

Four Local Youths Accepted For Job Corps

By NAOMI HOPSON
Staff Writer

Four Hereford youths have been accepted in the federally-sponsored Job Corps and are currently awaiting assignment to training centers. It was disclosed by the Texas Employment Commission here Tuesday.

Orval Galley, farm interviewer for the local TEC office and screening agent for Job Corps applicants, said the local office has been accepting applications for the program for some five or six weeks.

THE TEC worker told the Brand that the local office began taking applications for the Job Corps after the TEC district office at Littlefield announced that there would be room for "three or four boys in the Job Corps" from the Hereford area.

Galley explained that a designated number of openings are allocated for the various TEC districts in Texas.

THE LOCAL TEC office worker said that a few boys from the Hereford area had written Washington requesting information about the Job Corps.

"Their names came down through channels and we contacted them," he said.

The four local applicants who have been accepted in the Job Corps are currently awaiting assignment to one of the 23 training centers in the nation.

ed that there would be room for "three or four boys in the Job Corps" from the Hereford area.

Galley explained that a designated number of openings are allocated for the various TEC districts in Texas.

THE LOCAL TEC office worker said that a few boys from the Hereford area had written Washington requesting information about the Job Corps.

"Their names came down through channels and we contacted them," he said.

The four local applicants who have been accepted in the Job Corps are currently awaiting assignment to one of the 23 training centers in the nation.

Joe W. Bradley, TEC office manager here, said there is currently a delay "because the government does not have enough camps to accommodate the number of applicants we have."

IN TALKING with a Brand reporter, Galley at one point commented that he felt he could get more local boys interested in the Job Corps "if I had time to push the program."

Job Corps is the new "opportunity program" sponsored by the federal government in conjunction with the office of Economic Opportunity.

IN ESSENCE, the program is an "earn pay while you learn" plan which sends enrollees to

training camps for instruction in some 20 various skills. Applicants must be between 16 and 20 years of age and qualify under certain conditions.

"THEY CAN'T have too bad a background nor can they have too good a one," Galley said. "The program is really designed for the school drop-out or boys who need a boost."

Hereford applicants have been 17 and 18 and all have dropped out of school for various reasons.

Galley said that Sheriff Lowell Sharp and County Judge H. C. (Hank) Williams had assisted him in the program by talking with some of the boys and helping them arrange their personal affairs so they could enter the program.

WHEN ASSIGNMENT is made Galley will receive tickets for each boy to travel to his assigned Job Corps training center. Some may be bus, some train or even plane. Tickets come from the Washington office where applications are processed.

Living in a certain area does not necessarily mean that the boy will be assigned to that area. Boys are placed by their interests and they have a choice of twenty or so occupations.

CLERICAL WORK, mechanics repair work, cooking, machinery operation — only a few of the job training opportunities offered, but training is in two broad fields, conservation and urban. There are 18 conservation

camps and five urban locations in the United States for boys and two urban locations for girls.

The conservation camps are associated with the National Forestry Service and personnel serve as counselors and teachers.

THE PROGRAM is designed to have about 21 professional people to work with each 100 volunteers.

Each boy gets his ticket to his camp area, where he will be issued work uniforms. His meals and room will be supplied. The centers offer movies, libraries and other recreational facilities.

FOR EACH month a boy

stays in the program, he receives \$30 in wages in addition to his room, board, and clothing.

In addition, the government allots \$50 per month which must be placed in a savings account; however, trainees have a choice regarding the disposal of this money.

Trainees may leave the \$50 per month in savings, withdrawing it upon completion of the course.

OR, THEY may send \$25 monthly home to their parents or family. If they choose to do this, the government will match the \$25 sent home with an additional \$25 and the family will receive \$50, while the trainee has the other \$25 on deposit in See JOB CORPS Page 2

Red Cross Relief Aid At Camp Nears \$1,800

A total of almost \$1,800 in funds has been used to aid victims of a recent flood at the Labor Camp, it was reported this week.

Mrs. Corinne J. Neely, executive secretary of the Deaf Smith County Red Cross, said that

funds used to aid 16 families here totaled \$1,118 as of Tuesday morning.

MORE WILL be allocated by the national Red Cross organization for rehabilitation of families who suffered losses in the June 12 flood, she said.

In addition, a large amount of clothing and other items contributed by local citizens have been delivered by Red Cross workers to families who lost belongings when a lake swelled into homes at the camp following a seige of heavy rains in the area.

Mrs. Neely said that Richard Strayer of Amarillo, a Red Cross disaster aid official, reported Tuesday that total funds used to buy food and clothing for residents has amounted to \$977.

An additional \$731 has gone to help residents buy bedding and furniture.

THE LOCAL executive secretary pointed out that this is the first time the local chapter of the Red Cross has been forced to seek aid from the national organization.

She explained that any time more than five families are involved in a single disaster, aid from the national Red Cross may be sought.

"There is still much to be done for the residents at the camp," Mrs. Neely said.

"AT THIS point we have not helped purchase any refrigerators. See RED CROSS Page 2

County Talks Redistricting, Budget, And Road Paving

Fiesta Plea OK'd

County commissioners took a detailed look at precinct redistricting—but took no action—in a session Monday which also saw much discussion concerning several other topics.

Commissioners met behind closed doors for almost three hours to discuss the budget for the coming fiscal year and survey redistricting needs.

Earlier, the group recessed its commission meeting and reconvened the county board of tax equalization to hear two persons concerning property tax evaluations.

Several other topics with far-reaching effects came up during the meeting, which saw commissioners:

— Plan a trip to Austin to meet with the Texas Highway Commission concerning proposed paving projects within the county.

— AGREE TO allow Latin Americans to stage their annual fiesta at the Bull Barn. This was done following lengthy discussion, which ended with one commissioner dissenting from the agreement.

— Mail a request to the Texas COMMISSIONERS Page 2

WHEELS OF HARVEST GAIN SPEED — Harvest operations in the Hereford area were in full swing Wednesday as wheat harvest reached the midway point. Above, a combine chews up acreage. Harvest was nearing completion in the Easter community, to the south of Hereford, while just getting started in northern sectors of the county. (Staff Photo by Larry Fuhrmann)

Harvest Nears Halfway Point

By LARRY FUHRMANN
Staff Writer

Wheat harvest in the area surrounding Hereford went into full swing this week as combines were finishing up south of Hereford and others were just starting to the north.

Spokesmen at grain elevators over the area report the yield of irrigated wheat to be between

50 and 75 bushels, with not enough dryland wheat being cut to have even an estimated figure.

First Unit At Sugarland Open In August

First unit of the huge Sugarland Mall Shopping Center in north Hereford will be open in August, it was announced by Jack Carnes, project manager, here Wednesday.

Carnes told The Brand that Furr's Supermarket, now under construction at the center, should be completed about August 1.

HE ALSO announced that final plans have been received for three major stores — Duckwall's, Wards, and Frontier Savings Stamps.

Final plans for J. C. Penney's will be received within the next ten days, Carnes predicted. He pointed out that most of the ground work for the \$1,200,000 complex has been completed and commented that "buildings will go up in a hurry when we get all the plans."

THE STORES mentioned above will occupy some 68 per cent of the total space in the center.

He said that lease arrangements with several other stores are still pending.

Bill Waldrep of Community Grain at Easter reports harvest there to be from 90 to 95 per cent complete, and predicted that the harvest in that area would be finished by the end of the week.

THE CROP was reported as looking "pretty good," since the hail damage there had not been bad. Test weight was reported to be good.

A spokesman at Pitman Grain in Hereford reported things to be "real slow" the first of the week, but harvest operations were expected to pick up later in the week, as "it's just been a matter of getting through the field" since the heavy rains.

See HARVEST Page 3

"IT WILL be a pretty good harvest, even though there was quite a bit of hail damage," he reported, expecting this year's crop to be better overall than last year's.

Hereford Grain Corp. estimates that it is 38 per cent through with the harvest. Hail to the south of Hereford reduced its yield there, and trucks from the north are just beginning to come in, reported Joe Ortho.

Dean Stallings at Pitman Grain's Milo Center elevator said the harvest north of town was just getting started, with about 15 per cent of the crop in now.

Downtown Group Elects Officers

DOWNTOWN VARIETY PARK, INC. — an organization comprised of merchants whose businesses are included in the downtown remodeling project—was formed last week when 29 merchants elected a board which in turn elected officers.

MAIN PURPOSE of the organization will be to promote and advertise the "Variety Park" project downtown, but no definite plans have been laid yet concerning specific promotional. First event on their calendar will be the grand opening to be later this summer.

A nominating committee made up of Ansel McDowell, Pick Harman and Dub Reeves put 14 names on a ballot, from which seven board members were selected by the membership.

SERVING ON the board will be Dick Barnard, Irving Alexander, Harold Kids, Don Zimmerman, J. R. Johnson, Glenn Williams and Paul Harvey.

Officers are J. R. Johnson, president, Paul Harvey, vice president, and Glenn Williams, secretary-treasurer.

Mrs. J. R. Oglesby
Veleda Study Club president

Veleda Club Committees Are Listed

Four committees to work with officers of the Veleda Study Club in the current year have been announced by Mrs. J. R. Oglesby, new president. The 1965-66 officers were installed at a May dinner.

Preparation of the yearbook for this season is in charge of a committee headed by Mrs. Glenn Wats, vice president who serves as program chairman. Mrs. Charles Hoover and Mrs. George Ritter are members of her committee.

Mrs. Robert Willmot is chairman of the service committee, with Mrs. Robert Strain assisting. headed by Mrs. L. J. Clark, has Mrs. Gene Parsley and Mrs. Armon Lauderback as members.

Mrs. Joe Frank Clark is chairman of the membership committee which includes Mrs. Don Baugous and Mrs. Dale Barkley, the immediate past president.

Mrs. Clark is the club's secretary who also acts as reporter. Mrs. Gene Parsley the corresponding secretary, Mrs. Ritter the treasurer, Mrs. Willmot historian and Mrs. Hugh Clearman parliamentarian.

Veleda Club, which meets on second and fourth Tuesdays of each month during the September-May season, will have two summer social meetings. Second Tuesdays in July and August are tentatively set as dates for a coffee and a swimming party.

Mrs. Fangman Is Hostess To Club

Time spent in well-planned packing will pay in unwrinkled clothing on a trip, Mrs. Argen Draper reminded Westway Home Demonstration Club members as she spoke on "Packing a Bag" at a meeting in Mrs. Arnold Fangman's home.

She showed how to stuff sleeves with foil or plastic, how to fold garments, place small articles around the larger to prevent sliding and use cardboard dividers between layers. She also made shoe scuffs of newspaper to demonstrate another

traveler's aid. Mrs. Donald Douglas presided for business. Mrs. Teddy Fangman was a club guest and other members present were Mmes. Albert Lamb, Bill Drake, Jimmie Jesko, Merlin Kaul, Bess Werner and W. W. Thomas.

MAMMOTH CAVE BREATHES

BOWLING GREEN, Ky. — Tourists often wonder why the temperature remains at 54 degrees inside Mammoth Cave. The cave breathes.

When it's below 54 outside, an in-breathing or movement of air in the cave occurs. When the outside temperature is above 54, the cycle is reversed.

Harvest

(Continued from Page 1) **FIELDS** IN the area were still muddy early this week, he said. He predicted the harvest would last another 10 days to two weeks. Hail damage in this area was "just a strip right down the highway."

Potatoes will be coming out of the ground about the middle of next week, with yields and prices expected to be good. Otis Dickey at Howard Gault's sheds reported that vine damage in most areas was not serious following hail received here recently. The potatoes had time to re-vene since the early hail.

RAINS HERE were beneficial to the sugar beet crop, with serious hail damage occurring on about 400 to 500 acres south-east of Hereford. The damage is expected to cause approximately two or three tons per acre reduction in yield.

Hail also did damage to about 1,000 acres north of Summerfield two weeks ago. The tops were taken off in this storm, reports Dexter Lilly, manager of Holly Sugar Corporation's Hereford district.

No insect damage has taken place this year. The yield is expected to be better than last year, especially since there were problems with irrigation and delayed weeding last year. There has been no labor shortage, Holly officials said.

Local Drownings Listed In Report

AUSTIN, — Texas drownings, besides the upwards of twenty in the Sanderson flash flood, totaled twenty for the last two weeks, as reported to the Texas Parks and Wildlife Department.

This raised the total for the outdoor season to 110, mainly from water recreational causes.

J. B. Phillips, law enforcement coordinator, whose warden staffers are commonly called upon when tragedy strikes, said several of the victims of boating accidents could have been saved had they been wearing life belts.

He said a conspicuous example was the death of a New Caney father who perished when his motor boat exploded. He lacked a life preserver while his two young sons wore theirs in a successful bid for safety on the shore.

PHILLIPS SAID life belts also were not worn by two men who drowned when a raft capsized in a flood-filled lake near Hereford, as well as a fisherman whose boat upset.

Other victims included a man who panicked when he got into deep water off Port Mansfield, and a Conroe father and young son who drowned in a vain effort to rescue a small daughter.

With the Fourth of July holiday nearing with consequent increase in water recreation activities, Phillips appealed to Texans to observe the simple rules of safety. He said overloaded boats and lack of life belts as well as foolish risks at the beaches were most common causes of fatalities when the holiday rush attracts large throngs to the outdoors.

QUICK RECOVERY — Construction of Furr's Supermarket in Sugarland Mall Shopping Center was quick to recover from a windstorm which toppled a wall here Friday. Workers had already replaced the wall and added structural steel Wednesday as the project takes shape rapidly. (Staff Photo)

Girls Preparing For Dress Revue

Sewing groups of the Willing Workers 4-H Club will complete garments to be entered in the annual county dress revue in time for the charm school of July 6 and 7, a preliminary event in which the girls will have instruction and practise in modeling their dresses.

Members of the Willing Workers who are preparing for entry in Unit I, for beginners, are Donita McDermitt, M'Lynn Hopson and Lynette Clearman; in Unit II are Martha Ann McBride, Kay Clearman and Teresa McAndrews.

Those in Unit III, more advanced in club work, are Randy Hopson, Maura McAndrews and Carol Clearman. They also act

as junior leaders assisting the adult leaders, Mmes. Woodie Mc-

Dermitt, Britch Hopson and Hugh Clearman.

Local Jaycees Get Surprise At Luncheon

Hereford Jaycees were very evidently a hostile audience Tuesday at their luncheon meeting, according to Pat Newell, 1st vice-president.

Newell arranged the program and introduced the speaker.

"You could see their tempers begin to boil," Newell reported. He said the speaker, Elvon Devanes, systematically tore down every tenet established by Jaycees.

Particularly irksome seemed to be Devanes' ridicule of the first tenet "Faith in God gives meaning and purpose to human life." He cited the disasters at Hale Center and Colorado as examples, stating that a loving God would not permit such things to happen.

At the conclusion of his speech, he left the dining room in dead silence.

Only upon his re-entry did the Jaycees realize that their Russian professor was actually a fellow Jaycee from Muleshoe who is area Chairman of Governmental Affairs and not a communist on a tour of the U. S. at the expense of the taxpayer, as he had been introduced.

"It made us all stop and think for a few minutes," Newell asserted.

Mrs. Miller Takes Over ARC Duties

Mrs. H. H. Miller of the Dawn community will assume duties of the Deaf Smith County Chapter at the American Red Cross here today. Mrs. Miller replaces Mrs. Corinne J. Neely, who has served as executive secretary for some 15 years.

The office will maintain different hours beginning today. It will open at 8:30 a.m. and close at 4:30 p.m., and also will be closed from 12 until 12:30 p.m.

15 MILLION CHILD WORKERS

NEW DELHI — A government study estimates India has 15 million child workers below age 15. Farmers employ children in the fields, city dwellers as domestic and personal servants.

GET A TEXAS-SIZE DEAL ON A PLYMOUTH FURY

Plymouth sales in Texas are booming!

No question about it, Texans have taken to the '65 Plymouth Fury in a big, Texas-size way. And why not? Fury is the biggest, plusthest Plymouth ever, yet still solidly in the low-price field. And your Texas Plymouth Dealer is celebrating

Plymouth's sales success by giving Texas-size deals. Shop for a Plymouth Fury today! You get quality protection with Plymouth's 5-year/50,000-mile warranty* on the parts that keep you going!

*Here's how Plymouth's 5-year/50,000-mile engine and drive train warranty protects you: Chrysler Corporation confidently warrants all of the following vital parts of its 1965 cars for 5 years or 50,000 miles, whichever comes first, during which time any such parts that prove defective in material or workmanship will be replaced or repaired at a Chrysler Motors Corporation Authorized Dealer's place of business without charge for such parts or labor: engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excluding manual clutch), torque converter, drive shaft, universal joints, rear axle and differential and rear wheel bearings. Required maintenance: The following maintenance services are required under the warranty—change engine oil every 3 months or 4,000 miles, whichever comes first; replace oil filter every second oil change; clean carburetor, air filter every 6 months and replace it every 2 years; and every 6 months furnish evidence of this required service to a Chrysler Motors Corporation Authorized Dealer and request him to certify receipt of such evidence and your car's mileage. Simple enough for such important protection.

Get Texas-size savings at Plymouthland now!

Appaloosa Horse Show Scheduled Here Saturday

About 100 horses are expected to be entered in the Hereford Appaloosa Horse Show, which will get underway here at 10 a. m. Saturday in the Hereford Riders Arena.

Superintendent of the show is Don Jackson; judging will be done by O. G. Hill Jr.

HALTER class judging will begin at 10 a. m., and performance classes will close out the contest with the award for "High Point Horse" being the highlight of the competition.

Entry fee will be \$7 entered at halter, and performance fees will be \$20 and \$12. All horses except 1965 foals must be registered in the foundation or tentative registry of the appaloosa horse club. The show reserves the right to refuse entries, accept entries conditionally, consolidate or cancel classes, change classes, and make necessary refunds without claims or damages.

The show is held under the direct supervision of the Hereford Appaloosa Horse Show Committee and is approved by the Texas Appaloosa Horse Club, The Appaloosa Horse Club, Inc., The Golden Spread Appaloosa Horse Club and the Eastern New Mexico Appaloosa Horse Club.

CARD OF THANKS

For all the expressions of sympathy in our recent bereavement, we are grateful. The visits, messages, flowers and acts of kindness from friends are deeply appreciated by each of us.

Beginners Band Slates Closing Concert Tonight

The beginners band, which has been meeting every morning at Stanton Junior High School, will end their summer season with a concert in Dameron Park tonight at 7 p. m.

The group, made up of students who will enter the band program at Stanton Jr. High School this fall, have been practicing since school's end in May. They have met every morning from 9 to 11.

The band is under the direction of Clyde Wilson, junior high band director. The group has about 50 members.

Next event on the band calendar for the school system will be marching practice for the high school group, according to Ben Gollehon, director. The band will begin drilling about Aug. 1.

LUTHERAN HEAD RESIGNS — The Rev. Dr. Kurt Schmidt-Clausen, 44, a German clergyman, has resigned as general secretary of the Lutheran World Federation, which includes 70 Lutheran church bodies in 42 countries with a combined membership of 55 million.

Dr. Schmidt-Clausen resigned to take a post with his home church of Hannover, Germany. A successor still is to be chosen. Both his predecessors were Americans.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON SEPTEMBER 7, 1965.

SENATE JOINT RESOLUTION NO. 44 proposing an Amendment to Sections 2 and 25 of Article III of the Constitution of the State of Texas so as to provide for an increase in the membership of the State Senate from 31 to 39 members; to fix the membership in the House of Representatives at 150 members; to require apportionment of the Senate according to population; and to delete the limitation that no single county is entitled to more than one Senator.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Sections 2 and 25 of Article III of the Constitution of the State of Texas be amended to read respectively as follows:

"Section 2. The Senate shall consist of 39 members. The House of Representatives shall consist of 150 members.

"Section 25. The state shall be divided into Senatorial Districts of contiguous territory according to population, as nearly as possible.

"Should the Legislature enact any enabling legislation in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

"This Amendment shall be-

come effective upon its adoption."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the 7th day of September, 1965, at which election all ballots shall have printed on them the following:

"FOR the Constitutional Amendment increasing the membership of the State Senate from 31 to 39 members, retaining the present membership of the House of Representatives, requiring apportionment of the Senate according to population, and deleting the limitation that no single county is entitled to more than one Senator."

"AGAINST the Constitutional Amendment increasing the membership of the State Senate from 31 to 39 members, retaining the present membership of the House of Representatives, requiring apportionment of the Senate according to population, and deleting the limitation that no single county is entitled to more than one Senator."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

DPS Says Traffic Toll Will Be High

AUSTIN — Col. Homer Garrison, director of the Texas Department of Public Safety, reported today that DPS estimates indicate that 31 persons will die in traffic accidents in Texas during the three-day Fourth of July holiday.

Garrison said the estimate was compiled by the DPS Statistical Services on the basis of past experience and the present trend of traffic deaths. Last year, 33 persons were killed during the Independence Day holiday.

HE SAID "Operation Motor-side" would be placed in effect from 12:01 a. m. July 2, through 11:59 p. m. July 4, in order to focus attention on the added dangers of holiday travel. During this statewide emphasis program, fatalities will be tabulated by the Department and the totals will be announced officially three times daily as a means of trying to keep safety foremost in the minds of the traveling public.

"Over one-third of the deaths during the last Fourth of July holiday were the result of one car accidents," Garrison said. "In this type of accident there is no 'other guy' to blame. It indicates that the most effective work in the drive to cut down on deaths, injuries and economic loss can be done only by the drivers themselves."

AS A PART of the DPS' operation, which calls for maximum enforcement and public support, additional personnel from other uniformed services of the DPS will augment the regular Highway Patrol force.

Garrison added that numerous agencies, organizations and individuals will help in the coordinated attack on traffic accidents by taking part in "Operation Motor-side."

He pointed out that the Texas Council of Safety Supervisors and the Texas Motor Transportation Association will conduct a "Holiday Road Patrol" in which a fleet of 35 to 40 cars will be used over the state to assist stranded motorists and thus help relieve highway patrolmen for enforcement work.

The Texas Highway Department will conduct an information and education program instructing drivers on freeway driving and stressing the need for a three-dimensional focus of attention (to the front, rear and sides) in operating a motor vehicle. And the Texas Safety Association will stress the need for courtesy and caution on the highways, coordinate local safety council holiday safety emphasis programs and continue their information program pointing out the need for cooperation with law enforcement officials in order to cut down on the number of traffic deaths.

Trip Reminder List Is Advised

Mrs. Grady Parsons was hostess to Cultural Home Demonstration Club Friday in her home 1006 Grand. The meeting was the last until September.

The roll call response to a question, "What do you forget?" was followed by Mrs. Argen Draper's discussion of packing methods, in which she urged a list before packing for a trip, in order to avoid forgetting important items.

Too much, rather than too little, is usually taken on trips, she said, and checking a list before and after the trip enables the packer to decide what is really needed and what can be eliminated next time. She showed tricks of packing for more convenient use on the trip.

Mrs. J. D. Love was in charge of the business period when a sandwich sale was discussed. Others present were Mmes. Earl DeHart, George S. Parker, M. W. Summers and Viola Williams.

INDUSTRIOUS LIFE

LOUISVILLE — Thomas P. Tevlin recently observed his 92nd birthday on his fourth job.

Tevlin, who still drives to work, is a downtown parking lot attendant, being on duty four hours or more a day for six days a week.

The genial bachelor took the job after retiring from "teaming," which is hauling from distilleries to railheads; night watchman 11 years; and plant printing 43 years.

Small Talk

By SUE COLEMAN
Women's Editor

People who have lived long in Hereford don't have to wonder about the mileage on 25 Mile Avenue or whether Beach Street was ever near a shoreline (possibly a playa lake in a wet spell?) or why the alphabetical avenues end at K (did the street name only know his ABC's that far?). But some other of the newer residents may be as curious as I about place names.

Looking for other things in the phone directory my eyes wander to unusual names and the questions start. It seems a bit odd to find listed under the county offices, Bull Barn and Bootleg Barn, but the explanation is simple when you find that the first has to do with livestock show exhibits and the latter refers to a building in a community named Bootleg.

About the 25 miles, I'm told that is the distance to Vega via the road leading out through that street, and I certainly hope the city hangs onto the name and never designates the street by a highway number.

There are still Ireland, Easter, Church, Lake and Park Streets to inquire about, in addition to Beach. Were they named for places and occasions, or for families who had those names? Street names in an original town-site usually tell much of the city's history, each one a story in itself.

Ives, Heavin, Eicke, Ritch, Gearn, Wiggins, Polan, Manjeot Omev and Fangman.

Spelling of names is one of the things that make life difficult for anyone who works on a newspaper. We know from experience as well as from Dale Carnegie's percepts that few things are as dear to a person as his own name and few things so painful as to see it misspelled in print.

So we try hard, but of course the person who owns the name doesn't think it at all unusual, even if it is Joanes or Smyth, and it is the ordinary name with an extraordinary spelling which is likely to trip us. We can only hope for patience from people as we keep asking, "How do you spell Wilson?" — because it can be Willsen.

SOMEbody HAS come up with an invention which is supposed to solve a common problem. It is a contraption to automatically adjust the automobile seat so the driver is the proper distance from steering wheel and brake pedals and it operates according to the weight of the person in the driver's seat.

This is supposed to move the seat back for the six-foot husband and forward for his five-foot-one wife, keeping his knees out of the way of his chin and letting her toe reach the starter.

It sounds fine, except that the basis on weight could offer some problems of its own. What if the tall husband is skinny and his wife the opposite, so she outweighs him but lacks his reach? Or the man who is rather on the five-by-five scale and has enough weight to shove the seat well toward the back of the car? Not to mention the mother who drives with a chubby three-year-old on her lap, which violates all safety rules but may keep Junior quiet? Maybe the inventor thought of these things, but more than likely the gadget still has a few bugs in it.

NOT ONLY PLACE names, but family names in a new town are interesting. There are always some you've never heard before — or at least the spelling is different. Not necessarily outlandish names or those of six syllables, but ordinary sounding names that you just haven't happened to meet anywhere else.

Like Brown, Lomas, Stephon, Haigood, Bainum, Ruland, Welmes, Crofford, Budlong, Sigle, Fooks, Worthan, Baugous, Hollandsworth, Saucy, Prowell, Orsborn, Anwyl, Yosten, Streu, Me-

L'Allegra Club Course Outlined

First completed program for the 1965-66 season to be announced by a Hereford club is that of L'Allegra Study Club. Mrs. Alex Schroeter, vice president and program chairman, with Mrs. W. C. Russell outlined the study course and compiled other material for the yearbook.

Highlight of the year will be observance of the club's twentieth anniversary in November. A guest tea is planned, with all former members invited for a review of the club history.

One summer meeting is scheduled, a coffee in July. Theme of the study is Outstanding American Woman, but several social meetings will vary the program. The annual Christmas coffee will be held at the second December meeting and a party for members' husbands is listed for March.

Beginning in September with a program on The Nation's First Lady, the study will continue with looks at women in politics, music, writing, sports, painting, teaching, space exploration, research and motion pictures.

The series will close in April, and the first May meeting will be for election of 1966-67 officers, who will be installed at a luncheon later in the month to end the season.

Project for the year in the club will be aid to an "adopted" girl in Giristown U. S. A. She will be provided with clothing and with gifts on her birthday and holidays.

Committees listed in the yearbook, with the chairman named first in each, include: Finance, Mmes. David Gibson, Wheeler

Sears and Hilton Higgins; telephone, Mmes. Gene Cope, Vance Robinson and John McNey; welfare, Mmes. Dennis Lomas, Cameron Gault and James Higgins; cheer, Mmes. James Carnahan, Bobby Viegel and Robert Miller.

Mrs. Dwaine Walker heads L'Allegra officers for the year as president. Mrs. Gault is recording secretary, Mrs. McNey recording secretary, Mrs. Gibson treasurer, Mrs. Joe Easley parliamentarian, Mrs. James McDowell historian and Mrs. Pat Robbins reporter.

Club Girls Make Revue Dresses

Dresses to be entered in the annual 4-H Club dress revue July 8 and modeled in the style show the next day, are being made by girls in Clothing Unit II of the Merry Maidens 4-H Club at special meetings in the home of Mrs. Lester Wagner.

Mary Ann Vance, Sandra Fry and Mary Kay Wagner are making shifts which they will wear in the style show, working under Mrs. Wagner's guidance four afternoons each week.

LOCAL TEACHER

She's Gathering First-Hand Info For Students

EDITOR'S NOTE: Mrs. Charles (Johanna) Morris, who teaches fourth grade at Northwest Elementary School in Hereford, is collecting first-hand information this summer which will probably be passed on to her students in geography classes next year. The following are excerpts from three of her letters written to the Brand, describing her tour of Europe:

NEW YORK, June 4 - I found New York a very, very friendly city. The pedestrians take over in the streets. There are many pigeons. Many people walking their dogs. We saw so many old, dark, dirty buildings. Coffee is very high to buy. If you want a glass of water you ask for it because of the shortage.

DUBLIN, Ireland, June 5 - Ireland looked like a green patchwork quilt with a heavy stitch bordering each patch. All the fence lines are some kind of hedge. The streets are narrow, crooked and all the old buildings are black.

THEY BURN turf here. They milk cows and the milk is taken to a small town in carts drawn by a horse or donkey. The men walk and lead the animal. Many bicycles, ridden by mostly old people. The houses have no screen doors or windows. The people wear hairdos and shifts like we do. We saw some thatched roofs that were fairly new, all the buildings are stucco.

new, all the buildings are stucco. We saw Shell and Esso gas stations. We've been told that an airplane strike may go into effect anytime, so we may end up walking home.

EDINBURGH, Scotland, June 7 - We had a wonderful scenic drive to Edinburgh by way of the Trossachs and Loch Lomond. The Trossachs is a lovely green, wooded valley north of Glasgow linking Loch Archway and Loch Katherine.

We may walk the 'Royal Mile' in the morning. The 'Royal Mile' is nearly a straight line from the world famous Edinburgh Castle to the Heyrood Palace. All the streets are cobble.

LONDON, June 8 - We went to our hotel, Mount Royal, for our stay here. We started the next day off with a bang by missing our breakfast. We were to sign up the night before for our breakfast to be brought to our room but we didn't, therefore we missed it entirely.

We saw Piccadilly Circus (circle to us) House of Parliament, Westminster Abbey, St. Paul's Cathedral, Tower of London - in the Tower of London we saw where King Henry VIII had two of his wives beheaded. Blood was mixed with the mortar between rocks in the Tower of London. I think though, it was oxen blood instead of human blood.

WE SAW many Roman walls over 2000 years old. All dry rock fences.

This afternoon we went on an excursion to Windsor castle by private motor coach (we called our coach a bus one day and were quickly informed that it was a coach) with a lady guide. Again we went by Hyde Park and each time could see something new. There is a small dog cemetery with the tombs as thick as they can be.

The houses of London, Scotland and Ireland have many chimneys - maybe 16 or 18

from the same fireplace chimney. It really looks like a decoration.

PARIS, June 17 - "I'm behind on this - things have been happening too fast and furiously for me to retain much of it. We visited the Rijksmuseum where we saw many Rembrandts and a diamond cutting factory. We rode by motorcoach from Amsterdam to Brussels. A very, very beautiful country.

WE TOOK some pictures of the quaint windmills, only about 1,000 left for the tourists, none are in use.

We saw many homes with barns attached, but still no screens. Having bolsters on beds - hard as a rock. Couldn't even take a picture of it (Arc de Triomphe). They were cleaning it and it was covered with scaffolds, then we saw Eiffel Tower, Napoleon's Tomb, Louvre, Notre Dame (I never saw so much marble in all my life).

Tuesday night we went to the Follies. There I saw a few surprises of my life.

June 16 - We toured some more of the city. Many people sit at sidewalk cafes and drink, eat, or just sit and watch the passerby. We visited Versailles.

The Palace of Louis XIV, the Grand Trianon, the Petit Trianon, and the Gardens.

THE ORIGINAL site was swamp land which had to be drained, and 35,000 workmen were employed in laying out the vast gardens and building the palace. It took about 200 years to build it. The Hall of Mirrors was beautiful. It was here that President Kennedy was received.

We leave Friday, June 18, for Zurich, Switzerland by plane and on to Lucerne by motorcoach.

REP. ROGERS WRITES

Rogers Attacks Supreme Court's Recent Verdict

Archie Brown, an open and avowed Communist for more than a quarter of a century, served on the executive board of Local 18 of the ILWU in 1959, 1960, and 1961.

In 1961 he was indicted for "knowingly and wilfully serving as a member of an executive board of a labor organization... while a member of the Communist Party, in wilful violation of Title 29, United States Code, Section 504."

A JURY found Archie guilty and he was sentenced to six months imprisonment. The Court of Appeals held that Section 504 of Title 19 USC violated the First and Fifth Amendments to the Constitution, and reversed the conviction.

The case was presented to the Supreme Court. That Court, in an opinion written by Chief Justice Warren on June 7, 1965, held that the statute was a bill of attainder and therefore violated Article I, Section 9, of the Constitution, and affirmed the decision of the Court of Appeals setting aside the conviction.

THIS WAS a split decision, being five for setting aside the conviction and four dissenting. The following Justices: White, Clark, Harlan, and Stewart, disagreed with the conclusions of Chief Justice Warren and the other four members of the Court.

The Archie Brown decision will, in my opinion, go down in the history of this country as one of the most infamous decisions rendered by the Supreme Court. It will, I hope, create enough furor throughout the country to force remedial action.

THOSE OF us in the Congress who have long challenged the advisability of the absolute power in the Supreme Court to declare acts of Congress unconstitutional look upon this decision as a perfect example of the tragedy against which we have long warned.

The decision in this case, to set free a well-known and avowed Communist who had openly and flagrantly violated a Federal law, was based primarily on a misconstruction and a misinterpretation of the term "bill of attainder."

I have long argued that, if this can be done, there is no limit to the power of the Supreme Court of the United States.

Such decisions are final and not appealable.

IT IS interesting to note that the Court stated: "We do not hold today that Congress cannot weed dangerous persons out of the labor movement, any more than the Court held in 'Lovett' that subversives must be permitted to hold sensitive government positions.

"Rather, we make again the point made in 'Lovett': that Congress must accomplish such results by rules of general applicability. It cannot specify the people upon whom the sanction it prescribes is to be levied. Under our Constitution, Congress possesses full legislative authority, but the task of adjudication must be left to other tribunals."

THE DIFFICULTY lies in the fact that every time Congress exercises its legislative authority in this field, the Supreme Court declares it unconstitutional.

This problem can be solved by the people, through a Constitutional Amendment limiting the power of the Supreme Court with regard to declaring legislative acts unconstitutional.

In the meantime, those of us who have long sought a solution short of amending the Consti-

tution, will continue to search for means and methods through statutory provisions to stop the dangerous course represented by the decision in the case of the United States v. Archie Brown. WALTER ROGERS MEMBER OF CONGRESS 8TH DISTRICT OF TEXAS

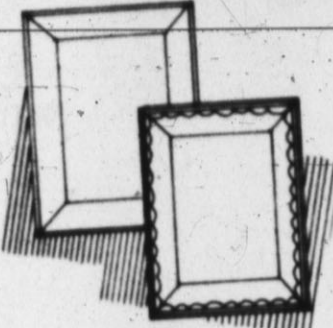

EARLY SOIL TESTS FOR FALL CROPS COLLEGE STATION - Soil samples should be collected now and submitted for testing in preparation for fall planting, advise C. D. Welch, Extension soil chemist, Texas A&M University.

Early soil sampling and testing is encouraged to avoid the fall rush that crowds the state's three testing laboratories. For information on soil testing and instructions on collecting samples and mailing them, Welch suggests a visit with the local county agricultural agent.

Supports More Tax Exemption

Rep. Water Rogers, of Pampa, discussing a pending bill to increase the tax exemption on dependents from \$600 up to \$1,000, observed that his support of it is of long duration and steadfast.

"When I first introduced this legislation during my early years in the Congress, I had six dependents. Some of the other Members of Congress facetiously called this 'a bill for the private relief of Walter Rogers.' 'However, my dependents have grown up and I have only two left. My desire and advocacy of this type of legislation has continued to grow stronger each year, and I hope to see it enacted."

AUTO INSURANCE RATES TO GO UP

Legislative Redistricting Plans Come Under Fire

By VERN SANFORD
Texas Press Association

AUSTIN, Tex. — Two of the three redistricting plans passed by the last Legislature soon will come under courtroom attacks. In a legislative redistricting case in Houston, motions will be filed asking that the new plan for dividing Texas into 150 districts for the House of Representatives be declared unconstitutional.

State Republican Chairman Peter O'Donnell Jr. has announced that the Harris County plaintiffs in the Congressional redistricting case, headed by George Bush, will drop out of active roles in the case because that county was treated fairly in the redistricting plan.

BUT THE Republicans plan to bring in new plaintiffs from Dallas, Bexar, Tarrant, Midland, Ector, Jefferson, Orange and Brazoria Counties to try to convince the three-judge federal court in Houston that the new law violates several apportionment principles.

On legislative redistricting, state Reps. Jake Johnson of San Antonio and Robert C. Eckhardt of Houston, who joined in the suit which led to present reapportionment procedures being declared unconstitutional, will ask the court to say that the new plan violates the U. S. Constitution, too.

MAIN ATTACK is expected to be purely on the question of whether county-wide districts with more than one legislator serve to discriminate against minority racial and political groups.

No attack is expected on the plan passed to divide the Texas Senate into 31 new districts.

AUTO RATES UP
A State Insurance Board public hearing confirmed the earlier warning that auto insurance rates will go up an average of some 13.4 per cent on August 1. Actually, new rates for property damage, liability and collision lines carried by most motorists will be increased more than 20 per cent in most areas.

A **RISING** toll from traffic accidents is blamed for the hike. Insured drivers paid \$404,000,000 in premiums last year against \$198,000,000 settled by companies on claims. Another \$18,000,000 in pay-outs is pending. Board decides premiums should go up when more than 63 cents of the premium dollar goes to pay claims and adjustment costs.

BUILDING, SALES DOWN
Texas building and retail sales dropped off in May, according to UT's Bureau of Business Research.

Sales fell off about one per cent from the April level, in contrast to a normal seasonal gain of about three per cent. The January-May total is four per cent above the same period for 1964 but has not kept pace with the nationwide increase. Trade is expected to improve with repeal of federal excise taxes.

Building authorizations decreased 13 per cent last month to the second-lowest level in the last 12 months.

COURTS SPEAK
State Supreme Court affirmed Court of Civil Appeals finding that the two-year-old law which placed bonded liquor exporters along the Mexico border under state regulation is unconstitutional.

In two separate opinions — from Harris and Matagora counties — court held that holders of hurricane insurance policies which specifically excluded water damage coverage could not collect for flood water damages to their homes from the Sept. 11, 1961, Hurricane Carla.

AG SPEAKS
Atty. Gen. Waggoner Carr has held that San Marcos Consolidated Independent School District cannot use Martindale District tax assessments for 1965, though the districts have consolidated. All property throughout the district must be assessed at an equal and uniform rate, Carr concluded.

In other opinions, the attorney general ruled:

BANKING Commissioner J. M. Falkner may not approve a credit union as a depository for other credit unions.

Dallas County Junior College may contract with the county tax assessor-collector to assess and collect its ad valorem taxes; and in time of national emergency, the governor has authority to direct implementation of the emergency resources management plan, to order state agencies to assume their responsibilities and to create a "state executive reserve."

APPOINTMENTS
Gov. John Connally has named Dist. Atty. Edwin F. Berliner of El Paso to the new 171st District Court, which goes into operation on September 1. He appointed W. Barton Boling, El Paso lawyer, to succeed Jake Jacobsen, Austin attorney who recently joined President Johnson's staff. Morrison is a native of Nocona.

Commission establishes plans and policies for Department of Public Safety, state law enforcement agency.

UT LANDS LEASED
University of Texas leased 47,014 acres of land for \$10,100,000 at the 50th public auction of oil and gas leases.

Active bids were drawn on 159 of 167 tracts offered. All leases were made for five-year terms and a one-sixth royalty on mineral production. Highest and second highest bids — \$260,000 and \$225,000 were on 320 acre tracts in Ward County.

Receipts from auction will swell the Permanent University Fund to over \$442,000, Land Com.

WARNING ISSUED
Homer Garrison, Department of Public Safety Director, estimates that thirty-one persons will die in Texas traffic accident during the three-day July 4 holiday.

DPS plans maximum enforcement with additional personnel from other uniformed services to augment the regular Highway Patrol.

"OPERATION Motorcade", a DPS-directed coordinated effort among state agencies to reduce traffic accidents, will focus public attention on added dangers of holiday travel.

GOVERNOR'S VETOS
Just before the veto deadline Governor Connally vetoed the bill which would have allowed banks, savings and loans associations and others to charge up to 17-1/4 per cent interest on certain types of loans.

"NO EVIDENCE was presented to the Legislature to justify these specific rates, either on the basis of reasonableness or need," the Governor said in his veto message.

He said he also was concerned about a provision of the bill which would have let lenders require borrowers to purchase or provide insurance as security for a loan. That provision, he noted, would not have limited in any way "the number or types of insurance coverages which (could have been) required."

Connally vetoed a total of 40 bills passed by the 59th Legislature. Among them were:

INSECTICIDE bill which would have affected both commercial insecticide applicators and farmers and ranchers; Bill which would have authorized the expansion of the Upper Colorado River Authority to include Coleman, Concho, Irion, and Sterling Counties; and Bills creating Northeast Texas State College at Texarkana and Permian State College at Odessa

SHORT SNORTS
A proposed pulp and paper mill (Owens-Illinois Inc.) received a permit from Texas Water Pollution Control Board to discharge a maximum of 48,000,000 gallons of treated industrial waste daily into the Sabine River five miles north of Orange.

Governor Connally is recruiting membership for two vital new education groups — the 18-member Coordinating Board Texas Colleges and Universities and the 15-member Governor's Committee on Public School Education.

Six more Neighborhood Youth Corps job projects have been approved in Paducah, Rusk, Mercedes, Fort Isabel, Hebronville and Goliad.

1966 license plates for an estimated 6,000,000 vehicles already are in production at Huntsville state prison shops in 33 different types of plates plus new "prestige" tags.

Secretary of State Crawford Martin has granted a charter to Texas Oil Producers Marketing Association, Inc., a non-profit corporation to purchase and resell crude oil, believed to be first of its kind in industry.

Land Commissioner Jerry Sadler has cancelled a seismograph permit issued to Geophysical Services and Pan American Petroleum after "two of their explosive containers washed up on a Mustang Island beach."

Attorney General Carr has announced recovery of \$3,000 judgment from a Dallas man who allegedly drilled and operated a slant oil well in Gregg County.

Trinity Valley Savings and Loan Association, Cleveland, has filed application for charter and Savings and Loan Department set a hearing for August 26.

State Teachers Colleges Board of Regents is accepting applications for presidency of Sul Ross State College, Alpine, following death of Dr. Bryan Wildenthal.

The cornerstone for the Massachusetts State House in Boston was laid July 4, 1795, by Gov. Samuel Adams, assisted by Paul Revere.

PREPARE UNITED FUND BUDGET — Members of the United Fund Budget and Admissions Committee are shown as they worked on the organization's budget proposals here Tuesday. Members of the committee, pictured from left to right are Mrs. Luther Lesley, Dean House, Neil Cooper, Clint Formby, Mrs. John Douglas Pitman, Melvine Jayroe, and Ed Skypala. (Staff Photo)

Mr. and Mrs. E. E. Allen were in Amarillo Sunday visiting the James Sanders family and at the Childrens Home they visited their grandsons.

Mr. and Mrs. D. W. White, Mrs. Red Seals and children of Lenna and Mrs. Charles White and son of Odessa visited the Horace Betts family last week.

The Baptist WMU met for a luncheon Thursday at Mrs. Earl Brown's home. Those attending were Mmes. Dave Sellars, E. B. Pounds, R. M. Gruhkey, Billy Brown, Rex Manley and Ted Boydston.

Mr. and Mrs. Brub Beavers and daughters went to Ute Dam Sunday near Logan, N. M.

Mr. and Mrs. Roscoe Pinnell and Linda visited the Phillip Pinnell family at Weatherford, Okla., over the weekend and fished at Canton Lake.

MR. AND MRS. JOHNNY Cavitt and Mark of Las Animas, Colo., are visiting in Adrian with friends and relatives.

Mrs. Sandra Zaring and Miss Linda Pinkerton of Irving visited the M. H. Zaring Jr. family over the weekend.

Mrs. Midge Cook and Leesa of Amarillo visited the Lynn Worsham family over the weekend.

Mr. and Mrs. Grady Skaggs and children drove to Conchas Lake Sunday.

Joe Speed and Rita and Dude Speed spent Sunday at Ute Dam near Logan, N. M.

Mr. and Mrs. A. D. Lewis and children shopped in Amarillo and Hereford Saturday.

Mr. and Mrs. Vernon Turnon Turner of Amarillo visited last weekend with the Cal Jackson family. Mrs. Turner is the former Miss Mary Jean Jackson.

MR. AND MRS. HARDY Harris and Donna attended the wedding of Elizabeth Ann Harris to Lewis Kemp Friday in Amarillo. The bride is a granddaughter of Mr. and Mrs. Harris.

Mr. and Mrs. Henry Hartsfield of Conchas Dam visited the Hardy Harris family Monday.

Mr. and Mrs. Leon James of Amarillo visited Thursday night with the Hardy Harris family and the W. H. James family.

Mr. and Mrs. George McKee of Amarillo, Miss Nita Wood of Dalhart, Mr. and Mrs. Jim Proctor of Channing visited Mrs. Loraine Proctor recently.

MR. AND MRS. E. J. DORRIS and sons of Gallup, N. M., Mr. and Mrs. Cone Dorris of Portales, Mr. and Mrs. Jack Dorris and children of Clovis and Mr. and Mrs. Robin Fortenberry of Lockney visited the Jack Fortenberry family and the Jim Bradley family recently.

Mrs. Jack Dowd and children of Hamilton, Ohio spent two weeks visiting the Jack Fortenberry family and other relatives. She is the former Chloe Dell Fortenberry.

Those visiting over the weekend in the J. G. Fortenberry home were Mrs. Stella Sevier and Carolyn and Mr. and Mrs. Lonnie Sevier and son of El Paso, Mrs. John Kelley, Mrs. J. A. Welch and Connie of Lockney.

The Hallmark of Circulation Integrity

In the same way that STERLING on silver signifies a standard of known value, so is this A.B.C. emblem a symbol of FACTS about the circulation of newspapers and periodicals. It is the emblem of membership in the Audit Bureau of Circulations* and is assurance to advertisers that the circulations of member publications are measured, audited and reported in accordance with the rigid standards that have been mutually approved and adopted by advertisers and publishers. Here's why our membership in the A.B.C. is important to our advertisers and ourselves: At regular intervals one of the Bureau's large staff of experienced circulation auditors makes a thorough inspection and audit of our circulation records. The results of this exacting audit show: how much circulation we have; where it goes; how it was obtained; and many other FACTS that advertisers need as a sound basis for their advertising investments. This audited information is published by the Bureau in easy-to-read A.B.C. reports which are available to our advertisers on request.

*The Audit Bureau of Circulations, of which this newspaper is a member, is a cooperative, nonprofit association of nearly 4,000 advertisers, advertising agencies and publishers. Organized in 1914, A.B.C. brought order out of advertising chaos by establishing a definition for paid circulation; rules and standards for auditing and reporting the circulations of newspapers and periodicals.

OFF TO OHIO AIR MUSEUM — Members of the Hereford Civil Air Patrol Air Patrol are shown at left boarding the Air Force C-54 aircraft at Amarillo Air Force Base Saturday morning for their trip to Wright-Patterson Air Force Base

at Dayton, Ohio. Boarding are Cadets Ren Lee, Gaten Evans, Ray Oglesby, Dale Minor, and Chuck Schneider. Inside the four-engine transport, members used canvas let-down seats in a true military fashion. In photo second from right,

Cadets view one of the many missile exhibits. At right, Lt. Benny Womble, Lt. Gene Fooks, and senior member Joan Womble view an exhibit at the museum. (Photos by Bill Thompson)

Hereford CAP Members Tour Air Museum

(Special To The Brand)
DAYTON, Ohio — Members of the Hereford Composite Squadron of the Civil Air Patrol viewed a vivid history of aerospace advancement here Saturday.

The 26 senior and cadet CAP members toured the sprawling Air Force Museum at Wright-Patterson Air Force Base — seeing exhibits ranging from the Wright Brothers craft which flew at Kitty Hawk to the latest in long-range missiles.

HEREFORD'S CAP group arrived here Saturday morning aboard an Air Force C-54 four-engine transport after leaving earlier the same day from Amarillo Air Force Base.

senior squadron experienced nostalgic moments as they viewed planes they saw in action in World War II — a B-17 bomber, a smaller B-24, and many of the fighter craft utilized in the era.

And the sight of the huge B-36 — which came along after the war — caused one Hereford senior CAP member to remark:

"IT'S A phenomenon... you can look at it and swear it won't fly... it's so big."

The Air Force Museum — which concentrates mostly on military aircraft — is divided into two sections.

line at the base are displayed the larger aircraft.

Also shown is a sampling of equipment used, such as radios, through the years along with the aircraft.

EIGHT SENIOR members and 18 cadets comprised the Hereford delegation which toured the museum.

The group's visit here is in conjunction with the aerospace training program which CAP members study.

It was pointed out that CAP is a civilian agency which is in liaison with the United States Air Force. Its members wear virtually the same uniform and insignia as Air Force personnel.

BUT CAP is not a reserve unit. Membership does not carry with it any form of military obligation. In fact, CAP members may resign from the organization at any time.

However, CAP membership does carry for cadets a military advantage, should they later choose to enlist in the Air Force or apply for admission to the Air Force Academy at Colorado Springs.

The Cadet squadron at Hereford is comprised of young men between 13 and 20 years of age. Cadets may enlist in the senior squadron at the age of 18 if they wish.

Lt. Milton C. Adams is commander of the Hereford CAP squadron. Deputy commander

for Cadets is Lt. W. T. (Bill) Thompson.

AT THE present, Thompson pointed out, there are 11 senior members and 22 cadets active in the Hereford group.

"There is a need at the present for more senior members, especially," Thompson said.

He went on to explain that the CAP's primary duty is to participate in search and rescue missions in relation to civilian and military aircraft crashes.

BUT THE CAP also participates in many other similar missions. Last Saturday, for example, Hereford CAP members helped take food and medical supplies to tourists stranded in

Palo Duro Canyon as a result of flooded water crossings.

Thompson emphasized, however, that a pilot's license is not a prerequisite for membership in the Civil Air Patrol.

"There are many worthwhile and important jobs for personnel needed to handle jobs on the ground," he said.

FOR INSTANCE, a senior woman is needed at the present to head the planned Cadet group for girls, he continued.

Cadets — active on a varied agenda of duties — also study a comprehensive course in the general field of aerospace and the mechanics of flight.

Some five Hereford cadets will attend a CAP camp at Amarillo

Air Force Base July 29 - Aug. 8 for a first hand look at military base living.

THERE, they will attend Air Force training classes to gain more knowledge of the aerospace era.

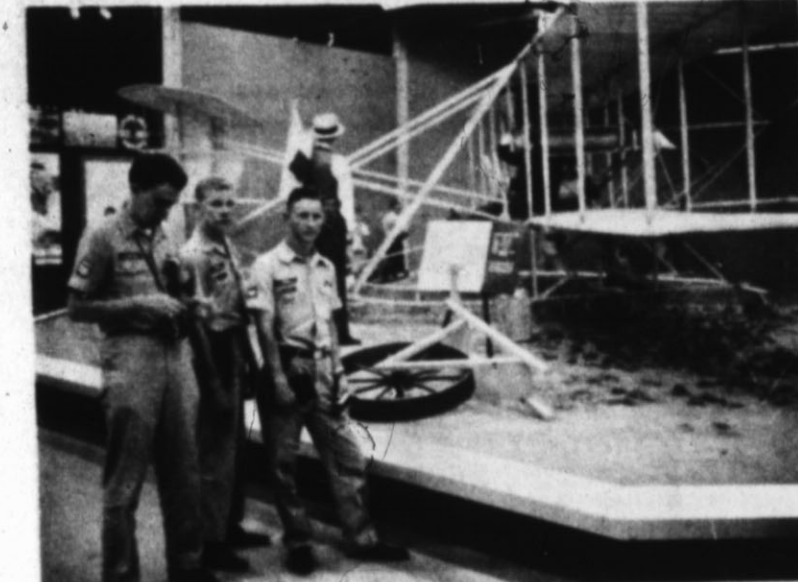

Senior members making the trip to the Air Force Museum at Wright-Patterson Air Force Base were:

Lt. Adams, Squadron Commander; Lt. Leslie E. Fooks, Chaplain; Lt. Wesley B. Owen, Medical Officer; Lt. Thompson, Deputy for Cadets; 2nd Lt. Benny Womble, Operations Officer; S/Sgt. John McCleskey, Military Education Officer; and senior member Joan Womble, Finance Officer.

Cadets viewing the museum were Cadets Basic Brian Baum, Robert Baum, Darrell Martin, Mark Roberson, Joe Love, John Hagar, and Robert Gordon; Cadets 3rd Class Mitchell Bell, Terry Bell, and John Conyers; Cadets 2nd Class Ren Lee and Doug Roberson; Cadets First Class Bill Conyer and Chuck Schneider; Cadet Staff Sergeants Dale Minor, Ray Oglesby, and Jim Owen; and Tech Sergeant Galen Evans.

Accompanying the Hereford Squadron were eight cadets of the Amarillo Composite Squadron.

Cadet S/Sgt. Dale Minor is commander of the Hereford cadets.

VIEW AEROSPACE EXHIBITS — At left, Cadets Jim Owen, Robert Baum, and Bill Conyer take a look at the first manned aircraft, the one flown by the Wright Brothers at Kitty Hawk, N. C. In second photo, Cadets Darrel Martin and John

Hagar examine the frame of another early aircraft. In photo third from left, a group of Hereford cadets takes a "long walk" around the huge B-36 on display at the museum. A small portion of the plane's wing is visible in the background.

At right, an example of the cooperation stressed in CAP training is shown. Lt. W. T. (Bill) Thompson snapped the picture of Cadets John Hagar and Joe Love taking a CAP-nap en route home Sunday from the Ohio museum.

THE BRANDIN' IRON

By MELVIN YOUNG

Reports from the western part of Deaf Smith County indicate that yields on dry land wheat acreage this year are exceeding expectations. Much of the dry land wheat was plowed under earlier, due to lack of moisture, but in those areas where some moisture was received the wheat has turned out pretty fair. Reports vary from 10 bushel average to a high of 25 bushels.

Yields on irrigated farms as well, are turning out better than expected. And if the weather holds, we should have the harvest completed pretty shortly. It doesn't take long these days with the modern equipment.

-HB-

Cotton seems to be suffering more than any of the crops this year. Lack of hot, dry weather (that's a switch) seems to be the problem with local cotton farmers. Nights have been too cool, and the fields have received more moisture than needed for "King Cotton".

Everything considered however, prospects for a bumper agriculture year are increasingly good.

Potatoes and onions should be going on the market within the next week and last reports we've had indicate an exceptionally good price. Harvest operations, should start about the middle

Gibson Refrigerators
 All on special price. Most trouble free refrigerator on the market.

McNeil Furniture
 209 Park N. End Main Hereford, Texas

of July. If the price holds, with a relatively good yield in the field, this should be a dandy year for the vegetable farmers.

-HB-

We've heard a lot about the dangers of the nuclear age, but recent information crossing our desk indicates that you're safer at a nuclear reactor site than you are in your own home. The nuclear industry, according to statistics, has one of the best safety records on the books, less than ten deaths in twenty years.

Accidents in the home and on the way there are, on the other hand, among the leading killers of people. Motor vehicle accidents, falls, fires and similar accidents account for nearly 6,000 deaths yearly in Texas, and over 90,000 deaths in the nation.

Hmm! Wonder if they are including the danger of flying saucers launched by the angry wife?

-HB-

For a number of years, Don T. Martin, Wayne Phillips, W. L. Davis Jr. and Earl Stagner have held a Sunday afternoon golf match at the John Pitman Municipal Golf Course. Local golfers now refer to the group as the "Big 4"; implying, we understand, that it's the biggest foursome of the course. And we'll bet that's right.

However, if Bill Davis continues to take off pounds, the others will have to "eliminate" him from the foursome. He's spoiling their image.

Muleshoe Pays Homage To The Mules In Event

Mules, those fast disappearing, much maligned beasts of burden, will literally have their day in this west Texas town July 2, 3, 4, and 5.

Muleshoe will pay long overdue homage to the mule, to all mules, for the unsung role they played in the pioneering and building of America in a four-day celebration.

THE PROGRAM begins July 2 with a trail ride to the old Muleshoe Ranch headquarters where a historical plaque will be dedicated. Participating in the trail ride will be the famous Rolling Plains Mule Train, plus other riders mounted on both mules and horses. On July 3, a fly-in breakfast, followed by an air show will start the day.

Area pioneers will meet and enjoy a style show of pioneer fashions at 10. At noon, the highlight of the day takes place in the square at the north end of main street. This is the unveiling of a life size monument to the American mule.

SCULPTURED of fiberglass, the statue is modelled after "Old Pete", one of a span of

Peace Corps To Test On July 10

AN OPPORTUNITY for Panhandle residents to offer their abilities to the Peace Corps will come at 9 a.m., Saturday, July 10, at the Post Office, Room 322, Amarillo.

The opportunity is the Peace Corps Placement Test, which is not passed or failed and you can't study for it. It measures general aptitude and the ability to learn a language. If, for

Pete Progress

speaking for the Deaf Smith County Chamber of Commerce

By BILL THOMPSON
Chamber Manager

I could not help but laugh when our own son asked, "Just what is it that you do at the Chamber of Commerce, Dad?" "Chamber Managers hear that so much that it should be a clue that you just aren't communicating," Pete said. "Perhaps more tragic than funny is the effort of some chamber managers to answer that question," I replied, "and I include my own effort to answer my son."

"It is past time that the job of the manager, his staff and the relationship of that staff to the directors and to the members was discussed. The membership that supports the Chamber is entitled to know, and must know, what over half of their investment in the Chamber of Commerce accomplishes." Pete then did his best to make that analysis for me.

"First let's look at how you're hired and the terms of your 'contract,'" he began. "You are employed by the Board of Directors in accordance with a provision in the constitution and by-laws of the chamber. You actually

have no contract and employment can be terminated by the board at any time for any reason. Normally, the agreement with the manager is reviewed by the Board of Directors at the first meeting of the fiscal year. At this meeting agreement is reached as to salary, expenses and any special instructions as to the personal and professional conduct of the job. The manager in turn is responsible for hiring the office help at a salary determined by the budget and approved by the board.

"The by-laws contain a full paragraph on the responsibilities and duties of the manager. The manager shall be the chief administrative officer of the Chamber of Commerce. It shall be the duty of the manager to conduct the official correspondence, preserve all books, documents and communications, keep books of account, and maintain an accurate record of the proceedings of the Chamber of Commerce, the Board of Directors and of all committees. He shall have general supervision over all employees of the chamber. He shall perform such duties as may be incident to his office, subject to

the direction of the Board of Directors. At the expiration of his term of office, he shall deliver to the Board of Directors all books, papers and property of the Chamber of Commerce. The manager shall be required to furnish and give acceptable bond in such sum as the board may determine for the faithful performance of his duties and in handling of the moneys of the Deaf Smith County Chamber of Commerce. The manager shall keep himself alert and professional through active participation in his professional societies."

"The key sentence in that whole section is 'The manager shall be the chief administrative officer of the Chamber of Commerce' and the key word is 'administrative'. The 'action' group of the Chamber is the membership working through its committees. The 'policy' group is the Board of Directors. The manager is employed to assist and administer the work of the committees and the board. That assistance takes many forms.

"The manager confers with the committee chairmen concerning the area of work of the committee and recommends the calling of a committee meeting when it is apparent that such action is necessary.

"When a meeting time and date are agreed upon with the committee chairman, a written notice is sent to each member of the committee about one week before the meeting. On the day of the meeting each member of the committee is called and reminded of the meeting. If the agenda has not been set up in

the first meeting with the chairman and printed in the meeting notice, then it is up to the manager to again visit with the chairman prior to the meeting and set up a definite agenda so that the meeting can be conducted quickly and kept to the point.

"During the meeting the manager takes record of all motions and official actions or recommendations of the committee then, following the meeting, presents a mimeographed copy of the minutes to each member of the committee and places a copy in the records book. If there is follow up action, such as carrying the recommendations of the committee to the board then it is the responsibility of the manager to see that such action is taken.

"The Manager is also expected to do such research as is necessary to provide the committee the information necessary for that committee to reach an informed decision. The manager also is expected to bring suggestions of projects that have been successful in other communities to the attention of the appropriate local committee. It is then an important part of his job to inform the public of Chamber of Commerce activity through news releases to the press and radio and through the Chamber's newsletter and by special mailings.

"In addition to the service to the membership and its committees, the staff performs a continuing public service in serving as a community information center. Every day brings letters, calls and visits from people inquiring about every nature of

a problem. They are seeking missing relatives, they are preparing a school paper on this area, a vacation to this area is planned, a new business or profession is being considered. All of these letters and many others cross the manager's desk and are answered within twenty four hours.

"City maps, state maps, the Congressional Record, business publications, telephone and city directories, information brochures of all kinds are available to the public. Information on business firms, charitable solicitations, salesmen can be obtained through the chamber's affiliation with the Amarillo and National Better Business Bureau.

"In addition to the specific duties outlined the manager is also supposed to visit every member occasionally so that he may stay abreast of the feelings of the membership regarding the chamber's program of work and because the membership often expects that the manager should visit him occasionally much as the church member expects a visit from the preacher.

"That," my friend, "should give you a pretty good outline for answering your son and others that ask 'just what is it that the chamber manager does?'"

"I thanked him for outlining what the manager is supposed to do while realizing that living up to those expectations is not always possible. As Pete left, he turned and threw one parting shot — "Bill, just what is it that you do around here?" then ducked out the door.

Tempura best-loved of all traditional Japanese dishes, originated in Europe. Trading vessels introduced the shrimp delicacy to the Far East centuries ago. The dish has been changed, refined and ritualized by Japanese skill and taste.

Summerfield Study Club Planning For Next Year

Latest in a series of off-season meetings devoted to program planning was a Friday session of the Summerfield Study Club's yearbook committee in the home of the 1965-66 president, Mrs. R. E. Lance.

While other members are taking their annual vacation from club work, committees in charge of next season's programs are busy in this, as in other women's clubs, laying the groundwork of meetings the entire group will enjoy in September.

Mrs. Mack Noland, yearbook chairman of the Summerfield Club, Mrs. J. R. Euler of the yearbook committee and Mrs. Lance took part in the Friday planning hour. Mrs. George DeLozier, third committee member, was not able to be present

then but has joined in previous discussions.

More meetings will be called in coming weeks before program theme and topics are finally chosen, committee lists completed, hostess and program chairman assignments made and last touches put on copy for the yearbook.

Summerfield Study Club is one of the local groups affiliated with the Texas Federation of Women's Clubs, which are looking forward to a year of unusual interest since they are to be hostess next March to the annual convention of federated clubs in the Top of Texas District.

Warriors of the African tribe of Watusi reportedly can jump more than seven feet from the ground.

ASSEMBLY PLANNED

The Hereford Congregation of Jehovah's Witnesses will be represented in Lubbock, on July 23-25, when the group convenes for its "Ward of Truth" District Assembly, according to John Jones, who has been associated here for a number of years.

The arid soil of Sahara Desert oases is immensely fertile, and crops are very nutritious because soil chemicals have not been leached out by rain.

WITH THE NEW ...

KMP LAKE PUMP

EASY TO MOVE

EASY TO MOVE

NO PRIMING

Within minutes the KMP LAKE PUMP can be transported anywhere, backed into the water, and be ready to pump. With a small irrigation engine running at about 1200 rpm, the 8 inch KMP Lake Pump delivers 1200 gallons per minute. Easy-to-change impellers, with variable motor speeds, make it possible for the KMP to pump as low as 600 gpm and as much as 1900 gpm.

KMP LAKE PUMPS have eliminated time-consuming priming from lakewater irrigation.

The impellers are located on the bottom and are rolled easily into shallow or deep water, at various angles. Start the pump motor and water is forced instantly up out of the lake into the delivery pipe.

NO CLOGGING

The KMP LAKE PUMPS have been designed with a protected submersible impeller system that eliminates clogging by trash, water dogs, and turtles. The KMP LAKE PUMP will suck air and continue to pump water.

INDEPENDENCE

... that good old American brand. A "way-of-life" that was signed into being, July 4th, nearly two hundred years ago. Ah, for that memorable day, when in the course of human events... *Liberty Was Born.* Then let us, on this Independence Day, rededicate ourselves to this "hope-of-the-world-way" ... this way of life that guarantees for all men, *Freedom, Equality and Justice.* Give us an unyielding faith and supply us with genius that cannot err. Endow us with vital religious convictions to pilot our inherited ship of state. Let us always remember that the source of our freedom is *The Book.* Then Americans, don't forget to remember that, *Music Was Born When Liberty Spoke.* It is our *Independence Day!!!*

Yes Is The Church
The Church Is You — form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.

LABOR CAMP BLAZE — Firemen answered a call at the Labor Camp about 7:40 Wednesday morning. The blaze gutted a bedroom in the 4-room house, and apparently was caused by smoking in bed, firemen said. Firemen also had calls to a wheat fire and two small house fires this week. (Staff Photo)

City Tourney Set For Holidays At John Pitman

Annual City Golf Championship Tourney will be played at John Pitman Municipal Golf Course, July 3 and 4. Host Pro Bob Baker expects 70 to 80 entries from Hereford and Dimmitt.

INDIVIDUALS may make up their own foursomes on Saturday but scores will place them in flights for Sunday.

Championship flights will play 45 holes of medal play and all other flights are 36 holes medal play.

Prizes include three woods, shoes, a golf bag, putter, set of headcovers, shirt, half-a-dozen golf balls, and a shirt.

Individual entry fees are \$12.50.

Keith Lowe of Dimmitt is defending champ.

Hereford Riders Will Appear At Amarillo Rodeo

A large delegation of Hereford riders will appear in the Will Rogers Range Riders parade and rodeo in Amarillo Saturday.

Patti Nobles, Hereford Riders Club Queen, and Pat Cooper, Hereford Junior Riders queen, are scheduled to appear with the club during the Grand Entry at both performances of the rodeo, slated for Saturday at 2 p.m. and 8:15 p.m.

Al Lee, new president of the local club, will also head the Hereford delegation. Jack Messer, who formerly headed the Riders, resigned because of health. Jay Crofford was elected to fill the vice-presidency for the group. Lee was installed Tuesday night.

4-H Members Slate Annual Dress Revue

Annual 4-H Dress Revue has been announced for July 8. Girls will model clothing made in workshops now being held under adult and junior leadership.

Preceding the revue will be a chasm school, July 6-7. The sessions at the Community Center are designed to help girls learn correct make-up, hair styling and other points of good grooming, according to Miss Sandra Ruebush, assistant home demonstration agent. Junior leaders will conduct sessions for younger girls.

Climaxing the clothing units will be a style show at 8 p.m. on July 9 at the Hereford High School Auditorium. The event follows a Latin American theme. Awards will be presented.

SPEAKING OF PERSISTENCE

A Texas Parks and Wildlife Department survey of hunters participating in the controlled Panhandle harvest of aoudad sheep showed the average trophy seeker needed 14 hours and 45 minutes of field work to bag his prey — with a strict limit of one.

Beginning July 1, entrance fees will be required at designated developed recreation sites on all National Forests in Arizona and New Mexico and the Panhandle National Grasslands scattered through parts of New Mexico, Texas and Oklahoma.

July Fresh Foods Listed By TES

COLLEGE STATION, June 30 — July is the season of freshness — in the form of fresh fruits and vegetables available in abundance at local markets, according to the Texas Agricultural Extension Service.

Featured on the plentiful foods list of the U. S. Department of Agriculture are fresh plums. In addition, fresh peaches, seasonal fresh vegetables and water-there'll be plenty of frozen concentrated orange juice, milk and

all other dairy products.

This year's plum crop is forecast at just slightly short of last year's record large production. The peach-crop estimate in the nine southern states is triple last year's short crop. Watermelon production is expected to be about 10 percent greater than last year.

STOCKS OF FROZEN orange juice this year are nearly 2/3 above that of a year ago, so juice should be abundant.

Dairy products once again grace the plentiful list of USDA's Consumer and Marketing Service. July is one of the months for heavy milk production. A billion-pound increase over last year's total milk production is in prospect.

FRAGrant IDEA — What's as good as a cream pie with a fresh peach glaze? This one is delicious but not so calorie-filled as many versions, and just in time for the summer peach season.

SMALL CAVE BIG ATTRACTION

Panhandle Park Draws Thousands

AUSTIN — People have fifteen thousand acres including an enormous gorge to tour in mighty Palo Duro Canyon State Park but the smallest natural feature is one of the biggest attractions. That, according to Park Ranger E. J. Boehm, was Timber Creek Cave which is little more than a good-sized hole in the rock, with the deepest available penetration only thirty feet back under a slanting ledge. BUT TEXAS' Little Grand Canyon, covering parts of two Panhandle counties, has its budget of distinctive headlines including some it even boasts about, such as an occasional "trained" flash flood. As a general rule, said Ranger Boehm who has supervised a few score over the years, the floods are sort of Hollywood staged and simply add to the rugged canyon environment. Last year, Boehm said, 256,439 visited the park and 31,965 stayed to camp overnight along the quiet, trickling stream or in the open shelters, all entertained nocturnally by the low call of the coyote or the mournful hoot owl and all in close proximity to very civilized conveniences including modern hot showers.

Legal Notice

THE STATE OF TEXAS To: The unknown heirs of Beulah Williams, deceased; Mrs. Fred Hunziker; J. D. Hunziker; Mrs. E. L. Owen; Mrs. Dan Sigler; Mrs. Floyd Taylor; the husband of Mrs. Dan Sigler; Mrs. E. You are hereby commanded to appear by filing a written answer to the Plaintiff's Petition at or before ten o'clock A. M. of the first Monday after the expiration of ten days from the date of the issuance of this citation, same being Monday the 12th day of July 1965, at or before ten o'clock A. M. before the Honorable County Court of Deaf Smith County, Texas, at the Court House of said County in Hereford, Texas. Said Plaintiff's Petition was filed in said court, on the 24 day of June A. D. 1965, in this cause, numbered 1797 on the docket of said court, and styled, Marie Elizabeth Cox, et vir Plaintiffs, vs. Don Baugous, et al Defendants. The names of the parties to the cause are as follows: Marie Elizabeth Cox and husband, G. Wayne Cox are Plaintiffs and Don Baugous, Administrator of the Estate of Beulah Williams, Deceased; the unknown heirs of Beulah Williams, deceased; Mrs. Fred Hunziker; J. D. Hunziker; Mrs. E. L. Owen the husband of Mrs. E. L. Owen; Mrs. Dan Sigler; the husband of Mrs. Dan Sigler; Mrs.

Only one impatient person in the last five years decided not to defer fording during the usually comparatively short time for the water to subside. He splashed into the swift stream and lost both his car and trailer. Ranger Boehm likes to tell about the principal interest of the visiting crowds such as the tremendous canyon scenery, the bird life including swirling eagles, the big game including rare aoudad sheep occasionally seen on the distant rim and the cultural stand-out — the nightly summer performances except Tuesdays in the outdoor amphitheater by the Texas Panhandle Heritage Foundation. BUT THERE are those physical angles again. Not the least of these are the exhilarating but hazardous skids down Devil's Slide and the Hog's Back. Natives swoosh down these perilous slopes as a matter of time worn (and britches worn) privi-

LET'S COOK SOMETHING

Fresh Peach Pie With Difference

By CECILY BROWNSTONE Associated Press Food Editor WEIGHT-WATCHING is having its influence in the kitchen. Nowadays cooks are sometimes inclined to cut down on sugar when they evolve a new dessert recipe.

That's just what one cook did with this peaches-and-cream pie. Instead of the usual creamy filling that is high in sugar and low in liquid, she used a filling of blanc mange — low in sugar and high in liquid.

One word of caution: if you use a glass double boiler in making the blanc mange filling for this pie, you will have to cook it longer than if you use a utensil made of aluminum, enamelware or stainless steel. This matter of utensil material, we discovered several years ago, really makes a big difference when you cook with cornstarch.

And another tip: a blanc mange pie filling needs ample time for setting although it should be served as soon as possible after it is set. BLANC MANGE PEACH PIE 1/3 cup sugar 1/4 cup corn starch 1/8 teaspoon salt 3 cups milk 2 eggs, well-beaten 1 teaspoon salt 1 baked 9-inch pastry shell Peach Glaze

Fresh peaches In the top of an aluminum, enamelware or stainless-steel double boiler, stir together the sugar, corn starch and salt. Gradually stir in milk, keeping smooth. Cook and stir constantly over rapidly boiling water until mixture is thick. Cover and continue cooking 10 minutes longer, stirring several times. Do not remove from heat; blend a little of the hot mixture into the well-beaten eggs, then stir back into remaining hot mixture in top of double boiler. Cook over boiling water for 2 minutes. Stir in vanilla. Cool to room tempera-

ture. Pour into baked pastry shell. Prepare Peach Glaze. While the glaze cools, peel and slice enough peaches to make 2 cups; arrange over filling. Spread glaze evenly over peaches; chill until filling and glaze are set; serve as soon after that as possible.

Note: Have enough boiling water in the bottom part of the double boiler to leave drops on upper part when it is inserted and raised. If using a glass double boiler, cook 15 instead of 10 minutes before adding eggs; if, after this cooking period, the water in the bottom of the double boiler has evaporated considerably, replenish with boiling water to make up the original amount.

PEACH GLAZE 1 tablespoon corn starch Dash of salt 1/4 cup cold water 1/4 cup pureed fresh peaches 1/3 cup light corn syrup In a small saucepan stir together the corn starch and salt. Gradually stir in cold water, keeping smooth. Stir in peaches and corn syrup. Cook and stir constantly over medium heat until mixture thickens and comes to a boil. Remove from heat. Cool 5 minutes.

Note: To puree the pared fresh peaches, crush or mash and then force through a strainer.

SUMMER LUNCH A delicious combination of flavors that should please the family. Corn Scramble Toast Cookies Fresh Fruit

CORN SCRAMBLE 6 strips bacon 1 cup corn, cut from fresh cobs 1/4 cup milk 6 eggs, slightly beaten 3/4 teaspoon salt and pepper to taste Grated cheddar cheese In a 10-inch skillet, fry the bacon over low heat until crisp; remove and keep warm. Pour off all but 2 tablespoons of fat from skillet; add corn; cook 8 to 10 minutes or until golden brown. Stir in milk; simmer 2 to 3 minutes. Add eggs, salt and pepper; cook and stir until set. Top with grated cheese and reserved bacon. Makes 4 servings.

COMPANY DINNER Chicken from the oven means no last-minute watching! Savory Baked Chicken Rice Tossed Salad Rolls Angel Cake with Chocolate Sauce SAVORY BAKED CHICKEN 1/3 cup flour 1 teaspoon each paprika and garlic salt 2 tablespoons each oil and butter 2 tablespoons minced onion 6 medium-thick slices tomato 1 tablespoon lemon juice 1/2 cup each white wine and chicken broth Avocado slices Coat chicken with a mixture of the flour, paprika and garlic salt. Heat the oil and butter in a large skillet and brown the chicken slowly and well in it. Arrange chicken pieces close together in a shallow baking pan; sprinkle with any flour mixture left from coating. Place tomato over "chicken"; sprinkle with onion and lemon juice; add the mixed wine and broth. Cover and bake in a moderate (350 degrees) oven until tender — 30 to 40 minutes. Garnish with avocado. Makes 6 servings.

The officer executing this process shall promptly execute the same according to law, and due return as the law directs. Issued and given under my hand and the Seal of said Court, at office in Hereford, Texas, this 28 day of June A. D. 1965. Attest: B. F. Cain Clerk, County Court, Deaf Smith County, Texas. By Cynthia Vines Deputy. (Seal) B-26-1c

WORK PROGRESSES — A welder works beneath a giant crane at the construction site of Furr's Supermarket in Sugarland Mall Shopping Center. Furr's, the first unit of the huge center, is slated for completion about Aug. 1. (Staff Photo)

The first merry-go-round in the nation was licensed at Old Orchard Beach, Maine, in 1892. Geologists believe there were at least four major ice advances in North America.

Hartman Heads Group Talks At Meeting

Roy Hartman, principal of the new Bluebonnet Elementary School, returned this week from Austin where he participated in the Texas Elementary Principals and Supervisors Association Summer Work Conference.

HARTMAN, president of District IX Elementary Principals, served as chairman of one of the sectional meetings.

He is a member of the State Executive Committee and served on the evaluation committee at the Summer Work Conference.

Subject of the conference was "Principals and Supervisors — Partners in Progress". Sponsorship was shared jointly by the Texas Elementary Principals, Texas State Teachers Association, University of Texas and the Texas Education Association. Hartman led the sectional meeting entitled "Improving Parents Knowledge of Elementary School Operation."

Consultants serving the eight sectional meetings were: Dr. Harold G. Shane, Dean of the School of Education, Indiana University; Dr. J. W. Edgar, Texas State Commissioner of Education; Dr. Alec Munson, head of testing department, Dallas Co. schools; Dr. Alice McGuire, head of Casis Library associated with the University of Texas and Dr. William B. Helton, child psychologist, Austin.

IN SEPTEMBER, Hartman, who was elected to head the

ROY HARTMAN

District IX principals last spring, will attend a session to plan a statewide elementary administrators meeting scheduled for next spring.

Also attending the Austin conference were Miss Della Stagner, Elementary Supervisor for Hereford Public Schools, and Mrs. Hartman, librarian at Stanton Junior High School.

LEADERSHIP 'VACUUM'

PITTSBURGH — Catholic women face a "vacuum of leadership" at every level, Bishop John J. Wright told a National Council of Catholic Women's Institute for Leaders here. "It is extremely important," he said, "to be aware at every turn of the extent and nature of the vacuum into which women leaders are called to move."

Local Lions Off To LA For Confab

Local Lions will be leaving this week for the International Convention scheduled for July 6, 7, and 8 in Los Angeles.

District Governor J. W. Robinson is taking Lion Melvin Jayroe as his cabinet secretary. Local president O. Z. Golden and secretary W. C. Russell will attend as will Wylie Quattlebaum.

Quattlebaum won the trip in a drawing. He qualified for the drawing by having perfect attendance for a year.

Making the California trip will be Mr. and Mrs. Melvin Jayroe and daughter, Mr. and Mrs. J. W. Robinson and son, Mr. and Mrs. O. Z. Golden and family, Mr. and Mrs. W. C. Russell and family and Wylie Quattlebaum.

Social Security Schedule Listed

Maurine Travis, Field Representative of the Amarillo Social Security District Office will be in Hereford July 6, 13, 20, and 27. She will be at the courthouse and will be available to conduct any business relating to social security.

H. S. Geldon, District Manager suggests that persons who need information and cannot see Miss Travis contact the Amarillo office, 1006 Adams, between the hours of 8:15 a.m. and 4 p.m.

French Student Honor Guest At Birthday Dinner

The G. E. Brown family, with whom Rene Batard made his home while he was in Hereford as an exchange student the past school term, followed a community bon voyage party with its own private farewell dinner before the French student left on the weekend to begin his trip homeward.

Dinner at the Brown home, 241 Star, Friday evening was in celebration of Rene's birth-

day, which occurred Thursday and was also observed at the community party Wednesday. Rene joined other exchange students of this area for a sight-seeing trip before he returns home.

Feature of the dinner was a birthday cake which Mrs. Brown made by a traditional French recipe provided by the honoree, served with Rene's favorite American food, ice cream.

In addition to Mr. and Mrs. Brown and their sons, Richard and Carl, dinner guests who joined in the birthday celebration were Misses Patty Nobles and Randy Hopson.
