SOUTH WEST TRAIL GROWS IN VOLUME

BEST MADE ROUTE IN THE BUSINESS, IS NOW ADMITTED

WHO MADE TALK? PLANS ARE HERE

Slight Difference Seems to Prevail Over the Talks Made at Canyon

A report from highway chairman Harrison on the annual meeting of the South West Trail at Kansas City last Thursday, discussion of the coming annual banquet next Thursday night, the cotton situation and publicity work, and a funny passage at arms between Dr. Overton and Mr. Parker following their trip to Canyon together Thursday night, occupied the attention of the Chamber of Commerce diners at the Cordova Hotel Monday.

Mr. Harrison reported an attendance of seventy-five delegates at Kansas City and a dandy good meeting. He said efforts were on foot to extend the line from Kansas City to Chicago, with good prospects of success. The Shriners hold their annual meeting in Kansas City next year, and this club made a proposition to the Trail to mark the route from Roswell to Kansas City, with the Camel Caravan to Kansas City displayed on the sign. The proposition was accepted. The local Shrine club, it is understood, will put up the markers through this section. Mr. Harrison was enthused over the outlook for the Trail, and said it was constantly growing in prestige and admitted to be the best marked route on the map.

Messrs Overton and Parker revealed a slight discrepancy in their reports of the meeting of the Panhandle Historical Society at Canyon Thursday night. The Doctor claimed that Mr. Parker, enroute to Canyon, made him a proposition to speak at the meeting under the name of Dr. Overton, in return for which favor he agreed to loan the Doctor \$50 upon their return. Dr. Overton said he accepted the proposition. Mr. Parker made a fearful and wonderful speech, but next day refused the loan unless the Doctor's note was endorsed by several prominent local citizens. He also accused Mr. Parker of delaying the return of the party after the meeting because of his reluctance to leave the society of the bevy of pretty girls at Canyon.

Replying, Mr. Parker alleged that the Doctor was the man who made the real oration. He said he hitched his wagon to a star and took his audience up into the milky way and left them there breathless with the wonderful eloquence of his word pictures. He then remarked that the Doctor finally reached earth by sliding down the rainbow. The Doctor retorted that he did come down that way all right, but there was no "pot of gold" at the end of the rainbow (referring to the matter of the \$50 loan!).

The crowd finally hilariously agreed that both had made great speeches at Canyon, and that the debate was a fair draw.

In the absence of Chairman Homer Wilkinson of the banquet committee no formal report was made, but satisfactory progress in arrangements were announced and all urged to secure their tickets as early as possible.

Rev. Merrill announced that the Parents-Teacher association had contracted with the Dixie Lyceum Bureau for five excellent numbers here this winter. Rev. Sharp, chairman of the Charity Committee, made a motion that small charity funds now in the three banks be used by his committee when needed, if the banks agreed, the secretary to check on the funds when so instructed by the committee. The motion was carried. Next Monday the meeting will be held at the City Cafe.

Those present were: E. W. Morgan, C. C. Rockwell, Luther Hough, E. S. Ireland, N. E. Gass, F. T. Tibbott, W. E. Dunlap, Geo. Overton, N. C. Vogele, Dr. J. W. Overton, Rex Tynes, Emil Bowsher, L. F. Foster, D. F. Ashbrook, A. A. Foster, J. W. Brumley, W. E. Dameron, W. R. Steckman, Rev. J. R. Sharp, F. H. Oberthier, Ralph Barnett, E. W. Harrison, G. A. F. Parker, A. Herbst, Rev. P. J. Merrill, Seth B. Holman, Geo. Muse, W. D. Howren, J. H. McCaskey, J. B. Elliott.

H. E. Sullins went to Amarillo Saturday morning. Mr. Sullins was called to Amarillo by the illness of his daughter, Miss Ina Sullins.

PREMIUM IS PAID COUNTY FOR BONDS

\$1,085 ABOVE PAR IS ALLOWED BY THE BOND CO.

PLANS ARE HERE

Architect Expected and Will Start Work, Tho Site Still Unsettled

Deaf Smith county's Hospital bonds were sold at auction Monday morning by the county commissioners and brought par, accrued interest and a premium of \$1085.00. The purchaser was a Denver concern, Bosworth, Chautau & Co., represented here by Solon Byrd of Claude, former real estate man of Hereford.

Four other bids were offered, as follows: Brown-Cramer Co., \$1081 premium; Southerland, Berry & Co., \$1025 premium; Braun-Bosworth Co., \$1,000 premium, and R. E. Campbell, \$668 premium.

As a matter of fact the county also made about \$300 additional on the deal, as the purchaser agreed to do his own printing, engraving, numbering, etc. county was saved this expense entirely.

The outcome is a source of congratulation all around and the court is now free to proceed with the selection of a suitable site and other details. No site has yet been selected, although the court is gradually boiling down the possibilities to one or two locations. The details blue prints of the edifice agreed upon have been received by the court and represent a two storied brick building of wing plan that is about the last word in looks, convenience and modern efficiency, with all surplus frills and costly furbelows cut out. The court has made several trips of inspection to surrounding counties in order to study details of hospital construction, and feel that in the new building they have embodied all the best and eliminated the worst features of all the buildings they inspected.

The architect recently employed was expected to arrive Tuesday or Wednesday after which the final preliminaries were to be rapidly pushed to a conclusion.

Drs. LeGrand & Hicks in Old Offices Over Drug Store

Drs. LeGrand & Hicks, who purchased the old Lewis home across from the courthouse a couple of years ago, and have maintained offices there ever since, moved back to their old location in the Dameron building, over the Corner Drug store, Monday of this week. This move put three of Hereford's four physicians in the same building, as Dr. Overton already had offices in the building.

The doctors stated that while their home-offices were quite and satisfactory, they found the location to be too far off from the business section and deemed it best to secure their old location for the future. They have the house on the market and will eventually dispose of it.

We wish to make a correction to last weeks news. In the list of guests to Miss Simmons dinner party, Harry Rothwell's name was omitted.

The ladies of our community are taking a great interest in the poultry business. Most all the best breeds of chickens are present in the numerous flocks. Some have the mixed flocks for eggs and eating but most are using one breed, the most prominent being White Leghorns, Rhode Island Reds, Dark Barred Rocks, and Mrs. E. R. Rothwell has just lately added the Sheppard strain Anconas to her flock of birds, and is well pleased with them. One incubator is already running and others being prepared.

Miss Virginia Morgan and Mrs. Wyer of Big Square were guests of Mr. and Mrs. Loyal Lust Thursday evening. Just another bit of poultry news: On Thursday evening an extra large egg was discovered in the nest of a dark Barred Rock. The egg measured eight and one-half inches lengthwise and six and three fourths inches around. We believe there are not many chicken eggs larger than this.

The Dimmitt Basketball Team played Friona Friday night. The score was 9 to 10 in favor of Dimmitt. Several people from here attended the game.

Delivering Fuel by Wire

The modern miracle is the delivery of invisible fuel and water by wire. Some people do not fully realize this. But that is exactly what this and every other public utility in Texas is doing every hour of the day and night.

It requires millions of tons of coal or its equivalent in fuel oil and natural gas and millions of gallons of water to generate the electricity which provides light and power and carries the voice on the telephone and drives the street cars.

In hundreds of other ways the public utilities invisible serve their customers more cheaply and better than they could serve themselves.

Selling Land

is a business as much as anything else. To succeed requires some ability, proper equipment and lots of hard work.

We have the equipment and we are doing some hard work, and expect to be on the job continually. We need a few more farms for sale to some buyers we are expecting. Come to see us.

Parent-Teacher Business Meeting Well Attended

The Parent-Teacher Association held a business meeting Friday, February 8, at the High school building. A good number was present and much interest is being manifested since the re-organization of the Association. The members have decided to take over the matters of securing a Lyceum Course for another year. A representative of a Lyceum was present at the meeting and gave a very comprehensive outline of the various numbers her company afforded. The Association booked

the very best from this Lyceum.

The date of the meetings is on the second Friday of each month. Parents and all interested in the welfare of the schools are urged to be present.

What Parent-Teacher Associations Are Not.

They are not grievance committees to whom shall be referred incidents affecting the individual teacher.

They are not framers of school regulations.

They are not to supplant the duties of school trustees, but to supplement them.

They are not the dispensers of school positions.

They are not advocates of persons, but of principles.

They are not for the purpose of criticizing the individual teacher's method of teaching.

Why a Parent-Teacher Association?

To raise the standard of the home. To create a purposeful parenthood, one keenly alive to its responsibilities and eager to meet them with high endeavor.

To offer means to parents and teachers for acquiring knowledge for the

important task of child training.

To raise the standard of schools.

To promote acquaintance ship and understanding between parents and teachers.

To unite them in co-operative effort for the improvement of conditions in school and community.

To make the child and all the forces which affect his welfare the center of all study and activity.

To recognize the teacher as a trusted friend and the home's strongest ally in instilling the principles of honesty, purity and patriotism.

To form an indissoluble partnership between parents and teachers in the building of character and in training for life's service.

To arouse intelligent interest in civic industrial and educational questions affecting child-life in community, state and nation.
