It's a sad thing to be a punctual man in a crowd which never knows when to go home.

It is notoriously no news when dog bites man or woman--but it might conceivably be news when dog bites woman and woman swears she is out to bite dog.

Mrs. Art Manjot read in the Amarillo paper that some gardener had petunias which measured four inches in diameter.

Somebody suggested that this be given a headline--"Hereford beats Amarillo--Again." But we don't go in for civic rivalry and anyway, why emphasize the obvious.

Richard Jowell does not believe in the combination of little boys and bicycles after he nearly ran over such a combination this week.

Mayor Calls A Clean-Up Day Next Thursday

Thursday, August 17, has been designated as Clean-Up-Day in Hereford, according to an announcement made this week by Mayor C. J. Paddock.

Mayor Paddock calls the attention of all citizens to the need for a general weed chipping campaign in Hereford, not only in the vacant lots but around the yards and gardens of the town.

As usual the city will provide workers and trucks to pick up assembled trash and garbage, which should be put in convenient piles in alleys or by the streets.

"Because of the unusual rains this summer," the mayor points out, "we have almost let the weeds 'get away with us' here in town, and a clearing out of cans, (Continued on Page 10)

U. S. O. Fund Rises; Total Is \$236.30

U. S. O. contributions continued to mount this week as Harold Close, U. S. O. chairman, announced that \$33.50 had been collected, which, added to previous collections made a total of \$236.30 toward the county's goal of \$350.

Contributors this week were: Hall Beavers, \$1; Lama Beavers, \$1; Carl McCaslin, \$1; A. N. McRight, \$1; Ellis Coombs, \$1; L. H. Woodford, \$1; H. V. Williamson, \$1; R. K. Accident Victim

Allan G. Bell, Hereford and Panhandle pioneer who died early Sunday morning as the result of injuries received in a car wreck Sunday.

Rites For Allan Bell, Accident Victim, Monday

Funeral services for Allan G. Bell, pioneer sheep rancher of this territory, who died Sunday morning as the result of injuries suffered in a car wreck Saturday afternoon, were held Monday afternoon at the Christian Church.

Rev. H. M. Redford assisted by Rev. James Aiken, Jr., conducted the funeral rites.

Pallbearers were N. E. Gass, W. E. Dameron, Henry Hastings, C. H. Dyer, Vick Lemke and Norman Jacobsen. The last two men are from Adrian, where Mr. Bell had had ranching interests for several years.

Burial was in West Park Cemetery.

The following obituary was prepared by Mrs. Harvey Cash of Canyon, sister of Mr. Bell: Allan Grafton Bell was born (Continued on Page 10)

Hereford Men Are Promoted In Military Service

Reports reaching here this week tell of the promotion of five Hereford men, now serving in various branches of the military service, and of the enlistment of two other local men.

Joseph W. Brock, son of Mr. and Mrs. Arthur Brock, and Willis C. Julian, son of Mrs. Lora Harris, enlisted in the U. S. Marine Corps during July.

Brock is a graduate of the local high school and Julian attended school at Wayside; both men intend to continue their education through facilities of the Marine Corps. They have been sent to the Recruit Depot, Marine Corps Base, San Diego, Calif.

Also at the San Diego base is P. F. C. Vernon Wederbrook, son of Mr. and Mrs. Pat Wederbrook. Vernon recently received his first class rating, a few days before he had been in the service six months. Billy Wederbrook, who is in Shanghai, China, in the marines has also received his first class stripes.

Appointed to the officers candidate school at Ft. Benning, Ga., has been Sgt. Goldman T. Brahear, son of Mrs. Mary Brahear. Candidates for the school are picked from men with top records, and successful completion of the course will win for them commissions as second lieutenants.

Grand Jury Returns Four Indictments

The Grand Jury had this morning returned four indictments and was still in session. The cases which have so far been acted on by the grand jurors will probably be called for next Monday, when the first petit jury pane will be assembled.

Indictments have been returned for forgery and passing, for theft and embezzlement and for incest.

Judge James W. Witherspoon will be on the bench and District Attorney John Honts of Dalhart will represent the state in prosecutions.

Fox Man's Shop Has Semi-Annual Clearance

Fox Man's Shop is featuring their semi-annual clearance/sale and Homer Fox, owner, invites customers to come in and inspect the line of quality merchandise which is now going at bargain prices.

On sale will be a complete stock of summer slacks/suits, and the famous line of Fortune shoes is also being offered at record low prices.

Here are sun lots of days of hot weather ahead," Mr. Fox explains, "and I believe you Hereford customers will be definitely interested in a chance to stock up at a low cost which may not be duplicated for a long time."

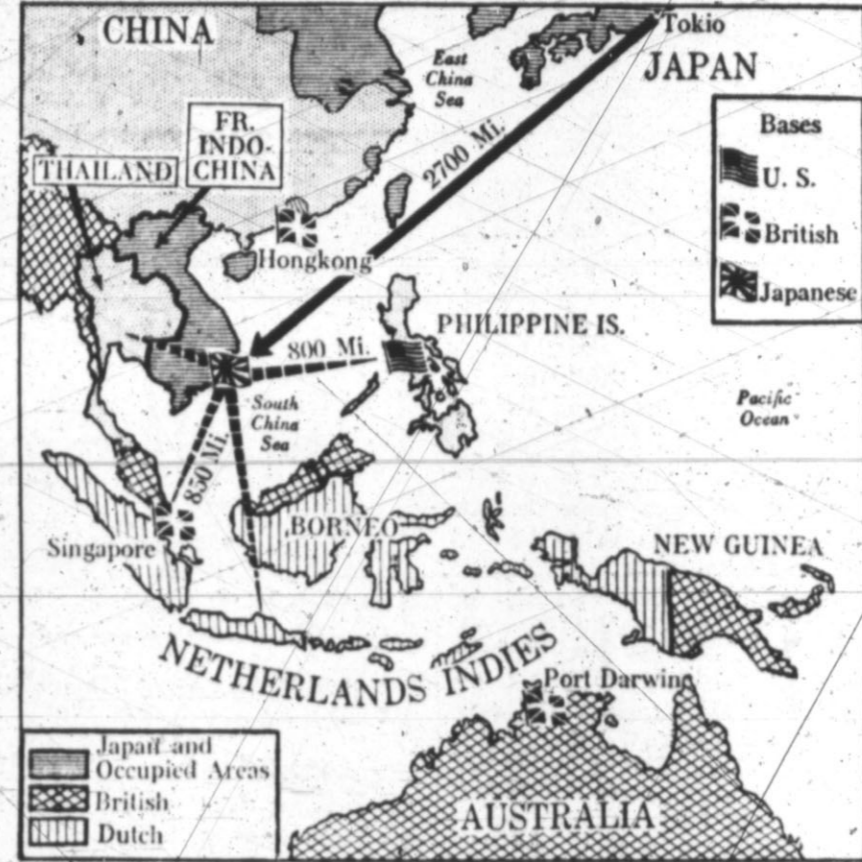

McGilvary Is New Gas Company Manager Here --Wayland To Odessa

R. C. McGilvary, who comes here from Lockney, is the new manager of the West Texas Gas Company in Hereford. He takes over the job from Jack Wayland, manager here for the past eight years, who has been transferred to the Odessa office of the West Texas Gas Company.

Mr. McGilvary has had 11 years of experience in the gas utilities business, all of it with West Texas Gas Company, for whom he has been manager in Lockney and Floydada. In both towns McGilvary has made a reputation for successful company management and active participation in civic affairs.

Mr. Wayland will leave for Odessa the last of this week to (Continued on Page 10)

Women Storm Hosiery Counters As Japanese Raw Silk Cut Off

Hereford hosiery counters this week looked as though President Roosevelt had suddenly proclaimed a New Deal date for Christmas and Mother's Day--instead of merely freezing Japanese assets in this country. Of course, incidentally, this freezing also froze the silk stocking industry at a very cold temperature; indeed, while the ladies who make silk hose a big industry suddenly got a hot idea that they might be going stockingless this winter or wearing cotton.

Hence the rush to buy silk and nylon stockings, and conditions reported at all ready-to-wear stores in Hereford were a repeat throughout the county.

One store reported a complete sell-out of nylon stockings, which are still manufactured only in limited quantities; and at the J. C. Penney Store, Miss Ona Hammer sold seven pairs of stockings to one customer. At the Vogue, Fashion Shoppe and the Popular Store clerks reported that sales were much more rapid than usual.

In most stores, clerks felt that the buying spree was probably premature. Mrs. C. W. Seed pointed out that college girls already were wearing anklets, three quarter length socks and bright colored lisle stockings--and that other women will do the same thing. However, she expects to get in one size and nylon hose which she has already ordered. Mrs. W. F. Gillis (Continued on Page 10)

E. E. Layman Buys Club Cafe; To Operate Starting Monday

E. E. Layman, veteran cafe operator, announced this week his purchase of the Club Cafe from Ed Self. He will take over active management on Monday. Mr. Layman has lived in Hereford and vicinity since 1921 and has had 15 year's experience in the cafe business. He plans to modernize the fixtures and do some remodeling as soon as the busy potato harvest season is over.

"In the meantime," says Mr. Layman, "I am inviting all my old friends--and anyone who is interested in good food, well-cooked--to come to see us at the Club Cafe."

"We know the business," he adds, "and will make every effort to 'please you'."

Announcing that Hereford's new "Texas Theatre" will open shortly after August 15, Speck Luford, manager, today said that the new show will run seven days a week and that first-class pictures will be featured. He also listed several changes for the Star Theatre in connection with the opening of the new show.

With the change of program Sept. 1, the Star Theatre will go on a new three-show schedule, instead of the present four shows each week. The picture opening Sunday will continue through Tuesday each week; admission charges will be increased to 30 cents, plus three cents tax. The Wednesday and Thursday film will be 30 cents, tax included, and the Friday-Saturday showing will continue as a Double Feature program at 20 cents. At present there is no tax below 25 cents admission price.

The new Texas Theatre will operate on the same film schedule: Sunday, Monday, Tuesday prices here will be 25 cents, plus 3 cents tax; Wednesday and Thursday at 30 cents, Friday and Saturday at 35 cents. "We hope to open the Texas the latter part of next week," Mr. Luford said, "and will do so if all of our equipment arrives. The new theatre will show first-run pictures and will operate on the same policy as the Star."

Those who have seen the new theatre building were loud in praising its modern and efficient appearance; and theatre men who have seen it, declared it will be one of the best theatres in the county.

Plans for the formal opening are to be announced next week. (Continued on Page 10)

Hereford Girl Wins Award in American Youth Forum Contest

Miss June Dameron, 1941 graduate of Hereford High School, this week received a check from American Magazine and an official notification that she was one of the 432 cash prize winners in the magazine's annual Youth Forum Contest. There were more than a million entries submitted.

Miss Irene Crawford, teacher of senior English in Hereford High School, has been sending entries from her students for the past several years, but this is the first time that a Hereford paper has been listed among the prize winners.

Subject of all Youth Forum papers this year was "What Americanism Means To Me."

A right-angle crash of two cars at a weed-obscured intersection of two country roads near the old Weems Schoolhouse, northwest of Hereford, Saturday claimed the lives of Allan G. Bell, 65, prominent sheep rancher and member of an illustrious Texas family, and Carlton Tannahill, three-year-old son of Mr. and Mrs. Maurice Tannahill of Westway.

Mrs. Tannahill suffered a broken arm and severe cuts and bruises.

The accident occurred about noon, when Mrs. Tannahill, who was taking her husband's lunch to him in the field and was driving north, crashed into the car driven by Mr. Bell, who was coming east toward Hereford. Bell was alone in his car, which was demolished, as was the Tannahill machine. Both Mr. Bell and the Tannahill child suffered skull fractures. All occupants were thrown several feet from the cars.

Mr. Bell died early Sunday morning at the Deaf Smith County Hospital. Carlton Tannahill died Sunday morning at an Amarillo hospital, where he was rushed for special treatment. Mrs. Tannahill was reported this morning to be improved.

The accident Saturday was the first road fatality for Deaf Smith County for 1941. High weeds at the fence corners, which practically obscured visibility at the intersection were generally blamed for the accident.

Tannahill Rites Are Held Monday

The funeral of Carlton Gayle Tannahill, three years old, who died Sunday morning, the victim of a car wreck which also claimed the life of Allan Bell and in which his mother, Mrs. Maurice Tannahill, was injured, was held Monday afternoon at the Church of Christ.

Rev. Alva Johnson of Turkey conducted the rites, assisted by Rev. H. M. Redford; brief graveside services were also held at a Plainview cemetery.

Carlton Gayle was born in Hereford, March 22, 1938 and died Sunday morning, August 3, in an Amarillo hospital, where he had been rushed for treatment.

Survivors are his parents, Mr. and Mrs. Maurice Tannahill, of Westway, grandparents, Mr. and Mrs. Frances Carthel of Lockney, and his great-grandfather, L. P. Street of Fort Worth.

Pallbearers were Buren Sowell, W. L. Jones; Elwyn Hartman and Robert Veigel. Vesta Mae Landers, Gladys Gore, Wanda Marie Allmon, Nannette Little, Nina Beth Hartman, Jo Ann Witherspoon, Margaret Sowell, Helen Marie and Nellie Ruth Tucker and Wanda Katherine Dixon. Mrs. Buren Sowell, Mrs. W. L. Jones and Mrs. Paul Rudd were in charge of the flowers.

OUT-OF-TOWN LIST

Relatives here for the funeral were L. P. Street of Fort Worth; Mr. and Mrs. Frances Carthel, Mr. and Mrs. Joe Reeves, Mr. and Mrs. Hershel Carthel, Teddy and Barbara Carthel, Mr. and Mrs. Ernest Tannahill, Eugene and Elizabeth Ann Tannahill, Chester Carthel, Mr. and Mrs. John Belt, Mr. and Mrs. J. R. Belt, Mr. and Mrs. Oscar Golden, Mr. and Mrs. W. A. Carthel, Mr. and Mrs. Taylor Golden and John T. Home-Coming For Christian Church Will Be Sunday

Annual Home-Coming Day for the Christian Church will be observed, Sunday, August 10, and Rev. H. M. Redford announces plans for special services to celebrate the occasion.

Letters have been sent to all former members of the church inviting them to attend the Home-Coming and the regular church services. At noon a covered dish dinner will be served in the church basement, and moving pictures showing events of previous home-comings will be shown.

Mrs. A. Deterson, who is in charge of serving the dinner, requests that each family in the church bring a well-filled basket--enough for themselves and something extra for the guests. E. E. Ramsey, a member of the Christian Church for more than 60 years, is in charge of the program.

Mr. Redford's subject at the morning worship hour will be "Paul's Great Conviction, The Resurrection." On Sunday night, he will preach on the subject, "An Anchor of the Soul." Special music has been prepared for both services.

Budget Hearing To Be Monday Morning

The Deaf Smith County Commissioners Court again reminds citizens that the hearing on the county budget will be held at 11 o'clock Monday morning in the commissioners' courtroom.

Citizens interested in county fund allotments are asked to attend the meeting, at which the commissioners will consider appropriations for improvements on courthouse and park grounds.

Bids Accepted On Two School Houses, Other Equipment

County Judge A. J. Schroeter calls attention to the notice which appears in this week's Brand, calling for bids on the Messenger School House and school equipment.

Sealed bids for the property will be accepted on Saturday morning at 10 o'clock at the office of the county school superintendent at Hereford.

Messenger school trustees Geo. C. Messenger, Mrs. Alta Wylie and J. L. Smith describe the property as including one three room frame house, 22 by 70 feet, with shingle roof and stucco (Continued on Page 10)

Women Start On Nutrition-For-Defense Work

As part of the nation-wide co-operation in the "Nutrition-for-Defense" movement a meeting of Deaf Smith County women who have had training in home economics was held Thursday afternoon at the county courtroom.

Mrs. Bob Wilson was elected chairman and Mrs. David M. Rodgers was chosen secretary as the group heard a broad outline of the aims of the Nutrition-for-Defense movement.

Present at the meeting were Mesdames Bob Wilson, Will S. Kerr, Carl Cockrell, Walter Dunlap, John H. Olson and Isora Clark Matthews and Misses Betty Dunlap, Mary Elizabeth Standford and Sadie Lee Oliver.

Town Has Chance For New Industries; Chamber of Commerce Helps Get Them

HEREFORD CHAMBER OF COMMERCE, NEWS AND VIEWS

By W. E. DAMERON

OUR OUTSTANDING NEED: First a realization on the part of our own people of the unusual possibilities of our country. We need to wake up and look about us. It would be convincing to some of our folks if they would take a trip and compare this with other sections of our country; you will come back thinking more of your home county. We need the conviction expressed in a letter recently received from a prominent man connected with the State Fair of Texas, and this man knows his Texas.

"I have never been so impressed with a region or the possibilities of any section as I was with Hereford and the surrounding territory. It is truly the new frontier of agriculture, or should I say **DIVERSIFIED AGRICULTURE?** I think I would predict

at this time if the people of your territory are as diligent in the promotion of these possibilities as the Chamber of Commerce group has been for the past year, that in ten years Hereford will be an agricultural region rivaling and outstripping Florida, California and the Valley in revenue and importance."

Faith in our own country is fundamental to success. We have a wonderful country just reaching the first stages of development. We have great natural resources. Our ills and failures are not the faults of the country, but are in the misuse, abuse and failure to develop our natural resources. If you know of a better country why not move to it; if you do not, then boost to the limit the one in which you live.

Second in importance to the conviction of the value of our country is the obligation to make known to the world our possibilities to the end that the possibilities may become accomplishments. A campaign of advertising—Who will do this? By individual effort—No, the cost would be prohibitive. But a collection of individuals uniting "their bit" can do so without making it burdensome on just a few. Effective results can be obtained by co-operation. We need fewer "I's" and more "We's". First then, we need to believe in our country, and second to tell it in so convincing a way that others

will believe it.

If we had more people and more farms we could have:

An up to date canning factory which would furnish a higher market for all kinds of produce and also employment to a number of people.

A big dehydration plant for milk, eggs, alfalfa and other produce and feed stuff. It is a fact that alfalfa and other feeds grown here have a higher protein content than those feeds grown in other sections. Such a plant would mean higher prices for produce and feeds grown by our farmers, and a big pay roll for Hereford. Folks, it can be done; it is squarely up to you and your willingness to co-operate.

Hereford is ready for and should have a potato chip factory. Why ship our potatoes to other sections and let them convert our home grown produce into commercial products and receive profits which should remain here? Why not have that pay roll in Hereford? Would you merchants object? Would you potato growers not welcome this added market for what you raise? Folks, it can be done—it is squarely up to you and your willingness to co-operate.

In our quest for additional industries and sources of revenue we must not overlook the development of those we already have. We can improve our poultry, hogs and dairy cattle. These furnish now and always will furnish an important part of our income. How about, as a starter, an "honest to goodness" poultry show this winter? We stand ready to help promote such a show if sufficient interest can be stimulated. Such a show is educational and would, we believe, promote development of our poultry industry.

When our membership campaign is over will you hold a membership card? Do you plan to be "in" or "out"? There is quite a difference. Taken as a whole it is the difference between things accomplished and things unrealized—yet badly needed.

Think this over: We are in between a cattle country and a farming country. We have just about enough people to ruin a good cow country and not enough people to develop a good farming country. Since the country is already ruined as a cattle country the only thing left

Deaf Smith County gardeners are beginning to appreciate the advantages of the native buffalo grass as a lawn covering, and among those who will give recommendations for the grass are Mrs. Ray Johnson of Summerfield and the Robert Wagons of Ford.

Mrs. Johnson planted her grass 90 days ago and now has a splendid stand covering her lawn. The Wagons put out their grass in April and now report a good lawn, which provides a beautiful setting for a profusion of annual flowers.

Mrs. Johnson also has splendid tomatoes and golden bantam corn, and — unusual for this section — egg plant and cauliflower, all growing in her garden.

The Fred S. Barrets, who live north of Hereford, are also raising good golden bantam corn.

Another experiment for Deaf Smith County gardeners is the growing of Brussel Sprouts on the Chris Wagner place, north of Progressive.

Former Hereford Resident Dies In Kansas City

Friends here have received word of the death of Mrs. J. P. Snyder of Kansas City, a former Hereford resident.

Graveside funeral services were held Saturday afternoon at Princeton, Mo. Mrs. Snyder, who was formerly Miss Effie Hurst, was 71 years old. She died at her home Friday morning, leaving three sons, Lloyd Snyder of Phoenix, Ariz., James and Albert Snyder, both of Texas, and one daughter, Miss Bess Snyder, of Kansas City.

The Snyder family moved to Hereford in 1903 and made their home here until 1916 when they moved to Kansas City. Mr. Snyder was a contractor and real estate dealer.

One of the top comedies of 1941, and the biggest laugh which has come out of the defense program, is the description of "Caught in the Draft" which will show at the Star Theatre on Sunday and Monday, August 17 and 18. Quick-cracking Bob Hope stars, supported by Dorothy Lamour, as the colonel's daughter.

Miss Sally Womble accompanied Miss Ethel Womble of Hereford to Hagerman, N. M., Saturday, to visit relatives there.

Potato harvest has been underway on the farms of William and Carl Wimberley the past two weeks. Digging was scheduled to start on the Troy Womble farms early this week. The potato yield is reported to be lower than last year's but the quality of the potatoes, which are dry land, is unusually good, especially that of the Irish Cobblers.

Mrs. L. A. Little of Ogden, Utah, is visiting her parents, Mr. and Mrs. A. H. Frye. Miss Alvera Frye of Hereford visited home last week end.

Fresh-water pearls—as good as the ocean variety—abound in many of Texas' streams, University of Texas economic geologists say. These and other semi-precious stones are available in sufficient quantity in Texas to supply a substantial jewelry industry, they believe.

Tragedy, which brought shock and profound grief to everyone, struck in this community Saturday afternoon when the car driven by Allan Bell of Hereford and the car in which Mrs. Maurice Tannahill and Carlton, her three year old son, were riding collided at the crossroads where the Weems schoolhouse stood, 4 miles north of the Harrison highway.

Mrs. Tannahill and Carlton were on their way to take lunch to Mr. Tannahill and the hired man who were plowing west of the T. B. Cox farm, and Mr. Bell was on his way to town from his ranch northwest of here. Because of the high weeds at this corner neither driver could see the car on the other road.

Mr. Hanson who lives north of this corner was first to arrive on the scene. He went to the T. P. Parsons home for help. All occupants were thrown several feet from the cars.

The ambulance from Hereford rushed the three victims to the Hereford hospital where Mr. Bell succumbed to concussion and chest injuries about 2 o'clock Sunday morning. Carlton Gayle Tannahill, who was taken to an Amarillo hospital passed away at 7 o'clock Sunday morning. He suffered a severe concussion. Mrs. Tannahill remains at the hospital. She suffered a broken arm, broken jaw bone, cuts, bruises, and shock. The sympathy of the entire community goes out to Mr. and Mrs. Tannahill in their bereavement and sorrow.

Carlton Gayle Tannahill, son of Olga and Maurice Tannahill, was born at Hereford on March 22, 1938, and passed away August 3, 1941 at Amarillo at the age of three years, 4 months, and 12 days. He has lived his entire life in this community where he was known and loved as a friendly, happy little boy.

He will be sadly missed by both his younger and older friends.

Miss Gertrude Stephens of Claude was a guest Monday night in the home of her sister, Mrs. T. J. Parsons.

Rev. W. H. Hicks Receives Honor

Rev. W. H. Hicks, son-in-law of Mr. and Mrs. J. E. Beyer, who with his family has been visiting in the Beyer home here, has received several honors in the Kansas Baptist Association. A Topeka newspaper recently made the following comment:

"The Reverend Mr. Hicks is a native of Texas and a graduate of the Southwestern Baptist Theological Seminary of Fort Worth. He is especially popular as a young people's speaker as well as a man whose serious messages inspire the loyalty of mature men and women. Mr. Hicks has been honored by fellow Baptists in Kansas through his election to the presidency of their convention which met in Hutchinson."

Mr. Hicks is the son of the late W. E. Hicks and Mrs. Hicks now of Garden City, Kan. All are former Hereford residents.

Mrs. Hicks and Children Injured in Kansas Crash Are Now Out of Danger

Mrs. O. C. Hicks and two children, Whitney and Mary Sue, were seriously injured about two weeks ago when the car driven by Mrs. Hicks collided head-on with another automobile. The Hicks were on their way to their ranch near Garden City, Kan. Mrs. Hicks and Whitney are recovering satisfactorily; and Mary Sue, who was most seriously injured of the three, is now reported out of danger. She will however, be confined to the hospital for an indefinite length of time.

O. C. Hicks is the son of the late W. E. Hicks and of Mrs. Hicks of Garden City. The Hicks family were long-time residents of Hereford.

SEEDS of ADVICE

from The Garden Club

The following information, prepared for the Garden Club by Mrs. Lyle Blanton, may prove helpful to the gardener who is planning to get iris bulbs into the ground this fall.

The bulb iris was just becoming generally known in the United States when a rigid plant quarantine act shut them out, and there was no domestic supply to replace them. When growing was permitted again the grower found that more money could be made by selling the flowers wholesale than by digging, curing and setting the bulbs. When the supply did increase, the commercial florists were waiting to use them for forcing.

Now, the gardener experiences no difficulty in getting the bulbs and the leading groups include the Spanish, English and Dutch, generally considered garden flowers, and the Fillfolia and Tingitana, favored for florists use.

The Dutch group is considered better adapted to American soil; it is more attractive and has a range of colors that will meet any demand.

Iris bulbs should be planted early enough in the fall for the plant to become well rooted before freezing weather. October and November are good months to get them in the ground. The object is to avoid too much top growth in the fall after planting and before hard freezing weather, thus preventing black-spot disease.

Like all bulb plants iris require rich soil with good drainage. The Dutch and Spanish groups require moderately light sandy soil; the English type requires a heavy moist soil. All need an abundance of water during growing and flowering season.

White and blue Dutch iris are a splendid combination and the Poggenbeck and Yellow Queen combine well.

Baby iris are among the few plants universally recommended for rock gardens. The Dwarf Bearded and the Crested iris are especially good. Baby iris may be used effectively along a garden path or as a border; and the "Griminea" is recommended, as it grows without much care under ordinary garden conditions.

Japanese iris are well adapted to the southern states. They do best in well drained soil and grow luxuriantly if planted along the margin of a pool or brook for they require plenty of moisture. Clumps may flower for several years but they become crowded and stunted and although stalks are numerous the

flowers are small. It is better to transplant every two or three years. Transplanting may be carried out any time from April to October. The best time is just after the blooming season. Very good results are obtained in late summer and early fall but care should be taken to avoid transplanting too late, as plants must have an opportunity to produce root before freezing.
Among the Japanese iris the wild type is very early, usually coming into bloom before garden varieties. The garden varieties include the "Bangkok," "Kamborin" and the "Crane." About three weeks after these varieties bloom the late varieties such as the "Warai-hotel," the "Idzuma" and the "Kurokumo," come into flower.

NEW OIL that gives car engines GOOD OLD OIL-PLATING far Outlasts 5 other big brands in Desert War of Endurance

Oil-Plated engine proves good for more than Double the Mileage averaged by rivals in Daring Death-Test... Certified

Plenty of good old pre-streamline cars with OIL-PLATED engines still pass your house quietly... pass newer cars on the road... pass oil-inspection many a time without needing a quart. That's because inner engine parts have been kept OIL-PLATED by the strong magnet-like action that won't let OIL-PLATING quickly drain down. Even through the nights, OIL-PLATING stays up to its top-most point—on guard against wear in advance! Yet this famous OIL-PLATING—based on the Conoco Germ Processing oil patent—is merely one factor in today's great success of the new

of Nature's life-givers lost in modern food processing. Similarly, the latest oil refining methods destroy some of Nature's life-givers. But today full life is brought back—more than generously—by the two Conoco synthetics.

CONOCO Nth MOTOR OIL -Lasted 5,683 miles longer than next-best oil tested in Death Valley
Conoco Nth oil invited itself straight up against 5 other representative oils in an all-out test to the death... unbiased... Certified. The graveyard was cruel Death Valley—so hot you can't sweat. 6 everyday coupes were used—all alike. Each got one 5-quart fill of some one competing oil—locked in by the Official Referee. Then under strictly equal conditions all cars sped without added oil, till engines cracked up.

One of these will make Conoco Nth motor oil keep your engine OIL-PLATED. The other will check the effect of foul leftovers caused by every engine's normal firing. This component of all oil troubles is now checked—inhibited—by Thiathene inhibitor... Conoco Patent 2,218,132. But why technicalities?—when you know the Certified Record record of Conoco Nth in Death Valley. You'll never Death-Test your Conoco Nth oil, nor make your car try other proving-ground tortures. You'll still drain and refill at recommended intervals. But knowing that one fill of Conoco Nth outlasted the other Death-Tested oils—by 74% all the way up to 161%—you can figure on a long time between quarts of Conoco Nth oil. Change today—at Your Mileage Merchant's Conoco station. Continental Oil Company—Pioneers in Bettering America's oil with Synthetics

IMPARTIAL Latest available oil of each competitive brand bought retail by Referee. New stock coupes all alike; broken-in alike; tuned alike; handled alike. Engines had been taken apart for Referee—to assure same conditions for all oils—Same make for all. One quart of oil per car. None added. Engines under lock—under scrutiny—every mile.

The weakest oil gave up while Conoco Nth still had 8,268 miles to go... Certified. All 5 rivals together averaged 7,057 miles less than Conoco Nth oil... Certified. Real difference—from a Real source Two modern synthetics are in new Conoco Nth oil. Now think of modern vitamin synthetics, making up for some

BULL

By Jimmie Gillentine

Last week-end an unfortunate incident occurred near Hereford. A group of unidentified men drove up beside a truck loaded with Mexican laborers and warned the Mexicans that they must leave town. The warning was further said to have been emphasized with threats to the physical welfare of the group on the truck. The incident has caused wide-spread comment over town.

Some people see fit to defend the Mexicans upon the ground that they were sent here by the Texas Employment Service at the request of potato growers in this district. Presence of the Mexicans is also defended on the ground that there simply was not enough labor to gather the potato crop—which might have been lost had not the Mexican labor been imported. Folks will also point out that it is the privilege of any person to sign up for employment through the state organization, and that men are employed through this organization to help harvest the annual wheat crop. They will further tell you that the Mexicans have one leader through which to deal, that they are orderly—and that they will go to some other place as soon as the potatoes are harvested. Furthermore, they say that the Mexicans are spending most of their earnings in this community, and that they are far superior to other types of labor which we might import.

All of these things may be true, and I am sure that they are excellent reasons for employing the Mexicans. To me, they are entirely beside the point. They speak of weakness.

The real question should be: "Is Deaf Smith County a part of the United States of America?"

The constitution of the United States guarantees protection to all citizens (Amendment XIV-Section I). This was ratified by more than three-fourths of the states in 1868, and since that time it has been a mark of civilization that distinguishes our country from many of those which we today look upon with disfavor. In these trying times we are proud of our country. We read with dismay of Hitler's purge against the Jews. Yet a similar, perhaps even less reasonable situation occurs right in our own home county. The action is certainly not American; it does not rhyme with the words "land of liberty and freedom." This sounds more like doings of the Gestapo in Nazi Germany.

Fortunately, none of the threats have been carried out. Let us hope that this community does not become entangled with G-Men in a Federal case, which might lead to unpleasant complications and adverse publicity.

Got a card this week post-marked Aguilar, Colorado; it says: "We're climbing mountains and it's hot as Having a wonderful time. Wish you were here." It was signed by Wiley Roberson. Wouldn't that burn you down? At first I wondered how anyone would have the colossal nerve to sign such a card, but I turned it over and found out. Wiley's picture was on the other side. Beneath the picture it read, "Rocky Mountain Canary," and the following inscription was imprinted: "The Burro is a hardy, homely, pathetic yet ludicrous little chap and interesting in the colorful drama of the West. He thrives and multiplies where other critters starve, whoever hears his musical (?) bray echoing from lofty crags appreciates the aptness of his sobriquet, 'The Rocky Mountain Canary.'"

Anyway, the Robersons are back and I guess they did wish I was there—so someone could catch some fish for them to eat. I'm sure that Wiley didn't catch a one, and he'll probably have more albis than Noah Ewton or Joe

Dangerous Trio

George Raft and Edward G. Robinson are the tough guys who handle the hot wires and Marlene Dietrich is the girl who causes difficulties, in "Manpower," high tension drama which will show here next Sunday and Monday. Miss Dietrich marries Robinson, but Pal George Raft doesn't think she is good enough for him—and complications set in from there.

Bishop

People seem to be traveling this month. Ed Hedrick returned Sunday from Palestine, where he went after Mrs. Hedrick, who has been visiting relatives there. Ed is certainly enthused over a new glass factory which has recently been completed there. He also brought a special edition of the Palestine Herald-Press, of which his son-in-law is editor. The factory employs 200 skilled laborers and operates 24 hours a day. Other travelers include Mr. and Mrs. Frank Marrs, Sr., Mr. and Mrs. Frank Cogdell, and Harry Danforth, who are near Creede, Colo. Mrs. M. L. Steele, Mr. and Mrs. J. C. McCracken and children plan to leave today for California, visiting Yellowstone Park, Oregon, Washington, and then to California. Doc Wiltshire returned Sunday from San Diego and says the place is a mass of ship yards, sailors and general activity. Jack Gilliland says he is going to California, but he will probably be interested in entirely different things.

Judge Slaton says if he

were in the newspaper business he would write the paper up a week or two ahead of time and then coast for a spell. Not a bad idea at all. Leave it to a lawyer to figure things out.

Cheerful and ever willing to lend a helping hand is F. H. Oberthier. The other afternoon Mr. Oberthier and Sunny Brooks got into a lively discussion about how to build a concrete stock tank. Mr. Oberthier explicitly told him how he should do the job, including a 5-to-1 mixture, reinforcement with heavy wire fence, etc., but we ended up by disowning any responsibility when the tank started leaking. Mr. Brooks acted like he was going to build the tank his own way, anyhow—which might not be such a bad idea.

Hereford's new Texas Theatre will open in around 10 or 15 days. It is going to be very nice. Much nicer than most people had expected. It will run seven days a week and has every modern convenience.

Homer Fox has joined the rank of "toothless wonders." It seems that almost everyone in town is having his teeth pulled. S. O. Wilson made a startling discovery the other day when he ran his hand along the underneath side of a soda fountain and found scores of "wads of chewing gum." Try it some time. Byrie Elliston has gone daily over the fine quality of garage which he raises here; might try that some time, too. Andy Godwin has some of the finest honey you ever saw, but says it will be even better this fall; Andy studies bees and finds them very interesting. Harry Rice is upset about the Government Weather Recordings, declaring that the thermometers should be moved to a ground location; says they vary five degrees from his thermometers. Prediction: 75 per cent of the women will be wearing cotton hose by Christmas.

An Appreciation

By JIM BELL
Grateful to Mrs. Holman for affording her medium of expression, I desire to express to this community on behalf of all the relatives of Allan Bell our deepest gratitude for the genuine affection and sympathy of you, his friends, as demonstrated in the loveliest and most blessed service I have personally ever experienced.
During the service it was all I could do to keep from asking if I might say a word to you, life-long friends of his and ours. Within three weeks time I have attended services for three very dear San Diego friends—besides this of my brother. I need not say how deeply that beautifully rendered song, "We Are Going Down the Valley, One by One," struck home! Oh, friends of his, when everything is said and done, all

that this fleeting life was meant for is that all of us might be prepared for that blessed place, that the "dross might be consumed and the gold refined."
Silently, we sat looking upon the face of our departed and the faces of his friends as you passed in endless line. We loved every one of you for this beautiful tribute of your devotion. In this connection, may I add that, having lived in many sections of our great country, I am convinced that nowhere else in America today is there a people quite like your people of this area of Texas in genuine, whole-hearted friendship. It made my heart hunger to become again a fellow-Texan of yours.
And in conclusion may I say that for your tireless standing by and help, for the inexpressibly beautiful flowers, for the written and preached words and prayer, for the comfort and peace of your sweet music and song, we every one, with all our hearts, thank you, in the full realization of our part that your expressed goodness and love to him and to us on this occasion, will continue with us as a precious memory throughout our lives.

meeting of the Borger Zone held by young people of the Christian churches of the Panhandle at Wolf Creek Park near Perryton, Thursday, Rev. H. M. Redford was in charge of the Vesper message. Those attending were Mr. Redford, Richard Petersen, Mrs. Carl Oldham, and Ann Cockrell.

On Tuesday night Mr. Redford and Miss Ann Cockrell attended an officers meeting of the C. Y. F. of the Christian Churches of the Panhandle, accompanied by Mr. and Mrs. Carl Oldham.

Our advice to the world is not to be its age but to try to be some other age.

Woodburn Family Holds Reunion At State Park

A reunion of the family of Mr. and Mrs. E. T. Woodburn, Deaf Smith county pioneers, was held Sunday at State Park.

The oldest son, W. R. Woodburn of Dimmitt, celebrated his 70th birthday the previous week, and a large birthday cake, surrounded by gifts in his honor, was a feature of the reunion.

Three sons and three daughters of the pioneer couple were present at the get-together. One son, Ernest Woodburn of Los Angeles, Calif., and one daughter, Mrs. Leota Suyers of Ft. Worth, were unable to attend. A brother-in-law of the group, J. D. Cross of Clovis, N. M., was the oldest one present at 83 years old. The youngest were Terry Higgins of Hereford and Linda Woodburn of Claude at 13 months.

The brothers and sisters included W. R. Woodburn, Dimmitt; Mr. and Mrs. J. D. Woodburn, Claude; E. L. Woodburn, Lockney; Miss Mattie Woodburn, Hereford; Mr. and Mrs. W. E. Betts of Clovis, N. M.; and Mr. and Mrs. Carl Frye of Hereford.

Grandchildren present were Mr. and Mrs. Dewey Watson, Mr. and Mrs. Carl Stovall and Mrs. Mason Neely of Clovis; Mr. and Mrs. Lon Woodburn of Dimmitt; Mrs. V. G. Woodburn and Mr. and Mrs. Wilbur Cobb of Claude; Pat Woodburn of Lockney; Mr. and Mrs. Jack Higgins, Carlisle, Texas; and Patricia Frye of Hereford.

Great-grandchildren present were Jimmy Louise and Buster Neely, and Billy Lynn Watson of Clovis; and Terry Higgins of Hereford.

Besides many Hereford friends calling in the afternoon, out-of-town relatives and friends who arrived for the occasion included Mr. and Mrs. Will Black, and daughter of Canyon, Mr. and Mrs. Rex Tynes of Lubbock; Mr. Tynes was employed in the Woodburn Drug Store here in 1907-1914; Mrs. Vernon Sublett of Claude; and Mrs. Carolyn Johnson of Sun Down.

Christian Women Have Study Program

The Woman's Missionary Society of the First Christian Church met at the church yesterday afternoon with Mrs. C. R. Smith and Mrs. Earl Phillips as hostesses.

Mrs. Carl Oldham was leader of the program on "Where Lies Freedom." Mrs. E. L. Coombes gave the devotional and scripture reading and prayers were given by Mrs. Earl Phillips. Mrs. H. M. Redford and Mrs. C. H. Dyer.

Three talks dealing with patriotism and Christianity were presented. Mrs. Elvin Ridling discussed "The Christian and the Patriot," Mrs. John Hickman told about "Disciples and Democracy" and Mrs. R. L. Barge spoke on "Working For Democracy."

During the social hour Mrs. A. Petersen, president, gave a report on a recent Adult Conference which she attended.

Mrs. Vaughn Gives Short Course Report

Members of the North Hereford Home Demonstration Club were entertained at the home of Mrs. Fred Barrett Friday afternoon. Roll call was answered by members giving first experiences with a pressure cooker.

Mrs. Oscar Vaughn gave a report of the A & M short course which she recently attended as a delegate from the club. She exhibited a model of a colonial dressing table, copied from an exhibition at the short course. Miss Sadie Lee Oliver, CHDA, gave a short talk on nutrition and body building.

The next meeting will be held at the home of Mrs. Fred Saltzman on September 15, with Mrs. George Parker as co-hostess. Members of the Wyche H. D. Club will be guests. A lesson on meat cooking will be presented.

Attending the meeting were Mesdames W. H. Russell, Robert Fullwood, Oscar Vaughn, W. M. Cogdell, Earl Dehart, George Parker, Otto Olson, Bryan Davis, Pat Robinson, J. D. Gordon, C. G. Robbins, W. R. Matthews, G. A. Robbins of Canadian, George Martin, Miss Oliver, Evelyn Bell, Christine Olson and the hostesses.

Former Residents Hold Re-Union

The Lem Sawyer family, formerly of Hereford, held a family reunion at the home of a daughter, Mrs. Everett Payne, in Sherman last week. Mr. and Mrs. Sawyer now live in La Valle, Mo. Attending the reunion were Mr. and Mrs. L. J. Sawyer and baby of La Valle, Mr. and Mrs. Ernest Runyon and children of Hereford, Mr. and Mrs. John Kropf and children, also of Hereford, Mr. and Mrs. Doyle Shipman and children of Taylor and Mr. and Mrs. Alton Sawyer and son of Shreveport, La.

Mr. and Mrs. Sawyer and family lived in and near Hereford from 1906 to 1928.

New Deal Club Meets For Games

Contract games were enjoyed Friday afternoon when Mrs. Willis Edelman entertained members of the New Deal Club at her country home. Mrs. G. R. Lunsford was a special guest.

Members present included Mesdames Louis Woodford, Urllin Streu, Frank Huckert, Sylvester Slagle, B. Y. Crosthwait, Ralph Hastings and the hostess.

Mrs. Lunsford was awarded high score prize in the games and Mrs. Crosthwait played second high for the award.

After the games a salad course was served.

Mrs. Baer Is Hostess

Mrs. Gaston Baer was hostess to members and guests of the Tuesday Afternoon Club this week at her home on "B" St.

Three tables of players enjoyed contract games with Mrs. Knox Kinard and Mrs. Ernest Medkief receiving high score awards.

After the games a salad course was served to Mesdames Glenn Snyder, Woodrow Ireland, Travis Dameron, W. L. Davis, C. H. Dyer, Knox Kinard, Colby Conkright, E. B. Hicks, George V. Stambaugh, Ernest Medkief,

Miss Edith Jackson Becomes Bride Of Mr. Leonard Hicks of Austin

Mr. and Mrs. R. R. Jackson have announced the marriage of their daughter, Miss Edith Jackson, to Mr. Leonard Hicks of Austin. The wedding took place at the First Street Christian Church in Austin on Friday, July 25, and Rev. Harold J. Sheets performed the marriage ceremony.

The bride, who wore a tailored navy blue ensemble with navy accessories and a corsage of red roses, was attended by Mrs. T. P. Baker of Austin.

Mrs. Hicks grew up in Hereford and is a graduate of Hereford High School. She attended Chillicothe Business College at Chillicothe, Mo., and was employed for several months in a real estate office in Amarillo before going to Austin in January. In Austin she has worked in the state office of the National Youth Administration.

Mr. Hicks is a graduate of Austin High School and is employed by the city electric department. Following a wedding trip to Corpus Christi, the couple will

be at home at 703 West 11th Street, Austin.

Shakespeare Club To Be Organized

The National Junior Shakespeare Club, through the co-operation of local teachers and club women, will be formed here.

Miss Irene Crawford has been selected as Supervisor of the Club's State Representative, Mrs. Mabel C. Gentry, because of her special qualifications as graduate

of Texas State College for Women, with a major in English and special training in Speech under private teachers and courses in Speech at University of Colorado and Northwestern University as well as being head of the English and Speech Departments in the Hereford High School.

The club is educational in purpose and is designed to give grade and Junior High School children a combination course in Speech, Dramatics and Story-telling based on the works of the famous bard, in simplified form and in such a way that it will appear like play to them. At the same time it prepares them for their High School English studies.

Club membership is limited to

thirty. Eligible candidates will be selected among children from the third to the ninth grades. Prizes will be offered at various stages and diplomas in Elementary Dramatic Arts will be awarded each child who has finished the prescribed course.

The grand finale will be a home talent Shakespeare Play in simplified form or pageant having the children portray the Shakespearean characters.

Mr. and Mrs. J. C. McCracken and children left this morning for a two weeks vacation in California and Washington state. They were accompanied by Mrs. McCracken's mother, Mrs. M. L. Steele, and an aunt, Mrs. Sallie Rayburn, of Terrell.

ATTENTION POTATO GROWERS:

We have recently added to our potato equipment an improved Greeley grader and picking table. This will double the capacity of our packing shed and will permit the washing and grading of 2500 bags daily. There will be no delay in unloading the trucks. We will buy your potatoes in bulk, grade and wash them as unloaded from your trucks, and pay for the potatoes on the basis of the quality of the stock. An official Government inspector from the U. S. Dept. of Agriculture will determine the grades.

While the Hereford potato deal is still in its infancy, it is a fast growing child. The acreage this year has increased more than 400 per cent over that of last season. Because of our geographical advantage, we are able to make delivery at very low transportation costs to the large consuming districts of Texas, Oklahoma and New Mexico—right at our back door, as it were.

You were most generous in the support you gave us last season, and we solicit your continued cooperation in making the Hereford area the greatest potato district in the country. Call and see us on any matter pertaining to POTATOES. Whether it be a marketing, fertilizer or growing problem. We are never too busy to stop and talk with you.

Let's Cook Something

There are styles in foods as in other things. The steak and potato style conforms to one tradition and the lamb chop with its mint jelly typifies quite another style. Constant changes in the styles of cooking are the results of a creative desire for something new and different. For instance—who ever heard of pumpkin pie in the summer? The old fashioned pumpkin pie might not be appealing during August's hot days; but when its frozen pumpkin pie—that's different.

Mrs. J. A. Pitman's recipe for frozen pumpkin pie brings accolades with each serving. Her sister, Mrs. Jack Mounds of Dallas, sent the recipe to her and she passes it on to you.

FROZEN PUMPKIN PIE

- 2 tablespoons cornstarch
- 3 tablespoons cold milk
- 2 cups sugar
- 2 cups scalded milk
- 2 tablespoons light molasses
- pinch of salt
- 4 egg yolks
- 1-4 cup cold water
- 1 teaspoon granulated gelatine
- 1-2 cup minced preserved ginger
- 1 teaspoon lemon rind and 1 tablespoon juice
- 1 cup broken pecan meats
- 1 1-2 cups cooked pumpkin
- 1 teaspoon cinnamon
- 1 teaspoon powdered ginger
- 1-2 pint whipped cream

Add the sugar to the scalded milk and stir until dissolved and milk simmers. Four over-corn starch, which has been blended with the 3 tablespoons cold milk and beaten egg yolks. Add molasses and return to the fire. Stir constantly until mixture thickens. Remove from fire and add pumpkin, gelatine which has been dissolved in the 1-4 cup cold water, spices and nuts. Place in refrigerator and allow to start freezing. Fold in the whipped cream and return to the refrigerator and allow to finish freezing without agitating. Have individual pie shells already prepared and when ready to serve place a mound of the frozen mixture in the baked shell and serve immediately.

Mrs. Oberthier Compliments Two Daughters Visiting Here

Mrs. F. H. Oberthier entertained with an attractively arranged luncheon at the Rose Room Thursday at one o'clock to compliment her two daughters, Mrs. Timothy Tinsley of New York and Mrs. Dewey Lawrence of Tyler, who have been visiting for several weeks in the Oberthier home.

Guests were seated at two large tables centered with colorful combinations of summer blossoms. Colors predominating were salmon and rose-pink and delphinium blue.

Those enjoying the informal occasion were Mesdames W. E. Dameron, Travis Dameron, Woodrow Ireland, Harry Seed, F. L. Lucas, C. T. Guseman, Clara McLean, Dow Mercer, Glenn Snyder, A. M. Jones, Knox Kinard, C. H. Dyar, Gaston Baer, E. T. Brooks, Helen Pipkin, R. P. Conaway, W. J. Stanford, C. E. Birkmeyer of Amarillo, Alton Miller, Fred Oberthier of Clovis, N. M., Brooks, Miss Frances Dameron, the two honorees and the hostess.

Club Party Is Weekend Social Affair

An enjoyable club party was that given by Mrs. E. B. Hicks, Friday afternoon, with members of the Coterie Club and other guests making up for some of the week.

Mixed garden flowers in all colors gave the seasonal accent to the Hicks home and after the games a delectable salad course was served.

Playing high for guest award was Mrs. Seth B. Holman, and Mrs. Colby Conkright was awarded the club prize.

Those playing were Mesdames Knox Kinard, Colby Conkright, F. L. Lucas, C. F. Moore, Grant Fuller, J. W. Witherspoon, Seth B. Holman, J. A. Pitman, Hugh Bookout, Travis Dameron, Glen Snyder, and Wayne Evans.

Former Hereford Girl Is Married In Chicago, Ill.

Word has been received here of the marriage of Miss Lucile Garrison, formerly of Hereford, to Vernon Leroy Kemmer of Chicago. The marriage took place in Thorndike Hilton Chapel on the University of Chicago campus. The Rev. C. E. Showalter of the First Presbyterian Church of Chicago Heights read the ceremony.

The former Miss Garrison was born in Hereford. Her parents, the late Mr. and Mrs. J. E. Garrison, while in Hereford were part owners of the Garrison Hardware Company.

The bride attended the University of Chicago, and she was

Luncheon Is Given For Wednesday Club

Mrs. Alton Fraser was hostess to the Wednesday Luncheon Club last week for luncheon at the Rose Room and for bridge games which followed at her home.

Luncheon tables featured American Beauty roses in the decorations and the Fraser home was decorated with gladioli and roses with nasturtiums and pansies used for contrast.

High score award went to Mrs. Oscar Easley and second high to Mrs. J. C. McCracken.

Special guests were Mrs. Colby Conkright and Miss Eloyse Pitman.

Others present were Mesdames Jimmie Gillentine, J. C. McCracken, Oscar Easley, S. P. Ross, W. L. Davis and the hostess.

Justakrd Club Is Entertained

Justakrd Club members and guests were entertained at the home of Mrs. G. R. Lunsford last week. Wednesday afternoon two tables of players met for contract games with Mrs. Grant Fuller playing high for score award and Mrs. George V. Stambaugh second high.

After the games refreshments were served to Mesdames Grant Fuller, J. W. Witherspoon, Geo. V. Stambaugh, N. E. Milburn, Meade Haile, R. L. Craner, William Teeter, A. R. Bateman and the hostess.

Dallas Visitor Is Picnic Party Honoree

Complimenting her house guest, Miss Claudine Schumaker of Dallas, Miss Viola Phillips entertained with an informal lawn picnic last week at the home of her parents, Mr. and Mrs. Wirt Phillips. Miss Helen Ann Snyder assisted as co-hostess.

Guests enjoyed outdoor diversions following which a picnic supper was featured.

Those included were Faye Crosthwait, Mary Jane Morgan, Nora Jean Russell, the honoree, Helen Ann Snyder and Miss Phillips.

The Importance of Being

an Expert

Being an expert in any field is an important position, but when you're an expert in the banking field the position becomes more important still. For the position of a banking expert demands more than high business efficiency. It demands honesty, fair dealings, integrity, and the ability to keep faith under any and all circumstances. We feel we have these qualities. That is why we believe ourselves justified in suggesting that when you need the services of banking experts you would do well to come to us.

Texas Growing Crops Improved

Austin.—Improvement of practically all Texas growing crops was general in the week ended July 27.

The Agricultural Marketing Service of the U. S. Department of Agriculture reported subsoil moisture was ample in all districts, surface moisture was lacking in only scattered areas and hot, dry weather favored continued cultivation and progress of crops.

Heavy rains at mid-week in much of the Panhandle found most of the grain harvested. In the rest of the state the situation was highly desirable to offset the lateness of the cotton season.

The best barley crop ever harvested and an excellent crop of oats were practically gathered in the Panhandle. Only a small part of that bound and shocked remained to be threshed. However, much of the wheat was of low quality for milling and was being sealed under government loan.

Rice prospects were reported very good, in spite of much late-sown acreage.

Cultivation of even the latest corn was practically completed. Sorghums were still being planted but the bulk of this crop varied from just heading in the Northwest to nearly all harvested or ensiled in the South.

Harvest of hay was general. Peanuts, while late and thin on some acreage in the North, made rapid growth and neared maturity in the South.

Gardens generally were good and supplied more food for daily use and canning than usual.

A good fruit crop was being harvested in the northern half of Texas.

Harvest of Panhandle potatoes was generally under way.

In the South, hot weather was unfavorable for survival and growth of newly set plants for fall truck.

Cattle, ranges and pastures remained in excellent condition. Prices remained good but trading was slow.

It was a good week for cotton everywhere. Marked improvement was shown in fruiting and insect control. Boll weevils, however, were reported still more numerous and damaging than usual, particularly in timbered areas of Central and East Texas. The crop in the Northwest, while late, was making excellent progress. Picking and ginning were started in the lower Rio Grande valley.

It's Glamorous Gotham But Not "For Free"

When people from other places declare that they'd hate living in New York, they are more or less right about it; but not for the reasons they think. It isn't the noise, and it isn't the dirt.

It's the little things. It's the cosy elevator rides in your apartment house, squeezed in between the Smiths' Great Danes. It's the window-washers suddenly appearing on your window sill, when you're not dressed for them—in fact, when you're not dressed at all. Full stop.

It's the breakneck speed at which New York's revolving doors get to whirling. It's that thing of being nearly decapitated at the theatre, every time anybody squeezes past you in a row behind. It's the gum on the subway stairs, and the week-end traffic leaving town, and the business of trying to find a doctor who won't just send you to another doctor.

So that's New York, as I was saying. It isn't the carbon monoxide. It isn't the lack of trees or the loneliness in the midst of crowds. No, it's those second-degree burns you get on the bathroom radiator. It's other people's alarm clocks waking you at seven, from across the court. It's the air in phone booths. It's catching your high heels in those round manhole covers on the street.

It's Little Old Manhattan, all right. It's Glamorous Gotham, and none other. It's running for your life out of the path of fire engines. It's learning how to talk into two telephones at once. It's New York. It's the town that out-of-towners wouldn't live in if you gave it to them. Neither would New Yorkers as far as that goes. Not if you GAVE it to them. What they like is paying and paying. That's obvious.

"Case of The Scalloped Leaves" Is Solved By Experiment Station

Miss Sadie Lee Oliver a few weeks ago was slightly puzzled when a gardener showed her some rose foliage taken from plants at the G. C. Hartman place. The leaves were neatly scalloped, rather like cutting had been done around the edge of a dime as it was moved around the leaf. The same phenomenon was shown to Miss Oliver a few days later on peach leaves at the Robert Veigel farm, and on peach and mint leaves at the R. E. Wagoner's. Judging from this recurrence, Miss Oliver decided the "case of the scalloped leaves" must be general over the county and so

wrote to the state extension service at A & M college, enclosing some samples of damaged foliage. This week she received the following reply, quoting from a book about destructive and useful insects. Miss Oliver explains that this is the exact explanation that was given her and hopes that it may be helpful to any gardeners who may have been worried about the damage. "Besides laying eggs in plants, insects sometimes remove parts of the plant for the construction of nests or for provisioning nests elsewhere, though they do not feed on these materials. This injury is more interesting than it is serious. Leaf cutters bees thus nip out rather neat circular pieces of rose and other foliage, which are carried away and fashioned and cemented together to form thimble-shaped cells one above the other in a tunnel previously made in the stem of a plant. Each cell when completed contains a mass of nectar and pollen and an egg completely surrounded by bits of leaf; in this nest the young bee develops."

Rites For

(Continued from page 1) near Round Rock, Williamson County, Texas, at the old family home at Brushy, on July 24, 1876, and died August 3, 1941, being sixty-five years of age. He came to the Panhandle with his father's family in 1894, where they settled in Castro County, near Dimmitt. In 1902, he came to Hereford and has lived here and in adjacent territory continuously since that time. Mr. Bell is a descendant of early Texas pioneers, his great-grandfather, Josiah H. Bell, having been alcalde of Austin's

colony for three years while Stephen F. Austin was imprisoned in Mexico. Mrs. Josiah H. Bell was a charter member of the first Presbyterian Church in Texas, and bore the title of an "Angel-of-Mercy" as she went about on horseback nursing the sick during the years of her life in the colony.

Mr. Bell's grandfather, Judge James H. Bell, was one of the supreme judges of the state, following the Civil War. His parents, Mr. and Mrs. B. T. Bell, were influential citizens in the early development of Castro County, and their home was one of culture, Christian hospitality and good will throughout the years. Mr. Bell's father passed away about ten years ago. His mother, who survives him, has spent a long life of 86 years, filled with good deeds of kindness and helpfulness toward her children, her friends and her neighbors. Mr. Bell married Miss Lena Daniel on September 10, 1903; and six children were born to this union: Daniel Grafton Bell, Carroll Laird Bell, who died August 8, 1908, Evelyn Wright Bell, Robert Allan Bell, James Hall Bell, and Charles Austin Bell, all of whom were born and reared in Hereford.

Mr. Bell is survived by his wife and five children, Daniel, Evelyn, Robert, James and Charles, two grandchildren, Donald Allan and Beverly Ann, children of Daniel Bell, his mother, Mrs. B. T. Bell, two sisters, Mrs. E. S. Ireland of Hereford and Mrs. Harvey Cash of Canyon, and five brothers, Barclay Bell of Los Angeles, Grayson Bell of Albuquerque, James Bell, Albert Bell and Calvin Bell, all of San Diego, Calif.

OUT-OF-TOWN LIST
 From San Diego came Mr. Bell's brothers, James H. and Albert Bell, also a son, Jimmie.

Another brother, Grayson Bell of Albuquerque, arrived later this week.

Lieut. Robert Allan Bell of Fort Lawton, Seattle, Wash., attended the funeral, as did Charles Bell of Scott Field, Ill. Maj. D. G. Bell of Camp Davis, N. C. was not able to attend because of army duties.

A list of other out-of-town guests follows:

New Class Is Organized

A Young People's Bible Class was recently organized in the First Christian Church with meetings scheduled for Monday nights of each week and J. C. Ricketts as teacher. Two meetings have been held with the time given over to the study of the Book of Daniel. The first meeting was with Miss Ann Cockrell and last Monday evening the meeting was held at the Ricketts home with Glenn Ricketts, Nola Margaret Blue, F. L. Lucas, Erma Faye Robinson, Mr. and Mrs. Carl Oldham, Gene Osborn, and Ann Cockrell attending.

The next meeting will be in the home of Nola Margaret Blue.

Mayor Calls

(Continued from Page 1) papers and trash from the premises is always a good idea. Therefore, the mayor asks that all citizens co-operate by raking up trash and cleaning off weeds from yards and gardens. Also owners of vacant lots should do their part by cleaning them as carefully as they would their own home grounds.

Texas Theatre

(Continued from Page 1) Mr. Lunsford also said that shortly after the new theatre is opened that remodeling work will begin on the Star, which is to be redecorated, equipped with new lights and generally improved.

Women Storm

(Continued from Page 1) also feels that present orders will be filled, while Gaston Baer expresses the belief that Dupont's nylon business will be expanded to meet new demands. No matter how the Japanese incident turns out, American women can remember the Battle of the Hosiery Counters back in 1941.

Bids Accepted

(Continued from Page 1) finish, together with a four room teacherage, also stucco finished. Other equipment includes such items as desks, playground equipment and books. Bids may be submitted on any part of the listed items or on the property as a whole, the trustees point out.

Around Town

(Continued from Page 1) cape he'd had from a serious accident; but the small boy was not excited—except about the damage to his bicycle.

Hap Wiseman, Roger Baumann and Guy Ginn are going in for red neckties. It seems that the sales department feels that red neckties ought to put pep into merchandise sales, the incentive perhaps being that when the sales reach a certain mark, the salesman graduates to a yellow tie—which some persons, depending on color tastes, might consider doubtful progress.

E. B. Posey and Byrle Elliston have an argument—there is a slight disagreement as to which one is corrupting the other with his enthusiasm for the possibilities of the Hereford territory. Mrs. Hardy Benson of Ford

was in the Brand office last week. She came to find out why her club report had been left out of the paper and remained to leave some apricots which had grown in her orchard. A nice way to deliver a rebuke.
