

## Wheat Crop Depends On Moisture Within Next Thirty Days

Wednesday weather predictions made the not so bad prospects for a good 1950 wheat crop look even better, with possible showers and snow apparently in the offing.

About two-thirds of the 337,000 acres of Deaf Smith County in wheat are in need of moisture within the next thirty days according to the somewhat general opinion Deaf Smith wheat farmers agreed on this week. Either they get moisture on the dry land wheat within that period or else. If they get it, possibilities of rivaling the fine 1949 crop are excellent.

Greenbugs may have taken away part of the bright side in the picture for the irrigated third of the county. How bad this could get is a ticklish question, with everyone hoping for cold weather to hold the blight off and it looks like they'll get it. January 1950 wheat prospects are certainly darker than those of a year ago when rains and snow had brightened the outlook for the record crop harvested in 1949. However, as far as the wheat right now is concerned, it is in just about the same condition it was a year ago and will probably stay that way for a few more weeks. All it needs is some moisture soon.

Wilburn Axe is one of those reporting Greenbugs. He watered the wheat on his place southeast of town and was getting ready to do it again when he discovered the insects.

### Late Wheat Is Best

W. M. Stewart, 4 miles west of Ford, says his wheat is doing alright and if he gets moisture in the next month he doesn't expect to be hurt. He said late wheat is in better shape than early. He planted in August but made a pretty good profit from steers he grazed on it.

N. E. Gass is an exponent of watering on his three-quarters of a section south of town. He says they are about over the whole piece with the first watering and when they finish they'll start all over again. He expects that to hold it till spring. They had some trouble keeping their ditches in shape while the weather was cold enough to freeze at night. It cracked the sides. Mr. Gass also gave the dry land wheat another 30 days in which to get rain. He said his wheat has grown some recently. Mr. Stewart said some summer fallow he'd seen had grown a little too.

Cold weather will alleviate the Greenbug situation according to County Agent Hugh Clearman. He said if it would turn good and cold now and stay that way until spring came on suddenly with warm weather, the insects probably wouldn't do much harm. He also said it is fortunate that Greenbugs haven't been reported in dry land areas as well as the irrigated section.

### Danger of Blowing

Chances are slim for any wheat other than summer fallow growing, according to Clearman who added the wheat might carry on for another month without rain, but the sooner the better.

Another dangerous aspect of the no-moisture weather lurking (Continued on Page 8)

**SHE ENJOYED PAYING**—Mrs. Fannie Elliston seems to have enjoyed paying her fine Saturday afternoon when Tony Benson and Lynn Bybee caught her on Main Street while the Boy Scouts were helping the March of Dimes campaign along. Bud Godfrey and Senior Patrol leader Tommy Woodford are standing behind the counter collecting money while Lion, Judge Leonard Foster seems to be enjoying the proceedings.

### CAPACITY CROWD ATTENDS OPENING

## Formal Dedication Ceremonies Will Be February 12

Dreams do come true. One of the happiest occasions in the long and eventful history of the Methodist Church of Hereford occurred Sunday morning January 15, 1950, and fifty years of dreams had a new home.

It was the congregation's first meeting in the new sanctuary recently completed after half a century of Methodism in Hereford marked by work, prayers and dreams for a greater service to the community.

It was no mere coincidence that the beautiful chapel could be dedicated without encumbrances. It was built with love offerings in tribute to the faith of the founding fathers, memorials to those held close in the hearts of members, and sacrifice on the part of many as expressions of loyalty and devotion.

All this and more filled the atmosphere with sacred pride and humble thankfulness as the audience thronged into the

pews Sunday morning with the muted tones of the organ sounding the call to worship.

The music and the anthems sung by the choir had special significance for the day in praise and thanksgiving and as was befitting to the occasion, two former pastors assisted the pastor in the order of worship. They were Rev. L. N. Lipscomb of Lubbock who also served the church as presiding elder, and Rev. M. M. Beavers, who served as pastor in two consignments, and who was the pastor in charge when the church was built in 1920.

### Was Pastor's Pastor

In his sermon, Rev. Don Davidson, pastor, recalled that years ago when he first joined the church, Rev. Lipscomb was his pastor and that to him Rev. Lipscomb's presence was an added blessing to the morning's experience which, he said, "seems to highlight my life."

## Hawaiian Couple Are Literally Marooned In Hereford 3 Days

When a Hawaiian in a car with California license plates hits a calf in Texas belonging to a Kansan who was shipping it from Oklahoma to New Mexico, things are apt to be confused.

That's the situation Mr. and Mrs. Allen Pearson found themselves in Monday morning before daylight after a Black Angus calf jumped out in front of their car as they were nearing Hereford from the east.

The upshot was \$300 worth of damages to the car, a calf with a broken leg, and a couple marooned in Hereford until their car could be repaired.

The calf was one of those that escaped from the semi-trailer that turned over east of town on Highway 60 Friday.

Even under those somewhat difficult circumstances the Pearsons said they liked Hereford and thought it a very nice town, although they spent most of Tuesday afternoon in the county library to escape the sand and wind. They are returning to California and Honolulu where Pearson is a meteorologist for Pan American Airline. They've been three years in the islands and are returning for another three after a lengthy vacation in the states. Mr. Pearson's home is in Minnesota and her's in Los Angeles.

## Polio Campaign Still \$3,500 Short Of \$5,000 Goal With A Week To Go

March of Dimes Chairman Raylan Evans said Hereford is going to have to hustle to make the \$5,000 goal set up this year by January 31.

"We know it is possible and I feel sure that we will make the goal in the prescribed time," Evans said Wednesday. Evans added that thanks were due Francis Hardwick for the show Tuesday night. The show was excellent, and people who came out were given good entertainment, he added.

Bruce Rose, treasurer, announced Wednesday that \$1,603 had been collected so far in the Annual March of Dimes drive for funds.

Entrants in the Canasta Tournament stepped up Wednesday after a slow start Monday. Entrance fee is 50 cents per person or one dollar a team. All entrance fees will go into the March of Dimes box in The Brand office. Entrants are now being received from rural routes and other towns such as Friona

## Blue Cross May Quit Hereford Service If Agreement Is Not Made

Deaf Smith County Memorial hospital Manager Elmer Mathis said Wednesday there is a chance Blue Cross and Blue Shield hospitalization and surgical insurance will be pulled entirely out of Hereford.

The decision of County Commissioners not to pay 20 per cent of the Community Group policy holder's claims because they didn't feel they could afford it, met with disagreement from the hospital board.

Elmer Mathis called Blue Cross representatives in Dallas Tuesday night saying the hospital board agreed with the Blue Cross plan but that the County Commissioners did not, he said Wednesday. He said he then received a telegram Wednesday afternoon stating the decision of

the hospital board was not valid unless it met with the approval of the county commissioners.

Mathis said one of two moves would be taken by Blue Cross. Either they would chop off the money-losing Community Group of policy holders or they would chop all Hereford Blue Cross policy holders. Mathis said he feared the latter decision would result if the commissioners cannot come to some agreement.

He said the commissioners had requested another meeting if the Blue Cross took this expected stand. He was busy Wednesday morning running up County Commissioners for another session.

The telegram Mathis received Wednesday saying it was hoped the commissioners could be persuaded to reconsider was signed

by Blue Cross representative Harkey B. West, Dallas.

County Commissioners' meeting Monday in the courthouse and rejected a proposal by Blue Cross and Blue Shield insurance companies to have the county shoulder some of the payment responsibilities of claims of the Hereford Community Group of policy holders.

County Judge Leonard Foster said the county voted no because the obligation, if accepted by the county would place quite a financial burden on the county.

The Community Group of policy holders is made up of 1,328 members of Blue Cross who have no business house affiliations. They were solicited out of the non-workers by the Blue Cross company Judge Foster said.

During 1949 the Blue Cross company took in \$31,894.95 in premiums from the Community Group. They paid out, in claims, \$44,108.43 which represented a \$12,213.48 loss to the company.

Foster said the company stated they could cut the Community Group off their accounts if it was costing the company money. If this came about, Foster said, that any Blue Cross member not belonging to a business firm group could be cut off.

Blue Cross put a plan to the County Commissioners whereby the county would pay all claims over 80 per cent of the total.

"In other words," Foster said, "the company would pay 80 per cent of their claims and the county would pay the rest." He said the commissioners didn't feel it was right to, in effect, "underwrite an insurance company."

## Credit Union Members To Receive Four Per Cent Dividend On Shares

Hereford Texas Federal Credit Union members approved a motion by directors to pay a four per cent dividend on member shares in the Union at their annual meeting Monday in the County Courthouse.

Treasurer Dyalithia Brady presented a statement of the Union revealing the capital stock of \$64,098.32 worth of shares. Total assets are now \$71,658.24. Mrs. Brady said. She added that membership now totaled 345.

Since the July 1936 organization of the Union \$272,298.69 has been put out in 1,152 loans Mrs. Brady said. The average loan was \$236.37.

The loans were for various reasons and were made to members only. Members borrowed money to pay accumulated debts, medical and hospital expenses, lots for homes and to buy automobiles. Loans were made, also, to pay for vacations and to pay for college educations, according to the treasurer.

Board of directors Robert Thompson, J. Wallis Robinson, A. J. Schroeter, O. L. Bybee and Dyalithia Brady were re-elected to their posts. Officers of the Union are Robert Thompson, president; J. Wallis Robinson, vice-president and Dyalithia Brady, treasurer.

Union members are urged to bring their pass books to the treasurer to have the dividend posted in them.

## Set Salaries For County Officers

The County Commissioners court tabbed the salaries of the county officials for the current year in their Monday meeting at the courthouse.

All salaries of county officials were leveled the same as the past year. The County Judge, Sheriff and County Clerk kept their \$4,500 per year salaries and the County Attorney retained his \$3,600 annual pay Judge Leonard Foster said.

Two office deputies in the Sheriff's office received \$12.50 per month raises. They are both secretaries working in the Tax Collector's office and the raise upped their pay to \$150 and \$165.

Half of Deaf Smith County Hospital board was appointed for the next term. Board members whose term expired December 31, 1949 were James W. Witherspoon, Sylvester Slagle and J. J. Clark.

To take their place until December 31, 1952 the Commissioners appointed Millard Nobles, Howard Gaul, and Miles Robinson.

Members of the board whose term will expire December 31 of this year are Dr. R. R. Willis, Colby Conkright and T. E. Seliger.

Do you play Canasta? Do you plan on entering the Canasta Tournament being sponsored by merchants now?

C. J. Lane: Yes. I have been playing canasta three or four months. I think bridge requires more thought and skill but canasta is more fun to play. I play three or four times a week. I paid my entrance fee to the Brand Monday and I am going to try to sharpen up my game by the time the tournament starts.

Mrs. Earl Woods: I don't know how to play now but I am anxious to learn. I doubt if I will learn in time to enter the tournament, though.

Mrs. Otto Lynch: No. I have seen something about it in the paper but I don't know anything about the game. I don't have time to learn to play it.

Mrs. E. N. Yarbro: No, but I am reading the rules that are being printed in The Brand now and I am going to play a game one morning this week. I don't intend to enter the Canasta Tournament because I don't think I will be that good at it. I have been wanting to learn the game ever since it came out. I think I will enjoy playing it.

Mrs. J. P. Jones: No, but I am planning to learn the game just as soon as we have the time. I haven't read any rules and I don't know the first thing about it but people say it is easy and I think I will like it.

Mrs. Carroll Whiteside: Yes, we've been playing canasta for about a month now. I would enter the tournament if I could talk my husband into it. He doesn't think he is good enough. He plays golf. I doubt if I can talk him into it.

Mrs. Jack Wright: No. I don't go in much for games. I used to play bridge some time ago but I haven't played any lately. I don't plan to learn canasta in the near future. I don't think

## Canasta Tourney Entry Deadline Is At Two Friday

Canasta players were mostly talking about entering the March of Dimes tournament that will decide the Deaf Smith county champion team, up to pressing Wednesday. But eight teams passed the talking stage and put their 50 cents apiece and entry blanks in the box at the Brand office.

All entries must be in by 2 o'clock Friday, Jan. 27. Bring a dollar for the team and if you don't have an entry blank write the two names on a piece of paper, that will suffice.

About \$280 worth of prizes have been offered by Hereford Merchants for winners. The championship team will receive a \$25 Savings Bond apiece and other prizes. The teams composed of two women, two men, mixed couple and high school students going the furthest will also be in the Sunday paper.

## Traweck Returns From Trip To Washington

Curtis Traweck returned to Hereford Saturday after almost a week in Washington protesting the Deaf Smith county cotton allotments for next year.

He said he would rather withhold any information he had until he could finish meeting with representatives of Castro and Deaf Smith probably Friday.

He did say that he thought the situation had been helped. He talked informally with several, "all that would listen," people in Washington. He felt that informal talks and conferences would accomplish more than the formal presentation of the issue before committees.

Traweck talked with Lyndon Johnson among other officials. "I do feel that we will get a cut in acreage of cotton planted this year but I also believe we will get a fair, equitable cut," Traweck said.

## THE WEATHER

Sunday—High 52, low 32.  
Monday—High 75, low 37.  
Tuesday—High 75, low 37.  
Wednesday—High 76, low 32.  
Total moisture for January and 1950—42.

Latest additions to the merchants backing the March of Dimes Canasta Tournament are Little Fashion Shop is giving \$5 in trade to each of the women on the winning Women's team and Hereford Bakery will give one loaf of bread every day for one month to the winning man-wife team.

It has been said that in the future anybody bragging about their ability as a Canasta player who does not enter the tournament shall be considered much the same as a dog with all bark and no bite.

Mrs. Lynn Kester is now living in the back of Burns Jewelry store building with her three children across the street from the Post Office and is cleaning up in preparation for the sometime late in March opening of Kester's Jewelry store at that location. Lynn Kester is still in Amarillo but will move his store to Hereford, March 1, Mrs. Kester said Wednesday.

The Veterans Administration is warning that GI dividend checks are exempt from seizure for payment of debts and "may not be withheld from veterans as security for indebtedness due an individual or firm."

S. L. Harmon, Jr. got his check last week for \$287. Last three numbers of his serial number is 017. Edward Young got one the same day for \$159.50. The last three numbers of his number are 015.

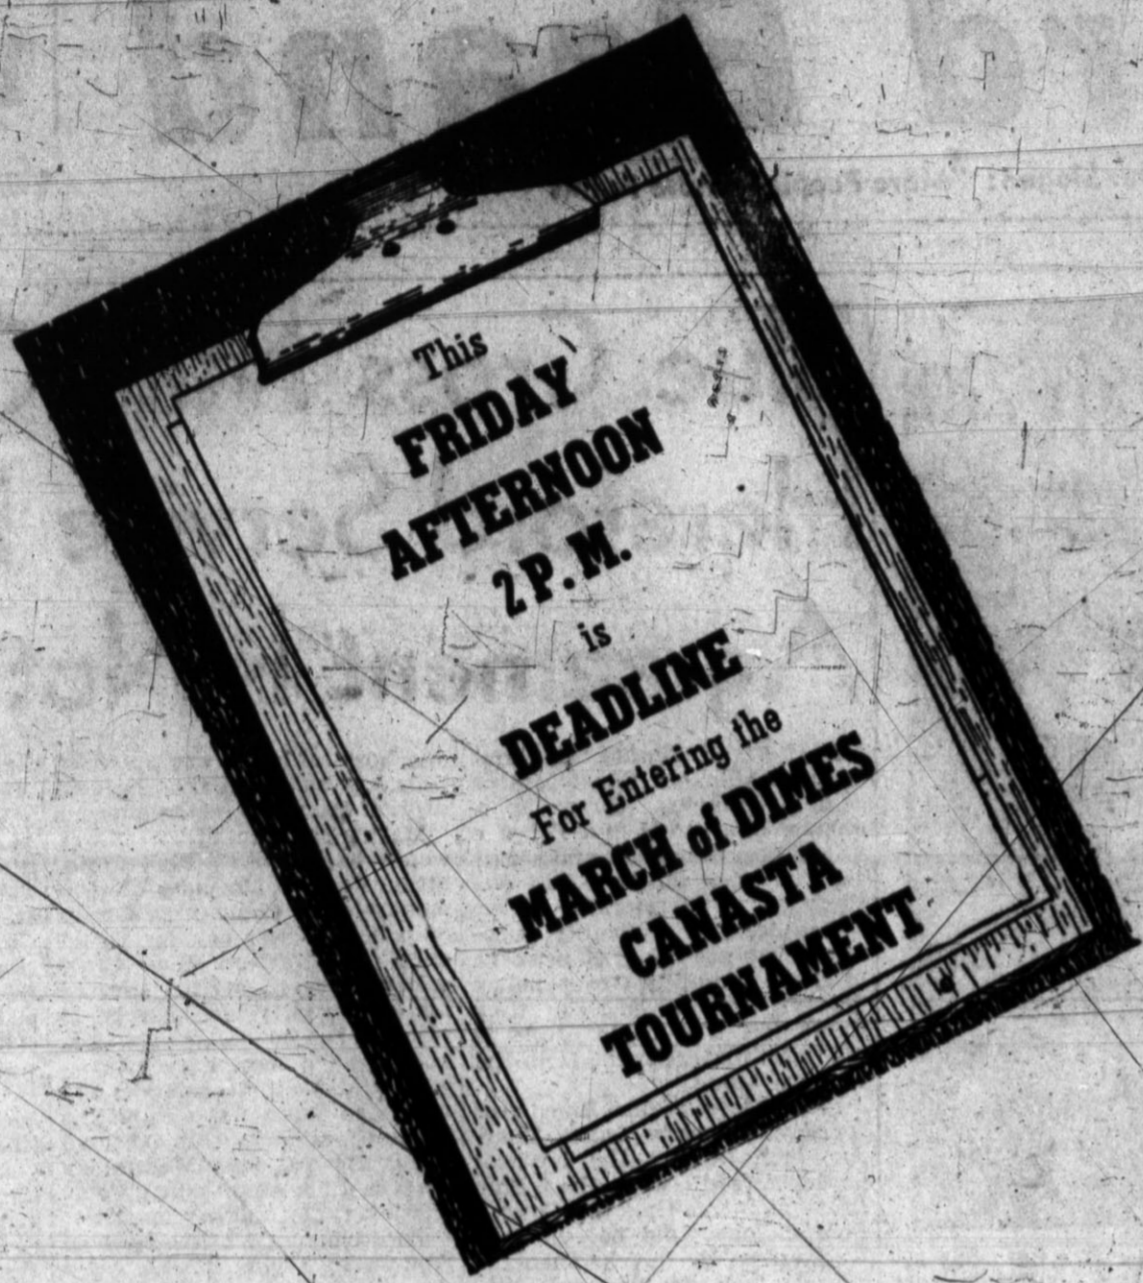

Mr. and Mrs. Ray Downey returned from the Frigidaire Convention in Ft. Worth Tuesday.

Johnny Pool returned from a trip to Wichita to buy fishing tackle Monday.

Tom Barrett, Hereford, paid fines and costs totalling \$29.30 in County Court Saturday. He also made good a seven dollar check passed by him to Pitman's Service March 15, 1949, according to Sheriff J. C. Reese. He paid his fine Saturday and was charged with swindling with a worthless check. Sheriff Reese said.

There will be a meeting of cotton growers both now and in the past in the Castro County Courthouse in Dimmitt Friday afternoon, January 27 at 2 p. m. ALL COTTON POTENTIAL FARMERS, PAST AND PRESENT, ARE URGED TO BE THERE.

**A FIRST IN HEREFORD THEATRE HISTORY**—"Sundowners", the Eagle-Lion films production filmed in Palo Duro Canyon last summer, presents several firsts to Hereford. The picture will be shown here at regular prices. It will have been shown in Amarillo, Houston and San Antonio at advanced prices two days prior to the local showing, but not at regular prices anywhere. It will feature a Hereford horse, Mrs. Woodrow Ireland's Prince, which Chill Wills will be riding. It will be the John Barrymore, Jr. debut. Chill Wills gets stellar rating for the first time and it is a story of this immediate area filmed with its natural background. Robert Sterling and Cathy Downs are pictured here in a scene from the thrilling story of a classic Texas ranch war. It will be here starting Wednesday.

## Cub Scout Leaders Make Plans For Scout Anniversary Week Feb. 6-12

Cub Scout leaders met in the home of Mrs. Homer Brumley Monday and made plans for the observance of the Boy Scout's Fortieth Birthday Anniversary Week February 6 through the 12. The boys will wear uniforms during that week and display of handicraft will be placed in Hereford business houses. Den mothers will meet at Streu's Hardware February 4 at 7 o'clock to arrange the displays.  
 February 10, the annual "Potluck Supper" will be held in the First Christian Church at 7:30 in the evening. Committees for the "Potluck Supper" include Mrs. W. D. Jones and Lloyd Sharp on the decoration group. Also included is one mother from each Den. Other committees include Walter Seed, Coy Patton, Mrs. Walter Seed and Mrs. Worth Covington.  
 Mrs. Seed and Mrs. Covington

The next regular meeting for the Cubs is set for February 27 in the home of Mrs. Ed Cook.

## Hospital Notes

Neurocalometer examination of the spinal nerves given by Dr. Stapp locates defective nerves emitting from the spine on their way to the organs and glands of the body. Here we determine which nerves are defective, when they return to normal and other data.

Case histories published here are taken from the files of Dr. Le Mond Stapp in Austin. They are designed here to show the extent and scope of Chiropractic.

**AGREED**  
 "After practicing medicine for 15 years, and spinal orthopedics for 10 years I am daily astonished at the remedial power of Chiropractic spinal adjustments as a cure of disease."  
 LaForest Potter, M. D.  
 Orthopedist, New York

**AGREED**  
 "The sooner the medical profession recognizes the work of the chiropractor, the better. He is doing a work that medicine cannot do; he belongs exclusively to the class of specialist."  
 —Dr. M. E. Kind in the Therapeutic Review.

**ARTHRITIS**  
 CASE NO. 1616: A matron, age 32, came to the Clinic complaining that she had been suffering for five years with terrible pains along the spine between her shoulders which had previously been diagnosed and treated as arthritis. She also complained of period headaches, cramping, low backache, and low abdominal pains. The Neurocalometer spinal analysis indicated nerve interference and X-rays revealed spinal vertebral misalignment causing the interference. She was discharged when alignment was restored at which time she had no pains and said she felt completely well.

## LOW BLOOD PRESSURE

CASE NO. 2013: A young mother, age 32, after being treated three times a week for a year without results, came to the Chiropractic clinic complaining of a pressure feeling inside her head. "Feels like the top will blow out," she said, "then it will itch and tingle, and then my entire back tingles painfully. Nose stops up all the time. Eyes burn and feel sore above them, and the back of my head and my neck feels sore. I feel tired all the time and have weak spells. Have frequent colds, dizzy spells, indigestion, gas bloating, constipation, and low blood pressure. Generally speaking," she said, "I've been sick most of my life." The Neurocalometer spinal examination and X-ray located a spinal subluxation. It was corrected by adjustments. When the patient was discharged she said she felt perfectly well, full of life and vigor, and not a single complaint remained.

## BILLIOUS ATTACKS

CASE NO. 2277: A young business woman came to the Clinic complaining of billious attacks with bad vomiting spells about twice a year. Also, for the past six months she had suffered with pain in her left temple for two or three days after periods, tight, nervousness, cramps, menopause symptoms. Neurocalometer analysis revealed misaligned vertebra in the neck, causing pressure and interference with vital nerve waves. Adjustments replaced vertebra and released the interference, permitting a return to normal health. When discharged, this lady said she felt better than she had in her entire life, was happy that an operation her previous doctors advised was no longer necessary.

## NERVOUSNESS

CASE NO. 1629 is a matron, age 24, who had an appendic operation and afterwards began to develop nervous spells, grew worse, became fearful, had desire to run and scream; imagined dreadful things; had crying spells; couldn't sleep or eat, had nauseating spells, headaches; pressure - feeling in back of head and neck, extending to top of head; was weak and trembling; was badly constipated; had rheumatic pains in her left hip and leg, and troubled at period time. She grew worse while under the usual professional care and finally came to the chiropractic Clinic. A spinal Neurocalometer analysis revealed nerve wave interference and X-rays located the spinal subluxation causing the interference. Adjustments restored alignment and this patient when last seen, reported all nervous symptoms had disappeared and that she felt fine.

## NEURITIS

CASE NO. 1216: A lady of 39 years complained of irregular periods, right side pains, bad cramps for two days a month, severe headaches before and after, dizzy spells, low back pains, bladder pains, neuritis in shoulders, and sinus inflammation. She came to the Chiropractic Clinic for her headaches because a patient had recommended it for that complaint. Neurocalometer spinal analysis and X-rays indicated defective energizations of the pelvic area and subluxations (misaligned) vertebra in the neck causing spinal cord interference. After a few months she was amazed to discover her female trouble and other complaints had vanished with the headaches. An operation had been recommended. It is not necessary now, for she feels perfect in all respects.

USO funds will also continue to support a regular schedule of Camp Shows for more than 100,000 patients in Veterans Administration, Army and Navy hospitals.

#### SCS DISTRICT NEWS

### Little Lost Working Time Causes Fund To Increase Nearly \$2,000

The Board of Supervisors of the Deaf Smith County Wind Erosion District met in regular session at the Court House on Monday, January 23. Those present at the meeting were W. M. Stewart, chairman; T. W. Robertson secretary; Phillip Miller and Zerrill Thomas. Also present were County Agent Hugh Clearman and H. M. Pevehouse, acting in the absence of District Conservationist, Bill J. Clutter. Routine business was transacted including inspection and approval of the 1949 financial report of the District. The report shows that the District is in very good condition. Due to the fact that little working time was lost during 1949, the District Fund increased by about \$2,000.00. The Board discussed the possibility of purchasing another string of heavy equipment to take care of the increased demand for dirt moving work. Since two of the members of the present board have been appointed to the Board of the newly voted Tierra Blanca Soil Conservation District, plans for formation and operation of the new District were discussed. The Board reports that, in general, conditions in the county are very good. The members expressed their appreciation to the owners and staff of the Hereford Brand for their cooperation in printing news and stories concerning Soil Conservation within the District. A cut to be used at the top of the regular column for CONSERVATION NEWS was selected and plans made for the early starting of such a column, which the Brand editors have agreed to set up. The Board approved a Conservation Agreement with Charles D. Goldsmith and applications for Conservation Assistance from Dr. J. M. Johnson of Amarillo, Baker Womble and N. D. Hendricksen, W. T. Carmichael, J. W. Brown, Harold Barclay, L. H. Lookingbill, Jr., C. C. Ellis and Harry Lookingbill. Ronald Matthews, superintendent of equipment for the District reports that he has recently completed leveling work for Joe Ballinger, ditch and diversion work for W. G. Russell and is now engaged in digging a waste water pit with an accompanying diversion terrace for A. J. Peters on the old Cech Gunter place. Soil Conservation Service technicians have recently located irrigation wells for L. H. Lookingbill, Jr., C. D. Goldsmith, and F. L. Alexander. Mapping has been done for Mary Pearl Beard-en and ditch lines run for W. Jenkins, Reinart Bros., W. B. Phillips and O. G. Hill. An elevated ditch was staked out for Sam Venturilla and a diversion terrace for A. J. Peters.

#### STRICTLY FRESH

WHEN the overall history of this century of progress is compiled, 1950 will probably be remembered as the year that saw the passing of the "Mule Train." In spite of the success of television, engineers insist that "smellovision" is still scientifically unproven. Nevertheless, the boys must admit we're very, very close. A man in New York was arrested for selling phonograph records claimed to induce listeners to fall asleep. And to think of all the after-dinner speakers there are running around loose! The Agriculture Department says there are entirely too many nuts being grown in the United States. They're telling us!

to fall asleep. And to think of all the after-dinner speakers there are running around loose! The Agriculture Department says there are entirely too many nuts being grown in the United States. They're telling us!

#### Daleiene Tinnen Is Honored On Birthday

Miss Daleiene Tinnen was honored on her twelfth birthday Saturday with a party in the home of her parents, Mr. and Mrs. Dale Tinnen in Hereford. The main table was laid with a lace table cloth and a white cake with 12 pink candles was placed in the center. Place cards were pink and blue baskets with valentine hearts in them. Individual favors were presented boys and girls and, after games and gifts, the group was taken to a show. The guests included Carla Sue Crosthwait, Dorothy Faye Daniels, Agatha Malone, Donald Wooddell, Patsy Wooddell, Eddie LaNelle Morrison, Frankie Dee Cuipepper, Dick Wilson, Norman Bookout, John David Bryant and Sharon Tinnen.

**WESTWAY NEWS**

## Willing Workers Meet Wednesday In Schroeder Home For Luncheon

There were 64 present at Mrs. Stella Thuet's of Adrian and Mr. C. Santovanis of Houston. Mr. and Mrs. Waldron Melton are new members of Mrs. Kaul's class and Adair Melton is a new member on the Cradle Roll. Ross Joe Landers gave his birthday offering.

Mr. and Mrs. Jack Dean were hosts at a covered dish supper Saturday night at their home. Guests were members of the Young Married Couples class.

After supper a lesson taken from the life of Job was presented by the teacher, Mrs. Merlin Kaul followed by informal discussion.

The next meeting will be held the third Saturday night in February at the Merlin Kaul home.

Those present at the Dean home included members Mr. and Mrs. Merlin Kaul, Mr. and Mrs. Billy Jackson, Mr. and Mrs. Glen Williams and Mr. and Mrs. Jack Dean. Visitors were Mr. and Mrs. V. E. Dodson and Mr. and Mrs. Clark and baby of Progressive.

Children present were Larry and Walter Kaul, Lynn Young, Marilyn and Carolyn Jackson, Beverly and Jerry Glen Williams and Gene David, Roy Lee and Jimmy Joe Dean.

Mr. and Mrs. C. O. Santovanis of Houston are spending a few weeks in the home of their

daughter, Mrs. Billy Jackson. Mr. and Mrs. Jimmy Thomas have named their baby daughter, Deborah Lou. Mrs. Thomas remains at the hospital.

Mr. and Mrs. W. B. Nunley announce the arrival of a son Ricky Lee on Thursday, January 19.

Mrs. T. B. Thomas, Sr., Mrs. Red Floyd, Mrs. Lulu Floyd and Jimmy Thomas of Post visited Sunday with Mrs. Jimmy Thomas at the hospital and were guests in the J. C. Morrison home. Mrs. Stella Thuet of Adrian was also a guest in the Morrison home Sunday.

Moving notes: Mr. and Mrs. Roy Lee Wilson to their new house 2 miles north of Westway, Mr. and Mrs. I. V. Finley to the place vacated by the Wilsons, the Herman Neffs and Mrs. Oswald and Lloyd to Hereford and Mr. and Mrs. Jess Clark of Chicago to the place vacated by the Neffs.

Little Barbara Neff had an appointment for the removal of her tonsils Monday and after her recovery the Neffs will go to an apartment in Rockport to live until school is out. They have purchased a boat and plan to do a lot of fishing.

Larry Riekman is home from the hospital and is reported doing fine after his recent accident.

Mr. and Mrs. Raymond Pierce, Randy and Becky of Hereford were callers in the Merlin Kaul and Ray Lee Wilson homes Sunday.

Members of the Willing Workers Missionary Society met for a covered dish luncheon last Wednesday at the home of Mrs. Carl Schroeder at Hereford.

Mrs. Joe Wagener was leader of the lesson on "Happiness."

The next meeting will be held at the home of Mrs. C. A. Saulcy on Wednesday, February 15. Those present for the meeting included Mesdames Carl Schroeder, Joe Landers, Joe Wagener, C. A. Saulcy, Robert Boyd, Mrs. Arlie McMillan was a visitor.

## RELIEF AT LAST For Your COUGH

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

### Hereford Bull

By JIMMIE GILLENTE

Looks like things are getting messed up for the county hospital. We understand that Blue Cross is threatening to suspend operations in this community, due to loss of more than \$12,000 in 1949. It seems that Blue Cross propositioned Deaf Smith County to accept a 20 per cent discount on all hospital bills pre-

sent to Blue Cross for payment, a figure which they believe would allow the cooperative plan to break even in this county.

The hospital board investigated the set-up and recommended that the county accept the proposition. The county commissioners thought it over and said

"No." All of which summarizes the situation in a nut shell.

All sides concerned have a good argument. The current hospital board has put the hospital on a self-sustaining basis for the first time in a long, long period. They attribute the financial success of the hospital, in a large measure, to Blue Cross insurance payments. They argue that it is a lot better to get 80 per cent payment than to get nothing, which would certainly be true in a lot of cases.

Blue Cross, on the other hand, cannot be expected to operate at a loss in Deaf Smith County.

The county commissioners do not feel that tax payers should pay 20 per cent on Blue Cross bills anymore than they should pay 20 per cent on anyone else's bill.

Everybody is right! The only solution I can see is that Blue Cross advance their dues 20 per cent in this county. At least, they could up them 20 per cent on the community group, which is losing the money. The business groups seem to be breaking even, which is the Blue Cross objective. Or, perhaps, the Blue Cross might pay 80 per cent of the hospital bill on community group members and let the individual member pay 20 per cent of his own bill. This could be stipulated with each policy sold. How's about it?

To say the least, it is a nasty mess. Blue Cross is serving a definite purpose and it is a shame to lose the only means a lot of people have of paying hospital bills. Besides, the hospital board members have a very good point. The hospital will probably start losing money again if something is not worked out.

George McConnell was in town this week. He once operated an electric and appliance shop here and later went to Washington, D. C., where he was an electrician in the White House for several years. George was mighty happy about how Hereford is growing. He now lives at Dell, Texas, and is growing cotton on a fairly large scale. He said the cotton quotas are going to hurt that country, too. However, he says that they are all planting a variety of long-staple Egyptian cotton. He says there is no quota on this cotton this year, that it ranges from one and a half staple and is in great demand. In fact, he says that it will bring a dollar a pound. He figures that it is possible to make more on this variety than on regular cotton and since he has been reading about all of the cotton troubles in Deaf Smith County through The Brand, he is glad to pass the tip along to growers in this area. However, he adds, if too many people plant the variety there might be a quota next year.

A lot of people are interested in the big Canasta tournament. Scores have been by to talk about it, but very few are sending in entries. There is sure an opportunity to pick off some easy prizes in a slim field. We had figured 200 entries, but I will now be happy if there are 25. It sure looks bad. Guess all these experts are afraid they will be shown up.

Boy, I am still looking forward to that New York trip. There sure will be a bunch of country boys turned loose on the Big Town. I don't know yet who is going and who is not, but we hope to have a list by press time. Phyllis Radovich went recently and has been telling me all about libraries and museums, even about Radio City and Lake Success. I have just about decided to concentrate on the "other side of town" and swap stories with her when we get back. Understand we have to go Western. This is a bunch of hokey in my books, but Pete says this is why we get our room and board free. He says the deal will even be on television. Anyway, if living costs in New York are anything like the Panhandle, we will probably be well paid.

Something that sounds good, though, is the information that nothing opens in New York before 9 or 10 o'clock. There just won't be any use to get up early.

A Hereford boy, Ernest Schelhaugen has been secured to pilot the Pioneer plane for the Hereford group. He is said to be the very top ranking pilot with the Pioneer lines, and he was released for this trip, at the request of Hereford friends and people who are making the trip. He flies out of Houston, which is Pioneer headquarters. This made a lot of "first-plane-trippers" happy. Everyone who knows him seems to think that Ernest is the best pilot in the country. Charlotte Close said she wouldn't ever take a plane trip because

she couldn't get a view of the scenery. I told her that you could always look at the hostess. She said there isn't any fool like an old fool, especially a bald-headed one, and I can't figure out what she meant.

Anyway, New York had better look out. Bruce Miller came by to give me some advise. I am also going to talk to Mrs. Irvin Alexander and get some more inside dope on the place. Just 10 more days now.

Noticed the other day where the real test of a good parent was how his grandchildren behave. They might have something, at that.

### Letters to the Editor

Editor The Brand  
Hereford, Texas.

On Monday Dr. Heard and myself drove up to Vega, over the well-paved Hiway 51 in 76 degree weather, for a visit with our old friend, Dr. O. H. Loyd, where Mrs. Loyd and myself sat in on a two hours visit between these two old timers, now, both past eighty, both in good health, strong and vigorous in mind and body. On the way up we were impressed with the many fine new farms on both sides of the Hiway, many under a high state of irrigation. In Vega we found a beautiful town with nice homes, well paved broad streets with fine schools, a big new concrete elevator, just completed, a new bank building, many good stores and an up and coming citizenship. A contract has been let and machinery being assembled for an extension of 51 north up to the Canadian river, and we are informed that a like program is in operation for an extension of 51 south from Channing to the river for a connection with the line from Vega; when this is finished, with a bridge across the river, Hiway 51

will then be paved from the Gulf clear up into Canada; the Government then planning to make 51 a Federal North and South Hiway, under the name of National Parks Hi-Way. Dr. Loyd and his good wife are housed in a nice modern home facing on a broad well paved street, with all modern conveniences, and both seem happy and contented. Contentment with them, is the secret of happiness, and they live in that atmosphere. Mrs. Loyd is of the Susan B. Anthony type, and it is really a pleasure to be in her company. The conversation between Heard and Loyd was not all of the ordinary type; they talked like men in their early forties, and it was really an inspiration to listen to them.

Very truly yours,  
L. Baskin.

### DAWN NEWS

By MARY A. NEWMAN  
Brand Correspondent  
Mrs. Gayle Neal was honored Thursday afternoon with a Pink and Blue Tea at the home of Mrs. David Rodgers. Mrs. A. T. Frye, Mrs. Palmer Norton, Mrs.

J. B. Caraway and Mrs. David Rodgers were hostesses. Mrs. Zed Stewart left Monday night for Nacogdoches to attend the funeral services for a nephew who passed away Monday in a Ft. Worth hospital.

The Dawn Study Club, Music

Club and Home Demonstration Clubs are sponsoring a carnival at the school house Friday night, January 27. All proceeds will go to the March of Dimes. There will be bingo games, fishing pond, "42" and canasta. Everyone is invited and urged to attend as this is for a good cause.

Baptist Church Receives Banner For Best Attendance Percentage

By BOBBIE WALSER - Brand Correspondent - The Ivey Miller RAs met Friday with their leaders, Mr. and Mrs. Wayne Lee. The boys played basketball and had a short program afterwards. Refreshments were served to Wayne and Donald Waiser, Don and Charles Russell, Bob, Roland and Larry Cannon, Billy Bever, Frank Woolbright, Gene Spacas, Jimmy and Billy Lookingbill and hostess, Mr. and Mrs. Wayne Lee.

Summerfield Baptist Church received the percentage banner at Associate Sunday School Meeting Monday night. Attending were Rev. and Mrs. A. A. Simons, Mr. and Mrs. Carl Lee and Carolyn, Mr. and Mrs. Ky Lawrence, Lindice and Jerry Noland, Mr. and Mrs. Oliver Sumner, Mr. and Mrs. Earl Lance, Mr. and Mrs. Pat Patrick and daughters and Mrs. Guy Waiser. Mr. and Mrs. K. W. Neill have gone to Detroit, Michigan to visit friends.

Mr. and Mrs. W. C. Niell of Lubbock are visiting in the home of their daughter and family, Mr. and Mrs. B. E. Roberson and Gayle.

Miss Jeanette Euler, student at WTSC, is home visiting her parents, Mr. and Mrs. Roy Euler, between semesters.

Mr. and Mrs. Earl Gunther and son have moved to the Carl Frye place where Mr. and Mrs. K. W. Niell lived.

Miss Betty June Euler, Portales, N. M., teacher, was home for the week-end visiting her parents and sister, Mr. and Mrs. Roy Euler and Jeanette.

Freddie Lookingbill is in the hospital recovering from pneumonia.

Roy Euler and J. D. Greeson were in Clovis on business Friday.

Mrs. Weldon Webb is visiting her parents, Mr. and Mrs. Earl Lance and family.

Mr. and Mrs. Jim Clark and boys have moved to Hereford.

Mr. and Mrs. C. R. Waiser and Mr. and Mrs. S. L. Waiser of Hereford are attending the Gold- en Wedding Anniversary of Mr. and Mrs. Tom Waiser of Chillicothe.

Mr. and Mrs. John Black visited in the Lee Curry home Sunday.

Mrs. Carl and Mrs. Elyer Mosley and Mr. and Mrs. Joe Kendall spent Sunday visiting in the Earl Lance home.

Mr. and Mrs. H. H. Langford were business visitors in Abilene and Lubbock last week.

Mrs. L. H. Lookingbill and Mr. and Mrs. Jovny Winkler and daughter went to Floydada Wednesday after Mrs. Lookingbill's mother, Mrs. W. J. Johnson, who has been visiting friends.

Mr. and Mrs. Joe Huckett, Hereford, visited in the Frank Huckett home recently.

The Summerfield Postoffice is now in the new building where the L. B. Lookingbills will soon open up a new store.

Final Concert Is Best Of Season

Hereford Concert Association members who saw the final presentation of the association this season, "Secret of Suzanne" in the High School auditorium Sunday afternoon saw the best of the season, in the opinion of most who were fortunate enough to see it.

All three stars, Marie Rondahl, Andrew Balney and Paul Knowles brought encores for their solo performances preceding the operetta.

The two-hour long program left the audience with the impression that the season was most successful.

Association secretary Frances Young said the Sunday show made things look good for next year. She said everyone who had

membership tickets must have seen them because it was, easily, as large a crowd as has been out to any of the three presentations this season. It could have been larger. Miss Young said.

Especially popular were the solos given by the stars. The audience liked this part just as well as the actual program.

What made things look bright for next year is that membership sales will undoubtedly pick up as a result of this delightful performance and the more the memberships the greater the number of presentations there will be next year.

CLASS TACKY PARTY - Third Year Intermediate Class of the First Methodist Church held a tacky party recently in the home of the teacher, Mrs. Ernest Medkief. Games were played and refreshments were served to: John Boyce, Emmarie Brownlow, Paul Schroeter, Kit Carson Sanders, Jerry Wither- spoon, Marshal Wilson, Pete Wilson, Bill Bookout, Terry Kirby, Dale Winget, Joan Moore, Charles Whitehead, Dahlia Ann Twiner, Jimmy Lawhon, Marilyn Lewis, Bob Womble, Betty

Hamilton, Dan Gaylor, Bob Drury, Beryl Fish, Virginia Sigle, Rosemary Young and Elara Mae Ward.

Jaycee-Ettes Plan Valentine Party

Jaycee-Ettes held a meeting in the home of Mrs. John Kelly Friday night with 22 members attending.

Plans were made for a covered dish supper party on Valentine Day with husbands as honor guests. Bingo will provide enter-

tainment. Project plans for the beautification of the Jaycee Park, were discussed and a letter from the Jaycees thanking the group for the New Year entertainment, was read.

They say it's more fun to give than receive, but sometimes it's hard to keep that in mind.

**WHEAT**

(Continued from Page 1)  
 In many minds is that of serious blowing that might develop into a critical situation, although not in the proportions of a real blowout resembling dust bowl days because of the good top soil residue and abnormal rainfall during last summer. But a lot of wheat could be blown out, according to PMA Secretary Faust Collier.

Collier also reported a very gratifying percentage of wheat farmers made honest efforts to plant within their allotments.

**Wheat Conditions Good.**  
 According to Mal Stewart, chairman of the Board of Supervisors of the Deaf Smith County Wind Erosion District, the condition of land throughout the county at this time is good. Early spring and summer rains in 1949 stored up sufficient moisture to assure good wheat stands on land seeded early. Some of the late seedings did not come through and there are many farms where the stand of wheat is very spotty. Where this happened on summer fallowed land with no crop residues or stubbles to protect the soil, it is in grave danger of blowing this winter.

Alternate freezing and thawing, especially if there is some light moisture in the soil, may have a tendency to cause the ground to puff up and blow. If such happens, strip chiseling or solid chiseling has been found to be a good preventative measure.

Range land, according to Mr. Stewart is in fair to good condition, due to the excellent moisture of 1949, but will need to receive normal rainfall this spring to come out good.

D. C. Waiser, out Summerfield way, doesn't think that conditions have been as bad since 1930 and Guy Waiser, Ky Lawrence and C. E. Waiser agree that it is pretty dry and doesn't look good. Carl Lance also says it looks pretty bad, although he has irrigated. Charley Noland has watered his place and thinks the outlook is fair as does B. E. Robertson and Lee Curry. Ky Lawrence also watered part of his wheat, but it is dry.

Edwin Flood thinks his wheat looks good and it hasn't been watered. He lives about nine miles southeast of town. The wheat is on summer-fallow.

**Dawn Area**  
 Ervin Shugart reports he irrigated 750 acres of wheat but wishes he hadn't as he feels he did harm to this field due to freezing and loosening of the soil. If it rains in February he believes prospects are as good as last year.

Ray T. Stewart states that their wheat doesn't look too good to him. They need rain bad because the wheat hasn't grown enough for a cover crop and he's afraid it might blow.

T. L. Sparkman, Jr. said his crop is not suffering yet, but it isn't growing now. He has plenty of deep down moisture.

Alfred May doesn't intend to irrigate until the weather warms up. He says their wheat isn't suffering and that the wheat has greened up during these few days of warm weather. Conditions are about normal as far as he can see.

H. H. Miller is not worried. He said if it doesn't rain by the end of the month he will start to irrigate.

F. E. Walker's wheat is in perfect condition. He said if we have to have a drought or dry spell now is the time to have it. "We have plenty of deep down moisture and the wheat roots are going right on down after it."

**Geese Are Taking Over**  
 Geese have put N. R. Miller's wheat in a devil of a fix. He said they had eaten and pulled up a whole lot of it.

Lloyd Bentley commented on his summer fallowed wheat as going fine. He is not irrigating wheat, but is irrigating row-crop land.

W. P. Caraway says that he will not irrigate again until about the first of March. He doesn't want to break the good deep root system that the wheat now has. If he irrigated now he believes it would ruin all the roots that have been all winter growing by the ground freezing and breaking those deep down roots.

A. T. Frye says he doesn't know. He is just trusting in the Lord.

Most of the wheat in the Frio community is under irrigation and has already been watered, sometime since sowing, last fall. It is generally agreed, by Frio farmers, that without rain in the immediate future, the chances for dry land wheat are very dim.

W. N. Hodges sums it up by saying, "Unless it rains—and soon—there will be little dry land wheat, and I'm not expecting rain." After watching the weather conditions for 46 years, he says he believes this will be a dry spring. Of course they are hoping it won't be dry, but many are either irrigating or preparing to start.

**Formal Dedication**  
 (Continued from page 7)  
 In thankfulness we are reminded not to rest on our laurels but valiantly and tirelessly to work for spiritual growth as well as physical.

As outward through the church doors we look, we find neither the salvation nor the hope we crave. This morning when I came through the doors I was excited, my heart was pounding with pride, joy and exultation, but soon I felt the calmness that comes with God's presence and that is the message this sanctuary must hold for us all. That is the meaning within its four walls. It is not just a structure of brick and stone—it is a shrine where our lives can be built upon the soul's salvation.

"This building has been planned so that the music, and all the

program necessary to carrying out the order of worship, be subservient to the reason for our being here—the worship of God. You can't see the musicians but you can hear them—you can't see the presence of God but you can feel it, and every part of the worship service has been planned to augment that feeling of God's presence with no single feature to mar an attitude of reverence."

**Pledge To Congregation**  
 And I, servant of God, your pastor, pledge you that not once will I take that last step up into this sacred pulpit without first searching my heart and soul to bring you the right words of truth and hope and life.

At the conclusion of the sermon the altar was lined with people re-dedicating their lives, and the service ended with Rev. Beavers voicing the word of the Psalmist, "Bless the Lord, O my soul, and all that is within me, bless His holy name." Then the congregation with one accord joined in repeating the litany.

**Began In School House**  
 The little Methodist Church that began in a school house in 1899 claimed only fourteen members on its roll. When the little one-room church was built its benches were home-made and the little reed organ that wheezed out its tunes was considered a prize-possession. The Hereford charge was in a circuit then—The Umbarner Circuit—and during those first years a pastor was lucky to get even meager salary.

The history of the church is one of work, prayer and building and as Hereford grew, so did the church. Every obstacle, and there were many in those early days, was overcome one way or another and as each new setback was surmounted, another loomed large just over the hill. One old-timer remarked, "It took a lot of faith and hard work, and many prayers—but it seemed like folks had more time to pray in those days."

When the second church was built in 1920 people were unable to foresee a time when larger quarters would be needed. During the years of drouth and depression and later the war years, the building was adequate. It became evident during the war, however, that much more room was needed for the church school, as classes were crowded and new classes were being formed. A new sanctuary became the only answer. And because the north side of the church was the only logical place for the

new building the parsonage had to be moved which was no small undertaking in itself.

Started in 1949

Work was begun early in 1949 and went forward without interruption in spite of the fact that materials were scarce and hard to get.

The modified Gothic structure was designed to blend with the other buildings which now will be converted into the much-needed church school.

Ever notice how the public seems reluctant to condemn a man for stealing while in public office, but will send a man to jail for years if he hooks a can of beans to feed his hungry family?

CANASTA LESSON FOUR

How To Play 'Canasta' - Requires Best In Card Player

As much so as any other game and in a more spectacular way than any other card game—Canasta offers opportunities for brilliancy on both attack and defense. It also calls into action every mental and temperamental attribute of the fine card player, while at the same time affording high amusement for the more casual venturer.

Control when a thrillingly fortuitous development occurs. You can be raised to the heights or dropped suddenly to the depths in this whirlwind dervish game. Either of those climatic events can occur especially after the discard pile has been "frozen" for a considerable stretch. As card after card gets placed on it, and it grows and grows until everybody knows "there's gold in them thar hills" in the form of a lot of cards which can build up Canastas and other melds, each side keeps hoping for appearance of a discard with which it holds a truly matching pair, so it can grab the entire stack of cards. Eventually one side does it—and sometimes emits a yell that can be heard several floors away, as the poor opponents disconsolately sit there and take their bitter medicine.

MASONIC BULLETIN Stated meeting second Monday in each month. School of instruction each Thursday night. R. L. TOMPSON, Secy. HENRY SEARS, W. M. Hereford Lodge 849.

WOMEN'S CLUB OF MEETINGS ODD FELLOWS Each Monday Night REBEKAH'S Each Tuesday Night

Some of the most profit-paying skill of the game comes in the fullest play when the "frozen pack" situation exists. It is then that a player will break up a pair or even discard a wild card in order to avoid giving his next opponent a whack at that coveted discard pile. At the same time he tries to retain natural pairs himself, in the hope that a card of the same rank will be looking him in the face with a happy smile, when it comes his next turn.

That is only one catalytic place, however, where it pays to follow sound advice. There are good and bad policies that can be observed at practically every stage of the game. At the very outset, it is well to make your first meld as soon as possible, in order to give your partner a chance to pick up the discard pile and make additional plays on your own melds. At all times it is wise, if you can do it, to keep a frozen discard pile or be in position to use a discard that fits your hand.

It is sound caution to avoid, if you can, getting down to just one or two cards too early in the game. As Ostile Reilly, teacher of the game and writer of books on the subject, advises, you should sometimes discard one of your matching cards in the hope that you can later get the pack to build up more Canastas.

At all times, a player should try to prevent giving opponents the discard pile. In preference to that calamity, it is better to discard one of your own cards that could be played, or even a wild card. If your partner later manages to get the pack, he can meld the card you had thrown away temporarily.

There is one situation in which it behooves you to be on your toes in an unusual way. That is when the opponents have faced

all of the red treys, but have scored no melds. Then, if ever, you want to call as quickly as you can. For, if you do so before they have meld, your side scores the 800 points for the four red treys instead of the holders—or rather, which does you just as much net good, the 800 gets subtracted from their score and makes them minus that much.

Mrs. Reilly has one pointer, on what you do after taking a discard pile, which would not be obvious at all to the average player, but is easy to understand when once stated clearly. It is this—after taking a good sized discard pile, do not be in a hurry to complete all possible Canastas but give your partner a chance first to play on some of them. One exception to this, however, is when your opponent at the left is down to a single card. In that emergency, he may be able to play before your partner has had his chance to do so; then you should complete as many Canastas as possible.

Now for a brief, but important tip—black treys are priceless on defense. (Concluded Sunday)

BUYS REGISTERED BULL Sam Ventrilla, Hereford, Texas, has recently purchased the registered Brown Swiss bull, Martin's Royal Lee 9661 from Martin Fulcher, Dimmitt, Texas, according to a report from Fred S. Idise, Secretary of the Brown Swiss Cattle Breeders' Association, Beloit, Wisconsin.

JOHN BEN SHEPPERD, 33-year-old Gladewater attorney, has been named one of the 10 outstanding young men in the United States for 1949 by the United States Junior Chamber of Commerce, the first time a Texan has been included on the list since 1936 when James V. Alfred was selected. Shepperd gained worldwide fame during 1948 while serving as national president of the Jaycees. This year he won acclaim for originating the "Democracy Beats Communism" idea, known as the Gladewater Plan, which has spread over the country. More recently, he has been conducting a campaign for reorganization of the State government which he has dubbed "Our ox-cart State government with the fringe on top." Shepperd will receive his award at a banquet in Peoria, Ill., on Jan. 21.

The fellow who plans his work well and sticks with it is bound to be a winner. The cold weather is bound to bring on some ticklish business—the heavies. Too many people are getting employment surveying the unemployment situation. Forgetfulness is a virtue only as long as you can remember what things to forget. The only fellow who can make a success out of running people down, is on an elevator.

Dodge Job-Rated Truck Prices REDUCED \$40.00 to \$125.00

Now you can save up to \$125 on a new Dodge "Job-Rated" Truck. Every Dodge "Job-Rated" Truck at these new low prices is the same truck—with the same equipment—as before the price reduction. These new low prices have been made possible through the great public acceptance Dodge "Job-Rated" Trucks have enjoyed. You continue to benefit from the advantages of such exclusive Dodge features as proper weight distribution to carry your load better... short turning diameters for easier handling... shorter wheelbases and shorter over-all length to accommodate standard bodies. All of this means greater truck value than ever before! It means lower delivered prices—plus unmatched Dodge economy, performance, and dependability. Come in today! Get the new low delivered price on the Dodge "Job-Rated" Truck that fits your job—the truck that will save you money today—and every day you use it.

dishes in order to insure a well-rounded serving.

Nine from Hereford attended the District Youth Rally at Borger Friday night, January 13. A fine evening of fellowship, inspiration and recreation was enjoyed. There were 100 present. Chester Crow, State Director of Religious Education, was guest speaker. He brought a challenging message to those present, stating that this generation of young people could change the last half of this century.

The following young people participated in the program: Colleen Shell, Perryton; Charlotte Alliston, Pampa; Clyde Root, Canyon and Lorene Leeper, Miami. Earlee Sullinger, Borger, was in charge of the banquet arrangements.

The next meeting of the District Youth will be the World Fellowship Meet March 10 and 11 at Childress.

THE FIRST BAPTIST CHURCH of Hereford will be one of the participating churches when 26,000 Baptist church services will be led by the Baptist Hour radio services, April 23.

At the recent Southwide meeting of the State Secretaries of Evangelism at Nashville, Tennessee, with Dr. C. E. Matthews presiding, plans were perfected for the Baptist Hour to lead all the churches of the Southern Baptist Convention in one great southwide, simultaneous, evangelistic service on Sunday afternoon, April 23, 1950. This service will climax the simultaneous Evangelistic Crusade west of the Mississippi, and it will also climax a week of Evangelistic visitation in the churches east of the Mississippi.

The plan of the service is very simple. Every church will assemble in the meeting house twenty minutes before the Sunday afternoon broadcast for a song and prayer service, then through radios already installed, the Baptist Hour Choir will lead all the churches in singing some of the familiar evangelistic hymns. Dr. Duke K. McCall, the Baptist Hour speaker, will then bring a warm-hearted evangelistic message, closing the broadcast with an earnest appeal to the lost to receive Christ and confess Him in Church membership. The pastor or if he cannot be present, a deacon, in every church will stand at the front of the service to receive members who respond to Dr. McCall's invitation for church membership. Following the broadcast, the leader of the local church service will continue the service with such exhortation as the Holy Spirit may direct. The service in every church west of the Mississippi will be continued with a beautiful baptismal service.

CHRISTIAN SCIENCE SERVICES will be held Sunday morning at 11 o'clock in the Star Theatre. The subject of the Lesson-Sermon is Love. The Golden Text is from Jeremiah, 31:3. "The

Lord hath appeared of old unto me saying, Yea, I have loved thee with an everlasting love; therefore with loving kindness have I drawn thee."

All who are interested are cordially invited to attend.

SEVENTH - DAY ADVENTIST will hold regular services at the church, Third and Lawton, Saturday, January 28, Sabbath School at 10 o'clock in the morning and church services at 11 o'clock. District pastor is R. E. Gieger.

The Seventh - Day Adventist had as their guest speaker for the 11 o'clock hour, E. L. Moore of Amarillo.

Elder Moore related some of his experiences as a foreign missionary in Brazil. He and his family have recently moved to Amarillo where Elder Moore has taken over the duties of Treasurer of the Texico Conference of S.D.A.'s at 1522 Van Buren.

AVENUE BAPTIST CHURCH Bible Study will continue all through this week. The study is finishing the Book of Acts in this week's meetings which are at the church and every night at 7:30.

The WMU will hold their regular Friday meeting at the church tomorrow afternoon at 3 o'clock. The Church is at 130 North 25-Mile Avenue.

IMMANUEL LUTHERAN CHURCH morning worship begins at 11:30 Sunday morning and Sunday School and Bible Class commence at 10:30 under the leadership of George Tiefel, superintendent.

The pastor's weekly radio talk may be heard over KPAN on Wednesday afternoon at 1:30. Listen to the Family Worship Hour over this same station Fridays at 4:45 and Sundays at 4:30.

A book review, "The Bold Galilean," will be presented in the church by the Ladies Aid on Monday afternoon at 3 o'clock.

On Sunday evening, February 5, Miss Ruth Stelzer, organist of Trinity Lutheran in Amarillo, will present a concert of sacred music for the dedication service of the Baldwin (memorial) organ.

ST. THOMAS EPISCOPAL CHURCH is sponsoring a Mexican Supper Friday night at the city hall. Dinner will be served from 5:30 to 7:30 and the price will be one dollar and a quarter per person. Proceeds will go for supplies on the new Episcopal church.

Immediately after church services Sunday there will be a meeting of the congregation to elect delegates, a man and a woman, to the convocation at Midland in March. This is the annual meeting of the District.

Rev. Seaman will conduct the regular services Sunday. Vespers will be at 7:00 o'clock Sunday evening.

## Plenty Of Fryers And Broilers Are On The Market

Farm prices in most of the major fryer and broiler producing areas of the Southwest have dropped four to five cents per pound since early January and they are now averaging about 10 cents per pound lower than one year ago.

The southwest area office of PMA's Food Distribution Programs Branch in Dallas reports that supplies are plentiful and they are urging consumers to take advantage of the situation. The lower prices, they say, can help the homemaker balance her family's food budget and at the same time help the producers who report that present selling prices are below their cost of production.

The extension foods and nutrition specialists of Texas A&M College say that fryers and broilers can be used to take care of many of the meat requirements for the family. They

point out that there are many different ways to prepare fryers and broilers for the family table and recommend that consumers try several of the different methods of preparation. They are always good friend, baker or broiler but try barbecuing a few. The specialists suggest that you visit your local county home demonstration agent's office and pick up a few of the recipes for preparing chicken and meat dishes.

They say now is a mighty good time to store some extras in the freezer-locker box or the home freezer. They will come in handy when unannounced guests drop in for lunch and, too, the family will appreciate changes in the menu. They conclude that the wise shopper will look for these poultry bargains on the next trip to the grocery store.

### NEWLYWEDS HOME

Mr. and Mrs. Jack London who were married December 22 in Beaumont, are guests of his parents, Mr. and Mrs. Boyd London. They plan to leave today for Karnes City where he will be employed with the Texas Highway Engineering Department.

### CHILDREN VISIT

Mr. and Mrs. Glenn Smith of Childress and Gerald Smith of Hale Center spent the past week end here with their parents, Mr. and Mrs. Ralph Smith.

Mr. and Mrs. P. L. Beyer of Amarillo were guests of their parents, Mr. and Mrs. J. E. Beyer Sunday. They were in Hereford

to attend the opening of the new sanctuary of the Methodist Church.

Jackie Wright, senior at West Texas State, spent a few days between semesters at home with her parents, Mr. and Mrs. Jack Wright in Hereford. She went back to school Tuesday.

### Choice Of Pecan Tree Determines How It Will Bear

The choice you make at planting time will determine the kind of pecans you harvest when the tree begins to bear. That is the reason, says J. E. Hutchison, associate extension horticulturist of Texas A&M College, why you should choose with care the variety or varieties, you'll soon be planting.

Hutchison recommends only papershell varieties and—for eastern Texas they include the Moore, a heavy yielding medium-sized pecan; the Success, a large semi-oval nut of excellent quality; the Desirable, which is large and prolific; the Stuart, an old favorite that is disease resis-

tant and a heavy producer of large pecans and the Mahan, a nice sized pecan with fair internal quality. For Central Texas, Hutchison recommends the Success, Desirable, Mahan and Schley. The best varieties for the western part of the state, according to Hutchison are Burkett, a large oval pecan that bears well and produces an excellent nut; the Western Schley, which produces a long type nut and a good yield and the San Saba Improved, which produces a medium-sized pecan of excellent quality.

These varieties have all been grown and tested in the areas for which they are recommended and Hutchison says they can be purchased from your local nurseryman.

He recommends that you buy trees from three to five feet in height for they are generally considered the most practical for transplanting. Here is his ad-

**KNOWS HIS STUFF**—Richard Spier, Jr., youngest handler in the amateur event of the annual trials of the Pinehurst, N. C., Field Trial Club, shows one of his "spicer" dogs. The Winston-Salem, N. C., lad handled his own entry like a veteran.

vice on setting the tree. Prepare a hole about three feet in diameter and from three to four feet deep. Place the tree in the center of the hole and spread the roots out in their normal position. Then fill the hole with soil and pack it firmly around the roots. When the hole is about re-filled, pour in several buckets of water then finish filling the hole with loose top soil. The water will settle the soil around the roots and will also give the new tree the moisture it needs for a successful start. After the tree is planted, he says to cut back about one third of the top growth. This will help balance the top with the root system and will usually insure more rapid growth.

When the young tree starts growing, give it plenty of water. Keep the soil moist and during the hottest and driest part of the summer you may find it necessary to water the tree every week or 10 days. Hutchison says once a pecan tree becomes well established, it does not need as much care as other fruit trees. That's reason enough he concludes for giving it the kind of a start it needs to become well established in a few years.

### Draper 4-H Club Elects Officers

Draper 4-H Club met Thursday afternoon at Shirley School with the election of officers as the main part of the program. Those chosen were: Marilyn Russell, president; Gayle Potter, vice-president; Myrna Lou Coffin, secretary; and Linda Reece, reporter. Gloria Walser, district leader; Carol Walser, song leader; Beth Gross and Marilyn Russell, clothing demonstrators; and Kay Kerschen, poultry demonstrator.

Miss Doris Mahaffey, assistant CHDA, spoke to the group about the poultry show which will be

held in February and a book on the care of poultry was presented to Kay Kerschen who plans to enter chickens in the show.

After the meeting the group accompanied their leader, Mrs. Orin Russell, to the home of Mrs. Frank Wilde where the group gave a demonstration to the North Hereford Club on how 4-H Club meetings are conducted.

The group included Marilyn Russell, Beth Gross, Bobby Nell Wilf, Betty Woolsey, Carol Walser, Gloria Walser, Kay Kerschen, Verita Sanders, Gayle Potter, Myrna Lou Coffin, and Linda Reece.

### Breakfast Is Mighty Important For Worker

Breakfast is a mighty important meal and if you want to be an efficient worker, you'll be wise to take the advice of the experts and add some protein-rich foods to your breakfast menu. Louise Mason, extension foods and nutrition specialist of Texas A&M College, says that scientists in the USDA now have the evidence to prove that a protein-rich breakfast can do more to stave off fatigue hours longer than a morning meal with less protein.

Over a period of two years, says Miss Mason, the breakfasts tested ranged from a cup of black coffee to a hearty meal that included eggs and bacon. Those in the experiment consistently reported a sense of well-being when the breakfast contained the larger amounts of protein. Their feelings agreed with the record of their blood-sugar level, the physiological indicator of the body's response to different meals, used in the study.

The favorable feeling of well-being seemed to depend more on the amount and quality of the protein in a breakfast than on the calories from starch, sugar or fat, says Miss Mason. The influence of a breakfast with plenty of protein lasted even into the afternoon, when the workers in the test ate a light lunch of a sandwich and coffee.

It is an advantage to provide about one third of the day's protein allowance in the breakfast, says Miss Mason and some of it should come from such top-quality foods as milk, eggs, and lean meats.

Miss Mason suggests that a copy of the Texas Food Standard will help you figure out the daily food requirements for your family and you can get a copy from your local county home demonstration agent.

## Covers Of Books Tell Very Little Of What Goes On Inside Of Them

By CHLOE FORTENBERRY

What can be told about a book from its cover? Libraries have row upon row to examine—red, blue, brown, green, and yellow ones, tall skinny ones, short fat ones, those that proudly bear titles in bright gold letters, and those that lean dully against their comrades without a mark to distinguish them from a host of others. Their appearance reveals little; their contents make all the difference.

Sometimes I think we are like books. How? Well, some people, like a brand new book, have a bright shiny cover, but inside they fall short of our expectations. Some are treasure chests filled with precious thoughts and ideas, but remain undiscovered, like books with faded covers and frayed edges, or like heavy, forbidding books of history and religion. Some are the best sellers of the month or year, but afford entertainment for a short time only; for their type of personality quickly goes out of date. Some are tried and true sources of delight, like a great literature, that never send one away without adding to knowledge and enjoyment of life.

Have you ever noticed that chairs definitely seem to have personalities, and that often they appear to characterize the people who own them.

Some chairs are old with sagging thread-bare cushions and they look tired—yet friendly. There's something rather pathetic in their wornness. You wonder who spilled the ink on the faded upholstery and who wore the paint off the arms and the rungs. Such a chair you might find in the attic among other old discarded objects, perhaps waiting for the antique dealer to claim.

Then there are chairs that look so stiff and formal, so severe and iron-bound with the strictest conventions, that they are seldom used. Indeed a more gentle person would shrink from the stuffed heavy softness of the arm chair—lazy in its bigness, yet a favorite of all those who love the homey, natural things in life.

## Senior Who's Who

Name: Teresa Fangman.  
Ambition: Homemaker.  
College: None.  
Likes: To play ball, ride horses and dance.  
Organizations: Whiteface staff.

Name: Milton Newell.  
Ambition: To travel.  
College: Texas Tech.  
Likes: Cherry pie and to run around.  
Pet Peeve: Women drivers.  
Organizations: Hi-Y.  
Offices: Senior student council representative.

## "Buzz Box"

Hi! There is a twinkle in the Senior's eyes for they have the secret to the Senior Play. I can hardly wait till the production.

Some of those twinkles turned to tears when the boys, Don Davidson, Bob Hamilton and Bob Wilson left to join the service. This paper is really going to miss Ham.

Maxie McCatheren has decided to help pay the doctors and nurses salary. If you have time go see her or send her a card.

Jeannette Scott walked down the wrong alley, a black eye was the result. She looks like she uses a lot of eye shadow, doesn't she?

Bettie Hamilton has a familiar ring hanging around her neck. Dan Gaylor's, I believe.

I'm sorry I made the mistake about Wanda and Bedford going steady. You see they are just very good friends.

Emma Lee McNeese has turned her hand to show a new crush. The lucky guy.

We have a new student, or should I say that an old student has returned, Glen Bell. He seems to have more life in one little finger than I've seen in 16 bodies.

Say, does anybody know who Burton is? Maybe Elma Lu Schrogging knows.

Ted Houston, you had better go home and lock yourself in because I know some girls that are going to be after you. Can't say I blame them.

Dona Alrhart was seeing stars the other night. I believe a boy has something to do with it, doesn't he Dona?

Birdie told me that Ray Deмент has big possibilities on the football squad next year.

Evelyn Tucker needs a volunteer for the F.H.A. buffet supper. Honestly though, I do believe she has a certain dark-haired male in mind.

That bashful Neil Witherspoon just won't admit anything about his private life. I need subject for a theme. Know where I can get some help from some intimate friends?

Toodle.  
"Snoopy."  
Couple of the week: Sue Brooks and "Windy" Morton.

## Junior High News

By GERRY PATTERSON  
And LUCILLE JONES

The new Seventh grade student in Junior High is Reba Sursa and she comes from Paducah, Texas.

We were sorry to hear that Walter Thompson is out of school because he had some teeth pulled. Substituting in his place is Mrs. L. P. Blevins.

In the sports field the Junior "peewee," "middle," and "tall" teams journeyed to Friona Tuesday, January 17.

Coach Mayes is taking the names for next year's football team.

## Personality Quiz

Name indicates direction. Sweetheart of many people. Born eleven days after beginning of year. Crowning glory is brown. Checks the books. First name is part of the name of a city.

Last week the personality was Emmett Brown. Come on, guess who they are. I know the clues are not that hard.

## It Is Difficult To Agree With All

By EARLENA PHILLIPS  
Harmony, harmony! When you hear a barbershop quartet sing you'll always hear this tune. If only we could sing about it and have harmony, but it isn't that easy because other things are involved.

To get along with everyone is a hard task. Sometimes it is easier to get along with those you can and the other people just leave alone. In school, a high school like ours, it is hard to not show favoritism. There is always people you don't know but usually such people know you, your name and what you're like. Make it a practice to speak to everyone regardless, and you'll help make harmony.

Another way to get along with people is to always smile. Everyone likes a nice cheery smile, if a person is down in the dumps a smile can make them feel better.

Harmony also includes politeness. If you are polite, then you are doing your part to make harmony in school.

## It's Been A Long Time Since We Have Thought Of Anything But Play

By BETTY CARNEY

After such a long vacation from writing for the WHITEFACE I guess it's time to get down to brass tacks on our manners again. I hope no one else has been taking a vacation in regards to their behavior, but on the contrary, vacation time is the time to shine them up more than usual.

Now that the century has just turned to its middle page and the year of 1950 has put forth its shining new face, let's help

keep that face shiny clean by keeping our manners the same. After all, as long as we keep our manners up in tip-top shape we are not so well qualified to get into mischief. Oh, not that it's wrong to get into some mischief, but, you know, there is a limit to everything, and too much is too much. Also, this being a new semester is another very good reason why we should turn a new leaf in the book of life, especially we seniors, who are about to leave the halls of old HHS, should strive to have record-breaking manners for the remainder of our high school days. We will be remembered long for our mannerisms—good or bad, so wouldn't it be best to leave the remembrance of our good manners and friendliness? Really, it wouldn't take much time or energy to polish up those manners if you take just one or two at a time until you get it perfect, then move on to the next, but while doing so, don't let the first ones fall down or all your efforts will be wasted. Your behavior will be looked upon by a critical eye—more and more as you enter into the ways of the adult world—at work, at social events, with your family and friends—at all times. Remember the old saying, "The first impression is a lasting impression." Even though it is not always true, it has its effects. With this statement in mind, why not see how well we can do until the next time.

## Great Whiteface Grid Team Of 1942 Was One Of The Best On HHS Record

The Maroon and White banner in back of the new trophy case is something that perhaps too many of us take for granted. It has a very interesting history behind it.

On September 17, 1942 the Whiteface had this to say about this team: "Nine lettermen, 17 players with some squad experience, and seven new boys form the nucleus of the 42-43 football squad. Prospects are pretty good; however, there is a drastic shortage of ends, guards and backs. From the technical standpoint, it didn't look so good. People were just a little worried about the team's chances."

The first game of the season was to have been played against Levelland, but a new rule in the Levelland school prohibited the game from being played. The first game was played against the Oilton team. Oilton had a hard charging team that people still had hopes.

They defeated the Oilton team 13-0. The next week they smacked Dimmitt 32-0. The team kept their opponents' score to 0 in district competition. They finished the season as district champs for the second third year in succession. They had rolled up 259 points to the opponents' none. That was the year the Herd defeated the hapless Friona Chiefs 84-0.

The Herd was riding high in grid glory when the age old demon appeared from out of the north—you guessed it, Phillips. The Herd was feeling good, but that wasn't enough. The

game ended in a seven-seven deadlock but the Whitefaces won it on penetrations.

Wellington had beaten Spur 13-7 and became the Herd's opponent for the regional championship.

The regional game was played in the Whiteface Stadium. The game proved to be an evenly matched game all the way. The Herdford tallies were made by Red Merrill, one in the second quarter and one in the fourth.

The first score of the afternoon was made when Merrill intercepted a Wellington pass on the Whitefaces 10 and went 90 yards for a touchdown. Then it became a punting duel with the Rockets holding a slight punting average.

Wellington was forced to punt. The Whitefaces started in play on their own 45 yard line. On the second down Merrill ran 50 yards for another TD. The game ended Hereford 14, Wellington 0.

The game was hard fought but not one penalty was drawn by either team. The season ended with one of the best teams in HHS history having rolled up 280 points to the opponents' 7. The starting lineup for the Wellington game was:

- Russell—LE.
- Manjot—LT.
- Hussey—LG.
- Dameron—RG.
- Brook—C.
- K. Rudd—RT.
- Merrill—QB.
- Worley—LHB.
- Weems—RHB.
- L. Olson—FB.

## Homemaking Chores Made Easier By Simplifying Work Problems

Home demonstration club members in eight central Texas counties know that homemaking chores can be made easier, because they are using simplified methods in their own homes. They have studied each job, step by step, and have then used this information to work out the simplified, time and labor saving methods they now employ.

Last winter, says Ed Edwards, extension district agent, several leadership training schools were held in her district by the home management specialists of Texas A&M College for the purpose of training county home demonstration agents and work simplification leaders from the local clubs.

These local leaders in turn held meetings and gave demonstrations in their clubs for the other members and before the year was over a lot of things had been done.

In Hood county, the 17 trained leaders held demonstration meetings in seven different communities with 210 women attending. Their work was featured by the county home demonstration council when a float on work simplification was entered in a county-wide reunion parade. It was a winner. They have simplified such household chores as ironing, dish washing, bed making and the arrangement of utensils in the kitchen.

As a result of the training program in Hill county, more than 250 women have worked out new methods for doing at least one house keeping job. The trained leaders gave demonstrations to 578 women in the county. They included in their work the home laundry, portable shelves for the kitchen cabinets, rearrangement of sewing centers, ironing aids and many have rearranged their kitchen equipment to save steps and labor.

In McLennan county, emphasis has been placed on better arrangements for the home sewing center, bringing the pressing equipment into the center and organizing the garment construction job in an orderly manner to save time and unnecessary handling. Simplified methods have been used by 496 home demonstration club members. Twenty-five families have improved or added a business center to their home. To save time in setting the family table, women have learned how to make

and use metal trays. The local county home demonstration agent conducted a training school for 38 leaders and the result—344 trays have been made.

The 40 women and 4-H girls who were trained in work simplification in Palo Pinto county through demonstrations have

trained 302 others. Their program has featured better and easier ways to do the family ironing, converting a baby buggy into a cart that is used to make transporting and hanging the family wash a less back-breaking job and adding and rearranging the kitchen cabinets.

Work simplification methods have been applied by 143 Bosque county homemakers to their household tasks. Five families have added business centers; 12 have assembled and are using household kits and six have added wide ironing boards to their home equipment.

In Falls county, kodachrome slides have been made of the kitchen improvement work carried out by Mrs. A. E. Guderian of the Satin community. She is a local club demonstrator. The slides were shown, as the feature, at the annual community achievement program. They have been used in other communities in the county to show what can be done when jobs are tackled in a systematic way.

Miss Edwards reports that the program has been well received and that plans have already been made to continue and expand it during 1950. She says the time and labor saved as a result of the program has made it possible for the women to participate in many community activities and it all adds up to better rural living in extension district eight.

## Vocal Students Will Present Song Program

Miss Mattie Mae Swisher will present primary, elementary and intermediate students in a program of singing Sunday afternoon, January 29, in the F. I. R. s. t. Methodist Church at 3 o'clock. The public is invited.

The program will be in the nature of a revue featuring selections which will be presented at the Seventh District Junior Federation Festival to be held here March 10. The Voco Club will also present a short program of music in keeping with the Valentine season.

Accompanists will be Mrs. Cliff Estes, Mrs. Robert Kerschen and Mrs. John Jacobsen, Jr.

Students who will appear are: Janice Higgins, Patty and Robert Howard, Lou Ann Higgins, Stephanie Lingenfelter, Patricia Ann Linden, Dana Grace Nafziger, Raymond Wells, Louise Simpson, Mary Neison, FAWayne Murphy, Gwendolyn Jesko, Gracie Fotheringham, Irene Witherspoon, Sandra Roberson and David Goldston.

PRICE GOES DOWN, CABBAGE GOES UNDER—Truck farmers Darson, Persyn and George Verstayt of near San Antonio, Texas, start plowing under an estimated 120 tons of cabbage Jan. 11. Unable to sell it for 25 cents a bushel, they say it is worth more as fertilizer for next year's crop. (AP Wirephoto)

Mary Ann Beckman: It's nice and we have needed it for a long time.

Neil Witherspoon: What we have needed and it will really help. At least our trophies won't be broken up and it certainly helps the effects of the hall.

Rosene Lance: It's pretty. I think it is a lot nicer than the other ones we have.

Jack McCracken: It is real nice. Whoever it's from did a worthwhile job because we really needed one.

Jeff Robersons Are Hosts To As-You-Like-It Club

Mr. and Mrs. Jeff Roberson were hosts recently for members of the As-You-Like-It Club.

Couple prizes in forty-two games went to Mr. and Mrs. Cecil Wilkins high and to Mr. and Mrs. Jack Grady, low.

Refreshments were served to

Mr. and Mrs. R. G. Blue, Mr. and Mrs. Lee Hopson, Mr. and Mrs. Cecil Wilkins, Mr. and Mrs. Jack Grady, Mr. and Mrs. Joe Kendall and the hosts.

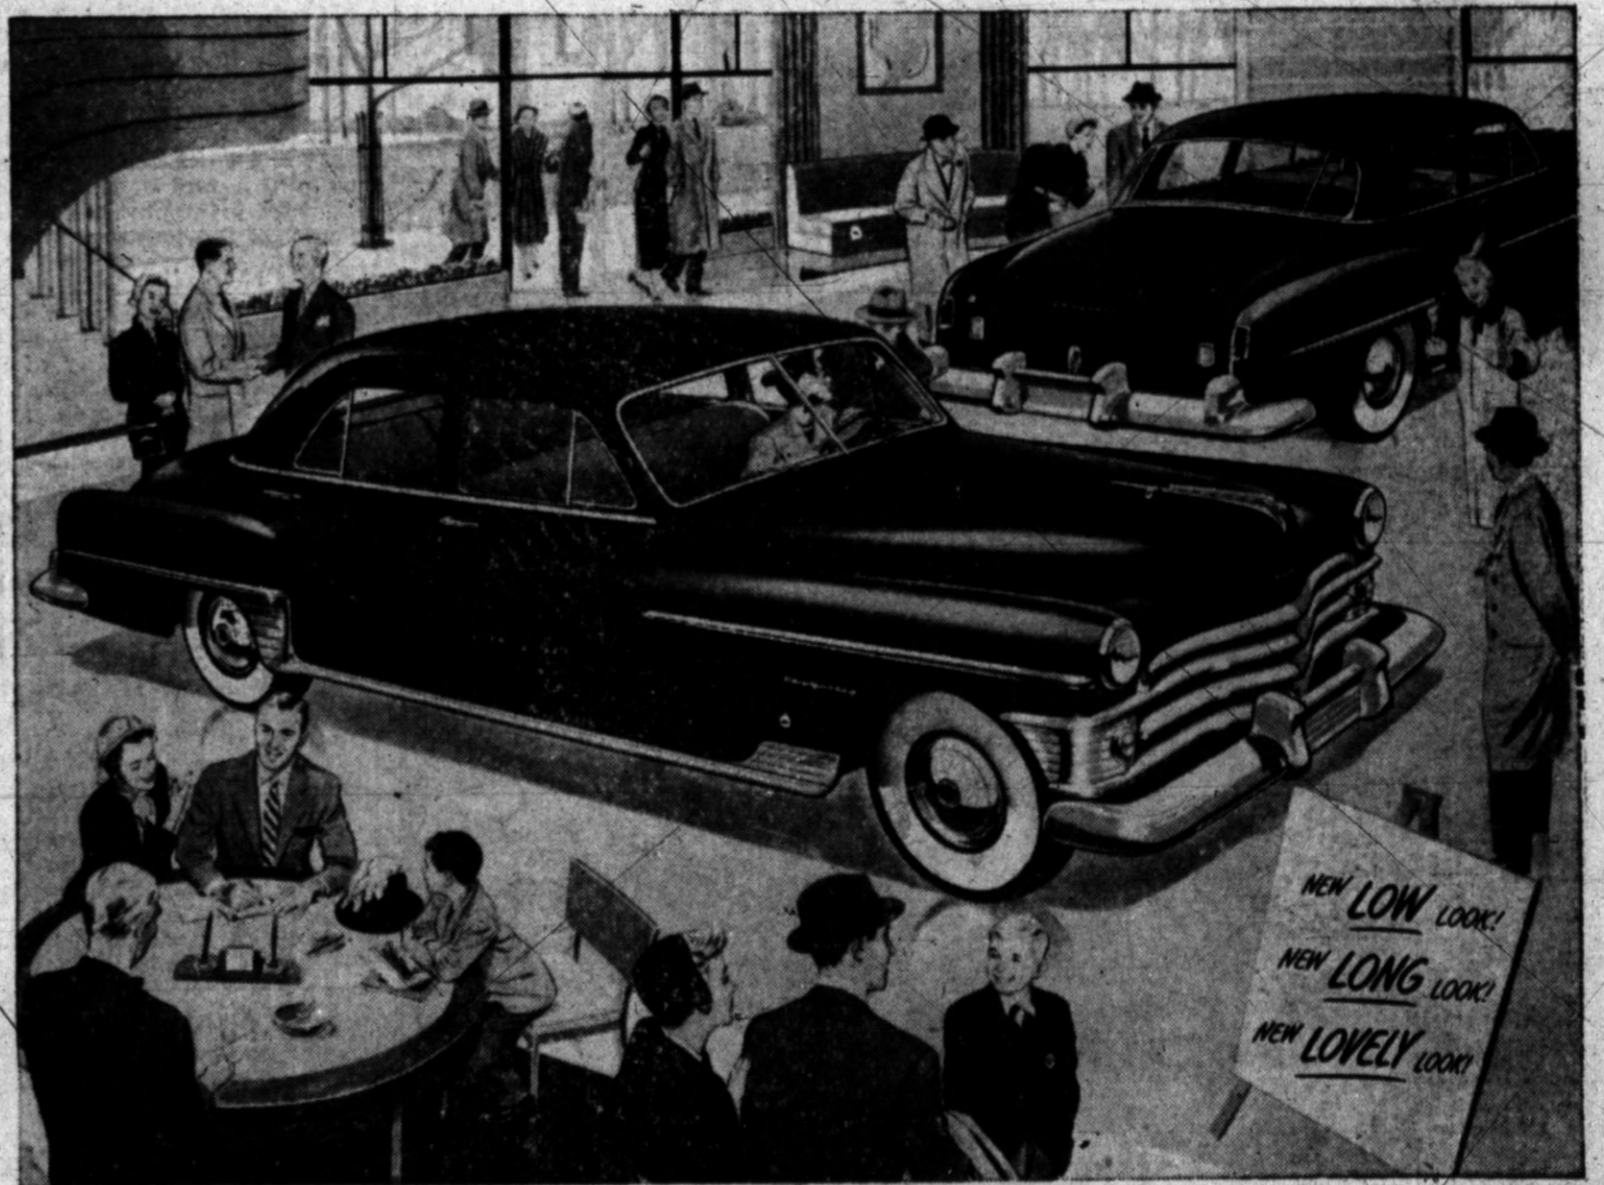

Mr. and Mrs. Carroll Whiteside and children visited in Dumas this past week end with Mr. and Mrs. J. C. Cooper and family. Mrs. Cooper is Mrs. Whiteside's sister.

BEFORE YOU MAKE ANY DECISION—LET US SHOW YOU THESE BEAUTIFULLY STYLED NEW CARS

# COME SEE CHRYSLER'S New, New, 1950 Styling!

There's beauty, beauty, beauty everywhere you look! And it's all brand-new beauty inside and out! Chrysler for 1950 is boldly and dramatically re-styled! Deliberately re-designed to be the Beauty Queen of the road, a classic of the long, low, and lovely. There are wonderful new nylon fabrics... smart new trim. Most of all you'll be impressed by the fact that Chrysler's kind of beauty—unlike all others—truly reflects the sound

engineering and the solid comfort and safety inside! The extra headroom, legroom, shoulder-room! The safer visibility! The chair-height seats! All the extra convenience of the easiest of all cars to enter and leave! See and drive this great car at your Chrysler dealer's today. It's the smartest, most comfortable car we ever built and the sweetest performing with its wonderful Spitfire Engine with the completely Waterproof Ignition System.

BEAUTIFUL 1950 CHRYSLER TODAY'S NEW STYLE CLASSIC  
BENEFIELD MOTOR COMPANY 411 West First, Hereford

# Long Time Ago

**25 Years Ago**  
**Week of January 22, 1925**  
 After years of trying to get a County Agent in Hereford backers of the idea rejoiced over the fact that County Judge Earl W. Wilson announced R. O. Dunkle, McLean, had been selected for the job. Dunkle was a Texas A&M graduate.

Mrs. Albert Herbst entertained a group in honor of her guest, Mrs. Lester Blakemore from Amarillo. Guests were Mrs. Bobo McLean, J. A. Pitman and Edgar Webb.

Mrs. Hattie Rutherford and son was offering a big list of horses and mules and a fine string of good Jersey cows and much farm equipment for sale on the Rutherford ranch, 10 miles north six miles west of Hereford. W. S. Williams was auctioneer.

H. W. Simmons was holding a sale on the old Patton place, Dimmitt, on the same day as the Rutherford sale.

Chief Dow Mercer's Fire Department saved the old Dr. W. A. Price home on 25-Mile Avenue. It was occupied by C. W. Murray. Seven school teachers also lived in the place. The house belonged to Mrs. Nettie Price Slaton.

J. J. Clark, Hereford druggist, elbowed his way to first place in Hereford's Hall of Fame when he broke the local golf course record and set ambitious amateurs a real mark to shoot at. Clark shot a 32 on the first nine holes (one below par) and then parred the course on the next round, shooting a 85 for the 18 holes.

Over \$100,000 was deposited during the first three days in Farwell's Guaranty State Bank of which Henry Wilkinson, Hereford, was president.

The Armstrong Musical Comedy played to fair houses at the Star Theatre.

Mrs. J. D. Phillips, 71, died Monday, January 19, 1925 at her home on the old Carl Shirley place, northwest of Hereford, after a short illness.

L. P. Landrum, Hereford Nurs-

cry, lost his watch and \$16 in cash while he slept at a Farwell hotel.

John Phillips, Lindsey, purchased a quarter section of land eight miles southeast of Hereford.

The third pair of twins for Deaf Smith in 10 months was born to County Judge and Mrs. Earl W. Wilson. They were girls born at Deaf Smith County hospital.

The Dawn School was growing. They had seven new students since Christmas of 1924. Mrs. Hinton gave the high school students and their guests a "hobo and gypsy" party. The boys dressed like hoboes and the girls dressed like gypsies.

Sam Steele, son of Mr. and Mrs. M. L. Steel of Hereford, won first place as College Stock Judge in the first 1925 Agricultural Contest held at WTSC in Canyon.

The City of Hereford passed an ordinance making it necessary for drivers approaching Fire Department vehicles on runs to drive as closely to the curb as possible. E. S. Ireland signed the ordinance and City Clerk Grace Skelton made it up.

The Presbyterian Missionary Society met January 28, 1925 with Mrs. Vern Witherspoon, Mrs. Henry Hastings gave the lesson.

J. M. Reid and family were visiting in Hereford from Mercer county, Missouri and decided to try and find a place where he could farm on a small scale, run chickens and send his grandchildren to school. Mrs. Reid's health wasn't too good and they were coming to Hereford for the good climate.

A former Hereford girl, Irene Williams, daughter of Mrs. E. J. Williams, was promoted to assistant Calendar Clerk for the House of Representatives in Austin.

"The Cinderella Man," a play with a reputation (The Brand said), was to come to the Star Theatre by Lyceum committee.

A big day for Hereford was the

**PACKED IN ICE**—When normal methods of preventing a threatened blowout of an oil well 7 miles off shore at Grand Isle, La., failed to get results, the drilling crew turned to powdered ice. The ice pack plugged the hole by freezing the mud that had packed into the drill pipe. Success of the operation was credited with preventing possible severe damage to three producing wells on the offshore drilling platform that cost \$1,500,000 (tm). The ice trick is not new to the oil industry, but it is a procedure that is used only on rare occasions. (AP Photo)

hospital reception and banquet marking the opening of the great institution to the public.

Mrs. C. Runton was in Amarillo to be with her ill daughter, Mrs. W. B. Womack.

A Herbst left on a business trip to Dallas and other points.

Mrs. H. Benson returned from Ft. Stockton where she had been visiting her parents.

Mrs. R. L. Branson and son, T. D. Branson, left for Ft. Worth to visit friends and relatives.

Mrs. C. A. Skelton, Mrs. George B. Overton and Mrs. (Dr.) Heard motored to Amarillo to shop.

Work a special was to Mr. and Mrs. F. M. Welsh, Friona, a daughter, born January 16, 1925.

Marriage licenses issued were to W. R. Whitaker and Bessie Swagerty on January 20, 1925 and Clyde Isler and Mrs. Florence Harbour on January 18, 1925.

A writer says that weak coffee probably has caused as many divorces as strong drink.

Those who boast they never change—their minds—are not strong-minded—just stubborn.

Parents should be thankful that their children keep out of more trouble than they get into.

A good politician figures out which direction the crowd is going, then steps up in front and waves a banner.

## Care Is Biggest Factor, Not Age

We do not all grow, develop, mature—nor do our organs degenerate—at the same rate, says Dr. George W. Cox, State Health Officer.

"Today, a man of 60 may be as young, vigorous and vital as the average man of 40. On the other hand, he may look and act like a man of 80, old, weak and miserable. A man of 60 may have a 40 year old heart, 50 year old kidneys and an 80 year old liver.

"The physical changes which come with age are not entirely decline, either. Speed of reaction does diminish, but endurance increases in certain capacities. As speed declines, skill is increased with practice, and as strength declines, judgment increases. Automobile driving ability, for example, improves from 24 to 43 in the average individual and at 65 is superior to that of the 20's.

"Normal human beings can grow mentally at any age. The worst of all old-age diseases is neglect. Many factors that help make a healthy, happy old age

are (1) eating right; (2) regular physical examinations and (3) keeping physically and mentally active without overtaxing ourselves. There is a rapidly growing branch of medicine, known as geriatrics, that specializes in disease and conditions of the aging.

"Don't wait until you deteriorate—consult your physician now!"

## Happy Homes 4-H Club Elects Three Leaders

Members of the Happy Homes 4-H club met with Nell Walker and answered roll call to the number of chickens they are to enter in the February show, Saturday.

Leaders were elected for the following year, they are Mrs. Ira Ott, Mrs. V. P. Waiker and Mrs. Robert Fotheringham.

Mrs. Ira Ott spoke on poultry and how to know your breed of chickens.

Yvonne Axe will have the next meeting Saturday, February 4.

Members present were Nell Walker, Sue Springer, Martha Heard, Yvonne Axe, Gracie Fotheringham, Doris Wilhelm, Nell Walker, Mrs. Walker and Mrs. Ott, leaders, Mrs. Springer and Mrs. Finch, visitors.

## Mrs. Norton Reviews Book For Dawn Club

Dawn Home Demonstration club met in the home of Mrs. Arnold Hershey Friday. The regular business meeting was held and Mrs. Palmer Norton gave a very interesting review of the book "Come A Cavalier" by Francis Parkinson Keyes.

Mrs. Norton gave a few interesting notes on the life of the author as Mrs. Norton had known her personally in New Orleans, La.

Those present for the meeting were Mesdames W. W. Wilson, J. M. Anderson, J. M. Carathers, J. B. Caraway, C. P. Norton, Cecil Payne, Miss Lulu Botsford and the hostess, Mrs. Arnold Hershey.

From newspaper reports, New York is dryer now than it ever was during the prohibition era.

Parents should teach their children that intolerance and bigotry have no place in American life.

What any man thinks of himself really doesn't mean anything until he proves it.

Sombody has said that tact is the ability to describe others as they see themselves.

The most detestable guy we know is the confidential speaker—easy scandal-buzzer.

A lot of changes have been made since the safety pin was invented years and years ago.

# HORSES UNDER THE HOOD ... OR PONIES?

Yes, there is a difference in the type of horses under the hood of your trucks. All of them consume fuel, but not all give you the horsepower you should be getting in return.

Reo's all-new Gold Comet gasoline truck engine, the absolute last word in modern truck-engine design, easily develops 140 horsepower at a governed speed of 3200 RPM\*. These are full-sized horses, all working at the flywheel, where it counts!

Investigate Reo before you invest in any truck. Find out for yourself. You name the test! For full information and demonstration, see us. Stop in today!

\*The new Reo Gold Comet engine of 331-cubic-inch displacement develops more usable horsepower at the rear axle than any other six- or eight-cylinder gasoline truck engine of comparable displacement.
