Sights and Faces Seen

We are sorry for calling those first aiders "over age girl scouts;" there is really nothing feeble about them; in fact, Elsie Wilkins was walking around Wednesday as though she had a few ribs cracked or broken after taking artificial respiration. Mary Jane Morgan did the damage.

And if you belong definitely to the older generation, you can probably remember the day when the only notices in the post office were of civil service examinations.

Hereford bulls were shipped last week to El Paso and Santa Rosa, N. M., and Hereford cattlemen report a good price for the stock. Jim Clark and Jake Boydston made sales to an El Paso buyer and John Renfro, Jim Lipscomb, Bob Higgins and Jake Boydston sold 15 bulls to John Hicks of Santa Rosa, N. M.

Those fire chasing days are gone—maybe not forever but at least "for the duration." According to plans for air raid warnings, Hereford people are supposed to turn out the lights and stay at home when the fire alarm sounds. No jumping in the car to go kibitz the fire fighting.

If the Lions Minstrel attracts as much attention as that display in the old Corner Drug Store window, it ought to be good. Of course all the clothes are suitable and in the sharpest taste, but we like that bathing suit designed for G. M. Hudson. All we can say is, that is carrying conservation of materials too far.

According to reports from the minstrel practice, Leo Forest, T. S. Stevenson and B. C. Drinkard ought to go in for female impersonations. They are really good; Leo is a regular platinum blonde menace the boys say.

Evelyn Sachs is back at the R. E. A. office this week after being out for a tonsil operation last week.

Seen riding a bicycle—very shakily—last Sunday morning was Cecil Williams. Hope she doesn't have any broken bones, because any accidents suffered by amateur bike riders, are sure (Continued on Page 10)

## E. M. Potter Buried Monday

Funeral services were held Monday afternoon at the First Methodist Church for E. M. Potter, 50 years old, who died Sunday in Wichita Falls after an illness of about eight months.

Mr. Potter had been engaged in farming in Deaf Smith County since 1928, when he moved here from White Deer. He was a member of the Methodist Church.

Survivors are his wife, Mrs. E. M. Potter; four daughters, Betty Jo, Madalene, Frankie Mae, and Gladys; three sons, Emmet M., Jr., Kenneth Earl and Benny Lewis, all of Hereford; three brothers, W. L. Potter and E. L. Potter, White Deer, and J. D. Potter, Albuquerque, N. M., and two sisters, Mrs. A. Smith, Amarillo, and Mrs. F. Morgan, Wichita Falls.

Rev. Marvin E. Norwood was in charge of the funeral services and burial was in West Park Cemetery.

## Oliver Demonstrates Frame Gardens Friday

Miss Sadie Lee Oliver, county home demonstration agent, will demonstrate the planting of a frame garden at 2 o'clock, Friday afternoon, Feb. 27, at the home of Mrs. C. P. Cockrell.

Miss Oliver urges all persons who would like to get off to a good start on their defense garden projects to see the demonstration, which will give practical information on construction of the frame, irrigation of vegetables and the best varieties to plant.

## County Planning Group Starts Work To Meet Labor Shortage

### Rationing Board Asks Resale Of Excess Sugar

Members of the Deaf Smith County rationing board this week received notice from Price Administrator Leon Henderson asking persons who have accumulated excess supplies of sugar beyond their immediate needs to sell this sugar back to the grocers or to their neighbors who are without sugar.

Henderson is asking such persons to offer their excess supplies to grocers at current retail price, and expresses confidence that grocers will resell at the same price to persons who need sugar.

Though plans at present call only for the resale of excess sugar supplies, the office of price administration indicates that many other commodities may be affected by similar regulations soon.

A national press and radio campaign will start soon on the subject of resale of excess commodities, and in the meantime the local rationing board requests full co-operation in what is at present a voluntary proposition.

### Farmers Asked To Consider Sugar Beet Crop

With the vastly increased interest in domestic sugar production farmers of Deaf Smith County are seriously considering possibilities of sugar beet production in this territory. H. M. Bainer, general agricultural agent of the Santa Fe, visited here last week and plans are now going forward for a meeting of interested farmers to hear the matter discussed by H. E. Knapp of the Crystal Sugar Company of Hockford, Colo.

Mr. Knapp will probably be in Hereford some time within the next two weeks and farmers who would like to know more about sugar beet production are asked to see Glenn Boardman, Joe Evans, Fred Barrett or Cliff Potter or to leave their names at the Hereford Chamber of Commerce office at the city hall. Local sponsors would like to get, if possible, an indication of the number of acres of sugar beets that farmers would like to plant.

Sugar beets have been grown successfully in Deaf Smith County. D. L. McDonald, in 1912, raised a crop which yielded 15 tons to the acre. The sugar content was 18 per cent, with 80 per cent purity. Mr. McDonald, said that the U. S. Sugar Company at Garden City, which bought the crop, was highly pleased with the quality of the beets. At present sugar beets are being grown commercially in the Lockney and Plainview area.

### Funeral Rites For Hall Child Held Wednesday

Shirley Ann Hall, eight-year-old daughter of John Hall of Hereford, died at her home here early Monday morning of complications resulting from measles. Funeral services were held Wednesday morning at the Assembly of God Church with Rev. A. A. Daly, assisted by Rev. Homer T. Goodwin, in charge of the rites.

Shirley Ann had lived in Hereford all of her life and was a student in the third grade at Central School.

Survivors are her father, John Hall of Hereford, a brother, Billy Hall, a private in the U. S. Marines, stationed at San Diego, Calif., and the grandparents, Mr. and Mrs. W. L. Hall, Hereford, and Mrs. McBride, Burneville, Okla.

Out of town visitors who attended the funeral were Mr. and Mrs. Louie Hall of Marinetta, Okla.

The farm labor problem and prospects of getting a migratory housing project in Deaf Smith County this summer were the main topics of discussion at the meeting of the Deaf Smith County Planning Board last week according to J. B. Stoker, chairman of the committee, who reports that efforts are now being made to get some sort of labor housing project started here.

According to figures of the state employment service presented by E. B. Posey of the Chamber of Commerce, 2,167 migrant laborers found work here last summer in the period from June 23 to Aug. 15. More labor was needed, Mr. Posey pointed out, and the state employment service could have supplied more labor but required that the community first meet its housing responsibility before bringing the workers here.

B. C. Drinkard of the Farm Security Administration stated that the F. S. A. was building such housing projects now in Muleshoe and Levelland. However, the farm security supervisor explained that to get a project would require the submission of a brief giving complete information on the labor situation and general conditions which cause the need for a labor camp here.

Mrs. Isora Matthews of the Farm Security Administration said that a labor camp recently built at Lamesa had cost approximately \$250,000 and that all funds for the project were supplied by the Federal agency. She added that the government in some instances supplied a supervisor to run the camp during the heaviest labor season. It was decided by the committee to present a brief to Farm Security to try to get a labor camp for this county.

Still considering the labor problem, members of the committee discussed the possibility of getting a prison labor camp here during the busiest summer months. Pointing to the possibility of the government moving enemy aliens into inland areas, members decided that they would (Continued on Page 10)

### New License Plates Now On Sale In County

New license plates are now on sale at the office of Sheriff J. O. Newell, it was announced this week. Car owners will have until April 1 to buy the new tags, which may be put on cars by March 1.

A new state ruling has required that the car owner show a certificate of title before buying his license. Mr. Newell said this week and all car owners who have not yet received this title certificate should come by the sheriff's office immediately and make application, as no new license can be issued until the owner presents this proof of ownership.

## Defense Shop Has Done Worthwhile Job Here

Three tractors and two cars have been completely overhauled with minor repairs done on several other cars and tractors at the defense shop now in operation at the high school vocational agriculture department. It was announced this week in a report on the first five weeks of operation.

W. M. Emmons, high school vocational teacher, states that the work is going forward rapidly under the direction of Nelson McRight, local machinist, who is teaching the course.

"This shop has really been doing some good work," says Mr. Emmons citing as an example the case of one farmer who bought an old tractor for \$50, paid \$100 for repair parts and brought the repaired tractor out of the shop in good condition. "This man is now farming a section north of town with his overhauled tractor," Emmons states, "and he is convinced that the time he spent in the shop course is worthwhile."

## Proclamation

DESIGNATING MARCH 1 THROUGH MARCH 8 AS TEXAS WEEK

WHEREAS, the approach of Texas Independence Day and Alamo Day herald a week of weep significance and profound meaning in the minds and hearts of all Texans; and

WHEREAS, I am prompted by the patriotic members of the Forty-Second Legislature, as expressed in Senate Concurrent Resolution Number Eight, and by my own feelings of love, loyalty, and patriotism toward my State;

NOW THEREFORE, I, C. J. Paddock, Mayor of the City of Hereford, Texas, do hereby proclaim the week of March 1 through March 8, 1942, as Texas Week.

I urge all citizens of this municipality and of Texas to observe Texas Week in an appropriate manner. No one of us will fail to cherish the rich heritage which our founders and forefathers prepared for us of this generation.

During this week let us make much of the spiritual values of our history and of our traditions. Let us dedicate our lives afresh to ideals of statesmanship, character, leadership, and service. Let us make it possible, as did our forebearers, for our own future generations to enjoy liberty of conscience of speech, of the press, of worship, of public assembly, and all the other liberties which we cherish.

In this critical hour when democracy, even civilization itself, is at stake, it is more than ever fitting to commemorate the glorious deeds of those who laid the cornerstone of the Texas Empire. Let us prove ourselves not unworthy of the incomparable heritage left to us by pioneers and martyrs.

What they fought for in the past we are determined to hold. Remember Goliad, Remember the Alamo, REMEMBER PEARL HARBOR.

IN TESTIMONY WHEREOF, I have hereunto signed my name officially and caused the Seal of my Office to be impressed hereon at Hereford, Texas, this 26th day of February, A. D., 1942. C. J. PADDOCK Mayor of Hereford, Texas.

## Air Raid Signal To Mark End of Old Fire Chasing Practices In Hereford

Air raid signals are going to mean a change in that old habit of fire chasing. In other words, according to plans of the county civilian defense committee, a fire alarm now is a signal to turn out all lights—and definitely not a signal to turn on lights, jump into the car and start to the fire. In case of bombing, volunteers for fire fighting, fire watching and demolition squadrons should appear on the scene immediately; all others are supposed to stay at home, turn out the lights and keep calm. Let the regular firemen take care of the emergency. This applies to behavior at any time the fire alarm sounds unless a siren signal is announced especially for air raids.

Air raid wardens for Hereford are Mack Pitman, warden for the business district; A. O. Thompson, east of Main Street

and south of 11th Street; Sank Ramey, north of 11th Street and the territory west of B Street northward north of 10th Street; Harry Danforth, all south of the railroad, and Jesse Stanford, all west of Main Street lying between 10th Street and the railroad.

Rural Air Raid Wardens are N. G. Elliott, R. M. Gunn, J. T. Gunn, Edwin Morrison, J. O. Fortenberry, H. D. Culppepper, F. C. Benson, J. C. Allred, C. L. McBroom, H. E. Miller, Lewis Harvey and Zerrell Thomas.

A. J. Schroeter, county civilian defense chairman, reminds people of Deaf Smith County that the air raid warden in their territory is responsible for seeing that all lights are turned out when the blackout signal is given, and asks that citizens cooperate fully with the warden, giving help in any way that he may desire.

## B & P W Sponsors Negro Singers In Open Program Here Monday, Mar. 9

A program of real-olde-time Negro spirituals, sung as only the Negroes can sing them, will be presented in Hereford Monday night, March 9, by Negroes from Amarillo, who are presenting the program through the auspices of the Hereford Business and Professional Women's Club.

The program will be held at St. Anthony's Parish Hall and the hour will be announced next week. Mrs. Troy Moore, president of the Hereford B & P W, stated today. "These Negroes have presented a program here once before and received a very enthusiastic reception," Mrs. Moore says, urging Hereford people to attend the performance.

There will be no admission charge, but a free will offering will be taken up to benefit the welfare work being carried out among Amarillo Negroes by the Blessed Martin Mission. Rev. J. J. Regan, in charge of mission, points out that the entertainers are gathered from several denominational groups and donate their services to help the mission, which now provides hospitalization for indigent sick and is also providing a maternity clinic and day nursery to help Negro mothers.

"This is the first 'open' meeting held by the B & P W this year," Mrs. Moore says, "and I believe that all persons who attend will have a pleasant evening's entertainment."

James D. Eiland this week announced his resignation as secretary of the Deaf Smith County AAA Committee. Eiland has been secretary of the committee since last summer and has been employed at the local AAA office for more than a year.

As secretary of the committee, he was office manager and in charge of all clerical details of the AAA work in Deaf Smith County.

Eiland is leaving Saturday for Wheeler, where he will be assistant county agent. His successor in the county AAA office has not been named.

## Defense Guard Unit Planned For Hereford, Meeting Tuesday To Start Local Organization

### Remodeling Job On New Streu Building

A complete remodeling job is going forward this week on the Kellehor Building on North Main Street recently purchased by Streu Hardware Company. The front part of the building is being built out to run straight with the sidewalk and new show windows will be installed. Interior remodeling includes the installation of fluorescent lighting and new skylights. Also part of the permanent fixtures in the store will be a new tool case, designed for best possible display of the stock. The building will be modern in every detail when the repair and remodeling job is completed and the Streu stock will probably be moved into the new store by Mar. 15.

If you are interested in organizing a defense guard unit in Hereford, be sure to attend the meeting to be held at the district court room, Tuesday night, Mar. 3, at 8 o'clock.

Claude Ricketts, commander of the Hereford American Legion Post, announced the meeting which is sponsored by the legion, and stated that Captain Obart V. Hartshorn of Dalhart, officer in the Texas Defense Guard, will be the main speaker. Captain Hartshorn is experienced in Defense Guard organization and the local legion post hopes to make definite plans at the meeting Tuesday night to start a guard unit in Hereford.

A local guard unit was organized here during the last war, and the present emergency is causing the organization of similar units throughout the United States.

The local legion post extends a cordial invitation to all interested citizens to attend the Tuesday meeting.

## Lion Minstrel To Be Tonight

The time is tonight (Thursday) the hour, 8:30 o'clock, and the scene, the high school auditorium. The entertainment—well, members of the Hereford Lions Club advise that you go and see for yourself. It's a Negro Minstrel, with a local slant, and if you are ready for some laughs to take your mind off the war situation, you certainly ought to see this show, say members of the club.

A big cast includes practically the entire Lion membership—and the laughs will be provided as much by the costumes as by the lines in the show. Also, some of the singing ought to provide laughs, either accidentally or on purpose.

Advance sales of tickets have been brisk, club members report, and urge everyone to attend the show. Adult tickets are 35 cents; children's tickets, 18 cents; and all proceeds go to civic and patriotic causes.

## Eiland Resigns From AAA Post

James D. Eiland this week announced his resignation as secretary of the Deaf Smith County AAA Committee. Eiland has been secretary of the committee since last summer and has been employed at the local AAA office for more than a year.

As secretary of the committee, he was office manager and in charge of all clerical details of the AAA work in Deaf Smith County.

Eiland is leaving Saturday for Wheeler, where he will be assistant county agent. His successor in the county AAA office has not been named.

## Methodists To Have Mission School On Sunday Night Program

A school of missions will be conducted at the Methodist Church starting next Sunday night, March 1, at 8 o'clock and continuing on each Sunday night for the rest of the month. Rev. Marvin E. Norwood announced today. The school will be for all agencies of the church and will include all age groups.

Group meetings on the Sunday night programs will be followed by a general worship service led by the pastor. Plans also call for the showing of motion pictures dealing with some phase of the home or foreign activity of the church. The picture for next Sunday night is "Churches and Cathedrals," a sound picture showing some of the great churches of the world.

Mr. Norwood invites the public to attend these services, pointing out that the course has been arranged to have something of value for all who attend.

## School Census Starts on Mar. 1

School census will begin on Mar. 1, it was announced today by County Supt. A. J. Schroeter, who stated that between that date and April, all students of Deaf Smith county in the scholastic age from 6 to 17, inclusive, will be enumerated. Hereford Independent School District will appoint its enumerator by Mar. 1. The teachers, trustees and bus drivers of the rural districts will be responsible for the enumeration of children in the district.

"It is important that all children be listed," Schroeter says, pointing out that each time a student is overlooked it means a loss of per capita apportionment for that individual student for the schools of the county. The superintendent urged all residents of Hereford to co-operate with the enumerator in town and residents of rural areas to list all children in the scholastic age limits with the proper officials in their community.

## Deaf Smith Calf Show To Be Late This Year

About 18 calves are being fattened now by members of the Hereford F. F. A., W. M. Emmons, sponsor, stated this week, adding that plans are now going forward for the annual Calf Show to be held here soon.

Because of a late start on calf prospects, the show will probably be held later than last year's early March date, Mr. Emmons said, pointing out that none of the F. F. A. boys are planning at present to enter their calves in the Amarillo Fat Stock show next week.

Another club project of the F. F. A. boys is the fattening of three pigs bought recently from Jim Gilliland. One of the pigs is being fattened as a project by F. F. A. member Leroy Boyer. All proceeds from the sale of the pigs will go to the F. F. A., Mr. Emmons says, adding that the boys wish to express their appreciation to Mr. Gilliland for selling the quality pigs at such a reasonable price to the Future Farmers organization.

### DO YOU REMEMBER

Feb. 21, 1902.

The Reporter announced that The Hereford Brand, a monthly, would start publication on March 1. The new paper, which it was confidently predicted would be a "work of art, typographically," would be devoted to the interests of stockmen of the entire Panhandle country.

W. N. Elkins of Englee, N. M., had been visiting in Hereford and another business visitor was Sheriff Frank Vaughn of Castro County.

Miss Bessie Davis and Harmon Beach were married on Feb. 13.

F. J. Clinkenbeard and wife had returned to Hereford and were "again domiciled in their cozy cottage."

Feb. 21, 1918

Citizens were able to take time out from their war worries to work up a righteous indignation against the establishment of a pool hall in Hereford, and a mass meeting protested the proposed den of iniquity.

The White Way for Hereford's Main Street was nearly completed.

Wesley Bible Class at the Methodist Church, had chosen the following officers: John P. Slaton, teacher; Jesse Stamford, president; Miss Lillie Clem, vice-president; Miss Annie Price, secretary, and Walter Dunlap, treasurer.

Tires were advertised lavishly.

On the B. Y. P. U. program that week were Rosa Mae Carl, Mattie Walker, Harold Hicks, Frances Wilson, Goldie Brumley, Mary Valentine and Nora Beams.

The Brand was running the popular World War serial, "Over the Top," by Arthur Guy Empey, machine gunner serving in France.

Mrs. J. N. Messenger was visiting her son, George, who was in training at Camp Travis.

MRS. JIM CLARK

The blizzard which struck here Tuesday afternoon about six o'clock was one of the worst of the winter. Very little snow fell here but it grew rapidly colder. The temperature dropped to a low of 5 below by early Wednesday morning.

However by Saturday afternoon the ice on the lakes was almost gone and we were having spring-like weather.

Mr. and Mrs. B. A. Atchley who left here Tuesday morning enroute to Hot Springs, wrote back that they ran into a snow storm near Vaughn, N. M., but they made it into Hot Springs by night.

Mr. and Mrs. J. E. Roberson returned home by bus from Hot Springs, Monday evening. The Robersons have been in Hot Springs for some six weeks or longer for her health, which is much better. They will live on the O. B. Heffner place west of Summerfield.

R. D. Lance was on the sick list again last week but was better at the time of this writing.

Tandy Legg spent last week on his farm near Lubbock.

Charlie Noland and Roy Coker were attending to business in Farwell last Tuesday. While enroute to Farwell their car caught on fire, supposedly from the cigarette lighter. Little damage was done except to the wiring under the dash.

Mr. and Mrs. R. D. Lance, Miss Ruth Atchley and Thurman Atchley were in Amarillo Tuesday of last week.

The B. E. Robersons are remodeling and repapering the front part of their house.

Mrs. Ray Johnson accompanied by Red Merrill took the Registration returns to Dimmitt Monday night. Seven men registered at Summerfield Store. They were Lloyd Lookingbill, L. B. Lookingbill, Roy Coker, Ted Staats, Harry Cannon and Tandy Legg. Several others registered at Hereford.

Mr. and Mrs. Lee Curry went to Amarillo Thursday where he received eye treatment.

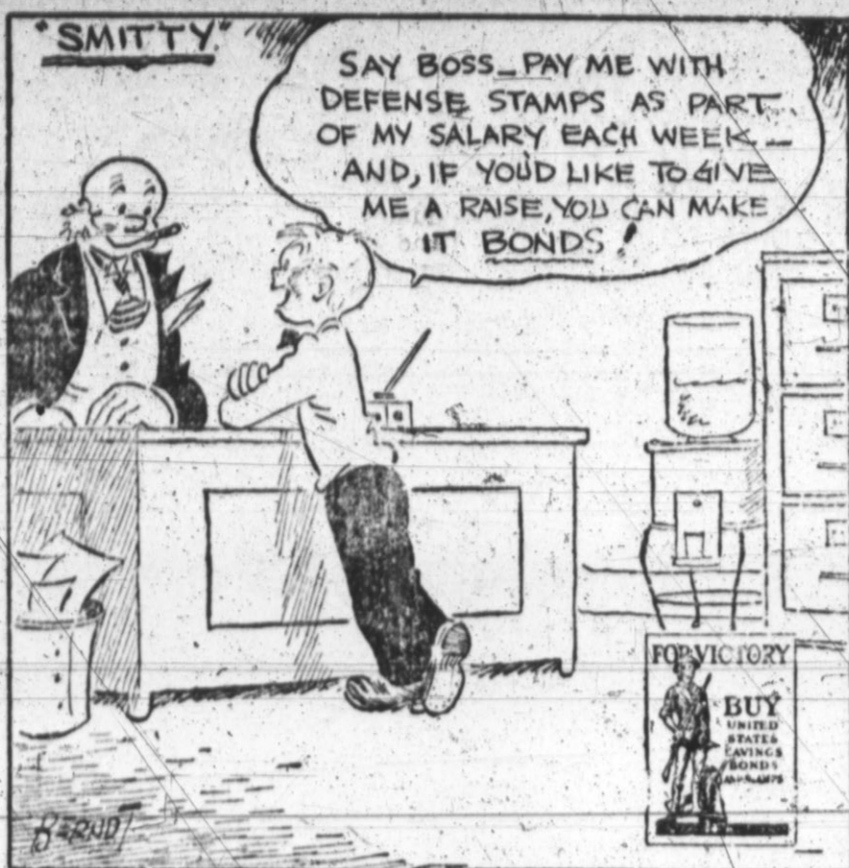

Mrs. Ray Johnson and Mrs. L. B. Lookingbill had charge of the School Cafeteria in the absence of Mrs. Curry.

Mr. and Mrs. Earl Lance, assisted by Mr. and Mrs. S. L. Walsler, Mrs. C. H. Carl and Mrs. Wood Vaughn all of Hereford were out Tuesday and Wednesday papering and cleaning the S. L. Wals-

number of speakers telling why the famous corner to prosperity had been turned. No wonder "Whistling In the Dark" was a favorite song about then.

Marlin Gilliland had been to Kansas City on business.

Lindsey Nunn, publisher, was quoted in a long story on why he believed John Nance Garner was headed for the White House. Roosevelt "looked good at first, but he hasn't a chance."

Telephone construction crews everywhere have been breaking records month after month.

Within the space of a year, Southwestern Bell crews completed extensive telephone systems at scores of military or military supply locations in Texas, Missouri, Kansas, Arkansas, and Oklahoma, finishing each job on time... or ahead of time.

In some exchanges where the inrush of workers in armament plants created an extraordinary demand, these crews have helped as well to double the number of telephones in service.

All told, 30,000 Bell Telephone folks in the Southwest march ahead these days, doing their best with such materials as are available to give you... and the nation... all the telephone service possible in time of war.

## Robert Sherwood And Works Are Studied By Bay View Study Club

The life and achievement of Robert Sherwood, dramatist, were discussed by members of the Bay View Club Thursday afternoon at the home of Mrs. E. W. Harrison. Two plays were reviewed.

Mrs. John Olson, vice-president, conducted a short business meeting preceding the program and announced that the time of meeting will continue to be three o'clock.

Mrs. E. W. Harrison began the consideration of Sherwood by reading a paper on his life as a dramatist, prepared by Mrs. A. M. Jones.

### "Abe Lincoln In Illinois"

Mrs. C. F. Moore reviewed Sherwood's play "Abe Lincoln In Illinois" pointing out that in a play about the development of the extraordinary character of Abraham Lincoln, a strict regard for the plain truth is desirable. His life as he lived it was a work of art—forming the growth of the democratic spirit, with its humble origins, its inward struggles, its policy of "live and let live" and "mind your own business," she said.

### "There Shall Be No Night"

Mrs. John Olson reviewed "There Shall Be No Night" by Sherwood, the story of the betrayal of Finland, depicting the courage and patriotism of the Finns. She compared the main theme of the play with that from St. Paul dealing with the triumph of faith over trials, tribulations and intolerance. The splendid character of a famous doctor of Finland gave an insight into the character of the people of Finland as they met the war with Russia.

The next meeting will be held at the home of Mrs. C. F. Moore on March 5. A Texas Day program will be presented.

Members attending the meeting were Mesdames Bob Wilson, D. H. Alexander, C. R. Barber, H. L. Broadwell, H. G. Conkright, John McLean, G. W. Heard, Knox Kinard, Paul Mathers, John Olson, Clara McLean, C. F. Moore, G. A. F. Parker, T. Tolson, and the hostess.

### CHDA NOTES

By Sadie Lee Oliver

The following extension service bulletin contains valuable tips on the coming sugar rationing:

Rationing of cane sugar may prove to be a blessing in disguise. Specialists for the A. and M. College Extension Service say Americans use too much sugar for their health. During the last half century sugar consumption has jumped from 10 pounds to between 75 and 100 pounds per person per year. The average consumption in England is 24 pounds. The same is true in Germany, while the average Japanese uses only eight pounds.

If there is any handicap it likely will be heaviest on rural homemakers with large quantities of fruit to can. Homemakers who wish to can are urged to save a part of their allowance for use during the canning season. Saving can be effected by serving desserts which do not require much sugar or by substituting honey, molasses, or sorghum syrup.

Experts predict more fruit will be canned and dried this year than ever before. Drying requires no sugar. Canning requires only one-twenty-fifth as much sugar as preserving. For example, one pound of sugar and one pound of fruit are used in making preserves, while one-half pound of sugar and one gallon of water will make a good syrup for canning two gallons of fruit.

From the nutritional standpoint, canning is even more important. It saves the flavor, color and vitamins of the fruit. Much of the food value is lost when fruit is made into jelly or preserves.

Texas are fortunate in that honey, molasses and other syrups are readily available. These have minerals and other desirable nutrients needed by the body. Sugar is found in fruits, milk

and such vegetables as beets, pears, carrots, sweet potatoes, but the best source is fruit—fresh, dried or canned or served as juice. Some of the fresh fruits contain from 10 to 15 per cent sugar, while some dried fruits contain from 50 to 75 per cent.

Rationing of sugar is to prevent high prices and to bring about equitable distribution of sugar over the country. Sugar now sells at about 69 cents for 10 pounds. During 1920 the price was \$2.67 for the same amount. Recently the United States Department of Agriculture lifted acreage restrictions to allow increased production of sugar.

The speaker told of Germany's trade policy in South America—how she sought to make South America dependent upon the Axis Powers and of the propaganda, educational sabotage and spy system. He explained the attitude of South America towards the United States and told of the Good Neighbor policy, which has been too slow in developing for the South Americans to take advantage of its benefits, and predicted that American youth will take advantage of South America's wonderful opportunities after the present war.

## CEREALS

Help Build Strong Bodies

**From The Texas Food Standard:** For a good diet I need to include Cereals and Cereal products.

Daily: 1 serving whole grain products.

For 1 week: 1-4 to 11-2 pounds whole grain products.

Other cereals and bread as desired.

1 1-2 to 3 pounds other cereals and bread.

In buying cereal products I should remember to:

Buy refined flour in large quantities if storage space permits.

Buy flour in smaller amounts in warm than in cold weather.

Buy whole grain flour and cereals in amounts that can be used in a short time.

Try to buy them freshly ground.

Store flour and meal in closely covered tin containers in a cool place.

Learn how to use one brand of flour because flours vary in hardness.

Use cereals that need to be cooked if income is limited, because they are cheaper.

Include washed and dried wheat, stored in cellophane bags and ground fresh, either at the store or at home. It gives an excellent fresh, whole-grain product. Home-ground cereals may be even cheaper.

Watch the surplus commodity list. Items on it are apt to be inexpensive.

Check weight as well as price of packaged flour and cereals.

Use day-old bread sometimes if it is available. It costs less than fresh bread.

Store bread in a dry, well-covered, ventilated tin container.

Try to visit the bakery from which bread comes to check on its sanitation.

Check price with quality and nutritive value. The highest price does not always mean the

best quality.

Buy some cereal products that are sold in bulk. They are cheaper than packaged products.

In Using Cereal Products I Should:

Use at least as many whole-grain cereals as refined; they contain more minerals, vitamins, and bulk.

Use some yellow and some white meal. Yellow meal contains more vitamin A than white meal; white meal has more thiamin (Vit. B-1).

Try meal from sorghum grains in bread if these grains are produced at home.

Use yeast breads frequently. They contain more thiamin (Vit. B-1) than those made with soda. Make yeast bread at home as a means of economy. Use milk rather than water for greater nutritive value and better keeping qualities.

Use grits and cornmeal in equal amounts in cornbread sometimes. Grits should be soaked about 15 minutes before adding to the mixture.

Use whole grain flour and meal in cookies, puddings, and meat loaves as well as in breads.

Use crusts from trimmed sandwiches for crumbs.

Freshen stale bread by sprinkling with water and heating it in the oven for a few minutes.

Vary cereals by serving with fruit, nuts, or syrup.

Serve cereals with fruit juice to persons who are allergic to milk.

Soak rice 1 to 2 hours before cooking in order to lessen the cooking time and save fuel.

Add 1 t. lemon juice per 1 qt. of water if rice is cooked in hard water. This keeps the rice white.

Cook more rice than is needed for one serving. Use it for puddings, croquettes, casserole dishes, etc.

Cook more meal than is needed for one serving. Use it as sautéed cornmeal mush.

Avoid stirring cereals while they are cooking. Stirring makes them sticky.

## Beery In U. S. Tank Army

Wallace Beery is at his best as a tough army sergeant with a heart of gold in "The Bugle Sounds," picture opening Sunday at the Star Theatre. The action is strictly authentic, with scenes shot at various army posts showing the change from cavalry to mechanized divisions. Beery, an old-time cavalry man, is against the change, and the picture details his conversion to the new tank army. Marjorie Main is again co-starred as the Beery "heart interest."

They're Unusual; They Haven't Played Hooky

This year's Freshmen are, it seems, just natural leaders in worthwhile phases of school life. In checking through the registers to see who had been neither tardy nor absent the first semester, the snooping reporter found that the Freshmen had the most for perfect attendance, eleven in number. They are (if no mistakes have occurred): Marcella Blue, Betty Jane Robinson, Juanita Upton, Harold Conklin, Pete Davis, Billy London, J. W. Robinson, and Eugene Sparks.

Senior Personalities

Mattie Louise Lawhon was born in Hereford, March 11, 1925. Among her likes are listed good music, food, fun and a blond; her dislike is "corny" music; her hobby is having a good time. She has black hair, brown eyes and is 5 feet 6 inches tall and weighs 122. She has been a member of the F. H. T. glee club, staff, secretary-treasurer of the Junior class, Sophomore student council representative. She is now a member of the Tri-Hi-Y, band, orchestra, glee club, Honor Society, student council of which she is secretary-treasurer and honorary member of pep club. Her future plans are to be a graduate nurse from St. Anthony's in Amarillo.

Heads Boys' Hi-Y

Richard Ireland, pictured above, is president of the Boys' Hi-Y this year. He has been outstanding as a leader in this club; he is, also, active in various other organizations. Richard is an all-around boy and is well liked throughout the school and community.

Homemaking III Class Experiments With Sugar

The class of Homemaking III is engaged in a series of culinary experiments involving the use of sugar. The work to date has dealt with the various substitutions for sugar in a foundation butter cake. A foundation butter cake may be varied by the use of chocolate, cocoa, spices, nuts, raisins, etc.

Foundation Butter Cake 1 cup milk, 1 1-2 cups sugar, 3 cups flour, 1-2 cup fat, 2 eggs, 3 1-2 t. baking powder, 1-4 t. salt and 1-2 t. flavoring. Total cost of the cake is 24c. Cream fat and sugar gradually and cream together until light and fluffy. Add beaten eggs. Sift together all dry ingredients. Add flour and milk, alternately to first mixture. Beat well after each addition. Add flavoring and bake in greased cake pans at 350 degrees F. Makes two thick or three thin layers.

Honey Substitute Cake (total cost 37c) 1-2 cup milk, 3 cups flour, 1-2 cup fat, 1-4 t. salt, 2 eggs, 3 1-2 t. baking powder, 1 5-8 cup honey, and 1-2 t. flavoring. Method of combination same as for foundation butter cake.

Brown Substitute Cake (total cost 25c) 1 cup milk, 3 cups flour, 1-2 cup fat, 2 eggs, 3 1-2 t. baking powder, 1 1-2 cups brown sugar, 1-4 t. salt, 1-2 t. flavoring. Method of combination same as for foundation butter cake.

Whitefaces Lose Bi-District Title To Lakeview Eagles, 34-22

Hi-Y and Tri-Hi-Y Have Joint Meeting

The Hi-Y and Tri-Hi-Y had a joint meeting in the music room February 17. The program was opened with the singing of "Into My Heart," a prayer by Nona Deen Rose, and devotional by Billy Davis. The theme of the meeting was "Success through Teamwork." The different subjects discussed were "Teamwork in School" and "Teamwork in the Community." There was then a discussion of the projects of the two groups. It was agreed that some of the more important ones were the bringing of Mr. Nichols to talk to the school and community and contributions to Christmas and Thanksgiving offering to the poor. After a poem by Mary Ellen Henslee, the group sang "Blest Be the Tie," repeated the Hi-Y benediction and adjourned. The clubs then went to the gym for a social hour.

The Hereford Whitefaces ventured to a foreign court Friday night for the bi-district championship with the Lakeview Eagles. The Eagles defeated the Whitefaces 34-22. At half-time, the score was tied 10-10, but in the third and final periods, the local five lost their stride to go down in defeat.

London was high point man for the Whitefaces with 11 points, Russett second with 4 points, followed by Weems having 3 points, Phillips and Suttle 2 each. This was the last game the "championship five" will ever play again together. Jack London, Wayne Phillips, and Daniel Russell had their final basketball year. George Weems and Leroy Suttle will be back next year.

Skating Rink Discussed

Friday, February 20, the B. S. P. Class discussed the preparations for the school skating rink. If the Youth Council decides on the skating rink, it will be situated in the school gym. The class estimated the cost of the skates to be about \$140; this is for 40 pairs of skates. The admission taken in will be used to pay for the skates and other bills.

Seniors Still Undecided

Seniors convened in the music room last Wednesday and discussed various things concerning graduation, such as invitations, cards, etc. After looking over several styles of cards, conservative seniors (at least the majority) were still undecided. By the time all the cards bore fingerprints, the bell intruded with a harsh clang and the meeting adjourned.

Plan Your Work

There are some of us who have not accomplished everything that we wanted to this year. Maybe there are some grammar faults that you were determined to overcome that you haven't. Possibly your handwriting hasn't improved. No matter what unfinished aims you had in mind to accomplish this school year, it is still not too late. True it is, the school year is over half gone, but there is still time. The wise student plans his work. He has a schedule that he follows. This enables him to do the things that he wants done when and where they are needed. Make your schedule, but don't make it so strict that it cannot be followed. Try it out; adjust it to your occasions; then stick to it. Maybe you think you would never get used to following a schedule, that you would lose time. It is quite the opposite. When you follow a schedule, you have more time for leisure. Of course, there are times when you could not follow it exactly; allowances need to be made. All of the worthwhile accomplishments have been through constant planning. From a small fountain pen to a huge skyscraper, minute details have to be thought out. It took years for Edison to perfect the light bulb. How did he do it? By endless work, thought and plans. By planning your time carefully, you will have opportunities for more leisure, for worthwhile projects, for rest and fun, as well as for necessary projects.

Did You Know That

There are only a few in high school who are conserving paper? Miss Rigler has a filling station in her room? (Any time your pen needs filling, go to her room.) Bicycles are as good as cars for dating? We need some new romances in school so that the girls will have something to gossip about? Donald Roberson has one of the prettiest pair of eyes in school? Miss Ramey has the prettiest dimples in school? John Estes really has a fine voice? There is only one boy in short-hand class and only three in economics? The students are learning to teach the shorthand class? The girls of Hereford High School want some kind of sports in which they can participate? The whole student body wants folk dances in the gym at noon on cold days and a roller rink in the gym? Twelve girls tried out for the part of Barbara in "That Crazy Smith Family"?

Why Don't They

Sound proof the music room? Require all teachers to take a penmanship course? Upholster all study hall chairs, and make all school room chairs with soft bottoms? Install an ink station in every classroom? Install a pencil-pen renting station, where one can rent a pencil or pen if he forgets his? Let us have an annual? Put our Texas flag back up? Have a lounging room for students who haven't anything to do during study halls but read story books? Invent a machine that will get the right lesson correctly, just by pushing a certain button? Have an open-shelf library so that students may have free access to the books? Start classes at 9:00, eliminate activity period, dismiss at 4:00? Require typing for all students with very poor penmanship? Have clocks in every room? Have a spelling class for particularly poor spellers? Put an escalator in the building? ports on time, for once? Miss Davies as the fat lady in the circus? Lots of people's faces when they read this?

Freshmen Pick Ideals At Party Friday Night

Last Friday night at the Freshman party, the group decided who had the prettiest hair, eyes, etc. The boys voted on the girls, and the girls voted on the boys.

The results by vote are: The Freshman Girl: Figure, Barbara Ann LeGrand, Hair, Lonidene Martin; Personality, Juanita Beauford; Eyes, Marcella Blue; Complexion, Helen Acker; Hands, Naomi Brumley. The Freshman Boy: Smile, J. W. Robinson; Hair, Eugene Sparks; Hands, V. C. Hopson; Personality, Lloyd Manjeot; Humor, Charles Skelton; Physique, V. C. Hopson; Eyes, J. W. Robinson.

Buz-z-z-z! Eeeek! Help. (all quiet). Was someone killed? What on earth happened? You thought someone was electrocuted? Don't be silly. It wasn't anything serious at all. It was just a small "Joy Buzzer." The person guilty was probably James Edmondson. He was the one that introduced those small electric buzzers this year. They don't really hurt, but they can scare a person almost to death.

Central Chatter

Everyone in Miss Bell's, Miss King's and Miss Johnston's room has bought some defense stamps. Robert Russel of the second grade bought a defense bond. Betty Lou Twiner of the second grade had a birthday party February 18, 1942. Most of her class were present. Miss Bell's room lacked only one pupil having a hundred percent in attendance last Friday. Spring is usually the time for house-cleaning. Well, the band students are giving their horns a thorough cleaning so that they will be more sanitary. Some new pupils in Central School are Lyna Ruth Carter, Edna McCutchens, Richard Tucker, and Don Clark of the first grade, Neva McCutchens of the second grade, and Inez Tucker of the fifth grade. They all entered school February 23. June: "Pop, where's Aunt Bessie? The parade is coming and she'll miss it." Mom: "She's upstairs waving her hair." Pop: "Heck, can't we afford a flag?"

Can You Imagine

Billy Massie with red hair? George Weems going steady? Red Merrill telling everyone his real name is Joseph Winifred? James Barnard Hicks in pig-tails tied with big yellow ribbons? Betty Jane Robinson using such words as "comestible"? V. C. Hopson answering when someone calls him Vivian Carol? Billie Erlene Sexton with a deep bass voice? Delmo Williams as the "Perfect Gentleman"? Naomi Brumley doing the rumba? Mr. Hudson as tall as Mr. Kinard and Mr. Kinard as fat as Mr. Hudson? Tillie Williams dressed in cowboy regalia strumming a guitar and yodeling? Betty Potter being absolutely displeased, angry, or disgusted with any one? The Staff handing in all re-

Income Tax Worries

The new Federal Income Tax rates are much higher than ever before. You will want to take every legal deduction you can, to keep your tax down. The law allows you to deduct various taxes you pay such as on real estate, interest on mortgages and personal debts, auto registration, contributions to charity and many other items. At tax time it is hard to remember these things. That's where a checking account will prove very valuable. Your stubs and cancelled checks provide a permanent record of each payment, thus helping you to figure your tax and providing proof of payment should the need arise.

### Let's Cook Something

If you can identify a good recipe without testing it, here is one you won't wait long to try. It comes from old Mexico and is provided for you by Mrs. Phil Radovich who has made it a "Special" for her family for years. Nearly all Mexican food is cooked slowly, its that final slow simmering that turns the trick, so don't try to hurry it and it is much better if you can secure fresh country sausage.

#### SAUSAGE ROLLS

- 1 lb. pork sausage
- 1 cup cooked rice
- 1 small head cabbage
- 1 No. 2 can tomatoes
- 2 medium size onions
- 1 teaspoon chili powder
- 1 more cup of cooked rice
- salt and pepper to taste

Mix the sausage and 1 cup of rice together thoroughly and roll a heaping tablespoon full in a wilted cabbage leaf, fastening leaf with a toothpick. Place in a casserole and pour over them all the rest of the ingredients, which have been mixed together well. Cover and bake in 350 degree oven for an hour or more. A little water may be added if it becomes too dry while baking. The cabbage leaves may be wilted by pouring hot water over them. This prevents the leaves from breaking when rolled.

**Community Meetings**  
The community also voted to have meetings in each farm community to acquaint the people with the need for full participation in the food for defense program. In making the plans the committee pointed out that the main purpose of meetings would be to tell people of the real danger of a shortage of certain canned fruits and vegetables and of the necessity for every family raising a garden and storing all the food possible.
