

AROUND A Town Sights and Faces Seen

Cigarettes were out on the counter for the whole town to see at the Hereford News Stand, Candy Kitchen, Close Drug and City-Drug this week and it was an occasion for amazement to cigarette hunters who had practically forgotten that smokes were ever stored anywhere but behind the counter.

However, it's strictly not true that the new practice of displaying cigarettes is the result of fear on the part of clerks that they might get a permanent "cigarette stoop." The reason is actually logical—supplies are getting better.

But take it from the harried housewives, supplies of soap, shortening and sugar have shown no improvement; and a common wall is the statement "I wish I had beaten the hoarders to that soap."

J. D. Bradley of Dallas who suffered burns in a highway accident near Hereford late in June and who was taken to the Deaf Smith County Hospital for treatment is ready to go on record for the fact that Hereford is a friendly town. After the account of his accident appeared in The Brand, Bradley said that about 35 people came by to inquire about him—"And I really appreciated it," he adds.

Mrs. W. I. Valentine would agree that there are some mighty neighborly people in Hereford, for she says that Joe Bishop brought her three fine bass Monday night.

Ed and Arlene have moved into their new real estate office on West Third Street in remodeled quarters formerly occupied by the bank.

Troop 1 Enters Tenth Year of Activity Here

The task of re-registering Scouts of Troop 1 is in progress for the tenth consecutive year. It was stated this week by Scoutmaster Urlin Streu, who said that Aug. 31 will mark the tenth anniversary of the troop, organized under sponsorship of the Hereford Lions Club which continues to be the troop sponsor.

Twenty-eight boys are now members of Troop 1, Streu said, adding that there are several candidates waiting for admission. During the ten year period the scouts have made steady progress, both as to membership and as to participation in a balanced scouting program.

Of special value during the past four years is the war activities program of the local scouts who have conducted a continuous scrap paper drive and assisted in all other salvage collections. They have also aided in distribution of war bond posters and literature and have taken part in other war activities.

Edgar A. Johnson Dies in New Mexico

Word has been received here of the death of Edgar A. Johnson, former Hereford resident, in Socorro, N. M. He died at his home early Sunday morning following a heart attack. He had suffered frequent attacks during the past few months. Funeral services were conducted Monday in Socorro. He was proprietor of a tourist court there.

Besides his wife he leaves two sons, J. W. of Socorro and Edgar A. Jr., who is a pilot in the Air Transport Command, and two grandchildren.

Mr. and Mrs. Johnson and family moved from Hereford to Socorro several years ago. He was a long-time resident of Hereford and was connected with a grocery business here for many years.

Mayor Urges Citizens to Save Water

"The water situation is serious," stated Mayor E. S. Ireland today, urging users of city water to cut irrigation to the minimum and to stop all irrigation when the fire alarm sounds.

One city well went out last Saturday and when a new pump was ready to install it was discovered that new casings would also be put in, Mayor Ireland said. This situation, in addition to drought conditions which have caused unusually heavy use of city water has caused lower water pressure and could result in serious shortage in case of fire, the mayor stated, urging that citizens cooperate in conserving water until repairs are completed at the city well. These repairs are being rushed as fast as possible, and should be completed by next week.

Work on the new city well being completed by next week.

Crop Insurance Program to Get Underway Soon

Start of the crop insurance program of the AAA is being held up pending the approval of yield reports for individual farms by the state office, it was announced this week by F. G. Collier of the county office. All details of the program except the announcement of actual premium rates have been worked out, Collier said.

The flat cover rate for 75 per cent coverage has been set at 1.7 bushels per acre for irrigated land and 1.8 bushels per acre on non-irrigated land. For a 50 per cent coverage the premium is 9 bushels per acre and is the same for both irrigated and dry land farms. But individual rates will depend on a "check yield" report for each farm.

The program is voluntary and will be handled by local persons, Collier said, adding that farmers who sign up will pay premiums by note on a three year basis, insuring now for the crop years of 1946, '47 and '48.

Hereford WAC in Army of Occupation

A radio newscast last Friday afternoon mentioned Blanche Poff of Hereford as one of first three WACs assigned to duty with the American Army of Occupation in Europe. Friends here who heard the broadcast said that they were not paying much attention to the news until they heard the familiar name—and by that time details of the news story had already been given.

Miss Poff, who holds the rank of T-5, has been in the Women's Army Corps since 1942 and after completing her basic training at Ft. Des Moines was stationed at Ft. Belvoir, Va., as supervisor for the telephone operators in the Signal Corps office there. She later took special training for her overseas assignment and left the States from New York early in July. Her family believe that she is at present stationed in Paris.

She is a daughter of Mr. and Mrs. Blanche Poff of Hereford.

Onion Patch Produces Gross Income of \$1425

An onion crop that has grossed \$1,425 was raised by Ralph Smith on one and half acres at his place in the north part of Hereford. "And it wasn't much work," Smith declares.

A total of 33,250 pounds of saleable onions were produced on the patch, Smith said, with about 300 pounds of culls in addition. The onions, Yellow Sweet Spanish variety, produced 40 per cent Jumbo and the rest Standard No. 1's.

No Price Quote On Spuds After Drop in Market

Conditions in the potato market yesterday were characterized as chaotic by processors who stated that it was impossible to quote a price on any grade potatoes at present. But despite the fact that buyers were booking no potatoes yesterday, it is anticipated that present conditions will not last long—certainly not for the duration of the potato season.

Most processors here were of the opinion that the government will move in to buy up the present surplus at support prices—\$2.30 for No. 1's and \$1.15 for No. 2's; however, as of yesterday afternoon no official announcement had been made.

Cause of the drop in market demand was attributed to buyers booking early spuds from California and receiving only (Continued on Page 12)

Pheasant Shooting Draws \$36 Fine

John E. Jackson, who pleaded guilty to a charge of shooting at game birds (pheasants) out of season, was fined \$25 and costs—a total of \$35—in Justice Court recently.

Jackson and two companions were apprehended by Constable C. F. Davis in the east part of the State Park. Charges were filed by State Game Warden J. H. Maggard.

Pheasants were stocked in this area by local sportsmen and there will be no open season on the birds, officers explain.

Justice of the Peace Andy Thomas states that the \$25 fine is the minimum penalty for shooting at game birds out of season, and fines up to \$200 may be levied. Local officers, eager to help sportsmen in their efforts to get a good stock of pheasants here, state that the game laws will be strictly enforced.

Ewton Buys Large Ranch Near Denver

Purchase of a large ranch 35 miles west of Denver was recently made by Noah Ewton. The place is well improved with a large house and Mr. Ewton said that they will probably move there in October.

The ranch includes 4,500 acres and leases cover an additional 5,000 acres, giving a total of 9,500 acres in ranch land. The deal has already been completed, subject to approval of the title, Mr. Ewton said.

School Tax Rate Increase Carries In 2 Districts

School tax elections at Wyche and Walcott Saturday drew light votes to bring a majority in favor of proposals to raise the school tax rates in both districts.

At Wyche the vote was 14 to two in favor of increasing the rate from \$100 to \$150 on the \$100.00 valuation.

The election at Walcott to raise the tax rate from 50 cents to \$1.00 carried with a vote of 12 in favor to four against. Similar elections will be held next Saturday, Aug. 4, at Summerfield and Westway. On Aug. 14, School District No. 7 will vote on a proposition to increase the school tax rate from 50 cents to \$1.00.

Must Report Practices By August 15 to Be Eligible for Payment

Farmers were reminded again this week that all practices carried out by Aug. 1 must be reported by Wednesday, Aug. 15, if the farmer is to be eligible for payment.

According to the local AAA office, this is a rule which absolutely must be followed this year and farmers are urged to report all conservation practices immediately.

Finishes Combat Tour With 5th Bomber Command

FIFTH AIR FORCE, Philippines—Tech. Sgt. Selwyn D. Balze, formerly of Hereford, has arrived in the United States after having completed 40 missions as an engineer gunner on a B-24 Liberator with the Red Raiders, crack veteran heavy bombardment unit of the Fifth Air Force Bomber Command.

Overseas 23 months, Sgt. Balze has participated in raids in the New Guinea area, the Netherlands East Indies, Borneo, the Philippines, Formosa and China. He recalls his most dangerous mission as one over Balikpapan in Northern Borneo in October, 1944, when his formation was intercepted by approximately 35 enemy planes and for 20 minutes the action was fast and furious. Going in for the bomb run, they were greeted by intense anti-aircraft fire but managed to drop their bombs on target—the Jap-held oil refineries.

Army Medic Gets Bronze Star Medal

Pfc. Ralley E. Wedel, medical corpsman with the 42nd "Rainbow" Division, has been awarded the bronze star medal for his services with the 7th Army in Germany from Feb. 8 to May 8, 1945.

The citation states that Pvt. Wedel "as surgical technician during the attack through the Hardt Mountains and the Siegfried Line and during the defeat of the enemy east of the Rhine, rendered valuable and unceasing aid, both in assisting the medical officers in the direct care of the sick and wounded and in moving and organizing the treatment room of his platoon station. By his technical skill, willing cooperation and tireless energy he was instrumental in assuring a high standard of care for all the sick and wounded who passed through his section."

Pvt. Wedel is a son of Mr. and Mrs. H. T. Wedel of Hereford.

Salary Raise, 3 Other Proposals On August Ballot

Voters were reminded this week of the election scheduled for Saturday, August 18, to pass on four proposed amendments to the Texas Constitution. Balloting will take place in all election precincts of Deaf Smith County, according to an announcement by County Judge Fred W. Balrd.

Amendment No. 1 would permit all persons in service to vote without a poll tax for a period of 18 months after they leave the service. The second amendment would place members of the Legislature on a full-time salary. Representatives and senators now are paid \$10 per day for the time the Legislature is in session. Under the amendment, they would be paid \$10 a (Continued on Page 12)

Financial Statement Points to Need for Tax Reallocation

The sound condition of Deaf Smith County finances is reflected in a comparative statement of receipts and disbursements issued this week by County Auditor E. C. Eubanks who points to the \$177,556.02 balance in all funds as a record high for such a balance.

However, Auditor Eubanks points out, the report clearly indicates the advisability of a reallocation of taxes, a matter to be decided by Deaf Smith County voters in a special election on August 25. The reallocation would not change tax rates but would enable the commissioners court to allocate tax money to the funds which are most used in carrying on county business.

"The administrative cost of county affairs has gone up—just as in every other business," Eubanks states, "and a reallocation of tax money would simply mean greater efficiency in county administration and putting the money into the funds which are most used."

Camp Fire Girls Pass Honor Requirements

Camp Fire Girls of the Weccantewaste Troop passed rank requirements in cooking and honor requirements in hiking and nature Saturday morning when they went on a sunrise hike to the State Park and cooked breakfast at the Boy Scout hut.

The girls studied trees and gathered leaves to make nature honor mats.

Camp Fire Girls who made the hike include Bobbie Nell Pittman, Sandra Bateman, Beth Scott, Mary Kathryn Carroll, Joan Hendrix, Betty Shockley, Doris Jean Smith, Ruby Faye Barclay, Betty Smith, Sue Smith, Gayle Marie Foster, Wilma Jo Robertson, Ruth Ann London, Betty Jean Wade and Betty Jo Carnahan.

Roden Brothers Buy Portales Drug Store

Announcement was made this week of purchase of the New Mexico Drug and the building which it occupies in Portales by J. R. Roden of Friona and Ralph Roden of Hereford.

The store is said to be an outstanding one with a large stock and will be operated under active management of the two brothers.

Both Rodens are well known in this community. J. R. operated the City Drug Store in Friona for a long period, and until three years ago Ralph operated the Corner Drug Store in Hereford.

The Grand Jury which met in Hereford Monday has returned four indictments to insure one of the heaviest criminal dockets in recent sessions of 69th District Court here.

One murder indictment, two indictments charging theft and one indictment charging operation of a gambling house were returned by the Grand Jury of which R. L. Campbell is foreman.

Claude Caison was indicted with murder in connection with the death of Robert Lee Grant, who died July 11 in an Amarillo hospital. Caison, according to the indictment, hit Grant with his fist and kicked him with his boot in a fight which occurred at the Hereford rodeo on Sunday, July 1.

Kenneth Raymond Flowers, wanted in several states on criminal charges, was charged with theft of property (a car) of value in excess of \$50. He is now in jail in Tucuman, N. M., on a habitual criminal charge and will probably not face trial in Hereford.

Indicted as an accessory in Flowers' crime was Earl Caster of Hereford.

Iverson Leake of Dawn was indicted for the operation of a gambling house.

No criminal cases have been slated for next week, but these cases will probably come up on the court docket soon.

There will be no jury cases next week, when Judge John Aldridge will hear civil cases not requiring the services of a jury.

District Attorney King Fike of Dalhart assisted the Grand Jury in their investigations this week.

Parties Compliment Recent Bride

One of the loveliest parties of the season, both for the party itself and the personality of the honoree, was the tea given by Mrs. H. A. Close Friday afternoon honoring her daughter-in-law, Mrs. Harold Ross Close, a recent bride.

The house was decorated throughout with midsummer blossoms in white and orchid. Baskets and bowls were filled with gladioli in the living room and the tea table which was laid with lace held a large crystal bowl filled with shasta daisies and flanked by white tapers in crystal candelabra. Punch was served by Mrs. A. R. Bateman and Mrs. D. H. Alexander served dainty cake squares topped with tiny flowerlets in pastel colors.

Greeting the guests were Mrs. Close, the bride, the bride's mother, Mrs. Geo. Wilson of Lubbock and the bride's sister, Mrs. Roger Mills, also of Lubbock. Mrs. O. G. Hill presided at the guest book. Others in the house party were Mrs. Ray Johnson and Mrs. Chas. Hill.

Stove a Dangerous Weapon

Pfc. Francis Gaetz can testify to the fact that "casualties" occur, even after the official shooting stops. For Pvt. Gaetz, member of the Third Army in Czechoslovakia, recently received an eye injury when a stove blew up as he tried to light it. He reports that no permanent injury was done but that he was off duty for ten days.

The break-up of his old outfit, the 146th Engineers, was a sad day for all concerned, Francis reported, saying that many of the boys cried and even the officers cried.

Jones Ship Ducks Kamikaze

ABOARD THE USS MOBILE IN THE PACIFIC—Clifford Earl Jones, easman first class, USNR, son of Mrs. Vera Jones, Hereford, Tex., served aboard this light cruiser which ducked a dozen Kamikaze planes and evaded enemy mines, torpedos and suicide boats in order to move in close and smash more than 350 Jap shore targets as her contribution to victory at Okinawa.

Sometimes during the campaign, the 37th major operation for the MOBILE in this war, she moved in so close that her crew said they could readily identify uniform insignia.

The MOBILE was attacked daily by everything from "hecklers" to attacks comprising a score or more enemy planes. Once eight Jap suicide planes were splashed within two minutes in a sector covered by the gunfire of the MOBILE and several other ships.

Meanwhile, she was doing wholesale damage to the Japs on the island. She blasted 90 caves where Japs were hiding troops and big guns. She knocked out 43 Jap mortars with direct hits and, when the Japs tried to supply their front line by motor trucks, picked off 15 trucks.

Two dozen blockhouses and pillboxes were smashed by her guns. Fifteen times she stopped Jap infantry charges by killing and scattering troops with direct hits.

One of the suicide planes which attacked her was picked off at the respectable range of 9,000 yards. Another got in to a range of 1,500 yards before being batted down.

Mail Call Like Christmas (Editor's Note: The following are excerpts from a letter written to Joe G. Evans by Pfc. O. G. Hill, Jr., who is stationed

in the Philippine Islands.)

"... Mail always rates first above everything else for the boys over here. Every big mail call seems just like Christmas. "Mother told me about the change in pastors... I am sure Bro. Cagle is a very good preacher. I read about him in the Hereford Brand. It is always about two months behind time but it is still good news.

"Up until recently our church services were few and far between. A small group of us were stationed back up in the hills and a chaplain visited us only once in three months. That is one time we had to take the praying upon our own shoulders. It certainly puts a man to thinking for himself.

"I share everyone's grief for the passing of Mr. Conkwright. Mrs. Conkwright has my deepest sympathy.

"I am getting along just fine and expect to be home the early part of next year. Say hello to my friends for me and thanks again for writing."

Streu's Diary

DEAR DIARY:

I didn't have time to write last week—Walter is on his vacation and folks sure did give us fits—but we like it.

Well, rationing of gas heaters and gas cook stoves terminated as of the 31st of July. We have not received official word as yet, but it is a fact. Now it will be a mad scramble for stoves, because the supply is only up 5 per cent over last year, and there won't be enough stoves to go around. Of course, those who hold certificates will have priority over non-priority customers, if they can find the stove first!! It will still take a certificate to get oil burning appliances.

Reconversion is a topic of conversation these days with everyone impatiently waiting for that new iron, washing machine, refrigerator, etc., so here's the low-down—Electric Appliance Limitation Order No. L-65 was revoked late last month. This means that manufacturers were given permission to produce electric appliances to the extent that:— (1) Their facilities are released from war work, (2) manpower is available, (3) they are able to secure materials without priority assistance. No one knows just yet

how much material is going to be left over from the Pacific war requirements and available to manufactures for the production of civilian goods, and therein lies the joker—so, don't expect to find the dealer's shelves crammed with all those things you have been waiting for just because the newspaper says such things have been released for manufacture. Maybe after the first of the year—

Speaking of gadgets, we just received a shipment of something new—something that every housewife can use—SCRAP-TRAPS. You can read all about it in the ad right above. They're swell!!

Oh, yes, Jean just got in a big bunch of extra special greeting cards for all occasions—and lots of famous Cameo and Cloister Craft leather billfolds, cigarette cases, key cases, memo cases and other fine leather goods.

In case some of the customers are going fishing, we just received an allotment of 16 dozen trout flies—grab 'em quick—16 dozen is just a drop in the bucket!!

Wish I could go fishing—and that Hereford had a swimming pool.

District OPA Office To Close Sept. 15th

Tentative plans call for abol-
ishment of the Lubbock District
office of OPA and combination
of the 71-county territory with
that of the Fort Worth dis-
trict will become effective Sept.
15, according to an announce-
ment made this week by Earl E.
Kerr, director of the Lubbock
office.

Kerr said that action involv-
ing the Lubbock office was part
of a national reorganization
plan of the OPA which will re-
sult in the abolishment of 31
districts over the nation. Three
of these districts offices, Lub-
bock, Tulsa and Shreveport, La.,

are in Region Five.

Object of the move, Kerr said
is "to shift staff and resources
in the field to the major points
of population concentration and
to key production and distri-
bution areas, so as to make pos-
sible better service in the recon-
version period to the largest
number of businesses and to pro-
tect the greatest number of
people with effective enforce-
ment."

"So far as we know there will
be no duty stations in what is
now the Lubbock District and
unless personnel of the Lub-
bock office desire to be trans-
ferred to other points, their
period of employment will be
terminated September 15, the
date now tentatively set for
closing the Lubbock office,"
Kerr said. The office employs a
total of 128 persons.

There will be no change so
far as local Boards are con-
cerned, Kerr said, other than
that they will work under the
direction of the Fort Worth Of-
fice after the effective date of
the change.

THIS WEEK... AT THE USO

There were about 30 people who took advantage of the good weather and available truck to go to Amarillo and roller skate on Monday night. Those who went reported a very good time. We want try to tell who the most graceful skater is nor who had the most thrills but all in all it was a nice party. And the hamburgers and cokes were good too.

Tuesday night the GSO sponsors took a group of girls to the P. W. Camp to go swimming. Arrangements were made by Captain Adams and we do appreciate his cooperation. He made arrangements for the truck to Amarillo too. What a ball game on Sunday, a roller skating party on Monday, and a swimming party on Tuesday, surely the spare time of the men has been filled this week end.

The program for the month of August has not been completed at this writing but next Monday we will probably have an outdoor party of some kind. Watch the bulletin board at the USO and at Camp or call your sponsor for information.

The flower arrangements by members of the Garden Club on Saturday and Sunday were beautiful gladiolus bouquets.

Ft. Leonard Wood is shipping out a number of men who went up there from this camp.

Several of them came through Hereford on their way.

We had seven children who came to the USO last Thursday to work with shells and they did some very nice work. Others have seen it and will probably beat the teacher here this week. If the class gets too large we will have to make some other arrangements. Or have more help.

Mrs. Glenn Rutter brought in a cake for the men the other day. And another lady brought in some cookies. Her husband is overseas and she brings something in for the boys every month.

Cooky donors for the month of July were Mesdames Jimmy Taylor, Blanton, the Sub-Debs, Mrs. M. H. Koelzer, Juanita Kelly and Frances Young for the Y. W. A. and Mesdames Jim Black, Cecil Wilkins and Click; Ed. Loerwald, Gene Loerwald and L. J. Kuper of St. Anthony's Guild, W. W. Hill, Ar-

thur Rogers.

Letters and cards were received from Leonard Palmer of Childress, Gene Moore in the Aleutians (wearing long underwear and liking it) and Mrs. Allen who is in Missouri on furlough.

We have been drinking orangeade all week thanks to Furr Food Store. The boys like it and it isn't any trouble to make—after you get the oranges squeezed.

Mrs. Hastings and Lois Kra-wiac spent a lot of time and energy last Thursday and we got 14 quarts of juice. We appreciate their labors a lot.

We are short on scandal this week so if you know some be sure to tell us and we will really have a column next week. It has been too hot to hunt it up this week.

McGowen Back in States After Three Years As Alamo Scout Leader On Dangerous Reconnaissance in Pacific

1st. Lt. John R. C. McGowen of Amallo, twice awarded the Silver Star for gallant leadership of Alamo Scout patrols on dangerous pre-invasion missions in the Pacific, has returned to this country for re-assignment after nearly three and a half years of infantry duty overseas.

A slender, soft-speaking veteran of 26, the lieutenant also wears the Purple Heart for a wound received on another mission in Ormoc Bay during the Leyte campaign.

Lieutenant McGowen's brilliant combat career spans the history of two of the war's most daring and specialized units—the 158th Infantry Regimental Combat Team, better known as the "bushmasters" because of the men's superlative jungle skill, and the Alamo Scouts, a Sixth Army organization assigned to hazardous reconnaissance jobs far behind enemy lines.

Graduated from Texas A & M College in 1940, Lieutenant McGowen went to Panama, where he was employed by the United Fruit Company. He held a reserve commission in the infantry, and was ordered to active duty in February, 1942.

His first assignment was with an infantry regiment in the Panama Canal Zone, and he was transferred from it to the 158th Infantry when that unit was organized for special jungle training.

The Alamo Scouts, picked for individual initiative and daring under their founder's policy that "a man has to be tough to stay in this outfit but this outfit has no place for a tough," were organized in the fall of 1943, and Lieutenant McGowen was one of the original officers selected to lead patrols. Many of the first Scouts were veteran Bushmasters, and the Scouts worked with the Bushmasters in later operations.

Lieutenant McGowen's first Silver Star citation was for taking a patrol onto Los Negros in the Admiralties ahead of the invasion of that group of islands by the 1st Cavalry Division. The patrol was landed in daylight by a Catalina flying boat, and its reconnaissance assignment quickly developed into a deadly game of dodging a battalion of Japanese sent out to kill the Scouts.

"The Scouts operate in small groups of a patrol leader and six or seven men," the Texan explained in an interview at a West Coast port, where he arrived from overseas. "We try to avoid a fight, because our job is to get information and get it back to headquarters."

"Many times we lay hidden in a spot of jungle while the Japs hunted for us—sometimes coming close enough for us to touch them. We were seen and fired on plenty, too, but we hardly ever fired back. For some reason, a Jap doesn't get so excited if you don't return his fire."

Lieutenant McGowen led ten patrols of his own and assisted in the organization of many more. His men escaped injury on every patrol he commanded, he commented with

pride; though he was wounded in Ormoc Bay when Jap planes attacked PT boats that were carrying his patrol to an island in the bay.

His patrols varied in duration from a few hours to two weeks and covered as much as 40 miles behind enemy lines. Other patrols by the Scouts have lasted several weeks, and the full story of many of them probably will not be told until long after the war.

"We had to travel light, because we traveled fast," Lieutenant McGowen said. "Our equipment was chosen to suit each individual mission, and we were trained to make the most of what we had or could get."

The lieutenant added an Oak Leaf Cluster to his Silver Star at Hollandia on New Guinea, where his patrol was assigned to scout one flank of the invasion there.

"We really made a little invasion of our own," he laughed. "Our territory was along one flank, and we scouted the area to discover what the Japs had there."

Lieutenant McGowen also led one of the two Scout teams that went onto Neomfoor Island ahead of the invasion forces. These teams covered the island to determine enemy strength and locations, then waded for hours in the ocean, neck-deep in the water, to find channels through the coral reefs for the landing craft to use.

The lieutenant, who has not been home since he left in 1940, planned to visit his parents, Mr. and Mrs. R. L. Thompson, at 2200 Lipscomb Street in Amarillo.

In additions to his combat citations and Purple Heart, he wears the Combat Infantryman Badge for exemplary conduct in action against the enemy. He also received the Philippine Liberation campaign ribbon authorized by the Philippine Commonwealth.

Lieutenant McGowen attended school in Amarillo and Hereford, Texas, and received his bachelor of science degree at Texas A & M College in 1939. He earned his master's degree the following year.

Clubs Demonstrate Projects For Year

Completing the quarterly federated club luncheon programs for the year, seven Home Demonstration Clubs were hosts at the meeting held Friday at the Methodist Church. Demonstrating the project for the year, Miss Martha Buttrill, Emergency State War Food Assistant of the Extension Service of Texas A & M College, conducted the program on "How to Prepare Vegetables and Fruits for Freezing."

A definite need for such a program was evidenced by the large number in attendance and by the keen interest shown during the entire day's demonstrations. String beans, peaches and one chicken were prepared for freezing; and a baker, prepared by Mrs. W. S. Rice, was wrapped "drug store

style" and "butcher style" for storage. The use of brine was also explained.

One chicken was used as a demonstration of correct butchering. The bird was hung on the clothesline and the jugular vein cut with a sharp knife. Some of the advantages in this method are: the operator is not messed up, the bird is not bruised and the meat really keeps better.

Commanding no less interest than the food was the exhibit of articles made from feed sacks. "Are they for sale?" was the question asked over and over as the display was viewed. There seemed no end to the number of garments which could be made out of ordinary feed sacks. Among those much admired were sis-

ter dresses for daughters of Mrs. Joe Wagoner and bordered material made into a pinafore for Mrs. V. P. Walker's little daughter. Mrs. Troys Carmichael wore her pinafore. Miss Roberta Campbell and Buddie Bob modeled some garments. Bonnets, house dresses, smocks, luncheon cloths and napkins, sheets, pillow cases and almost everything used for the house were included in the display.

Mrs. Liston Wilson, president of the Deaf Smith County Federation of Women's Clubs, presided over the business session for the concluding meeting of the year and members voted to adopt the project of improving transient labor housing, because of the health hazard involved for local residents, for next year.

A great deal of concern has been felt by the members of the various clubs of the county in regard to this problem and a committee was appointed to investigate and begin work to improve the situation. Mrs. Homer Brunley was named chairman and Mrs. A. L. Manjeot and Mrs. Marvin Boyd will work with her. In addition to that committee presidents of all the clubs will be asked to appoint a member to work with the group. The plan now is for the committees to begin actual work as soon as possible, which will not only improve conditions already existing but will have a definite set-up for next year's influx of laborers.

Texan Members Of "Most Shot At" Crew in Navy

In THE FORWARD PACIFIC—W. H. Shugart, 20, photographer's mate, third class, USNR, who attended 218 different schools in Texas and then enlisted in the Navy before getting a diploma, is still living an unusual life, for he is one of a group of Navy men known as the "most shot-at-crew in the world."

Shugart, who calls De Leon, Tex., his home, followed the footsteps of his father, L. A. Shugart, during his teen years, putting on magic shows throughout the Lone Star State. As a result, he picked up his education as he went, thus racking up what he believes to be the record for schools attended.

He enlisted in April, 1944, and became a member of the Navy's advanced fleet camera party which long ago became accustomed to having high-caliber shells hurled their way. In fact, they no longer wear life jackets and helmets.

Object of the Camera party is to photograph actual shell bursts fired at a floating target by warships. The target is towed astern a fast, converted destroyer upon whose fantail shugart and his colleagues mount their photographic equipment. Although the towline is more than a half-mile long, ships which pepper the target from a distance of up to ten miles have been known to make a miscalculation and come closer to the towship than to the target. Shrapnel from bursting shells has clattered around the photographers as they worked.

Narrowest escape for the camera party, since it arrived in the forward area over a year ago, came when a miscalculation on the part of a fast-firing cruiser sent the photographers flat on the deck as six-inch shells rained in the water around the towship. A quick radio message requested the cruiser to "cease fire" and to make corrections in its calculations. Minutes later the cruiser advised it was ready to resume fire. The photographers returned to their cameras, but again was confused, and again the cameramen flattened themselves on the deck amid mumbled prayers and curses. Radiating a "sorry," the cruiser withheld its fire and then opened up a third time—this time pouring salvo after salvo squarely on the target.

"It would be foolish to kid ourselves into believing our Navy guns never miss their targets," Sugart declared, "and that's why our little job is important at their practice sessions. Our photographs held

them to determine the cause of their errors. And practice makes perfect."

The Texas photographer's parents, Mr. and Mrs. L. A. Shugart, live on Route 1, De Leon. A brother, L. A. Shugart, Jr., is in the Army stationed in the States.

New Boss of Air War Against Japs

Secretary of War Henry L. Stimson pins the second Oak Leaf Cluster to Gen. Carl Spaatz's DSM for "exceptionally distinguished and meritorious service" as commander of the U. S. County Described As "Red Hot Spot" of The Potato World

"Deaf Smith County, a few years ago 'the Mystery Potato District' is now the RED HOT SPOT of the potato world."

The quotation is from the feature article in the July issue of Potato World, a magazine which goes into the hands of processors and buyers in every potato producing district in the United States. Not only did the Hereford district get the lead story in this month's issue of the magazine, but the cover picture features a Hereford girl (Miss Mary Lookingbill) and a display of Hereford spuds. It was the same picture previously used on the cover of "West Texas Today," official magazine

The Potato World story describes the progress of the potato industry near Hereford since 1934, when Joe Ballinger pioneered the new crop, to 1944 when potatoes brought a one and a half million dollar income to the territory.
