

## Contracts For Three Oil Well Tests Recorded

### To be Drilled by Kentucky and Pennsylvania Co. in North, Northeast and Eastern Portions of Deaf Smith County

The Brand is authorized to announce the signing of three more contracts for oil test wells in Deaf Smith county. One well is to be located on the Jackson Bros. property in the northern part of the county, another in the northeastern portion of the county somewhere on the leased land held by Geo. L. Muse and F. M. and J. E. Hill as trustees, about ten miles southwest of Wildorado, and the third near Dawn, east of Hereford, in leases secured by D. L. McDonald, L. F. Borden and associates.

All three wells are to be punched by the same company, headed by A. H. Squier of Bowling Green, Kentucky and Philadelphia, Pa. This company is said to have ample capital, is asking nothing in a financial way from this community, and will sell no stock. The Brand is informed that this company is simply going to put down these three wells on their own hook and take their gains or losses as a straight, bona-fide business proposition.

Mr. Spuier is a practical oil man, a successful manager of producing oil property near Bowling Green, southeastern Ohio and in Pennsylvania. He is president of the Big Dipper Oil Co., of Bowling Green, which owns the famous, "Jewel Bend" property, and is also president of the Swiss Pipe company of Bowling Green.

Approximately 60,000 acres of leased land in Deaf Smith county involved with the three wells, and the contracts provide for definite work not later than November 1, 1919. Hereford is to be Mr. Squier's headquarters in the management of all three tests. He is setting his office established and has already purchased a high-wheeled car for his personal use in running about the country.

New machinery for all three wells has been ordered, capable of filling to a depth of 4,000 feet, though the three contracts provide for a maximum depth of 3,000 feet each. The company has secured suitable bonds guaranteeing fulfillment of the three contracts. A field man, to have direct charge of field operations under Mr. Squier, is due to arrive in Hereford October 1.

Credit for the successful conclusion of these negotiations is due F. Connell, who worked up the Jackson deal, and Messrs. McDonald, Borden, Muse and others, who labored on these leases and financial negotiations for months past. Just what this means to this county, in future exploitations of oil and mineral resources, will only be apparent to any one who gives us four tests assured, in different portions of the county, and it is well understood that the wells have only just begun, rapid developments to follow on the heels of this announcement.

Whether any oil or gas is found or not, the fact that the entire county heretofore is to be punched full of holes is already being hailed as a great thing.

## Red Cross Urges Hygienic Uplift

A vigorous, organized demand for better health conditions in our public schools is to be made soon, if expressions heard at a meeting of the Executive Committee and committee chairmen of the Deaf Smith county Chapter, American Red Cross, held Tuesday, mean anything.

The meeting was called by Chairman Asbell in his study in order to hear Mrs. Claude B. McCartney, Division Representative of the Red Cross with St. Louis headquarters. Mrs. McCartney is making a tour of this southwestern division, organizing the work of the various chapters and auxiliaries on a peace program basis.

The main lines of Red Cross work for the coming year will be home and school hygiene, junior Red Cross development, and home service work. The program as outlined by Mrs. McCartney is starting in its scope and vision. It contemplates, among other things, the proper education of the "grownups" in hygienic conditions through the school children and a large share of the coming program will be devoted to the junior work.

The meeting developed the fact that a strong sentiment exists locally for proper laws and proper enforcement of these laws regarding the sending of children to our schools who may carry communicable diseases into the school rooms.

Members present felt that immediate action should be taken, in view of the looked-for outbreak of influenza this winter.

## Dr. Bowe's Family Has Big Reunion Picnic

A very enjoyable outing and family reunion combined was enjoyed last Sunday, August 31, in the cap rocks near Sand Point, northwest of Hereford. The participants were members of the family of Dr. F. E. Bowe, and others, consisting of the Doctor and Mrs. Bowe, Forrest Bowe, Benjamin Hodges, Claire Bowe, Mrs. Zula Bowe, Vern Witherspoon, Mrs. Myrtle Witherspoon, Beryl and Gordon Witherspoon, Mrs. Bernice Young, George D. Young, Harold Bowe, Mrs. Lola Bowe, Doris and Vernice Bowe.

This was the first family reunion since before the boys left for the war two years ago. The last of the boys returned on August 15. The day was spent picnicking, eating and frolics among the beautiful cedars of the cap rock.

## Everybody Attends First "Spudding In"

All the past week there has been a rumble of feverish activity out at the location of No. 1 of the Hereford Oil & Gas Company, and at the headquarters in town. And in the office of the Big Cabin Oil Co. of Amarillo, too, for that matter.

For the big barbecue, celebrating Hereford's first "spudding in" party, was planned for Thursday, and there was a lot of work to do.

The fires were lighted under the big boilers Wednesday at the site and the machinery given a thorough testing out. It all worked smoothly and without a hitch. Committees on meat, and bread, and pickles, and shade, and transportation, and a thousand and one things incident to such a celebration were busy, scurrying about on their various labors.

Quite a crowd of these interested from Amarillo and other points were looked for, and of course all Hereford was expected to close up business and watch the first strokes of the big drill on Hereford's first oil test.

Driller Ricketts announced all preliminaries ready and the late string hanging out Wednesday afternoon.

## Burleson Escapes Very Serious Injury

F. H. Burleson sustained a badly bruised foot and miraculously escaped with his life last Thursday when he slipped and fell under the separator of a threshing machine, while driving across from the Burk to the Blaine ranch.

Mr. Burleson, who has been handling the engine of the big Knox threshing outfit all summer, was by himself on the machine, although four more of the crew were in an automobile near by. In crossing the road he slipped under the big machine and when he waked an hour later the other boys were bathing his face. Unconsciously, while falling, he shut off the engine, however, and this may account for lack of more serious injury. He is getting about on crutches, with no bones broken, and will soon be able to work again.

## C. H. Kopp Leaves For Old Wisconsin Home

C. H. Kopp, who recently sold out all of his holdings in the Parrott community, will leave Sunday for his old home at Platteville, Wis., where he will reside in the future.

Mr. Kopp came to Hereford eleven years ago. He is a carpenter by profession. For some time past, however, he has suffered with rheumatism that he decided to give up his activities here and return to Wisconsin in hopes that the change would benefit him.

Mr. Kopp leaves many friends here who will miss him, but wish him well in his new environment. Before leaving Mr. Kopp subscribed for The Brand for two years in advance.

## Col. Woodburn on Trip

Colonel E. T. Woodburn left last Saturday for a visit with relatives at Amarillo and Cloud. He also intended to take in the big barbecue celebration at Goodnight while away.

## FERTSCH OUTLINES NEW WORK

Our Public Schools are an institution of the people and for the people, and as such, are nourished and fostered by them. They are an institution in which every citizen is a stockholder. No institution in our town will pay greater dividends, and these dividends will always be proportionate to the amount invested. Give much and you will receive much, and our Public Schools will grow in power and efficiency in the proportion that you extend them your interest, sympathy, and cooperation.

The business world today demands trained hands and well developed minds. The young man with mind untrained and undeveloped becomes helpless amid the fierce competition and keen intellects. This being true, how important it is that we equip our children with a manly, noble character, and the intellectual weapons that will enable them to wage successfully the battle of life.

**Free Text Books**  
The opening of schools on Monday, September the eighth, marks the beginning of free text books. Most of the books are already on hand and prospects are that all books will be ready for distribution. Send your children and books will be issued them by the teachers in charge of the respective grades. Children should not bring the old texts for exchange for the first day of school. A definite date will be set and second hand books will then be better taken care of. Parents must have patience. The issuing of books to over 500 children is no easy matter. We gladly take the old books later.

**Underages**  
The school board has made provision for children who are six years of age. This is not a kindergarten department. Primary work is offered and patrons who send children of under age will be charged \$3.00 per month for a nine months term. Payable in advance to the teacher in charge.

**Lyceum**  
The Lyceum has been an interesting part of the schools for the past six years. Staunch businessmen of town made it possible for the schools to offer a better program than ever. Five numbers are offered with the first three dated as follows:

- A. Mather Hilburn, The Humourist, Sept. 9, 1919.
- The Mozarts, directed by Louis O. Runner, Chicago, Sept. 17.
- Playhouse Co., Plays supervised by Mme. Helen Shuster, Martin and Louis O. Runner of Chicago, Oct. 1.
- Stevens Co., undated.
- Musical Arts, undated.

It is planned to give all numbers this fall. Tickets will be on sale next Saturday. If you enjoy productions by trained talent, of refined and high character buy a season ticket. Adults \$2.00 all children and High School people \$1.00. Understand please that the schools are not begging anybody to buy a ticket. The Lyceum is not a money making scheme. It is given as an educational feature. Tickets offered most reasonable. The Playhouse Co. alone costs the committee \$125 for the night.

"Mr. L. M. Fertsch, Supt. City Schools, Canyon, Texas.

"My dear Mr. Fertsch: "Referring to your letter of August 8th, I notice that I have incorrectly answered it, and am writing you at this time to tell you that we will not Hereford on our fall list and will let you know at the earliest possible date a definite time when Miss Hyer can be with you.

Very cordially yours,  
Winnie Bracey,  
Assistant to Exce. Sec'y."

**Health**  
The letter as printed is self explanatory. Miss Hyer is a registered nurse, who comes to assist the teachers in the proper seating of all the children. She will test all children for vision and hearing. The school stops there but Miss Hyer will gladly consult

## FAIR DATES ARE CHANGED TO OCTOBER 9 10 11

For fear of misunderstanding permit me to say that should you consult Miss Hyer and find your child physically handicapped, the problem is then with you and your physician.

A word of explanation as to the program:

1. This program is final, there may be a few minor changes.
2. Domestic Science is offered in the forenoon. This will make possible hot lunches if desired.
3. All seniors will be free from conflicts.
4. Eighth grade folks may choose Arithmetic in place of Algebra.
5. There will be over sixty pupils in the seventh grade. Half form section 7A and the other half, 7B. These sections are of equal rank, doing the same work.
6. Manual Training is offered to boys and girls.
7. The best students are those who take five subjects a day. None will be permitted to take over six nor less than four.
8. Expression and Piano folks will be required to register that part of their program.

In conclusion, citizens stand by your public schools as you have in the past, and when mistakes are made by your officers and faculty—and who is free from them?—counsel instead of condemn, and the day will soon come when you will have cause to be proud of the schools you have fostered and nourished.

Very respectfully,  
L. M. Fertsch, Supt.

## Canteen May Be Mustered Out Soon

Mrs. W. A. Price, Chairman of the Canteen Division, American Red Cross, received a letter from headquarters this week stating that your canteen was one of the forty-seven stationed in the Southwestern division that has made the work a success. She has also had orders to send in the names of all workers who are to have Service Certificates. It is believed this means that they will soon be demobilized.

Mrs. Price has the following fine report to make for August:

- Served 310 men;
- Aided 2 sick men;
- Used:
- 12 1/2 Gallons coffee;
- 215 sandwiches;
- 30 bottles soda-pop;
- 263 slices cake and pie;
- 4 cantaloupes;
- 2 fried chickens;
- 5 pounds candy;
- 150 post cards;
- 8 dozen fruits.

## Hooper's Toes Are Saved, After All

Information received here this week from Plainview is to the effect that D. L. Hooper, pharmacist at the Burns Drug Store, who accidentally shot himself in the foot a few days ago, is doing much better than was at first anticipated. It was first reported that he would surely lose three toes and possibly his entire foot. Later advices say, however, that he will retain the use of all his members and will probably be able to return to Hereford before long.

## Irrigators Meet and Plan Barbecue For Fair

President Jim Robinson of the Irrigators association called a special meeting of his association last Saturday night, at which plans were laid for the big barbecue to be offered the Fair visitors in October. Detailed plans were worked out and committees appointed to carry them out, and we can all rest assured that there will be no lack of good things to eat when the dinner horn blows on the last day of the Deaf Smith County

The dates for the Deaf Smith County Fair, originally set for September 25, 26 and 27, have been changed to October 9, 10 and 11.

This action was taken at the regular weekly luncheon of the Directors and Fair committee chairmen, when objection was made to the original dates on the ground that the farmers would be too busy in the harvest to attend at that time, much less lend their personal aid in making the Fair a success. After a prolonged discussion the new dates were agreed to, and it was so ordered.

Present, Monday were Eli Dunlap, presiding, Judge Jas. A. Hughes, R. T. Evans, C. O. Norton, W. T. Womble, C. C. Ferguson, G. W. Brumley, Leslie Neal, Percy Welliver, Homer Fox, Carl Gilliland, and others. The meeting was full of pep and enthusiasm, and it was resolved to meet every Monday hereafter, at the various restaurants, at noon and discuss the Fair and good of the order as a whole.

The Brand is asked to inform the public that these meetings are always open, to any reputable citizens, who have the price of their own dinners, and who are interested in the upbuilding of this community. It has been found from experience that these luncheons are the best way to keep the pot boiling, and it is hoped the business men will express their views on public questions through them. The meeting next Monday will be held at the Carl Cafe, at twelve o'clock sharp.

## First Lyceum Number Sept. 8th

School patrons will no doubt be delighted to hear that another Lyceum Course has been arranged for for our schools for this winter by sympathetic and generous citizens. This time it is the Dixie Bureau that will furnish the attractions. The Dixie has a national reputation for doing things right, and local promoters of the enterprise feel assured the people will get their money's worth in the series of attractions to visit us the coming months.

The first number of the Lyceum will be given on the night of September 8, in the auditorium of the Central School Building, with A. Mather Hilburn, Master Entertainer, on the platform. Concerning Mr. Hilburn the Bureau says:

"If it is true, as some philosopher has observed, that 'a laugh is better than medicine,' then A. Mather Hilburn is a benefactor of the human race who deserves the title of Doctor Extraordinary. Hilburn operates on folks painlessly. He aures blues and cuts out grousches with treatment entirely Hilburnesque in quality.

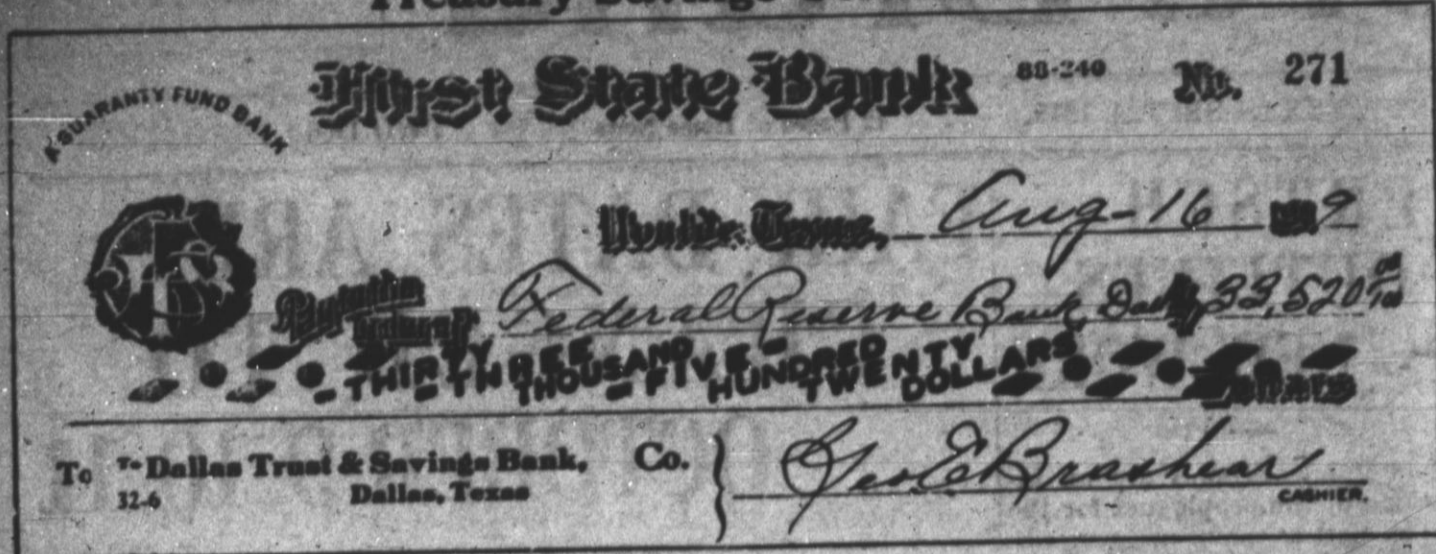

Primarily an entertainer, Mr. Hilburn has arranged programs which create laughter, yet behind them moves a serious purpose to implant worth-while thoughts and inspire better living. For the recreation of his characters Mr. Hilburn calls to his aid wigs and grease paint, and with a few deft touches transforms himself into types familiar to every hearer.

"A born actor, he breathes into these types much of his own fine spirit and kindly love of humanity. He mirrors life through these characters, and laughs with his hearers at their foibles and weaknesses."

## Dr. W. F. Gabbert Resumes His Practice

Dr. W. F. Gabbert, who before his service in the Army, was a regularly practicing physician in Hereford, has decided since his return to again cast his lot with us. Dr. Gabbert may go to south Texas for a few weeks special surgical work before taking up the regular practice of medicine here, but whether he does this or not he will be a permanent resident of

**Uvalde Bank is Selling Large Amount of Registered Treasury Savings Certificates**

Residents of Uvalde, Texas, are demonstrating their financial wisdom by investing heavily in the attractive new Registered Treasury Savings Certificates. The above check represents sales made in a single day through the First State Bank of Uvalde of which George E. Brashear is Cashier.

This check for \$33,520 bought forty \$1,000 Registered Treasury Savings Certificates, or in other words, \$40,000 worth. The purchasers made \$6,480 by investing in August when the cost of each \$1,000 Certificate was \$838. They showed good business foresight. The price is only \$840 for September.

You can buy the new \$1,000 Registered Treasury Savings Certificates from banks and trust companies and the \$100 Certificates from first and second class postoffices as well as banks and trust companies. The \$100 Certificate is blue in color, the \$1,000 Certificate being maroon, and both are somewhat similar in appearance to the Liberty Bonds, although considerably more attractive. They are convenient to handle, may be cashed on ten days' notice if desired, in which event the interest to the date of cashing is paid in addition to the principal.

Buy your Registered Treasury Savings Certificates today. Have the satisfaction of owning one of these unexcelled securities. No one person can hold more than one \$1,000 Registered Treasury Savings Certificate or more than ten of the \$100 Registered Treasury Savings Certificates.

—W. S. S.—

**PERRYTON THE COUNTY SEAT**

The opening of Perryton, in Ochiltree county took place on Friday last, and it is said that there were fully five thousand people at the opening. With the exception of the falling of the air-plane which resulted in the severe injury of two men, possibly fatal in one case, the opening was a great success. When at a height of from 150 to 200 feet the air-plane, with the pilot and a passenger by the name of Thomas, fell to the ground narrowly missing the car of Geo. W. Long, which was filled with the family of Mr. Long and some friends.

At the county seat election, which was held on Saturday, an overwhelming vote was cast in

favor of moving the county seat from Ochiltree to Perryton, the vote being 290 for Perryton and 53 for Ochiltree.—Higgins News.

**IN AUTO ACCIDENT**

A. E. Curren received a painful wound on the top of his head last week while returning from Wichita Falls with Luther Lynn. The car ran into a chug-hole and threw Mr. Curren against the top of the car. A painful wound was inflicted and Mr. Curren was compelled to stop at Canyon, Texas, for medical treatment, it being necessary for the doctor to take several stitches in the wound.—Clovis News.

We will buy your Vendor's lien notes. 11-11 Bankin Abstract & Title Co.

**The Golden Rule Produce and Confectionery**

Bring us your poultry, eggs, cream, butterfat, produce. We pay highest market prices.

Candies, fruits, confections of every nature.

**E. K. Crouch**

Between Fox Mercantile and Tubbs Shoe Shop.

**DALHART YOUTH FOUND DEAD ON FLOOR AT HOME**

When George Badenhop, a farmer living 20 miles west of Dalhart, returned to his home last Thursday night he found the body of his 18-year old son on the floor in the kitchen with the right side of his head blown entirely away and with a double barreled shotgun folded in his arms containing one empty shell.

Mr. Badenhop called his brother, living one mile from him and together they summoned the coroner who viewed the body and was unable to determine whether the death was accidental or otherwise.

The boy was alone all day and in the evening fed the stock and milked the cows. He returned to the house and removed his shoes. His hands were greasy as they

might have been if he had been a horse and afterwards had per-cleaning the gun. Three years ago he received a severe injury in the head by being thrown from Galba.—Dalhart Texan.

**IT'S NOT YOUR HEART IT'S YOUR KIDNEYS**

Kidney disease is no respecter of persons. A majority of the ill-afflicting people today can be traced back to kidney trouble.

The kidneys are the most important organs of the body. They are the filters of the purifiers of your blood.

Kidney disease is usually indicated by weariness, sleeplessness, nervousness, dependency, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, scatica and lumbago.

All these derangements are nature's signals to warn you that the kidneys need help. You should use GOLD MEDAL Haarlem Oil Capsules im-

mediately. The soothing, healing oil stimulates the kidneys, relieves inflammation and destroys the germs which have caused it. Do not wait until tomorrow. Go to your druggist today and insist on GOLD MEDAL Haarlem Oil Capsules. In twenty-four hours you should feel health and vigor returning and will bless the day you first heard of GOLD MEDAL Haarlem Oil.

After you feel that you have cured yourself, continue to take one or two capsules each day, so as to keep in first-class condition and ward off the danger of other attacks. Ask for the original imported GOLD MEDAL brand. Three times. Money refunded if they do not help you.

Not 16 cents or 17 cents—

But 15 cents

**Velvet Always Hits a 3 Bagger: Sight! Smell!! Taste!!!**

THEN it's easy to get to the home-plate, right where you snuggle down in an old coat and slippers to enjoy life.

To begin with, Velvet Tobacco, in its jolly red tin, has a wholesome generous look to it. Nothing namby-pamby about it. A red-blooded tin full of red-blooded tobacco, for red-blooded folks.

Open it up—and you get the fragrance that Nature stored in the tobacco during eight changing seasons, while it mellowed in great wooden hogs-heads.

And say! It's great! That good, natural fragrance of Kentucky's wonder tobacco—Burley—King of Pipe-land. No camouflage about it. No drolling up.

Pack a pipeload. Light up and you'll get the fragrance of real tobacco—the incense to solid comfort.

And a mild, pleasant taste, that only our Nature-ageing method can impart. You will never taste a finer cigarette than the one you roll with Velvet.

Fifteen cents a tin—not a cent more.

Batter up!

*Lightly prepared*

A friendly pipeful makes even the umpire seem almost human.

**LET THE LITTLE FORDSON DO YOUR WORK**

A test of the Fordson Tractor was made at Wichita, Kansas. The test was crowding a seasons work into thirty days. The test was begun on June 16th and on July 12 the Tractor had cut 220 acres of wheat; dragged 44 miles of road; plowed over 100 acres of land; plowed, disced and planted 8 acres of cane; to say nothing of cutting feed, sawing wood and other farm work. The Tractor was run day and night the engine not being permitted to stop more than five minutes during the entire time.

**CASTRO COUNTY**

**DIMMITT**

Elmer Ireland left Wednesday for Jack County to visit relatives and friends.

Dr. Miller and wife attended the ice cream social at Spring Lake Saturday evening given by the Ladies' Aid of that place.

Mrs. John Duree spent the week at the Brownlee home at Bethel.

Mrs. Pickett returned to her home Wednesday, after an extended visit with her son, Walter Pickett, of this place.

Mr. and Mrs. Hodges came up from Lubbock Sunday.

C. E. McLean returned to Mineral Wells Thursday. His many friends hope the change will benefit him as he was quite poorly while at home.

Mrs. Miller was in Hereford Tuesday.

William Dickson is enjoying a visit from his brother from Indiana.

The Non-residents that own land in Castro County seem to have come to life lately. Well it takes something like an oil boom to make people sit up and take notice.

Jeff Gilbreath has bought property in Hereford and is moving his family there this week. While we hate to lose the Gilbreaths, we are glad they didn't go far.

Mr. Hodges, from the Philippine Islands, is visiting his aunt, Mrs. Joe Elliott, north of town.

C. F. Cradin, of Indianapolis, Ind., is here visiting his uncle, Mr. Billie Smith and cousins, Messrs. Edd and John Smith.

Mr. Minor, the principal of the Dimmitt school, has been spending the week here but left Sunday for Canyon, to attend the institute the coming week.

**TRADES FOR CASTRO LAND.**

In a trade closed this week, W. M. Thompson becomes owner of three sections of Castro County land, at an average price of about \$21 per acre. He traded W. S. Bourland 280 acres of land north of the river, known as the J. R. Moore place, for one section and the other two sections were acquired from Mr. Thompson's son, J. Davie Thompson. The latter exchange was made for 211 acres in the John Cox survey, near Talmadge, this county.

W. M. Thompson and Mr. Bourland made a trip to Castro and Deaf Smith counties last week to close up the deal. Mr. Bourland also visited his son, G. W. Bourland, at Plainview.

Both men report fine crop conditions throughout the Plains country.

J. Davie Thompson is living on the land involved in the transaction. It is located about eight miles from Dimmitt and about twelve miles south of Hereford. Mr. Thompson will probably move back to Wilbarger County.—Ver-non Record.

**MISS GRIFFITH HURT**

Automobiles driven by D. N. Croft and Miss Mildren Griffith ran into each other Monday morning at the corner of Grand and Gidding. In the collision Miss Griffith was thrown against the windshield and received a broken nose and some bad bruises. Both cars were badly damaged.

**Parmer County**

**BQVINA**

There is still quite a bit of threshing to do in this vicinity. Harvesting of the row crops will begin soon.

The Senior League will give a Social at the home of Mrs. C. F. Hastings Saturday of this week.

Rev. B. Y. Dickinson is convalescing from an attack of flu.

Mr. and Mrs. Parker Hinson leave in a few days for their future home in Ranger.

Subscription Price \$2.00 a Year Strictly in Advance

**SCHOOL HYGIENE**

At Monday's meeting of committee chairmen of the Deaf Smith County Chapter, American Red Cross, a strong determination to affect a change in our present lax attitude toward the physical welfare of our school children was evident.

Practically everyone present agreed that the fault lies with the parents—not with the local health officer. There was no disposition to criticize the present incumbent of the office of county health officer, but rather a self-criticism for our notorious public indifference toward a subject which is absolutely vital to the general health of the community. One ex-school teacher present testified that she had taught children with communicable diseases, and children out of homes which housed contagious diseases, and that so far as she knew, the teachers were powerless to remedy the situation, although recognizing the danger to the general community health.

The proper enforcement of any law depends upon an organized popular demand for it. There are many statutes on our law books that are dead letters so far as enforcement is concerned. Officials charged with the enforcement of the law are largely governed by the popular demand regarding the enforcement or the non-enforcement of these laws. If they stick to the letter of the law, regardless of local sentiment, and insist upon enforcement, then their shrift is short.

Talk does not get us very far, except to lay the foundation for future action. We have talked. Now let us act. No man or woman in Hereford wants their children to be exposed daily in school rooms to possible contagion. The remedy is to show our health authorities how we feel about it and the relief will be prompt. Let's get together and create that organized popular demand, right at the start of our new school year.

**AT THE EXPENSE OF THE PRODUCER**

It is not apparent to what extent the great decline in the price of live stock and of provisions and grain is due to the efforts of the Government to reduce the cost of living. The indications are that it is attributable chiefly to causes that relate to the financial and economic embarrassments of Europe. But doubtless the Government's campaign against the high cost of living has been contributing influence, and hence the great shrinkage in the value of these prime articles of food may, to some degree, be thought to mark the success of that undertaking. It is a triumph which will be hailed only in the cities. The farmers and live stock growers will contemplate it with radically different emotion. Furthermore, they can not be expected to contemplate it long without a certain sense of resentment,

unless this great decline in the price of things they have to sell is followed by a corresponding decline in the price of things they have to buy. A process which works an enhancement of the city man's labor and depreciates that of the farmer and stockman is certain to engender embitterment in the rural sections of the country unless it shall have brought down the prices of the things which are produced in cities.

The conflict between the urban and rural interests which has been forming the pressure of organized labor's demand for higher wages or lower cost of living is made sensibly more definite. Whether it is to become acute enough to make the producers thoroughly conscious of the opposition remains to be seen. It is the turn of events which must answer that question. Organized labor professes to believe that to satisfy its demand for a reduction in the cost of living, it will only be necessary to stop profiteering, and it is careful to exclude the producers of foodstuffs from the company of those whom it suspects of profiteering. It is the profits of these numerous agencies intermediate between the producers and the consumers upon which it has directed the warfare of the Government. That profits which are thus levied on foodstuffs during their movement from producer to consumer are unduly high is probably true. But it is doubtful if they are so excessive as is popularly imagined. It is probable, too, if indeed it is not certain that prices might be freed of all undue profits without bringing the cost of living down sufficiently to cancel organized labor's demand for an increase in wages. What, then, would be the attitude of labor? If it should persist in its demand for an increase of wages, it must bring itself into sharp antagonism to the producing interests of the country. The farmers and the live stock growers would have suffered the loss resulting from the decline in the prices of the things they have to sell, while instead of getting any recompense in the form of a decline in the prices of things they have to buy, they would have their loss increased as a result of advancing the wages of organized labor. To

make the farmers and live stock growers "whole," labor would, in that case have to consent to a reduction in its wages, or of the cost which it levies on all that the farmers and live stock growers buy. It is to that issue that events are tending.

The antagonism is fundamental, but it is made so largely by the attitude of labor toward the matter of production. The farmer strives constantly to increase his production, and he is content that the price of what he produces should be influenced by that factor. He does not expect, and certainly does not get, the same price for a large production that he gets for a small one. But organized wageworker rejects that determinant of prices. Instead of striving to produce the maximum that he is capable of producing, he strives to limit and even reduce his production, by demanding a shortened workday. The farmer takes his wages out of what he creates, as, indeed, both he and the city wageworker must, if industry is to keep solvent. But whereas the farmer seeks to create more as a means of increasing his wages, the organized wageworker without being willing to create more, while often he insists on being allowed to create less. To be put into equitable relation to relation with each other, either the city wage-worker must consent that his wages should be measured more decisively than they now are by the quantity of his production, or the farmer must be allowed to get as high a price for a good crop as he gets for a poor one. So long as the wages of the farmer are determined by natural economic forces and those of the city worker are determined by artificial economic forces, they will be in antagonism to each other, and what is gained by the organized wageworker will be largely at the expense of the producer of food.

—Dallas News.

Nobody could possibly be as innocent as the beef packers appear to be in the literature they distribute.

Speaking of profiteers, how about those Senate republicans who would spend the peace of the world in order to save Shantung?

A factor in the present disturbed economic condition is that, strange as it may seem, wages have outrun salaries in going up.

Former Senator Bailey's platform contains one thing to which everybody who stands for democracy will subscribe. We refer to his recommendation that the people should vote directly on amendments to the federal constitution.

It has been said of the republican Congress that it has provided for the finest collection of expensive investigating committees this or any other country has ever produced. What we would like to know is, who is going to investigate the investigators?

Beyond the fact that the incident demonstrated the purpose of Texas to adhere to a policy of self-determination with respect to the race problem, we see nothing significant in the thrashing which several gentlemen administered to John R. Shillady, of New York, who visited Texas to teach us how to handle the negroes.

The United States has never been considered a tea drinking nation. Yet official statistics show that 114,000,000 pounds of tea were consumed in this country in 1918. Any housewife in Hereford can tell how many cups a pound of tea will make, and you can figure out for yourself whether Americans are tea drinkers.

**EDITING A NEWSPAPER**

Editing a newspaper is a pleasant business—if you can stand it.

If it contains any advertisements the subscribers claim they take too much space.

If there is a scarcity of advertising, it is unpopular, and the people won't have it.

If we attend church regularly, they say we do it for effect.

If we stay away from church they say we are monstrously heathenish.

If we accept an invitation to a wedding, they say we are invited to write it up.

If we are on the streets much they say we neglect our business.

If we avoid going on the street they say we don't hustle around after the news.

If we reject a long-winded communication, its author becomes furiously enraged and discontinues his paper.

If we publish lengthy communications, our subscribers say we lack discretion, and put it in to fill up.

If we omit to decorate our office they say we lack enterprise, and that there isn't a drop of patriotic blood in our degenerate carcass.

If we omit jokes, they say we are poor, miserable fossils.

If we are single they say we are too helpless to get married.

If we are married they say it is a pity on your wife.

If we publish a man who has brought disgrace upon his family the friends of the family never forgive us.

If we decline to say anything on the subject, the man's enemies are disappointed, and we are branded as white-livered cowards.

We are liable to receive these raps and many more, and we are always ready to receive visitors, whether accompanied by a dog or not. Of course we do not claim there is any work in running a newspaper. Everybody knows it's a snap.—Forney News.

San Marcial, N. M., August 30.—Postmaster S. Gray Hanna of this place sold seven of the new \$100 Registered Treasury Savings Certificates, just issued by the Government, in one day. Miss Viola May Hanna bought one of them and Dr. J. E. Agee the other six. By purchasing them in August, the buyers got \$700 worth of Certificates for \$586.60, the difference being the interest they are making on the transactions.

Many a fine field of corn in the South Atlantic States is broken off by heavy winds during the later growing season. Examination will show that the stalks had been weakened by insects boring into them. The damage was done by a pale dark-spotted caterpillar, the larger cornstalk borer.

Although grasshoppers are not usually noticed by the farmer until they have reached a considerable size, they begin to injure his crops immediately upon hatching from the egg. They should be detected and combated, therefore, while young and small, so that time, labor, and material, as well as crops, may be saved.

Houston, Texas, August 30—All schools in Harris county will be thoroughly organized for the Thrift Campaign when they open next month. H. A. Halverton, Chairman of the Harris County Savings Division, said yesterday. The Boy Scouts will also help in the local sales campaign, Mr. Halverton said.

"Many persons are now away on vacations but when they return and schools open everything possible will be done to promote and increase the sale of both War Savings Stamps and Registered Treasury Savings Certificates," Mr. Halverton declared.

**COAL**

Pa replied & sed. Oh there issent no danger they are all my Folks.

**WEDNESDAY**—teacher grouchy. I staid in.

**THURSDAY**—pa tuk ma & me 2 the yawdevill show tonite & 1 time they was a girl a setting in a bath tub. You eud see her sholders which was bear. Some guy in the audients which was 2 thirds lit up started whisseling the Star Spangled Banner & the usher sed Whatchu meen. & the guy sed I want 2 make her stand up. Pa he laffed & ma kicked my Shin by aksident.

#### NO LUBBOCK FAIR

On account of the fact that there is no building available, large enough to take care of the fair, the Board of Directors decided at a

meeting Wednesday morning to hold no fair this fall. Every building large enough to hold a fair in is full. There is nothing but small frame buildings empty, and none of them, nor any two of them, are large enough to handle the exhibits.

That being the case the Board felt that it would be better to hold no fair than one which would be more or less a failure because of lack of space. The action was taken with regret, as not only were plans largely made, but it will be a disappointment to everyone in this section of the country.

The Board still plans to send an exhibit to Dallas, and possibly Waco, but under the present situation, it was deemed better not to hold a fair unless it could be made a real success. This cannot be done without proper buildings.

However, rather than disappoint the boy's and girl's clubs, and the community work under the direction of Miss Halsey and Mr. Thompson, the Chamber of Commerce will hold a rally day, giving premiums to these clubs in the same manner that was planned for the fair. The date of this rally will be September 20th. Next week a full premium list will be published for these clubs.—Lubbock Avalanche.

### Get a Hand Grenade; Is Rarest Souvenir of Great World War

Hampering the Hun line until it bent and broke, bearing the Kaiser and his clans down to inglorious defeat, the American soldiers used one weapon in greater numbers than any other. It was a weapon they had never used before, one that had been obsolete for centuries—the hand-grenade—but when the brawny lads from the U. S. A. sent the old "eggs," as they were called, spinning into dugout and pill box, the only Boches remaining on the ground were those ready to be buried.

Grenades were known to have been used five centuries ago. In 1423, at the siege of the Fortress of Casuarigore on the River Po in Italy, the defenders used a primitive grenade made of a glass bottle filled with powder. For a time, grenades were made out of heavy paper, then out of glass and then out of metal. With the close of the eighteenth century, the grenade began to be discarded and little use had been made of it until the Russo-Japanese war in 1904.

It remained for the Great World War to see the grenade developed into its present efficiency. The grenades used by the American doughboys were as carefully manufactured as their rifles. But the end of hostilities found a limited supply on hand and these were turned over to the Savings Division of the Treasury Department, the explosives extracted and they have been made over into savings banks.

"Thus a weapon of war has been transformed into a 'weapon of peace.' Instead of being used to battle the Hun, it is now being used in the fight against the High Cost of Living and the arch-enemy, Thriftlessness. Any boy or girl can secure a grenade by purchasing a \$5 War Savings Stamp; any adult by investing in three or more War Savings Stamps, but these must have been bought after July 15, 1919. These hand grenades will be distributed through local banks and by a few merchants.

If you want a grenade, get busy. Make arrangements with your bank immediately. Only a limited number of these rare and unique souvenirs of the World War could be secured and when they are gone there will be no chance of obtaining one. You don't have to wait until the grenades received to begin saving. Do that now. Then when the grenade arrives you will have that much of a start toward owning it. Ask your bank about it today.

Buy War Savings Stamps regularly. After you get your grenade, keep on buying. Don't let your "weapon of peace" remain idle.

**Grove's Tasteless Chill Tonic** restores vitality and energy by purifying and enriching the blood. You can soon feel its strengthening, invigorating effect. Price 50c.

#### Finding Trucks' Effect on Roads

To determine the destructive effect of heavily loaded auto trucks on highways and streets, and to meet the demand for data on the design of road surfaces and foundations to withstand such heavy traffic, a series of experiments is being conducted by the Bureau of Public Roads, United States Department of Agriculture, at the

Arlington Experimental Farm to determine the impact of auto trucks on roads.

The most striking single development in the highway field in 1918 was the tremendous increase in motor truck traffic. Five years ago heavy motor trucks were few in number and limited practically to the paved streets of larger cities. These vehicles now comprise probably 4 to 5 per cent of the grand total of all motor vehicles and are to be found wherever traffic conditions permit profitable use. But very few roads were designed to carry any large volume of this class of traffic. Consequently, the cost of adequate maintenance was increased greatly during the year. In many places the damage due to the incessant

pounding of these fast and heavy vehicles was so great as to require complete reconstruction.

MISS CECIL GILLIAND, Phone 39

### ROGERS—LEE

Sunday afternoon, August 31, at three o'clock Miss Ruth Lee and Arthur Rogers were united in marriage at the home of the bride. The simple and beautiful ring ceremony was solemnized by Rev. Asbell. Only the immediate relatives of the contracting parties were present.

The bride was very charmingly gowned in a pale blue Crepe-De-Chine costume with corsage bouquet of roses.

The entire community joins in wishing for this popular young couple a long and happy married life. They will make their home near Hereford.

### RECITAL

Miss Mary Valentine will give a recital, consisting of miscellaneous readings, at the Central School building, beginning at 8:00 p. m. next Tuesday evening, September 9. Miss Elzina Mounts will assist.

Miss Valentine, who will graduate in Expression in three years, is ambitious to make her own money to take final work at Boston, and the recitals she is giving so acceptably are designed to this end.

The Missionary Society of the Presbyterian church entertained the members of the church and friends with a delightful lawn party at the home of Mrs. H. L. Broadwell honoring Rev. J. R. Sharp, their new pastor and Mrs. J. A. Fox, of Waxahachie, Tex., a former member of the Society.

The spacious lawn and broad porches of this beautiful home was made very attractive with bowls of garden flowers. Seats were placed on the lawn for the guests and punch was served from an attractive table. After a social hour the following program was given:

Violin Solo—Glen Boardman, Accompanist, Mrs. Glen Boardman.

Reading—Miss Ruth Fox.  
Piano Solo—Miss Esther Fox.  
Reading—Miss Jones.  
Violin Solo—Miss Mable Barn-

hart, Accompanist, Miss E. Tatman.

Reading—Mrs. W. A. Stewart.  
One of the most enjoyable features of the program was some old time songs sung by Mr. G. W. Ross one of the pioneer settlers of the Plains.

At the conclusion of this delightful program a delicious ice course was served followed by iced melons. These melons were presented to the Society by Mr. R. N. Nunn and were immensely enjoyed by all.

At a late hour the guests departed with the best of wishes to Mr. Sharp and hoping for another

### Fall Opening September 10

Vogele Millinery

visit from Mrs. Fox in the near future.

A number of the young people enjoyed a very unique occasion last Tuesday which was in the form of a "Progressive Dinner." The dinner consisted of four courses and each at a different home with a new hostess. At this particular dinner the first course, which was the cocktail course, was served with much taste and grace, at the John L. Wilson home with Miss Olive as hostess. Next the R. N. Mounts home was thrown open to the young people where the table awaited to receive the guests for the second course, which consisted of fried chicken, sliced tomatoes, English peas, stuffed peppers, scalloped potatoes, and apple jelly. Here Miss Sena Mac acted very charmingly as hostess. The Connell home, with Miss Eddie as hostess, was a great event of the evening where the salad course was enjoyed. Then at the T. K. Wilson home, with Miss Katherine as hostess, the last course of ice cream and cake was enjoyed, after which a number of lively games were enjoyed.

Those to enjoy the occasion were Misses Bettie, Victoria, and Katherine Wilson, Sena Mae Mounts, Olive Wilson, Eddie Connell and Messrs. Hal Brunner, Jack Mounts, Dubbs Pitman, Ho Chamness and Ferd Johnson.

The Ladies' Missionary society of the Methodist Church of Summerfield will hold a bake sale at the C. O. Lee Hardware store Saturday, Sept. 6th. They will also have dressed chickens for sale. 32-11

### Report of Circle 1.

Circle 1 met with Mrs. Harry Whitehead Wednesday, Sept. 3. 12 ladies were present. Mrs. Head read the 4th chapter of Eph., a sweet admonition to us as Christians to live a consecrated life. Bro. McClurkin led in prayer. Mrs. McClurkin read a clipping entitled "Appreciation", which suggested many good thoughts if we will appropriate them in our lives. Thirty visits were made since last report. The service was closed by singing "Solid Rock" and prayer, led by Mrs. W. E. Hicks, after which the hostess served lovely refreshments.

### Mrs. J. A. Fox Leaves

Mrs. J. A. Fox and daughters, Misses Ruth and Esther, returned to the Fox home in Waxahachie, Texas, Tuesday morning, after a three weeks visit to relatives and friends in Hereford.

While here Mrs. Fox and daughters were entertained in a number of homes. Mrs. Fox and daughters desire The Brand to express for their sincere thanks and appreciation for the many courtesies extended them during their visit.

### Asbell and Sharp Attend C. E. Meeting

Both Rev. Sharp of the Presbyterian church and Rev. Asbell of the First Christian church will be away next Sunday, attending the sessions of the Panhandle Christian Endeavor Convention at Littlefield. They have asked The Brand to announce that Rev. A. B. Haynes of Canyon will fill the Presbyterian pulpit in the forenoon, with no church services at the Christian church, and that Wm. T. Noblitt, Sec. B. C. E., will deliver an address at the Christian church at night, while no services will be held at the Presbyterian church.

Rev. Haynes comes with a fine reputation as a pulpit orator, while Prof. Noblitt was formerly a teacher in the old Christian College of Hereford, and is well known here among the older residents.

It is said that exposure to weather causes greater destruction to farm implements than using them. Avoid this loss by storing all machinery and tools properly under shelter before winter sets in.

### Nicks Gets New Contract

Contractor B. A. Nicks was arranging last week to take a crew of workmen to Big Square, where he has received the contract for the erection of a modern school-house.

### Floydada Merchant Here

O. P. Rutledge, an implement and tractor dealer of Floydada, drove through country to Hereford Tuesday for the purpose of taking back a Trailmobile, for which he had a call. Mr. Rutledge was accompanied by Vern Nelson, of Floydada, a nephew of Roy Bruner, of this place. They returned home Wednesday morning.

On account of the scarcity of coal there will probably be a large amount of wood used as fuel this winter. Use all the waste timber, dead and dying trees for this purpose and be sure to conserve the ashes for garden fertilizer. They are rich in plant food, particularly potash.

### You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folk would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

One medium potato gives as much body fuel as two slices of bread and more than one egg. The tissue building material, protein, is present only in slight amount, so that milk, cheese, eggs, fish, and meat, which are rich in protein, are the logical foods to eat with

potatoes. However, the small quantity of protein which the potato contains is of an especially valuable kind. Potatoes are rich in the mineral matter necessary to keep the body in condition.

Now is the time to build the new poultry house or remodel the old one, so as to have everything ready and comfortable for the hens that are to produce the winter eggs.

Wall paper—big stock, old price.  
10-14"  
E. B. BLACK CO.

Dried pressed potato is very efficient in producing rapid gains and a high finish when fed to swine. United States Department of Agriculture investigators have found in a search for a suitable way to dispose of cull potatoes. To give best results they must be fed in combination with feeds rich in protein, such as oil meal, fish meal, and tankage.

## \$75,000,000 TO BE RAISED IN SOUTH

**BAPTISTS ANNOUNCE PURPOSES TO WHICH VAST SUM THEY SEEK WILL BE GIVEN.**

### STRENGTHEN CHURCH WORK

**Special Effort of Denomination Along General Lines Will Be Enlarged And Made Stronger As Result Of This Campaign.**

Every general interest fostered by Southern Baptists will be strengthened and enlarged through the success of the Baptist 75 Million Campaign which is now well under way, and which will reach its climax in the final drive to secure this sum in cash and subscriptions during the eight days of November 30 to December 7. A period of five years will be provided for the final payment of these subscriptions but for the campaign to succeed, the sum of \$75,000,000 must be subscribed within the eight days. Many have expressed the belief that the subscriptions will run to \$100,000,000.

At a meeting of the Executive Committee of the Southern Baptist Convention the \$75,000,000 to be raised was apportioned among the general inter-

**J. H. Anderson,** Wealthy Knoxville Merchant, Who is Chairman of the Campaign in the Baptist 75 Million Campaign.

ests fostered by the Convention, as follows: Foreign missions, \$20,000,000; home missions, \$12,000,000; christian education, \$20,000,000; state missions, \$11,000,000; ministerial relief, \$2,500,000; orphanages, \$4,700,000; and hospitals, \$4,125,000.

The apportionment of this sum among the several states within the territory of the Convention has been announced as follows: Alabama, \$4,000,000; Arkansas, \$3,200,000; District of Columbia, \$200,000; Florida, \$1,000,000; Georgia, \$7,500,000; Southern Illinois, \$1,200,000; Kentucky, \$6,500,000; Louisiana, \$3,325,000; Maryland, \$750,000; Mississippi, \$3,350,000; Missouri, \$2,925,000; New Mexico, \$250,000; North Carolina, \$6,000,000; Oklahoma, \$2,250,000; South Carolina, \$5,500,000; Tennessee, \$4,650,000; Texas, \$16,000,000; and Virginia, \$7,000,000.

Here is what this big sum of money will help Southern Baptists do for the Master, as set forth by the Campaign Commission:

"It will equip more adequately and multiply manifold the 1,099 missionary workers of the Foreign Mission Board, and the more than 2,000 Home and State Board Missionaries.

"It will enlarge and raise to a better efficiency the 132 Baptist schools in the South.

"It will go far towards meeting the expanding needs of the Southern Baptist Theological Seminary and the Women's Missionary Training School in Louisville, Ky., the Southwestern Baptist Theological Seminary and Women's Training School in Fort Worth, the Baptist Bible School in New Orleans, La., a Theological Seminary for the Negroes, and will provide a first-class college for boys and girls of the mountain region.

"It will increase greatly our hospital service to the sick, open wider our arms to the orphans and provide a strong support for our aged ministers of the gospel.

"It will put Southern Baptists in position to assume a considerable share in the reconstruction of war torn Europe and embrace many of the marvelous opportunities for service which thrust themselves upon us from all parts of the world, at home and abroad."

While \$20,000,000 of this sum will go to foreign missions and thus be expended in carrying the gospel and its blessings to other lands, the remaining \$55,000,000 will be expended at home in building up home missionary educational and benevolent institutions and projects, of which there are a number in every state within the boundaries of the convention.

### DOES YOUR BACK ACHE?

It's usually a sign of sick kidneys, especially if the kidney action is disordered, passages scanty or too frequent. Don't wait for more serious troubles. Begin using Doan's Kidney Pills. Read this Hereford testimony.

**W. F. Diebel,** farmer, Hereford, says: "Before I came down to this part of Texas, I used to be troubled constantly with weak and disordered kidneys. When suffering from kidney trouble my back ached and pained a good bit of the time. My back also would become weak and sore and pains would shoot through my back just over my kidneys. My kidneys did not act regularly, were weak and the secretions scanty in passage. I began taking Doan's Kidney Pills and they relieved me of the pain and fixed my kidneys up and they became regular in action. I know Doan's Kidney Pills are a good kidney remedy."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Diebel had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

J. A. Price has sold his 2500 acre ranch southwest of Canyon to W. R. Piper, of Lenton, and one hundred head of cattle, the deal involving \$60,000. Mr. Piper will move to Randall county within a short while.

Mr. Price will probably not leave the county.

**ARCHITECT EMPLOYED FOR TWO BUILDINGS**

President J. A. Hill of the West Texas State Normal College returned Friday from Austin where he had been attending the annual meeting of the Board of Regents for Normal Schools of Texas.

The Board employed Architect Endress to draw the plans for both the new boiler house and the new dormitory for girls which will be constructed on the Normal campus under provisions made by the appropriation of the special session of the legislature. Mr. Endress was the architect for the main building which was constructed after a fire of 1914. His plans were so successful that the Board honored him by employing him to draw the plans for the two new buildings which are to go on the campus. The two new buildings will be so constructed as to harmonize with the main building, which is the finest school building in the state of Texas.

As soon as the plans are completed and approved by the Board, bids will be let for the buildings. Both buildings will go to the same contractor as a means of economy. Work will be started first upon the boiler house as President Hill wishes to have that building completed before the time for cold weather to begin.—Randall County News.

**First State for "Better Sires"**

Connecticut is the first State in the Union to enroll officially as a supporter of the "Better Sires—Better Stock" campaign of the United States Department of Agriculture, the State agricultural colleges, and cooperating agencies. Connecticut authorities have decided to deputize their county agents with authority to examine and approve the animals of each farmer who desires admittance to the 100 per cent pure-bred sire club. Delaware and Virginia were the second and third States, respectively, to enroll. The "Better Sires—Better Stock" campaign, to begin October 1, is arousing keen interest throughout the country.

The Federal authorities in charge of the campaign will keep accurate records of the animals by kind, breed, sex, and blood lines of each farmer who enrolls. The lists will be kept by the State and counties so that there will be readily available a record of the breeding stock belonging to farmers who have been granted the official emblem of the better-sires movement.

An emergency county agent at Conyers, Ga., was the first to request enrollment blanks for distribution among the farmers of his section.

**CANYON BUSINESS MEN ENJOY DINNER TUESDAY**

One of the most profitable dinners ever held by the Canyon Business Men's Ass'n, and all together one of the most pleasant, was held Tuesday night at the Palace Hotel. From the time the men began to gather at eight o'clock until the last one had gone, a little after midnight, the question of uttermost importance in the minds of all was what could be done to make Canyon a more desirable city in which to live, and what could be done by the business interests to draw more people and more business to this city.

Toastmaster J. W. Reid introduced the first speakers between the courses, and after the dinner was finished the regular toast program was completed. Mr. Reid called upon a number of citizens present and a few visitors who responded in terms fitting the occasion.

The theme of the occasion was improvement and progress in, not only the city, but also the county at large. Paying, sidewalks, better and more roads, more residences, a more beautiful town, better business conditions, a closer cooperation between the farmer and the business interests and a closer relation between the business interests of Canyon was discussed with frankness and understanding, until each man present was thoroughly convinced it was strictly up to him to do his best that Canyon should not be retarded in her growth.

In addition to those on the program, Mr. Reid called upon County Judge C. R. Fleisher, Frank R. Jameson, Rev. B. F. Fronbarger

and Rev. W. M. Garner.

The following was the program:

J. W. Reid, toastmaster.

T. C. Thompson—"Looking to the Future."

J. W. McCrery—"Adding Wayside to Randall County."

Fred H. Ives—"The Farmer and the Business Man."

C. W. Warwick—"Making a Small Town Big."

E. E. Adams—"More Good Roads."

J. D. Gamble—"Paving the Streets."

E. H. Powell—"Financing the Association for Future Work."

President J. A. Hill—"Cooperation."—Randall Co. News.

**LUBBOCK POSTOFFICE**

This week work commenced on the new postoffice building. This building we understand, was to have been completed by the first of October, but as it will require about sixty days to build it, occupation may not be effected on this date. At its completion, we understand, the post office will be installed immediately.

This new building will have a floor space of 3375 square feet; it being a one story building, 25x125 feet. New fixtures throughout, modern and many conveniences which were not had in the old building will be installed.—Lubbock Avalanche.

**CHURCH NOTES**

**First Christian Church**

Mr. Asbell will be away Sunday attending the District Christian Endeavor Convention at Littlefield, Texas. Bible School will be at 9:45 and Judge L. Gough will occupy the pulpit in the morning. The Judge is a thinker and he will have a worth while message. The public is invited to hear him. The evening service will be announced at the morning hour of worship.  
J. M. Asbell, Pastor.

**Baptist Church**

We want to thank our people for granting us a vacation and now as we have returned and are ready to resume our regular services we hope to see larger congregations and more interest taken in all departments of the church work.

Our regular services next Sunday. Sunday School 9:45. Preaching at 11 a. m. and 8 p. m. May we not be disappointed by your absence, but may we see all the members present, and we extend a cordial welcome to all.  
Your Pastor, J. E. McClurkin.

**Presbyterian Church.**

Sunday School 9:45. Preaching at 11 a. m. and 8 p. m. Junior and Intermediate C. E. 3:30 p. m. Senior C. E. 7:15.

There will be no evening service. It is the purpose of the pastor to attend the Christian Endeavor District Convention at Littlefield Friday to Sunday inclusive.

The Rev. A. B. Haynes, of Canyon, will fill the pulpit at 11 a. m.  
J. R. Sharp, Pastor.

STATIONERY!—neat printing at living prices. **THE BRAND.**

**Christian Science Church**

Sunday 11 a. m. Subject, "Man." Wednesday 8:30. You will be welcome at each of these services. Church Building is on North Main street.

**Juvenile Missionary Society**

Sept. 12, 4:30 p. m.

Subject—"How Deaconesses are Making the World Safe." Leader—Josephine Stocking. Song. Bible Lesson—"Phoebe, the First Deaconess." (Rom. 16:1). —Mattie Lou Harrison.

**Prayer.**

Song. Story—"A Deaconess and Her Neighbors."

Special Music—Gwendolyn Spradley. Prayer.

**Presbyterian Missionary Society**

The Presbyterian Missionary Society met Wednesday, Aug. 27, at the home of Mrs. Geo. Garrison. A good attendance of the members were present. The devotional was led by the president, Mrs. Holman. A business session was then held, after which the meeting was turned over to Mrs. Alice Lea as she was leader for the lesson. A very interesting lesson was had from the last half of Isaiah.

**B. Y. P. U. Program**

Next Sunday the B. Y. P. U. will have an open meeting at 8:15 in the main church building. The Program committee has prepared an excellent program and one that will be interesting to all who will attend. Come be with us for the hour and enjoy a real live B. Y. P. U.

The Program follows: Song Service—Leader—Miss El-

**zina Mounts.**

Leader in charge—Miss Dott Owen. Scripture reading—Gladys Howton.

Value of Christian training Miss Marie Burns.

Reading—Mary Valentine. The Reward of Faithfulness —Margaret Estes.

Duet—Miss Helen Lambert and Mrs. Lloyd Wright.

Money and B. Y. P. U.—Mr. A. O. Thompson.

Reading—Mrs. Tubbs.

Offering—This goes to take care of the B. Y. P. U. Grounds at Palacios.

**Methodist Missionary Society**

On Aug. 27 the Methodist Missionary Society had a most interesting meeting at the church with Mrs. Dr. Price in charge of the lesson on "Japan and Korea." Mrs. Price used charts blackboard and maps in connection with the lesson and all who were on the program were most excellently prepared and so every point of interest was fully brought out. We are going to have our first lesson in our new study book "A Crusade of Compassion" Wednesday, Sept. 10th, and the following assignments have been made. Chapter 1—"The Battalion of Life"—Mrs. G. W. Heard, Leader. The Battalion—Mrs. Sites. Need for the Battalion—Mrs. J. Frank Potts.

Personnel and Ideals of Battalion—Mrs. F. T. Rolson.

Review of the Battalion—Mrs. W. E. Dunlap.

Chapter 2—"India"—Mrs. Jno. McLean, Leader.

General Conditions by Leader. Practice among Secluded women, Zenana and Purdah.—Mrs. E. B. Black.

Hospital Dispensary and General Practice—Mrs. J. Walter Spradley.

The Training of Native Women Physicians—Mrs. Dr. Price.

Impact of Woman's Medical Missionary Work Upon the Social Fabric of India—Mrs. Spratt.

To avoid a barrel of trouble buy a barrel of Magnolia Safety Oil, a nice clear kerosene. Phone 371.

**TO BUILD A PHONE LINE TO GRADY**

Realizing that it is very vital to the welfare of Clovis as well as the farmers north of town to have a phone line running to Claude and Grady, Lester Stone and E. Peterson took it on themselves this week to solicit stock subscriptions for the forming of a company and building the line. Speaking of the project Mr. Stone said: "I do not hardly see how the people can fail to grasp the opportunity that is now presented to get this phone built north. It will mean much to the farmer as well as the business men of Clovis. We had some very liberal responses in the matter of subscriptions but not near enough to build the line up to this time. I figure that it will take about \$10,000 to build the proper kind of a line to Grady."—Clovis News.

**ST. VRAIN BOY HITS IT LUCKY**

Many people have made quick money in the oil fields of Texas, but the story of Pat Hines, who lives near St. Vrain reads like a fairy story. Mr. Hines went to Burkburnett several months ago after he returned from the service and began working there for a salary of \$125 per month after having landed in the oil town with only \$2.50. He afterwards went to work for one of the big oil operators there getting leases on a salary of \$200 per month. Mr. Hines made a success of the job and was taken in on the deal by his employers with the result that he now has holdings that are said to be worth \$250,000. All this has been accomplished in less than a year.  
—Clovis News.

**GOLDEN STATE LIMITED IS WRECKED**

Citizens of Dalhart were astounded and shocked Wednesday morning when a telephone message to the Rock Island dispatcher's office announced that east-bound Golden State Limited had been wrecked thirteen miles east of Tucumcari and Engineer Ford and Fireman Matthews were killed. The train was running several hours late, and would have reached Dalhart about 7:30 a. m. The wreck occurred near Hudson. Cause unknown.

A relief train left Dalhart at 7:30 in charge of Trainmaster McMullen, and the remains of the two trainmen were brought back to Dalhart, where they have both lived for several years.—Dalhart Texan.

**EPISCOPAL CHURCH AT CANYON NORMAL**

Rev. Wm. Garner, of Canyon, has announced that the Episcopal Church has appropriated \$15,000 from its general fund for the construction of a dormitory for girls of that denomination who wish to attend the West Texas State Normal College. The dormitory will be erected between the church and the Normal building.

The plans are not yet adopted, but it will be the purpose to make the dormitory the social center for the young women. The money appropriated will construct a building that will house from twenty to thirty girls, young women.

Mayor J. D. Gamble, of Canyon, has closed a contract with an Amarillo engineering firm for paving around the square and to make plats of other parts of the city streets.

**STILL AFTER THE FAIR**

A meeting was held last Friday

evening to decide whether the fair stock was secured but as yet no work has been done in the country. Everyone has been so busy that it has been almost impossible for any of the Fair association has now appointed some committees to work on the matter of getting the stock subscribed. A list was passed around among the farmers as well as the others and see what co-operation among the business men with the ward a fair must be done quick.  
—Clovis News.

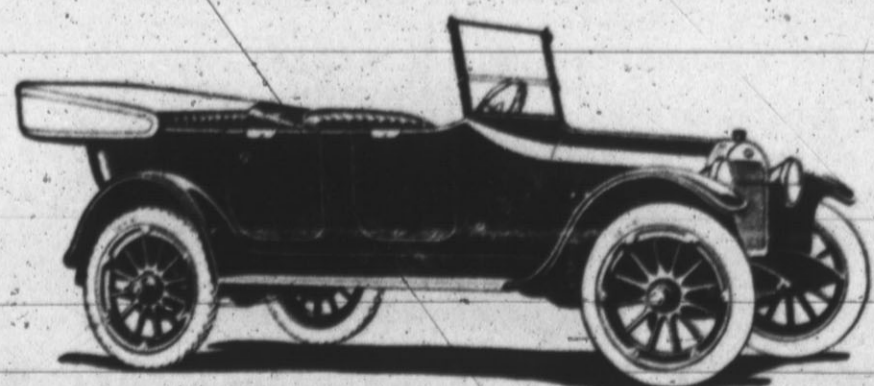

**In Harness Again!**

Back at my old stand again ready to buy or sell your land or land notes. Come in, lets renew old acquaintance and business relations, then if you care to buy, sell or exchange anything anywhere, let me help. All business entrusted to me will have my prompt and personal attention. Find me at my old office just east of P. O., where I have had a successful land business for many years.

A. H. Elliston

**THE OAKLAND SENSIBLE SIX**

The popularity of the four-passenger Coupe has been established on a very sound basis. Its reasonable shelter, convenient arrangement and high utility value recommend it wherever larger carrying capacity is of negligible importance. For small families of three or four, for the shopping and social purposes of women, and the use of business or professional men, this type of car has decided advantages.

# THE BIG FIGHT!

## The Greatest Struggle in History Now Raging. Death Grapple On Between Capital and Labor.

The unrest and unstable conditions that exist today throughout the civilized world, which is pleased to be designated the result of the struggle between Capital and Labor, when simmered to its essence, is nothing more than every man trying to get his hands into his neighbors pockets. The horrible but inevitable result of this struggle coupled with the scarcity of raw materials and the great demand for manufactured products at home and abroad, is high, very high prices on all the necessities of life. As to PROFITEERING: I know I am not guilty of it and I do not believe any other merchant in Hereford is guilty of it. No merchant can be guilty of profiteering when, as I do, he gets in new goods every day that cost him as much, and often more than he is selling the same goods for which he already has in stock. But I do know that the prices of goods are too high and there must be concerted action between the merchants and the consumers of the country to reduce the prevailing high prices. Whether or not the merchants generally are willing to make any sacrifices to this end I do not know, but I am willing to do my part and am going to begin making the sacrifice on

### SATURDAY, SEPTEMBER 6th

That date marks the first anniversary of my business in Hereford. Through the kind patronage of my many friends and customers this first year has been one of success. Now in order to fight high prices and to make room for new goods that are coming in now, I will offer everything in my entire stock at SACRIFICE PRICES Saturday, September 6th to, and including, Saturday, September 20th. Don't think, however, that I am going to have a "give away" proposition for I will not, but I will give a Big Discount on any article in my store during the above designated time. For instance, I will sell \$12.50 Shoes at \$10.00; \$7.50 Hats at \$6.00; \$10.00 Shirts at \$8.00; \$3.00 Shirts at \$2.40 and so on. This should mean that during these two weeks I will cause

### A SAVING OF \$1,000.00

to the people of Hereford and vicinity. Do you want to help bring down high prices? Do you want your share of that \$1000.00 saving? Then figure a little and see if it will pay you to call on me between Saturday, September 6th and Saturday, September 20th. Even if your purchase is only a small one it may mean enough saved to buy a sack of flour or a bucket of lard. A dollar saved is a dollar made. I do not intend that this shall be a loud report, then a sudden dying away of the sound. I intend that the sound from this report shall reverberate and re-echo throughout the entire Hereford trade territory until prices shall be permanently reduced. In other words, after September 20th I shall sell all goods at a closer margin than I have ever sold them before. I BELIEVE THAT A BIG VOLUME OF BUSINESS ON A SMALL PROFIT BASIS WILL NET ME just as much interest on my investment as I have realized in the past and at the same time I can save my customers Thousands of Dollars each year. What say you? Are you willing? Then let's get together. Remember the dates—September 6th to September 20th and hence forward. Let's start the ball rolling and keep it rolling. Hereafter Crouch's Store shall be known as the LOW PRICE STORE.

Phone 277

**THE NEW HUNTING LAWS OF TEXAS**

Austin, Texas.—The Game, Fish and Oyster Department is mailing out the new hunting licenses to the various Deputy Game Wardens and County Clerks over the State. Under the old law the price of a hunting license was \$1.75 and any one could hunt in the county of his residence or in any county adjoining the same or on land owned and controlled by him, but under the present law any one hunting beyond the boundaries of the county of his residence must procure a license no matter whether he hunts on his own land or that of another. Fee for the new license is \$2.

The following bag limit is printed on the back of the new license: "Three buck deer during the season from Nov. 1 to Dec. 21, inclusive, each year. Three wild turkey gobblers during the season from March 1 to April 30, inclusive, each year. Fifteen doves in one day, from Sept. 1 to Dec. 1, inclusive. Fifteen quail and Mexican pheasants (known as chachalaca) in one day, Dec. 1 to Jan. 31. Twenty-five ducks on one day, from Oct. 16 to Jan. 31. Eight sandhill cranes per day, from Oct. 16 to Jan. 31.

"You are not allowed to kill at any time of the year any antelope, mountain sheep, prairie chickens, pheasants (except chachalaca), woodcock or woodchuck.

"You may kill rabbits, hawks, crows, buzzards, owls, English sparrows, rice birds, and black birds in any number and all seasons.

"You must not buy, sell, or barter any wild game or game birds.

"You must not catch, kill, or have in your possession nor ship at any one time more than the aggregate of seventy-five ducks, geese, brant and shore birds.

"You must not kill any doe or spotted fawn at any time.

"You must not catch, kill or have in your possession any wild song birds.

"You must not hunt any wild game at night with any kind of a light or lantern."

**Road-Building in Full Swing**

Since early in 1919 there has been a steady increase each month in the Federal-aid business in the Bureau of Public Roads of the United States Department of Agriculture. States in all sections of the country are filing their projects and receiving allotments. The road-building era is in full swing, and it would seem that the end is not yet. All indications point to greater records in the months immediately to come.

Based on complete reports from

44 of the States cash expenditures on the rural roads and bridges of the United States for the calendar year 1918 amounted to \$286,098,193. To this should be added the value of statute and convict labor, which can not be fixed with any degree of accuracy but probably amounted to not less than \$14,000,000, thus making the grand total of \$300,000,000. This total is made up of the actual expenditures for such items as labor, materials, supervision and administration directly connected with the construction, improvement, and upkeep of public roads and bridges outside the limits of incorporated towns and cities, and does not include any item for sinking fund payments or redemption and interest on road and bridge bonds.

The year 1918 offered an unprecedented condition in practically all lines of highway work. There was not only a tremendous increase and expansion in the amount of heavy truck traffic on public roads and an unprecedented shortage in regard to road materials, labor, and ready funds, but also a decided increase in maintenance work, which was, however, partially offset by a decrease in the amount of new construction.

Attractive cases containing samples of the more common internal sheep parasites, preserved in alcohol, are being furnished by the Division of Animal Husbandry, United States Department of Agriculture, to all the State sheep specialists. They will be used to familiarize sheep raisers with the parasites so that they may be better able to combat them. The cases were prepared by the Animal Husbandry Division in cooperation with the Zoological Division and contain samples of stomach worms, tapeworms, lungworms, hookworms, grubs, and a part of the large intestine of sheep, showing nodules, the cause of nodular disease.

**Habitual Constipation Cured in 14 to 21 Days**

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 60¢

**BAPTISTS LAUNCH WORLD PROGRAM**

**PLAN TO RAISE \$75,000,000 FOR GENERAL PURPOSES WITHIN NEXT FIVE YEARS.**

**WHOLE SOUTH TO CO-OPERATE**

Each State is Given Definite Task To Perform in Raising Huge Sum For Denomination's New Budget—Drive is On.

Recognizing the need of the world for more religion and christian service among general lines, the Baptists of the South have resolved to contribute \$75,000,000 to a program of reconstruction following the war, and have laid plans to subscribe this sum during the week of November 30-December 7, a period of five years to be given in which to complete the payment of these subscriptions.

The decision to inaugurate this world program was reached at the meeting of the Southern Baptist Convention in Atlanta last May, when the more than 4,000 delegates present voted unanimously to undertake the

Dr. L. R. Scarborough, of Fort Worth, Tex., General Director of Campaign.

task. The campaign has now been organized with the general headquarters in Nashville, Tenn., where Dr. L. R. Scarborough, president of the Southwestern Baptist Theological Seminary at Fort Worth, is in charge as general director for the South. He is assisted by a number of men in charge of special divisions of the work, while each of the eighteen states in the territory of the Southern Baptist Convention has in turn perfected a state organization, including a State Director, a State Organizer and State Publicity Director. Each association, or district, within each of the states has likewise gotten busy by naming its associational or district directors, and the work of organization has been carried into the local churches to the extent that practically all of the more than 25,000 local Baptist congregations in the South have their workers named to help put over the biggest church drive that has ever been attempted in this section of the country. There are 2,000,000 white Baptists holding church membership in the South, and it is hoped to reach every man, woman and child among them with the message of this campaign and give each of them a part in the plan of saving the world by giving to the extent of their ability to this vast conservation fund.

Christian education, home and foreign missions, state missions, ministerial relief, orphanages and hospitals, are among the various general interests of the denomination that will be cared for in this campaign, the matter of local church expenses, and local church equipment not being included.

Between now and November 30th every effort will be put forth in organizing and mobilizing the Baptist forces in the South, preparatory to the launching of the big drive for the subscriptions and cash payments. July was known as preparation month, August was designated as information month, during which time every effort has been put forth in informing the people on every phase of the campaign, while September has been designated as intercession month, October as enlistment month, November as stewardship month, and the period from November 26 to December 7 as victory week.

"We have undertaken a big task," Dr. Scarborough, the General Director, says, "but we have undertaken it in God's name and for His glory, and by trusting in God and doing our whole duty, we will succeed. There is work here for all, and glory enough for all if we win, but we cannot succeed except we labor diligently and pray earnestly."

**AGED TEXAS WOMAN MAKES GIFT**  
From Matagorda, Texas comes the story of the devotion of Mrs. M. J. Bruce, an aged saint of that vicinity, to the Baptist 75 Million Campaign. She gave her pastor \$5 to apply on the campaign and was informed that subscriptions would not be taken until the week of November 30. "But I am getting old," she replied, "and may not live till the end of September, and I do not want to pass away without having had a part in this great campaign."

**YOAKUM COUNTY BOY SERIOUSLY HURT IN FALL**

Last Saturday afternoon, Vernon Smith, son of W. E. (Ed) Smith, of Yoakum County, was seriously hurt by a fall from his horse, which stepped into a dog hole. He was found about five hours later, lying unconscious. Physicians from Lubbock were called to his bedside, late Saturday evening, one remaining overnight with the patient. Sunday the young man was brought to a sanitarium here. His condition is considered very serious, having been in an unconscious state, since the fall. However, attending physicians seem to think his condition better at this time.—Lubbock Avalanche.

**BIG MORTGAGE FILED**

The longest mortgage and the one involving the money was filed with County Clerk Gene Saturday by the Empire Gas and Fuel Company. There are approximately 53,500 words in the mortgage. The mortgage is in favor of the Guaranty Trust Company of New

York for \$150,000,000. The paper covers the leases of the Empire and Fuel Company in one hundred and ten counties in Texas. The mortgage must be recorded in each of these counties.

To file such a mortgage as this involves a great deal of expense. The cost for filing will be approximately \$100 in each of the 110 counties. The making up of the papers, which covers 75 printed pages, and has a dozen affidavits is a big job and very expensive.

It will be remembered that the Empire Gas and Fuel Company came into northwest Texas more than a year ago and bought miner-

al leases upon a large amount of land. It was their purpose to get a lease upon every fourth quarter in the county. It is generally believed that this company is none other than the Standard Oil, but if it is no one will ever find it out.  
—Randall Co. News.

Beeville, Texas, August 30.—Beeville Camp No. 107, Woodmen of the World, at this week's meeting, authorized the investment of \$300 in United States Government War Savings Stamps. The Beeville Camp now has a total of \$2,050 invested in Liberty Bonds and War Savings Stamps.

**The West Texas State Normal College, Canyon, Texas**

**THE WEST TEXAS STATE NORMAL COLLEGE** is nine years old, having opened its first regular session September 20, 1910. During this short time more than 5,000 people have received instruction here. Beginning with a student-body of some 200, the summer session just closed had an enrollment of 780 and the total enrollment for the year, including regular and summer terms, is 1353.

**THE WEST TEXAS STATE NORMAL COLLEGE** has a faculty of 46 specialists. These men and women have been selected with special reference to their ability as educators and are recognized leaders in their respective fields. They are big of mind and large of heart and easily find their way into the lives of the young people they touch.

**THE WEST TEXAS STATE NORMAL COLLEGE** offers instruction in Agriculture, Art, Biology, Bookkeeping, Chemistry, Commercial Law, Domestic Art and Science, Economics, Education, English, Expression, French, Government, History, Latin, Manual Training, Mathematics, Music (piano, voice, violin, band, orchestra, public school), Physics, Sociology, Spanish, Stenography, Typewriting.

**THE WEST TEXAS STATE NORMAL COLLEGE** maintains Kindergarten and Training School for children, under the direction of educational experts. This school furnishes to prospective teachers, opportunity for observation and practice teaching.

**THE WEST TEXAS STATE NORMAL COLLEGE** has a standard college curriculum leading to the various kinds of teachers' certificates and to B. A. and B. S. degrees in Education.

**THE WEST TEXAS STATE NORMAL COLLEGE** offers scholarships annually to the honor students among young women and to the honor students among young men in the graduating class of each fully affiliated high school. These scholarships exempt the holder from all incidental fees.

**THE WEST TEXAS STATE NORMAL COLLEGE** offers annually one scholarship, worth \$100, to students who have completed with high rank a two or three-year college course in a Normal College.

**THE WEST TEXAS STATE NORMAL COLLEGE** has the best individual schoolhouse owned by the State of Texas. Plans are now being made for the erection of a fire-proof boiler-house and metal shop at a cost of \$30,000, and a handsome, fire-proof dormitory for girls at a cost of \$150,000.

**THE WEST TEXAS STATE NORMAL COLLEGE** believes in all that is high and holy in our Christian civilization and seeks always to environ our boys and girls with the most wholesome influences. It is our purpose to evade dogmatism and to enthrone spiritual understanding.

**THE WEST TEXAS STATE NORMAL COLLEGE** charges no tuition and furnishes free textbooks. An entrance fee of \$15 is the only cost. This is the people's school and its advantages are as wide open as possible.

The fall term will open September 26.
