Price 10c Per Copy

Volume 1—Number 1

Good morning. We hope you like the first edition of The Sunday Brand. The conversion of two papers has been a task. We know that we have made lots of mistakes, but we hope to straighten them out as time passes and things start running smoother. We hope to add a column or two of condensed state and national news within 30 days, but primarily we expect to keep your Sunday Brand a "hometown paper with hometown news." We do appreciate your suggestions, and hope you can find a place in your home for the new Sunday Brand.

Credit goes due to Brand Staff for loyal, faithful efforts and for long hours which extended far beyond the line of duty. The back shop is especially to be commended. They started Friday morning and have accomplished a next to impossible task. These boys, like the line of a football team, do lots of hard work and too seldom get the credit. Practically the entire force has been coming to work at 5:30 or 6:00 o'clock each morning, and working late at night. They went home at 2:00 o'clock Saturday morning. The entire personnel put in hours like this to bring you this first issue.

Meet the Brand staff in the shop: Amos DeWolfe, foreman; Guy A. Clay, linotype operator; M. B. Riley, linotype operator; Jim Hess, floorman; Stanley Phillips, floorman; Roy Hart, press and stereotype; Roy Shirey, pressman; Lloyd Russell, stereotype. In the front office: Bert Neelley, advertising manager; Mrs. Corinne Jennings, editorial assistant and circulation; Mrs. John McLean, society editor; Mrs. Atha Melver, bookkeeper; Betty Turpin, assistant bookkeeper; Mrs. Llama Beavers, office supplies; Doris Jean Hastings is newest addition to the force and will assist with advertising this summer; Aubrey Canaday, janitor.

Jim Kirby placed the first subscription for The Sunday Brand, the Star Theater brought in the first ad for the paper, and honors for placing the first Dollar Day ad is split between Rutherford & Co., and Hereford Hardware.

## Driver Dies In Truck Accident Last Thursday

W. M. Twiner, 58, died Thursday afternoon following an accident in which the oil truck he was driving overturned near the Ted Rohrbach place 28 miles northwest of here. The accident was attributed to a heart attack, or to Mr. Twiner having fallen asleep while driving.

Leo Nichols, a newcomer to this area, who was working on the Fluitt place, attempted to stop Mr. Twiner and the truck shortly after 5 o'clock Thursday afternoon to ask directions. He said that the truck did not slow down and was traveling approximately 50 miles an hour when it passed him near the Rohrbach farm. Shortly after passing him, Nichols said the truck careened into a bar ditch, came back on the road and continued at the fast speed. He did not see the truck overturn, approximately two miles down the road.

The accident was later reported at the Ted Rohrbach home, where Mr. Rohrbach, after securing the aid of Rufus Overstreet and Mr. Nichols, rushed the body to Hereford. They said Mr. Twiner was still breathing when they were about 15 miles from here.

Subsequent to the accident, Mr. Twiner was dead upon arrival at hospital, however. The truck, which belonged to the Oil Company, was badly damaged, although not beyond repair.

## Digest of Recent Draft Law Affords Choice For Trainees

A revival of interest in Hereford's proposed National Guard Company was anticipated next week, following a statement by Maj. Gen. K. L. Berry, adjutant general of Texas, today, in which a complete digest of the Selective Service Law was reviewed.

### DIGEST OF DRAFT LAW

The law was signed by the president and became effective June 24, 1948.

All males 18 through 25 years of age (to 26th birthday) must register.

**Ages 17 to 18½**  
May enlist in the guard at any time. Must serve in the guard until past draft age.

**Ages 19 Through 25**  
May enlist in the guard and remain in the guard until and if drafted.

If drafted, must serve at least 21 months in the army; then, must serve one more year in the army, or must join the guard for three years, or must join the reserves for 5 years.

**Veterans**  
Liabile, if he has served less than 90 days.

Exempt, if he has served 90 days in war time, (Dec. 7, 1941—Sept. 2, 1945), or more than 12 months in peace time (Sept. 16, 1940 to enactment).

Exempt, if he has served 90 days but less than 12 months, and if he is a member of the National Guard.

**ROTC**  
Deferred, if in advanced course, senior division, date of enactment; if he completes course; if he continues in reserve status.

Deferred, if enrolls or continues in senior division after enactment; if he completes (Continued on page 12)

Are you courteous, efficient, helpful and friendly with the people you meet from day to day on your job? If so, you stand an excellent chance to win a \$50 cash award during the month of July, or some month to follow.

Announcement of the plan to reward some Hereford employes each month for "Friendly, Courteous Service—Beyond the Point of Actual Duty," was today made by Francis Hardwick, Manager of the Star and Texas Theaters, who are sponsoring the plan and warding the \$50 in cash.

"Judging will be done by a secret committee, composed of several responsible persons, including both men and women," Mr. Hardwick declared. "Everyone, except the boss, is eligible; this includes salesclerks, salesmen, cashiers, soda-jerkers, waitresses, filling station attendants, mechanics, or any other person serving the public in Hereford. No owners or managers will be allowed to compete," he continued.

**Secret Judges**  
In connection with the judging, Mr. Hardwick said that new judges will be secured each month, and that a ballot will be published each week in The Hereford Brand.

"These returned ballots are to be used as a basis for the judges to investigate like employes to be considered," he continued. "If some employes have been especially courteous or helpful to you, the past or happens to be in the future, we invite you to fill out the ballot and mail or bring it to the Star Theater. Following arrival of the ballot, the judges will visit the store where the clerk is employed, during the month, and carefully check on the service offered the courtesy shown by this particular clerk. Your suggested clerk does not win the first time suggested, submit name again. A new set of judges will be selected (Continued on Page 12)

## Hamiltons Pay 25c Per Pound On 100 Steers

Clew Hamilton and son, Price Hamilton, of Castro County, bought 400 head of heifers and steers from the Hutchinson Ranch near Nara Visa, N. M., recently. The cattle sold for 25c per pound and are scheduled for fall delivery. The Hamiltons live on the old Flag Ranch and Hutchinson lives on his wheat farm near Hart.

O. J. Hill sold 19 bulls to the U-B Ranch at Muleshoe and delivered them this week.

Mon Brown of Roswell was in Hereford this week buying bull. He bought five from Lee Coochougher, two from Colby Copyright and one from Bob Higgs.

Elmo Ranch, one of the Jack Fry ranches, under the management of Clay Jones, recently sold four young bull calves for dairy next week to Mrs. Sanford of Amarillo. Mrs. Sanford owns ranches in Texas and New Mexico.

## Lions Club Installs Officers

New Lions Club officers, Sylvester Slagle, Dr. L. B. Barnett, George Graham and Dr. W. L. Edelman, directors, are standing in the rear. W. L. Edelman, secretary, and Wayne Evans, president, are in front, while O. P. Cowart, Tait Twister, and Homer Brundley, Lion Tamer, stand at the sides. John McLean, district governor, is in the center of the installation.

Below: President Evans officially receives the club gavel from McLean.

## "Get Houses Wired," Good News For 174

Construction work started Thursday on 150 miles of short REA extensions, which will bring electricity into 174 rural homes in his territory, Leo Forrest, REA manager, today said. The new construction will total around \$350,000, and will serve customers in Deaf Smith, Parmer and Castro Counties.

New connections resulting from the construction will include 56 homes in Deaf Smith County, 63 in Parmer County and 55 in Castro County. Twenty-two irrigation well connections will also be made from the additional lines. All material for the lines was reported to have been received.

"Have your houses wired and ready," said Mr. Forrest. "If a line has been staked to your house, you will know that you are to be included." He also asked that farmers refrain from plowing up or pulling up stakes used to designate line locations, pointing out that the procedure merely resulted in extra work.

Mr. Forrest said that engineering work and preliminary surveys have previously been made on the project, known to REA as the "P" Section. Contractors started in earnest July 1, and the contract calls for completion within 90 days—around Oct. 1. Included in the construction will be two substations, one immediately south of Friona and the other approximately five miles south of Bovina.

**Expect 1,700 Connections**  
A total of 1,495 consumers were reported by the REA office here, Saturday morning. The present REA lines are strung across approximately 800 miles at the present time. With completion of the "P" Section, now under construction, and of "T" Section, it was estimated that approximately 1,165 miles of line would originate from the Hereford REA, bringing electricity to around 1,700 farm homes in three counties. All projects were expected to be finished before Jan. 1, 1949.

## Paetzold Barley Cuts 80 Bushels; 100-Bushel Oats

J. J. Paetzold, after opening new crop possibilities in this area with successful experiments in growing potatoes, lettuce and carrots, this year reported exceptional yields of barley and wheat. His barley produced 80 bushels per acre on a nine-acre tract, and he has hopes of a possible 100-bushel yield on the oats.

Two years ago, he bought some certified seed of the Reno Winter Barley type in Arkansas. Last year it produced only enough seed to plant a crop for this year. The crop was planted the last of October, on land where a crop of potatoes was harvested earlier. The barley was harvested three weeks ago, just prior to the beginning of his wheat harvest.

Mr. Paetzold believes a 100-bushel would have resulted had he not watered the second time, causing smut to develop in spite of the fact that it had been treated. Paetzold has his (Continued on page 7)

## Bank Deposits Show Million Dollar Jump Over June, 1947

### Fourth of July Offers Variety Of Rodeo Events

A round-up of Fourth of July celebrations scheduled today in neighboring towns included a wide range of choice, featuring rodeos and other activities dear to westerners. Persons wishing to celebrate can start out in most any direction and within a few hours reach a top-notch celebration in full swing.

**"Waddy Week" Rodeo**  
"Waddy Week" opened last Friday in Amarillo and will continue four days, closing Monday afternoon. Both today and tomorrow, the rodeo at 2:30 will highlight the day with barbecue and dances. The Range Riders of Amarillo are the sponsors of Waddy Week.

The Levelland Rodeo Association is featuring a big rodeo for July 2, 3 and 4, at Levelland. The rodeo will include all of the things which make up a Western rodeo, such as saddle bronc riding, bare back bronc riding, bull riding, bull-dogging, calf roping and team tying. Gene Krause, the bull fighter and Scotty Scott with his trick mule will be special performers.

Everyone in the Portales area who plans to celebrate in a big way will go to Elda, which claims to be the only town in that county with a big celebration for the Fourth. The affair will begin Saturday night with a dance at the city square, which will be preceded by a picnic supper and fireworks. The Elda (Continued on page 7)

### "Register Horses, Or We'll Turn 'Em Loose," Say Vets

All persons owning horses now in the VFW-Legion Park were today warned to register their animals, or to come and get them this afternoon.

"The horses will be driven into the Rodeo Arena in the park this morning (Sunday), and will remain in the arena all day," O. T. Higgins, grounds committeeman, said. "Owners may call for them this afternoon, or may register them with the committee and leave them in the park."

"We have been directed by the organization to release all animals Monday morning, unless they have been registered," he continued. "We do not want to turn these animals out on public grounds, but such action will be necessary unless owners cooperate with the registration program."

The committee reported that approximately 50 horses are now running in the park, while only five have been registered.

### Golfers Elect Five Directors

Members of the Hereford Golf Club met last Wednesday night and selected as directors: Jim Kirby, Dr. L. B. Barnett, Ray Conway, J. A. Pitman, all of Hereford, and W. L. Edelman of Friona.

"The finance plan is to secure 100 members at a fee of \$200 each," directors said. All members and interested persons were urged to attend a meeting Wednesday night, July 7, at 8:30 o'clock. The meeting will be held in the county courtroom.

# Hereford Post Office Reaches 'First Class' Status

Reporting the highest financial year in its history, the Hereford Post Office closed its transactions totaling \$244,822.56 when the books were balanced on June 30, ending the fiscal year, Jim Lipscomb, postmaster, reported Saturday.

"This figure includes revenue from all sources," Mr. Lipscomb said. "He pointed out that sale of Savings Bonds, Postal Savings Accounts, and Money Orders were in the over-all figure."

Actual postal receipts in stamps, parcel post, and second and third class postage, also showed large gain, however, with a \$40,857.02 total and Hereford now maintains highest postal receipts to be classed as a First Class office.

"This is the first time the Hereford office has ever reached this point," Mr. Lipscomb continued. "To qualify in the First Class category, it is necessary for an office to show \$40,000, or more, annually in postal receipts; an 18 percent increase over a number of years is also required for a permanent classification," he said.

The Hereford office has maintained a steady growth in postal receipts for the past eight years. Mr. Lipscomb reported. However, 1946, a war year, showed a set down. Receipts for the past eight years follow in tabulated form:

1940	\$19,411.14
1941	\$20,742.30
1942	\$22,053.00
1943	\$27,531.82
1944	\$32,212.40
1945	\$37,672.70
1946	\$33,854.61
1947	\$37,907.16

Money orders for the June quarter for 1947 compare favorably with a \$15,000 increase in 1948. Spanish Americans mailing out money to Mexico showed \$65.00 in 1947 compared to \$364.96 for 1948.

**Post Office Headaches**  
Headaches resulting from the growing pains of Hereford are being experienced by the post office, as well as other businesses. A waiting list of 250 people wanting boxes is on record—and no boxes have been installed since last year. At that time 100 boxes were added, which did not take care of the 1947 waiting list.

The latest business to add a mailing meter machine is the Hereford State Bank, making the third; last year Fraser Milling Company and The First National Bank installed these machines. Counter balancing complaints from patrons on the mail service, Lipscomb urges people to address their mail properly and completely for better service.

"Cooperation from the business houses is especially urged. An up-to-date mailing list will save the business-man money and time, and will enable the postal employes to give better service," Mr. Lipscomb stated.

Newcomers are more cooperative than old times and less demanding, he said. Older residents do not realize the growth and frequently want special services which can no longer be permitted, because of stricter regulations and more people to take service—factors of which a limited personnel will not allow.

Combined deposits of the two banks in Hereford showed a sharp decline in banking house call at close of business June 30, when compared with the previous call on April 12. The total, however, showed more than a million dollar increase in deposits over the June 30 call in 1947, indicating a generally improved condition for the territory.

Total deposits on June 30 were listed at \$7,332,456.86, an amount of \$861,831.75 less than the \$8,194,288.61 total on the April 12 call, which ended the first quarter. On the other hand, the 1948 June 30 total was \$1,162,514.69 more than the call which ended the second quarter of the year on June 30, 1947, which was only \$6,162,942.17 on deposit.

Deposits at this particular time of year cited as always low, due to the fact that many farmers have withdrawn working capital for seeding and harvesting of wheat, which is still at a stage where the income from loans will not be realized for several weeks—and most of the 1948 wheat crop is reported to be going into loans. Numerous farmers, too, had money tied up in potatoes and sugar beets, neither of which will be harvested before 15 to 60 days.

Loans for the two banks totaled \$2,777,872.97 in the June 30 call, which disclosed a decrease of \$154,109.65 under the \$2,931,982.62 total on April 12. This figure, however, was well above the loan total of \$1,716,927.78 at the June 30 call in 1947—an increase of \$1,060,745.19 over the loan total of \$1,716,927.78 at the June 30 call in 1947—an increase of \$1,060,745.19 (Continued on page 7)

## Dollar Day Ads Will Be Found In Sunday Brand

Despite the fact that most people are busy with harvest, Hereford merchants are looking forward to one of the biggest Dollar Days in history when the stores open Monday.

Merchandise in all lines will be featured in the offering here tomorrow, they reported, with heavy emphasis on summer needs and hot weather items. Harvest clothing and harvest needs are also included in some of the offerings.

Dollar Day ads are featured in first issue of The Sunday Brand and will hereafter be included in the Sunday paper, according to plans announced by most merchants.

## Super Rummage Sale Planned By Episcopal Ladies

Women of the Episcopal Church Guild plan a rummage sale in August and are now collecting items to be sold. Members said they hoped to make it the biggest sale of the kind to have ever been staged in Hereford.

Proceeds are to go to the building fund for the new church, which the Episcopal members are planning to build at some future date.

At this time the Woman's Guild is asking that people search their basements, closets and cupboards for items that are no longer used or wanted. "We will be grateful for donations which will make our sale more successful," they said.

THE STATE OF TEXAS,

COUNTY OF DEAF SMITH.

We, the undersigned citizens of Deaf Smith County would respectfully recommend to the voters of this County Selden Simpson for the office of State Representative of this our 123rd Representative District of Texas.

We have investigated the qualifications of Selden Simpson of Amarillo, and we believe that he will make us a good Representative and that he is qualified to take care of the interests of the people of this section in a proper way. Selden Simpson began the practice of law in 1939 and not only has a good educational background, but has been raised in the Panhandle of Texas, and we know him to stand for good Government. He is thorough and will give due consideration to all legislation coming before the State Legislature. Although a young man, he was a Colonel commanding a battalion of infantry in the late World War, with 34 months overseas duty with the 36th Division, and participated in every action of the Division with the exception of the time spent in the hospital after having been wounded, and spent a total of 5 1/2 years in the Service. He is actively engaged in the practice of the law in Amarillo at the present time and knows the problems of this section of the country. We know that you would like Mr. Simpson if he has the privilege of seeing you personally, and he is the type of man who will work diligently for your needs and best interests at all times. We know that you are interested in good Government and that is the reason we recommend that you vote for Selden Simpson on July 24, 1948.

Respectfully,

CARL G. McCASLIN

Wedding of Miss Florene Lloyd And Jackson W. Satterwhite Announced

Mrs. Zephia Lloyd has announced the marriage of her daughter, Florene, to Jackson W. Satterwhite, son of Mr. and Mrs. W. J. Satterwhite of Post. The bride is the granddaughter of Mr. and Mrs. W. I. Valentine.

The simple morning ceremony was read in Clovis, N. M. on Wednesday, June 23, with Mary Anna Whitaker and Lee Johnson serving as attendants. The bride was attired in a Balenciago-Noell original worn with brown accessories. Her corsage was of brown baby-orchids.

Mrs. Satterwhite is a graduate of Hereford High School and attended Texas State College for Women, Denton, and West Texas State College at Canyon. She taught one year in Hereford High School and for the past two years has been receptionist at the Hereford Clinic.

Mr. Satterwhite attended Texas Technological College, Lubbock, and served three years with the 33rd Infantry Division in the Pacific Theater of War. He is now associated with the Indian Drilling Company and United Oil Company in Hereford.

After a short wedding trip the couple has returned to Hereford to make their home.

FAMILY GET-TO-GETHER

A family get-together was held in the home of Mr. and Mrs. D. F. Mathis this week. Mr. and Mrs. Charles Engel and Miss Engel, cousins of St. Louis, Mo., stopped in Hereford en route to California. Mr. and Mrs. A. T. Baldwin and family, and Mr. and Mrs. E. A. Baldwin and family of Brownfield and Mrs. E. H. Mosteller and daughter of Adrian were also guests. Also in the family party was Mr. Mathis' mother, Mrs. D. B. Mathis.

Open House At Zimmermans

The new home of Mr. and Mrs. Don Zimmerman was the scene of a house-warming affair Monday night, when relatives and friends extended congratulations and presented gifts.

The Zimmermans, having moved into the new residence recently, conducted the guests on a tour of the house and refreshments were later served. Mr. Zimmerman is proprietor of the Hereford Hardware Store.

Those attending the get-together were: Messrs and Mesdames Weldon Winget and family, Eugene Noel, W. S. Rice and sons, John Plank and son, David, of Pampa; Mont Baker, H. W. Blymiller, Richard Winget and son, E. J. Zimmerman and family.

Mesdames C. W. Spurlock, P. A. Winget, M. J. Noel, P. J. Eldridge, Louie Olson and Mr. George V. Stambaugh.

Coffee Honors Conroe Visitor

For her sister-in-law, Mrs. J. D. Clayton of Conroe, a recent bride, Mrs. M. T. Rutter entertained with a coffee at her home Wednesday morning. She was assisted by her mother, Mrs. Nedra Creps and Mrs. Howard Hershey, and two nieces, Thelma and Zelma Hershey.

Friends calling between the hours of 9:30 and 11 were served from a table laid with lace and with a corner floral arrangement of pastel shaded sweet peas. Mrs. Hershey presided at the silver service placed at the table. Those attending were Mes-

RUSSIAN INVENTS ARTIFICIAL HAND

MOSCOW.—(AP)—A Russian has invented an artificial hand that a blind man could not tell wasn't real when he shook it, says "Trud." The hand was invented by Victor Kononov who lost an arm in military service. The announcement said the Kononov hand can use a hammer, saw, chisel, wrench or axe. It can also be used in driving an automobile, writing and picking up anything a human hand can raise.

Hundreds of persons are said to be using the Kononov hand, including N. A. Nikitin, the famous circus horse trainer. He carries his whip in this hand.

Mrs. Henry T. Cox of Huntsville arrived Friday to spend several days with friends and relatives here. Mrs. Cox will be remembered as the former Miss Ethel Williamson, home economics teacher in the local school.

Miss Minnie Walker, A. B. Christian, John P. Robinson, N. E. Gass, Henry Hastings, Bub Newell, Ethel Layman, A. C. Hawks Jr., Clyde Cocanougher, G. P. Owen, Vernon Wilson, John Patton, W. F. Born On the Fourth of July

Volume 1, Number 1 of The Sunday Brand makes its initial appearance on July 4, 1948. The historic date, which also marks Independence Day for our nation, was selected in part through deliberation and partly through circumstance.

The factor of circumstance can be attributed to the fact that we have for several months felt that the substantial growth and development of Hereford and its surrounding territory justified expansion into two weekly publications. Critical shortage of newsprint and lack of sufficient skilled help have made such an expansion impractical until the present time. When conditions did permit publication of The Sunday Brand, along with the Thursday Brand, we carefully chose July 4 as the birthday of Hereford's new paper.

Every American newspaper, large or small, owes allegiance to its nation and to the community which it serves. Fearless, honest reporting of news, plus the courage to stand for those things which it believes to be the interests of justice and public welfare are foremost in the minds and hearts of responsible publishers.

It is easy to see, therefore, why we are proud to publish the first edition: "Volume, Number 1," of The Sunday Brand on the Fourth of July. We pledge the same policies for this new publication which you have come to know and expect in the Thursday Brand.

Eliminate the Polio Threat

Polio presents an increasing threat to residents of this country, especially in Texas and the Southwest. The fact that polio is most likely to strike among children makes it an even greater menace.

With these things in mind, The Brand wishes to commend members of the City Council of Hereford and Commissioners of the four County Precincts, along with other officials who have been active in an all-out effort to curb spread of the disease.

The officials have done their part. The possibility of future spread of polio and other diseases now rests in the hands of the people. We have been encouraged to secure regulation garbage containers, with tight-fitting lids, at low cost from the City.

The officials have done their part. The possibility of future spread of polio and other diseases now rests in the hands of the people. We have been encouraged to secure regulation garbage containers, with tight-fitting lids, at low cost from the City.

If we, as citizens, will show just one-half of the initiative and thoroughness exhibited by our public officials, we can forget the scourge of polio, along with other diseases. Think it over. Let's keep Hereford Clean.

Money no longer talks—it just goes without saying.

Married men have more religion than single men—they believe in a higher power.

Don't get mad at other people because they disagree with you. Remember, it is their right to be wrong.

Laziness grows on people; it begins in cobwebs and ends in chains. The more one has to do, the more he is able to accomplish.—Buxton.

Russians may be striving for world peace, as they contend, but they are clever at hiding efforts.

Clippings from Our Exchanges

In addition to the Humble test well near Garcia Lake, northwest of Hereford, considerable oil activity was reported in Parmer County through the Farwell Tribune, which stated:

"Additional oil activity in this section came to the forefront the first of the week when the Sunray Oil Company began moving equipment in for a wildcat test in the Lazbuddy community, about 20 miles directly east of Farwell.

The legal description is the NE 1/4 of the NE 1/4 of Sec. 23 Douben-Keiter, subdivision, Parmer County, and the land belongs to Finis Kimbrough. Those familiar with the surroundings describe the location as about two miles east of the twin houses on the Farwell-Lazbuddy road.

"Information here in Farwell said that a contract had been signed for a test that will go to 10,000 feet unless oil or gas is found in paying quantities at a lesser depth. The same source said that the Sunray Company was planning 'three or four' tests in this county in the near future. At least ten tests will be made in Parmer and Castro Counties, it was stated here.

"This will be the second deep test made in Parmer County in recent years. The Tharp No. 1 wildcat, drilled about five miles northeast of Farwell two years ago, was abandoned as a duster after drilling to a 10,000 foot depth."

Grasshoppers appeared this week well on the way to becoming a menace in areas below the Caprock. Several exchanges reported on poison activities, including the Shamrock Texan and the Scurry County Times at Snyder:

"Presence of grasshoppers in growing numbers which no control measures have been used continues to pose a threat to crops in Scurry County. Oscar Fowler, county agricultural agent, again warned farmers and ranchers of Scurry County this week as young cotton and feed made good progress.

"Most of the infestation in the area so far is on pasture land, where some protection was afforded for the hoppers through the winter and early spring, but now the pests are invading some fields in the county, Fowler reports.

"Flying grasshoppers are the most numerous, the agent says, and their movement is fast and can become dangerous quickly, it is pointed out."

The City of Happy apparently faces a drastic water shortage, according to a recent issue of The Happy Herald, which reports:

"Due to the critical shortage of water and the City's inadequate supply system, we are asking users of city water to help conserve our present supply. Steps are being taken now to build a system that will fill everyone's needs, but until this can be accomplished, we ask that you please check all water outlets for leaks, use no water unless absolutely necessary, and during extremely hot weather please do not use water to wash cars or irrigate. The fire hazard is great during hot weather and we must hold a supply of water to use in an emergency."

Levelland, like Hereford, is bothered with "growing pains," according to the Hockley County Herald, which reports:

"Following presentation of a petition signed by a large number of voters Monday, the City Commission ordered a special election for Tuesday, July 13, to determine whether or not \$500,000 in revenue bonds shall be issued for the purpose of improving and expanding the water and sewer system.

"Of this amount \$300,000 will be used for the purpose of improving and expanding the sewer system and will be secured solely by the revenue from the system. The other \$200,000 will be used for water improvement and expansion."

Over in Floyd County they are doing something about adapting their soil and water to the most practical crops:

"Keen interest is being manifested by Floyd County as an area suitable for commercial production of tomatoes, cabbage, onions, carrots, lettuce and peppers. A chemist from Southwestern Chemical Company, McAllen, is taking a complete analysis of the soil and water of this area in a study of truck crop possibilities here. Mr. Crowell visited the Parrish carrot fields Tuesday and said the crop appears to be thriving. Parrish has contracted for labor to handle the crop and for marketing concern to ship and market it. Arrangements for ice supply, water, and packing facilities are being negotiated, Crowell said. He is enthusiastic over the possibilities which the new type of farming enterprise may have for Floyd County.—Floyd County Hesperian.

Perryton reports loss of wheat in a fire: Fire consumed 100 acres of Earl McGarraugh's wheat last Thursday afternoon on the McGarraugh land a few miles northeast of Perryton. The fire also spread into an adjoining field and burned about 20 acres of Bill Traylor's wheat.

Two combines were working in the field, and chaff from the front combine blew back on the exhaust of the trailing combine, became ignited and started the field to blazing.

There was a moderate wind, and the temperature was well past the 100 mark, which added in the spread of the blaze.—Ochiltree County Herald.

Collingsworth County is planning a reunion of old timers, and says the Wellington Leader: The annual Old Settlers Reunion will be held Thursday night and Friday, August 19 and 20, Dave Thomas, who is in charge of plans, has announced.

There will be entertainment Thursday night and a barbecue Friday, and anybody who wants to have a part in this annual reunion is urged to get in touch with Mr. Thomas.

He insists that old timers in the county who haven't attended in recent years make their plans to attend this year.

"Begin now to have something to fill your baskets for dinner," he remarked.

Another Letter from

The Bootleg

Philosopher

Dear editor:

I don't know where it came from as I blamed sure ain't gonna be myself by gettin' up off the paper and runnin' out into the yard a paper in these hot summer days but I was sittin' out here Mornin' thinkin' about the situation when my thinkin' dozin' was interrupted by a thing sound and I opened my wide enough to notice a copy of a newspaper butterin' down be me and I debated awhile and cided to go ahead and open my the rest of the way and picked the paper and settled back read where a city editor was b'fin' on a farmer who has made rip-roarin' success of farmin' At least the city editor of the farmer was a success. I cordin' to the editor this far don't 'sit' on the porch or whi at the store. He works 18 hour day, from 5 a. m. to 10:30 p.

"We have always contended this city paper goes on 'til the man can make a go of farmin' he'll keep his eye on the land not on Washington; work, farm particular farm, as nature progressive research dictate, raise his own living before he th of commercial produce."

As I understand this, the city per wants us farmers to keep off of Washington, but do know of any city keepin' its off of that place? It has been experience that farmers are have spent so much time goin' one row and down another keepin' their eyes off Washin' that the cities has gotten pically all the Washington m for diggin' ship channels and bul dams and medical centers airports and highways and so fo, and when some farmer sugges little government help for farm, maybe a gravelled road or electri or a stable price on cotton, the papers throw up their hands horror and tell us it'll under our character. I guess they t stronger characters in cities be most cities I know anything ab not only keep their eyes on Wf but also hire high-powd who they keep their s there and get what's comin' Now I 't goin' into the atment of whether a farmer out to sit on the porch or whittle ase store with or without the con of the city papers. Been ar' that point with my wife for 33 and while I don't know whos won I'm still sittin' on the ph and whittlin' when I please, a I ain't never found a farmer no could work 18 hours a day nd still have time to learn how to farm like progressive research tates, but I would like to asseu who these city papers is kin' when they come out with a prom of workin' 18 farmers 18 ho a day and leavin' Washington to them? If them city editors int somebody to farm 18 hours any, let 'em come out here and clud for me in gonna sit her and whittle and keep an eye on Wh-

Yours faithfully,

I give you TEXAS

By BOYCE HOUSE

What age does a pers have to be before he is condered "old?" Anyone is old who is 1 years older than you are.

When I was on the sta of the Fort Worth Star-Telegan, the lady who was bookkeep had a birthday. A girl who wked in the classified advertis department said, "So todays your birthday! I hope I'm well preserved as you are 'en I'm 35!"

My mother's favorite ory was about a woman who wouldn't tell her age. It was r boast that she had kept it secret since she was 20. A an said, "But someday you will incidentally reveal it." "No," he wom-an replied, "when a man has kept a secret for 18 yrs, she'll never reveal it."

And my mother us to tell about a farmwife up the hills of Arkansas. Every f at harvest time, the men t turns in helping each other th their crops. And when the came to this particular farm, as they sat down for dinner the noon meal, of course, bere they'd had time to take a ngle bite, the farmwife said, "All I believe we'll have enou left for supper!"

In a San Antonio jewelry store window is a clock ad a sign says you don't have wind it nor is it electrically un. It is wound just by the change of pressure in the mosphere. That's what the sign said.

Mark Twain declas that the first time he saw St. Louis, he could have bought a place for only \$5,000,000 and was the big mistake of his e that he didn't do it.

Ceramic tiles, used as floor and wall coverings on many modern church buildings, were found on the walls and floors of the excavated palace of Amen-hotep IV which served as a shrine to the Sun God 2400 years ago in Egypt.

There were 2,800 tractors on United States farms in January, 1947.

More than \$12 worth of fuel is wasted annually by the average farm tractor owner in the United States, according to surveys.

Mosses may look like tiny evergreen trees, roses, ostrich plumes or any of hundreds of bizarre shapes.

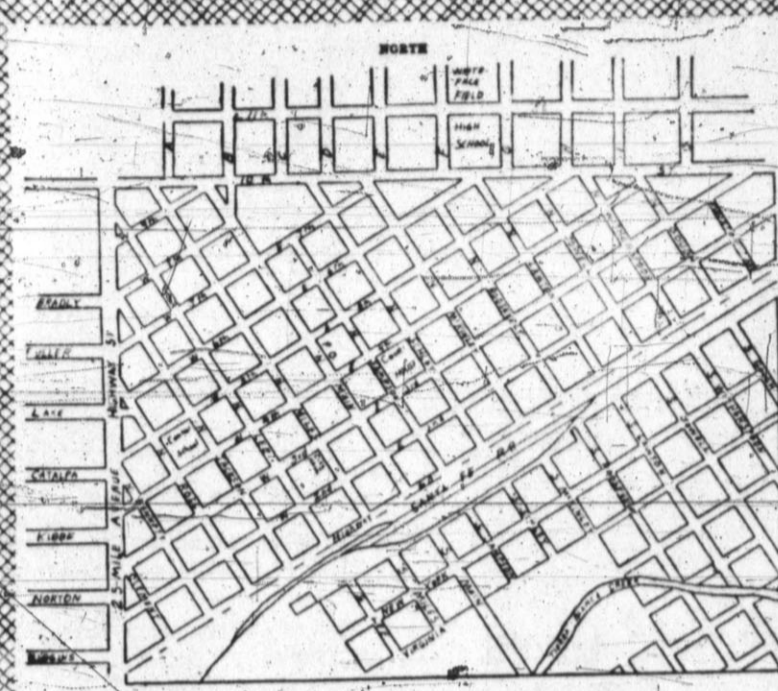

Many mosses still have names given them by Greek botanist Dioscorides and the Roman naturalist Gaius Plinius.

### Masonic Lodge Lists Officers

Installation ceremonies were held for new officers of the Hereford Masonic Lodge Thursday evening, June 24. Frank Terrell served as installing officer and G. T. Higgins, retiring Worshipful Master, served as marshal. Short talks were made by several of the new officers and members.

Officers installed were: W. C. Hromas, worshipful master; Herman Ford, senior warden; J. H. Sears, junior warden; Wes Bradley, treasurer; Robert L. Thompson, secretary; Rev. Roy Ford, chaplain; O. P. Cowart, senior deacon; Charley Nolan, junior deacon; J. W. Robinson, senior steward; Ernest Medsker, junior steward; Bill Phillips, tiller.

The earliest known ceramists, forerunners of modern tile and pottery makers, existed from 12,000 to 18,000 years ago in the Nile Valley of Egypt.

### Gone: One Highway Bridge

With a center section knocked out of this bridge over the Sycamore Creek, 12 miles east of Del Rio, Texas, the city is cut-off from traffic over route 90 to the east. Debris piled high against the downstream guard rails on the bridge indicate the water's depth. The photo shows (at arrow left) how the force of the water moved the bridge several feet off its piers.

### Eta Etas Enjoy Program On Art

Eta Eta chapter of Epistoloma Alpha Sorority, held its regular meeting in the club Monday night. Marie Johnston was hostess.

#### American Art.

A short business session was held after the program and refreshments were served to Adeline Koelzer, Marcie Koelzer, Ruth Pickens, Gwendolyn Springer, Marian Plummer, Bess Hagar, Juanita Kelly, Troyce Hanna, Lillye London, Pauline Loerwald, Frances Young, Jessie Ann Buckner, Virginia Curtinger, Wanda Ward and the hostess.

### Still Few Large Families Left

PARIS, Texas. (AP) — Reports that families throughout the nation are getting smaller, both the editor of the Paris (Texas) News.

The newspaper asked readers to write in about their families. First reply came from Mrs. J. A. Gentry of Petty, west of Paris. Her record is 10 living children and one dead—with all except one married and all living in Texas. Mrs. Gentry adds that she has 15 grandchildren and one great-grandchild.

And Mr. and Mrs. S. R. Batty of Paris, write that they are the parents of 10 children, seven of whom are living. The Batts have 20 grandchildren and one great-grandchild.

High on the record is the reply of Mrs. Edd Penton of Paris. "I am next to the oldest of 15 children," she writes, "and have 10 of my own." They range from 10 to 33 years of age. And she adds, "I am proud of everyone of them."

But, "the biggest" record so far goes to Mrs. Alex Daugherty of Paris.

"I suppose our family of 14 living children and three dead is Texas-size," she mildly states.

She lists the living children as seven sons and seven daughters, all married except one son and one daughter. The youngest is 3 years old. "All live in Texas, too," Mrs. Daugherty adds.

Mr. and Mrs. Newt Gilliland left for Dallas Tuesday after visiting here with his parents, Mr. and Mrs. J. M. Gilliland and other relatives.

They were accompanied by his little daughter, Jean, who has been making her home here with her grandparents, Mr. and Mrs. Henry Hastings.

### Shower Given Recent Bride

Mrs. Herman Gray entertained Tuesday afternoon with a shower complimenting Mrs. Aldon Hawks, a recent bride.

A pastel color theme was featured in decorations with glad-loll and carnations used for floral appointments.

A program of readings and games was directed by Mrs. M. T. Hawks and Mrs. M. S. Roe.

Refreshments were served to Mesdames Floyd Walton, Bess Saulcy, Jack Walker, T. W. Roberson, W. C. Hromas, T. B. Cox, Harold Saltzman, Elmer Combs, Paul Ridd, Guy Lawrence, Grady Wilson, K. C. Merritt, M. S. Roe, H. H. Millard, Bess Werner, M. T. Hawks, Glenn Rutter, C. D. Buck, M. T. Rutter, the honoree, and Misses Betty Sue Walker, Frances Walker, Elaine Cox, Viola Beckman, Maryann Beckman, June Reynolds and Augustin Gregory. Many sent gifts who were unable to attend the party.

**Big Catch**

Dolly Dawn, singer, inspects the tonsils of the first tarpon caught this season from the T-head of the pier in Galveston. The silver king, measuring five feet, 10 inches, and weighing 85 pounds, was landed by John Nuce of Galveston.

**McMillin, Wallace Marriage Rites Performed in Clovis Parsonage**

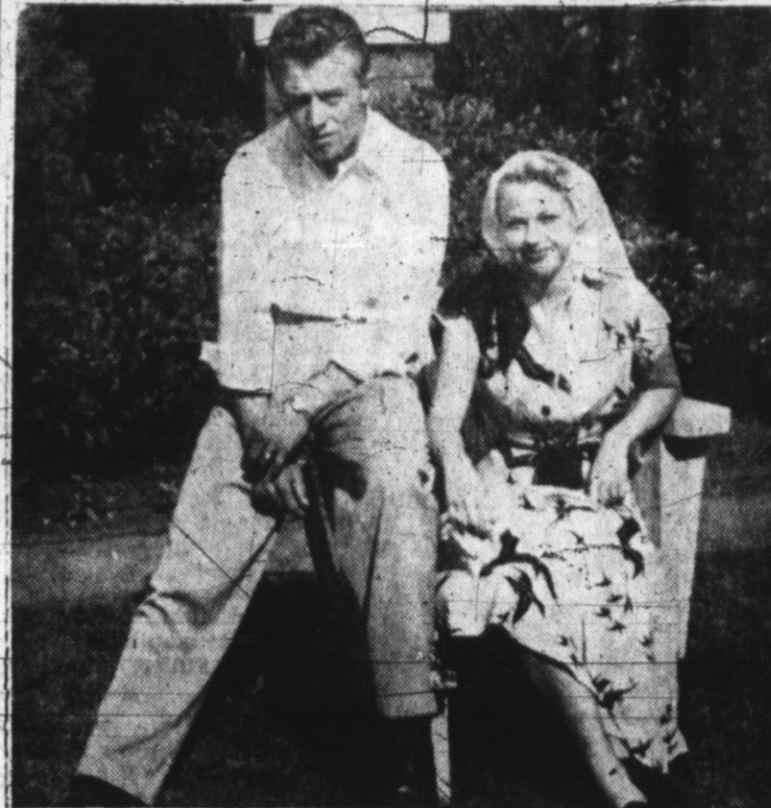

Mr. and Mrs. W. H. McMillin accessories, and immediately after the ceremony the couple left on a short wedding trip to Daingerfield and Texarkana. Mrs. Wallace is a graduate of Dimmitt High School and Mr. Wallace graduated from Walnut Springs High School and attended Baylor University. He served overseas three years with the U. S. Navy. The couple will live in Hollywood, Calif., where he will attend school.

**Yellow Leaves To Green With A & M Formula**

COLLEGE STATION, Texas, July 3.—Shrubs, shade trees or fruit trees in the yard that have yellow leaves on them can be given a little medicine to turn the leaves green again, says Eadie Hatfield, extension landscape gardening specialist of Texas A&M College. To correct the yellow color that comes into leaves about this time of year, add about a pound of coppers and sulphur for every large shrub or small tree. Fertilizers mixed with the soil at the same time will also help prevent yellow formation in the leaves. Spread a vegetable mulch four or five inches deep around the shrubs to keep their roots from drying out when the temperatures soar this summer. The mulch holds the moisture in the soil where the plants can get it. The mulch, spread over an area of several square feet and several square inches thick, will gradually work itself into the ground. Several different things can

be used for mulching plants. Compost, grass cuttings, straw or any other kind of decaying plant material are all good. The grass cuttings are good plant materials furnishing nitrogen and other plant foods. Another advantage of grass clippings is that they help make the soil acid, making iron available to the plants. Most of the Texas soils have enough iron in them, but sometimes it is combined with other minerals and cannot be used by the plants. However, when the soil is made slightly acid, the iron is released and taken up by the plant. In the blacklands, limestone regions and other areas where there is much lime in the soil, the iron may also be present but in combination with lime. This is another case where the iron is not available to plant use. However, ceniza, guajillo and some of the other plants common to West and Southwest Texas need alkaline or lime soils, says Miss Hatfield. Mr. and Mrs. Charles Bell and son Tommy, arrived Friday for a weekend visit with his mother, Mrs. A. G. Bell. They are en route from Hamilton Field, Calif., to Alabama, where he will take a special training course in the Air Corps.

**Singer Visits Home Town**

Anita Gordon, nationally known radio singer, is the honored guest of the Corsicana Centennial Celebration. She was also in Corsicana to help observe the 87th birthday of her grandfather, J. D. Gordon. Earlier in the week she visited her other grandparents in Marshall, Texas, Mr. and Mrs. Charlie Harwell. With the singer is her husband, Dale Sheets, whom she married three weeks ago.

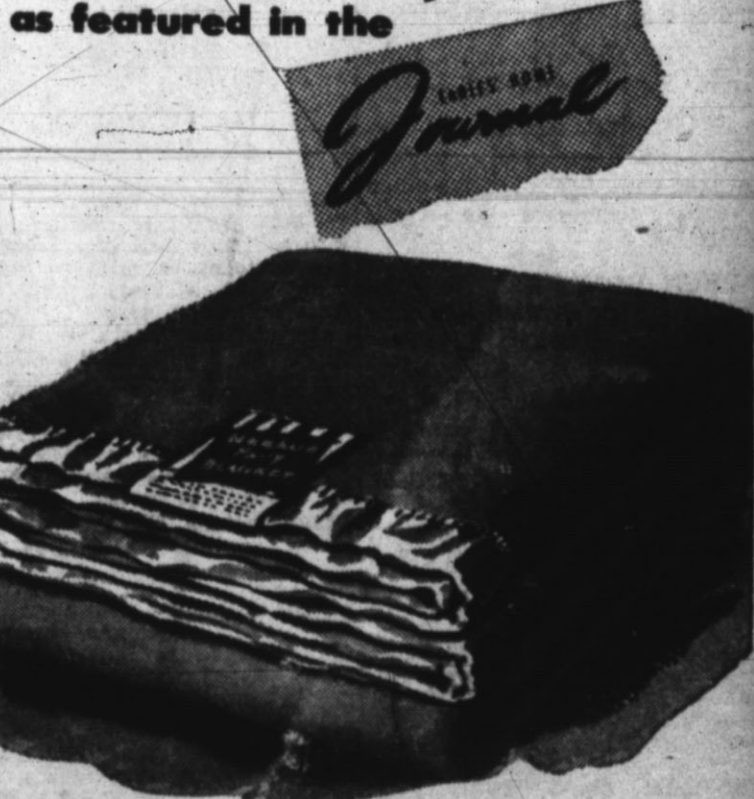

**Your Support Is Invited**

In conducting my candidacy for County Commissioner, Precinct No. 2, I have been privileged to talk with many of you about the problems and duties of this office. ## ANNOUNCING

# THE FIRST MONTHLY SALESMANSHIP Award ... \$50.00 Cash

SPONSORED BY THE STAR AND TEXAS THEATRES

## WHY AN AWARD?

... Because we believe that Efficiency, Intelligence, and Courteous Service by our Salespeople means more trade and better customer relationship for Hereford's businesses.

## WHAT IS THE AWARD?

# \$50.00 Cash Award

EVERY MONTH

## WHO RECEIVES THE AWARD?

... One of the following people will receive this award because of his or her outstanding service as a salesperson: Salesman, Saleswoman, Cashier, Soda Jerker, Waitress, Filling Station Attendant, Mechanic, or anyone serving the public in Hereford. Contestants can win 1st Award Money only once per year, but can receive honorable mention at anytime. EXCEPTION: OWNERS AND MANAGERS NOT ELIGIBLE

## HOW WILL THE WINNER BE DETERMINED?

The winner will be named by a secret committee of civic-minded citizens; selections to be made by survey, based on ballots filled out by customers. Ballots must be signed.

**CONTEST ENDS LAST THURSDAY OF EACH MONTH**  
**WINNERS WILL BE ANNOUNCED AND AWARDS PRESENTED FROM THE STAGE OF THE**

# STAR THEATRE

OR  
FIRST TUESDAY OF EVERY MONTH

NOW IS THE TIME TO GET THAT

## MASSEY-HARRIS

# One-way Disc

with "Roto-Lift"

3 Sizes Available — 4 ft., 6 ft., 8 1/2 ft.

**New**

**You Can Have "Power-Driven Penetration"**

Again Massey-Harris brings you another engineering "first" in the new One-Way Disc with "Roto-lift." This new Massey-Harris power lift raises and lowers the discs only—there is no waste of power in lifting the entire frame. In the Roto-lift design, discs are mounted on a rotating steel pipe mounted on a full length high carbon steel axle. The steel pipe revolves on its fixed axle and this action raises or lowers the discs as desired. There is no sudden drop—the lowering action of the disc gang is fast but gentle. Other time-saving features you'll appreciate are the convenient hand wheel adjustments for leveling and depth control... improved hitch design... easy turning either left or right. Solid construction all the way through with the weight where it does the most good.

Highway 60 — Phone 756

### Thirty Million Hazards Seen On Average Farm

COLLEGE STATION, Texas, July 3.—The goal of the 1948 farm safety program is the elimination of 30,000,000 farm hazards.

"Agriculture ranks third among industries in the number of people per thousand workers killed each year by accident."

"Farm people of the 25 to 40 age group—the most productive group—are most often killed in farm accidents."

"Motor vehicles are the cause of the largest number of accidents on the farm."

These statements were made recently at a meeting of the Texas State Farm Safety Committee when it met on the campus of Texas A&M College to make plans for farm safety week, July 25-31, and to formulate a year-round farm safety campaign.

"With a record like this," E. C. Martin, chairman, told the group, "It's imperative that farm safety be emphasized 52 weeks of the year. It's not a one-week job." Mr. Martin is assistant state agent of the Texas Extension Service.

Accidental death on farms are caused by falls, machinery, animals, motor vehicles, burns or shocks, improper handling of equipment, and falling objects, the committee pointed out. Most of these could be eliminated through "safety consciousness" on the part of every member of the family.

Representatives of the Texas Extension Service, Production and Marketing Administration, Farmers Home Administration, State Board for Vocational Education, Texas Agricultural Experiment Station, Soil Conservation Service, Texas A&M College engineering department, Texas Forest Service, Farmer-Stockman Magazine, Progressive Farmer, and Farm and Ranch attended the meeting.

### \$50.00 Prize

(Continued from Page 1) ed for each month.

**Closes On Thursday**

The judging will close the last Thursday in each month, and the winner will be presented the \$50 cash award on the stage of the Star Theater on the first Tuesday of the succeeding month. In addition, a picture of the winner will appear each month in The Hereford Brand.

Mr. Hardwick said that he would also contact employers of the winning clerk each month with the idea of securing an extra bonus from the store where he or she is employed. He said that merchandise prizes, not to exceed \$25 in value, would be encouraged whenever possible, and suggested that all employers call regular staff meetings to help clerks and assistants in giving better and friendlier service to customers in an effort to establish Hereford as "A Town of Friendly Service."

"It is our hope that everyone will show such interest in the award each month that service in every firm, from the smallest to the largest, will be so improved that people will want to come to Hereford to trade," Mr. Hardwick declared. "We are also hoping that you, as a customer, will mention the award to employees; that you will compliment them when unusual service is offered you, and that you will mail in the coupons from time to time. Only through such cooperation can the campaign be a success."

### Fourth of July

(Continued from Page 1)

Lions Club is sponsors of the celebration.

**Two Reunions Planned**  
Canadian claim to be the original home of the rodeo, and will hold its first big rodeo since the war, going all out to make it one of the best. The celebration starts Sunday at the rodeo grounds with all of the usual rodeo events scheduled. An old settlers reunion will be held, a dance and big parade will open the day Monday. The dance Monday night will close the celebration.

Those who miss these celebrations will have another chance to attend a big affair at Tulla, when the town celebrates its 58th birthday, July 16 and 17, with a rodeo, chuck wagon supper, and other popular Western events.

### Bank Deposits

(Continued from Page 1)

over the loan at that time. When the increased 1948 loan figure of \$1,060,745.19 over 1947, was deducted from the increased deposits of \$1,162,514.69 for

1947, a net gain of \$101,769.50 was disclosed.

Deposits were expected to hit a new high before Jan. 1, in view of the present total which will be supplemented substantially by incomes from wheat, potatoes, sugar and row crops.

### Paetzold Parley

(Continued from Page 1)

own 9,000 bushel elevator on his farm and the 720 bushels of barley is now stored there.

Within a few days he will also store a crop of oats in the elevator. He is equally enthusiastic over results obtained from the oat experiment, where he used Arkansas Traveler No. 1 certified seed.

The oats are now in the shock and are heavily grained. He admits it is the best he has ever seen and conservatively estimates 75 to 80 bushels per acre with a probability of 100 bushels. This crop was planted in early November. The oat seed was bought at the same time of the barley seed in Arkansas two years ago.

### Records Disclose '50-50' Chance Of Marital Bliss For June Brides

June, long considered the month of brides, has for several years been under question. Cupid, it seems, has been engaged in a losing battle with the divorce courts—and the "little guy with the bow and arrow" had his troubles of his own.

Despite records of several years past, however, Cupid found sufficient young hopefuls in Deaf Smith County this year to bring his average up to par. Today, based upon statistics, the chances are fifty-fifty for successful, happy and contented marital bliss.

Records in the county clerk's office show 12 marriage licenses issued, and, strangely enough, 12 divorces recorded for the month of June. Six of the divorces were granted; and six were applied for in June.

There is always the chance, however, of a reconciliation between couples in the six divorces applied for, which would once again establish Cupid head man for the month of June.

### Nation's Most Southerly Oil Well

This oil well, six miles southeast of Brownsville, Texas, is the nation's most southerly drilling well and probably is the farthest south a test has ever been drilled in the nation. The well will be taken to around 14,000 feet, as one of the deepest ever drilled in that part of South Texas.

### BRITAIN HAS PROBLEM

LONDON. (AP) — Britain has been having a hard time finding and registering the graves of its war dead in the Far East. The reason, the war office says, "communal disturbances" in the area in the wake of the war.  
 Gen. C. S. Walker, director of graves' registration, back from a Far Eastern tour, reported "conditions have recently improved" and said he hoped to finish most of the work this year.

# COSCO STOOLS

## THE ALL-METAL LINE FOR EVERY HOUSEHOLD USE

COSCO STOOLS "FIT IN" EVERYWHERE... THEY'RE DESIGNED FOR THE ENTIRE HOME.

- Kitchen
- Breakfast Nook
- Work Shop
- Laundry
- Rumpus Room

AND COSCO UTILITY DESIGNING AND MODERN STYLING ADD TO THE APPEARANCE OF ANY ROOM!

EVERY COSCO STOOL Has these Features:

### 1. EXTRA WIDE BASE

The widespread legs of COSCO stools form a stable base for reaching high. Rigid, interlocking construction is featured.

### 2. SUPPORTS OVER 1000 POUNDS

Tests prove that all-steel COSCO stools will support more than 1/2-ton without weakening or deflecting. Six big men on a single stool!

### 3. ROUNDED CORNERS AND LEGS

No danger of snagging hosiery, clothing, or cutting tiny hands. Round-bottom gliders protect floor.

### 4. EASY TO KEEP CLEAN

Any portion of a COSCO stool may be washed with soap and water—and a light coat of good furniture wax will help preserve its luster and beauty.

### 5. NEVER IN THE WAY

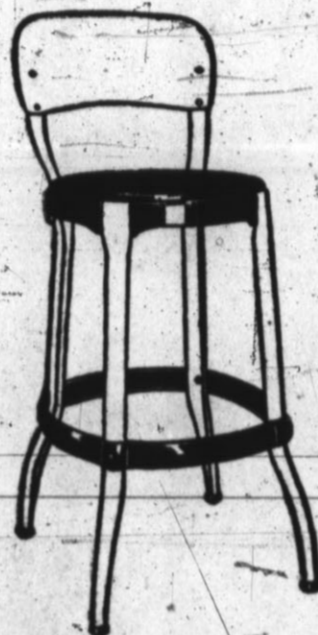

COSCO stools are compact, require only a little floor space while in use. And they can be conveniently kept in closet, corner or under the table.

### 6. AND OH, SO RESTFUL

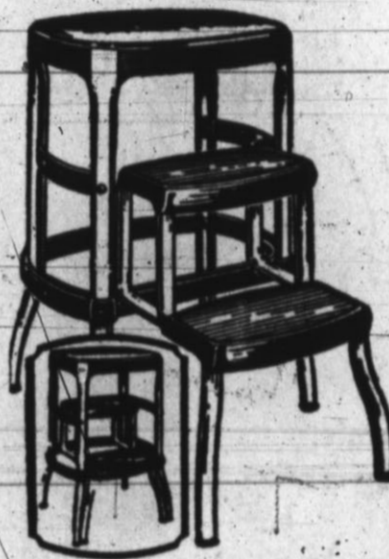

Designed for comfort as well as appearance—form-fitted for restful sitting; some with curved, body-form backs, some with soft, sturdy padding.

### Freeman Infant Buried July 2

Funeral services for four-month-old Sandra Lynn Freeman were conducted at the Assembly of God Church Wednesday, July 2. Rev. R. W. Goodwin of El Paso, conducted the services.

Interment was made in West Park Cemetery, under the direction of the E. B. Black Funeral Home.

Parents of Sandra Lynn are Mr. and Mrs. Mack Freeman and maternal grandparents, Mr. and Mrs. Bill Morton of Hereford.

### Jolly Teens Charm Books

Work on Charm Books was featured at the meeting of the Jolly Teens Horizon Club which met with Gerry Patterson Thursday.

An all-day party at the home of Mrs. Francis Hill is planned for the next meeting with ice cream highlighting the refreshments planned.

Members present were Nelda Guy Lawrence, Mary Boyd, Lola Verne Pitts, Patricia Walton, and the hostess. One visitor, Beverly Parker and two sponsors, Mrs. Francis Hill and Mrs. Elmer Patterson, completed those attending.

### Missing

Miss Virginia Carpenter (above), 21, daughter of Mrs. Hazel Carpenter of Texarkana, remains the object of a three-state search as the result of her mysterious disappearance June 1 from the campus of Texas State College for Women in Denton. A reward fund of \$1,867 has been raised by friends and relatives of Miss Carpenter.

### New Members Are Honored

New members were honored at a tea given by the Woman's Missionary Union of the First Baptist Church Wednesday afternoon at the church.

Receiving the guests were Rev. and Mrs. R. H. Cagle, Mr. and Mrs. Bob Lawrence, Mrs. George Graham, WMU president, and the circle chairmen, Mesdames Jim Lipscomb, G. P. Owen, Jack Kirksey, Nelson McRight and S. B. McLallen.

An interesting program entertained the guests, including piano music given by Mrs. Bob Lawrence, a reading by Mrs. Carroll Whiteside and a vocal solo sung by Mrs. Paul Harvey, with piano accompaniment by Mrs. Frank Watson.

Mrs. George Graham spoke on "What Is the Woman's Missionary Union?" telling of the work of the organization in the church and stressing its moral standards.

Approximately 55 guests were registered.

**8,000-YEAR-OLD MUSIC**  
LONDON.—(AP)—"Lutes," believed to be the world's oldest musical instruments, will be shown here next fall in an exhibition of Danish art treasures. Exhibits nearly 8,000 years old will be included in the three-month display, which begins at the Victoria and Albert Museum Oct. 25 with the title "Denmark's Art treasures through the ages."

### MARKETS

(USDA)—Strength or firmness on some products varied but generally dull to weak farm market during the past week, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Hogs advanced largely \$1 to \$1.50, including Monday's rise of 75 cents to \$1. Good and choice medium weight butchers sold up to \$27 at San Antonio, \$27.50 at Fort Worth, and \$28.50 to \$29.50, at other Southwest terminals. Most markets took sows at \$22 to \$23.50 or a little better.

Texas sheep markets showed net gains of around 50 cents for the week, but Denver averaged some decline. Medium and good spring lambs brought \$20 to \$22.50 at San Antonio, \$25 to \$26 at Fort Worth, and \$27 to \$30 at Denver. Oklahoma City paid \$29 for top spring lambs, while good and choice lots made \$30 at Kansas City. Average French combing Texas wools began to move to manufacturers at around \$1.60 per clean pound.

Cows and calves sold \$1 to \$2 lower at Houston, and as much as \$1 lower at Kansas City and Denver. Medium grass steers went down some at San Antonio. Other southwest cattle and calves averaged around steady to 50 cents higher. Common and medium cows turned

Monday at \$15.50 to \$18.50 at Houston and San Antonio, and ranged from \$17 to \$21.50 at Fort Worth, Wichita, and Kansas City. Oklahoma City paid \$20 to \$23 for medium and good grades, and Denver took common to good grade from \$19 to \$23.25.

Current receipt eggs sold generally unchanged at close to support levels. Top quality eggs held especially firm at premium prices. Poultry markets continued firm also. Spring chickens moved mainly at 40 to 42 cents a pound, and heavy hens at 25 to 28. Denver paid up to 30 cents for heavy breeds, and New Orleans to 36.

Tomato shipments from East and North Texas dropped off sharply over the weekend, after heavy loadings for several weeks. Prices to growers were on the down grade. Fort Worth received liberal supplies of watermelons and cantaloupes at lower prices, but green beans, cabbage, spinach and bunched vegetables remained scarce.

New crop sorghum grains from South Texas pushed prices down 25 to 33 cents a hundred since a week ago. Oats lost 11 to 12 cents a bushel, and barley and yellow corn fell 2 to 6 cents. Wheat closed unchanged from last Monday, and white corn recorded the only gain of 3 1/2 cents. No. 2 yellow milo closed Monday at \$2.92 to \$3.10 at Texas common points, and white oats \$1.17 to \$1.19 at Fort Worth. Seasonal dullness gripped rice markets during the past week

and interest centered on the excellent crop conditions which prevail. Most feeds showed little change, but oilseed meals and meat scraps made general advances. Hay found increased demand. Prices held firm on scarce peanut supplies.

Cotton declined \$3 to \$5.50 a bale for the week. Spot middling 1 1/8 inch closed Monday at 36.15 cents a pound at Dallas, 35.80 at Houston and 35.90 at Galveston and New Orleans.

### A REPORT TO OUR CUSTOMERS...

### WHAT WE ARE DOING TO INCREASE OUR GAS PIPE LINE CAPACITY

#### TWO NEW SOURCES OF SUPPLY ARRANGED

We have signed an agreement with El Paso Natural Gas Company to purchase gas from that company at two points. Barring unforeseen contingencies, this gas, which will benefit all towns on our system, will be available by November 1, 1948.

Thus, by next winter, we will be receiving natural gas from FIVE sources, as follows:

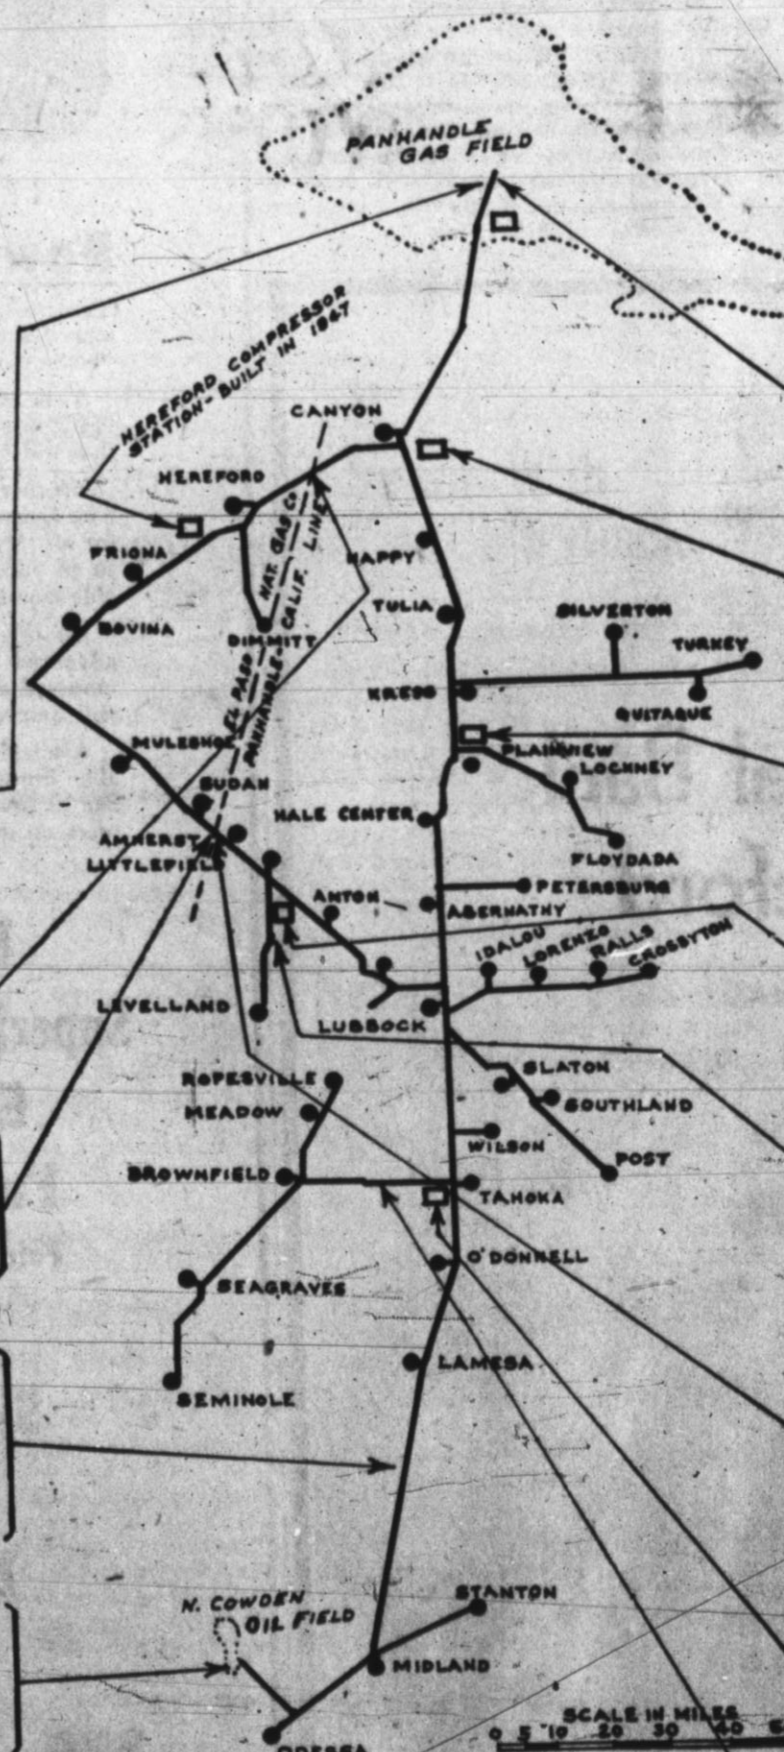

1. From Panhandle Gas Field, through our own transmission lines.
2. From El Paso Natural Gas Company line at point of intersection with our line near Hereford.
3. From El Paso Natural Gas Company line at point of intersection with our line near Amherst.
4. At a point 25 miles south of Lamesa, from Empire Southern Gas Company, whose line from Andrews County to Big Spring intersects our line there.
5. From Cities Service Oil Company's Compressor Station in North Cowden Field, Ector County.

We are conducting investigations and studies which may result in our tapping still more sources of supply.

#### NEW FACILITIES TO BE INSTALLED ON PIPE LINE SYSTEM

Here are the new facilities expected to be installed before next winter, with estimated month of completion.

1. Near Turkey Creek Compressor Station will be installed a 300 hp. booster compressor. (September.) Main plant is 2350 hp.
2. At McSpadden Compressor Station: three more 400 hp. compressors, increasing capacity to 2850 hp. (July.)
3. At Plainview Compressor Station: one more 300 hp. compressor, increasing capacity to 2400 hp. (December.)
4. At Littlefield Compressor Station: one 80 hp. compressor, to increase capacity to 330 hp. (August.)
5. Between Littlefield Compressor Station and Whitharral: nine miles of 6 1/2-inch pipe will replace 3 1/2-inch pipe. (4.4 miles June; remainder when pipe now on order is received.)
6. From Littlefield to point of intersection with new El Paso Natural Gas Company line: ten and one-half miles of 8 1/2-inch pipe will replace 4 1/2-inch pipe. (Pipe expected in July; will be installed soon as received.)
7. At Tahoka Compressor Station: one more 300 hp. compressor, to increase capacity to 790 hp. (September.)
8. Between Tahoka and Brownfield: two miles of 6 1/2-inch pipe will replace 4 1/2-inch pipe. (Pipe on order; will be installed soon as received.)

**Around Town . . .**

(Continued from page one)

A last minute check revealed that the opening date for Hereford's new swimming pool is still not definite. Probably sometime this week, around July 9 or 10, Mayor Dameron said. Contractors have not given a definite date, however.

Hereford was well represented at the Christmas Birthday Party sponsored by Columnist Lewis Nordyke of the Amarillo News last Sunday. Among those attending from here were: Mrs. Maurice Tannahill and family; Mrs. Jack Wright and Mrs. Cecil Lady, both belong to the Christmas Birthday Club.

Kelly Gray was host this week to the boss' kids, when three of the J. T. Rutherford children visited at his farm in the Westway community. They were Glenna, now Mrs. W. A. Pencil of Hutchinson, Kan.; James R. Hutchison of Jackson, Miss., and Beulah Lee, now Mrs. Carter of Amarillo. The group recalled the day when Kelly worked on the Rutherford Ranch in 1900. Kelly says he well recalls helping get the kids ready for bed, complete with foot-washing, which was quite a factor when the children went barefoot.

Something new has been added at the Gulf Service Station operated by Arthur Thompson across from City Hall. A new machine which will compare with Bob Fullwood's turntable affair, tells all about the wheels of your car when you drive into the station, including whether they are in balance and in line.

A not-so-good result of the mechanical age in which we live was the near-loss of a toe by Ellen Carter this week. Ellen was doing some grass cutting with an electric lawn mower, and stuck her toe where the grass is supposed to go; she missed several days of work, but was back on the job Friday and Saturday. Her friends avow that she drives a car like an airplane, holds a pilot's license, and generally knows more than most men about machinery—but they are at loss to understand how she could almost lose a toe in a lawn mower.

Mr. and Mrs. H. A. Lamm this week moved to Hereford from Canute, Okla., following purchase of Breitling Jewelry Store. Mr. Lamm is a war veteran and was a bank cashier before becoming a jeweler. Mrs. Lamm is searching for a house so they can move their two children,

**Friona Bride and Groom**

Slicing the cake above are Mr. and Mrs. Robert E. Cleveland after their marriage in Friona Tuesday. The bride is the former June Maurer, daughter of Mr. and Mrs. Carl Maurer of Friona. Complete story will be found on page 1, section 2 of this issue.

Robert, age 11, and Laura Jane, age 9, to Hereford.

**Draft Digest**

(Continued from Page 1)

Miss Thelma Wright of Amarillo is another new comer. She has been added to the office staff of Jas. W. Witherspoon. She took over the new job Thursday, July 1.

Lyndon Johnson headquarters in Amarillo just called to report that Del Graham, Rt. 1, box 10, has been appointed Dear Smith County campaign manager for Johnson in the race for U. S. Senate.

**ON THE MARCH**

The Oliver Corporation, a Company Formed by Some of the Great Pioneer Names in Agricultural Equipment, in 1948 Begins Its Second Century of Service to the American Farmer.

One Hundred Years Ago John Nichols founded a blacksmith shop at Battle Creek, Michigan, which was to become the Nichols & Shepard Company, manufacturers of the early threshing machines which helped to develop the broad wheat fields of the West, and holder of Corporate Charter Number One in the State of Michigan.

Other Pioneers, Hart-Parr Co., American Seeding Machine Co., The Oliver Chilled Plow Works, Ann Arbor Machine Co., and the Cleveland Tractor Company were founded and grew because each offered value in reduced labor or increased production at lower cost to its customers. All are members of the Oliver Family today.

Historians look back with interest upon the technical improvements and inventions of this industry which played so large a part in the development of American agriculture. The Company, however, looks forward, not backward over a hundred years past, but "Beginning the Second Century" to realization and acceptance of the responsibilities which lie within the years ahead.

The past is of value only in terms of the experience gained. The first successful sulky plow, the founding of the tractor industry, the cylinder thresher, the furrow drilling of wheat, and other farm practice landmarks developed by the component companies of The Oliver Corporation all helped the Company to learn to serve its customers better. The same inventive spirit and drive to make more productive and economical equipment combined with the resources of today's Company, should make this second century even more rewarding for Oliver's customers.

To Continue Such Progress During the Coming Years, Oliver Is Pledged to Continuous Research in Field and Factory Directed Toward the Development of New and Better Products—FOR YOU!

## Hereford Has Three Active Garden Clubs

The foundation for a county-wide beautification program was laid with the organization of the Hereford Garden Club on Oct. 29, 1937. It was a small and non-pretentious organization, for less than a dozen women were in that first meeting. But these public-spirited individuals felt the need of co-ordinated effort in making Hereford a more beautiful and a more desirable place in which to live.

Mrs. Homer Brumley was named the first president and during the next two years she assumed the duties of program chairman, and for a time, secretarial responsibilities. Through Mrs. Brumley's determination for the organization to grow the club survived. Today, Hereford has three garden clubs, all with full memberships. They endeavor through concerted effort to make Hereford more beautiful and to educate the public to appreciate and enjoy horticultural beauty.

Because the Garden Club affects the home so vitally, and is conducive to the health and happiness of the family, it finds favor with men as well as the women. There were three men who worked with and assisted the members during the first few months of the club's existence. They were the late Harry Rice and C. H. Dyer, flower-loving, civic-minded men, and F. M. Kester, whose hobby is cultivating beautiful flowers.

The year of 1938 was a busy year for the club. Much diligent labor and initiative were required to make the events of the year possible. The first yearbook was published in 1938. And in March the club joined the Deaf Smith County Federation of Women's Clubs. Attempting to catch the interest of rural women, the club name was changed to Deaf Smith County Garden Club.

The first annual flower show was staged in the Baptist Church in connection with a luncheon meeting of the County Federation. It was a very small beginning, but the public display and its approval, when time came for the show in 1939, more members offered their assistance. The show was unveiled Sept. 29 in the Southwestern Public Service room. There were 218 entries and 325 guests registered.

Mrs. N. E. Gass was president in 1940, and she was re-elected in 1941. Deaf Smith County was the center of the dust bowl in 1940. The entire Panhandle remembers November of 1940, when the area was caught in a freak ice-storm. Garden Club members, as well as everyone else, saw their carefully tended trees and shrubs broken and destroyed. Despite the discouraging elements, the Garden Club grew in membership and in interest. The third annual show was in the Brumley-Woodford Building, with 390 entries and 421 registrants.

Adopting the motto, "Civic Beauty Is a Public Duty," the club expanded and members voted to join the Texas Federation of Garden Clubs, Inc. For brevity, the name was changed again, and the club has since been known as the Hereford Garden Club. The 1941 Annual Flower Show was displayed in the Kellner building on Main Street. There were 309 entries and 852 guests. In connection with the show, a yard and garden beautification contest was presented.

The Hereford Garden Club began its sixth year of existence in the spring of 1942, with Mrs. Ralph McCullough, now of Amarillo, as president. There were 35 members. The club had definitely begun to grow, pilgrimages were included in the club's programs, and each year was a project for the beautification of Hereford was adopted. A three-fold project was sponsored in 1942—(1) beautification of vacant lots, (2) eliminating unsightly corners, and (3) a drive for better sanitation.

In 1943, Mrs. Lyle Blanton was elected president. Authorities on gardening problems were featured as guest speakers during the year, and the state president, Mrs. C. E. Beavers of Wichita Falls, was entertained. All departments of the work were extended, and, in order to make the greatest possible contribution to the community, members planted victory gardens. The annual flower show acquired an added interest with the public invited to participate. Maintaining current "victory" themes, a food show was featured. The show was held in the Southwestern Public Service Building, and 416 flower-lovers registered.

Mrs. A. L. Manjeot was club chief in 1944-45. And for the first time the club achieved qualifications for a standard club. The president attended the state convention in Fort Worth. An intensive study of the creative art of flower arranging was featured. Many members acquired skill in making corsages and many of the various flower arrangements.

Through a group plan, the Hereford Garden Club ordered 7,000 gladiolus corms and they were planted under the supervision of the horticultural advisor, Mrs. A. C. Thompson. Mrs. Thompson has more than 700 different varieties of gladiolus in her own garden. Thousands of blossoms were cut at blooming-time and members of the club decorated churches and other public places with arrangements of gladiolus.

The chrysanthemum was adopted as the club flower and 500 plants were ordered and planted under the direction of Mrs. J. P. Slaton. Planting and growing profusions of blooms, as near perfect as possible, for the flower show was new. The club decorated churches and other public places with arrangements of chrysanthemums was adopted.

(Continued on page 7)

## Flower Displays, Inspection Tours Scheduled For July By Garden Club

Flower lovers are looking forward to the engaging plans of the Hereford Garden Club which the month of July holds in promise.

The Gladioli Display held in business houses Saturday was the first of a series of horticultural events open to the public, and which in sheer beauty of color and example of perfect specimens will not likely be surpassed in the other showings.

Today, July 4, the gladioli goes to church. Every church in Hereford will have an altar arrangement featuring gladioluses. Garden Club members assigned to arranging the flowers are: Mrs. Roy Crutchfield, Seven Day Adventists, Saturday morning; Mrs. F. M. Kester, First Methodist Church; Mrs. J. P. Slaton, First Christian; Mrs. W. C. Hromas, Baptist; Mrs. Leroy Aven, Avenue Baptist; Mrs. John Ribinson, Church of Christ; Mrs. E. W. Harrison, Assembly of God; Mrs. E. E. Fridley, Presbyterian; Mrs. Will S. Kerr, Catholic; Mrs. John N. Jacobsen Jr., Nazarene; and Mrs. George Heard, Lutheran and Episcopal churches.

**Placement Show**

On Friday, July 9, gladioli will grace homes which will be open to the public from 9:30 to 12:00 noon. The W. C. Hromas home, 108 "B" St., has been scheduled as the first home to be visited. There, arrangements contemporary with the 18th century furnishings will be featured and the garden viewed.

At the W. S. Fluit ranch-style home, 1036 25-Mile Ave., the Western influence will be noted and modern arrangements in a modern setting will mark the A. V. Hendrick home on 311 W. Eighth Street.

The final showing will be at the home of Mr. and Mrs. Jim Black, 511 W. Third, with arrangements in keeping with period furniture. Refreshments will be served in the lovely garden at the Black home. Further activities of the club for July include the sharing of all the beautiful flowers, scientifically grown and cared for in gardens of members. Those who are shut-in, sick, or perhaps just lovers of beauty and art, are includable in the program. Mrs. A. L. Manjeot is general chairman.

Hundreds of "glads" have been planted, just for the July program, and as nearly as possible, only the most perfect specimen of its type will be used.

So, July is a month of excellent promise for those who appreciate the fine art of growing beautiful flowers.

## Marjorie Alderson Becomes Bride Of Claude L. McGowen Jr. Monday

The marriage of Miss Marjorie Alderson, daughter of Mr. and Mrs. Tom Alderson, to Claude L. McGowen Jr., formerly of Clarendon and now of Hereford, took place Monday evening in the Methodist Church parsonage with Mr. and Mrs. N. E. Milburn as the attendants.

Rev. Don Davidson, pastor, read the service before the mantle in the living room.

The bride wore a navy blue and white print silk frock with white picture hat. Her accessories were in black.

The couple will make their home on a farm one and one-half miles northwest of Hereford. Mrs. McGowen has been employed in her father's store, The Alderson Variety Store, for the past several years.

## June Maurer and Robert E. Cleveland Open House for Golden Anniversary Are Wed Tuesday in Friona Church

The wedding Tuesday afternoon of Miss June Maurer, daughter of Mr. and Mrs. Carl C. Maurer, and Robert E. Cleveland, son of Mrs. T. H. Cleveland of Anniston, Ala., captured social attention in Friona this week. Rev. Thomas Dick, pastor of the Colorado Springs, Colo., Congregational Church, and close friend of the bride, officiated.

Marriage of the couple took place in the Congregational Church before the altar arranged with a background of palms, intermingled with white gladioli. White tapers burned in flanking candleabra.

Preceding the ceremony, Miss J. C. McCracken of Hereford, pianist, played a prelude of nuptial music and provided accompaniment for Harley Bulls of Earth, who sang, "All the Things You Are," and "The Lord's Prayer." Mrs. McCracken also played the traditional Lohengrin and Wagner Wedding marches.

Caught with white flowers and carried a showered bouquet of white gladioli and stephanotis. Mrs. Maurer, mother of the bride, wore a gray crepe dress high-lighted with pink accessories and corsage of pink carnations. Mrs. Cleveland, mother of the bridegroom, wore a rose crepe dress with black accessories and a corsage of white and pink carnations.

Mr. and Mrs. Maurer received the guests at the reception held at the Friona Woman's Club House and presented the bridal couple and members of their wedding party.

Mrs. John C. A. Lynn and Miss Doris Ann Lange presided at the guest book and Mrs. Harold Lillard and Mrs. Ray Hurst presided at the bride's table to serve the wedding cake and punch.

The table was done in a pastel and blue bridal motif featuring white carnations and lighted by white wedding tapers in blue candleabra. The centerpiece was a three-tiered wedding cake topped by a miniature bridal couple.

Leaving Friona, after the wedding for a short trip to points in New Mexico, the bride traveled in a brown linen cape-suit with aqua-print top, and she wore a corsage of white orchids.

The couple will return to Chicago, Ill., where both are students at the University of Chicago. Mrs. Cleveland is working toward her master's degree and Mr. Cleveland, a theological student, is studying for his Ph. D.

Mrs. Cleveland graduated from Friona High School and attended Drury College, Springfield, Mo., the University of Texas, and received her B. A. degree from Colorado College, Colorado Springs, Colo.

Mr. and Mrs. R. M. Gunn, above, are observing their Golden Wedding anniversary this afternoon with an open house. Crocheting is Mrs. Gunn's hobby, while Mr. Gunn believes he would like fishing—if he ever finds time from gardening and raising chickens.

**Attendants**

Miss Shirley Maurer who came from Albuquerque, N. M., where she is a student at the University of New Mexico, was her sister's honor attendant. Miss Jean Crawford and Mrs. Warren White of Lubbock were bridesmaids. The attendants wore identical dresses of white marquisette and taffeta fashioned with taffeta basque and bouffant marquisette skirts. They wore flower bandeau-held by ribbon bands to match their flowers, in their hair and the maid of honor carried an arm bouquet of American Beauty roses while the bridesmaids carried fan bouquets of white marquisette trimmed with American Beauty rosebuds and matching bows.

Little Karen Treider, the bride's cousin, was flower girl. Her dress matched those worn by the other attendants and she carried a colonial bouquet of red roses.

Gaylor Maurer, brother of the bride, served as best man and ushers were Warren White, Lubbock, C. L. Lillard and Wilton Lillard of Hereford.

Given in marriage by her father, the bride wore a traditional wedding gown of ivory-white satin, styled with basque bodice featuring a sheer Irish lace yoke and wristlets embroidered with seed pearls. The full skirt attached to the low waistline of the bodice swept into a cathedral train. She wore a fingertip veil of French illusion Hoover of Pampa.

**Reception**

Mr. and Mrs. Maurer received the guests at the reception held at the Friona Woman's Club House and presented the bridal couple and members of their wedding party.

Mrs. John C. A. Lynn and Miss Doris Ann Lange presided at the guest book and Mrs. Harold Lillard and Mrs. Ray Hurst presided at the bride's table to serve the wedding cake and punch.

The table was done in a pastel and blue bridal motif featuring white carnations and lighted by white wedding tapers in blue candleabra. The centerpiece was a three-tiered wedding cake topped by a miniature bridal couple.

Leaving Friona, after the wedding for a short trip to points in New Mexico, the bride traveled in a brown linen cape-suit with aqua-print top, and she wore a corsage of white orchids.

The couple will return to Chicago, Ill., where both are students at the University of Chicago. Mrs. Cleveland is working toward her master's degree and Mr. Cleveland, a theological student, is studying for his Ph. D.

Mrs. Cleveland graduated from Friona High School and attended Drury College, Springfield, Mo., the University of Texas, and received her B. A. degree from Colorado College, Colorado Springs, Colo.

## Mr. and Mrs. Gunn Mark Golden Wedding Today

Mr. and Mrs. R. M. Gunn, who are celebrating their golden wedding anniversary today with a family reunion and open house, began their life together in the Indian Territory, where there were more Indians than white people. They were married July 3, 1898, in Burneyville, Okla. The bride, who was Miss Emily Richmond, was born in Hood County, Texas, and moved to Burneyville when a child. The bridegroom was born in Morgan County, Missouri, and moved to Oklahoma, near Burneyville, in 1893.

They did their courting on horseback as they would ride back and forth from Sunday school or church or on the midweek play-parties. "Church is a fine place to court," they recall and add, "We met at a singing at the home of the Baptist minister, Rev. John Spencer." It was he who performed the wedding ceremony held in the home of her parents.

They lived with his parents until the crop was gathered, but that fall they moved to a farm of their own. Later they filed on 160 acres near Major, and for five years made their home there. They are not satisfied there and moved to the Creek country, home of the Creek Indians. Their two children, Mrs. Guy Lawrence of Hereford, and Mrs. J. H. Landers of Westway, were born there.

**Came Here in 1934**

In 1934 they came to Hereford and being a farmer, he moved to the Westway community, where they have lived for the past 17 years, operating the Westway store for 15 years. Last October they sold their home in Major and bought their present home at 219 Kibbe Street.

Mrs. Gunn, who is 66 years old, she thinks she likes to crochet better than anything, while Mr. Gunn, 72, thinks he would be a

(Continued on Page 8)

## Sub-Deb Club To Entertain With Annual "Beau-Dance" at Club House

Sub-Deb will entertain with their annual "Beau Dance" on Friday July 16 at the house.

The date, postponed on account of harvest, was set at a meeting of the club held Wednesday at the home of Patsy Slagle. Highlights of the evening will be the presentation of the "beau of the year," selected by a secret committee.

Other activities of the club were discussed at the meeting, including a slumber party to be given soon.

After the session, refreshments were served to Pat Longbottom, Gayle Marie Foster, Jacqueline Newell, Martha Thomas, Mary Cathryn Carroll, Billee Johnson, Mary Louise Grady, Doris Hastings, Linnea French, Cecelia Guseman, sub-deb big brother, Harold Loerwald and the hostess.

## Bluebird Groups Enjoy Two-day Outing At Veteran's Park

The three Bluebird groups of Camp Fire Girls' organization enjoyed a two-day camp at Veterans Memorial Park this week.

Members of the Happy Bluebird group attending were: Mrs. Jack Brown and Mrs. W. L. Davis Jr. leader; Elaine Wagner, Gail Newson, Carolyn Shirley, Jane Curstanser, Donna Jean Woodell, Sallie Sue Kirby, Vella Skypala, Gary Ann Young and Mrs. M. C. Adams, leader.

In the Early Bluebird group were: Mary Sue Suggs, Frances Thomas, Earl Dean Gandy, Alhena Rogers, Carol Higley, Bobby Nell Wilf, Jo Eddy Scott and the leader, Mrs. George Suggs.

## Newlyweds Visit In Hereford

Mr. and Mrs. J. D. Clayton, recently wedded couple, left today for their home in Conroe, after a one-week visit here with his mother, Mrs. J. J. Clayton, and other relatives. Four years in service interrupted his college education, but J. D. will receive his Master's Degree from North Texas State Teachers College, Denton, in June. He is athletic instructor in the Conroe High School.

## Church Council Holds Meeting

Federated Council of Church Women held the June meeting in the Presbyterian Church Tuesday afternoon with five churches represented.

Mrs. D. H. Alexander was in charge of the devotional program which was built around the theme of "Love".

Mrs. Frank Terrell reviewed a story on that theme written by Mrs. Harper Sibley. The forthcoming Pilgrimage to Amster dam, Holland, it's plans, purpose and hopes, was described by Mrs. Mrs. Robert Viegler.

During the business meeting, Mrs. B. F. Cain was named chairman of the nominating committee and new officers will be elected at the next regular meeting on Aug. 31. A special program will be featured at that meeting.

## Susie Woodford Feted At Birthday Party

Tiny bird whistles were given as favors at Susie Woodford's birthday party Friday afternoon, June 25. Her mother, Mrs. Louis Woodford, entertained in honor of Susie's fourth birthday and after "bunny" games were played the candle-topped birthday cake was served to: Mary Beth Gilliland, Sara Gillentine, Tommy K. Robinson, John Graham, David Evans, Wayne Hastings, Joe and Jan Story, Cheri Baker, Helen Sears, Troy Don Moore, Louise Barnett, Bruce Benson, Poyce Gilliland, Craig Griffith, Ruth Ann Allison, Richard and Lyle Patton and the honoree.

Others attending the party were Mesdames Jimmie Gillentine, Wayne Evans, Ralph Hastings, Henry Benson, J. T. Gilbreath Jr., Richard Winget, J. R. Allison, Urin Stray, W. H. Patton and Dennis Baker.

**WICHITA FALLS GUESTS**

Guests this weekend and Mrs. T. E. Bagley, Mr. and Mrs. Wesley of Wichita Falls.

## Mary Jo Mathies To Study Journalism At USC This Fall

Mary Jo Mathies has completed arrangements to enroll for her freshman year at the University of Southern California this fall. Mary Jo is the daughter of Mr. and Mrs. Elmer Mathies.

Miss Mathies graduated from Hereford High School in May. She was a member of Tri-Hi-Y and the Glee Club and was cheer leader for the past two years. She will major in journalism at the Los Angeles school.

Mrs. Mathies and her daughter plan to leave for California the first part of September. They will visit with Mr. Mathies' sister, Mrs. Hubert Dowell, who is teacher in the Reseda public school. Mary Jo will begin matriculation Sept. 13.

## Coke-Party Honors At W. M. U. Tea New York Visitor

Mrs. J. W. Stanford was hostess at a coke-party Thursday morning to compliment Mrs. Louise Tinsley of New York City who is visiting her parents, Mr. and Mrs. F. H. Oberthier.

Guests included old friends of the honoree, who is a former Hereford resident. They included Mesdames F. H. Oberthier, Frances Houston, C. H. Dyer, Harry Seed, W. E. Cameron, Travis Dameron, Colby Conkright, Richard Bernard, C. C. Ferguson, Willie Daniel, Ernest Medkief, Clara McLean, J. P. Slaton and Mesdames Clement Birkmeyer and Mary Dunlap Garrett of Amarillo.

## Hunts Japs And Oil Alike

From landing American troops on beachheads during the war to helping oil companies locate oil in the Gulf of Mexico—is the history of the transition from war to peace for LST's (Landing Ship Tank), such as the one shown above. Much of the machinery aboard is still as secret as that used during the war.

## Germany's Once Mighty Navy Now a Ghost Fleet

Here are the remnants of the once mighty German Navy in Bremerhaven, where they await final disposition. Patrol craft are nested at right, with the tugs and mine sweepers in left background.

## Ed White Sees Parents First Time 28 Years

Ed White returned Sunday from visit of 10 days with his parents, Mr. and Mrs. J. C. White, at Arcadia, Fla., where he had gone out two weeks earlier.

Ed states that the health of his father was greatly improved and he was able to be about home during his father, who is now past years of age, seemed to be enjoying his usual health.

This is the first time Ed has seen his parents for 28 years. He also visited several brothers and sisters.

Ed also visited, and whom he recognized—but several of them failed to recognize him. He found all well and prosperous. (From the Friona Star)

### MODIST LADIES

General meeting of the Women's Society of Christian Service of the Methodist Church was held at the church Wednesday afternoon.

Leo Forrest, president, conducted the meeting and announced that general meetings will be held July. Instead, each circle will have a luncheon and program, and place to be announced later.

Lowery Walker was named porter.

Mrs. also decided to purchase furniture for the personage.

## Friona Nine Beats Clovis 5 to 3 Sunday

The Friona Baseball team, with Jack Anderson as manager, journeyed to Clovis, Sunday afternoon and crossed bats with the National Guards of that city. Friona won with a score of 5 to 3.

The game was hotly contested with each team strictly on its mettle and there was practically no loose, wild or careless playing. The Chieftains are beginning to show what they are in the game, for other teams are beginning to sit up and take notice.

The Chieftains will meet the Las-buddy team on the home diamond, this coming Sunday. This game also promises to be one in which each team will have to dish out the stuff it takes to win.

Get out and see it—You Friona Fans.

Guests Sunday of Mrs. C. P. Cockrell and Mrs. Burl France were Mr. and Mrs. Bryant Caraway of Pampa. Mrs. Caraway is a niece of Mrs. Cockrell and Mrs. France.

Mrs. John Draper, who accompanied her son-in-law and daughter, Mr. and Mrs. F. H. Edwards of Clovis, on a month's vacation trip to the west coast, returned last week. While away, they visited relatives in California, Washington, Oregon and Nevada.

Here from Slaton to visit his parents, Mr. and Mrs. John Draper, are Mr. and Mrs. Gene Draper and family.

**HOGS CALLED GOOD BET**  
DES MOINES. — (AP) — The farmer who breeds for fall pigs this year should be in a favorable position, writes Francis A. Kutish, managing editor of Iowa Farm Science. Hogs appear as the nation's only source for holding up meat output, he says. Cattle numbers have been going downhill since 1945, and lamb slaughter never makes up a very large share of the total meat output.

"The hog-corn ratio is not very favorable today, but things will be different with a good corn crop next fall," Kutish writes. "Odds favor a larger 1948 corn crop than the poor harvest of last fall. Most farmers look at the hog and corn prices at breeding time in making their breeding plans. So we can't expect a sharp increase in hog numbers before the 1949 spring pig crop. That should put the farmer who breeds for fall pigs this year in a favorable position."

**Golden Wedding**

(Continued from Page 1)

good fisherman if he weren't too lazy. He raises chickens, a garden and flowers, but he asserts that he never works unless it is forced upon him. They are members of the Primitive Baptist Church and still attend the Westway church. They have five grandchildren and one great-grandchild.

**Open House Today**  
At an open house held at their home this afternoon, their daughters and a granddaughter, Mrs. Willie Nunnally of Westway, will act as hostesses. Carrying out the anniversary theme, golden waffles and matching table will decorate the refreshment table, which will be appointed in crystal and silver. A decorated three-tiered cake will be featured.

Calling hours are between 3 and 5 p. m., and invitations have been

**VISITORS IN THE DR. BARNETT HOME**

In Hereford for a two-week visit in the home of Dr. and Mrs. L. B. Barnett are Mrs. Barnett's mother, Mrs. J. D. Owens of Tulsa, Okla., and her brother, Jack Owens of Lebanon, Ore.

**PARKING METER CHEATS BLIND MAN**

BUTTE, Mont. — (AP) — Frank Ericson, blind news vendor, says he's sick of competing with a parking meter. The meter is located near Ericson's newsstand and it has the advantage in that it never has to leave the spot for a sandwich or snooze. Ericson says his ears have told him on more than one occasion that someone absent-mindedly took a paper, then dropped the nickel into the meter, instead of the collection box.

**SMALL FRY COMPETITION**

QUINCY, Ill. — (AP) — Larry Long, his top banjo, and his curbstone music-makers were not going to be outdone by mixed choruses from six large high schools. The high school choruses were performing in the auditorium here. Between numbers, Larry and his gang—ranging in age from 3 to 7—filled in with entertainment from their bandstand on the curbstone near the auditorium.

**Announcement Made Of Wedding**

Announcement was made this week of the marriage of Leta Glenn Rutter and Aldon Hawks. The marriage took place in Clovis on May 13. Mrs. Hawks finished high school in Hereford this Spring. The couple plan to make their home in Colorado.

**Leta Glenn Rutter Marries Aldon Hawks**

Mr. and Mrs. G. S. Rutter have announced the marriage of their daughter, Leta Glenn, to Aldon Hawks, son of Mr. and Mrs. A. C. Hawks of Castle Rock, Colo. They were married in Clovis, N. M., May 13. Mrs. Hawks completed her junior year in Hereford High School in May. Mr. Hawks has been working with the local REA.

The couple plan to make their home in Colorado.

Mrs. Bonnie Jean Kelly and Miss Sadie Rigler recently returned from a two-week vacation, which was spent in Los Angeles, Calif. While there they saw the horse races at Hollywood Park, made a trip to Catalina Island, visited San Juan Capistrano, had "Breakfast in Hollywood" at Tom Brennerman's Restaurant and visited many other points of interest on the Pacific coast.

Kenneth Rayzor spent a few hours in Hereford Wednesday with his sister and family, Mr. and Mrs. Charles Newell. He was en route to his home in Los Angeles, Calif., from Texas City, where he attended a reunion held by the W. H.

Mr. and Mrs. Wayne Evans left Wednesday for Dallas, where they spent a couple of days.

BERLIN BELIEVES WESTERNERS TO STAY

BERLIN. — (AP) — Despite a strong Russian propaganda to the contrary, most Berliners believe the Western Powers will remain in Berlin, according to a poll taken by the American Military Government. The opinion sampling was conducted by AMG's information control division in the three western sectors of Berlin — occupied by the U. S., Britain and France — which contain two-thirds of the city's 3 1/4 million population. In October, 1947, 74 per cent believed the Western Powers would not withdraw. Later a Russian propaganda barrage attempted to convince Berliners that the Western Powers were the "splitters" of Germany and had forfeited their right to remain here. To test the effect of this propaganda, the American agency again asked Berliners this spring whether they believed the Western occupiers would withdraw. Seventy-six per cent of those questioned said they believed they would not.

# Scout Council Plans Activities For Local Troops

## Boy Scout Camp Dates Slated At Committee Meet

The Dear Smith County district committee of the Llano Estacado Council, Boy Scouts of America, met in the City Hall in Hereford on Thursday, June 24, at 1 o'clock. Vice Chairman Herman Ford presided in the absence of Chairman Robert Thompson, who was in the hospital.

Chairman Bob Wear of the organization committee reported that he would hold a meeting at Friona of the Troop 56 committee to make an appointment of a new scoutmaster for the troop, and committee men appointed Rev. Sol Morgan as Scoutmaster.

**Camping Dates Set**  
Dates were announced for camps

Troop 52, July 25 to August 1, which will be conducted by Scoutmaster Milton C. Adams at Cleveland, New Mexico; Explorer Post 50 will be holding camp July 18-25 at Antonito, Colorado, in charge of Post Advisor David N. Beavers, and Troop 56, of which William R. Phillips is Scoutmaster, will announce the dates for their camp in the near future.

**Finance Drive Completed**  
Chairman Paul Harvey of the finance committee announced the Hereford sustaining membership campaign had been completed and expressed his appreciation to the workers and contributors for their generous response in membership and time given in the work.

Commissioner Urlin Streu reported on the activities of the units in the district and announced that nine scouts attended the scout round table meeting in June.

W. J. Hiatt, scout executive, announced that plans were being made to hold a Cub leaders' show in Hereford the early part of October.

The meeting was closed with invocation by Bob Wear.

Scouters attending the meeting were: Herman Ford, Bob Wear, Paul Harvey, Dr. M. W. Nobles, Urlin Streu, Nelson Welch of Friona, R. P. Conaway, Guy Lawrence, W. J. Hiatt and Harry A. DeLashmuth, Jr.

Mr. and Mrs. F. M. Lambert arrived Tuesday by plane from their home in Richland, Wash., for a short visit here with his parents, Mr. and Mrs. Frank Lambert, and his sister, Mrs. C. J. Mountz. They were accompanied by their daughter, Lois Jean.

Mr. and Mrs. Urlin Streu contacted business in Amarillo Wednesday.

## Supersonic Pilot Gets Award

Capt. Charles E. Yeager, left, 25-year-old pilot of the XS-1 supersonic jet-rocket plane, is congratulated by Gen. Hoyt Vandenberg, Air Force chief, after he was presented with the Mackay Trophy in Washington. The award is given annually to the Air Force pilot making the most meritorious flight of the year. Yeager was the first human in history to fly faster than the speed of sound (about 760 miles per hour at sea level.)

## It's Ro-Day-O Time--Fish, That Is

Illinois Conservation Director Livingston E. Osborn releases the first prize fish, a big bass, into Nippersink Lake for the Illinois Fishing Rodeo. Mayor Arthur Amundsen of nearby Fox Lake looks on. Hundreds of tagged fish are released for the contest, which runs until Sept. 15, and fishermen catching them collect prizes totaling \$50,000.

## Friona Public Library Is Proposed By Congregational Church Members

At a big pot-luck supper last Sunday night, the Congregational Church proposed a public library. The idea has been harbored for some time. According to the plan, which was partially set forth at the supper meeting, the books would be assembled at the Congregational Church and will be open to the public two or three days a week. The Ladies' Aid Society of the church were mentioned as librarians.

Mr. Walter H. North has offered more than 30 volumes to start the collection. Other members of the church have offered books and everyone is invited to contribute. However, it is hoped that new books, including novels and biographies as well as non-fiction books on science, philosophy and agriculture will be included among the contributions. A book list has been prepared for those who desire an idea of what books one particularly wanted by the library.

The library will be of service to the entire community. The young people are especially considered, because school libraries are closed for the summer.

(From the Friona Star)

## Mr. and Mrs. New Attend Reburial Service For Son

Mr. and Mrs. Ed New went to San Antonio last week to be present at the reburial of the body of their son, Sgt. P. L. New, who lost his life on the field of battle in Europe during World War II. His body was recently returned to the United States.

The funeral was not a military burial, but was in the nature of a private funeral, which was as they wished it. They were well pleased with the services and with the fact that the remains of their loved one now rests in the soil of their native land, America, and in their native state, Texas.

They were accompanied by their son, Ralph New and family, of Dallas, and by their daughter and her husband, Mr. and Mrs. Jack Stanley, of Lubbock.

(From the Friona Star)

The average American consumes about 17 pounds of butter a year.

Spain was ceded to the United States by Spain in 1899. Christopher Latham Sholes is generally considered to have invented the first modern typewriter in 1867.

# Hereford Boasts Three Active Garden Clubs

(Continued from page 1)

Chrysanthemum Exhibit and Tea at the clubhouse in October, 1944, was probably the most outstanding show staged by the club. For the idea of planting and growing a show, the club received a national award. In 1945 the club adopted the rose as its permanent flower, with the purpose of promoting roses in every yard and on all grounds. Elaborate plans were made for the annual show for Oct. 26, but a killing frost shattered the plans. Hence, the 1945 show, with its special tribute to all service personnel, was canceled.

Mrs. John Jacobson Jr. was the club president in 1946, and for a portion of 1947. It was during her term of office that two new garden clubs were organized—the Garden Beautiful Club and the Bud-To-Blossom Club. A Christmas-decorating contest was sponsored by the Jaycees and Garden Club members.

The present president of the club is Mrs. O. G. Hill. Under her administration, the District 1 fall board meeting was held in Hereford. The first of five judging schools was conducted by authorized teachers. The club scrap book, arranged by Mrs. Charles Dones, won first place in the district. The local president received special recognition and a gift for having the largest representation present at the state meeting last fall in Harlingen. Mrs. John Jacobson Jr. and Mrs. Liston Wilson are now state-accredited judges.

This year's planting of gladioli will reach the 1,000 mark. The club will compete for the district award which is being offered by the district councillor, Mrs. Lyle Blanton, as a memorial to her mother, the late Mrs. Christa Eio.

Early in the spring of this year, the establishment of a "Garden Center" and a sinking fund for a clubhouse were adopted as club projects. Other local projects will be sponsored at various times. Members were influential in securing a County Home Demonstration Agent several years ago. They also worked toward reduction of water rates and campaigned for better sanitation.

Their last flower show—a "Song Symphony"—received the highest rating. It was, perhaps, the most nearly perfect show that the club has staged. Honorary life memberships have been awarded to Mrs. J. P. Blanton and Mrs. F. H. Oberthier.

Upon invitation, the fall meeting of the district board will be held in Hereford.

Woven into all the effort to make Hereford more beautiful is one purpose which has been kept upper-

most: "To stimulate the love of gardening, to increase the knowledge of horticulture, and to aid and encourage civic beautification."

Garden Beautiful Club  
June 4, 1946, marked the beginning of the Garden Beautiful Club. It was organized by the Hereford Garden Club and Mrs. Maurice Tannahill was the first president. Mrs. Carroll Whiteside is now president.

Their present project is the beautification of the Camp Fire Hut grounds. A miniature flower show was presented at five-time the past spring in the home of Mrs. N. D. Bluffett Jr. They have twenty-five and anticipate an expansive program for the coming year.

The Bud-To-Blossom Club was organized in 1947, sponsored by the Hereford Garden Club. Mrs. Fred Pierce was the first president and the club project, called "Peony Project", features the annual flower, the peony. Mrs. H. A. Daniel Jr. heads the club this year and an extensive study course is being conducted in preparation for future activities. Preparation for future activities. The club members number 20.

Hereford Garden Clubs  
Three Hereford women were named district officers in 1947. They are Mrs. Lyle Blanton, councillor; Mrs. A. L. Manjeot, vice councillor, and Mrs. Ernest Kerr, corresponding secretary.

Fifty-nine counties constitute District 1, and Mrs. Blanton has assisted in organizing 10 new clubs.

The Hereford Garden Clubs will be hostesses to the annual district convention next year.

## Urban Old Folks May Vote Without Poll Tax Exemption

AUSTIN—Old folks in the city will have the same voting privileges in the July 24 Democratic primary as the old folks in small towns and rural areas of Texas.

This in effect, was the ruling of the Texas Supreme Court in an opinion handed down last week. By a vote of 6-3, the state's highest tribunal held that all persons 60 years of age who failed to obtain poll tax exemption certificates before Feb. 1 may vote in the elections this year.

# Long Time Ago

By CORINNE JENNINGS

Headline stories: "Western National Bank Formally Opened for Business Wednesday, July 1." The Western National Bank (formerly known as the private banking firm of Smith, Walker & Co., opened for business Wednesday, July 1. Directors are G. A. F. Parker, president; J. E. Connell, vice president; and F. E. Fuller, cashier. Capital stock of the new bank is \$50,000. "Has a Good Position." We received a letter this week from an old friend, D. F. Johnson, in which he states he has a fine position at Morenci, Ariz. . . he will have his family join him about the first of next September.

"To enforce Sunday Law." County Attorney R. F. Holloway requests we publish the law concerning Sunday selling of warps. All stores to close between 9 a. m. and 4 p. m. "Hereford Victorious" (baseball game) Hereford and Carlsbad, score 10-2. The same teams

tress, was in town Monday. J. P. Collier came in Monday from his ranch and left on the evening train for Cameron. Mr. and Mrs. J. E. Rhea, who have large ranches in Texas and New Mexico, spent Sunday in town. Mrs. J. M. Mitchell of Eskota, is the guest in the S. Loveless home. Mrs. Loveless is her daughter. Mr. and Mrs. George Irvin were in over Sunday from their ranch in Castro County. C. A. Thomas, an experienced and registered pharmacist of Red Oak, and a graduate of the Dallas School of Pharmacy, arrived Monday and has accepted a position with Burns & Smith. Mrs. E. Douglas Fox of Amarillo visited the past week in the home of her daughter, Mrs. Frank Codgell, and saw another daughter, Mrs. Waldron Melton, who lives in a rural community. Mrs. Fox returned home Thursday.
