185 CARS OF WHEAT SHIPPED TO DATE

The wheat situation in Hereford continues to be the center of interest to everybody in the community and the one offering the greatest problem as well as the greatest hopes. Monday the Santa Fe estimated the crop as one-fourth handled out. The car situation has been acute all over the heavy crop. Pressure brought to bear Panhandle, due to the unusually on the railroads through every agency that could be thought of resulted in desperate efforts to meet the demand. Returning freight cars from their first trip to seaports has relieved the strain somewhat. Wednesday thirty-five cars were set out here for local buyers and prorated. This has helped considerably and the Harrison elevator estimated Wednesday that they would have enough to last them through Thursday afternoon, when more cars might be expected. Thursday fifteen more cars arrived.

Up to Thursday noon a total of 175 cars of wheat had been shipped out of Hereford. Even with this, Harrison's elevator was barely able to handle the truck trade, taking the wheat right out of the dump and not touching the elevator, which is jammed full. The elevator was compelled to shut down the first of the week for a few hours, owing to lack of cars and full capacity, but this situation was soon remedied.

Taken as a whole, there is growing improvement in the car situation and it is believed that from here out the demands for freight cars will be met.

W. T. C. of C. Has First Meeting of New Directorate

The first meeting of the new board of directors of the West Texas Chamber of Commerce, appointed at the recent Amarillo convention, assembled at Abilene last Monday to lay plans for the coming year's work. The Hereford Chamber of Commerce was represented at the meeting by Seth B. Holman.

About forty directors from different parts of the state were in attendance. The new president, Mr. Arthur P. Duggan of Littlefield, presided, and the new manager, Homer D. Wade, was on the job. Porter A. Whaley, retiring manager, was presented with a beautiful watch in token of the esteem of the men with whom he worked for years in the development of all West Texas.

The appointment of the Manager and the budget were approved. Bureau for active work were organized and the directors assigned to their committees. The meeting was peppy and enthusiastic and the outlook is for a successful and busy year. Mr. Duggan announced that the slogan this year will be "A Bigger and Better West Texas," and that the diversification campaign inaugurated by President R. Q. Lee last year will be continued vigorously.

The State has been divided into three districts and Mr. Wade will have three assistants in charge. District Manager Bennett will have headquarters at Amarillo for the Panhandle district, and Ray Leehman will have headquarters at Ft. Worth. The third assistant, at San Antonio, is yet to be named.

The visitors were royally entertained by the Abilene Chamber of Commerce, and a sumptuous banquet was given them at the Abilene Country Club.

Local Political Situation Tightening Up Daily

Both the Democratic and Republican tickets for Deaf Smith county, to be used in the primaries, July 24, have been printed and are now available. The Democratic polling booths will be held in the usual places familiar to the voters, while the Republicans have had to rustle separate spots in which to vote. They announce that they have arranged polling booths as follows: Precinct No. 1, at John Patton's insurance office; Precinct No. 2, at The Brand office; Precinct No. 4, at the B. F. Fulkerson home.

The campaign among the Democratic candidates is tightening up and as the zero hour approaches and there promises to be several rather spirited races for county offices. In the State races not so much interest is manifest. Moody seems to be leading for governor, with Davidson second.

Sergeant Burney L. Vinson, late of the United States Marine Corps, arrived Tuesday to join his father, T. H. Vinson, and to make Hereford his home. Sergeant Vinson spent four years of active duty with Uncle Sam's Marines and carries an honorable discharge of merit for services rendered.

Hereford Band Renders Concert Friday Night

A fine outdoor concert was rendered by the Hereford Band last Friday night at the South West Trail Garage, which was largely attended and was greatly appreciated by hundreds of people. It is hoped that this weekly feature will be continued by the boys during the summer months.

Boy or Girl?

Several aristocratic mammas of Westworth-by-the-Sea, N. H., objected to the rough way the good looking swimming instructor handled their daughters during their lessons. The "male" instructor turned out to be the famous Aileen Riggan with a boyish bob.

CAR SHORTAGE TALKED AT LUNCHEON

Henry Wilkinson, president of the First State Bank & Trust Company of Hereford was the principal speaker at the Chamber of Commerce luncheon here Monday. He talked on the car shortage situation, and its costly effects to the farmers of this section. Mr. Wilkinson praised the efforts of Clarence E. Gilmore of the Texas Railroad Commission in helping to secure more cars for the wheat belt of the Panhandle. He told of the work W. H. Fuqua of Amarillo is doing, and said that daily papers of the State were rendering a great service in the publicity they are giving to the car shortage situation.

The local organization passed resolutions indorsing the work of Clarence E. Gilmore.

E. Ramey, practical wheat farmer of Castro county, said that a car was needed every thirty minutes for the next twenty days to take care of Castro county's bumper wheat crop. Machinery has been ordered by the City Commissioners of Hereford, and the streets here will soon be put in first class shape, according to Mayor E. S. Ireland. Work is progressing on Hereford's huge paving program. A. O. Thompson announced that the uniforms for the Merchants Band are on the road and would be here for the next band concert.

Poultry Prizes For Fair to Be Announced Soon

Prizes for the Poultry Department of the Deaf Smith County Fair have just been worked out by Supt. Byron C. McCord, and plans are under way for a real poultry show at that time. Prizes will be paid on all leading breeds of poultry, and six grand champion prizes are also being offered.

As a special inducement to the Club members of this county, a free trip to the Dallas Fair is being offered for the boy or girl that makes the best record in poultry. This must be based on the work done at home and on the exhibit made at the local fair. In addition, all the Club members can compete for the cash prizes that are being offered.

The Deaf Smith County Fair will be held here Sept. 16, 17 and 18, and preparations are being made for a good one. With the bumper wheat crop, with prospects bright for a good row crop, and with livestock and poultry in excellent condition, the local fair should be the best ever.

Burglars Enter First State Bank at Dimmitt Tuesday

DIMMITT, Texas, July 13.—Last night between the hours of twelve and six a. m., burglars broke into the blacksmith shop, secured plenty of tools, and then dug into the vault of the First State bank here. Here they secured about \$100 in five cent pieces. They then dashed into the door of the safe, breaking off part of the time lock.

There is no clue yet, but it is thought the work was done by the same parties who dug into the vault two years ago. Two of the lumber yard men here heard the hammering and each went into his yard to look around, but seeing and hearing nothing, went back to bed.

Officers are conducting a vigorous investigation.

Dunkle and Russell Daniel superintendent of the Community Exhibits for the Deaf Smith County Fair, September 16, 17 and 18, have just worked out the score card for the Community Booths, and every farmer in the various communities is urged to study these carefully so that they might better understand the products to be exhibited.

Golf Club Holds Meeting and One Stick Contests

The week ending Sunday, July 11, marked the most successful half year in the history of the Hereford Golf Club and was celebrated with the semi-annual meeting, held at the Texas Utilities Co. office Friday night, and with a novel one-stick tournament Sunday that was full of fun and pep.

The Friday night meeting was handled by secretary-treasurer C. C. Acker. In the absence of the other officers, two important changes were voted. First, the system of paying dues semi-annually was changed so that beginning January first they will be due annually. Secondly, the rule permitting six players to play together was changed to a maximum of four at a time. A fine of \$2.50 for a violation of this rule will be assessed and the player suspended until the fine is paid.

The secretary's books showed a paid-up membership of thirty-six, and the meeting was enthusiastic and very helpful.

Sunday's tournament was a scream. Merchandise prizes for the various winners had been accumulated and displayed in Stambaugh's window. The boys fought it out all day with all kinds of sticks and many amusing incidents arose as a consequence. Brac Williams, Homer Fox and W. H. Russell tied for first place Sunday, and Monday Mr. Williams won the play-off, making a remarkable forty-two with a mid iron.

The prizes offered and the results are shown below:

MR. EASTMAN'S LION.
HELL! CATCH FISH.
DAVID DANCED, PERHAPS.
\$1,000 AN HOUR?

George Eastman, of Rochester, hunting big game in Africa, has killed his first lion, eight feet long. Doubtless Mr. Eastman pushed the tripper and the lion did the rest.

How would you make that lion understand how a man could travel from Rochester, across the Atlantic Ocean, down to the lion country just to shoot him? If it were an atheistic lion it would say, "You are talking nonsense. There is no such thing as George Eastman. All is accident."

President Coolidge, on his vacation, will fish in a lake, where men tell him, there are no fish. For President Coolidge, no such body of water exists. If he fishes, he will catch fish.

And if fish are scarce he will have the more time to think. Taking fish off the hook is an annoying interruption of thought. The President must do hard thinking with wheat and cotton farmers, North and South, fighting each other and nothing "done for the farmer."

The President will not fish with fancy flies, but with genuine worms, such as he used to dig up in Vermont or pull out of their ground with his fingers after a rain year ago.

Congressmen are going home to rest and learn what their constituents think.

Like husbands going home late, they are thinking up a convincing story.

They have cut more than \$350,000,000 of the national tax load. That's GOOD.

They tried their best to make this country join the World Court, and become subject to its decisions. That's BAD, and more Senators will know it soon and stay home.

Congress collected some of the money that Europe owes us. That's GOOD. It is as well we did not try to collect all, we might not have got anything.

Congress appropriated \$150,000,000

to be spent in five years on aviation. That SOUNDS all right, but there ISN'T any American aviation worth speaking of, and that's BAD.

Dancing masters "bar the Charleston" but won't succeed in driving out that wild dance. It is probably like that Davidda need before the ark. It enables the dancer to express frenzied emotions for which words can't be found.

Dancing was originally all wild, as among American Indians or African savages. Primitive man desiring to "express himself," danced himself into exhaustion.

Then came brief control, stately minuet, waltz, jerky polka, quadrille. There is no personality or expression in them.

The Charleston, allowing youth to throw up both legs and arms at once, will stay until our craving for "self-expression" shall have been satisfied.

Roy D. Finch, New York's able State Engineer, shows that neglect to harness the St. Lawrence costs New York state 10,000,000 tons of coal every year. Waste does not disturb the American people.

Congress sits close to the Potomac's rushing rapids, every day wasting power enough to light all government buildings and half of Washington.

In a sixty-mile race recently, aeroplanes beat carrier pigeons by three minutes. One hundred years ago, stage coaches raced against steam locomotives, and locomotives won by a narrow margin. The margin is now wider.

Those living will see aeroplanes flying around this earth—25,000 miles in 48 hours.

A Chicago lady, in a hurry to get home, commandeered a Pennsylvania Railroad special train, just as Kabia Khan decreed his stately pleasure. It cost some \$7,037.50. The lady, paying for 125 tickets at \$56.30 each, saved six hours. How many are there in the world whose time is worth \$1,000 an hour. Many, fortunately, but most of them haven't got \$1,000 an hour.

The Richest Nation in the World.
American dollars now encircle the earth.

From a debtor nation twenty years ago, we become a creditor nation, with a staggering balance on our side of the ledger. The war was responsible.

Little short of twenty-five billion American dollars have gone to help finance other governments, private railroads, utilities, mining, oil, steamships, sugar and fruit companies, great factories in foreign countries. Late figures estimate that \$12,151,000,000 cover the war loans, \$3,850,000,000 loans to foreign governments, \$5,250,000,000 invested in foreign businesses, and \$1,000,000,000 short-term foreign loans.

What effect will this dollar dominance have on mankind? Some predict that America will surely control the world trade, that American methods and money will cover the globe. Others predict that it may bring a greater war.

Mystery Fire Destroyed Anderson Home Thursday

A mystery fire last Thursday evening just before dark totally destroyed the residence owned by Luther Hough in East Hereford and occupied by P. C. Anderson, line man for the South Western Bell Telephone Co. The house with its contents was a total loss. It is understood Mr. Hough had some insurance, but Mr. Anderson none at all. Mr. Anderson only recently came here and had just furnished the home, and his loss is especially heavy. Mr. and Mrs. Anderson were away at the time and the origin of the blaze is unknown. The center of the fire seemed to be in the living room. When discovered the blaze had eaten out the inside of the house entirely and the house shell was consumed like paper while the firemen were helpless, owing to the start the flames secured.

John Moseley and Young Ladies visit New Mexico

J. R. Moseley, accompanied by his niece, Noma Brazil, and Miss Margaret Gilliland, have returned from a four-days overland trip to Los Vegas Santa Fe and other interesting places among the mountains and valleys of New Mexico. The girls describe it as the most wonderful trip of their lives, and Mr. Moseley says they showed surprising agility in climbing the ancient ladders in the many rooms of the Cliff Dwellings, located 47 miles west of Santa Fe. The old Governor's palace in Santa Fe, built in 1606, the State museum, State capitol buildings, the artists' colony, the old church, built in 1617, and many other interesting places were visited. They made a short visit with Mrs. Eubanks while in Santa Fe, and state that she was just about the busiest person they saw on the entire trip. Mrs. Eubanks, you know, is assisting in the Chamber of Commerce work there, and the large room was filled with tourists seeking information. The trip, covering nearly 1,000 miles, was made without a single mishap, and in the language of John, "didn't even have a puncture."

Hereford Boy Scouts to Go to Camp This Month

Arrangements have been completed for the annual summer camp outing of the Hereford Boy Scout Council. The camp this year will be held at Sulphur Park and will be under the supervision of Scout Executive Neilson of Amarillo, and the several Field Executives of the Panhandle Council. Dates of the Encampment will be July 29, 30 and 31. The local Scouts are badly scattered this year, owing to the harvest demands, and the Scout Masters are all very busy, but even with that it is expected that there will be a good attendance and a royal good time at the encampment.

Harvest Rush Hampers Local Paving Work

The paving work has been greatly hampered so far by the harvest rush all over the country. The contractor has had great difficulty in obtaining cars in which to ship material, and also in obtaining the necessary labor, so great is the demand for harvest hands. The contractor is making every effort to remedy the situation and the work will be pushed as rapidly as possible.

Bob Bailey Has Narrow Escape from Bad Injury

Bob Bailey, employe of the South West Trail Garage, had a narrow escape from serious injury Wednesday morning. He was helping unload a car of Chevrolet cars, when a link in a heavy chain broke under the strain and Bob was hit on the left side of his head by the huge steel pulley as it snapped back. He was knocked out for a few moments and has an ugly place on the side of his head as a memento of the occasion. While painful, the injury is not serious.

A GOOD INSURANCE MAN

Three places a GOOD INSURANCE MAN GOES —to Work, to Church and to Heaven. RALPH BARNETT, Manager

What's Doing in West Texas

Littlefield—Captain Arthur P. Duggan, president of the West Texas Chamber of Commerce, will make his first tour of the West Texas territory during the month of August. As planned at present he will open his tour at Big Spring, August 9, and will visit the recreational sections of West Texas and Eastern New Mexico. He will visit the Davis Mountain section and attend the district convention in Marfa August 12, then will swing west to El Paso and go into Eastern New Mexico to attend the district convention of the West Texas Chamber of Commerce in that district August 16. It is expected that he will open his campaign for equalization of taxes on this tour. He will be accompanied by Mrs. Duggan, also Manager and Mrs. Wade.

Washington, D. C.—The West Texas Chamber of Commerce intervened in the recent hearing of the Department of Agriculture relative to control of the Thurberia weevil which is ravaging the cotton fields of Arizona. The West Texas organization strongly urged regulatory measures to prevent spread of the pest to West Texas and was instrumental in getting measures passed which it is believed will control the weevil.

Colorado—Work has started on a new five-story hotel for Colorado.

Marfa—The Davis Mountain-Big Bend district convention of the West Texas Chamber of Commerce will be held here August 11. Arrangements have been made to care for a large attendance. High officials of the West Texas Chamber of Commerce, including President Arthur P. Duggan, will attend.

Pecos—The Pecos Valley will celebrate July 20, with a big all-day jollification. The celebration is in honor of the successful fight for the appropriation for Red Bluff Dam on the Pecos River. Congress recently appropriated two million dollars for the project and President Coolidge has signed the bill. This project will reclaim half a million acres of land and is expected to bring a big period of development to the Trans-Pecos country. A barbecue will be prepared for 20,000 persons and it is expected that many will be here on July 20. Pecos invites West Texas to join in the celebration.

Lubbock—Lubbock will be host to the Texas Commercial Executives Association July 22-23-24, when more than one hundred commercial executives from all over Texas will hold their three-day convention and school. Artesia, N. M.—The eastern New Mexico district of the West Texas Chamber of Commerce will hold its annual meeting here August 16. Artesia is planning a big event and heavy attendance is anticipated.

Lamesa—William A. Wilson, former secretary of the Munday Chamber of Commerce has assumed his duties as secretary of the Lamesa Chamber, to succeed C. T. Watson, resigned.

San Antonio—Porter A. Whaley, former manager of the West Texas Chamber of Commerce has arrived in San Antonio to assume his duties as secretary of the local organization.

Amarillo—The greatest wheat crop in years is now being threshed on the Plains. The Santa Fe railway reports that there is a great scarcity of cars to handle the crop despite the fact that they had concentrated

8,000 cars in anticipation of the needs. Increasing use of combine harvesters and threshers has sped up the movement of grain and swamped the railway service.

Plainview—Work is progressing rapidly on the new elevators of the Harvest Queen Mill here. When completed the mill will have storage ranking with the largest in the entire country.

Alpine—A determined effort to exterminate wolves in this section of the state is bearing fruit. A comprehensive system of poisoning is under way with eleven stockmen cooperating. Literally hundreds of coyotes and a number of lobo wolves have been killed.

Wheat Harvest Keeps the Merchants Open Nights

A number of garages, filling stations, cafes and elevators in Hereford have started giving all-night service in an effort to aid farmers in the Hereford country in the harvest of the huge wheat crop. Trucks and wagons loaded with wheat are waiting in line throughout the day and night and the city of Hereford is the scene of much activity. Harrison's new 50,000-bushel capacity elevator has just been completed and is handling wheat at the rate of 25,000 bushels daily. Mr. Harrison states that he can handle a truck load of wheat every three minutes.

Wheat buyers in Hereford are handing out from \$40,000 to \$50,000 each day to the farmers of this vicinity, and wheat harvest is just getting started good. The Panhandle has the biggest wheat crop in its history, and with ideal weather which now prevails the farmers should get it harvested in good shape.

Miss Louise Rayzor Married to E. A. Sutton

The Brand has just received the following clipping, which will be of interest to the many friends of Mrs. Sutton, formerly Miss Louise Rayzor. Mrs. Sutton was reared in Hereford, being the second daughter of Mrs. W. H. Rayzor, now of Canyon, but who lived here for many years, moving to Canyon about six years ago. Mrs. Sutton taught school in Texas City, making her home with her sister, Mrs. L. J. Canant, who was Miss Edith Rayzor before her marriage.

Sutton-Rayzor.

A quiet wedding was solemnized at the home of Mrs. L. J. Canant last Friday night, June 25, when Miss Louise Rayzor was united in marriage to Mr. E. A. Sutton.

At 9:00 o'clock the bride and groom, with attendants entered the living room to the soft strains of "At Dawning."

Rev. C. B. Steward of Galveston performed the ever beautiful ring ceremony in his impressive way.

The bride wore a handmade white georgette and satin combination. Her hair was beautifully dressed with a white satin bandeau. She was attended by her sister, Miss Margaret Rayzor, who wore a Rose Marie taffeta frock, and Miss Pansy Sutton, sister of the groom, who wore a tan crepe costume. The groom and attendants, Messrs. Clifford Thomas-Nunn and Jones were conventionally attired.

After the ceremony the wedding party and guests were invited into the dining room, where cake and punch were served from an appropriately dressed table. The centerpiece was a wedding altar, where two keepies, a bride and groom, stood beneath its flower-decked arch. Place favors were blue and white baskets filled with dainty candies and topped with a pert perfume-filled keepie. The entire room carried out the blue and white color scheme.

Immediately after the wedding Mr. and Mrs. Sutton left for Houston for a week-end visit.

Only a few immediate friends and relatives were present at the ceremony. Rev. C. B. Steward, Mr. Lush, Mrs. Lush, and Miss Daisy Hutson of Galveston; Mr. and Mrs. R. J. Rayzor of Galveston, Miss Pansy Sutton of Kirbyville, Mrs. Rayzor, Miss Rayzor, Canyon, Mrs. W. D. Scott, Messrs. Thomas Nunn, Jones, Mr. and Mrs. L. Canant and daughters, Maurice and Maurine.

The big party of campers, headed by Mr. and Mrs. E. B. Black, and composed of Jim Black and wife, Misses Ona Hammer, Elizabeth Corbett, Mabel Gass and Leona Hood, and Messrs. J. W. Hendryx, Travis Dameron, Lamar Beavers and David Broadwell, returned the first of the week from a nineteen-days-delightful trip, during which they visited points in Colorado, the Yellowstone Park, Salt Lake City, Casper, Wyoming, the Val Verde National Park, and many other tourists resorts, returning by way of Santa Fe, N. M., and other New Mexican points.

The entire party simply bubbled with enthusiasm over the beauties of nature they were permitted to visit, and of the gorgeous good time they had. They exhibit photographs of members of the party feeding big black bears in Yellowstone Park, and it is rumored that Mr. Black and Travis Dameron staged an eating endurance contest with Mr. Black taking the ribbon.

Progressive

Some of the farmers have been cutting their wheat, which is pretty good, but they have not commenced harvesting yet.

Mr. Fletcher Rogers has been back for several days harvesting his wheat crop.

There was a pretty good attendance at Sunday school Sunday afternoon. Mr. and Mrs. Brit Boyd spent Sunday afternoon visiting with Mr. and Mrs. Ivan Monaghan.

Mr. and Mrs. J. P. Roberson, Misses Mary Lou and Lillian Roberson, Clyde Leslie and Bill Roberson, Mrs. C. O. Caldwell and two daughters, Miss Velma and Eunice Caldwell were visitors in the home of Mr. and Mrs. Jeff Roberson last Friday.

Progressive school house was filled with people last Sunday evening at singing. Lots of visitors were present from the neighboring communities and also from Hereford. Mr. Warren, who has taught the singing school at Progressive, was present at our singing. Judging from his singing, we are inclined to believe he is still a believer in letting the song waves roll with plenty of pep and enthusiasm.

Mr. and Mrs. Sherm Garrett and family, who have been in Hot Springs, Ark. for several weeks, resumed home last Thursday. Mr. Garrett, who has been suffering from rheumatism for some time, came home very much improved.

Mr. and Mrs. Lee Kendall of Summerfield community were visitors in the home of Mr. and Mrs. C. P. Caldwell Sunday afternoon.

The program for the next Progressive singing reads as follows: Opening song, Mr. Garrett; song, Lucille Park; vocal duet, Miss Velma Caldwell and Mrs. Jeff Roberson. Song, Ida Mae Knox; quartette, Mrs.

Lewis; song, Mrs. Monaghan; song, Margaret Richards; reading, Little Country Boy; quartette, Mrs. Monaghan; song, Hensley family; song selection, Mr. Lewis; quartette, Elmer Patterson; song, Marguerite Bowman; song, visitors; Junior's song; song, Bill Knox; benediction, Mr. Sharp.

Here and There

Mrs. Chas Bell had a very glad surprise last Thursday, when her sister from California arrived, whom she had not seen for seventeen years. The sisters, almost like strangers to one another, were soon lost in conversation that drifted back to childhood, and it seemed it was only yesterday they were children together. On Friday a big fish fry was held at the Bell home. The fish were caught from a large tank on the W. B. Green farm. They called it an old-time fish fry with lots of fish and a good time. Saturday the scene in the Bell home was completely changed and as a surprise Miss Juanita Bell, the only daughter of Mr. and Mrs. Chas. Bell became the bride of Mr. Robert Holmes. Mr. Holmes is a much respected young man and their friends wish them much happiness all through life.

Mrs. R. S. Turner and children visited in the Estes home last Friday.

Mrs. Lenox visited with her parents, Mr. and Mrs. Vick, Friday.

Little Miss Nettha Kincade happened to a very painful accident last Monday, when a horse stepped on her foot. She has been somewhat crippled since the accident.

The Mobley, Knox and Kinsade families enjoyed an outing on the banks of the Tierra Blanca, near Sulphur Park Saturday evening. They reported they had fish and an abundance of other good eats for supper.

Mother Mosley enjoyed a visit last Tuesday and Wednesday with Mrs. Edgar Mosley and Mrs. C. H. Carl in Hereford.

Mr. and Mrs. J. B. Harlin had as their guests Sunday for supper Mr. and Mrs. Mobley and family, Mr. and Mrs. Kincade and family. Ice cream was part of the menu.

Mrs. Joe Greer and daughter spent Thursday with her sister, Mrs. D. H. Bryant.

Mrs. J. B. Harlin went to town and spent the day with J. P. Roberson last Thursday.

Mrs. Edgar Mosley and Mother Mosley spent last Thursday with Mrs. Earl Lance, who is still suffering with rheumatism.

Mrs. Fannie Childers came up from Lockney Wednesday to spend a few days with her daughter, Mrs. Mack Dixon.

Mr. and Mrs. Albert Springer and children spent a few days last week in Silverton visiting Mrs. Springer's mother.

Another meeting of the Frio Good Will Club was had Wednesday, at the home of Mrs. Joe Greer. The ladies spent the afternoon in conversation, and between times made a few stitches on their fancy work. Refreshments of sandwiches, small cakes and ice tea were served, after which Mesdames W. B. Green, Harlin, Knox, Tice, R. T. Green and Estes departed for their homes.

Friends of Mrs. Veri Sullivan will be sorry to hear of her very recent illness, and hope after a rest for a while will soon be her old self again.

Mr. and Mrs. R. L. Knox spent Sunday evening with Mr. and Mrs. Joe Greer.

Mrs. R. T. Green, W. B. Green, Harry Thomas and wife, B. R. Dixon and wife, Walter Easter and family spent Sunday afternoon with Mack Dixon and family. They didn't eat very sparingly of ice cream, for

several freezes full were made.

Mrs. O. B. Tipps of Quitaque visited a few days last week with her sister, Mrs. J. B. Harlin.

Miss Helen Estes spent last Wednesday with her aunt, Mrs. Joe Greer. A get-together of the Springer family was enjoyed Sunday at the home of G. F. Springer, who are leaving soon for quite an extended trip. The children who were near enough to be present were A. T. Jones, Sparkman, Earl and Albert Springer and their families.

Mrs. Tice and son, Mr. Jim Edwards, spent Sunday with their son and brother, Mr. C. E. Tice, and family. Mr. Edwards is leaving soon for the Yellowstone National Park to spend his vacation.

Sunday a number of the neighbors of Mr. Boyd very quietly came to their home and gave him a surprise birthday dinner. Eats of all kinds were brought, with plenty of ice cream and cake. A good time was had by everyone and it is to be hoped Mr. Boyd has many more birthdays.

Little Leo Williams, Jr. made his appearance at singing Sunday night for the first time. He behaved like a little man and we are sure he enjoyed the singing. Mrs. Allan was also out for singing, after being confined to her home on account of an operation.

Mr. and Mrs. Joe Greer spent Wednesday evening in the R. L. Knox home.

We miss you from Sunday school if you are not there, so next Sunday let's all go and have a homecoming of the Frio Sunday school.

Singing still continues to be good, and the next sing-song at Frio will be on July 25. Opening song, Mr. Knox; quartette, arranged by Mr. Lindsey; song, led by Greer Estes; children's song; song, arranged by Mr. Knox; songs, led by Sam Kellow; reading, Gladys Jones; song, arranged

by Mrs. Joe Greer; two songs led by Robert Holmes; song, arranged by Mr. Veri Sullivan; song, led by Harvey Lindsey; song, arranged by Mrs. Mobley; closing song, Mr. Knox. Miss Johnnie Estes and mother, and Mr. and Mrs. Carl Gilliland drove out to the Estes home in their new Nash car Sunday evening for a short visit.

To the Voters of the 15th Representative District, Composed of the Counties of Armstrong, Carson, Potter, Randall, Deaf Smith and Oldham:

Again I wish to call your attention to my candidacy for re-election as your Representative from this District in the Texas Legislature, and to cordially and respectfully solicit your votes. During the time I have been your Representative in the Legislature I have given my very best thought and attention to all legislative matters pertaining to the welfare of the people of this section of Texas, as well as to render to the State as a whole an impartial service in accordance with the very best judgment I am capable of exercising. My record as made in the legislature is an open book, and the people of this District are familiar with my position on all State matters of public importance, and if you see fit to again elect me I promise you that I will continue to render you faithful service to the very best of my ability to do so.

I have no personal or selfish ambition to serve you in the Legislature. My only desire is that I may be able to render a useful service to my State and community in the capacity of a legislator, and for that reason I have given diligent and earnest study to the problems of legislation and the affairs of our State Government, and I feel that with my legislative experiences at Austin I am now in a position to render you even a more useful service in the future than in the past.

It would please me very much if I could see each one of you between now and the primary election and personally solicit your support and vote when you go to the polls on the 24th, but the time and expense necessary to cover the six counties will not permit, so I am asking you to take this as a personal solicitation of your support and votes.

With sincere thanks and appreciation for your support and confidence in the past, I am,

Yours to serve faithfully,
LEE SATTERWHITE,
Amarillo, Texas, July 12, 1928.

TO THE VOTERS OF COMMISSIONERS PRECINCT NO. 2

Since I have not made a thorough canvass of the precinct and will be away for the next thirty days, I do not want you to feel that I am indifferent towards this matter, for I am not. I certainly will appreciate every vote that is cast for me. If I am elected, will try to handle the County's affairs that are entrusted to me in the same businesslike way that I handle my own affairs.

Respectfully,
H. G. CONKWRIGHT.

WHAT BEN F. HARGEL OF THE LA GRANGE JOURNAL KNOWS

"Do not vote your prejudices, but go to the polls and vote your judgment as to who would make the best governor for Texas. This makes the issue plain; I shall favor the election of Lynch Davidson for governor, because, above all else, he is a man of good business qualifications; if entrusted with the affairs of the State as its governor. I believe that his election would mean the replacing of political chicanery and favoritism with real work for the benefit of all concerned; for the restoration of our governmental affairs to a plane of respectability, and the placing of the institutions of the State, both penal and eleemosynary in condition that would warrant the confidence in our governor, that meritorious service ever demands. We need a change, we need it now worse than at any time in years, and to get that change, we must elect Lynch Davidson. Lynch is the choice of the people who really want a change, he is the choice of the people who oppose corporate influence. If you believe the State needs a strong man now, a real business man who can and will eliminate those features which have started the world, and are willing to think this over, you can well decide for Lynch Davidson. Place him in the run-off and he will be our next governor.

TO THE VOTERS OF DEAF SMITH COUNTY

Anyone offering for a public office who does not comply with the law does not deserve the office. I was too much of a numskull to make proper announcement and get on the ticket. Please forget that I advertised for nomination. Yours gracefully, E. W. HARRISON.

We are expecting a real interesting contest which will last about three months. Come every Sunday night and talk on your topic and help your group to win in this contest.

Life—what does it mean? It is as a breath of the frosty air. It comes and is gone.
It is like the tick of a clock; the swing of a pendulum—a little sunshine, a little rain, a little sorrow, a little joy, a little pain, a little waking, a little sleeping, a little heat, a little cold, a little winter, a little summer, and then the pitcher is broken at the cistern, the golden bowl is shattered at the fountain, the silver cord is loosed and man has gone to his Long Home.
Life is like the dew of the morning that settles down on the mown grass for a little while; then the sun come out and it is no more. Changes come and go—have come and gone in our own lives, and none of us are sure of tomorrow.

We were so busy last week we could not get o the mail box, and the telephone was out of commission, so we had no items to send in.

Mr. and Mrs. E. E. Ramsey and their daughter, Mrs. Swamp of Kansas City, and Mrs. Myrtle Speelman were visitors Sunday in the Ed Bolts home.

Mr. Lovelady is baling his oats instead of threshing them.

Mrs. John Renfro and little daughter and Mrs. Crawford and daughter, Miss Nina, were visiting Thursday in the W. H. Smith home.

Mr. W. O. Lindon of Lone Grove, Okla., is visiting his son, Walter, and family for a few weeks.

Mrs. W. T. Smith was not feeling very well the first of the week.

Walter Lindon and family went to Dimmitt Sunday to help Mrs. B. B. Easter celebrate her birthday. There was quite a gathering of relatives present.

Mrs. Rat Jewel spent the week-end with her sister, Mrs. Minnie Walker.

The Guy Smith family and Ed and Dora Smith attended singing at Progressive Sunday night and enjoyed the fine program.

Mr. Lee Lambert was a caller Thursday at Guy Smith's.

Mr. and Mrs. Lester Galley were down on the creek to eat dinner with their Sunday school class of the Presbyterian church Sunday. They thought they were starting home in plenty of time for Sunday school at the Askren school house, but were delayed by tire trouble until all the congregation had left.

Leonard Curtzinger was a supper guest at Guy Smith's Saturday night.

Mr. Briggs is adding another improvement to his section, the Green Valley Ranch. As the trucks hauled loads of wheat to Joel switch, where they loaded a car, the trucks went back filled with posts which are to be used in making a new fence all around the section.

We just heard we are to lose our neighbor, J. M. Robertson, as he has sold his farm to a Mr. Holman of Canyon, and gives possession at once.

We have not learned of the future plans of Mr. Robertson, but may his life be cast in pleasant places.

Sunday school at the usual hour Sunday, with attendance of almost sixty. Rev. Hill from Vega preached after Sunday school, and gave us another of those good Gospel sermons we like so well. Rev. Hill often comments on the number of men who come to Ford. He says that he seldom finds a greater part of the congregation men folks.

A number are still harvesting wheat. A. K. Webster finished last week, harvesting over a hundred acres, with a yield nearly 40 bushels per acre. He had a large tractor with plows, nearly keeping up with the combine, and now is thinking about another wheat crop.

J. E. Hill is making so much wheat and filling his granary so full that it burst open, and he is now having to put wheat on the ground, as he can't get it hauled fast enough.

Mr. and Mrs. Sperm Garrett came home from Hot Springs, N. M., last Thursday, having been gone about six weeks, for the benefit of Mr. Garrett's health. He is now much improved and was able to take his usual place Sunday as tenor singer in the choir.

Mr. and Mrs. Lem Pullison are driving a new Ford coupe.

Mr. and Mrs. Frank Vance from Ford spent Sunday afternoon with Mr. and Mrs. R. H. Parker.

Andy Thomas has purchased a Ford truck and has been hauling wheat with it.

Mr. and Mrs. A. K. Webster spent Sunday in Amarillo with relatives. Mrs. Floyd Walton of West Way visited her parents, Mr. and Mrs. R. H. Parker Monday.

Mrs. Bob Orr and children were visitors in Vega Monday.

Miss Viola Thomas and Pearl Thomas went to the movies at Hereford Saturday night.

CHURCH ANNOUNCEMENTS

First Christian Church
T. Morgan, Pastor

"50,000 Christians" is the subject for the Sunday evening service. Is this too high or too low for you? Hand to your pastor an estimate of your worth to the Kingdom of God. Come see how many will pass the \$50,000 mark.

Summer is here, but we are still having a good Sunday school. The children need to be in this school. Bring them Sunday morning at 9:45.

Mrs. Morgan's class gave the opening exercises at Sunday school last Sunday. It was fine, and we all enjoyed it, and they started on time. Every Sunday from now on we will begin at 9:45 a. m.

Communion and preaching at the 11:00 o'clock hour. The subject is "Christian Love."

Senior and Junior C. E. at 7:30 p. m.

You are invited to attend all services. Visitors, strangers and new citizens will receive a cordial welcome.

Methodist Church
J. O. Haynes, Pastor

"Things that Preserve Nations" will be the pastor's subject for Sunday evening at 8:30. This will be the third of the series of religious patriotic services. Messrs. Spratt and Beyer will sing a barytone-tenor duet. You are invited to attend this service. Bring a group of friends.

The pastor will preach at 11:00 a. m. There will be special music. The members are especially urged to be in their places. Junior church at the same hour.

The Sunday school meets at 9:45 a. m. Let's not be lazy in the summer time, but keep up the Sunday school. The children of the Primary-Beginners Department are especially urged to be present and on time. Mrs. McLean will conduct a bell game in which all twelve of the bells will be rung. Don't miss it. Epworth League at 7:30 p. m.

First Presbyterian Church
Jan. T. Ross, Pastor

Three extraordinary services will be held at this church next Sunday. The first of these will be the ordination service at 11:00 a. m. The ordination sermon will be preached by the pastor and will be followed by the beautiful and impressive ordination service for deacons, and the installation service for elders. Every member of the church should be present at this service. The second feature of the day will be the service of installation of new officers for the Senior Christian Endeavor. Of course every member of the Endeavor Society will expect to be present for this service, which will be held at the hour of 7:30 p. m. in the Sunday school room. Last and not least, will come the evening service under the direction of the W. M. S. of the church. No wide-awake member of this congregation can fail to appreciate with a large measure of gratitude the splendid work of our women, and no one will fail to enjoy their program which begins at 8:30 p. m.

During the coming week the pastor will be engaged in special evangelistic services at Jumbo. The opening service will be held at 8:30 next Sunday, and the series will extend through the Fourth Sunday. All are invited to these services.

Let us see to it that every officer, teacher and pupil is present in Sunday school and let us be on time. Our superintendent is striving towards a high ideal for the Sunday school. May we not join hands with him on this proposition.

"Forsoke not the assembling of yourselves together as the manner of some is." In the name of Christ, our Lord, the Great Head of the Church, this congregation extends a sincere welcome to all.

The Sunday School Lesson
Thurman Morgan

JULY 18th, 1926.

THE CALL OF MOSES.

Golden Text: Exodus 3:12. Certainly I will be with thee.
Lesson Material—Exodus 2:11; 4:18.
Lesson Scripture—Exodus 3:10-15; Exodus 4:10-12.

10 Come now therefore, and I will send thee into Pharaoh, that thou mayest bring forth my people the children of Israel out of Egypt.

11 And Moses said unto God, Who am I, that I should bring forth the children of Israel out of Egypt?

12 And he said, Certainly I will be with thee; and this shall be the token unto thee, that I have sent thee; when thou hast brought forth the people out of Egypt, ye shall serve God upon this mountain.

13 And Moses said unto God, Behold, when I come unto the children of Israel, and shall say unto them, The God of your fathers hath sent me unto you; and they shall say to me, "What is his name? what shall I say unto them?"

14 And God said unto Moses, I AM THAT I AM: and he said; thus shalt

thou say unto the children of Israel, I AM hath sent me unto you.

15 And God said moreover unto Moses, Thus shalt thou say unto the children of Israel, Jehovah, the God of your fathers, the God of Abraham, the God of Isaac, and the God of Jacob, hath sent me unto you: this is my name for ever and this is my memorial unto all generations.—Exodus 3:10-15.

10 And Moses said unto Jehovah, Oh, Lord, I am not eloquent, neither heretofore, nor since thou hast spoken unto thy servant; for I am slow of speech, and of a slow tongue.

11 And Jehovah said unto him, Who hath made man's mouth? or who maketh a man dumb, or deaf, or seeing or blind? Is it not I, Jehovah?

12 Now therefore go, and I will be with thy mouth, and teach thee what thou shalt speak.

In our lesson today be sure to read all of the lesson material. Just the printed text is not all of the dialogue between God and Moses. The conversation part is found from Exodus 3:10 to 4:17. There are eleven speeches in all.

When Moses became a man his heart was filled with a love for his people. He could not live in the Court of the King, in luxury and ease and contentment while his own people were enduring their afflictions. The reason for this can be largely attributed to his mother who was his nurse and early teacher while he was in the palace. The character of Moses was influenced by his mother.

While Moses was still in the court he evidently schemed and thought of ways to help his brethren. But the first move he made proved to be a mistake. He killed one of the Egyptian task-masters and buried his body in the sand. The killing of an individual did not strike at the root of the system. And his own people, the Jews, feared to accept the leadership of a man who began his work by a policy of personal violence and they refused to follow him.

This crime was the crisis in the life of Moses. It came unexpectedly. And after it he had to leave the land of his adoption. But it was not without significance in his life. First, it allied him definitely with his own people. And next it cut him off from the past. No longer could he remain with the royal family. In fact it was just the beginning of his second course in preparation for the great work he was to do later.

The life of Moses may be divided into three periods of forty years each. First, the forty years lived in Egypt, in the court of the Pharaoh; the second, the forty years in the land of Midian, where he fled after the killing of the Egyptian; third, the forty years as leader of the Israelites during their escape from Egypt and their wilderness wanderings. Our lesson today is in the second forty years.

Two-thirds of the life of Moses was spent in preparation for his work. The remaining one-third was devoted to the work God called him to do. The first forty years he received training in the government, schools and universities, religion and customs of the Egyptians. The second forty years were the years of training through experience. At the age of eighty years, he came to his life work. Jesus spent thirty of his thirty-three years in preparation. God can use a prepared man.

Moses had not been drawn from his people during his years of luxury at the court of the Pharaoh. The luxuries, the easy life and the temptations had not dulled his sense of justice, nor had it taken the temper out of his loyalties. While our story is the call of Moses, let us not forget some of the significant traits of his great character. Two of them, his patriotism and his sympathy are summed up in these words: "He (prince though he was) went out unto his brethren, and looked upon their burdens," and the third, his passionate sense of justice which runs through the entire story of his life. God still needs men for his service who are brave, compassionate and just.

When Moses fled to Midian, apparently his aspirations and dreams had ended in failure. He was now in exile from the Egyptian court and widely separated from the people he loved. But it was while in this state, as a sheep herder for his father-in-law, Jethro, that God appeared unto him. God is found in the quiet moments of life. We need more time for thought and meditation. The Book of Job is a beautiful story telling us that God is found not in the storm but in the peace of the calm.

On Mt. Horeb, sometimes identified with Sinai, Moses saw a beautiful sight—a bush burning yet unconsumed. Out of the flame came the voice of God to Moses. It was calling him to go back to Egypt to deliver his people from their bondage. God had heard their cries.

Do you wonder at Moses putting up an argument of refusal? What a big undertaking, the deliverance of more than a million people. They had refused to follow him once before, when he killed the Egyptian. He knew the grandeur of the Egyptian court and the haughtiness of the monarch. Some may view this refusal as pure cowardice. Others will say that the greatness of the undertaking seemed beyond his feeble powers. Isaiah and Jeremiah were overwhelmed with the bigness of their call and put up a refusal. It is not a discredit to a man to realize or feel his inability. But the dishonor comes by refusing

after God says, "Certainly I will be with thee."

God closed every avenue of escape for Moses. He met every argument. And when Moses heard the comforting words, found in the Golden Text, he yielded to the will of God. And the secret of his power for the remainder of his life, was his listening to the voice of God. He sought companionship with Jehovah, and he continually received new visions and inspirations.

Moses had a stammering tongue. But now it is unloosed. And we do not find in all the range of literature greater eloquence than his. The gifts which lay dormant were put to a God-given task and expanded beyond their fondest dreams. Moses saw the power of God. And he learned, as you and I may learn, that God can answer our need, insufficient strength. "My grace is sufficient for thee."

"A man is never called for what he is not physically able to perform, nor to do that for which he is not trained. Your gift is your call, you are called by this gift. What shall I do? asks the young person of today. In silence weigh your talent, consider the world's need, allow your conviction to mature, then do, with all your might and main, with all your heart and soul, with your best nature dictates. God will call you as surely as He did Moses."

Among the larger thoughts of this lesson are these: God is the God of today and tomorrow as well as of yesterday. God helps men through

men. God may come to a man in the exercise of daily duty—"Moses was keeping the flock." Our feeling of inability is no excuse for refusal to God's call. Vision and inspiration come before the work.

Texas Resorts Attract

People are just beginning to get into the summer climate and of this state is not surpassed by Colorado, California, or any other state. Explored sections of the summer camps are now to be found along many Texas streams and the mountains, and the campers are enthusiastic in their praise for outing homes. If one is looking for an ideal location for the summer, a mistake can hardly be made in going to the mountains and the camps west of San Antonio and Austin. There are numerous streams or hills to be found. The prediction is made that within ten years there will be a thick forest in Texas than in Colorado and that, because of the winter climate, Texas will be the great all-year-round resort. All that is needed is the publicity that has built up the resorts of the country.

Variety to Be Found

The tourist prefers seashore to mountains and streams, he certainly is satisfied with what he finds in Texas, for the vast coast line from Galveston to Brownsville is practically ideal for camps or resorts. Capital is seeing this and is building accommodations to meet the expected travel at many points along the Gulf of Mexico. Galveston, Corpus Christi and Point Isabel are now having wonderful developments as resort centers. Palacios, Lavaca, Rockport and other towns are also attracting attention to themselves as less pretentious, but no less desirable, resorts. When the time of the seniors, they soon are in the hills, good high-affording fine facilities for motor cars. Three and a half million people tour Texas annually, and Texas resorts become better than the number will soon be doubled.

There is need in many places for parking and housing facilities. Tourists will seek those places where they can be most comfortable, either in camp, in huts or in hotels. The newspapers are calling attention to this need. The Alpine Agency states a condition found in many places when it says: "Climatic conditions and scenery prevail to the visitors to remain here—many of them indefinitely—if places could be provided for them to live in. People are here this summer say that climate surpasses that of California and Colorado and that the very is practically unexcelled in the United States. Nature has done her part in supplying these attractions, but people must have shelter and in most cases comfortable shelter is demanded." The place that is not getting ready for the great tourist traffic headed toward Texas is overlooking an opportunity.

Texas Needs Boosting

Texas has been too timid about letting itself be known to the world. Here are a few of the many nice things R. H. Edmonds, editor of the Manufacturers Record has recently said about the State: "Texas has wonderful people, broad, great, brainy business men, great religious and educational leaders, great universities, great public schools, mighty preachers of the gospel." "Texas can raise oranges and grapefruit which are as much superior to those of California as a delicious juicy apple is to the Dead Sea apple, which crumbles into dust. Many other farm products are as superior to those of California as a juicy orange is superior to sawdust."

"Whenever the people of Texas, with their greater resources and advantages about which to boast, turn loose in boasting and in publicity work one half as strongly as the people of California have done for the last 40 or 50 years, there will be seen a growth in population and wealth which will put to shame anything and everything that Los Angeles and California has ever done."

This is from a journal published in Baltimore and that circulates as much in California as in Texas.

Truck Growers Organizations

The experience of truck growers in Texas shows the necessity for thorough organization to make a success of the business. The small grower working independently is at a great disadvantage both in raising and marketing his products. Where there is organization and cooperation truck growers are making money. Where there isn't, the business is nearly always soon abandoned as unprofitable. Nacogdoches is one of the places that is trying organization for the first time this year. The county has an agent who knows the business thoroughly. Some 230 farmers got together and pledged nearly 3,000 acres to different kinds of truck. They followed the instructions of County Agent Montague in cultivating and selling. They have marketed 30 cars of tomatoes and are now shipping black-eyed peas, onions, cantaloupes and watermelons. Truck growing is now on a profitable basis in that county. Many other Texas counties have learned the advantage of cooperative effort in farming and marketing.

Merchants Should Help

The Chamber of Commerce at Bryan has a rule not to allow a farmer to take a load of produce back home for lack of a market. If he can't

find a buyer the farmer goes to the Chamber of Commerce, where a price is agreed on, and the secretary calls up dealers in that line of produce and tells them he has bought the produce and the price he has paid, and it is then equitably distributed among the dealers. At times there may be a loss on purchases made in this way, but it is so divided up that it does not fall heavily on anyone. It is needless to say that Brazos county farmers have a fine feeling for Bryan merchants.

Encouraging Yard Beautification

Mr. and Mrs. Thomas E. Swan, of Tyler, have started a movement for beautifying yards and lawns of country homes in Smith county by offering prizes aggregating \$200.00 for the greatest improvements shown in the places during the year. The county demonstration agent has the contest in charge. Should something of this kind be done in every Texas county, wonderful improvement in country homes would soon follow.

JULY 11th — JULY 17th

If your birthday is this week you are original, daring and fearless. You are also commanding, self-willed and capable of attaining great poise. You are argumentative in nature, but your arguments are always sound, and having a well-informed mind, you usually win the argument. You have an excellent memory, and your intuition is strongly marked. You attain your own ends without much difficulty.

You are naturally endowed with a great amount of tact and diplomacy, but too often you fail to use it to its full advantage, often antagonizing those with whom you come in contact, with your abrupt and sharp speech. Be less frank—you will make more friends. You have some combativeness in your nature, but you use it to good purpose. You never prolong a fight after you have gained the object for which you fought.

Both men and women born during these dates are capable. Having a natural tendency toward the beautiful and artistic in all things, they often become musicians, artists and writers. Men also become doctors, lawyers, business executives, brokers and bankers. Women become teachers, nurses, actresses and elocutionists.

See the GLEANER Combine glean that wheat clean. Demonstration this week-end on the old Elliston place, just west of the Tourist Camp ground, adjoining the Garrison Grove. The Gleaner is turning out the cleanest job of harvesting shown here this year. Hereford Motor Company.

I have moved my insurance office. You will now find me on second floor of the Newell & Ashbrook building. Phone No. 7. D. F. Ashbrook, 25-21

City Orders New Maintainer For Keeping Streets

There Hereford City Commission this week took steps to remedy the trouble encountered the past few months in keeping the streets of the city in first class condition. The old engine is simply worn out and of late the street force has found difficulty in keeping pace with the demands of a growing municipality.

The commission this week placed an order for a brand new street maintainer, called the Russell Motor Patrol. It will be propelled by a 10-20 McCormick-Deering tractor. It will save the time of at least one man, and this is quite an item nowadays, as labor is very scarce and the city has been unable to do street work at times owing to scarcity of man power.

The new machine is of the crawler type and is guaranteed to do the work right. It will be put to work immediately upon arrival.

85 CARS OF WHEAT SHIPPED TO DATE

The wheat situation in Hereford continues to be the center of interest everybody in the community and one offering the greatest promise as well as the greatest hopes. Monday the Santa Fe estimated the crop one-fourth handled out. The car situation has been acute all over the crop. Pressure brought to bear on the railroads through every agency could be thought of resulted in greater efforts to meet the demand. Freight cars from their trip to seaports has relieved the main somewhat. Wednesday thirty cars were set out here for local users and prorated. This has helped considerably and the Harrison elevator estimated Wednesday that they could have enough to last them through Thursday afternoon, when more cars might be expected. Thursday fifteen more cars arrived. Up to Thursday noon a total of 85 cars of wheat had been shipped out of Hereford. Even with this, Harrison's elevator was barely able to handle the truck trade, taking the wheat right out of the dump and not reaching the elevator, which is jammed full. The elevator was compelled to shut down the first of the week for a few hours, owing to lack of cars and full capacity, but this situation was soon remedied. Taken as a whole, there is growing improvement in the car situation and it is believed that from here out the demands for freight cars will be met.

T. C. of C. Has First Meeting of New Directorate

The first meeting of the new board of directors of the West Texas Chamber of Commerce, appointed at the recent Amarillo convention, assembled at Abilene last Monday to lay plans for the coming year's work. The Hereford Chamber of Commerce was represented at the meeting by Seth Holman.

About forty directors from different parts of the state were in attendance. The new president, Mr. Arthur P. Duggan of Littlefield, presided, and the new manager, Homer Wade, was on the job. Porter A. Foley, retiring manager, was presented with a beautiful watch in recognition of the esteem of the men with whom he worked for years in the department of all West Texas.

The appointment of the Manager for the budget were approved. Budgets for active work were organized for the directors assigned to their duties. The meeting was very enthusiastic and the outlook is a successful and busy year. Mr. Duggan announced that the slogan for this year will be "A Bigger and Better West Texas," and that the diversification campaign inaugurated by President R. Q. Lee last year will be continued vigorously.

The State has been divided into districts and Mr. Wade will have assistants in charge. District Manager Bennett will have headquarters at Amarillo for the Panhandle district, and Ray Lechman will have headquarters at Ft. Worth. The third district, at San Antonio, is yet to be named.

visitors were royally entertained by the Abilene Chamber of Commerce, and a sumptuous banquet was given to them at the Abilene Country Club.

CAR SHORT-AGE TALKED AT LUNCHEON

Henry Wilkinson, president of the First State Bank & Trust Company of Hereford was the principal speaker at the Chamber of Commerce luncheon here Monday. He talked on the car shortage situation, and its costly effects to the farmers of this section. Mr. Wilkinson praised the efforts of Clarence E. Gilmore of the Texas Railroad Commission in helping to secure more cars for the wheat belt of the Panhandle. He told of the work W. H. Fuqua of Amarillo is doing, and said that daily papers of the State were rendering a great service in the publicity they are giving to the car shortage situation.

The local organization passed resolutions indorsing the work of Clarence E. Gilmore.

E. Ramey, practical wheat farmer of Castro county, said that a car was needed every thirty minutes for the next twenty days to take care of Castro county's bumper wheat crop. Machinery has been ordered by the City Commissioners of Hereford, and the streets here will soon be put in first class shape, according to Mayor E. S. Ireland. Work is progressing on Hereford's huge paving program.

A. O. Thompson announced that the uniforms for the Merchants Band are on the road and would be here for the next band concert.

County Agent R. O. Dunkle and Russell Daniel, superintendent of the Community Exhibits for the Deaf Smith County Fair, September 16, 17 and 18, have just worked out the score card for the Community Booths, and every farmer in the various communities is urged to study these carefully so that they might better understand the products to be exhibited. The blue ribbon booth will draw a cash prize of \$75, and several communities have already started working on the exhibits in an effort to win first place. Dawn had the blue ribbon booth last year. Other prizes are as follows: Second prize, \$40; Third prize, \$25; Fourth prize, \$10. All exhibits not winning one of the above prizes will be awarded \$5 in cash. Below is the score card:

Poultry Prizes For Fair to Be Announced Soon

Prizes for the Poultry Department of the Deaf Smith County Fair have just been worked out by Supt. Byron C. McCord, and plans are under way for a real poultry show at that time. Prizes will be paid on all leading breeds of poultry, and six grand champion prizes are also being offered.

As a special inducement to the Club members of this county, a free trip to the Dallas Fair is being offered for the boy or girl that makes the best record in poultry. This must be based on the work done at home and on the exhibit made at the local fair. In addition all the Club members can compete for the cash prizes that are being offered.

The Deaf Smith County Fair will be held here Sept. 16, 17 and 18, and preparations are being made for a good row crop, and with livestock and poultry in excellent condition, the local fair should be the best ever.

Burglars Enter First State Bank at Dimmitt Tuesday

DIMITT, Texas, July 13.—Last night between the hours of twelve and six a. m., burglars broke into the blacksmith shop, secured plenty of tools, and then dug into the vault of the First State Bank here. Here they secured about \$100 in five cent pieces. They then chiseled into the door of the safe, breaking off part of the time lock.

There is no clue yet, but it is thought the work was done by the same parties who dug into the vault two years ago. Two of the lumber yard men here heard the hammering and each went into his yard to look around, but seeing and hearing nothing, went back to bed.

Officers are conducting a vigorous investigation.

Golf Club Holds Meeting and One Stick Contests

The week ending Sunday, July 11, marked the most successful half year in the history of the Hereford Golf Club and was celebrated with the semi-annual meeting, held at the Texas Utilities Co. office Friday night, and with a novel one-stick tournament Sunday that was full of fun and pep.

The Friday night meeting was handled by secretary-treasurer C. C. Acker, in the absence of the other officers. Two important changes were voted. First, the system of paying dues semi-annually was changed so that beginning January first they will be due annually. Secondly, the rule permitting six players to play together was changed to a maximum of four at a time. A fine of \$2.50 for a violation of this rule will be assessed and the player suspended until the fine is paid.

The secretary's books showed a paid-up membership of thirty-six, and the meeting was enthusiastic and very helpful.

Sunday's tournament was a scream. Merchandise prizes for the various winners had been accumulated and displayed in Stambaugh's window. The boys fought it out all day with all kinds of sticks and many amusing incidents arose as a consequence. Brack Williams, Homer Fox and W. H. Russell tied for first place Sunday, and Monday Mr. Williams won the play-off, making a remarkable forty-two with a mid iron.

The prizes offered and the results are shown below:

A Great Golfer

It took Bobby Jones 12 years to break into national title holding ranks, but now at 24 he is recognized as one of the greatest golfers in the world. He was battling for his third title last week in the U. S. Open at Columbus, O.—already holding the U. S. Amateur and the British open. Photo—as he arrived from England, with his new title.

JUDGING OF CONTESTANTS ON JULY 20

Wednesday, July 20, the judges will get into action in the contest for better homes and gardens in Hereford. In contrast to the judging of former years, there will be two periods of judging as against one, and the first judging, which is to embrace the period from July 20-31, will not eventuate in any awards, but will enter into the final grade which will be made up at the close of the second and last period, September 1-10. Every contestant should have his premises ready for judging on the 20, since the judges may appear on that day and may actually finish their work within the first three or four days of the contest.

The following have been selected as judges, although some have not yet accepted definitely: Reverends J. O. Haynes, W. R. Hill and Thurman Morgan, Professor Humble and Mrs. Myrtle Speelman. The central committee after most painstaking consideration of the various angles to be considered within such a task as passing judgment on the homes of our city, feel that the community may well be glad that they were able to select from our own citizenship such a personnel as this.

The following contestants have announced from that district lying east of Main street: Mrs. P. O. Anderson, Court house by W. B. Phillips, Mrs. G. C. Bowman, Mrs. Elmer Matthews, C. L. Savage, County Hospital by D. F. Ashbrook, Dr. and Mrs. J. W. Hicks, Mrs. Luther Hough, Mrs. H. W. Sherrill, Mr. and Mrs. B. E. Brumley, Mrs. M. L. Steele, Mrs. J. C. Ricketts, Mrs. C. L. Roberts, E. C. Eubanks, Mrs. W. O. Fox, Mrs. W. E. Neal, Mrs. M. B. Daniel, Mrs. Annie Diehl and Mrs. A. J. Ralston, all of whom entered for the district lying between Third and Fourth streets, which was under the general chairmanship of Mrs. J. W. Hicks.

The following additional entrants are reported for the East Side district: Mrs. M. D. Wombie, St. Anthony's church by Rev. Fr. Salvator, C. H. Dillehay, Mrs. I. H. Spratt, Mrs. J. H. Miller, J. T. Ross, Mrs. C. M. Hicks, Mrs. E. J. Williams, Mrs. E. S. Ireland, Hereford High School by Superintendent C. H. Dillehay, Mrs. F. J. Eberle, Mrs. Harry L. Rice and Mrs. J. B. Jones.

The Brand has been asked by Rev. Ross, chairman of the East Side district, to request that if for any reason any name has been omitted from the foregoing list, that anyone who shall have knowledge of such omission notify him at once in order that no one shall be overlooked and that the list shall be completed this week in time for the use of the judges. There will perhaps be a list of contestants from South Hereford for the use of the judges and also for publication in The Brand of next week. Much time and effort have been expended on this campaign for a more beautiful Hereford. Thousands of dollars are now being spent for cleaner and more serviceable streets, but there, nevertheless, remains signs of a village in its swaddling clothes within the confines of our little city. The time is past when Hereford and Hereford citizens can be expected to think that weeds should grow either upon occupied or unoccupied premises, and that trash, garbage and tin cans should any longer be piled into back alleys. For the sake both of health and beauty, the campaign for better homes and garden should now find response in the hearts and homes of all citizens of Hereford.

A ladies five some, composed of Mesdames Dow Mercer, P. W. Price, S. P. Rosson, Homer Fox and Seth B. Holman, also participated. They refused to turn in their score, and in addition violated the rule which prohibits more than four players going around together. They were fined \$2.50 each, under the rule, but the fine was finally remitted and they were awarded the block of salt donated by Bobo McLean.

MR. EASTMAN'S LION.
HELL CATCH FISH.
DAVID DANCED, PERHAPS.
\$1,000 AN HOUR?

George Eastman, of Rochester, hunting big game in Africa, has killed his first lion, eight feet long. Doubtless Mr. Eastman pushed the tripper and the lion did the rest.

How would you make that lion understand how a man could travel from Rochester, across the Atlantic Ocean, down to the lion country just to shoot him? If it were an atheistic lion it would say, "You are talking nonsense. There is no such thing as George Eastman. All is accident."

President Coolidge, on his vacation, will fish in a lake, where men tell him, there are no fish. For President Coolidge, no such body of water exists. If he fishes, he will catch fish.

And if fish are scarce he will have the more time to think. Taking fish off the hook is an annoying interruption of thought. The President must do hard thinking with wheat and cotton farmers, North and South, fighting each other and nothing "done for the farmer."

The President will not fish with fancy flies, but with genuine worms, such as he used to dig up in Vermont or pull out of their ground with his fingers after a rain years ago.

Congressmen are going home to rest and learn what their constituents think.

Like husbands going home late, they are thinking up a convincing story.

They have cut more than \$350,000,000 of the national tax load. That's GOOD.

They tried their best to make this country join the World Court, and become subject to its decisions. That's BAD, and more Senators will know it soon and stay home.

Congress collected some of the money that Europe owes us. That's GOOD. It is as well we did not get to collect all, we might not have got anything.

Congress appropriated \$150,000,000

to be spent in five years on aviation. That SOUNDS all right, but there ISN'T any American aviation worth speaking of, and that's BAD.

Dancing masters "bar the Charleston," but won't succeed in driving out that wild dance. It is probably like that Davidda need before the ark. It enables the dancer to express frenzied emotions for which words can't be found.

Dancing was originally all wild, as among American Indians or African savages. Primitive man desiring to "express himself" danced himself into exhaustion.

Then came brief control, stately minuet, waltz, jerky polka, quadrille. There is no personality or expression in them.

The Charleston, allowing youth to throw up both legs and arms at once, will stay until our craving for "self-expression" shall have been satisfied.

Roy D. Finch, New York's able State Engineer, shows that neglect to harness the St. Lawrence costs New York state 10,000,000 tons of coal every year. Waste does not disturb the American people.

Congress sits close to the Potomac's rushing rapids, every day wasting power enough to light all government buildings and half of Washington.

In a sixty-mile race recently, aeroplanes beat carrier pigeons by three minutes. One hundred years ago, stage coaches raced against steam locomotives, and locomotives won by a narrow margin. The margin is now wider.

Those living will see aeroplanes flying around this earth—25,000 miles in 48 hours.

A Chicago lady, in a hurry to get home, commandeered a Pennsylvania Railroad special train, just as Kabla Khan decreed his stately pleasure. It cost some \$7,037.50. The lady, paying for 125 tickets at \$56.30 each, saved six hours. How many are there in the world whose time is worth \$1,000 an hour. Many, fortunately, but most of them haven't got \$1,000 an hour.

The Richest Nation in the World. American dollars now encircle the earth.

From a debtor nation twenty years ago, we became a creditor nation, with a staggering balance on our side of the ledger. The war was responsible.

Little short of twenty-five billion American dollars have gone to help finance other governments, private railroads, utilities, mining, oil, steamships, sugar and fruit companies, great factories in foreign countries.

Late figures estimate that \$12,151,000,000 cover the war loans, \$3,889,000,000 loans to foreign governments, \$5,250,000,000 invested in foreign businesses, and \$1,000,000,000 short-term foreign loans.

What effect will this dollar dominance have on mankind? Some predict that America will surely control the world trade, that American methods and money will cover the globe. Others predict that it may bring a greater war.

Progressive

Some of the farmers have been cutting their wheat, which is pretty good, but they have not commenced doing yet.

Fletcher Rogers has been back several days harvesting his wheat.

There was a pretty good attendance Sunday school Sunday afternoon.

Mr. and Mrs. Bert Boyd spent Sunday afternoon visiting with Mr. and Mrs. Ivan Monaghan.

Mr. and Mrs. J. P. Roberson, Misses Lou and Lillian Roberson, Clyde and Bill Roberson, Mrs. C. O. Caldwell and two daughters, Miss Emma and Eunice Caldwell were visitors in the home of Mr. and Mrs. J. P. Roberson last Friday.

Progressive school house was filled with people last Sunday evening at singing. Lots of visitors were present from the neighboring communities and also from Hereford.

Mr. Warren, who has taught the singing school at Progressive, was present at the singing. Judging from his singing, we are inclined to believe he is a believer in letting the song give roll with plenty of pep and "swinktum."

Mr. and Mrs. Sherm Garrett and family, who have been in Hot Springs, Ark. for several weeks, returned home last Thursday.

Mr. Garrett, who has been suffering from rheumatism for some time, came home very much improved.

Mr. and Mrs. Leo Kendall of Sumnerfield community were visitors in the home of Mr. and Mrs. C. P. Caldwell Sunday afternoon.

The program for the next Progressive singing reads as follows: Opening song, Mr. Garrett; song, Lucille Clark; vocal duet, Miss Velma Caldwell and Mrs. Jeff Roberson.

Here and There

Mrs. Chas Bell had a very glad surprise last Thursday, when her sister from California arrived, whom she had not seen for seventeen years. The sisters, almost like strangers to one another, were soon lost in conversation that drifted back to childhood, and it seemed it was only yesterday they were children together.

On Friday a big fish fry was held at the Bell home. The fish were caught from a large tank on the W. B. Green farm. They called it an old-time fish fry with lots of fish, and a good time. Saturday the scene in the Bell home was completely changed and as a surprise Miss Juanita Bell, the only daughter of Mr. and Mrs. Chas. Bell became the bride of Mr. Robert Holmes. Mr. Holmes is a much respected young man and their friends wish them much happiness all through life.

Mrs. R. S. Turner and children visited in the Estes home last Friday.

Mrs. Lenox visited with her parents, Mr. and Mrs. Vick, Friday.

Little Miss Nettha Kincaid happened to a very painful accident last Monday, when a horse stepped on her foot. She has been somewhat crippled since the accident.

The Mobley, Knox and Kincaid families enjoyed an outing on the banks of the Tierra Blanca, near Sulphur Park Saturday evening. They reported they had fish and an abundance of other good eats for supper.

Mother Mosley enjoyed a visit last Tuesday and Wednesday with Mrs. Edgar Mosley and Mrs. C. H. Carl in Hereford.

Mr. and Mrs. J. B. Harlin had as their guests Sunday for supper Mr. and Mrs. Mobley and family, Mr. and Mrs. Kincaid and family. Ice cream was part of the menu.

Mrs. Joe Greer and daughter spent Thursday with her sister, Mrs. D. H. Bryant.

Mrs. J. B. Harlin went to town and spent the day with J. P. Roberson last Thursday.

Mrs. Edgar Mosley and Mother Mosley spent last Thursday with Mrs. Earl Lance, who is still suffering with rheumatism.

Mrs. Fannie Childers came up from Lockney Wednesday to spend a few days with her daughter, Mrs. Mack Dixon.

Mr. and Mrs. Albert Springer and children spent a few days last week in Silverton visiting Mrs. Springer's mother.

Another meeting of the Frio Good Will Club was had Wednesday, at the home of Mrs. Joe Greer. The ladies spent the afternoon in conversation, and between times made a few stitches on their fancy work. Refreshments of sandwiches, small cakes and ice tea were served, after which Mesdames W. B. Green, Harlin, Knox, Tice, R. T. Green and Estes departed for their homes.

Friends of Mrs. Veri Sullivan will be sorry to hear of her very recent illness, and hope after a rest for a while will soon be her old self again.

Mr. and Mrs. R. L. Knox spent Sunday evening with Mr. and Mrs. Joe Greer.

Mrs. R. T. Green, W. B. Green, Harry Thomas and wife, B. R. Dixon and wife, Walter Easter and family spent Sunday afternoon with Mack Dixon and family. They didn't eat very sparingly of ice cream, for

several dozens full were made.

Mrs. O. R. Tipps of Quitaque visited a few days last week with her sister, Mrs. J. B. Harlin.

Miss Helen Estes spent last Wednesday with her aunt, Mrs. Joe Greer. A get-together of the Springer family was enjoyed Sunday at the home of G. F. Springer, who are leaving soon for quite an extended trip. The children who were near enough to be present were A. T. Jones, Sparkman, Earl and Albert Springer and their families.

Mrs. Tice and son, Mr. Jim Edwards, spent Sunday with their son and brother, Mr. C. E. Tice, and family. Mr. Edwards is leaving soon for the Yellowstone National Park to spend his vacation.

Sunday a number of the neighbors of Mr. Boyd very quietly came to their home and gave him a surprise birthday dinner. Eats of all kinds were brought, with plenty of ice cream and cake. A good time was had by everyone and it is to be hoped Mr. Boyd has many more birthdays.

Little Leo Williams, Jr., made his appearance at singing Sunday night for the first time. He behaved like a little man and we are sure he enjoyed the singing. Mrs. Allmar was also out for singing, after being confined to her home on account of an operation.

Mr. and Mrs. Joe Greer spent Wednesday evening in the R. L. Knox home.

We miss you from Sunday school if you are not there, so next Sunday let's all go and have a homecoming of the Frio Sunday school.

Singing still continues to be good, and the next sing-song at Frio will be on July 25. Opening song, Mr. Knox; quartette, arranged by Mr. Lindsey; song, led by Greer Estes; children's song; song, arranged by Mr. Knox; songs, led by Sam Kellow; reading, Gladys Jones; song, arranged

To the Voters of the 11th Congressional District, Composed of the Counties of Armstrong, Carson, Fisher, Randall, Deaf Smith and Oklahoma:

Again I wish to call your attention to my candidacy for re-election as your Representative from this District in the Texas Legislature, and to cordially and respectfully solicit your votes. During the time I have been your Representative in the Legislature I have given my very best thought and attention to all legislative matters pertaining to the welfare of the people of this section of Texas, as well as to render to the State as a whole an impartial service in accordance with the very best judgment I am capable of exercising. My record as made in the legislature is an open book, and the people of this District are familiar with my position on all State matters of public importance, and if you see fit to again elect me I promise you that I will continue to render you faithful service to the very best of my ability to do so.

I have no personal or selfish ambition to serve you in the Legislature. My only desire is that I may be able to render a useful service to my State and community in the capacity of a legislator, and for that reason I have given diligent and earnest study to the problems of legislation and the affairs of our State Government and I feel that with my legislative experiences at Austin I am now in a position to render you even a more useful service in the future than in the past.

It would please me very much if I could see each one of you between now and the primary election and personally solicit your support and vote when you go to the polls on the 24th, but the time and expense necessary to cover the six counties will not permit, so I am asking you to take this as a personal solicitation of your support and votes.

With sincere thanks and appreciation for your support and confidence in the past, I am,
Yours to serve faithfully,
LEE SATTERWHITE.
Amarillo, Texas, July 12, 1926.

TO THE VOTERS OF COMMIS- SIONERS PRECINCT NO. 2

Since I have not made a thorough canvass of the precinct and will be away for the next thirty days, I do not want you to feel that I am indifferent towards this matter, for I am not. I certainly will appreciate every vote that is cast for me. If I am elected, will try to handle the County's affairs that are entrusted to me in the same businesslike way that I handle my own affairs.

Respectfully,
E. G. CONKWRIGHT.

WHAT BEN F. HARIGEL OF THE LA ORANGE JOURNAL KNOWS

"Do not vote your prejudices, but go to the polls and vote your judgment as to who would make the best governor for Texas. This makes the issue plain; I shall favor the election of Lynch Davidson for governor, because, above all else, he is a man of good business qualifications; if entrusted with the affairs of the State as its governor. I believe that his election would mean the replacing of political chicanery and favoritism with real work for the benefit of all concerned; for the restoration of our governmental affairs to a plane of respectability, and the placing of the institutions of the State, both penal and eleemosynary in condition that would warrant the confidence in our governor, that meritorious service ever demands. We need a change, we need it now worse than at any time in years, and to get that change, we must elect Lynch Davidson. Lynch is the choice of the people who really want a change, he is the choice of the people who oppose corporate influence. If you believe the State needs a strong man now, a real business man who can and will eliminate those features which have started the world, and are willing to think this over, you can well decide for Lynch Davidson. Place him in the run-off and he will be our next governor."

TO THE VOTERS OF DEAF SMITH COUNTY

Anyone offering for a public of-

five who does not comply with the law does not deserve the office. I was too much of a humbug to make proper announcement and get on the ticket. Please forget that I advertised for nomination. Yours gracefully, E. W. HARRISON.

North East Corner

The B. Y. P. U. at Palo Duro is still progressing. We had a splendid program last Sunday night and each one on the program rendered their parts well. We are starting a contest between the two groups to see which group can win by talking on the topic instead of reading them from the quarterly. We are expecting a real interesting contest, which will last about three months. Come every Sunday night and talk on your topic and help your group to win in this contest.

Senior Christian Endeavor Picnic.

Friday evening, July 9, the Hereford Senior Christian Endeavorers, consisting of about 30 members, enjoyed a picnic given by the Endeavor Society at Bradley's ranch, eight miles east of Hereford.

The Society met at the Presbyter-

an church at 8:00 and from there motored to the ranch. A delightful lunch was eaten and games of all kinds were played. At about 11:00 the party broke up to go home, every one leaving with thoughts of going again.

Life—what does it mean? It is as a breath of the spirit air. It comes and is gone.
It is like the tick of a clock; the swing of a pendulum—a little sunshine, a little rain, a little sorrow, a little joy, a little pain, a little waking, a little sleeping, a little heat, a little cold, a little winter, a little summer, and then the pitcher is broken at the cistern, the golden bowl is shattered at the fountain, the silver cord is loosed and man has gone to his Long Home.
Life is like the dew of the morning that settles down on the mown grass for a little while; then the sun come out and it is no more. Changes come and go—have come and gone in our own lives, and none of us are sure of tomorrow.

We were so busy last week we could not get to the mail box, and the telephone was out of commission, so we had no items to send in.
Mr. and Mrs. E. E. Ramsey and their daughter, Mrs. Swann of Kansas City, and Mrs. Myrtle Speelman were visitors Sunday in the Ed Bolts home.

Mr. Lovelady is baling his oats instead of threshing them.
Mrs. John Renfro and little daughter and Mrs. Crawford and daughter, Miss Nina, were visiting Thursday in the W. H. Smith home.

Mr. W. O. Landon of Lone Grove, Okla., is visiting his son, Walter, and family for a few weeks.

Mrs. W. T. Smith was not feeling very well the first of the week.

Walter Lindon and family went to Dimmitt Sunday to help Mrs. B. B. Easter celebrate her birthday. There was quite a gathering of relatives present.

Mrs. Rat Jewel spent the week-end with her sister, Mrs. Minnie Walker. The Guy Smith family and Ed and Dora Smith attended singing at Progressive Sunday night and enjoyed the fine program.

Mr. Lee Lambert was a caller Thursday at Guy Smith's.

Mr. and Mrs. Lester Galley were down on the creek to eat dinner with their Sunday school class of the Presbyterian church Sunday. They thought they were starting home in plenty of time for Sunday school at the Askren school house, but were delayed by tire trouble until all the congregation had left.

Leonard Curtsinger was a supper guest at Guy Smith's Saturday night.

Mr. Briggs is adding another improvement to his section, the Green Valley Ranch. As the trucks hauled loads of wheat to Joel switch, where they loaded a car, the trucks went back filled with posts which are to be used in making a new fence all around the section.

We just heard we are to lose our neighbor, J. M. Robertson, as he has sold his farm to a Mr. Holman of Canyon, and gives possession at once. We have not learned of the future plans of Mr. Robertson, but may his life be cast in pleasant places.

Ford Doings

Sunday school at the usual hour Sunday, with attendance of almost sixty. Rev. Hill from Vega preached after Sunday school, and gave us another of those good Gospel sermons we like so well. Rev. Hill often comments on the number of men who come to Ford. He says that he seldom finds a greater part of the congregation men folks.

A number are still harvesting wheat. A. K. Webster finished last week, harvesting over a hundred acres, with a yield nearly 40 bushels per acre. He had a large tractor with plow, nearly keeping up with the combine, and now is thinking about another wheat crop.

J. E. Hill is making so much wheat and filling his granary so full that it burst open, and he is now having to put wheat on the ground, as he can't get it hauled fast enough.

Mr. and Mrs. Sherm Garrett came home from Hot Springs, N. M., last Thursday, having been gone about six weeks, for the benefit of Mr. Garrett's health. He is now much improved and was able to take his usual place Sunday as tenor singer in the choir.

Floyd Benson, Howard Morel and Charlie Barrett made a flying trip to Clearendon Sunday. They ate dinner with Mr. and Mrs. A. E. Benson in Clearendon. The trip was made in Mr. Morel's car. They arrived back here at five o'clock.

Mr. and Mrs. Lem Pallison are driving a new Ford coupe.

Mr. and Mrs. Frank Vance from Ford spent Sunday afternoon with Mr. and Mrs. R. H. Parker.

Andy Thomas has purchased a Ford truck and has been hauling wheat with it.

Mr. and Mrs. A. K. Webster spent Sunday in Amarillo with relatives.

Mrs. Floyd Walton of West Way visited her parents, Mr. and Mrs. R. H. Parker Monday.

Mrs. George Benson and Mrs. Floyd Benson and daughter visited Mrs. J. L. Night Thursday.

Mrs. R. H. Parker and Mrs. Lem Pallison motored to Hereford Monday. Mrs. Parker's arm was threatened with infection from a boil and needed medical care.

CHURCH ANNOUNCEMENTS

First Christian Church T. Morgan, Pastor

"50,000 Christians" is the subject for the Sunday evening service. Is this too high or too low for you? Hand to your pastor an estimate of your worth to the Kingdom of God. Come see how many will pass the \$50,000 mark.

Summer is here, but we are still having a good Sunday school. The children need to be in this school. Bring them Sunday morning at 9:45. Mrs. Morgan's class gave the opening exercises at Sunday school last Sunday. It was fine, and we all enjoyed it, and they started on time. Every Sunday from now on we will begin at 9:45 a. m.

Communion and preaching at the 11:00 o'clock hour. The subject is "Christian Love."

Senior and Junior C. E. at 7:30 p. m.

You are invited to attend all services. Visitors, strangers and new citizens will receive a cordial welcome.

Methodist Church J. O. Haynes, Pastor

"Things that Preserve Nations" will be the pastor's subject for Sunday evening at 8:30. This will be the third of the series of religious patriotic services. Messrs. Spratt and Beyer will sing a barytone-tenor duet. You are invited to attend this service. Bring a group of friends.

The pastor will preach at 11:00 a. m. There will be special music. The members are especially urged to be in their places. Junior church at the same hour.

The Sunday school meets at 9:45 a. m. Let's not be lazy in the summer time, but keep up the Sunday school. The children of the Primary-Beginners Department are especially urged to be present and on time. Mrs. McLean will conduct a bell game in which all twelve of the bells will be rung. Don't miss it. Epworth League at 7:30 p. m.

First Presbyterian Church Jan. T. Ross, Pastor

Three extraordinary services will be held at this church next Sunday. The first of these will be the ordination service at 11:00 a. m. The ordination sermon will be preached by the pastor and will be followed by the beautiful and impressive ordination service for deacons, and the installation service for elders. Every member of the church should be present at this service. The second feature of the day will be the service of installation of new officers for the Senior Christian Endeavor. Of course every member of the Endeavor Society will expect to be present for this service, which will be held at the hour of 7:30 p. m., in the Sunday school room. Last and not least, will come the evening service under the direction of the W. M. S. of the church. No wideawake member of this congregation can fail to appreciate with a large measure of gratitude the splendid work of our women, and no one will fail to enjoy their program which begins at 8:30 p. m.

During the coming week the pastor will be engaged in special evangelistic services at Jumbo. The opening service will be held at 8:30 next Sunday, and the series will extend through the Fourth Sunday. All are invited to these services.

Let us see to it that every officer, teacher and pupil is present in Sunday school and let us be on time. Our superintendent is striving towards a high ideal for the Sunday school. May we not join hands with him on this proposition.

"Forget not the assembling of yourselves together as the manner of some is." In the name of Christ, our Lord, the Great Head of the Church, this congregation extends a sincere welcome to all.

THE CALL OF MOSES.

Golden Text: Exodus 3:12, "Certainly I will be with thee." Lesson Material—Exodus 2:11-18; Lesson Scripture—Exodus 3:10-15; Exodus 4:10-12.

10 Come now therefore, and I will send thee unto Pharaoh, that thou mayest bring forth my people the children of Israel out of Egypt.

11 And Moses said unto God, Who am I, that I should go unto Pharaoh and that I should bring forth the children of Israel out of Egypt?

12 And he said, Certainly I will be with thee; and this shall be the token unto thee, that I have sent thee; when thou hast brought forth the people out of Egypt, ye shall serve God upon this mountain.

13 And Moses said unto God, Behold, when I come unto the children of Israel, and shall say unto them, The God of your fathers hath sent me unto you; and they shall say to me, What is his name? what shall I say unto them?

14 And God said unto Moses, I AM THAT I AM: and he said: thus shalt

thou say unto the children of Israel, I AM hath sent me unto you.

15 And God said moreover unto Moses, Thus shalt thou say unto the children of Israel, Jehovah, the God of your fathers, the God of Abraham, the God of Isaac, and the God of Jacob, hath sent me unto you: this is my name for ever and this is my memorial unto all generations.—Exodus 3:10-15.

10 And Moses said unto Jehovah, Oh, Lord, I am not eloquent, neither heretofore, nor since thou hast spoken unto thy servant; for I am slow of speech, and of a slow tongue.

11 And Jehovah said unto him, Who hath made man's mouth? or who maketh a man dumb, or deaf, or seeing or blind? is it not I, Jehovah?

12 Now therefore go, and I will be with thy mouth, and teach thee what thou shalt speak.

In our lesson today be sure to read all of the lesson material. Just the printed text is not all of the dialogue between God and Moses. The conversation part is found from Exodus 3:10 to 4:17. There are eleven speeches in all.

When Moses became a man his heart was filled with a love for his people. He could not live in the Court of the King, in luxury and ease and contentment while his own people were enduring their afflictions. The reason for this can be largely attributed to his mother who was his nurse and early teacher while he was in the palace. The character of Moses was influenced by his mother.

While Moses was still in the court he evidently schemed and thought of ways to help his brethren. But the first move he made proved to be a mistake. He killed one of the Egyptian task-masters and buried his body in the sand. The killing of an individual did not strike at the root of the system. And his own people, the Jews feared to accept the leadership of a man who began his work by a policy of personal violence and they refused to follow him.

This crime was the crisis in the life of Moses. It came unexpectedly. And after it he had to leave the land of his adoption. But it was not without significance in his life. First, it allied him definitely with his own people. And next it cut him off from the past. No longer could he remain with the royal family. In fact it was just the beginning of his second course in preparation for the great work he was to do later.

The life of Moses may be divided into three periods of forty years each. First, the forty years lived in Egypt, in the court of the Pharaoh; the second, the forty years in the land of Midian, where he fled after the killing of the Egyptian; third, the forty years as leader of the Israelites during their escape from Egypt and their wilderness wanderings. Our lesson today is in the second forty years.

Two-thirds of the life of Moses was spent in preparation for his work. The remaining one-third was devoted to the work God called him to do. The first forty years he received training in the government, schools and universities, religion and customs of the Egyptians. The second forty years were the years of training through experience. At the age of eighty years, he came to his life work. Jesus spent thirty of his thirty-three years in preparation. God can use a prepared man.

Moses had not been drawn from his people during his years of luxury at the court of the Pharaoh. The luxuries had not dulled his sense of justice, nor had it taken the temper out of his loyalties. While our story is the call of Moses, let us not forget some of the significant traits of this great character. Two of them, his patriotism and his sympathy are summed up in these words: "He (prince though he was) went out unto his brethren, and looked upon their burdens," and the third, his passionate sense of justice, which runs through the entire story of his life. God still needs men for his service who are brave, compassionate and just.

When Moses fled to Midian, apparently his aspirations and dreams had ended in failure. He was now in exile from the Egyptian court and widely separated from the people he loved. But it was while in this state, as a sheep herder for his father-in-law, Jethro, that God appeared unto him. God is found in the quiet moments of life. We need more time for thought and meditation. The Book of Job is

found not in the storm but in the peace of the calm.

On Mt. Horeb, sometimes identified with Sinai, Moses saw a beautiful sight—a bush burning yet unconsumed. Out of the flame came the voice of God to Moses. It was calling him to go back to Egypt to deliver his people from their bondage. God had heard their cries.

Do you wonder at Moses putting up an argument of refusal? What a big undertaking the deliverance of more than a million people. They had refused to follow him once before, when he killed the Egyptian. He knew the grandeur of the Egyptian court and the haughtiness of the monarch.

Some may view this refusal as pure cowardice. Others will say that the greatness of the undertaking seemed beyond his feeble powers. Isaiah and Jeremiah were overwhelmed with the bigness of their call and put up a refusal. It is not a discredit to a man to realize or feel his inability. But the dishonor comes by refusing

after God says, "Certainly I will be with thee."

God closed every avenue of escape for Moses. He met every argument. And when Moses heard the comforting words, found in the Golden Text, he yielded to the will of God. And the secret of his power for the remainder of his life, was his listening to the voice of God. He sought companionship with Jehovah, and he continually received new visions and inspirations.

Moses had a stammering tongue. But now it is unloosed. And we do not find in all the range of literature greater eloquence than his. The gifts which lay dormant were put to a God-given task and expanded beyond their fondest dreams. Moses saw the power of God. And he learned, as you and I may learn, that God can answer our need, insufficient strength, "My grace is sufficient for thee."

"A man is never called for what he is not physically able to perform, nor to do that for which he is not trained. Your gift is your call, you are called by his gift. What shall I do? asks the young person of today. In silence weigh your talent, consider the world's need, allow your conviction to mature, then do, with all your might and main, with all your heart and soul, with your best nature dictated. God will call you as surely as He did Moses."

Among the larger thoughts of this lesson are these: God is the God of today and tomorrow as well as of yesterday. God helps men through

men. God may come to a man in the exercise of daily duty—"Moses was keeping the flock." Our feeling of inability is no excuse for refusal to God's call. Vision and inspiration come before the work.

Texas Resorts Attract

Texas people are just beginning to learn that in summer climate and scenery of this state is not surpassed by Colorado, California, or any other much exploited sections of the country. Summer camps are now to be found along many Texas streams and among the mountains, and the campers are enthusiastic in their praise of their outing homes. If one is seeking an ideal location for the summer a mistake can hardly be made in pitching one's tent or building one's summer cabin anywhere in that vast section west of San Antonio and Austin where numerous streams or hills are to be found. The prediction is freely made that within ten years tourists will be thicker in Texas than in Colorado and that, because of the mild winter climate, Texas will become the great all-year-round resort of America. All that is needed is the kind of publicity that has built up other resorts of the country.

Variety To Be Found.

If the tourist prefers seashore to mountains and streams, he certainly can be satisfied with what he finds in Texas, for the vast coast line from Louisiana to Brownsville is practically all ideal for camps or resort hotels. Capital is seeing this and is busily building accommodations to care for the expected travel at many points along the Gulf of Mexico. Galveston, Corpus Christi and Point Isabel are now having wonderful development as resort centers. Palacios, Fort Lavaca, Rockport and other coast towns are also attracting attention to themselves as less pretentious, but no less desirable, resorts. When tourists tire of the seashore, they can soon be in the hills, good highways affording fine facilities for motoring. Three and a half million people now tour Texas annually, and when Texas resorts become better known the number will soon be doubled.

There is need in many places for better parking and housing facilities. The tourist will seek those places where they can be most comfortable, whether in camp, in huts or in hotels. The newspapers are calling attention to this need. The Alpine Avalanche states a condition found in many places when it says: "Climate conditions and scenery prevail to induce visitors to remain here—many of them indefinitely—if places could be provided for them to live in. People who are here this summer say that the climate surpasses that of California and Colorado and that the scenery is practically unexcelled in

the United States. Nature has done her part in supplying these attractions, but people must have shelter and in most cases comfortable shelter is demanded." The place that is not getting ready for the great tourist traffic headed toward Texas is overlooking an opportunity.

Texas Needs Boosting.

Texas has been too timid about letting itself be known to the world. Here are a few of the many nice things R. H. Edmonds, editor of the Manufacturers Record has recently said about the State: "Texas has wonderful people, broad, great, brainy business men, great religious and educational leaders, great universities, great public schools, mighty preachers of the gospel." "Texas can raise oranges and grapefruit which are as much superior to those of California as a delicious juicy apple is to the Dead Sea apple, which crumbles into dust. Many other farm products are as superior to those of California as a juicy orange is superior to a sawdust.

"Whenver the people of Texas, with their greater resources and advantages about which to boast, turn loose in boasting and in publicity work one half as strongly as the people of California have done for the last 40 or 50 years, there will be seen a growth in population and wealth which will put to shame anything and everything that Los Angeles and California has ever done." This is from a journal published in Baltimore and that circulates as much in California as in Texas.

Truck Growers Organizations.

The experience of truck growers in Texas shows the necessity for thorough organization to make a success of the business. The small grower working independently is at a great disadvantage both in raising and marketing his products. Where there is organization and cooperation truck growers are making money. Where there isn't, the business is nearly always soon abandoned as unprofitable. Nagodoches is one of the places that is trying organization for the first time this year. The county has an agent who knows the business thoroughly. Some 230 farmers got together and pledged nearly 3,000 acres to different kinds of truck. They followed the instructions of County Agent Montague in cultivating and selling. They have marketed 30 cars of tomatoes and are now shipping black-eyed peas, onions, cantaloupes and watermelons. Truck growing is now on a profitable basis in that county. Many other Texas counties have learned the advantage of cooperative effort in farming and marketing.

Merchants Should Help.

The Chamber of Commerce at Bryan has a rule not to allow a farmer to take a load of produce back home for lack of a market. If he can't

find a buyer the farmer goes to the Chamber of Commerce, where a price is agreed on, and the secretary calls up dealers in that line of produce and tells them he has bought the produce and the price he has paid, and it is then equitably distributed among the dealers. At times there may be a loss on purchases made in this way, but it is so divided up that it does not fall heavily on anyone. It is needless to say that Brazos county farmers have a fine feeling for Bryan merchants.

Encouraging Yard Beautification.

Mr. and Mrs. Thomas E. Swan, of Tyler, have started a movement for beautifying yards and lawns of country homes in Smith county by offering prizes aggregating \$200.00 for the greatest improvements shown in the places during the year. The county demonstration agent has the contest in charge. Should something of this kind be done in every Texas county, wonderful improvement in country homes would soon follow.

YOUR BIRTHDAY

JULY 11th - JULY 17th

If your birthday is this week you are original, daring and fearless. You are also commanding, self-willed and capable of attaining great poise. You are argumentative in nature, but your arguments are always sound, and having a well-informed mind, you usually win the argument. You have an excellent memory, and your intuition is strongly marked. You attain your own ends without much difficulty.

You are naturally endowed with a great amount of fact and diplomacy, but too often you fail to use it to its full advantage, often antagonizing those with whom you come in contact, with your abrupt and sharp speech. Be less frank—you will make more friends. You have some combativeness in your nature, but you use it to good purpose. You never prolong a fight after you have gained the object for which you fought.

Both men and women born during these dates are capable. Having a natural tendency toward the beautiful and artistic in all things, they often become musicians, artists and writers. Men also become doctors, lawyers, business executives, brokers and bankers. Women become teachers, nurses, actresses and elocutionists.

City Orders New Maintainer For Keeping Streets

There Hereford City Commission this week took steps to remedy the trouble encountered the past few months in keeping the streets of the city in first class condition. The old engine is simply worn out and of late the street force has found difficulty in keeping pace with the demands of a growing municipality.

The commission this week placed an order for a brand new street maintainer, called the Russell Motor Patrol. It will be propelled by a 10-20 M. Corral-Deering tractor. It will save the time of at least one man, and this is quite a item nowadays, as labor is very scarce and the city has been unable to do street work at times owing to scarcity of man power.

The new machine is of the crawler type and is guaranteed to do the work right. It will be put to work immediately upon arrival.
