

"Smallest Team Yet", Says Coach of Whitefaces of 1941

Around Town

Sights and Faces Seen

"Like Monday, only more-so" is the general description of the Tuesday after the Labor Day holiday, but no one actually complained about that extra day off.

A. R. Bateman, J. D. Eiland, and Alfred May returned Wednesday from Wichita, Kan., where they attended an AAA meeting.

Jack Nichols is a new employee at the Corner Drug. He went to work this week.

Tom Parker, Lavelle Moore and Marguerite Engman are new employees at the fountain at Haile Drug. Mrs. Ethel Hunter is the new cook and Novelle Throckmorton is cashier.

From the looks of that aluminum collecting trailer, it must be about time to have another aluminum drive here.

Mothers who are starting little boys to school may wonder where they get the assorted junk that collects in pockets. We found an answer to that—they get the idea from a look at Mother's purse.

The weeds on Central School ground are already beginning to look anaemic. As a sort of mass lawn mower, 600 kids are unexcelled.

Our apologies to Dorothy Nelle Adams. In announcing a new Western Union operator last week, we seem to have left the idea that Dorothy Nelle was no longer working. To give the complete story, the potato business has so increased the work at the Western Union office that two operators are required.

Little Peggy Ann Aiken confided to her friends last week that she had been killed in an automobile wreck—"a long time ago." You'd never know by looking at her.

Arthur Dunlap, Jr., is the new market man at Furr Food Store. "Red" has worked at the Furr Market in Hereford before.

New Teachers Listed For Rural Schools

With Summerfield, Westway, Walcott and Heiselman schools starting on Tuesday of this week, and with September 15 set for the opening of Daniel and Dawn schools, organization of the rural schools for the coming term was complete.

Elected to teach at Dawn are Mrs. Vera Mae Upton and Mrs. Hazel Atchley. Mrs. Upton had formerly been elected at the Heiselman School, which announced that Mrs. Naveta Browning will teach there this term.

Other teachers, as listed earlier, are Mrs. L. P. Shaw and Mrs. Tandy Legg at Summerfield, Miss Melva Rae and Miss Alta Mae Fortenberry at Walcott, and Miss Vida Hicks at Daniel.

Harry G. Taylor Enlists In U. S. Marine Corps

Harry G. Taylor, son of Mr. and Mrs. Harry A. Taylor of Hereford, has been accepted for service in the U. S. Marine Corps, and has been transferred to the Marine Corps Base, San Diego, Calif., for training. Captain T. E. Kendrick, officer in charge of marine corps recruiting headquarters at Oklahoma City, announced this week.

On completion of the San Diego training, Pvt. Taylor will be eligible for further transfer to sea or foreign service, the captain said.

Mazurek Funeral Held Thursday

Funeral services were held Thursday at St. Anthony's Church for Mrs. Theodore T. Mazurek, 69, who died Tuesday at the home of her daughter, Mrs. R. A. Hamlin, in Bovina. Mrs. Mazurek had been ill for several months.

Resident of Hereford since 1927 and of the Panhandle since 1915, Mrs. Mazurek a few weeks ago celebrated her golden wedding anniversary, enjoying the visit of her children from other parts of the state; although she was, at that time, seriously ill.

Mary Kalka was born Dec. 6, 1872 in Bandera, the daughter of Joseph and Annie Kalka. She was married to Theodore Mazurek in 1891. In 1915 they moved to the Panhandle, settling at White Deer and later living at Amarillo before they came to Hereford in 1927.

Survivors are her husband, three sons, Henry Mazurek, Bandera, Sam Mazurek, Amarillo, and Louie Mazurek, Hereford; four daughters, Mrs. Bernice Phillips, Henderson, Mrs. E. L. Pyka, Hereford, Mrs. R. A. Hamlin, Bovina, and Mrs. J. H. Wheeler of Hereford; two brothers, C. J. and Alex Kalka of Bandera, and numerous other relatives.

Pallbearers were Felix Urban. (Continued on Page 10)

Haile Drug, Penney's Offer Defense Stamps

Co-operating with the movement of retailers for defense, which is now getting underway throughout the country, the J. C. Penney Store and Haile Drug are continuing to offer defense savings stamps for sale with their other merchandise.

Realizing that to reach the largest number of buyers, the stamps must be sold in stores just as any other merchandise is sold, the defense savings staff is now trying the merchandising plan.

In some places the idea of taking change in stamps is being tried with marked success; and some customers are making a practice of making stamps a regular per cent of every purchase.

Retail merchants of course make no profit out of the sale of stamps, and they are co-operating for purely patriotic purposes.

"Probably the smallest team you've ever had," says Coach Logan Ware in describing the Whiteface hopefuls who have turned out for football practice this week; but the coach adds that, though the boys may lack in size, they certainly have the ability to get in and scrap. So far, this scrappiness has manifested itself in a healthy rivalry for places on that starting lineup when the herd meets Dimmitt on September 12, but the coach feels that "fight" will be even stronger when the team meets on opponent.

More than thirty boys had turned out for practice on Monday, Tuesday and Wednesday, when sessions were mostly devoted to limbering up exercises with a little passing and kicking. Today and the rest of this week, Coach Ware plans to get his squad into shape with scrimmage plays and some much-needed work at blocking and tackling.

FIVE LETTERMEN

Of the boys who have come out, only five are 1941 lettermen, with perhaps ten having some squad experience. The other boys were either on the "gashouse" team last year or have never played football in high school.

Following is a list of boys to whom suits have been issued with the probable positions they will play: Backs, Cliff Vaughn (co-captain), Lloyd Olson, Harold Close, L. J. Clark, George Weems, J. W. Merrill, L. H. Clark, Thurman Williamson, Billy Masie and Donald Roberson; cen-

Funeral Rites For H. T. West Held Last Week

Funeral services were held at the First Baptist Church Friday afternoon for H. T. West, 75, who died Thursday morning in an Amarillo hospital. He had been seriously ill for about a week.

Mr. West had lived in Hereford for many years, going to Amarillo only a short time before his death.

Survivors are the wife, one son, I. I. West of Amarillo, and several grandchildren.

Rev. B. Frank Hasty, pastor of the San Jacinto Baptist Church, conducted the funeral rites.

Burial was in West Park Cemetery under the direction of Blackburn-Shaw Funeral Home of Amarillo.

Adrian Schools Have 88 Pupils Enrolled

Schools at Adrian opened Monday with 88 students registered for the coming term. Seven teachers work in the Adrian system, with one substitute on duty at present until a full-time teacher can be hired.

Supt. G. A. Syms, who is also coach and teacher of mathematics in high school, announces the following faculty for the 1941-42 term: Mrs. Frank Watson, Adrian, grades one and two; Miss Marjorie Lewis, Amarillo, grades three and four; Miss Della Stagner, Hereford, grades five and six; W. W. Lindsey, Lubbock, science and social science; Mrs. D. W. Foster, Amarillo, commercial subjects, and D. W. Binkley, who is substituting as high school English teacher until the vacancy can be filled.

Bus drivers for the Adrian school are Donald Morgan and E. L. Brown for the Adrian Independent School District, and C. L. Bogle and Alpha West for the Simms District.

Tierra Blanca Group To Meet With Local Baptist Church

Rev. W. E. Barnes this week announced that the Tierra Blanca Association will meet with the local Baptist Church next Wednesday and Thursday, Sept. 10-11. A large crowd is expected, says Mr. Barnes, who urges members of the church to be present to welcome the visitors.

Programs on both days will be all-day affairs, with dinner being served by the Hereford church.

On the program will be Dr. Roy Johnson, Canyon; Rev. J. L. Ponder, Plainview; Mrs. Mae Abbott, Bovina; Rev. Ed. Hawthorne, Happy; Rev. Marcus Rexford, Summerfield; Rev. W. E. Barnes, Hereford; A. O. Thompson, Hereford; J. T. Hale, Tulla; Dr. W. H. Clark, Tulla; Rev. W. N. Clark, Plainview; Rev. J. H. Agee, Lazbuddy; Rev. A. F. Russell, Dimmitt; Mrs. W. E. Kirkpatrick, Dimmitt; Dr. John Cobb, Plainview; Rev. Carl Leeper, Frio; Rev. J. A. Lindley, Rev. J. E. Speegle, Bovina, and J. R. Stroble, Hereford.

Mrs. McCullough To Give Business Courses Again

Mrs. Ralph McCullough has started her regular classes in commercial subjects, offering work in shorthand, bookkeeping and typing. She explains that she can give either advanced or beginner's classes in any of the subjects offered.

This is her eighth year to offer commercial courses and Mrs. McCullough urges that young people who wish to get a thorough business training at a moderate cost get in touch with her immediately so that regular classes can be organized.

Mrs. McCullough's address is 711, Twenty-Five Mile Ave., and her phone number is 499-J.

Sr. Red Cross Work Will Start September 8

The Red Cross Sewing Room, which is located on the third floor of the courthouse in the old WPA sewing room, will be open Monday afternoon, Sept. 8, at 2 o'clock; and all women interested in sewing for the Red Cross are asked to be present to get instructions and materials.

Mrs. Carl Gilliland, production chairman for this county, said today that an adequate supply of materials is already on hand and volunteer workers have cut out garments ready to be distributed on Monday.

Hospital bed shirts are the first supplies which will be made here. Later, Mrs. Gilliland announces, the Red Cross will make women's and children's dresses and other clothing for refugees. Assorted samples of some of these garments have already been cut out.

With all preliminary organization out of the way, Mrs. Gilliland hopes to have Red Cross sewing activities in full swing here within the next month. A Junior Red Cross Chapter, which (Continued on Page 10)

New Hatchery Will Be Opened About Oct. 1

The foundation was being laid this week for a new building to house the hatchery to be installed here about Oct. 1, by T. A. Brasuel and C. H. Mitchell. The new building is across the street, east, from Ireland Motor Company and will face Highway 60. Mr. Brasuel, who was in Hereford this week overseeing building operations and making plans to move here from Lubbock, stated that the hatchery will be equipped with the latest and most efficient equipment, and that the famous Jamesway line of poultry supplies will be featured.

Brasuel also said that the B and M Hatchery will handle a complete line of feed and poultry remedies.

Both Brasuel and Mitchell will be actively engaged in the business.

New Career?

When 19-year-old Marie McDonald, former cigaret girl, signed a movie contract, she thought she was starting on a new career. Her first role, as you may have guessed, was that of a cigaret girl.

Enrollment in the Hereford Public Schools will probably reach about 930 by the end of next week, say school officials who point out that enrollment this year is just about the same as last year's total.

Central School Enrollment
Glen Allison, principal of the elementary school, yesterday reported an enrollment of 592 at Central School, with the number of pupils increased from 1940 in all grades except the first. This year there are 62 beginners, compared to 1940's 92.

The change to the 12 grade system, effective throughout Texas this year, has worked some changes in the Hereford system, with eight grades listed in the elementary school, and with curriculum changes in most grades to suit the new plan.

Mr. Allison lists four new teachers at the grade school, all of whom have started work this week. They are Miss Leona Francis, who will teach fourth grade; Miss Ivy May Chollar, who teaches art and handwriting; Kenneth Walters, who teaches language arts in the seventh and eighth grades, and Clyn B. Starr, Jr., who will teach social studies in the seventh and eighth grades.

High School Enrollment
G. M. Hudson, high school principal, stated that on Tuesday night the high school enrollment was 393 but that he expected the figure to reach about 320 by next week.

Enrollment in the high school is divided as follows: freshmen, 86; sophomores, 72; juniors, 84. (Continued on Page 10)

Four Local Women Are Delegates To H. D. Convention

Four Hereford women left Monday for Beaumont, where they will attend the state meeting of the Texas Home Demonstration Association.

Making the trip were Mrs. Ira Ott, council chairman for Deaf Smith County; Mrs. Lauren Luallin, vice-chairman and Mrs. John Kropff, president of the North Hereford Club. At Beaumont, the group will vote on matters of policy for the home demonstration clubs and will elect state officers who will serve for the next two years.

Main entertainment for the convention will be a fish fry at the beach given by the Beaumont Chamber of Commerce, the club women will also be entertained at luncheons and dinners during their stay in Beaumont. They will return to Hereford Saturday.

C. E. Jones, Former Hereford Man, Dies At Beaumont Home

Charles E. Jones, 29, formerly of Hereford, died Sunday in Beaumont, where he was manager of the furniture department of the Montgomery Ward Store.

He is survived by his wife, Maurice; two daughters, Marilyn, 6, and Gwendolyn, 4; his parents, Mr. and Mrs. C. S. Jones of Abilene, and two brothers, Riley of Abilene, and Nell, who is in the army air corps at Oklahoma City.

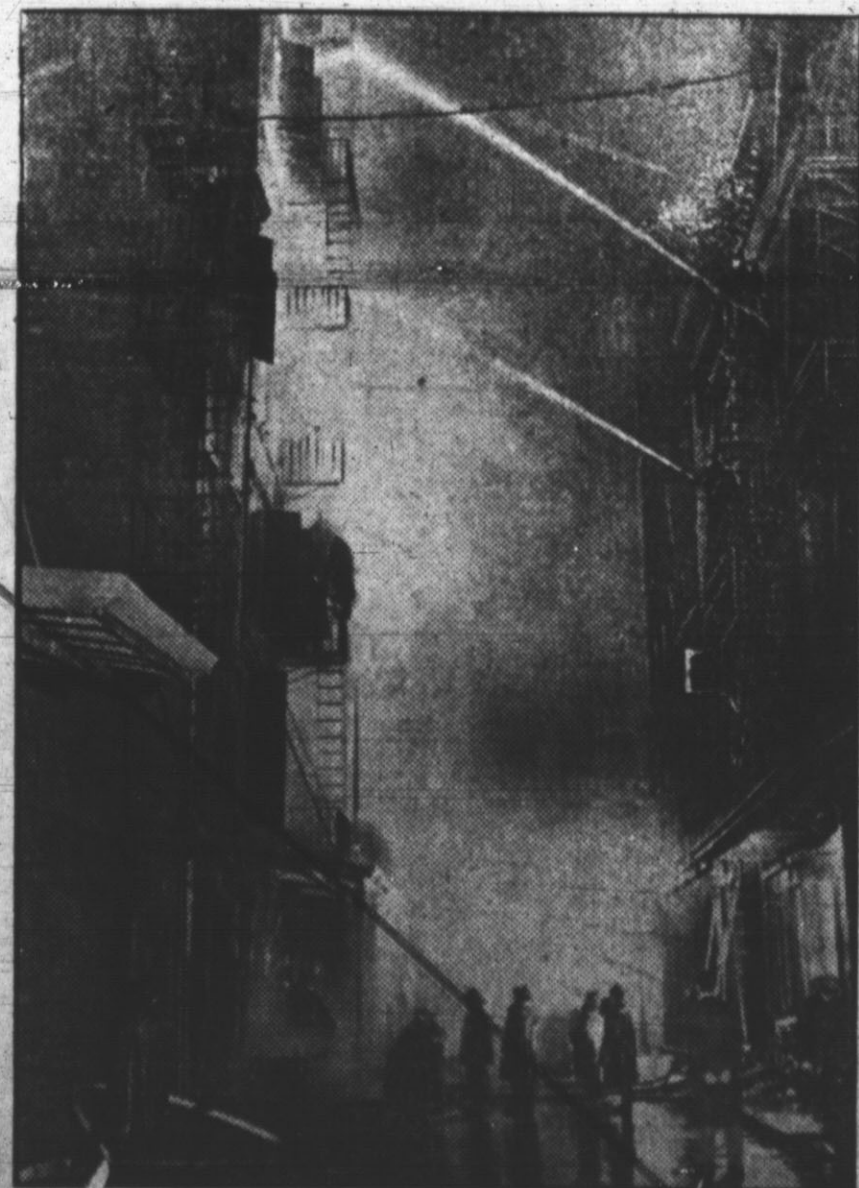

Funeral services were held Tuesday at Floydada with Rev. Alva Johnson of the Church of Christ officiating.

Extension Service Makes Suggestions For Kitchen Safety

College Station.—Life insurance companies have figures showing that many thousands of deaths and disabling accidents in home kitchens. To cut down on kitchen casualties, Louise Bryant, Extension Service specialist in home management, suggests a check up to make this important room in the house safe.

A third of the deaths of children under five from home accidents come from scalds and burns. To avoid such tragedies, cook with the handles of all pots and pans turned to the back of the stove so they'll be out of reach of children.

Safety catches can be put on petcocks to prevent children from turning knobs on the gas stove; matches should be kept in non-inflammable containers out of reach. Canning in a pressure cooker and deep-fat frying are two of the more dangerous cooking jobs, so children should be kept out of the kitchen during these processes.

"Be sure to cover your hand with a cloth before you lift the cover from a steaming kettle or roaster," Miss Bryant advises, "and lift the far side of the lid first." Here are other warnings:

Fat accumulating under a broiler is a fire hazard.

Long, loose, flowing sleeves are dangerous. Cook in short sleeves and plan smooth aprons and dresses.

Keep your curtains safe by fastening them so they can't blow in a fire or by fireproofing them.

Don't touch anything electrical with a wet cloth or wet hands or when you're standing on a wet floor.

A fire extinguisher for the kitchen is a good safety investment, especially for homemakers who live in the country.

Special Legislature Session To Consider Road Bond Bill; Governor Sets Sept. 9 As Date

Gov. Coke Stevenson Tuesday called a special session of the Texas Legislature to meet Sept. 9 to consider the road bond assumption bill upon which no action was taken at the regular session of the legislature this year. Gov. Stevenson had delayed in calling the session in an effort to work out a compromise which would shorten the work of the special term.

SURPLUS IS ISSUE

In commenting on the road bond assumption situation, County Judge A. J. Schroeter explained that there is little controversy over the state's assumption of payment of interest and principal on road bonds voted by the various counties. Only issue on the assumption bill is the disposition of surplus after the road bond debts are paid. And there is a large surplus left over in the fund, which comes from the one cent gasoline tax. Some factions (mostly in East Texas, where a good system of paved highways is already complete) want the surplus turned over to the counties for building of country roads. The other view point, mostly held in West Texas, is that the surplus should revert to the highway department for use in completion of a system of paved highways in this section.

MEETING IN LUBBOCK

A meeting last Wednesday in Lubbock of Panhandle county officials which was attended by Judge Schroeter and Commissioner Jim Clark and by Mrs. Dyalitha Brady, county welfare administrator, passed a resolution requesting that the legis-

lature vote the assumption of old bonds as well as of any additional bonds which have been or may be voted, with the surplus to go to a fund for state roads.

Schroeter added, however, that since this section is in the minority in the legislature, the county judge's association has little hope of getting the exact measure which they desire. However, the expectation is that a compromise may be worked out whereby the bonds will be assumed, and at least part of the surplus may be used for paving of much-needed roads in this section.

STEVENSON FOR ASSUMPTION

In calling the special session, Governor Stevenson made clear that he had always been in favor of the use of one cent of the gasoline tax for bond assumption and retirement purposes. He cited the fact that in 1931 he was author of the original bill, which has been the law, authorizing the state to assume and service county road bonds with the one cent a gallon gasoline tax.

QUALITY WHEAT PAYS

PLANT QUALITY WHEAT TO MAINTAIN BEST MARKET DEMAND

The **EARLY BLACKHULL** variety, not classified above, is inferior in baking quality to the intermediate group and is not desired by commercial bakers who use most of the Texas wheat crop.

Counties known to be producing high quality wheat have a greater demand for wheat than those having poor quality wheat.

Poor quality varieties in a county cause market discrimination detrimental to all wheat farmers.

Your County Agent, Elevator Manager, Local Miller, and the Texas Wheat Improvement Association can tell you where good seed of approved varieties may be obtained.

Let's Cook Something

"Leftovers"
Strange indeed is the collecting power of the average refrigerator. And while we all agree that leftovers shouldn't be left over; there is really something that you can do about it, for there are many ways to use odds and ends of foods to advantage. Some leftovers can be combined and made into a dish that has a delicious new harmony of flavor. Here is what Mrs. D. H. Alexander does with leftover meat from Sunday dinner. She uses this stuffed pepper recipe, which she originated to fill the needs of her family; and an excellent Monday meal if served with a green vegetable is the result.

Stuffed Peppers

- About 1 lb. of leftover meat (beef, pork or chicken)
- 1 tart apple
- 1 tablespoon ground onion
- 3-4 cup cornbread crumbs (packed tight)
- 1-3 cup hot sweet milk
- 1 tablespoon melted butter
- 1 egg
- 1 tablespoon salt
- 1-2 teaspoon black pepper
- 6 or 8 medium sized green peppers

Put apple, onion, meat and bread crumbs through the food chopper and mix well in mixing bowl with salt, pepper, hot milk, melted butter and well beaten egg. Stuff the peppers, which have been prepared by cutting off the stem end, removing seeds and par-boiling for five minutes, with mixture; place in a well greased baking dish and cook in moderate oven until brown and well done. Serve with crisp french fried potatoes and sliced tomatoes.

112 Members of Pioneer Family Gather For Reunion At E. W. Womble Home

A family reunion of wide interest was held Saturday and Sunday at the ranch home of Mr. and Mrs. Elmer Womble.

One hundred and twelve descendants of Mr. and Mrs. J. C. Womble who moved to Texas in 1891 and filed on land in Deaf Smith County, gathered for the two-day celebration, representing 36 of the 45 family groups that make up the long list of descendants.

Ten children grew up in and near Hereford; and five, all of whom were present, are still living.

The celebrations began with a picnic supper on the lawn Saturday evening and a long row of pallets and cots were arranged for the would-be sleepers, but the rains came and sleeping quarters were taken up in the huge loft of the barn.

Talented members of the large group kept some form of entertainment in progress during the entire time. Moving pictures of previous reunions were shown

whom were present, are still living.

How To SAVE GASOLINE

A Contribution to National Defense

NEW Higher Anti-knock Phillips 66

★ ★ ★ FROM WASHINGTON and from high authorities in the petroleum and automotive industries . . . come common-sense suggestions to help you save money on gasoline, oil, and tires.

Good news for good citizens is the fact that the resulting economies not only reduce the cost of every mile they drive, but also make a positive contribution to the National Defense.

Today, resolve to help your Government and yourself by reading and heeding these 10 Patriotic Precautions for Good Citizens and Good Drivers . . . published by the Phillips Petroleum Company, Bartlesville, Okla., in the interest of National Welfare.

K. S. ADAMS President FRANK PHILLIPS Chairman

1. REDUCE HIGH-SPEED. Excessive speed turns any engine into a gas-and-oil eater. At 70 miles an hour, the average car uses twice as much gas, and five times as much oil, as at 30 miles an hour.
2. STOP "JACK-RABBIT" STARTS. Show-off sprints when traffic lights change, bursts of speed in low or second gear, are very wasteful of gasoline and hard on your motor.
3. DON'T IDLE ENGINE NEEDLESSLY. Shut off ignition during stops and waits of appreciable length.
4. HAVE CARBURETOR ADJUSTED for leanest good-performance mixture.
5. HAVE SPARK PLUGS CLEANED and gaps adjusted for top efficiency.
6. HAVE TIMING CHECKED for maximum advance just short of knocking.
7. LUBRICATE TRANSMISSION, differential and chassis points at regular 1,000-mile intervals.
8. USE CORRECT GRADE OF OIL to match seasonal and driving conditions.
9. KEEP RADIATOR CLEAN and filled to top level.
10. CHECK TIRE PRESSURES at least once a week, often in hot weather or on long drives.

Look for the Orange and Black 66 Shield. All Phillips 66 Service Stations are ready to help you begin saving gasoline, oil, and tires, in your own interest and that of National Defense.

Farm Loan Group To Meet Here Saturday

Recognizing the importance of the work of the National Farm Loan Association, the Brand publishes the following letter from E. S. Ireland, of the local board of directors, in the hope that it will impress upon stockholders the importance of attending the association meeting to be held here on September 6.

Association to attend its annual Stock-holders meeting, which will be held at the Court House in Hereford, next Saturday, September 6th, at 2:30 o'clock, p. m. Notices of which have heretofore been mailed to each of you.

The Hereford National Farm Loan Association belongs to you. You are a Stockholder in the Association to the extent of 5 per cent of the amount of your loan. The total of this outstanding stock makes the capital stock of the Association, which at the present time totals \$118,410. Each stockholder of record is entitled to one vote on all matters coming up before this meeting. The primary purposes of this meeting is to hear the annual reports of the Association and for the election by you of Directors. The affairs of the Association is carried on by five Directors, and they are elected for a term of three years. Two are to be elected at the forthcoming meeting. We would like to say further

Says 'Hello Grandma' Seven Times

Two-year-old Russell Murray, son of Mr. and Mrs. Grover Murray, Naples, N. Y., poses with his seven grandmothers and great-grandmothers when they all gathered recently for a family reunion.

that The Federal Land Bank of Houston, is one of the greatest financial institutions in Texas, and it is owned exclusively by the Farm Loan Associations of the State. Each Association owns stock to the extent of their total capital stock. Some have the idea that the Federal Land Bank is owned and operated by the Government. The Government does not have a dollar invested in the Houston Bank. Land Banks are operated under Federal laws and regulations, which is as necessary as the laws and regulations governing State and National Banks.

All citizens of Texas, whether Stock-holders in Associations or not, should be proud of the record made by the Federal Land Bank of Houston. It has been in good hands, but part of this record

bears testimony to the stability and soundness of its farming and livestock industries and the will and ability of its borrowers to meet their obligations. There are 12 federal land bank districts in the Nation, and Texas comprises one entire district served by the Bank at Houston. The Houston Bank stands at the top. It has paid more dividends since organization, it has the greatest assets, does not owe a dollar, it has had fewer foreclosures, and its stock is worth more than that of any other Bank, being more than 3 1-2 to 1 at this time.

Come to this meeting Saturday, and learn more about your own business. Take part in the election of Directors and if you have anything to say, the meeting will be open to you.

Memorial Service Held By Methodist W. S. C. S. Group

A memorial service honoring the memory of the late Mrs. E. B. Black was held by members of the Woman's Society For Christian Service of the Methodist Church yesterday, following the regular Fellowship luncheon. Mrs. G. A. F. Parker was in charge of the program and gave the introduction. Mrs. Black's favorite hymn "Have Thine Own Way" was sung in unison followed by the prayer given by Mrs. J. E. Beyer. Mrs. E. W. Harrison read Scriptural references and after Mrs. D. W. Hawkins read the poem, "Crossing the Bar," Mrs. A. C. Thompson gave the musical interpretation on the violin. An appropriate tribute to the past member and co-worker was presented by Mrs. John P. Slaton. Mrs. R. P. Coney sang "Lord As Thou Wilt" and "In Memoriam" a poem was read by Mrs. J. W. Hawkins. In conclusion a beautifully arranged basket of flowers was dedicated to Mrs. Black's memory as a symbol of love and esteem for the departed member.

Guest Speaker Features Initial L. A. E. Club Event

A morning lunch Tuesday at the Rose Room opened the season for the L. A. E. Club. Active and associate members and guests attended the event.

The brunch was the first of a number of special programs outlined in the new yearbooks in addition to the usual study course and business sessions. The study course this year is on "Our Land of Liberty," and the yearbook was prepared by Misses Wesley Higgins, George Suggs and Robert Veigel. Arrangements for the brunch were made by the yearbook committee.

In keeping with the study theme for the year, a patriotic idea was stressed in decorations and appointments. Tables laid in white were interspersed with bowls of blue and red blossoms with a lacy vine-greenery extending the table's center-length. Miniature maps of the United States marked places for guests and place cards were held by tiny American flags. Illustrative of national defense, toy soldiers "stood guard" as added table decorations.

Mrs. Wesley Higgins, vice-president, presided and gave a short outline of the coming year's work. She introduced Mrs. Robert Veigel, member of the year book committee, who presented the guest speaker of the morning, Travis Dameron, and in line with the year's work, Mr. Dameron spoke on "The Keystone of Democracy." He traced briefly the history of the democracy-nations and called "The sportsmanship of citizenship" the keystone of democracy, stressing President Roosevelt's four points of freedom: freedom of the press, religious freedom, freedom from want and freedom from fear.

Those attending the first meeting of the season included Mesdames Altus Higgins, Paul McCollister, Jim Higgins, Jim Lipscomb, Broadus Redell of Decatur, James Aiken, Jr., Wesley Higgins, Robert Veigel, Judson Skaggs, A. Petersen, Bill Hutson, Ralph Smith, O. L. Click, B. R. Dixon, George Suggs, Bob Higgins, Miss Frances Dameron, Miss Lucille Hughes and the guest speaker.

Meetings of the club are held on the first and third Tuesdays of each month and the officers for this year include: Mrs. Adie Dean, president; Mrs. Wesley Higgins, vice-president; Mrs. Altus Higgins, secretary-treasurer; Mrs. Bill Hutson, parliamentarian and Mrs. Robert Veigel, council member.

Westway H. D. Club Entertains Simms And Messenger Clubs

Members of the Westway Home Demonstration Club entertained the Messenger and Simms Club at the school house last week. Mrs. P. B. Sowell, president, gave the welcome to guests and Mrs. Paul Rudd directed the program. Readings were given by Margaret Sowell, and Vesta Mae Landers. Wanda Marie Allmon sang and Elaine Cox and Helen Jo Wilson entertained with a duet. A playlet was presented by Mrs. T. B. Cox and Mrs. R. L. Wilson.

A fiesta theme was carried out in refreshments and floral decorations and the schoolhouse was decorated throughout with varieties of garden flowers.

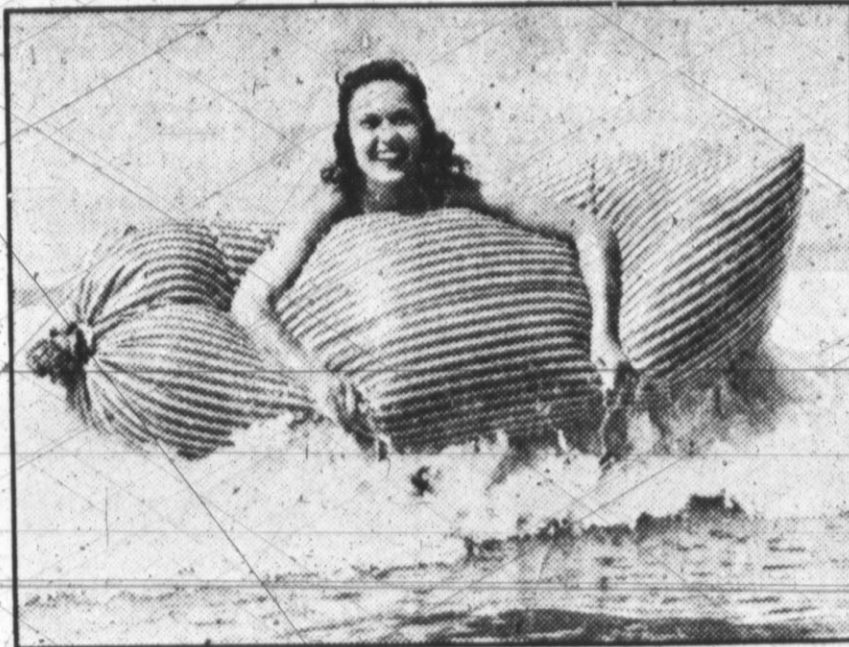

Those present from the Messenger Club included Mesdames Sam Smith, J. T. Guinn, Irene Brown, and Miss Dorothy Nell Guinn. The Simms Club was represented by Mesdames Clarence Hollabaugh, Zerrell Thomas, Claude Bogle, Lauren Luallin, M. M. Blankenship, Glenn Parker and Leona Kelton.

Members of the Westway Club present were Mesdames Finis Wade, T. B. Cox, R. M. Gunn, Joe Landers, E. H. Little, A. C. Pierce, C. F. Rickles, Chas. Hood, Jim Dale, W. L. Jones, Al Werner, Paul Rudd, R. L. Wilson, W. S. Rice, Merlin Kaul, P. B. Sowell, Misses Vesta Mae Landers, Nannette Little and Mary Lee Hood.

Other guests included Mesdames Carl Leeper, Mary Luallin and daughter of Fresno, Cal., Allan Bell of Hereford, Lee Brooks of Ponder, Texar and Mertie Rudd of Bronte.

Mr. and Mrs. Bob Wilson and children returned last week from a vacation trip to Austin, San Antonio and Corpus Christi.

Jean Brown, Santa Monica, Calif., demonstrates a new use for pillows: Oversized pillow slips filled with air make fine cushions on which to ride the breakers in a new sport called pillow-surfing.

Mrs. Jack Wayland Is Complimented

Mrs. Jack Wayland, who will leave soon for Odessa where she will make her home, was complimented Wednesday at a luncheon given by Mrs. W. L. Davis at her home, 410 Ross Ave. The table from which the luncheon was served was laid with lace and appointed with silver, autumn flowers in gold and yellow centered the table. Flowers of every description were arranged in bouquets about the entertaining rooms.

Places were laid for Mesdames Jimmie Gilentine, Alton Fraser, C. C. Rockwell, W. M. Emmons, J. C. McCracken, S. P. Rosson, Oscar Easley, Colby Conkright, John T. Sims, Knox Kinard, J. A. Pitman, A. R. Bateman, E. B. Hedrick, C. C. Acker, H. A. Close and the honoree.

After the luncheon contract provided entertainment with high score award going to Mrs. Gilentine and the traveling prize going to Mrs. Close. A guest prize was presented to Mrs. Wayland.

Mrs. Dameron Is Hostess For Tuesday Club

The Tuesday Afternoon Bridge Club was entertained this week at the home of Mrs. Travis Dameron. Special guests were Mrs. Colby Conkright and Mrs. Ernest Medkief.

Pastel shades predominated in decorations with asters, sweet peas and phlox giving the floral accent. The pastel shades reappeared in tallies and other appointments for the games. High score award in the contract games went to Mrs. Knox Kinard.

Others playing were Mesdames W. M. Emmons, W. J. Stanford, C. H. Dyer, Glenn Snyder and Woodrow Ireland.

Houston Visitor Is Complimented

To meet their brother, Walter Lobdell of Houston, who was a guest in their homes, Mr. and Mrs. Travis Dameron and Mr. and Mrs. Woodrow Ireland invited guests Friday evening to a buffet supper in the Ireland home.

The informal supper was served from a large table centered with cornflowers and sweet peas. The guest list included Misses Elizabeth Ireland, Mary Elizabeth Stanford, Decima Rayney, Mrs. Elizabeth Womble, Messrs Jim Eiland, Dick Barnard, Wilson Gyles, O. J. Beene, Glen Allison and Walter Lobdell, Mr. and Mrs. Frank Cogdell, Mr. and Mrs. Ernest Medkief and the hosts.

Tout-West Wedding Is Announced Here

Dr. and Mrs. J. F. Tout have announced the marriage of their daughter, Eloyse, to William West, son of Mac West of Amarillo. The wedding took place in Clovis, N. M., on July 15 and the couple are at home at 2304 Ong Street in Amarillo.

Mrs. West is a graduate of Hereford High School and attended T. S. C. W. at Denton for the first semester last year, enrolling for the second semester at W. T. S. C., Canyon.

Mr. West is a student at W. T. S. C. and will resume his studies there this fall. He attended the University of Texas this summer.

Jean France and Bill Louise Davis left Sunday for Chillicothe, Mo., where they will enroll at Chillicothe Business College. They were accompanied by Mrs. J. B. France, Mrs. Arthur Davis and Jack France.

Keep Landscape Design Simple Say Experts

College Station.—Since the beauty of a landscape depends upon its well kept appearance, this should be kept in mind by busy people when their original design is made, says Sadie Hatfield, extension specialist in landscape gardening.

There are some arrangements which will aid substantially in making the home grounds easy to keep in a neat and orderly condition. The design should be simple. Well screened work and play areas will help to keep the public area from becoming cluttered. The lawn should be kept unbroken except for shade trees. Flowers and shrubs scattered about make the lawn difficult to mow. Beds of flowers dotted here and there not only make mowing difficult but they are hard to cultivate because they have to be worked by hand. When flowers are placed in the vegetable garden, they may be cultivated along with the vegetables.

In order to save time in caring for the landscape only hardy shrubs and trees should be used. Plants which are not adapted to the local soil, climate and rainfall are a source of worry, work and disappointment, Miss Hatfield cautions.

The use of dwarf and low growing shrubs also is a time saver because they need less pruning. Another method of saving time in the landscape is to retain the natural rainfall. This will reduce the amount of irrigation needed for grass and trees.

In choosing grass for the lawn labor should be considered. Perhaps bermuda grass is the best all around lawn grass for the state as a whole, but it has the disadvantage of spreading rapidly to cultivated areas and it requires frequent mowing. The native buffalo grass, which is often called curly mesquite grass, looks like bermuda but requires less mowing. It does not grow as tall as bermuda unless it is watered and fertilized excessively. Buffalo has the added advantage of being easy to destroy through cultivation. Hence it is not a pest in gardens and fields.

Individual shrubs or hedges pruned to make stiff and definite forms require more care than plants allowed, or trained, to grow into natural forms. An informal and natural landscape will require less care than a formal landscape.

CHDA NOTES

By Sadie Lee Oliver

"Silver Lace Vine is almost the fastest growing vine in cultivation, climbing 25 feet or more. Splendid foliage is never bothered by insect pests. In the fall it produces a virtual sea of foamlake white flowers borne in great sprays. It is a really splendid covering for trellises or for hiding unsightly objects."

The above is copied from a current catalogue of flowering plants, but it might be a quotation from Mrs. J. Earl Dyer of Ford.

Mrs. Dyer wanted to know how to propagate the splendid plant which shades the west end of her front porch and in helping her get the information, the home demonstration agent discovered a number of other interesting facts about this plant. Bailey's Cyclopaedia says that the plant is propagated "by seed and divisions, chiefly the latter."

Catalogues use the name, "Silver Lace Vine," reference books list "China Fleece Vine" and the Latin name is Polygonum Auberti.

Bailey lists another Polygonum, a well-known annual at this season when its pink flowers are seen in all low places. They are often used as cut flowers. Polygonum persicaria is known as: Lady's Thumb (Bailey), Lady's Finger (Local name), Knotweed, Smartweed, Jointweed and Gander-grass.

Texas Business Index Up 18 Percent Over '40

Austin.—Using the following indexes — payrolls and electric power consumption—Texas business in July widened its margin of expansion over a year ago to almost 18 points, the University of Texas Bureau of Business Research reports.

Payrolls—spurred by both increased employment and higher wages—climbed 23.9 points above the July, 1940, index, while electric power consumption reflected a 27.4 point gain.

Other factors in the Bureau's composite business index also gained—department store sales 5.5 points, run of crude oil to refinery stills 5.9 points, employment 12.6 points, and miscellaneous freight carloadings, 20.1 points.

Other statistics collected by the University bureau likewise reflect business expansion over a year ago, with gains as follows:

Postal receipts—up 12.8 per cent.

Southern lumber—production up 23.7 per cent, unfilled orders up 133.8 per cent.

Commercial failures—down 20 per cent.

Only unfavorable showings were made by charters granted to new firms to operate in Texas, which dropped from 88 in July a year ago to only 38, and purchases of savings bonds, which declined 35.9 per cent.

WHAT'S ALL THIS ABOUT MOTOR OIL WEARING thicker?

6 cars driven to Death in torrid Death Valley—to settle today's bad puzzlers for you. Know the answers—and Save.

Not long back you'd never heard of muddy sludge, sticky varnish and other troublesome "goo" coming from motor oils. But today you're even told of oils thickening up like a mess of paint in an open can, when your worst worry used to be oils wearing too thin!

You're puzzled if you're not a technical man, and can only judge by how long your oil and engine last. Therefore you can appreciate first of all having the Certified Mileage Record from the

And each held the same 57-mile pace, over the same desert, without one added drop, till its oil hit bottom and the engine went out like a light!

Conoco Nth motor oil lasted 13,398 miles on one 5-quart fill, outlasting one "rival" by 8,363 miles. And even the runner-up in the test was outlasted 5,683 miles by Conoco Nth. This is all Officially Certified, yet anything so remarkable demands explanation.

New oil Economy aid... Man-made

Man-made or synthetic betterment of motor oils has long been the keystone of Conoco success. For example, the celebrated Germ Processed oil patent on the use of a synthetic with magnet-like action has made it possible to give engines OIL-PLATING. This lasting form of lubricant can't all quickly drain down—but must stay plated up throughout the engine... on guard against wear in advance, while you use Conoco Nth oil.

Now in addition to OIL-PLATING, assured by Conoco Nth oil, it brings the newest synthetic life-giver, called "Thiakene inhibitor." This inhibitor checks the rapid breakdown of the extremely refined oil demanded for present day motoring. That's why Conoco Nth oil didn't quickly churn up deadly "goo" in Death Valley, but outlasted 5 high-rated brands—by 74% up to 161%. And even though you cannot think of exceeding the oil-change periods specified for your car and driving conditions, it's great to think of skipping many a stop for a quart. Read about that right on your own engine gauge-stick. You'll see... just change today to Conoco Nth at Your Mileage Merchant's Conoco station. It's popular-priced. Continental Oil Company—Pioneers in Bettering America's oil with Synthetics

CERTIFIED I hereby certify that the Death Valley Test and related work were thoroughly and fairly conducted. Engine Destruction occurred in each case at the mileage stated.

"You're As Young As You Look..."

Stillwater, Okla.—"You're as young as you feel," say the experts. "You're as young as you look," adds Miss Ruth Smith, School of Home Economics at Oklahoma A. and M. College.

If you're clever enough to keep your feelings where they belong, you can feel like a retarded Neanderthal with a poor environment and still look like a fashion illustration. There's no doubt that the first part of your anatomy people really look at is your face, Miss Smith said. There's also no doubt about the fact that a face that registers emotions is more interesting than a "dead-pan." But left over expressions are about as attractive as yesterday's cold pork hash.

If she's willing to take the trouble, any woman can have both her emotions and her youthful, wrinkle-less face, Miss Smith insists.

A smile brightens up a woman's whole countenance, but

it also leaves furrows in her face. Those around the nose are most irritating. The best way to get rid of them is to take about five minutes out of each day to fill the mouth with air and press it against the insides of the cheeks and lips. This stretches the skin, literally pulling the lines out.

The sun is the worst enemy the woman has, especially if she cares about the cob-webby wrinkles around her eyes. Almost everyone squints when the sun comes out; consequently almost everyone has lines around her eyes. The best way to keep these under control is to wear dark glasses. Those who don't like to have their best friends pass them on the street can simply lower their eyelids instead of squinting when they go out into the bright sunlight.

A straight mouth is impressive on a dictator, but it doesn't look right between the nose and chin hash.

of the feminine creature women dream of being. Say "prunes" over for about ten minutes each day, Miss Smith advised, to relax a set mouth.

"Have you ever noticed that when you think intensely about something you usually feel tired? If you'd look in the mirror some time when you feel that way, you'd probably be amazed to find how completely worn out you look as well. All it takes to prevent this is a little practice and self control. If you must worry, relax while you do it," Miss Smith advised.

In fact, the best beauty advice there is, is "keep relaxed." Nobody loves a battle-ax, and nobody loves the expression that goes with it.

STARTING LINE-UP

Lettermen back in the lineup are Cliff Vaughn, Jack London, Loyd Olson, George Weems, and J. W. Merrill, all of whom will probably start against Dimmitt, although Coach Ware states that as the situation is now, some of the new men may give the experienced players a hard run for their position.

Concerning players who may be on the field for the starting gun at the Whiteface curtain raiser, Coach Ware says it will probably be London at center, Phillips and Estes at tackle, Russell, Davis and Hill on a toss-up for end; Olson or Close at

full; Merrill at quarter, Vaughn at left half, Kendall, Brock or Hussey at guard and Weems or Clark at right half.
