HEREFORD SCHOOL FACULTY NOW COMPLETE; PREPARATIONS FOR OPENING SEPT. 10

OPENING EXERCISES AT CHRISTIAN CHURCH AT 10:00 A. M. MUSIC AND SHORT TALKS WILL FORM THE PROGRAM

MAKES APPEAL FOR COOPERATION

Superintendent Asks That Any Grievances be Brought to His Attention and Promises Impartial Justice. Details of Admission and Studies are Set Forth.

The following statement concerning the opening of Hereford's public schools September 10 has been handed The Brand for publication:

"At a meeting of the School Board Saturday morning final plans were made for the opening of school on Monday, Sept. 10. The opening exercises for both schools will be held in the Christian Church beginning at 10 a. m. A program consisting of music led by Miss Swisher, and short talks from representatives of the School Board, the faculty, and the community, will follow a short devotional exercise led by one of the pastors. An opportunity will be extended to all to make short talks of from three to five minutes.

"Registration will not begin at the schools until Monday afternoon at one o'clock when the students are expected to assemble promptly in order that they may be assigned to rooms and issued books by four o'clock. The juniors and seniors in high school will report to the high school on Saturday, Sept. 8, for registration, seniors coming from nine to ten o'clock and juniors from one to three in the afternoon. It is very necessary that all seniors and juniors be present Saturday as they will not be classified on Monday until all first and second year students have been dismissed.

"Students in either school will save time in getting properly classified if they will bring their cancelled book cards and their report cards, or a statement of their credits if they are entering the Hereford Schools for the first time. Pupils who have not returned all of the books issued them last year should return all books previously issued them before getting new books. The State Text-Book Law provides that no books shall be issued to any child who has State owned books that have not been returned and checked off his card.

"Tuition fees will be charged for those under school age or over twenty-one years of age on the first of September. Tuition for the Central School is four dollars per month, for the High School five dollars per month. No child will be admitted who is under six years of age on September first. Any child who is under age on September first but becomes seven years of age before January first will be admitted without paying tuition the last term of school (4½ months). None under will be admitted after the beginning of the second term. Students transferring from other school districts will be charged the regular tuition rates and will be given credit for the exact amount of the per capita apportionment made by the State and the county. If a child is absent as much as a week at one time, credit will be allowed on his tuition but no credit will be allowed unless as many as five days are missed at one time.

"Three expression teachers will teach in each building on different days so that parents may select the expression teacher of their choice. No child will be permitted to leave either building for an expression class during school hours. Since there is no place provided in either school for a piano teacher, parents and teachers should arrange for music lessons before and after school and on Saturdays. No child will be permitted to leave during school hours for piano or other music lessons without written permission from the superintendent and not until the parents and the teacher have shown that no other plan can be arranged. Such permission will never be granted where the distance from the school to the music room is more than one block. It is felt that such a rule is necessary for efficient teaching and administration and that it is for the best interest of the schools.

"The teachers for the year are as follows: C. H. Dillehay, superintendent and teacher of high school mathematics; High School: Travis E. Dameron, principal, and teacher of English and History; Inez Jones, mathematics; Lillian Burrell, Latin and Spanish; Velma E. Read, Science; Mabel Faulkner, home economics; L. E. Taliaferro,

manual training; Pauline Haislip, history; Clara Mae Glenn, English; Mattie Swisher, music; Miss Livingston, Bible; mathematics-science teacher to be supplied.

"Central School. John V. Lyles, principal and seventh grade; Mrs. Jas. E. Black, first grade; Catherine Wilson, first grade; Tallie Bell, second grade; Eunice Rutherford, second grade; Mary Bradley, third grade; Mary Rankin, fourth grade; Irene Tildenberg, fourth grade; Mary Lou Roberson, fifth grade; Ella Aikman, fifth grade; Frances Fullingim, sixth grade; Beulah Davis, sixth grade; Gladys Hicks, seventh grade.

"The School Board and faculty desire the hearty cooperation of the parents, the students and the entire community in making this the best year in the history of the Hereford schools. If you can say a good word for the schools pass it on. If you can't push or pull, please do not hold back. If you have a grievance, real or imaginary, talk to those concerned first, if you can not get satisfaction, then take it up with the principal or the superintendent. If you then fail to get justice, take it up with the School Board. Members of the School Board are busy men and can't keep familiar with all the school details and should not be bothered with school troubles until every other means of remedying the difficulty has been tried. Justice and the Christian spirit demand that you go first to the person directly involved with any misunderstanding, and then if you think justice has not been done, take it step by step until you have at last reached the School Board. Parents are not only invited but they are also urged to keep in close touch with the school by frequent visits."

Football Eleven Leaves For Conditioning Trip

The Hereford High school football squad left for Canyon Tuesday. The boys will camp on the canyons about five miles west of Canyon at the Gordon Country Club. The boys will spend their time in strenuous exercise getting their muscles hardened for the coming football season. Those who left Tuesday morning were Earl Wood, Jess and Artis Russell, Taylor Thurmond, Buck Hines, Paul Patterson, Geo. Connell, Wesley Higgins, Roger Wilkinson, Onias Carroll, Bob Wade, Egbert Bradley, Clayton Woolery, Roy and Robert Boyd, Jno. Bray, Alton Sawyer, and Charles Bennett, coach and trainer. The boys went in the Wilkinson truck loaded with all the camping paraphernalia needed for the trip.

A & M Boys Enjoy Banquet And Meeting at Amarillo

Six local students and ex-students of the A&M College of Texas journeyed up to Amarillo last Saturday night and enjoyed the banquet and good fellowship offered at the annual meeting of the A&M men of the Panhandle. They report a whale of a good time and a most enjoyable reunion with old friends and school friends. Those who went from here were Oden Weems, Vernon Curtis, Douglas Connell, Daniel Bell, Jim Rutherford and Dr. J. M. Farrell.

Mr. and Mrs. R. T. Evans Visiting Relatives Here

Mr. and Mrs. R. T. Evans and Dr. and Mrs. J. H. Massie reached Hereford Sunday morning from Los Angeles and Ocean Park, Calif. Dr. and Mrs. Massie left for their home in Wichita Falls, Texas Monday morning after a brief visit in the home of Mrs. Massie's brother, Arch Collins, and family. Mr. and Mrs. Evans will remain in Hereford a few days longer.

Miss Laura Edwards Has Very Narrow Escape!

The terrible catastrophe in Japan recorded in the daily papers the past few days wherein untold thousands of lives have been lost through earthquake, tidal waves and fire was brought close to home Tuesday morning when The Brand received a wire from the Fort Worth Star-Telegram inquiring if the relatives here of Miss Laura V. Edwards, Korean missionary, had heard whether or not she escaped.

Miss Laura left Hereford August 16 for Seoul, Korea, after a year's leave of absence at her home here. She sailed from Vancouver, B. C., aboard the S. S. "Empress of Canada" August 23 and was due to arrive in Yokohama, Japan, Tuesday, September 4.

Upon receipt of the message Tuesday morning her relatives here were interviewed and they stated no word had been received from her since sailing but that they felt confident she is entirely safe, as nothing has been contained in the news dispatches telling of the sinking or damaging of any passenger boats and the Empress of Canada was miles out from Japan when the earthquake occurred.

LATER: The following telegram was received by Mrs. Edwards Tuesday afternoon from the Fort Worth Star-Telegram: "Empress of Canada reported damaged but reached port without serious difficulty."

Rev. Atwood Had Interesting Trip Over Old Europe

Dr. E. B. Atwood and wife came over from Plainview Saturday and returned home on Monday. While in the city they were the guests of the families of W. E. Hicks, A. O. Thompson and H. G. Conkright, besides brief calls were made by the Atwoods upon several other families.

Dr. Atwood has just arrived home from an extended trip abroad. He told in a most interesting and entertaining way, on Sunday morning and evening, at the Baptist church, of his visits in England, Scotland, Netherlands, Denmark, Norway, Sweden, France, Switzerland, Germany, and Italy. The evening address was devoted largely to the churches he visited in all these countries, and the Baptist World Alliance which met in Stockholm, Sweden, July 21-28. His addresses were greatly appreciated by fine congregations.

While in Hereford Dr. Atwood enjoyed the added pleasure of meeting again Rev. P. J. Conkright of Sapulpa, Oklahoma. Dr. Atwood and Rev. Conkright graduated together at Georgetown College in Kentucky in 1900. Rev. Conkright is spending his vacation with his brother, H. G. Conkright.

Dr. Atwood was pastor of the Baptist church here for two years, giving up the care of the church a little more than a year ago to give all his attention to the duties of president of Wayland College at Plainview.

Miss Mattea McClurkin is Guest of Friends Here

Miss Mattea McClurkin, daughter of Rev. J. E. McClurkin, former Baptist pastor here and now located at Shamrock, Texas, stopped off here Sunday for a brief visit with friends, departing Tuesday for Amarillo where, her parents will meet her.

Miss McClurkin spent the summer in Canada and then made a vacation trip to the Pacific Coast and is now on her way home. Her many friends here were delighted to see her.

Daughters of Mr. and Mrs. J. A. Wear Here on Visit

Misses Bertha and Lula Wear reached Hereford Saturday morning from Boulder, Colorado, where Miss Bertha was attending the Colorado State Normal. They visited in the home of their parents, Mr. and Mrs. J. A. Wear and Miss Bertha left for Joplin, Mo., Monday morning, where she will begin her fifth year as teacher in the Joplin public schools.

Bankers Benefit Association Will be Organized

T. K. Wilson, organizer of the Bankers Benefit Life Insurance company of Hereford, announced Tuesday, that he now has over 200 members and issues a call in this paper for a meeting next Thursday afternoon when officers and directors will be elected.

NEARLY ALL STORES CLOSED AND THE PEOPLE TOOK IN BALL GAMES, HEARD THE QUARTETTE, AND ATTENDED FRACAS

To Sift Sanitarium Question Before Final Action

Officers Chamber of Commerce Will be Chosen Next Week

The Hereford Sanitarium problem was given a thorough examination and dissection by twenty-six business men at Monday's luncheon at the City Cafe. Monday at noon, and every angle of the puzzle was thoroughly threshed out. The special committee, consisting of Mayor Knight, chairman, D. F. Ashbrook, L. Baskin and Geo. L. Muse, made a majority report presented by the chairman favoring the calling of an election for a \$50,000 bond issue to provide a modern, fifteen-bed hospital. Mr. Muse, in a verbal statement, said while he wanted good hospital facilities his judgment is that such an issue could not carry and for that reason he did not join in the recommendation. Every man around the table was asked to express himself and the result showed a majority favored the committee report. However, D. L. McDonald and others cautioned that those who would probably oppose the issue, and those who are indifferent through lack of knowledge of the real situation, and all of whom have votes to cast, were not present at the meeting and suggested that a new "sifting" committee be named to give the subject further study and to report next Monday. This suggestion was adopted and the Sifting committee was appointed with the following personnel: Judge Jno. P. Sloan, chairman, Carl Gilliland, J. E. Hill and D. L. McDonald.

Judge Knight, in an exhaustive review of the history of the present sanitarium, discussed the loss of the bond issue called last year and analyzed the reasons for it; said his committee had obtained the best available information concerning the cost and design of a modern structure; and gave facts from the books of the present sanitarium which showed the following: 124 patients handled from August 17, 1922 to September 1, 1923. After paying \$25 one month for rental which was used in paying taxes and insurance on the property, the sanitarium has received something between \$200 and \$300 for her labor and gratitudes, although she has over \$1100 on her books, a large percent of which is uncollectible. No one has ever been turned away from the institution, money or no money.

Continuing, the Mayor said that C. H. Carl, from whom the property had been purchased, wanted the deal to go through, had been patient and forbearing, and was certainly entitled to protection in the trade and should have his money. The splendid work of Mrs. W. A. Frye, in charge of the sanitarium, was mentioned and a plea made for united support of a measure that would insure a modern and acceptable institution.

There was no dissent from the view that Hereford needs and is entitled to a real hospital; the only difference lies in the question of what is the best plan to advocate to insure adequate facilities. Chairman Wilkinson called attention to the fact that the first Monday in September is the date for the annual election of officers. He reviewed the work of the organization the past four years and said he was proud of the record made and the accomplishments recorded. He suggested that the form of government be changed hereafter so that an Executive Committee of three be elected to handle the affairs of the club. A motion was made and carried that a committee of three be named by the chair to settle this point and select the officials for another year, their report to be made next Monday. The chair appointed C. C. Rockwell, chairman, C. C. Acker and E. S. Ireland on this committee. Next Monday the meeting will be held at the Cordova Hotel. Those present Monday were: Homer Wilkinson, Eli Dunlap, Dr. Jno. W. Overton, Geo. L. Muse, J. E. Hill, E. S. Ireland, Lee Biggs, Jno. P. Sloan, Carl Cokrell, Dr. G. F. Leonard, Mack Womble, E. W. Harrison, Dr. W. F. Gabbert, Doug Fox, Dr. J. W. Hicks, C. C. Acker, W. R. Steckman, Carl Gilliland, Judge Knight, G. A. F. Parker, Walter Dunlap, C. C. Rockwell, D. L. McDonald, E. B. Black, Seff B. Holman.

VEGA BEAT HEREFORD IN FIRST OF TWIN BALL GAMES WHILE RAIN STOPPED THE SECOND CONTEST. CROWD PLEASSED

FRACAS WAS FULL OF BIG LAUGHS

Band Music Excellent and Bouts Were Clean and Enjoyable all way Through. Trinity Male Quartette Gave Clever Program to Overflow Crowd at Church

The folks just simply shut up shop and "went to the races" in Hereford on Labor Day, September 3. Only in this instance the "races" were represented in the afternoon by a double-header baseball game and at night by a triple attraction consisting of the Fremerey Fracas at the Stock Pavilion, a special program by the Trinity University Male Quartette at the Presbyterian church, and a good picture at the Star Theatre. All four amusement spots were crowded and if anyone stayed at home they were not missed in the jam.

The Ball Games. The Vega and Hereford baseball teams opened the day's festivities in the afternoon at the ball park about 3:00 o'clock. It was a rattling good game, with the usual tight places, and costly errors and flashes of fine fielding and Vega won it finally by the score of 5 to 3. Galbraith was a little wild and his passes were costly in nearly every instance, although he whiffed sixteen men before he lost. Hereford apparently had the game won in the early innings but lost on errors and passes in the closing innings.

The second contest was between Nazareth and a mixed outfit with both Vega and Hereford men composing the nine. Curtstinger did the hurling against Nazareth. In the third inning two errors, a two bagger and a single netted the visitors three runs and it looked like the invaders were just getting warmed up when the rain descended and cut the battle short.

There was a good crowd out and plenty of rooting and noise throughout. A neat sum was realized to apply on the expense of fitting out Hereford High's football team this year. One feature of both contests was the excellent umpiring of the Ramey Bros. of Castro county.

The Fracas A happy, cheering crowd watched the high school boys put on a series of boxing and wrestling bouts, do tumbling and rope climbing stunts and demonstrate the skill required on the horizontal bars. The Hereford Band, appearing for the first time in three months, directed by L. F. Borden, played almost continuously before and throughout the jamboree. They snipped into it, too, and seemed to enjoy getting back into harness as much as the audience enjoyed listening to them. W. H. Russell acted as announcer and master of ceremonies while Dow Mercer was official referee and stage director. The program was put on as follows:

Boxing, two 3-minute rounds, John Bray vs Ardis Russell.
Wrestling, Clayton Woolery vs Beaurn Wade.
Boxing, George Connell vs Clarence Karr.
Mixed Bout, Roger Wilkinson, wrestler, vs Robert Anthony, boxer.
Boxing, Thurmon Hines vs Taylor Thurmond.
Wrestling, Byrd Witherspoon vs Roger Corbett.
Boxing, Earl Wood vs Elmer Patterson.
The matches were all clean throughout and showed no little skill and preparation on the part of the boys. Great credit is due C. C. Rockwell, Dow Mercer, Judge Russell and others, together with the high school boys, for the hard work connected with preparing for the events and in successfully conducting it.

Mrs. Homer K. Fox Is Operated Upon For Appendicitis

Mrs. Homer K. Fox was suddenly stricken with acute appendicitis last Saturday and an emergency operation was performed about 4:30 o'clock in the afternoon at the Hereford Sanitarium. Mrs. Fox stood the shock well, and on Tuesday afternoon was reported to be doing nicely. Mrs. Fox's many friends are delighted at the happy outcome of a crisis that at first appeared grave.

W. A. Miller and Family Return From Great Trip

W. A. Miller and family arrived home the first of the week from a tour of the western states. They left Hereford about three months ago and visited in the following cities: El Paso, Flagstaff, Los Angeles, and vicinity, for the first six weeks; San Francisco, Sacramento, Oakland, Salt Lake and Denver on their return-trip. Mr. Miller said, with the exception of one slight accident, the trip was a marvellous and enjoyed to its full extent.

Don't Forget Open Air Concert on Wednesday

Don't forget the open air concert that will be rendered Wednesday evening, September 5, at the Magnolia Filling Station. Rehearsal for this event is scheduled for Tuesday night and the members of the organization will present some new music and some new pep for this particular occasion. The opening number will begin promptly at 8:45 o'clock.

The Quartette The seating capacity of the Presbyterian church was inadequate to hold the crowd that assembled to hear the Trinity University Male Quartette, who have been on tour for several weeks. The young men all have excellent and tuneful voices and their program, musical and exceedingly clever, made a big hit with the audience who repeatedly encored them on the various numbers. And even with the crowds at all these various attractions there were some who slipped off and made life a misery for the perch and bass in the Tierra Blanco or played a little "pasture pool" down at the golf links. Taken all in all, it was a care free and enjoyable Labor Day spent by the people of Hereford.

Lorenzo to visit with relatives and friends.

C. W. Mick and C. M. James of Muleshoe were in our community Monday afternoon on business.

Ruth Carr visited with Dorothy McDonald last Sunday evening on the ranch.

After prayer meeting Wednesday evening, Mr. and Mrs. W. E. Williams were given a serenade.

Paul Malone and Mae Casbeer attended at dance at the home of Mr. Woodcath Wednesday evening.

Prof. Gourley of Farwell called at the Ezell home Wednesday afternoon and culled their hens. Mrs. Ezell has Rhode Island Red hens.

Mrs. Marx Wells went out Monday to visit with her husband's sister, Miss Grace Weil.

Mrs. William Townsend returned to Hale Center Thursday from Clovis, after visiting with the Dunn families. Mrs. Townsend was formerly a resident of Bovina.

About four months ago Joseph Wilson was given by a friend in east Texas, three fox squirrels. He made a

Convention held at Askren Schoolhouse Sunday, Sept. 2, was a great success in every way, and a much larger crowd was in attendance than had been expected. Over three hundred cars were counted on the grounds at one time, which means that there were fourteen or fifteen hundred or more people present, and there is no doubt that many were deterred from coming because of the heavy rain in the early morning. There were many people from Canyon and vicinity, some from near Happy, Castro county was well represented, and two carloads of folks came from Clovis, New Mexico.

The best musical talent of northwest Texas was there, including some of the best in Hereford, as well as those of local fame, along with the little ones who are being trained, and all of them sang the Gospel of our Lord Jesus and His praise and thanksgiving—a sermon in every song. Some songs were rendered with such power and effectiveness that they brought tears of joy to many eyes. Sometimes it seemed as tho the crowd would burst into shouts of hallelujahs as the comforting words of promise to the children of men out of God's word were put into song.

RICHARD LLOYD JONES SAYS

Hike and Learn

No man can KNOW the earth who has not walked upon it. The boy who drove a tow-mule along the Erie Canal knew New York as no boy can who today rides from Albany to Buffalo on the Empire-State Express.

Indians reckoned time by nights (as we do by days), a place was so many nights away. The night measured their march.

Walk from night to night across the plains and lay your day's experience upon the map of Africa and you will just begin to sense the lonely vastness of the Sahara's sands.

Life's goldmine is found by tired feet. Get next to earth if you would know it. The youth who is carried reaches manhood handicapped. He has to learn how to march while the battle of life is on.

Ruskin said that the children of the rich often get the worst education of protection; whereas the poor often get the best education for nothing, because they get into the common school of hard knocks.

A tired leg makes the whole world real. It will make a sunset glorious. It is a kind school that sets a boy down in the middle of a wild wood and tells him to walk out.

Privately we commend the Boy Scouts and the Camp Fire Girls. Many parents who approve of the "hike" would be the first to protest against its adoption as part of the school curriculum.

Privately conducted they call the "hike" wholesome and a helpful recreation. Publicly conducted they would call it imposition and unwarranted hardship.

Our private impulses are generally right. Our greatest difficulty is that we have not yet learned to do our best things together.

The campfire cements the hearts and enriches the memories of comrades as no well-regulated steam radiator will ever do.

Poem by Uncle John

Some folks may think a bride in June is sweeter'n any other bride—while others claim the harvest moon hold virtues not to be denied. . . . Still others, that become engaged from courtship in the regular way, would like to have their wedding staged along about Thanksgiving Day! If nuptials on an April morn endows the bride with smiles an' tears, December's bride might dwell forlorn,—with frosted heart, for fifty years. . . . And so—with every month—we hear some hoodoo in its call or threat—and that's the reason now—I fear—that some of us ain't married yet!

Facts is, there ain't no certain law that governs Cupid in his game; most married folks that I have saw, were tied up, pretty much the same way. . . . And, while the scientific mind explores the matrimonial pulse, we mighty nearly always find that dates don't figger in results.

If fellows fail to grab their peach till rosy June has flitted by, I'd stick around in easy reach, an' try to land her in July. . . . There's bliss enough in married life for lads and lassies, one and all—and, even a plain or common wife is better'n havin' none at all.

From Neighboring Towns

JOEL
(Continued from Page 2)

Many of the singers should have special mention, both for the theme of their song and the splendid rendering.

A large pavilion had been erected and seated, covered with wagon sheets and tent cloth for shade. The size of the seating space was 40x60 feet, but not half of those present could get in the enclosure, but cars were parked two and four deep all around so everyone was comfortable.

To the class president, Mr. L. A. Smith, is due in a large measure the successful arrangement and comfort provided for the crowd and his committee ably assisted him in this work.

We were especially favored by "Uncle Sam's" boys at Hereford who loaned us tenting sheets, and we hereby tender our hearty thanks. There is not a person within a radius of four miles of the schoolhouse who did not render some service to help along the preparations. We feel that a large share of the enjoyment of the people in eating their dinner was due to the splendid coffee which was made on the grounds by Mr. Felix Robinson. He is good at it.

Another splendid rain Sunday morning: About 3:30 o'clock the writer was awakened by thunder and at once came to mind the pavilion covered with canvas, so he got his boys and Mr. Hershey out and they made record time in getting to the schoolhouse and were just in time to get a large part of the canvas rolled up so the wind which blew quite hard for a time did no damage. But the weight of water in the sags of

the canvas broke some of the supports, but all was repaired in time for the crowd.

We are inclined to the opinion that all those people who tried the road just east of Joel, which leads north to the Askren schoolhouse on their way to the Singing Convention on Sunday would vote straight for a good roads program to be pulled off on that particular road. At least one hundred cars were in trouble to get thru the lower end of that piece of road. Some of us farmers might like to pay some of our tax in work, helping to grade that road.

We are sorry we are to lose our neighbors, the W. H. Chambers family, who a moving this week to Canyon where they have purchased a home. They are making the move so the children will be near school and we understand they will only have one-half mile to go to the high school.

Mrs. Cleveland Brunley has been in poor health for a couple of weeks. She is able to be up and around most of the time now and we hope she will continue to improve.

Miss LaVern Robinson entertained the young people Monday night with a melon feast.

Mr. Turrentine is digging a house-well for Lester Galley.

We are glad Mrs. J. D. Thompson was able to come home and be with the family again.

Robs Calomel of Nausea and Danger

Medicinal Virtues Retained and Improved—Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotabs".

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs". Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity—purified and refined from those objectionable qualities which have heretofore limited its use.

No biliousness, constipation, headache and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price thirty-five cents for the large family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs.—(Adv.)

The Same Old Things

The world grows better, year by year, because a nurse, in her little sphere puts on her apron and grins and sings and keeps on doing the same old thing.

Taking the temperature, giving pills. To remedy mankind's numberless ills; Feeding the baby, answering bells, Being polite with a heart that rebels, Longing for home, and all the while

Wearing the same old professional smile; Blessing the new born babe's first breath.

Closing the eyes that are still in death. Taking the blame of the doctors' mistakes—

Oh Dear! What a lot of patience it takes; Going off duty at seven o'clock, Tired, discouraged, just ready to drop. But called back on "special" at seven-fifteen

With woe in her heart but it must not be seen. Morning and evening, noon and night, Just doing it over and hoping it right. When we lay down our caps and cross the bar,

Oh Lord, will you give us just one little star To wear in our crown, with the uniform new In the City above where the Head Nurse is You?

The magic multiple of Love, Home and Money is the key-stone of every empire. Americans today enjoy the pleasures of its highest development.

The money appeal is man-made, but natural, because in it man sees preservation—for self and those he loves. Ideas of independence for an old age may vary, but the principle to that realization is just the same. To attain the goal, investment is necessary—either in strong box, bank, business bonds, securities.

Whether your ideas of success be cottage or palace, we can serve you.
