and kitchen, on June 30, 1957. Construction of the building and a new parsonage resulted in a total expenditure of \$212,001.55, all of which now is debt-free. Mr. and Mrs. J. E. Hill made a bequest of \$50,000 to the church, with the remainder being paid by members of the church through weekly contributions.

handcuffed for five innings. The game went to an extra inning before being decided, since high school teams normally play seven.

Hereford got runners to third base in the first and second innings, but was unable to push them in.

But a break gave Hereford its first score. Greg Combs singled, stole second, went to third on a fly ball and was waved in after umpires ruled that a Levelland player had thrown his glove at an over-throw at third.

In the fourth, Edwin Thomas walked and Charlie Thomas pounded his home run to give Hereford a 3-0 lead.

After stranding seven runners on base in the first five innings, Levelland came all ye for four runs in the sixth and went out front 4-3. Byron Culpepper walked and came in on a double by Jimmy Harris. Ronnie Simpson got on by error.

With two out, Wayne Ray Howard hit a double to drive in two runs and Ross Joplin doubled in Howard.

In the last of the sixth, Charlie Burrus got on by error and took second on a wild pitch. Jim Collier doubled to drive in the tying run, Edwin Thomas got on by error, but a neat triple play erased Hereford's chances for more runs. Charlie Thomas' ground ball went to Wayne Howard, who stepped on third to get Collier. He fired to Earl Dunn at first for the put-out on Charlie Thomas. Dunn then threw to Jimmy Miller at second for the tag on Edwin Thomas.

In the seventh, Culpepper drew a walk but was erased on a play from John Willoughby to Greg Combs. The runner on first was thrown out from Wesley Poarch to Charlie Burrus to cut off the rally.

Ronnie Botkin drew a walk for Hereford in the seventh, and went to second before the side was retired.

As the game went into extra innings, Hereford retired the last three in Levelland's batting order on two grounders to Edwin Thomas and a strike out by Collier.

Then it was time for Hereford. With two away, Collier singled, Edwin Thomas got on by error as Collier went to third. Joe Mack Hale came in to run for Collier. Charlie Thomas missed on the first pitch, then slashed a vicious, curving single over the third baseman's head and into short left field as Hale galloped home.

It was primarily a pitcher's duel all the way as Collier and Jimmy Harris both lasted eight innings. Harris was charged with the loss. He allowed five runs on seven hits, struck out four and walked six. He also was charged with two wild pitches.

Jimmy Collier gave up four runs on six hits, struck out 11 and walked six. Levelland was charged with five errors and Hereford two during the long game.

Charlie Thomas, of course, swung the big bat for Hereford as he drove in three runs on

two hits, a single and a homer. Greg Combs hit three times in four trips, including a double and two singles.

Wayne Howard was the only Lobo who got more than one hit as he pounded a double and two singles in four trips to the plate.

Levelland now has a 5-9 record for the season, while Hereford is 8-4.

NESTING MOP (Cincinnati) - Three years ago Mrs. Maude Rankin hung up a mop on a back porch nail to dry but she never got to use it again.
A couple of robins picked the scrubbing end of the mop as a place to build a nest and raise a family. They kept coming back each year.
How does she clean her floors now?
"I get down on my hands and knees and scrub," she said; "Gets cleaner that way, anyway."

To: The heirs and legal representatives of H.H. Burk, deceased, whose name and residence are unknown, the unknown owner or owners of the hereinafter described property and their heirs and legal representatives, whose names and places of residence are un-

known, and any and all other persons, including adverse claimants, owning, or having, or claiming any legal or equitable interest in or lien upon the hereinafter described property delinquent to plaintiff herein for taxes.

YOU ARE HEREBY NOTIFIED that suit has been brought and is now pending in the Honorable District Court, 69th Judicial District, Deaf Smith County, Texas, wherein Hereford Rural High School District is a plaintiff; State and County and City of Hereford is a defendant; and H. Lots Nos. 46-50, Block 3, Burk Subdivision of Block 17, Mabry Addition to the Town of Hereford, Deaf Smith County, Texas, together with interest, penalties, costs, charges, and expenses of suit which have accrued and which may legally accrue thereon.

The amount of taxes due each plaintiff, exclusive of interest, penalties and costs is as follows:

All parties to this suit, including plaintiff, defendants, and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgment, including all interest, penalties, and costs allowed by law thereon, may upon request be recovered herein without further citation or notice to any parties herein, and all said

MARKETING PROCEDURES through the Perishable Agricultural Commodities Act was just one of many topics covered by Joe Ward and Jack Gardner of the U. S. Department of Agriculture here Thursday.  sometimes damaged their crops. After inspection Monday, the Court agreed to accept the "Little Bull Barn" which has been under construction for several months. They voted to make final payment of \$2469 to Dura-Built Products of Clovis. They had deducted \$394 as adjustment for the concrete floor, which they felt was not completely satisfactory.

They also voted to buy a copy machine for the County Clerk's office at a price of \$580. The machine is expected to save from 49 cents to 59 cents per copy, not including a saving in time.

In other action, they called for bids on one or two main-tainers, with 14-foot blades. The bids are to be opened at 10 a.m. on Thursday, May 22.

They also agreed to have large letters "Deaf Smith County Courthouse" installed above the pillars on the south side of the building. The letters will be stainless steel and about 16 inches tall. J. M. Hamby and A. N. Hopson were given permission to cross Austin Road between U.

SPITTOON RETURNS
 FORT PIERCE, Fla. — It took a court order but grandpa C. L. Neill is going to get his spittoon back. The aged ex-farmer left the cuspidor when he moved to Gastonia, N. C. He brought it suit to get it back when residents of another apartment, thinking it abandoned, took it as an antique. The judge ruled Neill had not intention of abandoning the spittoon.

COSTLY DRIVE
 SAN ANTONIO, Tex. — It cost Hilario Flores, 33, exactly \$100 to drive seven blocks. In the short drive he hit a car, left the scene of the accident, ran through three stop signs and hit a tree. He did it all without a driver's license. The fines added up to \$100.

 the Deaf Smith County Chamber of Commerce, will deliver a short dedicatory address. James W. Witherspoon of Hereford will introduce Formby.

Special guests at the dedication will include Judge James D. Denton of Amarillo, Court of Civil Appeals, District Judge Harry Schultz of Dalhart and Deaf Smith County Commissioners' Court. Judge Zimmerman has extended special invitations to officials of 14 area counties. He also extended particular invitations to all citizens of this county to tour the courthouse and jail facilities, and to inspect all offices in the building.

The original courthouse was started in 1910 and completed in 1911. Few changes had been made in the courthouse until county residents in March, 1959, voted in favor of a \$385,000 bond issue — \$200,000 for building of a new county jail and \$185,000 for renovation of

the courthouse. Work on the courthouse and jail was finished last year. Changes in the courthouse included a new roof, new plumbing, lighting and heating, smaller courtrooms and improved windows.

A large new county jail solved overcrowded conditions, which often developed in the former county jail, located across the street from the courthouse. The old county jail currently is being destroyed.

Miss Hair, daughter of Mr. and Mrs. W. R. Hair, 209 Star, is majoring in elementary education with a minor in speech. She gave a speech entitled "You Can't Believe Everything You Hear," in which she pointed out that individual thought and judgment must be applied to statements which, although apparently true, reflect a single viewpoint.

Winning first place and a \$50 prize in the contest was Palmer McCown, senior student from Littlefield, who spoke on "When Giant Meets Giant."

Things are really shaping up along Highway 60 through town. I hear that they hope to finish the east half of town this week and possibly the west portion by May 15. This is contingent on continued favorable weather, of course. Most firms along the road have taken a beating on business during the construction period, and many of them closed for "the duration." It really is going to be a nice highway, however, and will

add much to community transportation facilities.

Another thing, it is worth your time to watch them pave the road. The process is rapid and ultra-modern and until the road is completed to Randall County, I nominate L. J. Clark as "the busiest man in town."

A delegation of 14 Hereford Lions are back from the annual convention which I thought was held in Pampa. However, the boys who attended keep joshing F. W. Dool and W. O. Shelton about Skellytown. I can't figure what happened, unless those two old standbys took a wrong turn and wound up in the wrong place. Cleo Meharg says a lot of district Lions are still wanting to know when Hereford will again sponsor the convention which, incidentally, goes next year to Amarillo. Several reported visiting R. L. Dowell, Jr., and Cecil Massey, both former Hereford residents, who were attending. R. L. is now doing accounting in Amarillo, and Massey is city manager at Weatherford, Texas.

Things are shaping up for quite a deal here Saturday, when the new jail and remodeled courthouse will be dedicated. Marshall Formby, former resident and Texas Highway Commissioner, will be among the speakers. Judge Don Zimmerman and the commissioners have been doing a lot of planning and work to make the occasion a success.

And just as a lot of people predicted, we do have one of the finest and most attractive

courthouses in the state. I was talking with two visitors this week, one from Denver and the other from Wichita, Kansas. Both mentioned the attractive marble, and wanted to know how we ever got such a fine building. All of which brought to mind the story which I have heard from so many old timers concerning the structure.

As the yarn goes, true or not, many citizens of Deaf Smith County were clamoring for a new courthouse back around 1910. There was a conservative segment, however, which did not think the county should go in debt and spend anything like \$65,000 for a new structure. The pressure got so hot that they finally decided to hold an election — and to more or less insure defeat of the bond issue — they called for the unheard-of amount of \$123,650, including specifications for "genuine Georgia marble." As a result, some of the sponsors of the project got their necks bowed and folks turned out from far and near — and approved the bond issue, much to the surprise of all concerned. The building was finished in 1911.

Without question, the courthouse is the best by Deaf Smith County ever made. The original \$123,650 structure, at the present time, is estimated to have a value of around \$3 million. The marble walls, if they could be found at all, are valued by reliable concerns at more than \$1 million.

Recent remodeling on the courthouse, not including the jail, cost more than the original building and was financed with a bond issue of \$185,000; furniture, drapes and other improvements would probably put the figure close to \$200,000. Without question, these improvements were wise, chiefly because we now have a modern, \$3 million plant, which is truly one of the show places of the Panhandle. In addition, the four commissioners and Judge Homer Henslee did much planning, supervision and hard work in completing the remodeling program, and Judge Don Zimmerman picked up where Homer left off. All in all, the entire group has earned our appreciation for leadership in a good job, well done. A big turnout Saturday is the best possible manner in which we can say "Thank You" for these extra hours and efforts beyond the call of duty.

This reminds me of Urlin Streu's collection of Texas courthouse pictures. I wish they could be on display during the opening. I still recommend this as one of the best club programs in the territory. The only trouble rests in the fact that he is hard pushed to show very many pictures during the average

The Newest Developments In HYBRIDS

SCOTT 500

Here is a short-stalked, red grain hybrid with great yield potential and wonderful stand ability. Stalk height is about 12 inches shorter than RS 610. Red Grain (darker than RS 610 grain) on very large medium-dry heads. About same maturity as TX 660 and outstanding in ability to stand and to yield. Adapted to dryland or irrigation. 110 days to mature.

SCOTT 450

An early grain hybrid of about the same maturity as RS 610. It is very similar to Scott 500 (above) but earliness makes this an outstanding hybrid for areas needing this factor. Red grain, large heads, high yield and shorter stalks make Scott 450 a highly desirable early grain hybrid. 95 days to mature (12 to 18 shorter than 610).

A GREAT PAIR OF TRUE COMBINE HEIGHT HYBRIDS.

Leading Texas and RS Hybrids — all grown on our own farms — processed in our own plant, winter grown in Mexico.

Band, Choir Look Forward To Corpus Christi Trip

BY WAIN MILLER
Attention!! Residents in and around Corpus Christi, and all eating establishments en route between Hereford and the sunny Gulf of Mexico — prepare to "batten down the hatches, Mates," cause eager members of the Hereford High School mixed choir and band will soon be on the way!

When these land-lubbers blow into the sunny south, there's gonna be a hot time in the old city of Corpus for the next three days, as musicians from up Hereford way absorb their fair share of sun, seashore and sound.

As band and choir members have been counting the days until their seaward excursion since the school board announced plans for the trip last year, this bit of news is probably no great shock to the reader.

Hereford High School band and mixed choir will compete in the top-rated Bucaeer Music Festival to be held in Corpus Christi May 4-7, while taking in the sights of the Gulf surroundings.

Outstanding choral groups

and bands from throughout the state will compete in concert and sight-reading contests. Such nationally recognized groups as those from Snyder and Odessa will appear.

Both Mr. Don Moore, choir director, and Mr. Ben Gollehon, band leader, agree that the Corpus contest is one of the most difficult in the nation.

"The trip will be a good ex-

perience," says Mr. Moore. "Members of the mixed choir deserve the opportunity to take the trip, as a reward for their hard work. It will be both educational and inspirational."

Mr. Moore stated that the trip should provide incentive for hard work by Hereford's musical groups. The choir will hear some of the top-notch choral groups in the state, giving

them a chance to compare themselves with the best.

Entering in contests will be the mixed choir, girls' sextet and six soloists from the choir.

"Going to Corpus should stimulate more interest in band and choir," states Mr. Gollehon. "It's a hard contest, and the band will have a chance to see how it ranks with the highest-rated bands in the

state."

A trio and two woodwind soloists will compete, along with the band, in the various contests.

Band and choir members have long-anticipated the trip, and seem to become more anxious to get rolling with each passing day. School funds set aside by the school board, as

HHS Football Boys Become Homemakers

Home economics for boys is one of the newer courses being offered at Hereford High

School. This year, because the course is offered only seventh period, the members of the class are all football players.

The course includes 10 weeks of study on personal adjustment, marriage and family course is taught by Mrs. Margaret Ann Durham. During these 10 weeks there are two weeks of study in the mother and baby unit, taught by Mrs. Earl Springer.

Following this two week period, there are four weeks of study in the unit, preparation of foods in planning for meals. During this time the boys prepare many different kinds of foods and beverages. The final phase of this period is a meal, which the boys prepare, with broiled steak as the main course. Mrs. Durham also teaches this part of the course.

The last three weeks of the course is concerned with sewing and care of clothing. Mrs. Dorothea Prowell teaches this part of the course. It includes the pressing of trousers, ironing of shirts, sewing on buttons, mending and grooming.

There are 13 members of the class this year. Plans are being made to offer the course both semesters of the year so that more boys can have the opportunity to take the course.

New Officers Are Installed

In an impressive candlelight ceremony, the new Future Homemakers of America officers for the 1961-62 school year were installed Thursday night, April 20, in the Stanton Jr. High auditorium.

Cherry Holt, Royal Rose chapter president, and Patsy Loerwald, Chapter I president, served as installing officers. Officers presented the eight purposes of FHA as they lighted candles symbolizing the purposes.

Judy Rowland was chairman of the stage committee for the formal affair. Other committee members were Terry Anderson, Joann Carlson, Linda Jones (Continued on page 2)

Ideal Girl

Ideal Girl was chosen this week by Jerry Moss. He thinks the most beautiful girl in Hereford High School is Sheri Dameron. As for being cute, Toni Parker takes top honors, and Joyce West has the best figure. Linda Renfro is the friendliest and Diana Robinson has the nicest hands. Suzanne Yarbro has the prettiest eyes, and Joy Story, the prettiest hair. Most mannerly is Joy Wiman (Continued on page 2)

Noted Musician Appears At H.H.S.

BY JUDY SMITH
Hereford High School had the privilege of having Burton Jackson, a noted marimba player, play Friday afternoon at two o'clock. He has played for 2500 individual performances.

He played "Moon glow" by Tchaikovsky's Fifth Symphony. He then played "Come Back to Sorrento" or "Surrender"; "The Harmonica Player"; "Danny Boy"; the theme song from the "Masquerade Party" which was "The Dancing Comedian." "William Tell Overture," also

known as the theme song of the "Long Ranger".

For a more romantic mood he played "Some Enchanted Evening," by Rogers and Hammerstein.

The "Flight of the Bumblebee" showed his agility and the speed that can be accomplished on this instrument. For his final numbers, he played "Bolero Rhythmic," and "Till There Was You."

During the questioning period, Mr. Jackson explained (Continued on page 2)

Mrs. Calvert Will Retire After 14 Years At H.H.S.

BY JUDI PRICE
At the end of this school year, Hereford High School will lose one of its most untiring teachers, for Mrs. Charlotte Calvert, who has taught here faithfully for 14 years, is retiring.

Mrs. Calvert remarks, "I am resigning as a teacher in senior high school to do a lot of things I have always planned to do. I wish to express my gratitude to the principals, and all of the many wonderful students in Hereford High School for their cooperation, understanding, and my association with them. I have taught in Hereford High School for 14 years and my work with

the students in Hereford High has been a great pleasure and I appreciate the attitude of so many of the outstanding boys and girls in the school. I'll miss the students more than anything."

SEE PICTURE WITH JUMP PAGE 2

Mrs. Calvert plans to make her home in Hereford and she hopes to travel to foreign countries since she's been in all of the states except Florida, Massachusetts, Vermont, and Rhode Island. She has also been to Canada and Mexico.

Among the many other things she would like to do after her retirement, is more art work, which is one of her many hobbies. Also, she looks forward to having more time for civic and church work.

This year Mrs. Calvert teaches English II and Latin. She received her bachelor of arts degree from Southern Teachers College in Weatherford, Okla.,

and her master of arts from West Texas State.

Mrs. Calvert has wanted to teach ever since she was a little girl and as she grew up her greatest interest was teaching. She has taught 31 years in Texas.

Mrs. Calvert has a most unusual hobby of collecting drinking glasses from all over the world. She became interested in this when her mother asked her if she would like to collect drinking glasses and gave her one she'd had when she was (Continued on page 2)

ANNUAL TIME!!! This is one of the biggest events during the school year at Hereford High. Patsy Fowler and Roger McQuigg are hurrying to get each other's annuals signed. (Brand Staff Photo)

Big Day Finally Arrives; Annuals Are Distributed

Monday, April 17, began as almost any other school day at Hereford High School. There were a few students who didn't quite make it to school on time, and all was normal at H.H.S. A special assembly was held in the auditorium, and it appeared the speaker was unable to appear.

There had been many unconfirmed rumors that the new arrival had arrived, although no one was really certain. At any rate, Principal Bill Stanford's apparent calmness, or rather his snarling acting ability, revealed nothing to the disappointed student body.

No government secret could have been more closely guarded, as revealing the presence

of the eagerly expected event must surely have meant certain death, the way the annual staff members refused to hint that the big day had arrived. High school students had been

waiting for many, many, almost too many weeks. After much stalling and dilly-dallying, Mrs. Viola Chisholm, annual staff sponsor, happened to re-

TEACHER OF THE WEEK

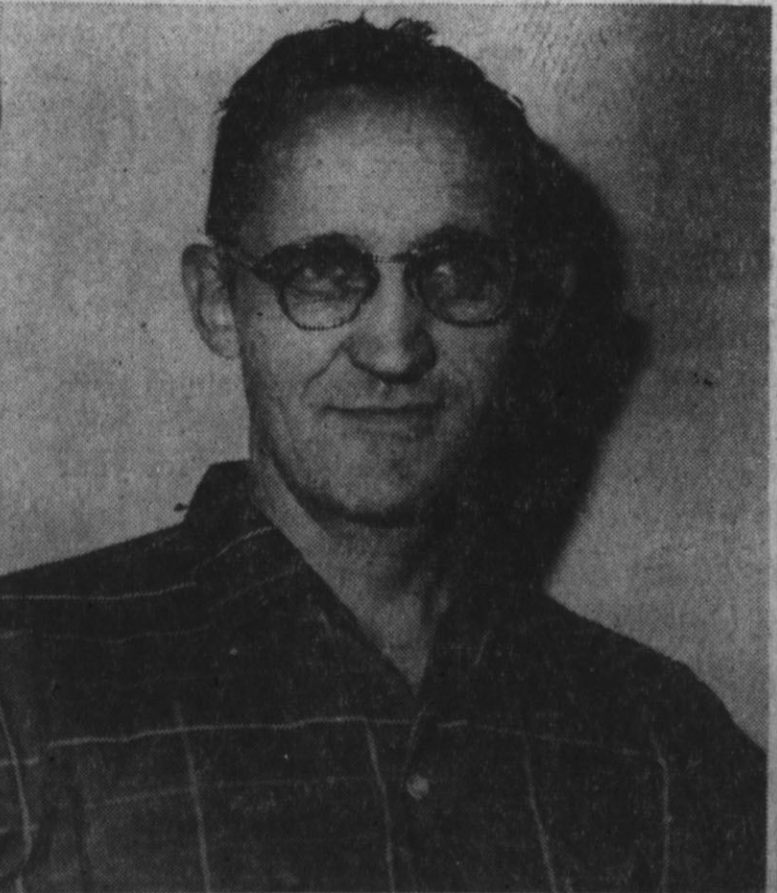

First Ambition Was To Be Forest Ranger

Mr. Don Moore, choir director at high school and junior high, says his secret ambition all his life was not to be a choir director but to be a forest ranger.

His home town is Gainesville, Tex. He attended Colorado University and McMurry College. He obtained his Master's Degree at Eastern New Mexico University and went to Texas Tech for one summer.

He said that his favorite pastime is traveling and his hobby is carpentry. His favorite food is T-bone steaks and strawberry cake. He said he would rate blue as his favorite color and "The Long Loneliness" as his favorite book.

Mr. and Mrs. Moore have five children: Pickens, 24; Ted, 21; Sandra, 17; Mandy, 13; Sy, 9; and also their daughter for this one year, Heidi, 18.

DON MOORE, teacher of the week, is choir director at both Hereford High and Junior High. Mr. Moore is also the temporary Father of one of the exchange students this year. (Brand Staff Photo)

well as money raised by the band and choir, will finance the expedition.
These funds will completely cover the cost of the trip. Three buses have been chartered to transport the eager musicians in air-conditioned style and comfort. Students will stay in the Princess Louise Hotel, located only two blocks from the beach, which promises to be one of the most popular hangouts for the pro-nautical inclined musicians.
We repeat — Corpus Christi, be prepared! Hereford High School's band and choir will soon invade the fair city, along with approximately 1500 other bandlubbers. So BONVOYAGE!

call the minor detail that the 1961 'Round-Up' had arrived. After a remote resemblance of order returned to the student body, annual staff members proceeded to distribute the prized yearbooks.

Seniors stampeded to the stage, while poor juniors and sophomores were forced to wait whole minutes for "Round-Up" copies to be passed out by the all-too-slow staff members.

Then, it seemed, that a not-too-unison chorus of "Ooooh!" "Aaaa!" "Look here!" "It's beautiful!" and "Right here is my picture!" arose over the scene of utter chaos.

Realizing that any attempts to hold classes under the circumstances would be futile, school officials were so kind as to dismiss classes for two

and one-half hours for students to sign annuals, and to allow some of the excitement caused by their arrival to subside.

One quick glance through the pages of the 1961 edition of the "Round-Up" will probably explain the cause of all that joyous excitement.

Responsible for the blessed event were members of the 1961 yearbook staff, who included Patsy Loerwald, editor; Nancy Edwards, assistant editor; and staff members Bud Martin, Paula Moore, Troy Don Moore, Joe Mack Hale, Linda Renfro, David Dowell, Jan Story, Karen Sue Daniels and Mrs. Viola Chisholm, yearbook sponsor.

Here is a sad thought for seniors, or perhaps a happy one for some: "It's the last round-up." However, this wasn't held in the sky — cloud nine more aptly describes the reaction of students after receiving their "Round-Up."

THIS

MEASURE

Here is my watch. If it is to be of value to me, it has to be a watch I can count on. When I look at its face, I must know beyond doubt, that it can be trusted. If I have to be forever checking it, it is of little use to me, and certainly it is not fulfilling the purpose for which it was created. Life too, is that way!

If a man is to be of value, he must be the kind of person that can be counted on. His face must radiate dependability. If those who live about you have to be forever checking on you... you are not fulfilling the purpose for which God created you. Now, Paul said, "those things, which ye have both learned, and received, and heard, and seen in me, do; and the God of peace shall be with you."

Help us to attend church worship every week and to draw near to Thee. May we gather in thoughts that stray and control feelings that may be troublesome. For sin give repentance, for sorrow give trust, for strife of passion and care grant rest. Through this timepiece illustration, may we be led to bring our lives to Thee, that we may test and measure them by thine unerring law.

You In The Church
The Church In You

to be an enormously successful three hours. Few of the conferences ended without unanswered questions, due to lack of time.

Among the sessions attended by H. H. S. students was the conference on drama, television and radio, conducted by Dr. Cranell Tolliver from West Texas State College in Canyon. Dr. Tolliver emphasized the importance of every person having a sincere interest in the field in which he plans a career. "A serious proportion of our population does not enjoy what they are doing for a living," stated Dr. Tolliver. "There is a great difference in a 'job' and a 'career,'" he further advised. "Anyone can get a job; but in a career, the places at the 'top' are reserved those with a general education background."

Commenting on the field of speech—a broader, more inclusive term for his conference subject—Dr. Tolliver pointed out opportunities other than the acting phase of this field. He mentioned the sales field in television as a lucrative area. The journalistic and teaching areas as just two which have good opportunities for those to whom they appeal.

In conclusion, Dr. Tolliver advised, "Speech training is closely associated with other careers. Any study of speech, in high school or college makes your life more enjoyable." In another informative conference, Mrs. Weldon Revel con-

ducted the discussion on interior decorating during the Career Day activities according to Mrs. Revel there are five elements involved in interior designing: one must like to create, enjoy working, like people and be interested in them, be interested in the elements of interior decorating, and use his imagination. To be classified as a professional interior designer one must have had at least four years of college and ten years of experience.

Another session was held by Mildred Renfro. She gave a very interesting talk on the business of beauty operating. Mrs. Renfro explained how beauty school is conducted. She gave advantages and disadvantages of being a beautician. After one acquires a license, she can get a job anywhere in the United States. She also stated that one can become independent. Having to put up with "tacky people" is one of the disadvantages.

"There is no limit to how far you can go in this field, but it is all up to you," stated Mrs. Renfro.

In the business merchandising class the many phases of the business field were discussed. The instructor, Mr. Ocie Chism, outlined the college program in business, and explained the advantages of going to college.

He told about the many job opportunities that are offered to college graduates in the business field. He explained the program that various big companies use with their new employees.

TIGHT GUARDS

CAMDEN, S. C. — When raiders hit a big still near Camden, they found the human operators had fled leaving some natural guardians behind.

First, a flock of bees, apparently tipsy from the mash, attacked. The officers countered with a smoke screen.

Then, from under the mash barrel, came a water moccasin, too much under the influence to crawl straight. The snake fell into the nearby creek and floated off downstream — too drunk to swim, said a raider.

Newspapers Have Interesting History

(By Whiteface Staff) BY PHYLLIS WARD. Comic strips, crossword puzzles, editorials, advertising, feature articles—a newspaper is really a miracle, a mixture of machinery, news coverage, business organization, and fast and clear writing. In the United States (where about 97 out of 100 persons who are old enough have learned to read) almost everyone reads newspapers. Every day about 50 million daily papers are distributed in this country. They are so familiar to everyone that the fact that they are really wonderful is often forgotten.

They decided to hold the political rally in the evening instead of during an assembly. Various campaigning has been going on since Tuesday of this week.

Senior Class Personalities

(By Whiteface Staff) Eighteen-year-old Shirley Hodges says her secret ambition is to be a good wife. Her favorite pastime is sewing. She says that right now she has more homework than she can cope with. Her advice to underclassmen is to study hard.

Leon will farm on his father's place with his father. Tinkering around with hot rods is Leon's hobby. He has done a lot of work on his 1957 Chevrolet. Being with his wife, Pat, is Leon's favorite pastime. He likes married life.

Going steady is "for the birds," according to seventeen-year-old Lee Myers. Lee's parents are Mr. and Mrs. Al Myers, Route 1, and Dumas is claimed by Lee as his home town. He enjoys hunting as a hobby and his pastime is running a found.

Dick Severance was born Sept. 20, 1943, in Gooding, Idaho. He lived there until June 29, 1960, when he moved to Hereford. He thinks Hereford High School is a nice school, although it is too hard. Dick works at Westway in General Farm Motors. In his spare time he enjoys going to the movies. He would advise all underclassmen to study harder now.

"It's one of the hardest schools I've ever gone to, and it's stricter," is the opinion Vera Smith, daughter of Mr. and Mrs. Ray Smith, gives of Hereford High School. Vera, who was born in Hereford, plans to move to Oklahoma to live with an aunt after graduation.

John's advice to underclassmen is to "Have fun while you have the chance." After graduation he plans to attend St. Benedict University in Atchison, Kan. His pastime is riding horses, when he has the chance.

Dick would like to live to be at least 75, because after that you're dependent. If he could be any age he would be 21 so he could vote. The most disappointing thing that has ever happened to Dick was moving to Texas.

Vera admits some of her secrets, like her secret ambition which is to become a nurse, and a pet peeve, that is "stuck-up" people. Her favorite pastime is skating and the person who has impressed her most is Miss Carolyn Reynolds, former HHS teacher, because "She was different and sweeter than the other teachers," comments Vera.

John's advice to underclassmen is to "Make a million dollars," stated 17-year-old Jerry Johnson when asked what his ambition was. Jerry's hobby is hunting. He says that a full-time and that's the reason he enjoys it. His biggest disappointment was when he failed English last year.

Leon Vogler is the 19-year-old son of Mr. and Mrs. E. F. Vogler. He was born Jan. 13, 1942, in Lamesa. Leon is glad that this is his last year in school. He advises all underclassmen to study hard so that they can graduate. He plans to start farming when he gets out of school.

Robert or "Bob" Bell has a secret ambition of owning a piano and organ store. His pastime is music. He has been a member of the HHS band for four years and was drum major the past year. His pet peeve is people who dispose of their gum in the water fountains. "It's a wonderful school!" exclaimed Robert when asked his opinion of HHS. Robert plans to attend an electronics school after graduation. His advice to underclassmen is to get all hard subjects
