

Published April 17, 1901, in the post office at Hereford, Texas, as second-class mail matter. First number of the paper issued February 23, 1901, as the Hereford Reporter, first number of the Brand issued March 21, 1902. Subscription Price \$1.50 a Year, Strictly in Advance

HEREFORD is apparently assured of five days of the Redpath-Horner Chautauqua for next summer. From personal knowledge The Brand would say that nothing finer in the way of enjoyable intellectual entertainment could have been assured for our people. The Redpath-Horner people have established an enviable reputation for putting out nothing but trained artists. The committee having the matter in charge must have the support of the citizens, however, to bind the financial part of the bargain. Hereford has not failed within the memory of man to do her bit when it was necessary. Back up the Chautauqua Committee, and let your children enjoy five days of real instructive entertainment.

THE BRAND IS GLAD to give generously of its space to the work of the Red Cross, the Y. M. C. A. War Fund, the Liberty Bond campaigns, and to all matters of public interest; but while our columns are so crowded we are compelled to leave out many contributed articles, especially poetry, upon general topics.

Most of our people appreciate our position, but occasionally a local writer becomes incensed at our delay in publishing his article.

The following from The Brand staff poet describes a recent dilemma from which we narrowly escaped:

I sent a poem here, sir,
Said the lady, growing fiercer,
And the subject of that poem
You'll remember sir, was Spring;
And, although I've read your paper
By daylight, gas, and taper,
I've discovered of that poem
Not one solitary thing—
She was muscular and wiry,
And her temper sure was fiery,
And I saw to pacify her
I should have to fill like fun—
So I said that e'er her verses
Which were great, had come to bless us,
We'd received just sixty-one on "Spring",
Of which we'd printed one.
And I added, we've decided,
That they'd better be divided
Among the years that follow,
One for each succeeding spring.
So your verse, I'm pleased to mention,
Will receive our best attention
In the year of nineteen-forty,
When the birds begin to sing.

Hereford Christian Endeavor

(Program for Dec. 9th.)
Topic—"Here am I, Send Me."
Leader—Arthur Rogers.
Song and Prayer service.
Scripture: Isa. 6:6-8.
Talk on subject—Nella Carter.
Song, followed by prayer.
How Bible heroes responded to the call of service—
Abraham, Gen. 12:1-4—Beatrice Wilson.
Jonah, Jonah 1:3—Clyde Carroll.
Elisha, II Kings, 2:9-14—Lena Bodkins.
Special.
"Why is a missionary one of the most useful of all men?"—Glenn Boardman.
"Why are Christian Endeavorers just the ones to approach with this appeal for life consecrations?"—Audrey Carroll.
Piano solo—Elizabeth Tatman.
What gains come from Y. M. C. A. work?—Forrest Bowe.

Twenty-two Endeavorers of the Presbyterian C. E. went to Dimmitt, Sunday, Nov. 25th in the interest of the Endeavor Society at that place. Hereford received a cordial welcome and all returned home realizing that much good had been accomplished.

The girls of the Society have challenged the boys of the Society for a race which is to be continued all this month. Of course we do not mean a foot race, but a race to see which has the largest percentage of members at the mid-week prayer meetings. The losing side is to banquet the winners. The boys think the girls are just using this plan to be entertained.

The Executive committee meets on Dec. 11th at the home of the president. All committee chairmen and officers of the society are urged to have their reports ready.

Our consecration meeting, held Dec. 2nd, was the most successful in some time. It was a leaderless meeting, the program being placed on blackboard before the society.
One thing brought before the society during the business discussions, was what we should send our ex-soldier members for Christmas. We decided to send them each the very interesting and good book, "In His Steps."

WANTED—Recruits for the Young People's C. E. meeting at Presbyterian church, Dec. 9th at 6 p. m.

B. Y. P. U. Program, Dec. 9th.
Leader—Miss Ethel Palmer.
Scripture Reading: Titus 3:1-17.
"The Christian's duty to the state."—Miss Georgia Curtissinger.
"The Christian's duty to unbelievers."—Mrs. E. H. Roberts.
"The Christian's past and present."—Mrs. A. O. Thompson.
Music—Miss Maggie Estes.
"The obligation of the Christian to live right."—Mr. Frank McMin.
Talk on "Heretics"—Miss Johnnie Estes.
"Titus' journey to Nicopolis."—Miss Rosa May Carl.
Some news notes—Miss Mary Carter.

WORTH THE COST OF WAR
"I suppose not many fortunate by-products can come out of a war, but if the United States can learn something about saving out of this war it will be worth the cost of the war; I mean the literal cost of it in money and resources. I suppose we have several times over wasted what we are now about to spend. We have not known that there was any limit to our resources; we are now finding out that there may be if we are not careful."—From President Wilson's speech to the War-Savings Committee.

The Amarillo navy recruiting office has just received orders to the effect that 20,000 additional Apprentice Seamen and 7,000 additional Firemen are wanted for the Navy, by Feb. 22nd, 915. There is also an urgent call for 400 negroes to be enlisted as Mess Attendants.
The branches of the naval service quoted above offer many opportunities to the man with a desire to better himself in future life aside from the fact that at this time it becomes the patriotic duty of every American to serve his country in some capacity.
The navy as a vocation pays better, offers many more inducements in the way of advancement and travel than other branches of the services, while in addition to the above there is furnished to each man an outfit of clothing amounting to more than sixty dollars in value. The food is the best that money can buy.
The graded retirement allows a man to retire after sixteen, twenty and thirty years respectively on one-third, one-half, and three quarters pay. There are also many other opportunities for men having trades such as soldiers, blacksmiths, pattern makers, fabric workers, steam and gas engine men and machinists, in fact the navy has a place for every practical tradesman.
Many men feel that to start in the navy as an apprentice seaman is to start too far down on the ladder which is, however, a mistaken idea. The rate of apprentice seaman is really the stepping stone to all branches of the navy and men showing ability in any special line or class of work need only make application for transfer to that branch and after proving their ability by examination they will be transferred to the branch for which they are best fitted. Many men, both in civil life and in the service can truthfully say that they learned their trade in the navy. At least two of our best colleges are training men for the radio service in the navy at the present time. The men who do the clerical work in the navy are trained at schools located at the various training stations where they receive a six months' course before being sent to a ship or station for duty. During the time that men are detailed to one of the service schools they do nothing else other than study until their course of instruction is finished.
Applicants for enlistment as apprentice seamen must be between the ages of eighteen and thirty years while the age limit for machinists is between the ages of twenty-one and twenty-five years.
Further information can be obtained by applying in person or by letter to the navy recruiting station, located in the federal building on the third floor where the man in charge will be glad to answer questions and more especially to talk with the parents of any young man who may be in doubt concerning the navy as a vocation for their sons.

NAVY COOKS BY ELECTRICITY
Food for U. S. Jackies Cooked in Modern Electric Kitchens
Our new dreadnaught battleships are completely electrified, even to the galley, where nearly all the work of preparing and cooking the food is done by electricity.
A typical electrical installation is to be found on the U. S. Nevada. The cook turns a switch, and the line of electric ovens, the appetizing meats, the potatoes—that are peeled by electricity—the soup, and the vegetables, begin to steam and sizzle. Electric hoists carry the pans and pots with their steaming foods to the decks below and the cleaning and scouring of the ironware dishes is done by an electric dishwasher.

The navy feeds its men from the pick of the market, because its paymasters, buying daily for so many men, get the best at wholesale prices. The mess tables, scrubbed until they are white, are slung in racks above the deck when not in use, and as soon as the meals are served, all signs of them are removed in ship-shape manner. Because every bit of space aboard ship is precious, each man has his mess table, hammock, sea bag, and gun all in the same casemate. To help fill the sweet tooth of the crew, which is a big one, the paymaster also carries a large stock of candy and other tidbits that are sold at low prices, and twice a week he serves chicken and ice cream to his big family.

SELECTING AND MEASURING AN ACRE
The first duty of the club member after he enrolls in any of the Grain, Cotton or Peanut Clubs is to select and measure his acre of ground. Ideal soil for these crops is well drained, deep, loose loam with a porous, clay subsoil, well supplied with decayed organic matter to hold moisture and possible plant food. Of course it is likely you will not be able to find this ideal soil; in fact, such soil is seldom found. In order to have your crop do the best, however, it is necessary to choose soil as nearly like this ideal as possible.

After selecting your demonstration plot of ground, the next thing to do is to stake off just an acre. An acre of ground contains 43,560 square feet. Decide where you want one of the corners of your field and then drive a stake at that point. From this stake measure down one side of the field as far as you want the field to be in length and drive a stake at this second corner. You now have a stake at each end of one side of your field. You should next divide 43,560 by the number representing the length of your field in feet, the answer you obtain being the width your field should be. Measure this width at each end of your field and drive stakes for these two corners. The following example will help you in finding how wide your field should be:
Example: A corn plot is 363 feet long. How wide should it be? Answer: 120 feet.
Solution: Since there are 43,560 square feet in an acre, and one side of this field is 363 feet long—
43,560 divided by 363 equals 120, which is the number of feet in width the field should be.
(From Handbook for Boy's Agricultural Clubs by Oklahoma A. & M. College).

A VICIOUS RUMOR
"Among the many absurd and vicious rumors put into circulation these days, probably through pro-German influences, is one that the United States proposes to confiscate money on deposit in banks. The absurdity of the statement is obvious on its face. These rumors are wholly without foundation and probably circulated for an evil purpose. The Government has no power to confiscate the money of depositors in banks."—From statement of Secretary McAdoo.

Oh, weep not for me,
I go where duty calls,
The calls for human lives to satisfy,
I will come back again to this land
Where freedom's cry is given without a sigh;
When the stars and stripes on every crest are unfurled,
And peace reigns from on high,
Then I will come back again
When Germany's love for gore has stopped,
And the blood of our boys run no more
Then I will come home, and not before,
When earth is safe from hunnish bands,
And Europe's blood drenched strands
Are free from Germany's hands,
When the nations all stand for freedom hand in hand,
Then I will come back again,
When the world is freed from Prussia's lust,
And Belgium and America bleed no more from Turkish dirks,
When the battle is won, and Victory's ours;
When above cannon roar from shore to shore
The song is sung by America's heroic sons
And glory is ours,
Then I will come back again,
I will stand like Lee with Jackson's spirit on the string line;
"We are free once again, Peace has been attained."
Then I will come back again
When all earth will join in the anthem with angels in the skies;
When the dawn of peace draws us nearer together
To the land where there will be no tears or sighs,
Then I will come back again.

NAVY COOKS BY ELECTRICITY
Food for U. S. Jackies Cooked in Modern Electric Kitchens
Our new dreadnaught battleships are completely electrified, even to the galley, where nearly all the work of preparing and cooking the food is done by electricity.

A typical electrical installation is to be found on the U. S. Nevada. The cook turns a switch, and the line of electric ovens, the appetizing meats, the potatoes—that are peeled by electricity—the soup, and the vegetables, begin to steam and sizzle. Electric hoists carry the pans and pots with their steaming foods to the decks below and the cleaning and scouring of the ironware dishes is done by an electric dishwasher.

The navy feeds its men from the pick of the market, because its paymasters, buying daily for so many men, get the best at wholesale prices. The mess tables, scrubbed until they are white, are slung in racks above the deck when not in use, and as soon as the meals are served, all signs of them are removed in ship-shape manner. Because every bit of space aboard ship is precious, each man has his mess table, hammock, sea bag, and gun all in the same casemate. To help fill the sweet tooth of the crew, which is a big one, the paymaster also carries a large stock of candy and other tidbits that are sold at low prices, and twice a week he serves chicken and ice cream to his big family.

SWEET SHOP SOLD TO AMARILLO MAN
Among the business transactions of the week is that involving the sale of the Sweet Shop on upper Main street, and owned by John Brownlee, P. C. Young of Amarillo, has purchased this business from Mr. Brownlee and assumed active charge of the business Wednesday morning. Mr. Young comes well recommended, having had several years' experience in the confectionery business in different sections of the country. He has bought a nice business in a good location, and we bespeak for him much success.

THE BEST PROOF
Given by a Hereford Citizen
Doan's Kidney Pills were used—they brought benefit.
The story was told to Hereford residents.
Time has strengthened the evidence. Has proven the result lasting.
The testimony is home testimony—The proof convincing.
It can be investigated by Hereford residents.
J. B. Burkett, stockman, 300 East Second St., Hereford, says, "I suffered acutely from pains through the muscles in my back, especially when I stooped or attempted to lift anything. I also had trouble with the kidney secretions. Doan's Kidney Pills promptly regulated the passages of the kidney secretions and I am now quite free from back ache."
OVER FOUR YEARS LATER Mr. Burkett said: "I have as much faith in Doan's Kidney Pills today as when I formerly recommended them. I have not had to use them since that time." Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Burkett has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

Coming Tuesday Dec. 18
CHAPTER ONE OF
THE FIGHTING TRAIL
The most marvelous melodramatic photo play ever produced.
This is the greatest western serial ever produced. The cast includes William Duncan, Carol Holloway, Fred Burns, George Holt, Joe Ryan, Walter Rogers and H. Ducrow. There are more thrills in two reels of this serial than ever was put into two reels of pictures.
Remember the date and see the first chapter of The Fighting Trail, Tuesday, Dec. 18.

ARMY RECRUITING OFFICER IS BUSY

Lieut. H. W. Johnson, army recruiting officer from Amarillo, was in Hereford Tuesday, returning to Amarillo on the morning train Wednesday. While here Officer Johnson secured at least one recruit in the person of Jim Black, son of Mr. and Mrs. E. B. Black, who returned with Lieut. Johnson to Amarillo with the intention of enlisting in the army.

Voluntary enlistments in the army and navy will be closed on Dec. 15, and while here Officer Johnson talked with a number of young men with the draft age and who are considering enlistment before the time limit.

If a bird is not molting and still has a small, dried-up comb, covered with a whitish substance, or if a bird has thick or crooked pelvic bones, which will be found on each side of the vent and above the point of the breast bone, these are always money losers.

GIRLS! LEMON JUICE IS SKIN WHITENER

How to make a creamy beauty lotion for a few cents

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in. Then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands.

From now until January 1st we expect to have one of the biggest "moving sales" we have ever had. We call this a moving sale, not because we are going to change the location of our business, but because we hope to make our goods move.

Our line is our specialty, not a side line; and acting on the belief that people usually buy where they can find the best assortment of suitable things for Christmas, we have left nothing undone to have our stock as complete as possible. We have **gone our limit** in order that it might not be necessary for our customers to go out of town to do their Christmas shopping in our line.

Early buying and early contracts on factory lines enable us to offer you many lines of merchandise at prices as low as you paid for the same articles last year. Every line in our stock is complete, diamonds, watches, jewelry, cut glass, silverware, ivory goods, and novelties, all new and up-to-date, very few familiar faces sticking around. Come in and see for yourself. We might have the very thing you want and at the right price. Read this ad thru to the "yours truly" clause and see if we don't have something you would like to take in exchange for a few dollars, more or less.

Diamonds—Our stock of loose diamonds is very complete. If you want a diamond ring, or a diamond mounted in any other style of jewelry, we can fit you up. We make our own diamond mountings in our own shop. Ring, lavalliere, & brooch mountings, etc., made to order.

Watches—South Bend, Howard, Elgin, Waltham, Illinois, and other standard watches from the finer grades down. All new stock and in first-class condition. The biggest line of bracelet watches we have ever had. We have a bunch of 21 jewel Elgins in 20-year gold cases, men's size, at \$25.00. If you want a watch we can suit you. We know a watch when we see it, and we know when a watch is in good condi-

M O V I N G

tion, and make it a point that every watch we sell is in good condition.

Gold Jewelry—Fancy gold, cameo and diamond brooches, fancy set, plain and signet rings for men, women and children, scarf pins, tie clasps, cuff buttons, watch chains, fobs, charms, bracelets, and novelty jewelry. A line of lavallieres from \$2.00 to \$850.

Cut Glass—We sell Libbey, the world's best, and other standard lines. Bowls, vases, water sets, celery trays, hair receivers, puff boxes, perfume bottles, mayonaise sets, nappies, punch sets, sugar and cream sets, in fact almost any article made in cut glass, and at very attractive prices.

Silverware—Knives and forks, tea spoons, tablespoons, soup spoons, coffee spoons, bouillon spoons, berry spoons, olive spoons, orange spoons, iced tea spoons, baby spoons, salad forks, pickle forks, pastry forks, oyster forks, all sorts of forks; in fact almost any piece of table silver you can imagine. Chafing dishes, baking dishes, casseroles, ramekin sets, bean pots, syrup pitchers, butter dishes, sugar and cream sets, lemon sets, mustard jars, sugar racks, condiment sets, coffee sets, etc. We have a big line of sterling in table silver.

IVORY—Our line here is very complete in toilet sets, manicure sets, traveling sets, dresser sets, combs, all kinds of brushes, mirrors, military sets, perfume sets, hair receivers, puff boxes, and a number of novelty pieces. All ivory we sell will take nice engraving.

In novelties and miscellaneous articles we have. Dorines, vanities, purses, mesh bags, umbrellas, fountain pens, fancy pencils, leather purses, men's belts, fancy pipes, stationery, smoking sets, cigar humidors, etc.

On account of being overstocked on cut glass, we are going to give 25 per cent off straight thru until this line is reduced. Special prices will also be given on many other lines where we used bad judgment and over bought.

Come in and let us show you something new in enameled monogram work on signet rings, etc.

Buy early while our assortment is the best. Place your orders for engraving as early as possible. Usually we are rushed so much just before Christmas that we can't do our engraving as well as we would like. Come in now and look around and get a nice calendar.

NOTICE

All persons or firms having any claims against the City of Hereford will please mail or present same to the City Clerk on or before Friday, December 28, 1917. This is urged in order that all 1917 business may be closed before the New Year.

SOCIETY AND CLUBS

MRS. F. W. PRICE, Phone 25.

A delightful evening was enjoyed by about fifty of the younger set on Wednesday evening, at the residence of Mrs. F. W. Price, when the refreshment committee proved themselves a very efficient one, as there was not one moment of the entire evening but what was filled with amusement.

Games of all kinds were played among a few of the most amusing were "The Road to Paradise," "The Country Life" and the Apple contest, but the one the young men enjoyed most, was bending the Kaleer, for which feat Paul Jewell was awarded the prize. Favors of toy automobiles and windmills were given.

After the games the guests were invited into the dining room where the hostesses served them a delicious menu course luncheon.

At a late hour, it was voted that three raisins be given the freshmen with jolly goodnight.

The Delphian Club met at the residence of Mrs. Geo. Barber Monday afternoon, Dec. 3rd, with thirteen ladies present. After short business session the leader, Miss Holman, took charge of the lesson which was on Egypt.

Mrs. Reed gave an interesting talk on the origin of the Delphian Society. Mrs. McDonald's talk on Prehistoric times brought us up to the opening session.

The prompt and full answers to all questions showed that each one had given considerable thought and study to the study of Egypt.

A provision was made for the imposing of a 50 cent fine for absence without a legitimate excuse.

A fine of \$1.00 will be assessed against those on for special duty, when failing to prepare or provide a substitute to prepare their task.

Visitors are not entertained at regular meetings of the club, unless they are visitors in the home of a member.

Socially, with Miss Cecil Gilliland as hostess, at the home of her parents in north-west Hereford, a number of young folks were highly entertained Saturday evening. Time passed hurriedly while many choice amusements

were engaged in, such as popping corn into which pop-corn balls were formed, drawing the guests' shadow pictures; "42", vocal and instrumental music. Refreshments of cocoa and wafers were then served, after which words of appreciation were spoken to Miss Cecil for her kindness.

A very beautiful affair of Thanksgiving Day, where only a few invited guests gathered to feast in thanksgiving, and to play games, was at the home of H. A. Shepard, when Mesdames Shepard and Lively artistically served as hostesses. The dinner was served in six courses, serving from seven to eight-thirty o'clock, thereafter some time being gloriously spent in playing "42" while the cartoonist, (Glen Boardman) sketched—unaware to the model—likeness of one most enthused in the game—Fresh fruits, nuts and candy was passed during the latter part of the evening.

Those present were: Messrs. Lively, Shepard, Berry, Boardman; Mesdames Lively, Shepard, and Misses: Neulh Wilson, Cecil Gilliland, and Nellie Olsen.

One of the most interesting meetings of the Music Study Club was that held at the beautiful home of Mrs. Ray Barber on Monday afternoon, twenty-four members being present. The new year books were received and distributed. The following program was well rendered:

Mrs. Tandy—Leader.
Response—Polish Artists.
The Development of Polish Music—Miss Annie Price.
Egoutine, (Scharwenka)—By Mrs. Dyar.
Maiden's Wish, (Chopin)—By Miss Lahn.
Leschetizky—Mrs. Snyder.
Two Larks, (Leschetizky)—By Miss Coffin.
Polish National Hymn—Mrs. Allen.
Miss Oberthier contributed the Swan Song to the above program.
The Hostesses, Mesdames Dyar and Barber, served dainty refreshments.
The next meeting will be with Mrs. Hawkins and Miss Coffin, at the residence of Mrs. Hawkins.

Star Theatre

FRIDAY, DEC. 7

American Film Corporation presents William Russell and Francis Blinn in "THE SEA MASTER". The salt tang of the sea prevades in every foot of this unusual production. It throbs with life and depicts the joys and sorrows, the brutal rages and mighty passions of a grim old sea dog—a real master of men. William Russell is the greatest athlete to day. He will be remembered as playing a noted part in "The Dilemma from the Kicks".

In addition to the "Sea Master" there will be a single reel comedy "THAT DOGGONE DOG" leading part played by little BILLY RHODES. You cannot help but love BILLY RHODES if you see her once.

This is RED CROSS night. 40 per cent of net proceeds go to the RED CROSS. 10c and 25c

SATURDAY MATINEE and NIGHT
Triangle Film Corporation presents Olive Thomas in "BROADWAY ART ZONA" in a Western Comedy Drama. If you see Miss Thomas once you'll want to see her every chance you have. "Broadway Arizona" is the kind of picture you will like. Miss Thomas is supported by George Chesbro and Dana Ong.

A one-reel Keystone Comedy, "His Saving Grace" with the noted Keystone players. 10c and 25c

MONDAY
Triangle Film Corporation presents for your approval "THE PHANTOM HUSBAND" in five parts. The leading part is played by the noted Triangle players. A single-reel Triangle comedy, the leading part played by the noted Keystone Bathing Girls, (all at Sea). 10c and 25c

TUESDAY
Metro Pictures Corporation presents FRANCIS X. BUSHMAN and BEVERLY BAYNE in the Finis Fox masterpiece "The Voice of Conscience". Bushman and Bayne are two of the greatest stars in movies. If you fail to see "The Voice of Conscience" you will miss a great production in an astonishing act.

WEDNESDAY
Artcraft Pictures Corporation presents "DOUGLAS FAIRBANKS" in the "Man from Painted Post". The Man from Painted Post is just a big-hearted citizen who will tickle your sense of humor and make you glad you're alive. DOUGLAS FAIRBANKS needs no introduction to the Theatre-going public. Those who have not had the pleasure to see him have heard of him. Now is your chance to see him at his best. This is an ARTCRAFT production. 10c and 25c

THURSDAY
Grater Vitagraph presents HARRY WILLIAMS and CORINE GRIFFITH in "Transgression" in five parts. The story by J. Stuart Blackton and Cyrus Townsend Brady. This is a good mystery story from start to finish. It is a cooker, and you do not want to miss it.

HOCKWALD and PUGHES Hawaiian musicians. Now is your chance to hear the genuine steel guitar played by the Native Hawaiians. 10c and 35c

Monday night's attraction, Rural Comedy Drama "A PHANTOM HUSBAND," features RUTH STONEHOUSE.

STAR THEATRE OFFERINGS

HALLOWEEN PARTY IN METRO PICTURE

A real Halloween party in an old Southern mansion is one of the novel features in "The Voice of Conscience," a Metro picture co-starring Francis X. Bushman and Beverly Bayne, which will be the attraction at the STAR Theatre on Tuesday next.

The party, replete with unusual novelties, was staged in a large ballroom setting at the Metro studio. The room was decorated with jack o'lanterns, flags and bunting. With dominating prominence, in the center of the room was a mammoth pumpkin, which provided the de luxe novelty of the evening. A little fairy entered the scene and when she waved a wand the pumpkin separated into sections and out flew a baby angel.

Eighty dancers participated in the party scenes and gay music was provided by a colored "jazz" band. In the midst of all the festivities the villain comes in and denounces the hero. Exciting scenes take place which are in vivid contrast to the previous moments of gaiety.

The lighting effects are novel and beautiful. The party is genuinely Southern, as Mr. Bushman, the director, Edwin Carewe, and the author, Finis Fox, all being Southerners, have given the needed realistic details.

THE WAY TO PEACE

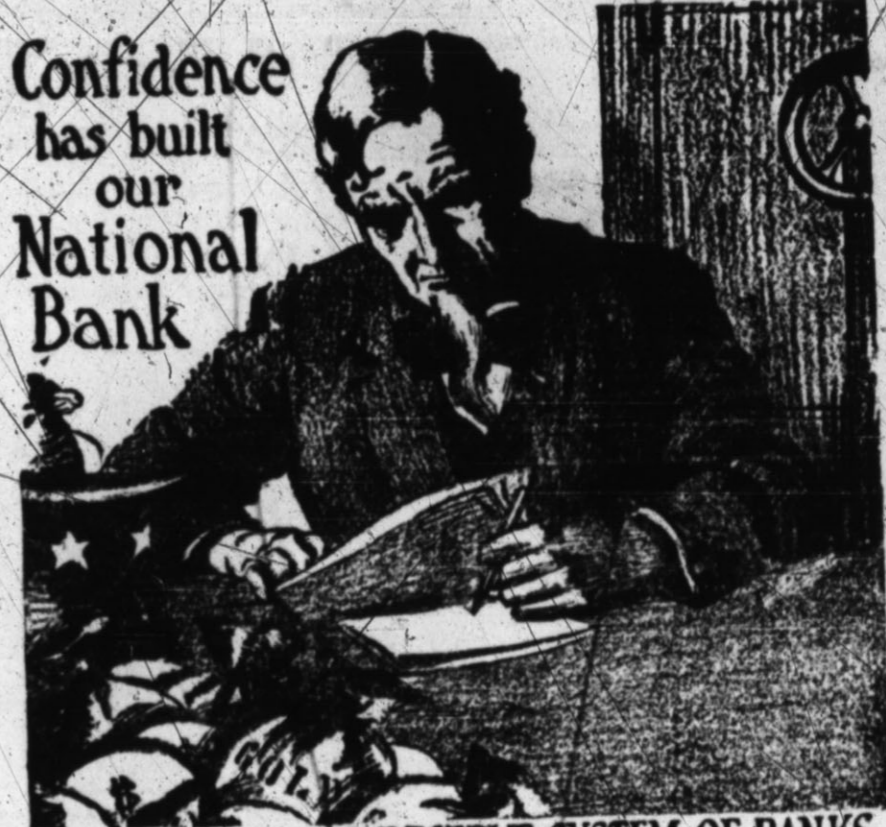

"Any body of free men that compounds with the present German Government is compounding for its own destruction. Any man in America or anywhere else that supposes that the free industry and enterprise of the world can continue if the Pan-German plan is achieved and German power fastened upon the world is as fatuous as the dreamers in Russia. What I am opposed to is not the feeling of the pacifist but their stupidity."

"If we are true friends of freedom of our own or anybody else's we will see that the power of this country and the productivity of this country are raised to their absolute maximum, and that absolutely nobody is allowed to stand in the way of it."

"Our duty is to stand together night and day until the work is finished." From President Wilson's Address to the American Federation of Labor.

SAFETY SERVICE SECURITY

The

WOMEN FARMERS ORGANIZE

Women who are farming find help and inspiration from women farmers' organizations. The first organization of this kind, so far as known, was founded in Missouri in 1911. Four years later the Iowa Woman Farmers' Club was organized at the Iowa State College of Agriculture. A large number of successful woman farmers are members of organizations encouraging interest in farming as a profession for women. The Bureau of Markets is cooperating with and furnishing information regarding such organizations.

Left-over breakfast cereals may be utilized by combining them with more highly flavored foods, examples of such combinations being oatmeal fish cakes, and croquettes or loaves of cereals and nuts. Cold cereals, when combined with custard and fruit, also form basis of a nutritious and palatable dessert.

THRIFT THOUGHT

A large amount of good food in potatoes, including most of the valuable mineral elements, is wasted by ordinary methods of peeling. Baking "in the jackets" also means a loss (if the jacket is not eaten), since much of the meat of the potato sticks to the stiffened skin and is discarded. Here is a suggestion made by the United States Department of Agriculture for reducing the discarded portion of the potato to a minimum:

An Economical Way to Peel Potatoes

Drop washed potatoes in a vessel of rapidly boiling water and allow them to remain 10 minutes. Remove and strip the thin skin as when potatoes are peeled after thorough cooking by boiling. The potatoes will still be practically raw and may be handled like raw peeled potatoes in preparing any dish, as scalloped, French or German fried potatoes, potato chips, etc.

One excellent way to cook the skinned potatoes is to bake them. The entire potato, including the thin, golden-brown crust may be eaten.

This recipe for economical peeling of potatoes was furnished by a housewife and tested by the United States Department of Agriculture. The department will be glad to have other housewives write of thrift practices which they have found useful in their homes.

ELECTRIC EGG BEATER

A tiny electric motor drives the egg beater in the electric kitchen. This little device may also be used for making salad dressing and other culinary labor where continued stirring is required.

The electric egg beater is a great convenience and saves considerable labor. It is easily attached to the lamp socket and consumes so little current that its use does not materially effect the monthly light bill.

The barber's hair clippers are now operated by a small electric motor.

In the past year a large number of new electric washing machines have been designed.

HIGHEST ENDS!

Do you know what a balanced ration is? There is a man who lives in one of the counties in East Texas and he did not know what a balanced ration meant, either, but he wanted to learn. He went to his County Agent and asked the County Agent to give him a balanced ration for his hogs. The agent sat down and told him that he should feed about one-half a pound of tankage with a little corn for the size hogs he had running on the acres. The man got some tankage and followed the instructions given him. Some of his hogs were not fed this bal-

anced ration but all the others were. The ones that were fed the balanced ration gained exactly twice as fast as the others. It paid the man many times over to feed his hogs properly.

You know that there is an old saying that the early bird gets the worm. Well, there is a whole lot of truth to this saying and it applies to Agricultural Club members as well as to birds. The boy who enrolls now and prepares for another year's work has about four months' advantage of those who enroll next spring. If you want to get a worm it is a mighty

good plan to start now by enrolling with your County Agent. Be an early bird.

The Southern Power Company has awarded contracts for the immediate construction of a hydro-electric plant at Waverre, S. C., to cost approximately \$2,000,000. The plant is to be completed by November, 1918, and will develop 100,000 horse power. It will connect with six other plants operated by this concern and will be one of the largest plants of its kind in the south.

Christmas Gifts for Everybody

We are selling more holiday goods than all others in Hereford combined, for two reasons: first, because we have far the best line ever offered; second, because we bought our goods early and have not advanced the price one bit over last year.

Our line of toy goods embraces not just a small collection of cheap toys, but everything that is worth while in the whole toy line.

We ask that you please do not overlook our line of fine ladies' handkerchiefs, fancy towels, French ivory toilet sets, manicure sets, etc.

For men we have a fine line of hose, ties, suspenders, supporters, sleeve bands, etc. all in fancy gift boxes.

If you shop at our place it will not be necessary for you to go all over town to fill your list, as we have a wide range of selections suitable for a gift for any person, young or old.

We have those Christmas Presents.

BEFORE YOU DO YOUR CHRISTMAS BUYING WE WOULD BE GLAD TO HAVE YOU COME IN AND SEE OUR SUPERB LINE OF HOLIDAY GOODS.

WE HAVE PRESENTS FOR EVERY MEMBER OF YOUR HOUSEHOLD AND SOMETHING EVERY FRIEND WOULD BE GLAD TO RECEIVE.

WE HAVE MANY CHARMING GIFTS AT POPULAR PRICES.

THANKSGIVING PARTY

One of the most enjoyable events of the season was on Thanksgiving, when Mr. and Mrs. Tom Vaughn entertained at their home a crowd of young folks at 6 o'clock dinner. After partaking of the big feast the guests motored to the Theatre and wonderfully enjoyed the Jazz band music.

On returning several musical numbers were given and the "Happy, Go-Lucky Kids" bade Mr. and Mrs. Vaughn a happy good-bye and a lucky farewell with which they returned to the city.

ARMENIAN-SYRIAN FUND

NOTICE

The law requires all motor vehicles to be equipped with two white lights in front and one red light in the rear, visible five hundred feet. The white light must not be capable of producing a dazzling light or glare.

The speed limit is fifteen miles per hour in the business part of town and eighteen miles at other places.

The use of muffler cut-outs is prohibited.

Buy A HOOSIER

Get the Valuable Ideas of the Hoosier Council of Kitchen Scientists

How is it possible, you may wonder, for Hoosier to offer you all these super-features at so low a price. The answer is simple. It is because their enormous production enables them to cut factory costs in many ways.

There are more Hoosiers sold than any other five makes of kitchen cabinets combined. Already over a million women have bought the Hoosier in preference to all others.

HOOSIER Kitchen Cabinet

The Hoosier is the greatest kitchen helper on earth.

The Porcelain top is as easily cleaned as a china plate. A top that will not rust, and is strictly hygienic.

It embodies the most valuable work-savers and short-cuts that are known. They are the result of years of study and thousands of experiments by the Hoosier Company, now aided by talented women who form the Hoosier Council of Kitchen Experts.

And don't forget that you get the ideas of Hoosier experts in no other cabinet. Their services for kitchen cabinet purposes are controlled by the makers of the Hoosier.

Come in and select your cabinet today. Let us show you Hoosier's vital part, its 40 exclusive features, its places for 400 articles all within arm's reach. Your cabinet is here. The prices range from \$26.75 to \$45.00—easy payments if you so desire.

JOHN Q. SAWYER IS TRANSFERRED
Camp Travis, Texas, Dec. 1.—John Q. Sawyer, one of the best men of Field Hospital No. 357, has recently been transferred to the Quartermasters' Department as a Mechanic.

Parent-Teacher Association Meets
Following is the program for the Parent-Teacher Association which meets Friday, Dec. 7:
Song—By First Grade.

Violin Solo—Miss Edna Elliott.
Discussion—Led by Supt. Fertsch; followed by Mrs. Stubbs.
Reading—Miss Nellie Farmer.
Solo—Miss Mamie Landrum.
A special effort is being made to have this our last meeting before the Christmas holidays, the best of the year in both attendance and interest. All members of the association are urged to be present. All friends of the school cordially invited to attend.
Mrs. W. E. Hicks, Pres.
Goma Gandy, Sec'y-Treas.

RED CROSS NOTES

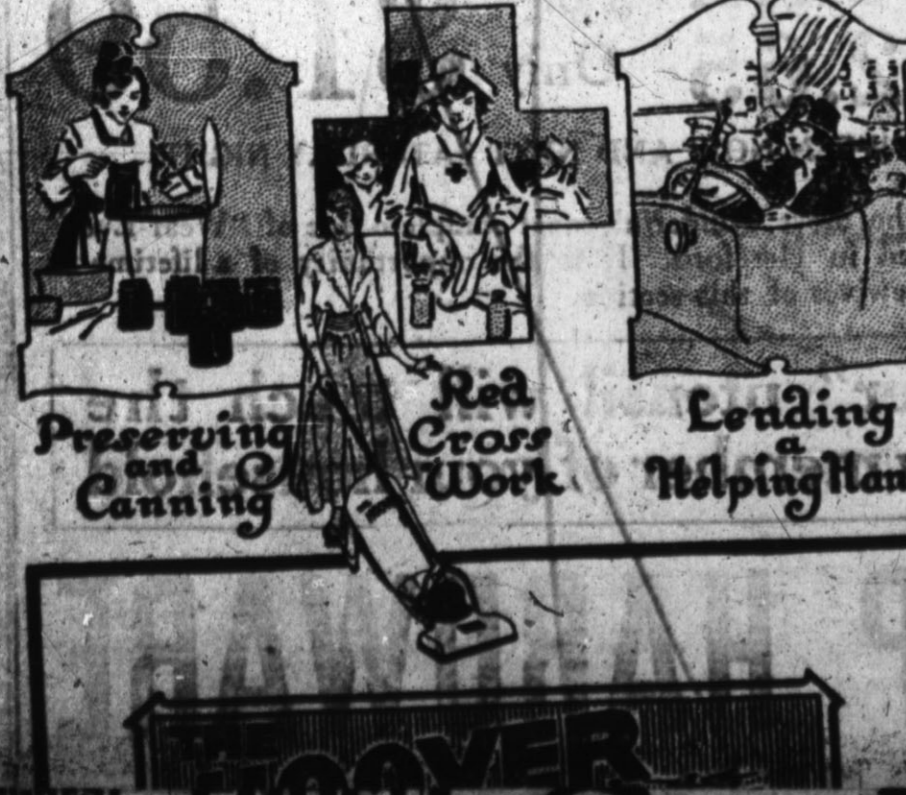

At least twice a week a carload of bandages, hospital linens, and patients' clothing, leave St. Louis for an eastern port.
We are asking that hospital garments and knitting continue as formerly, but that extra time be found to devote to surgical dressings. The need for surgical dressings become greater every day. The same is true in regard to all articles made by the Red Cross chapter.
It is imperative that all sweaters, socks and other articles be turned in to the Supply Department at the very earliest possible date. With the cold weather coming on the demand for sweaters is beyond the capacity of all resources to supply. The request of our organization in France for knitted goods have to remain unsatisfied on account of our inability to secure enough for men in our Army and Navy. Thousands of knitted articles have already been distributed in Texas.
There has been three boxes sent from the Surgical Dressing room. In the box of muslins there were:
300 One-tailed bandages
300 T-bandages
200 Many-tailed bandages
400 Abdominal bandages
Box of gauze and cotton
48 Irrigation pads 12x18 inches
28 Irrigation pads 16x24 inches
12 Split Irrigation pads, 21x26 in.
Box of oakum pads or (absorbent pads)
82 Absorbent pads 8x12 inches
42 Absorbent pads 12x24 inches
Total of all dressings 1498.

Surgical Dressing Class Work—Saturday all day for school girls 16 years and over, from 9:30 to 12 M., 1:30 to 6 P. M.
Surgical Dressing Class Work for women each afternoon (except Saturday) 1:30 to 6:00.
All Sewing Classes meet as usual.

The U. D. C. Chapter met at their rooms in the Court House, Friday afternoon. Much business was transacted. New officers were installed and many plans made for the next year's work. The Year Book Committee asked for more time, which was granted.
Hereafter the second Friday in each month will be devoted to sewing at the Red Cross rooms. Every member is earnestly urged to report promptly at 2 p. m., Dec. 14th, so that the work we have pledged ourselves to, will be finished promptly, which, it is certain to be, if each member only does her little part.
Every fourth Friday will be the business and social meetings combined. The next will be at the home of E. T. Woodburn, Dec. 28, 1917, with the following ladies acting as hostesses: Mesdames J. L. Wilson, C. L. Sullivan and the Misses Woodburn. A delightful program is being prepared. All are asked to be present, otherwise

NO NEED TO SEND YOUR RUGS TO THE CARPET-CLEANERS

House cleaning days, in anticipation of the Christmas visitors, are on us. World of work to do. Very little time in which to do it. Use the HOOVER and economize in TIME and LABOR!

Birds that have long toe nails that show no signs of being workers are unprofitable.

Ground oyster shells (fine) in mesh induces better laying and firmer shell. A positive cure for frosted combs: Lard, 2 oz. Quinine, 1 oz., Kerosene, 3 oz. Thoroughly mix and use daily.

Hens will be regular in going to the nest and "doing their bit" if we adopt regular and stated hours for feeding.

A few timely suggestions of interest to poultry breeders, intended for the farmer and the back-lotter:

Market the hens which are bagging behind and which have a heavy, fat, thick abdomen which hangs below the point of the breast-bone.

Keep the hustlers and heavy eaters that go to bed late and with full crops.

The new real estate firm of Crum & Winn, has opened an office in the building on Main street formerly occupied by the barber shop and ice cream parlor.

D. H. Mend went to Kansas City last week with a few carloads of cattle.

J. E. Shaffer of Donds, Iowa, with his wife, sister and daughter, were in Friona one day last week. They were enroute to Los Angeles, California to visit his son and stopped off here to look after the leasing and paying the taxes on a quarter section of land lying a mile north of town which he owns.

H. D. Seamount of Maquoketa, Iowa, arrived here Monday morning to visit his son Clyde and to look after business matters. Mr. Seamount formerly lived here but returned to Iowa last spring on account of Mrs. Seamount's health, but Doc just simply had to have the breath of the prairie air in his nostrils again. His many friends are all glad to see him.

French Thorman who recently moved his family to the newly acquired tract of land south of town, has bargained for the house now occupied by Mr. Gallatin, and expects soon to become a resident of Friona.

T. D. Ballard and Smith Gallatin are now employed building a house for Mr. Galloway on his newly acquired ranch near Fludlay. Besides a large drove of cattle, Mr. Galloway has about 3000 head of sheep on his ranch.

Dr. C. G. Murphy of Oklahoma City occupied the pulpit at the Congregational church Sunday morning and Rev. Henry W. Tuttle D. D., president of the college at Kingfisher, Okla., occupied the same pulpit at the evening service. Both services were well attended and enjoyed by those who heard them.

The turkey dinner given by the ladies of the Baptist church at the church on Thanksgiving Day, was well attended and the ladies realized quite a nice sum for their service.

It is reported that Mr. Staley who recently purchased the Jesse Lettich tract adjoining the west side of town, has also bought the residence property of Rev. C. M. Stephens and will move into it as soon as he is required to give possession of the place where he now lives.

A. J. James departed for Kansas City last Friday with a shipment of cattle and a car load of hogs. There has been no hog buyer in Friona since the removal of E. F. Clinton and it is hoped Mr. James will continue to buy the porkers of the farmers of the surrounding country.

L. V. Ballard has finished hauling his feed crop to his future home on the Maurer farm seven miles north of town and is spending this week in freighting a car load of cake out to Robert Mounts' ranch.

Quite a lot of grain is coming in from New Mexico now but not nearly so much as has been received during the past two years. It is reported that more of it is going to Clovis, N. M., than formerly.

R. H. Kinsley's well drillers are putting down a well about nine miles south east of town. After its completion they will move to the Galloway ranch fifteen miles north west of Felton.

The Red Cross auxiliary which was organized here two weeks ago, held its first meeting for work last Friday at the school house. There were eleven ladies present and quite a lot of work was turned out.

Hereford is to have a chautauqua again next summer. That was definitely decided when a committee of local citizens met with Miss Virginia Koogle, representing the Redpath-Horner Chautauqua, Tuesday afternoon, and closed the contract. The chautauqua will be held next June and will continue five days.

Before leaving Wednesday morning Miss Koogle outlined the main features of the course. The program will be intensely patriotic in every respect. Some of the main attractions will be Maupin's Military Band, Lecturers and musicians from the trenches, the laughable dramatic production, "It Pays to Advertise" and Granville Jones.

The committee feels that it has gotten the best chautauqua in the country in getting Redpath-Horner, and anticipates the best chautauqua course next summer ever held here.

Some of the local citizens who participated in the conference with Miss Koogle, at the E. B. Black store Tuesday afternoon were: H. C. Myrick, Jno. L. Wilson, Elmer Dameron, Chris Garrison, and E. B. Black. Wednesday morning the committee was on the streets, securing signatures to the guarantee.

For every 100 lbs. of dry or softened mash, add one pound of salt. It renders the food more palatable, and is also a preventive against worms. Thoroughly mix salt with mash.

Be on the lookout for humpfoot in your flock, caused from roosts being too high. With a sharp knife remove the lump and apply tincture of iodine.

A substitute for green food—Table salt, 1 oz.; Epsom salts, 3 oz.; Copperas, dried, 12oz.; calcium hypophosphite 112 lbs. Keep dry and mix thoroughly. Use 3 teaspoonfuls to each 2 gallons drinking water. Mix with stick or wooden spoon. For best results, keep this mixture in the drinking water at all times, if supplied with green food. Ingredients must be kept in a glass jar, which has a screw top.

The Summerfield Auxiliary of the Red Cross will give a box supper at the school house Saturday night, Dec. 8. A speaker will be out from Hereford and there will be a number of patriotic songs. The proceeds will go to the Red Cross funds. Ladies and girls are requested to bring boxes, gentlemen kindly bring your change. The hour is 7:30 p. m. A cordial invitation is extended to all.

Mrs. W. E. Murdoch, Chairman.

Lax-Fos, A Mild, Effective Laxative Tonic. Does Not Grip or Disturb the Stomach. In addition to other properties, Lax-Fos contains Cascara in acceptable form, a stimulating Laxative and Tonic. Lax-Fos acts effectively and does not grip nor disturb stomach. At the same time, it aids digestion, arouses the liver and secretions and restores the healthy functions. 50c.

"27 Years of Knowing How"

Hereford Texas

MRS. ROLOSON IS BACK FROM DALLAS

Mrs. F. T. Roloson, who with Mrs. A. L. Gibson, represented the Dent Smith Chapter, Red Cross, at a two-day conference at Dallas, Nov. 23 and 24, of the Red Cross officials and Chapter representatives, states that the meeting proved very helpful and inspiring to all who were privileged to attend. The purpose of this conference was to explain plans for the Christmas campaign Dec. 17 to 24, to enroll 15,000,000 members in the Red Cross, and to disseminate information concerning what the Red Cross is doing and how the work is conducted, also what duties the organization will be called upon to perform throughout the war.

Great stress was laid upon the seriousness and the greatness of this world-wide struggle and petitions were that it will last several years at least. The terrible suffering in the warring nations and among the soldiers which the Red Cross can do much to alleviate was vividly pictured by Henry J. Allen, editor of the Wichita Beacon who recently returned from the War zone.

The work of the American Red Cross will be worth as much to the nations opposing Germany this winter as 1,500,000 fresh soldiers, declared Henry P. Davison, chairman of the War Council.

Mr. Geo. W. Simmons, Division Manager of the Southwest Division, to which we belong, said: "The great question of today is what can I do for my country; the answer is Red Cross work. There are men and women in the Red Cross whose services could not be bought with money. It is a big institution, not just for you and me but for every body. Its work, however, is carried on by individual effort each working in his or her place, doing what we are capable of doing."

Mrs. E. F. Brown, chairman of Women's Work in the Southwest division urged everyone who can possibly do so to learn how to do Red Cross work and then do it. It is criminal for a person to know how to make surgical dressings and then not make them, because one might save the life of a wounded soldier. This war is our war and it is up to the American women to make good, and we are going to do it.

346 delegates registered from the Northern and Western part of the State.

What is LAX-FOS
LAX-FOS IS AN IMPROVED CASCARA
A Digestive Liquid Laxative, Cathartic and Liver Tonic. Contains Cascara Bark, Blue Flag Root, Rhubarb Root, Black Root, May Apple Root, Senna Leaves and Pepsin. Combines strength with palatable aromatic taste. Does not grip. 50c.

The Quinine That Does Not Affect The Head because of its tonic and laxative effect, LAXATIVE PROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE, 25c.

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes:

"From the time I entered into womanhood... I looked with dread from one month to the next: I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse... Nothing seemed to help me until, one day, I decided to

TAKE CARDUI

The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have never felt better."

It has now been two years since I took Cardui, and I am still in good health... I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

All Druggists

Catarrh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly upon the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials free. F. J. CHENEY & CO., Props., Toledo, O. 808 W. Broadway, near 5th St. Take Hall's Family Pills for constipation.

WHENEVER YOU NEED A GENERAL TONIC

Take Grove's "The Old Standard" Groves' Watelins chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50c.

OUR LOANS TO OTHER NATIONS

The wisdom of this gathering these nations and making them as powerful and as effective as possible.

The fact that if we did not advance the money must of the work while the wheels are rolling would have to be done with American money.

WAR-SAVING CONVENTIONS

One of the plans adopted in the war savings campaign, which started on December 2nd, is for a series of State conventions.

These conventions are expected to arouse a great deal of interest and enthusiasm and give a great impetus to the campaign.

U. S. DEPOSITARY

A feeling of relief throughout the country.

The Secretary said in part: "Vague and unfounded apprehensions seem to exist in the public mind as to the extent of the financial requirements of the United States during the current fiscal year."

The Secretary explained that his optimistic statement was based upon actual figures in hand.

LAMB CLUBS

Much interest has been taken in sheep during the past year in Texas on account of the high prices of wool and mutton which have enabled the farmer to make a fine profit on his investment.

(c) Fleeces (where possible the previous years fleeces should be shown) 30

Total number of points 100

FORMER STUDENTS IN MILITARY SERVICE

An effort is to be made to compile and put in record form a complete list of all former students of the University of Texas who have served in the military service of the United States or any of the allied countries.

After the war there is no doubt that there will be many changes in readjustments in a great many fields of activity.

Mr. W. Williams, supervisor of gifts in the library of the University of Texas, expressed the belief that a committee should be called in the near future to plan these changes.

For the last decade education has been growing more and more practical.

Indications point to introduction of courses in both a school and college curriculum of ever more practical nature.

Patriotic Sale Means Big Money Saved For You! E. B. Black Co. The Big Store With the Little Price

WEAR-EVER Aluminum ware for Christmas presents! Set of assorted pieces worth \$2.50 for only \$1.50. Good for years to come.
