HEREFORD, TEXAS, FRIDAY, OCTOBER 31, 1913

NUMBER 39

HEREFORD-MEN AT DALLAS FAIR

Baskin and Stegall are interviewed by News Reporter and They Hand Out Good Line of Talk.

From Sunday Dallas News.—That the Texas Panhandle is becoming more and more important as a general crop country is proved conclusively by the many fine exhibits from that locality in the agricultural department of the State Fair. Many of the counties irrigate extensively, while others receive an abundance of rainfall and need no water, save that which naturally falls from the skies.

Clear out on the very west edge of the Panhandle lies Deaf Smith county. Three years ago the cattle roamed at will over most of the county. Then somebody conceived the brilliant idea of boring for water. Today the number of wells would be hard to estimate, thousands of acres are in cultivation, under irrigation, and the exhibit at State Fair shows a great variety of products raised.

The display was several days late in reaching Dallas, and consequently could not be entered for any of the prizes. This was a great disappointment to L. Baskin and J. A. Stegall of Hereford, who are in charge, but they have, nevertheless, arranged a booth that, while not so large as some, draws many admiring looks from the State Fair visitors.

Strung across the top of the booth are green and ripe peppers. Peppers are not a "principal crop," yet Mr. Baskin points with pride to the fact that twelve peppers had a combined weight of six and one half pounds. To one side of the entrance is baled alfalfa hay, which is one of the principal crops, and on the other side is an immense glass jar, containing a sample of kaffir corn silage, the only one at the Fair.

KAFFIR CORN PAYING CROP.

This kaffir corn was a portion of the crop raised by John J. Zinzer of Hereford, who made 350 tons of silage from thirty-nine acres. As silage is bringing \$8 per ton, it can be seen that the crop was a paying one. "Ninety days ago there was not a silo in the county," said Mr. Baskin. "Now there are more than thirty and more being put in all the time."

"We strike the underflow around Hereford at about forty-eight feet. Wherever water can be secured good crops are the result. Our products took a number of blue ribbons at the Amarillo Fair, and we were very much disappointed that they did not get here in time to be entered for prizes. Our alfalfa took the blue ribbon and our cabbages and Arkansas black twig apples also took first prizes. We have these prize-winning specimens here."

Alfalfa, sorghum, kaffir corn, milo maize, feterita, oats and fruit are among the staple crops. Sorghum is shown that brought its producer \$86 per acre. Yams are exhibited that weigh as much as nine pounds. A can of golden plums is from an acre that netted \$600 this year to the lady who owns it. There is a beet weighing nineteen pounds and a sample of spring wheat that averaged thirty-one bushels to the acre.

Four long panoramic photographs of Deaf Smith county land under ir-

rigation, each of them about five feet long, are hung on the walls. One of them shows a field of kaffir and one of wheat by its side, the growth being waist high. A picture is also shown of one of the wells, which has a flow of from 1,000 to 2,000 gallons per minute, and one of the handsome four-story, white marble court house recently erected in Hereford at a cost of \$125,000. The first banana squash ever exhibited here is in the collection and there are beautiful purple-top turnips, mammoth sweet potatoes, fine sample of celery and oats that yielded eighty-four bushels to the acre. First and second-crop grapes from the same vine are shown, canned plums, grapes and peaches, tomatoes, okra, field seed, wheat, onions and millet. In fact, they grow things in Deaf Smith county. Kaffir corn, milo maize and feterita are used extensively in the decorative scheme and some of the finest heads of all three to be seen at the Fair are in this exhibit. The melons and pumpkins make a fine showing and a twin cucumber is one of the strangest freaks on display any place.

Makes Large Shipment of Cattle. Jackson Bros., who operate a big ranch in the northwest part of this county, made one of the largest shipments of cattle from this point in some years. The loading consisted of 1,200 grass raised steers and a fine lot they were.

Mrs. W. D. Cloyd left last Saturday for Nocona, Texas, where she will spend the winter with a daughter.

Scraps of News as Told in Big Type—National and State Politics etc.

Sunday.—Pro Conference at Dallas recommends local mass meetings to express choice for governor. State convention to follow in April. Big American fleet steams away for visit to Mediterranean waters after an official leave taking in the famous Hampton Roads.

Unless the constitutional one third vote is cast, Huerta will remain provisional president of Mexico.

The West Texas Conference of the Methodist Episcopal church, South, voted down a resolution from the general conference relative to changing the name of the church by dropping the word "South."

Monday.—Train load of mine guards in Colorado have pitched battle with entrenched miners.

Felix Diaz, fearing his political enemies, escapes from hotel to American consulate for protection, and later was taken to the battleship Louisiana.

Tuesday.—Huerta will retain office as provisional president of Mexico; vote light in all places; Huerta's vote not counted.

President Wilson delivers address before the Southern Commercial Congress at Mobile. Avoids subject of Mexico, but points out the United States' attitude towards American republics.

Hereford 43; Normal 19. Rab, rah, rah! Rah, rah, rah! Let us grin; Rah, rah, rah! Rah, rah, rah! How did we win? E-a-s-i-l-y. Thus yelled the Hereford High School after the game last Monday afternoon, the score being 43 to 19 in favor of Hereford.

From the first the game was a fast one, and soon it was plain to see that Canyon was out matched, especially on team work. Canyon's line up was weakened by the fact that two of their regular players failed to reach here in time to enter the game. Special mention needs to be made on the team work of the home girls, for here lies the secret of all success in the game, each girl on the home team deserves special mention on her work. Canyon's weakest point was in her guards. The girls hope to soon meet Canyon on her own grounds and to bring home another score in favor of Hereford. Following is the line up:

The Makinzie Battle.

The "Makinzie Battle Ground" on Tule canyon, about thirty-five miles northeast of Plainview, is quite a famous and beautiful resort for picnic ground for automobile parties from Plainview. There are many different stories of the Makinzie "battle," but the following written by J. A. Magruder, who was a soldier for eighteen years in the regular army in the Indian days, and eighteen years in the Texas penitentiaries since then, now being free, at the age of 64 years, is most likely the true version of the affair:

"My troop was then ordered to the Sabinal Canyon, where we patrolled all over the country for eight months when we were ordered back to Fort Clark to fit out for another campaign over the Staked Plains. We started in August, 1874, and, after scouting over that country for over a month, we struck a bunch of Cheyennes above where Goodnight's ranch now is. After about an hour's fight we captured nine squaws and about 2,500 ponies, made a forced march back to where the supply train was, corralled the wagons, fastened ropes between them and drove these ponies into the corral and had breakfast. Then we picked out 200 of the best ponies to remount the men whose horses had played out and took the rest out and shot them, about 2,300 of them. This happened at a place we called Tulu Canyon. We just kept on after the Indians until they all went into their reservation, though it was not accomplished until the last of December, 1874. Then they rounded up all their ponies and sold them, except two ponies for each family.

"Since that time the war department has had very little trouble with the Comanches, Kiowas, Kickapoos and Spanan Indians, so I did regular routine duty with small scouting parties until June, 1876. When Custer and his command were massacred, General McKenzie was ordered to take six troops to that country and my troop was one the six selected." Plainview News.

Wright, entered into a written contract with D. L. McDonald & Company, a partnership composed of N. R. France and D. L. McDonald, by the terms of which the plaintiffs, D. L. McDonald & Co., agreed to convey to the American-Canadian Land Company for a consideration the following tracts of land situated in Deaf Smith and Oldham Counties, Texas viz. All of Sections 29-30-31-33-47-48-49-73 and 74 in Block K-11. That the American-Canadian Land Company agreed to pay for said lands the sum of \$70,000 as follows: \$5,000 in cash \$4,000 on May 1st, 1909, \$5,000 on July 1st, 1909 and the balance in four equal annual payments of \$14,000 each, commencing on the first day of March, 1910.

That the following described parcels out of said several sections have been fully paid for and deeds have been executed and delivered conveying said parcels to the several persons indicated by the American-Canadian Land Company viz. All of Section 29. The East half of Section No. 30. The South East one-fourth of Section No. 31. The South East one-fourth of Section No. 49. The North-East one-fourth of Section No. 49. The South East one-fourth of Section No. 73. The South-west one-fourth of Section No. 33. The North-west one-fourth, of Section No. 33. That the plaintiffs have faithfully complied with all of the provisions of said contract on their part, but that the American-Canadian Land Co., has failed and refused to pay the balance due on said contract to-wit: the sum of \$33,000, with interest thereon.

That said contract provided that all deferred payments should bear interest at 6 per cent per annum from March 1st, 1909.

That after the execution of the contract above described the American-Canadian Land Company entered into contracts with the other defendants hereto agreeing to convey to them certain parcels of said land and attempted to confer upon such other defendants the right to acquire title to certain parcels of land out of said Sections above described on certain conditions which are not known to these plaintiffs.

That the plaintiffs are and were at the time of entering into the contract above described the owners of all the lands which have not been conveyed on the request of the American Canadian Land Co, the title to which then stood and still stands in plaintiff N. R. France as a matter of convenience

Plaintiffs pray that on final hearing of this suit that the contract of February 27th, 1909, between the plaintiffs and the American-Canadian

Land Company may be cancelled and the cloud now resting on their title by reason thereof may be removed; that any right to acquire any of said lands by any of defendants may be annulled and cancelled; that plaintiffs may recover their costs and have any other relief to which they may be shown entitled.

Herein Fail Not, but have before said Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Witness, J. S. Jones, Clerk of the District Court, of Deaf Smith County.

Given Under My Hand and the Seal of said Court, at the office in Hereford, Texas this the Eighth day of October, A. D., 1913.

Sherriff's Sale

THE STATE OF TEXAS, County of Deaf Smith

Notice is hereby given, that by virtue of a certain Order of Sale issued out of the Honorable District Court of Armstrong County, on the 10th day of September, 1913, by the clerk of the District Court of said Armstrong County, for the sum of Six Hundred Eleven and 55-100 (\$611.55) Dollars and costs of suit, under a judgement in favor of Roscoe Logue in a certain cause in said Court, No. 241, and styled Roscoe Logue vs. W A Price et. al. placed in my hands for service, I, R. W. Baird, as Sherriff of Deaf Smith County, Texas, did, on the 15th day of September, 1913, levy on certain Real Estate situated in Deaf Smith County, Texas, described as follows, to-wit: Beginning at a point 600 feet South of the North East corner of Block 5 of Evans addition to the town of Hereford, Texas, thence West 200 feet, thence South 147 feet, thence East 200 feet thence North 147 feet to the place of beginning and levied upon as the property of Ed Wittheaur, W. A. Price, and J. D. Woodburn. And that on the first Tuesday in November, 1913, the same being the 4th day of said month, at the Court House door of Deaf Smith County, in the town of Hereford, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said order of sale, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said Ed Wittheaur, W. A. Price and J. D. Woodburn, or either of them.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Hereford Brand, a newspaper published in Deaf Smith County, Texas.

Witness my hand, this 15th day of September, 1913.

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without tiring me, and am doing all my work."

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

GOOD BREEDING IMPORTANT

Live Stock Industry of Texas Built Up by Improved Blood.

The Fat Stock Show at Fort Worth, November 22-28, is one of the most potential agencies that is working for the upbuilding of the Texas livestock industry. It points out the pathway of progress to feeders and breeders and presents living lessons of profits and actual demonstrations of the advantages of higher types in classes and breeds. The scarcity of the world's meat supply has brought the livestock industry into the limelight and the necessity for increasing the herds and improving the grades is one of the most important economic problems of the day.

The Texas steer of a quarter of a century ago, compared with the present thoroughbred, presents the most convincing argument in favor of good breeding the world possesses. From wild, dangerous and worthless beasts of the plains, they have become cultured, docile and profitable. These dumb brutes have so completely mastered the science of breeding that they have remodeled their shape, reformed their habits and rebuilt their character. Each generation has contributed toward the uplift of the breed, until today the cattle have more purple blood in their veins than any other family of the animal kingdom.

They can teach the human race many lessons in the science of improved lineage. By carefully conforming to the laws of nature, they have bred out deformities of flesh and blood. Their blood, which once made weak and scrubby stock, now produces rich and powerful thoroughbreds. Each breed is known by the color it keeps, by its distinct type and purpose in life.

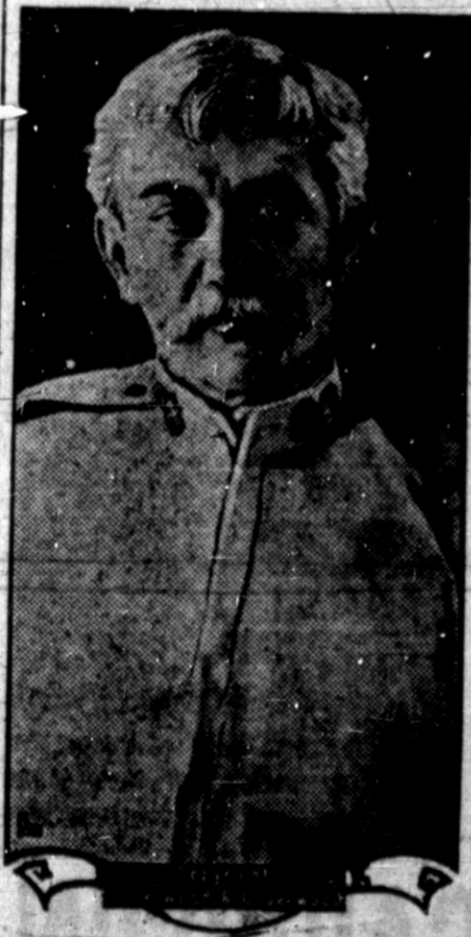

This work has been accomplished largely through the instrumentality of the National Feeders' and Breeders' Show, which holds its Eighteenth annual meeting at Fort Worth on November 22-28, and new models and higher standards will be taught at the coming convention. During this time each annual meeting has gauged and registered the advancement of the livestock industry of Texas and it is here the leaders of all classes and breeds assemble to report progress to the management. Each year has been one of glorious triumph but, none will eclipse the present aggregation of thoroughbreds.

In Society

A Neighborhood Party.

Pleasant and rapidly passing hours were filled with much social pleasure at the cottage home of Mr. and Mrs. C. C. Ferguson on 25-Mile avenue last Thursday evening, when a few of their neighbors were invited to do honor to Mrs. Collins, Mr. and Mrs. R. T. Evans and Mrs. Claude Witherspoon, who were about to close their summer's stay in the city. Mrs. Ferguson was assisted by her sister, Mrs. Lea, in receiving the guests. A short period of social conversation for the first half hour was followed by a few well rendered and much enjoyed vocal numbers by Mrs. Stephens with Miss Blanche Potter accompanist at the piano. The passing of score cards by Grace Ferguson and Annie Wilde Lea announced the beginning of a number of progressive "42" games, four tables being engaged in this interesting pastime. The hour spent at the tables passed only too quickly, at the close of which the hostess served most appetizing refreshments consisting of chicken salad on lettuce, olives, charlotte russe, wafers, coffee. Following this, the guests were given another treat in the rendition of a number of piano selections by Miss Percy Gallaher, whose playing is always a source of pleasure to her many friends. Those who enjoyed this evening of pastime in a hospitable home were: Mrs. R. Collins, Mr. and Mrs. R. T. Evans, Mrs. Claude Witherspoon, guests of honor, and Mesdames J. B. Collins, H. B. Stephens, B. S. Arnold, Alice Lea, Mr. and Mrs. J. E. Ferguson, Mr. and Mrs. A. C. Elliott, Mr. and Mrs. P. W. Price, Miss Blanche Potter, Miss Percy Gallaher, Mr. Forest Walker, Master Jack Collins, Little Misses Annie Wilde Lea and Winzella Witherspoon.

Carter-Henson Nuptials.

On Thursday evening, Oct. 23, 1913, a small company of friends gathered at the home of Rev. J. R. Henson to be present at the marriage of Miss Gerlie Henson to Mr. Albert Carter. James Snyder and Ernest Henson entered followed by the bride and groom. They were met at the improvised floral altar by Rev. Henson, father of the bride, where the ever beautiful Episcopal ring ceremony was impressively said. Immediately after the ceremony the company re-

Like a mountain torrent the waters of Gatun Lake poured into Culebra Cut through the sixty-foot gap in Gamboa Dike made by the explosion of 1,600 pounds of dynamite. At Gold Hill the flood was partially dammed by the Cucaracha slide and within an hour and a half the cut was filled to lake level.

paired to the dining room where fruit punch was served by Mrs. Joe Carter, and the following toasts were given: To the bride, Mr. James Snyder; to the groom, Miss Belle Woodburn; to the girls left behind, Miss Nell Black; to the bachelors, Mr. J. I. Walker. Mrs. W. A. Price acted as toastmistress. After refreshments of cream and cake, the guests were invited into the reception room where an informal musical program was enjoyed.

The bride was never more attractive than in her wedding gown of silk crepe over charmeuse, and tulle veil caught with orange blossoms. While Mrs. Carter has only been in Hereford a short time, her charming personality has won for her many friends.

Mr. Carter, who was reared in this section, is a prosperous young farmer and is in every way worthy of his bride. They have a host of friends, who wish them much happiness and success.

Avoid Sedative Cough Medicines.

If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia, use cough medicines that contain codine, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. It cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world wide reputation for its cure. It contains no morphine or other sedative. And Many Are the Voices of Hereford People.

Thirty thousand voices—What a grand chorus! And that's the number of American men and women who are publicly praising Doan's Kidney Pills for relief from backache, kidney and bladder ills. They say it to friends. They tell in the home papers. Hereford people are in this chorus. Here's a Hereford case.

J. D. Burkett, 300 E. Second St., Hereford, Texas, says: "I suffered acutely from sharp twinges through the small of my back, especially when I stooped or attempted to lift. I was caused much annoyance by a too frequent desire to pass the kidney secretions and these troubles all showed that I had kidney complaint. Since I used Doan's Kidney Pills, procured at Woodburn & Son's Drug Store, I have been quite free from these ailments. I have often suggested a trial of Doan's Kidney Pills to other persons afflicted in a similar way."

Mrs. R. T. Mooney brought to this office one day this week a fine specimen of sweet "taters." Yes, that's what they are called, their official name being Yellow Nansum Sweet "Taters." This variety of vine roots has a smooth, regular shape, being free from knots; the skin and flesh a fine, golden yellow, and when cooked possess that sweetness and flavor much sought for in this variety of vegetable. Mr. Mooney estimates that he will get some 200 or more bushels from less than an acre.

For the winter, they will live in Hereford for the benefit of the schools.

WONDERFUL PROGRESS MADE IN TEXAS DURING PAST TEN YEARS.

The World Wonders at Texas Progressiveness.

There is no state in the Union nor any country on the globe that has witnessed such remarkable growth and development as Texas. It stands today as the leader in the march of progress and is a shining example of what can be accomplished through co-operation and honest effort. A few years ago our state was one vast uncultivated area where the buffalo and coyote ran at large and grazed contentedly beneath the slender shade of sage brush and mesquite. Texas was the rendezvous of renegades and travel was unsafe. Remarkable changes have transpired during the past few years and the evolution goes steadily onward. Our lands are producing bountiful crops which excel in quality and quantity any other country and the hills of Texas are covered with the homes of prosperous and contented farmers. The bad man of old has given way to the law-abiding peaceful citizen of today who is ever striving to assist in the welfare of his community. Cities and villages, connected by good roads and transportation facilities, are found on every hand and Texas is fast becoming an Empire within itself. Nature in all its glory has assisted in the development of Texas far more than one realizes and the contentedness of our people is due, to a great extent, to the use of RENALT, a purely vegetable compound that gives quick relief to Kidney, Bladder and Stomach Troubles, Bright's Disease, Catarrh, Rheumatism, Indigestion, Nervousness, Blood Disease or any breaking out of the skin. RENALT is NATURE'S GIFT TO MANKIND and NEVER FAILS IN THE HOUR OF NEED.

In speaking of RENALT, A. C. Chase, Master Mechanic, Stock Yards Company, Fort Worth, said: "I have used Renalt as put up by the Ferrel-Saunders Company and cheerfully recommend it to sufferers from kidney and stomach troubles. As a sufferer for years RENALT was recommended to me and has done more good than any or all of the doctors and other remedies tried."

EXPLOSION THAT DESTROYED GAMBOA DIKE

When President Wilson pressed a button in the White House 1,277 great charges of dynamite were exploded in the Panama Canal Zone and the Gamboa Dike was blown to pieces. The muffled roar of the explosion was echoed by the cheers of thousands of spectators and instantly the cables flashed to all parts of the world the news that this climax in the building of the wonderful canal had been reached and passed. No ceremonies attended the event, but the heart of every American beat high with pride in the achievement of his countrymen. The explosion was a "clean" one, lifting out of the dike a section sixty feet wide. Through this gap rushed the waters of Gatun lake, which at the time were six feet above the level of the water which had been let into the cut through pipes to act as a cushion for the explosion.

Hundreds of people in this vicinity alone have stopped the use of dangerous calomel when their liver is acting slowly, and take Dodson's Liver Tone instead.

Dodson's Liver Tone is always safe and has none of the bad after effects which so often follow the use of calomel. It is a pleasant tasting, vegetable liquid that starts the liver gently and surely, and relieves constipation and biliousness and causes no restriction of habit or diet.

Many preparations have sprung up that imitate the claims made for Dodson's Liver Tone, but remember Dodson's Liver Tone is the tried and tested remedy that has proven such a good medicine and is so satisfactory to every user—is the reason these imitations are on the market.

Dodson's Liver Tone cannot hurt anyone and if it fails to do all that is claimed for it Betts-Clark, who sells it, will give your money back with a smile.

The Weeks Weather.

Last Saturday night the first real norther of the year swooped down upon the unprepared and unexpected inhabitants of the Plains. The head of the norther struck at Hereford about 6 o'clock carrying a good sized dust storm with it. All day Saturday was bright and warm. Before morning the thermometer fell to 26 degrees. Monday the weather cleared and warmed up again, but during the night another norther beaded in, blowing a gale as before. The temperature again fell to 26 degrees by Tuesday morning. Tuesday night the mercury registered at 24. Some feed stuff was caught, but no great damage was done by the cold wave. Wednesday night was the coldest of the week, the thermometer dropping to 18 degrees during the night. The remainder of the week has been normal. A light snow flurry came with the norther Saturday night and showed slightly on the ground Sunday morning.

Church Suppers, Teas, etc.

The Brand wants to be understood about the charges for local items in the paper. Where the society gives a dinner, tea, play or program of any kind and expects to receive a financial benefit therefrom, the rate is one cent per word for each issue. There is no difference between a free will offering and a door admission charge, if the purpose is to make money. Announcements of the regular church services, the programs of the societies, announcements of special services or any public program, where no financial gain is expected, will be published freely without charge. All such announcements, however, should be written out just as they should be printed.

A Marvelous Escape.

"My little boy had a marvelous escape," writes P. F. Bastians of Prince-Albert, Cape of Good Hope. "It occurred in the middle of the night. He got a very severe attack of croup. As luck would have it, I had a large bottle of Chamberlain's Cough Remedy in the house. After following the directions for an hour and twenty minutes he was through all danger." SEVERE BRONCHIAL COUGH

Doctors Feared Lung Trouble, Restored to Health by Vinol.

The medical profession does not believe that lung troubles are inherited, but a person may inherit a weakness or tendency to them.

Mrs. Kate Heckman, Springfield, Ohio, says: "A few years ago I was in a very bad run-down condition, and the physician told me I had consumption. I tried another physician, and he told me I had ulcers on my right lung. I quit the physicians and started on 'Vinol.' Today I am perfectly healthy, and that is why I recommend 'Vinol.'"

Vinol soothes and heals the inflamed surfaces and allays the cough. Vinol creates an appetite, strengthens the digestive organs and gives the patient strength to throw off incipient pulmonary diseases.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you.

P. S.—For any skin trouble try our Sazo Salve. We guarantee it.

"Fellers is Lots Better Teachers Think"—Pluppy.

A nother thing is fellers don't like to be shamed before the girls, sometimes a feller has did something and instead of getting a licking 'n having it over, the teacher puts a fool cap on him 'n makes 'him stand on the platform all the session and most always some visitor comes in and he is most shamed to deth. I have did this sometimes and a visitor always come in 'n- once it was my Uncle Gilman. that time I got shamed 'n a licking two after I got home. It was a lot worse getting snamed than it was getting a lickin' i am used to lickings, after a feller is shamed once he never is so mutch shamed again, even if he does worse things. i havent mutch shame left. i gess that is the reason i am so tuff. i shoodont think teachers wood want to make a feller tuff, shood you?

i don't beleeve enny feller lies for the fun of it. most always he lies because he is afraid to tell the truth and get a licking. but sometimes it is because he knows the teacher wont beleve him even if he tells the truth and so he thinks he mite jest as well lie and try to lie good 'n perhaps he will beleve him.

I knew a feller once which tied a string to the button of a nother fellers coat 'n when the other feller was called up to resite his leson it give him an awful yank. we had a new teacher 'n he untied the string and asked the feller which tied the string why he done it, 'n he said he had a little piece of string with a loop on the end of it whitch had been tied around a peace of chalk to make cercles on the blackbord 'n he was swinging it round 'n the loop fall rite round the button on the fellers coat. this was the fearfulest lie enny feller had ever told 'n we all expected the teacher wood snach him bald headed. but the teacher looked him rite in the eye a minite 'n said although this woodent happen in 2 million times i am going to beleve you because i dont like to think enny of my pupils wood tell me a delibeerit lie. the feller was so shamed that after school he went down to the teachers house and told him he had lied and he never told enny more lies that's not very bad ones. that is what i call treeting a feller fair, don't you?

i tell you fellers is lots better than teachers think they was and if they is treeted fair 'n get incurrigment they makes good men prety near always if not more so.—Exchange.

Cole Younger.

Last of the noted Younger Brothers to lecture in this city Tuesday, Nov. 4.

Cole Younger himself, who lived the life of the Gentleman, the Soldier, the Outlaw and the Convict, having spent 25 years of the best part of his life in a prison cell, will deliver his famous lecture entitled "What Life Has Taught Me," at the Star Theatre next Tuesday. In this lecture Mr. Younger tells many of the thrilling events of his varied career, from the time he was a boy of seven-teen up to the time he was pardoned from the Minnesota State Prison, where he served a quarter of a century for the Northfield bank robbery.

This lecture is truly historical and instructive, as well as intensely interesting and appeals to ladies as well as gentlemen, pointing out as it does a great moral lesson which should be of benefit to everyone.

Mr. Younger's sole desire in life is to do all he can for the betterment of mankind.

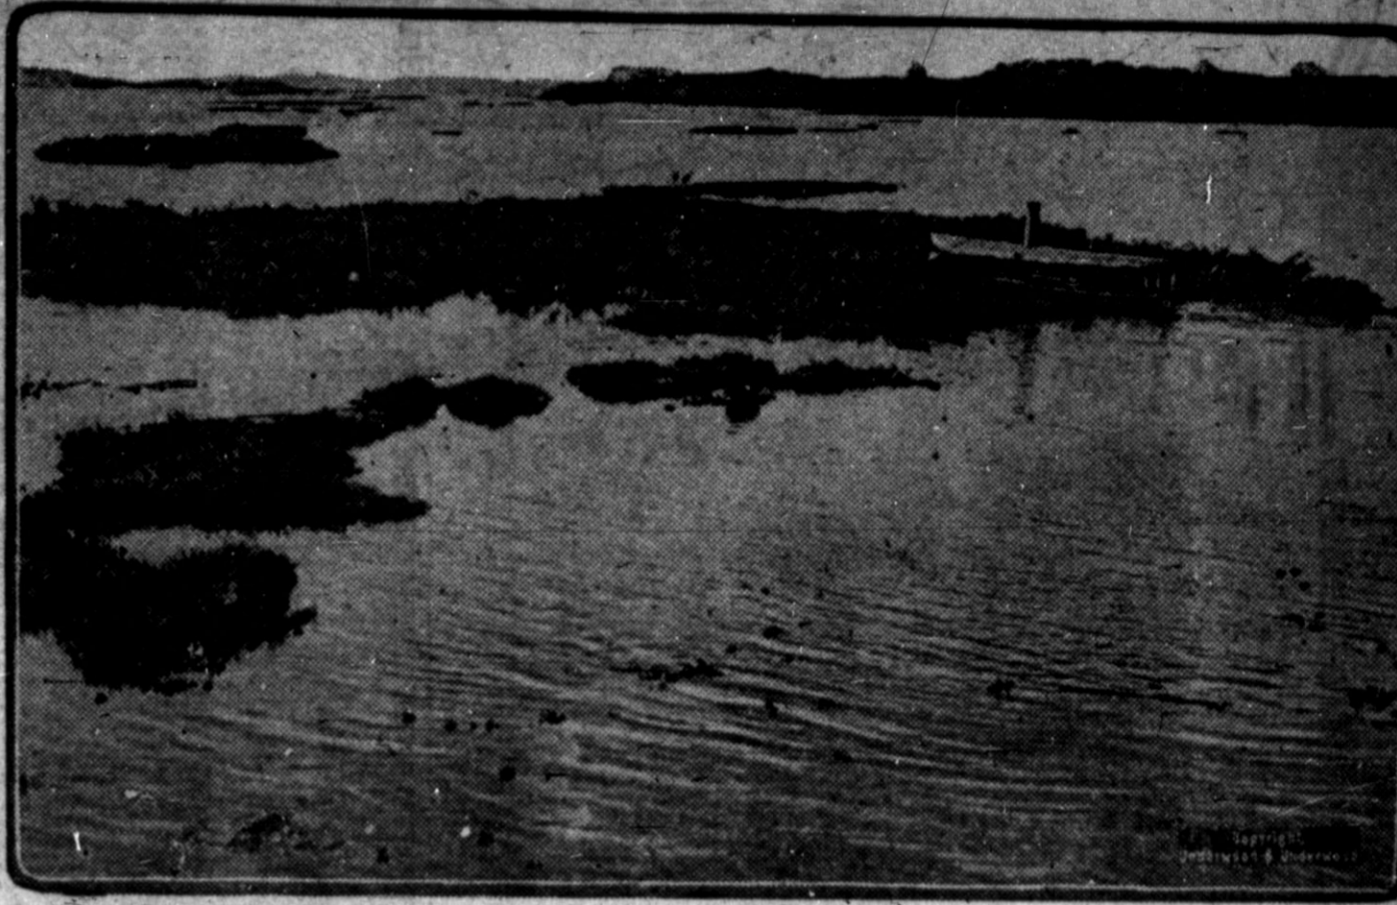

Address to Press Reporters.

The many different clubs, societies and orders in Hereford have an officer whom they designate "Press Reporter." The obvious duty of that officer is to report to the papers the important doings and newsy items of the club or society. The Brand will be pleased to publish at any time the news from the different clubs and societies, but it will be necessary for the Press Reporters to do their duty and report promptly. The Brand wants the news, but it will have to have the cooperation of the societies in order to give good news service. Only recently, the Brand failed to get an item of society, but it was not the fault of this office; the affair was kept a profound secret from the Brand. Let's have the news, but please, please do not make the articles too long. It is seldom that any affair requires over 350 words to make a good report of it; occasionally an event will take as much as 500 words.

J. H. Foresman of Kansas City and F. W. Foresman of Amarillo were here Wednesday on business in connection with the Alfalfa Lumber Company. The former is the manager of the retail department of the Long-Bell Lumber Company of which the line of yards in Texas under the name of Alfalfa Lumber Company is a part. The latter is traveling auditor for Texas. The local manager, Mr. Bourland, introduced his official visitors to several of the business men of Hereford and they seemed to be pleased with the outlook for business in this section.

FLOATING ISLANDS IN GATUN LAKE

These floating islands are frequent in Gatun Lake and are pushed out of the Panama Canal channel by a steam launch, which may be seen in the photograph.

A Unique Custom.

Some years ago the Vinol fraternity, of which our Druggists, Corner Drug Store, are members, originated the idea of having a National display week of Vinol and companion products, semi-annually.

This Vinol fraternity must be quite an extensive organization, for returned travellers tell of the wonderful window displays of Vinol which they have noticed in their travels through Canada, Cuba and as far away as South America.

The Corner Drug Store is now preparing for Vinol week, which begins Nov. 3. Their attractive window arrangements and store decoration, show the same enthusiasm which they have for years put behind this meritorious Cod-Liver and Iron preparation. Later in the season, they intend to give away a new Vinol Cook Book to their customers. Every woman interested in good cooking receipt's should call and get one.

The Play-Singers. This musical organization, the second number of the high school lyceum course, proved well their claims last Saturday evening at the high school auditorium, by giving one of the best entertainments that has been to Hereford in many years. Every one that attended was delighted and those who were kept away by the inclemency of the weather regret their loss. Each of the young ladies is an artist. On Sunday morning, they again pleased an audience at the First Christian church where they gave a short program.

POULTRY ATTRACTION

Chickens That Have Cackled and Crowed in the Presence of Kings Will be Shown at Ft. Worth Fat Stock Show.

Roosters that have crowed in the presence of kings and hens that have pecked at the judges of poultry shows on both continents, will be exhibited at the Fort Worth Fat Stock Show, November 22-28.

Every year the blooded hens and high-browed roosters from all over the world assemble at the show, chatter about the premiums, cackle and crow over the blue ribbons, return to the barnyard boasting of their triumphs and spread the fame of the Stock Show throughout the length and breadth of the land.

The hen will be one of the leading attractions of the show and she is a splendid entertainer. Her form is exquisitely molded in all shapes and sizes from the ornamental to the useful. Her attire is the pink of perfection and her form and color are of latest design. In utility she is without an equal in the Texas barnyard. Her cackle is as musical as the clink of gold dollars, she buys the baby new dresses, keeps the family in groceries and pays off farm mortgages. She has put on a shell game that has driven the fakers from the fair grounds in shame and she has netted the housewife millions of dollars.

For years she has maintained her supremacy as a star performer and this year she will put on a show that will rival all previous exhibits. In giving the largest returns on the amount invested, she takes sweep-stakes. The markets of the world are clamoring for the Texas steer; the packers are loudly calling for more hogs; the sheep boasts of the demand for its fibre, but they must all bow down before the Texas hen. She lays three times her value per annum; raises annually a brood of chickens worth ten times her value and then lays down her life to appease human hungers.

The poultry industry in Texas has reached mammoth proportions. During the past year the total production, including eggs, approximated \$25,000,000. The egg output alone was worth \$18,000,000. We have approximately 25,000,000 domestic fowls. We have more turkeys and geese than any other state in the Union.

Very fine, all wool, medium weight, Double Blankets, size 70x80, \$6.50 value for only \$5.00. E. B. Black Co. 1t
