### County Orders New Car For Sheriff Office

A new car for the Sheriff's Department was ordered purchased by the County Commission Monday.

It voted to purchase a 1961 Chevrolet from Orsborn-Norwood for \$1920. Charles Seed submitted a bid of \$1837 for a 1961 Ford.

Price on both bids included a 1958 Chevrolet now operated by the Sheriff's Department.

Commissioners also talked for some time with Sheriff Lowell Sharp about operations of his department. They also made a physical inspection of the old jail in an effort to decide the best method of clearing the (Continued on page 2)

### Football Team Banquet Slated

Presentation of the Whiteface Award will highlight the annual Hereford High School Football Banquet in the school cafeteria Saturday night.

About 250 players, their parents and special guests are expected to attend the affair which will begin at 8 p. m. Varsity and B squads will be honored by mothers of players, according to Mrs. Bobby Williams, program committee chairman.

During the program, cheerleaders will present the Whiteface trophy award to the most valuable player on the 1960 varsity team. A special program also is being planned, Mrs. Williams said.

Jim Wiman, president of the Whiteface Booster Club, will be master of ceremonies. Mrs. Edgar Skypala will represent mothers of players in giving the welcome, and James Gentry, captain of the varsity squad, will give the response.

Invocation will be given by Eugene Baldwin, a member of the 1960 team. Mrs. Don Steele is chairman of the decorations committee.

## Scientists Probe The Land In District Survey Of Soil

A standard soil survey is being made in the Tierra Blanca Soil Conservation District. Information gained from the survey includes the type of soil, series, soil depth, texture, permeability and degree of erosion.

Started about two years ago, the survey is being conducted by several soil scientists as time permits from their other duties.

About 400,000 acres have been surveyed to date in the district. Information gained from the surveys is used by local Soil Conservation Service technician

### VFW Needs More Toys For Repair

Collection stations in Hereford are still receiving repairable toys to be given to needy children in Deaf Smith County on Christmas Eve, it was announced this week by Veterans of Foreign Wars Post 4818 in Hereford.

Repairs of toys and distribution will be carried out by VFW members in Hereford. Persons having any repairable toys or parts of toys are asked to take them to any of the following collection stations in Hereford: Lawrence Cleaners, Lamm Jewelry, Jones Texaco Service and the Hereford Brand.

"We need to receive the toys as soon as possible so we will have time to make necessary repairs before Christmas," said Wayne Lawrence, a member of the VFW toy drive committee.

The eighth annual drive for toys was started in October. Toys will be repaired through Dec. 24 at the VFW Hall.

Requests for toys should be made to Jewell Smith, Deaf Smith County Welfare worker. Last year about 575 needy children in this county received toys through the drive.

In October, the annual toy movie was shown in cooperation with Star Theater management. Members of the drive committee include Lloyd Olson, post commander and chairman of the drive, John Green, L. H. Lookingbill and Lawrence.

to help farmers plan conservation cropping systems, irrigation designs, types of suitable grasses, terrace system designs and grazing systems for range-land.

The soil survey is simply an inventory of the farmer's land resources and forms the basis for recommendations to farmers, according to Don Newman, local work unit conservationist. Each farmer gets a copy of the aerial map of his farm plan with the recommendations for treatment of each of the soils he has on his land.

Soil scientists currently working on the survey are Herbert Bruns of Hereford, Bill Chance of Canyon and Luther Geiger of Amarillo.

Starting with an aerial map of the land to be surveyed, one of the soil scientists starts by contacting the landowner for permission to check his soils. This is done if the farmer lives on the farm.

Using the aerial map as a base, he checks the soils as often as is deemed necessary, drawing lines on the photo to separate the various soils by series, types, erosion, etc.

Power equipment now is used to facilitate the work. Formerly this was all done by a sharpshooter spade and hand auger. The power machines are mounted in the bed of standard half-ton pickups.

Each machine consists of a hydraulic mechanism which pushes a tube into the ground to a depth of about 4½ feet. Extent to which a farm is checked by the soil scientists depends upon the pattern and complexity of the soils involved.

The soils are mapped in accordance with a nationwide system of classing soils. Some of the principal soil series which have been established in the Tierra Blanca SCD include the Pullman series, which consists of the large acreage of level hardlands; the Mansaker series, which are the shallow highly calcareous soils; and the Ulysses series, which are calcareous moderately deep soils.

These soils are very similar to soils mapped in other states with the same series name.

Field reviews are made periodically by personnel from the Soil Conservation Service state office to check on the quality of surveys and assist in classification and naming of new soils found during the course of the survey. These personnel include Robert E. Daniell, soils field specialist, Lubbock; Harvey

### \$1000 Bond Set In Forgery Case

Bond for Edwardo Resendez, 23, of San Benito was set at \$1,000 Tuesday morning after he was charged with forgery, a felony offense.

Resendez was arrested Monday in Muleshoe. Arrest was made by Deaf Smith County Sheriff Bill McCarver.

Bond for Resendez was set by Justice Of The Peace C. B. Miles at 11 p. m. Tuesday.

The man was charged in connection with passing a \$42.50 check at C. R. Anthony Co. in Hereford on Nov. 19 this year. The case is pending action of 69th District Grand Jury.

## Borger Bulldogs Win Over 'Faces

Hereford was unable to hold a five-point lead it gained during the third quarter as the Bulldogs from Borger, growled back to a 67-54 victory over the Whitefaces here Tuesday night.

Trailing all through the first quarter, Hereford rallied and went ahead momentarily late in the second stanza. During the third quarter, a scoring outburst put Hereford in front. But the defending 3-AAAA district champions rallied late in the third period and widened the margin during the final quarter to win their opener of the season. Hereford now is 1-3 for the season.

Both teams were frigid from the field as the game opened.

Santa Claus will arrive in Hereford Saturday, Dec. 3, for a huge greeting parade and visits with all the children. His entrance into Hereford at 3 p. m. will officially open the Christmas shopping season.

With a lack of snow probable, Santa has scheduled a secret rendezvous sometime Saturday afternoon with the bright-orange fire truck that is owned by the Oasis Shrine Club of Hereford.

Riding atop the truck, he will be met by the Stanton Junior High School band at Main and Second Street at 3 p. m. for the start of the parade up Main. Ben R. Gollehon will be directing the band as it leads the way along Main from Second to Fifth Street, where the parade will end.

Santa then will go directly to the corner of Third and Main to visit with all his little friends.

Since he will be busy talking with the youngsters, volunteers from four Hereford service clubs will hand out small stockings of Christmas candy in the parking lot behind the First National Bank building.

Helpers will come from the Lions, Kiwanis, Optimist and Rotary Clubs of Hereford. More than 5,000 stockings of candy will be on hand for free distribution.

### Christmas Card Project Starts

The fifth annual Project Christmas Card is now underway in Hereford, it was announced Wednesday morning by the Deaf Smith County Medical Auxiliary.

The community project will be carried out again this season to purchase kitchen equipment at Deaf Smith County Hospital, according to Mrs. L. B. Barnett, publicity chairman.

The project was started five years ago to give residents a chance to send out season greetings through a special page in the Brand instead of sending out individual cards to friends and relatives in the community. General idea of the project, according to Mrs. Barnett, is to place the money ordinarily spent for cards and stamps in banks.

Persons wishing to participate may place money in accounts at either bank or at any of the four super markets in Hereford, where deposit boxes and deposit slips are available.

During the first three years of the project, funds went for the purchase of equipment at the hospital. Last year, funds from the project were turned over to Hereford Community Center.

Each year \$400 of the money collected is set aside for a scholarship fund for the most deserving graduating senior girl in the Future Nurses Club at Hereford High School.

THE LAST MEMENTOS of Autumn were scattered far and wide after the high winds Sunday. A. S. Bell, 506 McKinley, rakes the last fall leaves into an imposing pile after the first "Big Blast" of the season. Bell's task was duplicated by many home owners all over town, all of them muttering to themselves: "This is the last time I'll have to do this this year . . . I hope."

## Youth Finds Out (Hard Way) That Car Won't Beat Police

An 18-year-old Hereford youth who wanted to see if his automobile could outrun a police car was finally stopped by city police 16 miles east of Hereford Tuesday night, according to Hereford Police Chief Henry Aycock.

Charged with speeding and driving without lights by officers after his car was stopped shortly after 11:30 p. m. Tuesday was Tommy Provence, 18, of Hereford.

After he entered a plea of

guilty to both charges in Corporation Court Wednesday morning, Provence was fined \$100. Judge Henry Benson presided in court.

Chief Aycock said the youth had been pursued in the residential section of Hereford and

on Highway 60 before he was stopped by a patrol car.

The youth's car had reached speeds up to 75 miles per hour in the residential section and up to 100 miles per hour on the highway, Aycock said. He (Continued on page 2)

## Around Town

Only 21 days remain to shop before Christmas . . . and that's not very many. But with Santa arriving and the Christmas lights being turned on this weekend, everyone should get into the spirit very soon.

Maj. Merlin Conklin, son of Mrs. Lee Conklin of Hereford, received high praise last week after bringing in a crippled B-52 jet bomber safely, without the use of wingflaps or left outboard spoilers. Major Conklin is a pilot with the 60th Bomb Squadron in Puerto Rico. Five crewmen were aboard the plane.

One of the most interesting parts of last week's story about the Deaf Smith County Electric Cooperative's \$740,000 loan has not been pointed out, according to manager Leo Forrest. Across the nation, some \$5 will be spent for appliances and rewiring by farm residents and commercial users for every \$1 that is spent in construction and improvement of power facilities. This surely does sound like a fertile field for some local businessmen.

La Velea Study Club will have a bake sale and Christmas bazaar on Saturday, Dec. 3, at 307 Main, in Gwynne's addition. (Continued on page 2)

OPENING FOR WORSHIP of San Pablo Iglesia Metodista (St. Paul's Methodist Church) was held at 3 p. m. Sunday at the new mission building, 223 Kibbe St. The \$21,500 all-brick construction was recently built by the First Methodist Church of Hereford. Attending the service were guests from Hereford, Abilene, Midland, Lubbock, Muleshoe, Tulia and Amarillo. The Rev. Vicente T. Moreno is pastor.

## Mission Church Dedicates \$21,500 Building On Sunday

Opening for worship ceremonies were held Sunday afternoon at the new San Pablo Iglesia Metodista, 223 Kibbe St., which was recently built by the First Methodist Church of Hereford congregation.

Consecration services for the \$21,500 building started at 3 p. m. Dr. A. Nance of San Antonio, northern district superintendent of Rio Grande Conference, gave the sermon of consecration.

Also attending the service was Dr. E. D. Landreth, Amarillo district superintendent of Northwest Texas Conference.

Pastor to the church is the Rev. Vicente T. Moreno, who received dedication of gifts at the service.

Started last summer, the all-brick church houses three classrooms, a sanctuary, utility room, kitchen and rest rooms. It was built by C. M. Hicks, contractor, and architect was the Rev.

Hugh H. Hunt.

Guests from Abilene, Midland, Lubbock, Muleshoe, Tulia and Amarillo attended the initial service to be held in the mission.

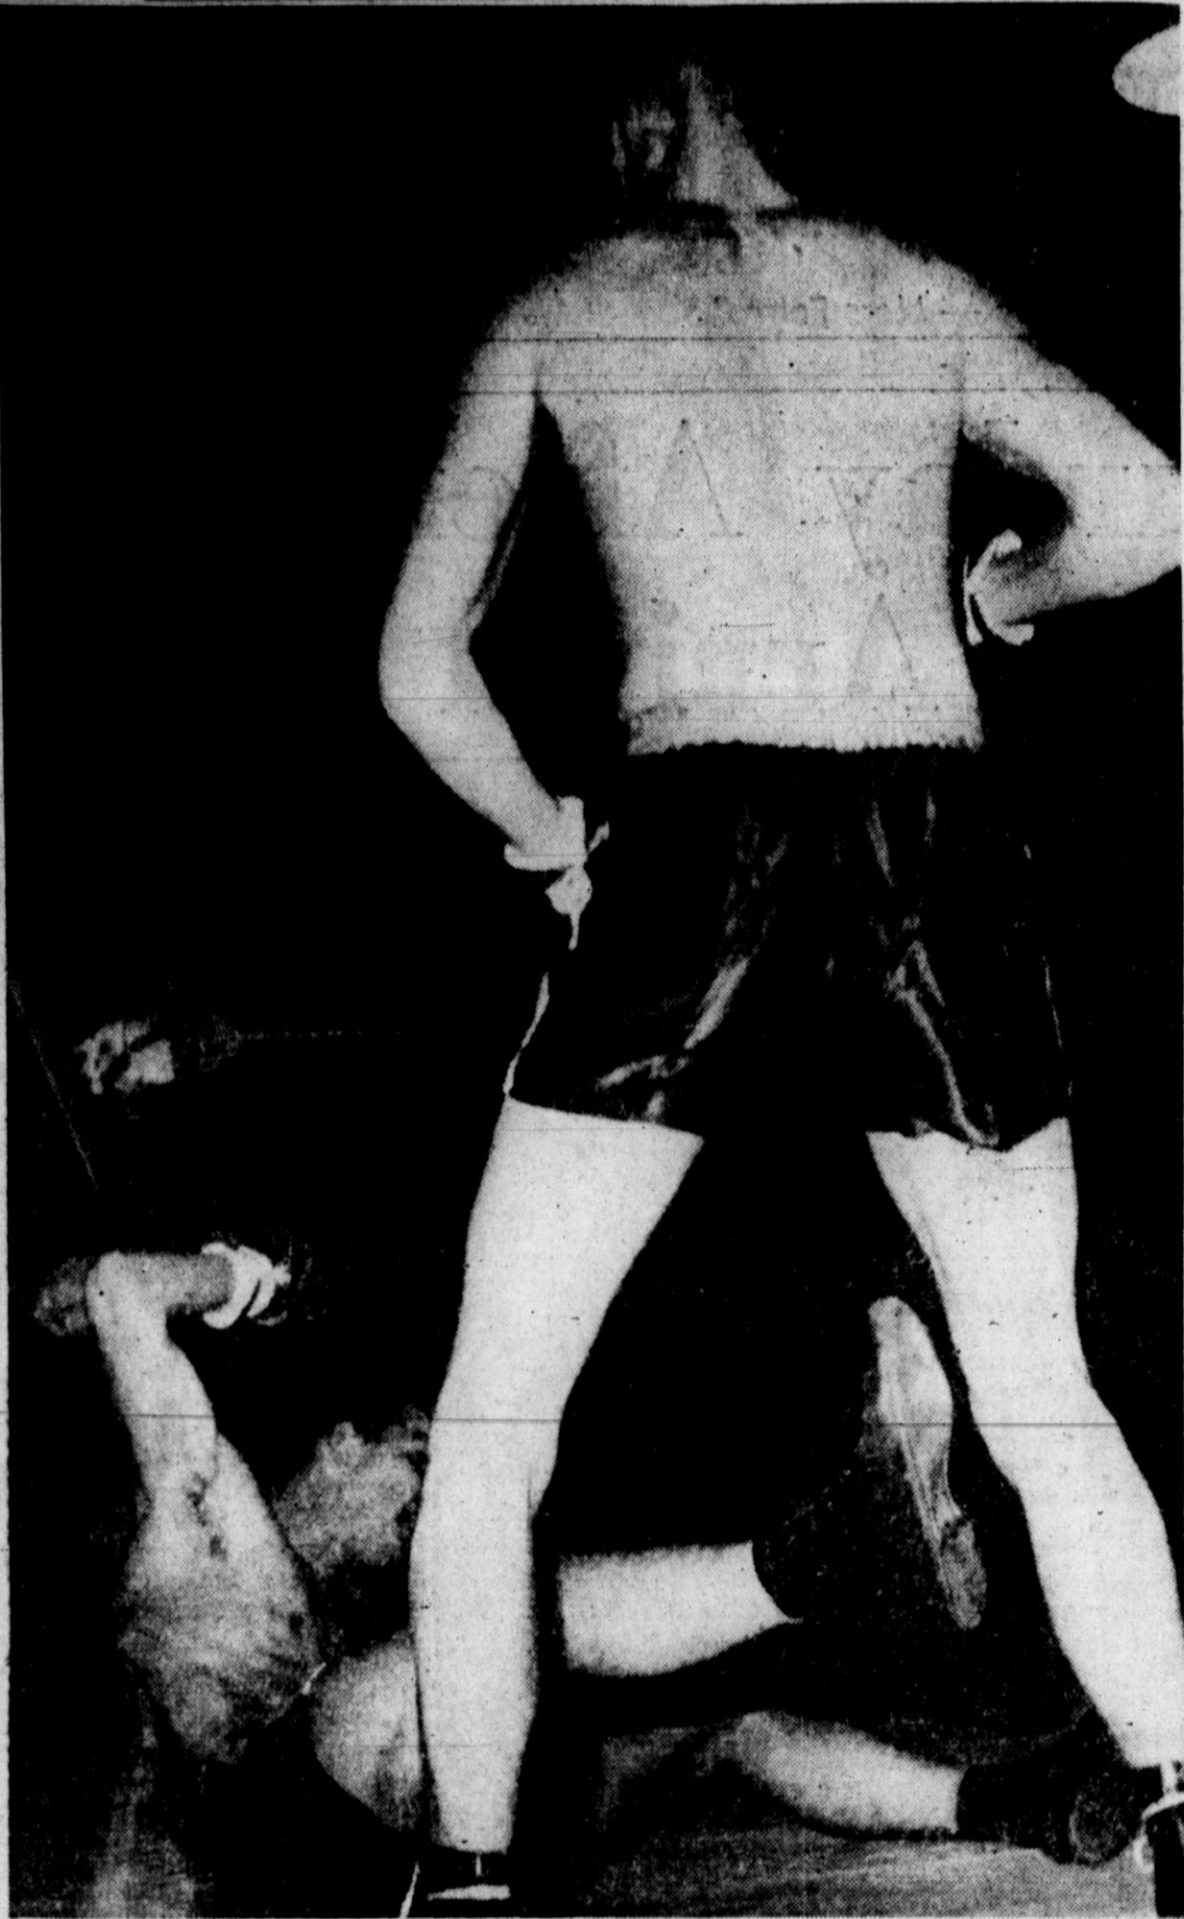

The mission's congregation formerly met in a room of the San Pablo parsonage, located east of the new building. Former pastors of the local congregation, the Rev. E. C. Pequeneno and the Rev. Reyes, attended the service.

FALLING TO CANVAS is Richard Vance of Amarillo, who lost a decision to Johnny Welly of Hereford during matches in Deaf Smith County Bull Barn last Friday night. The fight was in the 145-pound division. Vance fought for Amarillo Boxing Club. Welly is a Hereford Athletic Club boxer. (Staff Photo)

## Borger.....

(Continued from page 1)

Oldham, Miller and Hodges dropped in quick baskets as Hereford roared into a 35-30 lead early in the third period. Borger finally tied the game 43-43 with 2:25 left in the third quarter and added a pair of field goals to earn a 47-43 edge at the end of the third stanza.

During the last quarter, Hereford got cold again, hitting just 11 points, while the Bulldogs were piling in 20.

Carl Miller tossed in 19 points for Hereford, while Jackie Oldham had 11.

Five Borger players were in double figures, indicating the well-balanced attack of Coach Tex Hanna. Most outstanding feat was by Warren Bell, who came off the bench in the second quarter to toss in five straight long buckets without a miss. Bell went on to take scoring honors for the Bulldogs with 16 points while Ronnell Shockley had 13.

Hereford will be idle the rest of the week, returning to action here Tuesday against the first-ranked Amarillo Sandies.

## Parade.....

(Continued from page 1)

Official opening of the Christmas shopping season here, this issue of the Hereford Brand includes a 28-page tabloid section printed in seasonal green ink. This section includes many of the gift suggestions available in Hereford.

New Christmas lights, purchased by Hereford merchants and professional offices, were installed along Main Street Sunday by members of the Hereford Junior Chamber of Commerce. Called the "Golden Skyline Spectacular," the downtown decorations include silver and gold swirls, with large lighted bells. The Jaycees also are decorating Park Avenue and Mothers' Park. The lights will be turned on Saturday evening.

And a huge "Merry Christmas" banner is stretched across Park Avenue at its intersection with U. S. Highway 60. Starting Monday, Dec. 5, Santa will be visiting in downtown stores, chatting with young and old alike. On Saturday, Dec. 10, he will spend all day visiting stores along Park Avenue.

This year, Santa also has agreed to take time out from his busy schedule to pose for pictures with children. Starting Monday, Dec. 19, he will be in the Chamber of Commerce office from 3:30-4:30 p. m. each afternoon. Tickets for the pictures will be available at a small charge from all participating merchants.

## Wildlife Film Is Shown At Meet

A film entitled "Bob White Through The Year" was shown to highlight the noon meeting of Hereford Rotary Club Monday in the ballroom of the Jim Hill Hotel.

The hour-long color film was shown by Don Newman of the Conservation District headquarters in Hereford. Survival of wildlife, Newman explained, depends a great deal on conservation practices in this area.

The film showed life of quail at various time of the year. Enemies of quail are predatory animals, rainstorms and deep snow or heavy ice.

It pointed out that plenty of vegetation will help protect quail in any season. At the same time, vegetation also helps stop erosion of the land. The guest speaker was introduced by Rotarian J. W. "Lefty" Thomas.

Rhoda is the Greek feminine name meaning "a rose."

## Two FFA Teams Enter Contests At Area Level

Two Hereford Future Farmers of America Chapter teams will enter Area I F. F. A. leadership contests in Plainview Saturday morning.

Qualifying for the area competition recently were the local Chapter's senior chapter conducting team and junior farm skills team. The teams qualified by winning first place banners in Amarillo District competitions held at Hereford High Nov. 22.

Area competitions will be held at Plainview High School. The junior farm skills contest will begin at 10:30 a. m. and senior chapter conducting contests are scheduled to begin at 11 a. m. Winners will be announced Saturday afternoon.

Seven districts will enter the area contests. Jess Robinson and Wade Thompson, Hereford F. F. A. advisors, will accompany the two teams.

The senior chapter conducting team from Hereford includes Edward Allison, Ken Walser, Eddie Gallagher, Joe Shultz, Dan Wall, Bill Miller and H. S. Fuller.

The local junior farm skills team members are Gary Royal, Davie Sorrells and Scott Ramsey.

Edgar Allen Poe was taken by his parents from his studies at the University of Virginia because of huge gambling debts, and assigned to work in a counting house.

Speakers will include Gaston Wells of Dumas on how Moore County built a feed lot; Bob Spencer, manager of the Clovis Chamber of Commerce, on the proposed Swift slaughter plant over there; and A. W. Anthony Jr. of Friona on a recent Mid-West feeders tour. A sugar beet meeting is set for Dec. 8 in Farwell City Hall, starting at 7:45 p. m. and another at Bovina's school cafeteria at 7:45 p. m. on Dec.

## Release Petit Jurors Monday

A panel of 60 petit jurors which convened in 69th District Court at 1:30 p. m. Monday was dismissed shortly after 3 p. m. the same day by District Judge Harry Schultz of Dalhart.

Monday morning in District Court, Caudill H. James, 31, of Hereford entered a plea of guilty to charge of driving while intoxicated, second offense, and was sentenced to 30 days in Deaf Smith County Jail. Judge Schultz presided in court.

The 69th District Grand Jury is scheduled to meet at 10 a. m. Dec. 5. It was announced by Judge Schultz. A jury commission will convene the same day to select petit jurors for the February term.

After being battered in three consecutive games, the Hereford Whitefaces will be practicing all this week in preparation for their next game here next Tuesday against the Amarillo Sandies, picked before the season started to District 3-AAAA. Coach Kit-chens moved junior Randy Dowell to the varsity from the B team Tuesday night and Dowell came through with a good performance for his first starting assignment. Fans got a bang out of Borger's Johnny Wilson with his Harlem Globetrotter-type routine during warm-ups before the game Tuesday. He was an excellent ballhandler.

# Bobcats Dump Whitefaces 68-67 In Overtime Battle

In another rough game, the Hereford Whitefaces lost a 68-67 decision in overtime to the Dimmitt Bobcats.

Hereford nibbled away at an early Dimmitt lead until it had gained a tie at the end of the third period.

The fourth quarter rocked back and forth, ending in a 63-63 deadlock.

During the three-minute play-off, young Jim Ratcliff calmly dropped in a field goal and Kent Hodge added three free throws to ice the victory. Dennis Hodges tied the game in overtime with a field goal, but Ratcliff canned his free shots before Ronnie Botkin got a field goal with three seconds remaining to fall one point short of a win.

Carl Miller netted 26 points for Hereford. Also in double figures for the Herd were Dennis Hodges with 12, Ronnie Botkin with 11 and Charlie Thomas with 10.

Junior Coffey piled in 24 points before fouling out of the game late in the third quarter. Kelton Cates got 16 and Michael Calvert 11 for the Bobcats.

The Bobcats opened with a rush, scoring 16 points in the first quarter while an icy-cold Herd got just ten. Coffey had eight of the Dimmitt points for the quarter.

Dimmitt spread the gap in the second quarter with a 24 point display, while Hereford got 14 for a 43-24 halftime score.

The situation was reversed during the third quarter as Hereford rallied for 28 points while holding Dimmitt to 9. Miller got hot up close as he poured in 11 points during the quarter.

It was an equal battle in the fourth quarter as both teams whipped in 11 points.

Battling from whistle to whistle, 30 fouls were called on Hereford and 24 on Dimmitt as five players were thumbed out of the game. Dennis Hodges, Charlie Thomas and Charlie Burrus all fouled out for Hereford, while Junior Coffey and Gene Bradley left early for Dimmitt.

The loss was Hereford's second against one win. Dimmitt got its third straight victory. In the B team game, Here-

ford won its third in a row, dropping the junior Bobcats 75-38.

## RALLY FAILS

# Bullpups Defeat Hereford Calves

BY WAIN MILLER  
BRAND SPORTS WRITER

The Borger Bullpups handed the Hereford Bee Team Calves their first downfall of the season as they came out on top with the score at 54-59 in an exciting game played here Tuesday night. The Herd had racked up three straight wins before being downed by the AA-Borger quintet.

The Herd staged an exciting rally in the fourth quarter and tied it up with the score at 54-all with only 1:20 left in the game, but the Bullpups went on to win by sinking five charity tosses.

Hereford got off to a slow start in the game, as the score was 20-7 at the close of the first quarter. Mack Cansler and Jerry Cutsinger scored field goals during the first period, while Virgil Strange tossed in two from the foul line and Allred added another for the Herd's seven points.

Mickey Stevens, 6-2 junior, scored three field goals and four from the free throw line during the second quarter. Cutsinger added three field goals for six points along with another two-pointer by Cansler and two free ones by Strange to set the scoreboard at 27-33 at the half.

The Herd got things under control in the third quarter as Cansler racked up three from the floor for six points while Cutsinger, Lynton Allred, and

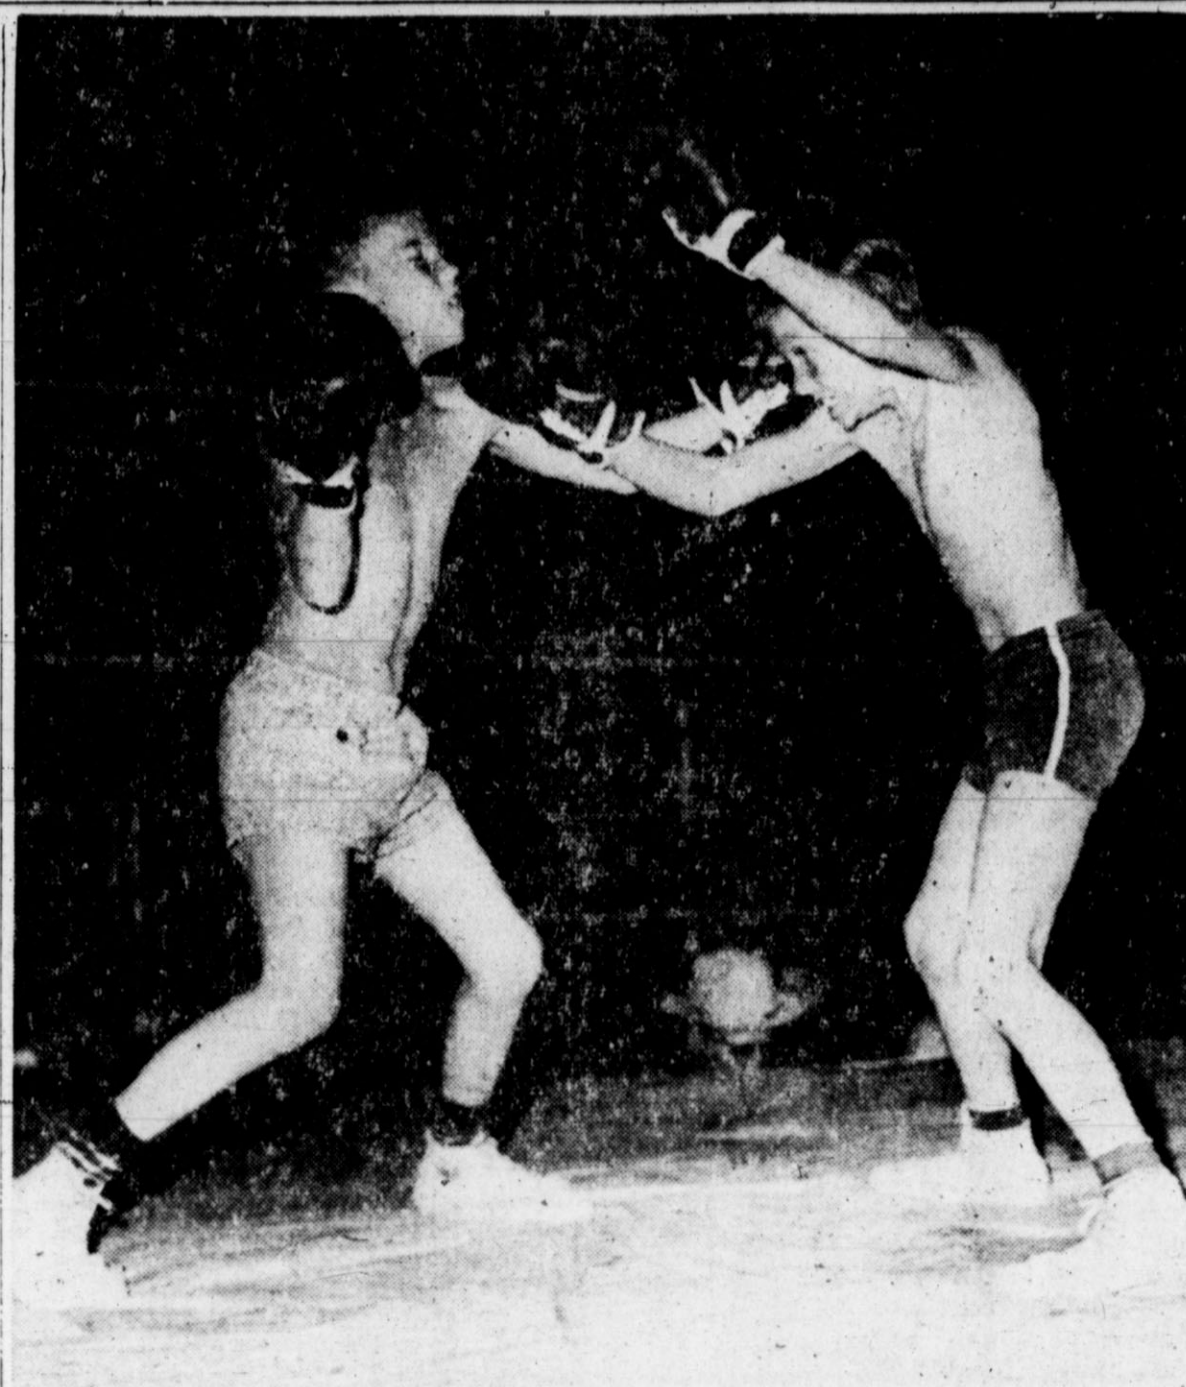

Strange all hit for four. McGee tipped one in for two more as the Calves were only three points behind with the books at 41-44 going into the fourth stanza.

Hereford put on a defensive exhibition during the first half of the fourth quarter. Borger scored a couple of field goals and a free throw for five and the score read 42-49 with 5:20 remaining to be played. Cutsinger sank two from the free throw line, then he tipped in a rebound after Cansler stole the ball and drove in for a layup, putting the score at 46-49.

The Visitors missed four gift shots before Cutsinger scored a jump shot. Cansler scored a field goal with 2:10 remaining and the scorebook read 50-54.

Cutsinger scored two more on a fast break and Cansler added two free shots to tie things up at 54-54 with 1:20 left. Borger finally got a chance again and they scored five points from the free throw line to set the final score at 54-59 with the Herd facing the five point deficit.

The Hereford Bees have racked up 260 points thus far in their four games and have averaged 65 points per try for an outstanding 'B' team record, as their opponents have only mustered 176 markers. The Bees will host Amarillo here next Tuesday, Dec. 6. Both Borger and Amarillo are AAAA schools, but the Herd still held its own

BY WAIN MILLER  
BRAND SPORTS WRITER

The Stanton Junior High Seventh grade Dogies got their first sample of basketball along with their first victory as they won their opening game of the season by the score of 54-9 against Springlake last Monday night.

The Seventh Graders, coached by Archie Souter, started off with an 11-0 lead at the end of the first quarter, and held Springlake scoreless until the third quarter when they mustered up six points.

Speedy Roger Owens emerged high-point man as he scored a total of 16 for the Dogies, while Jimmie Gutierrez scored 12. All 13 members of the seventh grade squad saw action in Monday night's game at Springlake.

Owens sank seven points in the first quarter while Jimmie Young and Steve Hodges added two apiece to give the Dogies their 11 point advantage going into the second quarter.

Gutierrez hit for seven and Mike Moore scored four during the second quarter while Gary

against Borger and should look good against Amarillo.

# Springlake Falls To Eighth Grade

BY WAIN MILLER  
BRAND SPORTS WRITER

The Eighth Grade Dogies for Stanton Junior High won their first basketball contest of the season as they downed Springlake 59-17, there last Monday night.

Frank Cain paced the eighth graders as he scored 19 points. Coach Jerry Don George used all his reserves in the opener to defeat Springlake Monday.

The Dogies got off to a 15-4 lead at the end of the first quarter. Robert Strange poured in seven points. Cain scored four while Charlie Moreno added three and Johnny Dowd two.

The second quarter saw Dowd scoring five, Cain four, and Moreno, Jim Shearhart, and Gary Roberson all adding two apiece to set the score at 29-10 as the half ended.

Cain tossed in seven, while Strange and Moreno scored four apiece, while Dowd sank a two-pointer to give the Dogies a 35 point lead going into the fourth stanza. Cain scored four more as Strange, Gilbert Sims, and Terry Hill tossed in two-pointers with Gary Stagner sinking a charity shot to give the game its final score of 59-17.

REP. WALTER ROGERS WRITES:

## Dear Santa: Here's What We Would Like This Year

TO THE PEOPLE OF THE 18TH DISTRICT:

Dear Santa Claus: It hardly seems possible that Christmas is here again, but the calendar reminds me that you will be making your annual trip in a very short time. In fact, we don't really need a calendar to remind us any more, because the department stores start mentioning it around Halloween.

I was just thinking how different my letters to you are than they used to be. As I remember, the things I asked you for (and which you nearly always remembered to bring me) were things that I was thrilled to have, but deep down I always knew that they were things I could do without. This year I am really hopeful that you can see your way clear to bring us some things which are really necessary for us to keep going.

One thing we would like to have very much is some foreign aid. We have sent some of this as gifts several times, but there doesn't seem to be any for domestic consumption. It occurred to me you might have some at the North Pole.

Another thing which we used to have a lot of but can't seem to locate these days is a supply of States' rights. We are not asking for a large supply because we don't want to appear selfish. In fact, they don't even have to be brand new; we would be tickled with some used ones.

When I started writing this letter, my wife told me she wanted me to ask you for a few fringe benefits or a few travelers checks, or anything else you might have which would balance the household budget. She has already changed her mind, however, and would like instead a new arithmetic book—one of those kind which everybody seems to be using these days to balance their budget, no matter their income.

I don't know what sizes they come in, but it would be nice if you could bring us a little package of debt reductions. I would be happy with the size that would fit into my wallet, and my wife would be delighted with the handbag size. Come to think of it, those are the two places we need it most anyhow.

We could use a lot of things, but I don't want to make this letter too long because I know you have so many requests from

all over the world. I know you have more calls for this from folks everywhere than for any other single thing, but I can't close this letter without telling you that we want it too more than anything else and, as you have probably already suspected, it is true world peace. I do hope that you will dispense it generously on Christmas Eve.

My neighbor just dropped by to take my order for a Christmas tree. When I told him what I was asking you for, he reminded me of something with which I wholeheartedly agree, after due reflection. It was that you can't bring us any of these things we have asked for even though you are a kind and wonderful fellow.

He says the only way we will

realize these desires is to really pitch in and work for them. My wife also agrees, and we have decided we are going to do just that. Since we hope to get these things otherwise, there really isn't much need of mailing you this letter, but I am going to anyhow.

You will hear from us again next year if we can still afford the postage. We wish you and Mrs. Claus a Merry Christmas, and you can certainly expect your usual fruitcake and coffee when you visit our children on Christmas Eve.

Yours very truly,  
J. Americus Jones

## Frosh Win Second Game Of Season

BY WAIN MILLER  
BRAND SPORTS WRITER

The Stanton Frosh racked up a 61-22 victory over Springlake there last Monday night. This marked the second victory in as many outings for the Doggies, as they also defeated Boys' Ranch 48-14 last week.

Eugene Green scored 21 points to set a fast pace for Stanton as the Doggies held a six point advantage at the close of the first period.

Green hit for 10 points during the first quarter while Mike Ferguson scored two to set the score at 12-6 into the second period. Tall Jim Haney scored seven during the second quarter while Green, Ferguson, Bill Hill, Earl Jackson, and David Stevens all sank two-pointers.

Hill, Stevens, and Jackson scored two points apiece as Green scored four in the third stanza while Springlake mustered six points. Haney and Green both scored five in the final round while Jackson tossed for four, Hill, Johnnie Northcutt, and Joe Wright dumped in field goals and Neal Lueb sank a free throw to set the final score at 61-22.

# 'Scratch' Old, Traditional Way Of Voting In Texas

BY VERN SANFORD  
AUSTIN — New efforts to change Texas' "scratch" method of voting are in prospect as a result of disagreements growing out of this year's close general election.

As the law now stands, voters using paper ballots are required to scratch out the names of all candidates for an office except the one for whom they are casting their vote.

In this year's election, thousands of voters scratched either the Republican or Democratic candidates but didn't notice or bother to scratch the small lists of candidates from the Prohibition and Constitution parties. Some election judges threw out these ballots. Some went ahead and counted them.

Republican leaders contend that they might have won Texas, instead of losing by a thin margin, if the same rule had

been applied on all these carelessly marked ballots.

Further, the GOP chiefs charge, the scratch method was designed to encourage voters to vote a straight party ticket.

Actually, scratching is the old, traditional way of voting in Texas. For a time during the fifties the law was changed so that a voter could either scratch out the names he didn't want or put check marks by the ones he did want. But this either/or approach was even more confusing, both to the voters and ballot counters. So the legislature changed back to the scratch-out method only.

Republican leaders failed to convince either an Austin district court or the state canvassing board (Gov. Price Daniel, Sec'y of State Zollie Steinkamp and Atty. Gen. Will Wilson) that there was any evidence of fraud in the way ballots were counted this year.

But since the Legislature hardly ever has a session without doing something to the election code, the GOP will have another inning.

Land Bond Sale Disputed—House General Investigating Committee will study the merits of holding a veterans land bond sale Dec. 5.

Veterans Land Board has scheduled sale of \$12,500,000 in bonds for that date, but Jerry Sadler, due to become land commissioner Jan. 1, says the sale should wait until next year. Sadler said that because of the upcoming change of federal administration, interest rates might be lower next year. This would enable the state to sell the bonds at a lower rate, paying less for the money it borrows.

Voters, by approving a constitutional amendment Nov. 8, authorized the Land Board to pay up to 3.5 per cent interest on the bonds. Previous ceiling had been 3 per cent — too low

to find takers in recent months.

Court Back Tracks—in a rare turnaround, the State Supreme Court reversed its previous decision on an insurance case that construed shock from watching a fire to be "accidental death."

In the case, an accountant died from a blood clot on the brain about a month after having watched fire destroy his records.

Two lower courts held that the beneficiaries of the accountant's insurance policies were entitled to the double indemnity provided for accidental death.

Several months ago the Supreme Court issued a 5-to-4 decision upholding the lower courts. On motion for re-hearing it reversed this and held, again 5-to-4, that the case was not "accidental death."

Insurance Board Vacancy—More than usual interest will center on Governor Daniel's appointment of a new chairman of the conflict-torn State Board of Insurance.

Motorists will lose an outspoken friend on the Board when Penn J. Jackson leaves to return to his old post as district judge in Cleburne. Jackson has resigned the insurance post effective Jan. 1.

He has been in open disagreement during the past few months with the other two board members over the so-called merit rating plan for auto insurance. He favors scrapping the pre-

sent controversial plan and letting companies set up their own basis.

Board Members Robert W. Strain and Ned Price want to continue the controversial plan, at least for a time.

Public indignation over the new program has been high. It ups auto insurance rates about 30 per cent on drivers who must pay the high penalty for receiving traffic tickets, regardless of their accident records. Only other recourse is to do without insurance.

Jackson's resignation means there will be two insurance board appointments to be confirmed by the Senate next session. Price was appointed last spring and has not yet come up for Senate approval.

Merit rating has stirred up strong feelings—pro and con, among legislators and undoubtedly will be a factor in the behind-closed-doors discussion of Board appointees.

Payroll Tax Proposed—State Finance Advisory Committee borne equally by employers and employees, to bolster the state's sagging treasury.

Commission plan calls for a 1 per cent tax, half to be taken from the employee's wages, half to be paid by the employer.

It would raise an estimated \$100,000,000 - \$110,000,000 a year. Even this would not cover all the state's new money needs if the legislature attempts to meet demands for school improvements and medical care for the aged.

Payroll tax, actually an income tax on both businesses and individuals, is certain to meet the objection that it is not graduated according to ability to pay.

Tuition Hike Asked—Another money-raising proposal that is already stirring up sand is a proposed \$50 a year raise in tuition for state colleges.

Commission on High Education voted to recommend this increase to the Legislature, saying it would bring in an additional \$5,000,000 a year

BY JIMMIE GILLENTE

Time changes everything. All of these years we have been advising people to stay at home and avoid holiday traffic as much as possible. We thought we were doing them a favor, but look what happens. Texas reported 44 violent deaths over the Thanksgiving holiday, and 21 of them were traffic fatalities. This means that 23-over 50 percent occurred off the highways. It also means that the highway is a mite safer than some other places. And if you want to be a cynic, you could conclude that people are going to kill each other, somehow, somehow—regardless of where they are.

The average person consumes 1,325 feet of macaroni each year. If you are not getting this much, you are being cheated. I wonder how many gallons of cool aid?

Hereford's Christmas decorations are undoubtedly more attractive this year than ever before. I drove back from Dal-

las over the week-end and did not see any street decorations which look as well, including Ft. Worth and Dallas, Wichita Falls ran a close second, maybe, but the Hereford decorations would win. I understand that the Jaycees bucked the strong winds Sunday to finish up the installation, and they merit a lot of credit. This is a tough job at best; under adverse conditions, it is all the more rugged.

Store decorations, too, are unusually nice this year. Every place you enter seems to be a little bit sharper than the last one.

Every once in a while you run into some old boy who was stationed down in this country during the war and decided to make his home here. Joe Rojek, for instance, is a native of Pittsburgh and Bill Phipps hails from Boston. There are quite a few others and, once they got used to the wind and dust, they are making topnotch citizens. We also lost several boys. Olfhand, I can think of Nick Koelzer. The last time I heard from Nick he was in Kansas City.

Slim Wester says he doesn't know whether it is worse to have nice weather and be too busy to go fishing, or to have cold weather, and nothing to do. All in all, I figure Slim has about as much trouble as any old boy I know.

Neil Cooper has one of those new-fangled yodeling hats, complete with a bright feather, but he hasn't uttered a peep yet.

Hereford has just about as many civic minded men as any town you can name. Bill Thompson was telling me that he has five plane loads of citizens going down to a meeting with Democratic leaders in Ft. Worth Friday which, considering that quail season opens Thursday, is no mean accomplishment.

Paul Harvey keeps on wanting to know when actual widening of Highway 60 will get underway, but nobody seems to have the exact answer. It could start anytime, according to the reports I get, none of which seem to be very accurate.

The McCaslin Lumber sales floor has that "new look" following installation of new tile, a lot of new fixtures and a complete re-shuffle. I don't know of any place that has been remodeled more often; it has moved all of the way down from a split-level operation to the present status.

Things are all set for the big Christmas Parade Saturday afternoon, 3 p. m., and it does seem that the Hereford stores are offering the greatest variety of merchandise ever seen in the community. Some merchants report that Yuletide sales are already moving along at a brisk pace. Most early purchases, they say, are made by the ladies; men seem to be the late shoppers, as usual. Clee Meharg was telling me that he just can't get the true spirit until a day or two before Christmas rolls around, and I think he pretty well represents the typical male.

Most women, on the other hand, get busy baking fruit cakes, making house decorations or planning meals—and they shift much faster. Or maybe they are just smarter and more efficient. Anyway, that's how things usually move along.

# Harvest In Community Is Nearing Completion

BY MRS. HAROLD RUDD

Harvest is complete enough so that everyone enjoyed a real Thanksgiving. There is still some cotton to be picked and some have bundled feed to stack out of their fields. Mr. and Mrs. Homer Rudd became the proud parents of a baby girl, Rebecca Arin, Tuesday evening. Rebecca weighed seven pounds and two ounces.

Mrs. Ben L. Thomas, Mrs. Bud Raeburn, and Mrs. Rob Groves attended the Guest Day of the La Madre Mia Study club in Hereford last Wednesday.

Mr. and Mrs. T. B. Thomas and children attended Lord's Acre supper at the First Methodist Church in Hereford last Wednesday evening.

Mr. and Mrs. Rex Bell of Hart came after their children who had been visiting with Mr. and Mrs. Bill Roberts Saturday evening.

Mrs. Bill Ott spent Monday with Mrs. Bill Roberts. They worked on their garments for the tailoring course.

J. B. Odom spent Thursday through Sunday in Eldorado, Okla.

Mrs. Ernest Flood and Mrs. J. B. Odom spent Friday in Amarillo.

Mrs. T. B. Thomas and Die-dra attended a lecture by a Dr. Deboe at Palo Duro High School in Amarillo Thursday evening.

## OFF THE Shelf

BY H. A. TUCK

With his vivid, yet simple, style, Tom Lea is one of the Southwest's best authors.

Yet he has deserted his favorite setting for his latest novel. *The Primal Yoke* is set in the high mountain country of Wyoming. But Lea does not desert his talent as a writer or as an artist, as he provides starkly-beautiful sketches at the start of each chapter.

Hank Spurling returns from the South Pacific at the end of World War II, a Marine Sergeant who had been seriously wounded after long campaigning. His only dream is to be in his beloved mountains again.

But his father, Ingo, had abandoned the pack and guide business and turned to the bottle for solace. His mother, Em, was courageous and understanding to her husband.

Hank's brother, Fen, hates the mountains and wants to become an artist. Another brother had been killed in a parachute jump over Holland during the Normandy invasion.

With his mustering-out pay, and the money Em got from her son's insurance, Hank starts to build up the guide business again.

And one of the first to respond to their letters is Colonel Robert Royston, Ingo's World War I commanding officer and a millionaire Chicago industrialist.

During his long trip into the mountains, he is joined by his daughter, Dorothy. She is a beauty, but twice-married and divorced.

Love blossoms between Hank and Dorothy, despite their difference in background and interests.

Tom Lea has written another wonderful book, comparable to *The Brave Bulls* and *The Wonderful Country*. His descriptive passages are vivid, his conversation true and flowing. But it is in the story of *The Primal Yoke* borne by Hank that his story sparkles.

This book races to an exciting climax of emotions and adventure, high among the Cloud-rock Mountains in Wyoming.

## Give A Bible For Christmas

An appropriate Christmas gift for the family could be "The New Testament in Modern English" by J. B. Phillips. An English clergyman, teacher, journalist and author, Phillips hopes to make "ordinary people understand the Scriptures and the teaching of Christ" by his writings. The people he refers to include "unconscious" Christians, his name for those who are indifferent to the church and high school age youngsters who have many distractions.

Published by MacMillan, the book contains inspired tales of the First Christmas, the Magi's journey to Bethlehem and the Flight Into Egypt in his translation. These delete the archaic phrases which Phillips found often obscures beautiful verse and parables.

## Parade Of New Toys Continues

The toy parade continues with dozens of brand new toys just dying to snuggle up under a Christmas tree to cheer a wide-eyed youngster on that big morning.

New toys include an official U. S. Navy frogman, a 9-inch plastic do-it-yourself model, plastic trophies that include a buffalo head, tiger head, fighting blue marlin and an American eagle.

There is a spectacular junior planetarium that projects the heavens when operated, in a darkened room. This last isn't brand new but has gained new importance with any youngster who is full of flight - to - the - moon talk.

## Some Tips For Male Shopper

IF YOU'RE PLANNING to buy that girl a gift of jewelry for Christmas, better beware of bumpkin traps.

It seems there are many ways to be fooled in buying costume jewelry. Here are some pointers offered by jewelry designer Van Dell, who hopes to safeguard novice purchasers:

In good jewelry gems are hand set in prongs, usually. Cheap jewelry has stones pasted in. Good costume jewelry is made of 14 karat gold or sterling silver or gold filled. Look for the hall marks which indicate the metal.

The better jewelry is made usually with imported rhinestones or crystals or from semi-precious stones such as jade, moss agate, rhodonite as in the now popular scarab bracelets.

It is always wise to choose the simpler design when in doubt, he says. The male purchaser may ask too if the piece carries a guarantee. Responsible jewelers usually offer unconditional guarantee. Then, if something goes wrong, the item may be replaced or repaired without cost.

# Something New, Different For Christmas This Year

By Dorothy V. Whipple, M. D.

Would you like to do something new and different this year at Christmas time?

There is an old old Christian custom that's well worth dusting off and using in our modern lives.

Fill the Advent crib. Prepare a manger - like crib and set it up on the First Sunday of Advent (the Sunday nearest the Feast of St. Andrew on November 30). This crib is to receive the Christ Child on Christmas Eve.

It needs to be filled with straw to make a soft bed for the Babe. Each straw represents an act

of kindness or good will.

After supper every evening from the time you set up the crib until Christmas Eve the whole family gathers around the crib and each member of the family is allowed to put in as many straws as his day of good deeds permits.

Tell the children the story of Mary and Joseph, of how they were turned away from the Inn and finally found quarters in the stable. The children will be anxious to make the Christ Child's bed just as soft and comfortable as possible.

Christmas Eve when you fill

the children's stockings you can place a little figure of the Christ Child in the crib for the children to find the next morning.

This is a lovely custom and one of the real spirit of Christmas. "Do unto others as you would have them do unto you."

This is the most important tenet of Christianity which we profess to live by. Unfortunately it too often gets lost in our hard workaday worlds. Nevertheless it is what in our hearts we want to live up to. What better time than Christ's birthday to try to put it into operation.

As you put the straws into the crib each evening, talk to the children about the kind of person Christ was. Explain to them that what would truly please Him and make Him comfortable is human beings who are kind and considerate of others and that by patterning their lives on this principle they will grow in the image of Christ.

Not only the children but the grownups too can profit from each straw they lay in the crib.

It is surprising how all through the day the thought of those little straws keeps you going. Perhaps it is that you must live up to your children's expectations of you that you remember to do the nice things. It is little things often that are the most important.

Give the children credit when they remember to say thank you or tell you that something you cooked was real good. They get credit for hanging up their clothes without being nagged.

Maybe a child could polish your shoes for you or run an errand or wash the dishes. Maybe, maybe your husband could bring you a cup of coffee in bed one Sunday morning or it might be the other way around, you take it to him.

When the whole family is trying to think up things to do for each other it's amazing what you can come up with.

And don't confine it to the family. How about that unpopular child in Susie's class. Could Susie do something nice for her - just talk to her or go over and sit beside her at lunch time.

Better prepare a crib big enough to take all those straws!

Filling an Advent crib is certainly more in the true spirit of Christmas than merely being good so Santa Claus will leave presents.

The reward is the good feeling inside not material presents, and isn't that what Christmas is all about anyway.

## HAPPY READERS

EDMONTON (AP) — The Public Library's bookmobile service, now in its 50th year, has been extended from 28 to 40 stopping places. It has two buses, eight full-time and three part-time employees serving residents who live more than a mile from the nearest library.

## HIGH PRICED KISS

TOLEDO, Ohio (AP) — Esther Weiland complained to police that a handsome stranger walked up to her while she was waiting for a bus, commented about the weather, put an arm around her, kissed her and fled with her purse containing \$8.

## JUST TO MAKE SURE

ANSONIA, Conn. (AP) — The Board of Aldermen had approved nine of the mayor's appointments by the same 15-0 vote. Then, when the mayor's choice for membership in the Department of Welfare was put up for vote, it was 14-1.

The dissenting alderman quickly explained he had nothing against the appointee. "I just wanted to make sure they were really counting the ballots," he said.

## Cook Carrots For Change In Menus

BY ARGEN DRAPER

This collection of carrot recipes will add variety and will help you include some nutritional food in your diet.

This Carrot Cake recipe belongs to Mrs. M. W. Sumner and she would like to share it with you. Mrs. Mary King made the cake and agreed that it was good and recommends it either iced or uniced. She thinks that uniced would be nice with coffee. This cake is like the boiled fruit cake that Mrs. Joe Landers makes.

### CARROT CAKE

Heat together 1 1/2 cups each water, seedless raisins, 1/4 cup brown sugar, 1 cup finely grated carrots, 1/3 cup butter or margarine, 1/2 tsp each cinnamon, allspice, salt, 1/4 tsp. each nutmeg, cloves. Cool; add 1 slightly beaten egg. Add 2 cups sifted flour sifted with 1 tsp. each baking powder, baking soda. Stir smooth; pour into greased loaf pan. Bake about 55 minutes at 325 degrees. Cool, ice with mixture of confectioners' sugar, butter or margarine and orange juice. Serves 8.

Westway Home Demons fraction Club met last Thursday morning with Mrs. A. C. Stengel. Mrs. Stengel said that her mother-in-law, Mrs. J. E. Stengel had these good recipes and she was generous enough to let us print them.

### CARROT CAKE

1 1/2 cups sugar  
1/4 cup shortening  
1 1/3 cup water  
1 1/2 cup grated carrots  
1 cup raisins  
1 tsp. cinnamon  
1 tsp. nutmeg

Combine above ingredients and boil 5 minutes. Cool 3 hours or overnight.

1 egg  
1 tsp. soda  
1 tsp. salt  
2 cups sifted flour  
1 tsp. cream of tartar  
1/2 cup chopped nuts

Beat egg until light. Then stir in mixture, sift together dry ingredients and add to first mixture, stirring until well blended. Add nuts, pour into well greased loaf pan. Bake in moderate oven 350 degrees 45 to 1 hour.

### CARROT CAKE ICING

2 lb. butter  
6 tsp. marshmallow cream  
1/4 cup milk  
2 cups sifted powdered sugar  
1/2 tsp. almond flavoring  
1/2 cup chopped nuts

Heat butter and milk together for decoration.

her, add flavoring and marshmallow cream. Beat in sugar gradually until thick enough to spread. Add nuts and spread on cool cake.

### CARROT COOKIES

3/4 cup shortening  
3/4 cup sugar  
1 egg-beaten  
1 cup cooked whole mashed carrots (cold)  
2 cups sifted flour  
2 tsp. baking powder  
1/4 tsp. salt  
1 tsp. vanilla  
1/3 cup chopped nuts

Cream shortening and sugar, add egg and carrots, blend. Add dry ingredients stirring in vanilla. Add nuts mix well. Drop by teaspoon into ungreased cookie sheet.

### ORANGE ICING

3 lbs. melted butter  
1 grated rind and juice of orange  
1 cup powder sugar (about)  
Combine butter, orange juice and rind. Add sugar until icing is desired stiffness. Makes 2 to 3 dozen cookies.

June Rudd sent the Carrot Pudding Recipe. She says it is very good.

### CARROT PUDDING

1 cup grated carrot  
1 cup grated potato  
1 tsp. soda (in potato)  
2 cup flour  
1 cup sugar  
1/2 cup lard or shortening  
1/2 tsp. cinnamon  
1/2 tsp. nutmeg  
1/4 tsp. cloves  
1 cup raisins  
2 eggs  
1/2 cup walnuts (more or less as desired)

Combine above ingredients. Boil 3 hours in a greased container using either double boiler or 3 lb. shortening can or fruit juice can with smooth sides.

Top with caramel sauce, cream or other topping as desired.

"Here's a Marshmallow icing that really tastes like marshmallows," that is Mrs. Elton Craig's comment.

### MARSHMALLOW ICING

Mix in saucepan or double boiler  
3/4 cup sugar  
2/3 cup water  
Heat slowly until sugar and gelatin dissolve.

Add:  
1 cup white syrup  
1 tsp. vanilla

Cook in 2 quart double boiler on slow fire. Beat until mixture stands in peaks - about 15 minutes. If desired add: Chocolate chips or chopped nuts or coconut. Good for Children's cup-cakes for decoration.

# Artificial Flowers Are Worth A Try

If you hesitate to put your best floral arrangement efforts into real flowers that may wither a few days during Yuletide, use artificial flowers and fruit instead, suggests New York florist Constance Spry.

"You can make up countless wreaths, centerpieces or wall decorations with artificial flowers or by combining wax flowers with fresh flowers and greenery," she points out.

Choose longer lasting fresh flowers for those arrangements, however.

Other suggestions from Miss Spry on flower arrangements:

1. Gold adds richness and glitter, and looks wonderful with Christmas greenery. It blends in with any decorating scheme. Handsome artificial leaves are available in gold or you may spray branches and berries.

2. Blue and red are other good Christmas colors. Spray flowers or use Christmas tree ornaments in centerpieces.

Red may lose some of its glow when combined with greenery, so strip away leaves surrounding red berries and flowers, leaving greenery at the other end of the stalk, letting the warmth of red stand on its own.

3. Pungent eucalyptus leaves with soft pink or blue Christmas ornaments makes a muted delicate arrangement. The misty green-gray of the leaves combines beautifully with past-

els. 4. Anything beautiful and capable of holding water may be termed a vase. Artificial flowers do not need water so many objects may be used.

Fruit in wicker baskets and in cornucopias is interesting and chic. A little ivy or philodendron will perk up an arrangement of waxed fruit.

5. Make a kissing ring to hold your mistletoe. Use two embroidery hoops, criss-crossed to form a sphere.

Hang it from a ribbon or a third hoop. Cover the circles with red velvet ribbon. Tuck sprigs of mistletoe in the laps of the ribbon. Trim top and bottom with bows of ribbon.

## MEXICAN EXHIBIT SOUGHT

MILWAUKEE (AP)—A huge Mexican exhibit—the first of its size and scope ever shown in the United States—will be sought for the opening of Milwaukee's proposed new public museum building.

The museum's board of directors has authorized the director, Stephan Borhegyi, to negotiate for an exhibit that would cover 36,000 square feet of space. The exhibit, Borhegyi says, would tell the story of Mexico from 10,000 B. C. to the present.

The museum is scheduled to open in 1963.

## COW WITH A VIEW

LOREMOR, Iowa (AP)—Two women driving down the highway saw a cow peering out the second story window of a farm house.

When they had recovered from their shock, they reported the incident. The cow was restored

to its owner.

The animal apparently had wandered into the abandoned house and climbed the stairs, then was afraid to descend. When rescued, it was hungry and thirsty from its two-day stay in the house, but otherwise unharmed.

## NO BOBCAT—BABY CAT

TUCSON, Ariz. (AP)—Sheriff's deputy John U. Lyons received a call that a ferocious bobcat was treed on the outskirts of Tucson.

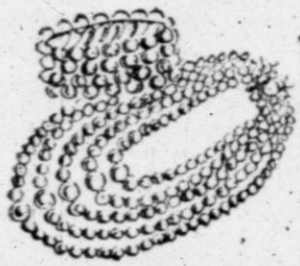

Lyons found a very frightened three-month-old kitty trapped in a tree.

# PAPER SAVER

COLUMBUS, Ohio (AP)—The military still likes everything in triplicate—at least—but the deputy director of administrative services at Lockbourne Air Force Base here thinks it still

may be possible to save money. Maj. Robert M. Saunders is urging base officials to use the backs of obsolete or unneeded forms for scratch paper to draft correspondence. The measure, he contends, "could cut our pa-

per bill in half."

Lichens, a fungus which supplies both dyes and foods, can live equally well in the tropics or the arctic regions.

# NEARLY A MILLION

The California Highway Patrol cited 955,159 erring drivers in the first 11 months of 1959. Of those, 282,260 were for speeding and 12,521 for drunken driving.

## Lighting Tips

Keep your lamp bulbs clean and free of dust for maximum illumination. Use one large bulb, instead of several small ones—a 100-watt lamp gives 50 per cent more light than four 25-watt lamps. Don't use fuses larger than 15 amperes when there are lamps on the circuit. Use the proper type of lampshades.

## Stuck Drawers

Here is a good permanent cure for that persistently-sticking drawer. Sand all the high spots on the runners until the drawer slides freely, then apply a coat of very fluid hot paste wax. This seals the pores, providing lubrication and keeping out moisture.

## PREVENT CHROME SCRATCH

When working around chrome fixtures, cover the jaws of a wrench or other tool that may come in contact with the metal with adhesive tape. This will prevent scratches that cannot be removed.

## Unclogged Drains

Don't clog your kitchen drain with grease. When pouring off fats, lay a few pieces of newspaper over the drain before you pour. The grease will then remain on the paper, while the water will naturally disappear, thus saving you clogged drainpipes and nasty plumbing jobs.

## Sparkling Aluminumware

Aluminumware will discolor if cleaned with harsh powders. Use a cloth moistened with lemon juice, rinse with clear water, dry thoroughly, and your aluminumware will really brighten up.

## Concentrated Shower

If you have a faulty shower head that sprays water over the shower curtain onto your bathroom walls and floor, cut out the center of a plastic bowl cover and slip this over the shower head to divert the spraying water into a mainstream.

## Eccu Curtains

If your ecru-colored curtains have become somewhat faded, restore them to their original brightness—or near it—by adding a solution of strong tea to the rinsing water when laundering them.

## Kid Gloves

Use cotton thread when mending kid gloves. It hasn't the tendency to tear the leather when sewing, and makes the gloves wear better.

## NOW HERE'S A SWITCH

MOUNT TABOR, N. J. (AP)—When the Post Office Department decided to build a new post office here, many of the 400 families in town became alarmed.

Robert M. Hagerman, president of the Camp Meeting Assn., said that not only was the present building adequate but "The Old post office has been sort of a meeting place ever since it was built in 1882."

The group was instrumental in getting the department to change its first decision. Some 264 persons signed a petition opposing the construction.

## TOYS MEAN BUSINESS

LINDEN, N. J. (AP)—Researchers for a major oil company here have been playing with toy boats for months. But they get paid for it.

Using models of oil tankers, they study ways to save money in the construction of piers for the big vessels. So far they have been able to simulate winds of 110 miles an hour, in wind tunnels, and waves 27 feet high and 615 feet long.

The granite for the Bunker Hill Monument was quarried in Quincy, Mass.

# Second Homecoming Held In High School Friday

BY MRS. R. L. PINNELL

The halls of Adrian High School "rang with joy" Friday when an estimated crowd of 300 gathered for the second homecoming of ex-students, teachers and friends. Guest speaker at the evening's program was Dr. Leon Hill of Amarillo.

Glenn Howard of Kodiak, Alaska, came the longest distance to attend the affair. Two members of the first school in 1911 attended. They were brother and sister, Emmett McAdoo of Amarillo and Mrs. Pauline McAdoo Speed of Adrian.

Ex-superintendents, G. A. Sims of Fort Worth, and Weldon Reno of Groom were also seen in the crowd. Other ex-teachers returning were Joe Cullender and family of Canadian and Mrs. Lora Fae Clemmons Foster of Amarillo.

New officers were elected for the next three years. They are as follows: Robert Jacobson of the 1950 class, president; Grady Skaggs of the class of 1948, vice-president, and Mrs. Maxine Stoneman Brown, 1951 class, secretary.

Registered guests were from Oregon, Denver and Lamar, Colo., Albuquerque and Clovis, N. M., all four corners of Texas.

A combined church Thanksgiving program was held in the Methodist Church Sanctuary Wednesday night. The Rev. J. R. Manning, Baptist minister, brought the message and the Rev. Gene Moore had charge of the music. A social hour followed the service in Fellowship Hall.

Word was received in the community Friday evening of the death of Mrs. Lillie Abel, in the home of a daughter in Oregon. Mrs. Abel owned and operated the Glenn Boarding House for many years and was an early-day pioneer. Recently she retired when her home and business burned. She has been living in Albuquerque, N. M., and in Oregon since that time.

Funeral services were conducted at Blackburn Shaw Funeral Home in Amarillo Tuesday at 11:30 a. m. Interment was in Vega Cemetery.

The Cub Pack met Monday evening, Nov. 21, in the high school library for a joint meeting of the packs and their parents and friends. Five new boys were inducted into the pack.

## FOR VISITORS' SAKE

DULUTH, Minn. (AP)—Sheriff Sam Owens says he has barred Monday visiting at the St. Louis County jail to keep the jail from being turned into a "house of confusion."

Each Monday the jail receives prisoners from municipal courts in cities around the county and the sheriff says jailers have difficulty keeping track of who's coming and who's going.

He says he's surprised some visitors haven't been locked up by mistake.

## CAN'T OUTSMART THIEVES

PENSACOLA, Fla. (AP)—When J. D. Green's car broke down, he carefully rolled up the windows, locked the glove compartment and doors and went home confident the vehicle would be all right. Returning next morning, he found the car still tightly closed but all five wheels, including tires and hubcaps had been stolen.

The United States has only 6 per cent of the world population, but has nearly 70 per cent of the automobiles.

Mrs. Johnnie Lewis conducted the ceremony around an artificial campfire. New cubs installed were Freddie Fleschute, Leslie Gamble, Bruce Kromer, Bobby Harwood and Joel Brownlee.

All members received "Jubilee Patches" for work done in the summer. They were Jim Bob Perrin, Dwane Gruhlkey, Charles Harwood, Maxine Dale Clark, Bobby Wayne Brown,

Wayne Bronniman, Raymond Jones, Jim Cavin, David Gruhlkey and Larry Loveless.

A film, "A Trip to the Moon," was shown after the service and refreshments were served to 40 guests.

The John Skaggs home was the scene of a fire Thursday afternoon resulting in the loss of two out buildings. The home was threatened for a time but

HEREFORD JAYCEES Sunday decorated Main Street for the holiday season. They put up nine strands of new gold and silver garland recently purchased by Hereford merchants. Junior Chamber of Commerce president Wayne Lehrer is shown on the scaffold of a fork lift hooking a strand to

an overhead cable. They encountered strong winds in the afternoon, but had the installation completed by evening. Sections of Park Ave. and two trees at Mother's Park also will be decorated by the Jaycees. (Staff Photo)

# J. V. Perrin Family Leaves For Colorado

BY MRS. T. L. COLLINS

Mr. and Mrs. J. V. Perrin and John left Friday afternoon for a pre-Thanksgiving pheasant-hunting trip to Center, Colorado. They will visit his brother, Mr. and Mrs. Woodrow Perrin and family there. They expect to return home on Monday.

Mr. and Mrs. Hershel Burrus and children attended the third annual West Texas State "Powder Puff" bowl football freshmen and sophomore girls played against the upper classmen. The Burrus's daughter, Margaret, a sophomore, played on the losing team.

Mrs. J. M. Payne and Darla came from Hereford Wednesday morning to be with her parents, Mr. and Mrs. Joe Rader, in serving the noon meal at school. Ray Simmons from Amarillo also ate lunch with Joe Rader

that noon.

In the afternoon Mrs. Rader went into Hereford with her daughter to get Larry from school and visited until night there.

Mr. and Mrs. J. V. Perrin ate lunch in the Walcott School cafeteria on Friday before leaving for Colorado.

Assembly program for Walcott School was held on Wednesday morning. Principal T. L. Collins mentioned that Damon Davis was 14 years old that day and the group sang "Happy Birthday" in his honor. They figured out that Davis was 122,640 hours old.

Miss Green's pupils gave their poems from their program of the Friday before. Nadine Tice, Linda Sorrells, Denise Melton, Kent Jack, Roger Brown, Denise Caraway, Arturo Lopez, Jim-

my Monroe, Charles Cupell, Joe Don Weaver, Yvonne Merrill, Chris Burns, Bob Merrill, Gary Coleman, Elton Davis, David Brown and Diane Kirby gave a number, "Golden Keys." Sherri West gave a story to close their part.

Miss Bourquin's sixth-grade pupils had drawn and painted a large map of Europe which they had placed in back of the stage. The following reports were given about various countries:

Adair Melton, Switzerland; Sue Northcutt, Greenland; Phyllis Tice, Italy; Ronnie Buse, Ireland and Thomas Davis, Iceland.

Mr. and Mrs. Obed Caraway, Melodye, Denise, Tracy and Chip moved from the Reinauer ranch to Hereford this weekend.

Mr. and Mrs. Jim Monroe,

Tom, Paul and Thorton, Mr. and Mrs. Buel Monroe and Joe drove to Amarillo on Friday morning. Paul and Tom were met at the airport by their father, Doug Timberlake. They went with him to Chicago, Ill., for a Thanksgiving visit. The Monroes transacted business in Amarillo.

Mr. and Mrs. Norman Minks attended a dinner-bridge party in the home of Mr. and Mrs. Harold Shearhart of near Vega on Friday night. Margaret and Nancy Minks spent that night with Mr. and Mrs. Leonard Walterscheid, Donna and Doug. Mr. and Mrs. Wayne Bass, Sammy and Kenneth of Erick, Okla., came Saturday to visit his brother, Mr. and Mrs. Harold Bass and Charles. They returned home Sunday evening.

Mrs. Dick Cook and Sheryl from Levelland came Sunday to visit Mr. and Mrs. Melvin Henderson and sons.

Mr. and Mrs. L. E. Garrison and Mr. and Mrs. Troy Benefield and families of Adrian visited in the Leland Burns home on Sunday afternoon.

P-TO met Friday night at Walcott School for the community Thanksgiving meal. Many were still busy gathering maize crops

and were unable to attend.

Mrs. Jack Weaver decorated the tables. Several ladies helped in the kitchen with the serving and cleaning.

Christmas cards, cord and wrappings and stationery that the P-TO are selling were shown. For the information of those that have ordered, the orders have arrived and are in the P-TO room at school. Mrs. Leland Burns, the finance chairman, has announced that sample Christmas cards can now be purchased. These are also at school.

Mrs. Jack Weaver, P-TO president, appointed the following on a Christmas committee to select, purchase and decorate the community Christmas tree and purchase and bag Christmas treats: Mr. and Mrs. Bruce Coleman, chairman; Mr. and Mrs. J. E. Sorrells, Mr. and Mrs. Le Roy Cupell, Mr. and Mrs. J. T. Tice.

Annual Christmas program and tree will be the December P-TO meeting of the month. It will be held at 8 p. m. Tuesday, Dec. 6. School will be dismissed on the afternoon of Wednesday, Dec. 21, until January of 1961.

## OFF THE Shelf

BY H. A. TICK

William J. Lederer's *Ensign O'Toole and Me* is a vastly amusing book from the Deaf Smith County Library.

Much of it is concerned with Captain Lederer's friend and oft-time accomplice, Terrence O'Toole. This small red-head from Annapolis sets U. S. Navy back on its heels with some of his exploits.

Among other things, O'Toole made a daring foray into enemy territory disguised as a Japanese army doctor and spirited out a friendly agent who had been captured.

He also was involved with a fortune teller, a beautiful girl and a gross lie which resulted in Captain Lederer's marriage.

But it was Captain Lederer's elaborate practical joke on his commanding officer that really put the frosting on the cake.

Lederer and O'Toole also got together in Korea, where they performed an African voodoo rain dance, with disastrous results. This was also the place where American Marines astounded British Commandoes by catching bullets in their teeth to estimate the enemy's range.

And, of course, there was the snooty lady war correspondent who got a royal treatment from O'Toole and the bartender named Bill Lederer who was selling and autographing Captain Lederer's first book.

There are also some touching moments when a ship's company shows tender compassion for refugees from Indo-China.

But Lederer and O'Toole also make some serious points about America's errors in foreign diplomacy and some realistic suggestions about how to get better results with ambassadors and dollars.

In fact, Lederer got so interested in our foreign relations that he wrote, with Eugene Burdick, the best-selling *The Ugly American*.

*Ensign O'Toole and Me* is a book filled with skillful writing, to produce some loud laughter and some serious thoughts. It sounds like an odd combination, but it makes for excellent reading.

Capital of Honduras is Tegucigalpa with a population of 30,000.

# Report Cards Given At School Tuesday

BY MRS. T. L. COLLINS

Report cards for Walcott's second six-week period were handed out Tuesday, Nov. 22. The following students received nothing lower than an A- on their cards: Joe Don Weaver, Gary Coleman, Chris Burns, Kent Jack, Jimmy Monroe and Roger Brown, first grade;

Denise Melton, Sherrie West and Nadine Tice, second grade, and Nancy Minks, fourth grade.

Wednesday was a "full day" at Walcott School, as well as the one before Thanksgiving holidays. Assembly was held first that morning. Principal T. L. Collins talked to the group about their responsi-

bility as daily riders of school buses. He also read Psalms 70 to the assembly.

The third and fourth grade students presented the following program: group songs, "Our Popcorn Song," "Thanking God," and "What Mr. Turkey Said." A play from the story, "A Ride to Animal Town," in the third-grade reader, Willet Wyly was announcer, Barbara Brown, reader; Charlene Weaver, Betty Beaver; Danny Hall, Tired old Bunny, and Galen Jack, Johnny Fox.

A play from the story, "Muscle Magic," taken from the fourth-grade reader, was also presented. Sheldon White was

the reader. Charles Ball played Peter, Linda Merrill, Mother; Robert Davis, Father; Nancy Minks, Aunt Rose; Kay Kirby, Grandma, and David Buse, Old Zeke. Kay Kirby was announcer for the play.

The group gave Choral readings, some taken from their English books—"Old Sayings," "Book Houses," "The Months," "Little Charlie Chipmunk," and "The Little Kittens." Girls in upper grades gave some school "pep" yells.

Visitors for assembly were Mrs. Floyd Brown, Mrs. Ernest Brown, Mrs. Eldred Brown and Mrs. Joe Merrill.

The pupils from the upper

four grades of Walcott School left later with their teachers in a school bus for Hereford with T. L. Collins driving. Miss Shirley Bourquin, coach of Walcott's boys' basketball team, accompanied them with the others in the group, to the Stanton Junior High School gym, where they played Hereford's seventh-grade boys' basketball team. Hereford won, with a score of 21-16.

Mr. and Mrs. Joe Merrill drove to Hale Center Saturday evening to visit and help care for his aunt, Mrs. C. L. Thomas, who is ill. They came home Sunday. Linda, Yvonne and Robert stayed in Hereford with their grandparents, Mr. and Mrs. Virgil Merrill.

Wayne Johnson, Edwin Morrison of Hereford, and Tom Johnson of near Black drove to Steenville on Friday, Nov. 18, where they enjoyed deer hunting. They returned home Tuesday, Nov. 22.

Mrs. Tom Johnson and three-year-old son Brent of Black stayed with Mrs. and Mrs. Cliff Johnson during her husband's absence.

Mr. and Mrs. Bertram Jack, Dianne, Marla, Galen and Kent spent Thanksgiving holidays visiting relatives and friends in Floydada and Spur.

Mr. and Mrs. Claud Beckett came on Wednesday from their home in Greensburg, Kan., to be with their daughter and family, Mr. and Mrs. Norman Minks, Nancy, Margaret and Larry, for Thanksgiving. The Becketts returned to their home Monday.

Mr. and Mrs. T. E. Davis, Damon, Thomas, Robert and Elton went to McAdoo recently to be with her parents, Mr. and Mrs. R. L. Neff and other relatives. Neff is recovering from a recent heart attack and is still in the Crosbyton Hospital.

Mr. and Mrs. H. M. Stone of Haskell were in the community for Thanksgiving with their daughter and family, Mr. and Mrs. Julian Perrin, J. V. and John.

Mr. and Mrs. Melvin Henderson, Keith, Ropny, Billy and Sid spent Thanksgiving with his parents, Mr. and Mrs. W. M. Henderson and other relatives in Levelland.

Mr. and Mrs. Bill Johnson, students at Oklahoma State University in Stillwater, Okla., returned home Wednesday to visit their parents, Mr. and Mrs. Don Guseman in Hereford and Mr. and Mrs. Cliff Johnson.

Mr. and Mrs. Buel Monroe, Kathy, Jimmy and Joe went to Fort Sumner, N. M., Saturday, Nov. 26, to visit her mother, Mrs. Elsie Howell, who recently returned from a visit in California.

Tony Gibson was 11 years old on Saturday, Nov. 26. His mother, Mrs. Charles Gibson, held a birthday party in his home on Tuesday. Ronnie Henderson, Kelly Tyler and Thomas Davis rode the bus home with him that afternoon for a hamburger supper. They spent the night in the Gibson home.

Mr. and Mrs. Virgil Merrill, Jan and Dan Hardy of Hereford ate Thanksgiving dinner in the home of Mr. and Mrs. Joe Merrill and children.

Mr. and Mrs. B. E. White, Sheldon and Sharon, ate Thanksgiving dinner in the home of her aunt and uncle, Mr. and Mrs. George Hudson in Hereford. Donna Hudson came home with them and spent that night in the White home.

Guests in the home of Mr. and Mrs. Cliff Johnson and Wayne on Thanksgiving Day were Mrs. Iris McQueen, an aunt of Mrs. Johnson, from Memphis; Mr. and Mrs. Bill Johnson of Stillwater, Okla., and Mrs. Porter Johnson from Black.

Janell Weaver, who is attending Hardin-Simmons University and Hendricks Hospital for nurses training in Abilene, came with friends to Canyon on Wednesday, where she was met by her grandmother, Mrs. Minnie Miles of Pampa. Together they came to visit her parents, Mr. and Mrs. Jack Weaver, Mary Ruth, Charlene, and Joe Don.

Mr. and Mrs. Jim Stocks ate Thanksgiving dinner with the group at the Jack Weaver home.

Mr. and Mrs. H. D. Buse, Ronnie and David spent Sunday in Amarillo with their daughter, Mr. and Mrs. Wayne Laddy.

Mr. and Mrs. Waldron Melton, Adair and Denise left home on Wednesday, Nov. 23, to drive to White Sands, N. M., and on to Los Cruces to visit friends, Mr. and Mrs. Ward Hook, Michael, Eric and Brad, for Thanksgiving Day.

On Friday the Meltons drove to El Paso and Juarez, Old Mexico. Saturday night was spent in Cloudcroft. They drove home Sunday night.

Mr. and Mrs. Thomas L. Collins drove to Perryton on Wednesday night to have turkey dinner with his parents, Mr. and Mrs. W. L. Collins and Loyd there. His nephew, Mr. and Mrs. Leonard Pittman, Kathy, Sherri and Terrell of Fritch came that afternoon, as did Mr. and Mrs. Amey Pittman of Perryton.

The group observed slides that night, made by Bruce Collins in the Grand Teton and Yellowstone National Parks this summer, and in Corpus Christi in October.

On Friday Mr. and Mrs. Collins visited friends in Sanford, Mr. and Mrs. Harry Miller and Mr. and Mrs. Wilbur Moss. That night they stayed in Fritch with the Leonard Pittman family. Saturday they are lunch in the home of his sister, Mr. and Mrs. Roy Townsend, Kenneth and Darrell in Amarillo; before shopping in a shopping center there.

Mrs. M. L. Preston was in Amarillo shopping Saturday. She taught school at Walcott, and are now teaching at Amherst.

**FORMAL FAMILY** . . . Sam Rudofker of Philadelphia introduces dinner jackets for little boys this season. Rudofker poses with his two sons, Theodore, 4, and Michael, 5, all attired in matching dinner jackets. The jackets, in pastel or vivid colors, are dacron-and-orlon shantung, can be washed in any standard automatic washing machine and worn with little or no ironing. This year says Rudofker, small boys will go formal New Year's Eve, just like Dad. And when the family takes off for a cruise, small fry will pack their tuxedos.

The derby popularity follows last summer's revival of the stiff straw skimmer, which was the season's top style.

## Up In the Air

BY BENNY WOMBLE

They say that when a wind is strong enough to blow the recording instruments away, you have quite a wind. During the windstorm last Sunday the wind blew the windsock down at the airport. This was the only damage done at the airport as all airplanes were inside the hangars.

Jerry Cady tells me that is will possibly be a week or so until Dan True has the finishing touches on his U-ALL-2 air machine and then he thinks we can get him to fly it down here some Saturday evening.

The boys at the airport have been doing maintenance recently on several airplanes. Among these are the Griffin and Brand 210 Cessna, Mutt Wheeler's 182, Bob Hill's Champ, my Tri-Pacer and a damaged wing of a Stinson of Gus Frye's.

Comings and goings, the Blac-Air Service Skylane has been flown on several charter trips recently. J. V. Campbell and Bonnie and niece Diana, flew round-trip to Crosbyton Sunday before last in their Tri-Pacer.

Ben R. and Vondell Plummer have both been getting in some cross-country time recently in their J3 Cub. Ron Steel and wife are still gone at this writing to Scott's Bluff, Neb., and other points in the Hill Bell area.

Mutt Wheeler and family got back from a trip Sunday during the best part of a golden spread day (40 mph winds). Taft McGee left Monday on another business trip in his Apache. Chester Wiggins has been gone on a trip in his '175 Cessna. Bill Decker left Monday on a trip in his Bonanza.

I talked to a fellow the other day that didn't believe the airport was of any use except to a few people. Several people standing by suggested he spend an hour or so at the airport and observe not only local people but visiting airplanes coming and going and he might change his mind. He admitted that he only knew what he did by lis-

tening to others.

Our airport will never be valued as it should be by some people unless it should be closed up. The first time someone had someone else close to him, sick or injured and needing to be flown to a specialist in a hurry, is when they would miss our airport.

I talked to a pilot that had to land on a highway here several years ago to pick up a local man to fly him to a specialist. He told me he took off before daybreak and only found out later that he flew under two highline wires without seeing them.

Not many people in the community use the police or fire department all of the time either, but we would surely miss them if we didn't have the airport, wouldn't we?

I think our airport costs the citizens less than any bond issue we have voted on. What other investments do we have that is soil banked and pays \$500 a month besides? I wouldn't know how to put money value on an airport any more than a highway or railroad. All are for the use of the traveling public, regardless of the way they travel.

# Let Camera Capture Fun Of Yule Season

By IRVING DESFOR  
Newsfeatures

Christmas is a joyous season as the spirit of good will and the sharing of gifts reigns everywhere. And since photography can best record these events, the snap - snap of still cameras and the whirl of movies will increase in tempo till the faillight of the Santa Claus Reindeer - Special fades into the northern sky.

There's no reason why photographers should not be just as happy as all the people around them. Put a good camera in his hand (a subtle gift hint if I ever heard one), loaded with the right type of film, enough light in the proper places on cooperative subjects and he'll have a snap - happy holiday.

But how happy can the cameraman be if he discovers at the climactic moment that the

camera still has daylight - type color film and right before him - under photo floodlight - the kids are tearing open their packages?

Or the flashbulb fails to fire. Or all the lights go out when a battery or reflector floodlights are connected to one electric light outlet.

Neither house circuits nor photographers need blow a fuse if photo strategy is planned and

some preliminary tests made in advance of the big event. There is nothing new or unusual in this advice but it must be repeated year after year to keep reminding us that it can happen here if we are overconfident or blissfully ignorant.

Take the camera first, especially if you haven't been using it much since vacation days. Give it a dry run so you know the shutter's operating and the wheels turn while you get the feel of it again. If it has a flash unit, check the circuit with a test light or 'play safe' and replace old batteries with fresh ones.

What about film? Got enough of the right type? If you happen to have daylight type color film and plan to shoot indoors, you must: (a) get a conversion filter to get correct color rendition, (b) use blue flashbulbs or, (c) finish off the roll in the camera outdoors and switch to the right type. The disadvantage of converting daylight - type color film for indoor shooting is that it loses speed and more light is necessary to compensate.

It's better to start with color film for artificial light for indoor shooting since it gives maximum film speed. Then if it becomes necessary to switch to daylight shooting outdoors, the addition of the proper conversion filter puts the colors in conformity - instead of a blank.

rect balance and at the same time there is no loss of film speed.

When it comes to color film negatives such as Kodacolor and Ektacolor, there is no differentiation between daylight or artificial light.

It can be shot under any kind of light and the results can be viewed as color prints, black and white prints or made into color transparencies.

When it comes to lighting the indoor scene, the camera light bar has swept the country. This is the hand - held gadget with from three to four reflector floods, in the center of which is the camera. It is the easiest, most practical method of providing light for a still or movie camera. But it is not the most artistic. It provides flat, concentrated light when and where you need it. But it won't give a sparkling highlight or model the features.

To improve the light level of most indoor shots, you might try putting reflector or floodlights in several normal light fixtures around the room, if the sockets or lamps can take the extra heat.

Again, our best advice is to quick test everything to assure yourself the results will bring Christmas back as a happy memory - instead of a blank.

## Renaissance Is Program Topic

The home of Mrs. Francis Hardwick was the scene of a recent meeting of the Bay View Club.

Mrs. Philip Barkley and Mrs. Jack Gililand presented the program, which had as a topic "The Renaissance."

Mrs. Gililand gave a resume on the life of Benvenuto Cellini and stated that the story of Cellini's life revealed one of the most spectacular and singular careers in the history of art. The decorative quality of his work is intricate and the exquisite detail of workmanship is typical of the best of the Renaissance period.

Mrs. Dick Barnard was welcomed as a new member.

Present were Mesdames D. H. Alexander, Philip Barkley, H. L. Benefield, Colby Conkright, C. W. Fisher, W. L. Gililand, Jimmie Gillentine, Francis Hardwick, E. W. Harrison, George Heard, J. W. Kirby, Paul Mathers, Ansel McDowell, R. B. Miller, Eugene Naugle, Carl

Perrin, J. W. Spradley and H. L. Thurston.

## OXEN AT WORK

JACKSON, Ohio (P) - Ox teams with wooden yokes still work daily in the farming and lumbering operations of Carl Swaney and his father Herman on their farm near here.

The six teams of oxen on the farm haul logs from where they are cut to waiting trucks. The younger Swaney sometimes hitches the teams to an old covered wagon for parade appearances, and also makes the yokes for the teams.

## BERGUNDY LACKS PUNCH

SAN DIEGO, Calif. (P) - Bergundy dispensed in vending machines at the Naval Training Center is not only nonalcoholic but non-carbonated too. The Navy said it is merely a grape drink, one of seven flavors available there for a nickel.

Dogs serve in modern warfare mainly in scouting and first aid work. But, in earlier times they were armored with leather coats from which spikes and knives protruded for actual combat.

## Senior Class Personalities

"Always be friendly to everyone," is the advice Patsy Fowler gives to underclassmen. Patsy was born on March 27, 1942, in Amarillo. Her parents are Mr. and Mrs. Dick Walker.

Patsy's ambition is to become a school teacher. She plans to attend Lubbock Christian College after graduation.

She is a member of the D. E. Club in which she serves as treasurer; she is homeroom secretary and an office assistant. She was chosen as Annual Queen when she was a sophomore.

Patsy's hobby is working. She is employed at the present time at Walker Refrigerator. During the summer she worked at J. C. Penney Company. Her favorite pastime is riding around.

Her favorite food is shrimp and her favorite color is yellow. She chases Chevrolet as her favorite make of car.

A senior who certainly has a personality is Billy Mack Noland. He is 18 years old and was born on July 12, 1942, in Hereford. His secret ambition is to get out of high school as quickly as possible. His favorite pastime is riding around, and after he graduates he wants to go to MIT.

His favorite subject is English and his favorite song is "Poetry in Motion," in his spare time he either studies or works.

The only famous person I have ever met is Eugene Baldwin.

## Football Personalities

Thomas "Kangaroo" Coffman is a 17-year-old senior at H. H. S. He was born Oct. 17, 1943, in Lubbock, and has been playing basketball at Hereford for four years. His position on the team is center.

Thomas believes that Borger will be the toughest team that Hereford will face this year because they had a fine B team when Hereford played them two years ago.

When asked who would be the toughest team in district, Tom replied, "Dumas should be the toughest team we face in district. They have a new coach and they will probably have a lot of determination."

Tom thinks that the team has many good players and that they can go all the way to state if they get together and have a lot of hustle and determination.

Tom's ambition is to first win state and then go to college and possibly play basketball. His hobby is hunting and fishing and his favorite pastime is playing and kind of sport.

Charlie Thomas, a senior at Hereford High School, thinks we have a good chance for taking a journey to Austin in basketball this year. Charlie plays guard on the team.

He was born right here in Hereford on Nov. 13, 1942. "The Amarillo Sandies or Borger will probably be the roughest team we will play all year in regular play. Both of these teams are pretty tall and have experience," Charlie says.

Dumas will be, in Charlie's opinion, the strongest team in our district. They have a new coach from Hedley, where he has won district three times and captured the state championship once in four years.

Charlie's ambition is to win state this year in basketball. His hobby is naturally playing basketball while his favorite pastime is bowling and goofing off whenever possible.

## Education Is The Key In Our Society Today

The day of the educated is here—will you be included. Yes, the educated people now constitute and provide for most of the world today. They are a part of the living, present and future, not of the dead past.

Education has become a easy thing to acquire. It is everywhere about us—in things we see and hear and read, and also in our ever-present schools. Education on a silver platter is a usual thing these days, but how many of us really realize the worth of education?

Men have fought for the right of education for centuries,

MISS DELORES WALL, was graduated from Littlefield High School and went to West Texas State College where she received her B. A. degree in English, Spanish, and Education. She now teaches English III and IV at Hereford High School. (Brand Staff Photo)

like the ones we face everyday. Literature gives so much freedom of interpretation. Grammar is mechanical."

This came from one of the H. H. S. English teachers, Miss Delores Wall. Miss Wall teaches English III and IV. Her favorite author is Shakespeare because of universal qualities of his writings. Her favorite play by Shakespeare is *The Merchant of Venice*.

Miss Wall graduated from Littlefield High School, and from West Texas State College in 1959. She has her B. A. degree in English, Spanish, and Education.

Miss Wall's desire when she was a little girl was to be a doctor, but when she got into college she decided to become a teacher. She said, "I love to work with people and help them; that was my reason for becoming a teacher." Her first teaching assignment was here in Hereford. She is a member of Texas State Teacher Association, and Classroom Teachers Association.

When she was in college she used to sleep on her books before taking a test. When asked if it really worked, she said, "I don't know, I never took a test without doing it." The best advice she ever had was to learn to understand people. She said that she is still working on it.

Some of her favorites are as

## Clubcity

The H-Y Club held a meeting Monday night, Nov. 21. The group planned a party for December in Amarillo. New officers named were: song leader, Walker Parris; pianist, Curtis Crowell; sergeant at arms, Edwin Thomas; and chaplain, Jackie Oldham.

The F. F. A. Chapter of Hereford High placed in five of six events Tuesday, Nov. 22, during competition at H. H. S., as part of the Amarillo District FFA leadership contest. Hereford's chapter team won first place in Senior Chapter conducting and also first place honors in the Junior Farm Skill event.

Horace Mann was the father of modern education. These were the beginnings—long ago the idea of an education began to shine like a beckoning light before man. From there, the long fight for an education has progressed to our modern school today.

Many people do not realize the value of a good education—how can they? When someone gets something easily, it loses value for them. An education can get you a key for almost any door anywhere; it will be your doorway to life and success.

## HUMOR, MYSTERY, ROMANCE

# You Name The Subject; HHS Library Has A Book About It

Humor, mystery, romance, travel, history or biography—make your choice. They're yours for the asking at the H. H. S. library.

Try something different! Try something new! You have 3,780 books to read. The library receives between seven and eight hundred dollars a year with which to buy books and magazines. The average book costs between two and three dollars.

In an average year, one hundred and fifty dollars in fines is collected. Forty dollars has already been collected since Sept. of this year. This money is deposited in the activity fund for purchase of books, magazines, and library supplies. Checks on this fund are written by the school secretary, with the authorization of Mrs. Olean Leggett, library sponsor.

Thirty-five books are checked out during the average day. The first day of school, two books were checked out and on some days as many as 89 are checked out.

More up-to-date books on economics, sociology, speech, and books by English authors are needed, according to Mrs. Leggett. Mrs. Leggett has been library sponsor for five years. She loves to work with books and students in the atmosphere of a library.

She had no previous experience in library work in high school or college. While teaching English in a small school she had to be the librarian, so she took a course at the state university and has loved it ever since. She comments with a gleam in her eye: "Library work is pleasanter than grading papers."

Interesting information volunteered by Mrs. Leggett is that there is an alarming shortage of librarians in this country and the average age of librarians in this area is

55. She explained that the demand for a liberal arts education keeps most young people from preparing for a career in library work.

There are many specialized fields in library work here and abroad. Oil companies abroad have librarians, and librarians are needed in medical, geology, legal and many other fields.

HHS librarians are Jane Aulen, Walteen Beavers, Mary Lois Coker, Loretta Cole, Glenda Gandy, Wilma Higgins, Ann Lance, Anna McKee, Mary Martin, Paula Moore, Sharon Newman, Martha Ponder, Linda Renfro, Tommy Robinson, son, Kay Woolery and Vicki Worley.

In connection with the library there is a boy's audio-visual department. These boys clean and repair the machines, show films to the classes, and watch the schedule for films to be shown.

The department has two movie machines, two film strip machines, a tape recorder, record player, and opaque projector, and a collection of 500 film strips.

Boys enrolled in this course are Eugene Baldwin, Charles Burrus, Jerry Clark, Jerry Cutsinger, Randy Dowell, Stan Kropff, Jim Marshall, Donald Payne, Mickey Stevens, Virgil Strange, Bob Uselton, Charles Vasek, Tom West, Clyde Whitaker, Carlos Lopez and Jerry Johnson.

## Mystery Couple

The mystery boy this week is 5'10" tall and has brown, curly hair and brown eyes. He is 18 years old and is a senior. His hobby is leather tooling and his favorite pastime is being with Margaret.

Of all the songs he likes "Save the Last Dance for Me" the best. His favorite teacher is Miss Thompson. After he graduates he plans to go to college.

The mystery girl for this week is a 15-year-old sophomore. She is 5'5" tall and has dark brown eyes and hair. Her favorite subject is Spanish and her favorite teacher is Mr. McClurkan. Among many songs she says "Save the Last Dance for Me" is her favorite. Her hobby is dancing and her favorite pastime is being with Joe. She plans to go to college after graduation.

Joe Hersley and Margaret Fre- rich.

## Hobbies

Patsy Fowler spends her time working like a slave.

Patsy Loerwald plays the accordion, which is supposed to produce beautiful music.

Dorothy Stewart loves collecting silver spoons from different states and countries.

"Running around" is especially enjoyed by Billy Bolinger.

## TEACHER OF THE WEEK

# Coach Brooks Like Energy Shown By H.H.S. Students

"The kids in Hereford High School are a real energetic group," says Coach Brooks. Coach Brooks has helped with the football practice this year and now is helping with basketball. His ambition for the team this year is to go to state.

## You Know Them By:

Sharon Farmer — not knowing the difference between ice hockey and polo.

Kay Woolery and Ann Lance — always talking about Texas Tech.

Audrie Self — Sam and Cherry Bomb.

Louise Axe — taking nerve pills in Spanish.

Carol Kent — saying "Connie Kent, quit studying."

Connie Kent — always studying.

Nicky Nan Newton — leaving her baseball at the bowling alley.

Phyllis Ward — the big "rock."

## Question Of The Week

What would you do if someone gave you a "quetzaz" for Christmas?

Ruth Wagner — Trade it for something that I could use.

Carol Kent — I'd wear it.

Carole Sneed — I'd eat it.

Sheri Dameron — Give it back.

Walteen Beavers — Laugh and give it back.

Bonnie Sparkman — Keep it if I liked it.

Clyde Whitaker — I'd give it to Mr. Richey and maybe he would give me an excused absence.

Craig Griffith — I'd trade it in for a "good" plug of chewing tobacco.

Ronnie Byers — I'd burn it!

Joe Hersley — I would drag it along behind my motor scooter on my paper route.

Jerry Clark — I would wrap it up and give it to someone else.

Joe Mack Hale — Give it to Donnie Lesley and make him sleep with it.

Dennis Hodges — I'd give it to the poor Friona boys.

Kyleen Hodges — I'd give it to James.

James Gentry — I'd give it to Whitaker to chew at the games.

Deanna Kreighshauer — I'd give it to Sandy.

Sandy Blythe — I'd give it right back to Deanna.

A "quetzaz" is a Central American bird.

## ENGLISH ESSAY

## Phonetics Valuable To High School Students

(By Whiteface Staff)

The following essay was written by one of Mrs. Charlotte Calvert's sophomore English students, Ann Gentry.  
"Have you ever sincerely thought, 'Oh, if I could only learn to pronounce words better on a first glance'?"  
"I have heard many people say that, and many teachers have also wished that the students had been taught earlier the values of phonetics. Phonetics are valuable in spelling, pronunciation, syllabification, and in reading. In the fifth grade I had my first true experience with a complete study of phonics. At the time, all of those drills we did and the records we listened to

over and over seemed very useless and elementary.  
"Then, in the seventh and eighth grades, I noticed that some of the students had a hard time pronouncing words and especially dividing them into syllables. I had a fairly easy time, though.  
"It was not until my freshman year that I truly realized that those phonetics in the fifth grade had helped me a great deal. In some of my harder courses, such as world history and English I, I had no special trouble being able to pronounce the long words that we were becoming acquainted with.  
"I am very thankful to Mrs. Earl Holt, who has made my reading so much easier and more pleasant, for the constant drilling on phonics that she provided for me in the fifth grade."

## Hold Rites For Brother Of Two Hereford Women

C. F. Lightfoot, brother of Mrs. A. A. Hare and Mrs. M. L. Turner, both of Hereford, died in the home of a stepson, James Alverson of Lubbock, Friday, Nov. 25, after a long illness. He was 82 years old.

Funeral services were conducted Sunday, Nov. 26, at 2 p.m. in Lubbock, under direction of Rix Funeral Home there. Burial was also in Lubbock.  
Mr. Lightfoot had been a farmer in Levelland since 1923. He was born Aug. 18, 1876, in Chattanooga, Tenn. He came to Texas in 1900. He was former foreman of Cement Mills at Rotan and Agatite for a number of years before settling in Levelland.  
He is survived by his wife; three step-daughters, Mrs. Lucille Keeney of Albuquerque, N. M., Mrs. Marie Waters of Morton, and another daughter of California; two step-sons, Joe Alverson of Carlsbad and James of Lubbock; two brothers, H. H. Lightfoot of Childress and Newt Lightfoot of Hollis, Okla.; four sisters, Mrs. Turner and Mrs. Hare, both of Hereford, Mrs. Bertha Watson of Hillsboro and Mrs. Blanche Tarpley of Farmington, N. M., and one great-grandchild.

## REPORT

The Shat-U-Aya Campfire girls closed their cooking school with a tea honoring their mothers on Nov. 15, at South Western Public Service building. Invitations of miniature stones made by Kandis Hill were sent to each mother.

A fall arrangement of fruit and leaves centered the table. The centerpiece was made by Joe Witherspoon. Liz Ann Blythe acted as mistress of ceremonies.

The welcome was given by Joe Witherspoon and Mary Stoy presented Mrs. Baker with a gift of appreciation.

Giving Thanksgiving readings were Mary Stoy, Susan Ballard and Diana Springer. Acting as hostess for the tea were Linda Jacobsen, Diane Rogers, Irene Bishop and Betty Barrett. Serving at the punch bowl was Jan Scott.

Those present were Mrs. Ira Scott and Jan, Mrs. R. E. Barrett and Betty, Mrs. Labry Ballard and Susan, Mrs. John Jacobsen and Linda, Mrs. Bishop and Irene, Mrs. O. G. Hill Jr. and Kandis, Mrs. Blythe and Liz Ann, Mrs. George Springer and Diana, Mrs. Art Stoy and Mary, Diane Rogers and her grandmother, Mrs. Phil Barkley, and Mrs. Baker.

The Shat-U-Aya girls also met Nov. 22 at the Campfire Hut. Turkeys were made from pine cones, to be used in the home during the Thanksgiving holidays.  
Those present were Susan Ballard, Irene Bishop, Betty Barrett, Jan Scott, Kandis Hill, Diana Springer, Joe Witherspoon, Liz Ann Blythe, Mary

## Bees Take Third Straight In 74-38 Win Over Dimmitt

BY WAIN MILLER  
BRAND SPORTS WRITER  
The Hereford Bees ripped off their third victory at Dimmitt last Saturday night as they

downed the Bobcat quintet by the score of 78-38. The Hereford Bees stand undefeated thus far this season as they have also humbled Friona 71-27 and the Palo Duro Dogs 61-52.

A six-foot, three and one-half inch junior student by the name of Randy Dowell paced the Herd as he scored a total of 30 points. The 'Faces' held a 24-7 advantage at the close of the first period.

Dowell racked up nine points during the first quarter. Jerry Curtsinger sank five, Mack Cansler and Lynton Allred both dumped in a total of three, as Joe Mack Hale added four free shots and Hereford held the Bobcats to only seven points in the first quarter.

Randy Dowell dropped in three field goals as Sophomore David Dowell, younger brother of Randy, scored two markers along with Lynton Allred, to give the Herd a 36-19 lead at the half.

Randy Dowell racked up six field goals and a pair of charity tosses. During the third stanza and Allred added seven points, while Cansler and McGee both scored three and Virgil Strange two.

Ronnie Welty, sophomore, dropped in four points, while Curtsinger, David Dowell, Hale, and Willoughby both added two during the final round to bring the final score to 74-38.

TO: C. E. Bowers, and if the said C. E. Bowers be deceased, the heirs, the unknown heirs, and legal representatives of the said C. E. Bowers, deceased, and if the said C. E. Bowers be married, the wife of the said C. E. Bowers, and if the wife of the said C. E. Bowers be deceased, the heirs, the unknown heirs, and legal representatives of the deceased wife of C. E. Bowers; and all persons owning or claiming any interest in the lands herein-after described; Defendants, Greeting:

You are hereby commanded to appear by filing a written answer to the Plaintiff's Petition at or before ten o'clock a. m. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being Monday the 19th day of December, 1960, at or before ten o'clock a. m. before the Honorable District Court of Deaf Smith County, Texas, at the Court House of said County in Hereford, Texas.

Said Plaintiff's Petition was filed in said Court, on the 3rd day of November, A. D. 1960, in this cause, numbered 4419 on the docket of said Court, and styled,

GERTRUDE PROBASCO, a feme sole, Plaintiff,

vs.  
C. E. Bowers, and if the said C. E. Bowers be deceased, the heirs, the unknown heirs, and legal representatives of the said C. E. Bowers, deceased, and if the said C. E. Bowers be married, the wife of the said C. E. Bowers, and if the wife of the said C. E. Bowers be deceased, the heirs, the unknown heirs, and legal representatives of the deceased wife of C. E. Bowers; and all persons owning or claiming any interest in the lands herein-after described; Defendants  
A brief statement of the nature of this suit is as follows, to-wit:

Plaintiff sues for title to and possession of the following described real estate situated in Deaf Smith County, Texas:

All of the North forty feet (N 40') of Lot Forty (40) of Evans Subdivision of Block Seventeen (17) of Evans Addition to the Town of Hereford, Texas,

and That certain portion of said Block Seventeen (17) of Evans Addition described as follows:

BEGINNING at a point in the East line of said Block 500 feet North of the Southeast corner of said Block 17; THENCE West 178.71 feet to a point; THENCE North 43.55 feet; THENCE East 178.71 feet to a point; THENCE South 43.55 feet to the Place of Beginning.

Plaintiff alleges that she is entitled to recover the fee simple title to and the possession of said property, claiming the same by adverse possession under the ten year statute of limitation; Plaintiff further prays that the cloud cast on the title to the above described property by Defendants be removed and that title to said property be vested in the Plaintiff, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Hereford, Texas, this 5th day of November, A. D. 1960.

THE MAN who has no Faith in God, nor any human being is dead as a cinder... he has spiritual leukemia. Faith is the root of all blessing. Faith can light up your soul in the darkest night.

HOPE is our highest expectation of good. Surely, Hope maintains most mankind. Hope must be the tie that keeps the heart from breaking. Hope is a carpet along the road man must walk to the Glorious Land.

LOVE, the greatest of the three. Love suffers long and is gentle; love never fails. Surely love must be the crowning grace. You will find these spiritual vitamins at your church... don't miss a service.

# Work Of Deaf Smith County Council On Alcoholism

**Editor's Note:** The following is a report recently submitted to the National Council on Alcoholism, Inc., by the Deaf Smith County Council on Alcoholism. The report was compiled by William Hardwick, chairman of the all-volunteer Council, Nov. 28 through Dec. 2 has been designated as Alcoholism Information Week by President Eisenhower.

With the writing of a letter of inquiry as to the necessity of a volunteer committee on alcoholism and its action in a small community and the receipt of a most favorable and encouraging reply from the TEXAS COMMISSION ON ALCOHOLISM, and with some local interest, the necessary ingredients for action were ready for mixing. This was in February of 1959.

The president of the Hereford Rotary Club was approached to see if the club wouldn't underwrite the cost of organization and in a way sponsor a local committee on alcoholism, with the understanding from the very beginning that the committee at no time would be either wet or dry, and would never take issue with either side. Also, the committee, once organized, would not be allied with nor sponsor-

ed by any civic club, church, or any organization. The Rotary Club jumped at the chance to help in any way possible and plans were made to have a luncheon meeting of a hand-picked group in the very near future.

In March, 1959, the luncheon meeting was held and those invited were people active in community service, who had had opportunity to see many cases of the end results of alcoholism. They included the county welfare officer, an attorney, doctors, the county judge, the chief of police, superintendent of schools, president of the P.T.A. Council, the radio station owner, and the publisher of the local newspaper. Also present was the president of the Rotary Club, a member of the Al-Anon Family group and a member of the Hereford Group of Alcoholics Anonymous. The result of this meeting was a decision that such a group or committee was needed, and that further steps should be taken at once to organize.

At subsequent meetings, one every two weeks, steps were taken to hand pick the committee members, seeking out people who were interested in the problem and who would help

with the task at hand. Some of those present at the first meeting did not care to follow through and slowly dropped out, but with more meetings other persons became interested in the activity, attended meetings and asked if they could be of service. In mid-summer, the committee officers were selected, also very carefully, and shortly thereafter, the DEAF SMITH COUNTY COUNCIL ON ALCOHOLISM was chartered.

In early October, Father Joe Routh from Gainesville came to Hereford to help get the committee "off the ground" or into action. Father Routh had been contacted several times previously and his help and advice were invaluable. At the meeting he conducted in Hereford the encouragement and inspiration given to the committee really set them to work.

The council officers applied to the Deaf Smith County United Fund for admission and presented a budget of \$400.00 which was accepted. The United Fund did not meet its goal, but a matter of \$400.00 certainly was not one to discourage this group. The council finally did receive 92% of its budget in March of 1960. Not having a budget five months before had delayed action on various projects, but in a way the lack of funds was good in that the council was able to see what could be done without funds.

The council's Speaker Bureau is actively working. To date, April 17, 1960, seventeen programs have been given with approximately 570 people in attendance. At many of these programs, where time permitted, a question and answer period was held. These have been most successful, even to the extent of one lasting two hours.

Interest shown at these programs has been most intense, and the questions asked have been direct questions, not leading questions. At each program literature was available, and many people have taken two or three of each pamphlet. One program was to the combined 6th grades of two of Hereford's elementary schools and another was to the 4th, 5th and 6th grades of another elementary school where the students had had about a week's preparation on the subject.

Both of these programs were most successful. In every instance, it has come back to the council from many sources about how much the programs have done to help those who have heard them.

At the present time, several of the council members are preparing programs concerning alcoholism and a single phase or area of the society in which we live, such as Alcoholism and law enforcement, Alcoholism and the family, Alcoholism and the church, etc. In the past the programs have been quite general and for the most part concerned with presenting alcoholism as a disease and the fact that with education, it can be prevented and the suffering alcoholic helped.

Also, by having many different programs on the subject, it will be possible for groups to be contacted several times without too much repetition. There are several programs scheduled for the future and many organizations still to be contacted about giving programs to. As per Father Routh, the council, for the most part, has had to ask for the opportunity to give these programs, but that is beginning to change now. There are even some individuals who are out setting up dates for some programs. Where a program is given and a question and answer session is to be held, two council members are present to insure that each question is answered correctly and completely.

The Council has in mind and is working on the following projects:

1. A workshop for our five county medical society.
  2. A workshop for all local law enforcement officers.
  3. Packets of literature made up and delivered personally to every minister in the county, at a time when there will be opportunity to explain to him what is being done.
  4. An alcoholism library shelf in the county library.
  5. An alcoholism library shelf in the school library.
  6. Literature available without cost in carefully selected locations, doctors' offices, attorneys' offices, hospital waiting rooms, etc.
  7. A pre-school institute for all public school faculty.
  8. Continuing to give programs wherever and whenever possible.
  9. An intensive newspaper and radio educational program.
- The council has, for the time being, rented a post office box to take care of its additional inquiries. An answering service has been considered and possibly will be used in the future, but because of the lack of a qualified person to perform this, it is felt that the box number will be better.

The council has set a meeting date and the attendance has been very good. The council meets at 7:00 p.m. on the last Thursday of every month. Special meetings are called for matters that need quick action.

Rev. Joel Treadwell attended the 2nd Annual Institute on Alcohol Studies in Austin in 1959, representing the then unchartered council. The council hopes to have at least six at the 3rd Annual Institute on Alcohol Studies, knowing that the more the council knows, the more service it will be to the community. It is most difficult to determine just how much good has been done or can be done. The only real measuring device at the present is what has happened to the Hereford Group of Alcoholics Anonymous. The group had a weekly attendance of 4 or 5 last October, occasionally up to 10 counting visitors. Now attendance is from 20 to 25 and occasionally 30, with some visitors. This is every week, not just every now and then.

Every week the group has one to three new members, most of them coming back. The Al-Anon Family Group, which meets at the same time, has enjoyed a

similar growth. The group had at one time, attempted to have open meetings, with special programs, but no interest was shown in these. Now there is an open meeting the last Thursday of every month, with an attendance of up to 70, and interest is growing with each one. With the present members and the intense interest, the group is making plans to have a new meeting place. Through this the council can see just how much good is being done, which has increased the incentive to do more.

## Wes Izzard Is Guest Speaker

Wes Izzard, publisher and editor of the Amarillo Daily News, was guest speaker at the noon meeting of Hereford Lions Club last Wednesday in the ballroom of the Jim Hill Hotel.

Izzard pointed out that "freedom is up to you." He added that the world today "is being brainwashed by one of the most diabolical propaganda campaigns in its history."

He commented that mankind has made more advances in the past five generations than all other previous advances. Mankind is making better use of

couragement and for the tremendous help they have been.

Also, the council has given one informational program in Dimmitt, county seat of Castro County, interest has been sparked there and interested persons want to get together with this council for help in getting one started in their county.

## Rites Conducted For Melvin House

Funeral services for Melvin E. House, 15, son of Mr. and Mrs. Fred House of Rt. 4 in Hereford, were conducted at 2 p.m. Monday, Nov. 28, in the Wesley Methodist Church. Officiating were the Rev. John V. Ferguson, pastor, and the Rev. Eugene Naugle.

The youth died after a short illness, in his home three and one-half miles north of Hereford, at 12:30 p.m. Saturday, Nov. 26.

Melvin House was born Dec. 26, 1944, in Panhandle. He moved to Hereford with his parents in 1952 from Amarillo. Survivors include his parents;

human energies and individual accomplishments, Izzard said.

"Mr. K calls capitalism obsolete and he believes it is on the way out," the speaker said. "Don't abandon the doctrine of individualism—you don't have to."

Too many people today, he pointed out, do not stand up for what they believe. "If you don't stand up for a freedom, it will soon die," he added.

Izzard was introduced by Dr. Wes Owen of Hereford.

Another item that the council has been considering and will do in the very near future is applying for "Group Membership," cost \$50.00 with the NCA. The council members that have been contacted feel that it would be well worth the money, just in material received that could be used by the council.

It has been noticed by the council that many people tend to associate the council with Alcoholics Anonymous, even when told that the two are entirely separate and independent of each other. The most effective way of handling this has been to tell them that the council is doing what A. A. cannot do, and that is public education and that A. A. is doing what the council cannot do, treatment and rehabilitation. The council has found that it is

Interment was in Rest Lawn Cemetery with arrangements under direction of Gilliland Funeral Home.

## West HD Club Holds Party

More than 100 members and guests of the West Home Demonstration Club met in the Nov. 17 at 6 p. m. for their Deaf Smith County Bull Barn Thanksgiving dinner.

The tables were decorated with the Thanksgiving theme of pumpkins, and candy place cards. Thanks was given by Mrs. Jacobsen.

Turkey, dressing and Thanksgiving dishes were served. The films taken by Mr. and Mrs. Dodson on their trip to Alaska were shown.
