

Wilson Announces Plans For Packing Plant

Wilson & Co., Inc. will build a major beef processing plant at Hereford. It was announced by Roy V. Edwards, President. The multi-million dollar plant will be constructed on a recently purchased 300 acre tract of land 3 miles southwest of the city on Highway 60.

The Hereford Wilson plant will be a highly mechanized plant making use of the newest equipment and most advanced processing methods, many of them developed by the company. It is being designed to convert cattle into dress beef as rapidly and economically as modern equipment and advanced industrial engineering will permit. In keeping with the company's standards, full use will be made of stainless steel,

glazed tile and equipment designed to insure utmost cleanliness and sanitation.

In addition to facilities for on-the-rail dressing of beef the plant will also have provisions for fabricating beef into special cuts for the boning of beef, the quick freezing of meat specialty items, the curing of hides, and the rendering of fats and oils. It will have a capacity of about one-third million head annually and will employ about 200 persons.

In announcing the decision to build a plant in Hereford, Edwards said "As a result of extensive studies of a number of possible sites we are convinced that Hereford, which is in the center of one of the largest and

fastest growing cattle feeding areas of the United States is an excellent location for the modern plant we are planning to build there."

Wilson & Co., Inc., one of the nations largest food processing companies now operates 11 meat processing plants in the U. S. and three overseas. It is a subsidiary of Ling-Temco-Vought, Inc.

Company officials declined to say when construction would start on the plant, but it was assumed that it would begin in the near future.

The long awaited announcement was received with jubilation by business leaders in Hereford who see a continuation of the city's long and steady growth through the addi-

tion of industry to the strong agricultural economy of the area.

When contacted Wednesday afternoon, Wayne E. Thomas, Chairman of the Industrial Committee of the local Chamber of Commerce, expressed his pleasure at the announcement.

"It's a step in the right direction towards continued growth of our area, and a healthy economy."

Neil Cooper, president of the Chamber of Commerce, commented enthusiastically at hearing the announcement. "It's a fine company and we know they will be an asset to Hereford. We couldn't have picked a better organization than Wilson and we're real happy to see them come to town."

Negotiations with Wilson & Co. started almost a year ago, according to Wayne E. Thomas, local attorney and J. Henry Sears, president of the First National Bank. The two local men have worked steadily with the company since that time, leading to the ultimate land purchase in July and announcement of the actual plant this week.

Negotiations with the City of Hereford for water and sewage facilities began some 60 days ago, according to Mayor Ray Cowsert, who made one trip to Chicago to work with company officials. Others who have traveled to Chicago in behalf of the plant include City Manager Dudley Bayne, Thomas, Jim McAndrews, and Sears.

Merger of the Wilson firm

with Ling-Temco-Vought, Inc. temporarily sidetracked negotiations earlier this year. The Dallas based corporation purchased controlling interest in Wilson & Co., Inc., meat and food processors; Wilson Sporting Goods Co. and the Wilson Pharmaceutical & Chemical Corporation. In June however, the announcement was made that Roscoe G. Haynie, Wilson's board chairman and president, and James D. Cooney, retired chairman and Wilson director, would take places on the LTV board which was being enlarged from 15 to 17 members.

The merger has made LTV one of America's 40 largest manufacturing corporations with consolidated annual sales for 1967 in excess of \$1.5 billion.

Aven Named To Board

The Hereford Independent School District Board of Trustees in a surprise move Tuesday morning appointed Hilrey L.

Hilrey Aven

County Judge, Ex-Sheriff Named In Suit

Deaf Smith County Judge H. C. "Hank" Williams and ex-sheriff Lowell R. Sharp have been named as defendants in a civil action filed in United States District Court for the Northern District of Texas at Amarillo. The suit, filed by Gene Godwin of Hereford, arises from an alleged violation of Godwin's civil rights and asks for actual damages of \$75,000 from Williams and Sharp, jointly and severally, and further demands judgment against the defendant Sharp for \$75,000 and against the defendant Williams for \$150,000 in punitive damages.

The action arose from an incident of August 26, 1965 when Godwin was arrested following a complaint by J. C. Mills and J. T. Tice, and placed under a \$20,000 peace bond. Godwin remained in jail until Sept. 10 at which time he placed bond and was released. The suit, filed August 21, 1967, charges that "the defendants and others unknown to plaintiff entered into a willful and malicious conspiracy to deprive plaintiff of his civil rights as a person and a citizen of the United States of America" and further charges that "in furtherance of such conspiracy, the defendant Williams did, on August 26, 1965, under color of authority, but without any actual authority, and without jurisdiction, issue a warrant for the arrest of the plaintiff upon a civil complaint. The said Sharp, under color of authority, but without actual authority, did place this plaintiff under arrest and did deliver his person to the office of the defendant Williams at about 4:00 o'clock in the afternoon on said date."

Sharp, now District Probation Officer, 60th Judicial District, resigned as sheriff October 17, 1966, and was named to the position that he now holds.

Aven, Hereford businessman, to fill out the term vacated recently by L. B. "Scat" Russell, who resigned to accept a position as head teacher at Walcott.

Aven, a resident of Hereford for the past 21 years, is president of Big T Pump Co. He has long been active in civic affairs in Hereford, having served as a director in the Chamber of Commerce, a director of the Lions Club of which he is still a member and has worked on United Fund and other community activities. He is a member of the Central Church of Christ.

The 47-year-old Aven lives at 135 Ave. J with his wife and four children, three boys and one girl. He is a veteran of World War II.

"I'm happy to have the opportunity to be of service, if I can be of service, to the school system," Aven said Tuesday when contacted by the Brand. "I'm real happy with the people already on the school board and feel they are doing a fine job and I will try to help them continue," he said.

Hugh Clearman, president of the school board said Tuesday that "we're happy to have him (Aven) with us." Clearman said several names were mentioned before the final selection of Aven was made.

The board met in a called session Tuesday morning at the Caison House to make the appointment.

Aven will serve until the next

Transportation Problems Being Solved Rapidly

Transportation problems in the Hereford Schools' bus system are being worked out this week by school administrator Tom Harkey, who predicts smooth running routes in a matter of days.

Two new routes have been added to the transit system this year, Harkey said. Problems have arisen, particularly with the wee folk, when bus numbers have been changed in order to get the proper-sized buses on respective routes. The first day of school was a little trying, Harkey said, when the kiddos got on the wrong bus for the return trip home, didn't realize it was the wrong bus until the thing had gone a number of miles, got back to the bus barn late in the afternoon — and then couldn't tell Harkey where they lived!

So, first graders take heed and remember the number of that bus that picks you up in the morning — and have Mom fill you in on just exactly where it is that you live.

Problems with rural youngsters enrolling at the wrong elementary schools have for the most part also been worked out, according to Harkey. The administrator will be working throughout the year on the bus routes, and hopes to instigate some improvements in the routing system.

school board election in April at which time he will have to run for re-election if he desires to continue on the board. Russell's term would have ended in April.

Russell, who resigned to accept the teacher position at Walcott, had served nearly 2 1/2 years on the board. Prior to that time he taught and coached in Hereford and served as principal at Hereford High School for some 2 1/2 years.

Aven will be sworn in at the next scheduled meeting of the board, Tuesday, September 12.

Young Farmers Buy Equipment For Boys' Ranch

Bob Veigel, member of the Young Farmer's Association of Hereford, has announced a fund drive by that organization for the purchase of farm equipment to be donated to Boy's Ranch. A tandem disk harrow and shredder, costing about \$1500, will be purchased after funds have been raised.

Boy's Ranch has recently added some 3000 acres to the complex, and with the addition of the machinery, will help much towards its economy. Parts of the land will be used to grow food crops for the ranch and to sell, while other acres will be devoted to livestock.

The public is urged to donate towards the purchase of the equipment, and anyone wishing to help may contact Howard Hunter, chairman of the committee, at 276-5620, Carl Straufuss 258-7363, Clark Andrews, 276-5604 or Bob Veigel, 258-7393.

Bus Station In New Location

A new bus station to serve Hereford and the surrounding area is expected to be in operation today at 923 E. First, on the corner of U. S. 60 and Funston.

The New Mexico Transportation Co., which is affiliated with Greyhound bus lines nationwide, will be operated by Mr. and Mrs. Bob Monical, who have moved to Hereford from Amarillo.

Claude Colston of Roswell, N. M., assistant general manager of NMTCo, said the new building will have refrigerated air conditioning, with parking space all around the 30-by-40 foot building.

"We feel that Hereford is the progressive city and the new facilities will serve the people," said Colston. The new building is being leased from N. D. Bartlett of Hereford.

Colston said the move would be completed from the old bus station at 145 W. Third Wednesday night and the new building in operation Thursday. There are no planned schedule changes, Colston added. Bus schedules are included in an advertisement in this issue of the BRAND.

—Hereford Brand Photo

WOULD YOU BELIEVE — A few didn't make it home on time the first day of school... seems they couldn't remember their bus number. Here Mrs. Keith Taylor, first grade teacher at Northwest, pins a badge on young David Hernandez, son of Mr. and Mrs. Celestino Hernandez of the Summerfield community. Six-year-olds all get "pinned" before they take out for the bus loading centers.

Enrollment - Record High

Enrollment in Hereford Independent Schools has reached a new record high, with still more students expected to register. Figures at the end of the second day of classes on

Tuesday indicated 4,559 students — well over the 4,514 peak of the last school year. That peak came in the middle of October; enrollment at end of the second day of school one year ago was 4,216.

St. Anthony's, St. Joseph's Have 600 In Classes

St. Anthony's and St. Joseph's, Roman Catholic parochial schools here, have a combined enrollment nearing 600 youngsters, a check Wednesday indicated. This places the total Hereford enrollment well over the 5,000 mark.

Eight grades at St. Anthony's have enrolled 243 students, the principal of the school said. Three teachers have been added to that school this year.

At St. Joseph's, there were 355 attending classes this week. Enrollment at this Labor Camp school is quickly changeable, however, the principal reminded — more are expected soon after Labor Day, but, like the public schools, a decline (but an exaggerated one) will be seen there. Students drop-in and drop-out at St. Joseph's quite often, the principal said.

Commissioners Approve Budget FOR 1968

VISTA Group Praised

All of the VISTA (Volunteers In Service To America) workers who have served in Hereford were recognized for their efforts Tuesday night during a party at the Casa de Amigos in the Hereford Labor Camp. Martin Winch, who will be completing his year's service in Hereford this week, accepted the plaque for the VISTA workers. Winch will be leaving about Sept. 8 to study correctional law at the University of Denver.

In making the presentation, Frank Ford Jr., president of the Hereford Migrant Ministry, said "It is with deep appreciation that we, as citizens of Hereford, recognize your months of effective service to the people of our community."

"The record of the Volunteers In Service To America here has been outstanding, and your common sense, practical approach to the problems has gained the confidence and respect of all who have worked with you."

"You have been a key part of a cooperative effort which has included St. Joseph's Mission, the Hereford Migrant Ministry, the Hereford Knights of Columbus, St. Anthony's, the Protestant churches of Hereford."

See VISTA Page 2

Deaf Smith County Commissioners Monday reviewed and approved a slightly higher budget for 1968, only to run into complications hours later when the Deaf Smith County Hospital Board appeared requesting an additional grant to help stave off possible financial problems later next year.

Based on a \$45,000,000 valuation, the budget estimate totaled \$1,413,142.40 receipts with disbursements at slightly over that figure at \$1,418,829.25. Principal increases came in the Jury Fund, the Road and Bridge Fund, Hospital Maintenance Fund, Hospital Interest and Sinking Fund (1962 issue soon to be retired), Road Bond Interest and Sinking Fund (1966 issue), Officers Salary Fund, County Right-of-Way Fund and the Law Library Fund.

Major decreases were seen in the Road and Bridge Machine Warrant Fund (used to purchase new maintainers) and the General Fund.

Total 1968 estimated expenditures however, were to be slightly under the final estimate for 1967 and just \$51,000 over the actual expenditures for the calendar year of 1966.

In reviewing the budget, commissioners pointed out that the building of an addition to the small Bull Barn and the total remodeling and updating of the large Bull Barn which is located on Dairy Road, added almost \$53,000 to the 1966 expenditures and since no large construction is being considered in either the remainder of 1967 or 1968, the General Fund requirements would be much lower for both years.

All accounts appeared to be in fine shape, even though the hospital trustees had requested an additional allocation for the Hospital Maintenance Fund. The board requested .05 cents per hundred dollars valuation for the

fund rather than the .02 cents that had been allocated in the budget. The request came shortly on the heels of earlier action to increase hospital staff than wait until February as had been planned before.

On hand to represent the hospital were board members John Douglas Pitman, Ed Loerwald, Dr. J. H. McCrary, Aubrey Cook, Wayne Thomas and hospital manager T. E. Seigler Jr. Seigler informed the court that Northwest Texas and St. Anthony hospitals in Amarillo had recently announced salary increases for their staff, and the competition for nurses and other hospital personnel would become keen after the February 1 opening of the new Baptist hospital now under construction in Amarillo.

"These people are already busy recruiting a staff of 500 people," Seigler said and indicated that help problems could arise for the local institution unless an immediate salary increase was instituted to help put the pay scale in line. The proposed salary increase Seigler told the group, would call for an additional \$5058.00 for the remaining 4 months of 1967 with an additional \$30,748.00 needed in 1968. Part of this increase will be brought about by the increase in the minimum wage voted by Congress to be effective Feb. 1, 1968.

This increased cost must be See COMMISSIONERS, Page 2

JUNIOR HIGHS BEGIN WORKOUTS with the beginning of school this week, football workouts for the city's two junior high schools also began. Pictur-

REV. RUSSELL WINGERT

Experience, Trust Are Important In Career

A Hereford minister, Russell Wingert, says that experience has been the biggest teacher in his career. "This local minister is well known for his counseling work, one of the favorite parts of his job."

Russell Wingert has been here since 1946, and his long tenure as pastor of the Presbyterian Church has created an appreciation for his assistance to people meeting the day-by-day crises of living. A pastor's position is unique, Rev. Wingert can point out; the minister can't take the place of psychiatrists and psychologists, but he is usually the first person to be called upon. Rev. Wingert believes that the counsel of a minister is helpful in providing understanding and a trust that people can always depend on. Rev. Wingert's 21 years in Hereford have added to the assurance that people have in this minister's dependability — "he's there when you need him, and not just for his own people," a member of his congregation notes.

A minister's work includes more than counseling, Rev. Wingert explains, pointing out that there is "room for all endeavors" in the field of pastoring. A minister has to be concerned with coordination of his work — and that of others — in the shaping of a whole program for a church; the pastor explains. Russell Wingert, born in Chicago, studied at Princeton; he didn't choose to enter the ministry until during his college days. Before he came to Hereford, Rev. Wingert had been pastor at churches in Tulsa and in the area of New Orleans. During World War II, he served with the 10th Mountain Division in Italy.

A person's first impression of Russell Wingert may be that he is of a quiet, serious nature — but his friends will point out the other side of the Hereford minister: "He has a rare sense of humor... we can always de-

pend on him to drink a cup of coffee... you have to get to know him." Not only does he have a very real interest in the needs of those who call on him; he has an avid interest in sports his friends will relate. The Presbyterian Church had been meeting in another location when Rev. Wingert came to the assignment here; the church has grown through the years, with numerous young couples joining the local congregation. "These are to be the backbone of the church," relates a member. "Russ' counseling seems to attract a lot of them." Church work is a seven-day job for the Wingerts (Mrs. Wingert is music director) but that doesn't mean there isn't time for recreation. Bridge is a favorite pastime enjoyed by the minister and his wife, and they also have been a member of Hereford square dance clubs.

Religion is a very positive thing for those influenced by this Hereford minister's preaching — "He preaches a very positive,

human, realistic religion," says one... and this, along with counseling, is not confined to Presbyterians. The minister's attitude is one that will get him up at 3 a. m. "whenever he is needed."

Rev. Wingert is not a large man, but his personality has a lot of extra that makes him remembered by his friends and associates. He is remarkable, say those who know him, in that "he is absolutely unruffled by criticism," but goes his way and lets faith in time, example, and other people's convictions work the problem out.

And contrary to some people's conception of the saintly, pious minister, they will find Russell Wingert is as down to earth and "human" as the rest of the lot... qualities that can be respected in his profession of helping individuals find workable answers to down to earth problems.

Enrollment...

Continued From Page 1 sixth, 376 seventh, 346 eighth, 356 ninth; 325 sophomores, 225 juniors and 252 seniors; 157 children are enrolled in special education.

A check with school officials Wednesday morning indicated that elementary schools were nearly filled to capacity; state recommendations suggest that only 30 students be allowed in a classroom in grades one through three, with 35 in each room in grades four, five and six. Administrators here attempt to hold the number at 30 in any class.

Facilities in the junior high and high schools are apparently adequate for the situation at hand, administrators believe, with the addition of more teachers. Probably the item that would have to be adjusted with increasing enrollments.

HEMINGWAY REMEMBERED IN SCHOOL

OAK PARK, Ill. — This year is the 50th anniversary of Ernest Hemingway's graduation from Oak Park and River Forest High School.

A discussion of Hemingway's student days marked a program in the school auditorium honoring "Hemingway as we knew him."

Teachers, classmates and friends participated in the re-

Reception Held At King's Manor

Open house at Kings Manor Tuesday evening introduced new personnel as it bade goodbye to veteran staff members, Mr. and Mrs. L. C. Thomas, before their move to Corsicana.

Manson Waits, who came several weeks ago as administrator, Mrs. Waits and Miss Alta Campbell, new director of nursing at the Manor complex, were presented as the Rev. Don Davidson, executive director, conducted an informal program.

The recreation room of the Manor was filled with friends who called, met the newcomers and voiced their best wishes to the Thomases while Mrs. Clifford Trotter played background music at the piano.

A "hatful of greenbacks" was presented to Mr. and Mrs. Thomas from staff and residents of the Manor, and Miss Hilda Havens presented a gift from the

Commissioners...

Continued From Page 1 met by an increase in the room rent, Seigler said, or by an increase in the tax income. "We're proposing a little of both." The Deaf Smith County facility has for a number of years been one of the model hospitals in the state with both room rent and patient cost per day running considerably below the state averages.

Also listed as a must in the ensuing year is additional X-Ray equipment (\$50,000), an additional boiler (\$25,000) and a warehouse at an estimated cost of \$10,000 plus numerous other smaller pieces of equipment and supplies. Seigler said that a bond issue for around \$10,000 might be called later in the year due to the urgent need for the additional equipment and storage space.

Wayne Thomas, speaking for the hospital board, told the commissioners that "we have a good staff and we want to keep them" and pointed out too, that the additional X-Ray machine and room would add to the efficiency of the hospital. Savings can be effected in food and supply purchases, according to Seigler, if the hospital has sufficient warehouse space to house the supplies.

Seigler said that a new warehouse would pay for itself in two years through savings from quantity buying.

Dr. J. H. McCrary pointed out that many patients now had to be taken from the hospital to private X-Ray machines (bigger than the hospital has), and that when a patient is removed from the hospital to a private X-Ray, insurance companies will not pay the cost. Having an adequate X-Ray machine in the hospital will not only add to the efficiency of the hospital but will mean thousands of dollars saved annually by the patients.

When asked about voting a hospital district, Thomas told the group that this was not the answer. "It becomes too easy for a hospital board to assess a higher tax rate rather than insist on efficiency in hospital operation," he said, "and many of the areas that have voted hospital districts are already paying a 35 cents-40 cents tax rate."

Although the budget for 1968 has been approved with .02 cents allocated for the local hospital, board members were assured by the commissioners court that money would be available to help defray the increased salary costs.

Also meeting with the court were three representatives of the Deaf Smith County Chamber of Commerce who presented a suggested list of items that should be purchased for the Bull Barn, some privately subscribed with major items on the list being purchased by the commissioners' court. Estimated cost was approximately \$21,000.

A special study committee, headed by Dean Herring, has worked for several months in trying to determine just what items are needed for the county facility — and at what price these items could be purchased.

The commissioners agreed to study the situation and work with the chamber group when and if money was available. The annual Deaf Smith County Chamber of Commerce banquet, touted as being one

of the largest in the area, is held in the Bull Barn. Although catered by a local restaurant, dishes, silverware and other items must be furnished.

Neil Cooper, president of the chamber and W. T. (Bill) Thompson, chamber manager at the meeting with Herring.

Also attending the court meeting for the purpose of hearing a review of the budget were Mrs. H. L. Hershey, Mrs. Bess Werner, Mrs. Argen Draper, Rita Sue Huckert and Keith Schroyer — a VISTA worker from the Labor Camp.

In other business, the court approved the payment to Homer Henslee of \$500 for work done on the 1968 budget. Henslee is a former county judge and has been retained for several years since his retirement to do the annual budget work.

RELATIVES GATHER Mr. and Mrs. Harold Clark and Larry of Colorado Springs have been visiting Clark's father, Brit Clark of Summerfield, and other relatives here. Relatives gathered Sunday in the J. O. Clark home, 235 Ave. I, included the visitors, another son of Brit Clark, L. J., and his family, and families of the J. O. Clark's sons, Richard and Leaton of Amarillo.

Grain Sorghum Hit By Mites

A small red mite, which can cause heavy damage when appearing in great numbers, has begun showing up in Deaf Smith County grain sorghum crops.

County Agricultural Agent Justin McBride said the tiny mite hasn't been identified specifically, but farmers are being urged to spray their crops only if the infestation is heavy.

McBride said he had not seen the insect here personally, but has talked with entomologists and Hale County Agent Ollie Linder, who has been combating the mites for about two weeks.

McBride explained that when grain sorghum is hit hard in the milk stage, the earliest in its development, there is almost a total grain loss. There is a lesser yield of grain when the plant is attacked in the second stage of growth, and only light damage when the sorghum is in the hard dough stage of growth.

"Spraying is being recommended if the field are heavily infested only," emphasized McBride. Experts are recommending several chemicals, with the

most satisfactory being parathion. Some other insecticides also are popular, said McBride. They are slightly higher, but you probably need only one spraying with them. With the parathion, the farmer may have to give a second application to kill the second generation of the mite.

It is not known for certain yet, McBride said Wednesday but it is believed that there is a new generation every seven days.

"It is important to realize that the heavier infestations should be present before it is economical to spray or the damage occur," stressed McBride. "It literally takes millions of the mites."

"A good rain probably would be the best control for them," he concluded. "I don't know why it is, but that seems to take care of them."

LETTER BEAT TELEGRAM NEW DELHI — A writer complained to a New Delhi newspaper that he sent a telegram to a relative and followed it with a letter. The letter was first by several hours.

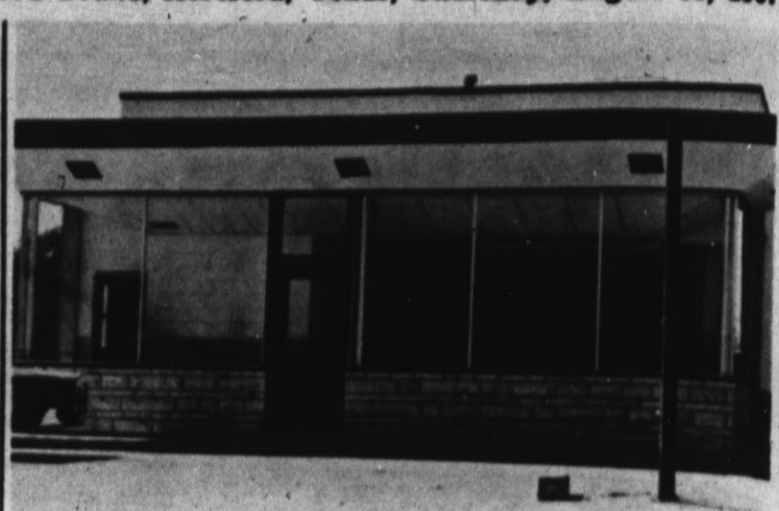

STINGING SITUATION LONG MONT, Colo. Inspector Earl Richardson was sent to a Longmont residence to check a complaint about bees. He returned with a stung nose and the news the householder had 19 hives of bees in the backyard-15 more than was legal.

Delicious sandwich spread: cheddar cheese (very soft or finely grated) mixed with mayonnaise, chopped pimiento-stuffed green olives and walnuts. If you are making a large quantity of this spread, and are using a cheddar cheese that isn't the very soft variety, you can put the cheese, olives and walnuts through the food chopper and then mix in the mayonnaise.

Purdue coach Jack Mollenkopf has coached the Boilermaker football team the last 11 seasons.

The coming football season marks Duffy Daugherty's 14th at Michigan State. He played his college football at Syracuse.

W. W. (Woody) Hayes of Ohio State is the senior coach in point of service among Big Ten mentors. This year marks his 17th season with the Buckeyes.

SURVEY AND CORRECTION — Employees of Pioneer Natural Gas Co. were busy Tuesday repairing a leak discovered in lines near Stanton Junior High. The company inspects lines near school buildings and businesses twice a year and it was during a recent survey that the leak was discovered.

Old Fords Never Die: They Become Antiques

It was a time for old folks exclusively Sunday afternoon — old folks as far as automobiles are concerned — as the Texas Panhandle chapter of the Model "A" Ford Club stopped in Hereford on its return trip to Amarillo.

The 12 Ford automobiles were in Hereford for gas, water and any other attention they might need had been on a weekend outing to Clovis, where they were guests of the Clovis and Portales Antique Car Club.

On their return trip Sunday evening, they wheeled into Rock Stewart's Eastside 66 Station, where they had cokes and candy and parking space "on the house." Rock had invited the group to stop after he met them on their way to Clovis.

The club is sponsored by the Sid Stout Ford Ranch, and meets

once a month in Amarillo. Don Fansler is president of the group assisted by Lee Roy Hartwell, vice-president, and Opal Hartwell, public relations.

Besides their excursion across the country to Clovis, the group regularly has driving contests, and participates in parades about the area; the caravan of restored Fords will drive down into Palo Duro Canyon Sunday Sept. 10 for the club's annual picnic. The organization, formed in 1960 with five members, now has 34 on its membership roll.

VISTA...

Continued From Page 1 ford, and many other concerned individuals. We are grateful for the time that you have spent with us."

The plaque, which will be placed in Casa de Amigos, reads "In Honor of Hereford's Volunteers In Service To America. 1965-66—Ellen Pinnell, Wanda Nelson and Joe Parker. 1966-67—Denise Waltman, Pris Choate and Martin Winch."

Miss Waltman completed her year of VISTA service on July 30, but has plans to return to teach sixth grade at St. Anthony's school. Miss Choate has been ill for the past several weeks and was sent home to recover. Her term is nearing an end and it is not expected she will return to work.

Besides Winch, there are three VISTA workers now at the camp. They are sponsored by the Hereford Migrant Ministry and the United Church Women of Hereford. Virgil Dodson is personal sponsor of the VISTA workers.

Damage Heavy In Two-Car Wreck

Approximately \$400 damages resulted in a two-car collision Wednesday morning at the intersection of Union and Avenue D. Police said Juliana Gamaz of 209 Avenue H was driving a 1963 Ford east on Union and Edgar S. Ireland of 213 Avenue D was driving his 1963 Dodge South on Avenue D when the accident occurred.

There was an estimated \$200 damage to each vehicle. A citation was issued for causing a negligent collision by failure to yield right of way at a stop sign. The accident occurred about 9:45 a. m.

Dimmitt Funeral Set For Mother

Funeral services are to be Dimmitt for Mrs. E. R. Adams, conducted this afternoon at 38, formerly a Dimmitt resident for 15 years who died in a Dalhart hospital Tuesday. She was the mother of Donald Adams of Hereford.

Other survivors are her husband; another son, Douglas Adams of Dimmitt, and a daughter, Mrs. Patsy Barnes of Dalhart. Mrs. Adams had been living in Fairview, Mo., after her residence in Dimmitt.

The funeral is planned in First Baptist Church of Dimmitt with the Rev. Wayne O. Perry of Lubbock and the church pastor, the Rev. Frank Pollard, officiating.

LET'S COOK SOMETHING

Party Fare Is Pretty

By SUE COLEMAN
Women's Editor

"If it's easy to make, that's for me!", declares Mrs. Larry Dobbs concerning her preferences in recipes. She collects and uses the ones which feature time-saving cookery methods.

AN EXAMPLE is the punch she served last week when she was tea hostess to Young Homemakers of Texas. Pretty and pink, the tart drink with a creamy float was enthusiastically praised by guests. Mrs. Dobbs says it takes only a few minutes to mix enough for 20 persons by this recipe:

PINK PARTY PUNCH
2 large cans Hawaiian punch
1 bottle ginger ale
1/2 gallon strawberries-and-cream flavor ice cream.

Have all ingredients chilled. Mix and serve.

AT THE TEA she served a variety of tiny sandwiches with the punch, or it might be served with cookies and she has an easy recipe for them, too.

CAKE MIX COOKIES

1 pkg. cake mix
1/4 cup liquid shortening
3 tb. water
1 egg

Mix and add nuts, raisins, chocolate chips, etc. Drop by spoonful on greased cookie sheet and bake at 400 degrees until nicely browned.

MRS. DOBBS DOESN'T specify the kind of cake mix; she says the use of different kinds will enable the cook to make all sorts of cookies. One her family likes is made with spice cake mix, nuts and chocolate chips. Variations are unlimited.

When she wants a more elaborate dessert, still easy, the choice may be a creamy, fruity pie.

CREAM CHEESE-CHERRY PIE

1 8 oz. pkg. cream cheese
1 envelope Dream Whip
1/2 cup milk
1/2 cup sugar

Beat these ingredients until smooth and pour into a piecrust made of 1 cup graham crackers

Ellie's
CONVENIENCE FOODS
VIENNA SAUSAGE

and 1/4 cup butter. Top with 1 can cherry pie filling.

TIME SHE SAVES IN kitchen short-cuts may be used by the petite housewife in sewing for herself and her two daughters, Charisse, 4, and Christa, 16 months. She likes to sew anything except, she admits, buttons on her husband's shirts.

Living on a farm southwest of Hereford, Mrs. Dobbs is the daughter as well as the wife of

a Plains farmer. Her parents, the Martin Wagners, resided in Parmer County when she was born, but she is technically a New Mexican because her birth occurred in a Clovis hospital.

The former Ruth Wagner, she attended elementary schools in Friona, then the family moved to this community and she was graduated from Hereford High School. She had a year as a student in Concordia Lutheran College at Austin before her marriage.

Teaching is one of her enthusiasms and she plans to go to college again, "some day, when my children are all old enough," and complete requirements for teaching in public schools.

Club protocol and simple rules of parliamentary procedure to assure smooth-running business sessions in a club, were discussed by Mrs. Tom Draper, guest speaker to the Hereford Chapter, National Secretaries Association, Monday evening.

Jean Kennedy, chapter president, was in charge of the business meeting in which plans for the annual NSA boss banquet were made.

Bosses' night will be on Sept. 16 and a dinner is scheduled at Hereford Country Club. Hostess duties were assigned to the various members.

A bake sale was planned to begin at 9 a. m. Saturday in Sugarland Mall. Members agreed to sell student tickets to local theaters as another fund-raising project.

VISITORS DEPART

Col. and Mrs. William McGuire and children, Franklin, Ann and Beth, left Sunday for their home in Grand Forks, N. D., after a visit here with Rosa Albracht, 604 Schley, and other relatives. They had previously visited Col. McGuire's mother at Idabel, Okla. The family has lived the past three years at Grand Forks, where Col. McGuire is stationed at an Air Force base.

MINIS ONLY FOR YOUNG DENVER- Mrs. Joyce Maloney, an official of a model agency, said in talking to a group of young women, "If you are out of high school, you should be out of miniskirts."

Meantime, she works with primary children at Frio Baptist Church as Sunbeam leader and vacation Bible school teacher. She is well known in this area for the children's radio program she conducted two years, and also for activities in the Young Homemakers of Texas.

After heading the Hereford chapter, she is now serving as state vice president for this area and as director of the "little sister" program on the state board. Girls of high school Future Homemaker groups are the YHT "little sisters."

Those jobs will call for considerable travel over the state and energetic Ruth Dobbs is looking forward to it all.

Another club with which she is affiliated is Young Mothers Study Club. For recreation she likes sports and her husband can enjoy together, such as water skiing and softball or baseball which they like as participants or spectators.

Washington Report

From Congress
BOB PRICE SEN. DISTRICT, TEXAS
1223 LEONOWORTH OFFICE BUILDING, WASHINGTON, D. C. • 222-2744

While the cuts in the Foreign Aid program didn't go far enough, Congress at least earned its pay in an all-night session that ended at 3:31 a. m. last Friday.

By cutting \$36 3/4 million from the President's request for an authorization of \$3.4 billion, Congress was earning its pay for the 16 hour day at the rate of \$35 million an hour and final approval of the bill — I voted against it — was by the narrow margin of 202-194.

The Senate had previously cut the authorization to \$2.6 billion so the final bill will be a compromise between that and the \$2.8 billion House figure. That is the authorization only and for one year rather than the two years as proposed. Some further pruning is likely when the actual appropriation of funds for the bill comes up.

Almost 50 amendments were offered on the bill and many of them passed: They included one which would deny U. S. sale of arms to any country shipping cargoes of any kind to North Viet Nam. If accepted by the Senate, this could wreck a pending multimillion dollar reciprocal arms sale agreement with Great Britain. Part of that deal is for sale of the new F-111 jet fighters.

Another amendment would bar aid to any U. N. member country more than two years behind in dues payments, and one would withdraw Poland's status as a "most favored nation" in obtaining special tariff considerations unless that country stopped sending military supplies to North Vietnam.

The bill also denied the President's request for broad new authority to expand U. S. credit sales of arms abroad but did not go as far as the Senate in removing existing authority.

Interest rates on development loans were raised from one to two percent during the first ten years but remaining at 2-1/2 percent during the remaining 30 — not bad considering the rate of interest the Federal government pays on the money it must borrow to finance the AID program.

The minority members of the House Foreign Affairs Committee expressed their views on the failure of the foreign aid program in a report on the bill. Never has the futility of foreign aid been more obvious. During 20 years of this do-goodism, the U. S. has spent 130 billions taxpayers dollars.

This failure was demonstrated again during the recent Middle-East crisis when such U. S. "friends" as France and India voted with the Soviet Union on the U. N. resolution calling for Israel to withdraw from captured territory.

France alone has received over \$9 billion in U. S. aid, has not even repaid her World War I debts and also kicked our NATO forces out as well as criticizing our efforts in Viet Nam.

India not only has received \$6.7 billion in economic assistance but is now demanding more and immediate shipments of U. S. wheat for her starving millions — and this after praising Nasser and criticizing the U. S. after the Israeli victory.

India today is the No. 1 food deficient area in the world, yet the country has a cattle population (including buffalo) of well over 200 million head. This exceeds the combined cattle and buffalo population of the United States, Argentina, and Australia. We respect the traditions and religious beliefs of individuals. On the other hand, where practices such as reverence for the life of animals conflict sharply with the attainment of human progress, we should not be expected to subsidize these traditions and beliefs.

The Federal budget deficit grows at an alarming rate with the end not yet in sight. The balance of payments continues to show a deficit and the present administration is pushing for an income tax boost. One might logically assume that now is a reasonable time to cut our foreign aid commitments. This would help stem inflation, reduce the budget deficit, alleviate the balance-of-payments problem, and perhaps provide some relief to this country's long-suffering taxpayers.

American generosity has won us neither friends nor respect nor trustworthy allies. Nor has it accomplished the aid objectives of establishing stability and keeping countries out of the Communist orbit.

As a nation we are now engaged in a costly war in Viet Nam as well as costly welfare, education, urban development programs and a multitude of other domestic projects. We cannot afford everything.

If ever the time will come to ask: What are our priorities? It is now and the day appropriation for this huge and wasteful program are up for consideration. There was some encouragement in the action the House took and the close 202-194 vote on the bill.

'Up With People' Brings Amarillo Group Tuesday

"Sing Out America '67," a patriotic program by some 80 youths of Amarillo, will be presented in the Hereford High School auditorium at 8 p. m. Tuesday.

The program, also titled "Up With People," will include 19 numbers by the singers and the 17-piece orchestra which accompanies them.

Teddy Brown is director of the show, and Chris King is conductor of the orchestra. The program was written and directed by Moral Re-Armament Inc. of Los Angeles, Calif.

The program is being sponsored here by the Hereford Optimist Club. Admission is \$1 for adults and 50 cents for students.

Roy Boyer and Bill Phipps of the Optimist Club were present for shows in Amarillo recently. Boyer said the performance at Amarillo Air Force Base received a standing ovation and four encores. Phipps said the program presented at Municipal Auditorium also brought a standing ovation and two encores.

The performers include students from the different schools in Amarillo and college students.

Youngsters in the program amount to about 70, all of them volunteers who put in about 3 1/2 hours a night three nights a week for six weeks. Numbers on the program will include, among others, "Run and Catch the Wind," "Building a Nation," "What Color Is God's Skin," "Freedom Isn't Free," and "This Is My Country."

The program and its participants have a creed stating, "We do not choose to be a common man. It is my right to be uncommon — if we can. We seek opportunity — not security. . . . We must demonstrate that the alternative of a Red World or a dead world is a false alternative. We must show that our purpose as free men is to rebuild the world with an idea big enough to include everyone, and powerful enough to change the steele selfishness of the extreme Right which creates the acid hatred of the extreme Left. We need to build a new type of man in a new type of age, where the old social, economic and political injustices are resolved by a change in human nature. This is the only radical and real remedy for our times."

—Hereford Brand Photo
30 YEARS, SAME FACES — Gene Loerwald, top, and Ed Loerwald have been associated with their brothers in a general repair shop in Hereford now for 30 years. The family business was opened here in 1937, after the family came here from Wichita Falls about eight years before.

... We must show that our purpose as free men is to rebuild the world with an idea big enough to include everyone, and powerful enough to change the steele selfishness of the extreme Right which creates the acid hatred of the extreme Left. We need to build a new type of man in a new type of age, where the old social, economic and political injustices are resolved by a change in human nature. This is the only radical and real remedy for our times. "Those who think we are going to cure the evils of this century while disregarding the character of man, are living in a doll's dreamyard. . . ."

MARKET OWNER AND MANAGER — market, while his manager, Dale Bar-Neil Cooper, in suit, looks over the selection of drug items in his super-

NEIL COOPER

Active Civic Leader

A busy place run by a busy man — a description which fits Cooper's Market and its owner, Neil Cooper, perfectly.

Cooper's Market was opened in June, 1952, in the building presently occupied by the Ink Spot on Fourth Street. At that time it was a corporation which included Cooper and his brothers, John presently of Tucuman, N. M. and Caly of Canyon. Both are in the supermarket business.

In June, 1957, the supermarket was moved to the present location. It was expanded in the fall of 1965 and Cooper is now the sole owner.

"In addition to things you ordinarily find in a supermarket," said Cooper, "we handle a good many others, including notions, dry goods items and the delicatessen." Cooper said the business technically is a supermarket, "we just shortened the name to Cooper's Market."

About 25 people are employed at Cooper's Market, with some five of those being schoolboys who work fulltime in the summer months. The store hours change with the season, remaining open longer as the days lengthen. "With this daylight savings time, it's kind of hard to know what to do," said Cooper.

Speaking of the market, Cooper said, "We have always tried to operate a high volume food store in order to give our customers the benefit of a big variety of merchandise at the lowest market price."

"We have always attempted to grow with the community and support all of the worthwhile activities in the community," he added.

Cooper doesn't use the word "support" loosely either. Since

coming to Hereford, he has been one of its most active citizens.

He presently is president of the Deaf Smith County Chamber of Commerce and will serve a term on the board of directors when he leaves office next year. It will be his second time to sit on the board.

Cooper also has been a city commissioner being appointed to serve part of one term and getting elected for another two-year stint. He has been a director of the West Texas Chamber of Commerce, a director of the Texas Retail Grocers Association

and president of the Panhandle Food Dealers Association.

A member of the Lions Club, Cooper was president of that organization in 1958-59. He also is a deacon in the First Baptist Church.

Cooper and his wife, Barbara, celebrated their 20th Wedding anniversary Thursday. They have three children — Jimmy, 19, who will be a sophomore at Texas Tech in Lubbock, Patricia, 15, and David, 12. The family lives about 2½ miles north of the city on U. S. 385.

Wedding Party Guests For Rehearsal Dinner

Immediately preceding the wedding Saturday of Miss Ruth Ann Allison and Mack Cansler, the rehearsal dinner was hosted Friday evening by the bridegroom's parents, Mr. and Mrs. Zearl Cansler.

The marriage was solemnized in the home, of the bride's parents, Mr. and Mrs. J. R. Allison.

Members of the wedding party and their families were guests at the Caison House after the rehearsal. For table decoration, a large arrangement of pink gladiolus, white mums and green foliage was placed centrally.

Places were laid for Miss Allison, Mr. Cansler and their parents, and Mr. and Mrs. Kent Hance of Austin, Mr. and Mrs. Wendell Vandiver, Mr. and Mrs. Allen Cansler of Canyon, Mr. and Mrs. A. C. Hays, Miss Mary Hays and John Hays of Dimmitt, Mrs. Cletis Cansler, Ken Cansler, Mrs. Norman Burk, Miss Brenda Burk and Mark Burk of Tulla.

Other out-of-city guests here for the wedding and reception included Mr. and Mrs. E. R. Beckham, Mr. and Mrs. Jordan Beckham of Waco, Mr. and Mrs. William Blocker of Hobbs, N. M., Mrs. Henry Stephens of Throckmorton.

Also Mrs. Beverly Roberts of Oklahoma City, Mrs. Bobby Stephens of Pampa, Judge and Mrs. C. L. Abernathy of Plainview, Mr. and Mrs. A. B. Hendrick of Granite, Okla., Mr. and Mrs. Kinnian Burk of Springfield, Colo., Mr. and Mrs. James C. Johnson, Mr. and Mrs. Townsend Douglas and Mrs. Joe Bob McCart of Amarillo.

Club President Plays Hostess

Start of a year's program with the topic, Plan, Plant and Pursue, was announced for Sept. 8 when Hereford Garden Club's new yearbook was reviewed Tuesday morning at the annual President's Coffee.

Mrs. Ray Johnson, beginning a second term as president, was hostess at Hickory Log Restaurant. Mrs. Ben Childers, yearbook chairman, announced plans for the initial fall program, open to the public after a salad luncheon in Community Center.

Mrs. V. N. Osborn of Pampa will be guest speaker to discuss cultivation of African violets. Members who grow those plants are to bring specimens to the meeting.

Each member of Hereford Garden Club is asked to grow five African violets for bloom next spring, when they will be used as decorations when District I, Texas Garden Clubs Inc., holds its convention here.

Mrs. W. C. Hromas, treasurer, outlined fund-raising projects slated for this year. They

include continued sale of note paper and gift wrap, a rummage sale, a holiday bazaar and a talent project in which each member present was given a dollar to invest and earn another dollar within the next two months.

Mrs. Johnson asked members for slides or photographs from which slides can be made of this area, to be sent to state and national garden club headquarters for use in preparing programs. Mrs. O. G. Hill Sr. is to collect the pictures here.

Giant red dahlias were arranged by Mrs. Johnson in a low oval at the center of the T-shaped table where guests were served coffee and rolls.

Classifieds Get Results

INSIDE AND OUT — Cooper's Market, located on Park Avenue, has been a Hereford business since 1952. It first was located on Fourth Street, moved to the present location in 1957 and was expanded in 1965. About 25 persons are employed by Cooper's.

Local Fabric Store To Hold Style Show

Fashion Fabrics Style Show, a collection of garments made and modeled by area customers of Tannahill's Fabric Mart, will be presented to the public free of charge at 7:30 p.m. on Friday, September 1, at that store.

Each of the garments was made from fabrics and notions purchased from Tannahill's and will be modeled by the seamstresses of the garment or her representative. Featured on the program will be Mrs. Martha Schmidt, area representative of the David B. Carmel Lining Co. of New York, who will give a demonstration at various types and uses of interlining fabrics as well as general sewing tips invaluable to the home seamstress.

Mrs. Schmidt will be in the store all afternoon Friday, and

3:00 on the correct methods of using interlinings. She will be happy to answer questions and help solve problems dealing with these materials at this time.

Styles displayed will include casual, formal, teenage, misses, as well as children's clothing. Door prizes will present an interesting sidelight to the evening. Mrs. Maurice Tannahill will narrate.

MONKEYING AROUND ON GOLF COURSE

NEW DELHI — The New Delhi Golf Club has a rule that "the ball must be played from where the monkey drops it."

"This is because we have made, out of necessity, the monkey an unofficial partner in our games," a club member told a reporter.

Monkeys abound in and around the golf club and take delight in chasing golf balls and tossing them around.

PUBLIC NOTICE
Proposed CONSTITUTIONAL AMENDMENT NUMBER FOUR ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be amended by adding a new Section in Article III to be known as Section 52e, reading as follows:

"Section 52e. Each county in the State of Texas is hereby authorized to pay all medical expenses, all doctor bills and all hospital bills for Sheriffs, Deputy Sheriffs, Constables, Deputy Constables and other county and precinct law enforcement officials who are injured in the course of their official duties; providing that while said Sheriff, Deputy Sheriff, Constable, Deputy Constable or other county or precinct law enforcement official is hospitalized or incapacitated that the county shall continue to pay his maximum salary; providing, however, that said payment of salary shall cease on the expiration of the term of office to which such official was elected or appointed. Provided, however, that no provision contained herein shall be construed to amend, modify, repeal or nullify Article 16, Section 31, of the Constitution of the State of Texas."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of this state at an election to be held on November 11, 1967, at which time the ballot shall have printed thereon the following:

"FOR the Amendment to the Constitution authorizing each county in this state to pay the medical bills, doctor bills and hospital bills for all Sheriffs, Deputy Sheriffs, Constables, Deputy Constables and other county and precinct law enforcement officials who are injured in the course of their official duties; providing that the county shall continue to pay the maximum salary of these officials while they are incapacitated, but such salary payment shall not continue beyond the terms of office to which they were elected or appointed."

"AGAINST the Amendment to the Constitution authorizing each county in this state to pay the medical bills, doctor bills and hospital bills for all Sheriffs, Deputy Sheriffs, Constables, Deputy Constables and other county and precinct law enforcement officials who are injured in the course of their official duties; providing that the county shall continue to pay the maximum salary of these officials while they are incapacitated, but such salary payment shall not continue beyond the terms of office to which they were elected or appointed."

PUBLIC NOTICE
Proposed CONSTITUTIONAL AMENDMENT NUMBER SIX ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 33, Article XVI, Constitution of the State of Texas, be amended to read as follows:

"Section 33. The Accounting Officers of this State shall neither draw nor pay a warrant upon the Treasury in favor of any person for salary or compensation as agent, officer or appointee who holds at the same time any other office or position of honor, trust, or profit, under this State, except as prescribed in this Constitution. Provided, that this restriction as to the drawing and paying of warrants upon the Treasury shall not apply to officers of the National Guard or Air National Guard of Texas, the National Guard Reserve, the Air National Guard Reserve, the Air Force Reserve, the Officers Reserve Corps of the United States, nor to enlisted men of the National Guard, the Air National Guard, the National Guard Reserve, the Air National Guard Reserve, the Air Force Reserve, and the Organized Reserve of the United States, nor to retired officers of the United States Army, Air Force, Navy, and Marine Corps, and retired warrant officers and retired enlisted men of the United States Army, Air Force, Navy, and Marine Corps. It is further provided, until September 1, 1969, and thereafter only if authorized by the Legislature by general law under such restrictions and limitations as the Legislature may prescribe, that a non-elective State officer or employee may hold other non-elective offices or positions of honor, trust, or profit under this State or the United States, if the other offices or positions are of benefit to the State of Texas or are required by State or federal law, and there is no conflict with the original office or position for which he receives salary or compensation. No member of the Legislature of this State may hold

any other office or position of profit under this state, or the United States."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following:

"FOR the constitutional amendment allowing non-elective state officers and employees to serve in other non-elective offices or positions under this state or the United States until September 1, 1969, and thereafter only if authorized by the Legislature, if the offices or positions are of benefit to Texas or are required by state or federal law, and there is no conflict of interest with the original office or position; prohibiting elected officers under this state or the United States from holding any other office or position under this state; and adding members of the Air National Guard Reserve, Air Force Reserve, and retired members of the Air Force to the list of persons exempted."

"AGAINST the constitutional amendment allowing non-elective state officers and employees to serve in other non-elective offices or positions under this state or the United States until September 1, 1969, and thereafter only if authorized by the Legislature, if the offices or positions are of benefit to Texas or are required by state or federal law, and there is no conflict of interest with the original office or position; prohibiting elected officers under this state or the United States from holding any other office or position under this state; and adding members of the Air National Guard Reserve, Air Force Reserve, and retired members of the Air Force to the list of persons exempted."

1964 HHS GRADUATE

Front Line Man Wants Precise, Defined Goals

A young Hereford man who "digs the war" is Lawrence Warner, nephew of Mr. and Mrs. George Warner of 805 N. Main St. Lawrence, who graduated from high school here, has been in town for a few days on leave from Vietnam; he has finished 13 months duty in that country, and has volunteered to go right back - taking a position where he feels he can best serve his country and the war effort.

Only one in ten ever actually sees combat duty in Vietnam, several veterans of that war have told us; Lawrence has been among that "one in ten" and can say that he's been "target for bullet practice a few times at least. What he has been doing in the central highlands of Vietnam is in reconnaissance work, and he can relate interesting accounts of the work he has been involved in.

Warner entered the army in February, 1965, and went to Vietnam in July of last year. He has been a part of a long-range reconnaissance patrol team, and only recently has become a part of the Green Berets. When he returns at the last of September for a volunteer extension, he will be assigned to the staff of the Military Assistance Command Vietnam (MACV) Recon School.

He will be teaching in a three-week course for long-range reconnaissance patrolling techniques. The school is teaching soldiers from all the free world forces in Vietnam, Warner explains.

Warner is frank, and he won't pretend to make quiet, cautious statements; he is disenchanted with the way things are run, equating fighting conditions to "having one hand tied behind my back and the other

in an iron shackle." Limiting factors he points out are provisions of the Geneva Conference, Vietnamese communist sanctuaries across the border in Cambodia and Laos, and severely limited airpower in making strikes against the northern country. "I believe we could seriously cripple North Vietnam by using conventional means in a very short time," Warner comments.

Warner can give a lively description of the work that has kept him intentionally uncomfortable so that he will stay alert; in his job on a six-man patrol team, he and his teammates found that such things as going slightly hungry, sleeping with equipment in a position so that a person never can get comfortable, keeps a person on the alert. Sleep is an unheard of luxury, and can't be afforded when it can cost a life.

The job itself includes ambushes, prisoner snatches, raids, bomb damage assessments, and screening of enemy movements. One of Warner's jobs has been to "hide behind the thickest bush I can find" and observe enemy troops as they escape and evade through an area, after they have perhaps suffered a defeat at the hands of Americans and South Vietnamese, as well as watching for enemy movement enroute to a battle area. The patrol attempts to determine the number of men, what they are carrying, how many dead, size and type of weapons, etc.

Communications are a big factor for the patrol; the radio is a real lifeline, and when communications are lost, the patrol will move no farther until located by headquarters. Warner pointed out that radio messages are extremely short: if they are as long as 20 seconds, they can be located by the enemy.

Warner is in the country occupied by the North Vietnamese army, which has plenty of good equipment and good support. The Northern army, Warner says, has been taking control of the Viet Cong; the National Liberation Front no longer has any autonomy, and no doubt exists over the fact that decisions of the so-called revolution all come from Hanoi. The Northern army is well disciplined, trained and armed - professional soldiers, Warner reports. They will fight in a flash if they see they aren't completely outnumbered.

War materials are coming south at a fantastic rate, and viciousness is increasing around the clock in the demilitarized zone; the central highlands area is going to be an even bigger battle ground, Warner predicts.

It's wet and it's cold where Warner has been working;

mountains are extremely steep, and vegetation is dense, because of the numerous valleys, communication is difficult. "It's just like what you would see in an old horror movie," the paratrooper explains. "It's muddy, cold, rainy and foggy all the time." In this part of the country, there is no advance warning of where the enemy will be found. For Lawrence Warner, a session teaching a school may be a relief of one type at least - he may be just a little safer. He feels, however, that his new position, to take him up until his discharge time early next year, is where he "can do the most good" as he draws on his experience of the past months.

Those months on the trail by the Viet Cong and the North Vietnamese army required some stamina; "you had to know what you were doing, or you would get killed," Warner states. In his travels with a six-man team, he learned how to go undetected. No smoking, no cooking - and pills for about everything in the book. After a few days out of the camp, the men looked pretty good - with their skin painted black and other colors to blend in with the forested surroundings. Add a few days' worth of beard the U. S. Army really had some wild men, Warner recalls.

The Vietnamese struggle, possibly among the first in a series of wars of self preservation, concerns Warner. He's seen it at first hand from the most dangerous spots, and he's made some pretty definite conclusions.

"I dig the war, but being an individualist don't dig the army, at least not as a career - I'm willing to extend simply because I detest communism and the Viet Cong. . . but if we as a nation refuse to define our goals in Vietnam more precisely, we may have the blood of 15,000 dead Americans on our consciences."

AT LIONS

"The Holly Sugar Story," a filmed narrative of the history of the sugar beet industry, was presented during the regular noon meeting of the Hereford Lions Club Wednesday.

Lions Club member Bob Cooper presented the film, which showed the processing of sugar, and also explained the impact it has had on the nation's economy.

PHOTOS FROM THE "FRONT" - Lawrence Warner, nephew of Mr. and Mrs. George Warner of 805 N. Main, Hereford, had these pictures made in his positions in Vietnam. In top photo, Warner is making use of the radio, his patrol's lifeline of communication; without communications, his patrol will remain stationary until located by headquarters. In middle photo, soldiers are in from a patrol and taking a break. Bottom photo again shows Warner positioned along a trail, where he surveys enemy activity.

GEHL Chop-All
for narrow or wide row corn

This year, you'll increase your profits in narrow row corn with the Gehl Chop-All. Narrow or wide row (2-row) corn head attachment lets you chop silage faster - saves you valuable time and labor. You'll get up to 28% more silage in your silo with the Gehl Chop-All. Reason: Gehl Chop-All gives you a shorter, finer cut than any other make. And Gehl's chrome-edged knives stay sharp longer - chop more tons of fine-cut forage faster. When quick touch-ups are needed - Gehl offers a new lightweight 10,000 RPM portable knife sharpener with adjustable guide to insure proper beveling of knife cutting edges, right on the machine. Come in today for a look at the new Gehl Chop-All. Financing available.

Spotlight On Whiteface Coaches

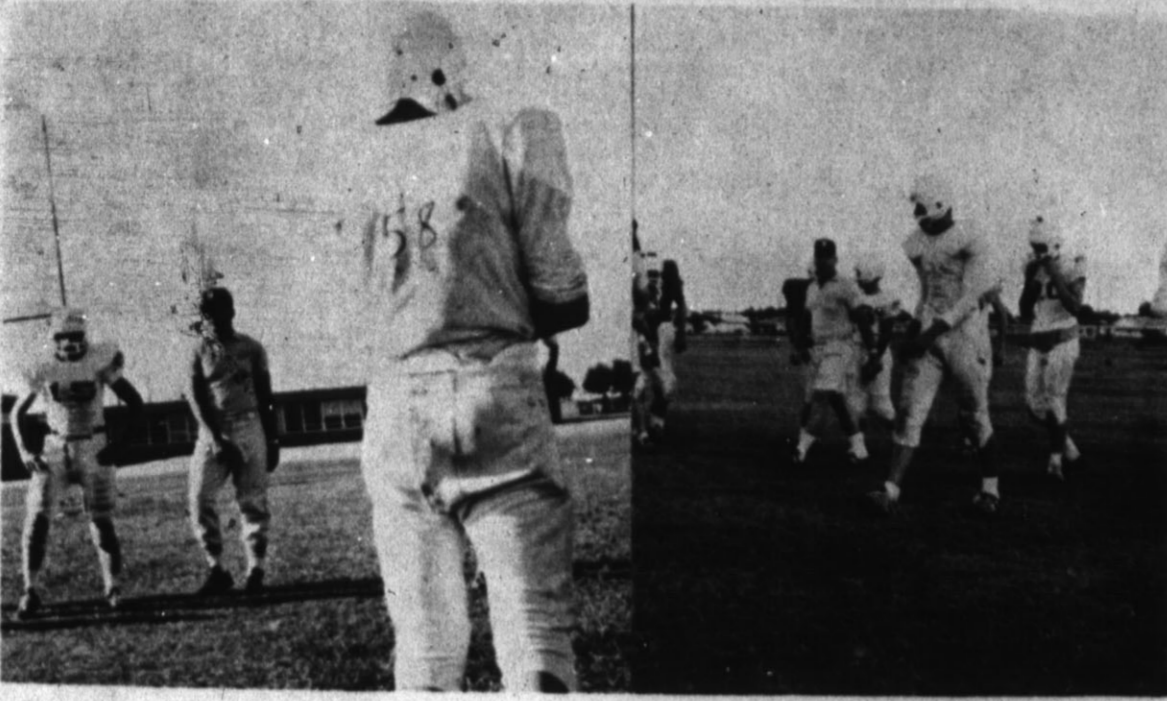

Bill Defee, a 1967 graduate of Texas Christian University, is a former standout athlete at Tascosa High School in Amarillo.

The son of a coach, Defee was born in Mount Pleasant, Mich. The family moved to Carlisle and then to Carthage when he was young, his father coaching in both cities.

Moving to Amarillo, Defee's father coached at Amarillo High School from 1951 through 1964. Defee attended Tascosa High School, playing halfback and fullback on the football team and also playing baseball and basketball.

He received a scholarship in football to TCU and also played baseball there one year.

Defee and his wife, Jane, both graduated from the Fort Worth school this summer. Mrs. Defee will teach English at Stanton Junior High School, while Defee will teach World History at HHS.

—Hereford Brand Photo

WHITEFACE COACHES — Bill Defee, Christian University this summer. Jack left, is beginning his first year as a Waggoner, right, is returning for his second season as a Whiteface coach.

BOOSTER CLUB TO MEET
The weekly meeting of the Hereford Booster Club will be held at 8 p. m. Tuesday, instead of Monday, because of the Labor Day weekend. Meetings are held in the Community Center.

Price Urges Action On Feed Grains

Rep. Bob Price was one of the House Agriculture Committee's Subcommittee on Livestock and Grains who today urged Secretary of Agriculture Orville L. Freeman to raise the price at which the government sells feed grains and soybeans to 100 percent of parity.

On wheat the release price should be set at full parity minus the value of domestic certified paid for by wheat processors, the GOP group said. Price pointed out that the present policy of the Commodity Credit Corporation is to sell its stocks of wheat and feed grains back into the market at 115 percent of the loan level plus carrying charges. In the case of wheat, this is \$1.44 per bushel, and in the case of corn it is \$1.21 per bushel. In the case of grain sorghum it is \$1.85 per cwt. Soybeans are released at 105 percent of the loan level, or \$2.62 per bushel.

In the letter to Secretary Freeman, the Panhandle Congressman stated that clear legislative authority for such action exists, and in spite of his long-standing opposition to this method of improving grain market prices, they urged that he take this action immediately. Under the proposal, government-owned wheat would be sold for not less than \$1.87 per bushel, corn for not less than \$1.63 per bushel, grain sorghum for not less than \$2.58

per cwt., and soybeans for not less than \$3.31 per bushel. "I sincerely feel that the Secretary of Agriculture could materially improve the present grain price situation if he would take this action, and I certainly hope he will do so immediately," Price said.

Easter News

Roland Laws and Kippy Laws from Franklin, Louisiana visited his daughter and family Mr. and Mrs. Trent Downing from Wednesday till Sunday. Ben and Lynn Laws returned home with their father after visiting several weeks.

Joe Pryer from Lubbock visited from Monday till Friday with Mr. and Mrs. W. A. Epperson.

I. G. Holmes from Lubbock visited with the Loy Stones Thursday.

Jess and Gladys Cole from Seamore visited in the Cleo Parks home this week.

Mrs. T. E. Pryer and Glenda Pryer from Odessa visited Mr.

Jack Waggoner is beginning his second season as a Hereford High School coach, having been assistant football coach and head baseball coach last season.

A native of Rotan, Waggoner graduated from high school there in 1957. He had played football, basketball, baseball, ran track and boxed while in high school, and entered Tarleton State College in Stephenville on a baseball scholarship.

He transferred to Ranger Junior College after a year at Tarleton and played football and boxed there. Waggoner played two seasons at Ranger JC, going to school only in the fall terms because he had too many hours of classroom credit, and then transferred to Sul Ross. He graduated there in January, 1962, and lived in Hereford for 18 months, selling insurance and managing the Hereford Country Club.

In the fall of 1963, Waggoner took a job at Eden as football line coach and head basketball coach. He moved to DeLeon in 1964 as line coach, and head basketball coach, and track coach, positions he held for two and a half years. He moved to Hereford from DeLeon.

Waggoner and his wife, Judy, have three children. Their twins, Michael Shawn and Melody Dawn, are 5, and the youngest daughter, Mica, is 2. Mrs. Waggoner is finishing work on her degree at West Texas State University, and Waggoner teaches government at HHS. The family lives at 121 Juniper.

and Mrs. W. A. Epperson from Saturday till Wednesday.

Bettye Renfro, Nancy Vardell and Rhonda Dodd visited Mary Strascule who has had surgery in the North West Texas Hospital in Amarillo.

Mrs. W. O. Markley and Children visited Mrs. Trent Downing Friday Morning.

Bettye and Clyde Renfro shopped in Amarillo Thursday.

Gary Moss is in the Deaf Smith Co. Hospital. We do hope his condition is not serious.

Velma Lambright visited Bettye Renfro Friday.

H And Heibach Scene Of Wreck

Avenue H and Heibach Street was the scene of a two-car collision Monday about 7:35 p.m. which caused an estimated \$300 damages.

Police said a 1966 Chevrolet driven by Gary Ray Black of 406 Avenue I and a 1966 Chevrolet driven by Amanda Garcia of 501 Irving both were going north on Avenue H when the accident occurred.

According to officers, Black attempted to pass just as the other vehicle began to make a left hand turn onto Heibach Street. Damages to each automobile was estimated at \$150.

One driver received a citation for passing at an intersection and the other for having no driver's license.

Damages Light In Friday Accident

A two-car accident near the intersection of Main Street and East Fourth Friday afternoon resulted in total damages of \$125.

A 1967 Chevrolet driven by James W. Daugherty of Las Cruces, New Mexico, was leaving an angle parking space on Cruces, N. M. Main was leaving an angle parking mobile driven by Frank W. Burke of Route 3 was going north on Main Street when the accident occurred.

The Oldsmobile had \$75 damage and the Chevrolet \$50 damage in the accident, which occurred about 2:30 p.m. A citation was issued for failure to yield right of way.

Construction is under way on four ski runs at Beech Mountain, Banner Elk, N. C. They are scheduled for opening in December. At 5,600 feet, this will be the highest ski slope in the eastern United States.

HIGHLIGHTS AND SIDELIGHTS

Safety, Politics, Water Dominate Capital Talk

By VERN SANFORD Texas Press Association

AUSTIN, TEX. —Texas Department of Public Safety has issued a grim warning that 45 people will die in state traffic accidents during the Labor Day weekend.

DPS will make an all-out effort to curb wrecks and to stop reckless and illegal driving on the highways, says Col. Homer Garrison Jr., veteran director of the law enforcement agency.

Approximately 150 uniformed officers from other services will supplement the regular highway patrol force for the long holiday period — Friday, September 1 through Monday, September 4.

In addition, a coordinated effort involving several state agencies and private organizations will be directed toward holding down the fatality and injury list.

Texas Safety Association will conduct a public information program stressing the need for courtesy and caution on the road and urging drivers to remain alert.

TSA Vice-President W. F. Leonard will coordinate efforts of 12,000 Junior Chamber of Commerce members operating 200 rest stops which will serve free coffee to tired drivers.

DPS plans to carry on its educational program via newspapers, radio and television and will distribute maps showing highway construction sites.

A fleet of 35 to 40 cars to assist stranded motorists over the state will be operated by Texas and Texas Motor Transportation Association. Purpose of the "holiday road patrol" is to relieve highway patrolmen for enforcement work.

There is always the possibility that the estimate of 45 deaths for this period can be proved to be too high, but only if all drivers put forth every effort toward avoiding traffic accidents," Col. Garrison said.

Meanwhile, DPS has announced radar sets will be placed over the state to aid in enforcing highway speed laws. Sets capable of accurate readings on vehicles at distances up to 1,500 feet will be carried in patrol cars.

Speeding figured in 41 per cent of last year's fatal accidents and 29 per cent of non-fatal accidents.

SMITH IS RUNNING

Lt. Gov. Preston Smith broke open the 1968 political season by telling reporters he will run for governor next year regardless of whether Gov. John Connally plans to try for a fourth term.

"I want to make it clear once and for all that I am running," Smith said. "I have absolutely no idea what Governor Connally will do, and it doesn't make one iota of difference."

However, the Lieutenant Gov-

ernor insisted that he would not make a formal announcement of his candidacy, complete with definition of issues, until Connally returns around Labor Day from his African Safari.

House Speaker Ben Barnes has indicated he will run for lieutenant governor if Connally seeks a fourth term.

Former Atty. Gen. Waggoner Carr also expressed some interest in the lieutenant governor's race. But he emphasized that he had not made a definite decision.

Another prospective candidate for lieutenant governor is State Sen. Murray Watson of Waco.

Lieutenant Governor Smith has named these committees:

POVERTY STUDY — Sens. Joe J. Bernal of San Antonio, chairman; Bruce Reagan of Corpus Christi, vice-chairman; James S. Bates of Edinburg; Joe Christie of El Paso; and A. R. Schwartz of Galveston.

OYSTER AND SHELLFISH — Sens. Schwartz and Jack Hightower of Vernon.

LAND USE AND ENVIRONMENTAL CONTROL — Sen. Cress Cole of Houston, Charles Herring of Austin and George Parkhouse of Dallas (who died shortly after appointment).

WESTMORELAND PORTRAIT — Sens. Dorsey Hardeman of San Angelo and Bill Patman of Ganado.

House Speaker Barnes named to the Texas Legislative Council Reps. Ralph Wayne of Plainview, James Slider of Naples, Grant Jones of Abilene, Gene Hendryx of Alpine, Menton Murray of Harlingen, George Hinson of Mineola, Paul Floyd of Houston, Tommy Shannon of Fort Worth, Don Cavness of Austin and R. H. Cory of Victoria.

ELECTION LAW CHANGES Secretary of State John Hill has provided Texas election officials details of all changes in state election laws enacted by the 60th Legislature.

Major changes include: *Voters may mark ballots with "x" or check marks rather than scratching names of candidates they oppose.

*Counties may use electronic voting machines on approval of the secretary of state.

*Those who have not yet met state voting residence requirements may vote for president and vice-president.

*Those who have moved from county to county within six months before an election can vote for statewide officials.

*Some city election dates will be changed from the first Tuesday in April to the first Saturday in April.

*Election officials will get a pay raise from \$1 to \$1.25 an hour.

*Voters in bond elections will be required to sign affidavits

they own property and to identify the property.

*Write-in votes will be outlawed in primaries except for party offices, like county chairman.

*Only opposed candidates will have to file campaign expense statements.

*Voters again must register between October 1 and January 31. All voters must sign up (including citizens over 60 in cities of less than 10,000 population.)

Texas Water Development Board is moving to end a squabble delaying the \$24,000,000 Cooper Dam development on the Sulphur River near Texarkana.

Argument has been over a federal requirement that 63,000-acre-feet of water annually be discharged from Lake Texarkana below the proposed dam. This to curb pollution in Red River.

TWDB has proposed that Cooper Reservoir provide about half the pollution control water, with reductions permitted if water quality improves.

FREE TUITION EXPANDED Under a new law in effect this fall, free tuition and fees in state junior and senior colleges and universities will be available to 5,000 to 10,000 young Texans from families with incomes of \$4,800 a year or less.

Students must have finished in the upper 25 per cent of their high school classes or score in the top 20 per cent on a standardized admission exam; must be under 25 years of age; and must have lived in the state at least 12 months before registration date. Only freshman students are eligible this year.

ATTORNEY GENERAL A school district may spend local maintenance tax money to pay lunch room overhead cost, Atty. Gen. Crawford Martin has held. He also ruled that:

*A municipal gas corporation to serve a municipality created as a non-profit corporation to serve a municipality would not be exempt from city, state, county and school district property taxes under the constitution.

*A new law setting fee schedules for county clerks is constitutional.

SHORT SNORTS Special elections will be held November 11 to select successors to the late Sen. George Parkhouse of Dallas and the late Rep. Ira Kohler of Houston; also, Rep. Otha Birkner of Bay City who resigned to become a Matagorda County Commissioner; Rep. Maurice Pipkin

of Brownsville, now director of the new State Judicial Qualifications Commission and Rep. Lee Duggan of Houston, now Judge of Harris County Criminal Court No. 1

Texas retail sales dropped three per cent in July compared to a nationwide drop of five per cent, according to UT's Bureau of Business Research.

After a hearing before State Education Commissioner J. W. Edgar, Lake Worth school board was directed to reinstate Supt. Grady Vaughn or to pay up some \$28,000 on a two-year contract.

Texas Highway Department has asked contractors to submit bids August 29-30 on some 42 highway improvement projects estimated to cost \$27,000,000.

According to the State Health Department, Texas leads the nation in diseases preventable by immunizations, such as diphtheria, polio and measles but only about 5 per cent of the nation's population lives in Texas.

Sen. D. Roy Harrington of Port Arthur is calling an organizational meeting of the Interim Committee on College Faculty Compensation for 2 p. m. September 1.

Donald B. Neumann, Austin teacher, has accepted position with the Governor's Committee on Public School Education.

Governor's Committee for Employment of the Handicapped and National Employ the Handicapped Week in Texas will meet here on September 22.

Two-Car Wreck Caused By Third

A total of \$200 in damages resulted from a two-car accident at the intersection of 25 Mile Avenue and Plains Boulevard just before 7 p.m. Monday.

A 1963 Pontiac driven by Eleo Deltoro of 139 W. 3rd Apt. 4, and a 1967 Oldsmobile driven by James W. Robinson Jr. of Hereford both were going north on 25 Mile Avenue in separate lanes when a vehicle pulled in front of Robinson from Plains.

Robinson, officers said, had to swerve to keep from hitting the other car and struck the car driven by Deltoro. Damage to Robinson's car was estimated at \$125. There were no citations given.

IN AUTOMOTIVE NEWS An article concerning the Orval Watson Ford Sales Co. of Hereford was included in Automotive News this week. The News is a national trade publication of the auto industry.

The article deals with truck sales promotions carried out by the firm since purchase of the dealership some months ago.

The weatherman isn't hedging when he predicts "partly cloudy," or "partly sunny" skies. The forecast means that three-tenths to seven-tenths of the sky will be covered by clouds. A prediction of "slowly rising temperatures" indicates an increase of 5 to 10 degrees in the following 12 hours.

Since the government Post and Telegraph Agency handles both services, the writer said he didn't know whether to "praise them for their mail service or complain about their telegraphic service."

MOD OR WEIRD? — Nope, just the fashions of the season. The boys posing in the top photo are from left to right Larry Formy, son of Mr. and Mrs. Clint Formy; Peter Lee, son of Mr. and Mrs. Rex Lee and Randy Cawthon, son of Mr. and Mrs. E. W. Cawthon. The weird looking bike in the middle is owned by Peter Lee. In the bottom photo, you will note that "boots are in" and especially so for these boys — chains and all.

Allred's Team High In Drive For Members

Lynton Allred's team was high in the chamber of commerce membership drive which ended last week and brought in some \$1,000 in new money. Close on the scoreboard was Frank Ball's team, which lost out by only one point.

High individual was Paul Abalos, followed by Carl Carlile and Terry Hodges.

Drive members bringing in memberships amounting to 20 points or more are honored by receiving memberships in the Hereford Hustlers, the Chamber's red-jacketed goodwill ambassadors. Team members gaining the distinction this year were Lynton Allred, Paul Abalos, Terry Hodges and Carl Carlile.

New members joining the Deaf Smith County chamber during the drive are Scott Seed Co., Allied Chemical, Plains Motel, C&S Draperies, Little Mexico Inn Cafe, La Mexicana Meat Market, Hereford Transfer & Storage, West Texas Garage & Machine, Dick's Trading Post, Lowell Sharp Co., Jerry's Appliances, Cougar Club, Village Beauty Shop, City Tortilla Fac-

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 9, Article VIII, Constitution of the State of Texas, be amended to read as follows:

"Section 9. The State tax on property, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty-five Cents (35¢) on the One Hundred Dollars (\$100) valuation; and no county, city or town shall levy a tax rate in excess of Eighty Cents (80¢) on the One Hundred Dollars (\$100) valuation in any one (1) year for general fund, permanent improvement fund, road and bridge fund and jury fund purposes; provided further that at the time the Commissioners Court meets to levy the annual tax rate for each county it shall levy whatever tax rate may be needed for the four (4) constitutional purposes; namely, general fund, permanent improvement fund, road and bridge fund and jury fund so long as the Court does not impair any outstanding bonds or other obligations and so long as the total of the foregoing tax levies does not exceed Eighty Cents (80¢) on the One Hundred Dollars (\$100) valuation in any one (1) year. Once the Court has levied the annual tax rate, the same shall remain in force and effect during that taxable year; and the Legislature may also author-

ize an additional annual ad valorem tax to be levied and collected for the further maintenance of the public roads; provided, that a majority of the qualified property taxing voters of the county voting at an election to be held for that purpose shall vote such tax, not to exceed Fifteen Cents (15¢) on the One Hundred Dollars (\$100) valuation of the property subject to taxation in such county. Any county may put all tax money collected by the county into one general fund, without regard to the purpose or source of each tax. And the Legislature may pass local laws for the maintenance of the public roads and highways, without the local notice required for special or local laws. This Section shall not be construed as a limitation of powers delegated to counties, cities or towns by any other Section or Sections of this Constitution."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed on them the following:

"FOR the constitutional amendment allowing counties to put all county taxes into one general fund."

"AGAINST the constitutional amendment to put all county taxes into one general fund."

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article IX of the Constitution of the State of Texas be amended by adding a new Section 13 thereto to read as follows:

"Section 13. Notwithstanding any other section of this article, the Legislature in providing for the creation, establishment, maintenance, and operation of a hospital district, shall not be required to provide that such district shall assume full responsibility for the establishment, maintenance, support, or operation of mental health services or mental retardation services including the operation of any community mental health centers, community mental retardation centers or community mental health and mental retardation centers which may exist or be thereafter established within the boundaries of such district, nor shall the Legislature be required to provide that such district shall assume full responsibility of public health department units and clinics and related public health activities or services, and the Legislature shall not be required to restrict the power of any municipality or political subdivision to levy taxes or issue bonds or other obligations or to expend public moneys for the establishment, maintenance, support, or operation of mental health services, mental retardation services, public health units or clinics or related public health activities within the boundaries of the hospital district; and unless a statute creating a hospital district shall expressly prohibit participation by any entity

other than the hospital district in the establishment, maintenance, or support of mental health services, mental retardation services, public health units or clinics or related public health activities within or partly within the boundaries of any hospital district, any municipality or any other political subdivision or state-supported entity within the hospital district may participate in the establishment, maintenance, and support of mental health services, mental retardation services, public health units and clinics and related public health activities and may levy taxes, issue bonds or other obligations, and expend public moneys for such purposes as provided by law."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following:

"FOR the constitutional amendment to permit municipalities, other political subdivisions, and state-supported entities located within hospital districts to participate in the establishment, maintenance, support, or operation of mental health services, mental retardation services, or public health services."

"AGAINST the constitutional amendment to permit municipalities, other political subdivisions, and state-supported entities located within hospital districts to participate in the establishment, maintenance, support, or operation of mental health services, mental retardation services, or public health services."

Small Talk

By SUE COLEMAN
Women's Editor

That whiff of autumn in the air is no novelty here in the waning days of August; we've had northers all summer to keep us perked up. But there are other signs of fall.

SUCH AS CHILDREN creeping like snails unwillingly to school (and don't blame me for that simile because it's borrowed from Shakespeare) and store windows full of things trimmed in fur.

Also, at this desk, announcements of first club meetings of the 1967-68 year. Meaning that women's organizations are getting back on schedule after the summer interim.

Actually some have already started new activity. Young Homemakers of Texas had a membership tea last week as a preliminary to initiating officers and launching programs; all Beta Sigma Phi Chapters (including the preceptor chapter formed last spring by advanced members) had their Day of Beginning at a joint tea Sunday afternoon; Madre Mia Club had a late-summer social just for fun before its study series opens.

THIS WEEK Professional Nurses Association began fall meetings Monday evening; Hereford Garden Club was entertained at the president's coffee Wednesday morning. Slated for Friday morning at the Camp Fire Girls hut is a session of the Leaders Association.

The latter event will be on Sept. 1, and after that the deluge. Some club reporters are serving another year, and those I know; some new ones have phoned or come by so I know

Dr. Milton C. Adams

them; some I still haven't met and would like to before their work starts — I can make it easier for them.

It would be perfectly wonderful if every one of them phones me the date of their first club meeting, a week before the meeting. Then brings me a year book as soon as it is available, so I can keep up with the club's schedule.

SCARS ON HER LEFT elbow are reminders of nerve surgery recently done for Ann McCullough — and she says the elbow is still sore enough to keep her reminded.

She is making good recovery, though, and is happy that the surgery has relieved a progressive paralysis which had been affecting her fingers on that hand. Now the progress is made in the other direction; the fingers keep getting better instead of worse.

THAT ROW of brilliant zinnias along the south edge of John and Amy Gilliland's yard serves like a red flag to call attention to other colorful blooms in flower beds around the house. Really a riot of color under the summer sun.

And beds of red and white petunias and geraniums in the yards across the street help brighten up the first block of Kingwood.

Card Of Thanks

We wish to sincerely thank you, our friends, customers, neighbors and business people for your prayers, offers of help, cards, flowers and all other expressions of concern following our accident. Until such time as we can thank you in person, please know that we are more appreciative than words can express.

George and Joy Masso and family

BUT SOMEBODY TOLD DENVER

After a sixth-grade class had visited his courtroom, Judge Sherman Finesilver received a letter from the pupils thanking him. The letter also said, "We promise not to tell anyone about your messy desk."

—Hereford Brand Photo

FALL IN THE AIR — September is right around the corner, bringing with it football, studying, and Hereford High School's top quality marching band, getting ready for its high stepping appearance Sept. 8, when the Whitefaces will meet Floydada here.

Frio News

By MRS. OWEN ANDREWS
Brand Correspondent

Mike Smith and Bill Smith, both of Owensboro, Ky. arrived Tuesday to conduct the youth revival this weekend at Frio Baptist Church. They are staying at the Floyd Cole home and visiting others during daytime.

G. A. Focus week was concluded Sunday evening with a recognition service at Frio Church. Patty Robbins and Beverly Cole were given awards by their director, Mrs. Charles Self, for first step achievement. A playlet given by other G. A. members emphasized achievements of pioneer missionaries for Southern Baptists. Mrs. Sam Ogan directed the service. Refreshments were served in the dining room following the service.

Visiting the Sam Ogan's last weekend were Mrs. Ogan's brother, Jim Cornette, Mrs. Cornette, their grandchildren, Chris and LeShay Hays and their son, Billy Jeff Cornette, all of Dickinson. Billy Jeff is home following several months' service in Viet Nam.

Visiting the Ogan's Monday un-

til Wednesday were his sister, Mrs. Jimmy Edwards and Mr. Edwards of Granbury and their niece, Miss Nancy Jane Whitten of Lake Charlie, La.

Herbert Haseloff and Manuel Rewie from Abilene have been here this week, doing repair work on Haseloff's rent house, and visiting his daughter, Mrs. Joe Andrews, and family.

Mrs. G. W. Parker returned home last weekend from several days' visit with relatives at Tahoka. A sister, Mrs. Dovie Isbell, came home with her for a visit.

Mrs. Lennie Sparkman of Childress came Friday to visit a few days in the home of her brother-in-law, T. L. Sparkman Sr., Mrs. Sparkman and other relatives.

Mr. and Mrs. Olin Parris recently spent a few days vacationing in the Colorado mountains.

Mr. and Mrs. Charles King of Amarillo and grandchildren, David and Darlene King, Pampa, came by Hereford and picked up a nephew, Joel Findley, for a trip to Six Flags during the weekend.

Mrs. Charles Springer and children, Kristi, Cory and Carleine, recently spent several days visiting Mrs. Glenn Brown and family at Tucson. Their trip by jet was of especial in-

terest to them. Mrs. Brown is the former Kay Barnard and she and Mrs. Springer were schoolmates at Hereford High.

The Gary Mason and Weldon Stephan families attended the Encounter Crusade in Amarillo Tuesday evening to hear Dr. Criswell.

The Charles Self's were hosts to several of his relatives at supper Monday evening. They included his parents, Mr. and Mrs. Aubrey Self, Mr. and Mrs. A. W. Self, Jana and Tom, Mr. and Mrs. Bill Bolinger, Joe Self and Mr. and Mrs. Leon Self and three sons. The Leon Self's have just moved here from Morris-town, N. J. where he has been employed in a paper mill.

Mrs. Earl Harkins and children and Mrs. Ric hard Price visited the Joe Autrys at Odesa last weekend.

Mr. and Mrs. Joan Key accompanied their daughter, Mrs. Fred Fox, and Mrs. B. C. DeLana, of Amarillo, to Houston, last week to see Key's sister, Mrs. H. C. Greeley, who was in a hospital after suffering injuries at her home.

Mr. and Mrs. Richard Price helped his father, O. E. Price, move from Andrews to Friona, last weekend. The Prices have twins who will be sophomores at Friona High School, and Price will be with the maintenance department of Friona hospital.

St. Anthony's In Deciding Game

St. Anthony's baseball team was scheduled to play Nazareth Wednesday night in a game to decide the Irrigation League title.

The local team defeated Nazareth here Sunday 6-5 to even the playoff series at 1-1. In the first inning, Ken Walterscheid and Butch Walterscheid scored as Hereford took a 2-0 lead.

In the bottom of the third, the locals increased their lead to 3-0 when Ken Walterscheid scored again. Nazareth began to come back, scoring one run in the fifth and two more in the seventh to knot the score 3-3. Ken Walterscheid crossed the plate for the third time in the bottom of the seventh to put Hereford ahead 4-3.

Nazareth countered with two runs in the top of the eighth to go ahead 5-4. With one out in the bottom of the ninth, Dewey Albracht hit safely to drive in Danny Loerwald and Lee Roy Berend to make the final score 6-5.

Mike Ranspot was winning pitcher for St. Anthony's.

Tannahills Shun Farm For Business

If twenty-five years in Hereford make one an old timer here, then Maurice and Olga Tannahill fit that category easily. Residents of Deaf Smith County for 30 years, Mr. and Mrs. Tannahill are the owners-operators of Tannahill's Fabric Mart, 413 N. Main.

The Tannahills came to Hereford in 1937 from Lockney, Texas, where they grew up within a mile of each other. Mrs. Tannahill relates that although she and Tannahill knew each other for years, their parents having been friends and neighbors, they didn't begin going together until about six months before their marriage in 1934.

Moving to Hereford after three years of marriage, Tannahill began farming north and northwest of town. "We farmed two places," Tannahill remarked, "one a 3000 acre dryland wheat farm, the other a smaller irrigated place." The wheat farm gave them much pleasure and enjoyment until the fickleness of the Panhandle weather took four consecutive wheat crops. "And Maurice just never did like irrigated farming," Mrs. Tannahill laughingly remembered. After hav-

ing lived in town during the weekends and on the farm during weekdays for several years, the Tannahills sold the wheat farm, rented out the irrigated place, and in 1959, made permanent residence in Hereford

where they opened a variety store and became merchants. They sold a general line of goods at the first location in the 200 block of Main Street for five years, only going into the fabrics business when the store was moved into its present building at 413 N. Main three years ago.

"We'd found that a good part of our business in the variety store was in the fabrics department," Mrs. Tannahill related, "and we liked that part best anyway."

Tannahill's Fabric Mart now offers the very latest in fabrics and notions for the home seamstress. Materials, ranging from simple cottons at 60 cents per yard to delicate confections at \$14.95 per yard are offered for sale, along with buttons, zippers, patterns, and simple, unusual, and exciting trims. High fashion fabrics are a specialty.

The fabrics are purchased from 15 to 20 major mills, among these Burlington and Loomskill, from such fashion centers as Denver, Dallas, New York, and the West Coast. These fabrics include the ever popular cotton in its many personalities, different blends of woolsens, flannels, laces, syn-

TRIMS, plain and fancy, line one wall of Tannahill's Fabric Mart, 413 N. Main. Laces and a large selection of ribbons are also sold. In lower photo, the pattern room is shown. This is the room where Simplicity, McCall's, Butterick and a partial line of Vogue patterns are selected in unhurried comfort.

tics, materials for the loveliest of wedding ensembles, and four types of lining fabrics usually found only in larger cities.

The Tannahills go to the Dallas markets twice yearly. In May the fall fabrics are selected, the spring ones in September. After fabrics are selected, ordered, and delivered, button and trim salesmen call at the store. These accounts are selected in unhurried comfort. See Tannahills Page 2

SINCE 1937

Brothers Specialize In General Repair Work

Loerwald Brothers Welders is a Hereford business that is as dependable as time itself;

the same owners have been in the same location doing the same work now for 30 years

come this November, specializing in general repair.

STAFF MUCH THE SAME — Personnel for a picture in the early forties. Mc-

The shop is owned and operated today by the brothers, Gene, Ed and George, all sons of J. A. Loerwald, who came to Hereford in 1929. Two relatives of theirs, B. J. Lueb and Raymond Lueb, also help keep the shop running.

Loerwald Brothers works mainly in blacksmithing, hard surfacing, disc rolling and general repair. This has been their business for 30 years, taking care of the "average breakdown that every farmer is bound to come up against every once in a while."

Ed and Gene Loerwald, before they came to the Hereford area, had worked in a shop in Wichita Falls for an oil company — where they picked up their original experience in the business. Ed worked to lay the first gas line to Clarendon — he remembers that he never did get his money on that job.

After other relatives made a move to the Hereford area, the J. A. Loerwalds followed, hoping to get a good start in farming up in this area. They came at a bad time, however, and in 1937 the shop was opened in the building at 231 W. Second St. The building used to be the Barnhart & Shreve repair shop before the Loerwalds took it over.

The five men at the shop now have not all been there

OLGA TANNAHILL, whose hobby makes her a pleasure, is a frequent speaker at Home Demonstration Clubs in the area.

since the business' inception; the three brothers have all been around 30 years, and the others have been there at least 15. Others have worked with them, off and on, but the best policy is to limit it to their own labor.

Their business is seasonal to some extent, but winter does not see a letup for the Loerwalds. General repair, taking care of breakdowns, occupy the warm weather months, while blacksmithing and hard surfacing are full time jobs during the winter.

Adrian News

By ANN BEAVERS
Brand Correspondent

Adrian School got started Monday morning with an enrollment of 156 in the grade school. There was an assembly held in the auditorium with Pat Blankenship introducing grade school teachers as follows: first grade Mrs. Kromer; second — Mrs. Gruhkey, third — Mrs. Brown; fourth, Mrs. Blankenship, fifth, Miss Gardner, sixth, Mrs. Sullivan.

High school and junior high teachers are Mr. Hale, Mr. Robbins, Mr. Sullivan, Mrs. Brown, Mrs. Floyd, Mr. Wood and Mr. Blankenship. Mrs. Pinnell is the remedial reading teacher.

and sons spent the weekend with the Fred Shuyler family at Woodward, Okla.

Tonda Rich was honored on her birthday Saturday in her home. Guests were; Pete and Charley Lewis, Jimmy, Glen and Elisa Rusk, Kay and Jim Perry and Cynthia Rich of Veda.

Mr. and Mrs. E. E. Huggins of Dimmitt spent Thursday night with the Burt Huggins family and took Lisa Huggins to Ute, where they were joined by the Burt Huggins for the weekend.

Mr. and Mrs. C. G. Pond Jr. of Amarillo visited the Bob Gruhkey family here Sunday.

Mr. and Mrs. R. L. Pinnell visited the R. C. Chism family at Romero last week.

Mr. and Mrs. Keith Kromer and Steven visited the V. E. Lemke family at Bryan, and also visited in Houston and Ft. Worth recently.

Mr. and Mrs. Joe Shields of Amarillo were Friday night supper guests of Mrs. Hazel Chilton.

Mr. and Mrs. Billy Brown and sons returned home from Ponca City, Okla. after visiting four days.

Mr. and Mrs. Phillip Pinnell visited the R. L. Pinnell family and the F. A. Kromer family over the weekend. The Phillip Pinnells are now living at Plainview, where he teaches second grade and he works in the Medical Center.

Mr. and Mrs. Alford Jobe visited Sunday with Mrs. J. E. Thomas in Deaf Smith County Hospital.

Mrs. Maggie Pinnell of Pampa visited the Roscoe Pinnell family last week.

Mr. and Mrs. Jimmie Bradley and children returned Saturday after taking Mrs. Jack Dowd and children home to Hamilton, Ohio.

Then they toured Oklahoma, Kansas, and Missouri, spent two days with Mr. and Mrs. Ed Suiter and family at Mooreland, Okla. then attended the Motley County Old Settlers reunion at Roaring Springs.

Mr. and Mrs. Ed Jacobson and Mrs. Gussie Hance of Denver toured New Mexico last week.

Mr. and Mrs. Wilbur Harris

Mr. and Mrs. Charles Higgins of Hereford visited the Jack Fortenberry family Saturday and brought Ronnie Seay of Tucumcari to Adrian to catch the bus for home.

Nine children attending the Methodist Camp at Ceta Canyon near Happy four days last week were David Brownlee, Ersel Harris, Kris Garrison, Paul Harwood, Janis Wood, Teddy Harwood, Mike Briggs, Janis Wood, Teddy Hale, Nina Engle, Debbie Ivy and Mike Briggs. Don Travis was their sponsor.

Funeral services were held Friday morning for Harvey Brothers Jr. in the Adrian Church of Christ. He died Tuesday evening at his home in Adrian. Ross Blasengame officiated and burial was in the Memorial Park Cemetery at Dalhart. Pallbearers were Ray Brown, Herman Sifford, George L'Orspeich, Joe Brownlee, Slim O'Brien and Raymond Routh.

Adrian PTO get acquainted meeting will be held Sept. 11 at the school cafeteria. School patrons are invited to meet the teachers. Homemade ice cream and cake will be served by the executive committee.

Mrs. Olive Jordan of Cory

don, Ind. is visited her sister, Mrs. Nellie Davis, for two weeks.

Mr. and Mrs. Jim Rupe and sons spent the weekend at Ute Lake.

Mr. and Mrs. Robert Masten and Rawleigh, W. C. Masten and Danny, Mr. and Mrs. George Raddney and other relatives from Sudan were visitors in the Gordon Moore home on the F. O. Masten ranch several days this week.

Mr. and Mrs. W. W. Anthony of Lubbock and Mrs. Floy Langley of Olton spent the weekend with the W. C. Briggs family. Mrs. Langley remained for a longer visit.

Farris Kromer was in Deaf Smith County Hospital last week. He is home now and doing better.

Mrs. Lucille Brothers returned home Sunday to Henrietta.

Mrs. Virgal Lee Gamble and children from San Jon are new residents of Adrian.

Carl Smith of Amarillo was a Sunday dinner guest of the Fred Brownlee family at Glenrio.

Amber Dowdy of Wanyoka, Okla. spent last week with the Joe Brownlee family while her parents were gone on vacation.

Mr. and Mrs. Hubert Bronniman are parents of a son, born Sunday.

Mrs. Imogene Parker spent Friday night in Happy with her son and family, the Walker Parkers.

Mrs. D. P. Doherty and Mrs. Hugh Heitt of Dallas visited Sunday afternoon with Mrs. Imogene Parker.

Mr. and Mrs. D. P. Doherty and Mrs. Hugh Heitt were guest at a going-away party for Mrs. Earlene Patterson Wednesday at the home of Mr. and Mrs. J. W. Woodward in Amarillo. Mrs.

Patterson will teach in the El Dorado, Texas schools.

Pfc. Clayton Thompson of El Paso, enroute to Georgia, is visiting his daughter Stacy at the M. A. Ferguson home for a week.

Mr. and Mrs. Gordon Moore and children visited relatives at Dallas and also Six Flags, recently.

Mr. and Mrs. Clifford Griffin and daughter of Amarillo have purchased the Bob Lane house and are new residents of Adrian.

Mr. and Mrs. Ted Boydston and daughters, Mr. and Mrs. E. B. Pounds were Friday night supper guests of the Glen Boydstuns in Vega, in honor of Mrs. Ted Boydston's birthday.

Mr. and Mrs. Robert McClelland and family of Amarillo visited Sunday with Mrs. Emma Bales, on their way to Las Vegas, Nev. for a vacation.

Mr. and Mrs. Sam Simms of Houston visited this week with Mrs. Emma Bales.

Davis Brownlee visited last week with Mr. and Mrs. Gordon Thomas in Olton.

Mr. and Mrs. Joe Brownlee were in Salt Lake City last week on business.

Mr. and Mrs. Joe Brownlee, Sue, David and Shana took Mr. and Mrs. Fred Brownlee of Glenrio to see "Texas" in Palo Duro Canyon, Sunday night, celebrating Mrs. Fred Brownlee Birthday.

Mrs. Joe Brownlee and Gay Brothers took Joe Brownlee to Odessa, where he was entered in the bull riding contests Wednesday in the National AJRA finals. While riding he got hit on the side of his head by the bull's horn and was taken to the hospital. He suffered a concussion, but was able to come home. They all returned Saturday for the results.

Farr Completes Communication School Course

FT. GORDON, GA. (AHTNC). Private Raymond L. Farr, 19, son of Mrs. Madge F. Beales, 420 N. Grand Ave., Santa Ana, Calif., completed a twelve-week communications center specialist course at the Army South-eastern Signal School, Ft. Gordon, Ga., Aug. 25.

He was trained to operate teletype sets and other communications equipment.

His father, Melvin L. Farr lives at 819 Blevins in Hereford.

cessories are bought after the materials are in stock so they can be color coordinated to the materials.

Buttons are bought from far away as Switzerland and the South Sea Islands. An eye-catching variety is offered from simple utility buttons to frosty, delicate pearls and large unusual ones for decoration and contrast.

An inventory of from 1200 to 1500 bolts of cloth, 1200 to 1500 spools of thread in 180 different shades, several thousand buttons, and 10,000 patterns is normal for the store. A new line, the Unique invisible zipper, has just been placed in stock, and has proven very popular. Including these a stock of 5000 zippers is maintained.

An interesting feature of the store is the pattern selection room, separate from the main sales floor, where a busy shopper can sit and select a pattern at leisure. Among the patterns offered are a complete line of Simplicity, McCalls, Butterick, and a partial line of the most popular Vogue styles. If a desired pattern is not found, it can be ordered and received in a short time.

Tannahill's Fabric Mart employs three women, two on a full time basis. One of these, a high-school girl, is popular with the teenage seamstresses. Susan Bradley, 17, whose mother is a homemaking teacher in the Hereford School

System, is especially suited for her job. Having begun her employment in June, she makes quite a few of the mannequin and model garments and along with Mrs. Tannahill, arranges the interesting displays in the windows.

Mrs. Roy Jowell, a full time saleswoman, has been with the store one year, and Mrs. Flossie Maddox three and one-half years. Mrs. Maddox joined the sales department six months before the store was moved to the new building, and presently works two days a week.

Tannahill's sponsor adult sewing classes at the store during the fall and winter evenings, open to all interested seamstresses. These classes, taught by Mrs. Barbara Truitt, run for two hours each session, a vocational homemaking instructor at Amarillo College, one night a week for eight weeks. A new class in tailoring is set to begin the 15th or 20th of September, and will be announced. Courses in basic dressmaking will be offered at a later date.

Appropriately, sewing is the hobby claimed by Mrs. Tannahill, who often gives talks on that subject at various home demonstration club meetings in the area. She has taken bolts of cloth for inspection to the homemaking classes in the schools and cooperates fully with those departments in stocking supplies required in the courses. Another part of her job which Mrs. Tannahill enjoys is being able to solve problems encountered by customers in making up their garments. She receives such phone calls frequently, and is always happy when she can help.

Tannahill, who is described by his wife as a "sometime golfer and fisherman," is active in Chamber of Commerce work and is a past president of that organization. He really doesn't have the time to devote to a real hobby, he says.

A source of much pride and happiness to the Tannahills is their son, Gary, an extremely capable young man who is

doing advanced work in chemical physics at Chicago University, after having taken his Master's Degree at Texas University. A graduate of Hereford High School, he expects to receive his doctorate in the near future.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER THREE ON THE BALLOT

HOUSE JOINT RESOLUTION No. 17 proposing an amendment to Section 49-b, Article III of the Constitution of Texas, so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Four Hundred Million Dollars (\$400,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

"The Veterans' Land Board may provide for, issue and sell not to exceed Four Hundred Million Dollars (\$400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars (\$200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than

par value and accrued interest; shall be issued in such forms, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bond or obligation hereunder shall not exceed four and one-half per cent (4½%). All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser and shall constitute general obligations of the State of Texas under the Constitution of Texas; and all bonds hereof issued and sold by said Board are hereby in all respects validated and declared to be general obligations of the State of Texas. In order to prevent default in the payment of principal or interest on any such bonds, the Legislature shall appropriate a sufficient amount to pay the same.

"In the sale of any such bonds or obligations, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds.

"Said Veterans' Land Fund shall consist of any lands heretofore or hereafter purchased by said Board, until the sale price therefor, together with any interest and penalties due, have been received, by said Board (although nothing herein shall be construed to prevent said Board from accepting full payment for a portion of any tract), and of the moneys attributable to any bonds heretofore or hereafter issued and sold by said Board which moneys so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the moneys received from the sale or resale of any lands, or rights therein, purchased with such proceeds; the moneys received from the sale or resale of any lands, or rights therein, purchased with other moneys attributable to such bonds; the interest and penalties received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by said Board from any such lands; sums received by way of indemnity or forfeiture for the failure of any such bonds to comply with his bid and accept and pay for such bonds or for the failure of any bidder for the purchase of any lands comprising a part of said Fund to comply with his bid and accept and pay for such lands; and interest received from investments of any such moneys. The principal and

interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there is sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund hereafter shall likewise be deposited to the credit of the General Revenue Fund.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of said Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System, or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, and at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, and who, upon the date of filing his or her application to purchase any such lands is a citizen of the United States, or the State of Texas, and has resided in the State of Texas at least five (5) years prior to the date of filing his or her application. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and under such rules and regulations as are now or may hereafter be provided by law.

"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds heretofore issued and sold by said Board, may be used by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

"All of the moneys attributable to any series of bonds heretofore issued and sold by said Board (a series of bonds being all of the bonds issued and sold in a single transaction or installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds heretofore issued and sold shall be set aside for that purpose in accordance with that resolution adopted by the Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the re-

tirement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

"This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

"Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

"This Amendment shall become effective upon its adoption.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following:

"FOR the amendment to extend the Veterans' Land Program by authorizing the sale of bonds to increase the Veterans' Land Fund for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional \$200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law."

"AGAINST the amendment to extend the Veterans' Land Program by authorizing the sale of bonds to increase the Veterans' Land Fund for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional \$200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and for the length of time as required by the Constitution and laws of this state.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER FIVE ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of Texas be amended by adding a new section thereto to be known as Section 49-e, as follows:

"Section 49-e. The Parks and Wildlife Department, or its successor, vested with the powers, duties, and authority which shall include the operation, maintenance, and improvement of State Parks, shall have the authority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed Seventy-Five Million Dollars (\$75,000,000). The bonds authorized herein shall be called "Texas Park Development Bonds," shall be executed in such form, denominations, and upon such terms as may be prescribed by law, provided, however, that the bonds shall bear a rate or rates of interest as may be fixed by the Parks and Wildlife Department or its successor, but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds, shall not exceed four and one-half percent (4½%) interest per annum; they may be issued in such installments as said Parks and Wildlife Department, or its said successor, finds feasible and practical in accomplishing the purpose set forth herein.

"All moneys received from the sale of said bonds shall be deposited in a fund, hereby created with the State Treasurer to be known as the Texas Park Development Fund to be administered (without further appropriation) by the said Parks and Wildlife Department, or its said successor, in such manner as prescribed by law.

"Such fund shall be used by said Parks and Wildlife De-

partment, or its said successor, under such provisions as the Legislature may prescribe by general law, for the purpose of acquiring lands from the United States, or any governmental agency thereof, from any governmental agency of the State of Texas, or from any person, firm, or corporation, for developing said sites as State Parks.

"While any of the bonds authorized by this provision, or any interest on any such bonds, is outstanding and unpaid, there is hereby appropriated out of the first moneys coming into the Treasury in each fiscal year, not otherwise appropriated by this Constitution, an amount which is sufficient to pay the principal and interest on such bonds during such fiscal year, less the amount in the interest and sinking fund at the close of the prior fiscal year, which includes any receipts derived during the prior fiscal year by said Parks and Wildlife Department, or its said successor, from admission charges to State Parks, as the Legislature may prescribe by general law.

"The Legislature may provide for the investment of moneys available in the Texas Park Development Fund, and the interest and sinking fund established for the payment of bonds issued by said Parks and Wildlife Department, or its said successor. Income from such investment shall be used for the purposes prescribed by the Legislature.

"From the moneys received by said Parks and Wildlife Department, or its said successor, from the sale of the bonds issued hereunder, there shall be deposited in the interest and sinking fund for the bonds authorized by this section sufficient moneys to pay the interest to become due during the State fiscal year in which the bonds were issued. After

all bonds have been fully paid with interest, or after there are on deposit in the interest and sinking fund sufficient moneys to pay all future maturities of principal and interest, additional moneys received from admission charges to State Parks shall be deposited to the State Parks Fund, or any successor fund which may be established by the Legislature as a depository for Park revenue earned by said Parks and Wildlife Department, or its said successor.

"All bonds issued hereunder shall after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas.

"Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such Acts shall not be void by reason of their anticipatory nature.

Sec. 2. The foregoing amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at an election to be held on November 11, 1967, at which election each ballot shall have printed thereon, the following words:

"FOR the amendment to the Constitution of Texas adding a new section to be known as Section 49-e of Article III, authorizing the issuance and sale of Seventy-Five Million Dollars (\$75,000,000) in bonds by the State of Texas to create the Texas Park Development Fund to acquire lands for State Park sites and to develop State Parks."

"AGAINST the amendment to the Constitution of Texas adding a new section to be known as Section 49-e of Article III, authorizing the issuance and sale of Seventy-Five Million Dollars (\$75,000,000) in bonds by the State of Texas to create the Texas Park Development Fund to acquire lands for State Park sites and to develop State Parks."

CROCUS FOR SPRING AND FALL

This month when the flower magazines started coming I was amazed when I noted that two of them had beautiful covers, which pictured Fall Flowering Crocus. I had read a bit about the fall flowering ones, but had not really thought much about them. After I had done some more studying and reading I became real interested in this new fall flower.

In the September issue of Home Garden Magazine there is an informative article by the editor about the perky little crocus. Quoting, "Less is known about the fall flowering crocus than the spring flowering, yet they deserve a place in our gardens. Like magic almost they bloom, depending upon the variety. The bright flowers are a wonderful windup to the garden year... an unexpected bonus after other plants have blossomed, and faded."

To give fall flowering crocus time to form roots before flowering order the corms IMMEDIATELY, so they can be planted in advance of tulips, daffodils, and hyacinths. At the same time place your order for the winter and spring flowering crocus, which of course are planted in early fall, October is a good month for this.

When crocus are purchased, you have bought a real bargain (and we love bargains). For less than a dollar one can buy a dozen, and each one bears several flowers, often as many as ten blossoms. If the fall flowering are planted in a protected spot, they could be in bloom for Christmas. Another reason that crocus prove to be a bargain is that they multiply rapidly so where ten corms are planted soon there may be twenty. There is no bulb simpler to plant or to find space for. They can be planted in the lawn, at the base of shrubs or trees. If

planted in the lawn do not spot plant, but plant them in sweeps, like nature would have them grow. They will come through the snow, and bloom. They are often referred to as the harbingers of spring. After their blooming season let the tops die and strength return to the corm. When mowing the lawn, just mow right over them. For years we have had crocus greeting us from protected areas in the lawn; and one planting I have always enjoyed is the one that can be seen from my kitchen window. Nothing quite so rewarding, when the days are cold and long and spring seems far away, than to see the bright colors of the sudden crocus blooms. It is most delightful. To plant use a trowel, scoop out 2 or 3 inches of soil, mix a bit of bone meal, plant corm, cover and wait... they will surprise you some bright morning.

Some of the recommended ones for fall planting are; Crocus medius, which is lilac blue. Crocus speciosus, bright blue with violet veining. Large white flowering ones. These are listed as September - to December bloomers.

Some of the ones suggested for winter planting are; Snow Bunting, (chrysanthus) all white bloom, Blue Giant, a pearly blue, Caureus, bright orange yellow, and a rapid multiplier.

For later spring bloom, select the large Dutch corms. Remembrance, is a lovely soft purple, Jeanne D'Arc, a pure white, Yellow Mammoth, deep gold, and Cinderella, pale lilac.

To add interest to the crocus plantings, add scilla bulbs to the crocus. Ratio one scilla bulb to two crocus corms. The scillas are delicate in appearance, and grow a bit taller than the crocus, giving them a nice background. There is beauty and real thrills for the gardener when she plants the smaller bulbs.

Now is the time to select the new Penoles which you plan to add to your garden. They should be planted not later than October. Many new varieties are being introduced, and the old favorites are beautiful, and very rewarding. Peonies do add glamour to the garden. They are excellent for cut flowers, and come at a time in the spring when they can be greatly enjoyed and used. Usually they are in bloom by Mother's Day, and last until Memorial Day. There are several types of peonies. The large double, and the single both do well here. The color range is from snow white to deep dark red. The various shades and blends in the pinks are simply gorgeous. By careful selection, the blooming period can be lengthened to several weeks; Their foliage is usually

abundant, and has a deep rich green color, and after the blossoms have faded and are gone, the plant is an added attraction to the garden. You will be sorry if you do not grow some of these beauties.

Flowers are much like people. In visiting gardens and watching their growth, I have noted many things. For instance in the rose garden of Mrs. G. P. Owen, there is a real contest going on. Mr. Lincoln (a beautiful red rose) is vying with Queen Elizabeth (a tall stately Pink Rose) for height and prominence. It is a real contest, one day the blossoms of the Queen will reach higher, the next day Mr. Lincoln has extended his red head over and above the Queen. These are both excellent roses, and do well in our area. They are sturdy, good bloomers and are not susceptible to diseases.

There are many beautiful Beauty Spots, in Hereford these days. A real eye catcher is the red, red petunias which have been growing in a large black cooking pot, this is located on Fir Street.

Time to give the chrysanthemums extra care. Groom, feed, and cultivate them for those blossoms which you hope to have.

So long for now, Art and I are off for favorite fishing holes in Kansas. GLAD

ARM CHAIR TRAVEL

In the past we have heard librarians decry the fact that so many readers choose books from the current shelves only. Or say that they can not find anything they want to read in the whole library. And we, too, have at times found nothing that seemed to suit our mood. The answer to this is search the shelves for the type of books you like. Our favorite classifications are 818 and 917. It is most likely that you will find some good books which you have missed in the past.

Since summer time is not the favorite releasing date of publishers we followed through on this plan this summer to find many delightful books on travel, adventure and nature or the

combination of all three. NATURE I LOVE by Bill Geagan is a well written tale by an ex-newspaper man, who took the job of news writing to learn how to write of his experiences and adventures. This account of his two years of living off the land in the Maine woods is a refreshing and exciting story.

Another book equally as good was written by Harland Hubbard entitled SHANTY BOAT, which appeals to the Tom Sawyer in all of us. The author and his wife spent two years building and living in their shanty boat, on the Ohio tributary of the Mississippi. Then they set forth on the journey which took three years, as they stopped each summer and made a garden, fished and gathered other food to carry them through the winter sailing. They did well. The pair were well educated and

Page Three
he was an artist who painted on the way and later began this book.

In the story, WE CHOSE CAPE COD by Scott Corbett, who is an author, he relates how he bought a home in the Cape Cod area. His wife and child add to the story of how they adapted to the area and how well received they were by the New England people, in spite of being "new-comers". The family became so involved in the community activities that he found little time to write. This is the reason they had left New York in the first place. A delightful story.

These with many others such as MY ANARCTIC HONEYMOON, MY HOME IN HELL'S CANYON, books from a friend's library and my own filled my summer with pleasant reading. Corinne J. Neely

BRIDE — Mrs. Danny Parker is the former Miss Elaine Stovall, daughter of Mr. and Mrs. C. L. Stovall, Route 2. She and Mr. Parker are at home at Okmulgee, Okla., where he will attend Oklahoma State Tech next term. The couple was married Aug. 13 at Clayton, N.M. The bridegroom is the son of Mr. and Mrs. O. L. Parker of Friona and was graduated from Friona High School. The bride attended Hereford schools.

Season Begins With BSP Tea

Day of Beginning for a new season in Beta Sigma Phi was marked with a Sunday afternoon tea in Ward's Hickory Log Restaurant. Hostesses were members of the sorority's City Council.

Theme of the meeting was Turn The Key, and a large gilded key with the BSP emblem was used with the tea table centerpiece of yellow roses, sorority flower.

Mmes. Gene Larson, Larry Summers, Harold Kids and Denzil Vaughan poured tea and served the accompanying refreshments from a table covered in white satin.

Members of all three local chapters, Alpha Mu, Xi Epsilon Alpha and Kappa Iota, were present for this opening of the year. Each group will begin a schedule of meetings in September.

Special guests were Mmes. Hazen Woods, Art McQuary and Orville Watson.

Members calling included Mmes. John Schneider, Houston Frye, Clete Corlis, Duke Powell,

Don Baugous, Max Goforth, John Gilliland, Dave Heck, Melvin Fowler, Bob Pugh, Delbert Bainum, Wendell Maloney, Annel Holland, Howard Gore, Preston Hagans, C. D. Fitzgerald Jr., Ted Wimberley, Bill Kendall and Harold Beauchamp.

CHURCH TO MISSOURI, TOMB MAY BE FOUND

LONDON — The tomb of Judge George Jeffreys, who gained notoriety with his Bloody Assize in which hundreds were executed or transported in 1685, may be found when excavations are resumed in October on the site of St. Mary Aldermanbury in the City of London.

The church was recently demolished and shipped to Fulton, Mo., as a memorial to Sir Winston Churchill. Prof. W. F. Grimes, director of London University's Institute of Archeology believes Judge Jeffreys is buried on the eastern side of where it stood.

FOR GOD SO LOVED THE WORLD

... and every man

shall receive his own reward, according to his own labour; for we are labourers together with God." Those lines from Corinthians, might well be the inspiration for the holiday America observes... a special day set aside to pay respect to those who labor to make our nation great and, consequently, keep it free. *This is Labor Day*... when each man and woman whose work helps keep the bulwark of Democracy strong, receives "his own reward" in the satisfaction of a job well done. It is not just another day for looking back on past accomplishment — *this Labor Day*. In a strange new scientific world which taxes comprehension, it is a time for looking ahead... for rededicating ourselves. We must need those Corinthian lines which ask us all to be "labourers together with God."

AUSTIN HIGHLIGHTS

Signs Indicate A Stormy Political Year For Texas

BY VERN SANFORD
Texas Press Association

AUSTIN, Tex. - Major changes in state drivers' licence law went into effect August 28.

At the same time, inspection of additional auto equipment was required, and a minimum fee for vehicle inspections was raised to \$1.75. Inspections for the 1968 sticker will continue until April 15 the usual deadline.

Under the new law front seat belts will be required on all cars which have belt anchorages as part of original equipment. Steering mechanism, wheels and rims also will be added to inspection items.

Other changes effective next week include:

- *Licensing law raises minimum age to 16 for those who have completed a driver's education course and to 18 for those who have not had approved training.
- *Minimum age for operating a motor scooter has been raised to 15, and a special examination will be required after January 1 to operate a motor-cycle.
- *All licenses issued to persons under 21 will be stamped "provisional" and may be suspended if the operator is convicted of two traffic law violations in a 12 month period. (This provision effective January 1.)
- *Motorists convicted of driving without a license will be subject to a fine of up to \$200 for first offense and stiffer penalties thereafter.
- *Those convicted of driving while intoxicated (or similar offense) are subject to first suspension of 12 months (18 months for later offenses) and may be required to attend a program of rehabilitation for problem drivers.
- *Thumb prints will be required on all original applications.
- *Driving while license is suspended or revoked is punishable by fine of \$25 to \$500 or a jail sentence of three days to six months.
- *Stiff penalties are provided for counterfeiting or forging a license.
- *Department of Public Safety will in the future receive from Department of Public Welfare a list of all Texans receiving aid due to visual defects.

First major political indicators of what is expected to be a stormy year ahead began to come into focus here last week.

House Speaker Ben Barnes and Lt. Governor Preston Smith acknowledged that they sat down together to talk over their plans at length.

Barnes said Smith told him he plans to run for governor and encouraged him to seek the lieutenant governor's office.

Both declined to make any formal announcement of their plans until after Gov. John Connally's return from Africa about September 4.

"I am hoping things work out so there will be no big political turmoil, but I have stated repeatedly my plans are not dependent on what anyone else does," commented the lieutenant governor.

"I may announce in the next few weeks but I have to think about all this," Barnes said. "This is a political decision I am not ready to make yet."

Most observers rate Governor Connally as almost certain to seek a fourth term.

HOSPITAL BUILDING

Texas Mental Health and Mental Retardation Board has approved \$3,200,000 in construction priorities and set aside \$3,000,000 for the Dallas Neuro-psychiatric Institute.

Major items include \$500,000 for an institute for human growth and development at Austin State School; \$397,828 for a rehabilitation building at Kerrville; \$388,859 for air conditioning at a Terrell unit; and \$290,459 for a recreation building at Abilene.

Grants in aid were approved for these community health centers:

- Austin-Travis County, \$391,815;
- Edinburg, \$102,024; Beaumont-Port Arthur, \$305,000. Contracts also were made to assist in developing community centers in Abilene, Amarillo, Brownwood, Harlingen, Texarkana, Dallas and San Antonio. Contract services were continued with individual physicians or hospitals in Amarillo, Corpus Christi, El Paso, Houston, Lufkin and San Antonio.

ATTORNEY GENERAL SPEAKS

Atty. Gen. Crawford Martin said it is up to each individual school district to decide if it wants to adopt the new "tenure" or "continuing contract" law for its teachers. However once adopted the tenure plan (protecting teachers against firing without cause) becomes mandatory.

In other recent opinions Martin has held that:

- *Insurance issued to an individual under a group policy does not become incontestable under the insurance code until two years from the date the person becomes insured under a master policy.
- *District judges and district attorneys can claim full reimbursement for official travels out of county of their residence effective September 1.
- *Railroad Commission employees assigned to a transportation conference are entitled to travel expenses as are their agencies at a Texas Historical Survey Committee-sponsored dedication ceremony.
- *A public weigher may not conduct weighing operations outside the area in which he was elected or appointed; deputy weighers need not be actual residents of the area they serve.
- *Cities under 185,000 population cannot pay any portion of firemen's personal obligation as contribution to relief and retirement fund.
- *Texas Employment Commission may contribute state funds to the premiums of its employees' group insurance coverage, but under these conditions, Commission must secure the contract of insurance, be the policy-holder and pay the contributions to the company.
- *Writ of possession on property sold at a tax sale may be issued to the purchaser after expiration of 20 days from end of redemption period.
- *State agencies must make purchases of goods manufactured by the prison system through the Board of Control; political subdivisions may purchase directly from the prisons but Board must set manufacturing specifications.

OIL OUTPUT REMAINS HIGH

Texas Railroad Commission maintained August's high oil production allowable for September - 54 per cent of potential.

September figure allows for maximum production of 4,075,231 barrels daily, unchanged from August.

Allowable has zoomed following Middle East oil crisis. It was 33.8 per cent in May, 35.9 per cent in June, 42.9 per cent in July and 54 per cent in August.

Nominations to purchase oil from major buyers came to 3,406,451 barrels a day for September, an increase of 383,041 over August. Bureau of Mines predicted the demand for Texas crude in the coming month would be 3,525,000 barrels a day.

SHORT SNORTS

Parks and Wildlife Commission has set goose hunting dates for October 24-January 6; duck and coot season November 16-January 6 and reduced bag and possession limits for white fronted and Canada geese.

*Lt. Gov. Smith set a special election for November 11 in Cameron County to pick a successor to veteran Rep. Maurice Pipkin of Brownsville who will become executive director of the Judicial Qualifications Commission, effective September 1.

Nine Texas colleges and universities have received more than \$12,700,000 in construction funds over the last three years from the federal government.

Austin Assistant City Attorney Dudley Fowler joins the staff of Attorney General Martin as an assistant in the A. G.'s highway division.

W. Sale Lewis is new State Savings and Loan Commissioner.

Miniature citrus plants may soon be legally imported under strict controls-except in citrus-growing Cameron, Hidalgo, Willacy, Starr, Dimmitt, and Zavala counties.

Bill Cobb, Governor Connally's budget director has been elected president of National Association of State Budget Officers at its 23rd annual meeting in Lexington, Ky.

Some 73 applications filed by Texas towns for more than \$1,000,000 in matching funds for airport improvements and construction will be considered here September 19 by the Texas Aeronautics Commission.

SIMPLIFYING THINGS

DENVER - A Denver couple named Zim won District Court approval to change their last name to Mituniewicz.

They told Judge Don D. Bowman one reason was to "eliminate confusion by relatives and friends."

CITY HOLDS MORTGAGES

NEW YORK-One of the nation's biggest borrowers, New York City also happens to be an important mortgage lender. City Comptroller Mario A. Proccacio reports that, as of Dec. 31, 1966, the city held 2,649 mortgages totaling more than \$43.6 million. The mortgages are on surplus city-owned properties sold to nongovernment businesses and individuals. The city gets 6 per cent interest on its mortgages.

9 Out Of 10 Now Covered By SS

When the original Social Security Act was passed in 1935, only those people employed in commerce and industry were required to contribute to the social security program. Today more than 9 out of 10 people who work are covered by social security.

The question is sometimes asked "Why isn't the social security program made voluntary?" Bruce Grady, Social Security field representative, gives Hereford residents the answer.

In order to be fully effective the program must be compulsory. If it were not compulsory, the people who need it most would be less likely to elect it. Many people who have low incomes would not elect coverage voluntarily because they can barely meet their living expenses, and yet these are the people who most need the protection.

Without a compulsory social security program, society would have to support from general revenues those who had been too poor or too improvident to

Speaking of YOUR HEALTH...

Readers Are Asking...

WHAT IS the cause of a Bell's facial paralysis? How is it treated to prevent a permanent disfigurement?

There are 12 important nerves which lead from the brain. Some of these cranial nerves carry sensations to the brain, while others are responsible for the movement of the eyes, lips, face and neck.

The seventh of these nerves is responsible for the movement of the muscles of the face, lips, eyelids and the forehead. This nerve can become inflamed, irritated or injured, resulting in a paralysis of the muscles it supplies.

Named after the doctor who first described this condition, Bell's Palsy may be caused by a virus infection or even a persistent draft on the side of the face while driving an automobile. This is a form of neuritis which demands immediate treatment, even though about 75% of all cases recover with little or no medical attention.

The need for medical help is particularly important because of the failure of the eye to close. The delicate lining of the eye must be protected against foreign bodies. Cortisone is very useful in the early stages to reduce the swelling around the nerve itself.

Massage and electrical stimulation are used to maintain the tone of the muscles during the healing process. Special protective glasses, covering the corners of the eye, keep out soot and dust.

The progress of the condition must be kept under strict observation. If there seems to be poor or no progress, it may be necessary to perform a special operation to release the pressure on the nerve. Under no circumstances should the

early symptoms of muscle weakness of the face be disregarded. Is surgery always necessary after a single attack of kidney stones? The pain of an attack of renal colic, or kidney stones, is usually so severe that relief, even with surgery, would be a blessing. But many of the small stones pass through the ureter, the tiny tube through which urine passes from the kidney to the bladder. It is only when the stone becomes stuck in this tube that some form of surgery may be needed.

Kidney stones are composed mainly of calcium. Some are uric acid deposits associated with a gouty condition. The stones vary from gravel to the size of a small grape. The exact cause of kidney stones is unknown. Drugs, infections and chemical imbalances of the body are the most frequent reason for this painful condition.

Before any surgery is considered, the entire urinary tract is examined by a process known as cystoscopy and by X-ray. At one time, cystoscopy was rather painful. Today, it can be performed almost painlessly and quickly with local or general anesthesia.

Rarely is an external operation necessary to remove a stone unless it is large and lodged in the kidney. Pain during an acute attack can now be easily controlled with drugs that bring welcome relief.

Dr. Coleman welcomes letters from readers, and, while he cannot undertake to answer each one, he will use questions in his column whenever possible and when they are of general interest. Address your letters to Dr. Coleman in care of this newspaper. (© 1967, King Features Syndicate, Inc.)

Retired District Judges Are Still In Demand

Retired District Judge Harry Schultz is assigned to hold District Court in Fort Bend and Brazoria Counties (immediately south of Houston) the first three weeks in September. He becomes eligible for such assignment on September 2nd by having attained the age of 65 and then qualified to draw Judicial Retirement Pay. Judge Max M. Rogers, the Presiding Judge of the Second Administrative, Judicial District whose office is at Huntsville, and who has the responsibility for securing judges for 41 district courts when such needs occur, made this assignment on August 8. Judge Schultz is assigned to the 130th Judicial District to try civil jury cases. Since leaving the office of Judge of the 69th Judicial District on December 31, 1966, after 20 years of service, he has been practicing law as a partner in the firm of Fike, Hunter & Schultz in Dahart.
