Boiled Down Political Juice; Newspaper Comments; Branding Irons Hot From the Fire.

Waco Tribune.—The heart-of-oak plank will go as a permanent plank in Texas Democratic platforms sooner or later. It is inevitable. But there will be another party that will claim to be the orthodox Democracy—and Dr. J. B. Cranfill, after fighting the Democracy for thirty years (sincerely, too, for Cranfill is not a hypocrite) will write the platform of that party. "Strange times, my masters, strange times these."

Randall County News.—Here's to Hon. Tom Ball—the next governor of Texas. The large per cent of pros in the state are lining up for Ball, although some are fighting him hard. If elected, Ball will make a great governor.

Plainview News.—To the editor of the News it seems that W. D. Lewis, president of the Texas Farmers Union, and Peter Radford, ex-president and now lecturer, are being used by the whiskey ring, the corporate interests and the Commercial Secretaries' Association as mere cat's paws. The bunch that is coaching Lewis and Radford are not friends of the farmers—no, not by a long shot. Lewis and Radford should break loose from their associates, or the Union should eliminate Lewis and Radford.

Quannah Tribune.—The attorney general promises to enforce the full rendition law, which is getting time. Heretofore threats and promises have been made in plenty but the enforcement of the law has remained a farce. For instance, average lands that in this county are assessed at nine dollars an acre, are assessed by some of our neighboring counties at five dollars, which naturally causes dissatisfaction.

Hereford at Canyon.

On last Friday afternoon a gay party of Hereford's young people, namely, the H. P. A. Dramatic Club, betook themselves, in autos, to our neighbor city, Canyon, and there before a very appreciative audience, displayed their theatrical ability with a presentation of "Tennessee's Partner." The people of Canyon were very enthusiastic in their praises of the performance and many were the congratulations the young people received over their success. Of course, no automobile trip is complete without a blow-out or a break-down of some kind and this one was no exception. Some of the party being so unfortunate even as to have to remain over next day waiting for repairs. The rest, however, bid them goodnight after the show and availing themselves of the means of transportation a-Ford-ed, returned home during the wee small hours of the morrow morn'. The trip was greatly enjoyed by every one. In the party were: Mrs. F. H. Oberthier, chaperon, Misses Louise Oberthier, Bessie Snyder and Lota Fuqua, Messrs. Fred Baird, J. Key Henson, Ralph Henson, Jack Jones, Joe Landrum, Bryan Edwards, Wes Brady, Perry Wheeler and Jesse Buckner.

McDonald Returns From Trip.

D. L. McDonald returned yesterday morning from a trip to Ohio where he has spent a few weeks looking over the situation at closer range. When seen by a Brand newsmaker, he was more optimistic than ever before as to the outlook for the future. He says that nearly every one he meets is talking land and irrigation, and they are talking about the Hereford irrigation district. They all have heard about our water, he says. (Got it out of the Brand likely). The people every where are talking good times and prosperous business in all lines. This section is being watched by men of means and they are turning their eyes toward our water, soil, sunshine and silos. "We need not expect a boom," Mr. Mac said; "we don't want any. Just a good, healthy growth, letting the country develop first and the town to simply follow in its natural order. The irrigation and stock raising bringing the farmers into success will build the town right along with little effort." "My friends in the East are watching us and we are going to make good," he concluded.

"OCEANS OF WATER."

Selling Ad-Space.

When a merchant buys "space" in a newspaper, he does not purchase the news columns nor the editorial expressions. If he pays for one inch or 1,000 inches, this fact does not carry with a contract to control the news columns or other sections of the paper. True, some newspapers refrain from publishing matter that would reflect upon the advertiser and his wares, but this is only a matter of choice and business policy. A newspaper should be a news paper first of all, and the appearance of an ad in the paper is only a privilege to be paid for. No decent newspaper will sell, directly or indirectly, any part of its news or editorial columns. As for the Brand, its honor is not for sale. It may differ with other folks, it expects to disagree with many, but it will not "fall out" with you about it. Another thing, the Brand is an open forum. Any subscriber or reader who has a message to the people is invited to express himself freely upon whatever subject he may choose. All that is required is, that they use decent language, refrain from personal abuse, and not try to adroitly cover up an advertisement with the guise of news.

Artcraft and Curio Exhibit.

The ladies of the Mothers Club made a decided success of their exhibition of artcrafts and curios. The exhibit was opened Friday and Saturday, but the people were not satisfied so they asked that the exhibits might be held for another day. So on Monday, crowds visited the building all day and the evening saw even a larger crowd. The proceeds received were quite satisfactory.

To undertake to describe everything shown that was either old, odd, instructive or curious is beyond the size of a country newspaper; and even to simply make a list of the things shown would likely require the entire paper. The Bogard building was filled with the odds and ends from every part of the earth: from frozen Alaska and scorched Africa; from insurrectos Mexico and peaceful Holland; from aristocratic England and polite Japan; from enlightened (?) America and "hathin" Chine. If you did not attend you missed a rare educational and instructive treat. The ladies are to be congratulated upon the success of the event.

654 Cows in Sight for the Creamery.

At a meeting held at the court house last Thursday afternoon to get an estimate of the number of cows available for the creamery, 654 cows were in a manner pledged. Quite a number were out and much enthusiasm was manifested. The establishment of a creamery here will distribute several hundred dollars among the farmers each week and will ease up the money situation wonderfully. In canvassing the situation it was quite a surprise to learn of the great number of Jersey, Durham and Holstein cows in the country. Mr. Shafer, owning an irrigated farm about 7 miles west of town, has just recently bought 30 head of Durham cows; Kelley Gray, his neighbor, is arranging to buy 12 Holsteins and a gentleman living 1 mile south of Friona has 45 Jerseys. Quite a number have from five to fifteen head of good milch cows, and they all seemed anxious to have the creamery started so they could sell their cream to good advantage right here at home. It is now felt that the creamery is assured and definite word to that effect is expected from the creamery people soon. Jno. J. Clark, a former citizen, will in all probability be in charge of the plant and it is his intention to handle poultry and eggs on a large scale.

Burns Drug Store Remodeled.

The George Burns Drug Store is being remodeled this week and the workmen have had things torn up from floor to ceiling. All of the old back rooms and offices have been taken out and instead shelving built on the north wall and a storage room made in the rear. The prescription partition has been moved back several feet and a passage way made to a private ice cream parlor. The worn floor coverings in the front have been taken up and something new will take its place. When all of the improvements have been completed, this drug emporium will be convenient and up to date in every respect.

Market Makes Improvements.

The Texas Meat Market has been making some nice improvements in its place of business. The walls are being repaired and the floor covered with new linoleum and a general and special garnishing done. This market has always been kept in a neat and tidy way, but the improvements made adds considerable to the neat appearance of the market.

Lutheran Service Next Sunday.

A note from Rev. O. E. Schmidt says: Please announce that the Evangelical Lutheran church will hold English services with preaching next Sunday, March 15, 11 a. m. Text: John 1:29. All invited. Services will be held in College building.

T. W. Barnes, district deputy for the W. O. W., with headquarters at Amarillo has been in Hereford all the week assisting the local lodge. He was for 11 years clerk of the Amarillo Camp and comes up to Hereford to work up a class. In about two weeks a crack degree team from Amarillo will come down on a special train to initiate a class for the Hereford lodge.

Earl Bennett, who has been seriously ill for some weeks, is rapidly recovering and will soon be able to take his place at the Johnson Grocery.

PALMER LUMBER COMPANY

Indian Scalp T. M. Palmer in Checker Game.

A. L. Gibson,
 Hereford, Texas.
 Dear Ambrose:
 Your old Dad, the distinguished checker player of the Plains, landed in our city Sunday night, and early Monday morning sallied forth, as Golieth of old, and challenged the town of Tuskahoma and Pushmataha county in mortal combat to tackle him in a game of checkers. The citizenship of usually quiet community was startled and excited by this sudden and unexpected declaration of war, as that is our principal occupation, so we put up some of our smaller Davids first, which, of course, the Golieth of the Plains came out victorious, and in a very brag-a-docio manner exclaimed: "Bring in another boss." We had particular boss hitched and ready, so we brought him forth and he locked horns with this wonderful checker wizard of the Plains, and after a twelve hour contest your poor old Dad was completely vanquished, whipped to a frazzle and undone forever, he lost every game and everything else except his honor, and has very little of that left. He has a tired, lonesome, far-away look in his face, stays at home and refuses to be comforted, he seems to have lost interest in all worldly matters and will not come to town with me, sits at the house, brooding and reading the Bible. We fear that he is contemplating self destruction or some other fearful crime. Please have Bro. Syper write him a letter of sympathy and ask the editor of the Brand to inform the friends of your poor old Dad of the complete Waterloo he met in Tuskahoma, Pushmataha county, Oklahoma, in

short order.
 We are all well. Mary likes the looks of the mountains fine and they are thinking of buying a home here. Give my love to the girls.

Your uncle,
A. H. PALMER.

Wm. T. Green, accompanied by H. E. Austin and son, all from Boscabel, Wisconsin, paid a visit this week to Henry T. Green and family. The party came in without notice to the Green family here and the surprise was very great indeed when they knocked at the door. Mr. Austin is the owner of a big cheese factory in Wisconsin and ships thousands of pounds to the Panhandle. He thinks this an ideal dairy country and predicts it will not be long until we will have both creamery and cheese factories right here in Hereford. Wisconsin is one of the greatest dairy states in the union and thousands of creameries and cheese factories are to be found scattered all over the state. Mr. Green owns a fine herd of cows and sells over \$3,000.00 worth of cream and milk each year. He is a brother of our H. T. Green. The party is greatly interested in the "Hereford Country" and may invest here.

The Pearson Syndicate of Plainview has about fifty wells completed and in operation. They are now putting in wells near Lockney, Floyd county.

Some boys at Littlefield rigged up an old buggy with sails a few Sundays ago and went "buggy planing" across the county to Abernathy, a distance of some 30 miles east. When near the town, the wind changed from the west to the north and they turned south and "sailed" into Lubbock, another ride of 25 miles, to the utter astonishment of the natives of Lubbock.

The citizens or some one else soaped the tracks of the Grip Cut-off at Hurley recently to force the trains to stop. The schedule had left Hurley off the map and they proposed to make it hard for the trains to get by. The trainmen would have to get out and wipe the soap off before they could move. One of the funny things that happened was that the Santa Fe sent a sharp detective to Hurley to "catch" the miscreants. One day the boating citizens pulled off a banquet especially for their visitor, who posed as a capitalist come in to invest in some of their irrigated lands, who while the banquet board was ringing with oratory, another bunch "soaped" a mile of the track and it required several hours to wipe and sand the track. The "detective" had been detected.

Excellent for Stomach Trouble.

"Chamberlain's Tablets are just fine for stomach trouble," writes Mrs. G. C. Dunn, Arnold, Pa. "I was bothered with this complaint for some time and frequently had bilious attacks. Chamberlain's Tablets afforded me great relief from the first, and since taking one bottle of them I feel like a different person." For sale by all dealers.—Advertisement.

How to Handle Eggs.

It is feared that because an egg is surrounded by a shell that many people think they are not subject to contamination. This is a mistake. The shell is porous and the contents may be easily spoiled by absorbing the fumes, oils and smells of the kitchen and grocery store. A drop of coal oil on the hands when handling eggs may spoil a number of eggs and even kill the life germ.

Eggs should be gathered every day and assorted at once. All of the undersize, oversize and odd shapes should be taken out for home use. If desired for hatching, only the right sizes and shapes should be laid aside for that purpose, and whether for selling and setting, all eggs should be kept in a cool place; between the temperature of 40 and 70 is best. Fertile eggs begin to germinate even when kept in a warm room; then if subjected to colder temperature, the germ dies. This may be alright for the market eggs, but fatal for the setting. But how would you like to eat an egg that had a dead embryonic chicken in it? Thousands of eggs suffer such a fate. Fertile eggs when carried to the grocery store and oftentimes stored in the warm room for days and even weeks begin to grow the young chick; then shipt to the cold storage plants, where the eggs are subjected to low temperatures and the eggs dies. Afterwards, perhaps these same eggs are shipt back to that town and are eaten with a relish, but at a much higher price. If farmers and others would sell only infertile eggs, their (the eggs') reputation would not be so often questioned. An infertile egg will keep sound and good for days and weeks even in a warm grocery store.

Will Investigate Hereford Silos.
W. O. Oldham, G. M. Williamson, Carl Johnson, Harry Buchanan, Geo. We Need Cheap Money.

New York state has just marketed \$51,000,000 worth of 4 1-2 per cent improvements bonds. One of the largest banking concerns in the United States was the purchaser. The fact that 467 bids were tendered which aggregated \$288,000,000 or six times the amount of the issue, indicates the desirability of the investment. The farmers of Texas are paying from 8 to 12 per cent on an indebtedness of \$225,000,000 and their collateral is the best in the land. Money invested in Texas farm mortgages is as safe as government securities. Give Texas farmers the cheap rate of interest that is afforded New York state, and our rural development is assured. The interest saving alone would amount to \$30,000,000 annually. Within three years this accumulation would be sufficient to build a silo on every Texas farm; would build 45,000 miles of macadam highways or construct sufficient warehouses to store the annual farm production of Texas.

CALOMEL A GREAT DANGER TO MANY

Has Bad Effect on Some—Dodson's Liver Tone Takes Its Place and is Perfectly Harmless.

If you will inquire at Betts & Clark you will find that Dodson's Liver Tone is guaranteed to be a safe, reliable remedy to take the place of calomel and a harmless stimulant having no bad after-effects. Indeed, any of these firms will refund purchase price (50c.) without question if you are in any way dissatisfied with this vegetable liquid.

It is very unwise to take calomel, even dangerous, as many people suffer from the poison afterwards, even though they may appear at first to be temporarily relieved. On the other hand, Dodson's Liver Tone works easily and naturally (really assisting nature) with no pain nor gripe and correcting all bilious conditions and ills of constipation, clearing away the sick headache and the coated tongue, brightening up the dulled brain and strengthening the weakened body at the same time that it removes collected waste from the overburdened system.

Those who have tried Dodson's Liver Tone have found that it made them healthier and happier. A test may prove of great benefit to you right now. 1t

Cough Medicine for Children.

Never give a child a cough medicine that contains opium in any form. When opium is given other and more serious diseases may follow. Long experience has demonstrated that there is no better or safer medicine for coughs, colds and croup in children than Chamberlain's Cough Remedy. It is equally valuable for adults. Try it. It contains no opium or other harmful drug. For sale by all dealers.—Advertisement.

Sheriff's Sale.

STATE OF TEXAS }

BRAND PUBLISHING CO.

Entered April 17, 1901, in the postoffice at Hereford, Texas, as Second-class mail matter. First number of the paper issued February 25, 1901, as the Hereford Reporter; first number of The Brand issued March 21, 1902.

Subscription Price \$1.00 Per Year, Strictly in Advance

Any erroneous statement affecting the character or reputation of any individual or firm which may appear in The Brand, will be gladly corrected upon being brought to the attention of the publishers.

The next 'Limators at Ft. Worth may do like the P. P. crowd and settle upon some one seeking the office as their "designee." The announced candidates are all standing pat just like the others.

The Brotherhood movement is a good thing. It will unite the religious interests of the men, make them more thoughtful of each other's welfare, encourage higher ideals of living, make the men more manly, and will save them from their own sins.

The 'Limators are again at work; the old time convention system has suddenly "come back." The Constructive Democrats, who oppose state-wide prohibition, have resolved to keep the Progressive Democrats, who favor prohibition, from rubbing them off the slate. The fight is on, the lines will be tightly drawn, the middle ground will be dangerous, the battle will be fierce, the result will be disappointing to one or both sides.

Findlay Findings.

Mar. 9.—Mr. Norton, the sheep inspector, has been doing duty in these parts lately.

Mr. and Mrs. O. M. and L. H. Shore are visiting with friends in Hereford the past week.

Mr. Jones, the cattle inspector, has been inspecting cattle and found some with the itch.

George Guinn has started fencing his large pasture. He has four men on the work.

R. S. Houlette has been hauling some Cain seed to Friona the past week.

Carl Porth received the sad news of the serious illness of his father, who is in Winfield, Kan. It is expected an operation will have to be performed for stomach trouble.

Bolan Lawrence returned home Suaday for an extended visit with his parents, Mr. and Mrs. D. H. Lawrence.

Mrs. E. Tonkin of Muniapolis, Minn., who owns a fine section of land south of town, was here this week to look after her interests. She is enthusiastic over her Texas holdings and is optimistic of the good future of the Hereford district. She wishes to keep in touch with the development of the farming and stock interests in this section and will hereafter depend upon the only newspaper in Deaf Smith county for that information. She made a short but pleasant visit at this office Thursday.

Special Ad-Vice to the Ladies.

Some weeks ago, a good woman dropt into the Brand office on business. She desired to do a little advertising. In the course of the conversation about the different classes of ads, it was explained to her that the paper carried "display" ads, the kind set in large type; the "local readers," little ads set in the same size type as the news items and personal mentionings; the "want ads," small ads placed under a common head in the same column; and the "headed locals," which meant a small reader or notice with a head in black face type. When shown the "Display" ads, she remarked that she did not want that kind as "nobody ever reads them." This was a startling statement and will, no doubt, astonish some of our merchants, who spend their good money for "Display" ads. She was told that the merchant's big ads were messages to the careful and economical buyers and housewives. To be a constant reader of the ads of a local paper will often save a woman enough on her own outfitings to clothe the children. Both in the matter of dry goods and groceries, the women who even take a hurried glance at the ads every week will find that the merchants are often selling their wares near and even below cost and they want you to take advantage of their prices. Is it true that "nobody reads the ads?" Are you reading this? Do you read the ads? Do you ever glance thru the ads of the Brand? If not, why not? Do you ever complain about the high cost of living? The Brand ads are helping to cut down the cost of high living. Read them at a glance and save your worry. This Ad-vice may not be received with the same spirit as given, but the Brand would like to have the ladies take advantage of the ads, and the management will guarantee that they will save from five to one hundred dollars every year by so doing.

E. H. Fullwood, salesman for the "Wear Ever" Cooking Utensil Co., has delivered this week to his customers in Hereford a splendid lot of handy cooking utensils of this brand (Wear Ever). Mr. Fullwood has three counties assigned him by this company for his exclusive territory, Deaf Smith, Randall and Palmer, and will solicit orders for these goods as soon as possible over the counties named. He will also will give demonstrations at the Dunlap Hardware Store next Saturday, March 14th. Hot cakes on the thick sheet griddle without grease and coffee made in the "Ideal Percolator" will be some of the demonstrations. See and learn. 1tp

WE HAVE FAITH IN THIS STOMACH REMEDY

A woman customer said to us the other day, "Say, you ought to tell everyone in town about Rexall Dyspepsia Tablets. I would myself if I could." That set us to thinking. So many people have used them and have so enthusiastically sounded their praises both to us and their friends, that we had an idea you all knew about them. But, in the chance that some of you who suffer from indigestion, heartburn, dyspepsia, or some other stomach complaint, don't know about them—we are writing this. They contain Bismuth and Pepsin, two of the greatest digestive aids known to medical science. They soothe and comfort the stomach, promote the secretion of gastric juice, help to quickly digest the food and convert it into rich, red blood, and improve the action of the bowels. We believe them to be the best remedy made for indigestion and dyspepsia. We certainly wouldn't offer them to you entirely at our risk unless we felt sure they would do you a lot of good. If Rexall Dyspepsia Tablets do not relieve your indigestion, check the heartburn, and make it possible for you to eat what you like whenever you like, come back and get your money. Sold only at the more than 7,000 Rexall Stores, and in this town only at our store. Three sizes, 25c, 50c, and \$1.00.

A PERSONAL WORD

When you buy trees and plants from us, you are assured of getting stock which has received our very best care in growing. We trust they will flourish with you. We assure you, that after giving from two to four years care in growing different kinds of trees, we feel a lively interest in their growth after we send them out.

Our boast is that we grow stock as good as can be grown. We have been growing it for several years. All the experience we have had is offered freely to any one who will inquire of us on any subject on tree and plant growth.

We have introduced some of the leading fruits of the day and they are not surpassed by any others.

Rev. Baker in his talk Monday morning began a series of talks on Marks of a Man. This first number was on Truth and at his next visit he will discuss Purity and other essentials of man.

Miss Zollie Garrison, teacher of the second grade, has returned from a delightful visit in Dallas where she attended grand opera.

Mattie Mounts of the fourth grade has been absent with pink eyes.

Alice Biggs of the seventh grade has returned to school after a week's illness.

Claudia Duncan is out of school, being affected with pink eyes.

The senior class has had an epidemic of pink eyes and several missed as much as a week of school work.

Anna Garrison is absent with mumps.

Miss McLean is out of school

from a slight illness.
Those grades having no tardies last week are: seventh and tenth; those having one tardy are: first, sixth and second; those having two are: fifth, eighth and ninth.

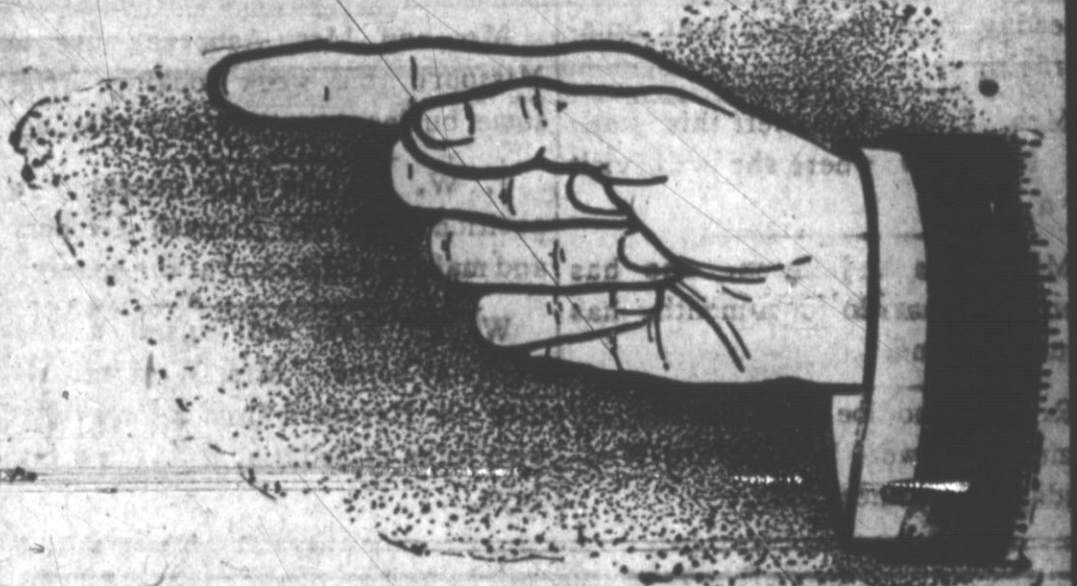

Young People Marry.

Last Sunday at 2 o'clock in the afternoon, C. H. Falwell and Miss Dessie Short were united in marriage at the home of the officiating minister, Rev. W. M. Baker. You Can't Saw Wood With A Hammer! Be A Booster, Always

Winter's Chills

Breed Kidney Ills

Chilly, damp, changing weather is hard on the kidneys. Even more irritating are colds, grip, pneumonia, tonsillitis, quinsy and other infections. The kidneys get congested and inflamed and this causes backache and disordered kidney action. Though serious in its latter stages, kidney disease is not hard to conquer if a good kidney remedy is used when the first signs of kidney trouble are noticed.

The best recommended kidney remedy in the world is Doan's Kidney Pills. You hear it everywhere. Get a box.

"Every Picture Tells a Story"

Spring is Breaking;

Backs are Aching

Backache is often the first sign of some form of kidney disease that has been coming on for months. Look for the other signs:—lame back, sharp pains when stooping or lifting, dizzy spells, nervousness or despondency, with irregular, painful or distressing action of the kidneys; if these signs exist, decide that the kidneys need attention ere the disease turns to gravel, dropsy, or Bright's disease.

Read this home testimony, then give Doan's Kidney Pills a trial.

HEREFORD PEOPLE TESTIFY

East Second Street

Mrs. J. J. Ward, 111 E. Second St., Hereford, says: "I am having so more kidney trouble. I got Doan's Kidney Pills from Woodburn & Son's Drug Store and they removed the pain and lameness that had caused my back to be so sensitive. I no longer suffer from dizzy spells, nor do I have any further trouble from my kidneys."

Miles Avenue

A. C. Barnhart, Miles Avenue, Hereford, says: "I used Doan's Kidney Pills about a year ago when my kidneys were troubling me and they brought prompt relief. I have never been bothered by my kidneys since and I can say that Doan's Kidney Pills are permanent in their effect."

East Third Street

Mrs. Clarence Smith, 611 East 3d St., Hereford, says: "About two months ago I gave Doan's Kidney Pills, procured at Woodburn and Son's Drug Store, to my child who was suffering from kidney weakness. They proved so satisfactory that I heartily recommend them. Doan's Kidney Pills made a permanent cure in this case after other remedies failed."

East Second Street

J. D. Burkett, 300 E. 2d St. Hereford, says: "I suffered from sharp twinges in the small of my back especially when I stooped or lifted. I was caused much annoyance by a frequent desire to pass the kidney secretions. Since I used Doan's Kidney Pills, procured at Woodburn & Son's Drug Store, I have been free from these ailments. I have often suggested a trial of Doan's Kidney Pills to other kidney sufferers."

East Fourth Street

W. S. Higgins, 610 E. Fourth St., Hereford, says: "My back was lame and painful and I had dizzy spells and pains in the top of my head. Some time ago I got Doan's Kidney Pills from Woodburn & Son's Drug Store and one box brought me such great relief that I heartily recommend them."

East Eleventh Street

B. W. Miller, E. Eleventh St., Hereford, says: "I got a supply of Doan's Kidney Pills from Woodburn & Son's Drug Store when I was suffering from pain in my back and they quickly relieved me. Now when I stoop or lift, I don't have that pain in my loins and the trouble with my kidneys has also been corrected."

Joel Jettings. As there is no place of public worship near, the people of this school district have felt the need of a Sunday school. It is most too far to attend at Hereford so a few people gathered Sunday afternoon at the Rice school house at 3 o'clock and organized a Sunday school to which all are most cordially invited

to attend as it will be a union or nondenominational school. We hope in time to have preaching also every Sunday. An invitation has been given the Lutheran minister to preach for us next Sunday, but we do not know at this writing whether he will come or not. Come and help us make a success of the undertaking. The following officers were elected:

Supt., C. P. Galley; assist. supt., Edgar Rice; secretary and treasurer, Laura Frye; organist, Eva Rice; choister, Mary Galley. Mrs. S. J. Rice has returned home from Hereford where she was nursing the sick. Ben Hubbard is excavating for a cellar on the Seeds section and while there lives in a tent to be handy to

his work. Tenting these windy days is no fun. Two cars of prospectors were here the last of the week looking over the country. We hope they all buy and settle up these broad prairies so our neighbors will not be so far away. Mrs. Rice called on Mrs. White one day last week.

Mr. and Mrs. J. C. Pollock of Illinois are expected in this week. They have cast their lot with the Hereford people. They will improve a farm east of town, putting in an irrigation well and otherwise improving their property. G. A. F. Parker is in Temple his week.

Kafir and Cane For Silage.

Kafir silage and cottonseed meal returned the largest profit in the calf feeding experiment finished by the animal husbandry department of the Kansas Agricultural college this spring. Next in point of profit was sweet sorghum silage and cottonseed meal. The calves used were high grade Herefords raised by C. A. Johnson of Russell county, Kansas. Mr. Johnson sold them to the animal husbandry department of the college for \$7.80 per hundred pounds, or, with expenses, at about \$33 a head.

The important thing developed in this experiment is the fact that kafir or cane, which will come through almost any kind of a year, makes excellent silage for winter feeding. When corn fails, these plants will thrive. In a way, kafir is like insurance, because after corn has actually failed late in the year, kafir will still make good silage. It will produce from one to three tons an acre more than corn will make.

For the calf experiment it cost \$2.66 to produce a ton of kafir and cane silage, and it cost just \$3 to get a ton of corn silage. It is first-class for grain, and it helps to distribute the farmer's work, for he can use in its handling many hours that otherwise would be lost.

The report is based upon corn silage at \$3 a ton; kafir silage at \$2.66; alfalfa hay at \$10, and corn stover at \$3; cottonseed meal, \$30 a ton; shelled corn, 50 cents a bushel. Cottonseed meal was the only part of the feed bought outside of Manhattan. Salt was given every Sunday morning. The silage was bought standing by the acre, and therefore cost a little more than it might otherwise have cost.—Kansas Agricultural College.

COULD SCARCELY WALK ABOUT

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst."

I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework.

I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down, until it wore off.

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly

believe I would have died if I hadn't taken it.

After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely.

I fattened up, and grew so much stronger in three months, I felt like another person altogether."

Cardui is purely vegetable and gentle-acting. Its ingredients have a mild, tonic effect, on the womanly constitution.

Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, sallow cheeks, fresh and rosy.

Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them. Try Cardui today.

The State of Texas: To the Sheriff or any Constable of Deaf Smith County, Greeting.

You are hereby commanded that by making publication of this citation in some newspaper published in Deaf Smith County, Texas, for four weeks previous to the return day hereof, you summon William E. Richard, George Findlay, W. W. Ryan, Geo. G. Wright, John Mosness and the American-Canadian Land Company a partnership composed of Sam. S. Wright, J. W. Wright and E. Vanmetre, all of whom are non-residents of the State of Texas, to be and appear before the District Court of Deaf Smith County, Texas, at the next regular term thereof, to be holden at the court house of said county in Hereford, Texas, on the 4th day of May, 1914, then and there to answer the petition of The Capitol Freehold Land & Investment Company, Limited, as plaintiff, filed in said court on the 4th day of March, 1914, against William E. Richard, George Findlay, W. W. Ryan, Geo. G. Wright, John Mosness and the

American Canadian Land Company, as defendants, said suit being No. 784. The nature of plaintiff's demand is as follows:

Suit to recover the amount due on two series of notes, each series consisting of nine separate notes, all dated March 13, 1907, executed by William E. Richard, each for the sum of \$208.00, bearing interest from date at the rate of six per cent per annum until maturity, and seven per cent thereafter, the notes of each series maturing one on the first day of November of each year for nine consecutive years beginning November 1, 1907, the annual interest payments due on said respective notes are evidenced by interest coupons, which interest coupons bear interest from maturity at the rate of seven per cent per annum; all of said principal notes and interest coupons were executed by the said William E. Richard payable to the order of himself, by him indorsed to the joint order of John V. Farwell, Jr. and W. J. Littlejohn, and by them indorsed without recourse to plaintiff. Plaintiff further alleges that the payment of said two series of notes is secured respectively by two certain deeds of trust in writing of even date with said notes, executed by said William E. Richard, wherein George Findlay is trustee, one of said deeds of trust to secure the payment of one of said series of notes conveying the SE ¼ of Sec. 30, township 2 North, Range 4 East, of a Capitol Syndicate Subdivision situated in Deaf Smith and Farmer counties, Texas, and being a part of Capitol League No. 448; the other deed of trust securing the other series of notes conveying to George Findlay, Trustee, the SW ¼ of said Section No. 30, situated in Deaf Smith and Farmer counties, Texas, and being a part of Capitol Leagues Nos. 448 and 449. Plaintiff further alleges that said two sets of notes

were also given in part payment for the respective tracts of land described in said deeds of trust, and a vendor's lien was retained in the conveyance of such, executed by the Capitol Freehold Land & Investment Company, Limited, Sir William Quartus Ewart and Sir Herbert Eustace Maxwell as trustees, whereby they conveyed said land to the said William E. Richard.

Plaintiff further alleges that the defendants W. W. Ryan and George G. Wright claim some interest in said land by reason of a deed of trust thereon executed by the said William E. Richard to secure the payment of certain indebtedness to the said George G. Wright. Also, that the American-Canadian Land Company executed and caused to be placed of record, a contract whereby said partnership purported to convey said land to John Mosness; that all of said respective claims, if any, are inferior to the superior lien and rights of the plaintiff.

Plaintiff alleges that no part of the principal or interest becoming due on said notes has been paid, except the interest becoming due November 1, 1907, and prays for judgment against William E. Richard for the amount of principal and interest due on said notes, with foreclosure against all of the defendants against said respective tracts of land.

Herein fail not, but have you before the next said regular term of this court, this writ with your return thereon, showing how you have executed the same.

Witness my hand and seal of office this the 4th day of March, A. D. 1914.

[SEAL] J. S. JONES, Clerk, District Court, Deaf Smith County Texas.
