County Sells 70 More Cows

Seventy Deaf Smith county cows will be bought by the government next Monday morning at Amarillo. This allowance was given the county because other counties in the state failed to fulfill quotas set in December. Farmers having cutter cows to sell are asked to get in touch with Dewey Reed, county agent. Permits will be issued Saturday from Reed's office, and the quota will be prorated among applicants. The seller must deliver the cows to the Pinkney Packing Company at Amarillo Monday. There will be an inspection fee of ten cents per head. Transportation is available through Reed's office at \$1 per head. The cows are subject to approval by the government, buyers; farmers are warned, therefore, to be certain cows are in condition to be butchered before taking them to Amarillo. Deaf Smith county was allowed 44 head in its original quota. They were delivered in December.

Cotton Meeting Friday Morning

A meeting of county agents and officials in local cotton reduction organizations of the Panhandle will be held in Amarillo Friday morning, when John R. Edmonds, district extension agent, will outline the 1934 cotton plan. Dewey Reed, county agent, and Wirt Phillips will represent Deaf Smith county. Thirteen cotton farmers in this county participated in the plow-up program last year.

Lions Club Has 3 New Members

Sheriff John Miller, Dr. G. W. Heard and Claude Ricketts are new members of the Hereford Lions Club, presented for the first time at the Wednesday noon luncheon. Plans call for early initiation of the trio. Early Joiner, tenor, and Gordon Durham at the piano gave a musical program. Bill Smith rendered a couple of piano numbers in response to popular demand. It was revealed that Leon B. M. Whitehire furnished cigars as a result of the recent addition to his family.

ANNOUNCE PLANS FOR CORN-HOG REDUCTION PROGRAM IN COUNTY

Organization of a county set-up to handle the government's hog and corn reduction program will likely take place within the next two weeks. Dewey Reed, county agent, will direct the work as he did in the wheat reduction program. Definite plans for the county group have not been worked out, but it will be handled in much the same manner as was the wheat. Because exports have been reduced greatly, there is a large over production of hogs. If the swine crop is reduced, so naturally will the corn production be cut because much of the corn is raised for hog feed. In accepting the government's offer under the corn-hog adjustment plan, a farmer agrees to reduce the acreage planted to corn on the farm he will operate in 1934 to at least 20 per cent below the average number of acres planted to corn on this farm during the past two years (1932-33); reduce the size of his brood sow herd so that not more than 75 per cent as many litters will be farrowed in 1934 as were farrowed on the average by his sows in 1932-33; and market from these litters not more than 75 per cent of the average number of pigs farrowed and marketed (or to be farrowed and marketed this winter) from his sows in 1932-33. He also agrees not to increase in 1934 the number of hogs bought and fed for market above the average bought and fed during the two-year base period. For making these adjustments he will receive a corn reduction payment at the rate of 30 cents per bushel on the estimated production of corn in the past five years, on the contracted acreage; and a hog adjustment payment of \$5 per head on the number of hogs he produced for market from litters farrowed by sows, provided he has reduced his production in accordance with the contract. One half, or 15 cents per bushel of the corn payments, will be made as soon as possible after acceptance of the contract. Two-fifths or \$2 per head on the reduced hog production will be paid as soon as possible after approval of contract; \$1 per head about September 1, and the remainder, \$2 per head, minus administrative expenses about February 1, 1935. A hog grower may participate in the plan even if he raises no corn. The same is true of the corn farmer who raises no hogs. The minimum amount of corn that can be contracted is 10 acres, and three brood sows is the minimum for the hog raiser.

Medics to Meet Friday Evening

Regular monthly meeting of the recently formed Tierra Blanca Medical Society will be held at the Presbyterian church here Friday evening, beginning at 7 o'clock. On the program are Dr. E. O. Nichols of Plainview and Dr. R. R. Willis of Friona. Dinner will be served by the Presbyterian ladies. The Tierra Blanca Society is composed of physicians and surgeons of Farmer, Randall, Oldham, Deaf Smith and Castro counties. The organization was formed in November. Dr. C. E. Donnell of Canyon is president. Mr. and Mrs. Sam Reid, Jr., of Lufkin were here the latter part of last week visiting in the home of her parents, Mr. and Mrs. C. C. Ferguson.

1933 Proves Varied Year For Hereford

Lots of things happened during 1933 which will mark it as one of the most significant years in history. There, too, a lot of events took place in Hereford which were purely of local interest. In the following round-up of 1933, the Hereford has stuck pretty well to local happenings, leaving national and international events to the daily papers. **January.** R. F. C. leaves Deaf Smith county off the list of counties to receive drought aid. James Witherspoon takes oath of office as district attorney at Dalhart. J. Wallace Robinson is named Legion commander in place of C. W. Humble who was sworn in along with other county officials. West Texas Chamber of Commerce, distributing R. F. C. funds, sends county commissioners Polish jobs of R. O. Dunkle, county agent, and Miss Lula Mae Martin, home demonstration agent. Commissioners condemn property for right of way on Highway 33 east of Hereford. **February.** G. W. Brumley ships 2,053 hogs to California. No ice on Monday morning. On the following Thursday cold record is set when thermometer drops to nine degrees below zero. Mayor proclaims clean-up week. George Muse, Gus Streu and Charles Dyar appointed farm seed loan committee. **March.** Betty Ruth Pickett and Marie Seed chosen princess and maid of honor to represent county at stock show pageant in Amarillo. Light snow falls but it is not enough to help the farmer—Uncle Sam will do it. Roosevelt closes banks. Hereford takes it calmly. Banks open on 11th. Wilbur C. Hawk addresses annual chamber of commerce banquet. For fourth consecutive year high school vocational agriculture classes win second place in district contest at Lubbock. And it rains. **April.** There is a dust storm. Judges make first inspection in home beautiful contest. School census shows 807 pupils in city schools, a decrease of 18. A sand storm is reported. Convention of Seventh District Texas Federated Women's clubs held with record attendance. Lions go to district meeting at Amarillo. **May.** R. E. Kessle resigns as Brand manager, goes to Borger. Coach Tommy McCollum says football prospects good. "We'll win bi-district title next fall if Shamrock plays too many games. Lamesa will probably lick us 24 to 7 in regional game." High school graduates 43 future citizens, setting a record. S. P. Rowson is named on W. T. O. C. executive committee. **June.** Garcia well in good showing, start running 24 hours per day. Legislature removes delinquent tax penalty. Rev. W. L. Tittle starts a revival at the Methodist church. Home Demonstration Council holds dress and rug show. Garcia drilling at 1575. Wheat harvest begins. Odd Fellows take lead in city league. Wheat goes to 83 cents, crop short. Harry Rice elected Lions president. Wheat to 87 and farmers won't sell, seems they remember 1920. Odd Fellows finally lose a game. **July.** Freight rates on feed and livestock to and from drought stricken counties are cut in two. High school given recognition in two

A trace of snow fell here Tuesday night and early Wednesday, but the moisture was not enough to be of aid to wheat crops. The temperature dropped to about 18 degrees Wednesday morning but warmed up to 30 in the afternoon.

Hawkins Building Damaged By Fire

Fire came near destroying the H. H. Hawkins building on East Second Street last Saturday night about 8 o'clock, but the timely response of the Hereford fire boys saved the building from ruin. The building was occupied by the Brown Produce Co., and no one had been in the building for several hours before the fire was discovered. Chief Mercer and his firemen controlled the blaze in its early stages with chemical equipment, and later finished the job with the high pressure water engine.

ELEVATORS CLOSED FOR DULL SEASON

According to E. E. Fridley, three of the Great West Elevators located here, Dawn and Summerfield were closed temporarily January 1. Mr. Fridley gave no reason for the closing of the three plants other than that the grain business is at its dulliest point and that the elevators would re-open when business justifies.

Household Paper Is Latest Thing

As new as next spring are the household parchment papers now for sale by The Brand. First there is the cookery parchment. This paper, genuine vegetable parchment, is used to wrap foods for cooking. By making bags for the foods, the housewife is enabled to cook several different kinds at one time and in the same vessel without one food affecting another. The paper is used, also to wrap foods having strong odors when they are placed in the refrigerator. It is boil-proof and may be used again if it is rinsed each time. Then there is a paper dish rag. This remarkable rag is used just like the ordinary cloth. It will wash out clean after using and is good for weeks. It eliminates lint and grime from dishwashing. It is exceptionally fine for cleaning and polishing bath tubs, porcelain of all kinds, aluminum, auto windshields and the like. This scouring paper has much the same uses as the dish rags, but it is tougher. It is well adapted to polishing bath tubs, tile floors, stainless and porcelain of all kinds. It is a bollproof paper, too. The best waxed paper you ever saw is on hand. It assures perfect protection for foods, keeps moisture in or out as desired. And there's the fancy waxed paper in colors for wrapping sandwiches, printed in fast colors. It is ideal too for place doilies, wrapping candy, plum pudding and fruits or the kiddies' lunches. It makes an excellent bridge prize.

Candidates for public office will soon be making their announcements, since this is the season for political activities. In keeping with its policy of past years, the Hereford Brand will require payment in advance for all political advertising and announcements sponsored by office-seekers. This policy has been found the most satisfactory for all concerned, and since it applies to all candidates alike, is fair to everyone.

Gin Building Is Taken to Farwell

H. E. Davidson of Bovina, owner of the local cotton gin, is here this week with a crew of carpenters wrecking the gin building. Mr. Davidson stated that the "rusted" buildings will be moved to Farwell where a gin will be built. Part of the machinery will be stored here, according to Mr. Davidson. Mr. Davidson and his company purchased the Hereford gin last spring from the Guthrie Cotton & Oil Co., of Guthrie, Oklahoma, for the purpose of repairing and remodeling the plant, with the expectation that a large acreage of cotton would be planted here.

Failure to spend \$1.75 in January will deprive a citizen of his greatest right—the privilege of voting. The year 1934 promises to be almost as significant politically as was 1932, the absence of a national election being the only score upon which it will not measure up to 1932.

While we question the justice of the poll tax system, it exists and must be complied with, so we advise every citizen to pay his.

In addition to the regular county and state elections there is likely to be a special election for modification of the state liquor law and a local vote on beer. Without a poll tax receipt John Citizen will be just an innocent bystander at these elections.

What Panhandle Papers Say

It is worth noticing that the proposed child labor amendment to the federal constitution now has been ratified by more than half of the required number of states, to insure its adoption. When the Maine legislature approved the amendment and sent it to Governor L. J. Brainin for his signature, 19 states had put their approval on it. Here is an issue which the press of more immediate considerations should not cause us to forget. The NRA codes, to be sure, pretty largely have abolished child labor; but the job is only temporary, and it is incidental to the accomplishment of other ends. By putting the amendment in the constitution, the exploitation of child labor, with all the costly abuses that accompany it, will be outlawed for good. —South Plains Farmer.

Someone said yesterday that if this winter turned out as they thought it might, we would have no trouble remembering that Christmas day was the last day of summer. And so far it has been almost summer weather. That is it was until yesterday when the temperature began getting down to where it ought to be. —John McCarty, Dalhart Texan.

Years ago salesmen looked upon advertising as a competitor for their jobs. A few still see it in that light, yet advertising never competes with salesmen—it increases their opportunities. It never took a good man's job from him. It makes a good salesman a better salesman and helps the poor salesman to become a better salesman. It is at work while the salesman is miles away. It multiplies his calls, triples his time and conserves his energy. It visits the prospect regularly and holds his good will and preference against all other claims. Advertising works with and for the salesman right in his territory. Where he calls, he finds the prospect acquainted with his proposition. Advertising prepares his market for his coming, and thus saves his time. Advertising multiplies sales opportunities, makes orders easier to get and shortens the time necessary for getting them. If there is any one man in the country who should be an advocate of advertising that man is the salesman. —Muleshoe Journal.

The newspaper code will become a law of the land some time this week and will contain a clause guaranteeing freedom of the press. This part of the code precipitated a terrible argument in this country and everyone is mighty, mighty happy that it has been settled and that the code is not jeopardizing the freedom granted under the constitution. The open shop clause has been dropped and the code worked so as not to jeopardize and break small newspapers. It apparently will provide for country shops, such as The Texan, a 48-hour week or slightly less for all departments of the newspaper, including the mechanical. Basically, the 40-hour week is provided but exceptions are made for small communities and small cities. The 48-hour week will be fair for us here and we can meet its requirements without jeopardizing our institution. One striking provision in the code is that newspapers must charge the legal rate in all states providing a legal advertising rate. —Dalhart Texan.

A LONG TIME AGO IN HEREFORD

(From The Hereford Brand
January 2, 1913.)

Numerous interviews with Hereford business men cited the glorious prospects of Hereford and Deaf Smith county.

Claude Norton had leased the Hereford Restaurant from Charles Orr.

M. O. Meeks and family had been here from their home in Texico visiting relatives.

Quoting the Higgins News: "Never enter a man's house without an invitation," as a slap at the merchants who do not advertise. Rather rude, isn't it?"

Misses Mina Dameron and Clara Stewart had entertained a party of young friends at the latter's boarding place in the home of Mr. and Mrs. F. B. Fuller.

W. H. Clary had butchered a hog which weighed an even 700 pounds, getting 25 gallons of lard from the one animal.

W. J. Walters, postmaster, advertised that the general delivery window would remain open from 6:00 a. m. to 7:00 p. m.

John and Eugene Dyer had spent the holidays in Plainview.

J. C. Coker was in from his ranch on business.

J. H. Williams and J. M. Purcell were in New Mexico on a business trip.

(From The Hereford Brand,
January 3, 1913.)

R. T. Mooney had sold two cars of cattle on the Kansas City markets at \$33.58 per head, the highest price he had ever received for cattle of this class.

Miss Velma, daughter of Judge and Mrs. Jno. P. Slaton, had received high rating in a Christmas story contest in the Dallas News. She was a student in St. Mary's College, Dallas.

Ralph Barnett had written the Brand a letter in which he favored the election of postmasters.

Altitudes of several localities were given by the Brand. Hereford, 3810 feet, Amarillo, 3903; Wildorado, 3887; Vega, 3986; Alamoosa, 4000; Adrian, 3908; Cap Rock, 4127 feet.

The United States Postoffice Department had inaugurated the parcels post, and to H. M. Timmons of Amarillo went the honor of having sent the first package, it going out at 12:01 a. m., the system having been started at midnight.

G. M. Suggs was sporting a new suit of clothes, and the editor declared it a real beauty.

John Patton, said the Brand, was in Oklahoma looking for a job.

Bob Higgins had been down in Wood county, and on his return brought along a big fat "possum." With this as a basis, Mr. and Mrs. George Higgins had spread a real "possum and tater" dinner.

Homer Wilkinson had joined the "knights of the grip" by accepting a position as traveling salesman for the Waples - Plattner Grocery Company.

PUBLIC OPINION

TOTING FAIR WITH UNCLE SAM

BY A FARMER

Since the beginning of history all prosperity has had to come directly or indirectly from the soil. Every nation that has prospered has recognized this fact. The Patriarchs laid the foundation for some of the most modern principles of agriculture. They rested their entire land every seventh year. All prosperous farmers from that good day to this bad hour have practiced this procedure in some form. Some have done this voluntarily, others have been forced to do so by their rulers. Man is as completely pinned to the soil for his prosperity today as he has ever been, and it is just as necessary for the land to rest today as it ever was.

Uncle Sam sees this whole situation and knows that a seventh of our land must rest, but he is willing to pay us good rent money on this land while it rests. As a farmer, how am I going to be square with him? I realize that without him I am nothing. Without his protection, my property would cease to be property. And what about the lives of my family and the good people I know? Listen, brother, it looks like about the biggest thing we can possibly do is keep faith with the government. As for me, I am going to be just as fair as my intelligence will permit.

I have a little check from Uncle Sam showing his faith in me. You know, I am especially proud of this bit of paper. I am proud he has faith in me; also I am proud I have faith in him. The next question for me is how can I best keep this faith with him. First, I must let this land rest. Then, what shall I do with this money? I need at least a thousand different things for which I am prone to spend it, but above all, I must be square with my government. I think Uncle Sam expects me to feed and shelter my family through the winter. Then next, to educate my children. In educating my children I believe he would have them taught his history, the fundamentals of his present government, and what seems to be the soundest means or ways of promulgating the best interests of his posterity. To do this, I must not only back, but actually push my schools. If my school is not teaching citizenship, character and home building, I am in favor of stopping it and starting one that will. If it is, my school tax should be paid just as soon as possible. I believe that we have the finest group of rural schools in Deaf Smith county that can be found anywhere, and I for one am going to pay my school tax first and other taxes just as soon as possible, and tote fair with Uncle Sam.

Spears, deceased; and the unknown heirs, if any there be other than those named above, of D. W. Ratliff, deceased; are defendants; plaintiff's cause of action being alleged as follows, to-wit:

Plaintiff is the owner and holder of the last six of a series of eight vendor's lien notes numbered 1 to 8, both inclusive, and each in the principal sum of Two Thousand (2000.00) Dollars, except Note No. 8 which is for the principal sum of Two Thousand Six Hundred Thirty-five (\$2635.00) Dollars, all of said notes being executed by D. W. Ratliff and W. L. Dixon payable to the order of Bob McCoy with interest at the rate of six per cent per annum prior to maturity and ten per cent after maturity, and containing the provision that failure to pay any one of said notes or any installment of interest when due shall, at the option of the holder, mature all of said notes, and containing the usual provision of ten per cent attorney's fees if placed in the hands of an attorney for collection. That Note No. 3 was payable on May 11, 1932; that Note No. 4 was payable on May 11, 1933; and one note was payable annually thereafter until the full amount was paid. That Notes Nos. 3 and 4 and interest on all of said notes since May 11, 1932, are past due and unpaid and that by reason of such default plaintiff, the present owner and holder of said notes, has declared all of them due. That said notes were by the defendant Bob McCoy, the payee therein, for a valuable consideration sold, endorsed and delivered to the plaintiff on or about the 29th day of March, 1930.

That said notes were given as a part of the purchase price for the following described land situated in Deaf Smith County, Texas, to-wit: North half of section thirty-one (31) Township Number Four (4) north of Range number 3 east of a Capitol Syndicate Subdivision as shown by a plat of record on the Deed Records of Deaf Smith

County, Texas, and containing 320 acres of land more or less.

Also section No. 3, Township 5 North of Range 2 East, according to the plat of a Capitol Syndicate Subdivision of Capitol Leagues Numbers 371 and 370, containing 640 acres more or less;

which was on the 11th day of May, 1929, conveyed by Bob McCoy to W. L. Dixon and D. W. Ratliff and a vendor's lien was reserved on said land to secure the payment of the above described notes, and that said vendor's lien has been duly assigned to the plaintiff herein by the said Bob McCoy and that plaintiff is the present owner and holder of said notes and said vendor's lien.

That W. E. Spears, on the 30th day of November, 1929, purchased an undivided one-half interest in the above described land and assumed and agreed to pay one-half of the above described notes. That W. E. Spears is dead and that Carrie Spears is his executrix and legal representative, and that Carrie Spears, William L. Spears, Fay Spears, Robert R. Spears, Mildred Spears Neville and C. W. Neville, and James B. Spears are his heirs at law, and if there are any other heirs their names are unknown to plaintiff.

That on the 23rd day of December, 1929, Sid S. Spears purchased an undivided one-half interest in said land and assumed and agreed to pay one-half of said notes.

That on June 21, 1930, James W. Spears purchased a one-half interest in said land and assumed and agreed to pay one-half of said notes.

That D. W. Ratliff is dead and that his heirs are Carrie Ratliff, Aaron Ratliff, Ollie Ratliff, W. S. Ratliff and Mildred Ratliff, and that if he has any other heirs their names are unknown to plaintiff.

Plaintiff prays for judgment against the defendants and each of them for the full amount of principal, interest and attorney's fees due upon said notes and for foreclosure of his vendor's lien upon the above described land as said lien existed on the 11th day of May, 1929, and at all times thereafter, for costs of suit and for general relief.

Notice is hereby given that certified copies of the deed from Bob McCoy to W. L. Dixon and D. W. Ratliff recorded in Volume 60, page 453, Deed Records of Deaf Smith County, Texas, and of the deed from W. L. Dixon et ux to W. E. Spears recorded in Volume 62 page 496, Deed Records of Deaf Smith County, Texas, and the deed from D. W. Ratliff et ux to Sid S. Spears recorded in Volume 63 page 30, Deed Records of Deaf Smith County, Texas, and the deed from Carrie Spears et al to James W. Spears recorded in Volume 66, page 313, Deed Records of Deaf Smith County, Texas, are filed with the Clerk of this court and will be offered as evidence in the trial of this cause.

You Are Commanded to so summon said defendants and to serve this citation by making publication hereof once each week for four consecutive weeks previous to the return day hereof in some newspaper published in your county, and if there be no newspaper published in said county then in a newspaper published in the nearest county where a newspaper is published.

Herein Fall Not but have you before said court on the first day of the next term thereof this writ with your return thereon showing how you have executed the same.

NOTICE OF FARM ALLOTMENTS AND OF MAXIMUM ACREAGES OF WHEAT FOR 1934 UNDER CONTRACTS FOR MEMBERS OF THE WHEAT PRODUCTION CONTROL ASSOCIATION OF DEAF SMITH COUNTY, STATE OF TEXAS

Listed below are the statements of the allotments which have been determined for members of the Deaf Smith County Wheat Production Control Association. These allotments are to hold for the duration of the present wheat contracts, and they are the basis upon which adjustment payments are to be made. They have been determined by the County Allotment Committee after careful consideration of the application statements. Every effort has been made to have these allotments as accurate as possible. The maximum acreage which may be sown to wheat for the 1934 crop on each farm, under the reduction requirements of the contract, is also listed.

The Deaf Smith County allotment, which has been calculated from records of the United States Department of Agriculture, is 1,290,564 bushels. This is the total number of bushels allotted to the county under the wheat plan. The total of the individual allotments, including those allotments which could have been assigned to farms which are not participating under the wheat program, must be in line with the county allotment figure. The number of nonparticipating wheat farmers in the county is 213; the average total wheat acreage for those nonparticipating farms during the base period is 42,104 acres; the total average wheat production on these nonparticipating farms during the base period is 298,139 bushels.
