OHIO PARTY ON THE PLAINS

Prominent Citizens
State Make Auto
the Country

Becoming interested in the New Southwest thru the hospitality of the officers of the Southern Engineering & Construction Company, four prominent citizens of the good old Buckeye state left their places of business and spent two or more on the Plains of Texas inspecting the conditions and studying the possibilities of the country. The party consisting of O. M. ... president of the Miami Valley National Bank, Eugene H. ... F. M. Borden and Jas. ... all of Hamilton, Ohio, met at Stanton on the Texas Pacific and escorted by S. ... president of the construction company, across the Plains from ... point to Hereford and Ad ... distance of 246 miles by direct ... The party traveled nearly 300 miles on the tour. One of the members stated that he had ... a great deal in his life but he never passed over such a stretch of territory without ... a dozen or more large ... In this case only small ... as he called them, were ... He remarked that the country seemed to be a vast valley without water courses of any note, but that, at the same time, well

supplied with water. Each of the party, without exception, expressed his utter surprise on seeing the products of the country. All, with one accord, said that they were pleased with the outlook and were intensely interested. Their purposes were to look over to proposed route of the Colorado, Hereford & Gulf railroad. They left Tuesday afternoon for their homes, carrying with them a good report of the Hereford country.

Mr. and Mrs. Lipscomb Entertain.

Mr. and Mrs. A. J. Lipscomb entertained at their home in honor of Miss Ingalls Gyles last Saturday evening. In the reception hall where the color scheme of red was carried out, Miss Hattie Shirley presided at the Punch bowl. In the early part of the evening Miss Pattie Estes sang "Absent," after which all engaged in a contest, "nuts to crack," with much enthusiasm. Misses Shirley and Witherspoon proved to be the champion thinkers. In the dining room which was beautifully decorated with Shasta daisies, ferns and sweet peas, a four course lunch was served. Misses Gregg and Mason gave a few instrumental selections on the piano. Later Miss Estes sang "Love all for You."

Those present were: Misses Estes, Shirley, Gregg, Witherspoon, Morgan, Waterman, Gough, Donovan, Woodburn, Arthur, Gyles, and Mason of Dallas; Messrs. Dameron, Earl and Leroy Gough, Parks, and Kell of Friona. A GUEST.

THE LIQUOR TRAFFIC

Robt. G. Ingersoll the great Infidel on the Giant Evils of the Day.

"I am aware that there is a prejudice against any man engaged in the the manufacture of alcohol. I believe from the time it issues from the coiled and poisonous worm in the distillery until it empties into the hell of death, dishonor and crime, that it is demoralizing to everybody that touches it, from the source to where it ends. I do not believe that anybody can contemplate the subject without being prejudiced against the crime. All we have to do is to think of the wrecks on either side of the stream of death, of the suicides, of the insanity, of the poverty, of the destruction of the little children tugging at the breast of weeping and despairing wives asking for bread, of men of genius it has wrecked, the men struggling with imaginary serpents produced by this devilish thing; and when you think of the jails of the almshouses, of the asylums, of the prisons and of the scaffolds on either hand, I do not wonder that every thoughtful man is prejudiced against this vile stuff called alcohol.

"It breaks the father's heart, bereaves the doting mother, extinguishes natural affection, erases love blots out filial attachments, and blights parental hope and brings premature age in sorrow to the grave.

It produces weakness, not strength; sickness not health; death, not life. It makes wives widows, children orphans, fathers fiends, and all paupers. It feeds rheumatism, nurses gout, welcomes epidemics, invites cholera, imports pestilence and embraces consumption. It covers the land with misery, idleness and crime. It engenders controversies, fosters quarrels and cherishes riots. It crowds your penitentiaries and furnishes victims to the scaffold. It is the blood of the gambler, the element of the burglar, the prop of the highwayman and the support of the midnight incendiary. It countenances the liar, respects the thief, esteems the blasphemer. It violates obligations, innocence. It violates obligations, reverences fraud, honors infamy. It defames benevolence, hates love, scorns virtue and innocence. It incites the father to butcher his helpless offspring and the child to grind the patricidal axe. It burns up men, consumes women, defeats life, curses God and despises Heaven. It suborns witnesses, nurses perjury, defiles the jury-box and stains the judicial ermine. It bribes voters, disqualifies votes, corrupts electiocs, pollutes our institutions and endangers the government. It degrades the citizen, debases the legislator, dishonors the statesman and disarms the patriot. It brings shame not honor; terror, not safety; despair, not hope; misery, not happiness; and with the malevolence of a fiend, calmly surveys its frightful desolation, and unsatiated with havoc it poisons felicity, kill peace, ruins morals, wipes out national honor, then curses the world and laughs at its ruin. It does that and more—it murders the soul. It is the sum of all villainies, the father of crimes, the mother of all abomination, the devil's best friend and God's worst enemy."

CONTRACT LET FOR NEW DEPOT

Work Will Begin Not Later Than August 1st—Material for the Foundation Already Here

The following letter from Mr. Turner to Mr. J. W. Lacey, local agent will make interesting reading matter for Hereford people and will also show that something is doing in railroad circles.

Amarillo, Texas, 7, 21, 08.
Mr. J. W. Lacey, Agent,
Hereford, Texas.

Dear Sir:—I have let contract for new dept at Hereford.

Respectfully,
AVERY TURNER, V. P. & G. M.
From it will be seen that the Pecos Valley is going to do something elegant for Hereford. The building will be located at the foot of Dewey Avenue, just across the street from Curtsinger's. With this location, it will not be necessary to cross the tracks in order to board the train. The express rooms will be in the extreme west end of the building. The waiting rooms will be models of neatness and comfort.

OUR CLEARANCE SALE CLOSSES TOMORROW NIGHT, JULY 25

TO THOSE who visited our Department Store this week, we wish to express to you our sincere thanks for your liberal patronage. Our Sale was a grand success and we have cleared our stock of a large majority of the Summer Goods, which was our sole object in having the Clearance Sale. We wish to say further that we have accumulated a great many remnants, odds and ends of every kind of merchandise that we will sell at even a greater reduction as long as they last. We will still sell our Men's and Boy's Clothing at greater reductions, as well as many other things, too numerous to mention here.

We feel that we have, if possible, gained more confidence in our Friends and Customers. Great were the crowds that visited our store the past few days. Ask them if you doubt whether they got bargains and were pleased. Everyone went away loaded with bargains and the "Good News" to tell their friends. Please remember that we still have lots of desirable merchandise to sell at the lowest possible price. Again thanking you, we are

HUBBARD & BARNETT'S DEPARTMENT STORE,
By RALPH H. BARNETT

Hereford Society

Mrs. R. L. Joiner of Amajillo arrived Thursday for a visit to her friend Mrs. P. W. Price.

Miss Myrl Bywaters of Amarillo visited Mr. P. A. Bywaters and family Thursday.

Mrs. H. M. Russell of Pilot Point arrived Wednesday for a visit to J. N. Russell and family.

Miss Dorothy Ross of Alvarado is the guest of her cousin Miss Tot Mercer.

Mr. and Mrs. L. Gough, Mr. and Mrs. T. E. Shirley, Mr. and Mrs. W. B. Arnold, Rev. and Mrs. Shore, Mesdames Harry Mason and H. M. Russell composed a fishing party who set out with fishing tackle Friday morning for Sulphur Park. A lunch was prepared by the ladies before leaving home and in addition to good things brought along they soon caught fish enough to fry and after broiling bacon and making coffee dinner was announced and the party dined sumptuously. The inclement weather interfered in no wise with these merry anglers and not until the shades of night were falling did they return home laden with their booty.

MR. AND MRS. A. J. LIPSCOMB ENTERTAIN.

Mr. and Mrs. A. J. Lipscomb were at home to a number of their friends Friday evening July 17. The occasion of the party was the celebration of the first anniversary of their wedding. The Lipscomb home, which is one of the prettiest cottages in Hereford was exceptionally beautiful on this occasion. Every feature of the evening was elegant in detail. The reception hall and parlor were tastily decorated in asparagus pot plants and cut flowers. The profusion of sweet peas cast a delicate fragrance throughout the receiving rooms. The dining room was lighted with candles and on the handsome dining table was an elaborate piece of clumsy lace in the center of which was a cut glass vase of daisies which rested on a reflector. The effect was beautiful in its simplicity. In the reception hall the punch bowl was presided over by Misses Ingals Gyles and Pattie Estes. Soon after the guests arrived the hostess provided each gentleman with a customer's draft from the Western National Bank which read "Pay to the order

of—Your partner, Lady No. 2.

A five minute talk on your business, To Gentleman No. 2, signed Mr. and Mrs. A. J. Lipscomb.

To each lady present the host gave a similar draft which read—Pay to the order of your partner, Gentlemen No. 2.

A five minute talk on domestic affairs, To Lady No. 2, signed Mr. and Mrs. Lipscomb. This novel little means of getting acquainted proved quite pleasant. When the five minutes had expired each guest was asked to write a short essay on the topic of conversation engaged in by the partner. Mrs. Geo. W. Barcus had the honor of writing the prize essay written by the ladies and Mr. A. M. Jones received the same distinction among the gentlemen. A unique contest consisting in maxims the words of each sentence being so disarranged that the sentences were meaningless until the contestant rearranged them. This proved a sort of help one another game and strange to say each guest made a correct construction of all the maxims. Mrs. G. A. F. Parker, Mrs. Henry Wilkinson and Miss Gyles rendered several pleasing piano selections and Miss Estes favored the guests with two very pretty vocal solos. An elaborate three course luncheon was served in the dining

room, consisting of chicken salad and pickle for 1st course, brick cream and cake 2nd course and coffee and mints for the last course. After listening to a few delightful musical selections the guests departed pronouncing Mrs. Lipscomb a charming hostess and wishing the happy pair many returns of the day. Those invited were: Mr. and Mrs. D. W. Hawkins, Mr. and Mrs. C. S. Garrison, Mr. and Mrs. J. P. Slaton, Mr. and Mrs. Bartley, Mr. and Mrs. J. D. Jarrott, Mr. and Mrs. Gyles, Mr. and Mrs. G. A. F. Parker, Mr. and Mrs. Henry Wilkinson, Mr. and Mrs. J. S. Warner, Mr. and Mrs. O. E. Thomas, Mr. and Mrs. A. M. Jones, Mr. and Mrs. G. W. Barcus, Mr. and Mrs. B. S. Arnold, Mr. and Mrs. W. H. Ray, Mr. and Mrs. P. W. Price and guest Mrs. R. L. Joiner, Mr. and Mrs. Claud Meadows, Mrs. Fore, Mr. Chas. Woodburn, Miss Gyles and Miss Estes.

Mrs. Wm. R. Evans was in from the country Thursday to attend the reception given by Mesdames Russell and Arnold.

A very pleasant evening was afforded a number of Hereford ladies by the Misses Collins and their sister Mrs. Mason, Tuesday July 21. Progressive "42" was the main feature of entertainment. At a late hour a delightful lunch was served after which the fair sex departed, as they had come unaccompanied, with the earnest hope that the spirit of hen parties might pervade each

home represented and that many other such would consequently follow. Those present were: Mesdames R. L. Joiner, P. A. Bywaters, G. W. Irwin, W. B. and B. S. Arnold, J. N. and H. M. Russell, Joe Collins, G. W. Barcus, Misses Sudie Bell Warren, Essie Bourn and Francis Hammock.

The Sans Pariel club met with Miss Roxie Witherspoon Tuesday afternoon July 21. The purpose of the meeting was to attend to some unfinished business and make some plans for the work of the ensuing year. The young ladies decided to continue their regular meetings through the summer, but to meet only in a social way, discontinuing their study till fall.

Mrs. Chas. Baird returned to her home at Canadian Sunday after a months visit to her parents Mr. and Mrs. L. W. Vaughan.

Miss Dorothy Ross was the honored guest at a pleasant gathering of a small company of friends given by Mrs. Mercer Wednesday evening, July 23. The very novel amusement to relating "match light" until the supply of yarns had been exhausted, when the rest of the evening was spent in a series of card games. As the midnight hour approached Miss Mercer retired her guests by serving them with coffee and cake. Those present in addition to the honored guest were Misses Ross, Witherspoon, Woodburn; Messrs Spain, Parks, and Wolrath.

CITATION BY PUBLICATION.

THE STATE OF TEXAS,
TO THE SHERIFF OR ANY CONSTABLE OF
DEAF SMITH COUNTY, GREETING:

Oath having been made as required by law
YOU ARE HEREBY COMMANDED to sum-

mon A. A. Johnson and Elija Johnson, and all other persons claiming by, through or under them or either of them, and all other persons claiming any right, title or interest in and to the land described herein by making publication of this Citation once in each week for eight successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 47th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 47th Judicial District, to appear at the next regular term of the District Court of Deaf Smith County, to be holden at the Court House thereof, in Hereford, on the 3rd Monday in August, A. D. 1908, the same being the 17th day of August, A. D. 1908, then and there to answer a petition filed in said Court on the 24th day of June, A. D. 1908, in a suit, numbered on the docket of said Court No. 243, wherein J. C. Ballew is Plaintiff, and A. A. Johnson, Elija Johnson, and all other persons claiming by, through or under them or either of them, and all other persons claiming any right, title or interest in and to the land described herein, are Defendants, and said petition alleging that Plaintiff is the owner and entitled to possession of the following described land situated in Deaf Smith County, Texas, about ten miles northeast of the town of Hereford, Texas, being 480 acres of land out of a section of land known as Abstract No. 56, Certificate No. 1-69, Survey No. 3, Block K-14, Original Grantee Beatty, Seals & Forwood, said 480 acres of land being all of the east one-half and all of the northwest one-quarter of the said section, and the said 480 acres being all of said section except 160 acres in a square out of the southwest corner of said section.

That Plaintiff deraigned his title through and under a regular chain of title from J. T. Lofton and C. G. Witherspoon, both of whom acquired title to said land in the year 1897, and who deraigned title through deeds, made, executed and delivered by the Comptroller of Public Accounts of the State of Texas, who sold said land in the years 1880, 1881, 1883, 1886 and 1887 for taxes thereto due and unpaid and through a regular chain of title from the said Comptroller down to the said Lofton and Witherspoon, all of said deeds and transfers now of record in the deed records of Deaf Smith County, Texas.

Plaintiff and the Grantors through whom he deraigned title have had and held the quiet, peaceable and uninterrupted possession of said land under said duly recorded deeds for a period of more than ten years, immediately next preceding and before the commencement and filing of this suit, and he and his Grantors aforesaid have for the period of time aforesaid been occupying, using, cultivating, enjoying and claiming said land and paying all taxes thereon, and that the occupation, use, claim, enjoyment, etc., of said land by Plaintiff and his Grantors as aforesaid, has been adverse to the claim of the said A. A. Johnson and Elija Johnson, and all persons claiming under, by or through them, and of all persons whomsoever.

That Defendants claim to have or pretend to have some sort of claim or title to said land which is adverse to Plaintiff, which they claim or pretend to have derived through the State of Texas, or through some person or persons to Plaintiff unknown, more than thirty years ago, all of which Plaintiff denies, and alleges that if the said A. A. Johnson or Elija Johnson, or any person or persons claiming by, through or under them, or either of them or any other person ever had any right, title or interest whatsoever in or to said land or any part thereof, the same has long since been lost and barred by reason of Plaintiff's undisputed peaceable and adverse possession as aforesaid, and by reason of Plaintiff and his Grantors using, cultivating and enjoying and paying taxes on said land and by reason of Plaintiff's claiming said land under said duly recorded deeds for more than ten years next immediately preceding and before the filing and commencement of this suit.

Wherefore, premises considered, Plaintiff prays that each and all of said Defendants be cited in manner and terms provided by law to answer herein, and that upon final hearing hereof Plaintiff have judgment establishing his title and quieting him in his title to said land, and for writ of possession.

HEREIN FAIL NOT, but have before said Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

WITNESS, W. M. Cogdell, Clerk of the District Court of Deaf Smith County.
GIVEN UNDER MY HAND and the Seal of said Court, at office in Hereford this the 24th day of June A. D. 1908.

Low Rate to Albuquerque, N. M.

For the 16th National Irrigation Congress to be held at Albuquerque New Mexico September 29th to October 10th, 1908 inclusive, The Pecos and North Texas Ry. in connection with the Eastern Ry. Company of New Mexico will offer unusually low and attractive rates. It is suggested that those desiring to avail themselves of this opportunity to visit Albuquerque, and assist in making this national event a memorable and successful one, notify the railway agent as much in advance as possible in order that necessary facilities and train service may be arranged for their accommodation.

Tickets will be on sale from September 27th to October 9th inclusive with return limit October 31st.

The round trip fare from Hereford Texas will be \$11.45. 16tf

Hauls Biggest Load.

The largest single load of wheat likely ever hauled to Hereford was brought in last week by J. P. Sypert, who lives some 18 miles north on Twentyfive Mile Avenue. The gross weight was 8530 and he had 6180 pound of wheat on the wagon. The wheat graded No. 2 and brought 91 cents per bushel making \$93.73 for the one load. Who can beat it?

Render For Taxes.

All those who have bought land in what is known as the Syndicate must render their land in accordance with the laws of Texas, giving the number of acres, the league or section number. The township and range numbers will not enable the tax assessor nor the general land office to locate your land, as no surveys have been made in that way. 9tf

It was Umbarger.

A lengthy report in the Fort Worth Record concerning the prize wheat that received \$1.06 per bushel on that market turns out to be a car shipped from Umbarger, a station on the Pecos Valley, some 18 miles from Hereford and just over the line in Deaf Smith county in Randall.

The wheat was raised by Andy Beckman and P. Friemel and was loaded from the thresher into the cars at Umbarger. So the little city of Umbarger must have the credit of producing this fine wheat. It is learned that there is a large acreage of wheat in that community this year and that it will average not less than 20 bushels per acre. Many of the farmers are Germans and are teaching the natives a lesson or two in farming. The little city itself is coming into prominence. A number of new houses have been built, a real estate office has been opened and there is talk of building a Catholic church. There is already a good school house and a fine school has been taught this year.

DAIRYING IN COLORADO

A Discussion of the Dairying Conditions and the Results Obtained.

The following interesting article on the development of dairying in Colorado can be read with profit by Texans and in many instances the word Panhandle can be substituted for "Colorado." The Panhandle climate is better than that of Colorado and raising feed crops is easier. Nothing so much as dairying contributes a money crop that is good for cash every day in the year and besides requires only the surplus labor of the farm to successfully conduct.

"The peculiar qualities of soil and climate in Colorado produce native

and cultivated feeds unusually rich in milk producing material. The temperature is moderate during the entire year, the air dry and bracing, cloudy days are few, and mountain spring water is available over a large portion of the state. The rainfall produces but little mud in either yards or pastures.

Good early cut alfalfa hay will produce as much milk as an equal weight of bran, one of the chief eastern dairy feeds. Alfalfa hay can be produced and fed to dairy cows on the average Colorado farm for \$3 to \$5 a ton. Bran in eastern dairy sections costs \$18 to \$22 and upwards a ton. A ton of alfalfa hay contains about as much milk producing material as four tons of timothy hay.

Alfalfa grows well in most sections of Colorado up to an altitude of 8,000 feet. From 6,500 to 8,000 feet field peas give high yields. Both the hay and grain from this crop are good milk producing feeds,

pea hay ranking next to alfalfa for this purpose.

At high altitudes red and alsike clover yield large crops, the latter doing well up to an altitude of 9,500 feet. Both are rich milk producing feeds.

Corn fodder grown in the high altitude and dry climate of Colorado is a good milk producing feed, while in the corn belt it is a poor one.

Roots are valuable feed for milk and most tillable sections of Colorado will grow large yields of beets, mangels or rutabagas. The native grasses of Colorado are very nutritious, both when green and when pastured in the fall and winter after curing naturally on the ground. An Iowa dairyman moved to Peyton, Colorado, too late in the season to raise crops. During December and January he pastured his cows on buffalo grass without any other feed and averaged from the sale of cream \$4 a month from each cow.

The nutritious character of Colorado's forage crops makes a low expense for grain for dairy cows.

In northern Illinois several stations each receive an average of one million pounds of milk daily thru the year, and it is estimated that an average of one pound of grain is fed for each pound of milk marketed.

Contrast this enormous expenditure for grain with that of over twenty dairymen of Elizabeth (altitude 6,400 feet), who report that in 1907 their average income from the sale of cream was \$50 a cow and not a single cow fed any grain at any time during the year. Most Colorado dairymen feed some grain.

CLIMATE.

The mild climate of Colorado makes the necessary expense low for shelter. For twenty years the average temperature for January, the coldest month, has been 26 degrees, and for July, the warmest month 68 degrees, with few days each year of either extreme heat or cold.

The dry, bracing air and high altitude give vitality and health to the cows. Dr. George H. Glover, of the Colorado Agricultural college, reports that one-half of one per cent of the native cattle of Colorado show any trace of tuberculosis, and less than two per cent of the cows in Colorado cities where they are closely confined.

The pure air of the high altitude and the intense sunshine—an average of 320 days of sunshine each year—make the air much freer from germs which taint milk than the air in low, humid states. For this reason it is much easier and costs less to keep milk and cream sweet in Colorado than it does in states east.

DAIRYING PROFITABLE IN EASTERN COLORADO

To the many new settlers who are starting in dry land farming on the

plains of eastern Colorado, dairying offers a sure income. In the past thirty-three years there has never been a year so dry but that a sufficient quantity of feed could have been raised together with the native grasses to produce good yield of milk.

The native grasses are good milk producing feeds, summer and winter. The sorghums, milo maize and Kaffir corn are good drought resisting crops and in a dry year, wheat, oats and bradless barley cut just as they are filling, excellent dairy feeds and often a profitable crop can be secured from these grains by making them into hay, when if left to mature, the season would be too dry for them to make marketable grain.

In most years early seeding and thorough cultivation will secure a profitable crop of feeding roots in this section of the state. There are few farmers on the plains but what have some spot where alfalfa will thrive if proper methods are followed

and seed from non-irrigated land is used.

A range cow selected for milking qualities and fed the above mentioned feeds will produce in a year, cream worth \$35 to \$50. The farmer with his family can milk twenty cows. These will give him a cash income of from \$700 to \$1,000 a year, independent of the season. Colorado creameries are scouring the state for more cream. All pay cash at least once a month, and some of them pay daily. This enables the dry land dairyman to pay cash for everything and to live comfortably.

The calves can be sold for veal, and the skim milk fed at a good profit to pigs and poultry, giving another source of cash income to the new settler.

Dairying will furnish the plains settler with a good cash income every year and when he raises a grain crop it will be surplus profit.

years of age, has the honor of naming for himself, the new town of the Plains—Adrian. Mrs. Cullen and the children will remain for the summer. They have rooms at the Iowa.

R. J. Godfrey of Iowa who owns a section eight miles north of the city spent two weeks on his farm looking after the harvest. His wheat consisting of 80 acres, seeded the last week of January, made 825 bushels and tested 62 pounds. A good yield for the time of sowing. Mr. Godfrey has a fine ranch. There are 320 acres in cultivation, a fine orchard, a good house, barns and other conveniences. This crop is the first for Mr. Godfrey and he is highly pleased with the outcome. His feed crops which are coming on are as fine as can be found in the country. He returns home satisfied with his investment and is convinced that the Plains will soon become the leading grain and feed producing section in the New Southwest.

THE TAX RATE FOR 1908

The question of taxes has disturbed the people of Texas for a number of years. The "full rendition" law has been on the statutes for a long time, but the enforcement of that law has been rather slack. The last legislature passed a more stringent oath which the assessor and commissioners must take regarding the rendition and from that, all this talk about higher taxes has followed. There is a cry that the taxes will be largely increased over last year, that some counties have not made a fair rendition and that the burden will be great on those counties where the law has been kept. In Deaf Smith county the tax rate last year, not including the special school tax of 20 cents, was \$1.02½ on the \$100.00 valuation. The total valuation was \$2,962,000.00. No one knows what the tax rate will be for 1908, but upon the same basis, or if the same income is needed for the expenses of the county and state, the rate would be less than 42 cents on a total valuation of \$7,324,130. The additional local school tax will vary in different parts of this county. In one or two districts the rate will be reduced to 10 cents, while the Hereford Independent District will need 25 or 30 cents to maintain the school nine months. In a tabulated form the rates would appear as follows, if the same reduction was made on all:

	For 1907	For 1908
State Ad Valorem	12½	05
State School	20	07
Co. Ad Valorem	25	10
Special County	45	18
	\$1.02½	42

Now add to these rates the local school tax for your district and you will have the rate for 1908 increase in valuations. If the county does not need any more money for current expenses than it needed for 1907, the county rates will, of course, be reduced to something near the figures given.

THE FAIR AND STOCK SHOW.

What are you doing to make the annual fair and stock show a success? Are you saving a few bundles of wheat and oats? Let every farmer, who is interested in the success of the fair, lay away in a safe place, two or three nice bundles; tie up a whisp of wheat heads; save a peck of each crop of wheat; save anything else that you are growing or that will save until September. Begin today to save up exhibits. Last year, everybody most waited until just before the fair and then tried to get an exhibit. Save some samples from the garden, such as peas, beans, etc.

Do You Want Coal or Lumber.

We are doing a general brokerage business and have contracted with several saw mills and coal mines and are in a position to sell to farmers, builders or anyone wanting car load quantities, of either coal or lumber. Figure with us before placing your order.

An At Home.

Mrs. J. N. Russell was at home with Mrs. B. S. Arnold on Thursday afternoon, July 16, from 4 to 6. The guests of honor were: Mesdames R. T. Evans, Amarillo; B. J. Rector, Canyon City; H. M. Russell, Pilot Point; Harry Mason, Vernon; and W. B. Arnold, Hereford. On this occasion this hospitable little home presented a scene beautiful, gay and attractive. The decorations were an artistic arrangement of sweet peas and ferns which, together with the drawn shades and lighted tapers suggested a veritable eden. This suggestion became more real when the guests, in passing leisurely from the receiving line, came upon an improvised nook banked with flowers behind which stood Mesdames Matthews and C. S. Garrison, serving

nectar. Soft music just beyond was an allurements to pass into the dining room where dainty refreshments were served, pansies being given as favors.

At intervals Miss Anna Collins, Mesdames H. M. Russell and B. J. Rector charmed the guests with sweet music, both instrumental and vocal. Altogether this was one of the most enjoyable social functions of the season.

The out of town guests in addition to the honor guests were: Mesdames R. L. Junior, Amarillo; Henry Hall, Dallas; Thos. Currie, Amarillo; W. O. Squires, Weatherford; A. B. Conley, Decatur; Chas. Baird, Texhoma, Oklahoma; Meacham, Iowa; Misses Dorothy Ross, Alvarado; Cora Stanford, Waco; and Myrtle Bywaters, Amarillo.

A GUEST.

Kelso Items.

July 16—Wheat about all harvested. The yield will be from 10 to 20 bushels of winter wheat.

We are having some local showers, but what we need is a general rain, what those east Texas people call a regular "toad strangler." We had a very good rain last Sunday night, sufficient to plow sod and that is the order of the day now.

There will be a large acreage sown to wheat this fall and winter.

Mr. Brown and Wayne McDaniels made a business trip to Hereford the first of the week.

Otto Ellison is heading the wheat on the Sells place. He attached a header to his binder which does

the work nicely. Otto is rather a header any way as we know of two other young men he has headed off.

Little Calaway Gregory who got bit on the foot by a rattle snake several days ago is up and around.

July 22.—The Kelso country has at last been blessed with good rains. Feed crop looking fine.

Mr. Palmer of Sabetha, Kansas is having 100 acres of sod broken out 2 miles east of Kelso. Mr. Palmer expects to move here in the fall bringing two or three other families.

Jasper Brown returned from Iowa last week bringing with him the girl of his choice. Our best wishes to Jasper and his new wife.

There are quite a few people from other states who are having land turned here preparatory to moving in the fall. All who expect to put in a crop here next year should get their land turned as early as possible as the sod rots much quicker broken when the sap is up or while the grass is green.

WE are now offering eighty thousand acres of land for sale. We also have contracts to sell other large bodies of land, and having superior facilities for disposing of what we offer, our supply will not last very long. We are fitting up new offices both at Kansas City, Mo., and Hereford, Texas, to handle our growing business this year. All mail to either office will receive immediate attention. Our territory is the United States of America. We will sell you land, or will sell your land for you. The Jewel in the Panhandle Empire of Texas is Hereford, which is surrounded by fine farms and located in the only real shallow water belt of the Panhandle. Let us show you our alfalfa, wheat and oat fields of from forty to one thousand acres. Come and see us; drink our clear, cool water; breathe our pure air—come to the Hereford country, the home of contentment and wealth. We have six new automobiles at your service at all times. Come on any excursion date. Buy your ticket to Kansas City and from there take our train of coaches via Santa Fe to Hereford.

DAIRYING IN COLORADO

(Continued from Page Four)

offer ideal conditions in every respect for dairying—feed, climate, water and good markets.

The mountain parks and valleys of Colorado furnish almost the same dry conditions as the mountain dairy district of New York with the advantages of richer feeds and a dry climate.

These parks and valleys cover a large area, a single one, the San Luis valley, having a tillable acreage as great as the entire state of Connecticut.

A mention of a few of the results secured in 1907 by Colorado dairymen will show the advantages of the state for this branch of farming.

Burke Potter of Peyton (altitude 6,800 feet), on a dry land farm, milked sixteen cows and six 2-year-old heifers, and received for their cream \$1,550. He sold veal calves for \$50 and raised six heifer calves from his best cow. He paid \$300 for bran. All the rest of his feed

was home grown. He raises corn fodder, oat and wheat hay and alfalfa. The farmers around Elizabeth (altitude 6,000 feet), in the dry land section of Colorado, shipped cream which brought \$90,700 and sold milk to the cheese factory for \$10,000. One farmer in March received \$212.04 for the cream from 23 cows and he fed them alfalfa hay only. The average income made by twenty dairymen was \$50 a year per cow with no grain fed.

H. H. Ewing of Fort Lupton (altitude 4,000 feet), milked 30 cows and received from the Colorado Condensed Milk Company for the milk, \$2,781.30. Pasture, hay and grain cost \$1,200, leaving \$1,731.30 for labor and profit.

H. L. Edgerton, Carbondale (altitude 6,200 feet), milked 20 cows and received for their products \$1,660, and for calves \$41.50; total, \$1,701.50. Pasture, hay, bran and roots cost \$520, leaving \$1,181.50 for labor and profit.

Prices for dairy products in Colorado are good. Farmers at Castle Rock were paid by the creamery the following cents per pound for butter fat in sweet cream in 1907:

January 35	July 28
February 33	August 30

March 33	September 22
April 33	October 34
May 29	November 30
June 29	December 31

During the summer of 1907 farmers near Colorado Springs had a strong demand from that city for cream at 33 cents per pound for the butter fat it contained.

During both summer and winter of 1907, the wholesale price in Denver to the farmers for milk for household use was \$1.64 per 100 pounds for 4 per cent milk—41 cents a pound for butter fat.

Notwithstanding the good prices for dairy products in Colorado and the profits made in all sections of the state by dairymen who understand the business, Colorado does not produce its own supply of dairy products.

The most accurate estimates show that in 1907 \$5,000,000 worth of cream were shipped into the state from points east.

There are few Colorado towns that get a sufficient supply of either milk, cream or butter from the farms surrounding them.

DEMAND GREAT

There is one condensed milk factory in Colorado, the Colorado Condensed Milk Company, Fort Lupton. It manufactured in 1907 condensed milk and cream worth \$125,000 and cream is increasing every year.

There are several reasons why with our favorable conditions and good profits Colorado farmers have not supplied their home demands for dairy products.

Help has been scarce. There have not been men enough in the state to take care of the crops and stock. In many sections men have not been available for dairy even if they had wanted to do this kind of work. With the scarcity of laborers it has been easier to take up other branches of farming.

Dairying has been steadily increasing in Colorado for dairy sections in other states have located here and have found all conditions more favorable and the profits larger than in their old home states.

They have been quick to see the economy of Colorado alfalfa over the high priced bran eastern dairymen are compelled to feed.

Every section of Colorado offers favorable conditions for dairying. The dairyman can take his choice of mountain or plain, low or high altitude, dry land farming or irrigation, and be certain that if he manages the business properly he will be sure of good profits.

It is probable that the first great increase in dairying in Colorado will be made on the plains in the eastern part of the state, where there are about 25,000,000 acres that will have to be operated under dry land

farming methods. Many of the new settlers in this section have come from dairy districts, and are accustomed to the regularity and care necessary in successful dairying and dairying furnishes a sure cash income regardless of the rainfall.

As the state becomes more thickly settled and men more plentiful, dairying will probably be established as one of the paying industries in the irrigated sections of the state and on the large areas at high altitudes where dry land farming methods will be used.

H. M. COTTRELL,

Superintendent Farmers' Institutes,
Colorado Agricultural College,
Fort Collins, Colo.

Texas has every advantage that Colorado has for dairying with these

additions: Texas has a more favorable climate; Texas has more rain; Texas can raise a greater combination of feed stuffs. In Texas one man's labor will produce more tonnage of feed stuff; In Texas labor is more plentiful; In Texas living is cheaper, which makes dairying more profitable than in Colorado.

CITATION BY PUBLICATION

THE STATE OF TEXAS
TO THE SHERIFF OR ANY CONSTABLE OF
DEAF SMITH COUNTY, GREETING:

Oath having been made as required by law YOU ARE HEREBY COMMANDED to summon the unknown heirs of Edgar M. Witherspoon and Oscar Witherspoon by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 47th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 47th Judicial District, to appear at the next regular term of the District Court of Deaf Smith County, to be holden at the Court House thereof, in Hereford, on the Third Monday in August A. D. 1908 the same being the 17th day of August 1908, then and there to answer a petition filed in said Court on the 1st day of July 1908 in a suit, numbered on the docket of said Court No. 247, wherein Lena Witherspoon is Plaintiff, and The unknown heirs of Edgar M. Witherspoon and Oscar Witherspoon are Defendants, and said petition alleging that Lena Witherspoon, a feme sole, complaining of the unknown heirs of Edgar M. Witherspoon and Oscar Witherspoon, shows to the court that she resides in Deaf Smith county Texas; That Edgar M. Witherspoon died in Deaf Smith county Texas on May 15th 1903; That Oscar Witherspoon died in Deaf Smith county Texas on March 2nd 1908; That both died intestate and without issue.

That plaintiff Lena Witherspoon and Edgar M. and Oscar Witherspoon were full brothers and sisters; that they inherited from their father and mother certain property; that their father and mother had been dead for many years; that the property inherited was held in common by said plaintiff and her brothers; That on or about November 21st 1902 they purchased Lots Nos. 1 and 2 in Block No. 14 of Whiteheads Addition to the town of Hereford Texas, and improved same and have made their home thereon; the purchase money paid for said lots and all the costs of improving same were paid out of the said common funds of said parties, but through mistake the title deed to said lots were made to Edgar M. Witherspoon alone; That about the summer of 1906 Oscar Witherspoon went to Roosevelt county New Mexico and there made his "homestead entry" upon 160 acres of land described as the N. E. quarter of section No. 21, Township No. 5, South of range No. 33 east, Roosevelt county New Mexico. That he continued to reside upon and improve said land until he "commuted same, made his proof of occupancy, and paid out said land, paying there \$200.00, and got a patent to same from the Federal Government; That all the expenses of filing upon said land and living upon and improving same, and paying for same was made out of the common funds mentioned. That at the death of said Edgar M. and Oscar Witherspoon they left no brothers or sisters, or the dependants of any brothers or sisters, except plaintiff. That by reason of the premises she inherits the interest of each of said brothers, but a cloud rests upon her title to said real estate and upon certain personal property belonging to said common estate. She prays that citation be issued to the unknown heirs of Edgar M. and Oscar Witherspoon and that on trial of this cause she asks that said cloud be removed, and that she be decreed to have said real and personal property, and be quieted in her title and possession.

HEREIN FAIL NOT, but have before said Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

WITNESS, W. M. Cogdell, Clerk of the District Court of Deaf Smith County.

GIVEN UNDER MY HAND and the Seal of said Court, at office in Hereford Texas this the first day of July 1908.

THE STATE OF TEXAS
TO THE SHERIFF OR ANY CONSTABLE OF
DEAF SMITH COUNTY, GREETING:

Oath having been made as required by law YOU ARE HEREBY COMMANDED to summon Joseph A. Bassett by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 47th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 47th Judicial District, to appear at the next regular term of the District Court of Deaf Smith county, to be holden at the court house thereof, in Hereford, on the 3rd Monday in August A. D. 1908, the same being the 17th day of August A. D. 1908, then and there to answer a petition filed in said Court on the 22nd day of June A. D. 1908, in a suit, numbered on the docket of said Court No. 187, wherein J. R. Higgins, G. E. Burns and his wife Sallie A. Burns, W. B. Boyd and his wife Della L. Boyd, George Karr and his wife Sue Ella Karr, and J. H. Colby and his wife Lula O. Colby are Plaintiffs, and W. A. Higgins, A. A. Conrad and Joseph A. Bassett are Defendants, and said petition alleging that the plaintiffs J. R. Higgins, Sallie A. Burns, Della L. Boyd, Sue Ella Karr and Lula O. Colby are the children of the defendant W. A. Higgins and his deceased wife M. L. Higgins; and that the defendants A. A. Conrad and Joseph A. Bassett are the grandchildren of said W. A. Higgins and M. L. Higgins, and that the said A. A. Conrad is the only surviving child of Mattie A. Conrad, a deceased daughter of the said W. A. Higgins and M. L. Higgins, and that Joseph A. Bassett is the only child of Mary E. Bassett, also a deceased daughter of W. A. and M. L. Higgins; and that the plaintiffs above named and the defendants A. A. Conrad and Joseph A. Bassett are the sole and only heirs of M. L. Higgins, deceased. That said M. L. Higgins died interstate in Deaf Smith county, Texas, on the 6th day of March, 1906, and that there has been no administration on her estate, nor is there any necessity for any, and that her surviving husband W. A. Higgins has not qualified as survivor in community of the said M. L. Higgins, deceased.

That the said W. A. Higgins and M. L. Higgins, at the time of her death, were the owners of a community estate consisting of real and personal property, situated in Deaf Smith county, Texas, and being composed of Sections 92 and 93 in Block K-3 in Deaf Smith county, Texas, and 40 acres out of Section 80 in Block K-3 in Deaf Smith county, Texas, and Lots 7, 8, 9 and 10 in Block 26 in the city of Hereford; and also of a number of head of stock cattle, horses, mules, bank stock, farm implements and tools, wagon and buggy harness, cash on hand and notes and accounts, etc.

That the defendant W. A. Higgins is joint owner with the plaintiffs above named and with the defendants A. A. Conrad and Joseph A. Bassett of the property above mentioned, and that the defendant W. A. Higgins is owner of an undivided one-half interest in said property, and that the plaintiffs and the defendants Conrad and Bassett are the owners of the other undivided one-half and each are entitled to a one-seventh thereof.

Plaintiffs pray that the property aforesaid, and the proceeds of any part thereof which has been disposed of, may be partitioned among the parties to this suit so that one-half thereof may be set apart to the defendant W. A. Higgins and the other one-half may be partitioned among the plaintiffs mentioned and the defendants Conrad and Bassett so that each one of them may be allotted one-seventh thereof.

HEREIN FAIL NOT, but have before said Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

WITNESS, W. M. Cogdell, Clerk of the District Court of Deaf Smith County.

GIVEN UNDER MY HAND and the Seal of said Court, at office in Hereford this the 22nd day of June A. D. 1908.

Little Girl Sustains Injury.

The little daughter of Mr. and Mrs. G. A. F. Parker, Annie Fitzhugh, sustained a painful fracture of the collar bone last Monday morning while playing with some neighbor children. It seems that the children were in a carriage at Mr. Barker's and in their glee and play, little Annie Fitzhugh lost her balance and fell, striking her shoulder in such a way as to fracture the bone. Physicians were called in and the member set. At this writing, the patient is doing well and will soon be out.

Cutting Weeds.

A number of Hereford folks have harvested their weeds, while many have not as yet secured harvest hands. It was stated in The Brand last week, that somebody could make a good paying job by taking up that work. Two small boys misunderstood the suggestion and applied at the office for the job. They were told to take their hoes and go after the contracts to cut weeds wherever they could be found. It is not known whether they accepted the offer or not, but from the number whose weeds are still growing, the job is still open. A few hustlers could make some easy money by doing this work. Of course, if the boys do not want to work, they won't do it. Boys can't work now-days like they used to. But what about those weeds in front of your house? Do they belong to you or the city? Most assuredly, they belong to the city. But you are entitled to rental charges for the use of your frontage and the best way to collect the rent is to cut the weeds and get the crop for the charges. There's money in it. Who will take the contracts for cutting the weeds?

Amarillo Optical Company.

Is the new firm whose card appears in another column, they will carry a line of optical, mathematical and engineering instruments, paying special attention to fitting glasses to the eye.

Dr. Claude Wolcott the well known eye and ear specialist will have charge personally of the fitting of glasses and the adjustment of hearing appliances in cases of deafness. This arrangement with Dr. Wolcott will in no manner add to the cost of either glasses or hearing appliances but is a distinct advantage to the patient assuring satisfaction. 1t

Local Weather.

The Hereford country was visited by copious showers nearly every day last week. Rain fell at Hereford on the 15th, 17, 18th and 19th, the total fall being about one inch. Within view of Hereford heavier rains fell. On last Sunday a big rain fell north and east. The days have been somewhat warmer since the rains, on account of the high humidity, but the thermometer has not been up. The nights have been invariably pleasant.

D. 1908 in a suit, numbered on the docket of said Court No. 250, wherein Alice M. Gamble is Plaintiff, and John H. Gamble is Defendant, and said petition alleging that Alice M. Gamble, hereinafter called plaintiff, complaining of John H. Gamble, hereinafter called defendant, shows to the court that she is an actual bona fide inhabitant of the State of Texas, and has resided in the county of Deaf Smith for more than six months next preceding the filing of this petition; that the residence of defendant is unknown. That heretofore, to-wit: On the 11th day of March A. D. 1904, she was married to defendant in Ellis county, Texas; that plaintiff and defendant lived together as man and wife in said Ellis county, Texas, for a time, and then moved to Washington county in the State of Arkansas, where they continued to live together as man and wife until July, 1904; that plaintiff was always a kind and affectionate wife, and dutiful to her said husband, and performed every duty devolving upon her as the wife of said defendant, until July, 1904, in said county of Washington, in said State of Arkansas, when and where the defendant, without any provocation or cause whatever, voluntarily left and abandoned the plaintiff with the intention of finally separating and living apart from her, and has continued so to do for more than years and up to the filing of this petition, though often requested by plaintiff to return to her and

to live with her as her husband. Wherefore plaintiff prays that defendant be cited to answer this petition and that she have a decree of this court dissolving the marriage between plaintiff and defendant, and that her maiden name, Alice M. MALARIAL DISEASES.

How to Avoid Them and the Serious Consequences of Neglect.

"Fix me up something to knock the malaria, doctor," remarked a sallow-faced, sickly looking man, entering a prominent physician's office the other day.

The doctor stepped to his medicine case, took down a couple of bottles, mixed a preparation which he handed to the patient with the customary advice to 'shake well and follow directions,' and resumed his seat.

"Such cases are frequent," replied the doctor in answer to a question. "The warm days and damp, chilly nights are certain malaria breeders and are most serious in those who have neglected to keep their stomach, liver and bowels in good condition. Such persons are full of the impurities on which the malarial germ thrives, and it is from this class that typhoid fever, pneumonia, Bright's Disease, small pox and yellow fever claim most of their victims whenever these diseases are prevalent.

The proper way to guard against the malarial germ and the serious diseases which follow it is to get into good condition by taking a reliable remedy that will keep the bowels clear and the liver healthy, and to continue with it at frequent intervals during the sickly season.

A dose of Prickly Ash Bitters three or four times a week will do all of this, besides stimulating the digestion, improving the appetite and keeping the bodily energy at the highest pitch.

Prickly Ash Bitters is known everywhere as a system tonic and bowel regulator. It not only removes all traces of malarial poison from the system, but tones up the vital organs, gives new strength and vigor, makes the body strong and the brain active.

"Prickly Ash Bitters is the best all-around medicine for the family I ever used. During the past ten years I have always kept it in my house. Whenever any of my family show signs of malaria, kidney trouble, indigestion or constipation a few doses is all that is needed to make them well and hearty again.—W. H. McWILLIAMS, Pickering, La.

DON'T READ THIS

Unless you want to. But say, if you do you will learn that I have a nice lot of well bred (but short fed) Hereford Bulls and a nice lot of Berkshire Pigs, all for sale. (No, not to give away) for sale, and well worth the money. Yes, independent, like the hog on ice; can't stand, go down. At present I am down on prices. Do I have to have the money? No, good notes is what I give my creditors.
