TUESDAYS—TWICE-A-WEEK—FRIDAYS

21st YEAR, NO. 32

HEREFORD, DEAF SMITH COUNTY, TEXAS, FRIDAY, JULY 1, 1921.

CAMP HOUSE FOR TOURIST IS COMPLETE

DANDY BUILDING, SEWERAGE, WATER, ALL EQUIPPED

PECULIAR THING

About it Was That Former Hereford Man Was The First Camper

If a Tourist stops you on the street and asks where the Camp Grounds are tell him, "Seven blocks east and one block south of the First National Bank corner" and you will steer him right.

That new Tourist Camp house is a reality at last. The building is 14x22. There is a tight room, with windows and doors, for privacy, and the remainder of the roof extends over a floorless space, with sides like a pavilion, a dirt floor, and with tables along the inside, and another one in the center, where the meals can be spread. Outside there are two closets, and water is piped where the tourists can easily reach it. The telephone company has been asked to install a phone, and arrangements are under way to put two electric lights into the building. There is a world-of-room outside for the campers.

This enterprise has been handled by the Road and Publicity divisions of the Chamber of Commerce, under Directors Walter Dunlap and Homer Wilkinson, respectively. W. F. West was architect and contractor. Mr. Wilkinson is now arranging to erect proper signboards at both ends of town, at the turn on J. H. Pitman's corner, and at the Camp itself.

The building is nicely painted in brown, with white trimmings, and is very neat and attractive in appearance. There is nothing nicer to be found anywhere and it is confidently believed this new comfort station will go a long way towards advertising Hereford to the motor world as an enterprising and progressive community.

One novel feature was the fact that the first tourist to use the camp. Wednesday night, was W. R. Hubbard, formerly a Hereford citizen. His father was a member of the firm of Hubbard & Barnett several years ago. Mr. Hubbard, now residing at Frederick, Okla., was enroute to California, and was generous in his praise of the new camp.

Hereford Gunners Smash Records in Wednesday Shoot

The weekly shoot of the Hereford Gun Club Wednesday developed the highest score of any previous shoot, either here or at the grounds of any other club in the association. The total was 119 dead birds out of a possible 125. The score was divided as follows:

Andy Godwin	25
French Thurmond	24
C. O. Lee	24
Frank Marra	23
D. L. McDonald	23

The Hereford club is easily leading all others in the Panhandle association and steadily gains in percentage from week to week.

H. L. BROADWELL AND SON MINGLE WITH LAUNDRYMEN

H. L. Broadwell and son, Phillip, returned this week from a trip to south Texas, where they attended the sessions of the Texas Laundrymen's Association, held at Galveston, June 22-23-24, and also visited ice plants at Beaumont, Houston and Fort Worth.

The laundrymen discussed advertising, the whole family bundle, efficiency, saving of coal, and many other subjects pertinent to the industry. Bathing on the beach and an all-day boat ride constituted the principal diversion features of the meeting.

MISS ETHEL FUQUA IS NOW VISITING ON CUBAN ISLAND

Information has been received here by friends and relatives that Miss Ethel Fuqua and her cousin, Harvey Clark, of Amarillo, are now on the island of Cuba, sightseeing, and expect to start for home within a few days.

Miss Fuqua and Mr. Clark left Amarillo June 11 on a sightseeing tour which has covered a big portion of the United States as well as Cuba.

Wm Howard Taft

Ex-President of the United States, nominated by the President as Chief Justice of the U. S. Supreme Court and confirmed by the Senate, with four "Bitter Enders" dissenting.

'SCUSE, PLEASE! WE OUGHT TO HAVE KNOWN RED BETTER

The Brand's in bad again. We ought to have known better, but we were so tickled over those nice new Irish potatoes presented to us by W. T. (Red) Smith that our natural horse-sense staged a runaway and we put our foot in it.

The neighbors around the Smith home are raising serious objections to that story about Red Smith's potatoes. They claim that Mrs. Smith did all the work and personally raised those spuds, and all that Red had to do with them was to sample the finished product on the table! They aver that justice should prevail, hence this apology to Mrs. Smith.

Incidentally, we hope this little slip won't deter others from bringing in their samples for expert advice.

Most Stores Will Close For Day on Fourth of July

Practically every business house in Hereford will close its doors next Monday, July 4, and take the national holiday, with the exception of the hardware and automobile shops. A petition was signed Friday insuring this, but the hardware men refused to sign up, owing to the fact that the harvest rush has them all swamped for time as it is.

MESDAMES HENRY WILKINSON AND L. W. HOUGH LEAVE

Mrs. Henry Wilkinson and Mrs. L. W. Hough, with their children, are planning to leave Hereford next Tuesday for the Pacific coast, where they will stay until at least September 1. The health of children in both families makes the trip desirable at this time. They will probably decide upon arrival to select San Diego, or some other resort in that neighborhood, for their summer's headquarters.

HARPER AGAIN IS PROPRIETOR TEXAS MEAT MARKET

The Texas Meat Market has again changed hands, Jim Robinson and Henry Cloyd retiring and R. G. Harper taking charge. The change became effective July 1.

Just one year ago Messrs. Cloyd & Robinson purchased the market from Harper and Brand.

The retiring partners state that they have not yet determined in what line of work they will engage.

MRS. DANIEL HAS GONE ON VISIT TO SON IN KENTUCKY

Mrs. M. B. Daniel and grandson, Jess Russell, left Hereford for Allensville, Kentucky, Thursday morning. Enroute they will visit relatives and friends in Oklahoma City. They also plan to take in the sights and wonders of Mammoth Cave, Ky. At Allensville Mrs. Daniel will visit her son, Ardis, formerly of Hereford.

MISS SKOOG LEFT FOR COLORADO TO VISIT RELATIVES

Miss Mabel Skoog, of Seranton, Kansas, who has been visiting in the home of her sister, Mrs. L. A. Anderson, left Hereford Wednesday for Colorado. Miss Skoog will visit her aunt in Colorado Springs and a brother in Denver.

The Mayor May Stage Real Scrap Himself, July 4, And Win With Knockout Fine—In One Round!

Look out, you folks with a crop of pet weeds—His Honor, the Mayor, is Mad! — and there's an official City Ordinance about allowing weeds to grow on YOUR premises, you know.

Thursday a suggestion was made to the Mayor that he issue a Proclamation to the people, urging the cutting of the weeds which are about to take the place, following the recent rainy spell. "Proclamation!" exploded His Honor. "Whadayemean. Proclamation?"

What earthly good does it do? Answer me that! ?!?! Haven't I issued those things annually since time immemorial, and they pay just about as much attention to it as they would to an exhortation to keep the Ten Commandments! ?!?!?

"Of course there are a few—count 'em—just a pitiful few—who have enough civic pride to keep their weeds down WITHOUT a proclamation from anybody. But their action would be about as unanimous as would the votes for the Socialist ticket at the next Presidential election!

"Proclamation—Rats!!—there's an ordinance governing this weed business, and for half a mind to haul some of these weed lovers into City Court one bright morning soon and collect enough money to have those weeds cut sure enough!!?!!!"

Jamison Requests Car Demands; Is Helping Harvest

Frank R. Jamison, secretary-treasurer of the Panhandle-Plains Chamber of Commerce at Amarillo, is working on the harvest hand and car situation matters. In connection with the various Chambers of Commerce in this section, Friday the Hereford Chamber of Commerce received the following telegram from this enterprising hustler:

"Car shortage already apparent. Shoot your car needs to this office immediately—how many you will need and how you can handle them to the best advantage for yourself and the railroads. We want this information for proposed personal investigation of agent of Interstate Commerce Commission. Cars should be loaded quickly and dispatched to the ports and markets with all possible haste. Market conditions fluttering to panicky. Impossible to forecast conditions. Wheat will probably go lower, but it is not within the province of this organization to speak authoritatively on that subject. This is simply our opinion. Elevator strikes, unsettled labor affairs, and God knows what else there is, makes prediction hard, with any degree of accuracy. Shoot your car needs and shoot 'em quick. Harvest help difficulties easing up slightly. Conditions are not conducive to your most virtuous utterances and ours, but, fellows, we have a condition to meet. Let's stand together with our heads up and tails-over the dashboard and face the problem. We will go the limit here any hour day or night—no dinner horn or social engagements will be allowed to interfere."

ERNEST CORN HAS SERVED HIS TIME IN NAVAL SERVICE

Ernest Corn arrived in Hereford Wednesday from San Diego, Balboa Park, Calif. Ernest has just been discharged from the Navy, in which he has served for the past two years. He was attached to the hospital corps and served as a pharmacist.

A. H. MORRISON IS NOW PROPRIETOR PLAINVIEW CAFE

Information received here states that A. H. Morrison, formerly proprietor of the Stockman's Cafe, has purchased the Busy Bee Cafe at Plainview and has already taken charge of the business.

Harrison Builds Culverts To Get Wheat in Mexico

The new road west to the New Mexico line is rapidly being put into shape by E. W. Harrison to handle the New Mexico wheat business this harvest time. Up to now the road has been excellent between culverts, but the culverts themselves have been lacking. Recent rains made these ditches almost impassable.

This week Mr. Harrison has had lumber and material hauled out and under his own supervision has been erecting these culverts so that the wheat men from across the line can haul their wheat in here without any trouble whatever. Wednesday five culverts were constructed, and Thursday and Friday the work continued.

Virgil Cunning And Jim Rutherford Quietly Slip Out of Town; Two June Brides Now Reported

Two Hereford young men slipped out of town this week and put one over on their friends by getting married. Neither of them made any advance announcement of the big event in their life, and local information was hard to obtain. However, both brides' home papers were on the job and chronicled the weddings.

Virgil Cunning, pharmacist, with J. J. Clark, was married in Plainview Monday, and James R. Rutherford followed suit in Canyon Wednesday. The Plainview papers have the following to say about the Cuning-Leach nuptials: "Monday morning at 8:30 o'clock Miss Ida Leach and Virgil Cuning were married at the home of the bride's parents, Mr. and Mrs. J. H. Leach. The ring ceremony was used, Rev. J. W. Israel officiating. Only the immediate families being present.

"Before the ceremony Mrs. R. W. O'Keefe sang, 'I Love You.' The bride and groom came in together while Mrs. Tom Carter played Mendelssohn's Wedding March. During the ceremony she softly played a selection from Lohengrin.

"The rooms were decorated with yellow and white daisies.

"The bride wore a grey tulle going-away suit with hat and other accessories to match.

"Mr. and Mrs. Cuning graduated from Seth Ward College in the same class.

"MOVE OR WORK" O. BAKER ISSUES NEW VAG ORDERS

"Work or Move On" is the slogan adopted by Night Watchman Omer Baker when dealing with the increasing numbers of bums and vags coming through here daily.

"Strange to say," remarked Omer, "although the farmers are calling for help, at good wages, most of this gang that drifts through prefer to keep moving to going to work and making an honest dollar."

A few days ago Omer put one man to work washing dishes. The stranger objected to this particular work so Omer offered to take him to the Chamber of Commerce and place him on a harvest crew. He liked this even less, so the Watchman told him to move quick and not let the sun go down on him in Hereford. He moved.

Vags are finding that Hereford is a poor town in which to congregate for any length of time.

SANITARIUM MONTH OLD, IS CROWDED

NEW COMMUNITY INSTITUTION LIBERALLY PATRONIZED

KEEP 2 NURSES

New Head Nurse Will Report Soon and Additional One Planned

Hereford's new Sanitarium, a community enterprise, is officially one month old July 1.

An inspection shows that for a month old baby it is a lusty and most promising youngster. Friday there were five patients on hand. Two more had just been discharged. Last week there was an overflow.

Mrs. A. D. Godwin, Matron, stated Friday that it would be necessary for her to keep two nurses to handle the business. Her contract requires that she keep a registered head nurse. At present Miss Kincaid is acting in that capacity. Miss Kincaid came here on emergency work and was persuaded to take the job as head nurse temporarily until a permanent nurse could be engaged. She does not desire the responsibility which goes with the job, as a regular thing. Mrs. Godwin has secured the services of a Miss Law, a graduate nurse, to take the place. At present Miss Law is nursing a sister in Amarillo and as soon as she can get away will assume her duties here. The second nurse position is yet to be filled.

If the present rate of growth continues the new building will soon be as inadequate as the old. But it is a vast improvement over what Hereford has afforded heretofore. There is system, order and modern methods apparent everywhere. Small improvements continue, and there is yet much to be done. Medicine cabinets are being installed on all floors, and a new washhouse has just been completed in the back yard.

The five patients on hand Friday were: Clyde Renfro, about ten years old, son of Orle Renfro, who was operated on Thursday for appendicitis; Mrs. Rev. Deffner, who lives forty miles west. Mrs. Deffner and infant are both doing splendidly; Jim Nixon, who underwent an operation last Monday; Mike Baker, harvest hand, emergency operation for peritonitis last week, who has been a very sick man, but was out of danger Friday; and Mrs. Ples Turnbow, who is now nearly well.

HEREFORD SCHOOL AFFILIATION HAS RISEN MATERIALLY

Through a communication from the state supervisor of public high schools, the school board is apprised of the fact that the material submitted from Hereford high school has been approved with the following additional credits: American history 1/2 unit, civics 1/2 unit, biology 1 unit. Reports upon the material submitted by the home economics department have not yet been received, but the board is expecting affiliation in this department.

Hereford high school now has 19 units of affiliation, an unusual number for schools of its size. If given credit in home economics, it will have very exceptional standing.

MISS COTTA SISK TAKES \$50 PRIZE GUESSING MATCH

The second prize of \$25 went to Mrs. Roy Stocking, who said the jar held \$96.75; third prize of \$15, to Miss Gettje Lovelace of Dimmitt, \$96.54; fourth prize of \$10 to John Williams, \$96.53.

HOW DO THEY MAKE 'EM THIS WAY?

While "You, Us & Co." pay up our little \$10, or \$50, or \$100 in income taxes without a word, a certain young person in New York of the name of Reginald Vanderbilt is making Uncle Sam work hard to get what the said Reggie owes him.

It seems that Reginald's income for the year was about six hundred and fifty thousand dollars—not for life, d'ye mind, but for one year! He sent Uncle Sam a check for \$3,500, or about half of one cent on the dollar. Under the law, the check should have been \$36,000, or about five and a half cents on the dollar, and the government sued for the difference. It now transpires that young Vanderbilt's learned lawyers are fighting the case tooth and nail through all the courts, so that it will probably take many years to settle it.

We can't understand the thing at all. Here is a country and a government that makes it possible for this young man to stick three-quarters of a million of dollars into his pants pocket every year, but he refuses to obey its laws or help the government to pay its expenses. And what a small thing it was—if he had paid the \$36,000 without a murmur, Reggie Vanderbilt would still have had left well over \$600,000 for the year.

How do they make 'em that way, anyhow?

SURELY NOT

The "Daily News Record," a New York newspaper that abhors sensationalism and is given much to printing accurate news facts, states that it has information on the best sort of authority that the new tax law soon to be enacted a Washington will (1) "Eliminate the present excess profits tax; (2) Reduce the higher surtax rate on in-

DON'T PLAY "BLIND MAN'S BUFF" WITH YOUR PRECIOUS DOLLARS

POOR WAY TO BUY.

To please his customers he must buy his goods with quality in mind and in order to sell at all his price must be reasonable. Don't invest your precious dollars in "Blind Man's Buff."

"BLIND MAN'S BUFF" is a poor game to play when we are spending our dollars. And that's exactly what we do when we send away to buy an article by mail.

The mail order house gets your letter and cash among a thousand or ten thousand others and a clerk jerks your article from the huge pile and sends it to you. No picking it over to suit your taste; no attempt to fit your special needs; you get no choice at all.

But when you trade at home, you pick yourself as your taste dictates; you can choose yourself for quality, and you can see to it yourself that your special needs are filled. Besides, the man in the store is your neighbor, and tries to please you.

comes; (3) Increase the lower surtax rate on incomes." Let's see.

No. 1.—"Eliminate the present excess profits tax." That is the tax which is paid by big corporations and institutions if they make great profits.

No. 2.—"Reduce the higher surtax rate on incomes." The higher surtaxes are now paid by the few thousand rich who have huge incomes.

No. 3.—"Increase the lower surtax rates on hundreds of thousands of people who have comparatively small incomes—the average merchant, the fairly prosperous farmer, the small manufacturer, the manager fellows, doctors, lawyers and a few newspapermen. All hard workers, earning by hard toil every cent of their incomes."

We hope the "Daily News Record" is not well informed. Not that increased surtaxes would effect this editor much, but because we don't think such a revision of the present high taxes is fair or right.

We simply cannot believe that con-

gress would adopt such a policy. Or that wise political statesmen would agree to it.

CHILDRESS MAN IS HURT IN RUNAWAY

Late Tuesday afternoon E. A. Lansford was the victim of an accident that has cost many a man his life and the wonder is that he lived to tell the story. He was driving a team of six, hitched to a binder, several miles east of the city and was riding the inside annual of the rear span, and had another man on the machine. Just before finishing up the patch of wheat they broke the plittman rod that drives the sickle and this fact probably saved Mr. Lansford's life.

As the remaining wheat amounted to so little, Mr. Lansford had turned his team out of the grain, intending to leave the remnant uncut. Just then the lead horses began to run away, jerking the machine up against those in the rear. They became frightened and started to run also. This frightened Mr. Lansford and caused him to try to jump from the mule he was riding. In jumping, his foot hung in the stirrup and he was dragged a short distance, but finally got his foot out and dropped to the ground in front of the sickle. The machine struck him in the back, four of the guards piercing the muscles of the back, making dangerous wounds. As he was dragged along by the machine he was rolled over by it and finally passed under it, still being dragged on the ground.

When he was finally free of the machine, it was found that he was frightfully torn and bruised, but it is not thought that any of his injuries will prove fatal.—Childress Post.

BOOTLEGGERS PAY CARELESS OF LAW

City Marshal Wardlaw on Saturday morning arrested two Childress men, Cox and Russell, on suspicion of being bootleggers. The men were turned loose later for want of evidence.

Late at night, however, he arrested them again, on of the men being very drunk, and having \$95 on his person, probably from the sale of booze. Besides the men and their Ford car, he secured about ten gallons of white mule whiskey, which proved to be their undoing. The men are thirty years of age, and while Russell is a farmer, Cox has been running a rooming house.—Quahah Tribune-Chief.

The rice acreage in Jefferson county, Texas, has been reduced approximately 60,000 acres. In 1920 there were 75,000 acres of this grain in that county. In 1921 there are only 15,000 acres. Other rice growing areas also report a sharp reduction.

PUZZLE:—FIND ONE BIG MAN

There's a feller here amongst us that deserves sincerest praise. There ain't no other citizen ore punctious in his ways.—He's silent as a crow-bar an' as sober as a jedge—an' he fills our blame requirements with a skill that's feather-edge! I know you all will wonder, an' I give you leave to guess the job that holds my hero, ere I hasten to confess. . . .

As I think still more about it, I'm compelled to state the fact: There ain't no man responsible, nor one that's better backed. . . . I'd like to overhaul him, an' praise him to his face, but it's mighty hard to ketch him, when he's any certain place! There's nothin' very startlin' in his manners or his dress, but he drives our rural mail route,—nothin' more, an' nothin' less!

For your Uncle John.

WIRE OVER CATTLE GUARD HURTS MAN

Barney Barber had the misfortune Sunday night to try to cross a cattle guard south of town that some one had partly fenced across. The single wire was just high enough to slip over the car and catch Mr. Barber across the nose and eyes. Being of the barbed variety, the wire did considerable damage to his face, but no serious or permanent harm is expected.—Stratford Star.

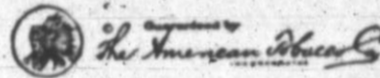

The manufacturing industry of the United States, classified according to products, places the packing industry as first, with a value of \$3,714,340,000 for 1919. The steel business ranks second with \$2,812,775,000, while the automobile business, including motor trucks, holds third place with a total value of \$2,387,833,000.

The New International Speed Truck

WITH the addition of the new Model S speed truck the great International line includes a size and a style for every hauling purpose. Sizes now range from the 1,500-pound truck, with a speed of 35 miles, to the 10,000-pound truck for heavy-duty service.

The new model is a successful combination of strength and speed. In every detail, it is designed and built to measure up to the quality standard so firmly established by International Motor Trucks. The same combination of skill and experience gained through 90 successful years of high-grade manufacture stands back of every International Motor Truck.

The four-cylinder engine has the necessary margin of power, sturdiness, and durability to cope with all road, weather, and traffic conditions. The internal gear drive rear axle and all other units measure up to the standard of quality set by International engineers. The Model S is regularly equipped with 34 x 5 pneumatic cord truck tires, electric lighting and starting equipment, and power tire pump.

Back of this dependable line of trucks stands the International free inspection service, which fully assures low-cost operation for all Internationals.

It will pay you to know more about International trucks and service. Come in at your convenience and let us explain just what low-cost haulage really means.

Mothers' Club

Tuesday's meeting of the Mothers' Club was held at the court house with an excellent attendance and a business program. Among a number of matters disposed of, were the final arrangements for the annual picnic of the club, which will be given at the park on the evening of the twelfth. The club will continue its work throughout the summer.

Visits in Fort Worth

Miss Emma Jean Donald left Friday for Fort Worth, where she will make a several weeks' visit with her grandparents.

She was accompanied as far as Amarillo by her parents, Mr. and Mrs. Charles Donald.

Slumber Party and Sunrise Breakfast

The long summer days are all too short for the good times that must be crowded into jolly vacation and June is offering the possibilities of wonderful starry nights to a succession of perfect days in order that pleasure-seekers may not be disappointed; so, the twilight shadows of ten herald, not the approach of night, but a dawning of fun and frolic which transforms night into day.

Such an occasion was the slumber party given Monday by Miss Kathleen Hawkins in honor of Miss Mabel McQueen. Eight merry maidens spent the night at the Hawkins home where from the setting to the rising sun "there was a sound of revelry by night."

At daybreak they motored to the Bradley ranch, where a campfire, soon was glowing and at sunrise the appetizing odors of a savory breakfast were wafted on the fresh morning air. Sharpened appetites intensified the pleasure the delicious repast afforded while a glorious sunlit morning completed a perfect environment for the festive merry-making.

Mrs. H. H. Hawkins chaperoned the party which included Misses Mabel McQueen, Eloise Pittman, Grace Ferguson, Eva Skelton, Maurine Hughes, Elizabeth Stegall, Frances Wilson and Kathleen Hawkins.

Endeavor Picnic

The Intermediate Endeavorers of the Presbyterian Church enjoyed a pleasant outing Monday evening when, under the chaperonage of Rev. and Mrs. Sharp and Mrs. C. C. Ferguson, they went to the Boardman lake for a picnic.

Abundant opportunity for recreative diversion was easily found, boating and bathing furnishing perhaps the greatest amount of pleasure.

A tempting picnic luncheon, spread just before nightfall was a delightful feature of the jolly excursion which gave pleasure to about eighteen young people.

Wedding Anniversary

A beautiful reminder of thirty-eight years of happy wedded life was the gathering on Sunday, at the hospitable country home of Mr. and Mrs. S. J. Rice of nearly a hundred friends representing the membership of Mr. Rice's Sunday School class, together with their families, Mr. Mallard the evangelistic singer, and Rev. and Mrs. Sharp.

Following the morning church service the party drove to the Rice home and spread the magnificent dinner which was the real feature of the happy event. The long table with its wonderful array of appetizing dishes was most inviting and the simple, informal serving added to the pleasure the feast afforded. When the plates were served, the company fled out of the house into a beautiful shady arbor which furnished a charming open-air dining room.

The day was delightful, the menu delicious, the association and fellowship, ideal.

A musical program led by Mr. Mallard was enjoyed during the afternoon.

Both Mr. and Mrs. Rice are capable and faithful workers in the Presbyterian Church and Sunday School, Mr. Rice having had charge of this one class for twelve years. Both are held in the highest esteem and this pleasurable observance of their wedding anniversary was a tribute to their genuine worth.

An honor guest of the occasion was

Mr. Rice's sister, Mrs. Booth, of Lincoln, Nebraska, who is visiting in her brother's home.

Miss Adams Honored

An evening bridge party given Wednesday by Mrs. Fred H. Oberthier Jr., was a pretty courtesy extended to a charming out-of-town visitor, Miss Sadie Earl Adams, of Plainview.

Tastefully decorated with garden flowers, the pretty home with its dainty new furnishings added its welcome of brightness and cheer.

Four tables of players were pleasantly occupied with the club game throughout the evening, a refreshment court of iced watermelon concluding its pleasures.

Enjoying the delightful affair were: Misses Sadie Earl Adams, Vivienne Steckman, Cotta Sisk, Douglas Wilson, Olive Wilson, Elizabeth Oberthier, Messrs. Virgil Cunniff, A. Lawrence, Roy Jowell, Johnathan Pitman, Ilo Chamness, Jack Mounts, Mr. and Mrs. John Williams, Mr. and Mrs. Fred Oberthier.

Society Personals

Miss Sadie Earl Adams, who has been the guest of Miss Elizabeth Oberthier, return to her home in Plainview Monday.

Mrs. F. H. Oberthier and daughter, Frances, left Thursday morning for Comanche, Texas, where they will visit Mrs. Oberthier's mother and other relatives.

FIRST WOMAN IN U. S. COURT

Being a U. S. District Attorney in these hectic days is a task for the ablest man lawyer—but to be the first woman assigned to the job and in the largest city in the land is a compliment to ability which needs no added words. Miss Mary R. Towne of New York was sworn in as first U. S. district court law enforcer last week.

NEW MERRY WIDOW HAT FROM YANK BRAINS

Peggy Hoyt, American girl, has just scored one great victory to face a bigger battle. In straight open competition she defeated the leaders of her art from three countries, France, England, and America, but her real job is ahead. She is expected by Henry W. Savage, the New York theatrical producer to produce a hat which will outlive the "Merry Widow" sailor of fourteen years ago. Savage is staging a revival of the famous Merry Widow operetta, and after a duel between millinery designers, selected Miss Hoyt for the task of creating a hat which, like its prototype, led millinery styles for seven years.

W. B. GREEN, OLD SETTLER, PASSES TO LARGE REWARD

W. B. Green, of Castro county, one of the old timers in the Panhandle country, passed to his reward last Tuesday, June 28. Mr. Green was born in Jasper county, Texas, November 8, 1858. In 1885 he married Miss Nettie Keathley in Hill county, Texas. Eight children were born to this union, of whom seven survive. In 1900 Mr. Green came to Castro county, where he engaged in the stock farming business. He was elected tax assessor of the county in 1914 and served in that capacity two terms. About a year ago he was stricken with partial paralysis and spent a great part of the time until his death in Colorado. Funeral services were held at the Methodist Church Wednesday afternoon, Rev. M. M. Beavers officiating. Interment at City Cemetery.

PERSONALITY is an important factor in a man's success. It is equally necessary for the success of a business house. Did you ever stop to consider that every letter, every printed word you send out can help to develop your personality or destroy it?

Our printing business is built on the principle of doing more than just enough to get by with our customers. We consider every account as an individual with a personality and every piece of work done by us is designed to help that personality.

Our facilities are such that we can add a few more Real Seekers after Quality Printing that will reflect the personality of their house.

In the home or office, store or shop, an electric fan will pay large dividends in efficiency and comfort. In the living room and dining room the sheer beauty of an Electric Fan lends charm. In the bedroom its silence makes it desirable, and in the kitchen it is a tireless assistant. It operates at the turn of the switch. Put a G. E. Fan in your home and make the whole house comfortable.

MAN IS WHIPPED AT WICHITA FALLS

Wichita Falls, June 24.—His hands pinioned around a tree trunk, a young Wichita Falls lease broker yesterday afternoon was whipped with a horse-whip on one of the principal streets of the city, and just a few blocks from the heart of the business district.

The whipping was staged by two men on Tenth Street, and at an hour when there were a number of persons on the street. Witnesses declare the young man was beaten until blood showed through his clothing.

The two men participating in the affair met the man whipped as he was going down Tenth street in an automobile. Blocking his way with their machines, they stopped him. He attempted to run, but was caught as he stumbled and fell.

The man who laid on the whip went to the police station to give himself up on charges of affray. Bond was made quickly. The man beaten refused to press charges, saying he wished no notoriety to be given.

Divorce proceedings were brot last week by one of the men administering the beating, and the other has recently had domestic difficulties, it is said.

Everett C. Brown of Chicago has been elected president of the National Livestock Exchange.

Get the Pedigree of Your Tractor, Too

You wouldn't think of buying a pure bred bull or hog without looking carefully into its pedigree. The blood line is all important.

And just as carefully should you investigate the pedigree of the tractor you buy. Its history—its record—is the vitally important basis on which to buy.

The OilPull pedigree shows a remarkable record of service, dependability and long life—a record unique in tractor history that shows the first OilPull built still working after years of faithful service.

This OilPull pedigree shows that you can depend on it for unequalled economy of fuel and upkeep. In fact its makers back this record of economy with a written guarantee that the OilPull will operate satisfactorily on kerosene under all conditions of soil and load.

Before you buy any tractor, look well to its pedigree. Find out what it has done—not what it may do. Then compare the OilPull's record with any other, and we leave the rest to you.

HERE'S PROOF

A Hereford Citizen Tells of His Experience.

You have a right to doubt statements of people living far away but can you doubt Hereford endorsement?

Read it:

W. F. Diebel, farmer, Hereford, says: "Before I came down to this part of Texas, I was troubled constantly with weak and diseased kidneys. When suffering from kidney trouble my back ached and pained a good bit of the time. My back also would become weak and sore and pains would shoot through my back just over my kidneys. My kidneys did not act regularly, were weak and scanty in passage. I began taking Doan's Kidney Pills and they relieved me of the pain and fixed me up so my kidneys became regular in action. I know Doan's Kidney Pills are a good kidney remedy."
