at the mercy of the grain speculators who wish to steal his grain and the corporations who would like to take over his farm. Butz is not working for the consumer or the farmer, but for those who have the money to buy him. Unfortunately, he seems to have the support of the Administration.

Farmers should be angry, but let's be sure we're angry at the right people and that our anger finds outlets in constructive action.

Sincerely,  
Mary Lou Flores

## Hereford Wheat Demonstration Results Told

With wheat sowing operations in full swing at this time, county farmers are expressing interest in the results of a wheat variety demonstration conducted locally during the past growing year, according to Justin McBride, county Extension Agent.

The test was conducted on the Raymond Schlabe farm north of Hereford, and included a number of various wheat varieties.

Although test results will be published in detail next spring, McBride explained that partial results are available at this time.

Wheat varieties utilized in the test included some of the top Texas varieties plus varieties from Colorado, Kansas and Nebraska.

A Texas wheat variety, Caprock, was the top yielder in the test at 85.8 bushels per acre.

The second high-yielding variety was a local favorite, TAM W-101, with a yield of 76.9 bushels per acre. Trison, a variety released

from Kansas, ranked third at 75.2 bushels.

Eagle variety ranked fourth at 74.8 bu., Buckskin was fifth at 72.2 bu. and Homestead was sixth at 65.8 bu.

Ranked seventh was Baca, at 63.7 bu., Sentinel was eighth at 62.9 bu., Sage was ninth at 62.4 bu. and rounding out the top ten varieties was Funk's W-332 with a yield of 54 bu. per acre.

According to McBride, additional information on all of the wheat varieties is available to farmers by contacting the county Extension office.

### October's Promise

These heads of milo, maturing in one of the county's fields, hold the promise of a bumper harvest with continued favorable weather. Milo harvesting locally is expected to begin in early October, and indications point toward an outstanding grain crop here.

### Hog Graders On The Rise

AUSTIN—The demand for hog grading has increased in West Texas, and as a result, the Texas Department of Agriculture now offers the services of two graders.

The graders are Herb Davis, who works three days a week in Amarillo and Helen Howe, who works four days a week in Lubbock.

The Department now charges a fee of 10 cents per head. A certificate on grades will be issued if desired.

The Department can serve feeder pig sales, or direct marketing activities on hogs of any other type of livestock, Agriculture Commissioner John C. White said. Producers should contact the Department offices in Austin.

### Mr. Farmer:

When buying or selling farm and ranch lands, your selection of a realtor is of supreme importance. Why not choose a fellow farmer who is also a realtor to help you? If your realtor does not understand well logs, underground line sizes and types, water tables, investment credit, repair costs, fuel costs, irrigation horsepower requirements, friction loss, soil maps, insurance rates, tax matters, and detailed production cost figures, then you may have the wrong realtor. Let us serve you. We understand farmers and farming.

# Rural Development Given Boost

The national rural development effort has been given a big boost by a more than twofold increase in U.S. Department of Agriculture (USDA) financial assistance for community, housing, and farming programs since people started moving back to smalltown and country living.

—The village of Homer, Mich., borrowed \$160,000 to provide centrally located village offices and a modern fire department to serve itself and four townships.

as loans and grants—over \$17.6 billion in loans and about \$361.3 million in grants. There were more than a million loans and over 3,500 grants during the period. Since FmHA has established 40 years ago, it has handled more than \$30 billion in loans and grants.

increased each year except fiscal 1974, when there was \$158 million less than in 1973.

## New Look: Wheat Sales

AUSTIN—What portion of America's wheat is Russia buying? The size of the Russian wheat sales can be put into perspective by considering the size of the U.S. and Texas wheat crops, Agriculture Commissioner John C. White said.

On a bushel basis, this is how it figures: the U.S. wheat crop figures at 2,140,000,000 bushels. Russian wheat sales in bushels figure at 165,000,000.

First, the 1975 U.S. wheat crop, converted to metric tons, amounts to 58,300,000. The Russian wheat sales amount so far to 4,500,000 metric tons. That leaves 53,800,000 metric tons.

That would leave 1,975,000,000 bushels or roughly 2,000,000,000 bushels.

U.S. wheat consumption this year in metric tons will amount to about 18,000,000, thus leaving 35,800,000 metric tons of wheat from this year's crop that is still available for use

The Texas wheat crop is set this year at 131,100,000 bushels; in other words, the Russians have bought slightly more than the total 1975 Texas wheat crop.

## Course To Continue

County Extension Agent Justin McBride will serve as moderator for the second session of a stocker cattle course to be held Tuesday at 8 p.m. in the Friona Community Center.

Panhandle will be discussed by Dr. Ned Brown, resident director of the Texas A&M Veterinary Medical Diagnostic Lab in Amarillo.

The first session of the stocker course, which is sponsored by the Panhandle Economic Program, Texas Agricultural Extension Service and the County Program Building Committees in Deaf Smith, Farmer and Castro Counties, was held Sept. 11.

Dr. Cal Perrot, Area Beef Cattle Specialist, Texas Agricultural Extension Service, Amarillo will talk on production practices to increase weight gains with stocker cattle.

Tuesday night's program is free and open to the public. Coffee will be served.

Tuesday night's program is free and open to the public. Coffee will be served.

Expanded veterinary diagnostic service in the Texas

Earl Butz, Agriculture Secretary. "Retail food prices this year could average around 9 per cent above last year's levels."

HOW'S YOUR Agri-Culture?

PLANT DISEASES HAVE ROBBED MAN OF FOOD & FIBER FOR CENTURIES!!!

ANCIENT ROMANS TRIED TO KEEP THEIR GRAIN FREE OF RUST DISEASE BY WORSHIPING THE GOD ROBICUS...

MODERN FARMERS USE SCIENTIFIC METHODS & DISEASE-RESISTANT VARIETIES IN THEIR CONTINUING FIGHT...

BUT DISEASES STILL TAKE ABOUT 10% OF TOTAL U.S. CROP PRODUCTION AND 20% OF WORLD'S EACH YEAR!

## Friona Industries Reports Net Income

Friona Industries, Inc., achieved net income of \$56,631, or 5 cents per share, on revenues of \$8.5 million in the fourth quarter of its fiscal year ended June 30, 1975. This compared with a deficit of \$260,667, or 21 cents per share, on revenues of \$10.6 million in the same quarter of last year.

second and third fiscal quarters. With the addition of this feedyard, we now have a capacity of 124,000 head.

fortunate than many companies in our field of ag-business. Because of our diversification and solid financial and operating base, we have come through this most difficult time in good shape," said Carrothers.

For the entire fiscal year, Friona reported a loss of \$418,958, or 33 cents per share, on revenues of \$42.7 million, compared with net income of \$1,173,761, or \$1.00 per share, on revenues of \$50.3 million in the prior year.

"Cattle prices during the first nine months of our fiscal year declined steadily and remained highly unstable. Feed ingredient prices reached near-record levels, and as a result fed cattle suffered record losses during this period.

"In the final quarter of our fiscal year cattle prices began to improve, which has made it once again profitable to market grain-fed beef. Because of continued low feedlot occupancy nationwide, we can see nothing better than at best a barely adequate supply of beef. The possibility of a shortage in the supply of total red meat in the late winter months and well into 1976 is very real, and we would expect beef prices to remain high," he added.

The total loss for the fiscal year occurred in the first and second quarters. The fourth quarter, like the third, showed some degree of profitability with a combined per share profit of 10 cents," explained Jack Carrothers, president.

"Historically, short-term disruptions in the cattle industry have proved self-correcting because of the supply/demand cycle. This was not the case from late 1973 through early 1975 when the problem was aided mainly by the existing poor national economy and a new trend to market an increased amount of lighter, non-fed, lower quality beef," Carrothers said.

"The only big question marks continue to be inflation, a fast general economy, and the high cost of long-term capital.

The majority of the deficit was attributable to the sale of company-owned cattle. However because of extremely adverse conditions throughout the entire cattle industry, manufactured feed and animal health supplies also showed a loss.

"Since the end of our fiscal year and for the near future we are optimistic about the profitability of our business," he concluded.

"The only big question marks continue to be inflation, a fast general economy, and the high cost of long-term capital.

"Custom feeding was our main profit center, although below the prior year. Grain and other businesses showed increased net income over fiscal 1974," said Carrothers.

As the September 29 Cattle Sale approaches, trailers are beginning to crisscross the Southwest picking up cattle donated to the 16th Annual Cattleman's Round-up for Crippled Children.

The Annual Cattleman's Round-Up for Crippled Children has traditionally helped to fund the Center for the last quarter of the year.

"Even though the Company's feedlots had an average of just over 50 per cent occupancy during the year, compared to 92 per cent in fiscal 1974, this segment of our operations held up well," he stated. "This was brought about in part by the purchase in November of the 57,000-head capacity Swisher County feedyard from Mess Petroleum Company. This feedlot had a high occupancy level at that time and it continued through most of our

As the September 29 Cattle Sale approaches, trailers are beginning to crisscross the Southwest picking up cattle donated to the 16th Annual Cattleman's Round-up for Crippled Children. Since 1960, the annual fall Round-Up has been a major source of income for the West Texas Rehabilitation Center in Abilene, a private, non-profit treatment and diagnostic complex serving the handicapped of the Southwest.

Pledges of livestock and cash should be sent to: The West Texas Rehabilitation Center, 4601 Hartford, Abilene, Texas 79605. Or donors may call (915) 692-1633 livestock will be transported free of charge. Separate sales are held for cattle, horses, sheep and goats, and farm equipment.

# Pioneer Fertilizer in Milo Center has been selected as your Certified Crop Care Center.

Roy Carter

In recognition of professionalism as a supplier of farm services Roy Carter of Pioneer Fertilizer has been named as a member of the new Certified Crop Care network.

Crop Care is a unique concept in farm supply service, especially designed for you, the progressive farm businessman.

Management takes time. Time to plan. Time to think. Time to make decisions. Good management also takes professional help and advice when and where it is needed.

Your Crop Care dealer offers these services, designed to give you the kind of professional help you need to better manage your cropping programs:

1 Complete, accurate, soil testing service. Your Certified Crop Care dealer will assist you in obtaining soil samples and will send them for you to a testing soil analysis laboratory. The laboratory soil analysis and computerized fertilizer recommendations will be reviewed with you and an application plan developed.

2 Plant analysis. Your Crop Care dealer will help you take samples, and handle all details of the tests. He will provide you the printed report analysis along with expert interpretation. This service pinpoints deficiencies in uptake of plant food nutrients.

3 One-source responsibility for your farm chemicals. Your Certified Crop Care dealer offers weed and pest control programs, as well as fertilization of your crop land. Your Crop Care dealer is qualified to render a complete range of services... from planting to harvest.

- Your Certified Crop Care dealer pledges to offer farmers:
- Products and services best suited for maximum, efficient crop production under local growing conditions.
  - Sound counsel on crop production, based on soil test and plant analysis services.
  - Product application equipment and services that fit customer needs.
  - A staff of professional people with the experience, knowledge and capability to relate to local grower requirements.
  - A progressive retail business dedicated to building and maintaining high standards in quality of products and services.

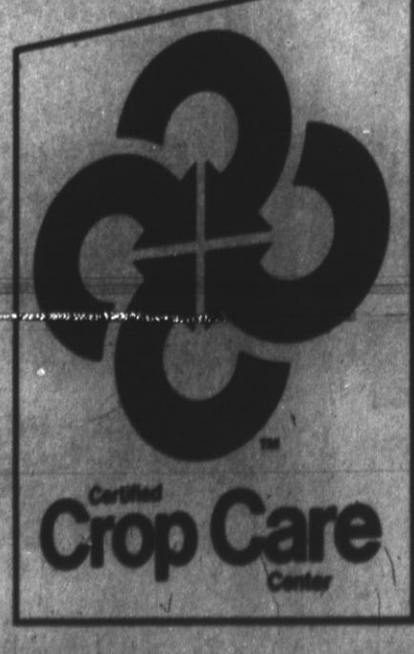

4 Professional counsel. Your Crop Care dealer is well informed on all matters associated with efficient and profitable crop production. He is a most valuable source of

information about successful farming ideas used in the area. And he can draw on the experiences and techniques of other Crop Care dealers, too.

5 Skilled, professional application. As a part of his total Crop Care service, your dealer offers custom application of fertilizer and other farm chemicals. Application may be made by one of your Crop Care dealer crews: Or he may arrange for application by a qualified applicator.

The services your Crop Care dealer offers are designed to help you get maximum yield; and to free up your time to do what you do best: Manage. Your Certified Crop Care dealer can provide professional advice and services to help you do it better.

Remember, you get Certified Crop Care Center services only where you see this sign:

OUR PREFERRED LOAN PLAN for BIG MONEY

Our Preferred Loan Plan is designed specifically for those times when you need up to \$10,000... for bill consolidation, automobiles, big school money and home repairs. An SIC representative will help you determine the size of your loan. Borrow big money at SIC.

## Square Dances Part Of Crafts Festival

The Running Water Draw Arts and Crafts Festival, to be held October 17-19 in the Hale County Agricultural Center, will feature three nights of square dance demonstrations in addition to the numerous booths of artists and craftsmen.

The Running Water Draw Arts and Crafts Festival, to be held October 17-19 in the Hale County Agricultural Center, will feature three nights of square dance demonstrations in addition to the numerous booths of artists and craftsmen.

will be in Round Dance, a square dance choreograph of a popular tune. Dave and Nina Smith of Lubbock, who have worked in Round Dance Festivals from Louisiana and Mississippi to Texas, will cue the rounds.

movements that evolved from traditional folk dancing and European dances. Square dancing, no longer considered exclusively a Western dance, is widespread in the United States as well as in the world. The dancers at the festival will celebrate the Western flavor of square dancing, however, with their traditional, western, square-dancing attire.

The square dancing performances will be another way Festival participants can celebrate the bicentennial and will provide full family entertainment.

Admission to the Festival, co-sponsored by the Plainview Rotary Club and the Llano Estacado Museum, will be \$1.00 for adults and 50 cents for children per day. A three-day festival pass will be \$2.50 for adults and \$1.00 for children. Inquiries concerning the festival should be directed to Dr. C. Gwin Morris, Box 20, Wayland Baptist College, Plainview, Texas 79072.

## Texas State Fair Begins Oct. 3 in Dallas

Uncle Sam is having a birthday party and everybody's invited! It's the State Fair's Yankoodoodle Dandy bicentennial celebration October 3-19. Star-spangled events will include four free Cotton Bowl Spectaculars with drums and drills, parades and pageantry, fireworks and flamenco dancers on October 6, 9, 13 and 14. During aerial artists on the high wire will give free

performances each afternoon on Big Tex Stage, and the Trinidad and Tobago Carnival Band on Stage 7 will thump out the Calypso beat on steel oil drums. Daily horse shows at 8 p.m. and multiple shows of the Dr Pepper-Morton Foods Circus, plus Pat Robert's Pop Music are all free to fairgoers.

A double billing at the music Hall will feature Juliet Frowse starring in her own show, October 3-12, and Johnny Cash taking the spotlight the second week, October 4-12.

Themed to the title of the Fair the eight museums will feature special exhibits pertaining to the bicentennial.

Dallas Garden Center will

host three flower shows on the three weekends of the Fair: Ikebana International, the Bonsai Show and the Chrysanthemum Show.

The Stars and Stripes Theater in the Creative Arts Department will feature Yankoodoodle Dozen free fashion shows with models in the historic garments of 1700 to fall fashions 1975: a stately minuet by dancers wearing beribboned wigs and Colonial costumes; a segment from the spritely ballet and a Yankoodoodle chorus. Also in this department the Art Colony will demonstrate quilting, soap making, wood carving and other pioneer skills.

Contests run the gamut from bread making and cake baking to pumpkin carving, fashion sewing, twins and chili cooking. Traditional contests have been expanded and new ones added, including ethnic food, churning, paper-hat making and George Washington cherry pie contests, taking place in the kitchen theater.

### School Discipline

It is well to take stock of our local schools every so often, and the beginning of the new school year is a good time to review local conditions.

In the first place, capable school administrators—from the superintendent and principals on down—are not as easy to find as some imagine. The really good officials in this field are the subject of much competition.

Parents of children—many of whom have been raised on progressive theories which are now largely discredited—have an obligation to cooperate with school authorities in every way possible and to make their task easier as they attempt to guide, train and educate the children of this community.

Children must be disciplined, as well as educated, for if they are not disciplined they cannot be educated. This is one point parents must keep in mind. Also, it should be remembered that proper disciplining never hurt anyone, and is a prerequisite in our social order.

As the school year gets underway, we urge all parents to cooperate with teachers and school officials.

**STATE OF TEXAS TO ANY SHERIFF OR CONSTABLE WITHIN THE STATE OF TEXAS**

You are hereby commanded to cause to be published once each week for four consecutive weeks, the first publication to be at least 28 days before the return thereof, in a newspaper printed in Deaf Smith County, Texas, the accompanying citation of which the following is a true copy:

To: William R. Baldwin, J.P. Snider, John F. Bryan, Carrie M. Bryan, Lafayette P. Brown, Matilda Brown, John E. McKinney, Pearl A. McKinney, C.E. Wheeler, W.W. Wheeler and William W. Ryan, their unknown heirs, executors, administrators, successors and assigns and all persons claiming any title or interest in all of Survey 1, Block C; all of Survey 2, Block C; all of the South one-half of Survey 99, Block K-7, A.B. & M. Survey; all of the Southwest one-fourth of Survey 98, Block K-7; and all of the North one-half of Section or Survey 10, Township 4 North, Range 2 East, Capitol Syndicate Subdivision, out of Capitol League No. 396, situated in Deaf Smith County, Texas, under deed heretofore given to or by William R. Baldwin, J.P. Snider, John F. Bryan, Carrie M. Bryan, Lafayette P. Brown, Matilda Brown, John E. McKinney, Pearl A. McKinney, C.E. Wheeler, W.W. Wheeler, and William W. Ryan, as Grantor or as Grantee, Defendants in the cause numbered and styled hereunder.

You are hereby commanded to appear before the Honorable District Court, 69th Judicial District of Deaf Smith County, at the Courthouse in Hereford, Texas at or before 10:00 o'clock a.m. of the first Monday next after the expiration of 42 days from 4 day of September, 1975, the date of issuance of this citation, by filing a written answer to Plaintiffs' petition that was filed in said Court on the 4 day of September, 1975, numbered DC7520, on the docket of said Court, and styled W.D. Buske and Dave Buske, Plaintiffs vs. William R. Baldwin, et al, Defendants.

A brief statement of the nature of this suit is as follows: The nature of this suit is one of trespass to try title in which W.D. Buske and Dave Buske, claim to be in possession of and lawful fee simple owners of all of Survey 1, Block C; all of Survey 2, Block C; all of the South one-half of Survey 99, Block K-7, A.B. & M. Surveys; all of the Southwest one-fourth of Survey 98, Block K-7; and all of the North one-half of Section or Survey 10, Township 4 North, Range 2 East, Capitol Syndicate Subdivision, out of Capitol League No. 396, situated in Deaf Smith County, Texas. Defendants herein named have executed certain deeds or documents that cloud the fee simple title claimed by Plaintiffs. Plaintiffs plead adverse possession by the 3, 5, 10 and 25 year statutes of limitation. Plaintiffs pray for judgment for fee simple title and possession to the subject property, as is more fully shown by Plaintiffs' petition on file in this suit.

The officer executing this writ shall promptly serve it and make due return thereof according to requirements of law, and the mandates hereof.

Issued under my hand and the seal of said Court at Hereford, Texas, on the 4 day of September, 1975.

**LOLA FAYE VEAZEY, Clerk,**  
District Court, 69th Judicial District of Deaf Smith County, Texas  
S-72-4c

**LEGAL NOTICE**  
Notice is hereby given that the Zoning Commission of the City of Hereford, Texas will convene at the City Hall at 7:30 p.m. on the 29th day of September, 1975 to consider the rezoning of the following property:  
E154.54' of Lot 1 and W94' of E248.54' of Lot 1, Block 9, Whitehead Addition to the City of Hereford, Deaf Smith County, Texas  
The above property requested to be rezoned from "D-Restricted District" to "D Local Retail District". Those interested in the above request are invited to attend the meeting on the date set forth above.  
The recommendation of the Zoning Commission of the City of Hereford, Texas on the above described property will then be considered by the City Commission of the City of Hereford, Texas on the 6th Day of October, 1975 at 7:30 p.m.

**THE STATE OF TEXAS TO: JOHN CLEMENT, JAMES FRANCIS CLEMENT, KIMBALL ERSKINE CLEMENT HULL and JOHN F. BARRY, Trustee of the Testamentary**

Trust of Mary Louise Adams Clement, Deceased Defendants. Obveting:  
You are hereby commanded to appear before the Honorable 69th Judicial District Court of Deaf Smith County at the Court House thereof, in Hereford, Texas, at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 13th day of October A.D. 1975, then and there to answer Plaintiff's Petition filed in said Court, on the 31st day of January A.D. 1975, in this cause, numbered BC-7332 on the docket of said court and styled MARGARET SCHROETER, ET AL Plaintiffs, vs. JOHN CLEMENT, ET AL Defendants.

A brief statement of the nature of this suit is as follows, to wit: Plaintiffs sue for title to and possession of All of Block 86 and all of Block 90 of Whitehead Addition to the Town of Hereford, Deaf Smith County, Texas, alleging that they have title to the said land and improvements thereon under the three-, five-, ten- and twenty-five-year Statutes of Limitation, and Plaintiffs pray that all of the right, title and interest of the Defendants, and each of them, be divested out of them and invested in Plaintiffs, and that the cloud cast upon Plaintiffs' title by the Defendants, and each of them, be removed; as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Hereford Texas this the 27 day of August A.D. 1975.

Attest:  
Lola Faye Veazey Clerk,  
District Court, Deaf Smith County, Texas  
By Ruth Lueb Deputy,  
S-70-4c

**United Fund**  
United Fund drives are now under way.  
In giving to the United Fund, one knows that the charities are carefully screened, that local people handle the money, and that various charities are given their carefully-allocated shares of money for the various purposes they serve.  
It's impossible for busy business men or women to decide the merits of the individual charity drives. And most of us can remember when we were assaulted on all sides by numerous campaigns each year.  
We hope those who are able will make a generous contribution to the United Fund.  
A new broom won't sweep clean unless someone uses it.  
-If advice is all you want, you can get it without expense.

- Dial-a-Brew™ controls the flavor of the coffee according to individual taste preferences for strong, medium or mild coffee.
- Temperature and brewing time are precisely regulated to extract the most desirable elements of flavor and aroma.
- 60 oz. capacity (up to 12 cups).
- Stain-resistant warming plate automatically holds coffee at the perfect serving temperature for hours.
- Coffee experts recommend the drip filter method for best results.
