TWO DOLLARS A YEAR.

ABO ROUTE IS SETTLED DEFINITELY

LIVELY MEETING HELD AT ENID, OKLA. ON MONDAY LAST

IS REAL CUTOFF

Route Determined Upon Is Shortest Route to Coast from K. C.

D. L. McDonald, President of the Abo Pass Highway association, returned Tuesday from the big meeting held at Enid, Okla., September 20, where he presided. A grand total of 186 delegates from four states were registered at this meeting, and the session was a scrappy and going one from start to finish. Competing delegations from different Oklahoma and Kansas routes kept things lively, but the final route was settled to run from Enid east through Medford, Blackwell and Newkirk, Okla., thence north through Winfield, Augusta, Eldorado, Florence, Emporia, Topeka and Lawrence to Kansas City.

This completes the location of the route through four states from Kansas City to a connection with the Ocean to Ocean Highway at Socorro, and the National Old Trails at Belen, N. M., and makes it the shortest highway between Kansas City and Los Angeles.

The next meeting of the association will be held at Emporia, Kansas, Monday, October 25, for the purpose of electing a vice president from Kansas and making plans to thoroughly advertise and map the route.

Mr. McDonald reports that the crowd was too big to handle at the Enid Chamber of Commerce headquarters and was moved to the auditorium of the magnificent Elks Home. State Treasurer Leecraft was the principal speaker. Horace Russell, of Amarillo, responded to the address of welcome. A big banquet was tendered the delegates at night with 200 present.

Heavy Trading in Farm and Urban Property Noted

The steady trading in land and city property, so manifest during the past few weeks, continues unabated. It appears that a large percent of those who are coming in here and investing their money are former residents of the territory just below the Caprock. Cotton farmers from farther south are buying them out at prices in advance of those quoted here, and the tide is moving on into this country. Among the sales announced the past week are the following:

D. L. McDonald to W. M. Marnell, section 76, Blk K-3, three miles north on 25-Mile Avenue, just across from the McDonald irrigated farm, price \$50.00 per acre. The purchaser has a family of five boys and two girls and will move onto his land soon and make it his permanent home.

D. C. Laird sold one section of his Castro county ranch to S. A. Henry, of Lockney, Texas, for \$25.00 per acre, and 300 acres of another section to W. E. Allman, Florida, Texas, for \$30.00 per acre. Both tracts are part of the old OYO ranch, five miles north of Dimmitt, and are unimproved. Both purchasers intend to improve their new holdings at once and become resident citizens.

The firm of Morgan & Williams report two sales as follows: J. P. Walker to J. Wood, a half section, seven miles northeast, \$40.00 per acre; W. J. Brady to Homer Bartley, a half section 30 miles northwest, \$18.00 per acre.

A. A. Ott reports two sales: E. U. Stodd to J. E. Nash, 320 acres, 19 miles west; and the T. H. Mace residence in the Evans Addition to the City of Hereford to R. O. Sears, consideration \$2,500.00.

Thompson & Wilson report three sales as follows: Arch Collins to H. H. Walker, half section 18 miles northwest; H. H. Walker to John McFarlin, residence near the Courthouse, \$1,800.00; Lula Edwards to H. H. Walker, residence and four acres west of Hereford, just outside the city limits, \$2,000.00.

A. H. Elliston gave out one sale: H. H. Walker to John De Vick of Iowa, residence in the Evans Addition, \$2,000.00.

The Central Hotel, belonging to John Cunningham, sold this week to D. M. Davis, of Bovina, possession to be given on October 3. Mr. Davis announces that he will operate the hotel himself.

DATA ON STREETS TAKEN BY MEMBER ENGINEERING FIRM

The matter of macadamizing Third or Fourth street, or possibly both of them, through town from east to west, is rapidly coming to a head. The property owners on the two streets will soon have an opportunity of saying whether or not they want this much needed improvement.

William Howren, representing the Henry Exall Elrod Engineering Company of Dallas, the man who recently reconstructed the Hereford Sewerage disposal plant, arrived in town this week and, in conjunction with the Civic Committee of the new Chamber of Commerce, took the necessary levels and made the investigations from which to determine the cost of the proposed improvements. After thoroughly working out the local conditions Mr. Howren returned to his office in Dallas, where he will prepare the plans and estimates, from which each property owner will know exactly what the road will cost him, and will submit them for final action to the local committee.

Mr. Howren was non-committal when asked which street would make the most acceptable thoroughfare, but intimated that either of them would answer the purpose acceptably and economically. In working out the plans he will figure it so that the native material to be used as a foundation on the road can later on, in years to come, be re-rolled and used as the base for a heavier roadbed, should traffic grow to the extent where that step would be advisable.

Meanwhile residents on both streets are beginning to wake up to the value of the proposed road to their property and numbers of them are coming to the committee with assurances that when the time comes they stand ready to sign up for the road.

Town Football Squad Will Be Organized Soon

A number of ex-high school and college men of Hereford, interested in football, have decided to organize a town football team for this season, and have requested The Brand to announce an organization meeting, to be held at the Courthouse next Friday night, September 24, at 7:00 p. m.

Every young man in this community who loves the gridiron game and who will help in organizing a good team is urgently invited to attend this meeting. It is believed that several good game can be matched with teams from towns in this section, and in addition, much good practice can be given the local High School football team, now beginning practice for a hard fall schedule.

The local football season will be inaugurated on Friday, October 1, when the Farwell High eleven will come to Hereford for the first game of the season. It is also probable that a game the following week will be arranged with the Portales team.

In preparation for the first game the local squad of young huskies is hard at work and, if enthusiasm and diligence in training count for anything, Hereford High will put out a team this year that will give a good account of itself. There are enough men out now to almost organize two teams. Coaches Roy Terry and Cliff Acker are putting in all the time they can spare with the boys, and every afternoon brings running and tackling work to harden the wind of the athletes, followed by stiff scrimmage work.

Wednesday afternoon Jim Lipcomb hitched his big truck to the city's grabber and scraped off the football field. The work made a different looking place of the gridiron and insures one of the best playing fields in the Panhandle.

New equipment has been received for the boys, and an Athletic Association to back the team financially and morally is being formed by Superintendent Fertsch. Hopes are high that the people generally will rally to the support of the school athletics this year and cheer on the students to the most successful athletic year in the history of the Hereford schools.

EXPERT PRINTER JOINS THE BRAND STAFF THIS WEEK

L. A. Anderson and wife, of Vaughn, N. M., arrived in Hereford Monday to make their home. Mr. Anderson is an expert printer, former publisher of a newspaper at Vaughn, and has joined the staff of The Brand.

Mr. Anderson's acquisition has relieved the labor pressure in The Brand office to a noticeable extent and makes it possible for the plant to handle the work quickly and efficiently.

MOTORCYCLE KILLS ELMER L. FULLWOOD

TRAGIC ACCIDENT ON SUMMERFIELD ROAD LAST MONDAY

SPEED TOO HIGH

Passed Car and Struck Loose Dirt, Dragged 300 Yards to Death

Elmer Leroy Fullwood, son of Mr. and Mrs. E. H. Fullwood of Hereford, was killed in a motorcycle accident, about a mile out from the bridge on the Summerfield road, early Monday morning. His skull was split across the top and the left side of the head pressed in on the brain, his left shoulder and jaw were shattered, and the fingernails of his left hand torn out by the roots where the hand was dragged under the handle bar of the machine. He was unconscious, but alive when picked up and lingered about an hour at the Hereford Sanitarium, where he was hurriedly carried. All efforts to revive him were futile and he passed away in the stupor.

Mr. Fullwood was riding his brother, Hiram's motorcycle. The machine had been overhauled and readjusted Sunday and the early Monday morning a trip was made to test the effects of the repairs. He was gone but a short time and the family had hardly missed him before his unconscious body was brought back. He was seen in Summerfield and was returning to Hereford when the fatal accident happened. He passed a car at the spot where the accident occurred, and the driver of the car stated that the motorcycle was traveling at a terrific rate of speed. The machine evidently struck soft dirt in the swing about the automobile and skidded to the ground immediately afterwards. The speed was so great, however, that both motorcycle and man traveled about 300 yards further before stopping entirely. The machine evidently bucked along those three hundred yards, hitting the ground at intervals, and battering the life out of the unfortunate young rider.

Mr. Fullwood was 25 years of age and leaves a wife and 18-month-old baby. He had only been in Hereford about three weeks, coming here from Portland, Oregon, where he was a member of the Brotherhood of Railway Trainmen. He had entered the employ of the Electric Service Station, run by his brothers, had rented a house, and his household goods had just arrived.

Besides his wife and baby, he is survived by his father and mother, one sister, Frances, and three brothers, R. A., W. S. and O. Fullwood. Funeral services were held from the residence of his parents Tuesday afternoon at 3:00 p. m., conducted by the Rev. W. H. Terry, interment in the Hereford Cemetery.

MELON WEIGHING 80 POUNDS TO BE SHOWN AT THE FAIR

Messenger & Son, progressive farmers of near Friona, have the honor of bringing in the largest watermelon for the Hereford Fair, October 15-16, that has been seen in this country this year. The melon weighs eighty pounds. The big melon is now in the ice house of Jones & McLean, where it will be kept until the Fair opens.

(By L. M. Fertsch) Lyceum

For the past seven years the Hereford Schools have maintained the Lyceum Course. This year the Redpath-Horner will present six numbers. The first number appears at Central School, Thursday, September 30. It is a musical number entitled, "The Angelus Trio." The main purpose of maintaining the Lyceum is to bring to the students, high class, high-talent amusement. Sometimes we have excellent numbers and then there are some not

COMMERCIAL CLUB HEADQUARTERS ARE TO BE ESTABLISHED

No meeting of the board of directors of the Hereford Chamber of Commerce was held last Monday, owing to the fact that four of the seven men were out of town and no quorum could be obtained. However, the regular luncheon will be held next Monday at the City Cafe. Many important matters for the good of the community will be handled at this meeting and it is hoped that every business man who can possibly spare the time will be on hand. Arrangements were made Wednesday with Shore Bros. to secure the two front rooms in the old Cockrell Garage as a home for the Chamber of Commerce. The front room will be used as a reception and display space, where the agricultural resources of this section can be shown, together with photographs and maps, etc. The rear room will be equipped for a workshop for the Secretary and the committee.

SHORE BROS. BUY OUT CARL COCKRELL GARAGE AND STATION

A change in the C. P. Cockrell Garage occurred on Tuesday of this week, when Mr. Cockrell sold his interests in the garage proper to O. M. and Ed Shore. The new proprietors took possession at once.

Mr. Cockrell purchased this business from the Ford Garage several months ago and ran it in connection with his agency for the Texas Oil Company. He retains his oil agency in this new trade. Shore Bros. are well known gentlemen of this community, of long and successful business experience, and their success in the new venture is being predicted by their many friends and acquaintances.

COTTON STALKS AT SUMMERFIELD ARE FULL OF BOLLS

J. A. Nolan, of Summerfield, sent The Brand several stalks of finely developed cotton this week. The stalks were of the Mebane variety and were liberally supplied with healthy looking bolls. Mr. Nolan, in common with several other farmers of the Plains country, has several acres of cotton in this year, testing out its possibilities in this climate.

PRESBYTERIANS TO HOLD "RALLY DAY" AT CHURCH SUNDAY

Sunday, September 29, will be Rally Day at the Presbyterian church. Lunch will be served on the church grounds. A special program has been arranged, including some extra good music. The Primary Department will give a selected program during the services.

Mrs. P. W. Price Accepts Job of Managing Displays; Barns About Ready

Advertising matter for the Hereford Free Fair, October 15-16, was being prepared the past week for distribution at the Lubbock and Plainview Fairs, and at other gatherings over this section of the Panhandle. General Manager Leslie Neal was intending to go to both Lubbock and Plainview to secure information which might help in making the local Fair more successful.

Work on the Hereford Association barn and pavilion, where the live stock and agricultural displays will be shown is rapidly nearing completion and the buildings will soon be in shape so that committees may figure on the space available.

It is the purpose to house the merchants exhibits in the basement and the Ladies' Department on the first floor of the Courthouse, as has been done heretofore. A special committee consisting of D. F. Ashbrook and T. K. Wilson, has the merchants' booths in charge.

Manager Neal announced Wednesday that Mrs. P. W. Price has accepted the job of handling the Ladies' Department this year. Mrs. Price will soon announce her sub-committees and start an active drive to make things hum in her department. Hereford has always been proud of her Ladies' Department at every Fair ever attempted here, and this year it is planned to make the exhibits more elaborate and comprehensive than ever.

A letter from the Extension Department of the A. & M. College assures the local committee that a good man will be supplied to judge the horse, sheep and hog divisions.

It has been decided to offer a special prize of \$10 for the best bushel of wheat exhibited, and to distribute \$500 in small cash prizes on the best registered hogs.

Hereford Young Men and Women To Many Schools

This community will furnish a large contribution to the colleges of the country this year, thus usual.

The completed list, so far as the Brand has been able to get it is as follows: Caldwell Hicks, Forrest Randall and Emyln Albyn, A. & M. College Station; Charles Greer, Paul Guthrie, Edward Price and Ruth Smith, State University, Austin; James Hardy McClurkin, J. W. Johnson, William Black, Joe Elliston, and Robert Sisk, N. M. M. I., Roswell; Dene Dunlap, C. I. A., Denton; Gladys Hicks and Olive Wilson, Baylor College, Belton; Gladys and Fern Axtell, Eugene Clevenger, Ruth Linnville, of Springlake, Jewell Glibbreath, Esther, Edgar and Norman Bles, Kingfisher College, Kingfisher, Oklahoma; Sena Mae Mounts, Crescent College, Eureka Springs, Ark.; Bruce and Gwynn Guthrie, Fairmont College, Wichita, Kans.; Frank McMinn, Baylor University, Waco; Cozette Hawkins, Dallas Business College, Dallas; Marie Burns and Lillian Fulkerson, Browns Business College, Colorado Springs; Dorothy Boardman, Pasadena, Calif.; Bruce Brady, Horner Institute, Kansas City; Roy and Viola Nunn, Trinity University, Waxsahatche; Jessie Womble, Flora MacDonald School, Red Springs, North Carolina.

FRIONA OIL WELL NOW DOWN 2,200 FEET; "FISHING"

Farwell C No. 1, the Prairie Oil & Gas Company's well located just outside the town of Friona, is now down to a depth of over 2,200 feet, according to a member of the crew who was in Hereford this week. Two joints of the ten inch casing was knifed off recently, and they are now fishing for it. There is enough casing on the ground, it is said, to drill this well to a depth of 6,000 feet.

The Prairie people, a branch of the Standard Oil, have a remarkable rig at Friona and apparently intend to go to the bottom of things. Incidentally, this well is the only one now drilling in this entire section.

so good, but as a whole the Lyceum has had its influence over the student body. The six numbers this year cost \$500.00. Season tickets for adults are \$2.25 and for all the students \$1.50. Everybody will have a chance to buy season tickets. It is expressly understood that no tickets are sold for charity. If you believe in the lyceum, buy a ticket; if you do not believe in maintaining it for the school, do not buy.

Our School—Big Business
From questions that the patrons of the Hereford Public Schools often ask, one can readily see that the financial side of the enterprise is very little understood. Why pay such high taxes? What becomes of the money? These are the questions of highest rank. It will be quite difficult to answer the first question because it is variable. Variable in that not all of us put an equal value on education. We might ask ourselves, what is the value of an education to my child? Then let each of us draw our own conclusion and thus come to answer our question. The second question, however, can be very accurately answered and it is hoped that the Hereford citizens ponder the answer well and lend consideration.

State Bank Takes Forward Step in Adding Personnel

At a regular meeting of the Board of directors of the First State Bank & Trust Co. of Hereford, held on September 14, Albert Herbst was named as active vice-president of the institution. J. A. Pitman was advanced to the rank of cashier, and Cliff Estes was made assistant cashier.

This action was taken in line with the announced intention of President Henry Wilkinson and the board of directors to steadily strengthen the personnel of the institution at every opportunity.

Mr. Herbst, who has been cashier and vice president for some time, joined the bank staff four years ago, coming here from San Benito, Texas. Formerly he was connected with the First National Bank of Hereford.

Mr. Pitman has been with the bank four and a half years, with the exception of the time he was in the army, and has steadily worked himself up step by step from a bottom rung to the cashiership.

Cliff Estes has only been with the bank a few weeks, but is one of the best known and best liked young business men in the county.

The many friends of these sterling young men are congratulating them upon their advancement in the business world, and the bank commended for its progressive policy.

BENNETT NEWS CO. LOSES ABOUT \$60 ON SUNDAY-NIGHT

The Bennett News Stand was frisked to the tune of about \$60 in cash last Sunday night. The money, in silver, was in a bag, and put in a private place in the building after closing hours. Monday morning it was gone. So far as The Brand has been informed, no clue has been found to the robbery.

BOY SCOUTS ARE GRATEFUL FOR TRIP TO PECOS VALLEY

The Brand has been requested to state that the Boy Scouts of Hereford, in a special meeting since their return from their recent hike, passed a formal resolution thanking the ladies of the Bay View Club, and the people generally who aided them in making possible this splendid vacation. The boys are very deeply grateful for the kindness shown them on every hand.

Low-Cost Mileage—in Goodyear Tires for Small Cars

There is no economy in buying so-called bargains in tires offered at sensationally cheap prices when a well-made tire delivers mileage at a considerably lower rate of cost.

Add the time and trouble occasioned by frequent replacements and it is fully apparent why tire users, seeking real mileage economy, are not attracted to very cheaply priced tires.

The popularity of Goodyear Tires, of the 30x3-, 30x3½- and 31x4-inch sizes, is based on the fact that they are built to deliver exceptional mileage at low cost and consistently do so.

If you own a Ford, Chevrolet, Maxwell, Dort or other car taking these sizes, go to your nearest Service Station for Goodyear Tires—for true Goodyear mileage, value, economy.

Another Good Land Bargain

Last week I advertised Section No. 76, Block K-3, at \$50 an acre and sold it. This was a good buy for the purchaser—he's certain to make money. Not because I think so, but simply because the man bought the land for less money than its real worth. Property bought for less than it is actually worth always makes money.

I have another tract of land for sale this week in the south half of Section No. 34, Block K-3, at \$35 per acre, with one-third cash and balance easy at 7 per cent interest. This land is located on an excellent graded road seven miles northeast of Hereford. Has a good five room house, good barn, other outbuildings, well and wind mill. Water is shallow and land good. Possession January 1st, or the tenant will sell 150 acres of good crop and give possession sooner. This is a good buy. Land across the fence is held at above \$60 per acre. The south half of 34 is worth nearer \$60 than \$35, the price asked. It's a snap.

RANDALL COUNTY FAIR A SUCCESS

The Randall County Fair came to a
close Friday afternoon after one of the
greatest and best three days ever seen
in this city.
Enthusiasm for Randall County's
fair was heard on every hand during
the time the grounds were opened for
visitors, and since the big affair
is now a close, the people of
anyon marvel that so great an exhibi-
tion could have been gotten together up-
on such short notice and under such
conditions imposed upon the manage-
ment by a constant down pour of rain
practically every day for two weeks be-
fore the date of the opening.
The Fair was a lesson to the pes-
simistic of Canyon and Randall county.
It was an eye-opener even to the
timid. It was a rare revelation for
a thousands of visitors who came
on surrounding towns during the
three days.—Randall Co. News.

THIEVES CAPTURED GOODS RETURNED

L. D. Morton whose store was broken
into last week by robbers who made
off with between \$400 and \$500 worth
of silk, silk waists, etc., went with Mr.
Reeves, deputy sheriff, to Liberal, Kan-
sas, on Friday night in response to a
telegram from the sheriff there advis-
ing that they had captured a man with
some articles which were possibly
those taken from Mr. Morton's count-
ers.

On arrival they found a man named
Moore who had with him a suit case
with about \$75 to \$100 worth of goods
which Mr. Morton promptly identified
as those which had been stolen.
The man was brought back to Dalhart
on Saturday evening and is now
in the county jail. The Liberal author-
ities are hoping to find his accom-
lices who will undoubtedly have the
balance of the articles which were tak-
en from the store.—Dalhart Texan.

FEDERAL RESERVE BANK SAYS 753,960 BOUGHT FOURTH LIBERTY BONDS

Dallas, Texas.—When the Fourth
Liberty Loan Drive was on in the
Eleventh Federal Reserve District,
753,960 persons bought bonds, ac-
cording to Dinamore W. Hume, Sav-
ings Director of Dallas. The entire
amount, value, of \$4,000,000. Interest
on these bonds is due semi-annually,
the next payment coming October 15,
1920. At that time the interest to be
paid will be \$3,102,231.15. A like sum
will be payable on March 15, 1921.
Regret has been expressed in banking
circles that many bond owners have
never presented their interest cou-
pons for payment, as is contemplated
by the government.

DESIRE SAVINGS TAUGHT TO TEXAS SCHOOL PUPILS

The Texas Congress of Mothers and
Parent-Teachers' Association has
pledged its undivided support to the
Government Savings Division in get-
ting the fundamental principles of
thrift and savings taught in Texas
schools. Mrs. E. A. Watters of Fort
Worth, president of the Congress, has
advised Dinamore W. Hume of Dallas,
Federal District Director of the Gov-
ernment Division, that she believes
every school child should be taught
these lessons in school which will so
materially contribute to its opportuni-
ties for success and progress in life.
Texas school children alone now own
more than \$13,000,000 of Thrift
Stamps and War Savings Stamps.

CAR TAKES TWO COMPLETE TURNS; DRIVER UNHURT

The bull doggers at the Northwest Texas Fair roundup "haven't a thing on" Edgar McLendon when it comes to spectacular riding. Yesterday he rode the red Hupmobile service car of McGlasson-Armstrong Rubber Company through one complete turtle turn and left it as it settled on its side heaving whether to make another.

Mr. McLendon was driving the car on Wayland boulevard and a Ford car struck his car midship and it turned over, righted itself and flopped on its side. While it was poised for a second turn he left it in a scrambling hurry.

Escaping air from the tank from which the gauge had been torn attracted the attention of the housewives of the neighborhood.

Although the service car and the Ford were badly damaged neither driver was injured.—Plainview Herald.

"PUDD'NHEAD WILSON" STRONG PHOTOPLAY

Theodore Roberts is Hero of Mark Twain's Story

A Paramount picture of Mark Twain's famous story "Pudd'nhead Wilson," will be presented at the Star Theatre Saturday night with Theodore Roberts, in the title role.

The story has to do with Lawyer Wilson, a young man, who has come to a small Missouri town to practice. On his first day in the village he makes a remark that induces one of the town wits to call him "Pudd'nhead" a nickname that clung to him throughout his life.

With his small glass slips, he secures among others, the fingerprints of Tom Driscoll, six months old, and of Chambers, six and one-half months old, the baby of Roxy, a mulatto slave owned by the Driscoll family. These babies are children of the same father and look much alike.

Roxy changes the babies and passes her off as the heir of the Driscolls and thus makes the real heir the slave. Twenty years later, the false Tom Driscoll returns from college, sells his real mother as a slave and in a fit of temper, murders his wealthy uncle, Tom, jealous of the interest the beautiful Rowena Cooper takes in Chambers tries to fix the crime on him. Chambers is about to be lynched by the indignant whites when "Pudd'nhead" announces that he is the slave's attorney and insists upon a trial. Investigating the finger prints left upon the dagger that was used in the murder, Wilson traces the marks and at the trial forces Roxy, the slave, to confess that she changed the babies in their cradles. The real Tom is acquitted and goes to Rowena, while the real negro is taken to jail.

In the cast supporting Mr. Roberts

are Thomas Meighan, Florence Dagmar, Allan Hale, Gertrude Keller, Ernest Joy and others.

(One of the many letters received by O. Sandusky, Secretary of the Chamber of Commerce.)

Dear Sir: I am writing you for information regarding the climatic conditions of your town.

Are there any weather extremes? Are there any radical weather changes?

What is the lowest temperature, also the average temperature during the winter?

Are the winters very long? Is there always a good breeze stirring?

Is it healthy? Is there any malaria and catarrh?

What is the altitude, also the annual rainfall?

Are there any sand storms? Is there pure water, and is there a water works?

Is there plenty of natural gas? Are there electric plants?

What is the population, and what per cent is white? Is there a good business college there?

Are the surroundings a farming country? Do they irrigate?

Where would it be healthiest for one who has weak circulation and nervous condition, i. e., a nervous shock? Would it be wise to come there in December?

Thanking you in advance, Address MRS. P. S.

Are there oil wells near? Is the town flourishing? Are there mineral wells that are good for stomach troubles? Does anyone suffer from asthma there?—Tucumcari Sun.

BUICK

UTILITY is the dominating characteristic of the new Nineteen Twenty One Buick Valve-in-Head Series.

Buick engineers have always made service and power their leading principles and those who buy motor cars on this business basis will find in the new Buick series high-powered transports just as strong, durable and dependable as the highest engineering skill can make them.

While service and power are emphasized, the new Buick models are cars of striking beauty, highly attractive in lines and in appointments. In resilient spring suspension, making riding smooth and easy, and in the generous room provided for the full number of passengers, they offer a high degree of comfort.

The roomy, commodious new Buick seven passenger open car is a happy selection, combining comfort and utility with extra passenger capacity to meet every need.

A. W. Gregg Entertains

Social life in Hereford can no longer be properly relegated to the realm of things strictly feminine, for since Wednesday, when Mr. A. W. Gregg entertained in celebration of his birthday a large party of friends, all of whom were men, the fortunate guests of the happy occasion are claiming the social world as their own peculiar province, and that men are not only excellent entertainers, but that they thoroughly enjoy the amenities of social life.

The brilliant and beautiful event of Wednesday was truly a social affair in the very best sense of the term. Without pretentiousness it had all the dignity and beauty of a formal society function, yet was simple and pleasing, owing to its wonderful atmosphere of true hospitality. In response to the happy situation, every guest was at his best and, from the initial gathering on the lawn to the moment of goodbyes the occasion was one continuous feast of rich thought, sparkling humor, and spirited repartee.

"Willow Wood," the pretty home of Mr. Gregg is far enough removed from the business center to claim many of the charms of the real country place and when, gay with flowers indoors and out, as the host—welcoming, genial, kindly—threw open its doors on Wednesday evening, the guests could read in its air of cozy quietude, inspiration for the princely qualities of the poet, scholar, nature lover, and philosopher combined in his charming personality.

After greeting the guests in his courtly manner, escorted by his two daughters, Mrs. W. E. Dameron and Miss Lura Gregg, he led the way to the dining room where a magnificent supper was served in cafeteria style. The table was attractively appointed, the feast being most pleasing to the esthetic sense as well as to the palate. The menu included fried chicken, real loaf, candied sweet potatoes, creamed fresh corn, sliced tomatoes, jelly, pickles, fruit salad, custard, lemon and pineapple pie, and iced tea.

The delicious toothsome of the viands served, occasioned many expressions of appreciation, the lemon pie being declared especially delectable. This suggested to the ready wit of the host the reading of Edgar A. Guest's poem, "Lemon Pie," which served as an introduction to a unique program, wherein story, joke and anecdote were mingled most entertainingly.

Among the many handsome gifts that expressed the congratulations and good wishes of his host of friends, was an autograph copy of the poems of Edgar A. Guest, a favorite author.

The evening passed away all too rapidly, lacking completeness only in the fact of the absence of two daughters, Mrs. Clyde Wright, who with her family now lives in Seattle, Washington, and Miss Ina Gregg, who at present is visiting her sister there.

The occasion, replete with so much that makes life fuller and richer, will live long in the memories of those who shared its delights of congenial companionship and uplifting association of friend with friend. It is enshrined in hearts that appreciate and rightly value the real worth to a community of such a citizen as is Mr. Gregg. Scholarly, courteous, and a gentleman of the old school, he is yet so modest and unassuming that his friends are numbered by those who know him. By nature an artist and a poet, he finds art and poetry in all the world about him and his mind is a treasure house of wealth. The Quaker principles that were his birthright give to him the simple faith of the Quaker poet and, like him, his life philosophy is that, "Life is ever Lord of Death, and Love can never lose its own."

The evening's guest list included: Rev. Nance, Rev. J. E. McClurkin, Rev. J. H. Sharp, E. T. Woodburn, George Barber, D. C. Laird, W. B. Dameron, B. F. Guthrie, C. C. Ferguson, Ed. Dunlap, D. R. Gass, Wm. M. Knight, G. A. F. Parker, L. Baskin, R. K. Mounts, A. M. Jones, Homer Wilkinson, O. S. Shore, Ed. Shore, W. E. Dameron, F. H. Oberthier, H. H. Boardman, C. H. Dyer, J. H. Pitman, J. O. Jenkins, L. Gough, W. F. Gahbert, W. A. Price, Chas. Donald, Roy Bruer, H. H. Hawkins, J. L. Fuqua, W. S. Higgins, G. A. Stambaugh, D. L. McDonald, and Clyde Gregg.

Afternoon Tea

An event to which the women of town will look forward with much interest is the "Health Day" program of the Bay View club, to be given Thursday, Sept. 30th, under the direction of Mesdames J. Frank Potts and C. S. Garrison, district and county Chairman of public health, respectively, for the federated clubs of the first district.

The affair has been designated a tea, with the thought that "over the teacups" there may be that informality conducive to frank and open discussion.

Of the formal numbers on the program, that of Miss Rambo, head of the department of home economics in the Canyon Normal, is anticipated with special pleasure. Other out-of-town and local talent will assist.

The guest list includes every woman in town who is interested in the vital question of public health. Members of the Mothers' Club, Music Study Club,

Delphian Club and Parent-Teacher Club are urged not only to be present, but to interest others in attending.

A cordial welcome and an interesting and instructive program is assured. The meeting will be held at the club room from 3 to 5 p. m.

Lodge Entertains Mr. and Mrs. Stambaugh

One of the largest and most enjoyable parties of the week was given on Thursday evening at the home of Mr. and Mrs. J. B. Jones, when the Rebekahs entertained in honor of Mr. and Mrs. G. A. Stambaugh.

The honor guests, both prominent members of this order, were leaving the following day for permanent residence in Pomona, California, and this social evening of the lodge membership was a tribute to the esteem in which they are held.

A lawn party with a picnic supper and literary and musical program had been planned but the heavy rain of the preceding day made it necessary to change the plans in part, the party gathering at the Jones home and partaking of the elaborate, supper then reparteeing to the I. O. O. F. hall where the program was carried out.

Music, impromptu speeches and other social features, combined to make a thoroughly delightful evening.

Mr. A. H. Elliston, in a fitting speech, presented to Mr. and Mrs. Stambaugh, on behalf of the lodge, a handsome thermos bottle. The pleasing and appropriate response of Mrs. Stambaugh was much appreciated.

About forty guests enjoyed the occasion.

Young Men Entertain

One of the most enjoyable events of the season was given on last Sunday afternoon, when a number of young men entertained their young lady friends with a picnic at Sulphur Park.

The party met at the J. H. Pitman home and from there proceeded to Sulphur Park where the afternoon was spent enjoying the beautiful scenery and fresh air.

A very elaborate picnic dinner was served in the early evening and the jolly party returned to their homes, having spent a most delightful afternoon.

Those to enjoy this occasion were: Misses Mattie Mounts, Mable Jowell, Johnnie Wood, Bobbie Aston, Grace Smith, Lura Gregg, Vivienne and Maurine Steckman, Olive, Catharine and Victoria Wilson, Messrs. Paul Jowell, Dave and John McDonald, Loyd Edwards, Jack Mounts, Travis Dameron, John A. Johnson, Carl Lewis, Ho Chamness, Dubbs and Mac Pitman, and Mr. and Mrs. Jno. Williams.

Miss Donald Honored

Miss Ola Donald, of Lewisville, Texas was honor guest at an afternoon Kensington given by Mrs. C. O. Ferguson, on Friday. Throughout the de-

lightful afternoon, dainty needlework occupied busy fingers while the cheery hum of voices spoke the pleasure the occasion afforded. Iced watermelon, juicy and toothsome, furnished an ideal refreshment course which was as pleasing to the eye as to the taste.

The afternoon was enjoyed by Mrs. Chas. Donald, Miss Emma Jean Donald, Mrs. D. C. Laird, Mrs. Arch Collins, Mrs. A. W. Price, Mrs. B. F. Guthrie and Miss Ola Donald.

Class Party

Mrs. J. F. Ward of South Hereford, was hostess to the members of her Sunday School class at a twelve o'clock dinner given at her home on last Sunday.

The jolly party of girls enjoyed a pleasant auto ride to the Ward home immediately following the morning church service, and bubbling over with youthful animation and keen enjoyment, they formed a gay company of dinner guests.

The dining room and table were tastefully decorated with a variety of mid-summer flowers, their vivid coloring expressive of the sunny brilliancy of joyous girlhood.

The dinner was just such a feast of good things as girls enjoy and the appreciation of the youthful guests made of it a genuine pleasure to both hostess and guests. An informal afternoon with some excellent musical numbers and "get acquainted" diversions completed a most enjoyable day.

The class is made up of Gladys Bryant, Lena Gilliam, Gwendolyn Price, Frances Potts, Dollie Ward, Maurine Hughes, Bertha and Iva Parker, Elizabeth Stegall, Louise Ricketts, Kathleen Hawkins, and Ruth Davis.

Bay View Club

The Bay View club began its year's study on Thursday with good attendance and enthusiastic interest. Mrs. Carl Cockrell being hostess for the afternoon.

The lesson subject, "Marlowe," was interestingly presented by the leader, Mrs. Donald. Two excellent papers, "Theatres in the Age of Marlowe," by Mrs. J. E. Ferguson, and "Period Taverns and Tavern Life," by Mrs. Chris Garrison, were alike instructive and entertaining.

"The Faust Legend," by Mrs. Geo. Garrison, added interest to the lesson story, while life sketches of Green, Lodge, Nash and Peale, by Mesdames Ray Barber, Guthrie, Potts and Betts, pictured the writers of that day and closed the program. The club welcomed to its membership, Mesdames Edgar Betts, Ray Barber, W. E. Dameron, Jno. Williams, W. R. Steckman, P. W. Price, E. W. Harrison and Miss Clara Dunlap.

Endeavor Social

The intermediate Endeavor of the Christian Church enjoyed a pleasant social evening at the Church on Friday.

An entertaining program was given, a variety of games adding to the evening's pleasures.

Delicious fruit punch was served throughout the evening.

Ford
THE UNIVERSAL CAR

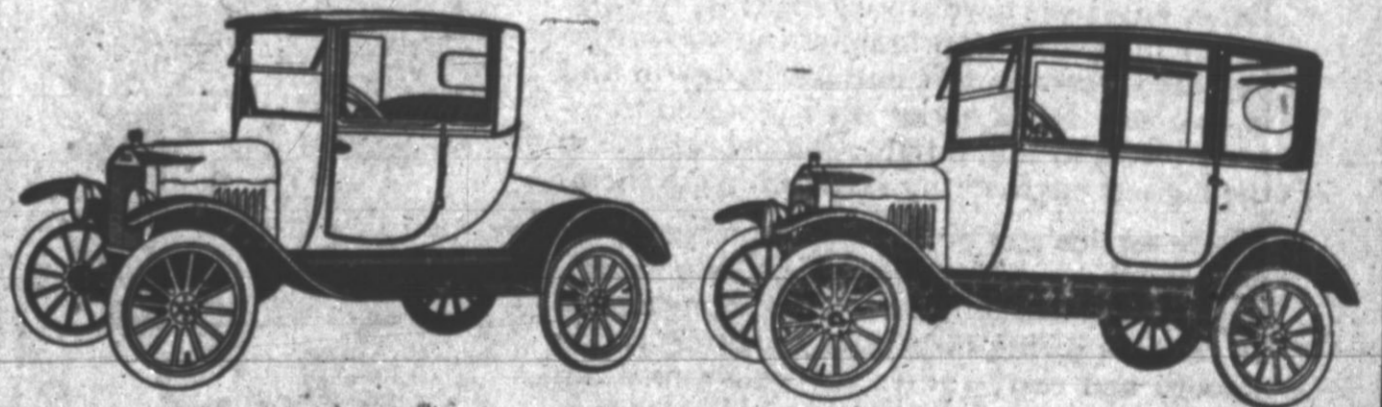

Reduction in Price of Ford Products

The War Is Over and War Prices Must Go

Effective at once, Ford Cars, Trucks and Tractors will be sold at the following prices:

	F. O. B. Detroit
Touring, Regular	\$440.00
Touring, with Starter	510.00
Runabout, Regular	395.00
Runabout, with Starter	465.00
Chassis	360.00
Coupe, with Starter and Demountable Rims	745.00
Sedan, with Starter and Demountable Rims	795.00
Truck, Pneumatic Tires	545.00
Tractor	790.00

The Ford Motor Co. makes this reduction in the face of the fact that they have on hand immediate orders for 146,065 cars and Tractors. The company will suffer a temporary loss while using up the material bought at high prices, they are willing to make the sacrifice in order to bring business back to a normal condition as quickly as possible and maintain the momentum of the buying power of the country.

Henry Ford says "the war is over and it is time war prices were over, there is no sense or wisdom in trying to maintain an artificial standard of values. For the best interests of all it is time a real practical effort was made to bring the business of the country and the life of the country down to regular pre war Standards."

We are at your command with regular Ford efficiency in service and ready to fill all orders on short notice.

Additional Locals

Mrs. C. E. McLean, of Dimmitt, arrived in Hereford Wednesday morning from Ft. Worth, Texas. Mrs. McLean had accompanied her daughter, Alice, to Ft. Worth, where she will enter T. W. C. for the coming school year.

Mrs. C. J. Norvell, of Corsicana, Texas and Mrs. O. E. Norvell, of Olden, Texas left Hereford for Dalhart Monday to visit relatives. Mrs. C. J. Norvell is Mrs. C. D. Shaw's mother, Mrs. O. E. Norvell is Mrs. Shaw's sister.

Mr. and Mrs. B. Franks and Emmett Alban went to Amarillo Wednesday afternoon. Mr. Frank will go on to Ohio where he will visit relatives and friends. Mrs. Franks and son, Emmett, will visit with Mrs. Franks' son, Dave, in Amarillo for a few days.

Mrs. A. Mehaffey and Mr. Alex Rose, both of North Bend, Neb., arrived in Hereford Saturday to visit their sister, Mrs. John Haberer. Mr. Rose will go from here to California, where he expects to locate. Mrs. Mehaffey will visit with her sister for about a month before returning to her home.

GIBSON DON'T LIKE MOSQUITOES, BUGS AND HOT WEATHER

A. L. Gibson, who has been in Edgerley, La., about half way between Lake Charles and Beaumont, for several months, arrived here Wednesday for a stay of two or three weeks. Mr. Gibson recently sold his farm west of town and is straightening up his affairs.

He states that while his business interests will keep him away from Hereford for possibly a year longer, he expects to return to this country as early as possible, as he hates to think of putting in more time than absolutely necessary fighting heat, mosquitoes and insects.

The representative of the Department of Fire Prevention, Austin, Texas, upon inspecting our high school, ordered the Board to at once build two fire escapes. The building of these fire escapes will easily take up the difference between the receipts and expenditures.

Tuition
Hereford Schools charge tuition of all children not yet of school age or scholastics. This is done simply to pay the salary of the teacher for underages. The schools do not draw any state money for children under the age of seven by Sept. 1, 1920. By not drawing scholastic money the Board rightly asks tuition in order to help finance and thereby give the children of from six to seven, school advantage. The charge of tuition is also rightly made of all children attending school in Hereford but belonging to other school districts.

Fees
Different fees are charged in the different departments in High School. Take Home Economics, for example. The girls who take Domestic Science pay one dollar per month. This money is used by the teacher of this department in buying groceries for the cooking lessons. The girls eat their own cooking and should pay for what they eat. There is a fee in the science department to take care of the loss in breakage. Also a fee is charged in Manual Training to cover the expense of lumber used. It would certainly not be just and fair for the students in Manual Training to make various types of furniture at the expense of the public. The Board exacts fees only in so far as any course could become a drain on the school fund. It is but right that every course in High School be equal and where this course, fees are permissible. Then too, there is a library fee of 75c in High School, 50c in grammar school, and 25c in primary school, for library purposes. Take the High School library, for instance. Former pupils have made it possible to purchase over 1200 copies of different classics. To hold our affiliation, every student of the high school must read a required number of classics. Now a student can rent a copy at 10c, purchase any copy, or the school gives him the use of all classics for 75c per year. If parents really understood what these fees meant for the libraries for our schools, a more liberal response would certainly be made.

This article was prepared simply to show and to emphasize the financial side of our schools. The schools opened with a very large enrollment. An able and willing faculty is working faithfully for the interest of the children. With a mutual good will, on the part of all, Hereford should expect large returns in an educational way on all the school investments.

YOU certainly want to save money, and you would like to have better bakings. Then use Calumet. It's the biggest thing you can do to improve the quality of your bakings, and lower baking costs. Calumet is made in the largest, most sanitary Baking Powder Factories in the World. No Baking Powder is made under better conditions—none can be better in quality. It contains only such ingredients as have been officially endorsed by the U. S. Pure Food Authorities. An absolute guarantee that it is pure.

RAISES THE QUALITY—LOWERS THE COST OF ALL BAKINGS

CALUMET BAKING POWDER

It received highest Awards, World's Pure Food Exposition, Chicago—Paris Exposition, Paris, France—positive proof of its superior merit.

It is used by more housewives, domestic scientists and chefs than any other brand. That would not be the case, if it were possible to secure a higher quality leavener. It is sold at a moderate price. All you have to do is to compare costs to determine how much you can save by buying Calumet.

Found can of Calumet contains full 16 oz. Some baking powders come in 12 oz. Instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Cream Cake Recipe
—3 cups pastry flour, 3 level teaspoons Calumet Baking Powder, 1/2 cup butter, 1/4 cup granulated sugar, 1/2 cup cold water, Whites of 3 eggs, 1 teaspoon orange extract. Then mix in the regular way.

DIMENSIONS AND AREA OF THE U. S.

The gross area of the United States is 3,020,780 square miles. The land area amount to 2,973,744 square miles and the water area—exclusive of the area in the Great Lakes, the Atlantic, the Pacific and the Gulf of Mexico within the three-mile limit—amounts to 53,015 square miles. These and other data determined or compiled by the United States Geological Survey, Department of the Interior, to show the limits of the continental United States contain some interesting facts.

The southernmost point of the mainland is Cape Sable, Fla., which is in latitude 25° 07' and longitude 81° 05'. The extreme southern point of Texas is in latitude 25° 50', and longitude 97° 24'. Cape Sable is therefore 40 miles further south than the most southern point in Texas.

A small detached land area of northern Minnesota at longitude 95° 09' extends northward to latitude 46° 23'.

The easternmost point of the United States is West Quoddy Head, near Eastport, Maine, in longitude 66° 57' and latitude 44° 49', the westernmost point is Cape Alva, Wash., in latitude 48° 10' which extends into the Pacific Ocean to longitude 124° 45'.

From the southernmost point in Texas due north to the forty-ninth parallel, the boundary between the United States and Canada, the distance is 1,598 miles. From West Quoddy Head due west to the Pacific Ocean the distance is 2,507 miles. The shortest distance from the Atlantic to the Pacific across the United States is between points near Charleston, S. C., and San Diego, California, and is 2,152 miles.

The length of the Canadian boundary line from the Atlantic to the Pacific is 3,898 miles. The length of the Mexican boundary from the Gulf to the Pacific is 1,744 miles. The length of the Atlantic coast line is 5,560 miles and that of the Pacific coast line is 2,730 miles. The Gulf of Mexico borders the United States for 3,640 miles.

Nearly all maps of the United States show the parallels of latitude as curved lines and are likely to lead the ordinary observer to believe that certain eastern or western States are further north than some of the central States that are actually in the same latitude.

For this reason, one who is asked which extend farther south, Florida or Texas, is very likely to say "Texas," but, the mainland of Florida is nearly 50 miles farther south than the southernmost point in Texas. For the same reason, when we consider the geographic positions of countries south of the United States we find that errors are likely to be made in estimating position or extent in longitude. Few realize that the island of Cuba, for example, if transposed directly north would extend from New York City to Indiana, or that Havana is farther west than Cleveland, Ohio, or that the Panama Canal is due south of Pittsburgh, Pa., or that Nome, Alaska, is farther west than Hawaii.

BACHELORS PROTEST LIMITED EVENINGS

Action by the school authorities in limiting social activities by teacher to non-school evenings has raised a sharp issue in the community, with a marked clash in opinion. Eligible bachelors are in a state of near rebellion against constituted authority. They feel that the rule comes under that prohibition of the constitution which forbids "cruel" and unusual restraint. On the other hand the all-year belles of the community feel that school marm activities will be greatly restricted by the school board rule, and are therefore inclined to favor it. They indicate that with the opening of each school term heretofore they have been more or less crowded to the wall by unfair (or perhaps too fair) competition, and their attitude seems to suggest that school marm who absent themselves from the community during long periods of vacation, which they spent in watering places, mountain resorts and other romantic localities, ought to be content with limited opportunities during school terms.

Seventeen bachelors of the community have joined in a formal protest at the school board's action. They contend that they have been nourished through the long closed season for school marm by the vision and expectation of a fall renaissance, and they object to having these hopes ruthlessly shattered by a school board whereon, the bachelor fraternity has no adequate representation.

In view of the sharp conflict in opinion it can be readily seen that the school board's dilemma is a delicate one.—Texas Farm and Industrial News, Sugarland, Texas.

FINGER PRINTS USED BY LAWYER IN FILM
 Interesting Story Developed in "Pudd'nhead" Wilson
 How an enterprising lawyer employed finger-prints after many years to restore a young man to his lawful inheritance and exposes a impostor, are admirably shown in the Paramount picture of Mary Trawl's famous story, "Pudd'nhead Wilson," with Theodore Roberts as star, which will be presented at the Star Theatre next Saturday night.
 Like all pioneers in the sciences, Wilson's hobby of detecting crimes by means of finger-prints was derided and sneered at. The scenes of the story transpire in the pre-rebellion period when the finger-print theory was in its

"I've been working around here, on a guess that was so wild when it first started that it seemed too preposterous even for me. I'll tell you that we are not investigating Mr. Sidney any more. We are looking for another person, and I believe we are going to find him. Then we are going to find some one else. Doctor, I tell you, if you don't know it, as you say, it is the strangest case I ever have known. It is one of hate. Mind, I'm only guessing."

"That touch was so impressive that I betrayed an emotion. He saw it. 'I had you there,' he said."

"Mr. Morgan," I said, "you will not believe me, and for that reason it is useless for me to say and keep on saying that I know of nothing here. I could help you on. You suggested something to me just now, and you saw that you had done so. But that was because of a coincidence immaterial to what you call a case."

"Very well," said Morgan. "I did not expect to get ahead by coming here, but I want to be fair and reasonable. You do not know anything, but I am not allowed to talk to any one who might know."

"You have talked to Jed," I said. "You cannot reasonably expect to be allowed to annoy the ladies of the house or to flutter the servants. Mr. Sidney is very ill and very weak. Even you would refrain from introducing your case to him if you saw him. If we seem to avoid your inquiries, it is unfortunate. We have nothing to avoid."

"I follow my hunch," said Morgan, getting to his feet. "If I am right, something will be revealed that even I could not compromise. I am afraid you must prepare yourself for some publicity."

"I have told you before that you must select your own course," I replied, and Morgan took his leave, driving away through the snow.

We had our Christmas eve in Mr. Sidney's room. He was very feeble physically and could be raised on pillows in bed but nothing more. But he was the spirit of joviality. He had Jed sit in a great armchair by his bed, and early in the evening he had a bottle of claret opened for him. Nothing would do but Mrs. Sidney and Isobel should have a bottle of Madeira, and I had a whisky toddy. A great punch-bowl was brought in, and Jed mixed gallons of liquor and many apices in it.

Four of the men servants came in with a great log for the fire, and had large cups of punch before they went out.

Mr. Sidney evidently was determined to corrupt the whole household. I'll never be able to give an adequate idea of the joviality of that Christmas eve in the sick-room. Mr. Sidney and Jed had conspired for some months to make a festival.

Our dinner, served in Mr. Sidney's room, brought a bear's head, carried by a laughing maid. Wine was sent to the servants. Isobel found a pearl necklace in what had seemed to be a baked sweet potato. I found a gold watch in a box under a few leaves of lettuce. Mrs. Sidney found merely a note in a bunch of violets which was given her with ceremony.

She read it and had difficulty to remain wholly composed. She arose and went to her husband, taking one of his hands and putting an arm about his shoulder. Then she kissed him and stood a moment before the fire before she trusted herself to come back to the table.

When the dinner was done and the covers were removed, more wine was brought in. A large Christmas tree was lighted, and all the servants were called. Each found a valuable present in the tree; each had punch from the great bowl, and each, coming to shake Mr. Sidney's hand, was given by Jed an envelope which, I learned afterward, contained a hundred-dollar bill.

There was no constraint and no awkwardness such as might mark such proceedings; the people of the house knew Mr. Sidney too well. One of the maids kissed him, and then we had them all doing it.

I was fearful that the excitement would injure him, but he was placid, smiling and happy. When we were alone, we sat an hour by the fire, and

then I dismissed every one peremptorily.

Jed, who had been about his duties, returned. The fire was tended. Another bottle of wine was ordered. I had my last look at Mr. Sidney alive as I stood by the door giving Jed his final instructions for the night.

Jed sat in the armchair. All the lights except one by Jed's chair had been extinguished. The Persian cat was stretched by Mr. Sidney's side. The canaries were asleep perched on the head of his bed. The fire was glowing.

"Good night, Mr. Sidney," I said. "Good night, Jed. A pleasant evening."

"Good night, doctor," said Mr. Sidney. "Just a minute, boy. Come here." He reached out his hand. "Good-bye," he said.

CHAPTER XV.

Mr. Sidney died between three and four o'clock Christmas morning. He passed so easily that Jed, sleeping in the lounge-chair beside him, did not know that death had gone through the chamber until an hour after the event. Jed awakened me. In the case of such an expected happening as this, the perceptions start slowly. The fact that the benignity which so imperceptibly had dominated the house had ceased to exist took hours to assert itself.

Jed was composed when he aroused me. Later, when the sun came up to make radiant all the white witchery the storm left, his sense of loss began to assert itself, and acute as was the grief in the house, none was deeper seated or more profound than that of the rascally old servant.

Mrs. Sidney accepted the event with a serenity which I discovered afterward was born of a long-fixed resolution. For years her life had been a denial of her moral instincts—happy, in spite of that, because of her great devotion to the wonderful man she loved. The chapters which he dominated in her book were ended. With tenderness she laid them aside.

Isobel did not permit herself indulgence in any weakness. What had happened was written in the contract of life. In later full knowledge of Isobel, I never ceased to admire the wonderful acceptivity with which she met her trials. Nothing came to her with catastrophic shock. She had

WHY? Put Up With BLOW-OUTS AND PUNCTURES

Thousands of motorists in all parts of the country have found a satisfactory answer to the question, WHY PUT UP WITH BLOW-OUTS AND PUNCTURES?

Furthermore they are saving 50 percent on their tire expense, and are actually getting from

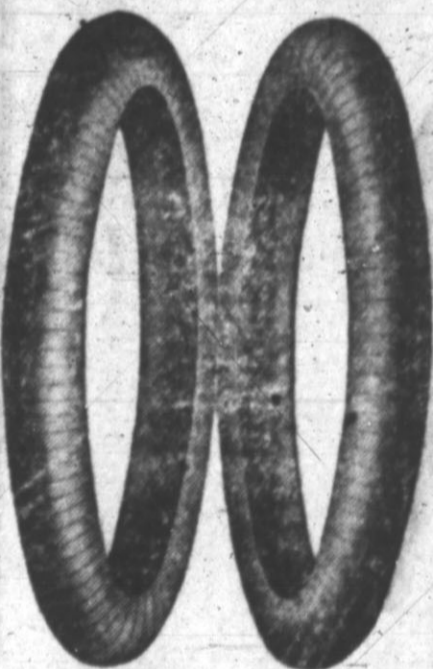

3,000 TO 5,000 EXTRA MILES

from every tire. Think of the saving. Think of the satisfaction.

No Blowouts or Punctures

If you want to cut your tire expense in half—if you want to double your mileage, and, above all if you want to put an end to tire troubles, equip all of your tires with

STEPHENS INNER TYRES

30 DAY FREE TRIAL

You don't have to risk a cent to find out what STEPHENS INNER TYRES will do. Buy one or a set of them. Use them 30 days. If they are not exactly as represented, return them, and your money will be cheerfully refunded.

EASY TO INSERT

INNER TYRES are extremely easy to insert. No cement or vulcanizing necessary. Patented SUCTION CUPS prevent any possibility of slipping or creating heat. INNER TYRES are transferable from one casing to another.

HOW THEY ARE BUILT

A STEPHENS INNER TYRE is put a reinner, retread or filler. It does not interfere in any way with the air pressure and resiliency of tire. Built endless, of several piles of high quality fabric, with a cushion of soft rubber on the tread. No overlap. Positively adds 50 percent to riding quality of car. Guaranteed to do everything claimed. A scientific reinforcement for all tires—old or new.

CHURCH NOTES

Fall Opening at the First Christian Church

Pastor Asbell has returned from his vacation and is now ready for business. He will open the Fall and Winter Campaign with a Rally and Get Together day Sunday. Let's begin the day with a banner Sunday School. Supt. Claude Ricketts and his faithful teachers have the Bible School humming. The primary department, under the leadership of Mrs. E. E. Ramsey, is going good. The department has been equipped with some modern up to date furniture and they are well prepared to care for the little people.

At the eleven o'clock service Mr. Asbell will have something to say regarding the Fall and Winter Campaign. The evening service at the Christian church will be unique. It will be a service that will appeal to the younger set. At the close of the evening meeting, the young folks class will be AT HOME to the Young people of the community. If you are not interested in church work elsewhere you will have an urgent invitation to enjoy the evening service and one hour of social good time at the close of the meeting in the Church Parlors. This is a new feature we are adding this winter and we think it will work well in getting the young people of the community together, especially those who come from afar to attend school. Come, feel at home, for it is your service.

It was decided at a meeting of the official board that we would discontinue the Union Service with our Presbyterian friends for the time being. These Union meetings have been going on for nearly three years and have been satisfactory and profitable. We are hoping that they will be resumed when the cold weather comes.

THE STATE OF TEXAS
The Sheriff or any Constable of Deaf Smith County, Greeting:
YOU ARE HEREBY COMMANDED to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in Deaf Smith County, a copy of the following notice:

THE STATE OF TEXAS,
To all persons interested in the Estate of G. B. Hughes, Deceased, Jas. Robinson has filed in the County Court of Deaf Smith County, an application for Letters of Administration on the Estate of said G. B. Hughes, Deceased, which will be heard at the next term of said Court, commencing on the first Monday in October, A. D. 1920, the same being the 4th day of October, A. D. 1920 at the Court House hereof, in Hereford, Texas, at which time all persons interested in said Estate may appear and contest said application, should they desire to do so.
HEREIN FAIL NOT, but have you

before said Court on the said first day of the next term thereof this writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Hereford, Texas, this 7th day of September, A. D. 1920.

(Seal) A. O. THOMPSON, Clerk
County Court Deaf Smith County,
Texas.
34-2t By A. L. Biggs, Deputy.

THE STATE OF TEXAS
To the Sheriff or any Constable of Deaf Smith County, Greeting:
Oath having been made, as required by law, that Defendants, Clarence McKey and Amy Pearl McKey, are non-residents of the State of Texas, you are hereby commanded to summon the said Clarence McKey and Amy Pearl McKey by making publication of this citation once in each week for four successive weeks previous to the return date hereof in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the sixty-ninth judicial district; but if there be no newspaper published in said judicial district, then in a newspaper published in the nearest district to said sixty-ninth judicial district, to appear at the next regular term of said District Court of Deaf Smith County, Texas to be holden at the Court House thereof, in Hereford, on the first Monday in November, 1920, the same being the first day of November, 1920; then and there to answer a petition filed in said Court on the 13th day of August, 1919,

in a suit numbered on the docket of said Court number 1192, wherein H. F. Giesler in Plaintiff and Clarence McKey and Amy Pearl McKey are Defendants.

The nature of Plaintiff's demands being as follows, to-wit: A suit on a promissory note for \$500.00, dated February 11, 1915, payable on or before four years from date, bearing interest from date until paid at the rate of 7 percent per annum, interest payable quarter-annually; said note executed by the Defendants and payable to the order of Plaintiff; said note providing for a reasonable attorney fee in case suit is brought thereon. Plaintiff's petition alleging that the note is past due and no principal or interest has been paid thereon, except the interest has been paid to August 11, 1915, and further alleges that it became necessary to employ counsel to assist in the collection of said note, and on April 1, 1919, employed an attorney and agreed to pay the attorney the sum of \$100.00 for

his services, which the petition alleges was necessary and reasonable and that said attorney's fee, though due by reason of the petition, has not been paid.

Plaintiff also seeks by said petition to foreclose a Deed of Trust Lien on the E. 1-2 of the N. E. 1-4 of Section 37, Block K-4, Certificate number 133, containing eighty acres alleged to have been given to secure the payment of said note.

HEREIN FAIL NOT, but have you before said Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Witness, A. O. Thompson, Clerk of the District Court of Deaf Smith County.

GIVEN UNDER MY HAND AND THE SEAL OF SAID COURT, at office in Hereford, Texas, this, the 7th day of September, 1920.

Look at the roads for twenty miles around on a Sunday

THERE isn't any "country" any more. The automobile has brought the most remote settlement almost as close to the center of things as the next county was in the old days.

They make no distinction between the *small car owner* and the owner of the *biggest car in the country*.

It's all the same to them. So long as a man owns an automobile—large or small—he's entitled to the *very best tire* they can give him.

Quality has always been the *outstanding feature* of U. S. Tires. There's no *limit* on the U. S. guarantee. All U. S. Tires are guaranteed *for the life of the tire*.

To hear some tire dealers talk you might think that nobody knew anything about tires except the fellow from Broadway.

That's not the basis we go on.

We give every man credit for knowing *what he is spending his money on*, whether he drives up here in his small car from ten miles out in the country or is passing through from the capital in his limousine.

We have given a lot of thought to this tire proposition. There is some advantage in being the representatives of the oldest and largest rubber concern in the world.

Drop in the next time you're down this way and let us tell you some interesting facts about tires.

That's one thing we like about U. S. Tires.

Mrs. Baird Marries
Hereford friends of Mrs. Lella Vaughn Baird will be interested in the announcement of her marriage, in Amarillo, on Saturday, to Dr. Claude R. Wolcott, of that city.
Mrs. Wolcott formerly lived in Hereford but has been a resident of Amarillo for the past two or three years. Her leaving here was a source of much regret in musical circles as she is a vocalist of rare attainments and a very excellent teacher of voice.
Dr. and Mrs. Wolcott will be at home at 1305 Harrison St., Amarillo, after Oct. 1st.

Mr. and Mrs. Hicks Daniel and little daughter, Stella Mae, of Amarillo, arrived in Hereford last Sunday. Mr. Daniel returned the same day, while Mrs. Daniel and daughter will remain in Hereford for a few days to visit her father, R. H. Womack.

Notice
There are some automobile drivers who are hauling people and charging them for it. This is strictly against the law, as a Chauffeur's license must be paid by those who charge for hauling passengers. We are following this trade and paying our license. We do not want to get anybody into trouble, but will be compelled to take steps to stop this hauling without a license unless the practice ceases.

Is Your Kitchen a Prison or a Playground?

The average woman spends twenty years of her threescore and ten in the kitchen. A kitchen cluttered up is the most depressing and discouraging spot on earth. A tidy, orderly kitchen is a real joy to any woman who possesses the true domestic instinct. Everything hinges on how a woman manages her work. But—how can she manage her work if she has nothing to work with?

A Hoosier Cabinet is the solution.

It is the cheerful, efficient, always-at-your-elbow slave of the woman who refuses to drudge.
Thought, study, experiment, and the opinions of the best known domestic scientists over a period of twenty years are built into every Hoosier. Two million American housewives have selected it, bought it, and brought it into their daily lives. In their opinion, it is the best, or they would have chosen some other kind.

There is not a shelf or a cranny in the Hoosier that has not been planned and sized and placed scientifically—with the housewife's comfort in mind.
We sell Hoosiers on terms to suit the customer.
Singer Sewing Machines are sold on terms to suit you.
Phonographs and Pianos are sold on terms—if you like.
