# Mules Rumble Past Morton on Indians 16-6

## Blocked Punt Sets Up First Score

A little of the old and a little of the new helped Muleshoe turn the tables as they won their first game and spoiled the Morton Indian's homecoming 16-6. The old was the Mules; same old hard-nosed defense that they have been playing all year. The new was a potent offense which had been lacking in the Mules' previous games. The offense rolled up well over 250 yards, their best one-game output for the season.

## School Board Agenda

The Muleshoe Independent School Board of Trustees will meet Monday night, October 14, at 8 p.m.

Listed on the agenda for this month's meeting will be to hear the current financial report and to consider approval of the Preliminary Application - Foundation Fund for 1974-75.

Also, the board will hear and consider approval of the 1973-74 audit report; review and discuss the 1974-75 estimated operation budget; and hear the current enrollment report and survey.

The board will review required reports including Title VI Compliance Report, H.E.W. Civil Rights; Civil Rights Survey Campus, Supplement 1, School Campus Report; Civil Rights Survey Campus, Supplement 2, Education of disadvantaged; survey of bilingual education needs, T.E.A.; T.E.A. professional personnel assignment P.P.A. Supplement Report; T.E.

## Public Hearing Set Wednesday In City

On Wednesday morning, October 16, at 8:30 a.m. in the City Council Chambers at City Hall, there will be a public hearing on the proposed extension of the Muleshoe corporate limits.

There will be two tracts of land considered, Tract One is located adjacent to Highway 84 west of Muleshoe on both the north and south sides of the highway. This tract contains 87,272 acres of land.

Tract Two includes land south of Avenue D and the Richland Hills Addition. This tract contains some 254.92 acres of land.

Also at the hearing Wednesday, a request from West Plains Memorial Hospital to close Avenue G from First Street to the alley will be decided upon by the Council.

Citizens of Muleshoe are urged to attend this meeting and voice their opinions.

See maps on Page 9.

## Lazbuddie Homecoming Held Friday

Motley County scored in every quarter Friday night to build up a lead of 41-0 at halftime. The Longhorn defense came alive in the second half to hold Motley County Matadors to 14 points. Longhorn offense moved the ball in a 67 yard scoring drive, after a fumble recovery by Dan Copeland. The drive was climaxed by a 19 yard run by Quarterback Kent Winders. The extra point kick by Tim Smith was good, but

# 'Little Merchants' Learn Dependability

Muleshoe's "Little Merchants", boys who deliver the Muleshoe Journal and Bailey County Journal each week, prove that young men can handle responsibility.

The city of Muleshoe is divided into five routes and one boy is responsible for delivering papers to each route. Dan McVicker has been throwing papers longer than any of the other boys. He has had the paper route in the Lenau and Country Club Addition for the past two years.

Dan is the 13 year old son of Mr. and Mrs. J.E. McVicker. His father is sales manager for Peerless Pump Division of F.M.C. Corp.

He has two sisters, Susan of Austin, and Mrs. Charles King of Lubbock, and a brother, David, who is a student at Texas Tech University.

Dan's hobbies include golf, football and all sports. He also mows lawns during the summer for his weekly customers.

Dan says he enjoys his paper route as it has given him an opportunity to make his own money and he has learned dependability and how to handle his money.

His paper route pay check goes into a savings account which he plans to use toward his college education.

Doug Cowan, the 13 year old son of Mr. and Mrs. Harold Cowan, has been delivering papers for the Journal since February of 1973.

Doug is an eighth grader at Muleshoe Junior High and has three sisters.

His main interests are sports of all kinds. He plays center on the Junior High eighth grade football team and also enjoys golf.

Todd Ellis, the 13 year old son of Mr. and Mrs. Frank Ellis, has been throwing papers for the Journal since this summer.

Todd is in the seventh grade at Muleshoe Junior High and has two brothers, Frank Ellis III of Canyon and Dan Ellis, a junior at Muleshoe High School.

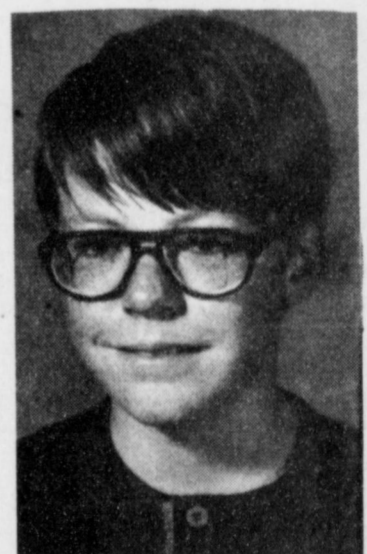

His hobbies include golfing and swimming and he attends church camp and Junior High UMY.

Mark Lovelady began delivering papers this summer for

COTTON BOLLS OPENING. .... This sight is a common one across the county and across the state this week as cotton bolls are popping open. The much needed dry, hot weather was experienced this week and gave the cotton crops the

boost they needed. Although a cool front moved across the panhandle Thursday and Friday, clearing is expected for the next couple of days. With the opening of bolls, cotton harvest is now in the not too distant future.

## Cool Front Pushes Through Panhandle

A cool front moved into the Bailey County area Thursday bringing cooler temperatures and showers.

Thunderstorms early Friday morning left varying amounts of moisture over the area. In Muleshoe, reports varied from .71 to .8 of an inch. Outlying areas received about the same amount.

The Muleshoe area is still waiting for its first freeze of the year. The area has recorded some nice days this past week with temperatures climbing into the upper seventies and eighties during the day and staying in the fifties at night. Although the temperatures have been cooler with the passing of the cool front this week, temperatures are still staying in the upper forties and away from that 30 degree mark.

Farmers are still harvesting some corn and grain sorghum this week as the ground is beginning to dry.

Cotton bolls are popping open all over the county this week

and the first bale of cotton has already been recorded in Bailey County.

## Local People Win Top Honors At Waco Fair

Manchester Leo, owned by Shelly McGlaun, daughter of Mr. and Mrs. Gene McGlaun of Muleshoe, was named Grand Champion Gelding at the paint horse division of the Heart O' Texas Fair in Waco, Texas.

Miss McGlaun was also high point youth of the show. Others from Muleshoe winning honors were as follows:

Pearson and Bullock showed One Man's Opinion who won first in the 1971 stallions.

Q Ton Flying L, owned by Lee and Debbie Gable, won second in the 1970 stallions.

In Yough Mares, Ann McGlaun showed KoKo Deck to a fifth place win and Dickie Hunter showed Pachett Bars to a sixth place win.

In 1970 Mares, Pachett Bars, owned by Dickie Hunter, showed fifth.

Shelly McGlaun showed Manchester Leo to a first place win in Youth Geldings and Dickie Hunter showed Black Patches to a second in the same division.

Dickie Hunter showed Black Patches to a third place in 1971 Geldings and Shelly McGlaun showed Manchester Leo to a first in 1970 Geldings and Before.

Last year, Bailey County received its first killing freeze on October 31.

In Youth Showmanship, Shelly McGlaun placed first and Dickie Hunter was fourth.

In Youth Western Pleasure, Hope Free with Tres King Bars won second; Shelly McGlaun with Cinnamon Sans won third; and Dickie Hunter with Pachett Bars won fourth.

Cinnamon Sans shown by Ann McGlaun won first in Junior Western Pleasure and Debbie Gable showed Q Ton Flying L to a fifth place in Senior Western Pleasure.

Dickie Hunter with Pachett Bars placed first in Youth Reining and placed fifth in Open Barrels and second in Youth Poles.

He also placed third in Open Poles and One Man's Opinion placed fifth in Open Poles.

## Cannon AFB Sets Open House Today

Cannon AFB, home of the 27th Tactical Fighter Wing, will host its annual Open House Sunday from 12 to 5 p.m.

The 27th Tactical Fighter Wing was activated on Feb. 1, 1940 at Barksdale Field, Louisiana. It was originally named the 27th Bombardment Group, but was inactivated in November of 1944. It was reactivated late in 1946 at Andrews Field, Maryland, and transferred to Kearney Field, Nebraska, early in 1947. It was redesignated the 27th Fighter Wing and assigned to the Eighth Air Force Strategic Air Command, on August 1, 1948.

The Wing moved to Bergstrom Air Force Base, Texas, on March 16, 1949, and was redesignated the 27th Fighter Escort Wing on January 17, 1950, and as the 27th Strategic Fighter Wing on July 5, 1952.

On July 1, 1957, the 27th Strategic Fighter Wing was reassigned to the Tactical Air Command and subsequently redesignated the 27th Fighter Bomber Wing. The Wing was transferred from Bergstrom Air Force Base, Texas, to Cannon Air Force Base, N.M., on December 9, 1958, to replace the 312th Fighter Bomber Wing. The 312th was deactivated on February 19, 1959, and the 27th Tactical Fighter Wing was activated at this time.

Mrs. J.A. Nickels is staying with Mrs. Gene McGuire, her daughter, who entered Highland Hospital in Lubbock to undergo surgery. The surgery was Friday, October 11, for the purpose of removing pins from her leg.

Mrs. Gorrell recently visited her son Roger Gorrell in Austin. Her niece and nephew from Ohio and sister from Pennsylvania also were guests. One of the things they did while there was to tour the L.B. J. Ranch in a bus. Her niece, nephew, and sister returned home Friday.

## Commissioners Court Agenda

The Bailey County Commissioners Court will meet in regular session, Monday, October 14, at 10:00 a.m. and the meeting will continue through 5:00 p.m. The following items are on the agenda:

Approve minutes of previous meeting, consider passage of a Resolution recommending that Bailey County be designated as a Disaster County, appoint substitute Election Judge for Voting Precinct No. 8, and other related matters.

The public is welcome to attend this meeting, and to be heard.

LAZBUDDIE ROYALTY CROWNED ... Homecoming activities were held at Lazbuddie High School Friday night, October 11. Crowned Homecoming King and Queen were Tim Smith and Connie McDonald. Smith is a senior at LHS and Connie is a junior student. Both were crowned during half time activities at the football game.

### Lazbuddie News

By Susan Mimms

Junior High played Friona's Eighth grade "B" team Thursday and came out on top, 8-0. The Longhorns scored late in the opening quarter and added the extra points for the only score of the game. Keith Smith recovered a Longhorn fumble in the end zone and Leslie Eubanks scored the extra points.

A surprise birthday party was given for Jan Rogers Monday, the 7th at Jim and Marsha Collum's home. The Rogers and Collum families were joined by Billy and Shirley Winters and their two boys in celebrating Jan's birthday. All were served cake and punch.

Mrs. Marsha Ovale is home from Houston where she has been receiving chemotherapy treatments.

The Young Homemakers still

have Del Cerro pecans available for those who have not yet ordered their pecans.

Candidates for this year's Homecoming King and Queen were presented at the game Friday night. Queen candidates were Diane Coker, a Senior, and Connie McDonald and Karla Hall, both Juniors.

King Candidates were Tim Smith and Bart Burnett, Seniors, and Ricky Wall, a Junior, chosen as Homecoming King and Queen were Tim Smith and Connie McDonald.

Homecoming bonfire was held Thursday night, with the cheerleaders leading yells and the coaches and footballs giving impromptu speeches. Junior High and High School students spent the afternoon decorating halls and the cafeteria, for hall competition and the Homecoming Barbeque. The gym was also decorated with posters and wood was collected for the Bonfire, at which Mr. and Miss Flame were announced. Chosen as Mr. and Miss Flame were Jim Don Jennings and Susan Mimms.

Series E and H United States Savings Bond sales in Bailey County during the month of August totaled \$2,914,000, according to County Bond Chairman Dean Spraberry. Sales for the eight-month period were \$54,518 for 91% of the 1974 sales goal of \$60,000,000.

Texas purchased \$18,667,526 in Savings Bonds during the month, while sales for the same period last year totaled \$17,913,390 -- an increase of 4.2%. Year-to-date sales amounted to \$154,751,211 for 65% of the sales goal of \$236.8 Million.

The Varsity Basketball girls open their season Tuesday, the 15th, against Smyer. The game is scheduled to start at 6:30 p.m. at Smyer.

### Savings Bond Sales Total Over \$2,000

Series E and H United States Savings Bond sales in Bailey County during the month of August totaled \$2,914,000, according to County Bond Chairman Dean Spraberry. Sales for the eight-month period were \$54,518 for 91% of the 1974 sales goal of \$60,000,000.

### Consumer Price Index

WASHINGTON -- The Consumer Price Index rose 1.3 percent in August to 150.2 (1976-100), the Bureau of Labor Statistics of the U.S. Department of Labor reported.

The rise was due to higher prices for a wide range of consumer goods and services, notably meats, apparel commodities, mortgage interest costs, and medical care services. The effect of these increases was partially offset by lower prices for fresh vegetables and gasoline.

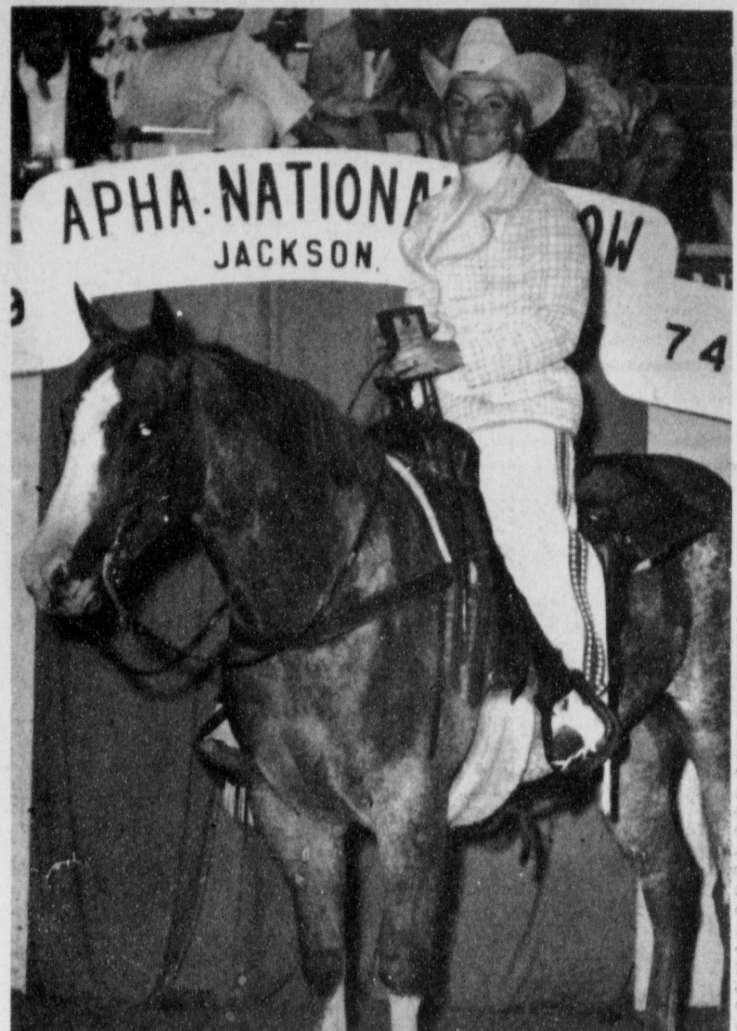

The August CPI was 11.2 percent higher than a year ago. On a seasonally adjusted basis, the rise in the August CPI was also 1.3 percent. This increase compares with an 0.8 percent rise in July and an average monthly increase of one percent during the first six months of this year.

The food index increased 1.4 percent in August, following a decline in July, and the index for nonfood commodities continued to rise at a rapid pace. The services index increased

1.1 percent in August, about the same as in May, June, and July. The index of food purchased in grocery stores rose 1.5 percent. This index usually shows a small seasonal decline in August. Increases in indexes for beef and eggs -- the first since February -- and for pork were much larger than usual for August. Prices of poultry and fresh fruits increased instead of declining seasonally.

In addition, prices continued to rise for other food items such as cereal and bakery products, processed fruits and vegetables, sugar and sweets, nonalcoholic beverages, and partially prepared foods.

The effect of these increases was partially offset by a substantial decline in prices of fresh vegetables. Dairy product prices continued to decline, and fish prices decreased. The index for food away from home -- restaurant meals and snacks -- rose 0.9 percent, somewhat less than in recent months.

WINS HONORS. . . . Cinnamon Sans, two year old filly owned by Ann McGlaun won first place in the Junior Western Pleasure at the heart of Texas Fair in Waco, also placing first place at the Oklahoma State Fair and second at the National Show held recently at Jackson Mississippi with 80 horses in the Junior Western Pleasure Class.

There were large increases in charges for other household services such as home repair and housekeeping services and for utilities -- gas, electricity and water and sewerage. Charges for medical care services continued to rise sharply. Charges for auto repairs and other services such as haircuts, dry cleaning, funeral services, and bank service charges on checking accounts also increased.

## An investment in Your Future ATTEND CHURCH

"For where your treasure is, there will your heart be also"

### PROUD POSSESSION

The craftsmanship and artistry that has gone into the production of many bibles does humbly honor God's word. This work is a reflection of men's appreciation and love for God. Many commit God's word to memory and their heart.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Coleman Adv. Serv.

"I wait for the Lord, my soul doth wait and in his word do I hope."

Attend Church and study God's word.

Sugar Cane Prospects... Cotton and English Election... Fewer Hogs on Farms... Labor Cost Up

**HARVESTING OF** the Rio Grande Valley's second sugar cane crop in many years will soon be getting underway. Good yields are expected again, and there are indications that more acres will be planted in sugar cane next season. About 29,000 acres are in sugar cane this year in the Valley, compared to about 26,000 last season. There

are many problems in growing sugar cane, of course, but the outcome of the two Valley crops was and is encouraging. One of the problems growers face is the need to burn strippings off cane. Most work in the growing of cane is done by machinery, but stripping is not one of them. Most of it is done by burning which creates smoke, which creates criticism. The W. R. Cowley Sugar House, built at a cost of \$26 millions, is the only sugar mill in operation in the Valley now, and it employs about 250 during the grinding season, and about 100 during the off season. Another 1,500 are employed in growing, harvesting, and delivering sugar cane. (Harvest is usually from October to March.) That means a lot to the economy, and with sugar prices being what they are now, the Valley's "newest" crop may be expanding rapidly in the coming years.

**IT'S A SMALL** world note: The coming elections in England have affected the Texas cotton crops. "Howell's Cotton Letter" reported recently that announcement of the English election, slated for October 10, caused Liverpool and other English spinners to delay making further cotton purchases. That is just one more setback West Texas growers have faced with the 1974 cotton crop. First it was the drought, then too much rain and cool weather, and now it is the market (declining prices). Prices have ranged from 40 cents up to around 47 cents in Texas during the past few weeks, depending on quality. Costs of growing cotton being what they are, plus the good prices on grain sorghums (around \$5 and up) may cause a decrease in acreage planted in cotton next year. Rain and cool weather in the 25-county area around Lubbock have brought about a

further decline in prospects for the 1974 crop. Cool temperatures slow the rate of maturity of cotton, and an early frost on West Texas cotton could create havoc. Texas Crop and Livestock Reporting Service says that West Texas will need warm, sunny weather to mature out a normal crop. Other sources say that between 200,000 and 300,000 bales have been lost from the prospects of the West Texas crop since September 1.

**THE 930,000** head of pigs and hogs on Texas farms September 1 is 15 per cent below the same time last year, and it is estimated that 91,000 sows will farrow from September through next February, a seven per cent decrease for the same period in 1973. Breeding hogs on Texas farms September 1 were estimated at 140,000 and market hogs at 790,000. The June-to-August pig crop totaled 336,000 head which was 21 per cent decrease from the same period in 1973.

**FARM LABOR** statistics in Texas show that wages paid all hired workers at mid-year averaged \$2.07 an hour, an increase of 23 cents an hour over 1973. Although those Texas wages were above those paid in most nearby states, it was below the national average of \$2.19 an hour. The \$2.07 includes cash and other benefits. In mid-1973, the hourly average in Texas was \$1.84. The total number of workers on Texas farms and ranches in August was estimated at 263,000, a decrease of 11 per cent from last year. That total includes 180,000 family workers and 83,000 hired workers, says Texas Crop and Livestock Reporting Service.

## Local TV Show To Teach Caulking And Weatherstripping

Television viewers in Bailey County will learn how to save fuel -- and cut home heating and cooling bills -- with a program on caulking and weatherstripping, Saturday, October 19, 1974 at 4:30 p.m. on KLBK-TV, Channel 13.

The upcoming half-hour program is part of the "You Can Do It!" television series, sponsored locally by the Bailey County Family Living Commit-

tee and KLBK-TV. "This week's topic has become very important to the conservation of home heating and cooling fuel," Mrs. Robin Taylor, county Extension agent, observed.

"Air leaking in or out of a house wastes fuel and accounts for 15-30 per cent of home heating or cooling bills," she said.

Conducted by hostess Cindy Kidwell, "You Can Do It!" programs "provide local homeowners an opportunity to acquire skills necessary to care for and maintain their homes inexpensively and effectively," the agent said.

The 13-part "You Can Do It!" educational series was created and produced by home economics specialists with the Texas Agricultural Extension Service, The Texas A&M University System, through a United State Department of Agriculture grant.

Next week's program will focus on painting house exteriors.

## A History of Bailey County Pioneer Families

### Mr. And Mrs. E.W. Johnson

E.W. Johnson came to Muleshoe in 1925 in a 1922 Ford. He moved from Lea County, New Mexico accompanied by his parents, Mr. and Mrs. L.A. Johnson and brother, George, for the purpose of buying cotton.

He lived in the Gupton Hotel when he first moved to Muleshoe. (This hotel used to be across the street from Perry's). His first home was between the Friona and Plainview Highways and he was a cotton dealer.

He was born in Comanche County, Texas on June 15, 1889. He married Blanch Colium on June 29, 1935 at Raton, New Mexico.

He remembers that when he lived in New Mexico he wished for rain because he was in the cattle business. So he moved to Muleshoe and started the cotton business. He bought some land and again started wishing for rain. Since there was little cotton produced in Muleshoe at that time he bought and sold the cotton. He remembers that only 600 to 700 bales of cotton were ginned in Muleshoe. He also, was in the cotton warehousing business. This warehouse is now the Ray Griffith Elevator.

Later he began farming wheat. He farmed for 15 to 20 years. He and his brother, George bought 40 acres of the highland edition (Avenue D block to highway) and developed that area of town. All of the business as well as farming was partnerships with his brother, George.

During World War II he was the Chairman of the rationing board.

Mrs. Johnson taught school at Muleshoe for 25 years. She taught third grade in Junior High and High School. She was principal of the Elementary School during Mr. Cox's administration and before retiring she was the Junior High librarian.

## Moving Families Can Rate Movers' Performance

COLLEGE STATION -- Families moving across state lines to a new location have an opportunity to rate their mover's performance, with the blessing of the Interstate Commerce Commission, according to one family resource management specialist.

She's Lynn Bourland, with the Texas Agricultural Extension Service, The Texas A&M University System.

"A booklet -- Summary of Information for Shippers of Household Goods, Form BOP 103, Revised 1974 -- must be given to each customer before a contract is signed.

"When the move is completed, the consumer rates the service he received and mails the questionnaire to the commission. The address of the nearest ICC field office is also given in the booklet," she said.

The questionnaire covers such questions as "was shipment picked up and delivered within agreed upon dates shown on bill of lading?" and "were goods lost or damaged?" -- were claims filed -- what were results of such filing?"

The specialist urged consumers to participate in the rating program to help the ICC compile a performance report on each moving firm. "Beginning in February, 1975, movers will be required to give prospective customers a copy of their firm's performance report," she said.

## Enochs HD Meets

The Enochs Home Demonstration Club met in the home of Mrs. Bonnie Blackstone Tuesday, October 8 at 2:30 p.m. J.K. Adams, retired former County Agent for Bailey County, was the guest speaker. His program was on different types of vegetables that are good to grow in this area.

Mrs. Robin Taylor, County Extension Agent also attended the meeting. Others attending

were Mrs. Zelma Fred, Mrs. Ivy Campbell, Mrs. Dorothy Nichols, Mrs. Witma Petree, Mrs. Bonnie Long, Mrs. Lillian Fort, Mrs. Elnita Key and the hostess Mrs. Bonnie Blackstone. Guest was Joccy Vandlandingham.

Their next meeting will be Tuesday, October 22 with Mrs. Ivy Campbell as hostess.

## Mrs. Jerrell Otwell TOPS Weekly Queen

TOPS Chapter No. 34 met Thursday evening, October 10 at 6:00 p.m. in the meeting room of Bailey County Electric with 24 members weighing in.

Mrs. Jerrell Otwell was named weekly queen. First runner-up was Mrs. Wayland Harris and tie for second runner-up were Mrs. Lewis Shafer and Mrs. J.O. Parker.

Mrs. J.O. Parker, Mrs. Pat Vinson and Mrs. Buria Vinson worked on the club scrap book. They discussed their selling of pecans. You may contact any member for these pecans. The Area Recognition Day is to be held in Dimmitt on November 9. Mrs. Bobby Newman urged all

members planning to attend to turn in their names to her.

A new contest was started last week. This contest is in the form of an old time punch board. For each pound of weight lost they get to write their name on one square of the board. When their square is filled the card will be taken apart and under each name will be a certain amount of money. Also, a halloween workshop was discussed to be held at the end of the month.

## AAUW Studies Woman

### Searching For Self

The Muleshoe Branch of the American Association of University Women met Monday evening October 7, at 7:30 p.m. in the Tri-County Community Room for the second meeting of the new year.

Mrs. Ed Johnson and Mrs. Joe Costen, hostesses, served a salad plate and dessert to eighteen members.

Miss Virginia Bowers, president, reported on the District Workshop which was held in Amarillo, Saturday, September 21.

Mrs. Don Pierce, Program Development Chairman, directed a skit relative to the new-

ly chosen topic "Women: Searching for Self." This skit portrayed the stages of a woman's life and how she has emerged from an earlier stereotyped individual to a person in today's society.

Members divided into small discussion groups and considered the many options and life styles of today's women. Mrs. Pierce served as facilitator to review and compile the thinking of all of the groups. The discussions were very provocative and everyone was involved.

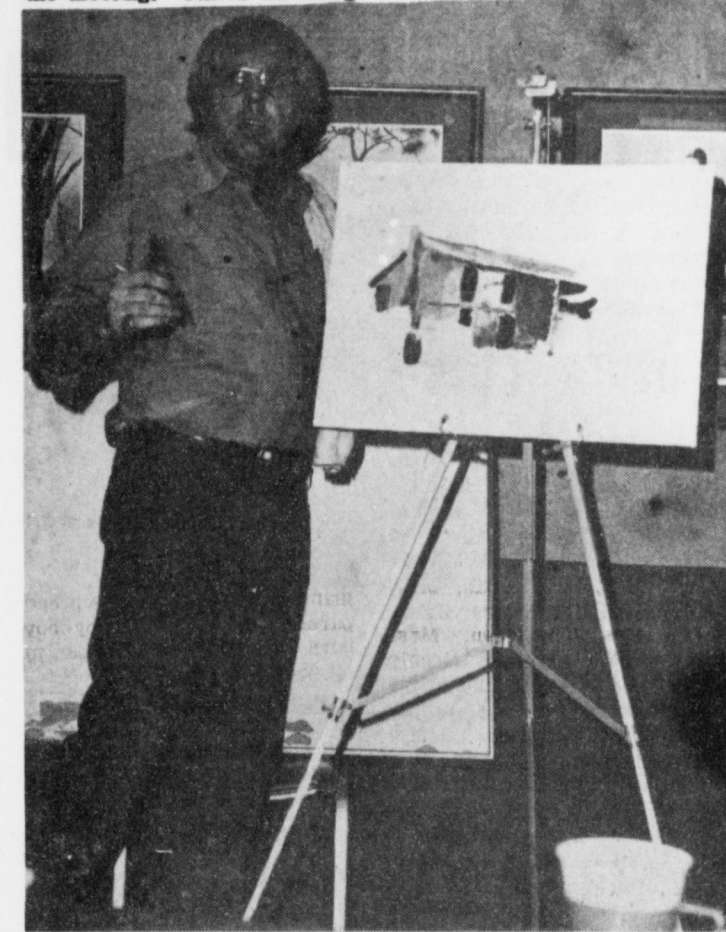

Tentative program plans for the year were announced. New members attending were Mrs. Jim Young, Mrs. Max Kin, Mrs. Arvis Crogan, Mrs. Lynn Allen, Mrs. Ed Johnson. Other members attending were: Mrs. Gerald Allison, Miss Virginia Bowers, Mrs. Joe Costen, Mrs. John Gunter, Jr., Mrs. Alden Henderson, Mrs. Robert Hooten, Mrs. Tom Jinks, Mrs. W.O. ### Coaches Comments

Friday night, October 4, the Portales Rams traveled to Muleshoe to renew a rivalry game between the two schools. Our offense has improved tremendously over last week. It is hard to pick out players on offense because the good blocking, the whole team morale has shown great enthusiasm and encouraging improvement. Carey Sudduth did a fine job of throwing the football; Jimmy Wistan and Jeff Skipworth showed outstanding ability to catch the ball. Randy Norman and Hector Posodas made the wide-running plays work, and they picked up the first downs when we needed them. The defensive team had another outstanding game. Julian Dominguez, Tommy St. Clair, and Rene Torres did a fine job at playing the line backer's position. The Mules met the Morton Indians for their homecoming game.

The Rose Chapter officers and representatives met at 7:30 Thursday morning in the Homemaking Department. Discussed were uniforms for these officers, secret grandmothers, Encounter projects, and money-making projects. They decided to have a raffle and a concession stand at the Halloween Carnival. Tickets for a stuffed animal will soon be on sale for twenty-five cents or five for a dollar so buy your tickets soon.

Discussed were uniforms for these officers, secret grandmothers, Encounter projects, and money-making projects. They decided to have a raffle and a concession stand at the Halloween Carnival. Tickets for a stuffed animal will soon be on sale for twenty-five cents or five for a dollar so buy your tickets soon.

## Texas National Guard Seeking Senior Boys

High School seniors can now join the Texas Guard and not have to leave their initial active duty for training for nine months. Best yet, they can be paid for six months of the time they are in school.

A recent exception to a Department of Defense regulation now allows high school graduates, high school GED equivalents, and high school seniors to delay entry into the Guard training for up to 270 days after enlisting.

High School seniors who are paid must agree to go on their initial active duty training within sixty days of graduation. Seniors can up their pay by the first 180 days. Starting weekend drill pay for a Private One is \$43.48. The delay entry and pay is open to students who have no prior military service.

## Senior Spirit Trucks On

The Senior Class of 1975 is on the move and in the groove with many activities. For the Homecoming hall decoration contest, they used the theme "Senior

Tunnel of Spirit." The chairwoman of the committee was Prisca Young; and with the help of about a dozen or so Seniors, the hall was ready and put up Thursday night. For their hard work the Seniors received third place in the contest judged Friday.

before the Homecoming football game. The Seniors would like to say thank you to all the mothers who helped, the students who worked, and all who came to eat. The money will be used for graduation, the final step for the Seniors at MHS; and they would like to thank all involved in making the supper the success it was.

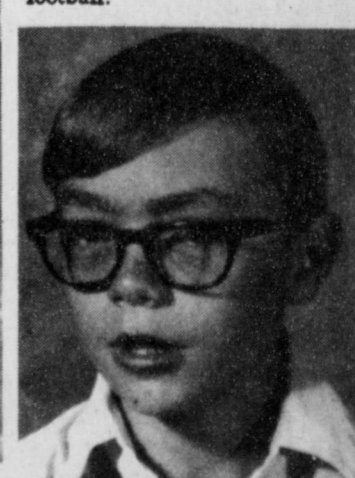

Also on Friday, the Seniors held their annual Chili Supper

Anything Unusual? Teacher to student who is half an hour late to school: "You should have been here at 9 o'clock." Student: "Why? What happened?"

### Randy Norman Best Of MHS

Randy Norman, the son of Mr. and Mrs. Jim Norman, has been chosen by the Thespians as Best of MHS for this week. Randy is classified as a Junior at MHS.

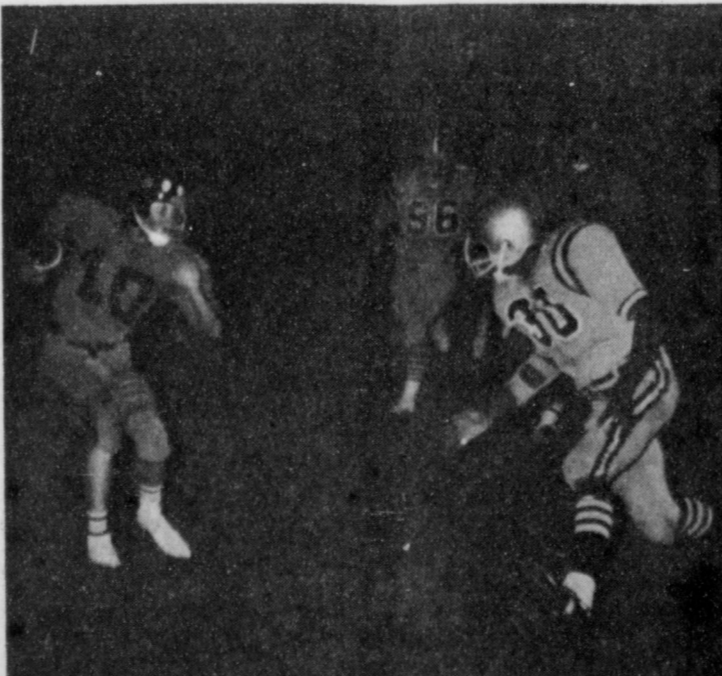

Randy is active in football and comments by saying, "We haven't done well in the first five games, but we are looking good for the next five." Randy was chosen as "Best of the Week" because of his outstanding accomplishments in football.

**TSTA To Work For Reform, Pay Raise In 75 Legislature**

AUSTIN--With the start of the 1975 Texas Legislative session just three months away, Texas teachers are getting ready to ask for a full-scale revision of the state school system, better pay for teachers, and a number of other changes in school laws.

The legislative committee of the Texas State Teachers Association will hold an open hearing on the association's tentative 1975 legislative program at 1 p.m. October 27 in Austin. Meeting here this week, the committee was told by visitors from across the state that the No. 1 sore spot among Texas teachers is low pay.

Despite TSTA efforts in 1969 which helped to secure passage of a law raising the starting annual pay for a bachelor's degree teacher this year to 6,600 with five percent annual raises, Texas still ranks 37th among the 50 states in average teacher pay.

Many young people are saying it's not worth it to go to college four years and then start work at \$6,600 per year, TSTA leaders report.

Because of "enrichment funds" supplied by some local school boards, some districts are able to pay their teachers above the state minimum scale. The Houston school district, for instance, starts a bachelor's degree teacher with no experience at \$7,900, or \$1,300 above the state minimum scale.

But the city of Houston pays first-year patrolmen \$10,512; first-year firefighters \$10,067; and refuse collectors at an annual rate of \$7,313 to start and \$3,088 after 18 months on the job, the Houston Post reported on September 27.

The TSTA 1975 legislative program will give top priority to passage of a new state law to overhaul the "minimum foundation school program" which has been in use--with minor changes--since 1949.

Part of the proposed law--now tentative draft form--will be a new salary schedule aimed at moving Texas to a position above U.S. average teacher pay

## The Sandhills Philosopher

Editor's note: The Sandhill Philosopher on his Johnson grass farm confesses to a mistake this week.

Dear editor:

Before it gets out of hand and I have to issue clarifying statements saying it was taken out of context not to mention misquoted I want to say I made a big mistake in my letter to The Muleshoe Journal last week, probably the first one I've made prior to the ones in the letter before that, and I want to apologize.

The reason I want to apologize is that the mistake was inflationary and inflation is something we have ten times too much of already. Make that twenty times; things just went up again while I was writing this.

The mistake was I gave the price of sugar by a pound bag instead of a five pound bag, making it read that sugar was now selling for over \$2 a pound.

Now this may seem like a harmless mistake but if you think so you don't understand the psychology of inflation, price-gouging division. That single error may have a far-flung impact on everybody's cost of living, with a chain reaction starting in Muleshoe and spreading to the far corners of the civilized world. Actually it may go further than that and get into Oklahoma or Louisiana and some portions of France.

Anyway, don't you know that when the sugar people hear that sugar has been reported at \$2 a pound and nobody has fainted, somebody in the outfit may say "Well, whatta you know, maybe we could get that much. Let's raise the price and see," ample dropping 100 billion dollars in Viet Nam with nothing much to show for it, but one of the other things is that people are so used to seeing the price of everything go up that they just shrug or bite their lip and go ahead and pay, and a lot of manufacturers and sellers have caught on and raising prices is now a national pastime.

So you see what I've done to the price of sugar, I apologize.

Yours faithfully,  
 J.A.

**SEPTIC TANK - CESSPOOL CLOGGING CAN NOW BE PREVENTED!**

LIVINGSTON, N. J. — An amazing bacterial discovery that prevents clogging of septic tanks and cesspools with but a single, safe and easy-to-use yearly treatment, has been developed by the FX-Lab Co., Livingston, N. J.

Sluggish systems and drainfields can also be restored to normal by fast acting bacterial cultures.

They are also recommended as a "starter" to seed newly cleaned out or newly installed septic tanks and cesspools.

These proven FX bacterial organisms, known as FX-4 for septic tanks, FX-7 for cesspools, and FX-11 for sluggish septic tanks and cesspools are available locally.

Available also, is a free booklet "The Story of Willie Bacteria, or How To Take Care of Your Septic Tank or Cesspool" from:

## Early Defoliant Application Can Be Costly To Farmers

**LUBBOCK--**Applying harvest aid chemicals too early can be costly, says a report by two Lubbock-based agri-scientists. According to a recently released report by Dr. J.D. Bilbro of the Agricultural Research Service-USA, and Dr. Levon Lubbock Texas Agricultural Experiment Station, killing the plants when the cotton is still immature lowers both yield and micronaire value. In a 1972 yield test, plants

of five cotton varieties were mechanically killed on two dates October 1 and October 13. When fiber properties and yield were compared to that of plants killed by the first fall frost which occurred Nov. 1, the results were quite conclusive, the researchers reported. "The five varieties averaged fairly good yields of 513 pounds per acre when they were not killed before the first frost. "Only 485 pound yields were obtained from cotton which was mechanically killed Oct. 13.

Cotton that was killed as early as Oct. 1 actually reduced yields to 398 pounds of lint per acre. Although micronaire values were generally low in 1972, Ray and Bilbro explained, the frost-killed cotton had a 3.4 micronaire value, compared to a 2.9 "mike" of cotton killed on Oct. 1, and 3.2 from cotton killed Oct. 13. "Such reductions in micronaire values would result in substantial price discounts, concluded the scientists. Ray and Bilbro found, as expected, that the later in maturity the variety, the greater the reduction in yield and micronaire caused by premature plant kill. Boll size and seed size are also reduced by the premature killing, they added. But only small effects on staple length and fiber strength were found. The researchers pointed out that results similar to those found in these tests could be expected where plants were pre-

maturely killed by early freeze, by Verticillium wilt or by harvest-aid chemicals. Of course the results could be altered by climatic factors and the stage of growth. "In some cases harvest-aid chemicals can be useful as a tool in cotton production, especially in getting a mature crop out of the field early," they said. "However, due to the unusually high rainfall and cool temperatures of the late summer months, producers should carefully examine their crops and determine if the crop is mature enough to use chemicals without a yield or quality reduction. In all cases, established recommendations for the use of defoliants and desiccants should be followed, they stressed. Full details of the test are contained in TAES Progress Report 3259. Copies may be obtained from the Texas Agricultural Experiment Station at Lubbock or from the Department of Agricultural Communications, Texas A&M University.

Pat Hedges of Lubbock and his sister, Gaye of Portales, N.M., were here for the football game Friday night.

# STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams  
TEXAS PRESS ASSOCIATION

**AUSTIN** — Gloomy predictions of increasing natural gas shortages during winter months were made to southern governors at their conference here last week.

Federal Power Commissioner Don S. Smith reported major pipeline operators expect natural gas supplies to fall 9.6 per cent below demand.

Smith forecast gas pipeline curtailments this winter will be 81 per cent greater than last year.

To sustain present levels of gas consumption would

require discovery of "a new Alaska every year," the federal agency official told the governors.

FPC, according to Smith, has taken these steps to relieve impact of the shortage:

- Entered an order to allow 2,400 of the 3,900 smaller gas producing companies to sell interstate gas at 63 cents per thousand cubic feet, instead of the 42 cent wellhead rate permitted major producers.
- Reinstated emergency provisions to allow utilities to buy gas through pipelines

for 60-day periods at market rates rather than lower, regulated interstate rates.

Texas' Gov. Dolph Briscoe said the action would have little effect in Texas, where demands will keep prices far above the 63 cent rate.

**INFORMATION SOUGHT**—A Cleveland firm hired to survey tax values in 35 school districts sought tax appraisal and computer contracts with all 1,100 districts in the state.

Legislative Property Tax Committee Chairman Sen. H. J. Blanchard of Lubbock said the solicitation seemed "inappropriate" to him.

LPTC staff members expressed some concern that the firm would be reporting to the state on data paid for by the district. The firm is being paid \$382,000 by the state for its data on market value of district properties.

Some LPTC members also complained about slowness in getting a recodification of property tax laws as a guide to legislative improvements.

**CRIME FIGHT MAPPED**—Atty. Gen. John Hill has called for establishment of a statewide grand jury and a central information bank as weapons in the fight on organized crime.

At a law enforcement conference, Hill said state and local law officers must cooperate to combat the increased threat of major crime.

Governor Briscoe, meanwhile, said he plans to propose to the legislature again in 1975 a law to permit wiretapping where ordered by a court to gather evidence of organized crime.

**DEPARTMENT SHAKEN**—Texas Department of Labor and Standards got its third assistant commissioner in a week's time.

Commissioner Jackie W. St. Clair named Kirby Suggs of the Houston regional office after (1) firing Tommy W. Smith and (2) temporarily elevating Bob Hubbard, son of AFL-CIO State President Harry Hubbard, to the post. Hubbard resumed his

position as administrative assistant.

A total of 10 of the department's 40 employees were discharged at the same time by St. Clair, who pronounced their job performances "unsatisfactory."

**AG OPINIONS**—The secretary of state may use statistical samplings or other reasonable means of determining adequacy of political party petitions for places on the ballot, Attorney General Hill held.

In other recent opinions, the attorney general concluded:

- Laboratory reports on retail dairy products and ground beef are subject to disclosure.
- An unlicensed person can perform professional nursing

acts under direct control or supervision of a physician.

- Child abuse case records revealing the identity of the complainant are exempted from disclosure requirements.
- A Senate sub-committee (consumer affairs) rule permitting executive sessions to get testimony or evidence or confer with counsel conflicts with the open meetings law.
- County commissioners may sell land belonging to the permanent school fund and distribute money to county school districts, but the districts may not pay back to the county funds to create a vocational school.
- Counties may contract for minor children's custodial care.
- City councils must call, within 60 days of a valid pe-

tion, an election under the firemen's and policemen's civil service act. Actual holding of the election must take place within a reasonable time.

**TEXAS AHEAD** — Texas leads the nation in the percentage increase of new business incorporations.

Secretary of State Mark White Jr. reported the number of business incorporations increased dramatically from 1,569 in May, 1973, to 2,513 in May, 1974. This is a 62 per cent increase for

Texas, compared with a five per cent increase for the nation as a whole.

Coupled with the increase, however, is a rise in bankruptcies and business failures. There were 680 bankruptcy petitions filed during 1973 in the U.S. District Courts for the Western District of Texas — and 768 so far this year. May recorded an alltime peak of business failures—925—nationwide.
