RIDGEWAY TO TALK ABOUT DAIRY COWS

The dairy farmers in this community—and the dairy men here are steadily growing in numbers and opulence—have a treat in store for them on Friday, February 8, when Prof. J. W. Ridgeway, specialist with the Misticote Creamery Company, will deliver two addresses here on the dairy cow. It is proposed that he has the first meeting at Progressive schoolhouse at 3:00 o'clock in the afternoon and another in Hereford, at the Courthouse, at 7:30 that night.

B. B. Holland, advance man, was in Hereford Friday making suitable arrangements with the Chamber of Commerce. Mr. Ridgeway is making a tour of this section, helping farmers with their dairy problems, paying special attention to the man with four or five cows who wants to make the most out of them. Prof. Ridgeway was formerly head of the Dairy Department at the A & M College of Texas and is acknowledged to be one of the ablest men in his line of work. Every man or woman interested in the cow in this community is urged to arrange to hear Prof. Ridgeway at one of the meetings on Friday, February 8.

Moving Houses to Farms as Fast as They Are Located

J. P. Wood, house mover, is scratching his head these days over the problem of securing houses to fill the demand of his customers. Mr. Wood has just finished moving one house from west Hereford to Rev. Lipscomb's place eleven miles south, and has four more houses to move as soon as possible. These consist of a six room house for Troy Womble, which goes east thirteen miles, a four room house for C. G. Bowman, east eight miles, and two houses for W. S. Higgins, exact destinations not yet given.

Mr. Wood says he is swamped with requests for houses to move to cotton lands and it is getting to be a puzzle as to where to secure them.

Christian Endeavor Programs For Sunday Given

Secretary Experts of the State Christian Endeavor Movement, will not be here Sunday, as announced in last Tuesday's Brand. Austin D. Bryan, as secretary of the State Christian Endeavor Movement, is in charge of the movement. Speaking at the Presbyterian Church at eleven o'clock Sunday morning, Frank Wilson of Dallas, Field Secretary, will speak at the Christian Church at the same hour. A Union Service of both churches will be held at the Presbyterian Church in the evening, with Mr. Wilson as speaker.

New Telephone Line Constructed to Canyon City

A new Southwestern Bell Telephone toll line is being constructed between Hereford and Canyon. W. N. Gates, foreman of the crew, said they began about January 1 and will finish up in about ten days.

Rev. Lipscomb and Wife Spend Short Time Here

The Rev. and Mrs. L. N. Lipscomb of Plainview motored over Thursday and returned home Friday, after Mr. Lipscomb had attended to private matters pertaining to his farm south of town.

Sherm Williams Rents His Farm to Portales Family

G. W. Hines and two sons of Portales, N. Mex., have leased the W. S. Williams farm west about a mile from Hereford. Mr. Hines and his family will move to the farm about the first of February.

G. F. Branson Leases a Farm For Cotton Planting

Another farmer has been added to the roster in this county in the person of G. F. Branson, formerly of Big Square, who closed a ride with R. L. Elliston for about 160 acres of land five miles east of Hereford Thursday. Mr. Branson will plant twenty five acres of cotton. Mr. Branson has a wife and two children. He will be recruited for the Hereford band, being an experienced trombone player.

LOCAL DEALERS HANDLE COTTON SEED

The question of securing the right kind of cotton seed for planting this year is causing considerable local concern. There is no question but that a tremendous cotton acreage will go in this spring. The continued freezing weather the past fall has left some doubts as to the germinating qualities of local-raised seed, unless it was the first to mature and was gathered early. Even this supply will hardly be considered sufficient for the demand in 1924.

The matter was recently brought up at luncheon and referred to the Cotton Committee of the Chamber of Commerce. While the committee has not reported, it is understood that the Chamber of Commerce does not propose to buy any seed this year but will leave that to local dealers. The work of the Chamber of Commerce is confined to promoting enterprises for the good of the town, and after once established the Chamber has completed its work. The cotton industry here was promoted in this manner and the gin secured. Now the officers of the organization feel that the promotion work is completed and the question of planting seed from now on should be handled by local individuals.

There is so much inquiry about seed that The Brand feels it good public policy to announce that the first local dealer it knows of to arrange to handle seed is the firm of Jones & McLean. These gentlemen have purchased two car loads of seed, one of Acala and the other Moline, from Lubbock parties. These seed were imported in 1923 from the Moline Company at Lockhart, Texas, and planted at Lubbock last year. They are said to be the pure and well cleaned.

It is presumed that there will be several other cotton seed dealers here this year, so that the farmers of this community need not worry about securing good planting seed for the spring.

Panhandle Music Festival Billed On April 21-25

The Panhandle Music Festival, which will be staged in the Municipal Auditorium, Amarillo, April 21-25, is attracting state wide attention. The festival is under the direction of Emil F. Myers of the Amarillo College of Music. The program begins with the Kansas City Little Symphony Orchestra under the direction of N. De Robertis. The organization carries a list of artists including Hugo Kortschak, violin, accompanied by Francis Moore, piano; Galli-Curi, one of the great Coloratura sopranos of history. The last number on the program is Tito Schipa, Premier Lyric tenor of the Chicago Opera Company.

Never was such an array of talent brought to the Panhandle or any place else in the Southwest, and Mr. Myers is to be congratulated on his selections. The music contest will again be held during the festival under the auspices of Amarillo Music Teachers' Association and several local music students have made application to enter the contest.

Mr. Myers was in this city Wednesday advertising the festival and met with several of the members of the Hereford Music Study Club and returned to Hereford for a committee meeting Thursday afternoon.

Mr. Myers met with a committee from the Music Study Club, Thursday, at the home of Mrs. G. A. F. Parker. Local music teachers are arranging to enter several students in the Musical Contests given under the auspices of the Panhandle Musical Festival. More complete details will be given at a later date.

Nearly 500 Bales Cotton Are Ginned Here So Far

Messrs. R. W. Carter of Lockney and O. C. Hill of Memphis, cotton buyers, are in Hereford this week buying cotton. Mr. Carter said the highest price paid Friday morning was 27.75 but that the market was a little off later the same day.

The number of bales ginned up to Friday evening was 488 with the 300 mark in sight by Saturday night.

HOSPITAL IS TO BE MANAGED BY FIVE

The first official step taken by the County Commissioners in putting into operation the recent mandate of the voters of the county to erect a \$50,000 hospital here has been taken in the appointment of the Board of Managers of the new institution. Under the law governing county hospitals the court is instructed to appoint five citizens on such a Board, who shall have charge of the general routine work of running the institution, subject of course to the supervision of the court.

Thursday Judge Megett handed The Brand the names of the following Managers for the first term in managing the hospital:

Mrs. L. R. Brady,
Geo. L. Muse,
D. F. Ashbrook,
Dr. J. W. Hicks,
Dr. W. F. Gabbert.

The general opinion of those who have seen this list seems to be that the court could hardly have improved upon it and that the conduct of the new institution in its infancy will be in able hands.

The court has not yet decided on a location for the hospital, it is said, but are considering several proposed sites. After this step is taken definite plans for a building to suit the site and the needs of the county will be decided upon.

Folder on Wheat Being Issued By Commercial Club

The Brand has on the press for the Chamber of Commerce an illustrated Wheat Folder, for use in the advertising campaign now in progress. Signed statements from several of the most prominent wheat raisers in this community are included, together with photographs of threshing outfits and fields of the grain. The business men will be asked to send out these folders in their mail when they are ready for distribution. A Cotton Folder will follow shortly.

Mrs. Catherine Castles, Former Resident, is Dead

Mrs. Cathrine Castles, nee McNeerney, of Mountain View, Mo., passed away Thursday in the home of her son, Charles McNeerney, near Mountain View.

Mrs. Castles suffered a stroke of she was living in Washington and never really recovered her health. Mrs. Castles visited her brother, F. W. Curtis, and her many friends in Hereford last summer. Mrs. Castles lived in Hereford for about seven or eight years and was part owner of the Curtis-McNeerney farm southeast of Hereford.

Cliff Hicks and Family Are Back From Vacation

Mr. and Mrs. C. M. Hicks and children arrived Sunday morning from Centerburg and Columbus, Ohio. They made a stop over at Joplin, Mo., enroute home.

D. C. Laird and Roy Stocking Visitors a Short Time

D. C. Laird and Roy Stocking of Plainview drove to Hereford Thursday, spent the night here, and transacted private business Friday morning, returning to Plainview during the day.

Carpenter and Family to Work on the Pigg Ranch

Mr. and Mrs. W. A. Gentry and little son arrived Thursday morning from Garrettsville, Texas. Mr. Gentry came in a truck and Mrs. Gentry and son arrived on the passenger train. Mr. Gentry is here to do the carpenter work on the Pigg ranch.

Fire Destroys Higgins Place Occupied by Wade

Fire Thursday forenoon about 10:30 o'clock partially destroyed the residence in east Hereford known as the Claude Higgins place and occupied by Henry Wade. Quick work by the fire department saved a part of the building, although the roof was destroyed and damage done to the interior. Most of the furniture was carried out. It is understood that Mr. Wade carried insurance.

HELP LOCATE PLACES FOR NEW FARMERS

In its conduct of the campaign for "More People—More Farms," the greatest stumbling block being encountered by the Hereford Chamber of Commerce is a lack of suitable improved farms for the scores of cotton farmers who are applying to the organization for rent places.

Deaf Smith county and adjoining counties are woefully short of houses on the vast stretches of fertile acres awaiting the plow. Results to date from the advertising campaign now being conducted show that there would be no difficulty whatever in putting five hundred experienced cotton renters on these lands within the next sixty days if there were enough houses and farm improvements here to provide farm homes for these people.

But there are still a number of improved places for rent in this community that are not generally known about, and the greatest public service any land owner can render right now is to notify the Hereford Chamber of Commerce where he has land for rent. There is no charge whatever for this work, and no one gets one thin dime out of it—it's all for the great cause of "More People—More Farms."

Three or four rent places have already been listed this week and these places will be quickly filled. More—many, many more, are needed, and needed badly. If the people generally will cooperate with Chamber of Commerce quick results are certain in this campaign. Here's an instance of what this cooperation should be:

Wednesday an out-of-town land owner, who has an improved farm near Hereford, came here and told a local real estate man that he wanted a good cotton farmer, with a large force and equipment, and able to finance himself, to rent this place in 1924. The real estate man at once communicated this information to the Chamber of Commerce. A check of the inquiries on file found a man with the exact specifications. Letters were sent both owner and prospective renter at once, informing each of the other's need, and suggesting that they get together.

This real estate man has his right idea in this campaign. If the other people of this community will follow his example and give what information they gather concerning rent property to the Chamber of Commerce the objective of the drive for more people in 1924 will be quickly reached.

Two Famous Partners Will Radio Hereford Songs

The Foster-Merrill Co. of Hereford have letters from the radio editors of the Ft. Worth Star-Telegram and the Los Angeles Times offering dates for songs of the publishing house. The Times has not yet set a date but said they would have one of their artists sing "Indian Mail" soon.

Rev. Paul J. Merrill intends to present the music with a male quartette and the Texas Hotel orchestra over the Star-Telegram radio either on March 3, 4, 5 or 6, the exact date to be announced later. One thousand copies of the song voted the most popular will be given away to those voting for it. Boosting facts about Hereford and the Hereford country will be included in the program.

Week's Program at Star Is Above the Average

The week's program for the Star next week is an unusually attractive one and worth the study of the theatre fans of the city. The Star has been giving regular programs ahead of anything produced here heretofore, but next week is to be an even better general program than the average, according to Manager Gyefton. "If Winter Comes," pronounced the outstanding picture of the year, comes on Monday and Tuesday nights, and Wednesday and Thursday O. B. DeMille presents Thomas Meighan and Leatrice Joy in "Manslaughter," another great photoplay.

The usual comics accompany each special picture at each performance, while an added feature will be the singing of Rev. Paul J. Merrill's latest musical composition "I'm a Dreamer of Dreams," with a free copy to each lady in the audience.

Help Hereford!

Building a city is the work of every business man and citizen in that city.
 If new capital comes here or if industries now here expand and grow this company and every other business in the city will benefit.
 To keep up with and ahead of the business growth of Hereford this industry must grow. As this industry grows bigger every citizen will benefit through our increased expenditures for supplies, labor and taxes.
 No town can make progress without efficient public utilities. It can not attract outside capital or new people. Such a town is not a good place to live in. It is not a good place to do business in.
 So—the interests of this company and the interests of Hereford are just the same. Whatever helps one helps the other.

Witherspoon's PYORRHEA Remedy

Recently discovered and now manufactured by Spoon Laboratories, Inc., of Denver, Colo., and sold by City Drug Store of Hereford and in many other Panhandle towns. We come to Pyorrhea sufferers with this message: We believe it will cure you. Our close observation of hundreds of cases justifies this belief. We do not want your money unless you are satisfied and all is left to your decision. We only ask you to give it a fair trial. You are the judge in your own case. Sold in only 8 oz. bottles, price \$2.00. It is a liquid preparation, and easily applied to the sore, bleeding gums, tastes a little unpleasant at first, but we claim it gets the desired results and after all that is what you want, and if you have sore, tender, spungy, bleeding gums and loose teeth, or if you want to prevent contracting this dreaded disease you cannot afford to pass this offer up. Your health is at stake. Ask the City Drug Store for Witherspoon's Pyorrhea Preparation and when you have used the bottle and you are not entirely satisfied ask your druggist for your \$2.00. He is instructed to refund at your request. You can order direct from Hial P. Witherspoon, sole distributor, 515, Polk St., Amarillo, Texas. We do not want to keep your money unless you are satisfied. You will notice results promptly.

Attention Hog Men

YES, I am still buying HOGS, and paying the full strength of the market. FRIDAY is HOG DAY. Don't bring in your hogs on Monday and then cuss me because you don't get as much for them as the fellow that comes Friday—it costs money to hold these hogs a week as a hog wont fatten any for a week or ten days after he is moved and put in a strange place, and the market fluctuates so much it keeps a half-witted hog buyer on nettles, but I will always pay as much for the same class of hogs, the same day received, as any buyer on the Plains. Yours for a fair square deal,

G. W. Brumley

To the Sheriff or any Constable of Deaf Smith County, Greeting:

You are hereby commanded to summon T. H. Olinger and the unknown heirs and legal representatives of T. H. Olinger, and W. S. Rance, and the unknown heirs and legal representatives of W. S. Rance; by making publication of this Citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the Sixty-ninth Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said sixty-ninth Judicial District, to appear at the next regular term of the District Court of Deaf Smith County, to be held at the Court House thereof, in the City of Herford, on the 1st Monday in May, A. D. 1924, the same being the 5th day of May A. D. 1924, and there to answer a petition filed in said Court on the 5th day of October, A. D. 1923, in a suit, numbered on the docket of said Court No. 1424, wherein Byron Kimmons is Plaintiff and T. H. Olinger and the unknown heirs and legal representatives of T. H. Olinger, and W. S. Rance and the unknown heirs and legal representatives of W. S. Rance are Defendants, and said petition alleging that plaintiff is the owner in fee simple of the following described lands in Deaf Smith County, Texas: a portion of section No. 61 Blk. K-3, and being a portion of block No. 75, in the town of Herford and Additions as shown by the plat thereof of record in the deed records of Deaf Smith County, Texas, and bounded as follows:

Beginning at the S. W. corner of the

said block; thence E. 150 ft. to a point in the S. line of the said block, thence N. parallel with the E. line of the said block, 169 feet to a point; thence W. parallel with the S. line of the said block to a point in the W. line of the said block; thence S. with the W. line of the said block to the beginning.

Also alleging that plaintiff and those under whom he claims have been in continuous, peaceable, and adverse possession of said land, cultivating, using, claiming and enjoying the same, for a period of more than ten consecutive years next preceding the filing of this suit, and that plaintiff and those under whom he claims have been holding and claiming the same under deeds duly registered in Deaf Smith County, Texas, and paying taxes thereon, for a period of more than five consecutive years next preceding the filing of this suit.

Further alleging that plaintiff is in possession of said land, and entitled to the possession thereof, and that the defendants are asserting and claiming some right, title, interest and estate, and right to the possession of said property; and plaintiff charges that all of the defendants' rights, titles and claims are subordinate and inferior to plaintiff's said rights, and title, but that defendants assert that they are superior, and thereby cloud plaintiff's title.

Plaintiff prays that defendants' said claims be cancelled, annulled, and removed as a cloud on plaintiff's title, and that he be quieted in his title, and possession of said land.

Heretofore fall not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in the City of Herford, this, the 7th day of January, A. D. 1924.

Who Saves Money?

Who are the folks who *always* have an account at a savings bank?

The successful people—the men and women of fair to large incomes. Almost all of them started with only a dollar or two. Now they are able to deposit comfortable sums every once in awhile—and all because the first dollar was saved.

Follow their example. From a small depositor, you, too, may become a large one.
