Santa Fe Has Plans Pick-up And Delivery

A service of sweeping importance and one designed to recover freight tonnage will be inaugurated by the Santa Fe railroad about July 1, according to a statement issued recently by the freight traffic department of the system Topeka, Kansas.

Plans are for each local station to pick up and deliver merchandise freight of less than carload shipments, free of cost to shippers.

For distances greater than 300 miles the railroad will charge the shippers ten cents a hundred for picking up and delivering, but if consignor performs the pick up or delivers to the station his goods an allowance of five cents a hundred will be made him.

This new service has been made imperative on account of truck competition which is practically monopolizing the short haul business, since shipper and receiver are both relieved of any trouble over transportation details.

Officials of the road hope to recapture through this measure much of their lost business.

Mosaic Card Shows How to Meet Interest

A picturized lesson on how to be able to meet interest payments on farm loans was presented to the chamber of commerce luncheon-meeting Monday by Alex O. Thompson.

Credit was given Judge Jno. P. Slaton, who presided over the session of 35 members, for the sentiment expressed on the mosaic card, the main idea of which was diversification, including such crops, grapes, horses, dairy cows, ducks, goats, hogs, poultry, dogs, sheep, beef cattle, onions, roses, wheat and politics.

A report was made by Judge Slaton of the playground group meeting, in consultation with Miss Carey Estes, new park supervisor, as to rules and regulations in force. The park board, representing the city commission, and delegations from the chamber of commerce, Lions club and American legion, four organizations that are financing supervisory work, met at the city hall and mapped out rules for the officials in guiding the play.

Homer Fox will manage the chamber of commerce baseball team in its match with the American Legion. The game will be played at Midget field next Thursday afternoon, a benefit affair, for the same purpose as the two preceding games—playground development.

Show Interest In Caponizing Demonstration

Marvel Upton, vocational agricultural student, has as part of his project the growing of 400 capons. His entire flock consists of 300 chickens.

The caponizing demonstration given Monday by H. H. Hopkins, agriculture instructor, was well attended. It was staged at the Hillside hatchery, where 100 young roosters belonging to young Upton, were caponized without loss of a single one. This was the 11th lesson of the poultry school.

Mr. Hopkins caponized 150 last Friday when he lost only two. Marvel has learned the process and has been making capons this week out of the other 300 of his supervised project.

The roosters should be eight or nine weeks old, it was stated, and should be starved 36 hours before undergoing the operation. The rate of caponizing is from 32 to 35 an hour, Mr. Hopkins said, where the operator has help, and the percentage of mortality is unusually small.

The 12th lesson of the school will be on culling and it will be held the middle of August or first part of September.

Chas. E. Jones, son of Mr. and Mrs. O. S. Jones, is home this week from Harding College in Morrilton, Arkansas, where he made an enviable record in scholarship the past term.

ALAMOGORDO WANTS BAND TO COME BACK AS GUESTS

Letters from points in New Mexico visited by the Hereford high school band on its concert tour continue to reach the chamber of commerce office here, each bringing out the valuable publicity accruing to Hereford and the good entertainment furnished by the young musicians.

One of the most pleasant experiences the Alamogordo people has had in the past few years was the visit of the band, according to the president of the chamber of commerce at that place. Continuing he said:

"We are sure Hereford will never lose any money in sending this organization out over the country to make friends. If they are sent out again next year, Alamogordo will be pleased to have them come here to spend a night on the Great White Sands."

Patrol Clamps Down On Motor Car Violations

The Pickwick-Greyhound bus, which was tied up here Wednesday noon of last week through arrest of the driver by John Keller, state license and weight inspector, on a charge of operating a vehicle more than eight feet wide, was driven over to Clovis Thursday night when permission was secured from the state highway department, allowing the company until the following Sunday to get the over-width buses out of Texas.

Bond was posted by R. A. Burnett, the driver, and he was released. The case will be tried later unless a plea of guilty is entered and fine paid.

Keller did some clamping down on operators found violating the traffic laws. On the same Wednesday afternoon the driver of the Hot Shot truck line, doing interstate business, was taken in charge and complaint filed that he was running his vehicle without a muffler.

Safety First In Trouble.
Pending negotiations between the Pickwick attorneys and the highway department over the stoppage of buses in Texas, measuring over eight feet in width, the Safety First line took over the schedule.

Keller came near putting under arrest the driver of the Thursday morning east bound Safety First bus when he noted that the front license plate was concealed behind the bumper.

A concession was made and the bus was permitted to take the passengers to Amarillo where a correction was promised.

Several oil and gas transportation trucks were inspected and weighed and a few local people passed muster by a narrow margin.

On the bus delayed here last week were three trans-continental and several inter-state passengers. They were embittered at the inconvenience and intimidated they would sue attorneys about filing damage claims against the state.

Officials Get Busy.
Burnett, the driver, got in communication with the Amarillo officials about the arrest and passenger delay and the event was transmitted to regional and head offices of the company which is one of the big concerns of the nation. Burnett is authority for the statement that a representative of the Kansas City office proceeded at once to Austin to see the commissioners.

Games, Story Hour Provided by Park Board

Wholesome games for the different age groups, a story hour for the children and eight hours of trained supervision during week days are features of the plan of regulation worked out to guide Miss Carey Estes in her care of the park, as result of a meeting of club heads Monday in the mayor's office.

With J. T. Cronin, chairman of the park board, presiding, rules and regulations were drawn up. Besides the park board member, the committee was composed of S. P. Rosson, commander of the American Legion post; C. C. Ackler, president Lions club; Jno. P. Slaton, president chamber of commerce, and E. S. Ireland, mayor.

Another Negro Caught Here In Liquor Car

Taft Spigner, young negro of Amarillo, was arrested Saturday morning by Sheriff John Miller on the highway about three and a half miles east of Hereford, after a chase of several miles. Spigner was charged with transporting intoxicating liquor.

In the back of his car were found six gallons of whiskey which the negro said he had purchased in Clovis for three dollars a gallon. He said he had been working for an Amarillo hotel, and his main regret was that he spent \$18 and had only one drink.

Spigner told the sheriff when he was stopped that he had lost the key to the back of his car and had not opened the tonneau in over two weeks. However, after he had been imprisoned, the key fell out of his clothes.

"When I saw all that dust I figured something was wrong," remarked the negro, "and when I saw that pistol pointing toward me I knew I was pinched."

The sheriff had the numbers of the car which was under suspicion of transporting liquor and look-outs were posted on the routes through the city. Mr. Miller drove to Summerfield to meet the negro, but failing to come in contact with the car and think the driver had made a detour and missed capture, he returned to take up the chase.

The wanted man was behind, however, and when he reached town he turned in on first street, passing through along the railroad to be picked up by the sheriff a few minutes later.

H. J. Lane, Magnolia agent here, now has his family at home in Hereford, moving down from Panhandle last week, and living in the Van Bibber home on 25-Mile avenue in the north part of town.

Hill Re-elected to Head County Fair This Fall

J. E. Hill was re-elected president of the Deaf Smith county fair to be held here September 16, 17 and 18, at a mass meeting last Saturday afternoon at the court house.

Other officers were A. H. Strou, vice president, and J. C. Ricketta, secretary-treasurer. Mrs. Bob Wilson and E. S. Ireland were named to serve with the official staff as an executive board. All regular, special and sub-committees will be selected by the executive committee.

Community representatives at the meeting were Mrs. William Schwartz and H. Climer, Ford; Mrs. N. H. Elliston, Mr. and Mrs. L. P. Perkins, Weyche; Mr. and Mrs. A. T. Frye and Ed Frye, Dawn; Mrs. John Boling, Fairview; Ray Cushing, Progressive; Mr. and Mrs. C. E. Tice and Mrs. J. W. Berry, Frio; J. L. Lookingbill, Summerfield; Mrs. C. Crestinger, Union, and J. M. Chapman, Siva.

Frio was admitted as eligible to exhibit at the fair, although part of the community is in Castro county.

Communities not represented Saturday were Dean, Ward, Bippus, Messenger, Black and Westway.

Fire Starts In Cotton Machine

An unestimated amount of damage was done by a fire in the Burl France fram store building on Sampeon avenue, just north of the sales pavilion, at 2:30 o'clock Wednesday afternoon.

The building was occupied by J. H. Daniel who was operating a mattress factory, and he said he had close to \$300 worth of machinery and material in the house. The mattress machine was in operation when the cotton being renovated and stuffed suddenly burst into a blaze. Mr. Daniel said there was evidently a match in the cotton which he had taken from an old mattress for making over.

The fire department, under Fow Mercer, first tried to handle the situation with chemicals but later turned on the hose. Some damage was done to the house by fire in addition to the loss sustained on contents.

HOW TO BUILD TEXAS IS CHIEF TOPIC OF STATE NEWSPAPERMAN

R. H. NICHOLS

Ray H. Nichols, publisher of the Dally Record, Vernon, is serving as president of the Texas Press Association this year. He is one of the most prominent small daily publishers of the south, having built up a metropolitan daily in a city of less than 10,000.

Ray will pound the gavel at the inspirational meeting of the Texas Press association, San Angelo, June 11, 12 and 13. He will have before him the representatives of the largest concerns in Texas, and measures of vital importance to Texas will be before this convention for consideration.

Castro Man In Jail Here On Murder Charge

J. F. Barrett, arrested Monday in House, New Mexico, was brought to Hereford and is in jail here for safekeeping, charged with first degree murder. It is charged that he killed his daughter-in-law, Mrs. Nona Barrett, at her home, 40 miles south of Hereford, in Castro county, shooting her with a shotgun.

In a three-page signed statement, made to John A. Coffey, county attorney, Barrett said he killed the woman because he was afraid she would reveal illicit relationship which he claimed had existed between him and his son's wife since 1929.

He told of how he went from his home to that of his son, Everett, which was nearby. The son was absent and Mrs. Barrett was washing dishes. He said he was drinking when he made the visit but that he had no idea of killing anyone. However, he had long realized the wrongfulness of his acts, had brooded over his conduct and contemplated suicide.

While at his son's home Monday he said he sat down on the floor and played with his grandchild as his daughter-in-law washed dishes. Later she went to the garden. When he saw her coming back, he was suddenly struck with an impulse to slay her, he claimed, and picked up a single-barrel shotgun which was in the room and fired.

The first shot was not fatal and she staggered toward the house. He reloaded the area again, the woman falling dead in the yard, according to his statement.

Barrett then went home and told his relatives that he had killed Nona Barrett, he said. George Keller, a neighbor, was called in. The neighbors went to the scene of the slaying, took charge of the body and notified officers. Barrett's father, so he claims, carried him to House, New Mexico, where his daughter lives. Soon after arriving there, officers came and arrested him, bringing him to Hereford.

Barrett asserted there had been no misconduct on the part of his and his daughter-in-law for three months, both having realized the gravity of their relationship.

Masons Elect New Officers

The Masonic lodge of Hereford elected officers in the Monday night session for the ensuing year. J. W. Holley was named worshipful master; Egbert Bradley, senior warden; Mike Baird, junior warden; J. S. Jones, secretary; H. B. Webb, treasurer; W. C. Nix, tiler.

The new officials will be installed June 25. Deacons and stewards will be appointed to complete the staff.

Utility Rates To Come Up At Lubbock Meet

Lubbock, June 10.—Municipal problems of today will be the theme of the 19th annual convention of the League of Texas Municipalities and City Managers association that will meet here next Monday and Tuesday.

A number of pertinent questions that every city has will be brought up on the convention floor. One of the subjects will be reasons why cities are interested in municipal ownership of utilities, covered by R. E. McDonnell, Kansas City.

Leon Goodman, Midland, president of the newly-formed association of towns served by the West Texas Gas company, is scheduled for a talk. These towns are now dealing with the gas company for a reduction in rates.

Visit Boulder Dam Section

Mr. and Mrs. M. Howard, proprietors of the Hereford laundry, have returned from a two weeks trip to Las Vegas, Nevada, headquarters town in the construction of Boulder dam. A lot was purchased and the Howards will move a laundry plant there. Many gambling halls were in operation in Las Vegas, said Mrs. Howard, the state laws against gambling having been repealed recently.

Wagner Resting Well

J. H. Wagner, who is at Temple for treatment, is resting well, according to a communication received here by friends from Mrs. Wagner, who is at Temple with her husband.

Mr. and Mrs. George Snodgrass, Abilene, visited in the home of Mr. and Mrs. W. J. Smith last week. Mrs. Smith and Mrs. Snodgrass are sisters.

Legionnaires Whet Bayonets for C. C. Nine

Much care is being taken by the two opposing managers in selecting material for the two baseball nines which will meet Thursday week at Midget park in a park benefit game. The American Legion, with more than 100 members to pick from, expects to set the chamber of commerce back after their victory over the Lions last week.

Homer Fox, manager of the commerce aggregation, is looking after injuries and rounding up a fast bunch, aided by the experience of last Friday's tilt. He made some valuable discoveries and dug up a few finds. His biggest trouble will probably be in the pitching department.

Frank Givan and Jim Lipscomb have been named by the Legion as its baseball committee.

The game was first announced for Tuesday, but was moved up to Thursday afternoon at 2:30 o'clock because of a conflict with a scheduled match of the Midgets.

J. C. and Virginia Line are visiting their grandmother in Pampa this week.

Mad Dog Bites E. B. Childre

E. B. Childre was bitten by a mad dog Monday morning, two and one-half miles east of Hereford. The dog was killed and Mr. Childre given treatment for rabies at the office of Dr. J. W. Hicks, county health officer.

The head of the dog was examined, and there is no doubt of its having rabies, said Dr. Hicks, and he urges all people having dogs to keep a close watch on their canines or pen them. The mad dog was seen coming from Hereford and it did not belong in the neighborhood east of town.

Dr. Hicks is of the opinion that the dog was owned by some one here and that it may have bitten other dogs before being killed.

Miss Sayde Rigler, teacher in the public schools here, and her mother, Mrs. Rigler, left the past week end for Avoca. Miss Rigler will spend part of the summer in Brownwood.

OFFICERS AFTER ALLEGED FORGER FROM NEW MEXICO

J. C. Allred, deputy sheriff, and John A. Coffey, county attorney, were in Santa Fe, New Mexico, to interview the governor about granting extradition papers for O. P. Jones, wanted in Deaf Smith county on a charge of forging two insurance papers and passing them to a local man for a money consideration.

Governors of Texas and New Mexico have issued all necessary papers, but extradition is to be opposed in the New Mexico courts, it is stated.

Wheat Loss at Lockney

A 50 per cent wheat crop loss was sustained in the Lockney trade territory Saturday from hail, according to E. D. Fox, who went to Lockney Sunday with the local golf club.

Tots of Town Asked to Take Tests Friday

A list of the children of pre-school age who are eligible for health examinations next Friday has been compiled by Miss Nell Hall from the scholastic census taken last March by Mrs. Edith Hughes.

The work is judged so important that the names of the young people are published in order to make the invitation more personal and forceful. Those in charge are anxious that parents see the value of what is being offered and bring their children to the health center at the court house, beginning Friday morning at nine o'clock.

Smallpox vaccination, Schick test and immunization against diphtheria are offered, but if parents do not care to avail themselves of these phases of the service they are urged to bring their children to the county nurse for an examination and general check-up.

Pre-School List, Age Six

There will be no charge excepting for actual materials used. Physical examinations are free. Among those invited to accept the tests are Mary Ann Acker, Evelyn Altman, Billy Angelo, Edwin Caulfield, D. H. Connell, Jr., Eva Copeland, Voline T. Downs, Jr., Bertie Durham, Virginia Edwards, John Estes, E. J. Evelt, Lois Agnes Gilbreath, Bess Marie Hagar, Mary E. Henslee, Wilfred Herr, Wayne Higgins, Mary L. Hill, Ruth Holm, Clifton Kibbe, Douglas Lovelady, Donald Lovelady, Anna Florence Lloyd, Teddy Major, Billie Massee, Weslie Millican, Madon Morrison, H. C. Mundell, Nadine Newell, Elmore Nunn, Wayne Phillips, Rena Rae Renfro, Beatrice Rutter, Flora S. Robinson, Gladys Shreve, Jo Ann Swaggerty, Mary A. Thompson, Dorothy Von Tunzel, Samuel Worley.

Seven Years Old

Ioretta Bezner, Opal Blagg, Roy Cleveger, Mary L. Conklin, Billie Crow, Don Culwell, Katherine Danforth, Hubert Edwards, Hubert Flynn, Richard Ireland, Rachel Ireland, Werner Koelzer, Jack London, Margaret Ohlig, Samuel Seales and Mondelean Miles.

Mr. and Mrs. W. W. Dauner, El Paso, spent the week end with Mr. and Mrs. W. J. Smith. Mr. Smith and Mrs. Dauner were buddies during the World War.

Local Golfers Go Into Tie for First Position

After stopping the fast Canyon team here Sunday before last by a score of 9 to 3 and downing Lockney on the latter's course Sunday by the same score, Hereford golfers gained a tie for first place and held it with Plainview, Tulla and Canyon.

Sunday results were Hereford 9, Lockney 3; Canyon 10, Happy 2; Plainview 7, Vega 5; Tulla 7, Clovis 5. The coming Sunday is an off-day. No games will be played as there are no postponements to make up.

Wheat Harvest Near At Hand; Cars Assured

Within a week or ten days Deaf Smith county will begin harvest of one of its greatest wheat crops unless extensive hail damage wrecks the present prospects.

While combines will start during June, the harvest will not get into full swing until about July 1, according to present indications.

The past several weeks have witnessed a big rush among local implement dealers, placing new machines with wheat growers, and those who have used combines and tractors have been busy putting them in repair and tuning them up for speeding the harvest when the season opens in earnest.

No estimate is being predicted of what the production will be this year in the county.

J. B. Briscoe, superintendent of this division of the Santa Fe railroad, and R. W. Prentice, trainmaster, were in Hereford Saturday morning. The officials called upon the chamber of commerce officials and gave assurance that, though wheat shipments would be heavy along the Santa Fe lines, they felt they would be able to supply ample facilities for moving out the grain from primary markets.

Gooden Plans Station For Gulf Products

C. H. Gooden, who recently acquired the corner of Miles and West Third streets from H. L. Broadwell for a consideration of \$4,000, will begin erection of a modern filling station on the property as soon as plans for the improvements have been approved.

The old church building, erected there in 1890 by the Christian congregation, and sold in 1907 to Mr. Broadwell, was moved the first of the week by Dow Mercer to the Gulf agency site south of the railroad where it will be used for storage.

A peach tree, estimated to be at least 30 years old, had to be cut down so that the church house could be skidded to the street. The tree was in flourishing condition and had thrived all these years without irrigation or cultivation, its trunk pressing against the bottom of the east wall, near the entrance.

If present plans go through, Mr. Gooden will build the latest type of station and rent or lease it to the Gulf Production company.

The plot of ground acquired by Mr. Gooden covers 60 by 70 feet, and is a small part of the ground bought in 1907 by Mr. Broadwell, extending to the alley on the west, for which he paid, it is said, around \$5,000.

Tax Assessor Given Duties In Census Law

Mack Beach, county tax assessor, has had an important new function added to his duties in enactment of a farm acreage law by the last legislature. The law provides for an annual and continuous census of acreages, production, and livestock and stipulates that tax assessors must gather up the data.

Such a statute was requested by the federal agriculture department, A. & M. College, and the bureau of business research, University of Texas. Formerly crop estimates were based on much of the time on figures which had become obsolete.

The assessor's reports will be augmented and used as a basis for the weekly and monthly estimates of the federal department which will now be prepared jointly with the state farm department.

"For the first time," Commissioner J. E. McDonald commented, "we will now have a background for agricultural and industrial endeavor. We will be able to determine what we have and what are the possibilities of our natural resources."

Mr. and Mrs. A. H. Streu and daughter, Helen, are visiting with friends and relatives in Tyler and Winona this week.

Hereford has a bunch of educated flies. They ride the cars from the residential districts down town for a change of diet and then hop a ride for the return journey. Driving out home Sunday we detected a large specimen clinging to the Indian head of the motor-meter which a strong wind could not dislodge. When a cowlot was reached he flew over to his breeding grounds as nonchalant as you please, as if hitch-hiking were an every-day occurrence.

Speaking of flies reminds us of Miss Hall and a certain Roman statesman or politician. In the days of rivalry between Rome and Carthage, the old Roman concluded all his senatorial remarks, regardless of the subject, with "Delenda est Carthago"—Carthage must be destroyed. Likewise, Miss Hall, ever interested in health of the community, winds up her talks or articles with "Swat the fly".

The Oow-wah boys are still undecided whether to shower C. A. Skelton with flowers or assault him with brickbats for his part as chamber of commerce pitcher. The point raised is whether he did the nine fagged players a favor by letting in five runs to tie the score in the ninth or was it a dirty piece of work to force them to go through two more innings and still be defeated. His comrades who accuse him of

There ought to be a law against playing more than regulation nine innings in a benefit baseball game, say Jesse Stanford and Hubert McEntire. Jesse goes even farther than that and urges a limit of seven innings and wants a stinging penalty applied to any manager who tries to apply organized ball rules to such a game.

A list of the clubs at work for the community welfare is not complete until the Midgets have been mentioned. The boys are just as enthusiastic as the grown-ups in helping out activities. They like to play ball and they like to do a good turn, and they have been given a chance to do both on the diamond. For their work in the first benefit game, the Lions gave them six high-grade baseballs. The Midgets make such fine pals that the Lions would like to adopt them as younger brothers.

Many of the children are complaining because of the lack of sand piles for them to romp in at Lake Park, says L. Baskin, referring to a discussion of the playground equipment in Corral and Chute, and he thinks it is important that a plentiful supply of sand be put at designated places thru-out the park.

That is a good suggestion and should easily be complied with. Improvement of Lake Park is a project which can command the best thought for many years to come. There is work there for everybody, and new things may constantly be suggested. Mr. Baskin asserts that the playground is destined to be one of the most useful and beautiful spots in this part of the Panhandle, and he is not wrong.

This same citizen says the older folks are wondering if we are to have a swimming pool for use this summer and a recreation building. He believes that now is the time to build both while materials and labor are cheap. The clubs are interested in doing every-

Growing Mash

Never forget for a moment that the feed and care your growing chicks receive determines the quality and vigor of the adult birds next fall and winter.

Pullets fed on MERIT GROWING MASH now will doubly repay the careful attention during the summer months.

MERIT GROWING MASH is formulated in a scientific manner to give the correct proportions of the proper ingredients to develop the growing birds into profit makers when egg-laying times comes.

There are plenty of feeds that chickens will eat, but MERIT GROWING MASH is exactly balanced to obtain the desired results—no over-stimulation nor any under-nourishment.

Creep feeding of beef calves has proved profitable. Creep feeding of calves while nursing their mothers has become one of the most important new developments of cattle growing in Texas. Demonstrations have shown that calves fed grain while nursing can be made to weigh 600 pounds at eight to ten months of age.

Advantages of creep feeding are: it adds weight, produces higher finish, insures uniform calf crop, lessens shrink at weaning, permits marketing 45 to 90 days earlier and aids cows to go into winter in more thrifty condition. A creep is simply an inclosed feed lot with a bar placed horizontally across the top to prevent older cattle from entering.

Club boys are demonstrating that hogs pay well when fed a mixture of wheat, grain sorghums, cottonseed meal and tankage in self-feeders.

A good ration for growing turkeys is: with an abundance of milk, finely ground yellow corn, wheat and grain sorghums fed as a dry mash. The corn should comprise half the mixture; add five pounds bone meal and three pounds fine oyster shell to each 100 pounds mash. Where milk is not available, use 50 pounds ground yellow corn, 20 pounds shorts or ground wheat, 25 pounds dried buttermilk, 10 pounds alfalfa leaf meal, five pounds bone meal, three pounds oyster shell and one pound salt.

Growing poult should have fresh feed put out in clean troughs every day and only be fed what they will clean up readily.

Fishermen report that fish are staying much nearer the shore this year. Who would not, with what you can see

Believe it or not, but laughing will not make one grow fat any more than crying will make him thin.

You would have a right to laugh if we told you we were in business for the love of it. The real reason is that this business provides our bread and butter and gives us an opportunity to serve you.

Fair Young Real Estate Agent: Could I interest you in Culver City? Susceptible: Lady, you could interest me anywhere.

If you are thinking of selling your home a few slight modern additions might make a much more salable house.

City Visitor (noticing how industrious the farmer's wife is): Mr. Perkins, you have a very hard working wife.

Mr. Perkins: You're right, I wish I had a couple more like her.

You will be surprised at what a small cost you can have new hardwood floors, an extra bathroom or sleeping porch. Come in and we will gladly help you with the plans as well as help you work out the details.

Let us point out to you some of the nice homes in this community we have helped repair and improve. It will give you practical ideas how you can proceed with yours and will cost you nothing.

When you build an addition to your house it is not an expense, but a good investment.

Very few women suffer such a thing as "untold" agony.

A garage is as necessary as the roof on your house. If you have a house and no garage, come in and let us show how easy it is to have one.

An extra granary will be needed by some farmers in this community the way crops look now. How about it? Hadn't you better see about it now?

Rices Think of and Work With the Beautiful, Surrounded By Fragrance of Growing Flowers

BY JOE L. POPE

The fragrance of flowers and smiles of children are divine essence, bespeaking the universal love that holds together the hearts of humanity on the footstool of the Master Gardener.

This is the sentiment voiced by Mr. and Mrs. H. L. Rice at their hospitable little home, 222 B street in Hereford. Reached through an incomparably green lawn, closely mowed and beautifully kept, the bungalow reflects the spirit of its occupants and neighborliness and friendship visible from the brick paved street, through its partial veil of rich greenery supplied in the foliage of luxuriantly growing Chinese elms.

But it is the back yard which more perfectly portrays the characteristics of the couple who have established this delightful domicile on the undulating area which it centers. Iris, delicately tinted and sweetly perfumed, rear their stately heads from the richly mulched earth—a perfect riot of shades of the daintiest range—telling the story of the handiwork of Him who doeth all things well. Then the range broadens showing columbines, state flower of Colorado, the California poppy with its flourish of gold, lilies gathered from many quarters of the globe, and stately gladioli with their promise of glories a little later in the season.

Then begins a long list of such favorites as cannas, ranging in colors from canary and cream to the flaming reds, with all of the tints and tones between; dahlias representing the best of which that family boasts from modest individual bulbs at \$1 each on into the exclusive list of aristocrats purchased individually for \$10, and embracing all the richness and riot of color and form known to this popular flower; perennial larkspurs gleaming blue, showing every shade of that color; peonies velvety with whites, pinks and reds, peep through the foliage;

although at present but sprightly green things, marigolds, refinements of that old-time garden blossom, are later to enrich the ensemble of which they are an essential part; petunias, double, ruffled and vari-colored have been added to the collection this year; on and on the list might be continued to include geraniums and sweet williams, but doubtless some would even then be omitted.

No, that assumption is wrong, for the Rices do not grow their flowers commercially. They give many away, and perhaps sell a few when the people demand it, but they grow them because they love them. To them these blossoms are real—things possessed with enduring worth. They think of and work with the beautiful, and their own lives show forth marks of the associations they provide for themselves amidst their mass of flowers.

Dimmitt, June 8.—By a heavy majority a bond issue was carried here to pave streets not yet designated. Improvement districts will have to be set out and agreement reached with property owners before any work is done.

Maryland Woman Happy Now—LOSES 55 LBS.

Edith J. Marriot of Baltimore, Md., writes: "Last winter I weighed 200 lbs. and was very much ashamed. I bought a bottle of Kruschen Salts which gave such wonderful results I bought more. After 4 bottles I weigh 145 pounds and all my friends say, 'How slender you've gotten—how did you do it?' I only say four words—thanks to Kruschen Salts." A generous bottle of Kruschen Salts that lasts 4 weeks costs but 85 cents at the City Drug Store, or any drug store in America—take one half teaspoon in a glass of hot water every morning before breakfast—cut out pastry and fatty meats—go light on potatoes, butter, cream and sugar—that will help Kruschen take off your fat. Take Kruschen every morning—it's the little daily dose that does it—if not joyfully satisfied after the first bottle—money back.

Safety Glass

Ford cars are now equipped with safety glass in all doors and windows at a small extra charge

\$15 for the Coupe, De Luxe Coupe, Sport Coupe or Convertible Cabriolet \$20 for the Tudor Sedan, Standard Sedan, De Luxe Sedan, Town Sedan or Victoria

The Triplex safety glass windshield has always been an outstanding feature of the Model A Ford. By reducing the dangers of flying glass, it has saved many lives and prevented countless injuries in automobile collisions.

Now comes a further assurance of safety to every Ford owner... polished plate safety glass in ALL DOORS AND WINDOWS at slight additional cost.

The charge for this extra protection is unusually low because of large production and the development of new methods of manufacture. Simply tell the dealer when you buy the Ford that you want "safety plate glass in all doors and windows" and the car will be factory-equipped for you in that manner.

Today, as before, the safety glass windshield is furnished as standard equipment on all Ford cars without extra charge.

FORD OWNERS This announcement refers only to NEW CARS. Ford dealers are not in a position to install safety glass in the windows of your present Ford at the above prices.

Long Illness Is Fatal To Mrs. Johnson

Funeral rites for Mrs. John A. Johnson, age 28, who died here Thursday morning, were held at the First Baptist church at four o'clock Friday afternoon, with Rev. V. M. Cloyd, the pastor, in charge. Interment was made in West Park cemetery.

Mrs. Johnson passed away after a prolonged illness at the home of Mrs. E. A. Johnson, 711 Miles avenue.

Deceased was the daughter of I. L. Ripplote, Fort Worth, a former resident of this community. Her mother preceded her in death.

Surviving are her husband and small son, Jimmie Joe; a sister, Mrs. Gene Hutchinson Dallas; a brother, Dewey Ripplote, Mason City, Illinois, and her father, Dewey could not be located in time to attend the funeral.

Out-of-town attendants were Mr. and Mrs. U. N. Oliver, Mrs. R. K. Bruner and daughter, Virginia, of Amarillo, and Mr. and Mrs. J. W. Johnson, Clovis.

Pall bearers were George McMahon, Charlie Jowell, Douglas Connell, Charlie Carroll, Ira Connell, Clay Angelo and George Connell. Funeral directors were the E. B. Black undertakers.

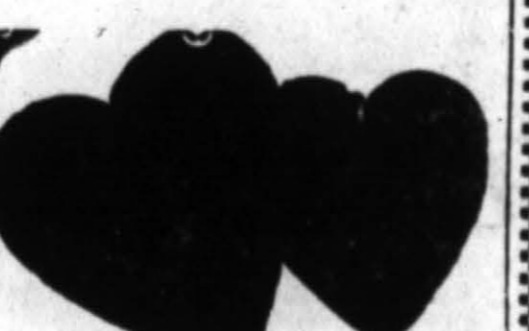

Friends Invited By Wombles To Barbecue-Dance

Invitations are out to friends to attend the second annual barbecue and barn dance of W. T. Womble & Sons at their Palo Duro Herford farm for six o'clock this evening (Thursday), June 11.

The Womble breeding farm is located about 20 miles north of Herford and traversed by Palo Duro creek. Here are produced some of the best-bred registered Herford cattle known among cattlemen.

The first annual barbecue was held last year at the ranch in the valley of the Palo Duro on May 9, in dedication of a new barn just finished to house a herd of young bulls, and this event is still fresh in memory of about 150 guests.

W. T. Womble is an expert barbecuer himself and has gone to a lot of trouble to dig up enough oak railroad ties with which to cook the beef and impart to the meat the right flavor. An epicurean feast and pleasant evening of friendship are looked forward to by lovers of good cattle from over the Panhandle at the Thursday gathering.

46 Notaries Are Qualified

Forty-six notaries public, including nine women, were appointed by the last legislature and had qualified Saturday for Deaf Smith county, according to records of the county clerk.

An attempt was made by the notaries to qualify by June 1, but the point was raised by Carl Gilliland, local attorney, that no one could qualify until the commissions had arrived and they were not received here until June 4.

L. H. Foster, county clerk, had mailed out notices ten days prior to June 1, but when the point was raised appointees for the office were given ten days from June 4 within which to meet requirements and be given their commissions.

The following are among the notaries public for the county, who will hold office for two years, not including the ex-officio members:

Opal Smith, Marie Cornelius, Florence Shore, Floyd Wilson, Eunice Gilbreath, Virginia Patton, Edah Park, Viola Carpenter, Ruth Sherman.

THESE SUMMER EVENINGS

The most attractive homes—the ones where the youngsters of all ages like to gather—usually have a well lighted lawn or garden where folks may assemble in the cool of the evening air and enjoy various social pastimes.

There is no need to envy such surroundings. A very small outlay of money will make any home premises attractive with outdoor lighting fixtures, so you may entertain comfortably.

And electricity cost will not be enough to be noticeable, so cheap is this modern necessity and so convenient to use.

Bridal Shower Given In Home of Mrs. Fox

The series of bridal events set last week in honor of Mrs. C. McCracken, formerly Miss Mae Steele, were climaxed in a shower for her Saturday afternoon in the home of Mrs. Hoover Fox, 306 Lee avenue, given by Mrs. Oscar Easley and the Music Study club of which the bride is a member.

A lovely environment was provided in a beautifully rose-decorated home and subdued lighting.

Opening the program Mrs. Carl Moutz sang a solo, accompanied by Mrs. Jesse Stanford; then Mrs. W. C. Thompson played violin numbers, accompanied on the piano by Mrs. G. A. F. Parker.

Little Mary Ann Acker gave away the secret, in a reading, that Miss Mae and Mac were in search of happiness. The way to happiness was pointed out by Mrs. Fox to the honoree who passed down a rose petal-strewn path that was marked with station names, such as Blue Heaven, Montebello and other significant names. At each stop the expectant traveler picked up a small gift and read a prophetic inscription.

As Mrs. McCracken neared the end of the royal trail, the rooms were darkened, a screen withdrawn, and a miniature house, called "House O' Dreams", was revealed where all the shower gifts were stored, presenting a magnificent display to the seeker of happiness—a treasure trove wrapped up out of love and admiration from friends to one whom they would honor.

Frozen mint tea and wafers were served to about 75 guests who were present to wish the bride much happiness.

Elmer Patterson Weds Talented Girl of Canyon

The marriage of Miss Besale Lorene Chambers to Elmer Patterson was solemnized Sunday morning at nine o'clock in the Church of Christ of Canyon, with Luther G. Roberts, minister of the church of Christ of Post, officiating.

After the guests had arrived at the church, the bride and groom entered unattended. The single ring ceremony was performed before an altar banked with a profusion of flowers. The bride wore a dress of pink silk net with accessories of egg-shell. Her traveling costume was an ensemble of light green flat crepe with accessories to match.

At the noon hour a wedding dinner was served to relatives and friends of the bride and groom at the home of the bride's parents, 110 Fourth Avenue, Canyon. In the afternoon the bride and groom motored to Hereford, where a six o'clock dinner was served in their honor by the parents of the groom.

The bride is the accomplished daughter of Mr. and Mrs. W. H. Chambers of Canyon. She is a graduate of W. T. S. T. C. with the class of 1930. During her senior year she was a member of the Elphian literary society, the Texas Baptist Debate team, the League staff, the Students Religious council, and the Lloyd Green Allen Scholarship society, and was an assistant in the office of the registrar. For the past nine months she has been teaching English and Spanish in the high school at Morton.

The groom is a son of Mr. and Mrs. H. B. Patterson of Hereford, where he has been employed for the past several years as a clerk in the post office.

After a ten-day trip through northern New Mexico and Colorado, the couple will be at home here to their friends at 410 Jewell avenue.

SURPRISE LUNCHEON HONORS MRS. GILBERT HOOPER WEDNESDAY

Mrs. Gilbert Hooper was the honor guest at a surprise luncheon given by members of the Home Makers class and Little Moon Circle of the First Baptist church Wednesday afternoon, June 3, when they gathered at the spacious country home of the honoree's mother, Mrs. W. L. Valentine, each bringing a covered dish.

A delicious feast was spread at the noon hour. The afternoon was spent in social comradeship.

Those present were Meses W. L. Alexander, A. L. Manjot, Frank Carl, Earl Lance, Edgar Moseley, R. E. McCollough, J. E. Speegle, Arthur Clark, Roy Thompson, W. I. Valentine, Harry Whitehead, Gilbert Hooper, Jerry Morrow and her guest, Mrs. Etta Clark, Lamoas, and Miss Billie Valentine.

BEREAN CLASS HAS PICNIC AND LUNCH ON TIERRA BLANCA

The Berean class of the Baptist church, composed of young men and taught by Gordon Durham, had a picnic-lunch on Tierra Blanca creek east of Hereford Thursday evening. The members met at the church at six o'clock and then went to a spot where the fishing was fine and a good lunch was eaten. It is reported that County Attorney Coffee actually caught a fish.

In the party were Miss Tina Lee Springer, Mr. and Mrs. John A. Coffee, Dick Coffee, Ersie Young, Mrs. Young and children, Deward Roberson and Mr. and Mrs. Gordon Durham and children.

Newlyweds Honored by Three Hostesses

A series of pleasant parties marked the opening week of June, and one of the most enjoyable was the bridge entertainment given at the home of Mr. and Mrs. Alton Fraser, 407 McKinley avenue, honoring Mr. and Mrs. John Clayton McCracken, recent bride and groom.

Mrs. Fraser, Mrs. Hubert L. McEntire and Miss Dorothy Flanery were hostesses.

Reception rooms were decorated in a variety of flowers, roses, pansies, poppies and wistaria. Every phase was carried out in rainbow colors in a bridal motif. The luncheon cloths were pink and green, as well as the glassware.

There were eight tables of bridge for the play. Place cards were decorated with a bride, further distinguishing and commemorating the honor guests. Concluding the round of games, favors were presented on scoring. Mrs. Oscar Easley was high for the ladies, Miss Eva Skelton low; J. A. Neill high for the men and Egbert Bradly low. Guest prizes went to Mr. and Mrs. McCracken, which was a select electric percolator.

They were choice gifts that the high and low scorers received, but that was just part of the story, for they were passed around and ended up in possession of the bride and groom. Besides the percolator, the honorees were presented with a flower vase, Dream Child plaque, cigarette container and dusting brush.

Punch was served throughout the evening, together with mints and candy. Refreshments were bride and groom ice cream molds and pink heart angel food cake. Pansies were individual favors.

Present were Meses and Mmes: John C. McCracken, Egbert Bradly, Jimmie Witherspoon, B. M. Whitshire, Tom Carter, Lloyd Edwards, J. M. Posey, Ivro McClelland, A. C. Hales, Oscar Easley, J. A. Neill, H. L. McEntire, Alton Fraser; Misses Emma Jeane Donald, Eva Skelton, Floyd Wilson, Eloise Pitman, Martha Duncan, Dorothy Flanery; Messrs. Lytle Woodford, George V. Stambaugh and Colby Conkright.

Tea Given In Honor of Fort Worth Visitor

One of the most entertaining and unusual affairs of the season was a tea given here last Thursday afternoon by Mrs. L. F. Borden and Mrs. C. A. Skelton in the home of Mrs. Borden. The tea was given in honor of Mrs. S. B. Edwards of Fort Worth.

The large porch and interior rooms were decorated with gorgeous mounds of roses, sweet peas and larkspur, which carried out a dainty color scheme of pink and orchid.

Interspersed through the delightful afternoon was a varied program consisting of piano solos by Mrs. C. H. Dyar, Miss Ruth Marie Moutz and Miss Mary Inez Hough; vocal solos by Mrs. Carl Moutz, Mrs. Homer Fox and Miss Lueta Borden; Egyptian dance by Lueta Borden and sailor dance by Frances Borden.

During the afternoon more than 150 guests called to greet Mrs. Edwards. Out of town guests included Meses C. E. Crowmover, D. L. McDonald, G. C. Matthews, Will O'Brien, Mark Oliver, P. W. Price, Frans Dycbe, Ell Dunlap, Ella Burch and T. J. Ewins.

The house party included Meses J. A. Pitman, Homer Fox, C. J. Moutz, C. H. Dyar, Jas. Witherspoon, Dewey Lawrence, Ward Bell, Lloyd Edwards, Harry Seed, Misses Ruth Marie Moutz, Mary Inez Hough, Lueta Borden, Sally Skelton and Bess Hopkins.

Eight Tables of Bridge Set at Edwards Home

The home of Mrs. Lloyd Edwards was beautifully decorated Wednesday afternoon, June 3, when Mrs. Edwards and Mrs. J. L. Fuqua were hostesses to eight tables of bridges, honoring Mrs. S. B. Edwards, Fort Worth, who was visiting in Hereford, her former home.

Cut flowers of various hues were used in the decoration. Pink mint baskets, holding green mints, marked each table. High score prize was won by Mrs. Jim Black; high cut went to Mrs. Oscar Easley, and guest prize to Mrs. Edwards of Fort Worth.

Those playing were Meses Will O'Brien and Tony Harmel, Amarrillo; Cliff Acker, Homer Fox, C. A. Skelton, S. P. Rossom, C. C. Ferguson, Luth Hough, Bobo McLean, John McLean, J. A. Neill, Tom Carter, Jim Robinson, Jim Clark, Jewell Murchison, Voline Downs, Glenn Snyder, W. F. Gabbert, Dow Mercer, Hal Bruner, Roy Jewell, George Garrison, O. G. Hill, J. M. Posey, Finis Owen, T. A. Hill, B. H. Hopkins, Tommy Eddins of Abilene, and Bill Borden.

Pastel Shades Mark Bridge at Fritz Home

In an attractive setting of a beautifully decorated home in which cut flowers in pastel shades were used, Mrs. H. R. Fritz and Mrs. W. S. Kerr were hostesses in an entertainment of nine tables of bridge Friday afternoon in the Fritz home, corner of McKinley and East Third streets.

Pink and green colors were the dominate note. Score favors carried out the theme; the pofted plants were wrapped in green and tied in pink. Also, the refreshments of cream and cake promoted the same color denotation.

In the play Miss Eloise Pitman received high score favor, a pot plant, and Mrs. J. A. Neill second high, a pot plant. Lav favor went to Miss Ann Miller.

GROUP ONE OF HOME MAKERS CLASS GIVES PROGRAM

The Home Makers class held their regular monthly meeting at the Baptist church Tuesday, with 21 members and two visitors present. Group one entertained with the following program:

Numerous games were played and ice cream and cake were served.

Present were Pauline Dixon, Wayne and David Phillips, Billie and Frances Lee Lawrence, Rena Rae Renfro, Tommie Wilson, Phyllis Jean Radovich, Barbara Higgins, Rue and Elmor Wilson, Nancy Neill, Mary Nix, Eloise Adams, Patty and Frances Ball, Don Culwell, Buddy Downs, Jimmie Hansley, Billie Dameron, Donald Ray McCollough, George Ann Miller, Margaret Olson, Jane Orr and John Douglas Pitman.

Seen On the Screen at the Star

The virile role of Captain Howard of the Rangers in "The Lash" is played by James Rennie, husband of Dorothy Gish, and leading part is taken by Richard Barthelmess, showing at the Star theatre Thursday night for its last appearance.

"Unfaithful," with Ruth Chatterton is scheduled for Friday night. This is gift night for the ladies again, and towels presented with one paid ticket.

Saturday matinee and night, "Shadow Ranch" is presented, with Buck Jones in leading role.

For three days of next week, Monday, Tuesday and Wednesday, the big drama "Trader Horn" is brought to Hereford by Mr. Pickert, who recommends it as a great achievement in motion pictures. There is plenty of thrills and adventure.

Hi-Y Aims to Be Topic for Lunch Program

A meeting which should be of great interest to boys of the teen age and to their parents will be held at the Methodist church at 11 o'clock Monday evening, June 7. Grover C. Good, state secretary of Texas Y. M. C. A., will be here and will explain the nature and purposes of the Hi-Y organization.

Every parent interested in providing Christian character development for his boy and his neighbor's boy should be on hand. For the past two years there has been a local Hi-Y club at the high school, but this is the first opportunity that it has had to present the ideals and aims of the organization to the general public.

Briefly, the Hi-Y seeks to develop the es-possible character in the adolescent boy by trying to help him with the problems peculiar to his age; it gives especial attention to the spiritual side of life, as well as trying to bring about the best possible physical and mental growth. The slogan of the Hi-Y is "Clean speech, clean athletics, clean scholarship, clean character."

The atmosphere of which all members subscribe, is "to create, maintain and extend throughout the school and community high standards of Christian character." The atmosphere of

West Texans Waking Up To Past Tribute

West Texans are beginning to wake up to the part West Texas has played in Texas history, years before it had any settlers, and the contribution this section has made in past years to the general welfare of the state, as indicated in a letter received by G. A. F. Parker from J. O. Ellsworth, head of the department of agriculture, Tech College at Lubbock.

The request of Prof. Ellsworth for a copy of Mr. Parker's letter in answering a Waco paper's criticism of West Texas was prompted by hearing an address which the Hereford citizen made before the agriculture committee of the West Texas chamber of commerce.

The desired information was published in the September 25,

Dress Winner To Be Decided Next Wednesday

The main feature of the all-day celebration which rural home demonstration clubs will hold here June 17 will be a house dress contest. Women from the clubs of Sims, Ford, Ward, Dean, Westway, Summerfield, Frio, Wyche, Dawn and North Hereford will take part. Those who do not have house dresses in the competition are invited to be present and enjoy the day with the others. The dresses will be taken to the club room at the court house, not later than 10:30 o'clock in the morning, where they will be judged by Miss Mary Sitton, home agent of Potter county. An exhibit of the best dresses will be placed in the Fox Mercantile company show window the following Thursday. Award to winner is a free trip to A. & M. College, July 27-August 2. Dinner will be served at Lake Park at noon with each club contributing something. Frio will furnish the bread; Wuebe and Summerfield, meats; North Hereford, vegetables; Westway, salads; Ford and Dawn, deserts; Sims, deviled eggs; Dean, drinks; Ward, plates, cups and spoons. Program for the Day. The following program has been announced: 10:30 a. m., songs by all. 11:00: Introductory remarks by Mrs. S. A. Miller, chairman of the county council.

THE RESURRECTION AND THE ASCENSION.

Luke 24:25-40, 50, 51. (Revised Version)

25. And he said unto them, O foolish men, and slow of heart to believe in all that the prophets have spoken!

26. Behooved not the Christ to suffer these things, and to enter into his glory?

27. And beginning from Moses and from all the prophets, he interpreted to them in all the scriptures the things concerning himself.

28. And he drew nigh unto the village, whither they were going; and he made as though he would go further.

29. And they constrained him, saying, Abide with us; for it is toward evening, and the day is now far spent. And he went in to abide with them.

30. And it came to pass, when he had sat down with them to eat, he took the bread and blessed; and breaking it he gave to them.

31. And their eyes were opened, and they knew him; and he vanished out of their sight.

32. And they said one to another, Was not our heart burning within us, while he spake to us in the way, while he opened to us the scriptures?

33. And they rose up that very hour, and returned to Jerusalem, and found the eleven gathered together, and them that were with them.

34. Saying, The Lord is risen indeed, and hath appeared to Simon.

35. And they rehearsed the things that happened in the way, and how he was known of them in the breaking of the bread.

36. And as they spake these things, he himself stood in the midst of them, and saith unto them, Peace be unto you.

37. But they were terrified and affrighted, and supposed that they beheld a spirit.

38. And he said unto them, Why are ye troubled? and wherefore do questionings arise in your heart? See my hands and my feet, that it is I myself, handle me, and see; for a spirit hath not flesh and bones, as ye behold me having.

39. And when he had said this, he showed them his hands and his feet.

40. And he led them out until they were over against Bethany; and he lifted up his hands and blessed them.

41. And it came to pass, while he blessed them, he parted from them, and was carried up into heaven.

Golden Text: It is Christ Jesus that died, yea rather, that was raised from the dead, who is at the right hand of God, who also maketh intercession for us—Rom. 8:34.
Time: The resurrection, Sunday, April 9, A. D. 30. The appearance of all apostles, increasing Thomas, Sunday, April 16. The ascension, Thursday, May 18.
Place: Jerusalem, Emmaus, Galilee, the Mount of Olives near Bethany.

en!" The three years of Christ's ministry had given them ample time to learn of God's plan of redemption and to watch its unfolding, in the life of the Son of God, so perfectly fulfilling the Old Testament prophecies. The disciples did believe some of these prophecies, those predicting the Messiah's power and the glory of his kingdom; but they had failed to grasp the equally clear prophecies of Christ's humiliation and his terrible death. Therefore, the crucifixion found them totally unprepared.

Jesus Explains the Prophecies.
With the same patience with which he had taught them during his ministry Jesus undertook to establish in the hearts of these two and the others the fact and significance of his resurrection. With those two, not apostles, he began at once there on the highway. In a question he asserted that it was necessary for the Messiah to suffer and afterwards enter into glory. Glory, triumph was to follow, and ought to be expected. Indeed they would be looking for his resurrection if they followed the prophetic revelation. Then he began to quote Scripture, showing them the law and the prophets the things concerning himself, both as to his sufferings and his glory.

Again, verses 44-48, we find him with the larger group of disciples after they had recognized him, going over the same things. With patience and wondrous wisdom he interpreted Moses, the prophets and the psalms, relating all to himself.

Jesus Opened Disciples' Minds.
Not only did he open the Scriptures, but he opened their minds to understand. And for the first time they had room in their minds for the Messiah's Cross, and saw not only the possibility, but the necessity and inevitability of the resurrection to the redemptive plan of the ages. They beheld with new eyes Christ's authority and glory equal to humanity's deepest need, powerful to break sin's strongest bonds. Without any misgivings they can now urge all men everywhere to turn from sin to Christ, the conqueror of sin and death.

The two on the road did not see all of this as the stranger spoke to them, but as they later confessed, their hearts began to burn within them.

Jesus Made Himself Known.
"And their eyes were opened, and they knew him." Three days in the grave, with the terrible experience of the crucifixion, had so changed the body in which the Lord moved that it was not recognized by his friends until perception was quickened by the familiar tones of his voice, as when Mary Magdalene at first thought him to be the gardener, or, as here, by some characteristic act or gesture in the blessing of the bread. "It was a rule with the Jews that when three of them ate together, one should give thanks; and when the stranger took the bread and spread it before heaven, and gave thanks, they saw in his hands the prints of the nails, and the col-

lidant recollection of his manner of blessing food, and the resuming on his own part of the gracious and glorious expression of look and voice which, once known, could never be forgotten, opened their eyes, and they knew him."

"And he vanished out of their sight." He had accomplished what he manifested himself to accomplish, had comforted the two disciples and filled them with the joy and inspiration of his continued spiritual presence. His bodily presence was no longer needed.

The Forty Days.
Luke omits the appearance of Christ which followed the forty days from his resurrection to his ascension, gradually decreasing in number, so as to accustom the disciples to his absence from them. Thomas was absent from the meeting on the evening of Easter Sunday and refused to believe without himself seeing and touching the risen Lord; therefore a week later Christ paid another visit to the disciples in the upper room, and completely convinced the doubter. Later in April he appeared on the shore of the Sea of Galilee to seven disciples who, led by Peter, had gone back, unsuccessfully, to their old business of fishing. Then came the grand rendezvous in Galilee, when Christ appeared to more than 500 disciples at once (I Cor. 15:16), followed by an appearance (I Cor. 15:7) to James, probably the chief of Christ's unbelieving brothers, who became at once a leader in the church in Jerusalem. The final appearance, at the close of the 40 days, was to the Eleven in Jerusalem.

The Ascension.
"And it came to pass, while he blessed them, he parted from them, and was carried up into heaven." As Luke later described the event, "He was taken up, and a cloud received him out of their sight."

(Acts 1:9) "The rapt disciples stood gazing up into that part of the heavens where they had last beheld their Lord. Suddenly two men in white apparel stood beside the silent group, and one said, 'Ye men of Galilee, why stand ye looking into heaven? This Jesus, who was received up from you into heaven, shall so come in like manner as ye behold him going into heaven.' The disciples returned to Jerusalem with great joy. They who, forty days before, were in the darkness of despair, now continually praised God, and waited for the further direction of Jesus."—Charles F. Deems.

Special Lesson.
"The resurrection of Jesus stands fast as a fact, unaffected by the boastful waves of skepticism that ceaselessly through the ages beat themselves against it; retains its significance as a corner stone in the edifice of human redemption; and holds within it the vastest hope for time and for eternity that humanity can ever know."—Prof. James Orr.

The Risen Jesus.
"He is risen, He is risen, Sing aloud the glad refrain, He who sleep in death's dark prison, Now in glory lives again, Hallelujah! praise Him, Waft your anthems to the throne; Let the nations bow before Him, And the King of Glory own."

By Any Yardstick, **PLYMOUTH** the WORLD'S GREATEST VALUE AMONG LOWEST-PRICED CARS

There is little difference in price among the three cars leading in sales in the lowest-price group.

But there is a great difference in value. Value comparisons show a tremendous advantage for Plymouth. They easily prove Plymouth to be the world's greatest value among lowest-priced cars.

Plymouth alone has a 48 h.p. high-compression Silver Dome engine with full-pressure lubrication and rubber engine mountings, front and rear.

It has eight Timken tapered roller bearings in the wheels alone—two in each wheel—and the proper ball or roller bearing at all important points of friction throughout the chassis.

It has a sturdy non-squeaking Safety-Steel body—four hydraulic shock absorbers—inter-

nal hydraulic brakes, quick-stopping in all weather and always equalized—and other extra-value features.

Plymouth has actually the largest, roomiest body of all low-price cars—longer by nearly a foot. It has the widest seats, the greatest head-room and leg-room, the greatest window area.

If you but take the time to go over the Plymouth point by point, then ride in it and drive it, you will clearly recognize why Plymouth is the World's Greatest Value among Lowest-Priced Cars.

Park Hours Stated.
Miss Estes, who took charge Friday, will be on duty eight hours each day during the week days, from 8:30 to 11:30 o'clock in the mornings and from three to eight o'clock in the evenings. No supervision is provided for Sundays, excepting by the parents.

Strict supervision will be given during these hours, and when a signal of off-duty is given every child must leave the park. If they do not adhere to this request and an accident should occur, the responsibility will be in the hands of the parents.

Conduct Outlined.
As to handling all misbehavior in the park, such as profane language, defacement of property, or other misconduct, the supervisor will have charge and has been given full authority by the city to prevent and correct.

If deemed necessary, disciplinary measures will be referred to the city marshal, and with her approval, where violations have occurred, the law will first suspend privileges of the park to the child and then permanently disbar if the offense is repeated.

It is urged by the board that the parents cooperate with the city and send their children to the playground during supervised hours and then see that they observe the request for leaving at the appointed time.
All visitors are requested to vacate the grounds after 8:30 o'clock in the evenings. By such cooperation unnecessary trouble will be avoided, thinks the committee. On Sundays parents are asked to accompany their children.

Wholesome Games Planned.
Miss Estes plans to have some wholesome games for the different age groups. Children over five will come under her supervision. Younger children are to be accompanied by their parents or guardian.

Will Have Story Hour.
Under the able supervision of Miss Lillie Hostetter, county librarian, a story hour for the young people has been provided.

Extra Innings Required For Defeat of Lions

Eleven long innings were required Friday afternoon at Midget field for a decision to be reached in the ball game which the chamber of commerce won over the Lions club by a score of 17 to 14.

It was a grueling contest in which every player fought to the last ounce of energy and the last ounce had been called upon when two extra frames had been played.

Features were plentiful, some classed as zenith and some as nadir, among which might be mentioned the roving of Onias Carroll from third base for the chamber of commerce. Catching a high fly into center field was one of his feats. Mont Baker starred early in the fray by taking a hot liner, and the pitching of C. A. Skelton in the ninth from the portside led to the charge that he had sold out to the Lions.

Fred Oberthier played an almost perfect game at first and at bat for the commercial organization. He did not make a single error, poled out three hits and ran in four scores. The sensational and unexpected work of the utility manager and the unusual activity of Carroll are considered to have made up the difference between victory and defeat.

Each side made three runs in the first and went through two scoreless periods to the fourth when five more were marked up for each entry. The Lions took the lead in the sixth by one count, only to lose it in the eighth when the opposition pushed across four and added two more in the first of the ninth.

Skelton was sent in to pitch and hold the Lions in the ninth, having them under pressure of a five-run lead. When the smoke cleared up five men had crossed home plate, and extra innings were necessary.

The tenth was a fast one, three up and three down for both. In the last frame two hits and two errors allowed the chamber of commerce three runs, and the Lions were held scoreless in their half.

Umpiring was ably handled by Ted Young and Artis Russell who showed up on the field with plenty of western artillery and police clubs. The imposing picture of Young as a Ranger or bandit cut short any desire for beefing on decisions.

Proceeds of the game went into the playground fund. Other games are being scheduled for the same purpose.

MIDGETS SMEAR CLOVIS IN TUESDAY'S SLUGFEST

The Midgets were unbeatable Tuesday when they met a team of New Mexico school boys at Clovis and won 15 to 4. The Hereford boys were in a hitting stride and could not be stopped.

Bob Hubbert and Pleas Baker each poled a home run. Bob made his with two runners on. The sixth was the big inning when six hits were turned into seven runs. Home batteries were Moore and Clayton. Seed and Womble had a good day at bat, knocking out four hits each.
