61ST. YEAR — NO. 33

**LOOKING OVER TEACHERS** he will meet when school starts is Frank Hergert, American Field Service exchange student from Nuremberg, Germany. Taking him on a tour through the Hereford High School yearbook were members of his American family, Sharon and Larry Hill, son and daughter of Mr. and Mrs. Elmer Kimball of Hereford. Frank arrived in Hereford Monday to begin his 10-month stay here. (Staff Photo)

## Board Of Trustees Approves \$1,300,000 School Budget

A budget calling for the expenditure of \$1,301,564 during the 1962-63 school year was set for the Hereford Rural High School District as the Board of Trustees met in regular session here Tuesday.

Major increases in the budget, according to P. L. Stevens, school superintendent, were in teachers' salaries and in the debt service payments.

An increase in the number of teachers and pay raises, he pointed out, have increased costs from \$782,978 for the previous year to \$806,433 for the coming year. Also included are funds to hire six additional teachers if needed.

The debt service charges, he declared, are for the recent bond issue approved by district voters for the school expansion program. Funds set aside to pay principal and interest are \$217,103.

In other areas of school operation, costs have been reduced. It is anticipated costs will drop for the administration of the system and for instructional costs.

Total administration costs in the previous budget were \$64,400 compared to a \$57,400 for the coming year. Instructional costs are expected to be reduced from \$901,519 for 1961-62 to \$851,151 this coming year.

In most of the other areas of school operations, reductions were noted in the budget. Some expenditures, however, had been shifted to other accounts for what seemed an unexpected rise in cost of operation.

However, total current operational expenses expected during the coming year have increased slightly less than \$20,000.

It was pointed out by Stevens that the amount budgeted for teacher pay alone increased approximately \$23,500.

Receipts during the coming year are budgeted to equal expenditures, with \$697,818 coming from district revenue, \$817 from the County Available Fund, and \$202,929 from state revenue.

Following the public hearing on the proposed budget, Board of Trustees moved that it be approved.

In other action during the meeting, the Board also approved the amended budget for 1961-62. Expenditures during the year have amounted to \$1,247,473 while receipts for the year

### Accident Injures Resident, Causes Heavy Damage

Two vehicles were heavily damaged here early Sunday as they collided at the intersection of 25 Mile Ave. and Bradley Street. A Deaf Smith County resident was also injured in the accident.

Injured in the accident was Freddie Martin Welty, 25, of Route 2. Welty was taken to Deaf Smith County where he is reported to be in good condition by a hospital spokesman.

The accident occurred as a 1961 model sedan, driven by Teofilo R. Villareal, 26, was attempting to pass two large trucks according to the accident report. Villareal was headed north at the time of the accident.

As he went around the trucks, crossing the double stripe of the four-lane highway, according to the Police Department report, he struck the pickup driven by Welty in the left rear.

Welty was attempting to turn west off of 25 Mile Ave. on to Bradley Street.

Welty's pickup spun out of control following the collision and landed against the curb at the Bradley Street intersection facing west.

The Villareal sedan traveled across the highway, jumped the curb, and landed in the front yard of the H. C. Williams residence at 308 West Eighth St.

Damage to the 1961 model sedan was estimated at \$600 with \$350 estimated in damages to the pickup. The vehicle was owned by S. L. Garrison.

### BOY ARRIVES MONDAY

## Student Likes Texas Life After A Day In Hereford

By Wain Miller  
Brand Staff Writer  
A German boy listened to an American composing team's music from "South Pacific" shortly after he had returned from a horse-back ride during his first day in Texas.

Frank Hergert, American Field Service exchange student from Nuremberg, Germany, arrived in Hereford Monday evening and was quickly initiated in the way Texas residents live.

Landing at Amarillo Municipal Airport about 8:30 p. m. Monday, Frank spent the remainder of the evening getting acquainted with his host family, Mr. and Mrs. Elmer Kimball and children Sharon and Larry Hill.

He also met Heather Gordon, exchange student from Johannesburg, South Africa, who arrived in Hereford last week.

After "sleeping late" on Friday, Frank took a tour of Hereford and the surrounding area along with his American family.

Following a day of meeting friends, touring the city, riding horses, and visiting the Kimball farm, Frank reported, "I like my family, I like this town, and I like the farm. I'm looking forward to the coming months."

"When I arrived in New York," Frank recalled, "they told me not to say that I was going to the United States, but to say I was going to 'Texas' instead."

"Some of my friends back home don't know where New York City is," he pointed out, "but they knew Texas because of the cowboy stories."

Frank explained that he went from his home in Nuremberg to Frankfurt, where he boarded a special plane for New York City along with 120 other European exchange students.

He arrived in New York on Thursday, and spent two days touring the United Nations, Empire State Building, and other points of interest in the city.

From New York, Frank boarded a plane to Washington, D. C. where he saw the nation's capital. There he left the other exchange students as he flew to Fayetteville, N. C., for a visit with his sister and her

program for the first meeting, which gets underway at 8 p. m. in the Hereford Community Center, will include discussions by Hereford High School football coaches concerning the coming season.

During the program, Ed Skypala, president of the Hereford Lions Club, will show the films he took during his trip to Europe to attend the Lions International Convention at Nice, France.

Knox stated that Whiteface football coaches will be called upon to discuss the coming season, team members, and plans.

All former Boosters and anyone interested in the program are invited to attend the meeting, Knox added.

to-day I was going to 'Texas' instead."

### Boosters Slate First Meeting Of 1962 Season

First Booster Club meeting of the 1962-63 season is slated for Monday, Aug. 20, according to Booster president Debbs Knox.

Program for the first meeting, which gets underway at 8 p. m. in the Hereford Community Center, will include discussions by Hereford High School football coaches concerning the coming season.

During the program, Ed Skypala, president of the Hereford Lions Club, will show the films he took during his trip to Europe to attend the Lions International Convention at Nice, France.

Knox stated that Whiteface football coaches will be called upon to discuss the coming season, team members, and plans.

All former Boosters and anyone interested in the program are invited to attend the meeting, Knox added.

### County Estimates Heavy Damage

Deaf Smith County Commissioners meeting in regular session here Monday discussed the need to revise the budget for the coming year due to damage to county roads by recent heavy rains.

It was pointed out during the meeting that damage to roads in all four precincts of the county is serious. Estimates range as high as \$18,000 to \$20,000.

Commissioners commented that lakes formed near the roads had overflowed. In other areas serious damage occurred from washing.

No increase in taxes is expected to provide the funds necessary to repair the damage. However, the budget for the coming year will probably have to be revised, according to the Commission.

In other business, County Commissioners accepted new rates for employees under the group insurance plan. Increase in the rates by Blue Shield and Blue Cross is due to the number of claims filed with the company.

The increase would pay payment by employees by 75 cents per week. Increase in cost to (Continued on page 6)

### Bang's Disease Test Team Gets Cooperation

A state-federal brucellosis control testing unit swung into operation here Monday as program to eliminate and control the disease was launched in Deaf Smith County Monday.

During the first day of operation, testing technicians brought in 1600 blood samples for laboratory analysis. A similar number of samples were brought in on Tuesday and again on Wednesday.

The program is being well received by cattlemen in the area, reported Dr. R. H. Miller Jr., supervisor of the unit. He described the cooperation of livestock owners in the county as "real good."

In commenting on the reception of the program, T. L. Sparkman Jr., county coordinator commented, "We are fortunate to have this program rolling as smoothly as it is. The line up men in the various sections of the county are doing a very good job."

It is anticipated that initial testing for brucellosis in the county will take between 30 and 40 days. If retesting is required, it will be completed within 30 to 60 days following the initial tests.

Ultimate goal of the program is to make the Deaf Smith County area a modified certified control area. Such certification will allow cattle from this area to move freely to market areas with similar control throughout the United States.

With the program in operation (Continued on page 6)

## Eye Transplant Operation Called Success By Doctor

In the fall of 1961 a Deaf Smith County youth had high hopes and last week his optimism proved true.

Last summer Glen Fuller, 16-year-old son of Mr. and Mrs. H. S. Fuller of Dawn, became the first area resident to undergo the rare "corneal transplant" eye surgery.

By the fall of the year all indications pointed to a successful recovery from the operation. Last week, Glenn returned to his surgeon for a final examination of the eye.

"The eye cornea from another human is now a part of Glen's body," the surgeon reported. "The operation was a complete success."

Before Glen entered surgery last August, doctors described the vision in his left eye as being "1/200". As the result of

his operation and with the aid of contact lenses, Glen can now boast of 20/20 vision, which is considered excellent.

Glen's vision became so impaired in the spring of 1961 that he was forced to give up school work. By August, he was totally blind in his left eye.

But the "miraculous" corneal transplant surgery restored his eyesight. "He can now lead a normal life," his doctors report.

During the operation a cornea which was taken from a human being some 24 hours beforehand was grafted into Glen's eye to replace his damaged cornea.

At the time of the operation, the technique was a relatively new procedure in eye surgery. It has since proved successful in numerous cases.

But the real miracle of the operation is the steps taken to make the transplant possible.

Glen received his new eye cornea from the Lions Club Eye Bank at Oklahoma City. Through the eye bank, persons will their eyes to be removed immediately following their death.

Within 24 hours following the death of a donor, his eyes are removed. These are replaced with glass eyes and the deceased donor appears normal for burial. The removed eyes are then rushed in special containers to hospitals.

Since the operation must be completed within 48 hours, patients wishing to receive a transplant are in almost constant contact with their surgeon.

When an eye is made available, the operation is scheduled as quickly as possible. Complete eye corneas can thus be replaced and vision restored.

The "miracle" is made possible through organizations such as the eye bank. A drive is currently underway for the establishment of such an eye bank in Amarillo.

Some 60 clubs in District 27-1 of Lions International have banded together to promote the project. Although final plans for the bank have not been completed, funds are being raised.

### Committee Sets Final Plans For Area Cattle Tour

Final plans for the "Hereford Capital Tour", slated for Monday, Aug. 20, were made this week as Hereford Capital Breeders met here Monday. Seven stops have been scheduled during the day at registered Hereford ranches in Deaf Smith County.

Some 600 Hereford breeders throughout the United States, Canada and Mexico are expected to attend, stated W. S. Dameron.

Also expected here for the tour are representatives from leading cattle magazines and top men from animal husbandry departments of Texas A&M College, Texas Tech, Oklahoma State College and Kansas State College.

The tour, held every two years, is slated to begin with a ranch-style buffet breakfast at the Hereford Country Club at 6:30 a. m. First stop will be at the R. L. Cocanougher Ranch at 7:30 a. m.

Second stop of the tour will be at the Walter Graham Happy Hereford Ranch followed by a tour of Howard Gault and (Continued on page 6)

### Hereford's Facilities Rated Adequate In Attitude Survey

Results of a community attitude survey, conducted by the Hereford Junior Chamber of Commerce, were released this week. Tabulations show that most of the 90 citizens interviewed rank the communities facilities as "adequate".

Citizens interviewed in the poll were selected at random by club members or filled out and returned a printed questionnaire.

In the opinion section of the questionnaire many of those answering the questions commented on the friendliness of the people and their attitude toward working for the betterment of the community.

One of the persons interviewed commented: "I particularly like the progressive spirit of the community and its willingness to pay for those things that are really important, i.e., Kings Manor, Hereford Community Center and the hotel."

Another commented on the "cooperative attitude of the people" and their "neighborliness."

In answering the question singling out what the person particularly liked about the community, one person wrote: "Mainly the people and their attitude."

Others, in this section, pointed out the churches and the school system of Hereford. Also pointed out were the abundance of natural resource in the area and the opportunities for the growth of the community.

In answering the questionnaire, citizens ranked water supply, electrical, telephone and postal service and fire protection as excellent.

Those interviewed ranked as "inadequate" by close margins recreational opportunities for older residents, swimming facilities, parks and picnic areas, and buildings and equipment for the primary grades in the Hereford School system.

### County Estimates Heavy Damage

Deaf Smith County Commissioners meeting in regular session here Monday discussed the need to revise the budget for the coming year due to damage to county roads by recent heavy rains.

It was pointed out during the meeting that damage to roads in all four precincts of the county is serious. Estimates range as high as \$18,000 to \$20,000.

Commissioners commented that lakes formed near the roads had overflowed. In other areas serious damage occurred from washing.

No increase in taxes is expected to provide the funds necessary to repair the damage. However, the budget for the coming year will probably have to be revised, according to the Commission.

In other business, County Commissioners accepted new rates for employees under the group insurance plan. Increase in the rates by Blue Shield and Blue Cross is due to the number of claims filed with the company.

The increase would pay payment by employees by 75 cents per week. Increase in cost to (Continued on page 6)

### Bang's Disease Test Team Gets Cooperation

A state-federal brucellosis control testing unit swung into operation here Monday as program to eliminate and control the disease was launched in Deaf Smith County Monday.

During the first day of operation, testing technicians brought in 1600 blood samples for laboratory analysis. A similar number of samples were brought in on Tuesday and again on Wednesday.

The program is being well received by cattlemen in the area, reported Dr. R. H. Miller Jr., supervisor of the unit. He described the cooperation of livestock owners in the county as "real good."

### Around Town

Many visitors are coming to Hereford to visit friends and relatives but none had the experience of Kendall Williams' twin brother, Wendall, while here. As Kendall tells the story, Wendall had been on a camping trip, so when he came to town he decided he needed a haircut. Kendall took his brother to the establishment he usually patronizes, then went to the office. When he returned to pick up his identical twin brother, he found him somewhat amazed at the friendliness of the people — the barber didn't want to charge him for the haircut and couldn't understand how his hair grew so fast. Kendall had dropped in for a haircut only a few days before.

Speaking of visitors, the vacationing H. A. Tuck dropped into the office today. Tuck has been down in Abilene, Fort Worth, Dallas, and Wichita Falls areas. The trip was fine, Tuck reported, but it was really hot — 105 in Abilene, 108 in Fort Worth and 111 in Wichita Falls. The Tucks are now on the way to the mountains for a few days. Tuck says he has a lot of cooling off to do.

Perhaps in this part of Texas as up on the Caprock, we aren't in such bad shape after all as far as the weather is concerned. Our top temperature during the heat wave only reached 98 degrees and has since cooled to very pleasant temperatures in the high 80's.

County officials are now counting up the damage done to the area's roads from recent heavy rains. According to their estimates, damages are going to (Continued on page 6)

TESTING BLOOD SAMPLES for the current brucellosis eradication program is Wayne Smith, lab technician with the test crew. He took 1600 blood samples from county cattle. The eradication program is expected to continue here for some four weeks. During the first day of testing, technicians (Staff Photo)

OFF TO BAND CAMP at Gunnison, Colo., these Hereford High School Big Domino Band members left Saturday morning for a two-week training session in preparation for the coming band season. Attending the camp are from the left: Marsha Robinson, Patty Roach, Jerre Bea Noland,

Merle Carmichael, Lynn Sowell, Kathy Boston, and band director Ben Gollehon. Others making the trip, but not shown, are Jerry McCaithen, Steve Thronton, Charlotte Williams, and Beverly Roberts.

**RETURNS HOME**  
Miss Teresa Leon, daughter of Mr. and Mrs. Max Leon of Hereford, returned home after a month's visit with her grandparents, Mr. and Mrs. F. B. Leon, in Pittsburg, Kans.

#### RECENT VISITORS

Recent visitors in the home of Mr. and Mrs. Charles Newell of Hereford were their son and family, Mr. and Mrs. Pat Newell, Susan and Gary, of Monahan; and their daughter and family, Mr. and Mrs. Bill Riggs, Kim, Devin, Kyle and Kristy, of Oxnard, Calif. The Riggs family went on to Wheeling, West Va., to visit his family. They will return to Hereford for a brief visit before returning to California. She is the former Jacqueline Newell.

#### CHILDREN VISIT PARENTS

Mr. and Mrs. Pat McCullough and sons, Don and Clay, of Hobbs, N. M., have been visiting the past week with their parents, Mr. and Mrs. Ralph McCullough and Mr. and Mrs. J. C. McCracken, all of Hereford. Mr. and Mrs. James Kilian and daughter, Julia Ann, of Amarillo have also been visiting her parents, Mr. and Mrs. Ralph McCullough, and her brother, Mr. and Mrs. Pat McCullough and sons.

#### RETURN HOME

Mr. and Mrs. Cuby Kitchens of Hereford have returned to their home after spending several days in Lubbock attending the coaching school. Mrs. Kitchens attended many of the social activities given for the visiting coaches wives. The Kitchen children, Keith, Karen and Kelly, spent several days visiting with their grandparents, Mr. and Mrs. Guy Ford Sr., in Canyon, while their parents were gone.

### Final Plans Set For Joint Meet

Final plans have been announced for the meeting of the Panhandle-South Plains Regional Meeting of County Historical Survey Committees and Historical Societies in Amarillo at the Vic Mon Hotel on Saturday, August 18. Making the announcement was F. Lee Lawrence of Tyler, secretary of the Texas State Historical Survey Committee, which is sponsoring the meeting.

The luncheon begins at noon with Dr. Rupert N. Richardson of Abilene, president of the Texas State Historical Survey Committee presiding. Senator Culp Krueger of El Campo, acting Lieutenant Governor, will discuss "The Importance of the Texas Historical Building Medallion."

Senator Grady Hazlewood of Amarillo will speak on the history of the Panhandle Houses which have been awarded Historical Building Medallions, followed by the presentation of the Medallions to representatives of the structures.

In the first session to be held at 1:45, the Honorable Tom Taylor of Austin, director of the Travel and Information Division, Texas Highway Department, will speak on "History and Tourism."

The work of the Texas State Historical Survey Committee will then be explained by Lawrence.

Following a brief recess, the second session will have Mrs. L. E. Dudley of Abilene, member of the Texas State Historical Survey Committee, presiding. The Honorable Boone McClure, director of the Panhandle Plains Historical Society and Museum will speak on "The Panhandle Plains Historical Society."

Mrs. Dudley will then discuss what other County Historical Survey Committees are doing, followed by reports of County Historical Survey Committees in the Panhandle Region.

"We do hope anyone interested in the work of historical

#### ATTEND FUNERAL SERVICES

Mr. and Mrs. Louis A. Rice, 402 Avenue J, and Mrs. E. E. Layman, 510 West 4th, all of Hereford, attended funeral services for their father, Fred G. Rice, 78, of Audubon, Iowa, on Thursday, Aug. 9, in that city. Mr. Rice died after a long illness. The Hereford people returned home on Saturday, Aug. 11.

#### WEDDING ATTENDANT

Mrs. Gene Snead of Hereford served as attendant to the bride at the wedding of Janice Grant and Mark Neitherrug in Leveland on Sunday, Aug. 12.

#### BARBERSHOPPERS MEETING

Reuben Knox, Bill Penn, Glen Nelson and Joe Coleman of Hereford attended the weekly meeting of the Barbershoppers in Amarillo on Monday evening, Aug. 13.

TWO VEHICLES WERE HEAVILY damaged here early Sunday and a Deaf Smith County resident injured as a 1961 model automobile and a 1949 model pickup collided at the intersection of 25 Mile Avenue and Brady Street. Damage to the automobile (foreground), driven by Teofilo R. Villareal, 26,

of Route 4, was estimated at \$600. Police officers investigating the accident, placed damages to the pickup (background) driven by Freddie Martin Welty, 25, Route 2, at \$350. Welty was treated at Deaf Smith County Hospital for injuries. (Staff Photo)

preservation will attend this important meeting," Dr. Richardson said, "It is through these meetings that the work of County and State is coordinated, therefore bringing about a renewed interest in preserving our historical heritage."

The following structures are scheduled for Historical Building Medallion awards at the Panhandle - South Plains Meeting: Kent County, Old County Jail at Jayton; King County, King County Courthouse at Guthrie; Randall County, T. Anchor Ranch Headquarters at Canyon; Swisher County Elm Tree Inn Tulla; Wheeler County, Old Jail

### CUT OPERATING COSTS IN HALF with a JENSEN

With a Jensen you spend only about one-half as much on your operating costs as on other makes

Yes... it only costs about half as much to operate a JENSEN as it does other makes because all JENSEN systems are counter-balanced. This adds longer life to sub-surface equipment and saves on servicing too!

The JENSEN model pictured here is one of 17 sizes. Thus you can select the exact JENSEN to economically fit your well depth and water requirements.

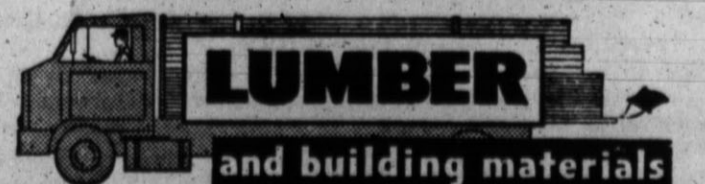

### JENSEN WATER SYSTEMS

Made by JENSEN BROS. MFG. CO., INC., Coffeyville, Kansas

We'd enjoy showing you how and why a JENSEN is so reliable and requires so little service.

They come in at mealtime hungry, knowing that mother will have something good for them to eat. (Staff Photo)

**LET'S COOK SOMETHING!**

## Meal Planning And Cooking Is Three-Times-A-Day Job

Mrs. Dennis Lomas, mother of two active young sons, Larry and Robbie, finds meal planning and cooking a three-times-a-day job. The boys and husband, Dennis, like good meals, yet spare mother as much work in the kitchen as possible during the hot weather.

Joyce Lomas lists the following recipes as suitable for busy mothers.

**MEAT BALLS WITH SPAGHETTI**

- 1 onion, chopped
- 3 tablespoons fat
- 1 No. 2 can (2 1/2 cups) tomatoes
- 2 6-ounce cans tomato paste
- 2 cups water
- 1 tablespoon sugar
- 1 teaspoon salt
- 1/2 teaspoon pepper
- 1 bay leaf
- 3/4 pound ground beef
- 1/4 pound ground pork
- 1 cup fine, dry bread crumbs
- 1/2 cup grated Parmesan cheese

- 1 sprig parsley, chopped
- 1 clove garlic, minced
- 1/2 cup milk
- 2 well-beaten eggs
- Salt and pepper
- 1 8-ounce package long spaghetti, cooked

Cook onion in hot fat till golden; add tomatoes, tomato paste, water, sugar, salt, pepper, and bay leaf. Cook slowly for 1 hour.

Combine meats, crumbs, cheese, parsley, garlic, milk, eggs, and seasonings; mix thoroughly. Form into small balls; brown in hot fat. Add to sauce and cook over low heat for 15 minutes. Serve over spaghetti. Makes 6 servings.

**SWEDISH HAM BALLS**

- 1 pound ground smoked ham
- 1 1/2 pounds ground fresh pork
- 2 cups bread crumbs
- 2 well-beaten eggs
- 1 cup milk

**SAUCE:**

- 1 1/2 cups brown sugar
  - 1/2 cup vinegar
  - 1/2 cup water
  - 1 teaspoon dry mustard
- Mix first five ingredients and form into balls. Place in a baking dish and cover with sauce. Stir sauce over low heat until sugar melts; pour over meat balls and bake 1 1/4 hours at 275 degrees. Baste frequently or turn meat balls in the sauce.

**24 HOUR SALAD**

- 2 cups Queen Anne cherries, pitted (2 cans)
- 1 can pineapple tidbits, drained
- 1 cup cream, whipped
- 1/4 pound marshmallows

**SAUCE**

- 1/4 cup lemon juice
  - 2 eggs, beaten
  - 1/2 cup sugar
- Mix together and cook until thick; remove from the heat and add 1/2 of the marshmallows and mix. When the sauce is cool, mix with the cherries, pineapple and remaining marshmallows that have been quartered. Add the whipped cream last. Fold in. (If you like Philadelphia cream cheese, add to the sauce while it is cooling.) If the sauce lumps; strain it before you add the marshmallows.

**AVOCADO SALAD**

- 1 package lime Jello
- 2 cups boiling water
- 2 avocados, mashed
- 4 small packages Philadelphia cream cheese
- 1 small grated onion
- 2 cups diced celery
- 1 cup mayonnaise

Also garnering hits for the First Baptist Church Crusaders of Hereford were Lynn Chisholm, Bobby Wiman, and Lennie Petree.

Winning pitcher for the Hereford nine was Petree, who was relieved late in the game by Sidney Shaw.

Hereford had claimed the district championship earlier in the season by earning a 14-2 season record, competing with teams from throughout the Panhandle.

Hereford claimed the district championship earlier in the season by earning a 14-2 season record, competing with teams from throughout the Panhandle.

**RETURN FROM VACATION**

Mrs. Ted Dakil and children, 203 Western, Hereford, have returned from a vacation trip to Tulsa, Okla.

**SUPPER AND SHOWER GUESTS**

Mr. and Mrs. Joe Frank of Canyon and Mr. and Mrs. Leo Zimmerer of Amarillo were guests at a supper and shower honoring Mr. and Mrs. C. J. Berend in the home of Mr. and Mrs. Ewall Berend of Hereford recently.

**ENVOI VISITORS**

Mr. and Mrs. James Cash, Nita, Sharon and Gale, all of Hereford were visitors recently in the home of Mr. and Mrs. Jerome Cash in the Enochs community near Muleshoe.

**CONVENTION IN CHICAGO**

J. O. Miller of Hereford left Tuesday to attend the Owners and Operators of Soft Water Services convention Aug. 14-18, in Chicago.

Salt and pepper  
Dissolve Jello in boiling water and while still warm add the cheese, salt and pepper.

Whip with the electric mixer and let cool. When Jello begins to set, stir in all the other ingredients and place in the refrigerator to congeal.

If desired, add 1 pimiento and 1 green pepper, chopped.

**FRUIT COBBLER**

Melt 1/4 cup butter in a cooking pan. Mix:  
1 cup flour  
1/2 cup sugar  
2 teaspoons baking powder  
Pinch salt  
2/3 cup milk  
2 cups (1 pint) fruit

Sweeten to taste and bring to a boil. Pour batter over the butter. Pour the fruit over the batter.

**NOVELLA'S LEMON PIES**

- 1 can Eagle Brand milk
  - 1/2 cup lemon juice
  - 2 egg yolks
  - 2 tablespoons sugar
- Mix and beat and put into shell. Refrigerate until chilled. Top with whipped cream and serve.

**NEPHEW AND FAMILY VISITING**

Mr. and Mrs. Malcolm Collier and children, Kimbra Kay and Tammy, of Woodville, Tex., are visiting in the home of his uncle, Mr. and Mrs. Ted Panciera and daughters, Mary Kaye and Gail, of Hereford.

**VISITS IN DIMMITT**

Mrs. Mary King of Hereford visited in Dimmitt recently with Mrs. Pearl Sadler.

**ATTEND BIRTHDAY SUPPER**

Mr. and Mrs. Homer Thomas and son, Glenn, of Hereford, attended a birthday supper recently in Dimmitt for Mrs. Elbert Smith.

**ATTENDED CONVENTION**

Dr. and Mrs. Milton C. Adams and Curtis Traweck of Hereford attended the International Convention of Toastmasters Clubs in Minneapolis, Minn., the past week. Dr. Adams was elected to the office of International Director for Region 3 of Toastmasters International.

**IN LUBBOCK**

Mr. and Mrs. John Anders and son, Larry, of Hereford were in Lubbock Monday, Aug. 13, where Mrs. Anders received a medical checkup. They returned home Monday evening.

**ATTEND ANNUAL OUTING**

Attending the third annual outing of friends at the Joste Ranch at Creed, Colo., were Mr. and Mrs. Jim Black, Mr. and Mrs. Ralph McCullough, Mr. and Mrs. F. S. Fluit, Mr. and Mrs. S. O. Wilson, and Mr. and Mrs. A. Petersen, all of Hereford; Mr. and Mrs. Burton Towne of Oklahoma City, Okla.; Mr. and Mrs. George Grogan and Mr. and Mrs. Clement Burkmer, all of Amarillo; and Mr. and Mrs. Richard Sultermeyer of Stanley, N. M. The nine couples enjoyed fishing, hiking, bridge games, and group singing during the week spent together.

## Around...

Continued from page 1)  
run somewhere in the neighborhood of \$18,000 to \$20,000. Commissioners are not anticipating a raise in taxes to pay for the damage. But, anyway you look at it, a lot of reshuffling of funds is going to be needed to get county roads back in shape.

In this day of deficit spending, many school districts are going in the red year after year. But, the amended budget for the Hereford Rural High School District shows our schools to be in the black with some funds left over from the previous year. When a person considers all that has been done to improve schools and facilities in Hereford, it is apparent school officials are managing the system efficiently.

Hereford's second exchange student has finally arrived. Here for the 1962-63 school year is Frank Hergert of Nuremberg, Germany. The student is anxious for school to start so he can meet his fellow students. He will also be writing articles complete with pictures about this community during the year for his hometown newspaper.

We would like to take this opportunity to welcome him to this community and hope he enjoys the year here.

J. Walter Fiscus, a prayer life consultant, from Fort Worth, will preach at the Sunday morning services of the First Christian Church.

Women bowlers in the community will be holding a meeting Thursday, at 8 p.m. in the Boy Scout room of the Hereford Community Center. Purpose of the meeting is to form a women's bowling association. Special guests during the meeting will be Lottie Womble, city association secretary of Amarillo, and Glen Paterson, District I director of Women's International Bowling Congress. Also bowlers from Dimmitt have expressed a desire to join the planned Hereford association.

Several teenaged girls in Hereford are trying to organize a bake sale for the Labor Camp Hospital. The girls, 11-14 years old, are asking donations of pies and cakes for the sale to be held at Safeway on Saturday between 9 a.m. and 12 noon. Anyone wishing to donate should contact Carolyn Hernandez at EM 4-1327.

RECEIVING HONORS for their work at Campfire Girls Camp recently were Linda Jacobsen, left and Suzanne Hart. The two girls were honored the top award at their sessions of camp at Pine Lodge, N. M. Linda received the most honors in drafts projects during the first session of the camp, while Suzanne earned the top honor in the second session. Both girls now hold the Firemakers rank in Campfire. (Staff Photo)

## Board...

Continued from page 1)  
tures were also made for moving the football field.

In the administration of the school system, McMorries and Co. were also paid in full to save on interest and carrying charges. The firm was employed for tax evaluation.

Four new teachers were also hired by the Board. Mrs. Jane Westberry was hired as an

English teacher at Hereford High School. Selected for the Dawn School was Mrs. J. M. Hutchison.

Hired as teachers at Stanton Junior High School were Jerry Cannon and James Bauch. Cannon will teach industrial arts and arts and crafts. Bauch will be a seventh grade math teacher. Both will be assigned coaching duties.

A resolution was adopted by the Board concerning the retire-

ment program being set up by the Hereford Classroom Teachers association.

In other business, the Board approved bills for the past month.

## HOST PICNIC

Mr. and Mrs. Glenn Allred of Hereford hosted a picnic at their country home near Wildorado for members of the Intermediates and Young Peoples groups of the Palo Duro Baptist Church. There were 35 guests attending.

## Bang's...

(Continued from page 1)

tion, area cattlemen are urged to cooperate fully with the lineup men working in their areas, said Sparkman.

It was pointed out at a final meeting concerning the testing program by Dr. Miller that cooperation is needed to accomplish the goal of brucellosis testing operations.

Committees for the 16 sections of the county are:

1. Waffer Paetzold, chairman; Jack Bradley, Bud Minor, Karroll Higgins, Lee Cocanougher, Paul Engler and Al Smith; 2. Palmer Norton, chairman; Lisle Woodford, Cecil Malone, Steve Bavousette, Fain Ranch and Jim McAndrews;

3. Jim Bob Allison, chairman; Jim White and Don Allred; 4. Keller Muse, chairman; Jim Bynum and Glen Allred; 5. R. Donald Hicks, chairman; Arlie Dean, Tommy Carnahan and J. R. Overstreet;

6. Hap Higgins, chairman; Robert Viegel, Virgil Marsh, Colby Conkwright, George Meiwes and Hilton Higgins; 7. Homer Rudd, chairman; James Higgins and H. D. Robbins; 8. J. B. Nolan, chairman; W. H. Andrews and Cameron Gault; 9. Roger Brumley, chairman; and Jim Easley;

10. Bill Dameron, chairman; Norman Minks and Charlie Burke; 11. Frank Ford Sr., chairman; Carl Perrin, J. V. Perrin and Jim Perrin; 12. Ira Scott, chairman; and Tom Draper; 13. Malcom Moser, chairman; and E. K. Pinnell;

14. J. G. Fortenberry, chairman; Jack Brown and C. F. Homfeld; 15. Charles Hoover, chairman; Elmo Hall, Jim Monroe and Don Guserman; 16. Eldred Brown, chairman; Joe Reinauer and Hershel Burrus.

## Cattle...

Sons Diamond Ranch.

The last stop on the morning schedule is set at the Jack Reno Ranch.

The noon meal will be held at the Hereford High School cafeteria with Charles Chandler, president of the American Hereford Association, Baker, Ore., as the main speaker.

Three stops have been scheduled for the tour during the afternoon. First stop will be at the H. D. Robbins and Sons Ranch, followed by a tour of the Colby Conkwright and Sons Ranch.

Last stop of the tour will be at the Dameron Hereford Ranch. The tour will conclude with a watermelon feed served by the Hereford Kiwanis Club.

The tour is invitational with over 1000 invitations being sent to cattlemen in the United States, Dameron pointed out.

## Area...

turally or architecturally significant to the history of the State. Since the inauguration of the program in March of this year, over 190 Medallions have been awarded.

Ten Panhandle Buildings will be awarded Medallions at the Amarillo meeting. Among those will be the T Anchor Headquarters in Cochran County, the Rock House in Wheeler County and the Bonus Shack in Randall County.

## VISIT MOTHER

Mrs. Don Reeves of Hereford visited last week in the home of her mother, Mrs. Lucile Wright of Memphis.

## DINNER GUESTS

Mr. and Mrs. Bernard Seay and Donna of Adrian were Sunday dinner guests recently in the home of Mr. and Mrs. Vance Crume and daughters of Hereford.

## Boy...

(Continued from page 1)

family.

"On the plane I met Mitch Miller," Frank recalled as he listed the things he had seen since arriving in America.

"The flight from North Carolina to Texas was bad," Frank stated. "It was cloudy and I couldn't see the country. I was sort of disappointed since I had heard of the lovely climate here."

"But after nine hours of flying I wasn't really too interested in anything except getting to my home."

"I have lived most of my life in Nuremberg," he explained. "It is a city of about 500,000 people, and so I am glad to come here to the country."

"Near my home most of the farms seem to be small, but I have not had a chance to be on many of them. But the ones I saw today are huge."

"My mother is a political editor on a big newspaper in Nuremberg, and I am well acquainted with the editor. While I am living here, I am going to write a series of articles for the paper in Germany," Frank stated. "They want me to write about Texas and America."

A boy with ambitions of becoming a reporter on a newspaper when he completes his education, Frank has had experience in both photography and writing. He states that he will also send pictures to the Nuremberg paper for publication.

Music and drama have also been a part of Frank's life. An avid record collector, Frank purchased two American long-playing albums the first day he was here.

He chose Roger's and Hammerstein's "South Pacific" and "Oklahoma." "I like slow music like this," Frank commented. "I also like jazz and popular music."

"But in Germany we do not like rock-and-roll or the twist," he added.

Frank said that he played the cornet in his school band for a while. "But I wasn't having

## County...

(Continued from page 1)

the county would be \$37.50 per month.

A new pickup was purchased by the Commissioners Court for Precent 4 with Orsborn-Norwood Chevrolet submitting the low bid of \$1735 including trade-in.

Other companies bidding on the vehicle were Campbell Pontiac on a GMC pickup, 1897.20, and Stephens-Hudson Motor Co. on a Ford pickup at \$1836.78.

The county also approved the issuance of warrants totaling \$11,023.50 for payment of the fifth estimate and completion of construction at Deaf Smith County Hospital.

An order was submitted to the State Highway Commission by the court requesting \$29,336.20 for the lateral road fund.

Mrs. Betty B. Rice appeared at the meeting requesting the approval of a plat for Pleasant Acres sub-division south of Hereford. Approval was granted.

Commissioners also agreed to up the salary of Mrs. Jewel Loving, State Welfare Office, from \$40 a month to \$60 a month. The raise was requested by state officials since the area served by the office here had been reduced one county.

Appointed to the Deaf Smith County Historical Survey Committee by the Commissioners Court were Will G. Harris, J. B. Elliston, Mrs. Clara Shore, Mrs. Reed Williams, Mrs. Henry Sears, Mrs. Clint Formby, Miss Lucille Park, Mrs. Lee Newman and Mrs. Art Manjoet.

Dr. R. R. Wills was appointed to serve another year as the county health officer.

much fun and gave it up. Where I lived I couldn't practice because it made too much noise."

A member of his school dramatics group, Frank says that he has had parts "mostly in Shakespearean plays."

"There are many things which I would like to study while I am in your schools," Frank exclaimed, "but there just isn't time!"

"In Germany we take 14 subjects. These are required to include three languages, social sciences, mathematics, and many other courses."

"Here I will take American History, speech, and I'm not sure what else. I want to take all that I can."

"I am anxious for school to start because that is the real reason why I came to America, but yet I am enjoying the vacation," Frank confessed.

"It will be nice to meet the students in my classes," Frank said, "because getting to know people personally is the best way to understand each other. This way we learn that people from different nations are of the same character."

"Before I left, my family and friends told me to learn and learn and then tell them about America when I return home. I hope to do that," the handsome German student declared.

## Hereford's...

(Continued from page 1)

age bracket between 18 and 64, the rating was "adequate"

Most of the persons polled noted that garbage collection, recreational facilities, better zoning laws were needed for the improvement of the community.

Comments received on the questionnaires also pointed out the need to improve the appearance of the city with one person suggesting: "Clean up and paint up week - year round basis - all over town."

Also recognized was the need to improve facilities at the Hereford labor camp and improve relations with the Latin Americans in the community.

One of the persons questioned suggested that a constructive program be adopted to improve the "lot of the migrant worker."

Another listed as most important need to make Hereford a better community was "better Latin American relations."

In summing up the opinions expressed, most of the citizens believed that Hereford is a good community to live in. However, as with any community, there are faults which must be corrected by the citizens themselves.

All agreed that the citizens of the community are a friendly, aggressive and progressive people seeking to improve the city in which they live.

"Hereford can only continue to grow," wrote one of the residents, answering the questionnaire, "by maintaining the spirit of pride in the community. This pride though should not become self-satisfaction. There must be a continual seeking for new opportunities, new ways to do things."

FIVE PERSONS ESCAPE serious injury south of Hereford on U. S. 385 as a 1959 station wagon and 1949 two-door sedan met almost head-on. The accident occurred about 3 p.m. Wednesday, Aug. 8, at the intersection of the highway and the Labor Camp Road as Oscar Grant Scroggins, 62, of Plainview was attempting to pass another vehicle, according to the Highway Patrol. The Scroggins vehicle collided with the station wagon driven by Mrs. Dora Belle Angeley, 45 of Muleshoe. Mrs. Angeley was headed toward Dimmitt at the time of the accident. (Staff Photo)

H. D. CHATTER

Preparing For School Occupies Club Members

By Argen Draper  
Everyone is so busy with summer activities, sowing wheat, and getting ready for school and the new club years. I believe more 4-H girls are doing their school sewing than ever before.

The new 4-H club members named themselves the Busy Folks 4-H.

Busy Folks 4-H Club Organized

The Busy Folks 4-H Club met in the home of Mrs. Bob Thuett on Monday afternoon, Aug. 13, for an organizational meeting. The name of the club was selected with the following officers elected: Diana Dozier, president; Cecilia Fangman, vice president; Nancy Dozier, secretary; and Judy Baker, reporter. The club will meet the first and third Thursdays in the month with Mrs. Bob Thuett as organizational leader.

Linda and Cynthia Armstrong of the Dorothea Prowell 4-H Club gave instructions in modeling. The style show will be held on Aug. 28 at 8 p. m. in the home of Miss Cecilia Fangman.

Linda and Cynthia Armstrong did an excellent job of training some 4-H girls in modeling. Also, Joan and Dorothy Marnell were equally as good in training a group. The charm school this summer has been so good for the girls.

Blind corners have always bothered me—but the ones around our farmstead are really getting on my nerves.

The comment of the week: Early one morning I called one of the neighbors. I apologized for waking her up. She said, "I'm still asleep but am up drinking coffee."

We've had a policy to drop everything and help celebrate when any of our acquaintances have celebrated a 90th birthday. This week we're breaking the record as we've had to turn down an invitation to go to Fairview, Okla., for a woman's ninetieth birthday. She is going to ride a horse—a sidesaddle, no less.

Our neighborhood is so pleased that Gus Pedde is home. He is getting around fairly well on crutches.

Mrs. D. M. Armstrong, leader of the Dorothea Prowell 4-H club,

Local Queen Is Runner-Up In State Contest

Miss Kay Bureson, "Miss Deaf Smith County Electric Co-op" tied for second runner-up in competition for Miss Texas Rural Electrification at the annual contest held Thursday in Corpus Christi.

A part of the annual Texas Electric Cooperatives, Inc., annual state-wide convention, the contest saw the top honor go to Miss Tonda Curry of Ropesville. She will represent the state in the national contest in Las Vegas, Nev., in 1963.

Tied as runner-ups in the contest were Miss Shirley Stafford of Roaring Springs and Miss

Kay Bureson of Friona, daughter of Mr. and Mrs. T. I. Bureson.

Miss Bureson, an 18-year-old Friona High School senior, appeared as "Miss Deaf Smith County Electric" after she earned the crown in the local contest in April.

Also appearing on the program at the state convention was Earnest Langley of Hereford, chairman of the Texas Electric Cooperatives attorneys. He presided at the annual attorney's breakfast Friday morning as he concluded his second year as chairman.

ATTEND GOLDEN WEDDING ANNIVERSARY

Mr. and Mrs. C. B. Miles of Hereford were in Lubbock Sunday, Aug. 12, to attend the golden wedding anniversary of Mr. and Mrs. Jim Blagg, former residents of Hereford. Mrs. Blagg and C. B. Miles are brother and sister. The Miles were accompanied by J. E. Cockrell of Hereford, a former neighbor of the couple. The nine children and 21 grandchildren of the couple were present.

DISCUSSING BRUCellosis testing procedures in the Boy Scout room of the Hereford Community Center, is Dr. R. H. Miller Jr. Dr. Miller will head the control testing program slated to begin in Deaf Smith County on Monday. The meeting was attended by approximately 40 area farmers and ranchers interested in the testing program. The Thursday meeting was the final meeting before testing began. (Staff Photo)

RECENT VISITORS

Recent visitors in the home of Mr. and Mrs. John P. Robinson, 703 East 4th, Hereford, have been Mrs. Robinson's brothers, E. E. Cobb of Port Washington, N. Y., Mr. and Mrs. W. H. Cobb of Austin, and Mr. and Mrs. Bruce Cobb of Plainview; nieces and nephews, Mr. and Mrs. Leroy Mayfield of Plainview and Mr. and Mrs. Bob Bruce of Oklahoma City, Okla.; and the Robinson's son, the Rev. and Mrs. William E. Robinson of Crockett.

MULESHOE VISITORS

Mr. and Mrs. H. W. Callan Jr., of Muleshoe, principal of the Muleshoe Schools, were in Hereford Tuesday, Aug. 14, for a short visit with a high school classmate at Shamrock, Mrs. Joe Coleman.

VISIT SIX FLAGS

Mr. and Mrs. Cecil Hart, Linda Lee, and Suzanne visited Six Flags Over Texas over the weekend. While in Dallas, they also visited relatives in the area.

Roy Hills Host Family Reunion

Mr. and Mrs. Roy Hill of Hereford hosted a family reunion this past week.

Attending the reunion were their children, Mr. and Mrs. Archie L. Hill, Doris Jo and Marlene; Mr. and Mrs. W. C. Hill and Winnitta Kaye; Mr. and Mrs. Bufford Hill, Donna Jo and Roy Dale; Mr. and Mrs. Charles Hovey, Raymond, Chuckie, Rick and David; Mr. and Mrs. Carl Keenan, Lesley, Candy, Kitty and Waynana; and Miss Jo Hill.

Another son, Clifford Hill who is in Germany, could not be present.

VISITING GRANDMOTHER

Miss Coleen White of Amarillo is visiting in Hereford in the home of her grandparents, Mr. and Mrs. Loy T. White, 134 Avenue A.

received the Gold Star award in Castro County. How many former 4-H members and Gold Star winners do we have as 4-H leaders? Our leaders in this county are so fine. They are the reason for our good 4-H work.

PATTERSON CHEMICAL CO. of Hereford is now a dealer for Anhydrous Ammonia to be produced by W. R. Grace & Co., Nitrogen Products Division in their new plant at Big Springs, Texas. These are a few of the advantages of seeing us for your complete fertilizer needs:

**ALL NEW EQUIPMENT**  
The best of applicators for applying NH3 alone or with mixed liquid fertilizers.

**BEST OF SERVICE**  
Soil testing available and just the all round friendly service. Come by and have coffee with us.

**YOUR MOST ECONOMICAL SOURCE OF NITROGEN**  
Ammonia can now be combined with liquid phosphates, potassium and the trace elements and . . .

**ALL IN ONE APPLICATION**  
This saves you time and money as well as being sure to get all forms of fertilizer on when the crop needs it. You can do it yourself or we have . . .

**CUSTOM APPLICATION AVAILABLE**  
Experienced, dependable personnel will do the job for you.

# Escabado—Monument To Past Glory

## The Hereford Brand

HEREFORD, TEXAS, THURSDAY, August 16, 1962

SECTION TWO

Once the busy base of a vast ranching operation, the Escabado Headquarters of the huge XIT Ranch is now occupied only by a few sparrows and perhaps a rattlesnake or two.

Located some 35 miles west of Hereford — a city which was unheard of at the time when the Escabado was established — the sprawling headquarters buildings stand as symbols of the Panhandle's past.

For it was in the early 1880's that the Escabado was established as area base for XIT cowboys working the western half of the county. The sprawling two-story ranch house and shambling barns were used by the XIT from the early 1880's until about 1905, when the ranching business was given up as a failure.

The Escabado division of the ranch, as well as the entire three-million acre XIT spread which lay between Leveland and the Oklahoma Panhandle, never brought profit to its owners until the land was sold.

Rustlers, including the famous Billy the Kid, are said to have preyed on XIT cattle and horses. Drought, prairie fires, and jea-

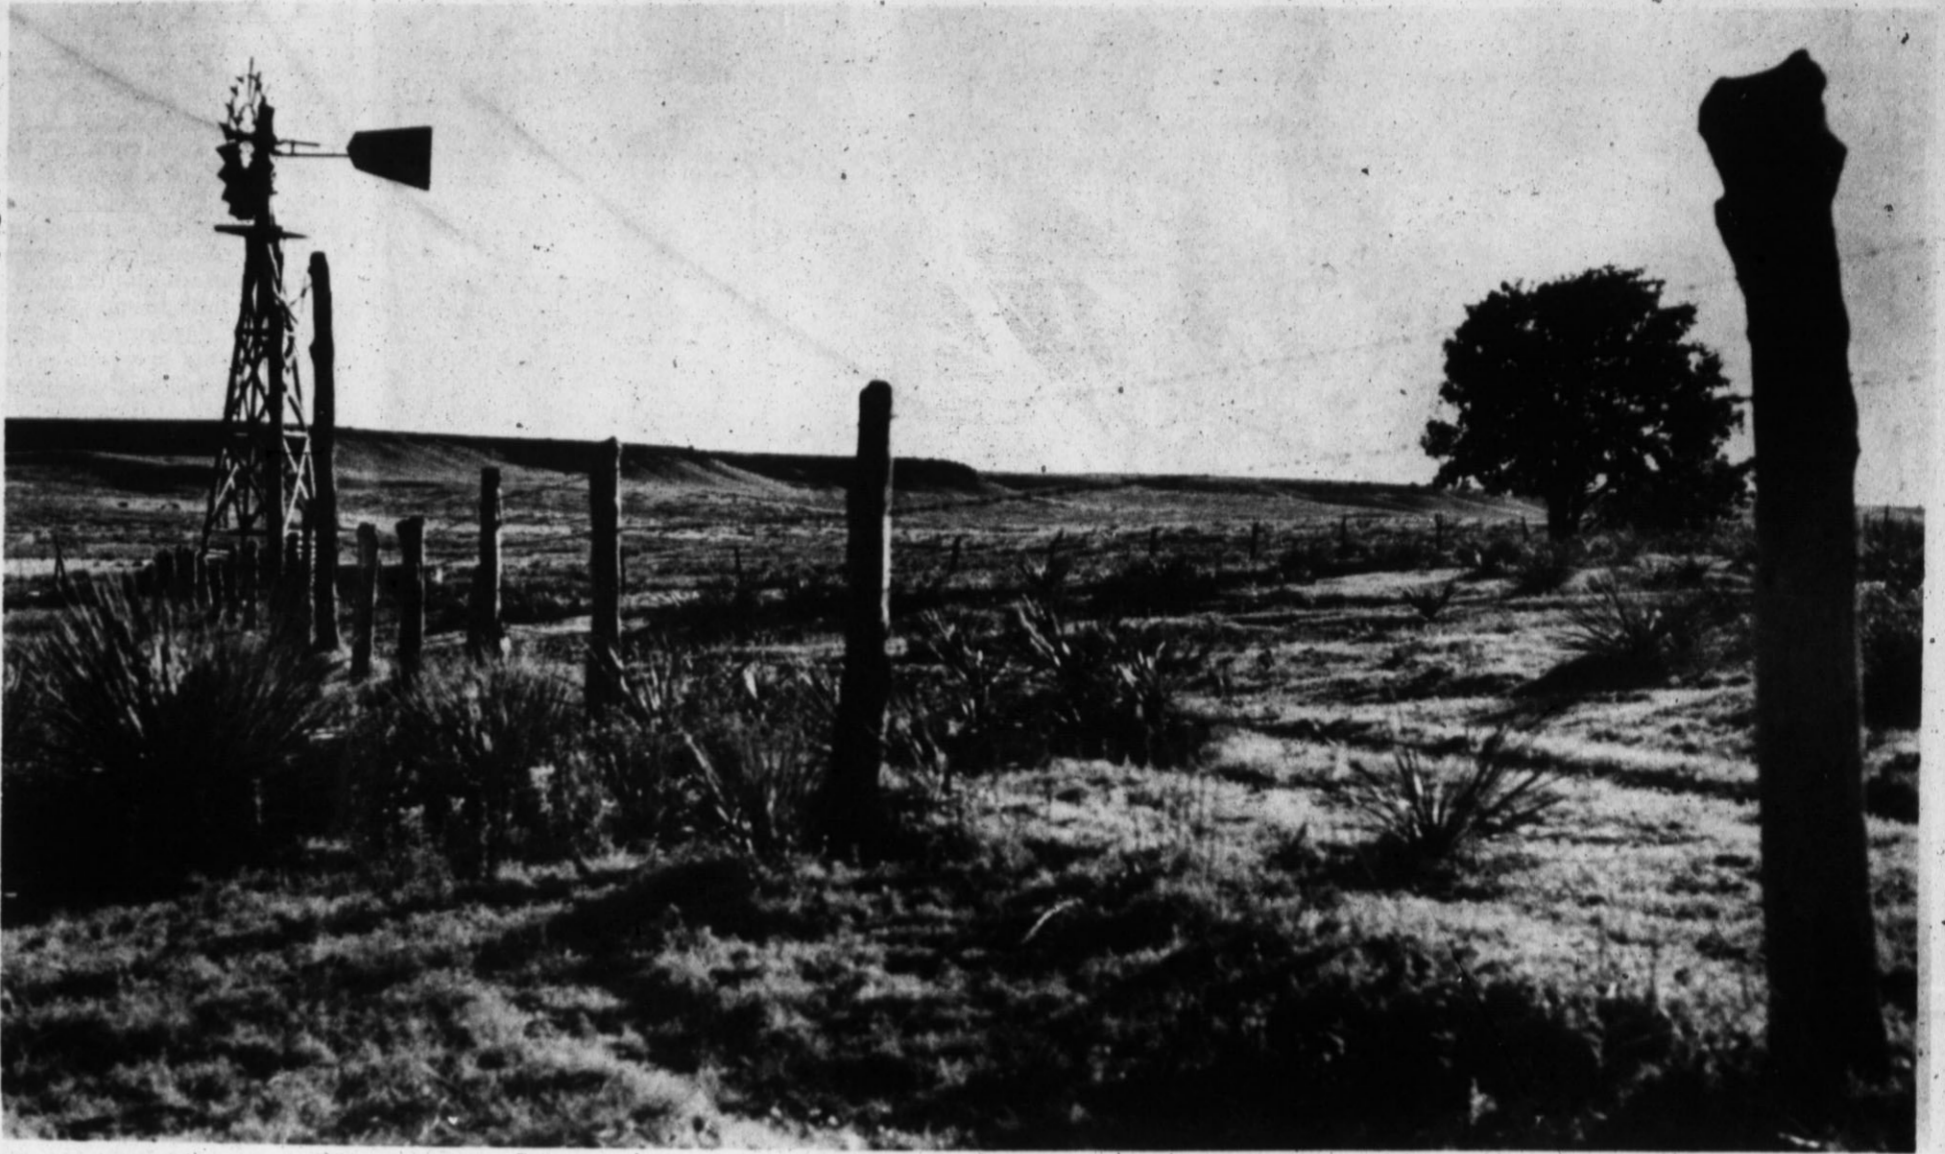

lous neighbors also plagued the ranch and forced it out of operation.

But the XIT played an important part in the history of the Panhandle. It focused worldwide attention on the fertile grassland which supported so many Janky Texas Longhorns.

Large-scale land sales promotions on the part of the XIT brought entire trainloads of settlers to the Texas Panhandle, and by the time most of the land was sold Hereford had put down routes on the banks of Tierra Blanca Creek near the lines of what later became the Panhandle and Santa Fe Railroad.

At the present time the deserted Escabado Division headquarters looks out over ranching of another era and cattle of another breed. But the spirit of the cattlemen remains the same as "Herefords" and "Angus" graze on pastures once roamed by XIT longhorns.

Only 80 years, some 35 miles, and a few gates separate the Escabado from the city which now bears the name of "The Hereford Capitol of the World".

Staff Photos

Thousands of miles of barbed wire and hundreds of windmills were required to keep the XIT Ranch going. But the vast ranges of the three million acre spread were still too much for successful operation, and the ranch was forced out of business shortly after the turn of the century.

A huge two-story ranch house served as headquarters of the Escabado Division of the XIT Ranch during the period around the turn of the century. The house, along with the hay barn and other buildings, today look over ranching of another era.

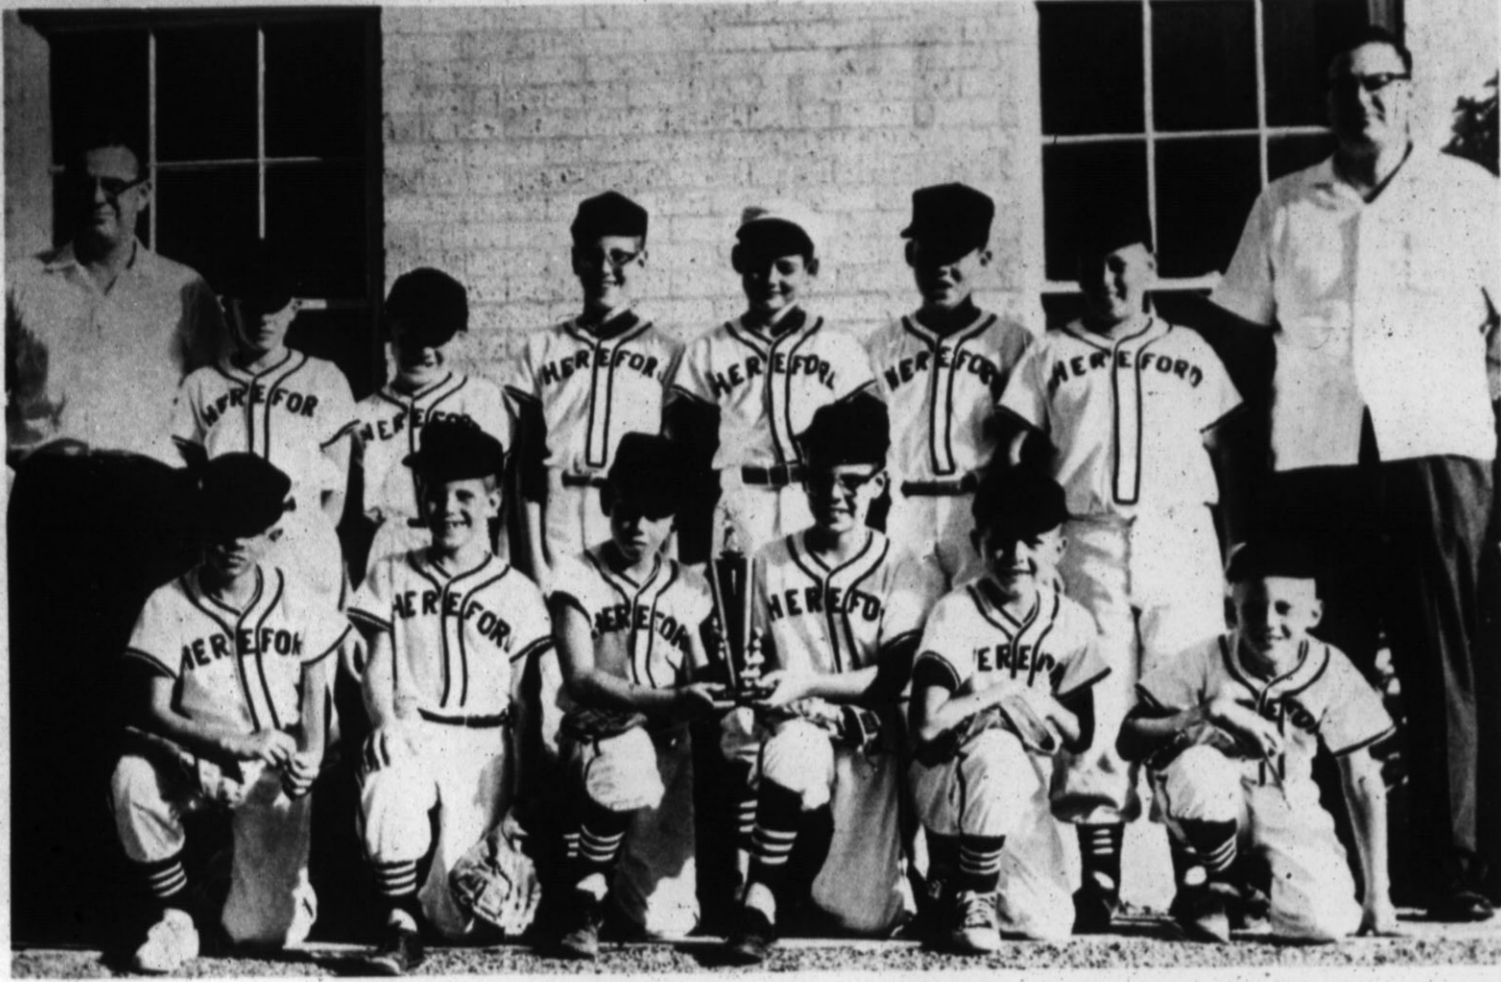

Buildings at the headquarters remain standing, but are visited only occasionally by area historians.

Cowboys once loafed in the shade of the tumbling porch which runs the entire length of the Escabado Ranch House.

A beautiful setting for the house, the Escabado headquarters is located 35 miles west of Hereford on the Tierra Blanca Creek. The Escabado buildings are on the Reinauer Brothers Ranch.

ROYAL AMBASSADOR CRUSADORS team of the First Baptist Church completed regional competition Saturday in Lubbock after claiming district earlier in the season. The team was slated to play the Second Street Baptist Church of Lubbock Saturday morning. Winner of the game is slated to travel to Fort Worth next Saturday to meet the winners of the Dallas-Fort Worth district. Members of the Hereford

Crusadors are from the left: front row, Danny Massie, Greg Chisholm, Mark Woodward, Chip Formby, Rex Lee, and John Stagner; second row, Earnest Kindall, coach, Greg Herring, John Sparks, Lynn Chisholm, Lennie Petree, Sidney Shaw, Bobby Wiman, and the Rev. B. L. Davis, coach. (Staff Photo)

# Lions Make Australian Tour By Color Slides

Guests at the regular noon session of the Hereford Lions Club on Wednesday, Aug. 8, were Guy Lawrence of Hereford and E. C. Moore of Dallas. A new lion was introduced, Jesse L. Gerron Jr., new junior high school coach in Hereford. The program chairman, Jim Wiman, introduced Mr. and Mrs. Fist Ansley of Amarillo, who gave the program on their trip to Australia. Ansley, donning an old campaigner hat with a net on the side and wielding a native boomerang, in opening his program described a rockhound as a "fellow partly crazy but more-crazy about rocks than anything else". He and Mrs. Ansley are members of the Golden Spread Mineral and Gem Society, who will have an exhibit at the Tri-State Fair in Amarillo on Oct. 5-6-7.

The couple showed color slides and narrated their tour to Australia, stating that the trip took them 3000 miles into the interior of the biggest land mass in the world. Australia is the home of the most ferocious aborigines, a tribe of people who walk everywhere. Their choice food is grubs and worms that live in gum trees. Mrs. Ansley said, "Teachers have been urged to teach the aborigines children white walking with the tribe". The couple sailed from San Francisco with 19 "rockhounds" from the United States and Canada. They landed at Sydney and traveled by bus to Adelaide. A slide of the Flame Tree and many other spring flower slides were shown, that were made in Adelaide. The bus trip was pre-mittive, riders carrying lunches and with water for tea being heated over a campfire. No one on the bus smoked, making an unusual situation. Kangaroos in the area were as thick as rabbits, emus were also plentiful, on the trip to Port Augusta where the large opal mines are located. The travelers lived in tents. Sing-songs were held at night with the aborigines joining the group singing. Ansley stated that "the aborigines sing lustily and can sing 'The Eyes of Texas' better than Texans."

were seen with blossoms of white, red and pink, all on the same trees. Parrots were abundant in the area much like starlings in this country. Sights of interest in Sydney were visited before the embarkation for America.

## B. R. Carthel Rites Tuesday

Funeral services were held at 4 p. m. Tuesday, Aug. 14, in the West Side Church of Christ of Lockney for B. R. Carthel, 81, who died at 6:20 a. m. Sunday in the Lockney General Hospital. He was the father of Wayne Carthel of Hereford.

lived in Lockney since 1905. He was a member of the West Side Church of Christ. Carthel was hospitalized for some two months prior to his death following an automobile accident near Lockney. Pallbearers were grandsons. Survivors include three sons, Wayne of Hereford, Jimmy and Fred of Lockney; three daughters, Mrs. Zoel Watson of Albuquerque, N. M., Mrs. Oscar Golden and Mrs. Raymond Barr, both of Lockney; four brothers, Francis and John T.

### HOUSEWARMING FETES

**HERRINGS**  
Mr. and Mrs. R. C. White and Mr. and Mrs. Dean Herring, all of Hereford, attended a housewarming recently in Friona for Mr. and Mrs. D. C. Herring in their new home.

### VISIT CHILDREN

Mr. and Mrs. H. E. Wester, 111 Bradley, Hereford, visited with Mr. and Mrs. Stanley Cox and family of Dallas last week. Mrs. Cox, the former Louise Wester, and her children, Vickie, Laia and Lesley, returned home with them for a visit. They returned home on Thursday, Aug. 9. The families spent one night in Altus, Okla., in the home of a son, Mr. and Mrs. Barry Lynn Jones and family.

## Something you should think about if you're about to buy a truck:

If all trucks were built the same way, cost the same to keep up, were worth the same at trade-in... then probably the price tag would be your only concern. It can't be, of course, because some trucks have more quality than others. And marks of quality are the real keys to low cost. Chevrolet trucks, for example, have double-wall construction, which gives bodies and cabs more strength. Cabs are insulated against heat, cold and noise. A big part of road shock, which shortens truck life, is damped out by Chevrolet's suspension system; it also makes riding in the truck a pleasure. Pickup bodies and cabs are separated to eliminate stress between them.

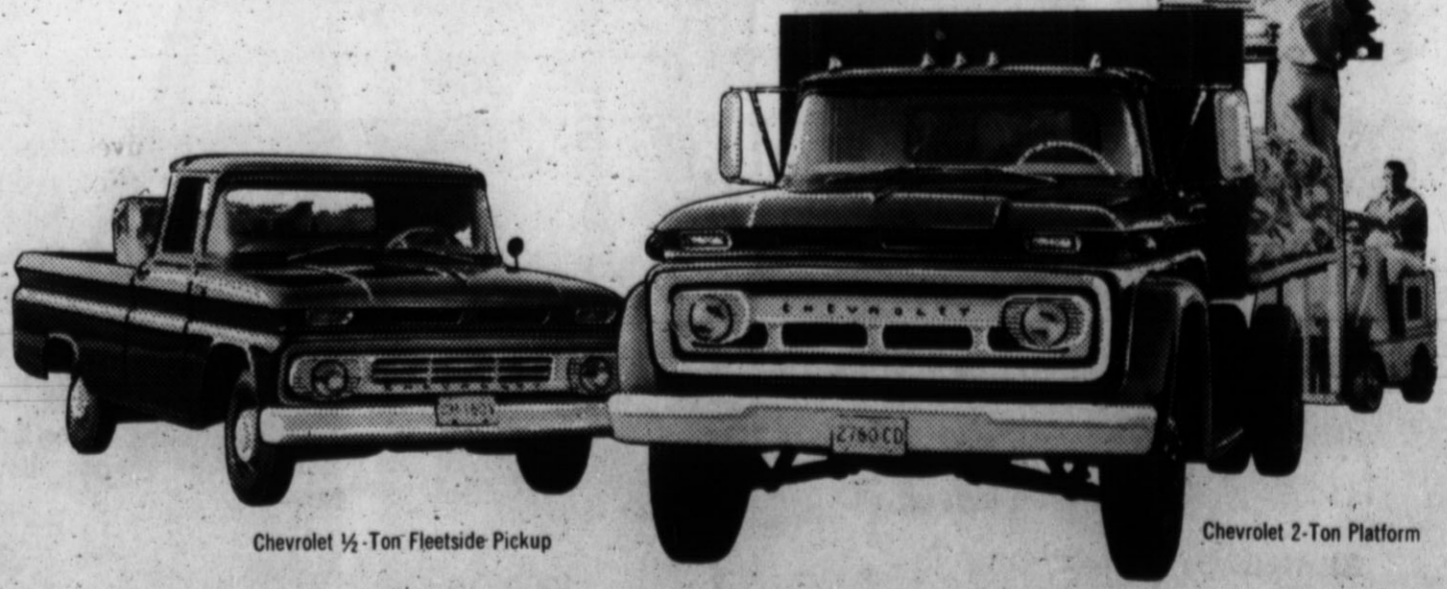

Value such as this has induced more people to invest in Chevrolet trucks every year since 1937.

This can be a good time to buy a modern new Chevrolet truck

Late summer traditionally is the season for all-around savings on a new Chevrolet truck... selection is still good... deliveries are prompt... and Chevrolet dealers are doubly anxious to put you into a new vehicle in order to make way for next year's models. Coupled with the efficient performance a new Chevrolet truck will give you, it seems evident that you couldn't buy at a better time. Come in and take full advantage of it!

AUSTIN HIGHLIGHTS

# Governor Greets Returning Texas National Guardsmen

By Vern Sanford  
Members of the 49th Armored Division of the Texas National Guard received a personal "welcome home" from Gov. Price Daniel. He greeted them in front of the State Capitol.

Afterwards the Guardsmen paraded down Congress Avenue, then dismissed for their homes and civilian jobs.

Governor Daniel told a crowd of about 500 spectators: "When the President moved to augment the active army in the face of the Berlin crisis last year, the Texas National Guard was ready for this obligation, just as it always has faced up to its responsibilities since the first conflicts by Texas civilian-soldiers at Anahuac and Gonzales in 1835."

Among the returning soldiers was a father and son team, C. H. and Ronald H. Cheshire, both highway patrolmen with the Texas Department of Public Safety.

C. H. Cheshire, a chief warrant officer with the 49th, organized 42 other department employees — including his son, Ronald — into the "Texas DPS 49ers" during their stay at Fort Polk, La.

All have reported back to their civilian boss, Col. Homer Garrison Jr., DPS director. But the department still is 100 men short.

**MORE MONEY FOR WELL STUDY**  
Governor Daniel has okayed the release of \$105,000 from Texas Railroad Commission funds to finance additional equipment, personnel and other expenses connected with the investigation of slant-well

drilling and oil producing operations and pollution of public waters.

He also authorized Atty. Gen. Will Wilson to adjust his present appropriations to cover slant-well and anti-trust investigation expenses.

Meanwhile, the Railroad Commission called a temporary halt to oil well testing in East Texas and Hawkins fields, in order to rearrange personnel.

**TWO TERM LIMIT?**  
Another effort may be made to limit the term of office of the governor.

Similar resolution was unsuccessfully sponsored in the 57th Legislature. New proposal would set the governor's term at four years. It provides that he could not succeed himself in office.

Many legislators feel that such a system actually stretches a political life rather than limiting it.

**PRESSURE POSSIBLE HAZARD**  
When Brad Smith, the governor's traffic safety assistant, learned that a fatal automobile crash occurred every other hour and a car wreck every hour, for three consecutive days, he decided it might be due to the weather.

Study revealed that the barometric pressure had dropped to a low point the day previous and stayed low through the three day period.

Smith, a former newspaperman, said that reporters always look for unusual happenings when the barometer falls and remains low for a few days.

"I am now convinced that oppressive weather has a decided effect on some personalities," he said. Scientists call the effect of

weather on people "bioclimatology."

**DIVORCE STUDY STARTS**  
House Interim Committee on Divorce held its first meeting.

**Committee, headed by Rep. Renal B. Rosson of Snyder, was created by the 57th Legislature to study divorce laws, with special attention to: Rights of children; methods of promoting and protecting family life; and possible ways to encourage reconciliations.**

Texas now has the fifth highest divorce rate in the nation. More than 28,000 divorces were granted here in 1961.

Members of the study group include Reps. David Crews of Conroe, Paul B. Haring of Goliad, Henry Fletcher of Luling and Charles Whitfield of Houston.

**MENTAL HOSPITALS CROWDED**  
State mental hospitals are crowded with elderly persons physically but not mentally ill.

Dr. C. J. Rulman so reported to the House Committee on Saving Taxes.

Dr. Rulman, director of mental health for the State Hospital Board, said about 25 per cent of the 16,000 patients in state hospitals are more than 65 years old.

"Our problem (in cutting state hospital costs), rests with patients who are physically sick," he said. "Of 3,500 elderly patients in state hospitals, only about 1,400 have serious psychiatric disorders."

**HELP FOR RURAL HOSPITALS**  
Although federal funds have financed construction of more than one-third the hospital and medical facilities in the state, under the Hill-Burton Act, most of the aid has been given to big-city institutions.

Officials of the State Health Department, who make recommendations for the aid, feel that smaller communities have been penalized under former measuring standards. When new building allotments are authorized for Hill-Burton assistance in September, requests from rural areas will be weighed according to "relative need."

So far Hill-Burton projects around the state have been built at a total cost of \$310,433,369, with the federal government footing \$110,102,770 of the bill.

The Hill-Burton program is so popular in Texas that federal financing is twice the national average of 15 per cent of total cost.

Objective is to make the prison an old settlers' home for hardened congenital criminals who cannot be rehabilitated and who have aged in making their record.

**MARKET TESTING HELPS**  
"People who have never known — and cared less — about brucellosis eradication are now getting their herds cleaned up," Dr. Seymour J. Smith told state animal health commissioners.

Awakened interest is due to the state-federal plan of market testing, under which a county can be modified or certified brucellosis-free without testing every herd.

Another animal health officer, Dr. H. H. Payne of El Campo, told the group that he never had seen anything like the mosquito menace in May, June and July, which caused an estimated loss of 50,000 Texas cattle and ruined many more in Jefferson and Chambers counties alone.

"Some cattle are permanently warped from the long period of stress," he said. Payne said cattlemen in the two-county area may be "wide open" for more trouble if fall showers cause the same condition that began when spring showers made mosquito-breeding beds out of brackish pools created by Hurricane Carla.

**SCREWORM BATTLE RAGES**  
Weekly production of sterile screwworm flies has hit the 50,000,000 mark and is expected to reach 75,000,000 by Sept. 1, according to Dr. G. D. Stallworth of the Texas Animal Health Commission.

He said the battle against screwworms, initiated a year ago, is going so well that the Kerrville sterile fly plant is being closed down and all production centered at Mission.

Outcome of the fight for screwworm eradication this year may depend on winter's weather whims.

"We're at the mercy of winter weather," Dr. Stallworth said. "If a very mild winter occurs, the overwintering line that serves as a boundary for release of sterile flies, will have to be pushed farther north, and more resources and more flies will be needed."

**NO DEATH FOR TAXES**  
Robert S. Calvert, State Comptroller, warns that merchants must pay the state sales tax on gross receipts despite a recent court ruling by District Judge Herman Jones.

Calvert expects a lot of merchants to quit paying the tax on sales of under 25 cents after reading about the ruling.

Judge Jones ruled that the state has no right to make the merchants pay while at the same time prohibiting them from collecting.

"There won't be any change until the suit finally is settled by the higher courts," Calvert said.

**ADVOCATES EFFICIENCY STUDIES**  
Rep. George Preston of Paris, member of the committee on

Saving Taxes, thinks the state can save "a big hunk of money" by efficiency studies.

"I have a feeling that some agencies in government may have 10 people on the staff with work for only two of them," Preston stated.

**SAFE DRIVING DISCOUNTS**  
Safe drivers have received a belated boost from the Texas Association of Insurance Agents.

More than 400 of its members, meeting in Austin, unanimously recommended that the state board establish a new system of credits for good-record drivers.

Urged was a 5 per cent discount to policyholders with an accident-free year; 10 per cent for two years; and 15 per cent for three accident-free years.

Texas' controversial "merit rating" plan was revoked on August 1.

**CHEAPER SCHOOL BUSES**  
Texas school boards shopping for new school buses this year will find prices sharply below last year.

Competitive bids received by the Texas State Board of Control show a substantial reduction in the prices since March of this year, and an even greater reduction over last year.

**FIRST STEP TAKEN**  
Land Commissioner Jerry Sadler reports that an informal meeting early this month between the School Land Board and Submerged Land Advisory Committee marked the beginning of development of Texas' submerged lands.

He said the meeting "for all practical purposes initiated state industrial development of 1,500,000 acres of submerged lands and islands under the Reagan-De la Garza Act."

Sadler also plans to ask the Legislature to amend the act to include development of recreation facilities.

**VACATIONING IN CORPUS CHRISTI**  
Mr. and Mrs. Bill Penn returned to Hereford Sunday after a week's vacation in Corpus Christi.

**SPEND WEEKEND**  
Mr. and Mrs. W. H. Awtrey Sr. of Hereford spent the weekend, Aug. 3-5, in Dodge City, Kans., visiting friends. They reported green grass and fat cattle near Springfield, Colo., a point visited on the trip to Kansas.

**GUEST FROM FORT WORTH**  
Guest in the W. H. Awtrey Sr. home in Hereford was his sister, Mrs. A. A. Fleming of Fort Worth. She also visited with the Dion Awtrey and W. H. Awtrey Jr., families in Friona and Mr. and Mrs. O. J. Awtrey of Mejirose, N. M., while in the area.

**TRIP TO ARIZONA**  
Mr. and Mrs. Dennis Lomas returned Sunday night from a four-day trip to Flagstaff, Ariz., to return a pickup to Hereford. Their sons, Larry and Robbie, visited with their grandparents, Mr. and Mrs. Taft McGee, while they were gone.

**VET LAND INSURANCE**  
Veterans Land Board has reaffirmed its plans to offer credit insurance through a Dallas firm to 30,000 land purchasers despite a complaint lodged by Rep. Don Garrison of Houston.

William A. Harrison, insurance commissioner, advised Land Commissioner Jerry Sadler that a complaint concerning the company which will insure the veterans who borrow money from the state to buy land "seems to be an isolated case."

**TEXAS OUT OF THE RED**  
Treasurer Jesse James reports that Texas' general revenue fund is out of the red after having been in deficit almost continuously for the past four years.

Revenues deposited to the credit of the general fund wiped out the deficit and raised it to a cash balance of \$4,601,020.

General fund may dip again periodically, but is expected to at least break even at the end of the current appropriation biennium, a year from now.

**OUTDOORSMEN MEET**  
Henry LeBlanc, president of the Sportsmen's Clubs of Texas, invited members of outdoor clubs, the Boat Trades Association and water-skiing groups to meet with the SCOT Boat Safety Committee in Dallas on August 24. Enforcement of the Water Safety Act, regulation of boating, and building of boat ramps will be on the agenda. Also to be discussed will be the fees now being charged on some public waters for hunting, fishing and recreation.

## HOW MUCH

— Am I Really Worth? Exactly what do I weigh? Am I heavier than my money, or, is it getting the best of me? The all-important question is— when God puts me on the balances — will the weight hand deceive Him? If all a man has to offer the world is his body created in God's image — his chemical composition — his dead weight... then that man is of little value to himself, to humanity, to God. *Mister, don't try to analyze your worth by pointing to the pile of silver you control. No one grows bigger when he says "no" to the varied opportunities he has to serve God. Far better to say, "silver and gold have I none," if I am given to serving God, helping the lost to find their way to a place of worship... to His church.*

**You In The Church**  
**The Church In You**  
— form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader, and attend services regularly.

## Bippus Community

## Morgan Attending Appraisal School

Nineteen men, including Myron E. Morgan of Hereford, have pre-registered for an intensive course in residential appraising, scheduled Monday through Friday, Aug. 13-17, at the University of Oklahoma in Norman.  
 The course, designed to cover all aspects of data collection and analysis, is co-sponsored by the university and the Society of Residential Appraisers. All sessions are being held in the new \$4 million Oklahoma Center for Continuing Education at OU.

Instructors are George L. Noah, associate professor of finance at OU; Donald E. Snyder, Chicago, Ill., vice president of the sponsoring society, and Wayne D. Hagood, Fort Worth, Tex., investment firm executive.

## VISITING GRANDPARENTS

Miss Linda McDowell of Lubbock is visiting in Hereford with her grandparents, Mr. and Mrs. Ansel McDowell.

## RETURN HOME

Mrs. Jimmie Gillentine and daughter, Sara, and Mrs. Joe Rogers and daughter, Donna, have returned to Hereford following a trip to Waco to enroll the two girls in Baylor University.

REP. ROGERS WRITES

# Brief History, Data Given About Washington, Capitol

TO THE PEOPLE OF THE 18TH DISTRICT:

The City of Washington in the District of Columbia is the subject of daily conversation throughout the world, some proud and some con, but I doubt that there is anyone in a civilized or semi-civilized country who has not heard of the Capital City of the United States of America. In this city and in the surrounding territory there are many places of interest, both historical and otherwise. The Capitol Building itself, is, of course, the number one attraction.

It occurred to me that there are many, many people throughout the country, and especially in our District, who have never had the opportunity to visit in Washington.

Each year thousands of tourists, including many children of school age and those graduating from high school, come to see the Capitol Building and the other points of interest. However, even a visit to these points does not always provide the sightseer with all of the information that is of interest. Hence, it occurred to me that it might be in order to include in a newsletter some of the data about our Capital City.

The site was originally a ten-mile-square, consisting of a part of Maryland and Virginia and was fixed on April 15, 1791. However, in 1846 the Congress transferred to Virginia the portion of the District that had been furnished by that State. Hence, the present District of Columbia consists of that portion originally donated by Maryland. It was chosen in an effort to get away from large population centers of the time.

An offer of a price of \$500 or a medal of the same value was to be awarded to the party coming forward with the most approved plan for a Capitol Building. Some 14 to 16 plans were submitted but none was satisfactory. It was the

plan of Dr. William Thornton of Tortola, West Indies, that was accepted on April 5, 1793. On September 18, 1793, the cornerstone was laid with Masonic ceremonies.

The plan provided for a central section nearly square in

## Miss Rayburn Tea Honoree

Miss Jeanette Rayburn, bride-elect of Carl Covington, was honored with a miscellaneous shower-tea on Saturday, August 4, from four to six o'clock in the afternoon at the home of Mrs. Walter Seed, 129 Star Street.

Guests were greeted at the door by Mrs. Seed and presented to the honoree; her mother, Mrs. Clyde Rayburn; and the mother of the groom-to-be, Mrs. C. W. Covington. Misses Judy McGee and Margaret Boomer alternated at the guest register.

During the afternoon Misses Cynthia Seed and Joy Wiman provided appropriate music at the piano.

The decorative oval table was laid with a white lace oval cloth over pink taffeta, emphasizing the bride's chosen colors of pink and white. The table was centered with an elaborate arrangement of pink and white gladioli in a Fostoria crystal fluted bowl and flanked with matching crystal candlesticks holding pale pink bridal tapers. Miniature cake squares were in pink and white and punch was dispensed from a crystal punch bowl. Other appointments were in silver. Miss Sandra Roberson presided at the punch service the first hour followed by Miss Lee Blocker.

All members of the honor group wore corsages of pink roses. Entertaining rooms throughout the home were decorated with summer flowers. On one table displaying gifts was a bud vase holding gladioli, flanked by a pair of china kissing angels.

Assisting Mrs. Seed with hostess duties were Mesdames Jewell Smith, Gordon Slaughter, Cecil Boyer, June Freeman, J. B. Sneed, Dean Garrett, Ira Scott, Lloyd Sharp, Lester English, Fritz Christman, B. L. Davis, Clinton Massie, Taft McGee, Wilbur Gibson, Clinton Jackson, Clarence Schulz, Otis Lee, Don Zimmerman and John Blocker.

Miss Rayburn and Covington will exchange wedding vows on Saturday, the first of September in the sanctuary of the First Baptist Church in Hereford.

area, surmounted by a low dome. The central section was flanked on the north and south by rectangular buildings. The north wing was finished in 1800 and the south wing in 1811. A wooden passageway connected the two buildings. This condition existed when the interior of both buildings was burned by the British on August 24, 1814, not actually completed until 1829.

The original Capitol as completed was 352 feet 4 inches in length and 229 feet in depth. The cost of the building, including the grading of the grounds, repairs, etc., up to the year 1827, was \$2,433,844.13. The building of the House and Senate wings was commenced in 1851. The Capitol has a floor area of 16 1/2 acres, and 540 rooms are devoted to offices, committees, and storage purposes.

The Dome as presently constituted is of cast iron and was completed in 1865. The exterior diameter of the Dome is 135 feet, 5 inches. The influence of the sun upon this vast iron structure is great. Old Sol sways this tremendous weight of approximately 4,455 tons, or 8,909,200 pounds, causing it to oscillate a distance of three and four inches. The motion is south, southwest, then west, and as the retiring sun declines and finally disappears, north, northeast, and east, returning to its original position.

The Capitol Building is situated on a plateau 88 feet above the level of the Potomac River and covers an area of 153,112 square feet, or approximately 3 1/2 acres. Atop the building is a statue which has caused guesswork on the part of many as to identification. The true fact is that this is the Statue of Freedom. It is entirely of bronze and weighs 14,985 pounds, is 15 feet 6 inches high, and cost \$23,796.82.

It is a figure of a woman clad in flowing draperies with her right hand resting upon the hilt of a sheathed sword and her left holding a wreath and grasping a shield. At the waist, a brooch bearing the letters "U. S." holds the drapery in place. The head is covered by a helmet encircled with stars and surmounted by a crest composed of an eagle's head and a bold arrangement of feathers, suggested by the costume of our Indian tribes. As a protection from lightning, 10 bronze points, tipped with platinum, are placed as follows: one on the head; six on the feathers

## Legal Notice

THE STATE OF TEXAS

To: Anna M. McElhenie, Anna Van Laningham, Pearl McElhenie, Pearl Linscott, and S. S. Linscott, and if one or more of said named persons be deceased, the heirs, the unknown heirs and legal representatives of said named person or persons who may be deceased, and if one or more of said named persons be married, the respective unknown spouse or spouses of said named person or persons who may be married, and if such unknown respective spouse or spouses of said named person or persons be deceased, their heirs, the unknown heirs and legal representatives of said unknown deceased spouse or spouses, are Defendants.

You are hereby commanded to appear by filing a written answer to the Plaintiff's Petition at or before ten o'clock A. M. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being Monday the 24th day of September, 1962, at or before ten o'clock A. M. before the Honorable District Court of Deaf Smith County, Texas, at the Court House of said County in Hereford, Texas.

Said Plaintiff's Petition was filed in said Court, on the 7th day of August, A. D. 1962, in this cause, numbered 4618 on the docket of said court, and styled C. P. WORTHAN, Plaintiff, vs. ANNA M. McELHENIE, ET AL., Defendants.

The names of the parties to the cause are as follows:

C. P. Worthan is Plaintiff, and Anna M. McElhenie, Anna Van Laningham, Pearl McElhenie, Pearl Linscott, and S. S. Linscott, and if one or more of said named persons be deceased, the heirs, the unknown heirs and legal representatives of said named person or persons

in the headress; one on each shoulder; and one on the shield.

Among the other items of interest in the Capitol Buildings are the Senate snuff boxes, Washington's tomb and the catalafque, the rotunda frieze, and statuary hall. There are several publications concerning these matters that might be of interest to many of you who plan a trip to Washington. If you will write me well in advance, I will be happy to send them to you, and you may be better versed when you get here than the guides who will take you on a tour.

WATER ROGERS  
MEMBER OF CONGRESS  
18TH DISTRICT OF TEXAS

### MOVE FROM AMARILLO

who may be deceased, and if one or more of said named persons be married, the respective unknown spouse or spouses of said named person or persons who may be married, and if such unknown respective spouse or spouses of said named person or persons be deceased, the heirs, the unknown heirs and legal representatives of said unknown deceased spouse or spouses, are Defendants.

A brief statement of the nature of this suit is as follows, to-wit:

Plaintiff is suing Defendants in trespass to try title to title to and possession of the Northeast Quarter of the Northeast Quarter of Section No. 45, Certificate No. 1760, in Block M-7, Deaf Smith County, Texas, and is also claiming title to said land by reason of he, and those whose title he holds, having had possession thereof for a period of over ten years preceding the filing of this suit under the Ten Year

Statute of Limitation and adverse possession of the State of Texas, and for judgment divesting title to said property out of Defendants and vesting same in Plaintiff, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved. The officer executing this process shall promptly execute

the same according to law, and make due return as the law directs. Issued and given under my hand and the Seal of said Court, at office in Hereford, Texas, this 7th day of August A. D. 1962.

Attest:  
Lucille Posey Clerk,  
District Court, Deaf Smith County, Texas.

## '62 FORD PICKUPS

### REWARD:

Come in and claim your reward! Let our low Ford Pickup prices put savings into your pocket right off! And low price is only the start of Ford's full-time economy. You save on gas! Ford's modern Six and V-8 engines squeeze every mile from every gallon of gasoline. Short-stroke, low friction Ford engine design makes maintenance stops few and far between. You save on oil—go 4,000 miles between changes thanks to the efficiency of Ford's Full-Flow oil filter. You save on tires because Ford's truck front suspension keeps tires tracking true. Certified tests show that Ford's front tires last an average of 69.9% longer than tires on trucks equipped with independent front suspension. We'll gladly show you certified proof of how a Ford Pickup can save you money every day! Ford Pickups ride and handle easy, too! You get wide, soft-riding seats that smooth out the miles... long wheelbases, easy springing, extra sound and shock insulation to make hauls seem shorter, to make the chassis last longer. Ford's tough deep-channel frame is built for high-crowned western roads, built to stand up in off-road ranch work. Come in and compare. Try the smoothest pickup that ever beat high costs... and claim the rewards of owning a '62 Ford Pickup!

FORD TRUCKS COST LESS

## STEPHENS - HUDSON MOTOR CO.

HEREFORD, TEXAS

Bring your Ford back home to your FORD DEALERSHIP for service!

The most important test is the one you make.

You'll appreciate Shamrock Quality... Quality you can measure by your car's performance.

BY JIMMIE GILLENTE. I don't know this Rep. J. T. Rutherford, but I have a sneaking admiration for the guy. In the first place, he is one of a very few elected officials who admit they ever heard of Billie Sol before and, now that he is through with denying acceptance of funds, he is actually sticking up for Billie Sol.

All through this thing, I have been impressed with the fact that Estes associates appear to have no loyalty when the chips are down. Usually, they sing like canaries. This is a lot different from the days of Al Capone, and definitely indicates poor organization on Billie Sol's part. Without doubt, it makes for better enforcement of law and order when people "spill the works" — but it also goes against the behavior pattern which has been so well taught through TV and movie productions.

I never harbored any tremendous appreciation of President Truman, but I did always admire his loyalty to his old pals, which extended away back to World War I days, and I think a lot of other folks had the same feeling.

Like several firms around town, we have been hit a bit hard this week on vacations with Bill Penn and H. A. Tuck both away. The Clinic and the Witherspoon law offices were in pretty much the same shape, and I guess next week will be much the same with folks on a last-minute scramble to "get it over" before school starts.

Ted Panclera is one of the hardest working guys in town, especially since he put in the new plant in Friona. I was by his place Friday at 5:45 p. m., and he still had not eaten lunch. I kept telling him if he didn't run ads in The Brand he probably wouldn't have so much business and could get a little rest — but he wouldn't pay any attention.

Modern teenage boys are a breed within themselves. A young man who is hep can be sitting quietly at home reading a volume of Shakespeare, and when a car passes, he will mutter: "There goes old Joe". Check up, and he is right. Some of these youngsters can recognize just about any car in town by the purr of the motor and the way the "master pedals the gas". One of them tried to explain about 2, 3 and 4 barrels, and a lot of stuff, but it was too deep for me. I just decided that the hand is faster than the eye, and the ear is faster than the hand.

A local firm was recently cited for infraction of federal seed rules, and the manager tells me that he plead guilty at the suggestion of his lawyer, rather than spend quite a few hundreds of dollars it would have cost to fight the case.

I remembered the notorious "Cranberry Cases" of a year or two ago, which left the whole nation in a turmoil, and got to wondering how deep this bureaucratic intimidation runs. This particular dealer says that

IN CHAMPIONSHIP FLIGHT Keith Jorde of Hereford played in the championship flight of the Dumas Invitational Golf Championship Sunday, Aug. 5, with a score of 72-78-70-220. He was among 86 golfers participating in the fifth annual Dumas tournament.

FLOWER GIRL AT WEDDING Miss Stephanie Bryant of Hereford served as flower girl at the wedding of her cousin, Miss Judy Bryant and William Hunter in Littlefield on Sunday, Aug. 12.

VISIT HEREFORD Mr. and Mrs. Allan White of Amherst were in Hereford on Tuesday, Aug. 7, to pick up their granddaughter, Debbie Kindred, after a visit in Hereford and in Amarillo.

VISIT DAUGHTER AND SISTER Mrs. Edna McClure and Mrs. Juanita White, Larry and Sharon, of Littlefield were in Hereford Friday, Aug. 10, to visit with their daughter and sister, Mrs. Betty Cowell and boys. Terry went home with Mrs. McClure to spend a few days.

You can make a quick and delicious spread for crackers by mashing canned shrimp with butter and seasoning with lemon juice and freshly ground pepper. Add lots of the pepper!

dictatorship.

Personally, I feel that the dealer and his lawyer were wrong not to fight the case, because so long as people bow to these bureaucratic acts, the act will spread and grow. On the other hand, I have to admit that it almost ruined the cranberry growers and handlers to do just that. If a man operates a legitimate business and manages to pay his taxes these days, he has accomplished no mean feat. And if you survey some of the outrages perpetrated by the Wage-Hour division of the Department of Health, Education and Welfare, you have a good example of bureaucracy at its worst. Dictatorship and intimidation are inevitable.

Because these things do not touch very many people, they are shrugged off by the average man. However, they are spreading and, as they involve more and more people, they will become more unpopular. Let us hope that they do not have too strong a hold to be broken when — and if — the time ever arrives that people are ready to rebel against such tactics.

If true, and we have no reason to believe otherwise, this is probably one of the worst situations in modern America. In Russia, they at least admit that they are operating a

COOL! CONTINUOUS SHOWINGS OPEN DAILY 1:45 HURRY! ENDS THURSDAY. YUL BRYNNER, ESCAPE FROM ZAHARRIN, SAL MINED-JACK WARDEN-MADLYN RHUE.
