Pair Fined \$50 On Itinerant Vending Charge

Two out-of-town men soliciting roof repair work drew stiff fines of \$50 each under the itinerant vending ordinance.

The charge is a misdemeanor offense under existing city ordinances. The pair were tried in Corporation Court, Henry Benson presiding.

Fined for the offense were Tom Riley, 28, of Austin, and David Thomas McBride, 24, of Lubbock.

Charges against the two men were filed after they had approached a housewife about fixing the roof of her home.

She queried the Deaf Smith County Chamber of Commerce seeking information on the two men. The Hereford Police Department then was notified.

An alert was broadcast for the pickup of the pair. They were arrested for the city by Ed Roberson, deputy sheriff.

A city ordinance requires all persons who conduct temporary business in the city to file an application for itinerant vending license.

The application must be filed with the city clerk ten days prior to beginning sale and a \$2000 bond must be posted. The bond will remain in force for the duration of the license and ten days afterwards.

The applicant must also pay a \$50 fee for the principal agent with a \$10 fee for each additional agent. Each applicant will be fingerprinted and investigated.

SWEETHEARTS AND BEAUS were honored during the annual Sweetheart and Beau party sponsored by the high school and junior high chapters of the Future Farmers of America in the Bull Barn Saturday night. Some 150 homemakers and their guests, the Future Farmers of America, were on hand. Named as junior high "Sweetheart and Beau" were Roddy Allred and Joan Marnell, left. Edward Allison and Kathleen Kuper were honored by the Royal Rose high school chapter, and the high school Chapter I picked Dan Wall and Linda Jones, right, for the "Sweetheart and Beau" honor. Future Farmers Honored During Amarillo Banquet

Hereford Future Farmers received seven banners out of a possible eight at the annual Amarillo District Future Farmers of America Banquet Tuesday night. The awards were presented in honor of accomplishments at district contests held earlier in the year.

As a highlight of National F.F.A. Week, the group of 24 local club members attended the affair in Amarillo. Joyce West local F.F.A. Sweetheart, was a special guest.

Jess Robinson, head vocational ag. teacher and club sponsor, and Wyatt Harmon, assistant, accompanied the club members. F. F. A. is the extracurricular branch of vocational agriculture instruction in high school and junior high.

Conflicts Cancel Shakespearean Play Production

Due to schedule conflicts, the Hereford High School Thespians have been forced to cancel plans for their presentation of "A Midsummer Night's Dream," which had been slated for March 23-24.

Although the entire cast had been chosen and the group had completed a full week of rehearsals, the Thespians decided not to present the Shakespearean comedy because of many schedule conflicts with cast members, and also conflicts over use of the Hereford High School auditorium.

"We also felt that there was very little interest being shown in the play," stated Thespian sponsor and director James Hinkley.

Hereford received two first place awards, one second, and four third-place banners for the Amarillo district contests, as well as a first and a second in area contests, and a fifth-place honor in state competition.

Hereford's Army Reserve Center Will Be Moved

The last meeting of the Hereford Army reserve unit was held Monday night as plans were made of the proposed reorganization of the unit in the Panhandle area.

Meeting with members of the first platoon of the 700th Engineer Company (Pipeline) was Lt. Col. Donald J. Klevit, unit advisor and Amarillo Sub Sector Commander.

All equipment of the platoon was turned in during the meeting of the unit Monday. However, written orders for the movement of the unit have not been issued as yet, said James Alston, former platoon commander.

Under the proposed plan, the unit will be moved to Plainview and will probably consist of one officer and 30 enlisted men. When the unit was stationed here, it was authorized one officer and 66 enlisted.

However, strength of the unit varied with approximately 43 men in the unit now.

A majority of the men will probably be assigned to the control group, said Alston; the remainder may be assigned to units in Amarillo or Plainview.

Around Town

With overshoes dug out of the garage and camera at the ready, we prepared for a thick blanket of snow Saturday morning. But when we got up, there was nothing except bitter cold and some grey-looking clouds. Although we seemed to have missed all the snow, we didn't fail to get a frost that killed off fruit trees and some early flowers that were budding. All of us knew that the pretty weather was too good to last, but we had visions of an early Spring.

The reception for Marie Sears had to be cancelled last week. But it now is set for 8:30 p.m. Tuesday, Feb. 27, in the Jim Hill Hotel ballroom. It will mark the end of 36 years of service with the telephone company. All of her friends are invited to attend.

A hearing has been set in Midland on Bracero labor by the U.S. Labor Department. It will start at 9 a.m. Wednesday, Feb. 28, in the National Guard Armory. It will be concerned with rules and regulations on using Bracero labor. Anyone now using Bracero labor who used them in the past and is not now able to get them, is urged to be present to present their views on the subject. County 4-H Clubs Schedule 'Share The Fun' On Monday

A wedding, an interview with Mrs. Beebe, and a wasted tip will set the stage for many laughs during the Deaf Smith County 4-H Council's annual "Share The Fun" contest to be held in the high school auditorium Monday night at 7:30 p.m.

Eleven county 4-H groups have assembled skits for the program. Highlighting the evening's affairs, the county 4-H King and 4-H Queen will be announced.

No admission will be charged, and 4-H'ers have extended an invitation to everyone to be on hand for the yearly stunt night.

Miss Janice Higgins, last year's queen, will crown the new royalty Monday night. The queen will be chosen from a field of five, including Kathryn James, Glenda Fuhrmann, Catherine Smith, Carlene Richardson, and Marsha Burns.

"4-H King" will be either Jim Higgins or John Perrin. Eleven stunts will be presented, and each will compete for prizes and the chance to enter the district contest to be held April 28 in Canyon.

Getting the evening off to an unusual start, Ford 4-H club members will present their version of "It Could Be You," and Hereford Workers will stage "A Wedding," these will not be entered in the competition, however.

Five skits will compete for the chance to advance to district in the junior division, for stunts with nine or less participants between the ages of nine and 13 years of age.

"An Interview with Mrs. Beebe" is the Willing Workers 4-H Club's selection, followed by Dawn 4-H Boys in "The 4-H Road."

The Walcott Boys Barnyard Band features the Walcott boys and will be followed by "Cinderella and the Beatniks," produced by the Dortha Prowell 4-H Club. Eager Beavers 4-H Boys slated "Professor Stretchim's Upsetting Exercises."

In the senior division for 4-H'ers over 13 years old, "The Wasted Tip" will star the Walcott 4-H boys. "The Dawn 4-H'ers Quartet" will feature the Dawn boys club members.

Happy Hustlers 4-H schedules "Such a Hot Day," and "Cultural Advantages in 4-H" will be presented by the Willing Workers 4-H Club.

Ernest Langley serves as Mr. Interlocutor of old-time minstrel fame, and will direct the hilarious on-stage "goin's-ons." Endmen Ben Gollehon, Roy Hartman, J. W. Robinson, Dub Reeves, Buddy Evans, and J. F. Martin will be wheelin' and dealin' in wise cracks and punchlines during the production.

Sporting an orchestra that is bigger and better than ever, according to Charles Bell, minstrel director, the full male choruses and very female-type can-cans will be accompanied by Don Baugous at the piano keyboard, Gerald Martin with the twangy guitar, Bill Penn and his rhythmic drums, Woody McDermitt on the string bass, Charlie Bell wailing his saxophone and clarinet, and Glen Nelson and Alvin Schmuicker on the banjos.

and the second one to be presented in Hereford. The minstrel will bring quartets, soloists, comedy routines, and a full chorus.

"The minstrel will be packed with 'old favorites,' ranging from light and swingy numbers to Negro spirituals.

All proceeds from the two-night show will go towards the Lions Club's pledge of \$7500 to the home for the aged.

4-H, FFA Members Enter Stock Show

Eight Deaf Smith County youth members of the Future Farmers of America and county 4-H Clubs, have entered stock in the 1962 Junior Calf Show and the Junior Commercial Steer Show of the 30th annual Houston Livestock Show and Rodeo.

Four-H club members with entries in the calf show slated to begin this week are Larry Minks, Jennifer Barnett and Becky Higgins. All three are entered in the Hereford division of the show.

Jackie Andrews, a member of the Hereford High School FFA chapter, is the lone entry from the county in the Angus division of the junior show.

Sponsors of the trip by the eight county youths are Lefty Thomas, county agent, and Jess Robinson, vocational agriculture teacher at the high school.

Entered in the Junior Commercial Steer Show are Joe Schultz of Route 1; Edward Allison 101 Douglas; Pat Smith of Route 1; and Steve Coneway of Route 3.

Both Allison and Schultz have entered steers in the pen of ten division while Smith is entered in the pen of five and Coneway in the pen of three division.

Purpose of the show which is scheduled for Tuesday is to encourage 4-H Club and Future Farmers of America chapter members to participate in practical beef production programs.

The program emphasizes greater use of home-grown feeds and finishing beef steers for market grades to meet demands. Not only is the animal judged, but the feeding record and its economy.

Cash prizes of \$1,000 will be awarded for first place; \$500 for second and \$250 for third. Each animal will be judged individually.

Also, animals rating U. S. Prime will receive a blue ribbon and \$15 per animal. Those graded U. S. Choice will receive a blue ribbon and \$13.50 per animal with a white ribbon and \$12 per animal being awarded for U. S. Good ratings. (Continued on page 6)

possibility of enclosing the Hereford Municipal Swimming Pool for use all year was discussed in a meeting Friday morning.

Members of the recreation committee of the Deaf Smith County Chamber of Commerce voted to investigate the possibility of utilizing the pool year-around instead of just in the summer.

Chairman Guy Lawrence said that the committee would seek information about the cost of building a permanent roof and movable walls for the present pool.

The committee also decided to talk with the City Commission and County Commission about using prisoners to help clean up parks and roadsides. They felt that such a project would provide an opportunity for prisoners to work instead of just staying in cells and would be a source of labor for such beautification projects.

Two other projects were discussed, but no action was taken on either. The committee talked about the feasibility of using portable backstops in the Bull Barn for an indoor rifle range. This, they felt, would provide an opportunity to teach marksmanship and aid in the foundation of a rifle team or teams in Hereford.

They also discussed the need for more picnic facilities in the city, both for residents and for tourists.

In a rather heated meeting Thursday morning, members of the Retail Trade Promotion Committee decided to ask local law enforcement officials to investigate possible violations of the "Sunday closing laws" in Hereford.

Action came after county attorney Ed Line had discussed the state statutes, penalties, exemptions and courses of action.

Some members of the committee first wanted to have complaints signed against violators by the committee as a whole, but were advised by Line that this could not be done.

The group then wanted to go on record as opposing violations, but were advised that this would be a matter of policy and would not be approved by the Chamber of Commerce board.

With about 25 persons attending, a motion passed 10-1 to ask that city and county law enforcement officers be asked to look into the situation. Others did not vote.

Line told the group that the law in question was passed in 1961 and went into effect last fall. He explained that the latest statute provided that previous laws on closing of certain stores remained in effect, unless they were superceded by the latest legislation.

"The first law on the books in Texas was passed in 1863," Line said. It stated, in effect, that any person who worked, who required others to work, or who hunted game within a half-mile of any church or residence could be fined from \$25 to \$200.

This law was all-inclusive and provided no exceptions, Line pointed out.

In 1867, the state passed a law to supplement the 1863 act. It listed exceptions, saying that the 1863 law did not apply to farms, steamboats, common carriers, household work, foundries, sugar mills and public houses, such as hotels and restaurants.

Line said this law was aimed at exempting the "necessities of life." That same year, the original law was amended to prevent horse racing for money or any other form of gaming on Sunday.

Also included was a "selling" statute, which decreed that any merchant, trader, business, or amusement which sold or offered to sell or opened for business was subject to a fine.

These two laws, he explained, remained on the books without change until 1925, when other exceptions were added to the list. Among others, it exempted sales of ice, ice cream, milk, drugs, gasoline and petroleum products. Courts ruled in test cases that businesses could sell only the exempted items.

In 1961, the State Legislature passed a law patterned after Pennsylvania's, which was held constitutional by the Supreme Court.

It forbids sales on the consecutive days of Saturday or Sunday. (Continued on page 6)

Amarillo Boys Failures As Escape Artists

Two teenaged youths who ran away from their homes in Amarillo Thursday, tried to turn into escape artists after being picked up here by the Deaf Smith County Sheriff's office.

The first escape from the Sheriff's office went out a window in the men's rest room at the courthouse. While law enforcement officers were trying to capture the youth again, the second one escaped through the same window.

However, he was caught before he could get far enough away. After spending the night in the county jail, the 16-year-old was released in the custody of his employer.

A 15-year-old youth, who escaped first, spent the night out of jail. However, he was spotted about 11:30 a.m. Friday at the loading dock of Howard Gault and Son packing shed.

The report on the youth was turned into the Hereford Police Department. The dispatcher for the department then alerted the Sheriff's Office.

After the alert was broadcast, the youth was picked up and is now back in the county jail.

The pair were first picked up after the law enforcement officers were notified by Amarillo that they were headed for Hereford on the bus.

When first picked up, it is reported that they had a zip gun and a screw driver with a filed-down point.

Accident Injures Hereford Couple; Demolishes Car

A two-car collision on Dairy Road about 8:30 p.m. Friday sent a Hereford couple to the Deaf Smith County Hospital for treatment as their 1961 foreign-made compact car was demolished.

Treated at the hospital and released were Mr. and Mrs. Charles E. Brown, 209 Ave. J. Both received cuts and bruises in the accident. (Continued on page 8)

big advance in baby feeding!

- no sterilizing! new disposable bottles are pre-sterilized — no bottles to clean or scrub.
- really air free! dramatically reduces spitting up and colic.
- baby feeds better! takes more formula more easily — like "Nature's Way"

Now the feeding of baby can be safer, easier, faster and healthier than you ever dreamed possible. The Playtex Nurser works "Nature's Way"... no vacuum forms in the soft pliable bottle — no collapsing of the nipple to cause exerted sucking and air swallowing. So baby takes in nourishing formula instead of "swallowed air" which can cause distress, crying, spitting up and colic.

For the first time a nipple that looks, feels and works "Nature's Way." Its soft, broad shape promotes correct mouth, jaw and teeth exercise.

Used and approved by hospitals. The new Playtex Nurser is ideal for every baby. It's almost a must for newborn and premature infants and problem feeders, because baby takes more formula more easily. Ask your doctor and get a Playtex Nurser for your baby today.

Kiwanians Hear About 4-H Work

A program pointing out the program of the Deaf Smith County 4-H clubs was presented at the regular Thursday meeting of the Hereford Kiwanis with Loreta Fowler, assistant home demonstration agent, serving as moderator.

Also participating in the program designed as a preview of the Share the Fun Festival and 4-H Week programs was Catherine Smith and members of the Hereford Workers 4-H Club. In discussing the program, Miss Fowler pointed out the various projects and demonstrations available to club members. Demonstrations are divided into two classes, she said. The first is the method demonstration which can be performed in a matter of a few minutes and is accompanied with a short talk. The second, the result demonstration, Miss Fowler continued, is a project that is carried on over a period of several months. There are approximately 50 projects available for a club member.

Catherine Smith, after an introduction by Miss Fowler, spoke to the club on her project, "Food For Survival."

In her talk, Miss Smith outlined the types of food needed and the quantity necessary for family survival during a disaster or an atomic attack. The skit presented at the beginning of the 4-H program illustrated the planning that goes into the program here in the county.

Method Of Stippling Shown To Art Club

Members of the Hereford Ceramic Art Club met at 3 p.m. Thursday, Feb. 22, in the Art Room of the Hereford Community Center.

Mrs. Mary Denton gave the program on "Gold And Silver Brocading, Embossing, and Stippling." She demonstrated the art of stippling with the application of a design engraved with dots, in distinction from engraving in lines. The work is done by repeated short touches to produce an evenly graded shadow.

Mrs. Nell Culpepper, vice president, presided at the short business session.

Mrs. Elsie Boardman, hostess, served refreshments to Mesdames John Robinson, Roy Calvert, Bill Hromas, Mary Denton and A. H. Swigart.

PROTESTANT-CATHOLIC PARLEY

EINDHOVEN, The Neatherlands — About 1,000 young Catholics and Protestants met here in mid-February for two days to discuss Catholic-Protestant relations and prospects of eventual union. The affair followed a directive from Dutch Catholic bishops encouraging such meetings.

city, spoke at the First Nazarene Church in Borger Sunday morning.

Charles Brown returned home last week from Germany, where he had been stationed with the armed forces. His wife, the former Wanda Riddle, was in Germany with him for several months, returning home before he did.

Mr. and Mrs. Clayton Gene Rutter and son, Allen, of Amarillo spent the weekend here with his mother, Mrs. Lois Rutter.

Mr. and Mrs. Elmer Combs are the grandparents of a girl born Friday, Feb. 16, to Mr. and Mrs. Bill Combs. Mrs. Combs is the former Linda Thomas, daughter of Mr. and Mrs. W. W. Thomas of Westway.

Mr. and Mrs. Byron Durham were among those from Hereford attending the wedding of Miss Sylvia Wiman at Portales, N. M., Saturday night. Their daughter, Mrs. Paul Cheek and family of Wink, met them at the home of Paul's parents in Portales, where they had dinner together Sunday.

Della Stagner and Mrs. Alice Christman attended the funeral service of Erma Walker's father at the Methodist Church in Lockney last Friday afternoon.

Mr. and Mrs. Claude McDouglas are spending several days in Prescott, Ariz., where they were called by the illness of his mother.

A first grader approached his teacher the morning after John Glenn's flight and, with eyes dancing in excitement, exclaimed, "That man went up in 'pace' again!"

Newcomers to Hereford are Mr. and Mrs. Warren (Bud) Jorde and sons, Jeff and Randy. The Jordes moved here from Cando, N. D., in order that he could devote full time to the Jorde Potato Company's operations in the Hereford area. Jorde is associated with his

brothers, Keith and Jim, in the growing, packing and shipping of "chippers" (potatoes to be used exclusively for making potato chips) in North Dakota, Minnesota, Arizona and Texas, and in the raising of certified seed potatoes. Jeff, age 10, and Randy, age 8, attend Alkman School.

The Hereford Women's Bowling Association, in cooperation with the local bowling lanes, is enthusiastically preparing to host Hereford's first area-wide Women's Invitational Tournament on the week ends of Feb. 25-26 and March 3-4. Among the entries are teams from Famps, Borger, Amarillo, Canyon, Tulla, Shamrock, Fryona and Dimmitt as well as 15 Hereford teams.

A number of top-notch women bowlers are expected to attend the tourney and it is hoped that the event will become an annual affair. Alice Lueb is serving as secretary-coordinator for the tournament. Mrs. Charles Owens and Mrs. Glenn Watts are the respective presidents of the two local women's leagues.

Mrs. Ernest Wade, president of the Hereford City Council of Beta Sigma Phi Sorority, has announced this week that the two local chapters of Beta Sigma Phi will work jointly under the Council in the sponsorship and staging of the annual spring style show. This year's fashion presentation is to be held on April 6. The event for many

previous years has been sponsored by the Business and Professional Women's Club here. (The B&PW ladies have retired from the style show in order to concentrate their efforts on their patriotic bunting project, which involves decorating our town for holidays and special celebrations.)

Mrs. Ronald Babione and children, Charlotte, Ronny, Rusty and Bruce, visited over the past weekend in Clinton, Okla., with Mrs. Babione's parents,

Mr. and Mrs. Buff Burtis, and her father and mother-in-law, Mr. and Mrs. Lester Babione.

Next March 9 appears to be a favorite date for area activities. It will be the first day of the annual District Teacher's Meeting in Amarillo (and the Deaf Smith County schools will be dismissed.) It is the date for Hereford's annual Music Festival, and it is also the appointed day for the annual World Day of Prayer observance.

4-H Club Girls Prepare Stunt

A program on recreation was the highlight of the regular Merry Maidens 4-H Club. Mrs. Wilma Bryan taught those present a game commemorating the birthday of George Washington.

Girls also practiced the skit that the club will present during the annual "Share the Fun" contest in the high school auditorium Monday night.

Nine people were present for the meeting in the home of Patricia Herr. President Glenda Fuhrmann presided at the meeting. Next meeting for the club is set for March 7 in the home of Wilma Byran.

Members present were Glenda Fuhrmann, Kay James, Fanelda Williams, Becky Long, Wanda Fuhrmann, Dorothy Marnell, and the hostess. Guests were Mrs. Raymond Herr and Mrs. Forrest Marnell.

Speech Students Practice Debates

The regular meeting on Tuesday, Feb. 20, of the Toastmasters Club at 7 p.m. in the Hereford Country Club, featured speech students of James Hinkley, speech instructor in Hereford High School, who participated in a presentation of debates. The students were Misses Caroline Brumley and Jackie Nunley, Gary Kendrick and Don Payne.

The Toastmasters served as critics and judges for the young speakers, in an effort to improve their speech manners for the debating contests scheduled soon.

By Suzy Woodford
First of all, I would like to say congratulations to both our fine A and B basketball boys! Both teams did a very fine job this season. The B team won all their district games and the A team only lost two games. Friday night at Canyon was disappointing to a lot of people, but the boys played an excellent game and we are very proud of them.

Last Monday, about a week ago, Judy Wiman, Judy Guinn, Janis Hagans, Carolyn Aven, Cynthia Seed, Ruth Ann Allison, Rhonda Neff, Kathy Boston and Royce Ann Gilliland gave Pegene Cox a surprise birthday party at Judy Wiman's house. Pegene was 15 on Feb. 4. The girls had frosted Cokes, potato chips and dip. After they ate, they went bicycle riding to work off the calories the food had added. Life does get "tedgeous!"

Several girls did get candy for Valentines. Shari Carmichael got two boxes of candy — one from her father and one from her brother-in-law. Lori Rush received some candy from Fred Henry. Diane Clearman and Nisky Bradford were also among the fortunate ones to receive candy.

Linda Reed and Kay Lemons both were given big bouquets of flowers, which they were very pleased about.

Caroline Brumley got a somewhat different Valentine present. Key Crawford took her to see "The Music Man" in Lubbock. When they got to Lubbock they met Nancy Crawford, Key's sister, and her date. Caroline said the production was very good and she really did enjoy it.

The youth of the First Baptist Church had a Sweetheart Banquet Thursday night Feb. 15, under the Hawaiian theme. The church was decorated with palm trees with monkeys climbing them, flowers, little grass huts, pictures and lanterns. The programs were in the shape of little grass huts also.

The group feasted on ham, baked potatoes, green beans, fruit salad, and ice cream. The entertainment was furnished by Beverly Boyer and Donna Rogers who sang Hawaiian songs. They were accompanied by Avie Justice. Next, Bunny Martin, a well-known magician, told jokes, did magic tricks and tricks with his yo-yo.

One of the jokes he told was on Bill Steele and Lynn Sowell. It seems on their first date Bill kissed Lynn on the forehead so on the next date, Lynn wore the highest pair of heels you ever saw!

The Young Women's Association of the First Baptist Church

had a slumber party Friday night after the basketball game in the home of Linda Reed. The girls ate ham sandwiches, cake, cookies and Cokes. Saturday, after much talk and no sleep, some of the group toured the Reed ranch. The rest of the girls had to come home and go to work. I pity them!

Veleda Study Club Hosts Games Party

Veleda Study Club members entertained their husbands on Tuesday evening, Feb. 13, in the Community Room of the First National Bank. Hostesses were Mrs. Gwynne Owen and Mrs. Charles Hoover.

A Valentine dinner was served from a table decorated in the motif of the special day. Games were played for the remainder of the evening.

Present were Messrs. and Mesdames Charles Hoover, George Ritter, Robert Strain, Gerald McCaskill, Bill Bradley, Hugh Clearman, Jess Robinson, Don Bagous, H. A. Tuck Jr., Don Johnson, Gwynne Owen, Gene Matthews, John Seiver and Mrs. Wendell Burdine.

Valentine Party Fetes Husbands

The Hereford Country Club was the scene on Thursday evening, 7:30 p.m., Feb. 15, for the meeting of the Young Mothers Study Club.

Mrs. Jim Arney, program chairman, was mistress of ceremonies for the occasion; a Valentine dinner for husbands of the members and games. The head table was decorated with a centerpiece, made of a large styrofoam wedding band and engagement ring surrounded by red carnations. The meal was served by candlelight.

A short business meeting was held after dinner. Several new members were elected. They will be introduced at the next meeting.

Games were played with Mrs. Bobby Shelton winning the prize for high score. Attending were Messrs. and Mesdames Jim Arney, Homer Rudd, Pat Ferguson, Charles Springer, Edd Rinn, Dallas Phillips, Bobby Shelton, David Patterson, Don Newman and Howard Hunter.

WITNESSING AT WORK MILWAUKEE

A special conference on serving Christ in the various trades and professions will be held here March 30-31, under sponsorship of the Christian Service Brigade, a national organization for boys with headquarters in Chicago.

Clothing Consumer Program Scheduled Here On Tuesday

Tuesday, Feb. 27, at 2:30 p.m., a Clothing Consumer Day Program will be presented in the District Court Room of Deaf Smith County Courthouse. The consumer program has been arranged by the clothing sub-committee of the County Program Building Committee. Seven exhibits by local merchants will be set up for viewing. One exhibit by Sharon Bezner will display four wool garments of

her own construction. The exhibit will also show many of her 4-H accomplishments.

Mistress of ceremonies for the program will be Miss Edith Lois Wilson, District Agent of District One, with headquarters in Amarillo. She has been in extension service for 22 years, having served as County Home Demonstration Agent and District Agent in District Five, with headquarters in Mt. Pleasant, before coming to Amarillo in 1957. She will conduct a question and answer period on the program schedule.

"Fibers in the News" will be presented by Mrs. Dortha Prowell, homemaking teacher of the clothing department of Hereford High School for the past seven years. This is her first year to serve as chairman of the clothing committee. Mrs. Prowell is a graduate of New Mexico State University. She served for two and one-half years as assistant Home Demonstration Agent and two years in extension service in Curry County, N. M. Mrs. Prowell has resided in Hereford for ten years. She is doing graduate

work at Texas Woman's University.

"Finishes on fabrics" will be discussed by Miss Fannie Brown Eaton of College Station, a Clothing Specialist of the Extension Service. She is a graduate of Texas Tech and Columbia University. She served as County Home Demonstration Agent and District Agent before her appointment as clothing specialist.

Woodie McDermitt, manager of a local dry cleaning establishment, will be the speaker on "Dry Cleaning News." McDermitt is a native of Castro County and has lived in Hereford for eight years. He is a graduate of the National Dry Cleaning Institute in Silver Springs, Md. He has been a member of the clothing sub-committee for one year and has presented a number of clothing consumer day programs in Muleshoe and Hereford.

"Your Clothing Dollars" will be discussed by Mrs. Argen Draper, Mrs. Draper has served as Home Demonstration Agent

in Deaf Smith County for a period of 15 years. She is a graduate of Texas Tech and is presently doing graduate work through project courses from Texas Woman's University.

Members of the Clothing Sub-Committee of the County Program Building Committee are Mrs. Dortha Prowell serving as chairman; Sharon Bezner as secretary; Mrs. E. C. Hammett, Woodie McDermitt, Mrs. R. L. Wilson and Mrs. Roy Pruitt. The committee is one of seven sub-committees working with the building program.

Everyone is invited to attend the consumer day program.

Entries in the show will be judged according to official records and evidence regarding the care and feeding of the steers. Written and oral examinations will also be given.

All four of the Deaf Smith County FFA members will be honored at a dinner along with other entrants in the show. The banquet will be held Wednesday and is sponsored by the Houston Packing Co.

Labor Department is trying to prove up its contention that Bracero labor is not necessary and that it should be abandoned completely.

Jay Naman, president of Texas Farmers Union, will be a special guest here Tuesday, Feb. 27, when the Deaf Smith County Farmers Union has a covered dish supper in the Community Center. The meal is to start at 7:30 p.m. Special entertainment will be provided by the Farmers Union Juniors. All farm families are invited to attend. The Castro County Farmers Union will host Naman, who is from Waco, at 10 a.m. Wednesday with a coffee in the Steak House at Dimmitt.

Sunday of a long list of items. Penalties apply to anyone who sells or offers to sell, and may apply to store owners, managers or employees.

Line explained that each sale is a separate offense. The law provides a fine of \$100 for the first offense and up to \$500 fine and a maximum of six months in jail for all offenses after the first. Included would be an injunction to close the offending store.

Among the list of prohibited items are motor vehicles, clothing, clothing accessories, wearing apparel, foot or head wear, furniture, kitchen-ware, appliances, power tools, jewelry, watches, clocks, toys, but excludes items sold as novelties or souvenirs.

Prohibited items may be sold if the purchaser signs a certificate certifying that the purchase is an emergency. Occasional sales by those not regularly engaged in such trade also are permitted.

Line pointed out that laws are not self-executed. They may be enforced by a law officer without a warrant if the offense is committed in his presence. Otherwise it must be acted on by a complaint.

Line stated that a complaint must be signed by an individual not by a corporate group. After a complaint has been signed, the county attorney would file information for the misdemeanor or offense. He said that the law would be enforced as citizens filed complaints.

Sheriff Lowell Sharp told the Brand Saturday that he had not been contacted since Thursday's meeting. "I would be happy to inform merchants about the law and warn them of the penalties if they do not comply. However, a complaint would need to be signed by a citizen in order for us to take action... If any citizen wishes to file a complaint, then we will act upon that complaint," Sharp said.

High School will sponsor a talent show in the auditorium at 10:45 a.m. Tuesday. The program will feature musical talent. The public is invited to attend.

Deaf Smith County Democrats will meet at 7:30 p.m. Monday, Feb. 26, in the Community Center. Four candidates for County Commission have been invited to attend and present their views. All other candidates are invited to attend, as well as the public.

February hasn't even ended yet, and plans already are underway for Hereford's big summer celebration. Dates for the annual Harvest Festival have been set for July 22-28. The Lions Club carnival will be rolling along July 23-28, with the rodeo set for July 26-28. Dates for other events will be set later. Oliver Streu is chairman of the Harvest Festival for 1962.

County Commissioners are to meet at 10 a.m. Monday and probably will agree that they are really earning their keep this month. This will be the fourth meeting of the month and each has had its knotty problems to work on.

Deaf Smith County farmers have been invited to attend the annual Soil Fertility Day program in Dimmitt Tuesday. The meeting will start at 10 a.m. in the Dimmitt High School auditorium. The noon meal will be served by the Chamber of Commerce, aided by the Lions Club and the 4-H Leaders Council. Topics will include livestock feeding and marketing, machinery investments, weed control and flame cultivation, fertilizer trial results and cotton production.

While most of us only dream about going to far-off places, at least one Hereford man has done just that. Jim Murrell, son of Mr. and Mrs. Henry Murrell, 406 Ave. H, now is in Queensland, Australia, teaching the Aussies how to operate a seismic rig to test for oil. It was his crew that first found oil production in Australia. He has been with United Geophysical Company for 12 years. He spent five years in Canada, one year in Alaska, three years in Libya, North Africa, and one year in

the Canary Islands and the Spanish Sahara. It was his crew that was captured last spring on the Spanish Sahara and held captive for ten days before being released by the Moroccan government.

I, too, can roam the far-off lands, Sail the oceans, cross burning desert sands, Battle swirling snow, in Monte

Carlo win a bunch, See swaying palms, even dig for gold, so I'm told; Go anywhere I like, as long as I'm not late for lunch!

WOOD BOATS DOMINATED
CHICAGO 19 - Of the 211 motor boats 16 feet or over at the recent New York boat show, 134 were of various types of wood construction, reports the Wood Boat Foundation. Seventy-one were plastic and six were aluminum, says the foundation.

the road. He was headed west. Brown saw the Lamas vehicle coming toward him and drove his compact car off of the road to avoid the collision. However, the left rear of the Lamas coupe smashed into the foreign car.
As the cars collided, the door, fender and wheel of the Brown vehicle were smashed. Damage to the 1955 coupe was placed at \$150.
An investigation of the accident by the Hereford Police Department revealed that the Lamas vehicle slid sideways for about 105 feet before the collision.
Lamas is also reported to have left the scene of the accident on foot. He was later arrested by police officers. Charges are pending against Lamas.

Our Red Cross In Action
By Ramona Noel

During the regular meeting of pamphlet, published twice a month carried a page length Cross, board members were presented a program on Gun Safe which helped put the United States, Caral Parker. Plans are being made to formulate a Gun Safety Program here in Hereford. This is the Junior Red Cross and Chapter project.
The Potter County Red Cross Chapter of Amarillo held open house in February after the remodeling of their chapter house at 1800 Harrison following a \$30,000 gift from the Kilgore Foundation. General Alfred M. Gruenther, American Red Cross president, spoke for the occasion at the YWCA. Dr. Bruce Beene, chapter chairman, received an invitation for chapter.
The Chapter is hoping to have a representative from here who might be attending the World Fair, to also attend the National Red Cross Convention being held in Washington State, May 14, 15, 16.

True Sadly Predicts Drier Weather At Rotary Talk

Television weatherman Dan True from Amarillo spoke at the Monday meeting of the Hereford Rotary Club and warned of slightly drier weather this year.

"This is a condition that seems quite likely," he said. "It is something we must live with. We are above average on our moisture right now, but this probably won't last."

He said that moisture for the Panhandle area would be about two to four inches below average. He explained that the past four years had been wet and that the percentages were high for a dry year in 1962.

With a doleful snake of his head, he said that it would be "nothing short of a miracle" if the fruit trees now blooming did not freeze before Spring.

He also warned that winds likely would be somewhat stronger this year than for the past

few years. True said that he was working to supplement traditional systems of measuring temperatures. At present, temperatures are recorded at a level of five feet off the ground. He felt that this should be continued because of past records, but felt that it should be supplemented with readings one foot off the ground and six inches below the ground to be more valuable to area agriculture.

In his viewpoint, long-range forecasts are far from accurate, since they have a latitude of three to four days on each side of the predicted day, which makes them almost worthless. He said that the "analog" system of long-range weather forecasting, which uses past records, can be better.

Gamma radiation threat, he commented, has been over-rated, although he expects the level to rise during Spring rains. He said that the allowable is set at five milliroentgens per hour, but that he now is measuring only two or three hundredths of a milliroentgen per hour.

He explained that radar could not identify a tornado as such. Radar's use is after the funnel

is reported by the Texas Department of Public Safety or the public. Its probable path then can be traced.

True said that he would attempt to track tornado movements this spring with an airplane, utilizing radio communication with the television station for faster, more accurate information.

During the business session, nominees for club officers were announced for 1962-63. Election of officers and directors will be held Monday, Feb. 26. Nominees include: Jack Nunley, president; J. R. Johnson, vice president; Gwynne Owen, secretary; and Joe Kerr, treasurer.

Nominees for directors include Bruce Fink, Russell Carver and the Rev. Herschel Thurston.

Laundry Aids Study Of Homemakers Club

The Young Homemakers Home Demonstration Club members met on Tuesday, Feb. 20, in the home of Mrs. Richard Clark.

Ten members and two visitors answered the roll call. Mrs. Pete Lowrie gave an informative program on "Laundry Aids." She demonstrated the method for testing the softness of water. The differences between the many detergents, water softeners and conditioners were explained by the speaker. She also gave a detailed resume of bleaches, both liquid and powdered.

Mrs. Richard Clark, president, presided at the business meeting at which time letters were read. A thank-you letter of appreciation had been received from Henry Aycock, chairman of the March of Dimes, for the help of the club members in the Mothers March. Mrs. Kenneth DeHart read a letter inviting the members to a "Laundry Aids" meeting and Mrs. Roy Evans read an invitation to the Consumer Day program, scheduled for Feb. 27, in the courthouse. Ideas were discussed for a money-making project. No definite decisions were made concerning the project.

Refreshments were served to Mesdames Pete Lowrie, Kenneth DeHart, Lee Roy Burges, Don Jackson, Melvin Shaw, Jerry Brown, Clarence Caywood, Roy Evans, Charles Brothers, two

American Heritage Topic Of Study Meet

Mrs. J. W. Witherspoon was hostess to members of the Hereford Study Club in the Community Room of the First National Bank on Thursday evening, Feb. 15, at 7:30 p.m.

Mrs. Tommy Braddy, president, presided over the short business meeting. Members will be contacted as to the place for the next meeting.

Mrs. Reuben Knox, yearbook chairman, introduced the speaker for the evening, Mrs. Joel Treadwell. Her subject was "Our American Heritage." She said, "Our nation is changing so rapidly that we should stop and take note of the wonderful heritage our forefathers left us. We owe it to our children to impress upon them the wonderful history of our nation." She played a recording of poems about early America, read by Vincent Price. These poems were typical of the early history of America.

Refreshments were served to Mesdames Tommy Braddy, S. L. Garrison, Garland Solomon, Art Stoy, Maurice Tannahill, Ed Wilson Jr., J. W. Witherspoon, Reuben Knox, Joel Treadwell, the guest speaker, and Miss Gladys Settiff.

Laundry Aids Program Set For Bull Barn

A program on laundry aids with Miss Lily Johnson, home economics consultant for the Philco Corp., as guest speaker will be held Wednesday at 2 p.m. in the Bull Barn kitchen.

Topics slated for discussion during the program include laundry aids, testing the hardness of water and laundrying wash and wear garments.

Lily Johnson

Miss Johnson has been associated with the appliance industry since 1945. She has worked with laundry equipment, aids and fabrics since the introduction of automatic laundry equipment for consumer use.

The program is being sponsored by the Home Management Sub-committee of the Deaf Smith County Program Building Committee. Mrs. J. D. Love is committee chairman and Sam Morgan, secretary.

NOTES FROM

Hello: Mrs. Ericka Druham suggested cherries made of marbles and foam. Tried it, they're pretty. Or, mosquitos made of Devil Claws and foam—real cute. Mrs. Charles Digby brought in some. Mrs. Gus Ruland brought in some plaques for display. Mrs. Childers is re-finishing a Hi-Fi with Old Masters. Have some pretty Clea-foam shapes for Easter center-pieces. I'm looking for some new ideas for using liquid plastic. Have a helper part-time. Mary Gooch, you'll like her. Bye now, **Bunny**

Mrs. Edward Glenn Young
... nee Miss Margaret Lenore Burrus
(Pat Britain Photo, Canyon)

Margaret Burrus Weds Edward Glenn Young

Miss Margaret Lenore Burrus of Canyon, daughter of Mr. and Mrs. Herschel Burrus of Hereford, and Edward Glenn Young of Canyon, son of Mr. and Mrs. Tiffin Young of Wellington, exchanged wedding vows on Friday afternoon, Feb. 16, at 4 o'clock in St. Anne's Catholic Church of Canyon.

Father James Comiskey, pastor of the church, read the double ring ceremony before an altar decorated with candles and chrysanthemums. Satin ribbon bows marked the church pews.

Mrs. Frank Begert, the church organist, played traditional wedding selections.

Miss Cecilia Lee Burrus of Pampa, sister of the bride, attended the bride as maid of honor. She wore a blue organza and taffeta sheath dress, fashioned with long sleeves. Her costume was complemented with a small pill box hat, white gloves and a wristlet of white carnations. Miss Francis Burrus, sister of the bride, was flower girl, carrying a basket of flower petals. Miss Mary Alice Burrus, sister of the bride, registered the wedding guests. Both wore matching navy blue dress. Herschel James Burrus, brother of the bride, served the groom as best man. Lynn Brown and Bill Harvey, students at West Texas State College, served as ushers and groomsmen.

The bride, given in marriage by her father, was attired in a street length white satin sheath dress, fashioned with a scooped neckline and a bouffant overskirt. The bridal bouquet was fashioned with a white orchid in the center of a cascade of white carnation. Her hat was made of white fur and a coil veil. Her only jewelry was a single strand of pearls. She carried an heirloom, a blue silk handkerchief, for the traditional something blue.

Color Universality Studied At Meeting Of Garden Club

The Hereford Garden Club was entertained recently in the new urban home of Mrs. J. B. Noland, with Mrs. Ray Johnson and Mrs. John N. Jacobsen Jr. serving as hostesses.

Roll call was "My Favorite Color Scheme." A program on the "Universality of Color and Its Influence" was given by Mrs. A. L. Manjeot. She stated that "We have two universal languages, music and flowers. Flowers in their minute and massive formations with their appealing colors have no need for an interpreter in any country as they bear their own message, whether it be for happiness, sorrow, sickness or personal adornment. Color is one of the shortest words in the language. Its five letters are so familiar that few of us have referred to a dictionary for the meaning. Daily papers and periodicals mention color on almost every page. It is a word which belongs to the scientist, the artist, the industrialist and the horticulturist, yet it is a part of everyday idiom in all lands. To the gardener or flower arranger, color in plant materials as found in nature is a veritable storehouse, from which to choose. Color is all about us, and has its definite influence on the pattern of our lives. We must mix our colors with our eyes and our minds, and in so doing we feel and know its wonderful influence."

In closing Mrs. Manjeot further stated that, "Color as we use it in the home decor is one of the most influential things in

"Parade Of American Music" Presented In Costume, Song

The Dawn Music Club members observed a National Federation of Music Club's annual Parade of American Music on Tuesday, Feb. 20, with a program in costume on Stephen Foster's life and music. The meeting was held in the home of Mrs. Hershel Miller Jr. with Mrs. Robert Strain serving as assistant hostess.

Mrs. R. L. Johnson was the narrator for the life of Foster. She stated, "Foster's family was prominent in both political and commercial affairs in western Pennsylvania. They tried to discourage young Stephen's love for music, but after an honest attempt in the business world

his talents led him into the world of musical composition." After the success of "Oh Susanna," Stephen married Jane McDowell in 1850, but their married life was beset by financial difficulties and in Stephen's last years Jane left him because he could not support her. Foster died in New York in 1864. He was buried in Pittsburgh. A collection of his works is in a Memorial Building at the University of Pittsburgh. In 1940, Foster became the first musician to be elected to the Hall of Fame of New York University.

The narration on the songs of Foster was given by Mrs. Ted Richardson. "Camptown Races" and "Oh Susanna" were the first songs to gain popularity," she said. "Nelly Bly" was an immediate hit and in seven years nearly 30,000 copies of the song were sold. It was one of the few happy songs ever written by Foster.

It was during the first five or six years of his married life that Foster composed his finest songs: "Old Folks At Home," "Massa's In The Cold Cold Ground," and "Come Where My Love Lies Dreaming." "Old Folks At Home" ranks with "Home Sweet Home" as one of the world's great home songs. It is sung in almost every language known to man, going beyond the limits of nationalism, of race and of time.

"Come Where My Love Lies Dreaming" is one of Foster's more ambitious songs, and one of his best. There is a distinct quality, similar to Schubert's music, in the rich warm melody of this song.

"Come Where My Love Lies Dreaming" and "Old Folks At Home" were played by a brass band at Foster's funeral.

"Beautiful Dreamer" was the best song he wrote during his last years. He seems, in this composition, to have lost himself in his theme as he did in the early years when he wrote his greatest songs.

Foster's songs have endured

because they are great tunes; great melodies. They are full of the spirit of pioneers, full of the carefree impertinence that snaps its fingers at fate and the universe. Unconsciously Foster wrote into his songs the subtle traits that characterize Americans.

Musical numbers on the program were "Nelly Bly," sung by Mesdames R. L. Johnson, Carl Wimberley and Clarence Betzen; "Come Where My Love Lies Dreaming," sung by Mesdames Ray Stewart, Hershel Miller Jr. and E. C. Reinauer; a piano solo, "Old Black Joe," by Mrs. Steve Bauvouse; and a vocal solo, "Beautiful Dreamer," by Mrs. Melvin May.

The group sang "Oh Susanna," "Camptown Races," "Old Folks At Home," "My Old Kentucky Home," "The Glendy Burk" and

the Hymn of the Month, "Holy Spirit, Truth Divine" by Gottschalk. Accompanists for the program were Mrs. Carl Wimberley and Mrs. Robert Strain, alternating at the piano.

Mrs. Robert Strain, president, presided over a short business meeting. Mrs. Hershel Miller Jr., the club's incoming president for 1962-1964, appointed Mesdames Ray Palan, Steve Bauvouse and Carl Wimberley as members of the yearbook committee.

Those present were Mrs. Edgar Sowell, guest, and club members, Mesdames H. V. McCabe, Steve Bauvouse, Clarence Betzen, R. L. Johnson, Hershel Miller Jr., E. C. Reinauer, Ted Richardson, Ray Stewart, Robert Strain, Carl Wimberley, Melvin May and Miss Bertha Frye.

ONE OF THE FAMILIAR songs, "Old Black Joe" by Stephen Foster, was presented at the meeting of the Dawn Music Club in their costume presentation of the program on the "Parade Of American Music." Mrs. Ted Richardson, (left) and Mrs. R. L. Johnson are shown in costume as they depict the music of Stephen Foster. (Staff Photo)

Edwin Walker. A little fire even developed between the three republican candidates. Harry Diehl of Houston said Jack Cox of Breckenridge was "not a Republican — just a conservative candidate." But two days later, Diehl withdrew from the race, leaving Roy Whittenburg as the only republican primary opponent for Cox. Don Yarborough and Marshall Formby attacked the Daniel administration as "tired" and "lacking vigor." Daniel came back with a recital of his five-year accomplishments in education, industrialization and other fields.

Will Wilson's approach was that Daniel's entry collapsed the Connally bandwagon by splitting Vice Pres. Lyndon Johnson's organization, and that the only way to get an uncontrolled candidate was to elect Wilson. Candidates got in more punches in answering tough questions posed by nine newsmen. All of Daniel's opponents made the Governor's unprecedented four-term try a central issue. In the course of questions, Daniel came out for a two-term limit, but with four-year terms for governor instead of the present two.

FRIENDLESS INSECT

A big-battled crowd of ranchers gathered at an Austin hotel to get more facts on the stockman's dream — the elimination of the screwworm.

There was no one there to defend the insect. Ranchers learned from Florida how that state was swept free of this costly scourge by a dramatic program. Florida ranchers covered the state with sterile male screwworm flies that mated with the female flies' single mating period. First airplane distribution of flies in South Texas started the day of the Austin meeting.

Texas stockmen are raising \$3,000,000 by voluntary contributions to match an equal amount of Federal money put up by the U. S. Department of Agriculture. The screwworms cost Southwestern ranchers an

estimated \$40,000,000 a year in losses.

LIVESTOCK RAISERS GET HELPERS

A committee of five legislators held its first meeting after hearing plans of the Southwest Animal Health Research Foundation.

Speaker James A. Turman appointed Representatives Ray Bartram of New Braunfels, Steve Burgess of Nacogdoches, Stanley Boyesen of Yokum, Glenn Kothmann of San Antonio and Gus Mutscher of Brenham to assist the SWAHRF in planning its attack of the screwworm fly.

HORSE OF ANOTHER COLOR

Stamford oilman Keith Wheatley seemed to get off the track in his campaign for Railroad Commissioner when he told Austin pressmen that Texans should be able to cast a vote on the return of horse racing to the state.

Wheatley said he is neither for or against racing, but believes "tax profits from horse racing could do much to aid the old people and the children of Texas."

Gubernatorial candidates are interested in regulating another kind of race. They think limitations should be set on the number of times a governor can run for re-election.

Marshall Formby based his objections to the present lack of limits on the fact that most state projects are operated by commissions, whose members are appointed by the governor on a rotating basis. Formby figures that by the end of a second term, a two-time governor has made every state commission appointment and it's time for him to take a rest.

John Connally seconded the charge of commission domination, and said that by the end of a third term, every one of the more than 800 commissioners have been appointed by a three-time governor. He promised that he would ask the Legislature to limit a governor's tenure to two terms if he's elected.

MIGRANT STUDY SEP UP

State Board of Education appointed R. P. Ward of Edinburg to head a study on the education of children of migrant parents, after Commissioner J. W. Edgan called this "one of the critical problems facing the Texas public school system."

Ward, former president of Pan American College will develop a guide for teaching these children, who form a large percentage of the enrollment in Rio Grande Valley schools.

TEACHERS' TIME TABULATED

State Board of Examiners for Teacher Education and the Texas Education Agency sent out about 80,000 questionnaires, asking how Texas educators spent their time on curricular, co-curricular and extracurricular activities.

So far, more than 20,000 answers are in. Agency researchers are anxious for the other replies. They want to feed them to computing machines. Purpose is to get an analysis to help the Texas Legislative Coun-

cil prepare a full report on teacher certification and the status of education in Texas.

Other facets of a report to be presented to the 59th Legislature in January will include the public view of education; a history of teacher education and certification in Texas; personal characteristics and social and economic data of teachers; a look at the current class of education majors and an analysis of their college course work.

When the "portrait of a Texas teacher" is completed, educators think it will represent the most comprehensive study of public education ever undertaken in this state.

A teachers' pay survey revealed that the West Texas towns of Crane and Kermit pay the highest salaries to new teachers — \$4,900 a year, and that practically all districts with 2,500 or more students pay more than the \$4,014 legal minimum.

GOP PRIMARIES UNDER FIRE

State democratic committee-man Walter Sterling opened another argument in the Inter-party battle when he accused republicans of dodging their responsibility by not holding a primary in every precinct in the state.

Sterling and the State Democratic Executive Committee question the legality of a republican primary nominee who has not been voted on by every republican. Executive Director Clyde Johnson said, "The republicans should not be able to avoid legal and financial responsibility in these primary elections."

Club Discusses Gardening Ideas

By MRS. OWEN ANDREWS
Frio Homemakers Club met Tuesday at the First National Bank in Hereford for a program on pruning and landscaping. Harold Armstrong, local nurseryman, spoke to the group about the principles of effective planting and uses of plants for beautifying the home.

Serving as hostesses was Mrs. Mark Shadden. Other members present were Mrs. Jim Brooks, Mrs. Owen Andrews, Mrs. Henry Dohbs, Mrs. Buster Thomason, Mrs. Carlton Dobbins, Mrs. Earl Hawkins, Mrs. Joe Autry, Mrs. Floyd Cole, Mrs. Jack Rogers, Mrs. Richard Price, Mrs. Clark Andrews and Mrs. Edgar Vinson.

Next meeting of the club will be in the home of Mrs. Owen Norris in Dimmitt. The program

concerning wardrobe planning will be presented by Mrs. Sybil Stringer.

Among those attending the golden anniversary celebration for Mr. and Mrs. Jack Fortenberry at the Bippus Community House on Sunday afternoon were Mr. and Mrs.

Owen Andrews, Mr. and Mrs. Clark Andrews and family, Mr. and Mrs. Glenn Andrews and sons, and Mrs. Alma Andrews. One of the Fortenberry daughters, Stella Fortenberry Sevier, taught school at Frio in 1946 and 1941. First and fourth grade students of hers included Clark and Glen Andrews.

Mr. and Mrs. Frank Robbins and children visited Mrs. Robbins' parents, the F. Y. Moremans east of Hereford, on Sunday. A sister, Mrs. Glenn Orville Edwards and family were also there for the gathering in honor of her father's birthday.

Several from this community

attended the Parent-Teacher's Association "Family Night" at Central School in Hereford Saturday.

Mr. and Mrs. David Hutchins returned home from Dallas Monday, where Hutchins had undergone ear surgery. He was released for Baylor Hospital on Saturday after his operation Thursday.

Rob'n Taylor of Friona visited her grandparents this week, Mr. and Mrs. Jim Brooks.

Rev. and Mrs. Bill Wadley, Mary Lou and Willene, of Albuquerque, visited Sunday in the home of Mrs. Wadley's brother, Rev. and Mrs. B. H. Baldwin. Rev. Wadley preached Sunday morning at the Frio Baptist Church.

Mr. and Mrs. Homer West and Linda spent last week visiting in Oklahoma and central Texas. At Sayre, Okla., they visited West's mother, Mrs. Maddox, and other relatives. At Fort Worth they visited with Mrs. West's brother, Mr. and Mrs. Darold Baldwin, and at Dallas, with her sister, Mr. and Mrs. Ben Dean and children. They returned home on Saturday evening.

Mrs. Harlan Barber returned Saturday from Galveston where she visited an aunt, Mrs. Mary Davis, who is seriously ill at John Seely Hospital. Harlan Barber and Virgil Davis met Mrs.

Barber at Lubbock Airport Saturday afternoon. Mr. and Mrs. Bill Williams, Robert and Richard, were also there to meet her, and to visit Mrs. Williams, mother and other relatives.

Jerre Bea Nolan was a guest of the Lloyd Shuitzes and Joe, at lunch on Sunday.

The Jolly Workers 4-H Club met at the E. F. Vogler home Friday evening for a Valentine supper. The girls prepared the meal and served it. Valentine motif decoration was used at the table with a centerpiece and napkins. Attending were Mr. and Mrs. Don Adams and family, Mr. and Mrs. Edgar Vinson and girls, Mr. and Mrs. Floyd Cole and family, Mr. and Mrs. Frank

Robbins and family, and the host family. Girls hosting the supper were Deanne Adams, Jana Cole, Carole Robbins, Edilana Vinson, Sammie Ann Vinson, Cheryl Cole, Genie Robbins and Mary Ann Vogler.

Mr. and Mrs. Floyd Cole were guests for Sunday dinner of his parents, the Earl Coles, in Hereford.

Mrs. H. M. Mobley was honored with a birthday supper at her home Monday night. Those present were Mr. and Mrs. D. C. Miller, Mr. and Mrs. Floyd Cole and family, Mrs. Lee Johnson, Mr. and Mrs. Don Mobley and son, Mrs. Lillian Fischer, Mr. and Mrs. Clyde Rentro, and Austin Mobley.

Mr. and Mrs. Roy Sheppard and children, Don, Jerry, Jimmy and Sheila, were honored during the fellowship hour after the Wednesday evening service at the Frio Baptist Church. The Sheppards were presented an electric percolator from the church group. The Sheppards plan to leave within the next few days to make their home at Arlington. Their daughter Ann and her husband, Johnny Mousner, live in that area, within about 30 miles of the place where the Sheppards will move. Ann works in down town Dallas, while her husband is employed by an art company which makes school annuals. He also attends school part of the time.

Army National Guard Colonel Ross Ayers, 51, whose wife, Flora, lives in Friona, Tex., was graduated from the nuclear weapons employment course at Staff College, Fort Leavenworth, Kan., Feb. 10.

During the four-week course Colonel Ayers was trained for duty as a nuclear weapons employment officer at general staff level.

The class, which consists of 45 officers from the active Army, Army Reserve and Army National Guard, was addressed at graduation ceremonies by Brig. Gen. Harry J. Lemley Jr., assistant commandant of the college.

Colonel Ayers is assigned to the 36th Infantry Division Artillery, an Army National Guard unit in San Antonio.

The son of G. M. Ayers, Formosa, Ark., he received his graduation from Texas Technological College, Lubbock, in 1934.

ANNOUNCING ARRIVAL
 Lt. and Mrs. Leon Cohorn of Killeen, Tex., are announcing the birth of a daughter born on Feb. 17, weighing 7 pounds and 9 ounces. She has been named Lisa Camille. The maternal grandparents are Mr. and Mrs. Ralph Paul of Hereford. The paternal grandparents are Mr. and Mrs. M. F. Cohorn of Lamesa.

In a hurry? Add a can of drained potatoes to the chicken you are roasting—about half an hour before the chicken is cooked should heat the potatoes. Baste the spuds with the drippings from the bird.

No Stampede Seen When Officials Consider School, Hospital Needs

Two areas where people most often can be pressured into passing a quick bond issue are schools and hospitals.

This community can be thankful that the members of its school board and hospital board are not interested in building monuments or spending just to be spending.

As early as September, 1960, it was apparent that our schools were becoming crowded and that more room would be needed. Since last fall, it has also been noticed that our hospital facilities were becoming a bit too small.

It would have been a simple enough matter for either board to have screamed with fright, issued appalling statistics and worked for a bond issue. Undoubtedly, either issue would have passed.

The school board, however, chose to wait until it was certain the need was real and lasting. Even after it was convinced it was faced with a building program of some sort, it called for the public to look at the problem.

Independent committees studied the school program, both in curriculum and extra-curricular activities, along with its physical plants. When these citizens had completed their work, they had arrived at the same conclusions arrived at earlier by the board. It was unanimous: the school faced an immediate need for more classrooms, laboratories, shops.

With opinions other than their own to draw from, the board made its decision. An architect has been hired, a bond counselor retained in preparation for a building program.

But there still remains a large problem for the board. It must determine where the greatest need lies; it must go over the proposed plan to see that the citizens of this community get the most for their money, both in facilities and in permanent improvements.

When bids were opened last week on an addition to the county hospital, the cost was higher than had been anticipated. Neither the county commission nor the hospital board wanted to call a bond issue for such a relatively small amount (\$64,000 approximately).

They were aware that the hospital was teetering on the edge of overcrowding. Holding the bids, they asked for a rough

plan for expansion of 25-30 beds. Had either of the two groups concerned been so inclined, it could have probably pushed through plans for a bond issue to enlarge the hospital.

After all they were aware that the hospital had been at or near peak capacity for the past several months. But the hospital board asked that such an issue not be asked at this time. It wanted to be certain the greater patient-load wasn't just a quirk. It preferred to wait until it was certain that there actually was a need for more hospital facilities.

This county is growing all the time. Its past and present growth pattern makes it reasonable to assume that more school rooms and more hospital beds will be needed to keep pace.

Past performances show that Deaf Smith County residents are always pace-setters of progress. They are known for their attitude of advancement for their community.

But that doesn't mean they rush headlong into a project without considering the cost or the needs.

It has been a combination of the two attitudes — progressive and cautious — that have kept Hereford abreast of the times in the past.

The same is true now. We appreciate that those most closely working with the schools and the hospital saw fit to move ahead with an eye to the future, yet with an eye toward the need and the cost.

When the time comes, we believe that the voters will approve of the need for more school facilities and the need for larger hospital facilities. They believe in progress — if it is carefully considered and planned.

Archie And Tex Discuss Exercise

"Americans are sitting themselves to death," Archie read to himself after ordering coffee.

About that time Tex slid into the other side of the booth and sighed, "I'm just gonna have to have my coffee brought in to the shop. There just ain't time to get over here, enjoy my coffee and get back."

Archie folded the paper into a new position and slid it across to Tex, with the paper absorbing the rest of the water left from the last quick splash with a towel by the waitress.

Shaking the paper, he snapped at Tex, "That's what's the matter with you ... not enough exercise. You come in here a pantin' and puffin' like an old cow running from a packing shed."

Tex just shook his head in disbelief, "I get plenty of exercise. My wife thinks Spring's come, just because the peach trees are bloomin'. She's had me moving furniture from one side of the blamed house to the other. Last Saturday she had me out washin' windows, when I told her it was gettin' ready to blow dirt."

Archie shook his head in silent sympathy. He also knew that there was no use arguing with a female type woman when she got the urge to do Spring cleaning.

"That ain't what I'm talking about," Archie finally drawled. "That ain't exercise, that's just 'hundos'."

"What? 'Hundos'! I don't know what you're talkin' about."

"Sure you do," Archie explained patiently as he would to a four-year-old, "You just don't know the terminology. At our house my wife is always telling me, 'Hun, do this' and 'Hun, do that'. All those special chores she saves for you are 'hundos'."

Tex spewed coffee all over the place as he tried to laugh. "Man, I've been doing 'hundos' for better'n 14 years and never knew they was called ... 'hundos'. Hey, that's pretty good!"

Settling back with the satisfied air of a man who has just explained the Theory of Relativity in one sentence to a physics professor, Archie grinned. "You still don't get what I've been tryin' to tell you about exercise. What you need to do is get a set of weights and work off some of that spare tire; get out and play baseball with the neighbor kids; take up golf. You know you'd feel better and wouldn't be puffin' so much if you'd get in shape. Americans are spending too much time sitting and not enough time moving around."

Secretly looking down at his belt, invisible below a roll of waistline, Tex nodded agreement. "Might be you're right. I'll think about it."

Suddenly, with the crusader look of a man who has solved the world's problems, Archie slid out of the booth and started out the front door. "Sorry to rush off, but I've got a couple of 'hundos' on my list to take care of. See you tomorrow."

"Hundos", Tex chuckled, "And I never knew what they was called." Abruptly, he threw down the paper and started fishing in his pockets. "That darn Archie don't know what kinda exercise I already get ... 'Bout every day I have to pick up the check. Blamed if that isn't plenty of exercise." He started out the back door frowning. But that changed to a grin as he thought about telling his wife how he'd found out what he'd been doin' ever since he got married, "Hundos", he smiled.

The POWER of FAITH by Howard Brodie

The faith of Mr. and Mrs. Horatio G. Spafford of Chicago enabled them to overcome the loss of four daughters in the sinking of a ship and of a son in fever, and save the lives of others.

Mrs. Spafford "lifted her soul to God in an agony of despair and dedicated her life to His service," and Mr. Spafford "yearned to find peace in service." They went to Jerusalem in 1881 with friends, where they healed, taught and aided the Arab, continuing their service during two wars, during which they nursed the wounded "without distinction of creed or nationality, and in circumstances of danger." They established a tourist hotel, a clinic, a hospital for children.

Today, a daughter, Bertha Spafford Vester, continues her parents' American Colony Aid Association, remembering her fathers' words: "I have come to Jerusalem where my Lord lived, suffered and conquered. I hope to learn to live and conquer. How long we remain here is in the Lord's hands."

Glenn's Flight Could Be Start Of Cooperative Era

By Mrs. R. L. Criswell

Our Nation has had the thrill of all time and all of us were in one accord in prayer for the safe return and success of Col. John Glenn Jr., a man whose courage did not wane in two months of waiting to take off into space. America is truly proud to call him a hero. So many have marveled that he was unafraid and in no hurry. To me that is the attitude of a true Christian has. He was unafraid because he was ready to meet God as well as the unknown and again we say God Bless him.

The fact that Russia kept a man up 25 hours does not have as much significance as our shorter flight which was in complete control of the man in the capsule. The fact is that he was in excellent condition at all times and in contact with fellow workers, complained of nothing, ate the food that had been prepared for him, was not dizzy or nauseated at all. These facts mount up to a number of things.

Russia has more thrusting power but we have more controlling power. If there is no control by pilot or passenger of the large space capsule, the smaller one with a pilot would be much more effective and in view of this fact, Khrushchev now comes forward with "lets cooperate in space exploration." With their more powerful thrust and our control, the race into space would be accelerated. The Russian capsule weighed more than ten thousand pounds and ours more than four.

Russia is amazed that our flight have been open for the entire nation, but they could not resist doing a bit of air lase jamming, it must be a "habit."

The dead seriousness of all the men in their work showed the intensity of their interest, not only in their work but their interest in the man they were sending into space. They were not only anxious for Friendship 7 to take off, they were just as anxious for it to return.

In practically everything one reads in papers or books, it must be about very young people, in practically all forms for employment much is made of the age of the applicant. If an applicant is forty years old, employers are not very interested in hiring, but for once a forty-year-old has shown just what he could do. Could this be the beginning of the change to an age when a person is looked upon for his ability and not his number of years?

Anything that holds the attention of not only a nation but of the world is really a step into the future. Where ever there was a radio or a TV there were people there to see and to hear. The news was broadcasted in five different languages so that the whole world might listen in on this wonderful event.

Did you hear of the guy that stole a television set in order to watch the capsule go into flight, but was caught, and the set taken to court as evidence? The judge plugged it in and the court proceeded to watch. I did not hear how the man that stole the set came out, but since the court shared the stolen set, I hope he did not receive too great a fine or a too long sentence.

We have witnessed an historical event and let us look forward to the time when space is a part of the many events of tomorrow. If our president cooperates with Russia, perhaps it will indeed smooth the tempo of our day. But, America must not forget the oath of the communists, or the education of our people in freedoms ways of living, patriotism for our country and the fact one person's freedom ends where the other follows begins.

Huge Irrigation Project Underway On 4,428 Acres

One of the largest irrigation projects yet to be undertaken at Hereford is about to be realized in the development of the Gregg county school land, consisting of 4428 acres six miles west, by the Walker-Perkins Irrigation Company of Wichita Falls, Texas. This firm is composed of some of the best business men of the state. Mr. J. I. Walker, one of the active members of the firm, was here this week making arrangements to put down the first well. He has an associate with him, Dr. W. B. Chapin of Coleman, who will have immediate supervision of the development. A contract has been closed with J. M. McNaughton of Plainview, an experienced irrigation well driller, to make the first installment. The well will be drilled 16 inches in diameter the full depth.

25 YEARS AGO

The long discussed Rural Rehabilitation Program for Deaf Smith County has been approved, both in the district office in Amarillo and in Washington, D. C., it was learned here this week by H. V. Hennen, chamber of commerce secretary, and Mayor C. J. Paddock. They said the statement came from Mr. Hunter, manager of district 12 of the Rural Resettlement office in Amarillo. "We do not know when actual work will begin," they said, "but not until the rural electrification program has been worked out here. The two projects go hand in hand, and when the electrification problem is ironed out more developments will be seen in the resettlement field." Although assured for some time, it was pointed out that the approval of the rehabilitation program had not been made public because the government has been purchasing land upon which to establish the units. For more than 30 days, Pim Denton has been located here for the purpose of buying land. A group of economists have also represented the government in securing data regarding irrigation, crops soil, and other details for determining the size and nature of the resettlement units.

HOPE FOR LAKES RISING

If West Texas and Eastern New Mexico farmers along the watershed of Running Water Draw want it, there is every indication now that a series of Flood Prevention Dams will be established down the tributary in the not too distant future. Preliminary surveys have already been conducted and tentative plans are for three structures in New Mexico, three in Parmer County, two in Castro County, one in Lamb County and three in Hale County. It will — if realized — be a 2½ million dollar project. A field examination team of three men appeared at the meeting in the First State Bank Thursday night to lay before a group of conservationists and interested persons proposal for the control of the floodwaters of the draw which annually causes thousands of dollars of damage to land and municipal property. This was the first official study of the watershed and the first concrete recommendations.

COMMISSIONERS REDUCE TAXES

For the third straight year, Randall County Commissioners have reduced county taxes. This year's reduction came through the percentage of taxable value. Commissioners C. Y. Johnson said the reduction would come to 16.6 per cent of the tax revenues from the 1961 tax rolls, and would save the taxpayers approximately \$70,000 in 1962. Johnson, in making the motion for reduction of the percentage of valuation used in figuring the tax rolls, said that property will be placed on the 1962 tax roll at 12½ per cent of 100 per cent valuation, as compared to 15 per cent of 100 per cent valuation in 1961. The decrease of taxes was brought about by a present accumulation of cash and investments. A surplus of \$130,000 is expected by the court this year, said Johnson.

SUPPORT SOUGHT FOR FLOOD CONTROL

Soil Conservation Supervisors and other interested parties met with the County Commissioners at the regular court meeting Monday to seek support of the court for a proposed flood control program for Running Water Draw. Under the proposed plans, three dams would likely be constructed in Parmer County along the draw. The exact location of the dams will be flexible enough so that easements can be obtained from one of two or three landholders in most instances. Dams will be constructed for the specific purpose of flood control, but alterations in the dams may be arranged so that they will trap a considerable body of water for irrigation, recreation or other uses.

STUDY OF STRIP ANNEXATION ORDERED

The City Planning Commission was introduced to investigate the feasibility of "strip annexation" of Highway 84 bypass route by the City Council Thursday night during the Council's regular meeting. About 15 interested citizens who reside in the area originally considered for annexation met with the council and discussed various aspects of the proposal. After taking several of these situations into account the council then moved to instruct the CPC. Mancil Hall, a member of the CPC, met with the council to explain the proposal for annexing the bypass route. He pointed out that the CPC deemed it necessary to annex the route so it can be zoned and undesirable businesses kept from building along it. "Many of the approaches to Littlefield are shabby," Hall pointed out, "and we don't want this to happen along the new route."

COUNTY WIDE NEWS (Littlefield)

THE BOOTLEG Philosopher

Editor's note: The Bootleg Philosopher on his bindweed farm takes an off-brand view of machines this week.

Dear editor:

You've heard the expression so often that everybody by now assumes we're living in the machine age, but I doubt it.

According to an article I read in a newspaper which a man handed me in town yesterday in a move to break up a conversation he said he had to get back to work, President Kennedy told a press conference that "25,000 new jobs have to be found every week for the next ten years to take care of workers displaced by machines."

I'm sure he's right about this, but I'll never be able to understand it.

I mean, if a machine is going to come along and replace me, and I have to get out and get another job, what's the advantage of having the machine in the first place? I've always contended that if a machine doesn't throw me out of some work, I ain't interested in having it on the place.

When the four-row plow replaced the two-row plow on the big farms of this country, I figured those big farmers had it made. Now they could do twice the work in half the time. But it didn't work out that way. All they did was take on twice as much land and continue to work the same hours, burning up twice as much gasoline. Didn't even start fishing as much as I've been doing for years with one-row equipment. I've never been able to understand this type of progress.

If the more the machine replaces man, the more man is going to have to work, we sure could save a lot of gas and oil by re-inventing the forked stick to plow with.

If it's going to take 25,000 new jobs every week to make up for the jobs taken over by machines, and half these replaced workers for all they know may be put to work building other machines that will replace them month after next, I figure that in ten years every machine in the country may be running full blast but 90 percent of the people will be out of work.

And while I might be in favor of this, I'm afraid the economists and mortgage-holders and tax-collectors wouldn't.

What this country needs is a new-type machine that will do only one-fourth the work of the man it replaces, but it's no longer being manufactured.

Yours faithfully,
J. A.

'Operator, Your Years Of Loyalty Are Appreciated'

"Operator, I'd like 31, please."

"Hello, Central. Do you happen to know where Mrs. Smith is?"

"Operator, can you find the constable? There's a cow in my garden patch!"

Such calls as these were common when Marie Sears first went to work for the telephone company. Since that time, communications have been improved, service more efficient and more impersonal.

On Tuesday night, Marie Sears will be honored upon her retirement from active service with the Southwestern Bell Telephone Company. A reception will officially mark the end of 36 years of devoted service to the community and to the company.

Last fall, Marie was a little startled when a reporter from the company magazine came to take her picture and gather information about her work record. She felt she was merely doing her job.

But Marie's devotion is surely "above and beyond the call of duty." She has completed an admirable record.

For during that 36 years, Marie has never been absent or late. Last year she fell and broke her wrist. But that misfortune happened on her day off. The next day, she showed up with the broken bone in a cast and carried on as usual.

Perhaps it wasn't anything to talk about, so far as Marie was concerned, but we think it is an admirable tribute to "old-fashioned" loyalty and devotion.

During her service, she has seen telephone communication evolve from a small network, hooked together rather unrelially with crank phones and a one-person switchboard. The "central" operator knew where almost everyone was at a given time, certainly knew every single subscriber. She served as a clearing house of information and a source of unruffled calm in time of emergency.

Through the years, the crank has been replaced by an electric bell, the central operator by an automatic switchboard. Direct Distance Dialing has put New York as close as your next door neighbor.

Personalized service has become rather impersonal, while becoming more efficient. Yet there must always be people. Although they may not be called upon as frequently as they were when "operator" was more than a voice, they are still a vital part of the communications network that links Hereford to almost any spot on the globe within seconds.

Marie Sears' length of service closely parallels the greatest development in communications.

Summed up, Marie's service has been as devoted as "central" and as efficient as "Princess."

The Dawn Musettes met on Tuesday afternoon, Feb. 20, in the home of Mrs. Ray Polan with Mrs. C. C. Stewart serving as assistant hostess.
The program featured compositions by American composers. Mrs. Robert Strain, president of the Dawn Music Club, was special guest pianist. She presented one of Aaron Copland's most descriptive pieces, "The Cat and the Mouse." "Sonata In A Minor" by Cobb was a piano selection given by Beverly Betzen.
Special vocal selections were "Don't Fence Me In," Cole Porter, sung by Robert Caraway and Buddie Stewart, and "By the Light of the Silvery Moon," Edwards, sung by Linda Lemons.
Group singing included the Junior Hymns of the National Federation of Music Clubs, and patriotic and folk songs of America.
Ann Gentry, president, presided over the business meeting. The members voted to send contributions to the MacDowell, Stillman-Kelly and Rural School projects of the National Federation. It was also voted to sponsor a community stunt and variety program, to be called the "Garrett Snuff" program on Friday, Mar. 30, at the Dawn School.
Those present at the meeting were Beverly Betzen, Robert Caraway, Janice Galley, Ann Gentry, Linda Lemons, Peggy Jean Lemons, Sandra Lemons, Glenn Polan, Phyllis Richardson, Buddie Stewart, Mrs. Robert Strain, Mrs. Carl Wimberley, Mrs. C. C. Stewart and Mrs. Ray Polan.

"Flowering Plants" Topic Of Meeting

Members of the Garden Beautiful Club met on Friday, Feb. 16, in the home of Mrs. Ansel McDowell with Mrs. Roy Smith assisting as co-hostess.
Howard Armstrong, local nurseryman, gave an informative discussion on "Flowering Shrubs and Trees." He named some shrubs that have been tested for this climate, stating, "There is a new dwarf crepe myrtle, which will bloom all summer, and a white crepe myrtle."
The members present were Mesdames L. H. Lookingbill, Ray Cowser, Dick Miller, Homer Newton, Charlie Noland, Gwynne Owen, G. P. Owen, Weslie B. Owen, Lloyd Pool, B. E. Roberson, Jess Robinson, Roy Smith, Helen Pipkin, J. Howard Walker, E. W. Young, Ansel McDowell and T. E. Seigler Sr.

our homes. Homemakers should deal carefully, and very thoughtfully with color, as it definitely influences every member of the home, as well as the guests that may share the home. Color is one of the greatest agencies in creating right or wrong environment and atmosphere in the home.
During the business session, presided over by the president, Mrs. R. L. Wilson, the club voted to furnish roses for one of the houses at Boys Ranch that is being landscaped. Two dozen pillows, given by Mrs. S. S. Williams, will be donated to the ranch. Club members will donate pillow slips. Many of the club members have agreed to purchase bird feeders for their gardens at the suggestion of the Conservation chairman, Mrs. W. C. Hromas.
Six dozen tulips and jonquils will be planted at Northwest Elementary School under the direction of Mrs. O. G. Hill Sr.,

chairman of the Civic Beautification committee. Announcement was made of the Flower Show School to be held in Amarillo on April 3, 4, and 5, with Mrs. C. E. Beavers of Fort Worth teaching horticulture, and Mrs. Charles Harbison of Buffalo, Okla., teaching Flower Arranging. Mrs. A. L. Manjeot is general chairman of the school and anyone interested can get further information from her.
Mrs. Ray Johnson decorated the tea table using the Valentine motif. Refreshments of tea dainties were served from the table with Mrs. J. B. Noland and Mrs. John N. Jacobsen Jr. presiding at the silver service.
Those attending were Mesdames Hugh Clearman, O. G. Hill Sr., W. C. Hromas, John N. Jacobsen Jr., A. L. Manjeot, R. W. Mitchell, J. V. Pickens, M. T. Rutter, S. S. Williams, Jeff Gilbreath, C. D. Kelton, A. O. Thompson, Ralph McCullough and Jeff Roberson. Guests present were Mesdames R. W. Smith, J. L. Lookingbill and J. B. Noland.

HD Club Members Study Laundry Aids

The North Hereford Home Demonstration Club met on Thursday, Feb. 15, at the Hereford Community Center for a regular meeting.

The Wa Cun Ya Camp Fire Girls enjoyed a Valentine party

planned by Pat Hill in which all members took part. A Valentine symbol and blindfold game were played.

Those attending the meeting were: Martha Kate Alkin, Lannie Buck, Cindy Cavness, Mrs. Foster Hill, Pat Hill, Mrs. H. A. Cavness, Pamela Miller, Margaret Phipps, Camille Pavlicek, Sharon Robinson, Susy Woodall, and Mrs. John Gooch.

REMEMBER WHEN?

They called him "The Splendid Splinter." He had come out of the service to murder American League pitching all season long, enjoying one of his best years at the plate.

In the second game Lou Boudreau, then the young manager of the Indians, tried a desperation measure. He shifted his entire outfield and infield over toward the right, presenting a solid wall of fielders to the right-field hitting Williams.

"NOW LET'S SEE eye to eye on this thing," says the above pictured crow. It seems the bird has taken up lodging on the garage door belonging to M. W. Sumner of 315 Irving. Reluctant to pay his rent, the crow still insists on roosting on the open door each night. He lights there about dark and rises early each morning. Although he has no nest, the bird contends that home is where the heart is. Sumner has only one problem — how to shut the garage door without evicting the bird from his home sweet home. OOLA-COMO-TAKA-KI!

MY WARRIORS WILL SOON FIND US AND DESTROY YOU!

WHEN THEY DO FIND US, CHIEF BATOOMA, YOU GIVE THEM MY ORDERS - IF YOU VALUE YOUR LIFE!

YOU WILL TELL YOUR MEN TO STACK THEIR RIFLES IN ONE BIG PILE AND THEN RETURN TO THEIR VILLAGE!

WHAT YOU DO WITH GUNS?

YOU SHALL SEE, CHIEF, AFTER ALL OF YOUR WARRIORS HAVE LEFT!

TIM! THE SEARCHERS HAVE SPOTTED US! HERE THEY COME!

THE GUNS ARE STACKED AS YOU ORDERED, AND MY WARRIORS ARE LEAVING!

WHEN THEY ARE OUT OF SIGHT, SPUD, GET BUSY!

I-I HOPE OUR LUCK HOLDS OUT, TIM!

THE FIRE'S GETTING BIGGER, CAPTAIN GLENN -

COULD BE A NATIVE'S GRASS HUT, BOWERS!

LET'S GET OUT OF HERE -

GANGWAY!

HOW AM I GOIN' TO EXPLAIN THIS TO MAGGIE?!

TELL HER IT HAPPENED IN YOUR OFFICE -

SHE'D NEVER BELIEVE THAT! I'M GOIN' IN HERE AND BUY A WHOLE NEW OUTFIT -

FRANK FLETCHER

THAT WUZ AN EXPENSIVE WAY TO SOLVE THE PROBLEM - BUT IT'S BETTER THAN TRYIN' TO EXPLAIN IT TO MAGGIE -

HE DOESN'T ANSWER.

HE'S PROBABLY OUT ORGANIZING A SEARCH PARTY.

IF I'M TEN MINUTES LATE, HE THINKS I'VE BEEN KIDNAPPED OR SOMETHING.

HE MAKES ME SO MAD! HE TREATS ME LIKE A FIVE-YEAR-OLD WHO CAN'T BE TRUSTED OUT ALONE.

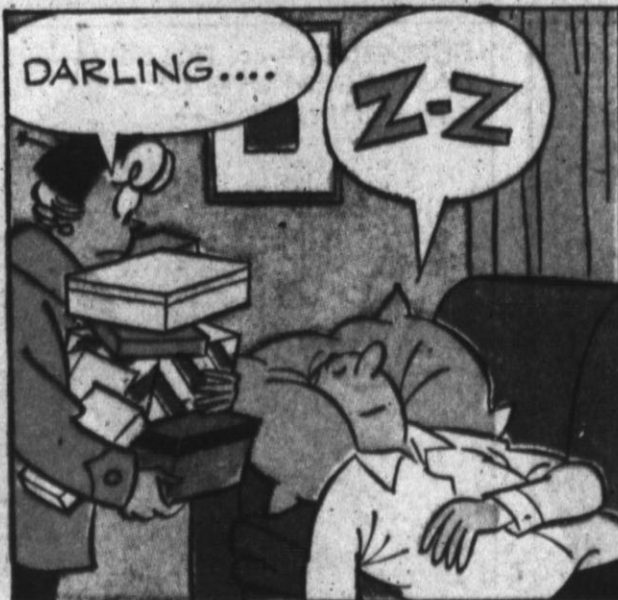

IF HE DIDN'T LOVE YOU SO MUCH - HE WOULDN'T WORRY.

I GUESS YOU'RE RIGHT - HE JUST CAN'T HELP IT.

DARLING - I'M HOME!

The PHANTOM

By Lee Falk

CAPTAIN, FIND THIS PHANTOM. SEND MY PERSONAL REGARDS AND MY APOLOGIES... FOR OUR UNPLEASANT JUNGLE ENCOUNTER.

INVITE HIM TO VISIT HERE AS MY ROYAL HOUSE GUEST. HE WILL BE TREATED AS SUITABLE TO HIS RANK AND STATION AS A RULER.

YES, HIGHNESS. AND WHAT SHALL WE DO IF HE REFUSES?

IF HE REFUSES MY INVITATION TO COME HERE?

CAPTAIN, YOU ARE A MAN. CAN YOU IMAGINE ANY MAN REFUSING ME?

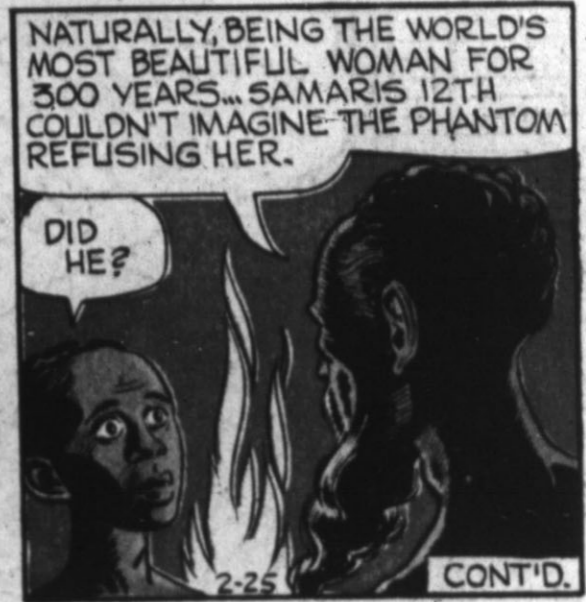

NO, SIR! I MEAN NO, HIGHNESS.

OFF WITH YOU!

CAN YOU TIE THAT? I THOUGHT SHE WANTED TO HANG THAT MASKED GUY.

WOMEN! YOU NEVER KNOW.

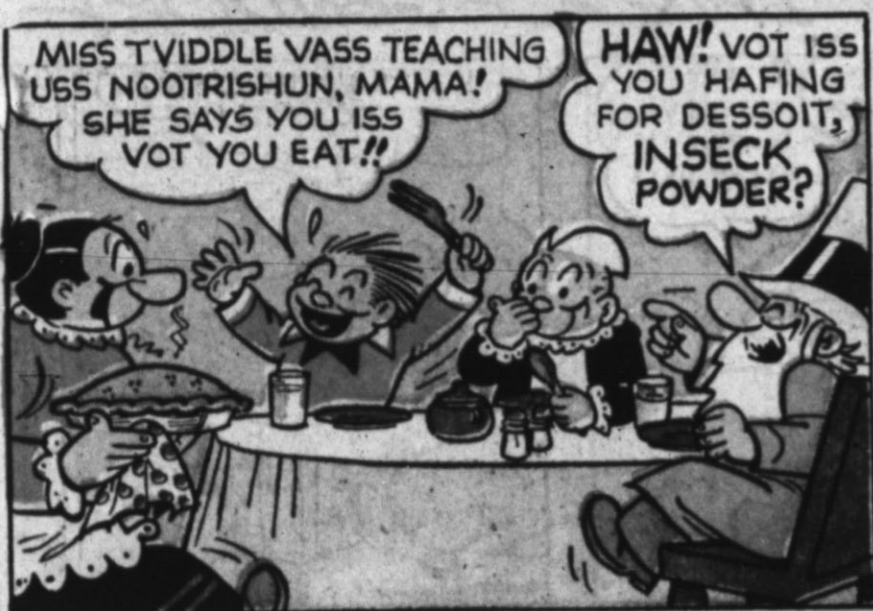

NATURALLY, BEING THE WORLD'S MOST BEAUTIFUL WOMAN FOR 300 YEARS... SAMARIS 12TH COULDN'T IMAGINE THE PHANTOM REFUSING HER.

DID HE?

CONT'D.

LITTLE ANNIE ROONEY

By DARRELL McCLURE

PENNY, I'M GLAD YOU FIND IT TOO ROUGH TO GO OUT LOBSTER FISHING - IT'S DANGEROUS!

MAYBE SO, BUT IT'S A LIVING! A LADY'S GOTTA EAT, YOU KNOW!

AH, YES - THE IRREFUTABLE LAWS OF ECONOMIC NECESSITY - BUT DO NOT DESPAIR! IF WORSE COMES TO WORSE, I AM SURE I CAN ALWAYS FIND A CRUST IN MY CUPBOARD FOR YOU!

HA - MAYBE A NON-FATTENING CRUST IS ALL I NEED!

ANNIE? NO - I HAVEN'T SEEN HER SINCE THE DAY THE KIDS GAVE HER SUCH A HARD TIME! I GUESS THE POOR DEAR HATES TO LEAVE THE HOUSE!

IF THAT'S THE CASE, SHE HAS QUITE A BIT OF COMPANY - I JUST SAW AN IMPOSING CARAVAN OF THE DIRECTORS OF VARIOUS ROONEY ENTERPRISES HEADED FOR THE ROONEY MANSION!

H'M'M - THEY CAME UP HERE IN THIS SEASON? IT MUST BE A VERY IMPORTANT MEETING!

MOST OF ZIPORAH'S AFFAIRS ARE OF IMPORTANCE! WHEN SHE SNAPS THE WHIP, HER DIRECTORS JUMP!

BEFORE WE GO INTO THE MEETING, MR. BARRISTORR, I WOULD LIKE TO KNOW WHAT PROGRESS YOU ARE MAKING TOWARDS MY PLANS FOR LITTLE ANNIE?

AH, YES, THE MATTER OF ADOPTION!

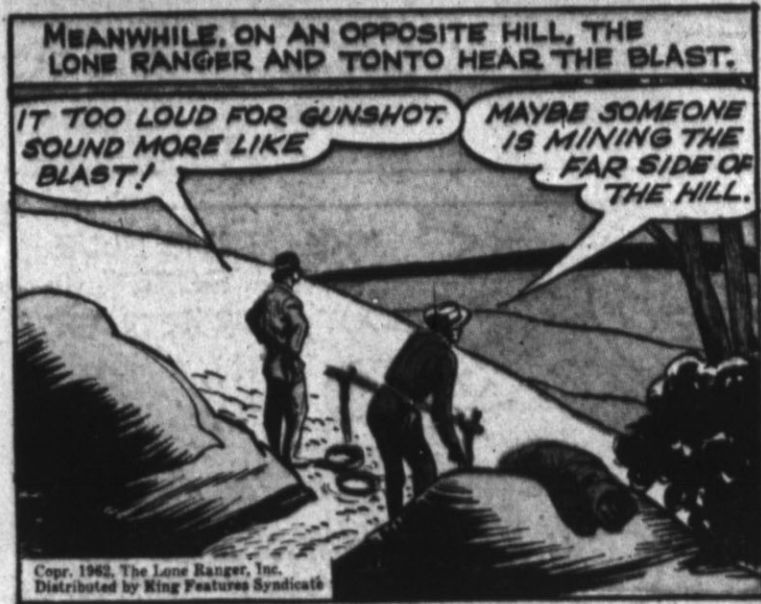

IF YOU STILL INSIST UPON ADOPTING LITTLE ANNIE AS YOUR SOLE HEIR TO THE ROONEY FORTUNE, YOU WILL FIRST HAVE TO ALLOW HER TO BECOME A WARD OF THE STATE - OTHERWISE THERE IS NO ONE AUTHORIZED TO PERMIT THE ADOPTION!

ADOPTION?
